## Baseball Queen Entries To Close Next Friday

HICKSVILLE—The deadline in the contest to select a Baseball Queen for Hicksville Night at Ebbets Field is next Friday, July 23. William A. Mannilla, chairman, announced that the George Burns Model Agency will consider launching the winner in a modeling career.

To enter, contestants simply forward a recent photograph, together with their name, address and age, to the Hicksville Night Committee, care of the Mid-Island Herald. The only requirement is that they are local residents 18 years of age or over.

The Queen will be presented at home plate at 7:45 P.M. the night of the game. The Brooklyn Dodgers are playing the St. Louis Cardinals.

The youngsters, who will be selected on the basis of their ability and sportsmanship, will be named about a week prior to the game.

A portion of the sale of tickets, now on sale throughout Hicksville, will be donated to the annual fund drive of the Police Athletic League. Tickets may be purchased at Mid-Island Herald, Bostet Stationery, Ulmer and Coos, Rogers 5 & 10, Braun's Meat Market and Mannilla Real Estate.

## NEW TEEN CLUB FORMS:

## COMMUNITY AWAKENING:

# Board Shelves Own Recreation Plans

HICKSVILLE—The Board of Education noted an "awakening of local citizens to parental and community responsibility" in furthering recreational efforts, today, and announced it is shelving School District plans for action on a broad recreation plan for the present. Current School District programs such as summer playgrounds and adult education courses are not affected by the decision. Efforts to create a new Youth Council were taken as an index of "awakened interest".

Edna Kuhne Sutton, president of the School Board, released the following statement of the Board adopted at a special meeting Wednesday night:

"Based on the philosophy that the provision of recreation for the youth of the community is the responsibility primarily of parents and the community itself and that this responsibility may revert to a board of education, only if the community is not fulfilling its role, your board of education has decided to suspend temporarily any action on the recommendations of the Hutchinson Recreation Survey.

"In view of the awakening of local citizens to parental and community responsibility for further plans recreation-wise, it is the board's intent to cooperate but at the same time to leave the field completely open for the interested adults to develop a youth recreation program for Hicksville.

"The Board of Education", the statement concludes, "intends to evaluate the entire recreation picture at some future date and, if in its opinion, the program in operation appears not to meet needs of any specific age level or to be inadequate in any vital phase, the Board will endeavor to inspire a solution."

Two weeks ago it had been anticipated that the question of hiring a full-time recreation director for the school district would be the subject of a special referendum, with other questions, in mid-August.

The Hutchinson Survey has been variously praised and condemned by outspoken residents of the district.

# Dear Jean:

Hicksville School Board has adopted a rule which requires the officials of all organizations which seek to use the school buildings to sign loyalty oaths. These are to be filed with Dr. E. H. L'HAR- RON, superintendent of schools, who has the necessary forms. The rule is effective July 1. . . . Central Savings and Loan Association in its 35th semi-annual report announces that its resources have increased 10 times the original in 10 years. VANCE CARNAHAN, executive secretary, reports that since the Hicksville office was opened just a year ago, 2000 savings accounts have been opened. . . . Just a year ago this week the main headline in the Herald was "Plan Youth Council Here". Earlier this week the headline was "Organize Youth Council Thursday". Last year's effort got little support. Where were all those folks last year who are so interested this year? . . . Councilman FRANK CHLUMSKY cooperated nobly in arranging for the use of the parking field for the dance of the teenagers, Wednesday night. . . . Did you see the motorcade? It really was something different. . . . Plainview's new water tank has been painted that required checker-board pattern. . . .

# Doctor Jones Says

By PAUL B. BROOKS, M.D.

Parents with exceptionally talented children: they're fortunate but to some it's been a source of worry. The question's been whether to let 'em go through school ahead of their contemporaries and go to college in their middle teens, or to hold 'em back with the other youngsters of their own age.

The idea that's prevailed pretty generally: it's been that rushing through like that—it was bad for 'em. They were likely to burn 'emselves out, break down and end up dull, peculiar, unable to get along with others—and all that. But one of the best known authorities on that question—he says there's nothing to it. If they're really brilliant not only let 'em speed up but encourage 'em. It won't hurt 'em—and they're needed.

The authority is Dr. Lewis Terman, emeritus professor of psychology at Stanford University. The thing he's probably best known for: he's been making tests on brilliant children—geniuses—following 'em through school and college. He's checked up on 'em, later, to see how they turned out. He gave a memorial lecture at another university. And I read about it in (You guessed it!) Science News Letter.

The best "creative work" in most scientific fields, Dr. Terman says, is done between the ages of 25 and 35. Studies have shown that. So the talented youngsters should get their educational training early enough so their best years'll be ahead of 'em. They ought to start college by 16 or 17.

He compared the records of those that'd been speeded up with other brilliant ones that'd been kept within the common speed limits. Their health was just as good. More of 'em graduated from college and they got their degrees earlier. On the average they married earlier and had a lower divorce rate. Their outlook was bright. The talented ones that're held back, on the other hand, some of 'em lose their incentives and flatten out.

Well—maybe education and baseball make a funny mixture. But it reminds me of the popular big leaguer. When he went up to bat the fans always hollered: "Poosh 'em up, Tony!"

