Laud Firemen For Child Hunt

HICKSVILLE—Special commendation to members of the fire-dept. who gave their time voluntarily, Sunday, to help the parents of two-year-old Kathryn Kennehan locate the missing child was voiced today by the Woodbury Gardens Civic Assoc. in a letter to the fire dept. "The members of our association are fully aware of the steady, dependable work performed by your department," wrote Thomas L. Hogan, secretary. "The services rendered by your dept., while often unacknowledged, are not unnoticed nor unappreciated." (See "Along Woodbury Road" by Gene Maljean in this issue for other comments on this incident which was covered in Tuesday's Herald.—Editor.)

More Parking Restrictions

OYSTER BAY—Proposed changes in the Hicksville Parking Ordinance, the subject of a public hearing before the Town Board here next Tuesday morning, Nov. 23, at 10 o'clock, include a ban on parking on both sides of Old Country Rd. from the LIFFE crossing west to Morgan St. between 7 and 9 in the morning and 4 to 6 in the evenings. Morgan St. is just west of the Centre Shops at Newbridge Rd.

Also proposed is a one-hour limit on both sides of East John St. from Broadway west to Bay Ave., and both sides of William St. (behind the Post Office) from West John St. north to James St. Both regulations are expected to force commuters to find new locations.

Notice of the hearing by Town Clerk Henry M. Curran is tacked on various poles and trees around the hamlet of Hicksville.

7 Doctors Back Ambulance Fund

HICKSVILLE—Two more physicians have added their support to the Hicksville Ambulance Fund, it was revealed today by Jerry Zettler, chairman. They are Dr. Walter M. Stiliger and Dr. Milton Matlin, to make a total of seven who have given their support to date. Zettler also disclosed that the North West Civic Assoc. has pledged a donation of \$25 to the fund which will start with a house to house canvas the end of this month.

Dr Sausmer Resumes His Practise

HICKSVILLE—William A. Sausmer, M.D., having completed his tour of duty with the Armed Forces, has returned to the practice of medicine at 138 Old Country Rd., here.

While serving in Korea, Dr. Sausmer was awarded the Bronze Star Medal for "meritorious service in connection with military operations against an armed enemy." His unit received the Korean Presidential Unit Citation.

Self-Powered Car On RR Test Run

JAMAICA—Members of the press of Long Island will participate in the test run of a Budd Car, a self-propelled diesel driven passenger car, from the depot here to Montauk tomorrow (Friday). The car is expected to run thru Hicksville at about 10:30 in the morning on its way out east.

CHLUMSKY MAKES PROMISE:

Town May Provide Community Centre

HICKSVILLE—Assurance that the Township of Oyster Bay, under the park and parking district, will "try to provide a place for the youngsters" in the form of a youth center building was stated by Councilman Frank Chlumsky at the community meeting held Monday night in the high school. Chlumsky was present as the official representative of the township and Supervisor Lewis N. Waters. The audience also received a positive assurance from Capt. Vincent Chimenti, commanding officer of the Second Police Precinct, that "there have been less cases of delinquency" since the formation of the Youth Coordinating Council last July.

The lack of public interest, as demonstrated by the small attendance at the meeting sponsored by the HYCC, was sharply criticized this week by Charles H. DeShaw of 118 Brittle Lane who has been one of the most active workers in the organization.

"The exceedingly poor attendance" he wrote the Herald, "showed a lack of interest on the part of Hicksville parents and organizations in the future of our community. Of the many organizations in our community, there were official representatives from only a very few. Even the school board, which is entrusted with the welfare of our children, saw fit to absent themselves from this meeting, excepting one member, Arthur Elrich. This is not surprising since only Mr. Elrich has consistently interested himself with juvenile and youth welfare."

Judge James N. Gehrig, former

District Attorney, who has been Judge of the Children's Court for the past five years, brought words of encouragement to the group for the activity which has been undertaken. He recited the story of the development of Kennedy Memorial Park in Hempstead which he headed.

Other speakers included Joseph Byrne, president of HYCC, who traced the development of the Coordinating Council to date; and James Kelly, high school student. They were introduced by Fred J. Noeth.

HOLD DISCUSSION

Joseph Elmer secretary of HYCC, presided at a discussion which followed. Participants on the stage included Byrne, Judge Gerhig, Isidore Siegel, HYCC vice president; and Robert Glaser, school district psychologist.

