PLAINVIEW SCHOOL PROBLEM:

Open Meeting Friday; Harbes Request Delay

PLAINVIEW—A discussion meeting for all residents of the community, including Briar Park and Plainview Country Homes developments, takes place this Friday night, August 18, at the Mennetto Hills School. Plans for a new temporary school in the area will be explained by the Board of Education. The meeting starts at 8:00 o'clock.

This week Thomas F. Hyland as attorney for John G. Harbes of Barnum Ave., wrote members of the Plainview School Board asking that action on the proposed sale of district bonds for a new school be deferred. Harbes, thru his attorney, is appealing to the State Commissioner of Education challenging the legality of the School District and its elected officers.

Some Taxes Go Up

School tax bills are going to be higher this year in Hicksville and Island Trees but show a decline for Plainview and Jericho. The Bethpage School Board was expected to fix its rate for 1950-51 at a meeting last night.

The Hicksville rate will be \$2.13 per \$100 as compared with \$1.77 last year and the Island Trees rate is increasing two cents to \$1.87 per \$100. The Plainview rate will be \$1.92 as compared with \$2.05 last year. The Jericho rate has dropped four cents to 62.2 cents per \$100.

EAST ST. SCHOOL will look like this when wings have been added to each end of the building, provided voters approve tonight (Wednesday) an appropriation of \$400,000 to cover the cost. The extensions will increase the school capacity to about 700 pupils, about

double its present facilities, and may be ready in Sept. 1951. The plans have the approval of the State Education Dept. "We plan to call for bids immediately" if approval is granted, Henry C. Brengel, president of the School Board told a meeting on Monday night.

Anticipate Light Vote Tonight On Four-Part School Project

HICKSVILLE—Less than half the 1,847 voters registered and qualified are expected to cast their ballots tonight (Wednesday) at the High School auditorium between 8 p.m. and 12 midnight upon four propositions affecting the expansion of school facilities to meet the fast-multiplying local student enrollments. The four questions, which will be voted upon as individual items, include a proposed \$400,000 expansion of East St. elementary school and three proposed elementary school sites to be bought from Levitt & Sons.

For almost 300 of the enrolled voters it will be their first experience in voting in a local school district meeting. The meeting will be called to order at 8 o'clock sharp. There will be a reading of the call, election of a chairman, discussion of the propositions if any, and then the balloting. Voting machines will be used and each voter must be checked off in the enrollment books before being permitted to cast a ballot.

Proposition No. 1—East St. extension—is conceded an excellent chance for approval.

Proposition No. 2 — concerns purchase of 18.85 acres of land on Old Country Rd. with a \$33,000 bond issue.

Proposition No. 3 — concerns purchase of 18.77 acres at Hempstead Ave. (Dutch Lane) and Levittown Plow with a \$35,000 bond issue.

Proposition No. 4 — concerns purchase of 9.83 acres with frontage on Cork Lane (near Lantern

Extra Alarm System To Cost \$15,000

HICKSVILLE — A special proposition for the installation of 20 new fire alarm boxes and equipment at a cost of \$15,000 will be offered to taxpayers of the fire district along with the district budget on Sept. 5 in the firehouse from 7 to 10 p.m. A total tentative budget of \$25,100 for 1950-51 will be presented for vote, according to Fred Schaeffer, secretary. The full text of the budget and propositions appear in this issue of the HERALD as a legal advertisement on page 18.

350 New Residents from Levitt Houses Get Fill-In On Local School Problems

HICKSVILLE — About 350 residents of the new Levitt houses in the south part of the school district, plus a handful of residents from other sections of the district, attended the discussion meeting Monday night at the high school arranged by the school board.

Henry C. Brengel, board president, was in charge flanked by members of the School Board. He opened by describing the boundaries of School District 17 including the statement to the Levitt house occupants that they do in fact live in Hicksville. He continued with a set of prepared questions.

There were numerous questions from the audience during the hour and a half discussion.

Many Questions

They wanted to know about transportation of pupils, registration dates for new students, overall needs of the district for in-

creased enrollments, tax rate, posting of notices, voting procedure, and the possibility of representation from their area on the school Board.

