INVITATION FROM NLHOA: Roman Finds Himself In Debate This Friday

HICKSVILLE—Lawrence A. Roman, chairman of the Committee for the Incorporation of Hicksville, will be guest speaker this Friday night, July 27, at the North Levittown Home Owners Assoc. meeting in the Levittown Community Hall on Levittown Parkway, here. The Assoc., at a meeting in the high school held last February, heard Ernest Francke outline opposition to the incorporation plan.

The NLHOA in a news release announcing the meeting this week, while stating that Roman would speak on the advantages of the plan, indicated that the Association has already made up its mind: "The NLHOA has studied the question (of incorporation) carefully," the release claims, "and is still of the opinion that the best interests of all residents of the area will not be served by allowing North Levittown to become part of an incorporated village of Hicksville."

On the other hand, the many dissenting voices in North Levittown are more closely affiliated with Hicksville have not yet been presented. One such dissenting voice is pertinent at this season is the fact that restrictions limiting the use of the North Levittown swimming pools to residents of that community would be lost, if an incorporated Hicksville were to take possession of the pools and the newly-opened Levittown Park.

The people at Newbridge Rd. and Levittown Parkway are still under the jurisdiction of this season of Levittown and will not be expected to be turned over to Oyster Bay Township, under the auspices and tax support of the Hicksville Park and Parking District, along with the Community Hall. Pools in Levittown are now under Hempstead Township control through the Levittown Park District, it was noted today.

C. C. Miller, NLHOA president of 34 Summer Lane, announced that Roman would debate at the meeting with Ira Cahn, publisher of a Levittown newspaper, with Cahn taking the negative side of the question "Should North Levittown become part of an Incorporated Village of Hicksville?"

Roman was surprised, when questioned by the Herald last night, to learn that the meeting was to become a debate and that he would be expected to argue a specific question with Cahn. He said Miller had invited him to attend the meeting as a guest speaker to discuss the incorporation campaign in Hicksville.

Call for Bids Aug. 7: Town Adopts Refuse District Extension

OYSTER BAY—Without a whisper of opposition, the public hearing upon the proposed extension of Hicksville Garbage District south to the Oyster Bay-Hempstead township line embracing about 2200 homes built by Levitt and Sons was held here, Monday afternoon. The Town Board immediately after the hearing took the necessary steps to make the extension a fact and announced that bids for the collection of refuse will be opened on Aug. 7.

William and Joseph Sill of Bank Lane were present at the hearing with neighbors to support their previous arguments for extension of the district to convert garbage collection from a private householder-collector arrangement to municipal service.

A surprise development of the hearing, conducted by three of the five-man Town Board, was the appearance of C. C. Miller of 34 Summer Lane, president of the North Levittown Home Owners Assoc. and chairman of its executive committee, speaking in favor of the extension. Miller had appeared with other NLHOA officers at earlier hearings upon the proposed extension, last fall, strongly opposed to the garbage district plan.

William Sill reminded the Board that 457 names appeared on a petition asking for the district extension which he had presented and filed with the Board a couple of weeks back.

George W. Kunz of 45 Arcadia Lane and Sylvia Oberweiser of 11 Boxwood Lane, also spoke in favor of the extension. They had accompanied the Sills to the hearing.

Urgently Need More Air Raid Wardens; 560 Volunteers in Civil Defense Unit

HICKSVILLE—While 560 persons have been registered and fingerprinted for civil defense in the Hicksville-Plainview area, a great many more volunteers to serve as wardens are needed, CD Director Frank Sutter said last night. Of the total enrollment, only 110 are wardens while the size of the community and the number of houses in the community requires at least five times that number for minimum community protection.

Divisions which do not need recruits at the moment include the Public Works under Benjamin Smith including the heavy rescue squad, and the Hicksville and Plainview Fire Depts. which are limited to their memberships. Hicksville Fire liaison officer is

ex-chief Daniel Munch while Edmund Ocker is Chief of Plainview Firemen.

Five clergymen are enrolled in the Chaplain Corps, one of the first organized in the county. Sutter stated, and the evacuation division headed by Gertrude Watterauer is well organized. More personnel is needed for communications, wardens, auxiliary police, and emergency medical (doctors, nurses and first aiders).

Volunteers may register at 351 Bway or call Hicksville 3-3400 for information and will be subject of the next fingerprinting and registration session. The Hicksville-Plainview CD Unit is one of the few in the county equipped with its own fingerprinting equipment and photographer.

Board Suspends Fire Chief at Levittown

LEVITTOWN—John Cashman, Chief of Levittown Fire Dept., has been suspended by the Board of Fire Commissioners pending a trial of his actions in connection with giving notice, Sunday morning, for a drill of the local volunteers, it was learned last night.

Cashman and Howard C. Hagerty, chairman of the five board, according to informed sources, became involved in a dispute following the test and police were called to the scene by some unidentified person. No charges were made and the police left.

Sunday night a special meeting of the fire board was held and Chief Cashman was suspended pending the trial.

General regrets were being expressed all around, today, regarding the incident.

