AN EDITORIAL:

Your Heritage — Vote Tuesday

THE RIGHT TO VOTE is, in this great nation of ours—a heritage.

It was handed down to us by our elders, who insisted that government should belong to the people and not the people to government.

We must protect that heritage. The best way to do it is to vote on Tuesday, Nov. 7th, for the party which believes as our elders did—that the right to govern is a sacred trust which must never be betrayed and must be secondary only to wishes of the people.

That party is the Republican Party.

To Build 33 Stores:

Million - Dollar Retail Centre For Kelly Farm

HICKSVILLE—The community buzzed this week with the announcement that a corporation plans to develop the Kelly farm on South Broadway, at a cost of almost a million dollars, as a retail centre complete with a department store, two supermarkets and 30 other retail outlets. The tract of 13 acres is on the west side of Broadway near Lee Ave. Parking fields for almost 3,000 cars are planned.

No Decision Made at Plainview Meeting

PLAINVIEW—"In the absence of the interested parties, the water commissioners, it was not possible to reach any definite conclusions," Councilman Frank Chlumsky said this week, commenting upon the session held in Manetto Hills School, here, Friday. The conference, originally set for Monday night, was scheduled to discuss the fire hydrant rental charge in the district. Chlumsky spoke to the group for about an hour and a quarter, discussing local township matters. About 125 Plainview residents had signed a petition to the town board last week asking for a meeting on Oct. 30, the presence of a town councilman and the records of the water commission for examination, "in order that it may be determined whether such (hydrant) charge upon the taxable inhabitants is justified by the circumstances."

C. T. Kelly, of Lawnview Ave., who acquired the farm in 1905, confirmed the fact that he had sold his property "last week". Purchase of the site by Hicksville Store Centre Inc. was reported in New York, Saturday, by Sydney M. Siegel & Co., brokers, who will act as renting and managing agents.

Next to School Site

The Kelly farm adjoins the property recently purchased by the school district, with the approval of the district, for the site of a new elementary school. The so-called Lee site fronts on Lee Ave. with access from Jerusalem Ave. and plans are well-advanced for construction of a building on it. Voters will decide on Nov. 14 upon the question of appropriating \$865,000 to cover the cost of a 20-room elementary school there.

The proposed retail centre has a frontage of 700 feet on Broadway. Plans, being drawn by A. H. Salkowitz, call for buildings to cover 50,000 square feet of ground, leaving parking fields for more than 3,000 cars on an acreage of nearly 700,000 square feet. "Atraced to give easy access to the parking fields, and wide use of glass in the storefronts are features of the plan, according to the announcement.

Homeowners Deny New People Chance To Speak; Recommendations Carry 32-10

HICKSVILLE—By a final vote of 32 in favor and 10 opposed, recommendations of NL Homeowners Association, including a demand for the ouster of Fire Chief Stanford Weiss, were carried at a poorly attended meeting in the high school auditorium here, Friday night. Before the final vote was counted, many residents of Levitt houses in the community were observed leaving the meeting in disgust when they were refused permission to speak.

Lions Denounce Fire Dept Critics

HICKSVILLE—The Lions Club is on record today in support of the fire department, denouncing the "efforts of certain individuals to discredit our fire fighting force, our community and its institutions." The resolution was adopted at a regular meeting of the Lions last week on Wednesday night.

The resolution follows:

"Whereas Hicksville has a fine volunteer fire dept. which has served the community faithfully and well;

"Whereas there are certain elements in our community attempting to discredit our fire organization by insinuation and misleading information;

"And whereas the Lions Club of Hicksville believes that our community is indeed fortunate to have a fire fighting force ready at all hours of the day and night to

(Continued on Page 4)

In addition to the 7-part recommendations of the Public Utilities Committee led by Chairman G. C. Miller, the membership heard a report from Robert Elard, committee chairman, who urged support for the Lee Ave. School construction project on Nov. 14. Reports also criticized the legal fees paid the attorney for the school district in connection with bond issues. The committee said it estimates the attorney will earn \$72 an hour for his services.

Fire Department Chief Weiss asked for the floor and an opportunity to speak in his own behalf. He was denied the privilege but was subjected to a barrage of questions.

As of yesterday, the Board of Fire Commissioners had not received a communication from the

Town to Dedicate Parking Lot Here

HICKSVILLE—The new municipal parking field off West Marie St. will be officially opened and dedicated this Saturday, Nov. 4, at 10 a. m. by officials of the Oyster Bay Town Board. It was announced yesterday morning. The property was bought from Mrs. Taliaferro for \$15,000 by the Parking District through the Town Board. Ralph Jannotta of Roslyn won the contract with a bid of \$13,000.

School Voters Register Saturday for Nov. 14

HICKSVILLE—All voters of Hicksville School District who have not registered since April of this year for local regular and special school propositions will have their one and only opportunity to qualify for the Nov. 14 special election this Saturday. There are 1,847 resident voters already registered and qualified.

This Saturday, Nov. 4, between 3 and 10 p. m., the Board of Registration and Canvass will sit at Nicholas St. School building, to register all those who have qualified since the last voting or who were not previously registered.

Must Be Registered

"You must be registered to vote and you must register in person," District Clerk Andrew B. Heberer warned today. A vote upon two propositions will take place at the high school on Tuesday, Nov. 14,

between 3 and 10 p. m. The propositions are (1) appropriation of \$865,000 for a new elementary (Continued on page 19)

102 More Students; 6 More Bus Stops

HICKSVILLE—Six new and additional school bus stops were created this week by the district to serve new home sections. All are in the southwest corner of the district where homes have been built by Levitt.

The new stops include these intersections: Alpine and Arrow, Arcadia and Arrow, Blueberry and Bamboo, Boxwood and Boulder, Abbot and Ash, Ballpark and Belfrey Lanes.

Enrollment in the public schools increased 102 during the week to make the total on Monday, 2,333. There are now registered 1,656 in Nicholas, 711 in East St., 397 in Junior High and 285 in Senior High schools.

Dear Jean...

Members of a Brooklyn family concluded a Sunday trip, in Meadowbrook Hospital when the car in which they were riding jumped the curb on Wantagh Parkway near Old Country Rd., Hicksville, smashed into a fence post and overturned. Deputy County Attorney FRANCIS J. DONOVAN of Hicksville is preparing a report for the County Board of Supervisors on a plan whereby the county could avail itself of State Funds for library purposes made possible by a law last year. . . . We understand that Maudsley Press may change ownership, possibly this week. . . . Reports have reached us that garbage and refuse is being dumped in the mud pit off W. John St. We have observed Westfury refuse trucks in this pit. . . . Hicksville firemen spent four hours at this pit, Monday, trying to extinguish smoldering debris. . . .

