Claims 'Levittown' Address Instead Of Hicksville, Wantagh FD Answers

HICKSVILLE—A new Levitt-built house in the south part of this community was damaged by fire Monday night but Hicksville Fire Dept. received no notice of the alarm until the emergency was over. Local fire officials said today the incident emphasizes the importance of "Hicksville people giving their correct address."

A telephone company official told the Herald yesterday that at 10:44 p. m., Monday, their operator received a call that the party on the line wanted to report a fire at "2 Fork Lane, Levittown." At 10:45 p. m. the alarm was put thru to Wantagh Fire Department which was given the information.

Norman Modell, who lives at 2 Folk Lane with his wife and two small children, claims he told the operator he wanted "Hicksville Fire Department." The phone company has no record of a request for Hicksville Fire Department and no record of an alarm being placed with it.

The fire broke out in a second story bedroom but quickly was brought under control. East Meadow firemen were also advised of the "Levittown" fire but declared it was out of their territory. Wantagh, the Herald learned, responds to Levittown fires on all streets not within the coverage of East Meadow.

About an hour after the alarm was given, the Wantagh Fire Chief got in touch with Chief Stanford Weiss of Hicksville to report that the fire was in Hicksville District. By then the blaze had been extinguished. Weiss went to the Modell home at once to inspect the damage and get a report from the occupants.

An informal estimate placed the damage at about \$500. Mattresses in the children's room were ignited by a faulty electric wall heater.

Hydrant Rental Riles Plainview

PLAINVIEW—Members of the Fire Company here went on record Monday night, as protesting the proposed hydrant rental fee in the district as "prohibitive." They will send their resolution to the Oyster Bay town board.

The subject was expected to get a full airing at the civic meeting last night. The town tax bill next year is expected to show a 16-cent fire tax for Plainview and an additional 12-cent hydrant rental charge to be paid the water district. The firemen object to the fact that the tax will not be separated but rather will show the "fire" rate as 28 cents per \$100.

Wants Bells to Ring In Township Tuesday

WESTBURY — Supervisor Henry Curtis has set for Tuesday, Oct. 24, as United Nations Day for the township, celebrating the fifth anniversary of the UN.

He requests "that every bell in each community in the township ring out at 11 o'clock in the morning of Oct. 24 as a reminder to every citizen to join the rest of our country in a prayer for the success of the UN." A special program will take place in the Town Hall, here, at the same hour, to which everyone is invited "for the purpose of joining in prayer" for peace with freedom.

Studio of Fine Arts Begins Second Year

WESTBURY — Mrs. Frank Waldecker, the former Lillian Curtis, Boston-born dancer, and Mrs. Evans Kell, housewife turned business entrepreneur, have opened the Westbury Studio of Fine Arts for the second year, after being closed for the summer months. The studio has an enlarged staff and curriculum to include a dramatics department.

Miss Curtis has performed in all leading theaters and night clubs on three continents, including the Roxy and Capital in New York, the Chicago and Oriental Theaters in Chicago, the Orpheum and Golden Gate in San Francisco, the Little Quarter in Boston, Normandie Roof in Montreal, the Palladium in London, the Folies Bergere in Paris, and the Casino Urquie in Rio de Janeiro.

The business and management details of the studio are handled by Mrs. Kell (pronounced "call") a former secretary for a well-known New York executive. Mrs. Kell had been pleasantly resigned to the role of housewife and mother until she realized her past experience could be put to beneficial community use through the Westbury Studio.

Bethpage registered 1,286 in the 2nd district and 1,669 in the 26th district. Jericho's 4th district has 1,091 compared with 885 last year. Plainville's 27th district registered 892.

In Hicksville the registration figures are: 3rd, 820; 10th, 715; 19th, 1,684; 20th, 800; 39th, 1,630; 40th, 1,232; 41st, 1,414; and 42nd, 884.

The status of Hicksville, with 9,853 voters, among villages of the county can be seen by comparison with other areas: Garden City, 6,891; Hempstead, 10,650; Rockville Centre, 9,790; Valley Stream, 10,685; Levittown, 18,144.

