## URGES INCORPORATION NOW: Visitor Cites Westchester Growth Under Local Village Government

HICKSVILLE — This community has everything in its favor and should incorporate as a municipality without delay, an ex-alderman of the City of Mount Vernon told an interested audience at the Firehouse, Thursday night. Since Westchester County has been frequently cited as a standard of comparison for Nassau, the speaker pointed out that all major communities in Westchester are incorporated as villages or cities.

### Draft Board Calls 38 for Pre-Induction

GREAT NECK — Thirty eight men have been called by the draft board for the area which includes the mid-Island section, due to report Monday morning for pre-induction, it was learned today. Names of those selected for induction into the armed forces will be announced as called, the draft board here promised HERALD readers.

## Geyer Directs Neighborhood Volunteers

HICKSVILLE — Captains for most neighborhoods of the community have been selected, William L. Geyer, chairman of the Village Division of the Committee for the Incorporation of Hicksville, revealed last night. A second meeting of his division is planned for tomorrow night at the Legion Hall, when all interested persons are invited to attend.

Geyer, founding president of the Civic and Community Assoc. and chief of the Air Raid Wardens for Hicksville-Plainview OP Unit during World War II, was elected permanent chairman of the division at a meeting of volunteers held Thursday night at the firehouse.

Hicksville, while one of the largest population centers in the township, is the "tail of the dog" as far as Oyster Bay Township is concerned, he asserted. The speaker was John M. Keel of Mount Vernon, father of Mrs. R. G. Black of 38 Linden Blvd. Present here on a visit, he read about the meeting in the Herald and attended.

He traced the history of Mount Vernon, which covers an area of 4.5 square miles (Hicksville is 6.5) which was incorporated as a village in 1852 and became a city in 1892. All Westchester County cities of today were formerly villages, he said.

"With incorporation," he said, "you have a community that you can call your own. Whether it will be better or worse, depends upon you. You (the people of the village) control it."

"There are dozens of reasons why Hicksville would be better off as an incorporated village... in fact, you are big enough to be

a city. You have a much better community than many cities I have seen."

## Limit Half-Mile Bus To 3rd Grade

HICKSVILLE—Children of the 4th thru 6th grades of local elementary schools who live less than a mile from school buildings will walk when the fall term starts in Sept. Half-mile bus service will be limited to children in the kindergarten thru 3rd grade, it was learned today.

Last term, when school buses service within the district was inaugurated, all students from kindergarten thru sixth grade rode to school daily.

Under a new policy adopted by the Board of Education, K-3 children a half-mile away and 4 to 6 grade children a mile or more away from schools will ride. That was the decision of the board as expressed last week when members of the Citizens' School Bus Committee inquired, Wednesday night.

James J. Condon, chairman of the Bus Committee, and Ernest J. Dieterich, were present at the meeting. At a previous board meeting they had recommended that service in the fall continue as before (K to 6, half mile or more), that standees be permitted on buses to reduce the number of buses required, and that a uniform closing time for the public elementary schools be adopted.

## New Residents Support Firemen

HICKSVILLE—Lacking telephones, residents of the Levitt 1950 ranch houses in this fire district are concerned about a major question—"What shall we do in case of fire?"—according to members of the local department who solicited contributions for the Labor Day tournament in this section last week.

Members of Fire Co. Nos. 1 and 3 found the residents, some of them just arrived during the past few days, receptive to the idea that they are in fact in Hicksville but a little worried about how best to call the firemen in event of emergency.

# Plainview Plans \$160,000 School

PLAINVIEW—Racing to get adequate facilities ready for the education of the many new children in the School District, the Board of Education today announced plans for construction of a flat-roof, cinderblock, slab base building at a cost of \$160,000. Qualified voters will cast their ballots on the proposition on Aug. 25 at Mannetto Hills School, between the hours of 8 and 10 p. m.

The structure, consisting of four regular classrooms and two kindergartens, with auxiliary rooms, will be built on the grounds of the present school and almost adjacent to it. Some of the trees in the Mannetto Hills school grove will have to be removed, it was added.

The Board of Education will hold a public discussion meeting on the proposition on Aug. 18.

Meanwhile, it was disclosed that the present structure will have to go on part-time sessions this fall. It is hoped to have the auxiliary building completed by December of this year. Stuart Palmer of Roslyn Heights has been named principal in charge for the school. He will also teach the 5th and 6th grades in the old building until the new structure is finished, a spokesman for the Board stated.

Frederick Weidersum of Valley Stream is the architect. The building plans have the approval of School Superintendent John W. Chisholm.

## Another Delay On Bus Route

NEW YORK—Another adjournment has been granted by the Public Service Commission on the petition of Post Omnibus Corp. for temporary authority to operate a line between Hicksville and Mineola, via Old Country Rd.

W. Royden Klein, attorney for Schenck Bus Line, was present at the scheduled hearing time, Friday, to oppose a new adjournment. The route was originally requested in April but the Post company has asked for adjournments. The new hearing date is set for September 28.

Schenck, in opposing the route, claims it would interfere with its existing operations.

## BACK-TO-WALL AGREEMENT: Spohrer Hints Military Need May Save Airfield

HICKSVILLE — World events have changed considerably since George V. Spohrer, owner of the Hicksville Airpark, signed an agreement "about five months ago" to close down flying operations by Sept. 30, he told the HERALD last night.

"A lot of things have since taken place, including the Korean hostilities, and there may be something in the wind to change the entire picture before Sept. 30," he added. "I am not at liberty to disclose what might happen, but it is related to the military needs of our nation."

Spohrer challenged published statements of Town Attorney

## Parking Committee Picks Meter Type

HICKSVILLE — The Citizens' Advisory Committee on Parking has recommended that "automatic" parking meters be installed here. The report was made at a meeting Monday after a study of the various types and visits to neighboring villages where meters are in use.

The "automatic" machine, it was explained by Rev. Howard Rogers, Committee Chairman, operates upon the insertion of a coin and is the type in use in Glen Cove, Westbury, Freeport. The "manual" meter requires the operator to turn a small crank after depositing a coin. This type is in operation in Patchogue.