Visit your schools is the recommended action for American Education Week which starts Sunday, Nov. 8, and concludes Nov. 11 "Let's make our schools strong" is the motto for the week. . . . FRANK P. TATE of 42 Thorman Ave., Hicksville, took the picture of Aunt Silly as played by FRED WALTERS which appeared in the Herald last week. . . . There are two Lee Avenues in Hicksville, although it is hoped to have one changed to some other name. One is the generally known Ave. which includes the Frank Homes. The other Lee Ave., scheduled to become the site of 60 or more houses, runs from So. Bway to New South Rd., parallel to and a block north of Marvin Ave. . . . Welcome to Mr. and Mrs. HENRY HANSEN, who moved into their new home on Bobwhite Lane Friday. . . . C. T. FELELENZ, grandson of C. T. KELLY of Hicksville, is an engineering student at Villanova. He was active in high school athletics, here. . . . Our local Adult Education program is at the half-way mark this week with 600 students enrolled. There were 468 in the course last term. The day-time auto driver course is concluding this week and registration for a new driver training session is planned for January, according to ELLERY BEAN, director. . . . Civil Defense recruitment week starts on Monday. Be sure you volunteer to serve. . . . A couple of rather sharp magazine salesmen were in the community, Monday, plugging subscriptions for "Veterans Report." They told at least one housewife that if she did not subscribe her husband would not get a veterans' bonus. County Veterans' Office tells the Herald there is no legislation pending in Washington for a federal bonus. The county office did not seem to know of the "Veterans Report." The Second Precinct told the Herald the salesmen have solicitation approval from the police but have been warned against any high pressure methods. . . .

The Girl Scouts have been granted the use of two class rooms in East St. School, Hicksville, for their meetings. . . . Your child will be photographed FREE this Friday, Nov. 8, at Petar and Wendy's, corner of Nicholas St. and Bway. An advance appointment is suggested but not necessary. . . . E. H. LeBARRON, school superintendent, wants an extra and separate administration building in the district. He also told the board last week lack of space in the high school may require senior high to attend mornings and junior high to use the building afternoons (until 5 p. m.). . . .

The County Hq. of the Sister Kenny Foundation reports Hicksville-Jericho has given \$800 and Bethpage \$510 to the campaign. Judge CHARLES H. STOLL, Hicksville chairman, will still be glad to get your contribution sent to him at 35 Bway or care of the Herald. . . . The State Public Works Dept. has promised Councilman CHLUMSKY that those loading zone signs on Bway will be changed and corrected to exclude enforcement on Saturdays and Sundays. Recently the signs for parking on this state road (Bway) were replaced and the notation about the exception was eliminated. What happens to people who got tickets for "violations" by using the zones on Saturdays is not clear. . . .

PAUL DANA, Bethpage Republican committeeman, invites voters in his area to call him if they have any questions about voting procedures next Tuesday. Literacy tests in Bethpage will take place on Thursday, Nov. 2, from 7 to 9 PM, at the school. . . . There is a growing need for a traffic signal at the corner of Old Country Rd. and Levittown Parkway, Hicksville. . . . The Incorporation Committee, speaks this Friday at the Charles Wagner Legion Auxiliary. LARRY ROMAN will talk for the project at the Holy Name Society this month and ERNEST FRANCKE will present his views in opposition at the same meeting. . . . The Public Library will soon open the converted garage in the rear of the former DUERK house as a children's department. A reader called to ask where the funds came from. . . . Plenty of noise going around about "how come?" regarding the use of the high school by a group which calls itself "North Levittown". . . . WILLIAM CISLER wants it clearly known that he will NOT be a candidate for Hicksville Fire Commissioner next month. Definitely in the running are ex-chiefs DAN MUNCH and JACK LECKIE. . . .

Civic Defense Week Starts Monday Urge Volunteers Enroll in Services

Use Coupon on Page 11

An appeal for volunteers, men and women of the mid-Island area, was voiced today as County Executive J. Russel Sprague proclaimed the period from Nov. 6 to 13 as "Civil Defense Week" in Nassau County.

Speaks to Civics

Frank Sutter, Hicksville-Plainview CD Director, made an advance call for volunteers when he spoke at the Hicksville Civic and

Community Assoc. meeting Thursday night at the firehouse.

"The start of the Korean War," Sprague said, "found every one ready to join. Enthusiasm has waned somewhat with Gen. MacArthur's victory. Many shrug their shoulders spathetically and say: 'Why bother now. It's all over.'"

"Those are foolish words. It is far from being all over. It has just begun. The North Koreans

have been defeated, but not their world power seeking masters. Successful Civil Defense needs men and women volunteers."

Sutter, Plainview Vice-Director Anthony O. Ocker Jr., and Fred J. Noeth attended a meeting of township directors at East Norwich, Sunday night, when final plans for the recruitment drive were concluded.

Include Levitt Houses

Answering a direct inquiry from Sutter, Gen. F. Trubee Davison, town director, said that the fire district boundaries are being used to define local CD areas. This would place all Levitt-built houses north of the Township line in the Hicksville-Plainview area.

During the coming week, application forms for CD volunteers will be distributed thru the schools. They are also available at police booths, the Herald office at 162 Bway, and at the Adult Education office in the high school, Monday, Tuesday and Wednesday evenings. The form is also published in this issue of the Herald. (See Page 11.)

The Hicksville-Plainview CD is making arrangements to set up its own fingerprint staff. On Monday Plainview firemen were photographed and fingerprinted and Hicksville Fire companies are enrolling during this month, Sutter said.

Homeowners Seek Chief Ouster

(Continued from page one)
Homeowners Association although several instructions for them were contained in the recommendations adopted.

Particular point was made at the meeting of the forthcoming election of a fire commissioner in December, indicating that the group might be planning to enter a candidate. Daniel Munch and John Leckie have both announced their candidacy for the five-year term. William Braun whose term expires is not a candidate for reelection.

Several members of the Board of Fire Commissioners, members and officers of the fire department and other interested residents were present but did not attempt to speak.

Maurice Schoeswald, temporary

Lions Denounce

(continued from page one)
answer all calls for assistance; "Therefore be it resolved that the Hicksville Lions Club goes on record as reaffirming its wholehearted endorsement and support to our volunteer firemen and their officers;

"And be it further resolved that the Lions Club publicly denounces the efforts of certain individuals to discredit our fighting force, our community and its institutions;

"And be it further resolved that copies of this resolution be forwarded to the Hicksville Fire Department, Board of Fire Commissioners and County Fire Marshal's office."

