PRELIMINARY DRAWING of office building two-story building will be set back from the high-Long Island Lighting Co. will construct in Hicks-ville, fronting on Old Country Rd., as a major part of the utility company's electrical operating headquarters to be established here. The way and the entire area will be suitably landscaped. This is the first publication of this picture and article anywhere. Francisco & Jacobus are engineers and architects.

Electric Operations for LI To Locate on 60 Acre Tract

MINEOLA—The Long Island Lighting Co. will spend about four million dollars on the establishment of its electric operating headquarters at Hicksville on a 60-acre tract along Old Country Rd., just east of the Long Island Rail Road main line, it was announced yesterday by Bruce S. Gramley, vice-president of the Lighting Co. in charge of purchasing. Hicksville was chosen as the headquarters for electric operations because of its central location for all Long Island, he stated.

The Lighting Co. has owned about 40 acres adjacent to the tracts for the past couple of years. The purchase of 20 more acres this week will provide about 2300 feet frontage on the south side of Old Country Rd. from the LIRR east to the county sump on the corner of New South Rd. The property is roughly L-shaped, providing frontage also on New South Rd.

Eisemann Deserves Credit

Henry G. Eisemann, prominent Hicksville banker and realtor, was credited today by the utility company with bringing the project to Hicksville. He first interested the Lighting Co. in making the initial purchase at the site and, after considerable effort, convinced the utility of the advantages of locating here.

The project will add at least 25 per cent to the present assessed valuation of the school and other special districts in Hicksville which may result directly in reduction of taxes upon individual local homes, it was noted this week.

The company is ready to go right ahead with the project and is seeking bids for the work. "We hope to let contracts before the end of the month," Gramley told the Herald in an exclusive interview. "We plan to complete as much of the project as possible this year," he added.

About 1,000 people are expected (Continued on Page 4)

INCORPORATION STARTS:

Petition Forms Ready For Backers Tomorrow

HICKSVILLE — The Committee for Incorporation of Hicksville meets tomorrow (Thursday) night in the high school auditorium to launch an effort to bring self-government to the community. Lawrence A. Roman, chairman, announced this week. All committee members, area captains and others interested are urged to be present.

A featured speaker of the evening will be John Roal of Mount Vernon, former Alderman of the City of Mount Vernon who is now assistant corporation counsel for that Westchester city. He spoke to a small group here some months ago and presented a compelling story on the advantages of local, self-government as developed in Westchester communities. Westchester has frequently been compared with Nassau because of their similarity as to property wealth, community life, population, etc.

Petitions which must be signed by property owners representing

one-third of the valuation of the school district will be ready for distribution at the meeting and weekly meetings of captains are planned. William L. Geyer is in charge of the block workers.

Francie Opposition

Ernest Francke, installed this week as Republican Club president for the 18th year, spoke in opposition to the proposed incorporation of the community before members of the Kiwanis Club last Wednesday.

A reporter for the club said Francke "presented the 'other side' of the incorporation plan. He believes that there are also many disadvantages to the idea." Francke urged residents to take a "more active interest in local affairs and study the current problems which face us, so that actions may be taken for the benefit of all."

Guests at the Kiwanis meeting included Peter Colman and Everett W. Smith. Rudy Bouse was awarded a tab for a year of perfect attendance.

Discuss Two School Proposals Monday

HICKSVILLE—The School Board will hold a public meeting next Monday night, starting at 8 o'clock in the high school auditorium, upon the two propositions for expenditures being offered for vote the following day. The meeting was set as the result of numerous requests from residents, and all interested are urged to attend.

There are 2,110 persons registered and qualified to vote on Tuesday in the high school between 4 and 10 p. m. There were 110 more voters registered last Saturday by the Board of Registration and Canvass at Nicholas St. Harold Zeitman was present as a new member of the Board succeeding Robert Lindeman, who resigned, due to private business.

One proposal calls for appropriation of an additional \$297,000 for the East St. School additions. An earlier appropriation of \$400,000 has been found insufficient due to increased costs and "inflationary influences."

