Plan to Increase School Board By 4 Members; Debate On 'That Line'

LEVITTOWN—A movement to increase the size of the Hicksville School Board to nine members was proposed here Friday night at a meeting of about 350 people who live in Levittown houses in Hicksville. The meeting was under the auspices of the North Levittown Home Owners Committee.

While Maurice Schoenwald, temporary president of the organization attempted to speed action by the audience upon the motion of Robert Baird of Summer Lane, Hicksville, a motion to table the question to a later date was overwhelmingly carried. Likewise tabled was the proposed Constitution of the organization which up to the night of the meeting had 24 members. This week its membership was approaching 300.

Debate Incorporation

A highlight of the meeting was the presentation of opposing views of Ira L. Cahn, publisher of the Levittown Eagle, and Fred J. Noeth of the Herald on the question of incorporating Hicksville as a village, including in its boundaries the Levitt houses in Hicksville.

Discussion on this controversial question was reached at the meeting; however, at a weekend meeting of the executive council of the Homeowners Committee, "it was decided to recommend to all those living in Levitt homes (Continued on Page 4)

Aunt Sily Arrives By RR on Saturday

HICKSVILLE—Aunt Sily will arrive here this Saturday about 11 a. m. aboard the Long Island Rail Road train and be greeted by a delegation of the Hicksville Lions Club, it was announced today by Club President Myron Sauser.

Aunt Sily (he's a solid citizen) will be escorted thru Hicksville by members of the Lions in a parade in "her" honor.

It's all part of the preparations for the presentation of "Aunt Sily," a famous comedy success, by the Lions Club at the High School auditorium on Thursday and Friday evenings, Oct. 12 and 13. Robert Botto is general chairman of arrangements.

Mrs. Georgia Currier, a professional dramatic coach, arrived in Hicksville Sunday to assist the Lions in presenting "Aunt Sily." The show is being given for the benefit of the Ceiling Projector Fund of the Lions Club. All well-known local people will take part in the comedy, a side-splitting farce that has audiences roaring from coast to coast.

PROPOSED SCHOOL for Plainview, designed by Frederic P. Wedersum, which will be voted upon by qualified voters next Monday night, Oct. 9, at the old school between 8 and 10 P.M. at the Manetto Hills School. It consists of five classrooms, principals office, storage space and large playroom which can be converted into two additional classrooms. It is a semi-fireproof building expected to cost \$175,000. The plans have been approved by the State Education Dept.

Plainview to Vote for Second Time on New School, Monday

PLAINVIEW—A new proposal for the construction of an elementary school building here near the site of the Manetto Hills building will be voted upon next Monday night, Oct. 9, at the old school between 8 and 10 p. m. The structure will cost an estimated \$175,900. Two months ago voters rejected, 113—85, a proposed \$160,000 building on the same property. Student census figures were cited today to show the urgent need for additional school facilities in the community.

A year ago in September 152 children were enrolled in school here. Then the census showed 265 children between birth and 18 years of age. At present there are 626 children in this group, 200 of which are below school age and future students, a spokesman for the school district said yesterday.

A letter to all residents of the community signed by Joseph M. Arena, Board of Education president, and Robert E. Tuttle, principal, points out other arguments in favor of the project. Meanwhile, John G. Harbes, former board member, blasted away against the project because it is a "temporary-type" and because of its location. Harbes has urged a school in the (Continued on page 4)

Harbes Blasts Plans For Temporary Bldg.

PLAINVIEW — John G. Harbes, former member of the school board, today addressed the following open letter to the residents, taxpayers and parents of School District 19 regarding the proposed appropriation of \$175,000 for a new school:

"We received a letter from Joseph Arena, president of the Board of Education. Now in this letter we can read between the lines that the facts we have been trying to emphasize in the past are here before us and that the only real solution for our school problem is to build a permanent type-school in the westerly section of the District. For we know that this so called temporary-type of school can only be financed by a 20-year bond issue; the bond issue for a permanent-type school can be issued for a period of 30 years and also the interest rate on a (Continued on page 18)

Island Trees Civics Vote to Halt Legal Fight With Levittown Faction

ISLAND TREES—The Island Trees Civic Assoc. has decided not to press its appeal for the right to have this community become a part of the Bethpage Fire District, it was voted at a heavily attended meeting at the Melody Lounge, here, Monday night.