Levittown districts are in the 2d assembly district, Town of Hempstead. Hicksville districts are in the 4th assembly district, Town of Oyster Bay.

Dear Jean . . .

LEBUT WILLIAM ABERN of 210 Central Avenue, Bethpage, was one of the contestants on BLIND DATE, Thursday night, on the ARLINE FRANCOIS TV show. He succeeded in making the blind date, and they were judged the best couple, which entitled them to an evening at the Cypresses.

Classes are held Thursday afternoons at the Levittown Community Church, Amies and Periwinkle Roads, starting at 1:30 p. m. for expectant mothers, under the auspices of the Nassau County Health Dept. . . . HENRY A. CURTIS, son of Dr. and Mrs. E. A. CURTIS of Hicksville, is in charge of a new educational series on WHLI-FM, Hempstead, starting this evening (Wed.), at 7:45. Henry is instructor in Geology at Hofstra and the opening series concerns the Island's geological history . . . There has been much to do in the papers about dogs on the roam being picked up in Levittown by the town dog catchers. Oyster Bay Township has no such ordinance on the books, which means that dogs north of the town line in Hicksville are not subject to such pick-ups . . . These new bus depots along Newbridge Rd. are very attractive and practical. However, the one next to the Dwyer farm is in Hicksville, although it is plainly labeled "Levittown." And a big sign on the side of Newbridge Rd., also north of the community and township line, reads "This is West Village Green of Levittown, the Garden Community." That shopping centre is in Hicksville . . . This is National Letter Writing Week.

The Post Office wants you to write to all friends and acquaintances with whom you have not been in touch for some time . . . A report from the County Cancer Committee reveals that Hicksville-Jericho raised \$302.09 of its \$1300 quota, or 53 per cent. Bethpage, on the other hand, raised 218.5 per cent of a \$360 goal, or \$789.95 . . . "We Live Like Kings on \$5 a Week" is the title of an article in November True Experience by MARGARET STEVENS. Local newsmen had promotional material about the article this week describing the author as a resident of Autumn Lane, "Levittown." This street is about a half-mile into Hicksville. The Stevens first owned a Cape Cod house built by LEVETT, then bought the 1940-TV Ranch House, which they now occupy in Hicksville . . . Article only mentions Hicksville once, and then to say that's where commuters can get the train . . .

The BETHPAGE SWEET SHOP is going to give away six 10-pound turkeys on Nov. 20. Coupons are given with purchases . . . With the many school buses now being used in this area, we'd like to remind motorists that it is unlawful to pass a school bus from EITHER direction when it is taking on or unloading children . . .

A new civic group in the Levitt house section in Hicksville is in the making. It will be known, according to one of the active civic leaders, as the "North East Association." . . . JACK LECKIE announces that he is a candidate for Hicksville Fire Commissioner in December to fill the vacancy caused by expiration of the term of BILL BRAUN. Another ex-Chief, DAN MUNCH, previously announced his candidacy for this position . . . Long Beach is having difficulty with school doctors. Physicians there are said to have refused to provide service until their demands for more money are met. The same kind of a situation is said to be developing right near HERE . . . Patrolman ED PLAT, who covers the school crossing at Old Country Road and Jerusalem Ave., Hicksville, will retire from the police on Oct. 31. He joined the force in Aug. 1925, and makes his home in Farmingdale . . . Recently COUNCILLMAN FRANK CHLUMSKY and a Lighting Co. official made a tour of new developments in Hicksville to check on the need for street lights. The potential cost of providing this service is said to be staggering. Developments now have the service lines behind houses, which means that each street light must have an individual ornamental pole at a cost several times above what an ordinary pole fixture costs . . . Public drawing takes place this Friday evening at 7 o'clock at KRAFT Jeweler to decide winner of women and man's watches. No obligation. Just stop in and say hello to this new proprietor . . .