# All-Time High For Measle Cases

A record 3,013 cases of contagious diseases were reported in Nassau during the month of June with measles leading the list. Measles, the leading sickness for the third consecutive month, hit an all-time high for June of 1,730 cases. The 3,013 total also was an all-time June high. There were 1,727 measles cases in May.

Mumps dropped from 531 cases in May to 415 in June. The June figure was lower than any other month this year, but still mumps was the second most commonly reported disease, according to Dr. Earle G. Brown, county health commissioner.

Chickenpox ran third with 275 cases, a drop from 415 in May. Nine out of 10 of all contagious disease cases reported in June were measles, mumps and chickenpox. Other diseases reported were German measles, 61 cases; pneumonia, 42 cases; tuberculosis, 35 cases; whooping cough, 37; scarlet fever, 16; meningitis, 3; polio, 3; and dysentery, encephalitis and typhoid fever, one each.

# 60 Vehicles Provide Colorful Motorcade For Dollar Day

HICKSVILLE—A motorcade of more than 60 vehicles which stretched along for a quarter of a mile rolled thru the community's newest home developments, Wednesday night, herald the Dollar Days which started today and concludes Saturday. Arrangements for the parade, which featured commercial vehicles of local business firms, were under the supervision of Pat Caputo of Rite Fuel Corp. who rode in the decorated lead auto.

The parade included a truck of the fire dept, and a sound truck. The Chamber of Commerce today praised the police for their cooperation in handling traffic details at points where the motorcade crossed main highways.

Local business firms cooperating in Dollar Days are displaying special blue and gold signs, according to Pat J. Buffalino, chairman. He said the offerings of local shops promised to make the sales event the greatest in the history of the community.

They have been playing together for two years and are open for dance engagements. # Another Grass Fire Warning

The Chief reports that there has been a great many unnecessary grass fires within the district. Therefore, we are asking the parents to cooperate in our educational program. The first is the instructions to all children in regard to matches and starting fires during the dry spell that is with us now. The second point is the careless discarding of lighted cigarettes from a moving car. If we can bring these points to the parents, we may clear up some of these minor nuisances that the company has been answering.

The fire company was of a great assistance in saving a child's life in Morton Village, two weeks ago. The doctor on the case realized that emergency equipment was necessary. He put in a call for assistance. Within a few minutes the company put at his disposal the

life saving equipment which is needed. We can say that each and every fireman feels that all the time devoted to training and instruction period are well spent just to know that one life was saved.

We wish to assure all the residents of our district that this is our purpose to save life and protect property from fire. Therefore, feel free to call upon your Fire Company for assistance in any emergency.

included feared dangers to children and difficult access to driveways for cars. The Dept. is studying plans to determine whether changed conditions require changes in the plans which were prepared before the area residential development began. Clarence E. Southard, executive assistant to Guilbert, presided.

At Hempstead, the company will extend its Hempstead—Hicksville (via North Levittown) route to the Northeast Heights section of Hempstead. This new service will be routed via Clinton St., Westbury Blvd. and Lawrence St. with 14 trips being operated over it daily except Sundays.

No opposition to the company's proposal was made at a public hearing on the matter.

# Proving Case Is Next Job

By FRED J. NOETH

OUR COMMUNITY is getting ready to prove to the Public Service Commission, and other state authorities concerned, something which is painfully obvious to all of us. We refer, of course, to the bottlenecks and frayed tempers which result every time the Long Island Rail Road rolls a train thru Hicksville.

Hicksville was sired by the LIRR. This location was a convenient "point on the road from Jericho" where in 1837 the railroad ran out of money and rails. This became a railroad and the first mention we can find in early Island history of the name of our community is in the subdivision of local property by a land company—they called it Hicksville. Rail road people were prominent officials of the land company.

The single track line of the LIRR continued wandering out east from Hicksville after the depression of the late 1800s. The traffic on the road became heavier and we hardly need to mention what it is like today.

But the RR which really gave birth to Hicksville now threatens to strangle it, economically. At first the area developed when train shops were built, employment was provided. Farmers brought their produce to the railroad by horse and wagon. Travellers bound for the east end of the Island rented their carriages and horses here and sometimes spent the night before continuing the long, hard journey. At one time Hicksville had no less than seven hotels.

The Rail Road is still important to the community but it also provides a handicap in today's motorized age. North and south traffic jams the roads. Broadway itself is no longer just a few blocks of stores south of the tracks. Broadway business places line almost two miles stretching from the mighty Stackler & Frank dream on the north to Grumman's on the south end.

This week the Oyster Bay Town Board became a major participant in the forthcoming PSC hearing set for mid-August. The Town engaged Briganti and Crachi, an engineering firm, to compile current statistics on traffic movement and congestion which will be offered as official evidence.

Already the Chamber of Commerce has been compiling data. Aerial photographs are being taken by Stackler & Frank. The Police Dept. and county public works dept. has traffic counts and other data.

Your letters and petitions will help demonstrate the community-wide attitude.

We know what a mess is choking our community. Now all we have to do is prove it to the authorities at Albany.

## Herald Readers Opinion Proposes Curfew For Youth

By EMILY SPINK  
To the Editor:

In a recent issue of the Herald you asked for suggestions on this all important question of the "Teen Agers". May I submit to you my views on this subject.

