LABOR DAY ENTRIES:

Expecting Firemen From Rhode Island

HICKSVILLE—Volunteer firemen will travel hundreds of miles to take part in the Labor Day parade and tournament, it was learned today. Among the entries is one from Fiskeville Fire Co. no. 1 of Fiskeville, Rhode Island, where Robert V. Joslin is chief.

Also coming here will be members of the Fort Johnson Volunteer Fire Co., Inc. of Fort Johnson, N. Y., north of Albany, according to Assistant Chief Arnold Wittmeier. How they decided to come to Long Island is told in a note from Chief Wittmeier. Some of his boys met Jericho firemen outside of Amsterdam where they were changing a flat tire, apparently enroute back to Jericho from the state firemen's convention at Buffalo. The conversation led to the big Labor Day competition here and the request for an entry followed.

The Sea Breeze Fire Dept. is expected from Sea Breeze, outside of Rochester, on the shore of Lake Ontario.

In addition there are nearly 60 entries from other fire departments in Nassau and Suffolk Counties, according to Chairman John Jeanson. They will compete for more than 50 trophies, including 11 for parade awards.

The firemen are putting finishing touches on the tournament course on Levittown Pkway. Grandstands seating 6,000 have been erected. Refreshment stands and the judging arch will be set up this Saturday.

A gala free block party and dance, open to all residents, will be held this Saturday night, Sept. 4 in the parking field opposite the fire house on Marie St. Charles Saurer is in charge of arrangements.

Wainwright, Shea Exchange Sharp Words In GOP Battle

William F. Shea of Ronkonkoma and Stephen Wainwright of Wainscott, contestants for the Republican nomination on Sept. 14 for Congressman of the First New York District which includes the Mid-Island area of Nassau and all of Suffolk exchanged sharp words this week.

Wainwright commented "Asked why I have refused to use (my weekly) column to answer filth and lies levelled at me by my opponent whose scruples are non-existent, the answer is simply this: public life should be improved, not degraded. Because an alcoholic rolls in the gutter, should the doctor roll in after him?"

Shea, for his part, asserted: "The only conclusion is that Wainwright has no sense of honor and is unfit for public office. Beyond being a consummate liar, he is a coward, for only a coward would seek to avoid responsibility for his actions by lying about them. I now call upon the Republican County Chairman and members of the County Committee to withdraw their endorsement of Wainwright for the GOP party who cannot tolerate a liar in its ranks. Let him go with his good friend, Barry Gray."

Confer With Police On Traffic

HICKSVILLE—The traffic committee of the Chamber of Commerce, led by Francis Anderson, met recently with County Police Inspector Louis Schneider and Second Precinct Commander Capt. Vincent Chimenti and present plans for the revision of traffic movement in the community, the membership learned this week. It is understood that plans include the change in traffic movement on Broadway to one-way with the return one-way on Jerusalem Ave.

Democrats Study Gas Bills

HICKSVILLE—A discussion of the policies of the Public Service Commission as they affect monthly gas and electric bills will be given by William McCaffrey, Jr., candidate for Assemblyman in the 4th A.D. (which includes Hicksville) at a meeting of the Democratic Club at the Legion Hall, Nicholas St., here, tomorrow (Wednesday) at 8:30 PM.

McCaffrey will describe the legal means by which the utility companies of the state, including the Long Island Lighting Co. are permitted to charge what he believes to be "excessive rates".

The Club endorsed McCaffrey's candidacy at its meeting in June, where it was disclosed that one of his campaign planks would be to seek a review and revision of PSC regulations which permit utility rates to "get out of line".

PLEGGED FOR HICKSVILLE SCHOOLS:

\$472,420 Federal Aid For Buildings

HICKSVILLE—Positive assurance that this School District is eligible for \$472,420 in federal aid for school construction has been received, it was announced yesterday by Edna Kuhne Sutton, President of the Board of Education. Board Member Emil J. Szendy will accompany Frederick Tilney of Government Statistical Corp. and school administrators to Washington tomorrow (Wednesday) to arrange details "concerning receipt and use of federal funds".