We can't allow the "Aunt Silly" show to pass into history without a special word of appreciation from all of us who enjoyed the performances. The members of the cast deserve special credit for the fact that they took their parts and rehearsed without rest to get the production ready in less than eight days. Some even had less time than that. JOHN FERONE, for example, got his script within hours of dress rehearsal. HAROLD WAHNE, who had the Al Brady part down pat, substituted at the last minute for MAYOR HARBNEY. ELEANOR BOTTO and her daughter, APRIL, were wonderful in their parts and so was PAT HOLDEN. The heaviest burden fell on the title role, Aunt Silly, very capably handled by FRED WALTERS . . .

Town Adopts Farm Market Law ... Fast

OYSTER BAY—The Town Board adopted the new ordinance planned to regulate and control "farm and merchandise markets" in the Township immediately following a public hearing here, yesterday morning. The meeting was attended by large delegations from Massapequa, where these such markets are operating. The Board also received a telegram of endorsement for the Hicksville Business Men's Association, Inc., expressing the hope "we trust that this law provides adequate safeguards for regularly established retail businesses." EMA President Pat Buffalino said, "Hicksville business men find it impossible to attend your public hearings in the morning."

Merchants Request Hearing at Night

OYSTER BAY — The Hicksville Business Men's Association, Inc. has asked for an adjournment of the public hearing upon the proposed change of direction for W. Nicholas St. and that the hearing be held in Hicksville in the evening.

The proposed amendment to the parking ordinance came before the Town Board, yesterday. It would reverse the direction of traffic to make it one-way from west to east into Broadway and would prohibit all parking on the south side of the street.

Businessmen, gravely concerned about the proposal, want the hearing held in Hicksville so that as many as possible will have an opportunity to express their views.

Incorporators Speak To Various Groups

HICKSVILLE — The speakers committee of the Committee for Incorporation of Hicksville has already filled several dates and has more scheduled for the balance of the month.

The committee will have a representative at the Order of Eastern Star meeting on Oct. 25 and at the Hicksville Lions Club on Oct. 25. The Charles Wagner American Legion Auxiliary has invited a speaker for Friday night, Nov. 3.

Joseph Byrne and Lawrence A. Roman were speakers for the committee at the Republican Club meeting last Friday night at the Masonic Temple. Walter McCoy spoke for the committee at the Charles Wagner Legion Post meeting. Roman spoke at the Business Men's Association meeting at the Legion Hall on Oct. 5.

Organizations interested in having a member of the committee attend to speak on this program are asked to contact Mrs. Lucia McIntosh, speaker's division chairman, at 6 Howard St. Her phone is Hicksville 3-0460.

Record Turnout For Inspection

HICKSVILLE — Volunteer firemen are on equal terms with members of the United Nations in that they are immune from civil liability for acts done by them. Henry G. Eisenmann told 150 members of the local department at their annual inspection, Saturday night.

Eisenmann, member of the department for 25 years, is a prominent real estate and insurance broker. He discussed legislation which protects firemen and provides injury and death benefits in time of emergency.

He was introduced by Vincent Braun, member of the Board of Commissioners. Eisenmann was present despite a fractured shoulder and arm. He wore a heavy plaster cast.

William Braun, chairman of the fire board, told the assembled firemen that after 25 years as a commissioner he is not a candidate for re-election in December. He was given a rousing vote by the firemen. A dinner served in the firehouse followed a parade and inspection which was one of the largest turnouts of the vamps in recent years. The parade was led by the high school band and fire commissioners along Broadway, Herosog Pl, Jerusalem Ave., Old Country Rd., Broadway and back to the firehouse.

Chief Stanford Weiss and his assistants with Commissioner Harry Glickler conducted the inspection of the men lined up in front of the firehouse on E. Marie St.

Levitt Takes Deposits for Jericho

JERICHO — Although no development plans for the acreage here owned by Levitt & Sons, or subsidiaries, have been submitted to the County Planning Commission for public hearing as yet, you can place a deposit upon a Levitt house to be built here which will cost \$14,000, the Herald learned this week.

Informed circles declare that Levitt will build approximately 1,500 houses in Jericho in the \$14,000 class, said to be a modified version of the \$18,000 Levitt house built this year in Roslyn.

The Levitt organization is said to have acquired most of the acreage between Robbins Lane (Airport) on the east and the Wicks farm on the west lying between the Northern State Parkway and

Jericho Turnpike. There are some individual owners remaining in this section also.

