Hire Merrick Lawyer For School District

HICKSVILLE—The Board of Education has engaged Bertman R. Crane of Merrick as attorney for the school district effective today at an annual salary of \$7,600. Crane was selected from among 15 applicants for the position.

Vote upon the employment of Crane, the first attorney to be engaged by the district on a flat annual retainer rather than a retainer plus percentage of project cost, was four to one. Edna Kuhne Sutton, president, voted "no" at the special meeting of the Board, Wednesday night, expressing the opinion that she had hoped the election would be made from among "the ten locally connected attorneys" who had applied. They were not named.

Crane has his office at 176 Mineola Blvd., Mineola, and is a resident of Merrick. There were 15 unnamed applicants interviewed for the position, according to Richard Schoel who was chairman of the Board Committee on preliminary selection of an attorney. Schoel made the motion to hire Crane, which was seconded by Emil Szendy, who with Joseph Cawley, was also on the attorney committee.

Arthur L. Erich expressed regrets that the board decision could not have been unanimous. Mrs. Sutton admitted during the discussion that she had been disappointed to find that few of the lawyers interviewed had "anything to do with school law." He like to say that an attorney for the district could have been found among the people of the district who applied," she added. Cawley noted that the committee had not been instructed to narrow its preliminary selection to a "local man." President Sutton dismissed the committee with thanks.

Crane's appointment is "subject to the execution of a satisfactory contract."

The District has been without the services of an attorney on a retainer since the annual reorganization meeting on June 30 when Michael Sullivan, who had been attorney for several years and is still the lawyer on several of the bond issue projects, declined to accept reappointment.

FIRE COMMISSIONERS APPROVE

Ambulance Fund Drive Set

HICKSVILLE—Plans for the formation of a community-wide committee to raise funds for the purchase of an ambulance were rapidly taking shape today as the Board of Fire Commissioners gave their official sanction to the operation of an ambulance by the fire department.

The following formal press release was issued by Bernard C. Schuster, secretary of the fire district, on Wednesday: "The Board of Fire Commissioners of the Hicksville Fire District announced Tuesday, Sept. 14, at the regular meeting, that they would accept an ambulance as a gift from the people of Hicksville to be operated by the Hicksville Fire Dept."

The formal sanction concluded a 6-month effort spearheaded by the North West Civic Assoc. with Jerry Zettler and Herbert Johnson as leaders of a special committee. Both men spoke before every civic association and service club in the community to win endorsement of the ambulance.

Zettler told the Herald today: "We will call

a community meeting to get started on the fund raising without delay. It is not the intention of the North West Civic Assoc. to limit the degree of public participation in this worthy program. We have been greatly encouraged by the excellent response by the people who have been approached on this program and feel certain the necessary funds can be raised in a short time."

Community ambulance service operated by the fire department has proven successful in many Nassau and Suffolk fire districts, including Bethpage, Valley Stream, Garden City Park, Locust Valley, Oyster Bay and other areas.

The Herald has editorially supported such an activity since its founding and the newspaper today pledged its fullest cooperation to the forthcoming fund campaign.

It is estimated that about \$15,000 will be required to purchase and fully equip an ambulance to be operated by volunteer members of the fire department.

School Board Votes 3-2 To Employ Paid Executive

HICKSVILLE—Applications are being received by Dr. E. H. LeBarron, superintendent of schools, for the position of a paid administrative assistant to the Board of Education today. The School Board by a 3 to 2 vote, Monday night, created the position which will carry an annual salary of \$5,000.

Emil Szendy and Arthur L. Erich opposed the motion to create the position. The motion was offered by Richard Schoel, seconded by Joseph Cawley, President Edna Sutton voted with Schoel and Cawley to give the motion a majority.

Erich commented that the duties for the new assistant as outlined by Schoel "are jobs now covered by the district clerk and the superintendent of schools."