The homes were included in the Levittown Fire District, which does not legally come into being until Jan. 1, by the Hempstead Town Board over the protests of the owners of Miller homes. Recently, Supreme Court Justice Francis G. Hooley in Mineola turned down the Civic Assoc. plea stating "the court may not sub-

stitute its judgment for that of the town board."

Charges were buried last week by officials of the Levittown fire organization that Stanley Rogers, Civic Assoc. president, and Henry Strauber, Bethpage Fire Commissioner, were "maliciously delaying formation of the Levittown fire dept." in the controversy.

Rodgers said Monday night, after the Civic meeting, "I hope that litigation over the inclusion of Miller Homes section in Levittown Fire District does not cause continuing antagonism. ITCA is withdrawing its appeal so as not (Continued on Page 15)

550 Adults Register For Evening Classes

HICKSVILLE — More than 550 adults are enrolled in the Adult Education program which started on Monday, Director Elzy H. Bean reported last night. Seven classes have been closed to registration due to the heavy enrollment. They are driver training, cabinet making, ceramics, group piano instruction, painting in oils and beginning and advanced sewing.

Persons who wish to enroll in any of the other 30-odd courses may do so by reporting to Bean on the night the class is scheduled. All sessions are held in the high school with the exception of auto mechanics, given at Ulmer and Coue Service Station and behind the wheel of a car in driver training.

Bean would like to stress the importance of regular attendance in class. Classes will be discontinued where attendance drops below eight, he said.

Do you see it in the HERALD.
 The Newspaper You can Count On!

Dear Jean . . .

Oyster Bay Republicans Club will give a testimonial dinner in honor of Congressman and town GOP leader, LEONARD W. HALL, at Bethpage State Park Clubhouse on Wednesday night, Oct. 11. . . . Town Board opens bids next Tuesday evening upon bids for dredging 60,000 cubic yards of fill at Center Island Beach, Oyster Bay Harbor. . . . All Hicksville-Plainview Republican Committeemen, including the new appointees, held a dinner meeting last Wednesday at Frank's Alibi Restaurant at the call of Leader ERNEST FRANGKE. There was considerable attention given to plans for Primary Day next year when Committeemen come up for election. . . . Wonder how Hicksville business men feel about crack made by a Levittown newspaper publisher who tries to sell them advertising space around the year, that they—as well as all other Hicksville people—are a "bunch of old farmers and stick-in-the-muds". . . . Dr. GILBERT GILINSKY of Jerusalem Ave., Hicksville, is the latest to receive a letter addressed to him at "Levittown," delivered promptly to his Hicksville office.

JOSEPH J. ULMER, president of the Bank of Hicksville, is a member of the nominating committee for Nassau of the Long Island Association. The annual meeting takes place in December.

The Hicksville HMA has changed its fall dinner-dance from Oct. 28 to Nov. 11 due to a conflict on the first date with the Kiwanis Charter night. . . . Between 45 and 50 youngsters who were riding the school buses in Hicksville, although not authorized, have been wended out. However, there are today 1,146 children being carried to and from school each day by X-Busart buses, the board learned this week.

WILLIAM F. McNELL, of 47 Underhill Ave., Hicksville, was in charge of a transportation job at Port Jefferson recently which made the front page of the local paper, The Times. The job consisted of moving a DC4 from MacArthur Field to the Acker Co. dock at East Broadway, New York. The giant plane was moved on two 10-ton trucks, each 90-feet long, from the airfield to Port Jefferson docks, where it was loaded aboard barges to finish the trip by water.

THE OLD SARGE is taking a two-week break. His column about the VFW Post will return to the Herald, he promises, with the issue of Oct. 18. . . . We got a phone call this week asking for someone we never heard about. We asked the party what number they were calling. The reply was, "Isn't this HICKORY 3-00000?"