Joint Installation For Post, Auxiliary

HICKSVILLE — A joint installation of new members of the Charles Wagner Legion Post and Ladies Auxiliary will be held this Saturday, July 28, at the clubhouse on East Nicholas St. at 9 p.m.

Mrs. Walter Schilling will be installed as president of the Ladies Auxiliary with her staff of officers by Mrs. Helen Schneider of Wilton Park, past Junior county chairman.

Elias Jabour, commander of the post, and his officers will be installed by Harvey Rink, County Legion Commander.

The Legion Post plans to hold a picnic Sunday, Aug. 5, at Shady Maple, South Broadway, Hicksville, at 1 p.m. There will be beer, soda, clams, corn and hot dogs. Tickets may be obtained from any member.

She also wrote the lyrics for "My Sugar is So Refined," "It Couldn't Be True," "Largo Largo Lilli Bolero," as well as for the show, "Barefoot Boy with Cheek." JOSEPHINE PROFFITT

Mrs. Proffitt or Miss Dee turned novelist with the publication of "And Never Been Kissed" by Macmillan. The story was dramatized on the Philco Television Playhouse and was published by Samuel French as a three-act play for high schools. Her second novel, "Dear Guest and Ghost" published in 1950 was also dramatized.

Dear Jean...

Last week there was a wedding at the Little Italy in Hicksville. NEDDY WIDOWS of 26 Fifth St., Levittown, a member of the Independent Art Society, was starting on a pilgrimage for St. Paul's Lutheran Church in Bethpage.

Today, July 25, is Christy Day at Jones Beach State Park with a performance at the Softball Stadium starting at 3 o'clock. Children under 15 are invited. About 70 attended and enjoyed the dinner-dance for Co. No. 4 of the Hicksville Fire Dept. at Lindenham, Saturday night. Phone Co. takes general contract bids Aug. 9, upon its new building at Cherry St. and Jerusalem Ave., Hicksville. It will be one story with no basement. Hicksville Firemen go to Lindenham this Saturday to seek honors in the annual tournament of the South Shore Volunteer Firemen's Assoc. This year's winner of St. Ignace Church, have been crowned as winners of the Hicksville Civil Defense. Mr. E. H. LAMARCA, in charge of the C.D. emergency medical set-up here, is anxious to enroll all registered and practical nurses. During her vacation absence next month, Mrs. MINNIE LUHMANN of Flower St., Hicksville, will take charge of recruiting. The instruction in fighting oil and gas fires given last Thursday night on the Old Country Rd. school property for Hicksville vamps was spectacular and attracted a number of spectators. EDDIE KESSLER, chairman of the Hicksville Labor Day Firemen's tournament, wants to notify all residents that the firemen are continuing their house to house canvass, and if your residence has not been visited as yet you will have a caller from the fire dept. very shortly.

Delivery was made Thursday to Hicksville High School of a brand new 1951 model 4-door sedan Chevrolet by MacFARLANE MOTOR SALES for use in the school's student auto driving course. It replaces a model given last year which during a year of training rang up 10,000 miles of driving. The Hicksville FBC wants to provide a bus for the boys who are going to the Hicksville Nite ball game at Edgemoor Field on Aug. 21 but must know by Aug. 4 how many youngsters will take advantage of this transportation offer.

JERRY CUMMINGS of 69 Myers Ave., Hicksville, joined the advertising staff of the Herald this week. JACK and LEE on North Dwyer is the latest Hicksville store to modernize its front. Business goes on as usual while alterations are taking place. The building where SCHOLAR FLOOR COVERING is located opposite the Post Office has been removed and looks fine. ALEXANDER NEWCOMB, attorney, was a guest at the last Lions Club meeting. The Lions meet again tonight at the Inn. County Red Cross is trying to raise at least \$25,000 for the relief of Kansas-Missouri flood victims. If you want to help, make checks payable to American Red Cross and send them to the County BC Chapter, 954 Old Country Rd., Mineola, care of JOHN W. MACHAY, disaster chairman. Phone company officials assure us that Hicksville will not lose its exchange designation to Levittown, but we're watching anyway.

—No Opposition

(continued from page one)

Town Councilman Frank Chumsky of Hicksville was not present for the hearing and Supervisor Harry Tappen absented himself just prior to the hearing to consult with bidders upon a garage project for the refuse plant. Town Councilman Lewis Waters took the chair to preside at the hearing.

The entire hearing was concluded in a matter of minutes.

Award Garage Bid
Town Clerk Leslie Disbrow announced later that Ralph A. Lewis and Son of Huntington won the bid for the new garage at the incinerator for \$17,350. The only other bidder was Hendrickson Bros. of Valley Stream at \$20,927.

A public hearing was also held Monday upon the proposed Township Park Ordinance which Town Attorney T. V. Summers admitted at the hearing will regulate the use of playgrounds and parks under Township jurisdiction thru park and parking districts as well as beaches. Opposition to the park ordinance was voiced by William S. Winters, Amityville attorney representing Bruce Parker, who protested "this law is very slowly drawn." He charged it is aimed at Parker's water skiing school, "a very healthful sport."

Councilman Waters said the law was copied from the Park Ordinance now effective in the Township of Hempstead.