You can place a deposit upon a Levitt house in Jericho at the official exhibit of Levitt and Sons on Hempstead Tpce., a local resident informed the Herald.

As yet, no public hearing upon proposed development of the area by Levitt has been scheduled by the County Planning Commission and up to last week the Oyster Bay Town Building Department had received no applications for permits to build.

STAN GALOWIN and his Musical Hayseeds will provide music for the square dance to be held this Saturday night, Oct. 21, at the Hicksville High School gym at 8:15 p.m. Stan does the calling and will give instructions in square dancing. In the same area at the corner of Hazel St. and Washington Parkway, Hicksville, a variance to install two 20,000 gallon fuel oil storage tanks and pumps will be requested by Robert Lautem of 20 Central Blvd. Bethpage.

Allen C. Bardwell of 20th St., Jericho, will ask the Board for a variance to build a breezeway and attached garage to present non-conformed residence on the west side of 20th St., 100 feet south of Burke Ave., Jericho.

Berjerry Bldg. Corp of 4 Myers Ave., Hicksville, will seek variances to continue to build houses on less plots than the ordinance allows located on 11th St., east of Irving St., Hicksville.

Lecturer Sees Way Out in True Prayer

WESTBURY — Each individual today can find healing for himself and bring healing to others as he learns to turn to God with the prayer of spiritual understanding. Herchel P. Nunn of Portland, Oregon, declared here last Saturday, in a Christian Science lecture.

God, and learning how to avoid oneself of the unlimited good He provides.

Atomic Damage Book Available

HICKSVILLE — "The Effects of Atomic Weapons," a book published by the Federal Government is now available at the Hicksville Free Public Library, it was announced this week by Librarian Marjorie Cecil. Since New York City and the airplane factories and airfields in the vicinity are probably atomic bomb targets, it is advisable for those in the area to learn the effects of atomic bombings and what is to be done to minimize the harmful results of their use.

The speaker maintained that the effectiveness of Christian Science in dealing with human problems rests upon the understanding of God and the real man which it offers.

He said this understanding has a transforming effect upon a person's whole outlook toward life — and that it brings physical healing. He told of several specific healings brought about by prayer as understood in Christian Science.

"To know God as good, as divine Principle, and, at the same time, to know Him as infinite divine Mind, the one and only real Mind, the only Mind of man, is to find a new basis for thought and life," he declared. "To know God thus is to find the way of man's deliverance from evil, disease, and death."

Renfrew Movie This Saturday at Church

HICKSVILLE — "Renfrew on the Great White Trail" will be shown at the parish hall of Holy Trinity Episcopal Church this Saturday, Oct. 21, at 2:30 p. m. All boys and girls are invited to attend.

Speaking of God as basic cause, or the Principle of all real creation, he declared:

"This Principle, this Cause, is infinite good, always expressing good, always effecting good, thus silencing evil and the suggestions of evil."

He made clear this requires a deep regeneration of thought and character, brought about by active spiritual or divinely mental effort to purify one's thinking of everything that is unlike the nature of God.

Mussler Returns To Duty at Sea

RHODE ISLAND — Edward Rhoads, Sr. of Wakefield, and formerly of Field Ave., Hicksville, has returned to duty aboard the USS Midway after spending a month with his family at Wakefield.

Mr. Nunn explained in considerable detail what is required of an individual in order to gain the understanding of God, as taught in Christian Science, a sufficient clarity to heal the sick and destroy other forms of troubles.

St. Sunday Mass
For St. Ignatius
HICKSVILLE — An additional Sunday Mass at the Parochial School auditorium on East Nicholas St., here will be held at 9 a.m. It is announced this week by the Rev. George Bittermann, pastor of St. Ignatius Catholic Church. There is also an 11:15 a.m. Mass held at the school in addition to 8 Sunday Masses in the Church.

Mr. and Mrs. H. Vareca of 2 Mercury Pl., Hicksville, entertained Mr. and Mrs. Vitello and children and Mrs. Vitello, Sr., of St. Albans on Sunday.

