HICKSVILLE—The Board of Education is asking approval of the voters for a two million dollar bond issue on Tuesday, June 19 to permit the construction of four elementary schools at a cost of \$500,000 each, it was learned today. The School Board will also ask for an additional appropriation of \$170,000 to complete the Lee Ave. School. A public discussion upon the five-part question will be held in the high school auditorium, Thursday night, June 14, starting at 8 o'clock.

The four grade schools, each of 10 classrooms, a combined auditorium and gym and supplemental rooms, are planned for four tracts of land now owned by the district. Three sites are those purchased by Hicksville taxpayers from Levitt and Sons at Fork Lane, Old Country Rd. and Dutch Lane (Hempstead Ave.) The fourth is the former Albrecht property on Burns Ave. in the north side of the district.

Albany Gives Approval
Preliminary plans for the structures which will be of like design have been approved by the State Dept. of Education at Albany.

The fifth proposal being offered asks for an additional \$170,000, the sum estimated as necessary before the School Board can award contracts for the superstructure. The foundation and rough grading of the grounds is already underway. The original authorization for the 20-room Lee Ave. school was \$865,000 and the supplemental funds will bring the (Continued on page 17)

By BUNNY LAUER—HI 3-27943
 Greetings all you lovely people (something has to be lovely, the weather, gas, we-ke-and certainly hasn't been here I am again with some stuff and nonsense as usual. Wish more of you would give me a ring, with some news or how about stopping over to see me at my house. I can brew up a mean cup of coffee—the instant brands.

You know, something has to be done about the speeding cars. I guess the time has come for action, for with all my bellyaching these conditions still exist. Also don't any of you have respect for the school bus laws, about stopping when a they load and unload? Now to the better side of life. I'm very happy to let you all know that Cissy Lambert's mother, Mrs. Sterling of N. Y. C. is out of the hospital and will soon be visiting us.

The PETERSONS of Division Ave. are celebrating their 10th wedding anniversary Saturday. They plan to go to a Broadway show and have diner to mark the occasion. Lots of luck Glad's and Jerry, we'll join you at your silver one.

MRS. FLORENCE FRAME of 203 Lee Ave. went to N. Y. C. last week to attend the convention of the Rebecca Lodge.

Those of you who didn't go to the Nicholas St. P.M. meeting last Thursday missed a very nice thing. Dr. L. H. LeBaron installed the new officers. Some of the children took part in the program. The hobby display was wonderful. Mrs. Giese, Mrs. Teubner and Mrs. Sierling from our way were there.

Little PAMELA SUE COCHRAN of 206 Lee Ave. celebrated her first birthday with a party Thursday. Everything was in pink and blue. Warn Of Error On Phone Disks

HICKSVILLE—Telephone customers in about 500 new homes in the south portion of this community's fire district were warned today that they have incorrect information on the telephone number to call in event of fire. The Herald has been asked to publish this warning by the Rail Road Taxi Co. which has distributed several hundred plastic attachments for telephones giving emergency telephone numbers.

The correct number to call is Hicksville 3-0026, as provided on stickers being distributed by hand by members of the fire department. The Phone attachment given out by youngsters as a public service and advertising device lists fire calls "Hicksville 3-1781," but is not correct.

Hicksville 3-1718 is a public phone booth in the firehouse but is not manned 24 hours daily for emergency service. Hicksville 3-0026 is covered around the clock and is the number to be used. Joseph Oliveri, owner of the taxi company, said he halted distribution Sunday of the phone attachments (which also list, correctly, Syosset 6-0872 for Second Precinct Police) until new inserts can be printed. He also hopes to re-canvass the streets already covered and issue new printed inserts listing Hicksville 3-0026 for fire calls. He said telephone information gave him 1781 as the number to call for fires when he checked before printing the phone disks.

Among the streets where the plastic attachments have been distributed are Chain Lane, Rising, Tiptop, Walnut, Lantern and vicinity. President C. C. Miller of NLHA said he would stress this Friday night at the meeting of his organization that the only number to call for fires in Hicksville is "Hicksville 3-0026." Miller assisted the Herald in tracking down the distributor of the phone attachment.

