FIREMEN KEEP BUSY: Woman Claims She Wanted Hicksville But Levittown Vamps 1st Got Alarm

HICKSVILLE — Volunteer firemen here had a busy week with a fire behind a new supermarket; a false alarm in the middle of a driving rain, and some confusion about why Levittown got a call which eventually reached Hicksville.

Quick action by the vamps under Asst Chief Ed Schluter prevented serious damage in the rear yard of the new Stop N Shop Super Market on south Broadway, near Fourth St., Monday afternoon, when a pile of rubbish and crates burned and almost ignited the roof.

Bethpage Marking Fire District Lines

BETHPAGE — Local residents will no longer be in doubt as to what district and department provides their fire protection. The Board of Fire Commissioners has ordered 25 stamped metal signs, 18 inches by 18 inches, designating the limits of the district. The signs will be erected on all major roads of the fire district, right on the boundaries.

The fire department is also distributing 5,000 8x8 posters, printed in red, to every house in the entire district—old and new houses alike—telling home and auto owners what to do in case of fire. This community uses the phone number Hicksville 3-0666 for fire alarms.

"We plan to erect the metal 'Limit' signs on the district boundaries with the text facing into the district. We hope that our neighboring districts such as Hicksville, Plainview, Levittown, etc. will also get similar signs to be placed on the opposite side of the posts in each case," Commissioner Henry Strauber said this week.

The volunteers went to the home of George Zimmerman of 39 Summer Lane last Wednesday night just before 11 o'clock. When they arrived they were asked why the long delay. The firemen were told by the homeowner that the "call for help had been put in for Hicksville Dept. just like I was told on the card" but the report went to Levittown firehouse, which, in turn promptly relayed the call to Hicksville firehouse.

A telephone company official said yesterday that a check of the incident shows, according to company records, that the call for firemen was made "without stating specifically that Hicksville department was wanted." No explanation of almost 20 minutes delay claimed by the householder, between the time of the alarm and arrival of equipment, was given. Levittown got the call at 10:50 and Hicksville, two or three minutes later.

The fire on a stove was small and had been extinguished with a garden hose before equipment arrived.

Roman Quotes Figures: Incorporated Villages Enjoy Tax Relief Hicksville Lacks

HICKSVILLE—Real estate taxes in this community have increased almost 70 per cent since 1945, largely in the area of services administered by the Township, and show indications of climbing higher even though Hicksville remains unincorporated, according to a report made public this week by the Committee for Incorporation. Total taxes paid on a home valued at \$3700 was \$128.95 in 1945 compared with \$185.00 in 1951.

Lawrence A. Roman, chairman of the Incorporation Committee, made public the report to answer charges of opponents of the move to modernize the local government that incorporation would skyrocket taxes.

Leasing \$50,000 a Year

"As an unincorporated area we enjoy none of the benefits of shared revenues from the State nor revenues from local sources such as mortgage taxes, building permits, etc. When Hicksville incorporates it will receive annually a sum equivalent to \$3 for every one of its 17,000 residents, or about \$51,000 a year from the State of New York. That's almost as much as Hicksville property owners paid last year for town highways, which was \$65,278," Roman stated.

The total tax rate per \$100 of assessed valuation in Hicksville, excluding school taxes, has increased from \$1.855 in 1945 to \$2.87 for the present year. This rate includes County, Town Highways, police, water, light, fire, garbage, parking districts. While rates for locally administered agencies such as water and fire

Seek Bids on Lee School Foundation

HICKSVILLE — The Board of Education will open bids on Mar. 7 on foundation work for the Lee Ave. Elementary School, it was disclosed today. Voters recently appropriated \$865,000 for the school on that site.

Meanwhile, construction upon the additions to the East St. School building was starting this week with contractors' shanties

moved to the site.

Members of the Board of Education attended a conference in Mineola on Tuesday night, Feb. 13, with A. W. Schmidt, assistant state education commissioner. When Schmidt recommended a survey to take 9 to 12 months to discover building, financial and educational needs, Harry Ernewein of the Hicksville Board commented that most hard-pressed districts "have already conducted surveys and know their needs." He asked how much more state aid districts could expect and if there is an emergency measure planned to give further aid.

Plainview to Vote Again on Mar 15

PLAINVIEW — This district will hold another vote on Mar. 15 upon the question of appropriating \$125,000 for a new school. Less than a required two-thirds majority was received last week in a vote on the question when 146 said yes and 74 no with two ballots void. The school board has also decided to drop for the present a scheduled vote on Mar. 5 on the question of purchasing school buses.

**Health Official Warns
of Epidemics Coming**

MINEOLA—On guard for epidemics of chickenpox, measles and mumps, which are before summer time, Dr. Earle G. Brown, Nassau health commissioner, has predicted that we'll get more than our share of these diseases before the hot weather. Epidemics were recorded here in the same diseases during 1950 but there were no deaths. Parents should call a doctor as soon as their young ones complain of feeling ill because 90 percent of the cases in these diseases are among children under 10 years of age. Catch the trouble early and hard the battle is over, Dr. Brown says.

Dear Jean...

Hicksville Library Board is expected to act tonight upon the resignation of MARION CECIL as public librarian, effective April 1, due to poor health. She plans to go to Arizona. Mrs. CECIL has been in charge of the local library for past nine years.