Brengel assured the audience that the principal concern of the Board is for the children of the district. He feared the world situation might delay construction of new buildings, however. He said the three sites to be bought from Levitt and Sons were "more or less selected by the school board before Levitt decided where to build his houses."

Michael J. Sullivan, attorney for the school district, took on a portion of the discussion. He denounced "false sectionalism which should not exist" and urged the

Planners Help Along Levittown 'Expansion'

The Nassau County Planning Commission, despite promises to Hicksville Civics that it will attempt to preserve the identity of the community, spoke in a news release this week about the "expansion of Levittown" into Oyster Bay Township, reviewing six months building activity. Commenting that the township is second in the county with 4,384 permits issued for the first half 1950, the report fails to mention that the majority of the new permits were issued for Hicksville.

Permits to build Levitt houses in Hicksville as issued by Oyster Bay Town Building Dept. include the name of this local community.

Resident of 15 Gull Rd., Hicksville, is an attorney with a New York office at One Madison Ave. A 30-year-old naval veteran, he was a candidate for the New York City Council in the last election. He is active among the residents of Levitt houses in the south part of Hicksville and offered the motion, Thursday night, at the curb-side meeting there for formation of a civic group in the area.

"six months" before a vote upon construction appropriations could be offered, provided the sites purchases are approved, and that "within a year" the actual construction of a Lee Ave. school would be "in the works." He added that construction of a Lee Ave. school would be acted upon next since the property for this elementary building has been acquired.

Curtiside Meeting Held

About 100 residents of the Levitt houses met in front of 18 Summer Lane, Thursday night, to hear a report by an informal committee of three which had called upon the School Board a few days previously. Speakers were Robert Baird, Edward Regan and Charles Miller, all of Summer Lane.

Several present complained that they had been "misled" by the salesmen for Levitt and Sons. They selected their home locations because the map from which they selected sites indicated a school in the area. They had been led to believe Levitt would build a school there.

Miller told the audience "We do not represent anyone. We are not rabble rousers. We are thoroughly confused . . . If you live north of the Township line you live in Hicksville School District, your children will attend Hicksville Schools operated by the Hicksville Board."

WELCOME WAGON SERVICE

Dear Jean . . .

Two wonderful picnics were held at the Plainview School grounds over the weekend. The Hicksville Republican Club had their affair on Saturday. ERNIE FRANCKE, club president, was missed. He's in Nassau Hospital undergoing an operation. The Charles Wagner Legion picnic, Sunday was the biggest the post ever held with somewhere around 400 present . . . And to think those fine trees in the grove may have to make way for a school addition . . . Too bad . . .

The LIONS PICNIC at Jones Beach was a great success last Wednesday night despite the high winds. BILL STAHLER reported that some of the beans he was eating were whisked off his plate and consumed by the volleyball players, an eighth of a mile away. The LIONS are going to present ROLLIE HEBERER with a compass so he can find east. LARRY (All-American) McCAFFREY did not go in swimming . . . Stewart Ave., Garden City, will soon be a super-highway. It will be six lanes wide, running right into the County Park at Westbury . . . HARRY WOODS of Lee Ave. has been elected an officer of the EDWARD KENNY CLUB, property holding organization for the K. of C. Council, which is considering the possible sale of its clubhouse on E. John St. . .

A correction has been requested and we're glad to give it in the interest of honest, accurate reporting. We said in effect regarding the new Levitt homes in Hicksville, that Oyster Bay Township is in Hicksville whereas we should have said Hicksville is in Oyster Bay Township . . . Sorry . . .

CHARLIE and JUDY SCHWARTZ on vacation in Canada report they tried to buy a LIRR in Renfrew, Ontario, but found it was not heard of there. CHARLIE, former BMA president, suggests we "advertise." . . . Acting upon a complaint of the Civic Assoc., the County Police with the LIRR Police, arrested six persons for disorderly conduct at the Hicksville RR Station parking area, Thursday . . .