A meeting of the William M. Gouse Jr., VFW Auxiliary of Hicksville will be held tomorrow night (Thursday) at the clubhouse on Grand Ave.

chairman of the group, presided at the meeting. When it came time for a vote upon the recommendations of the committee, several present described themselves as one and two-week residents of Levitt houses and wanted to speak. They were refused the floor because they were not members. Groups thereupon left the meeting.

Several attempted to comment that they were not interested in placing blame or finding fault but were more concerned with making sure that in the future their homes would be protected in time of emergency.

The text of the recommendations offered by Miller follow:

1. that the Association express in suitable resolutions its gratitude to the Fire Departments of East Meadow, Wantagh, and Bethpage for their promptness, efficiency, and civic spirit.

2. that the Association in a suitable resolution condemn the type of reporting used by some local newspapers which for reasons of their own seek to promote rather than alleviate the antagonism which unfortunately seems to exist between our communities.

3. that the Association send a transcript of the information obtained, with a covering letter, to the Nassau County Fire Marshal, asking him to take suitable steps to insure that prompt and adequate fire protection is provided by the proper department, relieving neighboring departments of the unfair burden they now carry.

4. that the Association send a transcript of information obtained to the Home Office of the New York Telephone Co., with a letter pointing out that the outdoor booths do now and will for some time to come represent a vital emergency communication link to many of our neighbors, and asking that all possible steps be tak-

en to keep these booths in service, especially making sure that prompt and frequent collection of the coin boxes is made.

5. that the Association press for the establishment and maintenance of a 24-hour central fire alarm dispatching system in Levittown. * * * Mr. Ellmeyer of the N. Y. Telephone Co. stated that the company would eagerly welcome and heartily endorse such a system. Officials of the new Levittown Fire District which will operate in Hempstead Township after Jan. 1, have stated that they plan to have a paid dispatcher on duty 24 hours a day, and that they would be glad to accept calls for relay to any other fire department as well as to their own. With such a system in operation, a Levittowner on either side of "that line" could call his telephone operator with assurance that the call would go to the central dispatcher and be promptly relayed to the proper fire department. This would eliminate once and for all the threat "would you rather say you live in Levittown . . . and have your house burn down" (or say you live in Hicksville so that the Hicksville Fire Department will kindly consent to respond to your summons). It is a fact that many of us bought a share in Levittown for a long time to come. Our fire protection must not be contingent on our stating our address as Hicksville!

6. that the Association write the Fire Commissioners of the Hicksville Fire District, furnishing a transcript of the information obtained, and demanding (2) the immediate acquisition of a large-scale wall map for the Hicksville Fire Department, which shows all the streets in the district as of this date; (b) the meeting between the Hicksville Fire District officials and the officials of the Telephone Company and the working out of some plan such as that suggested in recommendation (5) above; (c) the dismissal from any position of responsibility in the Hicksville Fire Department the present chief,

DON'T SWAP HONEST GOVERNMENT for CONFUSION and CORRUPTION!

Your Republican Candidates are Men of Proven Honesty and Experience.

For Governor THOMAS E. DEWEY

For U. S. Senator JOE E. HANLEY

For Lieutenant Governor FRANK C. MOORE

For Comptroller A. RAYMOND MCGOVERN

For Attorney General NATHANIEL L. GOLDSTEIN

This is the year of decision! You have to make the choice. New York State can go forward with honest, forthright government with Governor Dewey and the Republican Party.

... Or New York State's government can be turned over to the spoilsmen of Tammany Hall and the creeping socialism of the Democrat Party.

THE ISSUE IS CLEAR...

SO IS THE REPUBLICAN RECORD:

... **AGRICULTURE:** Broadened farm and marketing facilities. \$148,000,000 ten-year town highway improvement program enacted over solid Democrat opposition in the Legislature.

... **CONSERVATION:** Greater reforestation. Improved soil and water conservation practices. Appropriated \$2 1/2 million to restore wildlife on 80,000 acres of state game lands. Expanded State Park system.

... **CONSTRUCTION:** Greatest construction program ever undertaken, including reconstruction and improvement of 20 per cent of the state highway system. 4,000 miles of highway completed or contracted for since V-J Day. State institutional building program expanded.

... **EDUCATION:** More than doubled (\$238 million) state aid to public schools. Established State University. Individual teacher's salaries increased by \$300 to \$800. Increased number and value of State Scholarships.

... **HEALTH:** Established a superb public health program that guarantees to every man, woman and child in New York State the best medical and hospital care in the world.

... **VETERANS:** Created the Division of Veterans Affairs. Emergency housing in 40 communities and at 49 colleges. Created 4,800 War Service scholarships.

... **FINANCES:** The state has lived within its means, reduced tax rates, reduced the state debt, accumulated tax reserves, appropriated over \$800 million for capital purposes, yet tax rates are lower than under the Democrats.

YES, THE REPUBLICAN RECORD SPEAKS FOR ITSELF! Will You Swap It For Democrat Confusion and "Flynn-Tammany" Corruption? Don't be deceived by the false and vicious Democrat "Smear" Campaign against Gov. Dewey and Lt. Gov. Hanley, whose decency and honesty you know are time-tested and proven.

Your Answer Is Due On Nov. 7 Polls Open 6 A.M. to 7 P.M.

Treasurer of the Appeal will be Joseph J. Ulmer, president of the Bank of Hicksville.

"It ought to be hard to find an American who would say 'no' to the Salvation Army," Chalmers said in acceptance of leadership, "and certainly I see no exception. We know that when the Salvation Army asks for help, it is so that its kindly work among the unfortunate go on—it is for the other fellow. Our people here, I am sure, feel the same way, and I know that they will respond generously. If our committee cannot reach everyone who would like to give, we hope that people will send in their contributions directly to our treasurer, Mr. Ulmer."

The answers to everyday insurance problems
 By JOSEPH E. DOCKOW

QUESTION: My hobby is photography and during the past several years I've accumulated equipment worth quite a respectable sum of money. I've always listed the equipment in my regular Residence Theft insurance but when I recently purchased a rather expensive camera, I was told it would be a good idea to take out a special camera insurance policy. Can you tell me how to go about it?

ANSWER: So long as your photography is of the amateur variety, it would be better to continue insuring your equipment under your Residence Theft policy. If you will make sure that the "theft away from the premises" clause is included and that your particularly valuable pieces of equipment are individually insured for their full value in the policy, you'll have pretty complete protection.

