OMIT LEVITTOWN, PLEASE:

Use Only Hicksville On Mail, Post Office Order

See Map on Page 18

HICKSVILLE—The Post Office Department of the United States Government stepped into the controversy of where Hicksville starts and Levittown ends, this week, and drew the line at the Hempstead-Oyster Bay Township Line. Postmaster William G. Mollitor today advised all residents north of this line that their mail must be marked "Hicksville" and should omit all reference to "Levittown or any other areas."

Bethpage Residents Oppose Zone Change

OYSTER BAY—A change of zone from residential to industrial as requested by Sturtevant Lumber Co. of Bethpage was opposed by local residents of the area at a hearing before the Town Board yesterday (Tuesday) morning. Residents on Revere Ave. and Concord Ave. requested more time to contest the issue.

William Moran said sufficient time had not been given about the proposed change to permit residents in the area to make their objections known. Charles Hayward of 9 Revere Ave. said he had moved to Bethpage to get away from factories and asked the Board for protection of his property.

The hearing was adjourned until Dec. 5 in the Town Hall here at 10 a. m. Councilman Frank Chumsky will meet with both parties to reach an agreeable settlement, it was stated.

Speaker to Explain Red Cross CD Role

HICKSVILLE—A general meeting Red Cross volunteers and persons interested in doing Red Cross work has been advanced from Dec. 6 to Wednesday, Nov. 29, at the high school, room 153, at 8:15 p. m.

Ralph Morris, executive director of the County Red Cross Chapter, will be the guest speaker. He will explain the part Red Cross will play in connection with Civilian Defense.

Mrs. William Magill, chairman, will preside.

The postal ruling becomes effective immediately. Postmaster Mollitor stated, and is a "direct ruling from Washington." He expressed the belief that the new order "should stop all confusion on this question."

The topic has been a lively issue in some quarters for the past three or four months. Many new residents of the more than 2,000 homes built in Hicksville during 1950 have been under the impression they live in Levittown.

Use of the address as "Levittown" in Hicksville section, the Herald learned, has resulted in a serious mail delivery problem for the post office force, since there is a branch of the Hicksville Post Office on Hempstead Tpke known as "Levittown branch."

The mail for the section north of the Township (Spindie Rd. and north) is sorted and delivered out of the Hicksville office. Mail addressed to "Levittown" when it should be "Hicksville" has first gone to the branch office and then had to be resorted and carried back to Hicksville main office.

Close Town Hearing On Garbage Service

OYSTER BAY—The Town Board today has under consideration the extension of Hicksville Garbage District south to the Township line, embracing approximately 2400 Levitt-built and other homes. The public hearing on the proposal, after two adjournments, was closed at a final session yesterday (Tuesday) here.

C. C. Miller and Roy Deets of the NLHOA asked the board to dismiss the "proposal" because homeowners of the area concerned find private disposal service more advantageous.

Let Public Decide: Board Probe of Fork La. Fire Refutes Negligence Charges

HICKSVILLE—Frederick Schaeffler, secretary of the Board of Fire Commissioners, today made public the results of an official investigation by the Board into the fire at the home of Norman Modell, 2 Fork Lane, on Oct. 16, which proves conclusively that charges of negligence on the part of the fire department are without foundation. At the same time it was announced that the North Levittown Home Owners Committee, in the face of the evidence amassed, has declined to publicly apologize to the fire department or withdraw charges made by NLHOA.

The Hicksville investigation, made by Michael J. Sullivan as attorney for fire district and by district officials, shows by sworn affidavits from members of the Wantagh, East Meadow and Bethpage fire organizations that telephone calls alleged to have been made the night of the fire to Hicksville Department did reach the three neighboring villages.

Six New Affidavits

Six affidavits were taken by the Hicksville Fire Board, including one from the fire dispatcher at Wantagh Firehouse, George Siems, who said he was told the fire was at "2 Fork Lane, Levittown," and the Wantagh Chief, Robert Platz, who was in charge of the apparatus at the scene. Platz and East Meadow Chief Koshansky agreed at the scene that it "would not be necessary to call the Hicksville Fire Dept." Platz therefore called Hicksville Chief Weiss when he returned home after the incident.

Other affidavits include a sworn statement from Edwin R. Barker, Bethpage fire custodian, that he got a call (believed to be that made by Joseph Reid) who said a neighbor's house was on fire. Barker asked the caller to spell (Continued on Page 2)

Background on Fire Controversy

INCIDENT: Small fire in finished attic of Norman Modell's home, 2 Fork Lane, Hicksville, at about 10:15 PM on Oct. 16th. Answered calls made for fire department by telephone. Since address was given as Levittown, Wantagh FD got call and answered. East Meadow got another call and also responded. After fire was out, Wantagh Chief notified Hicksville Fire Chief at 11:45 PM so he could prepare report since fire was in Hicksville. **RESULT:** Several individuals active in so-called North Levittown Home Owners Committee day following started chasing around and taking affidavits. At a public meeting in Hicksville High School, on Oct. 27, NLHOA got report from C. C. Miller, public utilities chairman and adopted recommendations 23-46 after refusing Hicksville Chief and newer Levitt homeowners present privilege to speak. NLHOA report blasted Hicksville Fire Dept., asked for Weisa ouster. Hicksville Fire Board never got a copy of this report or recommendations adopted. **SUBSEQUENTLY** Hicksville Fire Board, as result of own investigation, found charges absolutely groundless and asked NLHOA on Nov. 15 to publicly withdraw charges and offer public apology to Chief and Fire Dept. NLHOA decided Nov. 15 no apology or withdrawal of charges are needed, claiming "no responsibility for impressions given by newspapers." Thereupon on Nov. 20 Fire Board has released facts in case to let the people "draw their own inference" to the respective reputation of the Fire Dept and NLHOA.