Accuracy in Address Is Important

By FRED J. NOETH

IT ALMOST SEEMED as if we knew what was going to happen—and it did happen. Last week we discussed here the proper method of sounding an alarm for the fire department and for the particular benefit of people who live in houses built by Levitt and Sons in Hicksville, we wrote:

NOETH

"To save valuable time in reporting a fire, you are urged to state your address as 'Hicksville' if you live north of the township line. Otherwise the call might be referred to East Meadow, Bethpage or Wantagh fire companies which have jurisdiction in sections of Levittown but NOT in Hicksville Fire District."

And then, Monday night, there was a fire in a Levitt-built house well within the Hicksville Fire District. The fire occurred at the corner of Fork Lane and Lantern Rd., a site which used to be the Dwyer farm. It is within feet of the 9-acre tract on Fork Lane which the Hicksville School District has voted to purchase from Levitt & Sons for the proposed South Hicksville elementary school.

We accompanied Chief Stanford Weiss to the scene of the fire after midnight Monday, and spent a good part of yesterday trying to track down the circumstances of just why Wantagh and East Meadow Fire Departments went to the scene and Hicksville Fire Headquarters did not hear about the emergency until advised by the Chief of Wantagh.

According to the most reliable information available, we find that Hicksville was

not called because the address of the fire was given as "Levittown."

East Meadow refused to have anything to do with the fire because they were certain it was not within their jurisdiction. Wantagh was not certain, but might also have refused to respond. If a Levittown Fire Department was in business today (and it won't be official until after Jan. 1), it might also have refused to respond.

Which raises a deadly question: Would you rather say you live in Levittown (which you don't) and have your house burn down, or would you rather be accurate and get the protection to which you are entitled?

Hicksville has one of the best equipped fire departments on Long Island. It has five companies of volunteers, seven pieces of fire apparatus which represent an investment on the part of Hicksville taxpayers of thousands of dollars.

This is how the telephone company attempts to serve when an alarm is given:

You pick up the phone and state you wish to report an emergency—a fire. The operator will ask you for your address. If you say "Hicksville," she'll connect you directly with the Hicksville firehouse, where there is an unlisted phone covered 24 hours a day. If you say "Levittown," however, you may come under the protection of East Meadow or Wantagh or possibly Bethpage. In these areas the street name may be a clue and the phone company has devised, for its own protection, a street name listing which gives the clue as to which fire group is concerned. However, this is an improvised system at best, since there are new streets being settled almost daily. Therefore, the person reporting the fire should give as near as possible their correct address and protection area.

All homes north of the Township line and west of the Parkway extension (speaking of the area built up by Levitt & Sons) are in Hicksville.

Registration: 2 Kinds

MOST NEWCOMERS and a good number of older residents get understandably confused these days with the various and assorted registrations which are required of voters. There are two types of registration locally.

GENERAL VOTING—You must be registered at your local polling place to vote at the general election (Nov. 7) for candidates for federal, state, county and town positions. Since the entire mid-island area is unincorporated, you need not register each year. However, to make sure you are "carried over" on the books from year to year, it is always well to check on the registration days. Only areas which are incorporated and have a population of 5,000 or more require personal registration before each election.

SCHOOL VOTING—You must register if you are a qualified voter in Hicksville School District to vote for school trustees, vote upon the school budget, library budget, and upon special questions submitted during a school year. Personal registration of this type is also required in Levittown (District 5) but is not required in Jericho, Bethpage, Plainview, Island Trees, etc.

If you have just moved into the school district and wish to vote upon the proposal (on Nov. 14) of a \$865,000 bond issue for the Lee Avenue School, you must register at Nicholas St. School (one central point in the district, not to be confused with general election polling places) on Saturday, Nov. 4, between 8 and 10 p. m. If you registered at any time since last April in Hicksville, you are on the books until next April, and need not register on Nov. 2.

Many folks confuse the two types of registration. They are separate and distinct. If you register for general elections, you are not covered for school issues, and vice-versa.

Registration of voters is not required to elect fire commissioners (any qualified voter of the district) or water commissioner (resident-taxpayers only).

The qualifications for school voting will be published prior to the school voter registration on Nov. 3.