Meadowbrook Triangle Elects Officers; Carol Grombach Chosen Beloved Queen

At their semi-annual meeting held Oct. 26, the following officers were elected to serve Meadowbrook Triangle No. 84 for the ensuing six month term: Carol Grombach, Beloved Queen; Dorsetta Binner, Senior Lady in Waiting; Louis Mohr, Junior Lady in Waiting; Joan Watson, Guardian; Marilyn Hodges, Chaplain; Carol Mohr, Treasurer; Carol Sawyer, Recording Secretary; Nancy Hodges, Corresponding Secretary; Joyce Brough, Financial Secretary; Peggy Sager, Flag Bearer; Barbara Barnett, Standard Bearer; Carol Marrs, Marshal; Esther Wood, Assistant Marshal; Linda Ferro, Escort; Jane Greenlees,

Trustee, and Ethel Binner, Historian.

The girls were happy to welcome Mother Hendy back for the first time after a forced absence due to a recent operation. The Beloved Queen presented her with a lovely corsage. Mother Hendy expressed her joy upon her return and heartfelt thanks for the sunshine basket presented her by the girls and supervisors during her illness.

The Beloved Queen, Ethel Binner, presented the Triangle with new altar lights in behalf of her sister, and herself. They were placed upon the altar by the Sr. Lady in Waiting, Jr. Lady in Waiting and Chaplain, each using an appropriate quotation pertaining to her station.

The Supervisors and Daddies were then honored, each receiving a gift from the Queen in appreciation of their untiring effort in behalf of the Triangle during her term of office.

Another feature of the meeting was the installation of Mrs. Wm. Binner as Junior Deputy of Meadowbrook Triangle, succeeding Mrs. Elsie Heady, who has served in the capacity of Mother and Deputy for seventeen years. Mrs. Binner received a corsage from her daughters and a beautiful bouquet of chrysanthemums from the Triangle.

Suggest Cooling Off by 'Both Sides'

Shocked at Meeting Proceedings
 Dear Sir: With reference to the recent fire in North Levittown, Oct. 16, and the resulting meeting held this past Friday evening by the North Levittown Home Owners Committee, may I add my comments and suggestions.

Having lived out here in Levittown for over two years, I believe I am in a position to see both sides of the picture. It is indeed unfortunate to see the situation degenerate into bad feelings and ill will on both sides. It seems to me that it's about time we both cooled off before this gets worse.

May I respectfully suggest that you Hicksvilleites get off your "high horse" and get around to realizing that we folks here in North Levittown are human beings too . . . and pretty nice people to get along with if you will only give us half a chance. And may I suggest to some of our hotheads here in North Levittown that we take the chip off our shoulders and not jump to conclusions too soon.

After attending the above mentioned meeting, I must say that I was shocked at the manner in which the meeting was conducted. Certainly I am aware that the meeting was advertised as a closed meeting; however, in that case persons should have been stationed at the door to check up on those who attended. Inasmuch as we had no person doing that job, I believe that we should have graciously yielded the floor to such as Fire Chief Weiss, who was present and desired to speak. As a matter of fact, I am of the opinion that we were in error in not inviting the chief and his assistants to attend. The whole issue is so clouded with conflicting statements that a complete report on the matter from Chief Weiss might have helped to clear up a few perplexing points. Believe me, we are not helping ourselves one bit when we ask for the removal of the man as fire chief.

Although the report submitted at the meeting was very complete and comprehensive, it certainly did not show that the chief was guilty of neglect or lack of care in handling the fire. Let's be realistic about this . . . we're talking about

very vital and down to earth issues! We are discussing a matter of life and death. Of course, the matter has taken on more importance since Hicksville is flirting with the idea of incorporation. Naturally, I myself am very much against such a move, not being able to see how it will benefit either Hicksville or North Levittown. However, for the moment let's leave incorporation out of the discussion and confine ourselves to fire protection.

I don't think that we should allow a certain Hicksville newspaper editor to use incorporation and its problems to further his own interests. He would have us believe that unless we identified ourselves as a Hicksville resident, we might stand the chance of having our house burn down. That is a misstatement and only bait for us to rise to. Chief Weiss has reported to me this morning that nothing is further from the truth. Let us remember that whether or not incorporation comes about, we are still dependent on the Hicksville Fire Dept. for assistance.

After having conducted my own private investigation, which happens to jibe in all details with the committee report, I am of the opinion that (1) the telephone company was derelict in their duty in not having a more practical system in operation for reporting a fire. It should not be necessary to spend precious minutes in convincing an incompetent telephone operator that your burning house is four miles closer to one fire department than another. And (2) the Hicksville fire commissioners were not very smart in neglecting to issue a prompt and complete report on the fire, the day following the fire. Instead, they have sat back and allowed the pot to smoulder with the result that it has now reached the boiling over point. They have even ordered their chief to remain silent and say nothing EVEN THOUGH HE DESIRED TO CLEAR THE MATTER UP IMMEDIATELY WITH A REPORT. That is not good public relations for the Hicksville Fire Department. It invites trouble and plays into the hands of the wrong people.

I am certain that as a result of the publicity attending the matter, we here in North Levittown have no further need to worry as regards fire protection. The Hicksville volunteers are ready and willing to speed over to our fires and extinguish same.

DONALD J. PHELAN, 14 Abbot Lane.

Says We're Stirring Up Trouble
 To the Editor: My thanks for introducing me to the Mid-Island HERALD. In appreciation, you will find a check for one year's subscription.

I have found nothing but complete cooperation in my dealings with Hicksville. They have gone all out in making my children happy and at home in their East Street School. I was welcomed in the Public Library and the Hicksville merchants have been most cordial (and why not?).

However, the editorials and articles of your newspaper in reference to Levittown are beginning to rub me the wrong way. It seems to me that you are creating a situation and stirring up a lot of trouble, and it certainly is doing no one any good.

Why not accept the fact that Hicksville is growing up? If Hempstead does not object to having part of its town called Levittown, I don't see why Hicksville does. You are afraid of losing your identity, but truthfully Levittown has given it to you. I for one have never heard of Hicksville until I moved here.

So be good boys and as Dave Garrowsay says, "Peace."
 SYLVIA NATALON, 416 Division Ave., Levittown, Hicksville.

'Most Interesting, Enlightening'
 Dear Sir: We are more than pleased with your paper and wish to continue reading it. You can bill us the first of the month for a three year subscription. We have been getting two other papers beside yours and have found your paper to be the most interesting and most enlightening and have decided to cancel the other two and just keep yours.
 MRS. H. HENFLING, 67 Sleepy Lane, Hicksville.