"Notice of eligibility for federal aid toward school construction was officially given us on Aug. 23," Mrs. Sutton said.

If the district is to receive the allocation, the federal government will have to "participate in the steps involved in taking bids and awarding contracts", the Board was advised by Tilney at a meeting on Aug. 26.

The Board anticipates allocation of the funds towards construction of the Old Country Rd. and Dutch Lane School additions. Meanwhile, the Board is proceeding with the awarding of contracts for the additions to the Fork Lane and Burns Ave. Schools.

Mrs. Sutton commented that Tilney said other School Boards in the region face similar problems on the use and application of the federal construction aid funds and representatives of these Boards will also accompany him to Washington.

The School Board at its meeting last Thursday night, which had been changed from the regular Friday night session, went over answer from Albany regarding students transportation which were asked by Mrs. Sutton and school administrators of Dr. Charles Brind the previous Monday.

BUS MILEAGE

Strict adherence to the mileage basis for determining who shall ride is anticipated when the term opens. As one board member described it, "we'll measure right to the crack in the sidewalk".

As a result all consideration for hazards on the route of children attending school will be discarded in the policy for transportation which takes effect next week.

Cut Down Distance For Vamps' Parade

HICKSVILLE—The parade route for the Labor Day firemen's parade on Sept. 6 was announced today by John Jeanson, general chairman. The six-division parade which will include more than 40 fire departments from all sections of Long Island will cover a route a shade under two miles and is slightly reduced in distance as compared to last year.

Parade judges were scheduled to meet last week on Wednesday to prepare for their assignment of counting the men, women, equipment and bands in the march and selecting the best in various categories.

Judges include Frank Sutter, James Walters, William Frohnhoffer, Col. William Godfrey, Allan Carpenter, James Carter, Harry Strenbel, Seymour Lang, Lou Smith and John R. Brandt, highway superintendent. They represent the Kiwanis, Lions, Rotary, VFW, Amvets, JYW and American Legion.

The parade will start from the corner of Marie St and Bway, go south on Broadway to Carl St., west on Carl St to Old Country Rd., west on Old Country to Levittown Parkway and south on Levittown Parkway past the grandstands.

The march starts promptly at 9 o'clock in the morning, headed by the host Hicksville Fire Dept and Ladies Auxiliary.

Tournament contests start on Levittown Parkway at 1 o'clock in the afternoon.

There will be more than 30 bands dreds of fire trucks, thousands of musicians in the parade, hundreds of uniformed volunteer firemen, the committee reports.

All residents and business concerns are requested to display their American flags on Labor Day.

Shea Workers Organize Here

RONKONKOMA—William F. Shea, candidate for the Republican Congressional nomination from the first district announced yesterday "that the Pre-Primary Committee in the Town of Oyster Bay, headed by Judge Michael Brady and Jim Hall, this week received additional support from a new group in Hicksville area."

Spearheading the Hicksville group for Shea are Mr. and Mrs. James Cummings, Jerome Zettler and John Finnegan. Shea urged "that the many people interested in my election on Primary Day, Sept. 14, contact the above mentioned committee in Oyster Bay Township for literature and other pertinent details". Judge Brady and Hall head a large group in the Massapequa area working for Shea.

Special Meeting For Youth Council

HICKSVILLE—A special meeting of the Youth Coordinating Council will be held Thursday night, Sept. 2, at the Holy Trinity Episcopal Church Hall, here. All interested adults are invited to attend.

SPEAKER AT McCaffrey DINNER:

Mercadante Recalls How Sprague Took GOP Control 20 Years Ago

BETHPAGE—Asserting that "we need the two party system," William McCaffrey of Plainville, Democratic candidate for State Assemblyman, told more than 100 friends and party leaders "the one-party machine must be destroyed in 1954". A testimonial dinner in his honor was held Sunday night at Anselmi's Restaurant, here.