HICKSVILLE TERRACE Civic Assoc. met in High School last week . . . JANET MAGILL, Hicksville Red Cross branch chairman, is ill at her home. EDNA KUENE SUTTON, vice-chairman, is taking over during her illness. . . GORDON ULMER will appreciate a call at Hicksville 3-6506 if you will volunteer to help collect funds for the Red Cross during March . . . Shortly after last week's Herald was printed 14-year-old ALBERT PETRY returned to his home at 5 Libby Ave., Hicksville, after a five-day jaunt which took him to Georgia. He thinks there's "no place like home." Three weeks before he had taken off but only got as far as Brooklyn and returned home 12 hours later . . . JOHN SILVE of Plainview, whose dad was a railroad man for 33 years in France has an idea to eliminate the current wave of railroad disasters. He claims it is very simple but probably no one will pay any attention to him "because I'm not a big shot." This is it! At each site of track obstruction, station a flag man. Every passing train would be required to halt and receive practice, SILVE says, would force engineers to halt before proceeding thru dangerous sections . . .

A \$100,000 warehouse is planned on the north side of Bethpage Rd. by North Shore Electric Corp. of Mineola. It will include a storage area, loading platform and office. It will be one story cinder block and brick . . . DICK BEATTY will soon make his home in the Hill View Homes section. CHARLES SCHWARTZ is waiting for completion of his new home in that area also . . . Police made a survey of Hicksville businesses on Lincoln's birthday to get home addresses of new businessmen established here during past year . . . East Meadow firemen will have a quonset hut fire engine garage on Newbridge Rd., north of Dogwood Lane, on property donated by BILL LEVITT, in about a month . . . You should try to see that A-bomb film at the civic meeting in Hicksville firehouse tomorrow (Thursday) night, for your own protection . . . South Oyster Bay Rd. extension, looping around end of Grumman's new runway, opened to auto traffic on Monday. Runway will become 1200 feet longer, making a total of 6,650 feet. New main gate of Grumman's will be across south end of old highway . . . It will be worth going over to the LI Agricultural and Technical Institute in Farmingdale tomorrow, Friday or Saturday, between 1 and 9 p. m. to look over the exhibits and demonstrations during open house. Backyard flower and vegetable gardeners will find much of interest there . . . Hicksville Post Office this week received a letter for "Santa Claus, North Pole." It was a Valentine card from little "Helene" . . . E. R. TERRELL has started on his job as clerk of the works for Hicksville School District in connection with the East St. School construction . . . School Superintendent LEBARRON and Business Mgr. FRANKLIN DUERK were in Atlantic City over the weekend for convention on school furniture and equipment . . .

HOLLY STORES, women's and children's wearing apparel chain, will open its 83rd store next month in the second main store unit of Levittown Centre on Hempstead Tpk.

Quick thinking of Mrs. CHARLES VOIGT of 121 W. Marie St., Hicksville, was instrumental, N. Y. police said, in preventing the threatened suicide of another woman, Sunday. When Mrs. CAROL ALDRICH of Manhattan called the Hicksville woman and announced tearfully "I'm going to die," Mrs. VOIGT promptly called a brother-in-law in the Bronx, who in turn kept Mrs. ALDRICH talking on the phone until police arrived at the New York address. She was safely removed to the hospital . . . LIRR has asked Public Service Commission for immediate 20 per cent increase in commutation fares . . . Fire horns and sirens blare again this Saturday in second tent of County CD air raid warning . . . Stores, banks, schools and post offices close tomorrow (Thursday) in honor of George Washington. It's an official business holiday, according to BMA President Pat BUFFALINO.

The annual meeting of the Last Man's Club will be held tonight (Wednesday) in the Hicksville Legion Hall at 8:30 p. m. . . The PBC will also meet tonight (Wednesday) at the Legion clubhouse at 8 p. m. . .

A \$125,000 supermarket and eight stores are planned for Plainview at the corner of Plainview Rd. and Universal Blvd. The one-story building will be of brick and concrete . . . I understand excavation has started for the 9-room addition to the Plainedge Elementary School . . .

Board Grants Permit For Power Laundry

Hearings on Mar. 1

OYSTER BAY—A special permit to build a power laundry and rag storage building in Hicksville was granted to the Long Island Waste Co., 37 Moirie St., Brooklyn, by the Zoning Board of Appeals at a meeting Thursday night, February 15, here in the Justice courtroom. The building will be 378 feet south of West John Street and 442 feet east of Charlotte St., Hicksville.

Robert Lautem of 20 Central Blvd., Bethpage, was granted a variance to install two 20,000 gallon underground fuel oil tanks and a pump at the southwest corner of Hazel St. and Washington Parkway, Hicksville.

The branch is taking more space at 81 Jerusalem Ave. (above) and will soon move into the first floor suite formerly occupied by Dr. Gilbert Gilinsky, dentist, who left this week for Army service. This space will be used in addition to the second floor suite which will become the LIU book exchange. Typical students are shown here during enrollment period which is now closed. Classes are held in the high school evenings.

Show A-Bomb Film Tomorrow Night

HICKSVILLE — The public is welcomed to a meeting of the Civic and Community Association tomorrow (Thursday) night at the firehouse auditorium, E. Marie St., to see an official CD film, "You Can Beat the A-Bomb." It shows professional actors in the roles of residents caught in an A-Bomb attack. A family consisting of a father, mother, daughter and son are shown taking shelter in the basement of their home. The father gives instructions to his family throughout this scene.

Other scenes show men, women and children going into buildings shelters when caught on the street when the bomb explodes. Others who can not reach building are shown throwing themselves to the ground and covering their head with their hands.

"The film is excellent," says Gen. C. W. Wickerham, County CD director. "It gives detailed and accurate instructions how to act under all circumstances if an A-Bomb explodes over Nassau."

Also scheduled is the showing of a color film, "Grumman at War."

Press Assoc. Meets Here Friday Night!