Who's Confused?
 Dear Editor: I need help. Where do I live? I thought I lived in Hicksville. But the people in a Levitt house in Hicksville keep calling it Levittown, Hicksville. Of course our firemen love to play games. So next time there is need to report a fire just call and say, "Guess where I live and get here before the house burns down." Let's get rid of the names Levittown and Hicksville and call ourselves Bethpage and take advantage of the rights of the people in Westbury.
 AN INTERESTED BUT CONFUSED READER.

Chief Weiss Blameless

By FRED J. NOETH
 HERALD READERS express their assorted opinions upon the fire incident of October 16 at 2 Fork Lane, in the adjacent columns. We hope others will be as willing to express opinions on this and other matters whenever the occasion should arise.

We felt a special interest in this particular incident because we were at the scene the same evening and in the company of Chief Stanford Weiss. We think it is hardly necessary to defend Chief Weiss to the people of Hicksville or to the members of the Department. The charges (?) which have been invented are ridiculous and show a complete lack of knowledge of the workings of the fire district or fire department. Weiss has been a very active volunteer fireman for more than 20 years . . . which means being ready, willing and able at any hour of the day or night to go to the assistance of anyone who may need it. By his diligence and hard work he came up thru the ranks to become captain of his fire company, assistant chief, and now chief.

Neither as a fireman in the ranks nor as chief has he received a penny of compensation for his services, and he doesn't expect any. He and every other volunteer fireman is proud of the opportunity to serve, even though such service often interferes with personal affairs or private business.

We may be accused of causing antagonisms and what-not, but we absolutely refuse to allow anyone—especially a character such as Cahn of the Levittown Eagle (who never hesitates to take the good advertising dollars of Hicksville concerns)—to attempt to discredit the Hicksville Fire Department, its membership or the residents of our community.

Our views were clearly stated last week and we repeat them for emphasis: 'The address for the fire was given at 2 Fork Lane, Levittown', and the Hicksville Fire Dept. did not get the alarm. Anything beyond that is a deliberate attempt to confuse the issue and hold our community and its institutions up for scorn and ridicule.'

It might be worth recording for the record that the Chiefs of Wantagh and East Meadow Fire Departments at the scene, on Oct. 16, conferred and decided there was no need to call out the Hicksville Dept. The Wantagh Chief agreed to notify Weiss of the incident upon returning home, and he did so. That was the first notice that Weiss or any other Hicksville fire official had of the incident.

Supports Herald, Incorporation
 Gentlemen: I am pleased to enclose my check, for which please enter my subscription. I have been most impressed with the contents of your paper and the manner in which you present the news.

As a resident of South Hicksville, in the Levitt homes, I have sided with your editorial comments on the controversy of whether we in South Hicksville live in Hicksville or Levittown. Frankly, I am astounded at the audacity of the group known as the NLPOA in their claims that they represent the people in the Levitt homes in South Hicksville. In talking with my neighbors, this group represents the exact opposite of what the majority feel toward Hicksville.

As yet I have not heard whether the plan for the city refuse collection has gone through, but I certainly hope it does.

If I can be of any help in aiding the cause for the incorporation of Hicksville, I hope someone will feel free to call on me.

JOHN C. EMERY JR., 71 Scooter Lane, Hicksville.

Wants End of Bickering

Dear Sir: Please continue sending us the Mid-Island HERALD. Since we are new residents of your community it is our duty as well as pleasure to read your publication.

When we signed for our home, we were under the assumption all Levitt homes were considered Levittown. Now we understand we're in the boundary of Hicksville. After all, we love our home and the street and neighborhood in which we live. Whether we are ruled, taxed, etc., by Hicksville or Levittown doesn't really make that much difference. It's important that our children attend a good school and are taught well and to get along with their fellowmen. This bickering and finger-pointing between those assuming authority is really so uncalled for.

I'm certain the merchants and people in Hicksville have no reason for hostile attitudes toward new residents. Especially since most of these new residents are men who took a great part in fighting for peace, and now want to live in peace and enjoy their homes and surroundings.

It seems opportune for these two factions at odds over boundaries should put more effort toward a greater cause. Is this the peace men are fighting for, when we can't even get along between villages or towns

- ★ Everything for everybody at no cost to 'nobody'.
- ★ Forget the facts. Twist 'em to your own purposes.
- ★ Wall Street is the root of all evil for all candidates (except ours).
- ★ Create confusion, stir up racial and religious sympathies and bigotries.
- ★ Charge your opponents with your own party's guilt: conspiracy, police graft, negligence, squandering, payroll padding, jobs for the faithful, discrimination.
- ★ Accept the political support of ANYONE. Promise ANYTHING!
- ★ Stop at nothing to win: Whisper, rumor, hint, threaten, lie, abuse, rave.

SMEAR! SNEER! SMEAR!
That's the Democratic Party Line in this Election!

**THE REPUBLICAN PARTY LINE
IS BOTH "BUSY" and "CLEAR"**

-  **COMMIES** — There are none in Albany or Mineola. There won't be any! It's too unhealthy. They know it!
-  **SCHOOLS** — Gov. Dewey has doubled State Aid for Education. Nassau's legislators won \$5 million more for their county's districts by working for a formula revision. There is no party politics in Nassau's schools, no graft in supplies like New York City! Real Home Rule!
-  **REVENUES** — Nassau gets back from Albany 80 cents out of every dollar. New York State gets back from Washington ONLY 6 cents out of every dollar!
-  **L.I.R.R.** — A Federal Court has named two trustees to re-organize the railroad. The court, alone, is going to make the final decisions! The Nassau County Transit Commission has led in the fight to get better service and have the real facts presented to the court. The county attorney and special expert counsel are protecting commuters' interests. Every fare increase has been opposed! It was Gov. Lehman's Democratic Public Service Commission that okayed the Rockville Centre gantlet! The Democratic ICC (Interstate Commerce Commission) has sole authority over safety devices on all railroads.
-  **RACEWAY** — Nassau twice tried to tax Roosevelt Raceway and New York City Democrats joined to defeat both attempts. The State this year taxed the Raceway \$4½ million. It has already taxed Roosevelt Raceway over \$30 million. New York State won't share that tax money with any one county — but with all counties. Nassau gets back its share, plus real estate taxes. Nassau got \$15 million from Belmont only, because N.Y.C. was broke and the State permitted us to share a temporary local tax.