Szendy went into particulars in objecting to the motion. Noting that there were 14 points specified as duties of the office, including "prepare agenda for board meetings, collect supporting documents, take care of board files, board correspondence, take care of public relations, take care of board minutes," he objected to the employment of "a sort of additional board member with superior powers."

About an hour was spent in debating the issue, which had come up at previous meetings without reaching a vote, before the roll call was taken by the President.

Dear Jean:

A "vote of no thanks" is due to Pencil drag for accepting the Youth Week ballot box, accepting the first... and then throwing the ballot box away before the vote could be collected and counted. The State Motor Vehicle Commissioner announces some details about the new program for periodic motor vehicle inspections which are required after Sept. 1 of next year. We have the list of requirements for inspection station licenses, if any of the 50-odd gas stations in town are interested in looking at the same at our office. Hospital star nite will be held in June next year instead of September. Rainfall recorded in Nassau on Saturday, when Edna came calling, was 5.35 inches. MRS. WILLIAM CLARK, mother of MRS. WILLIAM GIANELLI of Bay Ave., Hicksville, died last night (Wednesday) at a New York City Hospital. Supervisor LEWIS WATERS has proclaimed Sept. 26 as Kids' Day for Hicksville. Would have been nice if he also proclaimed the day of Sept. 18 to 25 as "Hicksville Youth Week". A wallet containing money is being held at HOLDEN'S Stationery Store at Broadway near Marie St., Hicksville. The owner can claim it by identifying it at Holden's. It was found about a week ago and must be missed by someone. Students visiting on Friday, Oct. 16, at the Brookhaven National Laboratory in Suffolk for senior high and college students interested in science. And this Friday, Sept. 17, is Citizenship Day.

The policeman stationed on Woodbury Rd. has been on what might be called a "rowing assignment". First located at Haverford Rd. for the benefit of Hillside Terrace children attending Woodland Ave. School, the cop was moved to Ketchikan Rd. crossing "due to pressure from area residents", and is now positioned at Pollock Pl., about midway between Haverford and Ketchikan. ZARA Construction Co. of Hicksville has won a contract for construction of lateral sanitary sewers in Roosevelt Field Industrial area from the county. The local firm bid \$1,266,180. Sept. 4 issue of the "United States Investors", published at Boston, features an article on the growth of the L. I. National Bank of Hicksville. The Herald will reprint portions of the article shortly. The announcement that TOM ABBOT is leaving Long Island and will resign as chairman of the Township Democratic organization should come as no surprise to Herald readers. We reported that Tom was going to retire in our Feb. 11 issue. TOM POWELL of Hicksville is vice chairman of the Democratic Town Committee and will probably serve as leader, after Oct. 1, until a chairman is elected—probably after election day. ED FEHRENBACH, recently named as "trouble shooter" and administrative assistant to Supervisor LEWIS WATERS, announces he will not be running for re-election, as president of the Bethpage Republican Club.

A special trailer is being shown on the screen of Hicksville Theatre, promoting Youth Week. It was prepared with the cooperation of ISADORE SEGAL, president of the HYCC. Copies of the Week's program are available in the theatre lobby and many local stores. Perfect attendance awards were made to members of Hicksville Kiwanis Club last week as follows: GRET CHITTENDEN, 5 years; FRANK CHLUMSKY and SOL ROTHSTEIN, 9; ANDY FERRARA, 6; FRED (Glen Floors) HUGHES, 2; JOE KELLER, 7; GEORGE RAPPAPORT, 6; BOB (Cherwell) WALLACE, 3; JIM HERRSCHAF, 3; WILLIAM E. KOUTENSKY, 5; ARTHUR RAGAZZINO, 4; JOHN (Fairway) STARYK, 3; and CHARLES EDGINTON, 1. WARREN STONE of Maudsley Press is in Glen Cove hospital for observation. Community Concert Week is ahead of us. Be sure to subscribe to this wonderful program. We have adult tickets at \$6 and student tickets at \$3 at the Herald office, next to the Post Office.