NLHOA Seeks Deal on 9 Swim Pools

HICKSVILLE—The North Levittown Home Owners Assoc. is attempting to secure a reciprocal rights agreement with the Levittown Park District for the free use of nine swimming pools built by Levitt and Sons in the Townships of Hempstead and Oyster Bay. NLHOA President C. C. Miller told the Herald this week. The NLHOA meets this Friday night, May 23, at the high school here.

Under the present arrangements, two of the pools most recently constructed by Levitt in the Town of Oyster Bay will be operated by Levitt and Sons this season and are open to all residents of Levitt-built houses. However, the older pools in the Town of Hempstead, Levittown, have been turned over to the Levitt-Citic Assoc. and will be operated under the Hempstead town authorities this season with bathers limited to residents of that district, duly issued identification tags.

Can't Cross Line
"As matters now stand," Miller explained, "some residents of North Levittown who live within a few blocks of a swimming pool must cross town with their small children in order to use one of the two pools in the Town of Oyster Bay."

The pools in Oyster Bay Township (Hicksville) are on Newbridge Rd. (East Village Green) and on Levittown Parkway.

The NLHOA will furnish guards and identification tags for the two pools operated in Oyster Bay Township by Levitt & Sons this

year, Miller added. The tags will be similar to those issued in Hempstead Township and "real" (Continued on Page Four)

IN OUR OPINION:

Can Be Thankful You Live In Hicksville

By FRED J. NOETH

A FRIEND OF OURS who lives on Spindle Road, Hicksville, asked recently why it is may be to his advantage to be part of the community of Hicksville rather than Levittown. (At this point we detect a few in the audience who slump down in their respective easy chairs and mutter, "Here we go again.") If you have noticed the big news on the front page this week, you will find that the Long Island Lighting Co. is starting the grading and sub-structure work upon its electric operating headquarters here. That news in itself should have taxpayers in our community jumping for joy.

NOETH

The Lighting Co. plans a \$4,000,000 installation here, with six buildings to start the project to house the electric operating dispatching headquarters, electric meter testing department and laboratory, construction department shop, central operating department warehouse with storage yard and the transportation department and headquarters consisting of garages and repair shops.

Later will come engineering offices and other structures on about 50 acres along Old Country Rd. just east of the Long Island Rail Road crossing.

The addition of this \$4 million to our district assessed valuation is great news for taxpayers. The operations the utility company plans here will be neat and tidy. It will be attractively landscaped, it will advertise our community as a centre for the entire Island. (Hicksville's geographical location in the exact centre was a reason for the choice of this community by the Lighting Company.)

But to get on with the story for our Spindle Rd. friend. Hicksville is fortunate in having a number of fine commercial establishments and plants which increase its total district valuation. Such concerns pay their share of school and other local taxes, but demand few if any of the services for which they pay. Thus, tax-wise the owner of a home in Hicksville will have an advantage over neighboring communities composed largely of small dwellings and little or no industrial property.

Furthermore, many of the services and functions demanded by residents have already been paid for. Take our fire department, for example. We have a fire headquarters which cost about \$80,000 to build (it would probably cost 2 1/2 times that today to replace it), and it is fully paid. It houses fully-paid modern fire fighting apparatus and gear which would cost another \$100,000 or more to replace. There already we have a quarter million dollars of equipment to provide a vital service which is already paid in full. Newer communities around us are only starting on long-term bond issues to obtain such facilities. Our water works system is worth about a million dollars. The initial bond issues have already been paid off.

Even with our schools we have some advantages, although the need for more buildings is upon us also. We have a number of substantial structures which cannot help but be an advantage; in fact, our present facilities are already paid for or nearing the end of their usefulness. We have experienced faculties and administrators. We shudder when we think what confronts neighboring communities which are only starting to wonder about high school education.

For the Mid-Island community institutions for a moment let us consider the advantages for the new resident of Hicksville who finds large, fine churches already standing and largely paid off. Looking a little further consider the organizations of the village with their backgrounds of past experience; consider the traditions of the community; give a thought to the value of long established friendships and associations.

Sure enough our growth in the past few months has been tremendous. There are bound to be points of irritation, rough spots. And yet, the growth of recent months (except for its volume) has not been unlike the World War I postwar era which saw many new "city folks" come to Hicksville and gradually become a part of the community.