SPECIAL EVENT THIS FRIDAY:

386 Youngsters Using Playgrounds

HICKSVILLE — The summer playgrounds, under the auspices of the Board of Education, held at Nicholas St. School and High School in the mornings, 9 to 12 and the High School 8 to 8:30, have become increasingly popular as the summer progresses, according to officials. At the half-way mark, there is a registration of 386 youngsters and an average daily attendance of 192. All existing records for the local play-

grounds have been broken and the future looks to bigger and better facilities for the youngsters who keep coming to the playgrounds.

The second "special event" will be held this Friday, July 27, at Nicholas St. School which will feature a Doll and Hobby show with a special feature, the bathing beauty contest holding the limelight. All children are invited to

participate with prizes for all contestants.

The popularity of the Nicholas St. Playground has been judged by the way the youngsters flock to play softball under the direction of Lou Miller, playground supervisor, while the younger set under the direction of Miss Shep now play with blocks, games, saw, color beads and make pot holders for their mothers. Once the playground is open, there are never less than 50 youngsters enjoying the swings, games, and other activities that are available to them.

The morning and evening playground activities at the High School have equally as much success. Any morning or evening baseball, softball, or basketball being played on the playground under the direction of Coach Gert Jansinski.

John Reed King was MC of this special show — better luck next show. . . LIER received orders from FSC to install before end of this year flashing signals at Charlotte Ave. and New South Ed. crossing. This has been a big issue of the NW Civic Assoc. and our worthy President Pat Bohland spent a great deal of time following up data on this particular issue — having attended numerous hearings at the PS Commission.

Hicksville Water District has asked the cooperation of home owners to curtail lawn sprinkling etc. between the hours of 4-9 p. m. daily. Please comply with this request. . . Our softball team picking up momentum. A team over on Mead Ave. would like to arrange a game with our boys — for further information see Tony Plonski at 61 Myers Ave. . . Works 2 Ways

THIS IS A STRONG recommendation that you buy a couple of tickets for the Hicksville Police Boys Club boxing exhibition and entertainment which takes place, out of doors, at the high school grounds on Friday night, Aug. 10.

In the first place, for your one dollar seat, including tax, you will be treated to an excellent show featuring young amateurs. Ask anyone who was there for the show last fall and he will verify this.

In the second place, you will be giving your financial support in a painless way to a very worthy youth program in our community. Hicksville has one of the largest Police Boys Club programs in the county and is accomplishing a great deal for our community youths.

With so much current public concern about our youth, delinquency, etc., it is obvious that this is a most worthy program to support.

There is room in the program for you, as a male adult, for more active participation as a sponsor. Meanwhile, don't forget to get your tickets for the boxing show now available at many local stores or at the Herald office.

Important Vote Friday

VOTERS OF ISLAND TREES school district (No. 26, Town of Hempstead) will have a second opportunity this Friday, July 27, to provide their children with adequate educational facilities. They will vote upon a school which will cost \$1,995,000 which was offered several weeks ago and defeated by a painfully narrow margin only because enough vitally concerned voters failed to realize that their active citizenship is needed.

Triple sessions are forecast for the students of the district unless approval is given now upon this new building to be located on Wantagh Ave., south of Hempstead Turnpike.

Voting hours this Friday, July 27, are from 9:15 to 9 p. m. at the Island Trees School on Farmedge Rd. All qualified voters of Island Trees School District are urged to fulfill their duty and vote "yes."

Good News on Crossings

EASILY THE BEST NEWS we've heard in months is the order by the Public Service Commission to the Long Island Rail Road commanding installation of automatic warning devices at two unprotected grade crossings in Hicksville—Charlotte Ave. and New South Rd.

Oyster Bay Town Officials who promoted the project and local civic groups who were represented at the hearings to introduce testimony deserve applause for bringing these projects to this point.

Now if we can do something about eliminating the congestion at the Broadway and Jerusalem Ave. crossings every time the trains pass, we'll be on the way towards really straightening out some of our traffic bottlenecks.

Your Local Reporters

The HERALD neighborhood representatives and reporters will be glad to hear from you if you have guests, take a trip or do something of interest. They are friendly people and enjoy hearing from you even if you have no news. They'll also assist you if you want to subscribe to the HERALD.

MAYOR MCGUP

HERALD READER OPINIONS:

Need Fire House North of Rail Road

To the Editor: I believe that usually blocking our main highway should open up immediately another Fire House in the vicinity of North Broadway so that when the siren blows for a fire in this locale and the railroad has the highway blocked, at least one truck and a few men will be able to get to the fire without delay.

It would probably save lives and a good many dollars in property. It seems to me that the taxpayers in town are going all out for new schools, but are neglecting a very urgent matter by not appropriating money for this substitution. A few thousand dollars in the right direction might not only save your life but your property as well. More and more trains are continuing to block our main highway and from the look of things, the LIRR has no intentions of correcting this situation now or in the near future.

I am expecting some positive action on this substitution for the north side of the tracks by the fire board without further delay.

Public Library on Jerusalem Ave. including her latest, "There Was a Little Girl." The author makes frequent use of the Hicksville Library.