With an eye to accumulated vacation time earned and days taken, the School Board last night voted to pay HARRY BENENWEIN, former business manager, for 11 days.

Shea Made Strong Bid Here; Wainwright Wins GOP Race

By JAMES CUMMINGS

William P. Shea, young Ronkonkoma attorney who put up a good battle with the Suffolk Republican machine candidate, Stu Wainwright for GOP nomination as candidate for Congress in November, showed a surprising amount of strength in the easterly end of 1st Congressional District.

Shea carried more than seven Massapequa districts and lost only by a few votes in the others, it was reported by his headquarters there.

The "hands off policy" in Nassau was clearly indicated by the

small primary vote in the mid-island area. In Bethpage, Shea ran "neck and neck" with his opponent in several districts and in one lost by only two votes.

Hicksville-Plainview with light voting in all districts showed Shea receiving 435 votes to Wainwright's 895.

The strongest bid for Shea's nomination was in the 18th Hicksville District, voting at the Burns Ave. School. Shea received 84 votes where the "spear-head" movement had only begun three weeks ago.

With 200 votes cast, Wainwright received 103 and 13 were void. For a new-comer, Shea had received at last report (unofficial) approximately 5,000 votes in the 1st District stretching from East Nassau thru Suffolk. The Pre-Primary Committee of Oyster Bay for Shea is pleased with his showing here in Nassau, and proud they were a part of the committee working for his nomination.

Hurt in Tumble from Dump Truck

HICKSVILLE—When Otto Kasten, 49, of Duffy Ave. fell from the rear of a dump truck owned by James Allen on Third St., 10 feet east of Division Ave., on Monday, he was taken to Meadowbrook Hospital with a cut scalp and right arm and possible cerebral contusion. Driver of the truck was John T. Hicks of 118 Morton Blvd., Plainview. Kasten was treated at the scene by Dr. A. Carotenuto of 2 Winding Rd. and then taken to the hospital.

Lutheran School Enrolls 260

HICKSVILLE — Trinity Lutheran School at 40 West Nicholas St., has enrolled a record 260 children from ten school districts the mid-island area, according to the Rev. Edward H. Stammel, Pastor of the Congregation.

The new school building, dedicated last June 20, has allowed the school which was established two years ago to add classes from 5th grade to 8th grade and to enroll an additional 100 children. In addition, its modern facilities will allow a full grammar school curriculum. Its new cafeteria enables children to participate in a hot lunch program providing adequate nutrition at the important noonday meal.

The school has a large waiting list although there are a few va-

cancies in grades 4, 7 and 8. Applications are still being accepted for these grades.

Richard Engbrecht, new school's principal, in discussing the aims of the school, said, "we shall endeavor to integrate the educational program of our school into the community life of the surrounding area and into the Parish program of Trinity Lutheran Church."

The school, now maintaining grades kindergarten through eighth, has 150 children enrolled from Hicksville, 70 children from Levittown and Island Trees, and 40 from seven other local districts.

2. The School Board states that the consideration and judgement of outstanding people in the field of education developed this building program: Who are these Educators?

Steve Timosuk, Mrs. Sidney Volk and Mrs. Leroy Wells.

This year's campaign is for the purpose of continuing the splendid concert series that has been one of Hicksville's outstanding cultural attractions in the six years past. The "Men of Song", one of the finest male quartets on today's concert platform, have already been engaged for this season's series, and the other two concerts will be picked by the Artist Selection Committee at the close of the campaign on Sat. night.

All music-lovers interested in this fine concert series offering top-quality, nationally-known artists, are reminded that an adult membership for \$35 or a student membership for \$25, entitles the subscriber not only to 3 concerts in the Hicksville High School Auditorium, but to as many as two dozen concerts offered by neighboring towns.