HICKSVILLE — Legislation pending in Albany to write into state law the definition of a newspaper, proposed by State Senator William Hults, Jr., will be among the topics when the Nassau County Press Association meets Friday night at the Alibi Restaurant, Old Country Rd.

Fred J. Noeth, editor-publisher of Mid-Island Herald, is president of the Press Association. Leo P. Murray of the H. L. Mihic advertising and merchandising company of New York will be guest speaker. Murray resides on Melody Ln., Westbury.

Kiwanis to Hear Of Golden Gloves

HICKSVILLE — "Behind the scenes with the Golden Gloves" is the scheduled topic today (Wednesday) of "Peanuts" Barbetta when he speaks at the Kiwanis Club luncheon meeting in the Legion Hall, E. Nicholai St.

Bruce Tuttle, ex-Marine and Grumman test pilot, was speaker last Wednesday. He discussed improvements in the design of jet planes and forecast that they "will become even louder."

Joseph Keller has organized eight teams among the club members to promote the award of a brand new Pontiac donated by Mal Pierce. All club members have information about the award to be made in mid-summer.

The Hicksville Kiwanis has issued a challenge to Bethpage Club in a 100 per cent perfect attendance contest for the month of March.

Invite Former Wardens to Join CD; Auxiliary Police Start Training

HICKSVILLE — Enrollment and recruiting of Civil Defense volunteers in Hicksville-Plainview area will be the subject of a concentrated appeal during March, according to Director Frank Sutter. Plans are underway for fingerprinting sessions every Friday evening, 7:30 to 9:30 in the month. Further details will be revealed next week when arrangements for use of a centrally located public building have been concluded.

The CD Unit is also making a special appeal to 147 men and women who served as Air Raid Wardens during World War II. George Rappaport, Chief Warden disclosed. There are about 100 wardens

enrolled today but almost 500 are needed to adequately cover the territory under jurisdiction.

Other services which need more volunteers are the auxiliary police with 40 registered and 60 more needed, and the communications division. The Auxiliary Police start 15 weeks of training this Friday night at the local high school, according to Joseph Reinhardt, auxiliary police leader.

Michael Sullivan, salvage chairman, today reminded all residents that the next regular waste paper collection will be conducted by the CD volunteers on Sunday morning, March 4, starting at 8 o'clock.

Memoriam

Joseph F. S. Duffy
Your gentle face and patient smile
With sadness we recall.
You had a kindly word for each
And died beloved by all.
The voice is mute and stilled the
heart.

That loved us well and true,
Ah, bitter was the trial to part
From one so good as you.
You are not forgotten loved one
Nor will you ever be
As long as life and memory last
We will remember thee.
We miss you now, our hearts are
sore,

As time goes by we miss you more,
Your loving smile, your gentle
face

No one can fill your vacant place.

Hicksville Park and Duffy Park:

False Alarm Breaks Up Celebration

Hello Folks:

I hear tell that there's a certain gentleman in Hicksville Park who is a "Pool-Shark." He always LOSSES 4 out of 5 games. This certain gentleman is also going to take dancing lessons at Arthur Murray's.

Mrs. Seidel of 84 Underhill Ave., Duffy Park, found one ladies' rubber boot with a sheepskin lining. I'm sure whoever lost it will be glad to know it's waiting to be picked up at Mrs. Seidel's house.

John Condon of 47 McAlester Ave., was 3 years old on Feb. 19. His Mom and Dad gave him a party and the neighborhood children attended.

Did you people know we have a man in Hicksville Park with 2 left feet?

My source of information tells me that the gentleman at 52 McAlester Ave. was sworn into the US Air Force last week by none other than Lt. James Condon of 47 McAlester Ave. Watch out folks, Lt. Jim is out to build up the Army and the Air Force.

Mrs. Vivian Ragin of 36 McAlester Ave. presented her husband

Raymond with a baby girl, Karen Ann, on Feb. 17. Lots of luck to the three of you.

Had some of the neighbors in to celebrate our 7th wedding anniversary, Saturday evening. We played poker and as usual I LOST. Of course the game had to be held up while the firemen (some of our husbands) were called out on a false alarm.

Civic meeting tomorrow (Thursday) night folks. Do hope some of you new people from Duffy Park will attend. They are going to have a movie on the Atom Bombs. Should be very interesting.

Disadvantages of Incorporation

To the Editor:

For many months, I have observed in the Hicksville press the discussion being carried on concerning the proposed incorporation of Hicksville. The discussion has appeared to me one-sided and I don't recall any instance in which any word in opposition was given any publicity. In the public interest, in order that the people of Hicksville may not be denied a look at the other side of the picture, I would appreciate your printing this letter in which I will try to set forth just a few of the disadvantages of incorporation.

First and foremost, of course, is the question of economy. The people of Hicksville should not take so important a step as incorporation unless it has been shown to them beyond argument that they will receive much more in service for the same amount of taxation or that any increased taxation will be made worthwhile by vast increases in service to the people. An addition of even two or three dollars a month to the tax burden of the average Hicksville family is a serious matter and can not be passed over lightly.

In this regard, the principal thing to consider is that the people of Hicksville are fortunate in living in one of the best administered municipalities in the State, the Town of Oyster Bay. Year after year, by efficient and economical management, the Town of Oyster Bay has been able to spare its residents the payment of any tax at all for the expenses of the administration of the town. Can the sponsors of incorporation assure us that the same will be true of a village government; that the entire structure of a village government, salaries of Mayor, Trustees, Judge Clerk, Superintendent of Public Works, various other village officials and clerical help, as well as the cost of providing quarters and equipment for the management of village affairs, will not mean an increased tax paid by every taxpayer of the proposed village?