State Traffic Commission is making a study of the traffic signal at Bway and John St., Hicksville, to see if some other type of signal will be more adequate . . . Only about three weeks until schools open. Wonder if the town, county and state will mark out pedestrian crosswalks for students here before that day arrives? Last year Old Country Rd. and Jerusalem Ave. was not marked until a month after opening day . . . Saw traffic survey experts counting cars at this corner last week . . . Bulldozers were clearing the site here this week for the new Stop 'N' Shop supermarket on South Bway near First St. . . . The singing over the mike at the Legion picnic Sunday was out of this world. It was a wing-ding of an affair . . . GUS REIDLINGER calls us to task for not indicating on the map published last week the side streets off Clarissa Drive. No slight meant to anyone, GUS. We were just trying to indicate the newest streets being cut thru in that area . . . Hicksville Public Library will soon open in new quarters at Jerusalem Ave. and Second St. Persons who live north of THAT LINE and in Hicksville may not realize it but they will have the privilege of free use of this facility. Those who live outside the school district are now being charged \$5 a year for the privilege of taking books out, the estimated cost of providing library service to Hicksville people who now enjoy this free. We hear that MARION CECIL, our librarian, is ill . . . Several patrons of the dry cleaner which cleared out of the store in the Professional Building are anxious about their garments in storage before the shut-down . . . Don't forget the fire department is awarding a Television Set at the block party in the Hicksville Parking lot on Saturday night, Sept. 2. We have tickets at the HERALD office . . . EDDIE KESSLER, member of Hicks racing team hurt at Floral Park tourney, was back in the hospital Friday and Saturday for further treatments . . .

Court Rules Island Trees Efforts To Stay Out of District 'Premature'

JAMAICA — Justice Nichols M. Pette in Supreme Court late last week ruled that court action by the Island Trees Civic Association who want to be excluded from the proposed Levittown Fire District was "premature."

Island Trees residents want to be annexed to the Bethpage Fire District and they have been fighting the attempt of Hempstead Town Board to include their homes in the Levittown District.

Justice Pette found, in his decision,

that there was no official decision on the books for the court to overrule.

However, two days after the court verdict it was announced at Albany on Aug. 12 that State Comptroller Frank C. Moore had that date approved a proposal to establish the Levittown Fire District.

"The new fire district plans to spend \$250,000 for a fire station, apparatus and equipment," the Albany announcement said. "It will replace a fire protection district which will be dissolved, effective Dec. 31, 1950."

The Civic group claims that the Town Board's approval for the district was "arbitrary and capricious" and that the petition advocating formation of the district did not contain the names of the legally required number of property owners in the proposed district.

Schools Set Schedule For Pupil Registration

Since so many families have moved into the mid-Island section during the summer months, the following data on registration of new pupils is of particular interest.

HICKSVILLE—Register for kindergarten thru sixth grade at either Nicholai St. School or East St. School (one nearest your home) on Friday, Sept. 1, or Thursday, Sept. 5, from 9 a. m. to 12 noon and 1 to 3 p. m. Junior High School students (7th and 8th grades) register at high school on Jerusalem Ave., on same dates. Senior High School pupils register during same hours on Tuesday, Aug. 31, or Friday, Sept. 1. SCHOOL OPENS WEDNESDAY, Sept. 6.

BETHPAGE—Office of Public School will be open each weekday mornings from 9 a. m. to 12 noon, starting Monday, Aug. 21, to register pupils not already enrolled.

ISLAND TREES—Register at Farmedge Rd. School (Aug. 16) or tomorrow. Parents are requested to bring birth certificates and school records with them when they register their children.

JERICHO—School opens Sept. 6 and registration takes place the same day.

PLAINVIEW—Register at Manetto Hills School on Thursday, Aug. 31, from 10 a. m. to 12 noon. School opens Sept. 6.

Numerous Cups For Labor Day

HICKSVILLE—Each member of the team which captures the polar trophy for the Labor Day Firemen's Tournament here on Sept. 4 will receive an individual trophy in addition to the major award of the day to the winning team, it was disclosed this week by Edward Dwyer, tournament chairman.

"There will be five cups for each event besides the prizes for the morning parade," Dwyer stated.

