## VANDERBILT RACE ANNIVERSARY:

# Old Time Cars Visit Oct. 9

HICKSVILLE—About 100 old-time automobiles will roll slowly thru this community at about 11:30 Saturday morning, Oct. 9, to commemorate the golden anniversary of an event which gripped the public imagination in grandfather's day and spurred the development of Long Island—the famous Vanderbilt Cup Race.

The old-time cars will follow the same route as the first of the Vanderbilt Races which was held in 1904—a triangular course of 80 miles. The local portion of the route was from a starting point on Jericho Turnpike at Westbury, east to Jericho, south on Broadway through Hicksville to Hempstead Tpke. and west on the Tpke. to Hempstead and the Queens-Nassau County Line.

Dave Steinert of Jericho, long-time Hicksville resident, has loaned the Herald a copy of the official program for the Third Vanderbilt Race held in 1906. It includes a report of the first race written by A. R. Pardington, chairman of the 1904 Cup Commission, which said in part:

"The first Vanderbilt Cup Race served other purposes than to afford a spectacular sporting event. A new era for Long Island was ushered in on Saturday morning, Oct. 8, 1904 when at daybreak the first competing car was sent on its way around the Hicksville-Hempstead-Jericho circuit. Before noon on that eventful Saturday all eyes of the whole world were centered on our narrow strip of land. In no portion of the United States have land values and general prosperity been affected as they have in Nassau County, Long Island. No writer refers to Long Island without a direct reference to the Vanderbilt Cup Race, along with the stereotyped arguments of 'good roads—good air—good water'. We have all of these. In addition, we have a farming population who are rapidly joining the ever-growing ranks of the automobilist."

The 100 old-time cars making the circuit on the Golden Anniversary are coming from all sections of the country, at the invitation of the L. I. Old Car Club, Inc. There will be (Continued on Page 2)

## Fire Prevention Week Includes Open House

HICKSVILLE—Plans for the observance of fire prevention week, Oct. 3 to 9, were announced today by Fire Chief Arnold Jeanson following a meeting of department chiefs and company captains. In addition to programs and drills in the local schools, the firemen will hold open house at the headquarters on E. Marie St. on Friday night, Oct. 8 from 8 to 10 PM.

A schedule of school visits with the possible showing of motion pictures on fire prevention and a talk by a member of the fire department in uniform is being worked out in cooperation with school authorities.

All residents are invited to visit the firehouse on Oct. 8 when uniformed firemen will be present to answer questions.

The volunteers under Chief Jeanson are also planning a tour of industrial, building and business places in the community on Saturday morning, Oct. 9.

LEGISLATORS stressed the importance of community agreement on the type of rail road crossing elimination proposed for Hicksville when they met with the Chamber of Commerce directors at the Milleridge Inn, Jericho, for lunch on Friday. From the left are Michael J. Sullivan, chairman of the Chamber's RR elimination committee; State Senator William Hults Jr., Chamber President Albert Schackner and Assemblyman John J. Burns. Hults and Burns were instrumental in getting special legislation enacted earlier this year to raise the priority of the local program. (Photo by Larner-Carney studios.)

## Schedule Community Review on RR Plans

HICKSVILLE—A community-wide meeting in about four weeks is tentatively scheduled when all interested residents will have an opportunity to get acquainted with the type of local rail road grade crossing elimination to be proposed for State consideration. The meeting will be called by the Chamber of Commerce when state and rail road experts have developed some definite proposals.

The discussion meeting is being planned as a preliminary to the drafting of study plans which will be the subject of a hearing before the Public Service Commission on Feb. 14, according to Michael Sullivan, chairman of the RR grade crossing elimination committee for the Chamber of Commerce.

The importance of community agreement on the type of elimination was stressed at a Chamber directors' meeting held last Friday at the Milleridge Inn, Jericho.

President Albert Schackner praised Sullivan for the progress of the program to date.

## Cup Race

(Continued from Page 1)  
trophies for the oldest cars, best costumes, etc.

In the motorcade will be three participants of the first race in 1904—Joe Tracy and George Arents who were drivers in that race, and Al Poole who was Tracy's mechanic.

The 1904 race was won by George Heath of France driving a 90 hp Panhard. The 30-mile course had to be circled by the drivers 10 times for a total of 302.4 miles. Heath's average speed in his fastest round 67.2 miles per hour. Eight of the 18 cars that started finished the race or were still running when the race was declared finished.

The old program by Steinert shows that Tracy driving a Royal-Tourist and Arents behind the wheel of a Mercedes were out of the race when it was officially called off. Countries represented in the race included America, France, Germany, and Italy.

Tracy retired with a cracked cylinder on his racer and Arent's car overturned. Tracy went on to take third place in the second race in 1905 behind the wheel of a Locomobile and took first place in the elimination trial for the 1906 race.

The steadily increasing competition and accident toll eventually ended the Vanderbilt Cup races. A copy of the Brooklyn Daily Times, loaned by Steinert, reported after the 1910 race: "Marked by the

greatest number of fatalities and serious accidents that ever attended any automobile meet held in this country, the Vanderbilt Cup race of 1910 will go down in the history of motoring as a gruesome carnival of death and disaster and will result, it was prophesied by many who witnessed it, in radical changes being made in the rules and regulations of future races. Four dead and the prospects of more than two score persons in the hospital dying, is the dreadful sacrifice on the altar of speed mania—the toll extracted by the Grim Reaper as the price of trying to win the greatest automobile event in America."