McCaffrey had little to say politically, expressing his thanks and appreciation to those present for the honor accorded him. He singled out for special mention his wife, Joan, and his mother and father.

However, other speakers had plenty to say on political matters. Luke A. Mercadante, who is seeking the Democratic nomination for Lieutenant Governor and has the solid backing of the county Democratic committee, focused his fire upon J. Russel Sprague the county GOP leader.

Mercadante, toastmaster at the McCaffrey dinner, recalled the 1934 inter-Republican party fight for leadership.

"Recently we have witnessed the ludicrous spectacle of Sprague begging the Republican clubs to

say that there is no such thing as a Sprague Machine". Mercadante, former Mayor of Glen Cove, said. "He is preaching the virtues of the party regularity because two Republicans have dared to run in the primaries for the Republican nomination. How much of a hypocrite can the man be? Has he forgotten how he revolted against Republican County Leader Wallace (In 1934) and seized control of the Republican Party through a ruse? Has he forgotten how he fought against the then Republican State chairman not only in the organization but through his representative in the Assembly?"

"Has Sprague forgotten his statement he made to a metropolitan newspaper: . . . I created the position of county leader and

Dear Jean:

We see that many of the local stores have decorations up for the Labor Day parade. . . . That clock at the corner of Bway and Marie St. is still away off, at least an hour behind time. . . . A credit jeweler is scheduled for the store next to Starlight Shop, formerly occupied by Kollners and later by County Meats. . . . The new front on Galitine looks good. . . . A practical gadget given friends by WILLIAM E. KOUTENSKY, president of Long Island National Bank of Hicksville, is a ball-point pen which easily measures a foot in length. . . . Work is progressing on the new parking field on the east side of the LIRR between Marie St. and Nicholas. When the township was unable to get a satisfactory bid on a house on the property, the town knocked it down and set fire to the debris, Saturday. The fire dept. stood by to keep the flames under control. . . . Those sad looking trees (?) in the Parkway Village Green shopping centre still look like sticks. Did we read somewhere of a promised cleanup a couple of weeks ago? . . . HAWKIE insists that Co. No. 6 will be organized. He has promised "recruits" there will be one captain and all members will be designated as lieutenants. HAROLD MINSKIE refuses to be upset and says the HAWK has "visions". . . .

When members of a special construction team from Belgium, on tour of the United States, came to Long Island in July, they visited the Stackler and Frank development in Hicksville among others. The group gathered during the day at Corte's Restaurant in Bethpage. . . . BILL GEYER sends us a clipping from the New York Times which reports that Princeton Township, N. J., has passed an ordinance banning "look-alike" homes. Scarsdale, N. Y., passed the same kind of an ordinance in 1950. . . . If you want to see the armored limousine in which HITLER used to ride around in Germany, it will be on exhibit at the Hicksville Farmers' Market today and Friday from 2 to 11 P.M., according to that master showman, GEORGE V. SPOHRER. . . . Howard Johnson restaurants and eating places along the Jersey Tpke. are proud of their record of returning lost articles to persons who visit their 10 places along the 118-mile route. With 3,000 articles reported lost in six months, 2,000 were returned. . . . DR. DALLAS BRAY of Plainview may join the Hicksville Rotary Club. He has 30 years membership as a Rotarian with a Queensboro Club. . . . FREEMAN PARR has been appointed "bowling coordinator" of the Hicksville Rotary. . . . When Republic Aviation gave 13 model planes for special awards at the Firemen's Labor Day tournament, Grumman was right there too. The Bethpage firm is also giving 13 models of its aircraft. . . .

had his official duties defined as having the final say on all patronage and as manager of all political campaigns.

"A person would have to be awfully stupid to believe Sprague's recent disclaimer of bossism.