Chlumsky made his pledge to the

NLHOA Votes On Name Change

HICKSVILLE—The North Levittown Home Owners Assoc. may change its name to the Hicksville-Levitt Civic Assoc. by a change in the constitution to be voted upon at a general meeting in Levittown Hall next Tuesday night, Nov. 23. The name-change resolution was approved at last month's meeting and requires a second vote next Tuesday to officially change the 4½ year old organization in a move

described as "an effort to realistically reflect the present understanding of the community". Election of officers is set for the same meeting.

A second resolution would make eligible for membership all Hicksville residents of the joint pool-hall district, and a third proposal will reduce annual dues to the nominal amount of \$1. Refreshments will be served at the end of the meeting.

DOROTHY M. DRAKE of 243 Acre Lane, Hicksville, is the new president of the Central Island Women's Republican Club, succeeding Florence Vryen who has moved out of the community. Nomination and election was held Monday night, Nov. 15, at Henning's Restaurant, Hicksville. Other officers elected to serve were: Mrs. Evelyn Hurley, 4060 Avoca Ave., Bethpage, Vice-President; Mrs. Alice Eaton, 235 Lee Ave., Corresponding and Recording Secretary; Mrs. Dolores Cummings, 68 Myers Ave., Financial Secretary and Treasurer. Refreshments were served after the meeting.

Advisory Group To Concentrate Efforts On 4-In-1 Referendum

HICKSVILLE—The entire Citizens' Advisory Committee will concentrate upon the forthcoming referendum in the school district covering four or five propositions totalling more than three million dollars for the expansion and development of schools in the community. Richard G. School, member of the School Board and clerk of the district, told the Committee at its first meeting, Tuesday night, that the vote may be postponed from December to early in January.

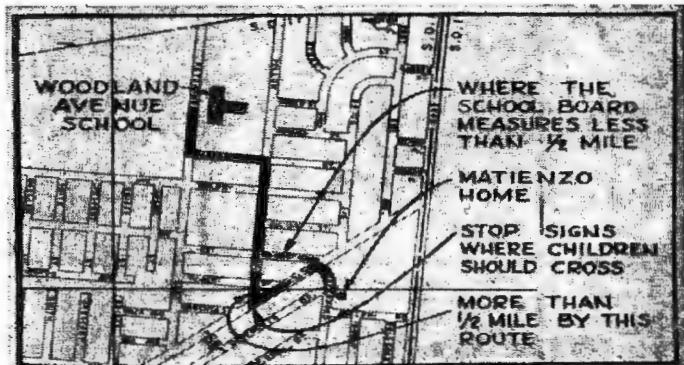

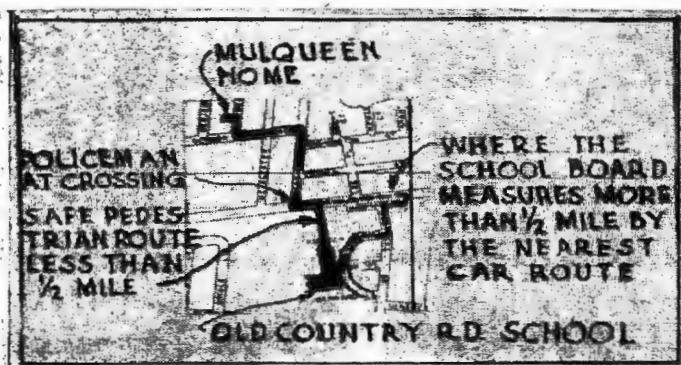

Speakers on the propositions will be available for appearances at community organizations after Nov. 29, the date of the next Advisory Committee meeting. At the same meeting Jack Drutman, elected chairman of the committee Tuesday night, is expected to ap-

point leaders of various sub-committees for future activities.

Nineteen of 26 members of the Committee were present for the first session. Upon School's suggestion, the following tentative committees were listed: Plant Facilities, Salary Schedules, Recre-

tion, Curriculum, Transportation and Feasts and Figures.

Drutman, who was elected chairman, has been a member of the Advisory Committee since it was first created three years ago. Fred J. Noeth was

THESE TWO MAPS, prepared by Emil J. Szendy, illustrate the twin horns of dilemma confronting Hicksville School Board. At left, Mulqueen's youngster got a bus pass because his home is more than a half mile from school by "car route," much less on foot crossing Old Country Rd., where a policeman is stationed. At right, Matienzo's child had been denied a bus pass because the "car route" is less than a half mile but the safe pedes-

trian route across Woodbury Rd. at Pollack Pl., which is guarded only by stop signs, is more than a half mile. The School Board this Friday night (Nov. 19) may hear the recommendations of a committee which has met twice during the past week. Max W. Cheney, transportation administrator for the School District; Szendy and Joseph Cawley, board members, together with Mulqueen and Matienzo, comprise the committee.