The second proposal seeks an appropriation of \$184,650.50 for (continued on page 4)

Park Off Highway When Snow Is Due

OYSTER BAY — All car owners are requested by Town Highway Superintendent John R. Brandt to park their autos off the highways whenever there are reports of snow forecast. Cars on the streets, parked along curbs, especially in residential sections of the township, delay the movement of snowplows and make it almost impossible to open streets when it snows, Brandt warned.

NORTH WEST NOTES:

Rocky Road to Dublin and Other Things

Welcome to our new neighbors down on Ohio St., Princess Ave., Burns Ave. and Kolmer Ave. We had occasion, Saturday, to meet quite a few of the new home owners in this section during a paper salvage drive which was sponsored by your Civic Assoc. Our Civic Assoc., which was organized in September of last year has grown wonderfully with the additional new home owners now occupying the newer sections which were built by Jerry Speigel. We extend an invitation to all new residents in this section to come down to our next monthly meeting on Feb. 6, at the Rainbow Restaurant, 159 B'way.

At our January meeting the following new members were introduced: HENRY STEINMAN of 208 Ohio St., MARTIN PRUDENTI of 212 Ohio St., CHARLES GRACE of 199 Princess Ave., ISADORE SCHULBINDER of 203 Princess Ave., BERNARD COLES of 196 Ohio St., JOHN DEJONGH of 204 Ohio St., S. sociations at the Herald office, and rendered a very fine report on the proceedings—thanks, JIM.

ROCKY ROAD TO DUBLIN—This might well be known as Myers Ave., and the adjoining streets, which are in bad shape again. It is the hope of your reporter that the parties responsible for same will not waste any time in repairing same. Of special note is Lake Geneva, as it has been rightly named at Myers and Nevada Ave. These deep holes, etc., are to be filled in by builder in the spring. Let's hope so. Bill Albright and Joe McMullen are having a wonderful view of the "Lake" at present. This should be corrected as soon as possible, for where there is water the children will play—and these holes must be filled in before the nice weather comes.

Happy Birthdays: Francis John Molitor 3rd will be 70 years old on Jan. 31, along with Thomas Sherwood, Jr., who will share the spotlight also on Jan. 31. Many happy returns of the day to these wonderful youngsters.

NITE — Friday evening the Romanian Club held an affair at the Masonic Temple. Cliff Plag attended an invitation from the club to all the residents of this section to attend—so, with my sitters secured, TOM GALLAGHER, JOE GEISER, ED FITZPATRICK, BILL ALBRIGHT and RAY SCHMIDT attended in the company of their charming wives. After which they adjourned to Albright's for a get-together and finally at Ray Schmidt's for a nitecap and then home. This spirit of friendship prevails throughout our development.

big forward step for the Long Island Lighting Co. and an opportunity to render better electric service to people all over Long Island. It should be a big asset to Hicksville.

Other Structures

In addition to the large office building which will also house the engineering personnel, Gramley disclosed, several other structures will be constructed back further on the property. These include the emergency service and transportation buildings, central operating warehouse, construction department headquarters, electric meter testing department, etc. A railroad siding will come into the rear of the property and there will be large parking areas for trucks and employees' autos.

The present emergency electric service division will be moved to Hicksville from congested quarters now established at Roslyn. To this point will come all calls for emergency service, calls during storms and disasters, etc. Radio service which the company has with mobile equipment will also be created from this location.

Discussing the project, Vice-President Gramley said "This is a

operating funds to complete the current school term. Total enrollment in the school system, as of Friday, was 3,653 pupils compared with 3,519 the same month last year, an increase of more than 100 per cent. Today's figures show 846 in East S., 1,087 in Nicholai St., 322 in Junior High and 800 in Senior High.

The School Board is currently seeking emergency state aid in Albany to offset the tremendous growth and problems of the district today. If such funds are obtained, the entire amount of the \$114,650 deficiency budget may not be needed to finish the fiscal year, a board spokesman said today. For that reason the board is asking approval to issue a series of budgetary notes, such notes to be issued as the term progresses.