The 22nd annual Labor Day Tournament and Parade will feature about 50 entries from Long

Plainview School

(Continued from Page 1) voters is scheduled for Aug. 25 at the Manetto Hills school to vote on the proposed temporary school to be built at a cost of \$160,000.

Hyland's letter to District Clerk Charles A. Voorhees and members of the Board follows: "We have read your advertisement in the Mid-Island HERALD, July 28, 1950, as to the proposed sale of bonds, etc. in regard to a building of a school in this district.

"As attorney for Mr. Harbes we call your attention to the fact that an appeal is now pending before the Commissioner of Education as to the legality of this school district and its elected officers.

"In all due deference to the Commissioner of Education," Hyland continued, "we think that the proposed sale of bonds and any and all other matters should be deferred until the Commissioner of Education has had an opportunity to hear the appeal of Mr. Harbes and render a decision thereon."

Fairview Court Sinks In Flood

HICKSVILLE—The basements of several houses in the Frank Homes section were flooded Friday afternoon, during a heavy downpour which put Fairview Court under water and washed away the supporting soil for a section of sidewalk at the end of Lee Ave.

Residents of the area are planning to seek the assistance of responsible authorities to get more adequate storm water facilities.

The drainage water collected in Fairview Court and when catch basins were inadequate to handle the deluge, overflowed across properties in the area toward the drainage sump on Lee Ave., washing along yards of scarce topsoil.

Several cars parked on the streets in the section submerged to the running boards and bumpers during the flood. Older residents said the destruction of the sidewalk was a duplicate of the conditions which occurred there about a year ago.

Bethpage PBC Gets Local Adult Help

BETHPAGE—Chairman Fred Surprise today saw high hopes for the future of the Police Boys Club here with a good turnout of interested men for a meeting of sponsors held last Wednesday night at the Stewart Ave. clubhouse.

A five-man organizing committee was created to map athletic activities for the future. Jack Strong was named in charge of entertainment and shows. Others present included Albert A. Lang, Henry Schatz, Edmund W. Thorne, Raymond Asher, James "Happy" Norman, Bob Fountain, and Frank Barone. Police Director Vic Baumer was also present.

Award Local Firm Contract to Build New Route for South Oyster Bay Road

HICKSVILLE—Condemnation proceedings have started in County Court, here, as a preliminary to rerouting South Oyster Bay Rd. to skirt the end of Grumman's runway which will soon be lengthened.

This week work on the roadway began as the Davis Construction Co. of Hicksville won a contract from John C. Gilbert, County Commissioner of Public Works, for the job. The bid was \$118,669, the low among four received.

The project includes construction of a new path for South Oyster Bay Road which now runs between Grumman Plants 2 and 5. The new course is necessary so the jet plane runway of Grumman can be extended.

In County Court, John J. Knobell as attorney for the county, asked for the appointment of Commissioners of Estimate "to ascertain and determine the compensation to be made to the owners" of property in the path of the new highway.

Owners of property where the county seeks title and "an easement in perpetuity for highway purposes" are listed as Augusta

Children Suffer If We Fail to Agree

By FRED J. NOETH

A REALISTIC PICTURE was presented, Monday night, by the Hicksville School Board regarding educational facilities for local pupils in the immediate future.

It does not look too inviting, but it is not very different from the situation facing almost every Island school district for the next few years. The Hicksville problem is possibly greater because the influx of new residents is more rapid.

Henry C. Brengel, school board president, made it clear: There is no sectionalism in Hicksville School District and pupils from one area will be treated the same

NOETH

as those from another. A child from a new Levitt 1950 TV Ranch house in the south part of our district will be treated in the same manner as a child from a family which has lived in Hicksville for generations.

T.

Your Ideas Can Help

NO MATTER HOW well organized, there is no community that cannot be improved through good constructive ideas of its citizens.

We, in our villages or towns, cannot expect to have everything letter perfect or have all of our ideas for community improvement put into effect at once, but gradual improvements can be made by careful planning and a study of what the community needs most.

If we look about us, think and make notes of our observations, we can gain a great many inspiring ideas that may in time be of great benefit to our village or town. And betterments that help the community help each individual and every business in the community.