"We can win this campaign," he told the audience of Democratic party leaders and workers, "if we can make the voters see Sprague in his true light. We must pound home the close relationship of Sprague and Weston, the contractor who made a fortune on County contracts while Sprague and his uncle, G. Wilbur Doughty, bossed the county of Nassau. We must tell them of Comptroller Weldersum's political demise when he cut down exorbitant and extravagant items on Weston's bill. We must give them the facts on the Sprague, Weston, and DeKoning tie-up. The pattern of corruption should be inscribed indelibly in the minds of the voters."

LIRR 'SWINDLE'
Lawrence McKeown, county Democratic leader, indicated that his party's campaign this fall will focus upon what he described as "the great swindle by the Republican legislature in the form of the LIRR bill." He charged that the reorganization law permits the LIRR to raise fares at any time when, in the LIRR's opinion, it may not break even for the year on operating costs. He asserted that the law is the "most diabolical legislation ever written, permitting fare increases upon 10 days notice without the necessity of hearings before the Public Service Commission.

"The LIRR has absolute control over fare increases now," McKeown declared, "and nobody can do anything about it. We plan to get the facts before the people and show them how they have been swindled by Dewey and Nassau legislators in particular."

Thomas Gerinto, president of the Plainview Democratic Club, was in charge of arrangements for the dinner-dance.

ON AND OFF-MILLWOOD GATE:

Teens Make Good Use Of Time

By DOROTHY R. BROWN
HI 4-8128

One can hardly pick up a newspaper today regardless of size in which there is not some mention of juvenile delinquency or teenage problem. With school starting in a week, many may feel that most of the youth problems will be solved for another season. This is not so. It will keep the teenager occupied for four and perhaps six hours but what about the rest of the day?

Here in Hicksville, the Junior and Senior high students are still in split sessions. This will give the young people too much time for idleness, unless they have a job or hobby to keep them interested and occupied. Thanks to a movement for youth jobs in town, many of them are seeking jobs, some in a field which they may be interested as a possible career. The majority of these jobs are time filler and a way to make money for spending when they are idle. As a result of this work, many of these youths will realize the value of an education and be better students and later citizens. In cases where a person is over paid for his work the tendency will be in the opposite direction and do more harm than good.

Besides work others are turning to a hobby to keep them occupied and some of these may even bring some remuneration. For example there has been brought to my attention a group of teenagers who like many Americans, have a strong desire to make profitable use of their time. This group shows what the modern youth with initiative can do with a little encouragement in the right direction to help better themselves and their community.

The leader of this group is Marty J. Monaco of I Woodcrest Rd. who has ideas that he might like to make his career in some branch of the newspaper business. While he has tried several small neighborhood sheets before, he has now got the backing of his high school principal in Bethpage and enlisted the aid of several other teenagers to publish an 8x11 inch four to eight page neighborhood paper. This paper called, "Island Times" covers the four developments—Baltimore, Belmont splits, Vidoni and Glendon Homes, and is published once weekly in Marty's callar except for the use of the duplicator machine at school.

He has reporters from these different developments and Robert Farquharson of Fordham Rd. covers the Vidoni Homes. Marty and his friend Thomas J. O'Neil, Editor-in-chief of paper, and others cover the Baltimore homes. Anyone interested in finding out more

about this paper and what the boys are doing, may do so by calling Marty at HI 4-1423. From what I have seen of this paper and having interviewed the boys, as I feel that this is a very worthwhile project for the boys and any encouragement we can give them would be a help. We can see just what our money (the subscription price or ad price) is doing to actually help some of the youth in our own neighborhood.

If parents, teachers and other interested adults could only get more groups of youth interested in carrying out some project as these boys are doing, I am sure we would not have as many teenagers on the streets getting into trouble.

At this age youth has a very fertile mind and the way it is seeded by the adults or his associates at this time will effect his future as a citizen. Are you helping to make our youth better citizens?