Some people quickly fit into the community life, join the PTA, church organizations and civic life. Others—sometimes for reasons best known to themselves—prefer to stay out of step.

Of course, there are advantages to being part of Hicksville. These advantages increase proportionately as the man, woman or child with an understanding of the responsibilities of good citizenship shares them.

HICKSVILLE PARK AND DUFFY PARK: Don't Forget to Display Flag May 30

DORIS WERNER—HI 3-7437W

Hi Folks:

I hear from several sources that we should have displayed our flags last Sunday. I didn't see "hide nor hair" of one, so let's see if we can do better on Decoration Day.

JACK LODATO of Mead Ave. brought home 45 mackerel last week so I must retract my statement, in a previous column that he had returned empty handed from his fishing trip. Guess Jack is a fisherman after all.

Little JOHANNIE CONDON of McAlester Ave. slipped and fell from his back stoop last week and is now sporting a large bandage on his forehead. Next time walk down the steps John.

We had another accident last week when BILL GATTERDAM also of McAlester Ave. was struck in the eye by a splinter while chopping wood. Bill is now recuperating in the New York Eye and Ear Hospital.

The Armvets are having a card party the afternoon of June 8 on East Barclay St., right next door to Naasau Motors. Why not try to get out folks and help a worthy cause along?

Had a swell time at the Founders Day Costume Dance sponsored by the Civic Assoc. Saturday night but I must say I didn't meet any of my neighbors there. My boss, Fred Noeth, won first prize for the best man's costume. Said party was later spent in the Allbi.

Have you gotten your tickets for the circus yet? Better hurry or you will be disappointed.

Dear Butch
 Dedicated by Ruth Christensen, written by the author Miss Elaine Knecht, submitted by his mother.

The day I rang your door bell
 And heard you scream from within—
 "Hey Ma, the kids are here to play
 "Quick Ma, let them in."
 The day I rang your door bell
 And hear you yell with joy
 That day I shall remember
 A happy little boy:
 You see Butch
 We all love you
 You're our gal
 Though not at school
 And when we work
 Sing, or play
 You're here with us
 Yes, every day
 We talk about your model planes
 The cowboys riding
 On your table range
 The little things
 You do and say
 You're here with us—
 Hurry back to stay.

PLAINVIEW COUNTRY HOMES; Memorial Day Plans and Cub Scouting

By **BAR CANTRELL**—3-6133M
 Hello Folks:
 This balmy summer weather certainly gives folks no ambition it seems as if everybody is dragging the old travel folders out with a gleam in their eyes. The question is—Can we afford it? Most of us can't, but do anyway.

I was informed the other day that the Cub Scouts here in Plainview are attempting to reorganize. There is another meeting on May 28, 8 p. m. at the Mannoette Hill School, and unless more parents get down there it might possibly fall through. The Cub Scout Pack organized by the P-TA had been active some time ago, but was forced to disband. I myself, worked not so long ago with the Nassau County Council and realize what a wonderful thing it is for boys between 8 and 11 years of age to have something to occupy their time and minds. It certainly gives them a wonderful background for their future lives and help them to become better citizens later on in their community.

In order to do this, it is up to the parents. So come out on May 28 and reorganize this Cub Pack and let's have a few Dens from the Plainview Country Homes.

By the way, tickets are being sold now by the Boy Scouts here in Plainview for the opening polo game of the Meadow Brook Club in Westbury June 2. These tickets are \$1.00 each for the benefit of the club.

 The Plainview Country Home
 We will hold their regular meeting tonight (May 23) at 8:30 at 20 Island St. Let's have a big turnout and show our interest in the future of our organization.
 Memorial Day, Plainview will celebrate with a parade starting at the Mannoette Hill School at (continued on page 12)

BELL TELEPHONE SYSTEM NOW HAS A MILLION STOCKHOLDERS

picture NEWS from the NEW YORK TELEPHONE COMPANY

MR. and MRS. BRADY DENTON of Saginaw, Michigan, have just become the millionth stockholder of the American Telephone and Telegraph Company. Mr. Denton, an automobile salesman, his wife, Dorothy, and their children, Johnny and Brady, Jr., are shown here inspecting some of the property of which they are now part owners.

No other company has even half as many as a million stockholders. In New York State alone, there are 182,000 of them.