REV. EDWARD STAMMEL, pastor of Hicksville Trinity Lutheran Church, has received a call to assume the duties of Executive Secretary to the Lutheran Friends of the Deaf at Mill Neck. According to the church bulletin, he has not decided whether to accept the call or remain in Hicksville. . . . Have you noticed the new one-hour parking signs installed on Broadway north of the RR to John St. and the "watch our children" signs on Notre Dame Ave? . . .

ROBERT LACEY, Levittown CD director, is quoted in the daily press as saying his organization is including "Levitt houses in HICKSVILLE in the scope of our group's activities." However, the section is definitely part of the Hicksville-Plainview CD zone.

A number of items had to be held over to our next issue and we hope the various authors will understand. The Editor's comments, built around the meeting down in Levittown Friday and an open letter from LAWRENCE A. ROMAN addressed to CAHN is among the delayed material. . . . SID PELLY advises all voters who do not expect to be in town on election day, Nov. 7, for business or other urgent reasons, can apply at their polling place this Saturday between 7 AM and 10 PM for an absentee ballot. Incidentally, if you live south of Old Country Rd and west of the LEEK (down to the township line) you are in one of three election districts. All three, however, will register and vote in Hicksville High School Gym which makes it easy. This includes Levitt houses in South Hicksville. . . . BILL CISLER is serving as assistant to Hicksville Democratic leader WILLIAM DUFFY pending the latter's retirement from the post he has held since 1928.

GIRL SCOUT ACTIVITIES: Cookie Drive Commences Over Weekend Need for Adult Leaders Is Critical

The annual Girl Scout Cookie Drive in Hicksville and Bethpage gets under way this week-end in house-to-house canvases in each community by the Girl Scouts. The cookies are cream-filled and mint-filled and sell for 35 cents a box.

Both communities are desperately in need of adult leaders. Hicksville has 175 Girl Scouts registered and many are on the waiting list. Bethpage has 80 Girl Scouts registered. Unless four more leaders volunteer to help direct the Bethpage Brownie troops, the group will be disbanded temporarily.

Any woman over 18 years of age is eligible to become a Girl Scout leader. A training class for leaders starts tonight (Wednesday) at the Division Ave. School, Levittown, under the direction of Mrs. M. Bottiger.

Further information on becoming a Girl Scout leader may be obtained from the Hicksville Town chairman Mrs. Henrietta Arceci at Hicksville 3-2356-R, or from Bethpage Town chairman, Mrs. Henry Jens at Hicksville 3-2008.

Chief Stanford Weiss of Hicksville Fire Department will accompany a representative of the county fire marshal's office who will speak at East St. Nicholas St. and Parochial School, next Wednesday morning. The high school had a special fire prevention program this week on Monday.

Open house will take place at the firehouse on E. Marie St., Wednesday, Oct. 11, from 8 to 10 p. m. with the public invited to inspect the equipment.

Bethpage Program

Chief Robert Gillespie announces that open house will take place at fire headquarters on Broadway Monday through Saturday, Oct. 14, from 7:30 to 9:30 p. m. Uniformed firemen will be present to explain equipment and answer questions.

Company No. 2 of Bethpage, led by Capt. Edward Schauf, is conducting an essay contest in three schools in the fire district: Bethpage, Island Trees and Flushing. Cash awards for first and second position will be awarded in each school.

Fire Chief Weiss points out that a "clean house helps make a fire-proof house." He recommends "Don't permit rubbish or waste paper to accumulate. Provide metal containers for waste and combustible materials, such as rags, maps. Check all electric wiring for worn insulation. Inspect your heating system now for defective parts. Don't use kerosene, gasoline or kerosene for dry cleaning in the home. Keep matches out of the reach of children. Be cautious when filling cigarette lighters."