Mrs. Earl Davenport, secretary of the Association, this week emphasized that campaign week, Sept. 20-26, will be the only time when memberships will be accepted. No one may join after Campaign week, and no single tickets for individual concerts are available.

Campaign headquarters will again be in the Susan-Joy Shop, corner of Broadway and W. Marie St. in Hicksville, and a special telephone will be installed for campaign week, HI 3-6922.

Board May Need A Hall

By FRED J. NOETH

THERE WILL BE ANOTHER special meeting of the Hicksville Board of Education next Monday night at East St. School, starting a little after 8 o'clock. The Board is also scheduled to meet on Friday night, Sept. 24, for its "regular monthly meeting."

If you have never attended a Board meeting and you don't like the bill of fare on TV for the evening, why not drop in at East St. School? Most of the members appear delighted to have visitors attend, although sometimes the place gets a wee bit crowded.

The performance at Board meetings of late is something quite different from what it used to be a few years ago. There was the evening, about six years ago, when we had attended several successive meetings and the President made the comment to the writer: "If you like to come to meetings so much, why don't you run for the board?"

Meeting attendance has become a ritual with some folks, although it must be concluded that when there are two specials a week—and it probably will reach three a week some night soon—the observers find it tough to give so many hours to sitting in the (recently) air-conditioned meeting room.

The attendance of assorted experts and administrative assistants sometimes, of late, almost crowds the Board out of the meeting room.

It has been traditional, of course, for Dr. E. H. LeBaron, as superintendent of schools, to be present at all board meetings. He, in fact, rates a position at the meeting table and gets the use of one of the extra upholstered arm chairs which seat the five members of the board.

He is now frequently flanked by Dr. Wallace Lamb, new assistant superintendent of schools; Stanton Miller, administrative assistant to the superintendent in charge of elementary education; and Max W. Cheney, administrative assistant to the superintendent in charge of transportation.

Soon he may be joined by an administrative assistant to the Board of Education. (See story on page 1).

In addition, the board members find at their elbows one or more representatives of the architects, and Frederick Tilney, financial advisor, with his Governmental Statistical Corp. (Strictly off the record, of course).

Now that the board has hired a lawyer, he can be expected at most meetings and, of course, there will be evenings when the special attorney, Michael Sullivan, will be present on matters concerning the various construction projects now underway.

A steady for the regular meetings is E. B. Terrell, the clerk of the works, who reports the progress of various construction jobs. The new business manager has not been a regular attendee, but Harry Ermenwein, when he held that office, was to be found at all meetings.

Then, too, when the Advisory Committee gets back in the harness, that group will have one or two of its officially designated liaison members in attendance.

We almost overlooked the District Clerk, Andrew B. Hebert, who sits quietly at his desk (as he has for 32 years) until the order of reading and correcting and amending minutes takes the spotlight.

Also to be found in the board room at regular meetings tiptoeing back and forth to an office down the corridor, is the District Treasurer, Sidney Volk.

So much for the "official family."

Occupying the remaining space (?) can be found one or two "steadies" who just sit quietly and listen, a press representative (usually able to outwit most other "sneakers") and occasionally a small delegation with something special on its collective chest.

The majority of the community has not the vaguest idea of how much time and energy is given by all School Board members to the work of representing the people in the management of the affairs of the school district. This time is given without the slightest possibility of compensation—save the satisfaction of knowing that they have attempted to do a job to the best of their individual ability. We say this in all sincerity, still reserving the right to disagree with the individual decisions they may reach on occasion.

HICKSVILLE PUBLIC LIBRARY

The following are representative of the questions asked at the Public Library. If you need help in obtaining answers to your questions, or desire to do research in certain fields, call Mr. Eisner at the Library, Hl 3-1417. However, the privilege of borrowing books is extended only to residents of School District 17; non-residents must pay a 5 dollar annual fee to borrow books, although the library will extend its reference services to non-residents without charge.