Huge Sump Hole Next To Allied

HICKSVILLE—At the regular meeting of the Allied Community Civic Association on Nov. 15 at the Fork Lane School Auditorium, a nominating committee was duly elected by the membership. Purpose of the committee being to recommend a slate of officers for the 1955 year. Members are Nathan Phon, Roy Bayliss, Fred Cornelius, Nathan Smithheimer and Bernard G. Winters. Election of officers will be held at the Dec. 20 meeting.

Supervisor Lewis N. Waters of the Township of Oyster Bay guest

speaker, at the meeting, gave an informative talk on the role of local town government in daily life.

In order to give a clearer understanding of the functions of town government of Oyster Bay, Waters reviewed the approved 1955 Annual Town Budget, reading it item by item, and explaining in connection therewith the operations and services of the various municipal departments.

He also commented on the expansion of incinerator facilities in the Township, citing in particular the construction of a new incinerator at Old Bethpage. Other topics that were touched on included zoning, highways, beaches and tax collection procedures.

In answer to members' queries, Waters informed the Assoc. that areas allocated for playground purposes in or near the vicinity of the Allied Homes are being graded

and seeded and eventually will be fenced in.

He also advised that the vacant parcel of land bounded by 10th St. and Division Ave., and adjoining the Allied Homes will be used exclusively for drainage purposes with a county sump to be excavated and fenced in by next January.

Music Festival

HICKSVILLE—The 120 voices of the four choirs of Trinity Evangelical Lutheran Church, 40 West Nicholsai St., here, will participate in the Harvest Music Festival this Sunday evening, Nov. 21 at 8:15 P.M.

The program, prepared by Charles Boehm, Organist and Chorister of Trinity, will feature a short Thanksgiving Cantata sung by the Mixed Choir with anthems by the Children's Junior and Girl's Choir.

Dear Jean:

A new note of elegance has been introduced into the Hicksville School Board meeting room with the colorful vests worn by attorney BERTRAM CRANE. Adding to the sensational splendor last Friday night was that tie (?), worn by that foil southern gentleman, Editor Noeth (south of Midland Ave., that is). The board is scheduled to meet again this Friday evening, Nov. 19.

Island Trees School Board is interested in getting applications from citizens to become a member of the Board by appointment, to fill the vacancy of 7th member. Applications should be sent to the district clerk. . . . The Hicksville Fire Dept. hook and ladder truck will bring Santa Claus into town on Saturday morning, Nov. 27, at 10 A.M. He will start from First St. on South Broadway and come up the street under the attractive new Christmas decorations to take up a position on the front steps of the Long Island National Bank on Broadway at the corner of Herzog Pl. . . . No dance for the Bobby Sox group in Plainview will take place this Sunday due to the visit of the sponsoring Legion Post to Kings Park. FRANK MACIEJEWSKI, new chairman, says dances will resume on Nov. 28. . . . Many of our local young people of high school age will be attending the first all-Lutheran Youth Rally this Sunday at 3:30 PM at Church of Epiphany, Hempstead, according to Rev. EDWARD STAMMEL. . . . Flyers were put on consumers cars during the week warning that the parking limit in public fields is two hours. Police are preparing to enforce the regulation. . . . Someone has described these "farmer's markets" as "push carts with chromium and fluorescent lighting". . .

Hicksville made the front page of the Daily News, yesterday (Wednesday) with pictures and nice article on an immigrant who came to US in 1921 and is today an executive with an annual salary of \$10,000. He is JIM GLOD of 18 Autumn Lane, Hicksville, and the article was captioned "American Dream" . . . A spokesman for the LIRR indicated to the Herald this week that "nothing" is being done by the RR about the preparation of plans on Hicksville's grade crossings until as ordered by the Public Service Commission with the added comment that crossing elimination for our community is still a "long, long ways off". . . We got a piece of mail from an organization calling itself "Citizens Medical Reference Bureau" of New York City which takes a couple of licks at what it calls "the mass medication of fluoridation" and explains "how to actively take a stand for medical freedom in the fluoridation holocaust sweeping the country" . . . We heard an unconfirmed report yesterday that a prominent local attorney is about to purchase the home of the late Dr. ELWOOD A. CURTIS of Hicksville. . .