Effective Jan. 29, with the start of the new term, students who have been attending morning sessions in elementary schools will be called to school afternoons while the afternoon pupils will go in the mornings, the Board announced also.

Two additional bus stops in south Hicksville were established yesterday. They are located at Lantern Rd. and Rover Lane, and at Winter and Fork Lanes.

COMMUNITY CONCERTS:

Trio to Conclude Series on Mar 10

HICKSVILLE—Loretta and Murray Dranoff, duo-pianists, appeared at Hicksville High School Tuesday, Jan. 9, for members of Hicksville Community Concerts in the second in a series of concerts for the 1950-51 season.

The Community Concerts Trio of a violin, piano and cello will appear at the Hicksville High School on Saturday, Mar. 10, according to Miss Harriet Spink, president.

Members of Hicksville Community Concerts will be able to

Glenn, pianist and violinist on Apr. 2.

Loretta and Murray Dranoff are one of the youngest and newest two-piano teams to appear on the North American Transcontinental concert route. When they made their New York debut in 1941, the critics immediately acclaimed them for their "unity of conception, warmth of playing and phenomenal ensemble."

Concert and radio engagements were quick to follow this initial success and they soon gained a following among the devotees of this highly select medium.

Their twin daughters, Steph and Carolyne, age 6, are already beginning to follow the footsteps of their youthful parents at the Ensemble on Feb. 12; List and twin keyboards.

Loretta and Murray Dranoff Duo-Pianists Concert Proves Great Success

By **GEORGLA BRONSON**
Loretta and Murray Dranoff, duo-pianists, made the second concert of the Hicksville Community Concert Association on Tuesday evening, January 9, a great success. When the program began, their audience became their enthusiastic friends, feeling each mood they created in their playing.

Bach's "Prelude in C minor," with its heavy but well controlled tones contrasted with the clear delicate sections was a perfect opening number, to be followed by the rhythmic dance song, "Sicil."

HICKSVILLE GABLES: Support March of Dimes Fund Appeal

I attended a luncheon back in Oct. at the Garden City Hotel which was given by the NASSAU CHAPTER OF THE MARCH OF DIMES. It gave us a chance to meet chairmen of most of the towns and villages in Nassau and to hear speeches by officers, a nurse from Meadowbrook and MISS HELEN HAYES. There are 90,000 ambulatory cases left over from 1949. Most of these require constant checkups, if not out-right care. Some must have braces changed, others need special exercises. We were told if the epidemic year 1949, was taken out of the calendar, 1950 would be the worst. Thousands of dollars are needed for research and perhaps who knows, maybe some day they'll discover the means to prevent or minimize this horror of all horrors. Most of our people do not need any pleas for this most worthy cause, however, I realize; we all are urged constantly to give and give until we are drained, to so many, many campaigns. All I can ask you is to give only what you can afford. I will be around on successive Wednesday mornings, ringing door bells and hope you will be able to save a little out of your budgets, so that YOUR children and OTHER children will never, Please God, walk with a limp.

AMatter of Fact:

KEN FUNDUS, South Elm St. Television Technician, has left the Army Photographic Div. and is now free lancing on some of the biggest shows on Television. The Ken Murray Show — Leave It To The Girls—and Miss Liberty have been some of his gems.

THE ZINNERS sold their home at 7 So. Elm St. and have migrated to Vermont. I promised them a year's free subscription to our paper in exchange for a moose.

The MURRAYS of 28 Gables Dr. enjoyed a two weeks visit from

MRS. MURRAY'S sister, MRS. KIRBY of Forty Fort, Pa.
MRS. DOROTHY JACABEK'S baby doll, ELLEN THERESE, born prematurely, on Dec. 2st at Mercy Hospital, is doing attending physicians and nurse, proud. Weighing in at 1 lb. 15 oz., she has now reached 2 lbs, 8 oz.