Civics Card Benefit For Scholarship Fund

HICKSVILLE—The Civic and Community Association Inc. will sponsor its annual card party for the benefit of the scholarship fund at the high school gymnasium, Jerusalem Ave. and 4th St., on Friday night, Dec. 1. William L. Geyer is chairman of a large committee in charge of arrangements. Proceeds of the affair will go to the fund to provide a scholarship for the second highest student of

the June 1951 graduating class of the high school. For three years the Civics have annually presented the scholarship. The winner this year was Sally Homire who is attending Allegheny College.

All card games, including canasta, will be played, according to Geyer and a great number of prizes have been offered. Refreshments will be served during the evening in the school cafeteria.

26 SHOPPING DAYS TO XMAS:

Santa Claus Arrives Here Saturday, Invite All Children to Greet Him

HICKSVILLE—Santa Claus is coming to town this Saturday morning, Nov. 25. He will arrive at about 10 o'clock on Broadway and hopes all boys and girls of the mid-Island section will be on hand to bid him welcome.

This will be the third year that the Business Men's Association, Inc., has arranged for the official visit of Santa. He will take a seat of honor at the entrance of the Long Island National Bank and talk to every child waiting for him. For each boy and girl he will have a box of candy, a hand-shake, and a hearty "Hello."

There will be a grand parade up Broadway to mark the arrival of Santa. In previous years the High School band, directed by Norman Seip, has led Santa and his conveyance. One year he arrived by Army jeep. Last year he came in a fancy, shiny convertible. This year he will ride up Broadway, on the biggest fire truck in the headquarters—the hook and ladder.

Charles Schwartz is chairman of arrangements for the Christmas program this year. He announces that the street decorations will be ready on Saturday night and will be lighted that night in honor of Santa. The Civic Assoc. Community Christmas tree on the Bank of Hicksville grounds was set up this week and will be lighted the same night.

In a message to Patrick J. Buffalino, BMA president, Santa wired last night from the North Pole: "I'm on my way to Hicksville and hope all the boys and girls will be there waiting for me Saturday morning. I always have a merry time in Hicksville as the guest of the BMA."

Most local stores will be ready with Christmas decorations of their own by Saturday. Shops will remain open until 9, starting Dec. 8.

The LI National Bank will again provide a free movie party for all the children with the appearance of Santa, at the Hicksville Theatre on Saturday morning, Dec. 23.

the corners of both streets (East Meadow Rd. and York Lane) and then gave the information to Bethpage Chief Robert Gillespie.

There is also an affidavit from Michael J. Kostynick of East Meadow Department who went to Hicksville firehouse to give notice of the incident but claims that at "no time did I report to Chief Koschansky that Hicksville Fire Dept. refused to assume its responsibilities but only that it did not intend to send any apparatus since the fire was already extinguished." Another sworn statement was made by Frank Jacob of 28 Dogwood Lane, Levittown, an East Meadow wamp who went with Capt. Kostynick to Hicksville.

Sullivan, in the direction of the Hicksville Board, wrote the NLHOA care of Roy L. Deets, secretary, on Nov. 15 and gave him these facts. Deets then called Sullivan and met with him to go over the affidavits. As Schaeffer tells it "Our attorney advised Deets that since his Committee disclaimed responsibility for any misstatements of facts which were then apparent, it at least owed to the Fire District the Committee's cooperation in correcting the public record of the events of the evening of Oct. 16."

Refuse to Apologize

Deets phoned Sullivan on Friday, Nov. 17, and asked for a meeting between the Hicksville Board and members of NLHOA. The Fire Commissioners declined to provide such a meeting "until evidence of their good faith was present in the form of action on their part to present publicly the true picture of the Modell fire."

Deets in a letter to Sullivan, dated Nov. 18, which Sullivan told the Herald he had not received as of Monday, said "after a thorough discussion of the matter, the Executive Committee has instructed me to write you and state that, by unanimous decision, we feel that no apology or withdrawal of charges are needed from us."

A memorandum from Deets, released to the press, adds "The NLHOA feels it has done everything in its power to show its willingness to cooperate."

Statements Conflict

Schaeffer told the Herald that Sullivan took Deets, during that three-hour meeting on Nov. 15, to the Hicksville Firehouse and showed him the cabinet on the wall near the dispatcher's desk. "Upon inspection, Deets admitted that the cabinet was unlocked, did not even have a lock and stated that he was satisfied the cabinet never did have a lock."

In an affidavit made by Deets on Oct. 19 he swore that Henry Gebhardt, Hicksville firehouse assistant, had to make the cabinet on the wall to produce a list of street names used to locate fire calls.

Where the matter proceeds from this point is not clear. However, a spokesman for the Hicksville Fire Board said that he felt certain the presentation of the full story today would enable the community to judge whether the NLHOA is willing to see fair treatment given to all parties concerned.

The actual fire caused damage estimated at less than \$500 when mattresses of two beds in an upstairs room caught fire. The mattresses were tossed out of a window and damage to the dwelling kept at a minimum.

HICKSVILLE — Three high school students entered the N Y Journal-American 8th annual American History Contest Thursday. The local contestants were Peter Huemme, Don Alderson and Gerald Mullen.

NEED ADULT LEADERS:

Girl Scouting Program

HICKSVILLE—A meeting of all women interested in fostering Girl Scout activities in the community will be held Wednesday night, Nov. 29, at St. Stephen's Lutheran Church, South Broadway, at 8 p. m. Mrs. Frank H. Smith, organization chairman, will preside.

The meeting has been called as a result of the serious lack of adult leaders for local Girl Scouts troops. There is a long waiting list of girls who must wait to join a troop until more women volunteer some time to act as leaders or members of the Town Committee.

Plans for a leadership course to be given after Christmas will be explained at the Nov. 29 meeting. Formation of new troops in new areas of School District 17 will also be discussed. More and better Girl Scouting for girls from 7 to 18 years of age in this community will depend on the number of adult leaders who attend the meetings.

Further details may be obtained from Mrs. Smith, Hicksville 5-6988M or Mrs. Day, Hicksville 5-8286R.

