Tentative arrangements for the arrival of Santa Claus the Saturday following Thanksgiving Day and for electrical decorations of the business streets were also mapped.

All interested retailers, whether they are members of the Chamber or not, are urged to attend the meeting tomorrow night by Buffalino.

## Two Attic Fires During Week

HICKSVILLE—Two attic fires, a burning roof and paint shanty and a TV set called out volunteer firemen during the week. Vamps were called to 10 California Ave. on Wednesday afternoon at 4:30 when a mattress in the attic of the L. Reynolds home was burning. A small attic fire also called the firemen to the H. Zimmerman home at 44 Arrow Lane Saturday afternoon, Sept. 11. The burning paint shanty at South Gate off Plainview Rd. brought out 40 firemen Monday, Sept. 13, at 5:27 P.M.

No call was sounded, but nine men responded to a silent alarm at Sinetar Cleaners, 28 Jerusalem Ave., just before 11 o'clock Wednesday night, Sept. 15. With the roof structure smouldering, the firemen cut away a section of roof around a vent pipe. There also was a call to the Irene Brejnak home at 208 East Ave. on Sept. 9 when a TV set ignited.

## INCORPORATION HANDICAP?

# Home Rule Advocates See Barrier In Drain District

OYSTER BAY—Creation of a "drainage district" embracing the entire unincorporated area of the Township of Oyster Bay with authority to spend two million dollars on the development of a storm water drain project is expected to receive opposition from Hicksville advocates of home rule when a public hearing is held here on Tuesday morning, Sept. 28.

Home rule proponents fear that the creation of a new special taxing district with authority to float a two million dollar bond issue, pointedly covering areas outside of incorporated villages in the township, could kill all possibility of any new incorporated villages being organized in the future.

**NORMAN NOT PRESENT**  
Supervisor Lewis N. Waters and three of the four township councilmen were present at the Town Board meeting on Sept. 14 when the hearing on the new district was set. Absent, according to notices posted on telephone poles in Hicksville area, was Councilman James "Happy" Norman of Bethpage. Councilmen recorded as present for the meeting were Frank Chlumsky, George B. Thomas and Dudley McCabe.

Advocates of home rule for Hicksville through the establishment of an incorporated village with local self-government for an area with a population of nearly 40,000, fear that a future petition for a vote on incorporation might be readily discarded by the Town Fathers if the entire unincorporated area is one township-wide district with a heavy bonded indebtedness.

A petition for a vote on incorporation might conceivably, according to home rule proponents, be discarded as "not being in the best interests of the township" if the area is in an indebted special taxing district.

The Hicksville incorporation petition of last year was unique, according to its proponents, in that it embraced special taxation districts which are co-terminus—all improvement districts being within the same boundaries as the School Districts, an area of 6.5 square miles.

Details regarding the proposed two million dollar project are scant, according to the notices tacked on poles: "A public hearing in connection with the establishment and construction of storm water drains and storm water storage basins within said area, pursuant to plans therefore prepared by Sidney B. Bowne, L.S. and P.E., at a total cost not to exceed \$2,000,000."

No details are given regarding the plans and where they may be examined by interested residents.

## 13 Stay in Advisory Group

HICKSVILLE—With 13 residents willing to continue serving as members of the Citizens Advisory Committee on Education, the Board of Education members are preparing to nominate other interested people to bring the Committee membership up to 25 before the group resumes its meetings and activities.

Richard G. School, liaison member of the School Board to the Advisory Committee, reports the following have indicated to him that they are willing to continue: Jack Drutman, George Winsor, Adelaide Katz, Isabelle Glasser, William Orton, Henry Frank, John Ehrenfeld, Sidney Kosby, Adolph Sojinen, Milton Leavitt, Patrick Naso, Fred J. Noeth and Leonard Urschel.

Drutman, Orton and Noeth have been members continuously since the Advisory Committee was first organized in 1951. George McIntosh, member of the original committee who served as chairman for two years, is unable to continue as a member.

Residents interested in working on the Committee may indicate their interest to the five members of the Board of Education for possible appointment.

# Lee Ave. Gets Letter from Korea

HICKSVILLE—The Lee Ave. School faculty and children were re-united again on Sept. 8 after a joyous summer.

The educational staff has organized an enriched curriculum for the student body and believes this program will enhance making our school year a successful one.

When Miss Villages returned to school, a letter from Seoul, Korea was awaiting one of her former first grade students. This letter is one of many sent in response to a project initiated last year by Miss Villages' first grade class. The

project consisted of writing letters and sending gifts to Korean Children who are less fortunate than the children in Hicksville. Probably many of the parents will remember that Miss Villages' class made their own gifts to be sent to Korea.