THIS AND THAT

This reporter knows of a nice little black puppy looking for some people to adopt her. Please contact yours truly if interested.

HERALD READER OPINION

Letters To Editor

DeShaw Asks Board To Explain

By CHARLES DESHAW
IT SEEMS TO ME, that it is becoming more and more common in this Country for many to take a Text and Quote excerpts from it which they feel justify an attack on the writer. These people aren't interested in the complete Text (and thus do not read it) but only in those portions which to them prove their point, whatever, it might be. Thus they are able to explain.

"Aha! you Villian, now I've caught you! You won't escape because I've got the Goods on you". This was aptly demonstrated recently at a Senate Investigation hearing in Washington, when a Witness under oath testifying to Communist writings was read excerpts from a Text. When asked his opinion, he stated there was no doubt that they had been written by a Communist, since it was their style of phrasing and wording. However, upon being informed that they had been taken from an Ecclesiastic Encyclical written by Pope Pius the XI, he whined that if he HAD READ THE ENTIRE TEXT, he would not have made his statement.

Mr. William Orton is no exception, for had he read the entire text of my letter in the Aug. 24 issue of the Herald, he would not have attacked my statements. If he will again read the Text, the whole Text, and not just excerpts from it, he will realize that my statement as to the cost of Bus Transportation was Fact not Fiction. Having been present when the Bus Bids were opened by the Board of Education, I recorded same; and the following order is how they were opened:

HUNTINGTON COACH CO.

Ten Buses for use from 7:30 a.m. to 5:25 p.m.
a. \$90,000.00 Cost this year for 10 Buses.

b. \$48.65 per Bus per day for any extra Buses.
c. \$3,000.00 Junior High Transportation.

d. \$28,000.00 Junior and Senior High Transportation.
e. \$10.00 per day extra for over 183 trips to Parochial Schools.

BENKERT BUS COMPANY
a. \$90,000.00 Cost this year for ten Buses.

b. \$48.65 per Bus per day for any extra buses.
c. No Bid.
d. No Bid.

e. \$25.50 per day extra for over 183 trips to Parochial Schools.
SEMKE BUS COMPANY
(Awarded Contract)

a. \$70,000.00 Cost this year for 10 Buses.
b. \$40.00 per Bus per day for any extra buses.
c. \$5,500.00 Junior High Transportation.

d. \$7,400.00 Junior and Senior High Transportation.
e. No charge for more than 183 trips to Parochial Schools.

I trust that this convinces Mr. Orton that any statement I made is based on fact not hearsay.

He takes issue with the inference that I accuse the Board of having Pet Schemes on which to spend the Taxpayers money. Mr. Orton does me an injustice. The Board accuses itself; or perhaps Mr. Orton will tell us just what the Board intends to do with the excess money voted for Transportation? Does Mr. Orton know that the sum of \$94,564.00 was vot-

ed for transportation at the Annual Budget Hearing in May? Let him consult the Annual Budget for verification of this. It will be found under the heading of "Auxiliary Agencies", 9-8, and he will find that once again my statements are based on published fact, not fiction. If the Board does not have a Pet Scheme, why then did they ask us to first vote the \$94,565.00 in May, and then on August 21st ask us to vote 26,000.00 (As it appeared on the Ballot)? With an accepted Bid of \$70,000.00 for 10 Buses, the Balance left in the amount voted in the Budget was 24,565.00, which was \$1,485.00 less than the amount listed on the Ballot as needed for both Junior and Senior High Transportation; and 5,985.00 less than the amount stated in their mailed brochure. Even if I did not have the actual accepted Bids before me, I would have still questioned the difference between the amounts in Proposition I and II, and the actual amount needed. Can Mr. Orton explain this discrepancy?

Now, since the High School Transportation was defeated, there is no need to spend the money for Junior High Transportation out of Surplus funds, since the Budget amount voted more than adequately provided for the general and Junior High Transportation. Thus the amount saved can be used to reduce the Tax Rate, and the Board should show evidence that they are interested in the Public Welfare by doing so at once.