LEVITTOWN CANDIDATE TOO: Four Seek Fire Board Vacancy Here Dec. 5

HICKSVILLE—A Levittown resident this week filed his nominating petition to become the fourth candidate for a vacancy on the Hicksville Board of Fire Commissioners. The election will be held at the firehouse on E. Marie St. on Tuesday night, Dec. 5, between 7 and 10 p. m.

The candidates are Edward C. Quimby of 168 Lee Ave, retired New York City fireman; Daniel Munch of 207 First St., ex-chief of the local department; John Leckie of W. Chery St., ex-chief of the department; and Charles C. Miller who gives his address as 24 Summer Lane, Levittown.

Member For 22 Years

Friends of Leckie pointed out this week that their candidate for the five-year vacancy has an outstanding record in firematics as a volunteer for more than 22 years. He was elected a lieutenant of Co. No. 3 in 1932 and later became captain of the same company. While serving as chief of the department he was appointed to fill out an unexpired term as commissioner in 1946.

Leckie is one of the organizers of the Volunteer and Exempt Firemen's Association and served as trustee for six years. He was then elected president. He is a member of the County Firemen's Association, State Firemen's Association and County Fire Chief's Council.

Resident Since July

Miller, one of the organizers of the NL Home Owners Committee, gives his address as "Levittown" and says he has been a resident since early in July. He filed his petition with the district last Thursday.

He was born in Franklin, Pa. on July 15, 1917 and attended public schools there. He went on to study electrical engineering at the University of Pittsburgh and advanced physics and math at the Jesuit University of Beirut, Lebanon, obtaining a Ph.D. in mathematics there.

During the war he served overseas nearly three years in North Africa, Europe and the Middle East, attaining the rank of major. He is now in the NYC office of RCA Service Co. as a field engineer in the Scientific Instruments Section. He has been employed by RCA as an electronics engineer for ten years except for a leave of absence during the years 1942-45.

He is the father of two children, Roger 2½ and Donald, age 6 weeks.

The election is open to all legal voters of Hicksville who have been residents 30 days prior to the vote.

You are urgently requested to show your face and participate in the affair. You will have no trouble gaining admission as tickets are only one dollar per person. You are to keep an eye open for the refreshments to be served in the basement because they promise to be well worth your indulgence. If you haven't a ticket, you can purchase one at the door that night. Chairman John J. Mulligan is in charge of the affair and is doing all in his power to make it a huge success. Let's not let him down. That is all.

The hand of welcome goes out to Gerard Mehl of Nevada Ave., Hicksville, for his recent transfer into our Post from the Bronx. Sure good to have you with us, Jerry, and I'm positive that you will be one of our most active workers.

There is an old Army expression—"tell it to the Chaplain." Well, that's exactly what all of us were able to do, because our good friend and Chaplain, Fred Sutter, once again put in an appearance after a lengthy, justifiable absence. Nice seeing you again, Chaplain. I still haven't received that cigar from the time your baby was born!

"Spike" Frohenhoefer, the Junior "G" Man of Civil Defense, was awarded the meeting prize. Congratulations! Any member who missed seeing "Spike" taking fingerprints can get another chance by calling up the CD Chief, Frank Sutter, and filing an application for one of the many jobs available for you. Quite a few members of the Post signed up at the meeting; but Frank says there is still room for you. Call him today whether you are a member of our Post or just a reader of this column who might be anxious to do your bit. No one can positively state today whether or not we will ever be bombed by our enemies, but if our Civil Defense is 100 per cent strong and ready for any emergency, hundreds, perhaps thousands of lives can be spared.

I hear via the grapevine that my buddy, Frank Mallet, has taken the officers' photographs. Thanks a million, Frank. Your wholehearted cooperation is greatly appreciated. If you are a member in the market for some photographs for the holidays, why not visit the Mallet Studio, 183 Plainview Rd., Hicksville, and be sure of a good photograph. Better yet, call for an appointment, Hicksville 3-1460.

I wonder if our Chairman of Social Activities, John Mulligan, would consider the idea of a New Year's Eve Party at the clubhouse for Post members? Do you think you could send out some kind of a letter to our members to see whether or not they would be in favor of such a party? We certainly have a beautiful place to hold it. Do you agree?

I want to wish all of you a very, very Happy Thanksgiving. Please stuff yourselves more than ever, then come to our Fall Dance next Saturday evening and dance yourself back into shape.

Takes Hour to Pass Thru Hicksville During Evening Commuter Time

HICKSVILLE—It takes more than an hour to travel across this community, from north to south, evenings between 5:30 and 6:30, James Condon asserted this week, stressing the urgent need for a Rail Road grade crossing elimination program here. Condon is chairman of a special committee of the Civic and Community Assoc. which is making an all-out effort to get local crossings eliminated. "I only hope we never have a fire on the north side of the tracks during those hours," he told the Civic meeting at the firehouse, Thursday night.

It took Rockville Centre 15 years to get its crossing program into actual construction, Condon reported at the meeting and said that with the full support of the entire community "we might be able to do it in less than 15 years." Rockville Centre's Mayor Lister recently credited well-organized publicity with the achievement of their goal since 1935.

Condon, vice-president of the Civic Association, is organizing a large committee of local residents to assist in the campaign. Letters and petitions will be sent to State, County and Town authorities in effort to get some action.

Six Hicksville crossings have been approved for elimination since 1941 but the State Legislature has failed to appropriate sufficient funds for the project.

It is felt that the project has vastly improved chances of State financing today with local automobile traffic multiplied several times over during the past couple of years.

Crossings which the Civics hope to eliminate are Charlotte Ave., Jerusalem Ave., Broadway, Marie St., Nicholai St., Old Country Rd. and Bay Ave.

Ready Community Tree

During the same meeting, Thursday, Benjamin Smith reported that the Community Christmas Tree provided on the Bank of Hicksville grounds as a project of the Civic Association will be illuminated the same night as the street decorations of the Business Men's Association are turned on, Saturday, Nov. 25.