It has long been an established fact that parents are — and should be held responsible for the behavior of their minor children. If early training in the importance of church, state and school has been neglected — trouble can be expected to follow.

The fine youth organizations which any normally trained child would join with enthusiastic interest are ready to assist the parents today. However, the boys we

are considering WANT NO PART in these supervised clubs! Scouts, Police, Boys Clubs and church Clubs.

I am suggesting a curfew which I know has helped and I believe is being used with success today. To call it going back to colonial days need not condemn it. When did we have more courageous bringing up of our youth and when were laws more respected and enforced?

Nothing can take the place of the home with devoted parents interested in their children and their deserved pleasures.

# Suggests Local Youth Centre

By CHARLES DE SHAW  
To the Editor:

IT SEEMS TO ME, that the Youth of Hicksville are more to be pitied than censured. The problem facing Hicksville today isn't a Youth problem, primarily, but an Adult problem as well. Many of the Adults have either forgotten their youth, or else don't want to remember.

Youth today is certainly different from the youth when I was young. Today, they are already cognizant of what is to be expected of them when they become adults; if they live that long. The threat of Atomic War hangs heavily over the heads of old and young, yet these Youth are willing to face the future unafraid. The Boys know that within short periods of years they are going to be drafted into the Armed Forces, yet not one of all those I talked to complained about it. They know it is their duty to their Country and they aren't looking to shirk that duty.

I spoke to quite a number of the boys and girls after the High School meeting Thursday night, and I was asked these questions: "Is it wrong to want to gather with your friends and classmates?" "Of course we undoubtedly make noise with our talking and laughing. Is that a Crime- We're not denying that it probably annoys people because we don't keep our voices low. Didn't you do it when you were our age? How about you Adults? Right now as you are discussing our problem aren't your voices raised? Aren't you creating a disturbance? Yet the Cops don't bother you because you are Adults. Does being an Adult give one the right to make noise and create a disturbance?" One of the girls said, "All we want is normal youthful fun now, while we are still young. When we are older, married, and have children, not only won't we have time for youthful fun, but won't want any other than the fun of having a normal happy married life, with our children by our side. Then we will be content to stay home. But now we are still young, and we don't think it's wrong to have good clean wholesome fun."

Is this the talk of Juvenile Delinquents?

We aren't living in a "Horse and Buggy" age anymore, we're living in an era of speed and more speed, with everything streamlined. Work weeks have decreased from 90 hours of our Parents time, to 40 and less. Movies; Radio; Television; Books; and Newspapers, have all contributed to this faster mode of living. More and more appliances are being improved to cut down the number of work hours involved in their use, just so more leisure time will be forthcoming to the people. Yet we say that while we Adults have more leisure time for relaxation and recreation, Youth today should be content to sit home every night without any means of amusement or relaxation, and without the companionship of others the same age.

The Youth today aren't any different from the Youth of any other age, in that they feel insecure, and thus need the companionship of others their same age to feel confident and secure again. The Teen year period of life is a bewildering period, when they are in-between, no longer children and not yet Adults. As Children they had the security of their parent's love; never questioning anything—accepting as true whatever they were told. The Teen Age is the developing period, the fledgling era when they begin to try their wings. This is the period when they begin to learn about life. The Parents can only advise them from experience; but they must gain this experience themselves as did the Parents. Experience is the best teacher, and only by experience can anyone truly learn. Adults cannot expect to keep Youth in the Dungeon of "Repression", nor allowing them the period of self-expression and growing-up. To do so would mean

closing all avenues of learning; with the ultimate result being a Community of IGNORANCE; and no Community or nation can survive such.

The main item on the list of Youth grievances is the unavailability of a place where they can go every night, if they so desire, wherein they can sit down and talk, or have a game of Ping Pong; or Dance. Where they can get a bottle of "Coke" and listen to the music of a Juke Box. Without such a place they feel lost, and so gather on corners. Not because they want to, but because they have nowhere to go. Some Parents have opened their homes to groups of these Youths, but many have had to discontinue doing so. Not because these Youth have abused the hospitality, but because of neighbors complaining to the Police about the noise. Neighbors in every age have complained to the Police about the noise made by their Youth; but today more than ever it is of utmost necessity that we Adults consider the exuberance of Youth, and instead of complaining against them should try to help them.

Many suggestions were advanced at the Meeting for solving this Problem, but nothing concrete for

immediate action was decided upon. All suggestions were future tense. After the meeting, however, T/Sgt. M. L. Kander, the U. S. Marine Corps representative conferred with the Youth present, and promised immediate action. He offered them facilities in Freeport for Meetings and Dances, with free transportation to and from, plus the guidance of trained personnel to prepare any and all programs wherein they wanted help. All this with no strings attached. Sergeant Kander resides in Bethpage, and could have very easily ignored our need with no questions asked. But his is another example of how the Armed Forces today are trying to help our Youth.