PUT YOUR FEET UP

ON A REST-WELL

Relaxer

CONVERTS ANY CHAIR INTO A CONTOUR CHAIR

Most people have a natural urge to put their feet up on something because it is a restful position. The REST-WELL RELAXER is cleverly designed to satisfy that desire completely. It uses great increases in the circulation of blood through relaxation caused by poor circulation such as tired aching feet or legs, varicose veins, leg cramps, etc. Doctors recommend them for pregnant women and for relieving heart strain. Ideal for television. Stands in place without fastening. Folds flat when not in use. The "B" position makes it a "beauty angle" board. Made of attractive "grained" wood. \$6.98 not finished plywood. Also makes a wonderful gift!

Upholstered in dark red leatherette over soft cushion.

Failure to obey this law can result in a fifty-dollar fine or loss of driving privileges . . . that's what it is, not a right . . . a privilege."

"Just Say Charge It — Never A Charge For Credit"

CURRENT COMMENT:

We Can Get Youth Center

By Fred J. Noeth

THE PROMISE voiced by Councilman Frank Chlumsky at the community meeting, Monday night, that the township will definitely "do something" about providing a community youth centre—with the possibility held out that the building at the northeast corner of Jerusalem Ave. and W. Nicholai St., Hicksville, may be available—was one of the most encouraging things to come out of the meeting. (Story, Page 1)

Chlumsky was present as the official spokesman and representative of the Hicksville Park and Parking District. Supervisor Lewis N. Waters in letter declining an invitation to be present (because he was previously committed to speak the same evening at the Allied Civic Assoc. session) made it plain to the Hicksville Youth Coordinating Council that Chlumsky was prepared to state the official opinion of the Board and Township.

It had been first suggested that the Scheper's warehouse at the corner of E. Marie St. and Heitz Pl. (just across the tracks from the firehouse) might be desirable for such a purpose. That building has also been purchased for the Hicksville Park and Parking District by the Town Board in its accumulation of property for additional parking fields. Past experience has shown that the buildings on the properties acquired to date lack takers. One building had to be bulldozed to the ground and the debris was set afire because no one would buy and remove it.

That is also likely to be the fate of the Scheper's building. Close examination of the structure has shown it to be shot with dry rot (it has been standing there for more than half a century) and because of its most recent use as a warehouse, it was not provided with modern heating and plumbing. It would probably cost considerable money to put it into shape.

The former Judge Lebkuecher building, on the other hand, was remodelled and renovated in recent years. It has been used for office space by professional men until just a few months ago when it became apparent the town was of a mind to buy it.

It can be developed into a community youth centre or neighborhood centre with a minimum of expense, if any. It is ideally located within feet of the exact geographical centre of the community. Every square inch next to and behind it can still be utilized for public parking, useful in three ways (1) for shoppers during the day, (2) for church goers on Sunday, and (3) for incidental evening parking connected with the use of the building as a neighborhood house or community centre.

We have long admired the Neighborhood House provided in Glen Cove and have devoted considerable space in our columns to reports on how that structure has served the north shore city—youth and adult programs alike.

A community house could be put into use for Boy and Girls Scouting during the day, for a teen youth centre and adult meeting place in the evenings, as a focal point for many community meetings which urgently need a centrally located structure with adequate plumbing and variety of rooms of assorted sizes.

It would be wasteful to demolish this structure which would require an investment of perhaps \$15,000 to \$20,000 to duplicate—and then with no promise as to central location.

Our congratulations to Councilman Chlumsky and the town board for their foresight and willingness to give serious consideration to providing something which is so urgently needed in our fast growing community.

Q. What is the correct wording of the pledge of allegiance to the flag?

A. On June 14, 1954, the President of the U.S. signed a bill which had the effect of adding the words "under God" to the pledge, making it read: "I pledge allegiance to the flag of the United States of America and to the republic for which it stands, one nation under God, indivisible, with liberty and justice for all."