Final plans were made for a benefit card party to be held in the high school gym on Friday night, Dec. 1, for the benefit of the Association's scholarship fund. Hundreds of prizes will be awarded. Tickets are available at the Herald office, 162 Broadway.

The Civics will hold a Christmas social meeting for members in the firehouse on Thursday night, Dec. 28, according to William L. Geyer, ways and means chairman.

THIS CROSSING, marked only by a wooden sign, at Charlotte Ave., Hicksville, was the scene of a near-fatal accident on Nov. 6 when a trailer-tractor was clipped by both east and west-bound trains. The Civic Assoc. immediately following the mishap wired the State PSC and LIRR requesting the crossing be closed to traffic until adequate warning devices are provided here. It is one of six local grade crossings the civics want eliminated. (Mallock photo for Herald).

Jericho to Elect Board Members

JERICO — Election of a five-year commissioner for the Jericho Fire District will be held on Dec. 5 at the firehouse from 7 to 10 p.m. The term of Percy Remsen expires this year. Petitions of candidacy must be filed with Board Secretary Harold Smith prior to be held until Monday.

Nov. 29.

The fire board this week disclosed that Arthur Kaye has been named attorney for the fire district.

HICKSVILLE — A 70-voice Glee Club and 30-piece band presented a Thanksgiving Day program at the high school this morning (Wednesday). No classes will be held until Monday.

**Hicksville Park and Duffy Park:
Bus Voting, New Factory, Other Items**

Hello Folks:
News seems to be very scarce around these parts. Guess I'll have to go around ringing door bells to see "what's cooking" in Hicksville.

The Condons and the Dieterichs, both of McAlester Ave., went to New York City last week and did the town up right. I believe they saw the play "A Story For A Sunday Evening." Don't know what happened, but Jim Condon is home on a five-day leave now.

Mr. and Mrs. John McMahon of 10 Mead Ave. had a party last Saturday evening celebrating several anniversaries and one birthday. Loretta McMahon was two years old on Nov. 21. John and Dot McMahon had their third wedding anniversary on Nov. 22 and Dot's grandparents celebrated their 58th

wedding anniversary. Twenty-five people attended the party and a swell time was had by all. I'm glad I didn't have to do the cleaning up.

That Metlab Factory we have at the north end of our development really looks nice; now, let's hope it stays that way.

It's a shame more people didn't get out and vote on the school bus proposition. We did win the bus; however, it seems to me the same people always do all the voting. What say we do better next time?

That's all folks. What about giving me a call and help me obtain some news?

HAPPY THANKSGIVING - TO YOU ALL.

GOLDEN TEXT: Oh that men would praise the Lord for his goodness, and for his wonderful works to the children of men! And let them sacrifice the sacrifices of thanksgiving, and declare his works with rejoicing" (Psalm 107: 21, 22).
SERMON: From the King James version of the Bible: (Malachi 3: 18) "Bring ye all the tithes into the storehouse, that there may be meat in mine house, and prove me now herewith, saith the Lord of hosts, if I will not open you the windows of heaven, and pour you out a blessing, that there shall not be room enough to receive it."
 "Ancient and Modern Necromancy. Alias Mesmerism, and Hypnotism. Denounced" is the Lesson-Sermon subject for Sunday, November 26.
GOLDEN TEXT: "Watch ye, stand fast in the faith, quit you like men, be strong" (1 Cor. 16:13).
SERMON: From the King James version of the Bible: (Deuteronomy 5: 1; 18: 15) "And Moses called all Israel, and said unto them, O Israel, the statutes and judgments which I speak in your ears this day, that ye may learn them, and keep, and do them: When thou art come into the land which the Lord thy God giveth thee, thou shalt not learn to do as the abominations of those nations. There shall not be found among you any one that maketh his son or his daughter to pass through the fire, or that saith divination, or an observer of times, or an enchanter, or a witch, or a charmer, or a consulter with familiar spirits, or a wizard, or a necromancer. For all that do these things are an abomination unto the Lord; and because of these abominations the Lord thy God hath driven them out from before thee. Thou shalt be perfect with the Lord thy God. For these nations, which thou shalt possess, werearken unto observers of times, and unto diviners; but as for thee, the Lord thy God hath not suffered thee so to do."

HICKSVILLE GABLES: Compulsory Reading and Christmas Idea

I discovered on Friday evening — two whole days after this column was born, that there were people who had the Mid-Island Herald in their homes, but — who still had not seen it. My literary masterpiece, created of blood, sweat and dozens of phone calls — unseen and unread. Forlornly hiding its head on Page 17. Let's not have anymore of that! From now on, everyone rush to the mail-box on Wednesdays, get the paper out quickly, find THE column and pore over each and every pearl with rapt attention. Now — we don't say this is compulsory reading — but — REMEMBER those caverns in the streets? Well, we could put them back. So, no more of that sabotage.

S'Matter of Fact

To all you kids who have any complaints in the future, Gables office has moved from Old Country to Plainview Road.

Miss Margaret Tils of Gables Rd., who announced her engagement a few weeks ago to William Ziehl of the Bronx, is wearing a dreamy ring.

Flo and Ed Talbot are sporting ear muffs a lot these days — no — it's not that cold at 13 Gables Dr. Son, Michael, who is taking the 15-week course in the Village, practices daily on his accordion.

Two future artists are in the making at the Hicksville High Art course. Miss Dorothea Hansen of 30 and Mrs. Lucia Carpenter of 29 Gables Drive are specializing in oils.

Det 'Ole debbil Virus P. had all the Giannellis of South Elm St. kayoed recently. Spread from Alan to Mearly to Marge to Rita. Bet they're happy to recover in time to enjoy the holidays.

Ancient Thanksgiving

Mrs. Philip Grice and daughter,

Joan, are on their way from Champagne, Ill., to spend a week with Mrs. William DiBella of South Elm Street.

The Haines's and the Soinnens of South Elm St. will trek back home to wilds of Brooklyn to their respective family's festive boards.