A place to meet one night each week is not sufficient to take care of the needs of our Youth. They must have a place to go to the remaining nights. The days are no problem and take care of themselves, since there are many recreational and athletic facilities available. The nights are the important thing. What are we going to do? Wait until a YMCA or a big Youth Center is built? Or until more and more Youth

## THE SOUTH HICKVILLE Sentinel

By CRAIG WALSH

### Youth In Hicksville

One of the outstanding things about the youth of Hicksville today is that they are just like the youth of any other community of this or any other day. By far the great majority of our up and coming citizens are perfectly normal. They are intelligent, possessed of ambition suitable to their attitudes and personalities, even though at times this ambition may at times seem a bit confused, and courteous in their behavior. They are subject to the same forces that affect adolescents everywhere, and they react in a typical manner. Sometimes their reactions may be a bit annoying to the adult population, and part of the difficulty may possibly be in the normal adult reaction to youthful carryings-on. Perhaps a point to remember is that the adult who in his own youthful days was the acme of perfection, should be the first to complain. This is not to say, however, that youth, or anyone else for that matter, should be permitted to run rampant. Rather, it is to say that moderation and understanding might go a long way in eliminating what seems to be a problem.

### Normal Distribution

The science of statistics tells us that in any large population, whether it be mechanical parts, grades or anything else, the law of normal distribution applies, unless there has been some undue influence. The bulk of population has characteristics close to what is considered normal, with a few having characteristics on either side of normal. The greater the departure from normal, the fewer of the population is involved. It is difficult to conceive that our Hicksville youth has been subjected to any serious undue influences and therefore, the law of normal distribution must hold with them. The great majority have normal characteristics and they will be the normal citizens of the future. A few will be among the outstanding leaders, and it is sad to say, a few may well fall by the wayside in the years to come.

### We Mustn't Be Fooled

The greatest attention is naturally focused on the most obstreperous of our younger neighbors. They step out of line and get into the newspapers. But we mustn't be fooled into believing that all those of the next generation are going to the dogs. Far from it! The vast majority will develop into the same kind of adults that we are, having the same strengths, and the same weaknesses. They will undoubtedly be troubled with what they will believe to be a youth problem when they reach our stage of life!

### Two-Way Street

Youth needs much help from adults, and incidentally, adults whether they admit it or not, need the help of youth. It is not a one-way proposition by any means. Youth needs guidance and for the most part they are eager to receive it, when intelligently administered. They need physical facilities for their activities. Let's continue to give them the school and church organizations, the Boy Scouts, the Girl Scouts, the Police Boys Club, the Teen Canteen, and by all means, let's give them the Y.M.C.A. Even with these fine groups, there will be those who probably need help and guidance more than most, but will not respond to what is offered. Special means will have to be devised if we hope to be of assistance to this group and we don't pretend to know the answer. We hope someone does know.

### Intelligent Understanding

Perhaps what is needed most is an intelligent understanding of each other's problems on the part of both youth and adults. This is perhaps easier for adults to accomplish, especially if their memories serve them well, and it is up to them to carry the ball.

## Talented Schoolgirl Raises Big Fund For Little League Program

**HICKSVILLE**—More than \$450 has been raised for the Central Nassau Little League by Peggy O'Connor of Spray Lane. Peggy who is just 16 directed and produced an entertainment and recital which was held June 6 at Levittown Hall.

Peggy, the daughter of Mr. and Mrs. Thomas E. O'Connor moved to Hicksville from Philadelphia at the age of 12 when her father was transferred by the Cudahy Packing Co. Her story is an unusual one and a refreshing answer to the juvenile delinquents that too often intrude in the public view.

Peggy started dancing lessons at seven and soon won several talent contests for singing and dancing. The scrapbook which her mother keeps for her is a record of her success as a performer and proof of her generous and public-spirited nature. Peggy appeared many times for benefits as well as performing on such programs as Jack Steek's Starlit Stairway TV Show, Horn and Hardart's Children's Show (Philadelphia), Paul White-man's TV Teen Canteen. Several summers she appeared in Daddy Dave's Children's Theatre on the Steel Pier in Atlantic City, N. J.

When the family moved here Peggy continued her dance training and started to teach a few youngsters to help pay for her own lessons. Her love for children and her teaching ability has resulted in the growth of her class to a school which has trained 125 children.

The entire O'Connor family back Peggy in her efforts. Both Mr. and Mrs. O'Connor are professional musicians. Mr. O'Connor was an arranger and copyist for 20 years before joining the Cudahy firm and writes all special materials and makes all costumes for Peggy's productions. Peggy does her own Choreography. Mrs. O'Connor accompanies at the piano, sister Denise 8, studies under Peggy and lends a bright touch of humor when needed.

Peggy, a student at Hicksville High School, maintains a high scholastic average and still finds time for benefit performances. She is a regular entertainer at Veter-

an's Hospital. While most youngsters are thinking of vacations Peggy is planning a six weeks course at the School of Ballet Repertory under the training of Arthur Mahoney and Thalia Mara. She is studying Tap Dancing under Royce Dodge, Acrobatic Dancing under Ray Hamilton. Admits that Ballet is her first love.

This young lady knows what she wants in life and works for it. It sounds simple but implies a choice. Peggy is willingly sacrificing fun and fooliness for her future. She is a born entertainer but one who recognizes the importance of technique and knows that only by study and work will she achieve her goal.

## Sale At Market To Benefit Retarded Children's Fund

**HICKSVILLE**—In announcing the scheduled White Elephant and Rummage Sale to be held at the Farmers' Market here on July 23rd at 7:30 P.M. for the benefit of retarded children, Edward Mastrella, Chairman of the Ways and Means Committee asked that a special plea be made for donations of articles.