The Saturday Review of Literature says, "There Was a Little Girl" is an interesting and humorous book. Behind the comedy, behind the delightful ingenious fun and ridiculous situations is a poignant little history of family relationship and the struggle and sacrifice and indomitable optimism which goes with the maintaining a self-styled genius in the house.

Never coy, never without irritating archness of some novels in which children play the principal roles, this is a genuinely enjoyable book.

FINE TREE MANOR RESULTS. To the Editor: I wish to take the opportunity to thank you for the helpful assistance you afforded us a few weeks back in regard to the Pine Tree Manor residents and their problems.

I am happy to say that we are getting things done now.

Anti-Levittown?

By FRED J. NOETH

MUST WE SPELL it out? Various misinformed persons from time to time accuse us of "hating Levittown." They say we are "anti-Levittown" but they always seem to become a little vague on the process of reasoning which led them to that assumption.

Honestly, we don't believe that those who lambast us are certain of their facts. Evidently they have not read the Herald regularly, over the months, but base their conclusions largely upon what someone else has told them.

There are obviously many, many desirable features about the community which Levitt and Sons has built and named. Also there are some undesirable aspects — but the same is true of most any typical community you can name.

We have held fast to the position that Hicksville is a community of 6.5 square miles in area. It embraces the entire co-terminus area of Hicksville School District, Hicksville Fire District, Hicksville Street Lighting District, Hicksville Park and Parking District, Civil Defense unit and the original water district. We also hold fast to the fact that our southern boundary line is the Hempstead-Oyster Bay Township line set by the State Legislature in the 1700s.

We absolutely refuse to heed threats, attempted character and reputation assassination, political pressure and whatnot which would have us "be nice" and just politely surrender a quarter of our community. We are not attempting to promote controversy. We are stating the historic facts regarding our community area. We will continue repeating this statement because it must be said, over and over again.

We repeat, as we have said before, that much of the controversy and antagonism is willfully and deliberately promoted by certain elements for their own selfish ends. It is all part of a malicious campaign of treachery and trickery to promote discord—to divide and conquer.

The facts are available for any thoughtful person to examine. It is now about a year since the first houses built by Levitt and Sons in Hicksville were occupied. We have have come to know personally many of those first arrivals and they are all fine people. They don't all agree with us . . . and that's their privilege.

About a year ago the extension of Hicksville Garbage District south to include these new homes was proposed by the Town Board. The plan was vigorously opposed by officers of the "North Levittown Home Owners Assoc."—and as a result, ultimately shelved. This week a spokesman for NLHOA appeared at a hearing on the same original plan, revived because of tremendous public demand, and he gave the extension his organization's approval. Thus for months new homeowners have been subjected to the aggravation and inconvenience of inferior refuse collection service because of a whim on the part of some individuals who have since apparently had a change of heart.

We have been struck by the fact, as you must have, that some folks active in behalf of the NLHOA, despite pious statements of loyalty to Levittown, are actually promoting sectionalism and controversy by insisting that area is "North Levittown." In other words, they don't want to be a part of Hicksville but they also don't want to be absorbed by Levittown . . . else why insist upon a separate identity?

It all leads us to the conclusion that perhaps this section wants to be a new community . . . connected with neither Hicksville nor Levittown. And yet the advocates would not be so foolish as to cut themselves off from the very attractive high valuation industrial properties of Hicksville School District (which in the long pull will keep tax rates below those south of the Township line), while at the same time attempting to ride the wave of nationwide publicity won by Levittown.

Hallan Scientist Here To Study Pest Control

HICKSVILLE — An Italian entomologist is in this community today under the auspices of the Economic Cooperation Administration visiting the Bureau of Entomology and Plant Quarantine. He is Prof. Giuseppe Jannone, director of the Plant Disease Laboratory at Genoa, in this country to study ways to save the 10 per cent of Italy's vitally needed crops destroyed each year by insect pests, according to ECA in Washington. He will be in Hicksville until Friday.

The ECA is sponsoring Prof. Jannone's study under its technical assistance program. His study tour was worked out in cooperation with the US Dept. of Agriculture. He arrived in this country on Mar. 17 and sails for Europe on Aug. 25.

Induct 8 Boys Into Pack 291

HICKSVILLE — Eight boys were inducted into Pack 291 during ceremonies held at Trinity Lutheran Church, W. Nicholas St., Friday night, witnessed and enjoyed by parents of cub scouts, according to William Murphy, cubmaster.

After a formal opening in the church basement, the boys and parents met on the church lawn, where games were enjoyed by all. After the game period, the induction of the new boys in the Pack was held in the basement. Inducted were Stephen Reden, Richard Cable, George Korothy Vincent Teleisha, Timothy Nulty, Peter Nulty, John Healin and Steven Pressfield.

Advanced to Wolf rank were Kenneth Wernburg, Douglas Lehmann, Richard Himmelstoss and Edward Stammel. George Meyer received his Bear award, also the Gold and Silver arrow points.

The boys of Den 4 then put on an interesting skit, based on the theme "Things That Go." This group with their den mother, Mrs. William Kaufmann, was heartily applauded for their efforts.