The Allens of Terrace Pl. are practically in Pilgrim Territory spending a week with Grandma Walsh in Taunton, Mass.

Happy Birthday This Week

To Ken Fundus of South Elm St. who celebrated at a family dinner on Nov. 15.

To Lucia Carpenter of Gable Drive who was feted at a delightful party, Nov. 18, given by her mother, Mrs. Vincent Sapia of Division Ave., and attended by the Clans Sari and Carpenter.

Ancient Christmas

I know they have this each year in Hicksville proper, but we have plans to award prizes for the best decorated house in the Gables at Christmas time. We will have three impartial non-residents to judge all the Benvil Homes and this includes South Elm St., Terrace Pl., Park Ave., Plainview Rd., and Gables Drive and Road. The prizes won't be munificent and naturally everyone can't win but who cares, if we achieve beauty and have fun doing it. So let's all get our thinking caps on and see how original and decorative we can be. I'll have more information on the rules and actual prizes next week. In the meantime all suggestions, personal notices, announcements of parties, engagements, weddings, births or just plain get-togethers, welcome at Hicksville 2328J.

The answers to everyday insurance problems
 By JOSEPH E. DOCKOV

QUESTION: If I drive a borrowed car, am I covered by the public liability and property damages insurance I carry on my own car? One of those complicated transportation problems involving getting four men to the golf course but leaving enough cars so their wives could do the shopping came up the other day and some one mentioned the insurance angle.

ANSWER: So long as the borrowed car is a private passenger vehicle which you do not regularly drive, you are fully covered by your own insurance policy. It should be mentioned, however, that the policy does not extend to cars which you actually own beside the one insured. You must arrange for separate insurance on each such car.

CIVICS ASK 25 MPH SPEED ON ALL STREETS

OYSTER BAY—Efforts to promote highway safety and ease traffic congestion in Hicksville were launched on several fronts last week. The Hicksville Civic and Community Association Inc. requested the town board to enact a regulation limiting speed on all community streets to 25 miles per hour, the town adopted a three-hour parking limit for all community parking fields, and a request was made that left turns be prohibited by ordinance at the corner of Herzog Pl. and Broadway.

The three-hour parking field regulation was adopted at a public hearing, here, Thursday, Nov. 9, upon recommendation of Councilman Chlumsky. The time limit will be in effect between 8 a. m. and 6 p. m., Sundays and holidays

Gaeta, Patricia Gogan, Claire Hartmeier, Marie Heuschneider, Ronald Holmes, Hubert Jahn, Claire Keller, Theodore Levy, Patricia McGoodrich, Carole Marrs, Louise Mayo, Leonard Mayz, Roy Meier, Edwin Meyer, Richard Messing, Gretchen Messerich, Marjory Miller, Mary Molinario, Joseph Mueller, Cecile Orltman, Stuart Orton, Evelyn Patton, Bernadette Picone, Seanna Reilly, Richard Rice, Irene Rogers, Edward Schaeffer, Rudolph Schaeffer, Ann Schulz, Nina Simonsen, Marcella Solnik, Nancy Stoldt, Margaret Striker, Billy Sutton, Mary Lou Viette, Shirley Watson, Joan Wiley, Barbara Woodrum and Arthur Zimmet.

The law also provides that motorists must park within spaces designated and that no trucks of over a half-ton may enter.

Want Speed Limit
The no left turn ban was suggested at the hearing, Nov. 9, by Frank Sutter who cited congestion at the RR crossing on Bway which now develops. The 25 MPH limit is outlined in a letter of recommendations from the Civic Association to the town board. In a separate hearing also held Nov. 9, the Town Board enacted a two-hour parking limit effective between 8 a. m. and 6 p. m. on Jackson Pl. off Duffy Ave., Hicksville. The street near the depot had become a favorite spot for commuters.

Direction of traffic on W. Nicholas St. was scheduled to reverse on Monday of this week. It was recommended by the School Board, Nicholai P-TA and opposed by the BMA and Civic Association.

Three-hour limit in public parking fields becomes effective, Nov. 27.

GIVEN SURPRISE PARTY
Ex-Vaudeville Star Takes Spotlight

By JIMMY G. COOLEY
HICKSVILLE — A former vaudeville star of yesterday again stood and took bows on Nov. 7 before a spotlight that she thought had gone out years ago. A woman whose hair is now streaked with silver and whose walk is slow, sat among the many wonderful cards and gifts which helped her to celebrate her 71st birthday among an audience that wasn't even born when she stalked the stages of such by-gone theatres as the Columbia and the Majestic.

She still recalls her part in the stage play titled "The Spillers," later made into a motion picture. When she talks, the glint in her eyes lets you know that she still smells the grease paint and hears the cries of "Encore."

Both she and her husband played the same bill many times but in different acts, her husband a tap dancer died at the age of 32 at the height of his career. But as show people say, "the show must go on" she went on, but never to forget those days of Webber and Fields and many others. I had the good fortune to witness her greatest triumph at that party which in her words, "This was the best day in my 73 years," will go down in my memory book as other famous immortal words.

Among the guests present were Mr. and Mrs. Joseph Allen, Mr. and Mrs. Oliver Belanger and Mrs. Viola Bonello of Hicksville. Joseph Mignone, Commander of the AMVETS, present to honor the oldest auxiliary member and Louis Mignone of Bethpage, Harry and George Strembel of Rockville Centre and Mr. and Mrs. Robert Larcombe and sons, Larry and Steven of Farmingdale.

This vaudeville star has not tarnished through the years but has grown brighter to me, to many old timers from Hicksville they may know her as Mrs. Margaret Cooley and to me her son, I have had the pleasure of writing this little tribute and being her one-man audience through these years. I only regret is that I could not follow the footsteps of my father whose rise to fame was cut short by an untimely death.

Hicksville Kiwanis May Award Auto

By SAM PACE
Hicksville Kiwanis Club is contemplating the award of a new Pontiac to the public. The car will be donated by Mal Pierce of Mal Pierce Inc., Hempstead Tpke., Bethpage. Proceeds will be used to purchase an iron lung for a local hospital.