From time to time, the sponsors of incorporation have quoted tax figures that are paid by various Long Island villages. In all instances, such cases are those of

villages established for many years and are almost certainly representative of the tax burden after the initial costs of incorporation have been paid. This would not be true in Hicksville. Here we would also have the cost of setting up new departments to perform duties that are now efficiently handled by the Town of Oyster Bay. To give one example, we would need a Department of Public Works. This department would require a heavy initial expenditure for equipment to provide proper care and maintenance for our roads alone.

Much of the argument for incorporation is based on the claim that bringing the government closer to the people will mean that the citizens will automatically take a greater interest in civic affairs and will be more attentive to their civic duties. This, it is claimed, will mean better and more efficient government. I would like to point out only that bringing government closer to the people DOES NOT automatically assure that they will take a more active interest in its workings. This is plainly proven by the unfortunate lack of interest on the part of the taxpayers in the affairs of those special districts which are managed right here in Hicksville, the Fire District, the School District, and the Water District. A check of the number of voters in the most recent elections in any of these districts will quickly convince anyone that there is a lack of such interest.

It seems to me that the sponsors of incorporation might better achieve their aim of making citizens take a keener and more active interest in their government by a well planned program of civic education. Make the people aware of those parts of their government which are already close to them. At one meeting, sponsored by the Civic and Community Association, an invited town official spoke of the advantages of special districts. I overheard one of his listeners say, "That's what we should have here!" Here was a man who probably takes an active interest in public affairs and yet he didn't know that that is just what we do have here. We have special dis-

tricts, locally administered and run by local residents. Make the people aware of the government they now have. Teach and encourage them to get the most out of it, before asking them to jump into something else of doubtful value.

In a letter, I must omit many other thoughts that occur on this subject. Perhaps, I may be able to present them to you at a later time. I cannot conclude, however, without mention of one other point which I think is extremely important to Hicksville as a community, the question of the acceptance of the many new residents who are coming to Hicksville at this time. It is our duty to welcome these many new members of our community, to make them realize that WE HAVE EVERY INTENTION OF PROVIDING FOR THEIR GOVERNMENTAL NEEDS AND RESPECTING THEIR RIGHTS AND DESIRES ON THE SAME BASIS AS THOSE OF THE OLDER RESIDENTS. Hicksville will suffer if the shortsightedness of some of our older residents causes a division between old and new residents. There should be no such thing as superiority or dominance of one group by the other. There should be no such groups at all. There should be only one group, residents of Hicksville, filled with common interest to make this largest unincorporated area in the Town of Oyster Bay, a fine place in which to live, a community in which all of us old and new, will use our right of ballot and all our civic efforts for the good of everyone of us, old and new.

There has already developed a feeling on the part of many new residents, especially owners of Levitt homes, that they are not wanted in Hicksville. Whether rightly or wrongly, this feeling has resulted from the nature of the publicity that has been given the incorporation move. The constant repetition of the phrase "Hold that line" has sounded to them like an effort on the part of some to erect an "Iron Curtain" which none may pass. It has sounded like a demand to keep new people out of Hicksville. This may not be correct, but we are justified in even appealing to erect an Iron Curtain. I feel

very much and really missed it the few weeks we did not receive it.

MRS. WALTER WILLIAMSON,
9 Winter La., Hicksville.

Claims Derogatory Reporting

A more accurate and less derogatory reporting of news concerning our new South Hicksville neighbors would help place your paper at a mature level. The Herald should help unify the old and new by fostering good will, cooperation and understanding in the entire community. This should be one of the prime purposes for the existence of a local paper.

C. E. WUNDER,
106 Winter La., Hicksville

P.S.—Enclosed is my check for one year subscription. Hoping you take cognizance of the above.

What's Your Problem?

Q.—When are we going to have a blood bank in Hicksville?

A.—According to Mrs. William Magill, chairman of the Hicksville Red Cross branch, no orders for a blood donor session in Hicksville have been received from Nassau Red Cross headquarters. However, anyone who wishes to donate the vitally needed blood may do so by calling the Red Cross Chapter at Garden City 7-1180.

Q.—Is there any law to prevent dogs from running loose? In my neighborhood they are running in large packs and we are concerned because of the danger to small children? (Lenore Ave.)

A.—There is no ordinance for the Township of Oyster Bay prohibiting dogs from running loose. Dogs are only required to wear a license. If dogs are destroying property, a complaint can be registered at the 4th District Court, Hicksville. Henry Hailey of Farmingdale is the dog catcher for the Township of Oyster Bay.

Q.—Is there any place in town where I can get a photostatic copy made?

A.—Yes, at the Russell Webber Photo Studio, 75 Broadway, Hicksville.

Francke Spokesman for Opposition

Ernest F. Francke of Field Ave., Hicksville, author of the letter (at left) citing objections to the incorporation of Hicksville as a village, states he has presented his views as an individual. It follows in substance his statement in opposition to the plan to incorporate as expressed before various local organizations during the past several months. He has become the spokesman for opposition.

Francke is a long-time resident of the community. He is active in

political and civic affairs. He is chairman of the Hicksville Republican Committee and thus the local GOP leader. He is a member of the Town GOP Executive Committee and has been elected 18 consecutive terms as president of the Hicksville Republican Club. He is a GOP committeeman in the 42nd election district.

He is a member of the Oyster Bay Board of Zoning Appeals, an appointive position. He has been mentioned for possible nomination this fall for town supervisor.

sure that the new residents who are coming to Hicksville, largely young families anxious to make new homes for themselves and to be happy with their neighbors and we are going to incorporate and then you must do as we say. Hicksville will profit if we wait and let our new residents get their bearings, and have a chance to evaluate Hicksville and Hicksville's people before we try to force any important municipal changes on them before they can be expected to know whether such changes are for their good and for the good of all.