The Committee's report has been turned over to Councilman Frank Chludzky.

## Town To Construct Animal Shelter

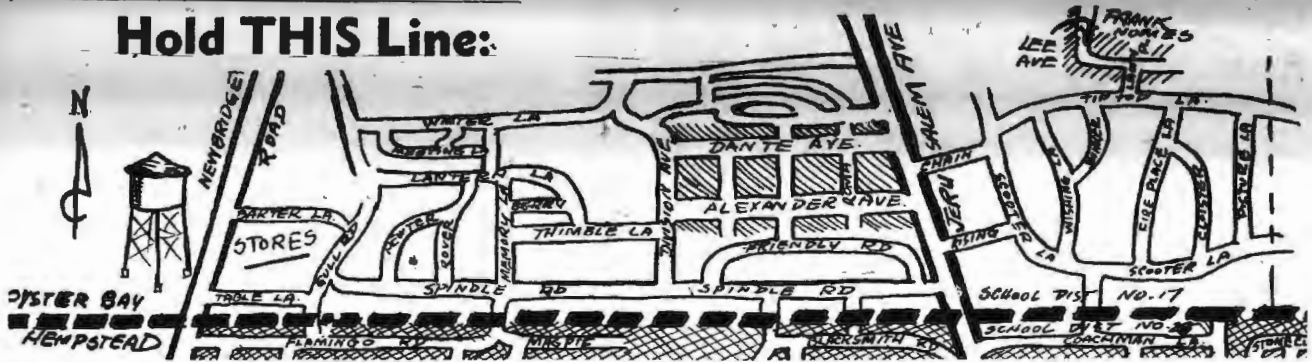

OYSTER BAY—Bids for the construction of an animal shelter near Locust Grove will be opened by the Town Board on Tuesday, August 15, at 10 a. m. in the District Courtroom, Town Hall.

# Hold THIS Line:

HUNDREDS OF FAMILIES have moved into this section of Hicksville, occupying 1950 Ranch houses built by Levitt and Sons. The heavy line indicates the boundary between Hicksville and the area known as Levittown which is in the Township of Hempstead. This map is published so that residents of the area may know why their official address is HICKSVILLE. This line, which separates

the Townships of Oyster Bay and Hempstead, also marks the boundary of the Hicksville Schol District, Hicksville Water District, Hicksville Fire District. Those who were residents of this area before July 16 will be eligible to vote on Wednesday, Aug. 16, at the Hicksville High School between 8 p. m. and 12 midnight upon the question of purchasing a school site in the section, about

mid-way between Newbridge Rd. and Jerusalem Ave. However, all who wish to vote must register this Saturday, Aug. 5, at Nicholas St. School between 3 and 9 p. m. Children of school age in the area above the line will attend Hicksville schools. Streets in the upper portion of the map, not labeled, include: Walnut, Sleepy, Cinder, Summer, and Barrel Lanes.

**At Camp Wauwepex**  
WADING RIVER—Eight Boy Scouts from Troop 91 of Hicksville are vacationing at Camp Wauwepex, here. The Scouts are: Robert Zambroski, Ed Tila, John Seith, Warner Rompell, John Janowski, Frank Corcoran, David Baldwin and Robert Arthofer.

## Merchants Talk Christmas Plans

HICKSVILLE—The temperature was soaring near 80 Wednesday night, but the sweating members of the business Men's Assoc. were making plans for Christmas. Street lighting decorations this year will be almost doubled, it was decided. Depending upon the financial cooperation of local merchants, it is planned to add 14 more strings of colored lights to the decorations to cover nearly a mile of Broadway from Old Country Road north of John St. intersection.

ations this year will be almost doubled, it was decided.

Patrick J. Buffalino, BMA president, appointed Charles Schwartz, past president, as general chairman of the Christmas program this year. The BMA will invite all local electrical contractors to bid on the installation and removal of the lights.

Advance reservations were made this week by the BMA for Santa's arrival in town with a load of goodies for boys and girls as in previous years, early in December. The meeting was held at the Legion Hall. Final arrangements for BMA dollar days, which start tomorrow, were concluded at the session.

## Dear Jean...

Centre St., Hicksville, residents are delighted with the improvements in their street even though the street sign spelling has been changed. HAROLD BRAUN says he gets little or no sleep at night because a couple of weeping willows in his yard keep weeping and crying all the time. A warehouse and office covering about a half acre is being erected on Broad Hollow Rd., near Hempstead Tpke., Farmingdale, for D. BROWN Co., Inc., building supply wholesalers of Osone Park. Our new parking field with an entrance on W. Marie St., may be named FONTAINE TALLAFERRO Field. Purchase of property has been concluded. Surveyors busy on Old Country Rd. from Westbury to Hicksville, indicating that widening of this highway to match portion east of RR crossing is not far off. Trial has been set for Aug. 16 in case of ROBERT RUBIN, 27, of Brooklyn, a fruit peddler, who has pleaded not guilty to assaulting Farmers' Market owner, GEORGE V. SPOHRER. It was during a discussion on rentals at the market on July 26 that SPOHRER says he was bopped. CARLSON & REED of Hicksville won a contract for \$33,016 for installation of water mains in East Meadow Water District extension from Hempstead Town Board, July 25. Star Bus lines wants to discontinue routes to Levittown and South Bellmore.

ELLEN VANWART of 294 Old Country Rd., Hicksville, is using the '47 Ford her son-in-law, Capt. LOYAL COLE, sent home from Germany, but finds difficulty in gauging the car's speed, for the German speedometer registers the mileage in kilometers. HAROLD HEATH, JR., 19-year-old resident of Gossett Downs, will soon be seen in a newsreel short subject by Pathe News. The film depicts a current revival among teen-agers for oilskin rain slickers on which they paint cartoons, witty captions and jive symbols. The scene was shot in front of HEATH'S home showing the boy and his

trickling about his 1930 silver coupe. WELCOME to Mr. and Mrs. SIGMUND KRAMER and their three who take up their residence today at 9 Gables Rd., Hicksville. They are formerly of New Jersey.