The Dentons are typical of people in all walks of life in this State who own A. T. & T. The savings which these people invest are used to buy buildings, cables, switchboards and other equipment that give you the world's fastest, most dependable telephone service.

Telephone users benefit directly from this. Since 1945 the New York Telephone Company's big expansion and improvement program — totaling \$825,000,000 — has enabled it to serve over 2,000,000 more telephones. Thus the stockholders — together with those who loaned the Company money — have helped to meet the greatest demand for telephone service in this State's history.

The Telephone Company, unlike many other businesses, cannot finance out of earnings the expansion to meet this huge demand. The money to do this must come chiefly from investors and the telephone business must earn enough to make investment attractive. Critical times like these emphasize the importance of a telephone company that is financially healthy and strong enough to do the job.

How investors' money builds your telephone system

IT BUYS the cable to connect new telephones to a central office and to connect the many central offices to one another. The New York Telephone Company has placed 6,000,000 miles of wire in cable since 1945.

IT BUILDS telephone buildings. Since 1945 this Company has put up 117 new ones and made major additions to 63 others.

IT BUYS the switchboards and other central office equipment. We have added 169 new central offices, and made additions to most others.

HAVE YOU HEARD?

IT WOULD TAKE A TRAIN 12,500 CARS LONG TO HOLD ALL OF THE BELL SYSTEM'S STOCKHOLDERS.

ONE OUT OF EVERY FIVE A.T.&T. STOCKHOLDERS IS A TELEPHONE EMPLOYEE.

NORTH WEST NOTES: Civics Arrange Social For Next Month

By JIMMY CUMMINGS
Hicks. 3-3317-J

The North West Civic Assoc. will hold a combined meeting and social on June 15, at the Charles Wagner American Post Hall at 24 Nicholas Street for members and families. This will be the final meeting—as there will be no meetings held during July and August. We urge all our members and families (providing sitters can be secured) to join us on this evening. There will be a short meeting announcing plans for proposed picnic in July. Then refreshments will be served, courtesy of the Association.

President Pat Boland and the

Executive Board have put in many hours striving to better our community with respect to roads, lighting and other programs forthcoming, such as the Burns Avenue school. Membership in the association has grown a great deal. New residents on Gardner and adjoining streets are urged to join with us on this evening to meet your neighbors—REMEMBER THE DATE—FRIDAY EVENING, AT LEGION HALL. COMMITTEEMEN, NOTE:

All members of various committees and chairmen are urged to attend a special meeting at the home of Pat Boland tomorrow (Thursday) evening, at 8:30 p. m. Please Attend—IMPORTANT. LEGION PLANS AFFAIR

Plans are being completed for a party to be held at Legion Hall on Nicholas St. on Saturday evening, May 26. This will be more or less a "house-warming" due to the completion of the basement room. For a night of enjoyable fun and dancing, don't forget this Saturday at the Legion Hall.

LOANED 49,897 VOLUMES:

Library Circulation Shows Gains

HICKSVILLE — Despite moving operations and irregular hours the Free Public Library noted an increase in the number of books

loaned last year, according to the recent annual Library Report of the Library Board.

A total of 49,897 books, pamphlets and periodicals were loaned in the adult department in 1950 as against 42,645 adult books in 1949. The major accomplishments of the year were the securing of a permanent home for the library at 169 Jerusalem Ave. instead of Nichols School quarters and the opening of the new library.

An expanded reference service for the adult department and improved library service to the young people are the 1951 objectives for the library.

"There is a growing demand from industry, college and high school students and the general

reader for a larger collection of reference books — books used for reference and study within the library — and for supplementary reference material, such as government documents, pamphlets and pictures, and business information," Mrs. Marion Cecil, librarian explained.

Get Room Now

"Lack of space and personnel formerly prohibited expansion but now with a reference room and shelf space available, the prime need at present is the acquisition and organization of these materials in order to fill the need that now exists," she said.

Mrs. Cecil believes that the children's room in the Public Library serves the child from preschool years through junior high school.

"It provides him not only books and information necessary for formal school assignments but also a place and a book collection for exploration," she said. "Here he learns to use books for information and inspiration, to satisfy his increasing curiosity about the world in which he lives, if boys and girls can be taught in the children's room where to go for information and how to find it for themselves, along with a continuing interest in the acquisition of it, they have the keys to a real education and a source of enjoyment through life."