IT SEEMS TO ME, in conclusion, therefore, that I have proven conclusively that it is up to the Board of Education to publicly explain this discrepancy, and just what their real aims are.

CURRENT COMMENT

Report Brings Us Up To Date

By FRED J. NOETH

WE ARE INDEBTED to Councilman Frank Chlumsky for the loan of a copy of the comprehensive report on rail road grade crossing traffic in the Hicksville area prepared by Briganti and Crachi of Westbury at the direction of the Oyster Bay Town Board.

If you ever became upset about the bottlenecks in local traffic movement because of the rail road grade crossings, reading the report will make you just madder. What you suspected is all too true. A check on traffic movement over the crossings in a 16-hour period from 7 AM to 11 PM "on a typical weekday" showed the gates closed those 16 hours a total of 519.6 minutes or 8.6 hours.

The Briganti and Crachi survey was introduced as testimony during the Public Service Commission hearing on our local problem in New York City earlier this month.

Let's look at some of the other facts in the report: Hicksville, "which is an unincorporated area"—as we know all too well—has a surface elevation varying from approximately 145 to 160 feet above sea level, sloping in a southerly direction. The ground water level varies from 70 to 90 feet below the surface. The bed rock formation is about 1,000 feet below the ground surface.

Between us and bed rock are glacial sands, gravel and clay deposits.

Population growth is reported also, based on records of the Hicksville Water District. We had 6,800 population ten years ago in 1944. We have 44,000 today.

"Since a large percentage of the area has already been developed, it is anticipated that the population annual rate of increase will be reduced and that the population will reach a maximum of 55,000 within 10 years," the report states.

The number of accidents at the six crossings (not including Bethpage Rd.) are also reported, covering the period from 1940 to 1954:

There was a total of 52 accidents in which 16 people were injured and four were killed. The Bay Ave. crossing had the most accidents—31 with 9 hurt and one killed. Old Country Rd. had only five accidents with two hurt, but three killed.

As you probably have suspected, traffic at the Broadway crossing, for example, is heaviest from three to seven in the afternoon and evening. However, seven to eight in the morning also gets its share of the load. Northbound on Broadway during that hour on July 19 were 402 autos, 46 trucks, 130 pedestrians. Southbound in the same hour were 424 autos, 50 trucks and 56 pedestrians.

Truck movement climbs during the day and then tapers off after six o'clock in the evening.

Jerusalem Ave. is heavy with traffic throughout the day. In that first hour there were 581 pedestrians northbound.

And in case you wondered about the changes taking place in the community as a whole, the following comment is made in the report regarding land usage: "During the last ten years the entire Hicksville area has changed from a predominantly rural area to a suburban residential and industrial area. Hicksville has become a main shopping and commercial center for the resultant greatly increased population."

The Question Box

By JOSEPH EISNER, REFERENCE LIBRARIAN
HICKSVILLE PUBLIC LIBRARY

The following are representative of the questions asked at the Public Library. If you need help in obtaining answers to your questions, or desire to do research in certain fields, call Mr. Eisner at the Library, R1 3-1417. However, the privilege of borrowing books is extended only to residents of School District 17; non-residents must pay a 5 dollar annual fee to borrow books, although the library will extend its reference services to non-residents without charge.

- Q. How can I clean a gilded picture frame?
A. Go over the gilded surface with a soft brush which has been dipped in alcohol to which a few drops of ammonia water have been added. Do not rub roughly. In about five minutes the dirt will become soft and can be removed. Then go over the gilded part again with a brush which has been dipped in rain water or distilled water. Dry the frame in the sunlight. If the frame is merely tarnished, rub it with a frame in the sunlight. If the frame is merely tarnished, rub it with a frame in the sunlight. If the frame is merely tarnished, rub it with a frame in the sunlight.
- Q. I am a Korean veteran. Am I entitled to a State bonus such as was paid to World War II veterans?
A. Only two states, Massachusetts and Vermont, pay a bonus to Korean vets. As yet, New York State has enacted no legislation making payments to Korean vets possible.