Chester Blakelock, executive secretary of the L. I. State Park Commission, was the guest speaker at a recent luncheon meeting. He said that the State Park Commission plans to construct a 16-mile parkway extension to unite Northern, Southern and Ocean Parkways. With the completion of the five additional miles from Amityville-Huntington Highway to Deer Park Avenue, 97 miles of the system are now open to traffic.

"This is a far cry from the first one-mile section at Hempstead Lake State Park which was opened in 1927," he said. "Since then, until World War II, a new section of parkway was completed almost every year.

"Soon work will begin on the Northern Sagtikos Parkway loop to the Southern at Bay Road," he explained. "At Bay Shore Road work will begin on a 7-mile Captree State parkway, a causeway and bridge across Great South Bay to the Ocean Parkway at Captree Island, east end of Jones Beach. Eventually a 7-mile spur will run north easterly to Sunken Meadow State Park on the Sound where 170 acres have been purchased for expansion of that park.

"Foundation work is also underway for a new Marine Stadium at Zachs Bay which will have a seating capacity of 9,000. The LI State Park Commission has most successfully planned and constructed the most vital points of our Long Island Life — recreational facilities, parks, and highways built for safety, restricted and protected for beauty and mapped to form a network of accessibility."

USEFUL COUNTER SPACE

The compact modern kitchen has many obvious advantages, but it often lacks the homely, comfortable atmosphere of the large old-fashioned kitchen with plenty of room for lingering over a cup of coffee and chatting while the work of the house went on. There is a modern equivalent—the counter-and-stool arrangement—which, though not as expansive, offers many of the same advantages. It is especially convenient as a place for quick snacks and midnight raids on the icebox, for children's lunches, and for the afternoon cookie and glass of milk. Then too, there is never enough room for setting out salads and preparing desserts. If the counter is to act as particularly when the hostess is serving without help.

The counter is made of ordinary inexpensive lumber with an overhanging edge on one side to accommodate stools. The opposite side, built straight from the edge of the counter to the floor, may be used for closet or shelf space. The top of the counter—built to match the height of the sink or other working spaces—should be covered with linoleum or some durable plastic, and the edges bound with a metal molding. The stools should be built to a convenient height and covered in a matching or harmonizing material. semiwall or partition in the kitchen, for instance—open shelves may be built above it, allowing sufficient head room between the counter and the lowest shelf. Glassware and china placed on these shelves will make them both useful and attractive.

Although the counter arrangement is most frequently used in the kitchen, it can readily be adapted to the recreation room. If the recreation room is small, a narrow counter across the end or along the side leaves the room less crowded with more space available for games and amusements. It is an excellent place for small groups to gather with their refreshments and will often be pressed into use as an appropriately out-of-the-way place for confirmed chess and checker players. A modified counter arrangement makes an excellent hobby table. But if it is to be used for this purpose, it is well to remember that it should be properly placed with plenty of storage space available and sufficient light for all kinds of work. The shelves above the counter can easily be converted to closets by dividing them into convenient compartments and hanging doors.

Vast New Home Area In Hicksville

OPINION OF READERS:

Question for Mr. Chumsky

Dear Mr. Noeth: Your editorial of last week on Township Public Hearings was good. It was more than that, it was an exposition of a condition so unfair, unjust, un-American and prone to the fostering of special interest that I feel sure your position in the community alone, restrained and red-acted your use of words. However, the most you did was to pass the ball. But to whom?

To an open field.

To a field of happy young homeowners, family men, working men and women—the people of Hicksville. If one or more of the many civic minded organizations pick it up, they will be doing for the community a service that all will profit by.

Just how a group of civic-minded individuals gets a proposition before the Board (say they should want to have the Town hold all hearings that directly concern Hicksville held in that place), I do not know. Perhaps Mr. Chumsky, our area Councilman to the Board, whom Mr. John Doe sees helping the Lions Club present trash cans to Hicksville and cutting a ribbon to an admittedly very in adequate parking field, will be forthcoming with a full explanation.

Perhaps the Business Men's Assoc. would inform us. They know. Some time ago I read in this paper that the BMA discussed and were in favor of imposing a three-hour parking limit on the Municipal Parking Field on East Marie St. More information was not ahead until last week, when the same paper said the Town Board was considering it. Nevertheless, the letter of the law was fulfilled, public notice of the hearing was published. Unfortunately the paper wherein it was published is at the time, to my knowledge, not enjoying a really terrific local circulation. This might seem a little underhanded, particularly since I have been informed—and here I salute you, Mr. Noeth—the services of the Mid-Island Herald have been offered, even at the sole expense of the paper itself, to keep the community informed on matters directly affecting it. It is not underhanded, however. It is the present law and custom.

This inequitable condition undoubtedly irks many private individuals who, realizing they themselves should be the government, are deprived of a say, whether they be right or wrong. For instance, the daily commuter, who pays taxes to the Town and village for parking, now finds himself deprived of it and apparently (this we know not to be true, for they have fulfilled the law) by a small group of businessmen who were so near-sighted from counting the profits of the competitionless boom they enjoyed that they failed to reckon with nearby growing communities whose stores offer you parking while shopping, and at their own expense. The commuter, if he were permitted, would have liked to point out to the Board how the BMA once studied the parking field by the railroad and what a simple job it would be to resurface and line it so as to permit the parking of at least twice as many cars. Ah, but this was cheaper.

The taxpayer would, if he had the opportunity, undoubtedly cite the fact that he could not park in the street, for the Town had approved parking meters (which are of themselves good), he probably won't be able to get in the remaining parking fields, for they can be filled with "out of towners," who in no way paid for parking in Hicksville, and so will be forced to pay a private concern a tidy sum weekly. Even the use of identifying stickers could not fully solve this dilemma. He probably would question the Town Fathers how, while they, with all their available information, could not see a parking problem arising some individuals could, and now stand ready to make a small fortune, and are most assuredly given a helpful boost by this parking limit.