A real community spirit is one of the biggest assets we can cultivate. It helps in the activities of our churches, schools, civic and social life.

We must not be content to stand upon the sidelines and offer excuses about our obligations to our fellow citizens. You owe it to your friends and neighbors to give your best help to promote your town and make it a better place in which to live.

We cannot plead that we must ignore our civic responsibilities because we differ in opinions from others, or perhaps that personalities or business relations might conflict, or as, many times happens, we decide to let the other fellow shoulder those responsibilities. After all our differences reconciled and personalities overlooked, should help to contribute to the welfare of our community.

Your public officials welcome criticisms, suggestions or comments about any matter that you believe to be good for your town. Every man or woman has some good and constructive ideas. Why not develop the worthy ones?

—From Hilton (N.Y.) Record

What's Your Problem?

The HERALD will attempt to provide the answer to any local civic questions from its readers. Write to the HERALD, P.O. Box 100, Hicksville, or telephone Hicksville 3-1400. Typical questions will be published here from time to time.

Ques.—Who is responsible for the recharge basins or sumps built in local developments?

Ana.—The Town Highway Department takes over responsibility for these facilities when turned over by the developer.

Ques.—Where is the Hicksville Fire Budget voted upon?

Ans.—Qualified taxpayers will vote upon the fire budget on Tuesday night, Sept. 5, between 7 and 10 p.m. at the Hicksville firehouse. There is no advance registration of voters, but property owners must have lived in the district 30 days prior to the vote and have their names appear on the last assessment roll.

The problem, for the present, is centered upon the elementary schools—from the kindergarten to the sixth grade. Last September there were 679 pupils enrolled in these grads in Hicksville. Next month when school opens, the total is estimated by the Columbia Report at 1,358. It will climb, Columbia says, to 2,446 in elementary school by September 1952, and gain steadily until a peak of 5,628 is hit in 1958.

To give a more graphic picture of what lies ahead, just consider this fact: Kindergarten enrollment will number 1,080 children in September 1952. With 26 suggested as the maximum kindergarten group size, that means FORTY-THREE kindergarten classes daily. Last term there were FOUR.

The Hicksville problem is unique only because of its size. Plainview and Bethpage Schools will go on double sessions this fall to accommodate the increased enrollment. This means some pupils will attend a long morning session and the balance will attend a long afternoon session. Or it could even mean, as it will in Levittown district kindergartens, triple sessions.

Some new arrivals in our community unthinkingly blast away at the school authorities for failing to anticipate the problems ahead. Such a view shows lack of study and reasoning. No school system could be developed overnight to handle the mob of children that must be provided with education in the months ahead.

The point we are trying to make is this: When school opens on Sept. 6 there are going to be hundreds of new pupils on the scene. The children of folks who have lived here a year or 25 years are going to be inconvenienced and crowded just as much as the children of people who arrived last month. If Nichols School gets filled to the rafters, the overflow will have to be carted over to East St. School or even to the high school if space is available there.

Thus it becomes imperative that more sites be acquired without delay so the authorities can get on with erecting more buildings.

It is going to call for the finest type of cooperation and understanding in the next few months and years to guarantee our children their education. A notable start was made Monday night at the discussion meeting in the high school.

We hope the School Board will, as a matter of policy, schedule further meetings of this type. At least 1600 more new Levitt houses are going to be occupied in Hicksville in the next six months or less and those yet-to-arrive folks will have the same kind of questions that were asked Monday night.

Hold That Line

A SLOGAN IS NOT MUCH good if it is misunderstood. The Hicksville Civic and Community Assoc. has been hammering away at the phrase "Hold That Line" to emphasize the Hicksville-Levittown boundary line.

The phrase is used not to serve as a barrier, excluding all others, but rather to stress for the benefit of those people who are purchasing homes in Hicksville that they should consider themselves as Hicksville residents for their own welfare.

Perhaps it should be changed to "Keep That Line."

Incidentally, three temporary signs were erected by the Civic Assoc. on the boundary line along Newbridge Rd., Jerusalem Ave. and Old Country Rd. about a month ago. They said "Welcome to Hicksville."