Don't Miss Labor Day Parade

By **IRVING MALJEAN**
HI-3-2815

If you only go to one event a year in Hicksville—you ought to make that one the Labor Day Parade and Tournay for the many Volunteer Fire Department. It is a huge spectacle — not one to be missed. One tip about the parade — get there early to park your car at a spot along the itinerary so that you can witness it from your car. (Along Old Country Rd is a good spot).

Spoke to Ebery Bean, director of Adult Education of Hicksville, and he's readying for a big season with ten new courses planned for the knowledge-thirsty citizens of Hicksville. Take advantage of this opportunity to learn new things, and register on the 13th and 15th of September.

Edmund Parlow is offering a new course: High School Equivalency. Here's a chance to get that diploma. Pierre Charbonnet tells me he had decided to offer a course in Home Movies. He arrived at this idea after including two extra sessions after his photography course last term dealing with movies. It received such enthusiasm that he has arrived at the thought of making it a separate course. It struck me funny when he told me of the waste of film when Mr. Amateur Movie Maker shoots his aunt Minnie and uncle Joe standing still in front of the house occasionally moving or shuffling about while the camera is grinding away. Planning, he asserts is the byword in making films.

Speaking of Pierre, of Briggs St., I might mention that he has just returned from a trip to Mon-

trreal and Quebec and he invited me to see the movies that he took as well as the still shots of that colorful levity.

The Levittown Chapter of Hadassah was represented at the 40th Annual Convention in New York. Mrs. David Levy, of Pottery Lane, attended the four day convention held at the Waldorf. Those who address the convention were: Senator Monroney of Oklahoma; Israel Ambassador to U. S. Abba Eban; Mayor Wagner; Dr. Kalman Mann, Director of Hadassah Medical Organization in Israel; and Moshe Kol, Director of the World Youth Aliyah movement. Featured, also, was an Israel Fashion Show including clothes designed and made by young Israeli students, and narrated by Tex and Jinx McCrary.

Anyone desiring to attend a series of Integration Talks for prospective members of Hadassah, phone Mrs. Alvin Levine, of Mead Lane, Westbury—Le 9-5602. The regular board meeting of Hadassah was held on Monday, Aug. 30th at the Israel Community Center, to complete plans for the coming season.

We're so glad to hear that Bonnie Poitras, of Hollis Rd., is feeling better after her accident in a Levittown pool. Her mother was quite worried at the time when she was called to her side at Meadowbrook Hospital. Glad to welcome into this world, James Alfred Syiek, new son of Mr. and Mrs. Joseph Syiek, of Ketcham Rd. We got word that the youngsters of Bamboo Lane are helping with the Emergency Polio Fund. Jay Edelstein, Candeta Cancelliere, Marie Cancelliere, and Jeanette Kordal put on a show—10c for adults 5c for children. They collected \$10 for the polio fund with their production.

Speaking of shows—in a more adult sphere—the Plainview Theatre Guild needs actors—men—males—for its subsequent productions. If you would like to take part in the local show business phone me and I'll forward the information. The Guild is in rehearsal for the "Heiress" which will be staged in November. Tuesday, Sept. 7th—8:45 P.M. Levittown Chapter of Hadassah will present a fashion show—Modes by Casual Corner of Merrick—at Levittown Hall. Mr. and Mrs. Robert Gallagher, of Jamaica Ave., has just returned from a vacation at Lake Shawnee in N. J.

A Bumenthal of Marilyn Drive, Plainview, mentioned to me that his development, Regal Park, has not received his lights or mail delivery as yet. He feels that both are long overdue, and that in the case of the mail problem, the development next to his has had mail delivery for sometime. The Post Office says that the development is too far a walking distance for the mailman to go. But meanwhile, Al feels that it is a great inconvenience to pick up mail in Hicks-

ville daily.