Q. My barometer, which I moved from the city, doesn't agree with the Weather Bureau readings. How can I correct this?

A. If your barometer is an aneroid barometer, it may have become affected by a condition known as "creep." This happens when an aneroid which has reached a fairly steady condition at a fairly stable pressure, is submitted to a new pressure. Although an aneroid responds readily to a change in pressure, the diaphragms do not remain steady at the new pressure, but tend to advance toward the old pressure indication. To remedy this, for every 1,000 foot rise in elevation—a correction of minus 1.04 must be made to the barometer to ascertain standard reading at the new location. The elevation of Hicksville varies from 185.46 to 194.34 feet above sea level. Thus, for every hundred foot change in elevation, the barometer reading must be corrected by minus .10 to get the standard reading at this location. To ascertain your exact elevation, consult the surveyor's map on file at the town clerk's office of your appropriate township and property; this should indicate elevation of your property above sea level. You should also remember that the Weather Bureau readings are made on a mercury barometer, which is far more accurate, and probably quite far removed from this location, and thus may show a slightly different reading than your instrument, even after correction.

Board Maps Albany Appeal On Two Specific Questions

HICKSVILLE — More hours were spent by the Board of Education at special meetings on Monday and Wednesday evenings, this week, on questions and issues involved in student transportation in and outside the district. Another special meeting is set for next Monday, Sept. 20, to act upon the draft of an appeal to the State Commissioner of Education regarding the specific hazard-distance questions.

A delegation from the Hillside Terrace Civic Assoc., which was also meeting in the St. School, Monday night, appeared before the Board after hearing a talk about transportation by Max W. Cheney, administrative assistant to the Superintendent on Transportation.

RAISE FOUR QUESTIONS

Lloyd Smiley was spokesman for the civic delegation which raised four questions. (1) Can sessions for kindergarten and first graders who must walk to school be concluded earlier in the day since it gets dark at 4:30? (2) Reduce the mileage for transportation of Kindergarten and first graders to less than a half mile? (3) Arrange schedules of children so that children in the same family attend sessions at about the same time?

and (4) What additional support can be expected from the board on obtaining greater safety for children who must cross such highways as Woodbury Rd?

An answer on the first question was promised within a week or 10 days by Stanton Miller, Adm. Asst. to the Superintendent. The second question was covered by the Board's decision to appeal to the Commissioner. On no. 3, rescheduling will be attempted where possible, Smiley was told.

Regarding the fourth, it was noted that the school board and its staff has been working with the police and township authorities on questions of walking student safety. The school system is attempting to have the Town Board provide sidewalks in areas where they are missing.

Emil Szendy made the motion, earlier Monday night, to take an appeal directly to the Commissioner on specific questions of hazards and student transportation. The motion was carried four to one with President Edna Sutton voting no. She commented that "the whole world knows I sat there" in Albany when Dr. Charles Baird, attorney for the state education dept., recently ruled that hazard is no consideration in determining who shall get bus service.

Szendy felt that a determination by the Commissioner would have more significance than a ruling by the department's attorney, Dr. Baird. At the special meeting on Wednesday night, members received copies of the Wilbur Smith Assoc.

survey of school district hazards which was prepared at a cost of \$2,000. The report specifies areas where sidewalks are needed and recommends improvements in school crossings for the various district schools.

It was brought out at the meetings that Cheney has "about 200" complaints to recheck on instances where transportation is not being provided.

Board Votes

(Continued from Page 1)

"I object to anyone injecting himself between me and the staff. I am responsible to the people and I don't want an individual to interpose himself. For example, 'preparing resolutions'. That is a function of the Board members and I see no point to hiring anyone to do it," Szendy asserted.

"I find this will interfere with the Board prerogative."

"Keeping minutes, board files, correspondence are all the clerk's job. As for collecting information, I get my own information," he declared.

Szendy in supporting his motion said he wanted to see board business put "on a business like basis, operated like a business. . . A lot of duties carried on by staff members could be done by this individual."