My nephew, born on my birthday, Oct. 8, only boy in a house full of girls, startled his mother, MRS. RITA BIDDLECOMBE, by popping a tooth on Jan. 9. I don't imagine this is a medical first but he sure has the family in a tizzy.

THE HANSENS of 30 Drive, recent winner in our contest, picked out a kitchen clock at BOTTO BROS., which was more than the \$3 allowed. However, they were more than happy, to make up the difference and as a matter of fact purchased several other articles, purely because the salesman was so very agreeable. MRS. MURRAY reported practically the same thing, at FIRESTONE DEALERS, where her choice was a 24 pc. glass set. Grumpy shop keepers, please note.

MRS. WILBUR, 169 E. Marie St., who can be reached at 3-0003 is solely in need of some volunteers, who can give some time to a Brownie Troop of East St. School. Experience is not necessary, as you will be given a course in it.

Let's not forget to get out for the school vote next Tues., Jan. 23. Officials were aghast at the turnout for recent Fire Comm. and the apathy towards the Lee Ave. School vote. Naturally we'll vote yes — for the necessary addition (the children must have more room) but at least let's look interested in where our money goes.

MASONIC TEMPLE was a wonderful spot. Friday night, for people a little short of "mad money." There was no dancing, a tasty repast and a fighting speech by Congressman from Pa., JOHN P. SAYLOR. He discussed present ineptitude in Wash., D. C. which we all are aware of but which we are hardly in a position to do anything about right now. I wonder how much will be done, anyhow, in 1952, when registered Republicans will about face, in the polling booths, as obviously they must have done, in 1948.

*LIFE as the Lesson-Sermon subject for Sunday, January 21.
GOLDEN TEXT: "This is the record, that God hath given us to eternal life, and this life is in his Son" (1 John 5: 11).
SERMON: From the King James version of the Bible: "God that made the world and all things therein, seeing that he is Lord of heaven and earth, dwelleth not in temples made with hands: Neither is worshipped with men's hands, as though he needed any thing, seeing he giveth to all life, and breath, and all things" (Acts 17: 24, 25).
Correlative passages from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include: "We must all learn that God is God . . . The Scriptures imply that God is All-in-all. From this it follows that nothing possesses reality nor existence except the divine Mind and His ideas . . . He fills all space and is inseparable from the universe of such omnipresence and individuality aspect as infinite Spirit" (Sci. & H., pp. 28, 29).

Duo-Pianists Great Success

(Continued from page 5)

ienne," also by Bach. Their skill as duo-pianists was evidenced in their performance of Mozart's "Sonata in D Major," which is one of the most important works in the two-piano repertoire.

Different Moods
The second group of selections offered by the Dranoffs was enjoyed by all. They created three different dance moods, and we, the audience, could close our eyes and feel that we were doing the Minuet to Seeböck's "Minuet a l'antico, the waltz to the melodies by Arensky and the "Dance of the Tumblers" by Rimsky-Korsakoff.

So familiar to all were the "Airs from Die Fledermaus" (The Bat) which comprised their third group. These lively waltzes and polkas showed their great brilliance as a two-piano team.

After a short, but well deserved intermission, the fourth section of the program began with Saint Saens "Gavotte." This was followed by a light rhythmic Spanish number, I was interested to see a selection by Raff (Gautotte and musette) as his works are seldom on a concert program nowadays. The grace and melodic charm which was displayed by our artists, made one feel that we should hear more of Raff's compositions. Following this, was Montis' "Zarzas"—a well known and loved violin solo arranged for two pianos by Morton Gould. This was well received by their listeners.

Their closing number was quite amusing to all. It was three selections from the "Scaramouche Suite" by Darius Milhaud. For those who did not see the program,

After such an enjoyable concert we were honored with two encores—The Latin American "Gitanerias" by Ernesto Lecuona, and ending with a very spirited march for the brass band by Prokofieff.