The letter, from Pk Myong Son a child in the second grade in the Chang-Duk Girls Middle School, read as follows:

July 20, 1954

To My Dear American Friend:  
I am very glad to write this letter to you. I am a girl student of Middle School. I think you are very pretty and very kind friend for me. My eyes have brown hair and blue bright eyes.

You have also beautiful dolls and many books. I want to hear from you. I am sitting here thinking about you and your friends.

Yesterday, I got a very lovely green pencil case which you sent for us.

I like it very much. After this time give me your interesting letters.

I will also talk to you many stories about my school. I hope your happiness.

Please excuse My poor English. good-bye My dear Friend.

Footwear News, a Fairchild publication, carries a feature article on GOLDMAN BROS. of Hicksville and the "impressive work shoe business" they have developed at their store. According to HOWARD GOLDMAN, who, with his brother, Irwin, operates the store, the store's most effective selling aid is manufacturer's cutaways, showing exactly how the shoe is constructed. Goldman's, the article reports, stocks about 500 pair of work shoes and 700 of dress and other varieties. . . . "That flowery synopsis" issued by Congressman WAINWRIGHT in time for the primary contest went to "at least 75,000 families". It was mailed under his franking privilege. . . . We don't know if its coincidental, symbolic, or what, but two recent events featuring Democratic leaders involved champagne. That was the beverage used to toast TOM ABBOTT at his recent surprise testimonial party at Henningsen's and on Primary Night EASTMAN BIRKETT, candidate for State Senator from this area, had a champagne party to kick off his campaign. . . . FRED J. NORTH, editor and publisher of the Herald, is chairman of a committee for the Nassau County Press Assoc. in charge of an essay contest open to all high-school students of the county on the subject of "Your Newspaper — Freedom's Forum" which is the theme of Newspaper Week, Oct. 1 to 8. . . .

BETWEEN ISSUES

We learned that Faith Marie, daughter of Mr. and Mrs. William Donohue, 59 Gardner Avenue was christened on Sept. 12. Guests and friends at their residence for this wonderful occasion included Mrs. John Donohue, Bronx; Otto Schmitt, Bronx; Mr. and Mrs. Charles Schmitt of Teaneck, N. J., daughter, Margaret and son, John; Mr. and Mrs. Lester Lombard, Bronx; Mrs. Paul Stephens and sons John and Paul, Jr., of the Bronx; Mrs. James Donohue, Bronx; and Mr.

and Mrs. William Fisher of New Milford, N. J. and sons William Jr. and John. All the best wishes of your many neighbors and friends to "Willie" and Mary. Your reporter was the guest of Mr. and Mrs. Jerome Zettler at Sea Cliff Yacht Club recently, and enjoyed a pleasant sail aboard their boat the "Jerry-Jo" down to Sands Point; however, after "Edna" had visited the area the day before we spent some time bailing out about five inches of water from the "Jerry-Jo". The sailboat is an 18 footer, looking forward to next trip, Captain!

Congratulations to Jerry Zettler and Herb Johnson for their tireless efforts on the Ambulance Project during the past six months. The drive spearhead by the North West Civic Assoc reached a successful conclusion last week when the Board of Fire Commissioners of the Fire District announced they would accept the ambulance, to be

operated by the Fire Dept.

With the continuing growing pains in the Town of Oyster Bay, look for several new election districts to be added... very possible that the North West section will be split up due to many new homes added in last two years... How about making sure that in the Nov. 2nd election sample bal-

lots are displayed on the polling board of vicinity at Burns Ave School as they were at the High School during recent primaries. The basket of cheer will be on display at the HERALD office; West John Super Market and Henningsen's during the next couple of weeks, be sure and pick up your chance books.

## ALONG WOODBURY ROAD:

# Much To Keep Youths Active

By GENE MALJEAN  
HI 3-5515

Inertia is the cause of the whole darned thing. How many parents have asked their teen age young men and women why they persist in hanging on the street corner

like idlers, only to receive an answer that, "there's nothing to do." Now, we all know differently. And some of us will comment that nowadays the teensters ignore all the possibilities of occupying themselves that lie at their fingertips. While this is true, the term "nowadays" does not apply. If you think back, you'll come to realize that young men and girls have always been in the condition of inertia. They procrastinate, they wait until they are more or less pushed or suggested into some hobby or club. Seldom do they put their minds to the real solution and join an organization or take up a hobby—"There's nothing to do" should be our challenge to sit down and ask "just what would you like to do" and proceed to point out how it can be done.