It's a double celebration of birthdays today (Aug. 2) for Mrs. SADIE KLUG and her grandson, one-year-old JACK EAKER. A patrolman since 1932, JAMES C. LOONEY of Broadway, Bethpage, has been promoted to the rank of Lieutenant of the county police. He transfers from the 6th precinct to Headquarters. Island Tree School District No. 26 goes out of its way to disown connection with Levittown in its legal advertisements. It stresses its address as Hicksville, New York. Bethpage Sweet Shop, recently remodeled, awards two bicycles and other prizes on Aug. 12.

HENRY CONVERY of Hicksville was welcomed as a new member of the Scottish Club of Nassau, Inc., at a recent meeting. PATRICK CONNOLLY is the new local secretary of the U. S. Civil Service Commission at Hicksville Post Office. Dante City gets home mail delivery some day this week. House numbers have been assigned for Alexander, Dante and neighboring streets off Jerusalem Ave. Grass around mailbox at Bway and Nicholas St., mentioned here last week, has since been neatly trimmed. FRANK CHLUMSKY presided at Oyster Bay Town Board meeting yesterday in the vacation absence of Supervisor HARRY TAPPEN. Hicksville Water District, which had 3,433 tapped and connected water services on Mar. 31 expects to have 7,000 to 8,000 by the end of this year. Fire school starts tomorrow night for Hicksville vamps with ladder drills, so if you see fire ladders on the side of East St. School don't get alarmed. We heard this week about a certain party who filed a bldg permit on his property in the northeast corner of our community. When it came time to build, he found his line well out in the streets! Further study revealed the town road at that point is only 16 FEET WIDE!

# Long-Stemmed Beauty Boosts Town On Radio

HICKSVILLE—A long-stemmed American beauty of Billy Rose's famous Diamond Horseshoe in New York, Charlotte Van Lein is proud to call herself a "hick from Hicksville." She said so recently, with other kind remarks about her home town, on a major radio program.

As the "Sweetheart of the Morning" on George Hogan's WOR show she spoke of her USO experiences during the war and about the shows given in Veterans' Hospital. During the broadcast she received numerous phone calls, including one from a listener in Florida. Fan mail has been pouring in ever since.

A life-long ambition has been achieved since she joined the Diamond Horseshoe cast nine months ago. Since the age of eight she has been studying dancing in preparation for the big time. A bigger-than-life-size picture of Charlotte graces the entrance to the Horseshoe.

Miss Van Lein—that's her professional name—is the daughter of Mr. and Mrs. Michael Grasso of 3 Lowell Pl. in the Roger Hoopes section off West John St. The HERALD reporter found he was not the only one who has mistaken her stepmother for Charlotte's sister. The long-stemmed beauty measures 5 foot 10 1/2 inches without heels, 6 foot 2 in the accompanying professional picture by Diaz and Lloyd of NY.

Charlotte has been living here for the past two years and she loves the pleasant residential community. She had as a house guest, the day the HERALD reporter called, Miss Rosemary Kittelton of Battle Creek, Mich., who is also in the Billy Rose extravaganza. Rosemary thinks Hicksville is a wonderful, restful place.

Earl Wilson, syndicated columnist, recently wrote: "What's Hot . . . Charlotte Van Lein's one of the huge cuties at the Diamond Horseshoe."

# Popular Clerk Poll Concludes Saturday

HICKSVILLE — Mrs. Marie Faden of the Starlight Shop, 95 Broadway, is still leading in the Most Popular Sales Person contest being sponsored by the Herald. Balloting closes this Saturday, Aug. 5, at 12 noon during the final BMA Dollar Day. The winner will receive many valuable prizes contributed by local merchants.

Virginia Buckhardt of Bahrenburg's Bakery of 94 Broadway, is in second place. Ray Bonazzi of Botto Bros. at 231 Broadway is third; Adrienne Johnson of Van Ancken Confectionery and Howard Weiss of Edward's Men's Shop, are tied for fourth place.

# Speeds Wedding To Join Marines

SYOSSET—Ptl. Reginald A. Ballard, former Hicksville resident and policeman son of Detective Reginald Ballard of the Second Precinct Squad, moved up his wedding date last week to answer a call from the Marines. Bette Jane Rensson of Westbury became the bride of Ptl. Ballard Friday at the Episcopal Church of the Advent, Westbury.

The couple had planned to marry in September, but changed their plans so Ballard could don a Marine uniform on Aug. 15, when he returns to active duty with the First Infantry Battalion.

# Well Producing More Than Ever

HICKSVILLE—Well No. 1 of the water district is back in operation after a recent shutdown and as a result of the repairs is producing more water than before. The well produced 560 gallons per minute before the breakdown. With new propeller shafts, it has increased its production by 120 gpm, according to F. E. Davidson, superintendent.

# ATTENTION ARTISTS: Cash Prizes For Best Village Seal Design

Readers of the Mid-Island HERALD are today invited to help design and select the official seal for the Village of Hicksville when it becomes incorporated. Sixty dollars in cash prizes have been pledged for the winning design.

Everyone is invited to submit an entry drawn in India ink on white paper or cardboard. It is suggested that drawings be made at least double the finished size on paper or board measuring not more than 10 inches by 10 inches. Drawings will be reduced for reproduction and all entries will be published.

The Committee for Incorporation of Hicksville is sponsoring the contest. Details regarding prize awards will be published in the HERALD next week. Meanwhile, all local artists are invited to get busy right away. Bring entries to the HERALD office, 162 Bway, Hicksville.

# Famous Cantiague Rock In Exact Spot

HICKSVILLE—The community's most famous landmark and historic site, the Cantiague Rock on W. John St., has been returned exactly to the spot where it rested for centuries before a motorist socked it out of position early this year. That is the assurance John C. Guibert, county public works commissioner, has given Theodore W. Heinslering of Cantiague Rd.

The rock has been set lower in the ground "to prevent destruction if hit by a heavy vehicle," Guibert said. The survey mark on the rock has been replaced, since it is used as a survey reference point in the area.