Within the first few days the Newbridge Rd. sign vanished. The lighting company decided that the pole on which the sign was affixed had to be replaced. This week we noted the Old Country Rd. sign, posted near the Parkway bridge, has disappeared.

Can we maintain our boundaries?

Shall We Incorporate?

Two Basic Reasons

The HERALD, in cooperation with the Information Division of the Committee for the Incorporation of Hicksville, will publish this department regularly in an effort to bring its readers a full discussion of this question. The HERALD invites comments and questions on this subject in writing.—Editor.

Ques. Why is a movement underway to incorporate Hicksville now?

There are two fundamental reasons cited by the Committee for the Incorporation of Hicksville: (1) Home Rule, and (2) Preserve the identity of our community.

(1) As for Home Rule, the advocates of incorporation feel that Township Government and Town Law is inadequate to meet the needs and problems of today's fast growing Hicksville. They charge that many pressing local problems are not being solved because of the inability of town government to solve them.

They argue that the Town Board has its hands full with the overall problems of the entire township, which extends from the Atlantic Ocean to the Long Island Sound, an area of 106 square miles and 60,000 people.

Hicksville School District is an area of 6.8 square miles with a population of over 12,000. In other words, 20 per cent of the population lives in the largest community in the Township—Hicksville.

(2) Regarding identity, Hicksville today has no official status. In the eyes of State Law, it does not exist. As an incorporated area it would receive recognition under State and Federal Law, and be entitled to the rights and privileges of a municipality in degree according to its size as the law provides.

Confronted with the established fact that Levitt and Sons is building 2,300 homes in the southwestern part of Hicksville School (as well as fire, parking, street lighting and water) District, and that people are buying these homes with the general understanding that they are taking up residence in "Levittown," there is a growing fear that all of Hicksville might easily be engulfed by the sprawling Levitt development.

A properly presented plea to the U. S. Post Office Department could result in a change of the Hicksville Post Office to "Levittown Post Office," and the same with a request to the L.I. Rail Road regarding the name of the station. With these two official points changed in name, it would be impossible to retain the identity of Hicksville as such, since the School District is actually only a number (Union Free School District No. 17, Town of Oyster Bay) under State Education Law.

For example, most of the Levitt houses are in Union Free School District No. 5, Town of Hempstead, which was known for many years as the Jerusalem School District. Today, it's the Levittown School District.

Sound Off News and Views of VFW Post 3211

I guess you fellows must have thought I took off on a flying trip to Korea or some other foreign country, because for the last three weeks I turned the column over to our Membership Chairman. You see, quite some time ago, he wrote and asked me whether or not I would be willing to give some space to him for a build-up of the VFW insofar as its workings, organizational data, etc., are concerned. I personally feel that he did a good job and really published for the reading of all concerned some very pertinent information. I hope it pays off for your efforts and that some new members are acquired. I'll call upon you again when I go on my vacation next winter.

What is all this I hear about Comrade Hanlon taking off for active duty in the Army? Is that true, Al? I heard and read about reserves being called to duty, but when it comes to our own outfit, brother it really strikes a different and most serious note. No doubt quite a few of the other boys will soon be joining you, fellas, because at least six or eight belong to the active reserves. Al, I can say is good luck to you, Al, and here's hoping that your stay away from us won't be for long. You are going to be missed not only at the meetings, but around town.

Whatever happened to our refreshment man, Ray Froehnhofer? You know, Ray, since you've been on vacation and away from the meetings, we haven't had a bite to eat. So, how's about coming back and putting your famous touch to some good old refreshments after the meetings? Believe me, I'm not the only one that's been missing them.

You know, fellows, it's mighty funny how folks forget to write when they go on vacation. I didn't receive a card from any of you guys who went to Nova Scotia, White Mts., Maine or the Poconos. What's the matter, didn't they have any writing utensils up that way? I saw George Schlesinger of Twin Lawns Ave. riding around the court, side on a motor bike. Looks good, George; how about a ride sometime? By the way, the next time you are out riding, how about dropping down at the clubhouse on Grand Ave., as soon as we are open for business, and state your intentions of returning to the fold. Sure like to have you back.