Elrich in voting no on the motion said he didn't feel he had had enough time to go into the question and he could not see spending the \$5,000.

Joseph Cawley commented that he didn't see how "we can get anyone so sinister" (following Szendy's attack on the outline of duties) for \$5,000 a year.

After the passage of the motion, with Szendy protesting that he had already moved that the meeting be adjourned, Mrs. Sutton suggested that the superintendent "have Dr. Lamb in on the thinking and screening" of candidates.

Szendy started to offer a motion to hire a stenographer for the new administrative assistant to the board and then withdrew it.

Mr. and Mrs. Henry Schaaf and Mr. and Mrs. Charles Campaigne are attending the Kiwanis convention in Buffalo for the Bethpage club. They plan to be away a week.

buildings, the proposition voted on Saturday, Sept. 11, and the need for a high school.
Dr. J. B. Nash, will be the guest speaker at our next meeting Oct. 7th, Edith Foy, Program Chairman announced that this topic will be, "IS YOUR CHILD HEADED FOR TROUBLE?"

Refreshments were served by the hospitality committee in the Cafeteria.

ORIENT TEACHERS

The Orientation Program for the Bethpage Teachers was held on Sept. 2nd and 3rd. Because of the size of the group, it was divided in half. The first group went on a tour of Bethpage on Sept. 2nd, and on 3rd went to Gramma's for a tour of Plant 2. The second group reversed the program. The local tour consisted of the points of interest in the community, including the Country Club, The Agricultural College in Farmingdale, Hempstead Turnpike to the Levittown shopping center, Hicksville High and Library and back to the Broadway School, Bethpage.

Upon arrival at School, luncheon was served in the Cafeteria. The food for this luncheon was donated by the members and friends of the P.T.A. and by the faculty of the Broadway School.

The Chairmen of this committee would like to extend a vote of thanks to all persons who helped make this program a success.

MAY EXTEND LIGHTING

At the August meeting of the North Bethpage Civic Assoc., members heard reports on the progress being made in their efforts to obtain street lighting for unlighted sections of the community and better service in trash collection.

They were advised that new surveys are being conducted to include newly developed areas in extensions of the lighting district and were informed that the holder of the garbage contract for the affected area has been warned by the Town Board of his obligations under the contract. Portions of the contract were read to the members as well as a letter from the Town Board advising the members of the action. The contractor has promised an immediate correction of the complaints received.

The winner of the monthly "Ha Ha Prize" given for attendance at meetings was Mr. L. Doyle of Floral Ave. Members whose names were selected but failed to receive the prize because of their absence were T. Jurek, I. Della Cagna, G. Oliveri, G. Kaplan and A. Morreale.

The executive committee of Bethpage High School P.T.A. had its first meeting of the season on Aug. 30 at the home of Mrs. Edward Carter, president, at 149 Broadway.

In attendance were Robert Puente, Mr. and Mrs. James Wilson, Mrs. Nicholas Blondo, Mrs. George Kranz, Mrs. Robert Mordhorst, Mrs. Thomas Hyer, Mrs. Dean Ellner.

False Alarms At Box 41

BETHPAGE — A very dangerous practice of turning in false alarms has begun in North Bethpage. Three false alarms have originated from box 41 on Stewart Ave opposite Woods' Delicatessen. Anyone with information about the origin of these alarms should contact the fire dept since false alarms may result in injury to the volunteers or the children on their way to the new Pine Ave. School.

HICKSVILLE GABLES:

Edna Was Just Tough on Nerves

By CONSTANCE GIBSON
Hicksville 4-1453

Best news of the week is the fact that Hurricane Edna came to so little when she was publicized as being the worst in weather bureau history. Thank goodness we are in the center of the island and not at the mercy of the seas. Heard from most of the Gables families that the worst effect the storm had on them were tired eyes and a big drain on the coffee supply from spending the night up charting the storm's travel. Mr. and Mrs. Soininen of 8 South Elm St. watched their awning partially torn by Carol, ripped to rage by Edna.