The Herald has asked County Historian Jesse Merritt to obtain a replacement for the metal plaque which told the story of the rock before the auto collision.

# New Families Have 50% More Children, Increasing School Load

The new family moving into the mid-Island area has nearly 50 per cent more children than the average Hicksville family, the Columbia Report to the Hicksville Board of Education discloses. With a local average of one child per house, the research experts found that new families average 1.5 or more elementary children per family.

The significance of this statement by the Institute of Field Studies, Teachers College, Columbia University, is that the estimates of future student enrollment in Hicksville School District must necessarily be higher. For example, from 100 average Hicksville homes, there might normally be expected 100 pupils. But from 100 of the new dwellings in Hicksville, the district can expect 150 or more pupils.

Estimating the future public school enrollment in Hicksville for the 15-year period ending 1965, the Columbia Report finds:

### Basic Assumptions

Under present conditions it is extremely difficult to prepare a long-term forecast of future school enrollments for Hicksville. No one can predict with any degree of accuracy the rate at which new dwellings will be erected. Furthermore, no one can know in advance how many children will move into the new homes or how many children will be born in them over the years ahead.

The most reasonable procedure seems to be to make a few basic assumptions and then to estimate the future enrollment trend on the basis of these assumptions. The survey staff, therefore, have prepared an estimate of the future public school enrollment

## Family Picnic Set For Lions and Guests

HICKSVILLE — The Lions Club will hold a family basket picnic for members and their guests at the East Overlook, Jones Beach State Park, next Wednesday evening, Aug. 9, at 6 p. m., according to co-chairman Roland Heberer and Fred G. Birk. It will take the place of the regular meeting for that date.

Myron Sausmer, president of the Lions Club for 1950-51, today named committee chairmen for the year. They are: Roland Heberer, program; J. Gordon Ulmer, attendance; Clifford Freitag, finance; Stanford Wells,

membership; Louis Millevolte, boys and girls activities; William Stahley, convention; Lawrence C. McCaffrey, education; John Petropo, safety; Howard Heberer, greeter.

Also Harry Ermenwein, civic improvement; Gerard Braun, constitution and by-laws; Fred J. Noth, publicity and bulletin; Gerard Ofenloch, citizenship and patriotism; Dr. Harry Lambert, sight conservation; Patrick Bufalino, community betterment; Dr. William Sumner, health and welfare; and Edward R. Schluter Jr., agricultural.

trend in Hicksville based on the following assumptions:

- 1.—The children now in attendance will progress through the schools at about the same rate as in former years.
- 2.—A smaller percentage of the local children will attend the parochial schools in the years immediately ahead.
- 3.—Approximately 1,500 new homes will be erected and occupied by September 1960, with an additional 1500 homes erected and occupied by January 1961.
- 4.—These new homes will be occupied by families having approximately the same number of (continued on page 13)

HICKSVILLE is right in the heart of the major suburban growth on Long Island as illustrated in this map published recently by the New York World-Telegram and Sun. Jerry King, staff writer, finds "Although planning officials of these LI counties are fascinated by what is happening to them, they are beginning to wonder if things aren't a bit out of hand." His report mentioned

Hicksville more frequently than any other community in citing what problems developments are causing. It adds that "Near Hicksville, an acre which cost \$500 in 1945 now brings \$3,500... Since 1946, more than 7,000 acres, half of all its (Nassau Co.) farms, have been turned into housing developments."

**IN OUR OPINION:**

**Action On Loitering Varies Greatly**

By FRED J. NOETH

WE HAD OCCASION, a few weeks back, to comment on the fact that three local youths were handed rather stiff punishment on a charge of "loitering" in front of an ice cream parlor on Broadway, Hicksville.

The over-night stay in the clink and the \$10 fine levied on each of the three local boys who pleaded guilty seems particularly severe this week when we read about Lemon Daniels, 28-year-old farm laborer, who got off with a suspended sentence in District Court. Daniels, who has been in and out of court for miscellaneous charges of assault and disturbing the peace, was charged this time with using abusive and insulting language to Ptl. Robert Tillotson of the Second Precinct.

The incident occurred in Hicksville. It was reported that Daniels had been drinking and had been warned to stop loitering on the street. Judge Albert C. Moore, in suspending a 30-day jail sentence, fold

Daniels that if he repeated the offense he would go to jail.

And speaking of loitering, some folks wondered this week about the unlovely spectacle of a group of about eight men, apparently farm laborers also, who openly drank from bottles of something stronger than punch as they lolled upon other people's car fenders and engine hoods in the parking space near the Hicksville depot. They certainly presented an unattractive sight for people getting off the train at the station on that particular morning.

**Too Fast For Digestion**

YOU COULD ALMOST hear the applause in Hicksville and vicinity this week as local folks read about the speech Robert Moses, president of the Long Island State Park Commission, made at Amityville's Centennial Celebration.

Discussing the growth of the area, he said, "I want to see you welcome new people when they can come in and live up to your standards, but I don't want to see you swamped by them."

"I hate to see too many come out here to be digested. If Levittown were a quarter of the size it's eventually going to be and the size of the individual plots were larger, it would be better for the community."

"We look upon this rapid growth with a great deal of apprehension. The people who come out here are going to find that they've brought tremendous problems out here with them. I'm frank to say, I'd rather see the cancerous slum areas of the city cleaned up first."

The Amityville Record summed up neatly this week, when Editor Charles F. Delano wrote: "Mr. Robert Moses told the centennial audience that too many persons were moving out of the city to Long Island. Mr. John Crosby, we think it was, said that they were moving out to get away from the congestion and bringing it with them."

**Room for Improvement**

HICKSVILLE MADE a fine showing with its public display of flags on June 14, but there is still room for improvement. The Committee on American Principles of the LI Assoc. found by survey of the Hicksville business district there were 22 flags flying as compared with 26 for Hempstead, 9 in Levittown, 9 in Bethpage, 19 in Mineola, 18 in Great Neck, 14 in Glen Cove, 6 in Oyster Bay, 12 in Westbury.