No-dless to say, our good friend, Charlie O'Rourke, of Hicksville Gables, is still the top man in our recruiting drive. I don't know how many of you active members have really become engaged in a lengthy conversation with any off the men from the Gables Section, but if and when you do, I'm positive you will find that they are all one swell bunch of guys with a lot of ideas that will truly stimulate and promote the growth of 3211. THE OLD SARGE.

WARREN COCHRAN of 206 Lee Ave., Hicksville (arrow above head) was honored with a surprise farewell party recently by his neighbors in Frank Homes and vicinity when they learned he had been recalled to active duty with the U.S. Navy. The party was held on the lawn of his home and the neighbors presented him with a gift. He is one of the first local men to be recalled to duty and expected to be sent to a base in Alaska.

No more news this week folks. Please get in touch with me with your news, as items are few and far between in Hicksville and Duffy Park.

The answers to everyday insurance problems
By JOSEPH E. DOCKOW

QUESTION: Is there any kind of insurance which covers parents' legal liability for damage caused by a boy while riding his bicycle? A little neighbor boy rode out of his driveway and ran into a woman who was passing by. The boy's parents offered to pay the minor medical bills but the injured woman, whose nephew is an attorney, has brought suit for large damages.

ANSWER: This case is another in which Comprehensive Personal Liability insurance would give full protection. Not only would the insurance company cover the insured's legal liability up to the face amount of the policy, it would also defend the suit against him, saving him great expense. The small premium for this type of insurance is well spent.

American Legionnaire

NEWS FROM WASHINGTON, D. C. . . Three weeks ago, the national commander of the American Legion, George N. Craig, made a historic address over a nation-wide hook-up. He warned that the invasion of Korea "is but an item on the timetable of Communism to destroy world peace." On that day the 3,000,000 member American Legion went on record for immediate enactment of Universal Military Training. Last week, the American Legion and Dept. of Defense drafted legislation setting up strong universal military training program for all American youths . . . have reasonable assurance from Capitol Hill that Congress will enact into law . . . on standby basis . . . before the end of 1950.

New legislation provides basis for real military training . . . is far cry from sugar coated version previously sponsored by Legion prior to U. S. involvement in Korean crisis.

Department of Defense credits National Legion Commander Craig with selling congressional leaders on importance of enacting program at this session . . . report Craig has spent 2 weeks on Capitol Hill paving the way . . . avoiding any impression of putting pressure on war-harassed legislators. Legion commander also has enlisted personal support of President Truman . . . promised to subordinate his personal criticism of administration . . . line up national support for new training program.

Although Dept. of Defense experts drafted proposed legislation, Legion is having it introduced . . . will adopt and support in 100 per cent Legion measure.

Theory of Legion and defense planners is that standby authority will pave way for President to implement training program when Korean crisis tapers off . . . start training 18-year-olds to provide pool of trained reserves . . . avoid necessity of maintaining huge standing military forces during 2, 3, 5 or 10 years of possible cold-war jitters.

In early stages . . . regular active duty personnel would be used to drill trainees . . . thereby permit release from active duty of non-regular personnel as replacements became available . . . avoid situation similar to that caused by all-out demobilization after World War II.

New legislation would create National Security Training Corps . . . require registration of all male citizens . . . and aliens intending to become citizens, between 17 and 18 years . . . induction at 18 for one-year training . . . or its equivalent in terms of combination of basic training and training in or for regular service or with reserved components of armed services.

Trainees would be subject to 6 months' basic training unless sooner terminated by enlistment in Army, Navy, Air Force, Marine Corps or Coast Guard, after which they would be required, subject to quotas and standards of qualifications, to enter upon one of 11 optional training programs involving enlistment and service with regular services or any of the reserve components or entrance into service academies or in officer procurement programs.

Legislation sets up strong moral safeguards for 18-year-old trainees, emphasizes that training provided shall be administered and carried out on highest possible moral, religious and spiritual plane.