OFF SOUTH BROADWAY: Lollipop Farm is Treat for Everyone

By BUNNY LAURE — HI 3-27843
If you want to save the kids a treat and also yourself take them out to the Lollipop Farm in Syosset, Saturday, we took the kids out and I enjoyed myself even better than the small fry. The baby animals are adorable and very tame. We bought popcorn and the animals ate it right out of our hand. Had all we could do to keep Butch from going in the water with the ducks and of course he wanted some of the hay that the goats were eating. Upon leaving the farm you are presented with a lollipop. Well how is that for a plug. Expect a few complimentary passes in the next mail.

Hicksville is a wonderful place! Yes, guess that's why everyone has so much company here.

The QUIMBY'S of 188 Cottage Blvd. had a full house over the weekend. They had Mr. and Mrs. Mickey Yuro, Miss Agnes Yuro of Pittsburgh and Mr. and Mrs. Kumar of Astoria.

Mr. and Mrs. Arnold Harris and daughter Joan of Brooklyn were the weekend guests of Mr. and Mrs. HOWARD MULLER of Division Ave.

Congratulations to CLAIRE and GABRIEL GOLDBERG of Palmetto St. are celebrating their wedding anniversary July 25. May you both have all the luck in the world.

That wonderful aroma that you all got one night last week was coming from the CAVA'S of 209 Lee Ave. backyard. They had a good old-fashioned fish fry. The fish were caught by Mr. and Mrs. James Haney, Mr. and Mrs. Cava and Mr. and Mrs. Halldahl. Mrs. Cava has a guest from Brooklyn this week — Miss Ruth Cappola.

Congratulations to Wave Crest Laundry upon the opening of a beautiful new place in Roslyn Heights. Marty and I went to the grand opening, Saturday night. Artie could sure mix a mean cocktail. Lots of luck and best wishes.

Mr. and Mrs. JAMES MORGAN of Cottage Blvd. celebrated their tenth anniversary Saturday night by going to a Broadway show and having dinner in China Town.

My niece and nephew, Joyce and Marvin Robbins of Brooklyn spent the weekend with us. That made five to bath and tuck in each night. Believe me, no one had to tuck me in — I just fell in bed.

Little LYNDA DRAKE of Top Lane celebrated her 2nd birthday with a party for the family. Guests were Grandma and Grandpa Drake of the Bronx; Grandma and Grandpa Louis of Brooklyn; Mr. and Mrs. William Smith and daughter Jane; Mr. and Mrs. Frank Blake. Lyndia received a beautiful doll and carriage.

Cards were received from the RANKINS of 217 Lee Ave. who were vacationing in Florida. Guess they'll be home by the time this goes to print though.

Is anyone interested in buying a beautiful dining room set cheap? I saw the set the other day and it is in very nice condition. If you are interested, call Hicksville 3-3873.

Things seem dead around Lee Ave. What is the matter girls, how about hearing from you all?

Dotty, how are the pups coming along?

Fairview Ct. hasn't been heard from lately either.

Guess Butch has been in my notes again. I know that the FUNKS of Lenore Ave. had company from England but thanks to my son's wedding in my notes I can't tell you who they had until next week. Little Louie Fink sure makes a cute cowboy.

Well that's about all for now so until next week — bye now.

BRIAR PARK ACTIVITIES: Typewriter Breakdown Slows Assoc.

By ETHEL KOONEY—HII 3-24237

About BRIAR PARK HOME OWNERS ASSOC. — My husband tells me he has a copy of the Constitution and by-laws of a similar organization, which, with minor changes, would serve us. This, of course, would have to be passed upon and approved by the members. We would like to have it typed in several copies so that it can be circulated around for everyone to see. However, our typewriter is broken down so has anyone got a machine to volunteer for a short while? Unless we all get together on it an organization will never be set up and we need one. After it has been typed up and circulated we can find out exactly how many will join, the cost, etc.

From what I can see by walking around our streets, it looks like the road men will never complete the grading of our streets and get started on the oiling. The worst of all seems to be on Virginia Ave., east of Elmwood St. Whenever a car goes through those blocks, the dust clouds up so much that you can't see the houses, children or anything else. I can't seem to get through dusting in my house but I have often pitied the poor women up there. It must really be terrible.

While I'm talking about the roads, how about a little less speed? When we first moved in

everyone was so careful of the children who are always playing on the streets. Now I notice that only too often the cars go whizzing by without a care in the world. Can't you wait till you hit the highway?

SOPHIE and JOHN CELLA had as their house guest for two weeks, Mr. Cella's mother, Mrs. Nick Cella. She expects her out again for another two-week stay.

Briar Park must have been lucky at the Hicksville Home Show last week. In addition to my winning the wallpaper prize, MRS. REGINA DENNIS of 22 Nassau Ave. won a dish garden.

The MOARHURTS of 23 Virginia Ave. have had Mr. Moarhur's father as their houseguest for the past month. I understand he is planning to leave soon. We will all miss seeing him out working on the front lawn. He has completed their driveway and front walk, doing a mighty professional looking job. I wish I had house guests as useful as that.

Choosing for another week with the request that you call me when you have visitors.

HICKSVILLE PARK AND DUFFY PARK: Joe Could Be Wrong About That Odor

Hi Folks:

Back from vacation with a nice tan and some of each. Had a wonderful time at Point Pleasant where there are trees and more trees. Something not found in Hicksville Park.