However, Syosset put many other larger areas to shame by a wonderful display of 73 American flags on Flag Day. The Syosset Lions Club deserves special mention for this achievement.

Hicksville has about 100 business places on its main street. Where were the other 73 flags?

**Shall We Incorporate?**

**The Tax Issue**

The HERALD, in cooperation with the Information Division of the Committee for the Incorporation of Hicksville, will publish this department regularly in an effort to bring its readers a full discussion of this question. The HERALD invites comments and questions on this subject in writing.—Editor.

**Ques.—Will taxes increase if Hicksville incorporates?**  
**Ans.—**This is the most frequently heard question and one which is difficult to answer flatly, "yes" or "no." It can be answered in three ways:

- 1—Taxes can always increase if the qualified voters permit or vote for services which cost money. School taxes, for example, can increase if the annual budget increases faster than the total local district property.
- 2—Taxes can remain about the same, if the experience of neighboring communities of like size, population and valuation can be taken as a measure. For example, Farmingdale pays a \$1.00 per \$100 incorporated village tax. Floral Park pays \$1.02 per \$100. For the same services Hicksville pays a rate of \$1.39 per \$100.
- 3—Taxes can be less because, as an incorporated community, Hicksville will be entitled to certain money (state and county aid) which is paid on the basis of local population and other factors. For example, state aid for villages is \$2.85 per man, woman and child as of the last Federal census. Hicksville would be entitled to fees for mortgage taxes, dog licenses, building permits, etc.

**Sound Off News and Views of VFW Post 3211**

The VFW has been so outstandingly successful in welding America's scattered war veterans into one, cohesive unit, that now our fighting men no longer face the prospect of utter neglect after they leave the service. Through the work of the VFW and other veteran organizations, America's appreciation of its war heroes has been translated into concrete action.

The VFW's skill in helping veterans stems from more than a half-century of experience! These days, it's hard to realize that there was a time when even our own government did not provide hospitalization for war veterans. The veterans of World War II probably have never thought of it this way, but—in the long view of history—their GI Bill of Rights was being formulated back during the close of the last century, when veterans were just beginning to school themselves in the art of united action through organized groups.

Every benefit, every pension, bonus, hospitalization program, training, education or rehabilitation program, has been won only after a long, uphill battle by veterans themselves, as represented by their various organizations.

During the 20 year period from 1899 to 1919, the real impact of the veterans' voice was felt mainly in metropolitan areas, where the veteran population was greatest—and in Washington, our nation's capital. It must be remembered that not more than 300,000 men served overseas during the war with Spain, the Philippine Insurrection and the China Relief Expedition. When these men returned to civilian life, most of them went back to small towns, or rural areas. The idea of forming societies of overseas fighting men proved practical only in well-populated urban areas.

Despite their limited numbers, the men who were active in VFW affairs prior to World War I acquired valuable experience in the field of veteran welfare. In the absence of federal benefits, the VFW was one of the very few agencies to which needy veterans and their families could turn for help.

During this era, VFW leaders insisted that Congress recognize the federal government's obligation to its war veterans. The VFW program demanded legislature granting adequate pensions to the widows and orphans, and to veterans themselves who were physically unable to provide for their ordinary comforts. As a result of these labors, Congress in 1920 finally provided pension benefits for Spanish-American War veterans. The veterans had won a significant victory—a victory which should remind them, to this day, that united action brings results.

**A.—**Every night except Monday at 9 p. m.  
**Ques.—**Who installs street lights? We have none in our section of Briar Park.

**Ans.—**Street lights are installed by the LI Lighting Co. upon direction of the Oyster Bay Town Board. In some areas, the installation of lights—because of the great demand of local growth—is sometimes delayed.

THE HOME HANDYMAN'S CORNER

By TOM CASHEL

Rust proof rain gutters and leaders at about half the price of the only rust proof material used in the past.

There's no need for damp, wet floors and foundations. Here's what every home owner has been wanting . . . and every one else with a rain drip problem.

Here are gutters so light a man can walk up a ladder with a whole house length . . . 30 feet weigh less than 10 pounds. Gutters that require no soldering . . . using simple slip-joint "S" connectors. Gutters that need no painting . . . though you can easily paint them if you prefer.

This rain-carrying equipment is as good looking as it is efficient. Unpainted, the aluminum weathers to a soft grey-white . . . forming a thin film of oxide, that is the metal's own protection. And that oxide is insoluble, non-toxic. It cannot stain a wall. It cannot add impurities to water.

Light on the eaves as well as light to handle, there's less risk of sag with aluminum. So, with no painting, you look forward to practically no maintenance.

Just imagine the work these aluminum leaders and gutters will do — and for years and years at approximately \$40.00 per house complete.

That's everything you could want of any gutter, so why delay, come in and see this boon to houses.

**Hold 4 Juveniles In Blasting Cap Theft**  
**SYOSSET** — Det. James C. Roddy of Hicksville, member of the second precinct detective squad, cleaned up the theft of fireworks, blasting caps and primers stolen from the Isaac C. Neuman Co., Inc., at Bethpage, rounding up four juvenile boys, all of whom will have to face children's court procedures.  
 As soon as the theft was discovered on July 15, warnings were published in the hope that children would not try to set off the materials, extremely dangerous when not properly used. As a result of the warnings, one boy after another gave up his "cache."  
 Several of the explosives are still missing.  
 The Greater New York Safety Council describes blasting caps as "small cylinders or tubes of copper or aluminum, usually a quarter-inch across and an inch or two in length. Some have a fuse attached; others may have plain or colored-covered wires leading from one end. The tube or cylinder is loaded with a powerful and sensitive explosive used to explode dynamite."

### Town Crier Training With Army Airforce

SAN ANTONIO, Texas — Donald E. Smatlak, Hicksville's Town Crier during the Tercentennial Celebration two years ago, is now a private in the Army Airforce and is training at the Lackland Base, here.