'Reverse Nicolai One-Way Street,' Safety Officers Advise At P-TA

Open House at Nicolai Street School and the first fall meeting of the P-TA, was held Thursday night, Sept. 28, at the school with Mrs. Robert Coughlin, president, presiding at the business meeting. About 600 attended the sessions.

Ptl. Flanckett and Ptl. McCauley of the Safety Division of the Nassau County Police Dept. was guest speakers. They said that they had made a survey of traffic conditions around Nicolai St. School last January and had presented their findings to the Town Board.

The patrolmen made two recommendations to the Town Board: no parking on the south side of Nicolai Street and that the street be changed to an east bound one-way street rather than the present west bound.

FIRES *never happen to you!*

... Or do they?

Every year FIRE claims millions of dollars in property and lives, and invariably these fires are caused by carelessness. A mislaid cigarette . . . a faulty heating plant or electrical wiring system . . . oily rags and trash . . . these are just a few of the causes of fires that could have been avoided by just a little effort on the part of some careless persons.

WHAT IS FIRE PREVENTION WEEK?

The second week of October is set aside each year by the National Board of Fire Underwriters for FIRE PREVENTION WEEK. This is a perfect time for you to make a check around your home or place of business for anything that might cause a fire. Remember, a little common sense will go a long way to save you and your loved ones for the horrors of fire.

Your property may be adequately covered by Fire Insurance, but this will not begin to pay for the loss of a life, or personal injury. Be careful, the life you save may be your own.

Now you know

The answers to everyday insurance problems
By JOSEPH E. DOCKOW

QUESTION: I have just gotten a new fur coat which, while not in the \$10,000 class, still represents a sizeable investment for me. The furrier says I should have it insured against theft and I'd like to know how I can have it included in my regular theft policy.

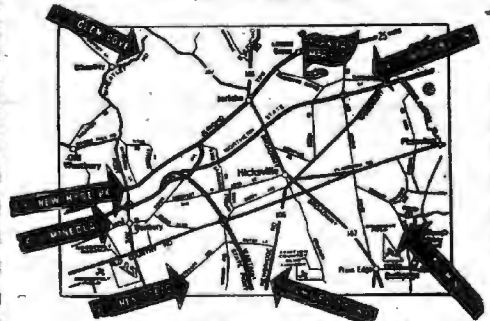

ANSWER: It would be much better to have your coat insured under a special type of coverage called a Fur Floater rather than under your regular theft policy. The Fur Floater can protect you from loss due to accidental damage to the coat as well as loss due to theft. Your insurance agent can give you the full picture of how the policy can be adapted to your particular needs.

PLAINVIEW COUNTRY HOMES: Manetto Hill P-TA Meeting Tomorrow

By ANNE R. ARENA

The next regular meeting of the Manetto Hill P-TA will be held on Thursday, Oct. 5, at 8 p. m. The guest speaker will be Mrs. A. Mityko and her topic will be "Entering the Jungle." Hostesses for the evening will be Mrs. Baumeister, Mrs. Baum, Mrs. Danner and Mrs. Deane. Please try to attend, as the meetings are pleasant and informative. New members are always welcome.

Cub Scout pack 13, Den 2, started their season on Thursday at a meeting at Mrs. Fangfeld's home. Monthly meetings hereafter will be on Monday evenings at the Manetto Hill school.

The night classes at Hicksville High School have a number of residents of this community among the registrants. Some of those attending are Mrs. Zervakos, Mrs. Hudson, Mrs. Atchue, Mrs. Hubbard and Mrs. Baum, also Messrs. Baum, Arena and Miller. The school offers many classes in a wide variety of subjects and our neighbors are taking courses in everything from sewing to public speaking.

We welcome the Koerner family to our community. They are former residents of Brooklyn and are now at 13 Eldorado Blvd. Besides Mr. and Mrs. Koerner, there are three children, Joseph, Rhoda and William. Mr. Koerner is connected with the Veterans Administration.