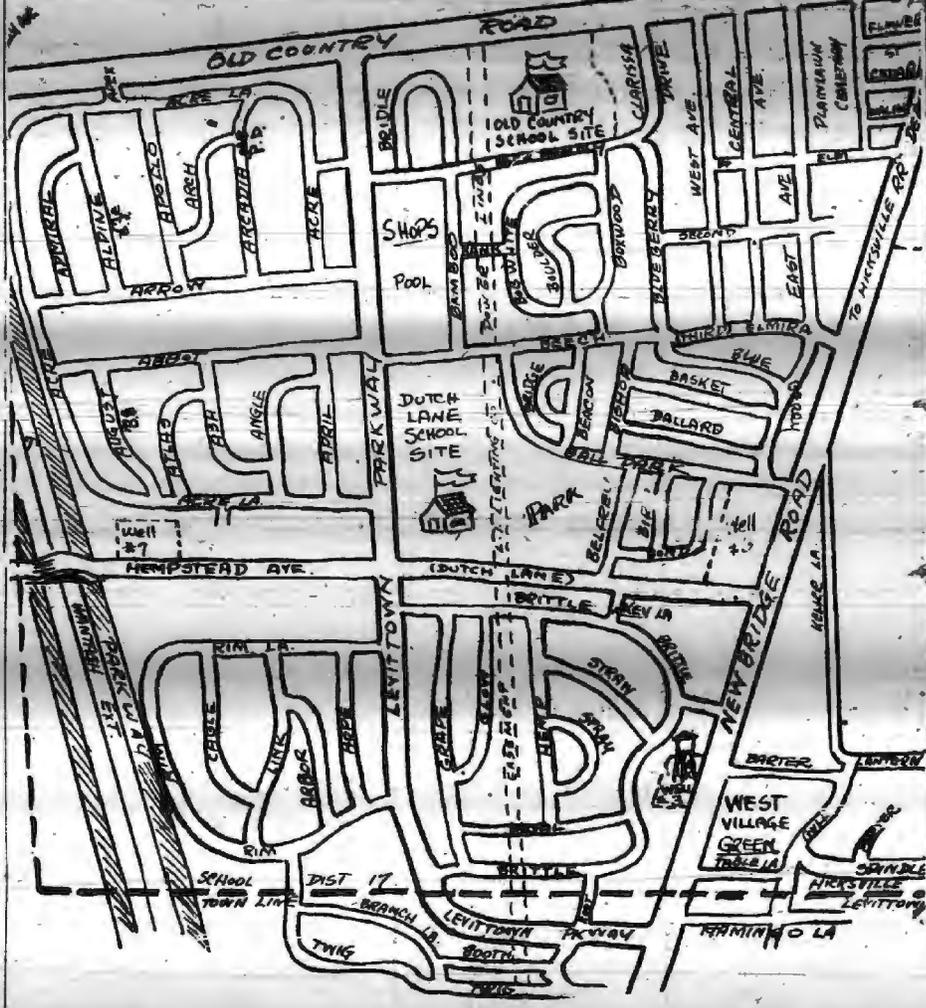

And now, since it is the policy of this paper to publish unbiasedly all letters received for the purpose of public interest, what are the plans of the BMA as regards future parking? Remember, if you will, adequate all day parking is a great advantage to the growth of a community even if this does require a little foresight.

And you, Mr. Chumsky, what do you think of the proposal to enable us to attend meetings by holding them here and in the evening? And of the parking problem, what are you doing about it?

PHILIP J. SUNDBERG, Jr., 162 Lee Ave., Hicksville.

Find Herald Very Interesting
Dear Sir: I have found your paper to be very interesting and wish to express my appreciation by sending it for the past several weeks. I am enclosing my check for a one-year subscription.

ROBERT E. LENAHAN, 50 Walnut Lane, Hicksville.

Levittown in Oyster Bay Township

My dear Mr. Noeth: This is to acknowledge receipt of your "greeting to the community." It is a clever move, on your part, to attempt to gain subscribers through sample editions of your paper. No doubt this will gain you many new readers.

However, it is obvious from what I have read in your paper and from the "a matter of geography" enclosed with your letter, that your editorial policy is one of half truth, which is a dangerous procedure. May I point out that in your attempt to convince us residents of North Levittown, that we are Hicksvillites, you deliberately misinform us. As you, yourself, point out, there are three townships in Nassau County. True, most of Levittown is located geographically in Hempstead and the rest in Oyster Bay Township. To my limited knowledge, there is no Township of Hicksville, as you obviously try to misinform us.

As you point out, our community is served by Hicksville departments. From your point of view, we should drop to our knees and thank you graciously. Yes, it is wonderful to have organized services, and I'm sure we all appreciate it. However, it should be realized that additional taxes collected by Oyster Bay and turned over to your departments should more than cover additional expenditures and consequently lower your own taxes. Since this land had been farms, and blighted farms at that, your source of revenue must have been very limited indeed.

Even before I became aware of the conflict which exists here, I noticed the bigotry which existed in your paper. The resentment of your natives toward the outsiders was apparent in a statement made by a "native," who said "this place is getting to look just like Queens."

Thank you for your invitation to join your community, but at present I reside in a community of national renown and enjoy the status I have.

MRS. BETTY RICHMAN, 7 Stone Lane, Levittown.

THIS SECTION bounded by the Township line on the south and west has been built-up and become the residence of thousands in the past few months. This is part of the area which Postmaster Wm. G. Mollitor advises to use "Hicksville" as their address, together with street name and number, and to omit reference to "Levittown." These houses were built by Levitt & Sons but are entirely in Hicksville Fire, Water School, Park and Parking, Street Lighting and Civil Defense District. North is at the top of the map.

The Sportlight

By HOWARD FINNEGAN

Even if there was a desire, it would be hard for the Hicksville Kiwanis basketball camp to conceal the obvious signs of pleasure with the 1950-51 team now being formed by coach Frank Ruggiero.