Donald is the son of Mr. and Mrs. Stephen Smatlak of 18 Harrison Ave., Hicksville. He was chosen Town Crier by a popularity vote contest sponsored by the 800th anniversary committee. During the 8-day celebration he had a leading role. Astride a horse and wearing colonial dress, he led the giant parade of floats which climaxed the festivities.

children, on the average, as the newer families in Levittown.

5—The population of Hicksville will increase to 30,000 persons by 1950.

Under the present fluid situation at Hicksville, any estimate is bound to be vulnerable, since a change in any one of the basic assumptions mentioned previously could result in different figures. However, there is every reason to believe that the estimate—vulnerable though it may be—should prove a useful guide for choosing a number of school sites, and determining possible future school building facilities in a series of steps over a period of years. It is very certain that the total school enrollment will increase sharply over the next decade and conceivably could reach a peak figure of something like 8,500 pupils in 1956.

Peak by 1958

The sharp increase will be noticed first in the elementary grades which may enroll as many as 5,600 pupils in 1958, but it is possible that this year will represent a peak for this educational level, and that a decline in the enrollment may be anticipated thereafter for at least a few years.

If the proposed residential developments are carried out as planned, it is possible that the kindergarten enrollment may ex-

### Jordan Wins Trip To French Lick, Ind.

MINNEAPOLIS — George J. Jordan of etpage has been informed that he has been awarded an expense paid trip to his firm's National Convention, to be held at French Lick, Indiana, this month. Jordan is the local zone manager for Investors Diversified Services, National distributor of investment securities. Jordan has represented Investors locally since August, 1946.

This will be the first National Convention held by the firm for the past 10 years and it is expected that more than 2,000 people will be in attendance. Jordan will be accompanied by his wife.

ceed 1,000 pupils in 1952, only two years hence.

The enrollment in the secondary schools will increase much more slowly than the elementary enrollment, at least until 1955. Starting in that year, the enrollment in the secondary school will increase rapidly. In 1961, the junior high school grades, 7-8, conceivably may have nearly 3,000 pupils enrolled, and 1964 the senior high school grades 10-12 may enroll something like 2,700 pupils.

These figures are startling; nevertheless, they are both realistic and possible if Hicksville continues to develop as a residential community. It should be kept in mind, however, that these PEAK figures probably will be quite temporary, and that school enrollments will become more stabilized at a lower level a few years later. This means that in order to prevent over-building the Hicksville schools will have to make adjustments in class size and grade assignments to buildings over the next 10 or 15 years.

The answers to everyday insurance problems  
By JOSEPH E. DOCKOW

**QUESTION:** While on a fishing trip last fall, I was fly casting and accidentally snagged a friend in the back of the neck. The hook had to be cut out and though the wound was painful, it wasn't at first serious. Later, however, it became infected and as I insisted on footing the medical bills, I paid dearly for my carelessness. I've been told that there is a form of insurance which covers this sort of accident and I would like to learn just what it is and how expensive it is.

**ANSWER:** The insurance coverage to which you refer is given by a Comprehensive Personal Liability policy. The premium is very small and the policy covers your own legal liability and that of your wife and all minor children. Injuries caused by sports accidents are specifically covered.

## LISTEN TO THE DOCTOR:

### POLIO SEASON

By JOSEPH A. LEFNER, M.D.

A lady came into my office: "Doc, do I have polio? My legs hurt, I feel dizzy and headachy, I have pain in my neck."

I happen to know this patient for some time as a very nervous lady; I also know that she has to undergo a minor operation in two days. A thorough examination reveals not the slightest sign of "polio," but just a nervous state of anxiety because of the pending operation. Yet this anxiety was also partly caused by the increasing frequency of news items in our daily newspapers as "our health authorities do not think we are to get a polio epidemic like last year's but there may be an increased number of cases in the next few months," or "the first 50 nurses are starting special training in nursing infantile paralysis victims in Nassau County"; or "boy dies of polio; first fatality of '50; four new cases," and so on. That's why we think it timely to write a few lines on first symptoms of infantile paralysis, not to scare you but only to caution you; I think knowledge is the best prevention of unfounded fear and anxiety.

The full medical name for what's called for short "polio" or "infantile" is "acute anterior poliomyelitis" or "infantile paralysis," but unfortunately for that term, the disease is not limited to children, nor is it always associated with paralysis. It is an acute inflammatory process in certain nerve cells of the spinal cord which control movement of muscles. When these nerve centers are destroyed by the disease those muscles or muscle groups controlled by them and receiving their nervous impulses from them stop functioning and start gradually wasting away (atrophy) just as a telephone would go dead if it couldn't get its impulses from the central.

The disease itself is caused by a still unknown filterable virus, of which some think it is related to the influenza virus or to the chickenpox or to the herpes (shingles) virus. CONTACT is necessary in order to contract the disease so that the infection is probably transmitted in droplet form. The place of entry of the virus into the body is most probably the upper respiratory passages. But people may harbor the virus—and even transmit it—without being sick or may get sick only when their resistance is lowered by a sudden chill or other conditions. From the upper respiratory passages the virus may enter the nervous system by way of the blood stream or by way of the nerve tracts.

The incubation period is from five to ten days or even longer. The onset of the disease is usually acute with but a short period of malaise, drowsiness and mounting fever of 103 to 105 F., until prostration occurs. Gastro-intestinal symptoms of pain, abdominal tenderness, nausea, vomiting and diarrhea are very frequent, or nasal discharge, sore throat and cough. There may also be severe headaches, marked perspiration, convulsions, or pain and stiffness in the neck, extremities or back in this prodromal stage. These very severe symptoms are of relatively short duration. From a few hours to one or two days before it is discovered that motor paralysis has occurred. But sometimes the general symptoms and fever may be extremely mild and yet the following paralysis quite extensive. That's why it is often very difficult or even impossible to make a diagnosis in the beginning. There are also—as has been proven experimentally—many "abortive forms" where the same general systemic actions are present; they are shortlived and leave insignificant or no nervous lesions at all. As we know that onset of polio gives lasting immunity, this is probably the reason why only a comparatively small percentage of the population contracts the disease even in times of so-called epidemics.