The haste and anxiety to rush the question create suspicion in themselves. No one likes to be pushed and stampeded into an important decision. It is my sincere hope that none of our people will be stampeded into signing petitions and giving their support to the incorporation move until they have individually become thoroughly CONVINCED that incorporation is for the benefit of Hicksville. To act in this matter without such conviction is an extremely serious matter for any citizen.

I trust that you will excuse the length of this letter, but I am sure you will agree that it is justified by the importance of the question. It is only by such means that we can help the people of Hicksville to decide wisely.

ERNEST F. FRANCKE

HERALD READER OPINION: Some Arguments for Incorporation

To whom it may concern:

Are you against incorporated village government for Hicksville because you have looked into it and truthfully found disadvantages OR are you going along purely on the assumption that those who argue against it are right in what they say? Are you afraid that they might be right?

Most of the "cons" are not former incorporated village residents,

but rather are people who have resided in Hicksville for many, many years or perhaps have been born here. And so with the attitude

"what was good enough for my father is good enough for me," they refuse to attend public meetings or to talk to the men who have investigated. Some just take a plain "it's going to cost us money" attitude.

Here, in my humble opinion, is an answer and some questions, too, those people who might find it difficult to answer honestly.

1. Is the house of your father the kind you desire and own or did you spend much more for the modern conveniences of home today? The price undoubtedly was double or more. For the advantages and comfort there is no comparison.

2. Is the car you drive of the same vintage as the one your father drove at your age? No. The price is, of course, maybe triple. There is no comparison.

3. Do your children attend schools without every convenience? Hot lunches, playgrounds, labs, shops, etc., and teachers with masters degrees, etc. You didn't. Did you ride to school in a heated bus? No, but your children do and you pay well for each and all these advantages you voted in — A must you insisted, at any cost.

You bought a home, a car, a deep freeze, electric mixers, and even a TV set because you READ AND HEARD it was a good deal! You took someone's word and invested without proof or second thought!

I have listened and talked with many who live and have lived many years under incorporation and they're all for it. Nothing like it. Villages where expansion alone came no where near our level. The Incorporation spent months on research and findings, proved the advantages of this move. And still we have the "You have to show me" group.

How else then can we prove it made unless we try it? It has as its advertisement facts and figures by people who tried and maintained incorporation. Your tried and tested advertised homes and all that's in them proved the most wonderful things in the world. Why not incorporate on the same basis?

Now that you have invested in homes, schools in your town — you ask why — for whom? Basically to make a better world for your children. Your father wanted it better for you and you demand still better life for your children, but it costs as does everything else that's worth while. Never before has this nation been so displeased with its national govt. Remember this: villages, towns, and cities make up your countries, which in turn make up your states whose borders open into a nation. We are not in Washington and therefore have little to say there — or as a taxpayer naturally in our town. As an incorporated village your voice will be heard! The people of Hicksville are interested in Hicksville, not all of the township of Oyster Bay. Someone benefits from all the revenue and taxes you pay, so why shouldn't some of your village people be those benefactors? People interested only in Hicksville — I put it squarely and honestly up to you: If it's costs that worry you — if you are one who is ignorant of the actual low figures — it is not worth the small chance as your merely advertised TV set or similar modern necessity proved as an investment for better living?

Puppies and Children

When I opened my door this morning the sun was out, shining and bright I never thought in an hour

It would pall as the at night.

A little puppy, full of life

(very much like a child)

Was playing and running hither and yon So happy with all his might.

Suddenly (it took but a second)

There was a roar, a thump—

That was all—

The puppy — was no more—

He had answered his "last call."

As you motorists who use our roads for "speedways"

On days sunny and mild

Please take heed — today a puppy was killed—

Tomorrow—will it be A Child?

Civic Membership Drive Gets Going

By Jimmy Cummings

House to house canvassing in the Northwest Section has been initiated by our Civic group. Committeemen and women will contact residents in both old and new sections with respect to this drive. It is our endeavor to inform each home owner in our section of our program—with the hope that you folks along West John, Burns Ave. and in Roger Homes, etc., may take an interest and join with us for the betterment of our community. There are many items of interest to all—so we invite you to come to our next monthly meeting, which will be held on Mar. 6—at the Hicksville High School. Applications for membership in the Association may be secured through Pat Boland of 63 Meyers Ave. or Thomas Gallagher, 94 Meyers Ave. Dues are \$1.50 per house per year—JOIN NOW!

LEGION AFFAIR A SUCCESS

Saturday night last I attended with a party the Valentine Dance sponsored by the Charles Wagner Legion Post at their clubhouse. Despite the rainy weather, there was a good turnout and an enjoyable evening was had by all who attended. Committee for this function consisted of AL CARPENTER, ART BLETSCH, JAY JABAM, JOHN NIES, FRED BRENGEL, with fine bar service by RUDY. Door prize of a bottle of liquor was given — to my amazement my charming wife, Dolores, was holder of winning ticket!

GADABOUTS:

Belated birthday greetings to Bobby Saul, son of Mr. and Mrs. Bert Saul of 69 Myers Ave. . . also to Catherine Baker, who was 9 years old last month . . . James Francis Baker is the name of the new addition at the Baker residence, 1 week old. The Bakers have three other children, Bernard, Eddy, Catherine . . . Dorothy Ann Robinson, daughter of

FISH TIPS

If you are one of the many homemakers who serves fish two and three times a week during Lent, you will welcome a few timely fish tips. One way to add zest to a fish dish is to serve the fish with attractive garnishes.