My wife, May, went to one of the teen age dances last night, as a chaperone, at the invitation of Betty Moguvero, who has been a regular at these affairs since their inception: Betty gives freely of her time in order that teen agers do not get into trouble because of that old devil idleness. Everyone is disappointed that we will not be able to use Levittown Hall in the future since it is booked up for the rest of the year. Surely the youth of our community should have precedence over other organizations for this very worthy cause.

Yankees Face Brooklyn-Queens Champs Saturday For CYO Title

HICKSVILLE — The St. Ignace Yankees under the direction of Walter Gaylor and Tom Brown captured the Nassau County CYO championship in the Bantam-Grammar School Division Thursday afternoon behind the steady pitching of Leo Kanawada and the potent hitting of his teammates who routed starting pitcher Bill Schaefer of St. Vincent de Paul, Elmont, in the very first inning. Schaefer's hand apparently had "lost it's skill" as a storm of hits ratted from the bats of Rocky Ruggiero and Leo Kanawada. Babe Cerone was then walked and Tom Brown was hit by an errant pitch. With bases loaded Dick Di Leo unloaded a solid poke between the centre and left fielders for a home run.

In regular season play the Yankees have scored an average of more than 20 runs per game. On Sunday they were held to two runs by a strong St. Boniface team in the Nassau County semi-finals however; behind the pitching of Kanawada and the brilliant fielding play of Tom Brown, which ended the game, the Yankees eked out their victory. On Saturday they will play the Brooklyn-Queens champions for the CYO championship of the Brooklyn Diocese.

Propose Baby Sitter Exchange For Women Of Hicksville Area

HICKSVILLE—Formation of a Baby Sitters Exchange Club here, open to all who will cooperate, is underway this week. All women interested in joining such an exchange which has proved successful in almost two years of operation in the Levittown-Westbury area, are invited to call Hicksville 8-8066.

The operation of the Levittown Baby Sitter Exchange is explained in Sunday's "American Weekly" magazine section of the Hearst Publishing Co. on Aug. 22.

The Exchange has 100 members with Ruth Schwartz of Westbury as president. Sittings are arranged through four central exchanges, which means that one member must stay home on prearranged days to answer her telephone. Members try to restrict their calls to the days they know she'll be home. The chairman keeps the records. A vice-chairman supervises the exchanges. Members meet once a month, in a school or church. Each new member fills in this questionnaire:

1. Can you sit days? If so, are you willing to care for more than two children?
2. Can you sit early evenings (before eight)?
3. Are you willing to sit after midnight?

4. If you cannot sit, will your husband take a sitting in your place?

5. Do you object to a male sitter?

6. Do you object to sitting with infants?

7. Do you object to sitting where there is a dog?

8. Do you have a dog?

9. Will you be able to take an exchange for a minimum of one, but not over three months?

10. If you cannot do the above, can you do extra sitting and free other girls for club work?

Each new member pays either \$1 for the year or agrees to pay 10 cents a month, to cover the cost of supplies and post cards. When the sitter has finished her job, both she and the member for whom she has sat, write the number of hours on a post card which is mailed to the bookkeeper who records the sitter's credit and the recipient's debt.

"All of our members" says Mrs. Schwartz, "agree to our few and reasonable rules: To be honest, reliable and punctual, and not to gossip. To give no medicine to children without specific instructions and not to owe more than 10 hours' sitting time. They must begin paying back when they have received seven hours' sitting time. "Except in special cases, sittings

are for a minimum of two hours and a maximum of five hours. Double time is charged after midnight Sunday through Thursday, after 1 A.M. on Fridays and Saturdays, and for daytime sitting if the sitter comes to your home. If your children got to a sitter's home, single time is charged—one hour, per meal per child."

She says a successful exchange is open to all who will cooperate. Their motto is the Golden Rule.