Take for example the 4H Club, locally—what a world of occupation do we find there; the girl scouts need never be closed to any one—even after teen age. A girl scout leader was telling me yesterday that older girls can become dairymen or learn to fly an airplane. The boy scouts is wide open. Do you remember how much you used your library card as a youngster. All these thoughts may seem a bit prosaic at first mention to the teen ager, but once in the whirl of activity therein, they wish they had thought of it earlier. And, after all, life just isn't like the movies, much to their youthful chagrin. We can't always be taking trips to the "moon on gossamer wings."

Think of all the new friends that can be made from belonging to those organizations. It has been pointed out that church activities should be a family affair. It is the duty of parents to take a great part in the activities of the church or synagogue with their children—they are in the formative years. Join a chess club; join a baseball, basketball, football team. The high school offers recreation. During the summer almost every adult organization sponsors a picnic—the teensters would love to go. Get into a military band or orchestra; there are hobbies that are fascinating;

stamp collecting, photography, music, art, writing short stories or books of songs, carpentry, weight lifting, magic and slight of hand, landscaping, ceramics. Parents go to adult education and learn many interesting courses. They can con-

ceive these hobbies to their young. Civilian defense needs young folks. I have Tuesday's Herald before me. If you haven't a copy, get one and read of the great movement in our town called Youth Week. The Hicksville Youth Co-ordinating Council has gone all out to offer parades, races, tennis, ball games, an inaugural ball, model plane contest, tug of war, baton twirling, jazz contest, handball, hobby show fashion show, etc. There are teen dances.

You might have read about the teen dramatic club being formed by myself for young folks. I need teen age boys for some large and small parts in Broadway hits. Do we have in Hicksville the future Gregory Peck, Alan Ladd, Tyrone Power, Jeff Chandler or Claude Rains? We shall see. I need teen agers to do other work in connection with this activity: carpenters, stage hands, lighting men, prop men, etc. I need future starlets to grace the stage of our Hicksville Legitimate theatre. The "Teen Players of Hicksville" will comprise only teen agers—even to president, vice president, secretary, and treasurer. The director, of

course, will be adult and—at the time we need such a man or woman who feels he is qualified for the post. If you are one or know one phone HI 3-5515, and that number can be used by the young folks also who want to join. Bear in mind that the young folks will, as I said previously, put it off, but if you parents good them on and pick up the phone for them—it will make it easier for them to join. Before the youngster comes up to you and says, "there's nothing to do," cut this column out of the paper and be ready for them.

## This is your wife!

Take a good look at the girl you married. Doesn't she look just like the family chef? And the nurse? And the chauffeur and maid? And when she's all dressed up for an evening out — doesn't she look just wonderful?

How does she manage to do it all? Well, for one thing, she let's her telephone help!

It's a real wife saver — the telephone. When the

"chef" needs groceries, she telephones. Supplies from the drug store? The "nurse" phones her order. A train to be met? The phone tells the "chauffeur" which one. A beauty-shop appointment? A call from the "glamour girl" quickly makes it.

As almost any wife will tell you . . . few things that serve so well cost so very little.

# 3 Candidates Address Civics

By DOBOTHY GUELPA

The North Bethpage Civic Assoc. played host to three Democratic candidates from nearby towns at their regular meeting on Wednesday, Sept. 5. Former Congressman Ernest Greenwood of Bay Shore who is a candidate in the 1st Congressional District, took exception to the record of Rep. Stuyvesant Wainwright on Federal aid to education.

He quoted the Congressional Record which by the way, costs \$85 per page to print of May 13, 1954 wherein Rep. Wainwright stated that the Federal Government should not subsidize teachers. The problem belongs in the school districts and in the school districts alone.

Greenwood said Wainwright is either "biased or ignorant" of school problems. Despite the fact that millions of dollars a year are spent on such as through highways the Republicans "don't want to subsidize the little kids to go to school" "It makes you cringe".

The shortage of class room teachers each year is phenomenal and with such a large population on Long Island Mr. Greenwood said there is no teachers college within many miles where these young people can go to study. Neither is there a good vocational school on L. I. and "good craftsmanship takes brains as well as being a doctor or lawyer."

Sharing the program with Greenwood was Eastman Birkett of Great Neck who is running for the office of State Senator from the 3rd Senatorial District. Discussing juvenile delinquency, Birkett mentioned six points which he would like to see in effect to help curb this problem which has increased 40% in the last 5 years.

1. Separation of the classes of delinquents so that the child who makes an unfortunate mistake is not thrown in with those who make a practice of wrong doing.