Here are some suggestions: cucumber, celery, green pepper, hard-cooked eggs, onions, limes, sliced onion with sour cream, parsley, pickled radishes, tomatoes, potato slices, olives, tomato stuffed with cole slaw. It's also important to select vegetables and fish partners with thought. Green salads with a sharp or tart dressing are a natural. Other good choices are baked, sauteed, or French fried potatoes; scalloped or creole tomatoes; asparagus, cucumbers, zucchini, and broccoli.

Dynamite Wheel Balancer

Wheels out of balance don't roll smoothly down the road—giving you easy riding and easy steering. INSTEAD, they hop, bound and swing from side to side on every revolution.

A wheel only 1 ounce out of balance at the rim develops a 12-pound vibrating force at 60 miles an hour. Think what this means to your tires and the sensitive front end parts. The pounding and swinging knocks valuable rubber from your tires just as if you were chopping it off with an axe. The tremendous vibration puts such a strain on the front end parts of your car or truck that they wear out.

Your tires are valuable, you can't afford to risk wasteful and unnecessary tire wear. Come in for a wheel balance inspection before it is too late.

IN OUR OPINION:

We Need A Community Chest

CURRENTLY THE MID-ISLAND area is undergoing a series of fund campaigns that waste the energies of many willing volunteers. The causes for which the funds are being raised are most worthwhile, but the waste of manpower by the operation of one drive right on the heels of another is terrible.

For example, in January we had the March of Dimes, which is still continuing in some sections. Then in February came the Boy Scout fund, still continuing in some sections. Today we are ready to start the Red Cross Campaign and before the first dollar is contributed, we get notices about the Cancer drive in April.

With each campaign a local chairman is selected and that person must then organize workers, captains, sectors, etc. Posters are placed around the community, leaflets are handed out, newspapers are asked to promote the cause.

The waste is to be found in the duplication of organizations and crews required by each campaign.

FRED J. NOETH

A community chest program, with all contributions collected for all worthwhile causes at one time of the year, is the obvious answer. The chairman of the assorted drives during the year would be the logical people to launch such a project.

Bethpage Is Fortunate

MANY NEIGHBORING and larger communities can well be envious of Bethpage and the fact that it has undertaken the construction of two major public buildings since the end of the war.

At the time the school and new firehouse proposals were suggested, there were some who cautioned delay and urged a wait until prices "come down". Prices never came down. On the contrary they have since gone up and up.

Meanwhile, Bethpage has a handsome new firehouse and library building which is the envy of many. It also has a fine new school building which is about to be put into service.

The civic leaders who had the foresight and vision to put these projects into operation today are earning the applause of their fellow citizens.

AGUSTA — WHO???

Agust wind

He's a bad man, when he blows, he really blows.

Just so this fellow doesn't do you any more roof damage, here's an idea I think can stop him.

Shingstik is a quick acting, positive adhesive for cementing butts of asphalt shingles. A small amount, no greater than the size of a half dollar underneath each tab, is all that is necessary to protect asphalt shingles from winds of even hurricane strength. Shingstik is effective immediately after application and reaches maximum holding power within a few days. It comes in easy to handle 1 pound cans.

It's a sample job that can be done by anyone. Do a section now and then, it won't take long. But wait for a nice day so day that the shingles will be flexible enough to lift up in order to install the sticums.

We'll gladly rent you a long ladder to stick in the ground that will run way up to the roof top. Move it over as you go—until you all done. It's simple—stop in to see your Uncle Tom, he knows about these things, and will give you some good dope on the subject. NO?

OFF SOUTH BROADWAY: Children's Library Is Wonderful Treat

By BUNNY LAUER
Hicksville 3-2794

Say, if you want to give your youngsters a wonderful treat take them to the story hour Saturday morning at our new children's library. The outside of the building looks like something from a fairy tale especially the beautifully colored tile roof. You open the door and you immediately enter one of the most cheerful rooms imaginable. Sunshine pours thru the great big windows. The green floor is very restful and the beautiful new book jackets that are on display are very colorful. The kiddies listen to the stories very wide-eyed. They are no longer live in Hicksville, but immediately become part of the story. The best part of the whole deal is that it is free!

By the way the new meeting place for the Girl Scout leaders training program is the Congrega-

tion Shulzai Zedek Temple on E. Barclay St., Wednesday night at 8 p.m.

Mr. and Mrs. Martoccia of Florida were the recent guests of Mr. and Mrs. Peter Svoboda of 186 Lee Ave. Mr. Martoccia is the godfather of Peter Svoboda, Jr.

Master Billy Cauldwell of 218 Lee Ave. had a belated 5th birthday party last week. There was a beautiful white cake with candles. His friends who helped him celebrate were: Jo Ann Varca, Judy Ann Hanssen, Butch Rankin, Jimmy and Johnny Johnson, Bobby Eaton, Tommy Schwabe, Leet Barbara Morris, Geo. Cole, Chick and Jack Cauldwell. The reason for the belated party was that when the day of Billy's birthday arrived, one of his little brothers was sick. Well, as soon as brother was all better, Billy had his party and it went off with a bang.

Another birthday party was that of Master Alan Buckholz of 166 Cottage Blvd. on his 5th birthday. His guests were Dickie and Sue Reilland, Louis Fink, Gerard McLaughlin, Arlene Farrel, Jimmy and Tommy Johnson, Russ and Wayne Mulken and Lana Buckholz. The decorations were blue and white and a large birthday cake was the centerpiece of the party table. All the kids had a wonderful time eating.

Who is the young man who carried little Miss Eileen Rudnick books to the school bus for her?