Mr. and Mrs. Martin Ward of 28 Island St. celebrated their 1st wedding anniversary on Sept. 24. They had quite a party, and a number of their neighbors helped them celebrate. Eugene and Charles Miller, Mr. and Mrs. Wakeman, Mr. and Mrs. Sanford, Mr. and Mrs. Geigetter and Mrs. Gleason were among the guests. We hear that Island St. also helped celebrate another christening the same Sunday, that of baby Jane Virginia Payne, daughter of

Mr. and Mrs. E. Payne of 17 Island St.

Helen and Ralph Atchue of Vernon St. attended the last dance of the season of the Huntington Yacht Club on Sept. 23.

Young Carmine Della Croce celebrated his 10th birthday on Sept. 23 also. His guests included Jeffrey Kovits, Nicky Doan, Bobby Gleason and Jimmy Leight.

Betty and Fred Baum attended the Wednesday night performance of "A Number of the Wedding." The Baums see a good many shows and they felt that this was among the best of the year.

Your truly and spouse saw the Yankee-Boston Red Sox game. It was football weather and my feet were cold up to my neck, but Joseph was happy his Yankee's won.

I'm sure a good many will be glad to know that Mrs. Ruth Cohen of 11 Eldorado Blvd. is available for baby sitting. Her phone is Hicks 3-9453. Better paste this in your hat, as it is nice to know that someone in the vicinity is available.

Mr. and Mrs. Feeny of Vernon have Mr. Feeny's mother visiting with them for a little while.

Harry Hoffmann of 7 Eldorado Blvd. celebrated his birthday Sept. 28. The Hoffmanns are among our newer neighbors, having lived here just about a month.

Harbes Attacks Site, Type School

(Continued from page one)
 permanent type school will be much lower.
 There has been a lot of so-called propaganda going around the district about the so-called site No. 1; such as, that there is a valley running through it and that the State Department of Education will not approve a school for site

No. 1 unless it costs about a million dollars and also that it would take three years to get a title to the land, etc.
 Now we know that there is no valley there and that there is no water and never was any water there and that there must be the best type title to it or else hundreds of loans could not have been approved because the entire Plainview Homes and Briar Park projects and the so-called site No. 1 were one farm at one time.

The State will approve a school on the order of the Plainview Country Homes have sold a large number of homes of recent date which will all have children and they are opening several blocks more. We also know that the present Briar Park project is completely sold out and there will be many more children from this area in the next few weeks. And Mr. Slader is opening up another 125 house project and many of the foundations are already in so you can see we certainly need a school in the westerly end of the district.

The letter shows that we have 152 children attending our school. When we told the folks that they would be here we were told that we were over estimating our potential amount of children that will be here. Now 152 are in school and the State recommends 25 to 30 children in a class room so here we have it again that a 5-room school will be completely filled at present without the hundreds of children coming into the district before a school is even finished.

We know that the Plainview Country Homes have sold a large number of homes of recent date which will all have children and they are opening several blocks more. We also know that the present Briar Park project is completely sold out and there will be many more children from this area in the next few weeks. And Mr. Slader is opening up another 125 house project and many of the foundations are already in so you can see we certainly need a school in the westerly end of the district.

We see the increased amount stated in the letter and everyone knows that the increase in homes is in the westerly end of the district. Now we also know that this increase of from 70 to 152 plus the children who attend other than our public schools has already caused the addition of one extra bus and we now have three buses and we are running half time or saving half the children in the morning and the other half in the afternoon. Now doesn't that show that if we were running a full time school day and carting all the children at one time we would need six buses or else get the children out all hours of the morning and have them waiting around the school until late at night before being brought home?

We know that the children living in the outlying areas of the district and children living in the Model Farms section where there are no sidewalks or curbs should always be transported and it makes no difference whether these children are carted to a school in the westerly section of the district or if they are carted to the present school site but the hundreds of children that will be in the westerly section of the district will cause our transportation problem and cost the taxpayers more for transportation than it will for education and at the same time cause tremendous inconvenience to all the children of the district and to all the parents if we build a school in the wrong location.