Mrs. Cecil said that newer methods of education emphasize the value of the child's ability to find his own materials in libraries and the importance of developing the child's ability to think and to be independent.

"The children's room of the public library can be a powerhouse in the development of the young people in the community," she concluded.

Plainview Homes

(Continued from page 8)

9:30 a. m. and wind up at the Plainview Firehouse for the placing of a wreath and a brief ceremony at the Honor Roll. As I understand it refreshments will be served. In case of rain, the affair will be held in the firehouse. Come on out and celebrate this memorable affair in your community.

Chickie McCormick has given up the Avon Cosmetic job, and Louise Fesselmeier is now our Avon cosmetic gal. I'm gonna go broke yet.

If you have a serviceman in your family it would be appreciated if you would give his name and address to a member of the Plainview Comfort Committee. This Committee sends packages and the Herald to men and women in the service. Members of the Comfort Committee in our development are Mrs. Ruth Humberger, 14 Island St. and Mrs. Ruth Gesner, 15 Island St. They would appreciate hearing from you.

By the way, I see quite a few homes for sale in our development. I wonder why, huh?

Don't forget if you have anything of interest that you would like to put in this column, let me know. Don't work too hard, relax and live a little.

Veronica Lake To Open Season
SEA CLIFF—Film actress Veronica Lake will open the fourth season of the Sea Cliff Summer Theatre on June 25, it was announced by producer Thomas C. Ratcliffe. "The Curtain Rises," Ben Kaye's delightful comedy about a Viennese actress, is the happily appropriate title of the first offering. The following week, Melvin Douglas stars in "Sacred and Profane," a new play by Ted Haskley. High spot of the season promises to be the performance of twice Academy Award winner, Olivia De Havilland in G. B. Shaw's "Candida."

Good Time to Plant Annuals

Let's get our early June start good time to plant annual flowers in outdoor window boxes, terraces and small beds along the walk or garden.

Most of the flowers you will plant are purchased ready potted so that you will have blooms from now until the end of the summer, says E. F. Schaefer, Cornell horticulturist.

The colors and size of the flower are matters of individual choice, but Schaefer has some suggestions about different flowers that are good possibilities.

Portulaca grows quickly from seed, is low growing, and does well in sunny dry areas. Other flowers that are low growing (2 to 8 inches) are sweet alyssum with white and purple blooms and dwarf petunias.

Flowers that are from 8 to 14 inches tall include dwarf marigolds which come double and single and in bright orange, yellow and maroon. Purple and yellow pansies, verbenas which you can buy in almost all colors, and cup flowers (nerebbergia) which have small light blue flowers that look well in flower beds. There is also the flowering begonia, which should be grown in the shade. Some people, however, plant it in the sun to get the dark red foliage.

Harry O'Mack Dows in NSAL 880

Hicksville's Harry O'Mack, who can run just as fast as the opposition forces him to, lost the North Shore Athletic League's 1951 880-yard dash championship to Westbury's Joe Pasquarella on the Port Washington High cinders, Saturday.

The race was run in two sections and the fears outlined here last week that O'Mack might draw a slow field came to pass.

He won his section, but in the dreary time of 2:08. He actually misjudged his time on the first quarter-mile and his home-stretch kick could not make up the time.

The Westbury lad twice circled the oval in 2:06.7 to take the honors in the other section, and the title.

O'Mack has dualed in the same race with him twice before this season. In the Port Washington the Hicksville boy won with 2:05.1 and in a triangular meet with Westbury his winning time was 2:06.5.

O'Mack will get another crack at Pasquarella in the Nassau County championships at Sewanhaka this coming Saturday.

In this meet the 880-yard dash will present a brilliant field and nothing but a superb race will be good enough to win.

Frank Weber of Mepham won the South Shore title in 1:59.2 and just nosed out Bob Phillips of Lawrence in doing so.

Chislow Raeburn, who ran in Pasquarella's section of the race, placed third in the NSAL meet with a time of 2:08.1. He thus qualified for the County meet.

Mario Bianco gained the County meet by finishing second to Gerald Molloy, Roslyn, in the Mile, and Charlie Elder was another Hicksville qualifier with a third in the broad jump.