As it turned out, 1910 was the last year of the Vanderbilt Cup Races on Nassau's public streets. No race had been held in 1907 because crowds were impossible to handle."

The report of the 1910 race recalls that drivers "took their lives into their hands a dozen times on the Massapequa and Hicksville turns, while the crowds of spectators with bated breath watched them fly by."

H. R. Craft of Oyster Bay is president of the Long Island Old Car Club. Among the vehicles in the parade on Oct. 9 will be the only known 1910 Chaiwick being driven here from Potsttown, Pa.

Opposition to the district was voiced by Jericho residents at the hearing.

## Legion to Visit Kings Park

The membership of the Plainview Legion Post, Archie McCord of Bethpage, Charles Wagner Post of Hicksville and Ernie Pyle Post of New Hyde Park will make their annual visit to Kings Park State Hospital on Sunday, Nov. 21.

Patients in Kings Park State Hospital include veterans of World War I, WW II and the wives and children of these veterans who have since become ill. These include new and used clothing, shaving utensils for the men, new and used clothing for the women, new and used clothing, toys and games for the children. To bring a little cheer into there

lives the Legionnaires form entertainment groups, while the ladies of the Legion Auxiliary serve ice cream and cake, but not least the patients are given cigarettes. And for the interim between visits the Legionnaire bring them old radio sets, phonographs, T.V. set so that they can keep their idle hands busy by repairing them and using them for their recreation. They are also brought tools for carpentry, and wool weaving.

The four Legion Posts urge the citizens of the their communities not to forget these veterans by giving to the Posts such articles which are no longer of use to you. Contact the post nearest or any Legion and he will see that it gets to the right place. In Plainview there is a Depot at 6 Blanche St where these articles can be deposited. **Sunday Schools Are Important**

By CONSTANCE GIBSON  
Hicksville 5-1483

Once again we would like to remind parents that the Sunday school program has begun in most Hicksville Churches. Since we cannot depend on the public for our children's religious instruction, it is of paramount importance that they attend instructions in their parish Church.

St. Ignatius Loyola began its Conferternity of Christian Doctrine on Sunday, Sept. 28 when the First and Second grades met for the first time this year. On Monday evening, Oct. 4 the Pius X Society of Conferternity parents will meet. The importance of taking part in this program and in similar ones is without a doubt necessary. Not only should a child be enrolled and taken to religious but the pa-

rents should take this opportunity to brush up on their own religion while helping the child. Since most instructions run for only an hour a week, it is quite evident that there must be cooperation from the child's home. So do your part to make the world a religious one.

A happy birthday goes to Joseph Graham of 19 Lobbies Rd. whose day was Wednesday, Sept. 15. Birthday greetings go also to Richard Alan Kramer, son of Mr. and Mrs. E. Kramer of 9 Gables Rd. whose day was Thursday, Sept. 16.

David Baldwin, son of Mr. and Mrs. Arthur E. Baldwin of 13 Gables Rd. celebrated his 18th birthday on Friday, Sept 17 with a family party.

Still another birthday in line for congratulations was that of Mrs. William DiBella on Friday, Sept. 24.

"Bunny" Wofsey, daughter of Mr. and Mrs. Leonard Wofsey of 1st St. celebrated her Monday, Sept. 27th birthday on Saturday, Sept. 25 with a party for her school friends from the Lee Avenue School and her brother, Stephen and little sister, Diane. "Bunny" became all of seven years old.

Mr. and Mrs. Edward F. Harrigan of 295 Plainview Rd. have announced the Nov. 5 wedding date of their daughter, Mildred, to Robert Stiehler, son of Mr. and Mrs. Conrad Stiehler of 65 Meadow Lane. The couple will be married in St. Stephen's Lutheran Church on Broadway.

Sunday, Sept. 19 Mrs. A. D'Amuraz of 15 South Elm St., her husband and family were invited to dinner in the Brooklyn home of friends, Mr. and Mrs. George Lovace and son George, Ronald and Richard. After dinner the Lovaces surprised their guests by welcoming in some of both couple's mutual friends from 14 or 15 years ago, people the D'Amuraz hadn't seen in that space of time. Present were Mr. and Mrs. John Salvi of Montebello in the Bronx and their family, Mr. and Mrs. Charles LaGuiza and family and Mrs. A. Portaro and daughter, Corinne.

We were very sorry to hear that Mrs. John Olson of 308 Plainview Rd. has retired from her job in the office of the East St. School. She will be deeply missed by the school officials, children and parents alike. Mrs. Olson had been with the school for three and a half years.

# Newspaper Week Again

By FRED J. NOETH

THE FIRST WEEK in October is National Newspaper Week and if newspapers don't take the opportunity to discuss the subject, we don't know who else will.

Perhaps we might start by stating in brief our concept of a newspaper and its purpose. It is our belief that the purpose of a newspaper is to inform—to publish such information and facts, opinions and reports of events which its readers desire to read within the bounds of decency and good taste.