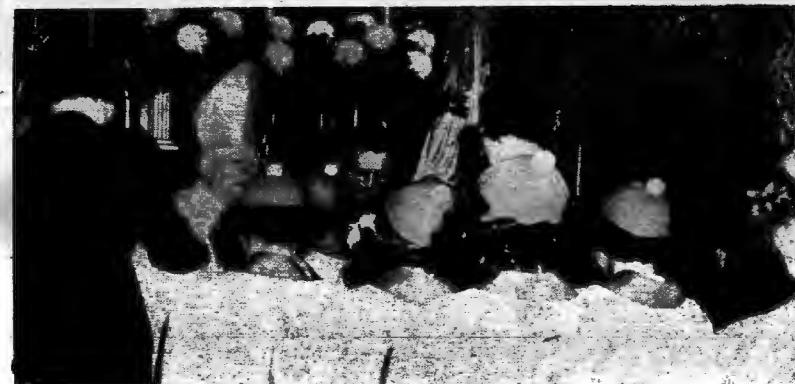

Q. Do all states celebrate the same public holidays throughout the United States?

A. No. There are no national holidays in the U.S. The President and Congress can only designate holidays for the District of Columbia and Federal employees. Each state has jurisdiction over the holidays it will observe, and designates these days by legislative enactment or proclamation. The only national holiday ever designated by the government was in an act of March 12, 1889, which proclaimed April 30, 1889 (the centennial anniversary of the inauguration of the first President of the U.S.) as a "national-holiday throughout the land."

THE NEW TAX LAW— INSTALLMENT 6

WILL YOUR BUSINESS GET ITS SHARE OF TAX RELIEF?

(This article is based on material supplied by the American Institute of Accountants, national professional society of certified public accountants.)

The sweeping new tax code is estimated to have cut \$1,363,000,000 from business and personal taxes this fiscal year. Perhaps twice that sum will be saved in future years.

Is your business getting ready to take its legitimate share of this tax relief? Many of the provisions are already in effect. The operating decisions you are making day by day may determine whether or not you can get the most benefit from the new provisions.

You should consult your tax advisor at once if you have not already done so. The gimmicks are many. The "ifs", "ands", and "but's" pop up all over the place.

It will take an expert to guide you through the fine print. Though in general the new tax law is much more liberal toward business than the old one, some loopholes have been plugged and some provisions bear down a little harder.

SEVEN MAIN AREAS: Seven main areas can be spot-lighted. But remember, every business has its own conditions to consider. No general statement should be applied without full study and consultation with an expert.

1. FASTER DEPRECIATION: Depreciation write-off is greatly speeded. A much greater portion of the cost of new (not used) equipment can be written off in the early part of the useful life of the asset. Under one new method, for

example, double the amount previously allowed can be written off in the first year. Obviously this is big news to a business that want to modernize or expand.

The deductions are no greater over the entire useful life, but they are much greater in those years when the expenditure is most felt; and before returns may begin to taper off because of obsolescence. Ask your tax advisor how the various new methods can help you—the "declining balance" method—the "sum-of-the-years'-digits" method... Don't let the lingo throw you!

Ask him whether a "switch" from one method to another might be advantageous. Be sure to note that some switches are automatically permissible and some are not, and that the kind of records you keep (or fail to keep) may defeat the benefit the law holds out to you.

Three in One For Cub Pack

HICKSVILLE — Cub Pack 168 is holding its monthly pack meeting this Friday night, Nov. 13, at Dutch Lane school at 7:30 P.M. The meeting promises to be one of the most interesting held up to date. The pack for the first time will undergo all its transitions simultaneously.

New boys will be admitted to the pack. Two boys will be elevated to the rank of Webloos and one boy, Jerry Zuckerman, will be graduated to the Boy Scouts. Although each of these events have occurred at other pack meetings this is the first time that all three have occurred at one meeting.

If these graduations and advancements allow time, the various Dens will present skits depicting historic episodes of our country's past.

Refreshments will be served at the close of the meeting.

Well, with the cold weather setting in and the holiday season fast approaching, everyone seems to be very busy inside with their

own little plans. Many have been having colds or virus infection. We hope that everyone will be well and able to enjoy the festivities of the season as they approach.

The population of our development has increased since our last get-together. Mr. and Mrs. John F. Hebrank of 8 Woodbine Dr. S. are the proud parents of a baby boy born November second at the Nassau Community Hospital. Mark William as he was named weighed in at seven pounds and eight ounces and has two older brothers John and David.

Rumor has it that Mr. and Mrs. Eugene McVay of Ferndale Dr. had a second honeymoon for themselves or almost the same thing at least. They left their daughter Carol Ann at her grandmothers and spent a

few days in New England recently by themselves.