In spite of the storm Barbara DiBella, daughter of Mr. and Mrs. William DiBella of 28 South Elm St. celebrated her birthday. Though her birthday was Sept. 9th, Barbara had her party on Saturday, Sept. 11. Present to join in the fun were Edward Perry of 95 6th St., Bernard Johnson of 26 South Elm St., Billy McKee and Patricia McKee of 33 Gables Rd., Kathleen McGee of 27 Gables Rd., Andria Allen of 23 Terrace Place and the celebrant's brother, Tommy and sister Jane. Barbara's Great Grandparents, Mr. and Mrs. Thine of Brooklyn and her Grandmother, Mrs. Theresa Johnson also of Brooklyn visited to help their granddaughter celebrate. Foremost among her presents, Barbara prizes a yellow nylon sweater and a colorful checked skirt.

The Dachshund Assoc. of Long Island (DALI) of which Mrs. Grace Hill of John St. is President, will hold an open match show on Sept. 19th at the estate of Mrs. Helen Grant Biddle on Guinea Woods Rd. in Old Westbury. There will be a demonstration of dog handling in the ring, a handling class for children, five excellent door prizes besides the regular classes. In case of rain the show will be held at "Cork and Rib" formerly the "Raceway Restaurant" at 146 Post Avenue, Westbury, L. I. For further information call Mrs. Hill at Hicksville 3-0151.

Mr. and Mrs. John Olson and

Mrs. Olson's mother, Mrs. William Horn of 303 Plainview Rd. attended the Amvet Card Party held in the Amvet Hall on Marie St. The funds from this Saturday, Sept. 11 party are to go to the clubs charitable works. On Oct. 27 the members will make visits to hospitals to bring gifts and company to our veterans there.

We were very glad to learn that Mrs. Elizabeth Phalen of Brooklyn, mother of Mr. Arthur Phalen of 39 Gables Rd. arrived home from Meadowbrook Hospital on Thursday, Sept. 2. The Phalens who celebrated their 11th wedding anniversary on Sunday, Sept. 12 feel doubly blessed.

The Gables saw quite a bit of company for the Labor Day holiday. Mr. and Mrs. John Olson and Mr. and Mrs. William Horn of 303 Plainview Rd. played host to Mr. and Mrs. Dumas and children Jackie, Joey, Buddy and Donna Jean on Sunday, Sept. 5.

Mr. and Mrs. John H. Tils of 20 Gables Rd. entertained Mr. Tils' mother, Mrs. Tils, his sister and

Girl Scout Horse Show To Shatter All Records

FARMINGDALE—With spirits undampened after last Saturday's hurricane rained them out, Long Island's famous Riding Girl Scouts have re-scheduled their Annual Horse Show for next Saturday, Sept. 18, at Bethpage Riding Stables on Round Swamp Road.

Showing all Girl Scout records with 250 entries, it will be the largest Horse Show of its kind ever presented in this country, according to National Headquarters.

Free to the public and starting at 9 A.M., the all day program will present scouts between the ages of

7 and 16 in eager competition for ribbons in the 12 Horsemanship divisions.

Adding spirited diversion to an already lively schedule, are several competitive games on horseback and the day's activities will be climaxed when winners of the Advanced Horsemanship divisions meet to vie for the coveted Championship trophy.

Representing Scout troops from Bowling Green Farmingdale, Hicksville, Island Trees, Levittown, Locust Grove, Plainville, Seafoam, and Wantagh, the girls are completing an intensive summer riding program under the tutelage of Miss Dorothy Scanlon.

Winners of the events will be decided by Jack Spratt of Locust Valley, noted equestrian Judge, and Mid-Island Girl Scout Council Representatives, sponsors of the Show, will present the awards.