As far as possible, opinions as such are marked and titled in the Herald so that the reader can judge them as such. In respecting the right of other persons to hold conflicting opinions and beliefs, we have on occasion published statements of individuals and organizations which have not always been in harmony with our own views. However, frequently we find that some readers contend that the mere publication of a certain article or statement in a particular newspaper does mean those are the reflected opinions of the editor. Such is not the case.

Newspapers serve an important function in our present day society and are not likely to be replaced by an one medium in the foreseeable future. It is admitted, however, that newspaper methods and practices are subject to changes to fit changing times.

We believe also that there is a definite place for the community newspaper—such as the Herald. Because of our somewhat localized area of interest, we are willing and able to report, some times in great detail, such events which are primarily of local concern. Other publications report the events in the greater areas of the state, nation and world.

In our opinion, a basic element in the production of a newspaper which hopes to gain the readership and respect of its community or area of circulation is honesty. We have not been 100 per cent accurate at all times and we will probably make mistakes in the future. To err is human, as some one once wrote.

We refer to honest and sincere efforts to report the news, honest statements of circulation and honest dealings with advertisers and readers alike.

We regretfully observe that there are dishonest people in the newspaper business just as there are such people in almost every other business and profession. But dishonesty, like other crimes, "will out" in the passage of time. Sharp practices have a way of befuddling the unwary for a time, but sooner or later the truth shines thru.

American newspapers are a weapon in the cause of freedom. In the interest of preserving our great heritage of freedom of speech, the HERALD repeats its traditional standing invitation—our columns are open to all opinions and comments from those who wish to submit them to our readers.

The local American Legion Posts are made up of all kinds of men; all colors, all creeds, and all temperaments. These men can however claim distinction over and above that earned during their war-time service. This distinction comes from the social service they are rendering their fellow men, in every community of our land. Their peace-time service may be of minor importance, their war-time service, one of these services is our Americanism program. This program is a wide, and we pray, a wise one.

We encourage the flying of our country's flag. We do this by presenting our National Colors to our public schools. We do this by making available to our merchants an inexpensive and effortless way of flying The Flag on national holidays. The same service and facilities are also available to private homes.

We encourage our youth to become interested in understanding and appreciating our great American heritage. We do this by sponsoring in the Hicksville High School, the Legion National Oratorical Contest. We do this by sending a young high school student to Boys' State. We do this by sponsoring a Boy

Scout Explorers' Post. We do this by exhibiting teenage dances in the parking lot next to our club house. We do this by encouraging our members to work in Cub Scouts Packs, in Boy Scout Troops, Police Boys Club, American Legion Baseball, Little League, and all other youth activity in our community.

We attempt to encourage citizen participation in local affairs: school, church and civic activity. We do this by regular non-partisan Americanism reports at every Legion meeting. We do this by having speakers available, without charge, for local civic groups. (For a speaker on Americanism, call JACK EHMANN, HI 3-2408).

We stand bravely for America. We also stand for freedom throughout the world. We believe that in America there is hope for all the world. We believe our achievements in limiting government and banishing tyranny, is the self-evident truth that we hope to eventually export to all the people of our globe. We believe that our great land has more to offer the world than money and arms and soldiers—for even Russia can offer them! We have freedom to offer—who can offer more?

## HERALD READER OPINION

# Further Comment About Teens

By MRS. S. J. CHANER

To the Editor:  
In reply to Mr. Walter's letter of Sept. 28, I would like to say that I am most certainly proud to belong in the community of Hicksville. I love my town dearly and this is the very reason I am so concerned over its problems.

I did not compare the Brooklyn youths with our own Hicksville teens. I merely tried to take a warning from Brooklyn's experience. I think it is a mistake if we sit back and placidly read about other towns' bad experiences and not profit by them. The attitude of "it can't happen here" has been proven a foolish one many times.

It makes me very happy to read that troubles with out teens have decreased since the formation of the Hicksville Youth Coordinating Council, but I still feel that providing a recreation hall two nights out of the week doesn't cover the problem. I heartily commend the HYCC for the fine job it is doing. I, myself, have made use of the Teen Employment Service by hiring a boy through it. The idea of Youth Week was a wonderful one and I hope it was a success and that it will become firmly established as a part of our way of life here in Hicksville.

I assure you Mr. Walter, I HAVE NO "hidden sadistic urges" and at no time in my letter of Sept. 2 did I "insult" or "torment" to be used on young criminals. Never in my life have I advocated "an eye for an eye" and a tooth for a tooth"; this principle is completely contrary to my religious beliefs.

A whipping as part of the punishment for the heinous crimes committed by the Koslow gang could hardly be construed as torture. I do not deny that the threat of death in the electric chair hangs heavily over those boys and that it is a frightening thing to contemplate. However, I also realize that there is a battery of 3-3 all-star criminal lawyers defending the Koslow gang and it would not be an unusual thing if the boys wound up with a 15 or 20 year prison sentence with perhaps many years off for good behavior. Perhaps they COULD be rehabilitated into useful, happy individuals, but would the example of their experience with justice and punishment be severe enough to frighten any other similarly born teenagers?