FORMER BOY SCOUTS of Troop 91 enjoyed their first reunion during the observance of Scout Week recently with a gathering in the troop meeting room, Old Parochial School, Hicksville. Seated, left to right, are Daniel McDonald, former Scoutmaster Louis J. Reinacher, former County Scout Executive F. Howard Covey, Rev. Lawrence F. Ballweg, spiritual advisor

of troop; former Troop Committee Chairman Anthony "Pop" Fusillo, former Scoutmaster Michael Fusillo, now neighborhood commissioner. Standing, same order, Asst. Scoutmaster Kenneth Walz, Francis Sheridan, former Asst. Scoutmaster Ambrose Butler, Raymond Mollitor, Bill Smith, Arthur Reitberg and Fred J. Noeth. (Photo by James C. Carter, Hicksville).

Guess spring is coming — you know romance and stuff.

Mrs. Benke of 132 Cottage Blvd. was hostess in her home to members of the Wanderers Club Wednesday night.

I wish you could all hear Mrs. Mary Huber of Brooklyn and her high praise for Hicksville. She was the weekend guest of Mrs. Andreas of 172 Cottage Blvd. and she certainly would have rather stayed here than go back to the city.

And then there is the tale of the "Valentine cake my brother-in-law, Whitey Woodley of 170 Cottage Blvd., made for his dear sweet loving wife Jan. such devotion — guess too, she is his sister and I need those babysitters). Well he mixed the batter just like the book said and poured it into two heart shaped pans. Directions said fill pans one third full but Whitey is no expert. I'll have you know, he filled it up to the top. Breathlessly he waited for 25 minutes and lo and behold when he opened the oven door, the hearts had completely disappeared. There was plenty of cake however, all over the stove and racks. After searching frantically he finally sawed out the hearts which Lila and I ate. As a reward for his thoughtfulness Lila made him clear up the mess.

You know folks, I'm still waiting for my phone to bring me news so I won't have to keep going my family history to round out the column.

Bye now,

BUNNY

'Five Keys to Household Safety'

The following "Five Keys to Household Safety," to be observed in these days of a possible attack by an enemy, were issued today by Frank Sutter, Hicksville-Plainview Director of Civilian Defense:

1. STRIKE FOR "FIREPROOF HOUSEKEEPING" — Don't let trash pile up, and keep waste paper in covered containers. When an alert sounds, do all you can to eliminate sparks by putting off the oil burner and covering all open flames.
2. KNOW YOUR OWN HOME — Know which is the safest part of your cellar, learn how to turn off your oil burner and what to do about utilities.
3. HAVE EMERGENCY EQUIPMENT AND SUPPLIES HANDY — Always have a good flashlight, a radio, first aid equipment and a supply of canned goods in the house.
4. CLOSE ALL WINDOWS AND DOORS AND DRAW BLINDS — If you have time when an alert sounds close the house up tight in order to keep out fire sparks and radioactive dusts and to lessen the chance of being cut by flying glass. Keep the house closed until all danger is past.
5. USE THE TELEPHONE ONLY FOR TRUE EMERGENCIES — Do not use the phone unless absolutely necessary. Leave the lines open for local emergency traffic.

By HOWARD FINNEGAN.

Hicksville found the spark at Roslyn, Friday night.

It only remains for the Comets to retain some of the fire it flashed at the Hilltoppers to gain at least a tie for Eastern Division honors.

Farmingdale, Westbury and Sea Cliff must be beaten to finish on the top rung. The Comets handled each of them in the first half of the campaign and it is not too much to expect that they will beat all three.

Of the three, the assignment at Westbury will require the most intensive effort. The Green Wave can be tough at home, but the Westbury zone was blasted once by the Comets. It will at least be tested Friday night.

We haven't heard exactly what Coach Chet Jaworski told his team at halftime over in Roslyn, but whatever it was it provided the Comets with enough pepper to kick anyone in the county.

It isn't likely that they will be behind by 16 points again this season. Nor is it likely that they will be as hot as they were in the third quarter. Such performances are born of the desperate knowledge that you either must win or lose everything.

Hicksville did not do everything right in the second half when they erased Roslyn's 16-point lead, but came close.

Most important was the fact that Dick Alcock was able to break loose. He hit with some astonishing shots and his mates joined right in with him.

We know history and how badly it has treated Hicksville in Eastern Division play, but this is once we haven't any time for it.

It has had its chance to ruin the Comets and missed. We now are sure that the club which we finally believe is the best in the county will sweep its final three games and in the end have the big prize.

From this column last week, "Hicksville will beat Roslyn Friday night by eight points or better."

It was most unfortunate that the parents of the Hicksville High players were not admitted to the Roslyn game Friday night.

The Roslyn gym was not open to the public and only those persons who had secured tickets at the respective schools were admitted.

According to our information, Hicksville received 40 student tickets and 20 adult tickets.

However, Hicksville parents and alumni who tried to get adult tickets for the Oyster Bay game were told the local school does not sell them. It was the parents' impression that they were only available at the doors for all games.

We can appreciate the efforts of the Roslyn officials in keeping the crowd down but when the varsity game started there was room for at least 20 persons to be seated and the Hicksville parents should have been admitted.

Athletic competition is a worthwhile outlet for energy. It can be even more profitable when parents take an interest in its progress. We who are interested in sports are not unwarrantedly upset when such occurrences deter adult supporters from continued interest.

Some Hicksville fans have been predicting a battle star up a little feud between the Hicksville Lions and the Kiwanis club in order that the two teams could meet for the village championship.

We see no reason to inject false or roundabout comments in order to bring about such a meeting.

If either feels it wants to play the other, the subject should be approached.

It would present an interesting clant on the pattern of community basketball in Hicksville, but it is up to the teams involved.