Neither one trying to outshine the other, they gave their two Steinways a good work-out. I marvelled, as well as others, at how they enjoyed what they were doing every minute. As Mrs. Dranoff said after the concert, "It was fun."

Three cheers to the Dranoffs for an enjoyable evening.

Island Trees P-TA Meets
Michael Stokes, chairman of School District 26 Board of Trustees, announced that the six-room addition to the school should be ready for occupancy some time in February, when he spoke at a meeting of the Island Trees District P-TA Thursday night, Jan. 4.

The Planning and Coordination Committee reported that the plans for extra-curricular recreational activity for the children were progressing very well. Mr. Eben, chairman of the committee, reported that there had been a fine response to the questionnaires distributed to the parents via the children.

Mrs. Smoleroff, Mrs. Griffin and Mrs. Gillick were elected as a nominating committee for the election of officers for the new school board in the event the vote is in favor of a Union Free School District.

Refreshments were served after the meeting. The next meeting will be on Feb. 1.

The answers to everyday insurance problems
By JOSEPH E. DOCKOW

QUESTION: Could you tell me if there is any form of insurance which will reimburse an owner for loss of rental income in case a leased property is damaged by fire? Also if there is such insurance, is it a part of a regular fire insurance coverage or is it a separate policy?

ANSWER: Yes, you can obtain insurance against loss of rental income because of fire damage to the rental property. This insurance may be added to your regular fire insurance policy and you will pay a small additional premium.

Old Bethpage Notes

The annual meeting of the Old Bethpage Civic Association took place Jan. 8. The main business of the evening was the election of officers. Charles Kopf was elected president; Mrs. Thomas Duffy, vice-president; Mrs. William Gasser, secretary; Mrs. William Coleman was elected treasurer. A new member, Mrs. A. Asperas, was welcomed into the association.

Although this item is a little late, we would like to report that six couples ushered in a gay New Year at the home of Mr. and Mrs. T. Duffy. Among the guests were Jean Comer, Martha Gray, Ann Denton, Joanne Schwartzman, Jane Gagnon, Dick Mariselli, Bill Price, Dave Floyd, Tony Torschio, Charles Finger, Fred Ludwig and the hostess, Pat Duffy. The play room was gayly decorated with multicolored balloons, hats and noise-makers were in abundance and a juke box supplied music for dancing. A buffet supper was served, and a merry evening was enjoyed by everyone.

The Women's Club of Old Bethpage attended the performance of "Kim" at the Radio City Music Hall last week, and were delighted to be able to view the splendid Christmas show on the stage at this late date. The party included Mrs. M. Ehle, Mrs. T. Duffy, Mrs. H. Huettner, Mrs. L. Boyd, Mrs. J. Genua, Mrs. C. Panciroli, Mrs. A. Goldstein, Mrs. F. Gorski, Mrs. S. Schneider, Mrs. C. Kopf.

The "Friendly Community" is very unhappy at the thought of losing the Ehle family, who have purchased a home in North Lindenhurst. However, the family will still be in this vicinity and we hope to be seeing much of the Ehles.

Mrs. Dorothy Pfoh of Oriole Rd., Island Trees, entertained at her home Tuesday night at a meeting of the Island Trees Women's League for a social night.

Hicksville Park and Duffy Park: How About Sidewalk Along Duffy Ave.?

fieldo Folks:

This is not a good way to start a column but I have a complaint from a reader. This complaint is about the people who collect the paper for Civil Defense. They told the people to put the paper on their front stoop, which this reader did, and they rode right by without picking it up. Please be more observing boys.

Speaking of complaints, I do wish the town would do something about Duffy Ave. Now that the sidewalks are in by the Duffy Park Homes they are lower than the street consequently, one always walks in water which runs down from the road.

Mrs. Sherwood Heidel of 12 Mead Ave. entertained the Friendly Circle Club last Wednesday evening. Refreshments were delicious and a good time was enjoyed by all.

I hear little Susan Walker of 29 McAlester Ave. is recuperating from the mumps. Hope you are feeling better Susie.