I doubt it; but maybe the thought of a sound whipping would make them think twice. All hullies quake at the thought of physical violence applied to their own persons.

I agree that we, as parents, should certainly "look up to and obey proper authority," but "proper authority" welcomes the opinion of the public and often benefits by it. For quite some time I have been

very interested in the teen situation in Hicksville and I have often spoke about it at length with Mrs. Kist, expressing my desire to help and regretting my inability to do so. You see, sir, I am quite active in elementary school P.T.A. work, serving at present time as an officer of one of the units here in Hicksville. Due to my husband's business it has been necessary for me to hire a baby-sitter whenever I have gone out on P.T.A. work during the past year -- which has been quite often.

This I have done cheerfully, as I wanted so very much to be of service. However, there are limitations to this kind of thing, as I'm sure you will agree. Therefore, since I could not help by my presence in the Co-ordinating Council, I thought at least I could raise my voice and perhaps other would join in and some good might be accomplished.

May I say that I have received

many private expressions of agreement with my comments from the Herald's readers. Certainly I do not expect complete agreement with my views—progress is made only by pitting pro against con and making use of the knowledge thus produced.

However, I sincerely doubt that the noise I made by "rattling my chains" so loudly (as you describe my letter, Mr. Walter) has caused any "UNDUE emotional disturbance" . . . in fact, if any disturbance WAS caused by my letter, it is OVERDUE by a good many months, or perhaps even years.

Thank you for your kind invitation to attend an HYCC meeting, Mr. Walter. I will try my best to make use of it.

## Planning New Landscaping?

Fall is a favorite season for planning new landscaping. If this is to be one of your projects this autumn, be sure to keep a wary eye out for safety hazards, especially by your driveway.

Don't make the mistake of planting evergreens or hedges near the driveway entrance. They can block your view of the street as you look out your car. Driveway signs also hide youngsters running or pedaling bikes from the view of motorists.

Here's a test you can make to determine the visibility in your driveway. Stoop your car in the drive about 10 feet from the road. Then take a look up and down the road. You should have a clear, unobstructed view for several hundred feet in both directions. If the view is obscured by plantings, better move them in closer to the house and away from the driveway.

Try Before You Buy  
Are you thinking of treating

yourself to a new coat this season? As you shop around, remember to try on coats both over a dress and over a suit jacket. That way, you'll know if the shoulders have too much padding or are cut too narrow to fit smoothly over a jacket.

## Board Seeks New Clerk

HICKSVILLE — The School Board is receiving applications for the position of district clerk until Oct. 8, it was learned today. In the meantime, Richard G. Schoel, members of the board, is serving as clerk without compensation. The vacancy was caused by the death last week of Andrew B. Heberer who held the office for 33 years. The formal announcement follows:

"The Board of Education of Hicksville School District 17 is interested in securing the services of a person to fill the position of district clerk and to perform other additional duties which include among other things, public relations, clerical and staff duties. The position may be either full-time or part-time depending upon the availability and the aptitude of the candidates.

"All persons who may be interested in this position will please contact Dr. Wallace E. Lamb at East St. School on or before Oct. 8, 1954."

### INTERVIEW SIX

The appointment of Schoel was made Tuesday night at a special meeting of the Board. On the same evening, six candidates for the vacancy were interviewed.

Joseph Cawley made the motion which included this preamble: "The recent death of the district clerk poses many serious problems for the school district. To name a few (1) over 200 checks, many of which are Sept. payroll totalling over \$120,000 for school personnel are invalid because of lack of district clerk's signature.

"(2) Various papers connected with the Old Country Rd Elementary School addition are being held for lack of a district clerk's signature.

"(3) Checks paying approximately \$74,000 worth of bills authorized at the meeting of Sept. 24 are

Mrs. Edna Kuhne Sutton, president, noted that Schoel's primary activity, would of course continue as a member of the board and that she felt Schoel deserved compliments for his willingness to take on the added assignment of serving as clerk of the district.

Cawley's motion was seconded by Schoel. The vote was 3 to 2 with Emil Szendy and Arthur Ehrlich voting "no" and commenting that they felt that Schoel's appointment was not the only possible solution of the problem.

The Old Country Road Parent-Teacher Assoc. of Hicksville held a most successful Food Sale on Wednesday, Sept. 22.

From 9 A.M. on that bright and shiny morning, mothers and their friends together with little junior began a steady stream into the Old Country Road School Kitchen with the most delicious most tempting, most delightful looking cakes, pies, cupcakes, cookies, salads, baked beans, meat sauces, relishes, candy, jams and jellies imaginable.

The choices were so varied it made the deciding very tough. By the end of the sale everything was sold and the P-T.A. had made over \$200. The P-T.A. most gratefully thanks Mrs. Richard Potter along with Mrs. William Proctor, Mrs. Sam Christiano, Mrs. Wesley Martens, Mrs. Norman Lemmerman, Mrs. Henry Witzberger and Mrs. William Ward who comprise the Way and Means Committee and their many friends who helped make the Food Sale a success.