Mastrella said, "Due to the splendid cooperation of the East Nassau residents during the past year, there is increased knowledge of the plight of those less fortunate children who need special education and help. The work of the

Assoc. for the Help of Retarded Children is known, but the need for funds becomes greater as the education and rehabilitation reaches towards its goal of caring for all who need such help.

"The coming sale is another step in this direction. Once again we must depend on the help and generosity of our neighbors. Articles of any kind, large or small, old or new, donated for this sale will be twice blessed. Arrangements for pickup have been made. Please telephone Hicksville 4-2465."

Hicksville 4-4453

Mr. and Mrs. Arthur Phalen of 89 Gables Rd. made news this week when they fed their daughters, Kathy, and niece, Bitsey Forte, of Hempstead at a joint birthday celebration in the yard of their home. Though the party took place on Saturday, July 10, Kathy's birthday is July 12. Attending the fete were Kathy's brother and sister, Eddie and Marilyn, Bitsey's brothers, Eddie and Pat, Billy and Mary Ann McKee of 33 Gables Rd., Cris and Doug Ariet of 30 Gables Rd., John Mackenzie of 44 Gables Drive, Gary Burton of 37 Gables Drive, Mary Macko of 39 Gables Drive, and Michelle and Janice Roberts of 55 Gables Drive. Everyone agreed that the day was wonderful, just the right kind of day for a party and just the right kind of party to suit the day. Afterwards Marilyn Phalen accompanied her cousins to their Hempstead home where she will spend the week.

Belated birthday greetings are in store for Mrs. Helen Mackenzie of 44 Gables Rd. whose day was Wednesday, July 7.

Congratulations go to Mr. and Mrs. George Wilson of 24 Gables Rd. who celebrated their 21st wedding anniversary on Wednesday, July 7. The Wilsons are waiting a little before they formally fete the event. Right now they are taking a well earned rest after the graduations of two of

their daughters.

Arthur Phalen of 39 Gables Rd. celebrated his birthday on June 27 by accompanying his wife to Chamaine High School where they saw Mrs. Phalen's brother Eddie Duddy of Hempstead graduate. The ceremony, which took place on the playing field of the school, was wonderful. The graduate plans to enter the Air Force for which he will be stationed at the Sampson Base.

We would like to send best wishes for a speedy recovery to Hilary (Bunny) Wofsay, daughter of Mr. and Mrs. Leonard Wofsay of 16 First St. who has come down with the mumps.

Mr. and Mrs. James Byron of 17 Gables Rd. had their boy, Randy, born on June 16 in the Jackson Heights Physician's Hospital, christened by the Rev. Stamel in Trinity Lutheran Church on Sunday, July 4. Randy's Godparents are Mr. and Mrs. Ray Berg of Hicksville. After the affair a small dinner party for the family and sponsors was held. Mrs. Byron is also in line for birthday greetings since her day was July 4. Little Jimmie Byron III marked his birthday on July 9. Jimmie who was 4 years old had to spend the day in bed with a bad cold.

Mrs. Edwin Hodgkinson of 18 Gables Drive entertained her aunt, Mrs. Genevieve Kelley of Astoria for the day of Thursday, June 8.

We are glad to learn that

Terry Weller, daughter of Mr. and Mrs. Sam Weller of 301 Plainview Rd. had recovered from a bad sick spell.

Speaking of being laid up; we are especially happy to hear that Mr. James Byron is on the road to recovery after his serious accident. In only a matter of time he will be out of his cast.

Happy to hear that Clifford Goff of 289 Plainview Rd. is acting as an usher for the summer months at the 9:15 Mass in the school hall in St. Ignatius Loyola Church.

Miss Elaine Montalto of 69 Rim Lane entertained a few couple members of the new Senior class of St. Ignatius High School, Oyster Bay. The group had a picnic lunch in the yard of the Montalto home then went to the Levittown Center where they joined some community square dancing.

## Doris Rave Becomes Bride

The Hicksville-Methodist church was the setting for the marriage of Miss Doris Rave to the Rev. James W. Clayton on July 3rd at 4:30 in the afternoon. The bride is the daughter of Mr. and Mrs. Edward C. Rave of Hicksville. The groom is the son of the Rev. and Mrs. Cranston Clayton, also of Hicksville.

The ceremony was performed by the Rev. Cranston Clayton, father of the groom, assisted by the Rev. Gerret J. Wullschleger of New Palz, and was followed by a reception at the Maine-Maid, Jericho.

Given in marriage by her father, the bride wore a gown of white nylon tulle and chantilly lace over blush taffeta with cathedral train. Her finger ring was of illusion Zell from a matching cap of lace embroidered with sequins. She carried the Bible of her great-grandmother with a marker of white orchid and stephanotis.

Mrs. Harold Mayer of Huntington, and Miss Patricia Clayton of Hicksville, sisters of the bride and groom were Matron and Maid of Honor. The other bridal attendants were Miss Marjorie Ash of Kings Park and Miss Marion Schultz of Rosedale. Their gowns were pale

blue and pale orchid lace and net. They carried painted daisies and baby breath and wore matching head-dresses.