-  **THE LAW** — Try, as they did, Democrats couldn't drag Nassau's police into their stinking Brooklyn mess of book-makers and cops. An alert department, a fearless 'D.A.' gave the lie to their repeated sly attempts.
-  **WORKS** — N. Y. State has spent over \$20 million in parkways in this county. Nassau contributed \$6 million more for acquisition of land. The Roslyn Viaduct and approaches represent a \$3 million recent improvement. Miles more of parkways are already under construction or being planned. Engineers are surveying a north-south thruway across the county right now! The Nassau County Dept. of Public Works is engaged in a \$10 million road program. Atlantic Beach Bridge is costing \$6 million.
-  **VETERANS** — A \$400 million bonus. \$70 million for emergency housing, over \$2 million right in Nassau at Lido and Santini. Education for 100,000 G.I.'s, 4,800 yearly scholarships of \$350 for 4 years. Best Veterans Service Agency in nation. Preference in Civil Service!
-  **CIVIL RIGHTS** — Nations first anti-discrimination laws! And they are working in: employment, education, housing, armed forces. Democrats prefer to talk about Civil Rights in the State, not enact them in Nation!
-  **TAXES** — N. Y. State today takes 2.7 cents from each taxpayers' dollar. Under the Democrats, it took 4.2 cents. Debt has been cut in half! There has been no increase in the Nassau County taxrate for 7 years! No change in town taxrates in many years. (Good Business!)

We Personally Urge Veteran Support For All Republican Candidates

Because

What The Veterans Needed. . . Was Provided Fast By Governor Dewey and The Nassau County Legislators

Under the leadership of Governor Dewey, and support of the Nassau Republican legislative candidates, New York State developed the most effective Veterans Program anywhere.

SOME OF THE HIGH-LIGHTS OF THIS PROGRAM ARE:

COUNSELLING

SERVICE . . . A separate division of the state government—New York State Division of Veterans Affairs—was established to render counselling services to veterans. To date more than 5½ million such services have been rendered to veterans, servicemen, and members of their families.

A HOME . . . Governor Dewey's administration provided homes for 60,000 people who were veterans or their dependents. Most important he has made possible permanent low cost housing projects that will provide housing for 300,000 people at an average cost of \$9 per room, including utilities. About 85% of the units in 22 projects already built are occupied by veterans.

A JOB . . . On-the-job training program for veterans provided over 76,000 job opportunities. Today 25% of all state employees are veterans. Nearly 90% of the graduates of the State Technical Institutes got jobs immediately upon graduation.

EDUCATION . . . The Dewey team took care of veterans who wanted a high school, college or technical education or on-the-job training. Four colleges were established to take care of veterans who were crowded out of regular schools. Five schools were set up to offer two-year technical vocational courses, with special preference in admission given to veterans. 8,400 four-year State War Service Scholarships and 400 annual scholarships were provided for orphans of servicemen.

HEALTH HELP . . . The finest veterans' rest camp in the country, operated by the State at Mt. McGregor, has provided up to 90 days a year of free rest and convalescence for 11,266 State veterans.

MONEY . . . Many a veteran has reason to be grateful for the record speed with which the \$400,000,000 bonus was paid—on the average, within ten days after application!

TAX REDUCTIONS . . . Veterans do not have to pay tax on real property purchased with pension, bonus, or insurance money received from either Federal or State government, to the extent of \$5,000.

Men and Women of New York State are again called into the armed forces. Governor Dewey and the Nassau County Republican legislative candidates have already pledged themselves to the continuance and expansion of the State Veterans' program, to protect families of those in service.

Broadway Terrace Asks Town Clean-Up Refuse

OYSTER BAY—The Town Board has a petition from the residents of Broadway Terrace section, Hicksville, requesting action by the town to end the dumping of refuse in vacant lots in their section off South Broadway. The petition was forwarded to the Board yesterday under the auspices of the Hicksville Civic and Community Assoc., Inc.

A recent case of polio in the section has spurred the demand of the area for a clean-up program by the township. "Conditions in our neighborhood," the petition states, "have become so bad that we fear the health of our children is being affected by the foul and unwholesome conditions which seem to get worse with each passing day."

The petition asks the town to get the help of the county police in halting dumping of refuse and dead animals in the section and that steps be taken under a new state law to have the owners clean up the grounds and if they fail to do so, then the town clean-up and bill the owners on their tax charges.

A section is in the vicinity of Marvin and Gertrud Avenues.

School Voting

(continued from page one)
school on Lee Ave. and (2) appropriation of \$20,000 from surplus funds of the district to pay for student transportation.

A discussion meeting of the district upon the two questions will take place on Monday night, Nov. 13, in the high school auditorium. Mrs. Edna Kuhne Sutton, vice-president of the school board, accompanied by Harry Ermenwein and Lawrence C. McCaffrey, other board members, discussed the new school proposal at a meeting of the Civic Association in the firehouse, Thursday night.

Eighteen Classrooms
It is planned to construct a new building on about 10 acres of property which fronts on Lee Ave. near its intersection with South Broadway. It will house the kindergarten thru the sixth grade, will consist of 18 classrooms, 2 kindergartens, a combination auditorium and gym, cafeteria, administration office and clinic.

The property has entrances from 7th and 8th Sts. off Jerusalem Ave.

The \$265,000 appropriation is intended to cover the cost of construction, equipment and related fees for bond issue, legal and architect. Mrs. Sutton explained that it is a functional building with no "unnecessary ornate decorations or trimmings."

The basic qualifications for voting in this special election include residence in district, property owner or parent or guardian of children attending the district schools.

HISTORIC WALL PAINT like many other Pittsburgh Plate Glass Company products, is enriched with Vitolized Oil. Instead of being absorbed into the surface, as in the case of ordinary paints, Vitolized Oil remains in the paint film, keeping it alive, tough and elastic, providing long Paint Protection. The finish has an eggshell sheen, for when viewed at most angles it develops a soft satiny-like luster. Viewed head on there is no sheen—hence it is flat. The film is dense for a wall paint and dirt does not penetrate it readily. Excellent washability and durability are thus assured. Leveling is exceptional. There are twelve unusual and beautiful colors, each selected with care and approval as authentic color matches for those used in the various buildings at Colonial Williamsburg. These Historic Wall Paint colors have been chosen carefully to harmonize with twelve authentic Williamsburg hues in Pittsburgh's Waltheis Semi-Gloss quality; hence walls, woodwork, and interior trim may be decorated with distinctive colors from Colonial Williamsburg. Pittsburgh Historic Wall Paint dries overnight. It should always be used over the Historic Wall Paint First Coater and, on the average, will cover 400-500 square feet per gallon one coat.