Motorists have learned that  
failure to stop when a school bus  
stops to unload its precious cargo  
merits "the book" from traffic  
judges. But what about another  
school bus which speeds by a  
stopped school bus? A bus can  
kill a child just as easily—if not  
more so—than a car!

# Prize Youth Week Essay Cites Need For Community Centre

**HICKSVILLE** — The establishment of a community center for teens of Hicksville was proposed by Arlene Nolan in her prize winning essay. An essay contest was one of the highlights of teen week, judged by school administrators and Mrs. Harold Phillips, president of the P.T.A. council, which sponsored the competition.

Miss Nolan's essay follows: "Substantial pride in one's community should have its roots in the heart of every teenager. If this is so, each one should desire to do his utmost in making his town more distinguished and better known to other communities. One of the best ways in which this can be accomplished is by full cooperation and participation in all community activities.

"Teenagers make up the backbone of a community. They are the future citizens and leaders of tomorrow. They will take over the running of the town in the near future. This will only be successfully accomplished if they are given proper training and if the spirit of sincere interest is instilled in them now. There is no better way to do this than by more teen-ager activities.

"Hicksville has grown so in the last 10 years that there are many more teenagers than ever before.

Yet, one knows comparatively few of them. The only chance to meet new people is at school or church and there is hardly enough time to greet old friends without taking time to make new acquaintances. If there was a place to go to after school, where all teenagers could congregate and make new friends, it would greatly benefit them and the community. A place which everyone would enjoy going to for information, amusement, and humor is needed. This would be the greatest demonstration of interest on the part of the community for the youth of today.

"A community center as this is more commonly known is advantageous in many aspects. It would enable parents and town officials to see where their sons and daughters are, and give them an opportunity to decide whether their children are getting the most of what the town has to offer. Also, the timid or nonchalant teenager gets a greater chance for participation in activities because of the interest and encouragement of his community has taken in his affairs. Then, too, the fine efforts of the leaders will be recognized and developed.

"A community center would be the ideal solution to all the activities problems teenagers have.

Even a teenage newspaper could be printed and run on a profit basis. The proceeds from many other activities could also be put to use for running the center after a few years this would make the center self-supporting. There are many other ways in which useful knowledge could be imparted to teenagers in the form of fun and excitement. An achievement program could be inaugurated where success and acknowledgment would be due no matter how small the contribution.

"Teenagers can and usually do meet any challenge placed before them. There are innumerable things that can be done to draw teenagers together. A spirit of unity is achieved just by working together with others for the good of all, especially other teenagers. This major factor together with the strong desire for a harmonious community, should make the idea of a Community Centre for Hicksville an extremely appealing one."

## Civics Greet New Members

By DOROTHY GUELPA

The North Bethpage Civic Assoc held a gala party on Sept. 25 for the purpose of getting acquainted with the many new members of the organization.

Ed Schreiber, membership chairman, announced that first prize for bringing in the most new people was awarded to Jim Hynes and second to Mary Waller. The door prize for the evening, a lovely dress donated by Fran Doyle of Fran's Frecks, was won by Mrs. Vaughan.

A word of commendation is due the NBCA and its members for the letter recently sent to them by the Water Commissioner. In this letter they praised the far sightedness of the board in erecting a new water tower in North Bethpage, eliminating rationing of water in the community during the summer. It is refreshing to find an organization which appreciates the good things in town and is not formed only to gripe and find fault.

Their next meeting is Oct. 20 when they will hear local Republican Candidates.

**ELECTED PRESIDENT**  
Victor Guelpa was elected president of the Bethpage Democratic Club at their regular monthly meeting Sept. 22 in the Legion Hall. Other elected are Henry VonVange, vice president; Allan Stevens, rec. secy; Dorothy Guelpa, corres. secy; Albert Curcio, treasurer; Sid Lupu, sgt-at-arms; and executive committee members Harold Onthelmer, Walter Grant and Edward Stern.

By-laws were adopted and a dozen new members were welcomed. Peter Curcio, zone leader, told the members of campaign progress to date.

Unofficial guests of the evening were Bill McCaffrey, candidate for assembly; and Joseph Amaro, president of the Township Young Democrats. They were accompanied by their wives and shared barbecues of all sizes and shapes.

fresh from the state convention which they had attended in New York.

Installation of officers, introduction of local candidates, and a gala party is planning for the next meeting, Oct. 27.

**REGISTER SATURDAY**  
Don't forget to register to vote on Saturday, Oct. 2, from 7 A.M. to 10 P.M. and on Oct. 9 from 1 to 10 P.M.

Vic Guelpa wishes to announce that some election districts have been split to more evenly distribute the voters and the work of the election boards.

Dist 91 has been created from part of Dist 2. It encloses roughly the area between Hempstead Tpke on the south, Stewart Ave on the east, town line on the west and Jean Ave., Soma Ave and Bradford Lane on the north. Polls for the new district are in the Five Corner's restaurant, corner of Stewart Ave and Hempstead Tpke.

Dist 92 is about half of Dist 49. The section from Farmers Ave north is now the 82nd with polls in Pine Ave School.

Removed from the 49th and added to Dist 2 are Park View Circle homes, now voting in Powell Ave School.