We certainly agree with the State's recommendation and with the former advisory committee who put in a tremendous amount on this matter and every one agreed that a school should be built in the westerly section of the district and it should be a school to match with our surrounding communities because our children are entitled to the same type school as the children of any other district. It is also a fact that

Plainview Civics Endorse Project

PLAINVIEW — Plans for the proposed new elementary school were unanimously approved by the Plainview Civic Association at a recent meeting, according to Mrs. Louise Weber, president.

Joseph Arena, president of the School Board, presented details of the \$175,000 one-story building to the members. The proposals will be presented to voters of the district next Monday, Oct. 9, at 8 p. m. in the schoolhouse.

when many folks go to buy a home or a car they do not consider a few hundred dollars or when they go to buy a dress or a suit of clothes they do not consider a few dollars one way or the other but when it comes to having a few dollars extra school taxes so that the children can have a decent school they forevermore grumble about it and to the above they will say that it pays to buy a little better.

Now the taxpayer is not only interested in the cost of a new school because what folks are mostly interested in is how much it is going to cost in taxes per year to operate the project? So if we take longer term of bonds, lower rate of interest, tremendous saving in transportation plus inconvenience to the children and the parents we will have to agree with the folks that say it always pays to buy a little better and do things right because it costs less in the long run.

The motion to cease litigation by the Civic group was made by Joseph A. Goring Sr. and seconded by Mrs. James McGovern. Field Club Opens Against Falcons

The Hicksville Field Club will open its 1950 campaign under new coach George Buschbaum next Wednesday night, when the Black and White is scheduled to face the Long Island Falcons under the Freeport Stadium lights.

A return game for the Hicksville gridiron will be arranged at a later date.

Semi-pro football got an unexpected boost, Sunday, when the Glen Cove A.A. opened its season before a surprisingly large home attendance.

Coming on a hot afternoon which was definitely not football weather, along with the fact that most of the population was glued to radio or television sets intent on the outcome of the National League baseball race, the box office business lent hope that Nassau fans aren't quite ready to give up on the game.

X-Country Runners Will be Off at Bethpage

Bethpage State Park will be the scene of the debut of Lou Millevoite's Hicksville High cross-country team this afternoon.

The Orange and Black launches the season as an unknown quality but individually Millevoite hopes for big things for Mario Bianco and Billy Patton. Both lads are now 13:50 men and as the season progresses Millevoite hopes to cut their time down.

He also has two 14-minute men in Bob Silva and Ed Brandis. His other squad members are over the 15 minute mark with the chance some may come through unexpectedly.

Included in that group are William Bundschuck, Dave Mathie, Richard Thurer, John Sellers, Sal Marzeolo, George Grecco, Roy Grant and Chisolm Raeburn.

Harry O'Mack is a varsity member of the football team and he can't be counted on to be much help to the Comets when they seek the North Shore championship on Nov. 4th.

Football Comets Rest

An open date Saturday gives the Hicksville High football Comets a rest this weekend. Only time will tell if it will prove of value to a club which in splitting its first two games gained a total of 633 yards passing and rushing it was apparent against Great Neck that the team had found the scoring touch and Comet fans want to see that ability kept in high gear.

Dick Scott, who has averaged almost seven yards per carry, what with 165 yards gained on 24 carries is fast becoming the number one player for the Orange and Black. His touchdown run against the Blazers was one of the best executed plays the Comets have pulled off in three years, and for the most part he was on his own.

Ellis Stetz picked up 41 yards in 13 carries at Patchogue despite some very poor blocking, and with that improved, plus running from the fullback slot, he got 75 in 11 tries at the Great Neck line.

Mrs. Crawley's Notebook

Coach Dick Crawley of Oyster Bay had his best scout jotting down the various aspects of the Hicksville High attack at Great Neck Saturday. It was his wife, who has fast become one of the best known and liked figures around Nassau Scholastic sport circles.

There is no doubt that Mr. Crawley got a good detailed report on what the Orange and Black has to offer.

However, there is some doubt if he has learned of Harold Manaskie's passing ability, since it came to light in the fading minutes of the game and Mrs. Crawley was on her way out of the bowl.