Historic Wall Paint is also available in White 25-22 and First Coater 25-21.

Phone or write, or better still, come in for your book on "Color Dynamics," it'll help you select the proper colors in each room you intend doing over.

Sleep at your neighborhood lumber yard, we're glad to serve you, with a smile.

NEWS AND HIGHLIGHTS OF
 William M. Gouse Jr., VPW Post 3244
 GRAND AVENUE, HICKSVILLE
 Meetings: 2nd and 4th Mondays of each month.

Dear Francis!

When I called your house Monday evening to find out whether or not you were going to the VFW meeting, I was dumfounded when they told me you were in bed with a cold.

Since I haven't much free time this week, I won't be able to drop in to see you, so I will write instead and let you in on the happenings of the meeting.

Our Commander, Joe Reinhardt, looking as bright and chipper as ever, got the meeting under way shortly after 8:30 p. m. Our Chaplain, Fred Sutter, was absent, so in his stead Eugene Fitting filled that particular chair for the evening. Gene did a darn good job of it to, and should be kept in mind as a possibly future appointee.

The Senior Vice-Commander, John Mulligan, gave forth with his usual "Progress" report.

"Spike" Frobenhofer, Junior Vice Commander, and Louis Klein, Quartermaster, both gave excellent reports. Watch these two men really go up the ladder in our Post.

It was suggested and unanimously agreed that we should have a Fall Dance. After discussing it on the floor it was decided to hold it Nov. 25 in the clubhouse. Tickets are to be a buck apiece and only a limited number printed, so be sure and put your bid in early. I'm glad the fellows decided upon a fall social, because it creates a more friendly atmosphere among the members and friends of 3211. Plans were also discussed for a card party to be sponsored by the VFW in the very near future, as well as our annual dinner-dance to be held during February next, when we celebrate our 18th birthday.

I believe you knew that our good friend and staunch supporter, Henry Eisemann, recently broke his collar bone. Well, it was reported to the meeting that he is making steady but slow progress. I was especially glad to hear that he is coming along as good as can be expected, because Henry is one regular guy.

Frank Sutter, our new CD Chief, asked members to volunteer their services for air raid wardens, CDF police, etc., in order that his excellent organization might function 100 per cent in case an air raid should come. So if you want to sign up or have any friends that are interested in this very fine work, just give Frank a ring at his home.

The usual routine business followed, and then at ten o'clock promptly, the meeting was adjourned in so far as Post matters were concerned.

Most of the members went downstairs, where we all enjoyed delicious hot coffee and jelly doughnuts. Believe it or not, Francis, but the doughnuts actually and truly had jelly in them. A most unusual thing—right?

Quite a few of the fellas sat around and chatted for some time, while others went back upstairs to play a few games of cards.

All in all, it was a very lively and interesting meeting. We had quite a nice attendance also.

The next meeting is Monday, Nov. 13, at 8:30 p. m., so here's hoping you will be able to make it.

Yours in comradeship, THE OLD SARGE.

A new high series of 487 was rolled by Helen Wise of the Questions in play this week. A new team high series of 1883 was rolled by St. Ignatius Questions, followed closely by St. Ignatius Tom Thumbs with 1877. Helen also rolled a new second high individual game of 188. The first high individual is still held by Catherine Shenocka of the same team with 190.

The Questions rolled a new high team game of 703 and the Tom

Election Day

Explains Voting

William D. Meiser, county election commissioner, was a guest speaker at the Hicksville Civic meeting Thursday night. He said that registration of voters is the highest in the history of the county.

He said that next year some of the election districts would have to be cut because of the heavy enrollments this year. Local districts such as the 89th may be sub-divided into three or even four districts.

Meiser said that the purpose of his office is "to see that all people have the opportunity to vote." His office is in Mineola. He lamented the fact that nationally the population is increasing, but voting is decreasing.

Discussing absentee ballots, he said that if a Nassau woman is having a baby in hospital in this county on Election Day, she cannot obtain an absentee ballot. However, if she is confined outside the county, she may obtain a ballot. He explained that new laws to correct certain quirks in the election procedure are being enacted each year.

Several Herald readers have complained that they were refused the right to register because they were not residents of the area for four months although the contract to purchase a home here was concluded more than four months ago. Such voters are being urged to report to their party committeemen on Election Day so that a court order might be obtained to permit their voting.

Meiser said that voting procedure this year is simple and should not take more than 25 or 300 seconds per voter.

A list of local election districts indicating areas, is published on page 4 in this issue.

Thanks rolled second high, a new mark, with 675.

The Seven to Six Blues

Only twice before in the 26-year gridiron history of Hicksville High School has the Orange and Black lost, 7-6. In 1930 Fort Washington came out on the long end of such a score, and in 1932 Mineola repeated the trick.

Neither hurt as much as a one point loss to Westbury, but the Comets should be encouraged and the loss is tempered by the many laudatory remarks people are making about the Comet fight against the Green Wave.

So furious was the play that Westbury might be in no condition to battle Oyster Bay and Freeport, who remain on their schedule.

The Comets blocked and tackled very sharply and unfortunately put two of the Westbury stars on the injured list.

The game, according to all quarters, was played under conditions very much different from those of a decade ago. It was hard but not savage and all parties concerned kept their heads. When it was over there was good-natured reaction on both sides.

Most folks believed it should have been a tie, but the fact remains that Hicksville couldn't convert, and that is part of the game.

This Saturday Hicksville travels to Bethpage State Park to face Farmingdale. While the Dalers usually are up for this ivy-covered game, the Comets should be boiling with their loss to the Green Wave, and we confidently expect something like a 27-7 Hicksville win.

Pretty Soon No One Will Care

We aren't in any position to solve the question of "who decided not to play who" last Friday night at Glen Cove, but we are appalled by that fact that the two clubs who hold the last hope for semi-pro football in this area—the Glen Cove A. A. and the Hicksville Field Club—are involved in a childish game of you-blame-me-and-I'll-blame-you.

Even sillier is the challenge of the AA to engage the Black and White on any field for the entire gate. Such a proposition has always been unhealthy and started Sunday pigskin play on the downgrade in this county.

It more often tends to allow one club or the other to load up with additional players. Teams in the old Nassau Conference were so galled with constant Hicksville championships that some started the practice to end the B&W cycle before its natural time and that ruined the game, the gate and finally the fans' interest.