Here's Your Chance To Win \$80 Prize

Everyone is invited to submit entries for the design of an official seal for Hicksville. Rules of the contest were announced today. Participants need not be residents of Hicksville.

- 1—SIZE OF SEAL—About 8 inches in diameter
- 2—SHAPE—Any shape.
- 3—FORM SUBMITTED—Black pencil or ink in white paper.
- 4—ELIGIBILITY—All persons eligible.
- 5—NUMBER OF ENTRIES—No limit.
- 6—NAME AND ADDRESS—Print plainly on back of entry.
- 7—CLOSING DATE—Must be received by the Herald by Nov. 30, 1950.
- 8—OWNERSHIP—All entries become the property of the Committee for the Incorporation of Hicksville.
- 9—JUDGING—A poll taken by the Herald will determine the winner.

10—PRIZE—Winner receives \$10 cash award immediately, plus \$50 in cash when Hicksville becomes incorporated.

SUGGESTIONS—A simple shape such as a circle, oval or shield is recommended. Try to include a suggestion of Hicksville's historical past; for instance, its purchase by Robert Williams from the Indians. The seal should be simple and appropriate. The idea and design of the seal are more important than perfection in drawing. Wordings to appear on seal might include (1) "The Incorporated Village of Hicksville," (2) The date of its purchase from the Indians, (3) Any appropriate slogan or words (in Latin or English) relating to the idea submitted.

LIBRARY HOURS: Weekdays 1 to 9 PM. Saturdays 9 to 12 Noon.
MARIAN CECIL, LIBRARIAN

"Make friends with books." That is the slogan for Children's Book Week Nov. 12 through 18.

This year Book Week in Hicksville will have special significance for it will mark the opening, if possible, of the new children's library. Carpenters, masons and electricians are now busy converting the four car garage, an attractive building of the same construction as the main library building into a separate children's room. With large picture windows facing south and book shelves lining the other walls, the room will house the library's collection of almost 6,000 children's books. This room will serve the young people of our community from pre-school thru junior high school.

UNDERSTANDING OUR TIMES

Two Important New Books
Can you read behind the headlines of your daily paper? Do you know where Korea is located, or what kind of people make up this peninsula? Do you know the problems involved in the settlement of the Korean war? **KOREA TODAY** by George McCune provides an historical background and an analysis of the American and Russian military occupations, the effort of the United Nations to deal with the problems of unification of the country, and an appraisal of the United States program of economic and military aid to South Korea. Professor McCune wrote out of a deep love and intimate knowledge of Korea, having lived nearly half his life there. As an official of the State Department in 1944-45 he was instrumental in shaping decisions at a most important time in Korean history.

ATOMIC WEAPONS
For a vital survey of what to expect from atom bomb explosion, its blast and radiation effects on people, read **THE EFFECTS OF ATOMIC WEAPONS**, prepared under the direction of the Los Alamos Scientific Laboratory, Los Alamos, New Mexico for and in cooperation with the United States Department of Defense and the Atomic Energy Commission.

This book since its publication about two months ago has become a best seller at the Government Printing Office where 45,000 copies have been sold.

IN A LIGHTER VEIN
If you laughed at the antics of the Gilbreth family in **CHEAPER BY THE DOZEN**, you'll enjoy the author's new book **BELLES ON THEIR TOES**. You'll find this and other popular best sellers at your public library today.

Herald Reader Opinion

Another Vote For Hicksville

Dear Sir: Enclosed you will find \$1.00 which I hope you will forward to the Hicksville Civic Assoc. Thru your editorials I find that we of South Hicksville are represented by a group calling themselves the NLPOA. As far as I am concerned, no one is representing me, as I feel that since we are in Hicksville we will support it and be represented by it.

I have read that an issue was brought up about garbage disposal. As a city person, I am used to civil service and its workings, and find I am not entirely satisfied with the independent garbage companies used out here. I do not know what the taxes would be for this service, but I am sure it cannot exceed the \$12 a year I am paying now. Perhaps we all started off on the wrong foot, but when we came here we were under the impression we were in Levittown.