Has anyone tried that new bus that runs along Old Country Rd.? After they extend the streets from Duffy Ave. to Old Country Rd., it will be a lot better than walking to town. The only trouble is that the buses only run at certain

times of the day.

Oh when, oh when, are we going to get a new fire horn so it can be heard in Hicksville Park? Quite a few fellows out in this development are firemen and unless the wind is blowing just right they won't hear the horn; therefore, I can't get to the fires.

This paper, the Mid-Island Herald, was two years old Friday, and the Editor, Fred Noth, gave a party for the staff. Mrs. Noth made a wonderful cake and we all really had a nice time. Fred received two presents — an old eraser, and an empty typewriter ribbon box. Very appropriate I think.

LUXURIOUS WALLS "COST SO LITTLE"
For — Kitchen — Bathrooms

There's only ONE PLASTIC INTERLOCKING WALL TILE. The SELF ALIGNING feature locks each tile in place. No cement lines between tiles. The interlocking feature permits quick and easy application in regular or random pattern. It is PERMANENT. When properly applied, it is impossible to have loose tiles or tiles falling off the walls, because of the INTERLOCKING features. Each tile actually locks itself in position. It's easy to clean, simply wipe with a damp cloth or wash with soap and water and the original sparkle is restored immediately. Interlocking plastic wall tile resists all acids, alkalis and common stains, and its beauty is retained with a minimum amount of care. It's economical, costs less any way you figure. Installation is simple and can be applied over plaster, sheetrock, wood or any other suitable dry wall surface. Full size of each tile is 4 1/2 x 4 1/2 inches, and comes in a wide range of colors.

Is The Straight Dope

We had the unfortunate duty of timer for the Hicks-Oyster Bay game last Friday night.

We haven't done such a task for a good number of years. We hope the interval will be longer next time. It was a thriller and a Donnybrook, but frankly we can't understand all the after game uproar.

But for our particular part, here are the details. With three seconds left Oyster Bay converted one foul attempt to move within 61-59 of Hicksville.

The rules for timers clearly state that time must be in when the ball hits the person of a player on the court any out of bounds play.

Now Dick Cisco, according to the officials' interpretation, stole the ball out of Dick Swain's hands, who was attempting to put the ball in play from out-of-bounds for Hicksville.

We saw the ball roll down Cisco's leg and put the time when. He scored as time ran out, but official Gene Zaiser allowed the goal.

In the uproar Coach Dick Crawley of Oyster Bay threw his hands in a motion, it appeared to us, of resigning himself to the defeat.

However, Zaiser ruled that, since the play started on out of bounds play which finds the clock dead, there was three seconds left to play.

He claimed that the timer misinterpreted the play. That may well be, but it is his job to decide the rules not the timer's.

Once the ball hits a player on the court the time is in and the official stops it. In the case in question, remaining time was so short that the official could not relay to the officials until after it had officially expired.

However, that is a small point. What is important is that the officials wanted Oyster Bay to return to the court. To us, Oyster Bay apparently expected the defeat when the clock expired.

There was no argument on the validity of the tying basket! Coach Crowley refused to return to the floor and Hicksville won.

As for the first game, in which the visitors forfeited one minute and thirty seconds left in the first half and Hicksville ahead 53-6, we were as astounded as the next man in the sweltering gym.

With only seven seconds of the first period gone, Oyster Bay called three consecutive time outs and sent its starting five into the locker room.

Shortly after, they waived foul shots, which is entirely permissible, but when they were fouled in the action of shooting for the basket they did not want the two shots.

They only wanted the ball out of bounds, and when the officials insisted they had to shoot the first shot the fun was over.

The first lad rolled the ball against the wall from the line and the Baymen were tagged with a technical foul. The next two times the ball landed in the balcony.

The final time the Oyster Bay shooter threw the ball over his head and the officials awarded the contest to Hicksville.

We are at a loss to find a motive for the action, which we have never seen or heard of before, but the second game was the one for the blue chips, and although it was rough and ready it was, after considering it for a few calm days, judged according to the standards and the winner absolutely must be regarded as such.