GOOD NEIGHBORS FOR 28 YEARS

# Most Active Pair Of Troupers

By GENE HALJEAN  
HI 3-5515

I don't know how many Hicksville residents have asked me to make mention of a most active husband and wife team in Bethpage, who are always amazing the community with their ability to put on professional shows with the aid of every-day people like you and I. Wherever they cull this aggregation of talent from—

we'll never know. I guess the secret will ever rest with Mae and Jack Strong. They are well known to old timers as one of the vaudeville teams not to be forgotten. And Bethpage just won't forget them for one minute.

It was cloudy—and some drops of rain were doing their darndest to try to discourage a good show last week, but in spite of it all—the Festival went on—thanks to the Strong's "Show must go on" instinct.

Joe Klipp was MC. The chorus line comprised: Virginia Fenas, Kitty Husted, Celia Grandjean, Margaret DiTrapani, Bert Klipp, Doris Olsen, Eileen Mittwoch. At 12 yrs. of age Sandra Fournier impersonated an old time prima-donna, who sang, "She Sleeps in the Valley By Request," or is that a typographical error? The chorus line did a cancan, a Spanish number, a harem number, and helped out Burt Bennett as he did George M. Cohan with a medley of Cohan's tunes.

Dolores Tucciarone and Eddie Rowe made like Fred and Adele Astaire in a dancing act. Dolores did a Charleston later, and Eddie showed his prowess as the GREAT Thurston. The impresarios—Jack and Mae Strong acted out a vaudeville bit—"Who's the Goon." The last of the red hot mamas—Theresa Bavaró—did "Some of these Days." The throng loved the

acrobatic dance by Kathiesen Loo-ey, as they did the "Fiddistic" dance by her sister, Nancy Loo-ey. And memories of Fritzie Schiff—by Phyllis Clarkson who sang "Kiss Me Again." Did you remember the American News-boys Quartet doing: "Roll them Bones"? It was relived by: Alice Hayes, Madeline Singleton, Esther Dilts and Mae Strong. Eddie Rowe sang the "Shiek of Araby".

Burns Bros. & Co. and an old time act: Mack Grandjean, Bob Feuss, Dolores Tucciarone, and Tony DiTrapani. An old time sister act: Dorothy Cavill and Phyllis Clarkson in "Bombomom Sss, Hill-billy music was supplied by: Alice Hayes, Joe Klippo, Frank Tomacek, Ernie Cavill, and Charlie Dreitheit. This part was directed by Carl Grozan.

You may remember the Strong's last production, "Trial by Jury" by Gilbert & Sullivan. This night they put on "trial without Jury" with Eddie Rowe, Bob Feuss, Ed Schreiber, Jack Strong, Martin Singleton, Dorothy Cavill, Phyllis Clarkson, Mae Strong and Tom-mey DiTrapani.

In all of these activities there are the unsung heroes, the committee: Arthur Mittwoch, Carl Olsen, Ernie Cavill, Don Laws, Catherine Laws, and Nancy Grozan. Scenery by John McLaughlin and Sound by Mike Di Florio. It was produced by the North Bethpage Civic Assoc.

In this column, May and I have often made some mention of some business practices that fool the consumer at times. How often I thought of the things that harass the businessman from the customer's side. There are some people that work in teams when they enter a store—one engaging the proprietor, while the other pilfers stock. A shopkeeper only realizes the extent of this kind of loss when inventory time rolls around. When my wife and I had a ladies apparel store years ago we noticed a customer had gained con-

siderable weight after trying on a dress in the back of the store. It turned out she had concealed thirty dollars worth of intimate apparel.

Nothing is more aggravating to a storekeeper who has turned down inferior merchandise which he could sell cheaply, and who has ordered first quality items, than to have a customer gruffly tell him he is over-priced. It has

been the cause of many business-men's decisions to go into the inferior line. Of course, the next irritating bite is to come when the customer then complains of poor quality—together with a refund. Actually—it all boils down to carrying quality goods and bear-

ing the price complaints—or carrying second rate merchandise and bearing the quality complaints.

In reference to this, I had the pleasure of knowing a top notch sales manager, whose salesmen

## ABOUT YOUR HOME

Every summer, after the heat has set in, most of us begin thinking up ways to do house work and stay cool in the process. Short of an air-conditioned house, this takes some thought.

If it is possible, have your main meal in the evening, after the house has cooled off several degrees. Choose dishes that require little or no cooking. They will be cooler to eat, as well as cooler to prepare.

The early morning hours are usually comfortable. Do all the cooking you can during this time. Prepare dishes that can be reheated in the evening.

When you are entertaining, try fixing steaks, fish or whatever you choose over charcoal in the yard. Outdoor cooking is becoming more and more popular in the United States. It is a delightful way to have guests to dinner, and a cool way, all in one.

There are many kinds of outdoor cookers on the market. Some are very expensive, some moderately priced and others very inexpensive. Also there are numerous recipe books giving direction for outdoor cooking of almost anything under the sun.

If you have to do your own house cleaning and ironing, try to clean early in the morning and iron at night. This will be a hot job when ever you do it, so the best policy is to keep a "stiff upper lip."

Have cool, loose fitting clothes to work around the house in. These can be made to look attractive and be comfortable as well. This is a basic rule of keeping cool.