Christmas is almost here. I see that the town has all the decorations up along Broadway in the business area and they look very nice. Also people are holding toy parties which is a nice way to do shopping for people who find it hard to get out to stores. Mrs. Warren Nathan was the hostess and the guests included Mrs. Thomas Killeen, Mrs. Patricia Drake, Mrs. Frances Maniello, Mrs. Olga Baranaki, Mrs. Martin Donlon, Mrs. John Montoux, Mrs. John Hebrank and Mrs. Nathan's sister-in-law and friends from Merrick. Everyone had a nice time and found this to be a very profitable evening with much of their Christmas toys bought.

Did you know that Thomas Murphy Jr. of 8 Woodbine Dr. N. was amongst those who made confirmation on Nov. 9. They had a small party serving a turkey buffet supper following the ceremony which included the family and several friends.

As well as Veterans Day and a holiday for the children from school we learned that Mr. and Mrs. Raymond Reilly of 6 Greenbriar Lane celebrated their ninth wedding anniversary. They had a nice evening all planned but it was marred slightly by the fact that Mrs. Reilly was taken with a virus infection.

Speaking of virus infection reminds that Mr. LeRoy C. Brown Jr. celebrated his birthday on Nov. 16 recovering from a strept throat. We trust that he may soon be back to work. While on the subject of birthdays we learned that little Thomas Fowler of 49 Woodbine Dr. E. had a nice pop gun for his sixth birthday on November 15 along with other nice gifts.

Actor Lectures Here on Friday

HICKSVILLE — The Public Library presents a lecture by Clarence Derwent at the High School auditorium on Friday, Nov. 19 at 8:30. He will give a talk on "The Stage - Yesterday, Today and Tomorrow." He is well qualified to speak on this subject, having been associated with the stage for 50 years as an actor with such noted stage ladies as Ethel Barrymore, Mary Martin and Grace George.

He has played in such productions as "The Lute Song," "Madwoman of Chaillot," and many others as well as many plays by George B. Shaw and nearly all of Shakespeare's plays. Derwent is probably best known as a Shakespearean actor.

He is the author of "The Derwent Story" a fascinating autobiography published last year. For all who enjoy the theatre, and that includes nearly everyone, this is an evening you will not want to miss. Tickets are free and may be picked up at the desk of the Public Library, according to Kenneth Barnes, Librarian.

CEDAR CLIFF HAPPENINGS:

Everyone Had Fun at Dance

by JIM PRIEST
HI 4-4891

To no one's surprise at all, everyone at the Cedar Cliff Civic's Dance had enough fun to last 'till the Spring Square Dance.

In the course of the evening things followed the normal pattern of a successful dance. From my vantage point behind the drums I saw couples in their winter finery being escorted to candle lit tables by committee man John Farrell. Slowly the tables began to fill, glasses clinked, smoke billowed, laughter pealed and the dance was under full sway.

Time came for drawing for the door prize by Liz Searc who pulled Millie Haas' ticket stub from the hat. Finding the prize to be a butcher's certificate for a Thanksgiving turkey, Millie launched into several creative variations of the

Mambo before the started but delighted eyes of the scores present.

Jane Priest in drawing for a basket of Cheer withdrew Marge Washburn's name from the hat to make it a female sweep of the prizes. The nearly all-girl triumph continued with Honey Reichel's vocalizing of two ballads in pleasing style. Jane Priest followed and surprised all singing two ballads with a beat that even roused the admiration of the accompanying musicians.

Seemingly the only talented male, Jim Glynn depended on his clever wife's manual pantomime to help him carry off a wonderful impersonation of Labor Leader Mike Quill. Unofficially, Ernie Annimato and John Reichel told amusing tales of homeless fleas and an amorous woodsman to re-

Bruce Ferguson Does It AgainBy Gene Maljekin
HI 3-5515

Yes, Bruce Ferguson, the impresario of LI Barter Theatre, has earned more laurels for his direction of "Varieties" of '54" for the Central Nassau Lodge and Chapter of B'nai B'rith. I cannot bring to mind enough adjectives to describe it. I expected a good show, but never this polished. If you've seen it you know what I mean and if you haven't—you've missed a wonderful performance.