2. Increased salaries for those people handling juvenile problems.

3. Additional parks and recreational facilities.

4. Education of parents and teachers to spot mental problems in children.

5. Education of children for Marriage and Parenthood so that they don't leap into Marriage and drift into parenthood.

6. Enact laws whereby the comics and T.V. programs better themselves and produce better quality amusements for children.

He also mentioned the fact that he was in favor of increased state aid to schools which can be used to solve the problem of inadequate school facilities. William McCaffrey of Plainville who is a candidate for assemblyman told the membership that he and a group of interested lawyers are planning to bring the PSC to court for ignoring the monstrous L.L.L. Co gas "waste" of 12.9% which cost the consumers \$6,000,000 in the last three years. Quoting the American Gas Assoc. report, Bill said the average gas waste of other companies is about 3%. He is in favor of having the L.L.L. Co. absorb their own loss through

He is also in favor of appointing to the PSC having certain qualifications for the job "not just products of the patronage system."

Action has never been taken on the Nassau County politico's on the open drainage ditch adjacent to the Plainville school on Gerard Ave., although it remains a source of danger and disease to nearby taxpayers, he asserted.

McCaffrey also said that he favors taxing Roosevelt Raceway and using the money for schools which are so desperately needed.

Regular meeting of the Bethpage Democratic Club will be held Wednesday, September 22 at 8:15 p.m. in the American Legion Hall. Election of officers and adoption of By-

Laws-Vic Guogla is temporary president.

First meeting of Bethpage High School P-T.A. will be held Thursday.

# What's Going Down Drain?

By FRED J. NOETH

THERE ARE A NUMBER of curious factors about the proposed creation of a drainage district embracing all sections of the Township of Oyster Bay, OUTSIDE OF INCORPORATED VILLAGES.

Before the people of the township "permit" the establishment of this latest entangling tenacle of "local government", they are entitled to know if this is the only way in which the problems of storm water and surface drainage can be handled.

The people who live in the unincorporated sections of the township are enmeshed in a network of special districts of one kind or another. For the past 10 years or more, the Oyster Bay Town Board serves as the commissioners or administrators of each new district as it is created. A recent count showed that the all-wise Town Fathers act as the commissioners for more than 50 special districts in the township. Thus if they devoting one meeting a year to the problems of each of the special districts, they would hardly have time for the conduct of other township affairs as a whole.

But be that as it may, this new township-wide drainage district (curiously called "no. 1", although it covers every square inch of unincorporated area, so there could hardly be a "no. 2") is something worth digging into.

We see several possibilities and we leave it up to our readers to draw their conclusions:

It is most likely that the myth of "no town tax" which has had such a charming effect upon the homeowners, tax-loaded voter must be preserved for dusting off at bi-annual township elections. The bonded cost of the proposed drainage program could be included in the regular township budget, but that might result in the imposition of a general town tax rate. If a "drainage district" is created it will add, we heard one time, a new tax of 10 cents per \$100 of assessed valuation or \$1.00 per \$1,000. (This amounts to adding \$4 a year to the tax bill on a house valued at \$4,000). It will be cleverly explained as a "drainage tax" but never a "town tax".

An improvement district of this type must be set up excluding incorporated villages. From the little we know about village set-up, it seems apparent the town board can't put an incorporated village into a special taxing district.

But there is another angle. As a town-wide general tax, property owners in incorporated villages would be required to pay just like you and I. That would make the big property owners in those North Shore incorporated village so unhappy, thus we have the creation of a district that excludes incorporated villages. We find it very difficult to believe that a town-wide storm drainage program can be developed which ignores the incorporated villages. We just can't see the flood of storm water turning aside when it reaches the village boundary line at Farmingdale, Sea Cliff or Massapequa.

Most astounding part of the entire proposal, however, is the fact the town board can, in this instance, upon its own motion, decide to spend \$2,000,000 with only the scantiest compliance as to giving notice of a hearing at the most inconvenient hour of 10 o'clock on a Tuesday morning. In contrast, the Hicksville Board of Education under the law recently had to hold a duly advertised referendum vote just to get approval of voters on the disposition of 300 out-moded and ancient student desks and chairs.

The fact that this monstrous drainage district is being created under a newly enacted amendment to the town law (1954 session) should give us extra reason to pause. Some of those special laws they enact in Albany or late, particularly for Nassau and its puppet township governments, are so danged curious the rest of the state just won't have them.

# Rain Washes Out Field Club Opener

MIDDLETOWN, N. Y. — This town's last Blue Devils involved its election to postpone its New York-New Jersey Football Conference clash with the Hicksville Field Club a half hour before kickoff time, here Saturday night, in a pouring rainstorm.