"Now," mothers will ask, "what can we do about it to protect our children?" Unfortunately, not too much. Just keep your children out of large crowds, especially when you hear of a case in your neighborhood. Keep them very clean, let them frequently wash their mouth and nose with a mild disinfectant solution, feed them balanced meals. Prevent them from over-exertion and sudden chills by jumping into cold water. See that they have plenty of rest and sleep, thereby keeping their general resistance as high as possible.

In these next two to threemonths of the polio season pay even more attention than usual if any of the mentioned symptoms occur, but on the other hand don't get immediately panicky and don't get yourself into a state of anxiety. Remember that even in the "polio" season an indigestion, a sorethroat, a "cold" may be just that and not the beginning of polio; leave rather the diagnosis to your doctor.

**ONLY TEMPORARY, SAYS COUNTY: Litter Is Penalty of Mass Growth**

MINEROLA—Many well settled and established residents of the county are being disturbed and annoyed by conditions imposed by rapid mass-production residential and commercial development and County Public Works Commissioner John C. Guibert assures Herald readers that he sees and hears of resulting conditions almost daily.

Much of it will continue in spite of any measures public authorities can take "until the new settlement becomes settled." Then, he said, it will enjoy the relative peace and quite and cleanliness which householders so much desire.

The accompanying picture was snapped by William Botto of Alexander Ave. along the side of Newbridge Rd. near his home. Guibert says tossing of litter into public streets is unlawful. The upsetting of a neighborhood by a residential development at the worst," Guibert states, "is only temporary."

## —Incorporation

(continued from page 1)

Control of local zoning and adequate planning, he cited as major advantages under incorporation. At present Hicksville must depend upon distant officials to decide what kind of a community this is going to be. Under incorporation, local officials would deal with local problems and would be able to make decisions for the future of Hicksville.

### "Dead Community"

While most communities in Westchester are today incorporated and proud of it, enjoying their prosperity and local government, he cited the case of an unincorporated part of the Town of Eastchester, between Tuckahoe and Scarsdale. "That community," he said, "is dead. There is no development or planning or progress of which it can be proud."

Real added that cost is a major factor for most people in deciding upon incorporation. He noted that Hicksville taxes today are "nearly as high" as the City of Mount Vernon, a community of 73,000 persons. In Westchester, the best village officials are those who have served for the honor of service without pay. While local taxes might be higher with incorporation, Real said the community would get financial help from the State and County which it does not enjoy at present, thus offsetting any increased costs.

He said his observations and comments were based upon 35 years in public life, including widespread contact with municipalities throughout the nation.

By HOWARD FINNEGAN

Teddy Smith's one-hitter, Monday night, won the regular season championship of the Hicksville Softball League for the Cement Mixers by a 13-0 score.

The Mixers concluded their schedule with an 11-won and one-lost record and the defeated Shady Maples cannot make up ground with their present 8-won and 2-lost record. The Maples were the last remaining challengers for the Mixers.

Jim Barone toiled the losing task for Rob Dwyer's club. He was obviously tired from his many other pitching jobs and he was the loser as early as the second inning when the Mixers scored their third and fourth runs when Teddy hit a home run into center.

Teddy had a no-hitter for five innings but Mike Barone bounced a clean single through the box to open the sixth inning and spoil the bid.

With one trophy already in the bag the Mixers will now mark time until the playoffs get underway sometime next week.

Not much has been heard from the Hicksville Softball League this season and that is largely its own fault. Following the progress of it has been seriously hampered by the practice of scheduling games week by week. In all fairness to league officials, this has been in line with the request of the teams whose members play in as many as five other leagues weekly.

It has caused a good deal of confusion, however, and the sentiment is growing that the next Hicksville league should worry about its own operations first and out of town leagues last.

Anyone who has ever seen Joe Smith swing a bat has realized that when he connects the ball cannot help but travel a country mile.

Well, Joe caught hold of one Monday night at Rockville Centre and knocked it clear out of Lister Park in a matter of seconds.

The wallop matched any previous monster home run ever struck by some of the Botto players who from time to time can drive a long ball.

The homerun also helped Smith win a 7-3 victory over Kries Motors and kept Bottos unbeaten in the second half at Rockville Centre.

Smith pitched well all the way in his first good showing in a month, and even though he slowed down a bit in the fifth inning, Manager McGunnigle stayed with him all the way. For the first time in weeks the Hicksville bullpen wasn't active.

## American Legionnaire

NEWS FROM WASHINGTON, D. C.—Department of Defense plans to hire 236,978 civilian employees during next year and veterans will get preference for most jobs. For most part . . . jobs will go to those who go after them, so vets would do well to keep alert on hiring conditions. Civil Service rules will be all but out the window . . . under agreement to suspend regular hiring procedures . . . take on new employees under emergency indefinite appointments. Veterans lacking particular skills will find best employment prospects at supply depots . . . since past experience shows such installations hire more storekeepers, loaders and laborers than any other type installations.

KOREAN VETS: VA ruled this week that War II veterans who interrupt GI Bill studies to re-enter active service will not be bound by July 25, 1951, cut off date for starting courses.

Suspension of ten top veteran administration officials in Tennessee for "irregularities of major proportions" . . . involving private vocational schools . . . may be fuse that will set off similar explosions all around country. Our Washington correspondent presently has access to photostatic and documentary evidence of pay-offs, kickbacks and bribes to VA officials beyond the borders of Tenn. This situation seems to be a repeat when the scandal of 1921-23 in the old Veterans' Bureau sent the chief of bureau to jail. Although the present bureau leaders, Gray and Stirling, responsibility in present mess is moral . . . not criminal.

Mild curbs placed on government-supported housing credit by VA and FHA at President Truman's request "won't cause many veterans undue hardships." Lacking specific legal authority, best VA could do was impose a few restrictions on GI loans for all housing, except new units under construction, prior to July 19th.