At the present time it would seem that the Lions would have to bring up the question since they are involved in a championship fight and it would be unsporting for the Kiwanis to try and set the younger club's schedule off key.

Sharp Shooters Win First PBC Contest

HICKSVILLE — A well-deserved pat on the back goes to the seven members of the Sharpshooters. Having gone through 15 PBC games without a victory, the boys never once gave up trying and finally turned the trick and defeated the Hackers 40-39 in a thrill-packed game. All season long the boys have come close but never could break into the win column but they kept their spirit and continued to battle on.

Last week at East Street School gym their past caught up with them again as they dropped a close one to the Small Fry. Sporting a 26-16 lead going into the fourth quarter, the Small Fry came up with 17 points while the Sharp-

shooters could only score 3 and wound up on the short side of a 33-29 score. Little O'Malley who has been the spark plug for the Sharpies had to be put out of the game due to heavy committed 5 personal fouls and believe it or not was so brokenhearted that he sat down and cried. That's how hard these boys play to win.

In other games, the Clovers continued their sensational winning streak and now have a record of 17 wins without a loss. These boys have now knit themselves into a smooth working unit with Katz, Payton and Trilo keeping the nets hot with their accurate shooting.

Hicksville Rallies in 2nd Half With 51 Points, Whips Roslyn

ROSLYN — Hicksville High's Comets exploded with the charge of a thousand firecrackers in the second half, here Friday night, to overcome a 16-point Roslyn halftime lead and score a 67-59 triumph which kept it in a first place tie with Oyster Bay for the 1950 Eastern Division championship.

Hicksville's comeback was a remarkable exhibition of determination. So intent were the Comets on staying in the fight for top honors that the formidable Hilltoppers, who just lost a two-point sudden death to Hicksville in the season's first game, could not make their 33-17 halftime advantage stand up for even a quarter.

Kiwanis Finally Out of Playoff Race

VALLEY STREAM — The AC of this village was the third party that ended a prolonged flirtation between the Hicksville Kiwanis and the mathematical possibility

that it could get in this year's NCABL playoffs when the Streamers defeated the Blue 70-56 here, Saturday night.

The Kiwanians had enhanced their chances for fourth place when they beat Great Neck 77-71 on the home court Thursday. Chet Jaworski flipped in 22 points to pace the Kiwanis attack in that game and Ray Halleran contributed 21.

Great Neck bowed in a very well played contest only after Hicksville came up with 15 points in the last eight minutes to rest the decision.

Start Well

On the Central high court the Kiwanis started well Saturday and ran to a 16-8 lead in the first six minutes but Phil Fehl (28 for the night) and Bill Munson brought the Streamers back to 19-16 at the quarter.

It was point for point in the second period with Valley Stream taking a 35-34 lead at intermission.

In the second half Hicksville could not drop anything and the winners ran away with the issue.

Soccer Team Drops Opener To Wanderers

HICKSVILLE — The Hicksville Soccer team lost to Great Neck Wanderers by a score of 3-2 in the opening cup game held Sunday, Feb. 11, at the high school field.

The game was played on a snow-soaked, muddy field, resulting in mud splattered players not long after the starting whistle.

The Wanderers led 2-0 at the half way mark. After the kick-off in the second half, Hicksville promptly got back into the running as Gene Harms, center forward, booted the first marker through the goal to be followed shortly by the tying goal which shot from the foot of Scott Mayors, on the left wing, bounded against the crossbar and was deflected into the goal from the head of an opposing player.

About 15 minutes before the final whistle, the Wanderers scored the third and winning goal.

Line up for Hicksville was: Schilling, Conzor, Sendkowitz, Harms, Mayors, Sullivan, Fleming, Meier, Freund, Barbero and Thompson.

continue their battle for second place, each having 8 wins and 9 losses. The Hackers hold an edge over their rivals with 3 wins to 2, having won their last one against the Small Fry 44-43. With Miller, Scott and Barton keeping the Hackers alive, the Small Fry have Frazer, Klemenco and Sikinger keeping them in the running.

The boys now hold their regularly scheduled games on Tuesday and Thursday nights at the East St. School.

In the first half the Comets looked every bit a beaten team. Dick Alcock made the three field goals that the Orange netted in the first 16 minutes. When the teams retired to the dressing room at half time, Hicksville's championship hopes were all but doomed.

Unbelievable Rally

The outlook quickly changed when the third period started.

Hicksville switched from an unprofitable zone defense to an all-court press which completely unbalanced the hosts.

Alcock hit for the bulk of his 25 points in the stanza. Ted Schwarting and Harold Manaskie scored to reduce the margin to ten points. Roslyn rebuilt it to 14 when Galione and Feron came through, but that was high point for the Hilltoppers.

With Alcock showing the way, all the Comets hit with deadly accuracy both from the floor and foul stripe. Personal fouls were plentiful and Hicksville took advantage of the free throws. The Comets went 31 for 41 from the foul line while Roslyn hit with 25 for 41.

In the wild uporous third stanza, Hicksville scored 30 points to take the lead 47-44.

Once ahead, Chet Jaworski ordered his club to slow the play down, which came as a welcome relief for the sellout crowd which had exhausted itself in the third stanza.

In the last period Hicksville built up a 10-point lead and held on to it with authority. Four of the losers' starters fouled out as did Stan Kellner, Harry O'Mack and Ted Schwarting for Hicksville.

In the closing minutes Alcock and Manaskie both were playing with four fouls apiece. Dick Swain and Charlie Rosengren came in with some steady play which enabled the Comets to get through to the finish.

Alcock's 25 points were good for high game, while Manaskie had 16—most of them in the fourth period, when Hicksville was working for a safe margin—and Ted Schwarting came through with 11.