If Hicksville and Glen Cove can't get together for a home-and-home series pretty soon, they had better forget about anything else, because a true result will not be determined by any other arrangement.

And from the empty seats at the games, it must be apparent that fans want only true results. And there is even some doubt that the fans want anything.

Next Sunday the Field Club travels to Huntington for a game at the High School field there with the VFW team.

Soccer Team Tops Great Neck, 6-0

HICKSVILLE — After three weeks of training and losing to Franklin Square, Great Neck and Flushing Heights, the Hicksville Soccer Team finally got into its own by trimming the Great Neck Wanderers, 6-0, Sunday at the Shady Maple Park. This will give the local boys a little more confidence and before the winter rolls around the Hicksville boosters will get a chance at the L. I. Challenge Cup.

Hicksville's lineup includes: G. Walters, F. Muller, F. Nilsson, H.B. Speler, H.B. Sendikowitz, H.B. Fleming; F.L. Mayor, Melet, Sullivan, O'Brien, Maitland, Gene.

Stetz Passes Down Lindens 34-0

HICKSVILLE — A deft aerial attack engineered by quarterback Ed Stetz downed the Lindenhurst eleven 34-0, here, Sunday afternoon, for the Hicksville Field Club with only a handful of fans present.

The Black and White had little to offer in the way of a running offense, but had little trouble scoring once Stetz started pitching the ball.

Following two Linden punts in the first period which netted but 6 yards from scrimmage, Hicksville went via the air route 46-yards to a touchdown.

A Stetz-to-Jim Thomas pass started the drive with a nine yard pickup and a Stetz to Sherman Rigby toss ate away the last 16-yards needed for a score.

With the score standing 6-0 in the second period Hicksville tallied on two quick passes which consumed 73-yards.

It was Rigby who again took another throw from Stetz that gained 33-yards to the losers 40-yard line. Stetz then passed to the opposite side to Billy Garbarino. He took the ball, entirely in the clear, on the 28-yard stripe and raced into the end zone untouched.

Tom Schaller backed over for the extra point.

The visitors held Hicksville for three running plays on their own one-yard line in the third period but on fourth down Stetz passed into the right flat to Garbarino for the third score.

The Hicksville halfback then passed from false drop kick for-

2300 Fans See Green Wave Check Hicksville Bid, 7-6

HICKSVILLE—Westbury High dusted off the ancient Statue of Liberty play and coupled it with an extra point boot from the not too educated toe of Tom Nunziata to beat Hicksville, 7-6, here, Saturday afternoon.

A storybook catch by end Ted Schwarting got the spunky Comets their touchdown with less than three minutes left in the game, but a hurried pass muffed the extra point bid as 2,300 attending fans roared.

The unbeaten Green Wave dominated the entire first half of the contest; and in the second period garnered its touchdown on an eight yard pass from Nunziata to Morris Scro.

Nunziata then stepped back and kicked the ball through the uprights for what proved to be the precious winning point. It was the first conversion from placement to succeed for the Green Wave this year.

In the drive to its score, Westbury racked up six first downs but for the Statue of Liberty play, which caught the Comets completely by surprise, picked up a vital 18 yards just when the march appeared to be halted.

Reverse

While it was Westbury which had much the better going in the first half, it was Hicksville that came to the front in the last two periods.

Running attacks in the game were confined in the contest by fine line play on both sides but the Comets moved nicely when Elias Stetz took to the air which was often enough for Hicksville fans.

With time running out Stetz was successful with five of seven passes to move the Orange 68 yards and the payoff toss was to Schwarting.

The lanky end barely reached the ball with his fingertips and for several agonizing seconds fought to draw it to him. When he succeeded the din was ear-splitting.

After a time out Hicksville elected a quick jump pass for the extra point but it was thrown behind the runner and became an easy task for Pete Purazzella to knock down.

Both Thrust

Both teams had men drop touchdown passes in the clear. In that department the teams were equal in this hard fought but clean contest.

In the third period Hicksville penetrated the Westbury 20-yard line but a triple reverse with fourth and five backfired and lost ten yards.

information to Sidney Rigby for the 20th point.

Two Stetz passes to Lou Koff and Garbarino moved the Black to the losers 38 in the last period, a gain of 39-yards in all, and Sid Rigby followed up with a 28-yard run to the ten.

In his dash, Rigby exhibited two smart outbacks which fooled enemy tacklers early in the run.

The score went up on the boards when Stetz caught Al Petry with a six-yard pass.

With only two minutes left Hicksville still had time for one more score and it came when Tackle Will Zirk picked up a Linden fumble and romped 34-yards to the goal. Under semi-pro rules the tally should not have been allowed but the officials unquestionably had missed seeing the ball hit the ground.

PBC Forms 3 Teams for 10-13 Year Olds

HICKSVILLE — Three teams of 10 to 13-year-olds were formed at the Police Boys Club meeting Thursday night, Oct. 26, in the East St. School. Two full 14 to 16-year-old teams were also formed. Interest was shown in the unlimited team to be formed and Har-

old (Manassie has received several calls on its formation.

It is planned to form two more 10 to 13-year-old teams and a date will be announced soon. The Nov. 6 sign-up night has been cancelled due to the use of the gym for voting. It is tentatively planned to have a meeting of the 14 to 16-year-old teams on Wednesday, Nov. 8, in the high school.

Older boys interested in the unlimited team should call Harold Manassie or leave word at the Manassie office.

Question Retain Lead in CYO League

The St. Ignatius Questions, sparked by Capt. Frank Dragon who rolled 217 and 204, and closely followed by teammate, Jim Wise, whose 223 was the high game of the evening, retained their one-point lead over the coming St. William the Abbot five in a three-to-one score this week in the CYO Bowling League, Eastern Nassau Section. The Questions lead the league with 21 won, 7 lost.

The St. Barnabas Eds are still breathing down the necks of the league leaders as a result of their scoring the same as the leaders. The St. Barnabas Dons are tied for third place displacing the

Cure of Ars Blues who have dropped to sixth. The St. Ignatius Gold had a complete reversal of form that dropped them from first place to sixth the week before. They are now tied for third, thanks to the shutout victory over the Hicks. There are still only four points separating the first seven clubs. From here it looks like a battle right down to the wire.

Joe Emmel, with his 210 game, and Ralph Cuccaro's 208 and 203 games, added the St. Ignatius Hustlers to establish a new high team series record of 2597. Other highs were rolled by Ben Adams of St. Barnabas Bills 213, Bill Curtin of St. Barnard Dodgers 209 and Carolos Papania of Cure of Ars Blue, 203.