My thanks go to RUTH STONE for taking over my column while on vacation.

While away, I noticed several people painted their brick houses white. A very interesting touch to the neighborhood.

ANN DIETERICH of 45 McAlister Ave. has joined the Women's Auxiliary of the Fire Department. Speaking of the Fire Department, Co. 4, had a gala evening at the Chocoma in Lindenhurst Saturday evening. ERNIE DIETERICH was chairman of the committee and he did a nice job.

I hear the tournament team of the Fire Department had a rip-roaring party last week at Capt. Medard Osterloch's home on Benjamin Ave. The boys have been doing a good job and certainly deserve a good party.

Mrs. Alberta Rabell of 40 McAlister Ave. had a baby girl on July 10. They're naming the new bundle from heaven SUSAN VIRGINIA.

RUTH STONE informs me that "A Guy named Joe" called to say

They have remodeled "THEATREMAN." Personally, I still smell it. Either "Joe" was smoking, or they need a new remedy. I hear from some of the local women that the odor originates at the sand pit. COULD BE!

MRS. MARY PETERS of Freshing is spending a few weeks with the Gatterdams of 43 McAlister Ave. Mary brought a brand new baby girl with her, named MARELA AUGUSTIA. Hope you enjoy your stay in Hicksville.

Good thing L. JAMES CONDON left for Seattle on Sunday, or half the men in Hicksville Park would be after him. Seems Jim painted the kitchen for his wife and now every wife wants the SAME. All kidding aside Jim, it was good to see you home and let's hope you can return again REAL SOON.

What happened to **MR. FA-BOROUGH'S** laundry bag? Seems one minute it was there and the next time she looked it was gone. Mr. and Mrs. **BILL MINIHAN** of 23 Mead Ave. spent a few days on Fire Island.

Didn't think they let color blind Firemen on the Department; however, one from Hicksville Park is running around with a **PURPLE LIGHT** on his car.

GEORGE, our Krug man, had a birthday last Wednesday. Have you seen the classy shirt he's been wearing since that day? Attention **Duffy Park Home Owners**—Anyone interested in selling their house? If so, get in touch with **HI 3-5566**.

Seems to me there are more Foremen than Workmen building that garage on Mead Ave.

CIRCUS IN TOWN

The circus has been used as a
background for many activities
this season but not for as worthy
a purpose as "The Circus Comes
To Bethpage," produced by Pat-
ricia Moran and Maria Trapani
for the benefit of the Infants
Fund.

The show was presented July
17 in the garage of the Krespa
home on Concord Ave. for an en-
thusiastic audience of children
and adults. Proceeds amounted to
\$1250, which were turned over to
Mrs. Jeanette Curcio, chairman
of the Polio fund.

Featured in the show were
Janet, Ruth Ellen and Audrey
Krespa, Byron Gray, Kathleen
Moran and Anthony Trapani.
For the benefit of any children
who may have a similar project
in mind, advice Mrs. Jeanette
Curcio of the date and place of
the show so that she may attend
and judge its merits.

The Polio Fund is arranging
the Grace Stanistreet of the
Adelphi Children's Theatre to
evaluate these. The winning show
will be presented during the drive
in January and later in the Chil-
dren's Theatre.

OPEN INVITATION TO ALL: Anti-Communist Rally This Friday At Bethpage School Sponsored by VFW

BETHPAGE — An Anti-Communist Rally under the sponsorship of the Butternut Brothers VFW post here, will be held this Friday evening, July 27, in the auditorium of the new Bethpage School on Broadway at 8:30.

James Conroy, an ex-Communist Party member, will be the principal speaker. He is associated with AB Consultants of New York City. AB Consultants is a group of lawyers who have banded together "to countermand the inroads of Communism on the American people" and have been responsible for the exposure of many known and many unknown Communists to date.

James Kirkpatrick, head of AB

Consultants and co-author of the newsletter, "Counter-Attack," is expected to attend the rally if his present case does not keep him in Washington beyond this date.

An invitation is extended to all Veterans organizations and to all the people of Bethpage and surrounding towns to attend.

The Butternut Post feels "that while every loyal American knows that the enemy from within is even a greater threat to the nation than the foe from without, they are unprepared to cope with the menace. This rally will afford them the opportunity to learn how to counter attack un-Americanism."

PLAINVIEW COUNTRY HOMES: Guests Join Local Fellows in Game

By HAN CANTILLI—H-6-03338

We had a very busy weekend. The humidity was awful and I woke up with a feeling I was choking to death.

I heard through channels that Mrs. Maudy (from Vernon St.) has her husband home now. He was in the service and has just recently been discharged. I bet it is a good feeling to be home for good.

Mrs. Feder's husband is home on a leave from the Navy. He had been stationed in Trinidad. Glad to have you back home with the family for a while.

Little Tommy Payne from Island St. celebrated his third birthday with a wonderful party. Among the little guests were Cathy, Eddie and Betty Gessner, Alice Myrick, Billy, Jimmy and Dave Humberger, Dean and Laurie Cantilli, and Janie Payne along with their respective proud mamas. After the little darlings consumed quantities of cake, candy, soda and what-have-you, we, older children settled down to coffee and cake — don't know who enjoyed the party more.