Added to the 49th are Burkhardt Ave, Enness Ave, Iram Pl, Broadway and Stewart Ave to Burkhardt St, now voting at Bway School cafeteria.

Information about new voting districts is available from local committeemen or from Pete Curcio, zone leader, HI 3-1481.

## Card of Thanks

**HICKSVILLE** — The family of the late Andrew B. Heberer wish to extend their sincere thanks to their kind friends and neighbors, Rev. Cranston Clayton and the many organizations who were so gracious during their recent bereavement.

**DONALD PHELAN**, left, of 14 Abbot Lane, Hicksville, is shown as he received award for the most outstanding photograph in the "Historical Class" division of the Union Square Savings Bank's contest for the best news photographs of all times. The award, one of seven different citations for seven different classes, was made by the bank president, Mr. R. H. Brownell, right at a formal ceremony on the bank floor on Sept. 15th.

Phelan is employed by the United Press New York Bureau and his photograph was made during the big blizzard in New York in 1947. It shows a long group of busses and cars stranded along St. Nicholas Avenue and 116th Street. The seven winning news photographs were selected by popular vote during a two month exhibit on the bank floor. They were judged the best among 150 newspaper photos which covered a span of the past 100 years and represent a cross section of the most prominent news photos of all times. Most have been on exhibit at the Museum of Modern Art for some time. This is the first time though that such a contest has ever been run in the country.

## First Concert This Friday

Hicksville Community Concert Assoc. members will be interested to know that they can use their membership receipt stubs as admission to the Eleanor Steuber Concert in Malverne this Friday evening Oct. 1, and the Freeport concert Monday, Oct. 4, presenting "Musical Americana", an ensemble of musicians and dancers presenting a panorama of American song and dance from Colonial days to the First World War. Both concerts are to be held in the high school auditoriums of each town.

## Kids Take Part In Aid Survey

**BETHPAGE** — Approximately 100,000 Long Island public school children will take part in exercise "Federal Aid" beginning Oct. 1. Frederick Tilney, President of the Governmental Statistical Corp. announced today. The youngsters will receive from their school boards a questionnaire which they will carry home to their parents for completion and then return it to the school administrators according to Tilney.

The form to be completed by the parents contains questions regarding the history of their employment, length of residence in community and other information vital to the successful processing of school district applications for federal aid.

Tilney, whose firm acts as statistical consultant to more than 150 school districts through out New York State, pointed out that in the 1953-54 school year the Company processed some 80,000 questionnaires through its office here with the result that approximately two and one-half million dollars in federal aid was granted to many Nassau-Suffolk school districts.

**"THE FAIR"**  
The combined Mineola Fair and Long Island Exposition will open on October 9th at Roosevelt Raceway to run up to and including the 17th. Nassau County government will have a display by the various departments, as in previous years, under the direction of Laurence E. Andrews, assistant to Public Works Commissioner John C. Guilbert.

## OSSINING VISITS FIELD CLUB SUNDAY

Ossining, N.Y., current favorite to dethrone Middletown as the champion of the York-Jersey Football league, provides the opposition as the Hicksville Field Club opens its 1954 home stand this Sunday, at 2 p.m.

Every second of the 60 minute contest will have to be furiously fought by the Black and White since Ossining already owns a 6-0 verdict over West New York.

West New York proved to the Long Island-skeptics that the twin-state gridiron loop is no soft touch by turning back the Hicksville crew 13-0 in last week's Jersey opener.

Running down the Black and White personnel, semi-pro fans acknowledged the fine caliber of players on the roster and the reverse perhaps added more interest in the league than in took from Hicksville.

Against West New York it was the attack that fell below expectations, although three penetrations inside the ten yard line provided many uncomfortable moments for WNY fans.

Coach Don Sabatella was a task master this week attempting to iron out the final wrinkles in the offense. His policy of using 1953 Cornets Joe Pepe and Howard Speedling on the defense had sound results. Speedling alone pulled down three pass interceptions.

Those two are capable of sparking runs from any spot on the field and it is almost assured that Hicksville fans will be appeased and will get a chance to see them on the offense.

This will be the first of six home contests for Hicksville and it will be a nervous day for the management. The venture into the league has already been costly.

Local fans have been discussing this club since the Herald first broke the news of its operation a full month before it was picked up elsewhere. Given any good break in the elements upwards of 1,000 fans will click past the gates. Hicksville will be deadly serious and bid for even bigger crowds with a 19-13 victory, it is our thinking.

We wish to thank ours and the Field Club's good friend, Jack Gifford, for his personal check to start a Booster fund for the team and also his good personal support.

It is harder than ever to support a club even in these booming days to get an eleven out on the field and the team's number one fan from Bethpage should know how much his effort is appreciated.

Mr. Gifford's suggestion that the Herald receive booster pledges or funds is very fine and we stand ready to turn them over to the Black and White.

When Hicksville High faces Oyster Bay on the home soil, Saturday, another roundhouse affair is likely. The Cornets will be bigger and will try to wear down the clever, faster Baymen.

They will. Hicksville 14, Oyster Bay 7.