To all who have seen his previous productions this comes as no surprise, as he always comes through with a hit. It is interesting to note that the musical was shown to over a thousand persons. When the curtain rose the story unfolded its musical self in a breezy, humorous manner. Characterization must have been studied very carefully, for the players were not "making believe" up there. They had fitted themselves into the clothing, principles, emotions and morals of the characters. Every once in a while I glanced back to see the audience reaction, and what I saw was a hall full of smiling and laughing people, who were just as much on the stage as those players.

I never saw an audience on Long Island tap their feet as much as this one did when the peppy musical numbers were on. They couldn't help it—the pit orchestra was that good, and the choreographer, Frances Goodman and Mimi Wellkoff, had a crack dance group on stage.

The most unusual event was the finale; the audience wouldn't let the show end. They actually called for the finale to be encored. They

stood up and demanded an encore, and to me that's good theatre.

Special bouquets go to Betty Poresky and Janet Weisman, who wrote the book, and to Philip Koff, the producer. Everyone remarked about the beautiful costumes by Jeanette Simml. It would be too lengthy to go on about each and every department, so I'll just list the people responsible for the success of the show: Choreography assistants: Frances Schiffman and Marie Winding. Music and arrangements: Eddie Schloss. Costumes: assistants: Clara Drucker, Greta Schneiderman, Sylvia Matzon, Sonya Borovay, and Zelma Goldenberg. Millinery: Helene Fezaro. Scenery assistants: Sol-Small, Fred Diamond, Carl Hutt, Ben Siegel. Special Effects: Jerry Karlin. Lighting: Philip Roy and Larry Graham. Stage hands: Murray Forman. Make-up: Ruth Griffier and Al Ross. Mimeograph: Doris Gordon. Publicity: Irene Thompson. Fund Raising: Ann Lemkin. Prompter: Shirley Diamond.

Casts: Dorothy Horn, Rita Weiss, Jerry Kamen, Helen Koff, Marvin Goldstein, Joyce York, Ann Lemkin, Nat Griffier, Adele Prosonio, Ida Rund, Estelle Cohen, Ruth Zimmerman, Phyllis Hauptman, Gloria Rennert, Lillian Umans, Grace Freedman, Eleanor Stamler, Rose Teitzman, Helen Pulin, Lila Zucker, Joyce Matalon, Lenny Lepon, Ellen Furedi, Elaine Cohen, Frances Schiffman.

Residents of Hicksville are looking forward to seeing another Ferguson hit in the form of a play, "By Any Other Name" to be staged by the Teen Players of Hicksville. He is desirous of keeping teen age children interested in the better things in life, and he fondly calls the group his "farm team" for his L. I. Barter Theatre.

GREAT EXCITEMENT IN WOODBURY GARDENS

Mrs. Mildred Kenahan, of 7 Washington Ave., Woodbury Gardens, phoned me on Sunday evening to ask if I would print her heartfelt thanks to the two hundred some odd neighbors who joined in the search for her little two year old daughter, Kathy. It seems that Kathy went into her back yard at 2:15, and at 2:20 when her mother looked out for her she was gone. Mrs. Kenahan searched everywhere for her little girl to no avail, and the whole neighborhood joined in the frantic search as time went on. But Kathy was no where to be found.

This is a story which might have had an unhappy ending, and the police cars of Hicksville were combing the area for her. As time went on, the fire dept. was summoned, and the search went into darkness, with bleak hope of recovery. Needless to say, the Kenahan family were near panic.

At 6 P.M. through the grace of God, our local vamps scouring was rewarded by the sight of that little

girl lying in a field near the Farmers Market all the way up Miller Road. Those who know the locale, realize that this scene was miles away from home.

Thank goodness the child was well and unharmed, but I couldn't help feeling as I was told the story, that there must have been some foul play involved. The stories we read daily in our local press point out possibility that someone may have abducted the child and had a change of heart. The danger of returning the little girl could have prompted someone to leave the child in a lonely spot. This is just a theory, of course, but forewarned is forearmed. We have had prowlers in our area lately.

Scouts On Trip To Kings Point

Twelve scouts from Troop 118 of Bethpage visited the United States Military Academy at West Point on Oct. 30, participating in the annual Boy Scout day at the Academy.

They include Scouts John Hajdusek, Allen Asher, David Tweedie, Edmund Buxton, Fraser Shaw, Peter Frerk, Arthur Kessler, Stephen German, Charles German, Emmett Brunson, Eddy Bartosiewicz, and James Burmester, were under the leadership of Scoutmaster Albert Muenzfeld, assisted by Harry Burmester and Andrew Shaw.