Chase MacArthur from Island St. told me that as a result of an item in my column last week, one of her mother's friends from another section of Plainview came to see Chase's mother who is visiting here. It just goes to show someone reads it anyway.

The AmFets had a big side-by-side down the hall Saturday night. From all reports everyone had a swell time. Among those present

from here, were the Paynes, MacArthurs, Humbergers, Myricks, Wolkemans, to name a few.

A bunch of fellows from the Plainview Country Homes played scrabble down the Manetto Hill School, Sunday. I went down later to drag my husband home and we had company and the first thing I knew my company was playing ball too. Saw quite a few of the men from around here. If some of the wives hadn't insisted their husbands come home, they would still be playing. I wish my husband had such ambition at home on a Sunday afternoon.

Val Humberger's father, Joseph Humberger and brother, Ed Humberger, from Richmond Hill were Sunday guests of the Humberger household. Val's brother brought with him two little chihuahuas. They were adorable.

We went visiting this week to George and Alice Schmidt in their new home in Massapequa Park and Saturday night we went to Baldwin to see some more friends. Gloria and Al Shikunsky. It sure was good to get out of the house.

Don't forget about the Firemen's Open Festival Sunday, Aug. 19, on Washington Ave., north of the Manetto Hill School. For only \$2 a piece for adults (children free) you can have the time of your life. There are games for the children, dancing, beer, frankfurters, clams, corn etc. Come on out and have a big crowd from our development.

Please give me a call if you have any news, and if anyone is interested in a subscription, please give me a call and I'll get it for you. See you soon.

Stell to Direct Kenny Fund Drive

MINEROLA — Attorney Charles H. Stell of 35 Bway, Hicksville, is again the chairman of the Hicksville-Jericho Area for the Sister Kenny Foundation, according to the county unit. Corydon M. Johnson is chairman for Bethpage and Levittown; campaign will be directed by Mrs. Frank Kline and Joseph J. Corriente.

The Pricilla Circle of the Bethpage Methodist Church will hold a bread and cake sale Saturday, July 28, at the Pritchard and Stoddard's Variety Store on Stewart Ave. at 11 a. m. Mrs. Christie is the chairman.

In the absence of the Rev. Ronald Law, the speaker at the July 29 service will be Miss Mary Lou Gibbs of the Methodist Committee for Overseas Relief. Mrs. Victor Yost will be the soloist.

July 28 and 29 will be "paint the clubhouse" days for members of the Archie McCord American Legion Post. Come prepared for work, boys.

Proposes Greenhouse For Plainview Road

CONSTRUCTION — A commercial greenhouse in Plainview, a fuel oil loading rack in Hicksville and a gas station in Bethpage are among the cases to be heard by the Zoning Board of Appeals at a regular meeting Thursday night, Aug. 2, in the Justice Courtroom at 7:30 p. m.

Louis Fox of Manetto Hill Rd., Plainview, will ask the Board for a variance to erect a commercial greenhouse on the west side of Plainview Rd., 577 feet south of Main Parkway, Plainview.

An office building and a fuel oil loading rack is planned for the south side of Duffy Ave., 655 feet east of Henrietta St., Hicksville. James O'Connell of 300 Carleton Ave., Floral Park and Max Peir of Pershing Ave., Locust Valley, will request the variance. The \$40,000 building will be leased to Menan Oil Co.

A new gas station is planned for the northwest corner of Malden La. and Bway, Bethpage. Samuel Leder of 100-35 Queens Blvd., Forest Hills, will request the variance.

William Wickes of Hicksville Rd., Massapequa, will ask the Board for a variance to use a building on the west side of Hicksville-Massapequa Rd. north of Southern Parkway, Hicksville, to assemble hot air ducts to be used in surrounding developments.

Leo Kosciuszki of 31 Twinklawn Ave., Hicksville, will seek a variance to build a detached garage with less setback than the ordinance allows.

Agostino Mayo of 5 Mayfair La., Hicksville, will seek a variance to build an attached garage with less side yards than the ordinance allows.

HICKSVILLE Inn—One hundred and sixteen club members and guests of the Kiwanis Club met at a baseball game at the Polo Grounds between the Glens and Pittsburgh, according to Club Chairman Joseph Keller.

Three buses carried the youngsters to New York. One was donated by M. L. Chittenden of Jericho, one by Schenck Transportation Corp. of Floral Park and the third was provided by the Club.

Kiwanis Club is making

plans for a summer trip to the second session in Chicago at arrangements. Jay Schwartz is in charge of steps leading to the incorporation of the club.

Frank Chittenden, Newmont governor gave a detailed report at a recent meeting on the St. Louis Kiwanis International Convention which he attended.

ATTIC VENTILATION

Short of installing an air-cool-
ing system, the proper ventila-
tion of the attic is perhaps the
most effective way to cool a
house during the hot summer
months.