The Air Force intends to use civilian flight training agencies to train pilots in primary, basic flying, will survey World War II civilian contract flying schools and standby AF bases to determine best locations for civilian staffed training bases. Air Force estimates that facilities for approximately 1350 student pilots will be required in civilian flight training schools operating under AF contracts. Bases where schools will be located, as well as T-6 training planes used in pilot instruction courses, will be provided by Air Force.

NEWS AND VIEWS FROM CHARLES WAGNER POST 421—Result of the percentage we received from the Ringling Bros. Circus and Carnival was \$1,189.36. This just shows all of you that a little effort goes a long way. On a motion made by Walt Coane, it was decided we turn over \$500 to the Legion Hall Inc. Building Fund. We matched up the \$500 which was donated by the Ladies Auxiliary two weeks ago. . . . The following committee has volunteered to work the refreshment stand at the coming PBC boxing exhibition on Aug. 25: Jabour, Chance, Coane, Neas, Schlichting and Becker. We will need more men for that evening, so I would appreciate hearing from more volunteers. Tickets are on sale at the Legion Hall, 24 E. Nichols St., Hicksville.

By HOWARD FINNEGAN

If you have heard that Commissioner-umpire Gus Econopouly of the Hicksville Softball League and Pat Mille of the Jericho team in the local loop aren't exactly speaking of late, your information is correct.

The incident whose attempted settlement was a la Rigney-Semenik has dominated the attention of local sports folk these recent days and the source from which it stemmed merits brief review.

Backboning the case was the neck-and-neck race between Jericho and the Lions for the fourth and final playoff berth. Each had one game to play and in both cases Shady Maples was the opponent. A tie existed between the two clubs coming up to the crucial games.

Jericho was the first to go against the strong Maples. Ralph Ferrara, who shares a like position with Econopouly in the executive department of the league, was head umpire for the game, which saw Jericho jump out in front 5-0. When the sixth inning rolled around, Jericho was still in front in the gathering dusk and the high school clock had already tolled 8 p. m. as Shady Maples started to take its turn at bat.

In that sixth Shady tied the score at 5-5 and forced the playing of the seventh inning. In the last frame Shady pushed over the game winning run.

Jericho still had a chance to make the playoffs if the Maples won over the Lions the next night. Such an occurrence would have left the Lions and Jericho in a tie and made a playoff game necessary to decide the fourth place victor.

Econopouly was the head umpire for the game, which attracted a fairly large audience which had a number of Jericho supporters sprinkled throughout it.

The keyed-up Lions struck early and enjoyed a 6-1 lead as the fifth inning neared completion. The time was 7:55 p. m. when Econopouly and Ferrara agreed to call the game for lack of sufficient light. However, the Jericho supporters called Ferrara's attention to the proceedings of the night before and the umpires went into the sixth inning.

Shady Maples scored three times to make it 6-4 and just before eight o'clock Econopouly called the game. Shady had taken the field for the seventh inning and the storm broke.

Econopouly disclaimed any responsibility for the game of the night before and the time of its completion, but insisted that in good faith he did not have enough light left to finish the seventh inning or even to start it.

Mille protested the stopping of the game but it was official. He and the head official exchanged retort after retort and the pot started to heat.

It finally boiled over and although the usual phrase is to say that cooler heads quickly intervened to calm matters, that was not the case. The cooler heads were there but calmness did not settle in immediately.

So the league, which many said did not have any spark all season, concluded its regular campaign by having all fireworks set off at once.

And by the way, the Lions are in the playoffs.

Trounce Oyster Bay To Keep First Tied

HICKSVILLE—The local PBC easily disposed of Oyster Bay 9-2 to finish the regularly scheduled Police Boys Club season in a flat footed tie with Great Neck at 16 wins, 3 losses each, here Saturday, Aug. 12.

The tie-breaking playoff will take place sometime this week with the winner meeting Seaford, the southern division champions, for the County Police Boys Club title and the right to represent Nassau in the inter-city tournament.

Pitcher Harold Manaskie, Big Ray Guckenberger and Johnny Arent led the Hicksville batsmen with two hits each and since Manaskie gave up only three hits over

the route, the issue was never in doubt past the third inning.