Our excitement or panic when we found we were in Hicksville was not personal, but fear of heavier taxes which most of us cannot afford. I am not civic-minded, but I can assure you I do not want to be pushed and that is why I want my vote on the side of Hicksville. Thank you for your weekly copies of the Mid-Island HERALD.

Very truly yours

MRS. RICHARD CABLE, 16 Rising Lane, Hicksville.

Voted by New Residents

Dear Sir—I wish to take this opportunity of thanking you for your efforts to keep us, as new residents, abreast with the times. Your paper has been the chief means of our gaining valuable information concerning local affairs and controversial matters facing the residents of Hicksville.

Please accept our thanks for making our move somewhat less confusing and accept our subscription to your paper.

MRS. E. SMITH, 94 Winter Lane, Hicksville.

APPRECIATES HONEST REPORTING

To the Editor: It is refreshing and encouraging to find a newspaper that makes a practice and has a policy of printing news honestly and accurately as the Mid-Island Herald has demonstrated in the matter of the Levittown Fire District and the Island Trees Civic Assoc.

(Signed) JOHN GALARDI, Attorney at Law, Middle Village.

Sound Off News and Views of VFW Post 3211

The members of our Post in session on Oct. 9 bestowed upon our fellow comrade, Frank Sutter, the honor and privileges of life-time membership in our organization.

We all know that this great honor so given to Frank is justly earned and deserved by him. As I mentioned in previous columns, he is the only active charter member in our Post today. His continuous services, sincere efforts and seemingly tireless energy has brought about the fact and reality that we of 3211 are rated amongst the first class posts in the United States today.

My heartfelt congratulations to you, Comrade Sutter, and may God grant you many, many years of health and happiness.

The winner of the regular meeting prize was none other than the inspector himself Al Wangenheim. Al, like a few other guys in the post, is a very energetic and active member, who can be relied upon whenever, and wherever there are special jobs to be done. Nice going, fella.

"Spike" Frobenhofer and Louis Klein were installed as Junior Vice-Commander and Quartermaster, respectively, at the last regular meeting. Good luck, fella, and I know that both of you will prove to be a couple of the finest officers that our Post has ever installed.

I wonder if my good friend Frank Mallett would be kind enough to take individual head photographs of the present officers of 3211? They need not be large photos, but ones of average size. Sure would appreciate this favor, Frank, and the sooner I receive them the quicker I can go to work. Leave them with Editor Noeth and he'll see to it that I get them. Thanks a lot.

I hope that this year our Post will make every possible effort to have an excellent showing at the Memorial Mall on Armistice Day. It falls on a Saturday this year and every able-bodied man who is home from work should be present. Previous years the representation of all veteran organizations has been anything but complimentary. Let's start talking it up now and make arrangements accordingly.

No doubt all of you have by now received the letter reminder that your 1951 dues are now payable. It is a good idea to get them paid now because, with the Christmas holidays just ahead, there are so many other uses for that dollar.

I did enjoy my short break ever so much but assure you it is swell to be back. I hope that in the weeks that lie ahead I shall be able to bring you the kind of column that you will be proud of.

The answers to everyday insurance problems
By JOSEPH E. DOCKOW

QUESTION: In a recent discussion of various types of insurance covering damage and theft of things like jewelry, furs and luggage, one of our friends with some insurance experience kept comparing "regular" fire and theft policies with what he called "floaters." Can you tell me what difference there is between these policies?

ANSWER: There is a basic difference in these two kinds of insurance. Under the "regular" policy, the insurance company states the various types of loss for which it will pay and it is not liable for losses not specifically mentioned in the policy. In the "floater" the company is liable in all losses not specifically excluded by the policy. Any good insurance agent can tell you which is best in your individual case.

SEEMS LIKE YESTERDAY: A Year Ago This Week

The Hickville School District was awarded \$30,111 on the price for about 10 acres on Burns Ave., the so-called "Albrecht Parcel," as a site for a proposed grade school. . . . While Canticus Rd. residents prepared to go in a body to the Zoning Board of Appeals meeting and oppose the erection of any further poles and antennas on the Free Wireless acreage, the radio concern made a public statement denying responsibility for faulty television reception in the Mid-Island area. . . . Ground was broken at Farmedge Rd. and Boona St., Island Trees, for a modern public school in District 26. . . . Transportation of elementary school pupils living within the Hickville school district was approved for the first time, and a proposal to transport high school pupils was rejected by the voters.