There is talk that the two schools will not meet again this season.

From this standpoint the next tussle will be just as exciting and full of tension, but it will be unfortunate if it is not played.

Kiwanis Trails Pineola Here

HICKSVILLE — The Kiwanis team, behind early in the fourth quarter here, Thursday night, affording a 6-point advantage in the third period and lost to the Pineola PBC 59-52.

Chet Jaworski dropped in four straight set shots for Hicksville in the final four minutes but the Pineola Seaters could not be overpowered and the Kiwanis surge upward in the Nassau Amateur League was checked.

On Thursday night the Kiwanis team face the all powerful Floral Park Bombers on the home floor.

Lions in Second

HICKSVILLE — The Lions defeated Roslyn 63-48 Monday night to give them a 3-1 record and second place in the Nassau Alliance. The next game at home will be Monday, Jan. 22 against the County Engineers in the high school gym at 8:15 p. m.

Hicksville Is Centre

ALBANY — Hicksville is in the heart of the "ski country" for Long Island, according to a new publication of the State Dept. of Commerce entitled "Ski, New York." The only two ski areas for the island are shown at Oyster Bay and Bethpage State Park.

Comets Outscrap Baymen 61-59; Gains Full Game Lead In Flag Race

HICKSVILLE — Chet Jaworski's crack Hicksville High basketball team has full game lead in the Eastern Division NSAL pennant chase mainly because young Harold Manaskie was the coolest mortal in the packed gym here, Friday night, as he sank two foul shots and a basket in the last forty seconds to enable the Comets to edge Oyster Bay 61-59.

Manaskie saved the Hicksville cause shortly after the defending County Champions had put on a stunning rally that erased a five-point Comet lead and moved ahead 58-57.

Wild and Wilder

The Orange and Black quickly called a time out and rallied its forces. The Comets moved slowly down court against a backdrop of mass hysteria and worked for a sure basket.

Harry O'Mack retrieved a loose ball to give the Comets a chance which came when Manaskie was fouled as he cut for the Oyster Bay nets.

He dunked both free throws and Hicksville forged ahead 59-58.

Oyster Bay raced down court but missed two short shots at the goal and Hicksville gained possession.

Manaskie dribbled into the corner and even though smothered by three defenders flipped a high arcing one hander which caught the rim. The ball bounced undecided a number of times but finally passed the nets for a 61-58 Hicksville lead.

With three seconds left Hawkhurst of Oyster Bay was fouled. He missed the first but made the second attempt.

Dick Swain attempted the throw in for Hicksville but Dick Cisco went into the restraining zone to snatch the ball from his hands and after a short fumble zipped in what would have been the tying basket as the final buzzer sounded.

However, Official Gene Zaiser ruled that the play started out of bounds and disallowed the basket and gave the ball back to Hicksville.

A long discussion followed but

Oyster Bay coach Dick Crawley, who took his team to the dressing room when he saw the last second tick off the clock, refused to return to the floor for the highly technical final three seconds.

Same All The Way

Torrid action was not confined to the last quarter but was the theme all the way. In the rough contest, 59 personal fouls were called, both sides lost valuable men.

Dick Alcock, held to three set shot field goals but credited with 12 points and a fine floor game never-the-less, and Ted Schwartz, defensive giant for the Hicksville cause, both fouled out with more than six minutes to go.

Oyster Bay lost Sweik, Knox and Principe via the foul route.

Hicksville actually won from the foul line converting 27 of 44 chances. Oyster Bay held a 20 to 17 edge from the floor.

It was far from a polished game but the capacity crowd roared at the slightest bit of action. The visitors forfeited the junior varsity game for unsportsmanlike conduct when it continually refused to shoot mandatory foul shots.

That stirred the onlookers who got no rest in the hammer and tong contest. It was 11-11 at the quarter, 28-25 Hicksville at halftime and the Comets were still in the lead 49-47 as the final eight minutes commenced.