The Middletown management refused to throw on the light switches when it was evident that

the crowd would be seriously reduced.

Offers by the Black and White to remain overnight and play the contest Sunday afternoon were at first accepted then rejected.

Sunday, Nov. 14, is an open date for both teams and the league will now have the problem of rescheduling.

Coach Dom Sabatella had every player on his roster at Middle-

town and was distressed that the club may not be as razor sharp for its assignment next weekend at West New York, New Jersey.

### REVERSE

It was a reverse for the Field Club in respect to expenses. There is no revenue in the loop when a club travels to another town and the hiring of a bus for transportation and other traveling expenses must come from the small B & W treasury.

In this case the home team had to fork over \$50 because it decided not to play the contest after the visiting team had left its home town.

Aside from the monetary considerations, the Field Club had hoped to score a victory over the defending champs to build Long Island interest for its home opening the first Sunday in October.

Over one hundred fans beside the player contingent had made the trip from Hicksville only to hear the disappointing decision. If the expected good game had resulted, this group could have done much to spread the word concerning the caliber of play in the league to the Island folks.

# Property Owners Assembled Tonight

By DOROTHY E. BROWN  
Hicksville 4-0128

Are you interested in what your civic association has been doing during the summer months? The time to find out is tonight (Tuesday) at the first fall meeting of the Millwood Gate Property Owners Assn.

Let's start the year right with a large group attending. Since nominations for new officers is one item of business to come before the group, it would be a good idea to be considering who is capable to fill an office from your area. It is a good idea to have all areas represented on the Board of Directors as they will understand the problems of that area better than anyone else. Will be looking for you tonight, Tuesday, Sept. 21 at the Shady Maples Restaurant at 8:15. BE PROMPT.

With the main shopping area only a mile from our homes and the new stores opening in the Vidoni Development and the other three stores on the corner of Broadway and Marvin Ave., it would seem that we had enough stores in the area without any more. Each of these groups are still looking for tenants to occupy the premises. With over 200 children in our own development and all the others in the Glendon Homes it would seem that a large playground area where the kids could play ball would be more to the point.

The present areas are too small for ball playing and the boys are using the streets which are dangerous. There are several school playgrounds which will not begin to hold all the children as time goes on, but do the children have to go a mile or more to play just so we the parents may enjoy the city life of stores right around the corner? Is this planning for the future as the children grow up?

We know it is National School Week with all the festivities going on in town; but did you know that

it was National Dog Week as well, a time when they stress kindness to dogs? In being kind to dogs one of the things to remember is that keeping animals on a leash or fenced in will keep them out of trouble. Loose dogs may get sick from eating rubbish, may get hit by an auto, or bite some child who may or may not be irritating the dog. Another thing is to be sure that your dog is well fed a balanced diet but not given too much as they may get fat just as humans do. Dogs should be bathed often and a good check up at the veterinary once in a while never hurts. As well as good care, a dog likes to be loved as much as any person. A well kept and cared for dog who is loved will always show his affection and protect his master from harm.

In talking with Mrs. Gladys Kist the other day your reporter learned that the teen-age programs held at the Burns Ave. school were very successful this past year and she hopes to continue them on Monday nights. There is a possibility that they may be extended to include Wednesday evening at the Lee Ave. school. Though these youths are chaperoned, they are free to do as they like after registering at the door. Also there are adults who will accompany these youths on special field trips as roller skating, bowling etc. If this is extended to the Lee Ave. school

we will need more chaperones. If you are interested either in helping out weekly or substituting or assisting on a field trip would you please contact me or Mrs. Kist at HI 3-3077.

Congratulations to Mr. and Mrs. Thomas N. Murphy of 87 Woodbine Drive, N. who celebrated their 19th wedding anniversary Sept. 14 with a family dinner at home. May they have many more happy years together. Also since our last get together, your reporter has celebrated her third wedding anniversary at a dinner party held at Mr. and Mrs. Lloyd Wyman's at 4 Gerald Ave. Sept. 15 in honor of Mr. and Mrs. LARRY C. BROWN, Jr.

Have you heard that Harry Smith of Woodbine Dr. N. Sec. of the civic group, and his wife are the proud parents of a boy. Scott Smith was born Sept. 7 at the North Country Community Hospital, Glen Cove, weighing in at six pounds and 4 ounces. Mrs. Smith's mother from Bellrose is staying with her for a few days.

Friends don't be that party with a red face on Sunday, Sept. 20 when you keep that appointment only to find that you could have slept the hour longer. Daylight saving time goes off and we all set our clocks back one hour some time during the night, on Saturday, Sept. 25. REMEMBER back, not forward.