The early 1954 Football results have not given any resemblance to form so knowing it's fashionable to be wrong, our calls for this Saturday are: Baldwin 7, Great Neck 0; Freeport 21, Chaminade 12; Lynbrook 33, East Rockaway 6; Farmingdale 24, Westbury 19; Garden City 14, South Side 7; Glen Cove 7, Valley Stream 0; Lawrence 19, Hempstead 14; Oceanside 12, Levittown 7; Long Beach 46, Woodmere 7; West Hempstead 9, Malverne 7; Port Washington 14, Manhasset 7; Mepham 19, Mineola 14; Sewanhaka 14, Brooklyn Tech 7.

## Mayer To Open Bowling Center

WESTBURY—Mayor Knipping announces plans for a Novel Charity affair to be held at the Westbury Bowling Center, 94 Urban Ave., off Old Country Road, here. Two free games of bowling will be given to everyone attending the re-opening of the Bowling Center on Oct. 15.

Mrs. Phillip Iglehart and Mrs. Patrick of the American Red Cross and Mrs. Jean Crane of the National Foundation for Infantile Paralysis are co-chairladies of the charity affair. Mayor Knipping, aware of the needs of funds for these two organizations, has arranged with Jesse Weingart, new owner and manager of the Westbury Bowling Center, to give use of his establishment for the affair. Weingart has installed the A.M.F. Automatic Pinsetters and modernized the premises.

Arrangements have been made by the two organizations to set up a collection booth, so any donations may be made during this affair. Local CYO Leagues use the facilities of this Bowling Center for their games.

## Cub Pack Has Some Vacancies

HICKSVILLE—Pack 321 of the Cub Scouts met on Friday Night, Sep. 24 at the Levittown Hall here. The following awards were presented:

Webelos—Louis Fenigstein, 38 Thimble Lane; Ira Fenigstein, 38 Thimble Lane; and Dwight Nelson, 18 Bridle Lane.

Wolf—Hayden Tuke, 158 Rim Lane.

Silver Arrow—Robin Parker, 6 Bunker Lane; Silver Arrow and Gold Arrow—Peter Hoffman, 7 Bunker Lane.

Cubmaster Ed Rosenwasser announced that Pack 321 has a limited number of vacancies open for boys who are eight and nine years old and reside in the general area north of Spindle Road and east of Levittown Parkway. Parents residing in this area who are interested in having their sons become Cub Scouts should contact either Ed Rosenwasser, LE 9-7809 or Jack Green, HI 3-5103.

So long as there are people who strive to get something for nothing there will be many others who can live without working.

# Bethpage High Meets First Varsity Grid Foe Saturday

BETHPAGE—The high school's first varsity football team under the guidance of Coach Howie Vogta will launch its football season this Saturday, Oct. 2 at 2 o'clock, playing host to Wantagh High School, another newcomer in County varsity athletics. The game is scheduled for Broadway School Field.

Director Vince Catelino announces that the addition of a junior year here completes the varsity level in all sports.

Starting on offense for Beth-

page will be ends Ray McGurnigle and Tom Thompson, tackles Stuart Opdahl and Riehl Rezold, guards Adama O'Kula, captain of the team, and Jim O'Shea, center Jack Winslow. In the backfield calling signals at quarter back will be Joe Cramer, at right half Vinnie Coyle, at left half Donnie Schiavetta and full back Tony Sabino.

On defense, we have McGurnigle and Ralph Ruggiero will be at ends, Opdahl and Gerry Post at tackle, line backerups are Schiavetta, Joe Cramer, Adam O'Kula, Artie Waters at Safety and Robert Convooy and Robert Olsen, half backs.

Tickets will go on sale at the gate and a big crowd is expected for the opener.

## 32nd Dog Show This Sunday

OLD WESTBURY—Final arrangements have been completed for the Westbury Kennel Assoc. 32nd Annual Dog Show which will be held on Sunday, Oct. 3, on the T. S. Phipps Polo Field, Post Ave. and Jericho Turnpike, here. The show again this year will be to aid the Nassau Hospital Building Fund, and will be open from 9 A.M. and continue to 6 P.M. when the best dog in the show will be judged by William Ross Proctor, of Pittston, Pa.

Andrew H. Hodges, of Old Westbury, Club Secretary, announces that 1,131 dogs from all over the country will participate in the judging event. Eighty-four different breeds of pure bred dogs will be represented and judged by 22 different experts at the colorful show, one of the largest on Long Island. Two specialty shows will participate in the event. These are the Bulldog Club of Long Island with 31 bulldogs entered, and the Nassau Dog Training Club with an entry of 145 dogs which will participate in the obedience trials throughout the day.

The Bench Show Committee is headed by Leonard Brumby, Jr. of Hicksville.

## Dance Saturday At School Gym

HICKSVILLE—The first Senior High dance of the season will be at Sack's Hall, this Saturday Oct. 2, at 8 P.M. in the High School Gymnasium. This is the first year the Senior Class will run the dance themselves. A Senior home room will be chosen each month to select the dance theme and to sell tickets. Room 158 was picked this month and Mabel McVay, president, will be in charge. Chairmen of the dances will be Mrs. John Fallon, and E. Irving Jessor, co-chairmen. Chaperones for the evening are Mr. and Mrs. Roger Kline and Mr. and Mrs. Edward Kist.