The Cornets wound up seventh in the meet, while the championship was going to Oyster Bay in a stunning upset.

As reported in the last week's Herald Sportlight, Oyster Bay's protest over its 3-2 loss to Farmingdale in the Eastern Division diamond race had to be and was upheld by NSAL officials last Thursday night.

The result is very encouraging to Coach Dick Crawley's charges, since they are now tied with the Dalers and will be leading them 2-1 when the game is replayed from the point of protest.

There was no question of the fairness of the protest, and even though it was quite hush-hush, everyone knew it had to be upheld if projected.

Some will gnash their teeth over this and even more so now that the baymen have taken down the NSAL Track Championship, but right is right and we can never condemn a winner just because he wins.

Farmingdale High Routs Comets 7-3

BETHPAGE — Farmingdale defeated Hicksville 7-3, here last week, behind the seven hit pitching of Lou Portocarrero, and ended the Comet hopes for the Eastern Division NSAL diamond championship.

The ace Daler's chucker held the visitors to three runs on their seven hits and fanned eight. He walked only four.

Carrying the Hicksville bid to unseat the winners from first place was Jack Pickering, but he was retired after five and one-third innings, trailing 3-1.

Bob McDonald relieved Pickering and worked the last two frames.

Hicksville scored first on a double by McDonald which chased Pickering home after he reached first on an error.

From there on Farmingdale pushed the runs across, and single tallies by the losers in the sixth and seventh presented only a token challenge to the Dalers' lead.

Bob Sweeney, Bob Hocke and McDonald each got two hits for Hicksville.

Yachtsmen Honor Club Commodore

SEAFORD—Commodore Harold Alder, former Hicksville resident, will be honored at a breakfast to be given by the Seaford Harbor Yacht Club at Seaford Harbor on Decoration Day, Wednesday, May 30.

After breakfast, the club members and friends will sail to the area off Short Beach, form a huge circle, and at 11 a. m. honor the dead with a moment of silence while Commodore Alder places a wreath on the water.

Last Saturday past Commodore Hammer and a party of four, fishing in Peconic Bay, caught over 100 large porgie, weighing up to two pounds, and some weakfish.

Knights Drop First

FRESH POND — Hicksville was defeated by Randall's Island in the first start in the Eastern Division diamond championship.

LOU JACOBS, tonight stage producer with the big Ringling Bros. and Barnum & Bailey Circus which is coming to Hicksville under American Legion charity sponsorship June 7, 8 and 9. Many of the clowns have stellar roles in the magnificent new musical spectacle "Circus Serenade" which cost \$300,000 to produce. There are 1100 people, the world's largest traveling menageries, nine heads of elephants and hundreds of horses with this year's circus. Tickets for afternoon and evening performances are available at Scholar's Floor Covering, North Bway, Hicksville, opp. Post Office and at Nash Showrooms, Bethpage.

Two Alarms for Fire Close to Firehouse

HICKSVILLE — Firemen answered two calls close to the firehouse last week when grass next to the railroad tracks burned and Vince Braun's Meat Market on Broadway called for help to extinguish an ice box fire.

Mrs. George Rappaport at 9 Waters Ave. smelled smoke from the oil burner Wednesday morning and called firemen to check. Burning rubbish called out firemen Thursday to Jerusalem Ave. and 10th St.

A small fire in the home of William Dorosback at 81 Lenox Ave. on Saturday caused slight smoke damage.

Firemen answered a call on Sunday about 6 P.M. for a fire in a 1941 Pontiac on 3 Palermo St. owned by N. Lobiatico. Damage was light.

Botto Defending RVC League Championship

ROCKVILLE CENTRE — Defending champion Botto Brothers got off on the right foot in the 1951 Rockville Centre Night Softball League race, here last week, as the effective picking of Bill Bordiuk and a crucial triple by Steve Lawrow produced a 3-2 victory over Neon Light.

Lawrow smacked his three-bagger with the bases loaded in the fourth inning. The ball hit fair right on the leftfield foul line and was only 1 of 2 hits Botto was able to get off loser Tom Netry.

All the Hicksville runs came across on Lawrow's blow. Neon got to Bordiuk with single runs in the first and third innings. Thereafter he settled down and in all held the losers to three hits and the margin Lawrow presented him with stood up.