TEACHERS RECEPTION

A teachers' reception was featured at a meeting of the Bethpage P.T.A. recently at the school. Mrs. Dominick Noco, president, stressed the importance of cooperation between parents and teachers and how essential it is to the education of the child.

The Classroom Mothers decided to hold a meeting on the last Thursday of each month.

Plans for the annual Christmas sale sponsored by the Altar Society of St. Ignatius Church, Hicksville, were discussed at a meeting Friday night at the school. The sale will be held on Dec. 5 at the school.

The next meeting of the Auxiliary will be held on Oct. 23 at 40 Andrew Lane, Levittown, at 8:30 p. m.

By TOM CASHEL
Your terrific response to our sale last week, on pickets and posts certainly proves that a lot of you Guys and Gals like to do things yourselves - that's the reason for this **DO IT YOURSELF COLUMN**. We have at **CASHEL'S** are only too glad to help you with your fence problems, whether it be masonry or wood construction.

The type of wood used in the construction of a fence is extremely important to the homeowner. If a poor quality is used in a picket fence for example, it will not take paint well and is likely to need replacement at an early date. Post and rail fences are much less costly to maintain in general, but they too must be built of a durable hard wood. It is especially important to get the best quality wood for posts. Wood such as cypress, cedar and redwood are commonly used, but whatever type is chosen, it is wise to have the ends treated with creosote. They are really priced right.

1" x 3" x 3" high Red wood pickets at 15 cents each, Chestnut post and rail 35 cents per foot, 1 x 6 common pine for flat rail fences, at 9 cents per linear foot. So you see you can start getting that fence up, piece by piece.

Now that you have your fence built - why not give it a good coat of White Pittsburgh paint or some startling color to blend in with the color scheme of your home. Don't spoil all your hard work by a poor choice of paint or color.

Stop in today - our fence experts will help you plan and show you how to build that fence.

Lions Honor Senior PBC Baseball Team; Police Official Explains Club Purpose

HICKSVILLE — Individual trophies to members of the Senior PBC Baseball team were presented at the Lions Club dinner given in their honor at the Rainbow Restaurant last Wednesday night. A special trophy was awarded to Harold Manaskie Jr., pitcher, by the Uffmann Fence Co.

The boys on the team which this season won 15 games, lost 3 and tied for first place with Great Neck in the south shore PBC championship league, were guests of the Lions Club at the dinner. Fred C. Birk was in charge of arrangements for the club. Guests also included Harold Manaskie Co., president of the PBC sponsors and Lt. James McCullough, county PBC director.

Fred J. Elzeth, editor of the Herald, presented the trophies for the PBC sponsors. The boys, in turn, presented their sponsoring chairman with a jacket as a token of their appreciation.

Pitcher Manaskie who was credited with 13 wins and 3 losses was awarded a special trophy by the Uffmann Fence Co. Pitcher Bob Keate had a two-win, no loss record.

Members of the squad honored with trophies were William Westlake, Raymond Guckenberger, John Arent, Thomas Hariman, Herbert Small, Richard Swain, Robert Keate, Janford Pilon, Harold Manaskie, Jr., Stanley Kellner, Charles Murray, Arthur Foster, also a member of the team, is now on active duty with the Navy.

Police Lt. McCullough congratulated the team for sticking together. He explained the operation of the PBC which is based upon the "theory that boys have a certain amount of energy that they must get rid of. The PBC," he stressed, "is not a cure-all and is not a club for delinquent boys. We are trying to give boys a chance to enter competitive sports, to learn fair play and sportsmanship with supervised activities."

PBC activities depend, he said, upon facilities available in a community. Hicksville is fortunate in having the use of a school gym and baseball field. There is a need of a place for the boys to go evenings.

"If we can keep one child out of children's court we'll be doing a good job," he concluded. Robert Reynolds, local patrolman-director, was ill and could not attend.