The day included a tour of the Academy under the guidance of one of the Cadets, lunch and assembly of all Scouts at Howe Field, where a display of modern military equipment was seen, and then on to Michie Stadium for the Army-University of Virginia football game.

Despite rain which dampened the clothing and the football field, and which continued up to half time of the game, all of the boys enjoyed the day, with undampened spirit.

captive ears at the Mashburn table. We, of the Minutemen, ran the gamut of music from Hey There to La Rapsa drawing favorable comment from at least one that I can remember, Harry Sears.

On any Friday evening Hicksville turns into a hopeless mass of cars, trains, horns and whistles. For particular notice, try driving the section of road known as East Marie St. as it joins Heitz Place to cross the L.I.R.R. tracks. As you are about to cross, you notice a gateman signalling you to halt as traffic has piled up on the other side of the crossing.

There are two things that I can see that can be done about this frequent jam up! The traffic light at Broadway and East Marie St. should be timed to favor East Marie St. traffic with a longer green light. Parking on the North side of E. Marie St. should be eliminated to give westbound cars two lanes instead of one.

Benefits of these two changes would be to avoid barricading our only fire house, while lessening the possibility of a traffic back up from the traffic light onto the L.I.R.R. tracks at a time when the most number of trains are coming through our town.

An amusing situation arose out of the opening of the new Municipal Parking Lot on E. Marie St. The new lot is well designed and obviously intended for counter clockwise traffic circulation. Workmen installed the several one-way arrow signs to route traffic clockwise making it almost impossible to maneuver into the diagonally arranged parking spaces.

Since the first couple days of confusion I see that the signs have been faced the right way but I thought that I'd mention anyway from a standpoint of historical hysteria.

The committee also named as liaison members to attend School Board meetings and report to the Committee periodically Milton Leavitt and Fred J. Noeth.

School presided at the session at Old Country Rd. until the unanimous election of Drutman. He also distributed copies of Columbia Report No. 4 and copies of School Board minutes covering the period from the beginning of July to Sept. 15.

Members were asked to designate their choice of the sub-committees on which they prefer to serve.

COORDINATE PROGRAM

Patrick Naso was named chairman of a committee with A. G. Soininen and Ted Wagner to coordinate arrangements for the forthcoming referendum vote. Mrs. Martin Polson will contact the P.T.A.'s and Noeth the civic and service clubs to arrange speaking appearances on the proposition.

Town May Provide Youth Centre

(Continued from Page 1)
group in answer to a direct question from Eisner. The Councilman said the former Scheeper's Warehouse at Plainview Rd. and Heitz Pl. has been investigated and is "somewhat in a shambles". However, the township has asked its architect to investigate and report the possibilities of the structure.

"If the Scheeper's building is not available, we have another one" Chlumsky said. He did not explain at the meeting, but the Herald learned later that he was referring to the former McCaffrey home at the corner of Jerusalem Ave. and W. Nicholsai St. which has just been purchased by the town board on behalf of the parking district with adjacent property from Judge Joseph P. Lebkuecher as a parking field site.

The second structure has been

used until recently as office space and was occupied for a time as the office of Long Island University while classes were conducted at the high school and Brookville. After its acquisition by Judge Lebkuecher it was completely modernized and renovated for office use.

Capt. Chimenti's remarks were regarded as a high tribute to the success of the HYCC program. "I am very glad to say that conditions have improved. Naturally, they are not 100 per cent; but there have been less cases of delinquency since this was started."

Pat Naso, former president of the Classroom Teachers Assoc., during the discussion period, said he did not feel an "inanimate object such as a youth centre" could take the place of parental interest and guidance. As a teacher, he said he would like to feel that youngsters spent some of their time in their homes.

Mrs. Lorraine Leever of 156 Lee Ave., who had been taking notes throughout the meeting, summarized the comments voiced. Her notes included: "We need a youth centre. We need the village behind a centre and we need advisory help. We need political help since we have no village fathers... The town board is going to try to give

the children a community centre. "Teenagers have more time on their hands with nothing to do than we had a generation ago. Therefore they need a planned program and facilities. The families, the village, the local organizations and the teenagers themselves have definite responsibilities and the HYCC is trying to coordinate the wants and needs."

Siegel closed the meeting, urging all present and interested to attend a meeting of the HYCC at the Nassau School of Music on W. Marie St. on Monday night, Nov. 29, at 8:30.