By SOLOMON NEWBORN

Certified Public Accountant

Mr. Newborn will answer questions in this column. Address Herald, Box 95, Hicksville.

If property is rented out for the entire year or season there is no problem concerning deductibility of maintenance and depreciation expenses. Problems, however, do arise where the property is rented out only for part of the year. Supposing, for example, the property is suitable for summer residence only and it is rented out for the month of July. Since no customer was obtained for August the owner con-

siders it himself. How much of the year's maintenance expenses may he deduct? Here we need not consider the property as the owner's residence since he used it merely summarily then he could deduct because he had no tenant. For 11/12's of the year's expenses. A better method would be a pro-rata share of the expenses or one-half (since he used it himself for one-half of the season.)

Supposing the Commissioner, in the above case, contends that the property is residential and is rented for one month only because the owner wants it for the other month. Following this line of reasoning we could deduct expenses incurred only during the period it is rented or one-twelfth. The way to protect one's self is to list the property for rent for the entire available season and if possible actually rent it for the entire season. In that case there should be no question. If the property is rented for its normal maximum period of use the highest percentage for maintenance and depreciation will most probably be allowed.

## Plan Free Circus For Mineola Fair

For the first time in its 113 year history, the Mineola Fair and Industrial Exposition will feature a 12-act circus free of charge.

"This represents just one step in our constant efforts to make the fair the biggest, most enjoyable week of fun in the country," declared J. Alfred Valentine, president of the Queens-Nassau Agricultural Society.

Previously a separate admission was charged for the circus acts in addition to the entrance fee to the fair. The fair will be held this year at Roosevelt Raceway, from Oct. 8th to 17th.

The circus acts will include a pantomime acrobat, trained dogs, monkeys, horses, chimpanzees and elephants. Another feature will be a double midway carnival.

### Clever Man

Many a so-called self-made man reached the top just because he refused to take his own advice.

A great number of men will admit they owe everything to their wives, but very few settle up.

Continually complained to him that they always met resistance when selling door-to-door—as to the high price. They were blaming this factor for their inability to sell. He took one salesman with him down five streets with the item they were then selling, and knocked on each door. The sales talk was given by the salesman with one change—the price. It was cut in half. The salesman had as many residents tell him he was over priced as had done so in the past, and made no more sales than usual.

The dramatic conclusion was reached that he had to improve his selling points and delivery—but certainly not the price. Prospects that give as a reason—the high cost are merely using this as an excuse—that is, unless the item is actually very far out of line. It is an old sales adage: There are two reasons the prospect says no—the reason he gives—and—the real reason.

## Home Games For Our Tigers

**HICKSVILLE**—The Tigers, Police-Boys Club baseball team, members of the Queens-Nassau League, will finish their season at the High School Field, here, with games every Sunday afternoon starting at 2 o'clock. They face the Bell-stre Diners this Sunday, July 13.

## Tips On Driving To Avoid Accidents

More accidents have occurred on Nassau highways this summer than last summer but the toll of dead and injured is lower. From May 28 to July 5, this year, there were 886 accidents, with 377 people injured and three killed. The figures for the same period last year are 836 accidents, 404 injured and seven killed.

The figures were released today by Nassau Police Commissioner John M. Beckmann with the warning: "Slow Down and Live." He also offers these five driving tips:

1. Don't pass improperly.
2. Don't follow too closely.
3. Don't jump traffic lights.
4. Don't make turns until the road is clear.
5. Don't hog the right-of-way.

# Major Leadership Holds Tight; Herald Leads in Minor League

Top positions in both Major League circuits remained unchanged as the week drew to a close in the Central Nassau Little League, the Professionals continuing to set the pace in the Eastern Division, while the Greater Nassau Realtors maintained their leadership in the Western Division.

After the Professionals defeated the Long Island National Bankers of Hicksville by a 5-2 score on Tuesday, the Bankers roared back later in the week to swamp the Proa 10-0 behind the shut-out pitching of Billy Ramos. The Realtors were rained out on Wednesday and in addition, now have three tie games which must be re-played as the result of their spine-tingling 4-4 tussle with Boos Brothers Nursery on Friday, despite one-hit pitching by each of the opposing moundmen.

In the CNLL Minor League circuit, Mid-Island HERALD forged to the front by winning both their games last week, while A. C. English Plumbing, McCaffrey Agency and Cosmith Texaco wound up in a three-way tie for second place only one-half game off the pace. Empire Storage won their third game in a row, upsetting the first place A. C. English team 2-1 in what proved to be the week's most exciting Minor League match. As the result of last Saturday's games in the CNLL Farm team circuit, the Orioles took undisputed possession of first place in the Eastern Division by shutting out the Senators 5-0. The Dodgers forged to the lead in the Western Division by defeating the Cards in a 2-1 thriller.

# Talk About Christmas, Phew

By DOROTHY R. BROWN  
Hicksville 4-1626

As a child, this time of year always seems the best time to have a birthday. It divides the time between Christmas's more evenly and a child would get some of the summer articles which he wanted. At Christmas one usually gets winter toys for inside and outside, and if your birthday comes too close on either side of Christmas a child may feel that he gets cheated and has everything at once.