NEWS FROM CHARLES WAGNER POST 421—The most important event for August is, of course, our picnic. The committee, including Mike Jenny, Lee Carey, Ed Becker, Rudy Bouse, Al Carpenter, John Nees, Gene Noon and Hank Jochem, planned the following: plenty of franks, corn, beer, soda, ice cream. Games for the children and the ladies, prizes for all. This picnic is open to all members and veterans in Hicksville. The date is Aug. 18 at Mannetto Hills School, Plainview, at 12 noon.

## Botto First Fairchild Prey At Beach

JONES BEACH—Botto Brothers used a wide assortment of miscues to tick away a 6-5 decision to Fairchild E. & A., here in the Stadium, Thursday.

It was the first victory of the season for the winners, who finally rallied a steady fielding game behind the worthy Bill Bordiuk.

Two runs in the ninth turned the trick for Fairchild. Joe Smith walked John Banach to start the inning and Harry Jacobson quickly followed with a single. A wild pitch tied the score, 5-5, and a single by Dan Banach delivered the winning marker.

The result left the Botto camp stunned, but the Black and White

contributed more to its own undoing than did anything else.

Smith Replaces Barone  
Jim Barone started the game for Botto and in five innings gave up just two runs. He smacked a homerun with a runner on in Bottos' 4 run second inning and was sent to centerfield when Joe Smith, badly in need of mound work, replaced him in the sixth.

Smith was once again the victim of poor support. In the seventh, two Fairchild runs came over when Ray Halloran batted three ground balls at shortstop and George Karman mistimed another at third which went for a scratch hit.

Karman crashed into the dugout in the eighth and his daring catch prevented Fairchild from making ground then, but Hicksville had no defense for the ninth. Bordiuk, surprisingly enough, was tagged for 12 hits by Bottos, but they could not make the most of them. Ed Coleman unloaded a big triple in the second inning rally, but that was the only other really damaging blow.

In the fifth inning the losers had the bases loaded and none out and at that point Bordiuk really turned on the steam. A force at home, a short pop fly and a grounder to third closed down the frame.

## Coleman, Rigby Strike Winning Blows For Bottos, Empire In ASA

MANHASSETT — Botto Brothers, the defending County champion, and Empire Diner of Hicksville, scored first round victories, here Sunday afternoon, as the 1950 ASA tournament got underway.

In each game it was one big blow that backed up fine pitching performances. Ed Coleman's seventh inning triple scored Jerry Kiesel to break up a scoreless

deadlock, between Bordiuk and Frank Herzog, and win a 1-0 decision for Botto.

First baseman Herman Rigby stamped the label of success on Jim Barone's three hitter when he patted a home run into deep centerfield with two on in the fifth inning. That proved the margin in Empire's 4-1 victory.

Meet Saturday Night  
This Saturday night, under the lights at Rockville Centre, Bottos and Empire will face each other in the second round of the two-defeat-and-out tourney.

If either team wins the all-over play, it will be the third straight year that Hicksville will boast the title. The old Hicksville Loyolas won it two years ago and in view of its triumph in the Metropolitan tourney did not have to defend the County laurels last season when Bottos won.

The Loyolas and Botto have since merged but Empire has now shot to the front to seriously challenge for top honors not only in Hicksville but in the County.

Fans looking forward to the clash on Saturday cannot help but remember that this same Empire Club already has a triumph over

Bottos this season. Back in May, Jim Barone bested Joe Smith 6-1.

Bordiuk Usual Self  
Botto hurler Bill Bordiuk was his usual excellent self against Acme Bowling in the classic 1-0 game.

In a game played in less than an hour, he allowed only a third inning single to Catcher Duffy and walked only one batter.

The torrid heat of the day did not bother Herzog of Acme much either. Only three Hicksville hits were garnered off him. George Karman doubled to open the last frame but was thrown out at third by catcher Duffy. Kiesel then walked and Coleman blasted the game winning triple.

Barone Also Shines  
Barone was also credited with one of the day's fine mound chores. He struck out 10 Oyster Bay Yankees and walked three. He was touched for four hits.

Empire got only five hits off Baymen pitcher Helyer with Rigby's most timely. It followed a walk to Bill Barbarino and an error which allowed Jack McCrossen to reach base.

## Hicksville Drops 4-1 Verdict in PBC Race

HICKSVILLE—Failure to hit in the clutch cost the Hicksville PBC undisputed possession of first place as they dropped a 4-1 decision to their old nemesis, Great Neck, last Saturday, here.

Now tied with Oyster Bay and Great Neck with three losses each, the question of a North Shore champion may be settled when Hicksville meets rugged Al-berston and Oyster Bay takes on Carle Place with Great Neck remaining idle this coming Saturday.

Although the locals hit the ball well, it was always at someone on the opposing team and with bases loaded they were unable to hit at all. However, a rubber match with Great Neck in the event of a playoff may see the story reversed.

### BETHPAGE SUPER MARKET

#### RECIPE OF THE WEEK

By Mary Lee Taylor

#### Fruit Icebox Dessert

Wednesday August 5, 1950

1/2 cup powdered sugar  
 1/4 cup milk  
 1/4 cup soft butter  
 1/4 cup Fat Milk  
 2 cups graham  
 crackers, broken  
 in 1/2 in. pieces  
 1/4 cup cold milk  
 1/4 cup cold  
 cream  
 4 tablespoons  
 granulated sugar  
 2 tablespoons  
 lemon  
 juice  
 1/4 teaspoon  
 ground  
 lemon rind

Mix powdered sugar and butter in a 1 1/2-cup bowl. Stir in 1/4 cup milk, a tablespoon at a time. Be sure all milk is mixed in before adding more. Fold in half of graham crackers at a time, being careful not to crush the pieces of crackers. Drop in 4 portions on a flat pan. Top with the pineapple. Chill until firm, or about 2 hours. When ready to serve, put ice cold milk and granulated sugar into small, cold bowl. Whip with chilled rotary beater, or electric beater at high speed, until fluffy. Add lemon juice and rind; whip until stiff. Serve on the dessert. Makes 4 servings.  
 \*Fruit cocktail, peaches, or apricot halves also can be used.

You Will Need:

Crushed Pineapple, Graham Crackers, Fat Milk, Powdered Sugar and Lemons.