That the Royal Blue is ready to return to the upper ranks of amateur basketball powers in Nassau County can be seen by the imposing lineup of players already out for the squad.

Ray Halleran and Ed Coleman would be outstanding players on any team, while Billy Brynes, Bill Bordiuk, Don Lang, also are welcomed sights to Ruggiero.

And the fact that Chet Jaworski will be on hand as often as possible adds considerable joy to the house of Kiwanis.

Will Erb and Herman Rigby are the less experienced lads in the competition but will provide considerable strength all down the line.

The club will be big and rangy and will have power to work under the boards when the time comes.

Comets Are Preparing

Hicksville High is readying for its basketball opener which is yet two weeks away.

The Comets have already scrimmaged Mepham and came off rather nicely, although it has developed that coach Jaworski has a lot of work to do in smoothing out the ragged play.

Among the members of the squad that won 14 games out of 18 last year who are expected to see action this season are: Dick Alcock, Harold Manaskie, Ted Schwarting and Harry O'Mack.

CHALLENGE TO HICKSVILLE MEN: 125 Boys Active in PBC Program

HICKSVILLE—About 125 boys, 10 to 18, are taking part in the Police Boys Club program, including several basketball leagues. The Sponsoring Committee today asked if the men of the community are ready to answer the challenge of the boys. The PBC statement follows:

The past two weeks at the East St. School some 35 boys between the ages of 10 and 13 signed up for the local PBC basketball season. On another evening of the previous week 30 other lads between the ages of 13 and 16 answered a call for basketball and now another team of young men between the ages of 16-18 have formed a team to represent Hicksville in the Inter-County League. This represents a total of about 75 boys who are ready and willing to play and learn a good clean sport.

The sponsors of the Hicksville PBC, under the leadership of Harold Manaskie, voluntarily give their time to the activities of this organization, sponsored by Nassau County Police. Hicksville today has assigned to it one Patrolman, Bob Reynolds. He, together with the sponsors, devote their time in helping the boys in their year-round activities such as, baseball,

track and basketball. The young boys have this year issued their challenge — they are ready and willing to learn — are the men of Hicksville ready? Surely among the thousands of men we have here in Hicksville there are some with a knowledge of their high school or college basketball — give these boys a hand — devote one night a week and help teach them.

You will be helping them and also helping your community by teaching these boys sportsmanship and fair play. Are you going to let them down? Pick up your phone right now and call Harold Manaskie — Hicksville 3-1703R, and find out how you can help, or come and watch the boys play at the high school every Monday, Thursday evenings, at 7:30 p. m. and at the high school every Wednesday evening at 7:30 p. m.

Bears Trample Field Club!

VALLEY STREAM—In an orgy of brutal football that shamed the classification of "game," the Long Island Bears won a savage 17-7 victory over the Hicksville Field Club, here, on the grounds of Firemen's Memorial Field, Sunday afternoon.

The pressbox announced an attendance of 1,500 persons. Considerably less appeared to be seated in the 10,000-seat stadium.

Hicksville conceded to the home team's desire to play the game according to straight professional rules and paid a heavy penalty for it.

It was a contest played almost without the civilized restraint of a rulebook but one important factor stood out in the maze of clenched fists, swinging elbows and innumerable injuries — the Bears had the better football team.

Aces Win 1st Game

In the first game of the season, the Hicksville Aces of the 13-16 year old Police Boys Club basketball league, defeated Farmingdale PBC team, 54-23. The Aces were out in front all the way and were never at any time challenged by their opponents. Rich Evasechuck rolled 18 points for high honors followed by his teammate Charlie Vogel. In the last quarter, the Aces' second team played well against the Farmingdale squad

Bill Zirk played the whole game in the middle of the crushing Bear attacking point and stood out as the best Hicksville ineman of the day. He was helped by good play by end Lou Koji and the veteran Pat Mille, who retired last year but became so heated by the way things were going that he donned a uniform at halftime, also performed notably in the closing quarters.

However, the tide could not all together be stemmed and Ed Bishop cracked over for the first Bear score just as the last second of the first half ticked off the clock.

Chris Broderson, who failed to blunt the determined defensive stand of Hicksville in the first period with two unsuccessful field goal attempts, booted the extra

point and the Bears ran to the locker room with a 7-0 lead.

Hicksville threw a bombshell on the second play of the third period. Ed Stetz flipped a 21-yard pass to end Herman Rigby on the Bear 41 and Rigby ran one step ahead of two Bears all the way to the end zone.

Bill Garbarino threw a left-handed pass to Stetz for the extra point and Hicksville had a 7-7 tie.

The Bears then ground out the 80-yard drive which applied the clincher. It took most of the third quarter and appeared halted on the Hicksville 17. There Broderson came into the game for an attempted field goal but a pass resulted and caught Hicksville napping.

It really accomplished a score but a 15-yard aiding-the-runner penalty momentarily took it away from the Bears. It did give them a first down, however, and Tom White finally pushed it over from the four-yard line with Broderson converting.

Broderson got his field goal late in the fourth period when another Bear drive was checked on the Hicksville seven. He kicked it from the 12 and led the game.

Hicksville tried hard to come back but was unable. That the Bears rolled up 17 first downs to 3 for the losers and gained over 200 yards rushing to minus 50 for the Black and White tells much of the story.

Patton, Bianco Best L. I. Showing

SCHENECTADY — Billy Patton and Mario Bianco of Hicksville High made the best Long Island showing in the statewide cross-country meet held here Saturday afternoon.

With Section 8 (Nassau-Suffolk) finishing third in the Class A division, Patton ran tenth and Bianco ran 11th.

Gerry Malloy of Roslyn who just beat out the Hicksville lads

for the Sectional championship here two weeks ago came in 12th.

Joe Gorman of Hempstead ran 14th and was the only other Long Island boy to finish among the first 20 runners.

Harry O'Mack was off his usual form and ran in 44th position which still was commendable in a field of 150 runners.