We have several fortunate ones who have had birthdays recently

and we hope they all had a very happy birthday. On July 1 John Mann of 7 Woodbine Dr. S. was three years old and also George Kellner of 48 Fordham Rd. was three years old on July 4. Katherine Brady of 4 Mayflower Dr. was five years old on Wednesday, July 7. Miss Patricia Killeen of 26 Fernside Rd. celebrated her third birthday by asking a few of her playmates over for cake and ice cream.

Also birthday greetings to George Wafer of 74 Linden Blvd. who was seven years old on July 9. George had a very special cake with a rocket ship and space men decorations to share with all his little friends at a party. The children enjoyed the games and had a good time in general.

Chucky Coyle, Patricia Cantone, Tom Marcantonio, Nicholas Caruso, Jimmy Coleman, Diane Schmidt; all helped Janice Simone of Woodbine Dr. N. celebrate her fourth birthday on July 3. Her cousins Geraldine and Caroline Nese from Maspeth, Linda Fasichu from Jamaica, and Michael Famarico from St. Albans also enjoyed the party with all the favors of hats, Horns, candy and refreshments, of cake, watermelon, soda and all the other goodies. The Mothers of all the children were invited also. I wonder who had the most fun, the children or the mothers?

"My mother's birthday was Sunday, July 11 and her son took her shopping and brought her a lovely patio table and umbrella set in spite of her protests. This was her gift from her three sons who live in Meriden, Conn." This item was quoted verbatim from her daughter, Mrs. Foster, who lives next door to her mother on Birchwood Lane.

We are happy to announce the birth of a son to Mr. and Mrs. Charles Murray of 10 Mayflower Dr. Edward Thomas arrived on the scene at 4:07 A.M. Tuesday, July 13 at the North Country Community Hospital in Glen Cove weighing six pounds, nine ounces. Edward has two sisters, Phyllis, eleven and a half and Denise, seventeen months. They are very happy to have a brother.

Those attending the Millwood Gate P. O. Assn. picnic at Belmont Lake State Park Sunday, July 11 all had a good time.

Miss Catherine Ruffly of 6 Greenbrair Lane has been spending the last two weeks with her Grandmother, Mrs. Ryan in Flushing, N. Y.

With vacation time here just a word of warning to motorists; watch kids as they seem to be jumping out from behind parked cars on these short streets. There have been several brakes squeaked on this account in the last few days. PARENTS: Warn your children to be careful about crossing the street. They should cross where they can both see and be seen from

both directions. Do NOT have those green clogs to a parked car or delivery truck.

Mrs. Harold Lorne of Woodbine Dr. had her daughter Doris, and husband Patrick and granddaughter, Linda and also her daughter-in-law Joan all from New Jersey visiting her this past week.

Other guests from Connecticut were Mrs. Violet Popallo and her daughter Cheryl and son George visiting her mother Mrs. Michael Bruno and sister Mrs. Louis Foster both of Birchwood Lane. They have been here the past week and Mr. Popallo was here for a few days.

## Youth Centre

(Continued from Page 6)  
get into trouble with the Police?

As it stands now, because of the Community attitude, these Youths are beginning to create a hatred for law and order in their minds. Who then is to blame for Juvenile Delinquency? The Kids? The Parents? The Schools? The Police? The complaining Adults? None individually, but all collectively. The Kids can be blamed for resenting the "taboos" against them. The Parents can be blamed for not explaining the reason for the "Taboos". The Schools can be blamed because while they instill knowledge in the minds of the Kids, they fail to prepare them for their Youth. The Police can be blamed because being guardians of Law and Order they carry out the letter of the law without allowing for circumstances. The Adults can be blamed for forgetting their Youth, and criticizing today's Youth.

This may sound ridiculous, but all of it lies at the root of the trouble. The only solution is for all to try to work together.

The Parents and the School Board should meet together to discuss ways of explaining to the Youth the reasons for "taboos" against them.

In the meantime, a temporary Youth Center should be made available for use by the Youth of this District. It is not necessary that an elaborate building be built. It can be an old house (such is now standing on the site of the new High School) fixed up for their use. The residents of this Community should show their interest in this project by contributing toward it.

IT SEEMS TO ME, in conclusion therefore, that with over 10,000 homes in this District, if each contributed \$1.00, there would be sufficient funds to buy the necessary furnishings; supplies; and equipment, plus the salary for a full time Director of this Center. This contribution would not be lost money since it can be deducted from your Income Tax, so it would be in essence "Eating your Pie and still having it". With this in mind, I suggest that the residents of Hicksville send or bring their contributions to the Mid-Island Herald Office.

## Most "Telephone Dollars" Never Leave Home

Most of the money you pay for telephone service doesn't travel very far.

A big share—nearly half—goes into the pay envelopes of friends and neighbors of yours who work for the telephone company. They spend it in stores and shops all over town.

Your phone company itself is a good customer of local enterprises. The dollars it spends for all kinds of supplies are another big boost to home-town business, helping to make more jobs for more people. A lot of the money you pay also

goes for local taxes. In fact, in many towns your phone company is the largest single taxpayer.

These taxes help pay for schools, roads, fire and police departments. Their importance is shown in the fact that local, state and federal taxes take 27% out of every dollar you pay for service. Actually, taxes on the telephone are among the highest in industry.

So you see, each dollar you pay for today's fast, dependable telephone service also plays an important part in the prosperity and well-being of your community.