The color scheme in some men's lives seems to be based on the belief that red liquor chases away the blues.

# Trade Secrets Best in Region

HICKSVILLE—For the second time within four years, Walter C. Stackler and Leonard L. Frank, prominent Long Island builders, have received an award of merit from Parents' Magazine for producing "the best home for families with children" in its price class in the 12-state northeastern region of the United States, it was announced today by George J. Hecht, publisher of the magazine. Sharing in the award was Alwin Cassens, Jr., Valley Stream, architect who designed the house.

This is the only time that an architect-builder team has won more than one award in this area since the annual competition among the nation's builders was begun by Parents' Magazine five years ago. Stackler & Frank and Mr. Cassens received a merit award for a higher-priced home in Roslyn Harbor, in Dec., 1950.

The house adjudged best in its price-class this year is at 48 Willett Ave., here, in the Stackler & Frank 300 - home development known as Mid-Island Park. It was purchased from the builders by Mr. and Mrs. Milton D. Pryor on Dec. 3, 1954, for less than \$16,000. It was financed by The Dime Savings Bank of Brooklyn.

Pryor conducts a carpet and resilient floor-covering business in Manhattan, and until the birth of their 14-month-old son, Robert, Mrs. Pryor was a fashion illustrator for several leading New York City ready-to-wear stores.

The Pryor home is the Long Island version of the nationally-acclaimed "Trade Secrets House," developed in 1952-53 through exchange of ideas among the nation's builders, and modified by Stackler & Frank to meet Long Island conditions. An exhibit house, almost identical in design, is now on display in Mid-Island Park just east of N. Broadway in the north-central section. The development is just south of Northern State Parkway and adjoins the 107-acre site of a \$25,000,000 regional shopping center to be built by Stackler & Frank.

The six-room house with two complete baths, full basement and attached garage is of ranch-style architecture with low-pitched roof. It occupies a 7,000-square-foot plot and contains 1,250 square feet of living space, exclusive of basement.

The house is built with rafters instead of conventional joists, and thus eliminates any need for expensive bearing partitions. Instead, floor-to-ceiling storage walls are used as room-dividers.

An especially novel feature is a swinging bookshelf wall. This is divided into two 49" floor-to-ceiling sections. One section can be swung back against the living room wall, while the other section swings against the wall of an adjoining room. At the moment, Mr. and Mrs. Pryor are using this as

"BEST HOME for families with children" costing less than \$16,000 is the title which has been won by the residence of Mr. and Mrs. Milton D. Pryor of 48 Willett Ave., Hicksville. The designation was made by Parents' Magazine.

a television room, but with the advent of guests or more children it can be turned into a third bedroom.

With this arrangement, more than 100 square feet can be added to the living-dining room merely by the push of a hand. When the bookshelf wall is swung out of its position as a partition, the living room, dining room and TV room become one huge L-shaped room containing 569 square feet.

More than 180 cubic feet of space is provided in the storage walls between living room, dining room and kitchen, while another 206 cubic feet is found in the sliding-door closets which separate the bedrooms. The storage wall between living room and kitchen includes a guest coat closet, drop-leaf writing desk, bookshelves and closed cabinets with shelves. Backing up to this on the kitchen side are cabinets for utensils and dishes. A buffet and serving bar with cabinets above and below the "pass-through" separates the kitchen and dining room.

Other features include 20 feet of window-wall across the rear of the living-dining room which adds to the sense of spaciousness in the house. A door from the dining room leads to the basement stairs and to the rear terrace. The Pryors are presently installing a recreation room in the 1,250-square-foot basement, in which the warm air heating plant is located.

Stackler & Frank have been in the building business on Long Island for 30 years and in that time have erected more than 4,000 homes. Stackler is president of the

Long Island Home Builders Institute; while Frank is a past president of that organization and is now a member of the 13-man executive committee of the National Assoc. of Home Builders.

## Salvation Army Units Gain

Local Volunteer Service Units have proven invaluable to the over all program of the Salvation Army. Ellis Heglund, Service Unit Director, announced today. Reviewing the progress made since they were first instituted in the Nassau-Suffolk area five years ago, he revealed that the number of volunteer committees has grown from a scattered few to more than 90. Each Volunteer Service Unit has its own treasury which is derived from twenty percent of the Annual Appeal contributions from the Area it serves.

Mrs. Peter Curcio is Chairman of the Bethpage Service Unit and Councilman Frank Chlumsky is Chairman of the Hicksville-Jericho Service Unit. In describing the nature of the committee work they say, "It varies according to the needs of the communities. Primarily, our function is to fill the gap in

services not provided by other organizations, as we see the need. We try to establish good liaison with churches, schools, fire departments, associations, and clubs, in order that they may refer to us problems they are not equipped to handle.

"One of the things we do is to send certain children to camp, for their own benefit and to give over-worked mothers a much needed rest. There are no cut and dried rules. Simple problems we take care of ourselves. Difficult cases are referred to headquarters in Mineola." Last year Service Unit committees were instrumental in bringing emergency help to more than a thousand families, and sent 124 boys and girls for a three week stay at the Salvation Army Star Lake Camp in New Jersey.