The appearance of Manaskie on the field revealed that Coach Jaworski has an offensive weapon no one knew he possessed. If the going gets rough on the ground, the Comets could have a far better chance in the air than most believed they would.

It Was Not Seventeen

An over-zealous report by a properly elated Suffolk reporter credited Patchogue with recording 17 first downs in its victory over Hicksville.

It is a little hard to understand how anyone looking at the game could come up with so large a number when it was very apparent that the Comets, despite the loss, did hold a mastery on the over-all defense.

It is relatively unimportant, but since we carried the correct total of eight first downs (four of them gained on penalties against Hicksville) for Patchogue, we would like to go on record again with that number.

Our little notebook, in which we write down every play as it happens, assures us that our total was correct.

Hicksville Crushes Great Neck 19-0

GREAT NECK—Hicksville High stabbed fast and true in the early minutes here, Saturday afternoon, as halfback Dick Scott took a lateral pitchout from End Ray Guckenberger and swung down the left side line 51 yards to a touchdown which started the Orange and Black on its way to a convincing 19-0 win over the homesteading Blazers.

Scott crashed over from the one-yard line in the third period for the second Hicksville score and the final tally came in the fourth quarter when Ted Schwarting made a fine catch of Elias Stetz's seven yard jump pass in the end-zone.

Brilliant Score

Hicksville's first offensive thrust was the highlight of the day for the 600 or more fans who watched the game on a clear but humid day.

After the Blazers could do little with the opening kickoff the Comets gained possession on their own 13. A Stetz to Scott running lateral play picked up 19 yards. Math Trangali, a converted lineman, plunged for 4 yards and Scott ran the right end for 9 more yards. Stetz bulled 6 yards to the Great Neck 40 and the stage was set for the scoring dash.

Stetz passed to Guckenberger three yards over the scrimmage line and Scott, going full blast, gathered in the immediate lateral and scampered through the Great Neck secondary for 51 yds before the Blazers could get their breath. Ernie Evaschuck adrired the rightend for the extra point and Hicksville led 7-0.

Improved Flaying

In gaining their first win the Comets showed to much better advantage than they did in the season opener at Patchogue. Their defense held the losers beyond the Hicksville 40 yard line during the entire game and when the Blazers filled the air with passes they were equal to the task.

The blocking was greatly improved. With Elias Stetz running out of the fullback slot their attack possessed much more power and aided the deception of Scott who even excelled what was a fine performance at Patchogue.

The Comets appeared weary in the second period but after the halftime rest they resumed their touchdown quest.

Hicksville took the second half kickoff and rolled 65-yards to a score. Scott and Stetz shouldered the running burden and picked up 44 yards between them. Great Neck tried to brace when the march reached the 14-yard line but a nine-yard pass completion from Stetz to Schwarting applied the crusher.

Scott ran 8 yards to the one and on the next play rumped over right tackle for the score. A pass attempt for the extra point was broken up and the score stood 13-0 in favor of Hicksville.

85-yard Drive

The final Hicksville drive for a score started on its own 12-yard line. The distance required was covered in just 12 plays. Evaschuck gained 11 and in two running plays Stetz creased 23 yards. Harry O'Mack took a lateral for 7 yards and Stetz plunged for a like number.

40 Evaschuck went wide around the left side and with a key block thrown by Stetz he was able to reach the 17. Two plays later Stetz dashed 11 yards to the five.

Great Neck held for three downs and even had a Hicksville outside to help it but Schwarting made a fine catch of Stetz's fourth down toss for the score. The placement attempt was wide.

With seven minutes left in the contest coach Chet Jaworski flooded the game with subs and they did very well not only in holding the losers but threatened to score on three occasions as well.

For the fans who remained until the finish, sub Harold Manaskie provided two excellent pass completions when it was almost a sure thing that he was trapped way behind the line of scrimmage. Both were good for more than 20 yards and the last one was successful when Junior Caruso made a sensational on-the-ground grab.