The Show Planning Committee, with Mrs. Wm. McCreedy as Chairman, Mrs. Henry Bellinger, Mrs. David Lesane, Mrs. Norman Farish, and Mrs. Otto Young extend a special invitation to all Girl Scouts and their parents.

Sabatella knows he has manpower but what degree is needed for operation in the new loop will not be determined until tomorrow night.

Some politicians weigh their words—and often give short weight.

COMEBACK!

It's always good to see a veteran make a comeback. This year, Bob

Feller is once more doing a grand job. For a while, it seemed as if he might be on his way out. But, relying on cunning rather than on his strong right arm, the former fireballer is compiling a n imposing record for the Indians. Although his victory total may not match those of his past years, his won and lost record may be a monig his greatest achievements.

If your car has been sluggish lately, give it a chance to make a comeback. Drive in and let our mechanics lubricate it thoroughly. Once that has been done, you'll notice an immediate improvement in performance. Broadway Service Station, Broadway and James Street, Hicksville. Phone HI 3-9702.

Senator Hults Reviews State Legislative Aid for Schools

By R. C. SOININEN

HICKSVILLE—The Republican Club monthly meeting, Friday night, Sept. 10, at the Masonic Temple, was splendidly attended, despite the advance warning of a hurricane. Members and their guests were addressed by State Senator Wm. Hults and Congressman Stuyvesant Wainwright.

Senator Hults, who described himself as hurt and bewildered by the "off-again-on-again" endorsement policy of Newsday, spoke on the last session of the legislature, which saw 6,000 bills introduced, 1,055 of which were approved and 140 signed by the Governor, during the three month period. Of this imposing figure, Sen. Hults sponsored 73 bills and 2 Resolutions and had 34 of them passed by both houses.

He dwelt on State Aid to Education, showing how it had increased from the years 1942-43, when the State received approximately 110,000 to a staggering \$5 1/2 million in emergency aid alone to Nassau (this over and above the regular formula). Hults said that, for Hicksville, approximately \$75,000, was voted in the session 1942-43. He brought the totals up through the years to the session of 1953-54 when, he said \$377,000 regular aid, under state formula and \$158,000 emergency, was granted. If this

had not been done, of course, taxes would have soared.

He also explained that a 15-man commission, has been set up to study the whole education system, throughout the State and that an equalization plan is now being explored. He concluded with the remark, that "we've had the best Government, with the best system, that Gov. Dewey has been a wonderful administrator and that N. Y. State enjoys an enviable financial condition."

Congressman Wainwright "disposed of the primary 'unpleasantness' with a gentle reminder that he was the choice of the Republican Executive Committee and they wrote the Republican platform. That he has supported Pres. Eisenhower right down the line with every bit of legislation enacted, Social security, Vets. payment, the St. Lawrence Seaway, increased Navy production, abolishing wage and price controls, return to private and free enterprise, reduction of the Truman budget for the fiscal year of 1954 by 61%, a tax bill granting cuts in income and excise taxes, State controlled submerged oil land and a flexible farm bill.

Wainwright said that the UN is not perfect but has definitely served a useful purpose, particularly in anti-subversive control and that the Attorney General is

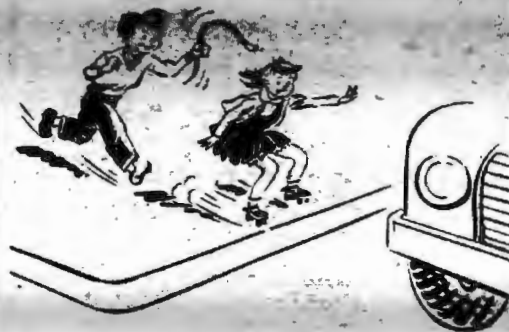

tough and uncompromising in his avowed intention — the complete destruction of subversives in this country. He had to curtail his speech, because of the impending storm and the fact that his family, living in Suffolk on the North shore, were in the expected path.