There are several ways to
move warm air out of an attic.
If the space is entirely enclosed
and has no windows at all, the
simplest method is to install
louvers or vents near the ridge
line of the roof. These vents
should be placed in opposite
gables so that air can circulate
freely between them. They are
constructed much the same as
a window, except that slats are
placed across the opening to
slope downward at an angle of
45 degrees. This arrangement
allows a free flow of air and at
the same time keeps out the
rain. It is wise to build the
louvre frame so that a tight fit-
ting screen can be attached to
the inside to keep out insects.
For colder weather a piece of
solid wood can be fitted to the
louvre and attached by the
same fastening.

If louvers of this sort are of
sufficient size and properly
placed, they will provide enough
ventilation to cool the house by
several degrees. For maximum
efficiency, the downspout or trap
door leading to the attic should
be kept open so that the warm
air in the house downstairs may
be drawn upward and out.

If the attic already has lou-
vers which are small and inef-
fective, the installation of an
electric fan will increase their
usefulness. Exhaust fans which
are built especially for the pur-
pose and mounted in a frame-
work may be built into the
louvre space as a permanent
feature. They are efficient and
well adapted for this type of
cooling. If it is convenient to
install this type of fan, how-
ever, the same result may be
achieved if a large fan on a
floor standard is placed facing
one of the louvers. This will
drive the warm air out of the
attic and draw cool air into the
lower rooms and up thru the
house. It is essential that the
fan be sufficiently large for the
purpose, although it is not nec-
essary to keep it running at top
speed.

NORTH EAST REPORT: About Zelnour Homes and the Library

By LINDA GARDNER—HI 3-0000

Three doors to this new development — Zelnour Homes — are now open. The first door is the new Zelnour Public Library, which is now open to the public. The second door is the new Zelnour Homes, which is now open to the public. The third door is the new Zelnour Homes, which is now open to the public.

I am certainly glad to see the Hicksville Public Library, which is now open to the public. The second door is the new Zelnour Homes, which is now open to the public. The third door is the new Zelnour Homes, which is now open to the public.

The library is a fine corner of Jerusalem Ave. and Second St., near the high school.

My daughter has enrolled in the Business club at the library which offers group reading and games for the very young children on Fridays from 3 to 4 p. m. The time passed with delightful rapidity.

Why not call the library and find out which club your child may be enrolled in? There's one for every age group.

IDEAS AND INFORMATION

Just found out the other day that birds will be more easily attracted to a bird bath if they hear the sound of dripping water. To achieve this, simply hang a punctured bucket from the limb of an overhanging tree so that drops will fall slowly into the bath. If a tree isn't available, a stand might be rigged up by a handy homeowner with a flowering climber twisting around it for eye appeal.

Also, in addition to bread crumbs, place a piece of meat at your bird house as an attraction for the birds.

It seems the idea of catching Japanese beetles in a jar of Japanese beer is really caught on at Zelnour Park. It has become the habit of many children to stalk their prey several times a day and compare collections with their friends.

By JIM COOLEY

THE NEW LOOK: The post clubhouse on E. Barclay St., Hicksville, now can claim a new look with all those nice "booths" that a very generous fellow from New York GAVE us.

AT PRESENTS: All you Charter members will have a chance to see your names neatly printed on the scroll that will soon be left at the local printers for all times. You WW II vets and Korean men who wish to join the "Journey End Club" and do not wish to join AMVETS can drop in at the Club any time and sign the list for charters.

CONVENTION DRAWS NEAR: Boston, the oldest large city in the U. S., was founded in 1630 by a chartered company of English colonists. It was named Shawmut by the Indian inhabitants and Trimontaine by the early colonists. In the year of 1630 it received its present name of Boston after the town in Lincolnshire, England. In 1822 it was named capital of Massachusetts Bay colony, and today is capital of Commonwealth of Massachusetts. The site of the first American printing office, and the first regular newspaper, the Boston News-Letter was published there in 1704. Boston is the largest fishing port on the Atlantic seaboard, with the largest freezing plant in the world.

City of Boston has played a leading role in the nation's cultural growth. Referred to in another era as "the Athens of America." For those who will visit this quaint and real American city such places as the Old North Church and the monument of Paul Revere will be points of interest. Your hosts will be AMVETS Paul Davis, Governor of the State, and AMVET Johnny Hynes, Mayor. Don't fail to come to Boston and enjoy five days of fun and frolic. The Bostonians are extremely hospitable. Intense patriots are steeped in America's democratic principles. With these good people I leave you with these words, that as long as our country has such fine cities as Old Boston and such patriots as the Bostonians no IBM will ever take the place of AMERICANISM.

Buschbaum WMH Got Post

The Management Committee of Hicksville Field Club will name George Buschbaum of Northport 1951 coach of its eleven, the Herald learned this week.

Buschbaum guided the Black and White during the '50 campaign and his rehiring comes as a major surprise.

His name had not been mentioned in the speculation of the ever-thinning ranks of Field Club supporters who wondered who would get the post this season.

The team lost only twice last season in a campaign distinguished only by a scoreless deadlock at Riverhead.

It lost a brutal 17-7 contest to the pro Long Island Bears and kicked away a sloppy 8-6 decision to the Glen Cove AA.

In the final game of the season, Hicksville defeated the AA, which had been unbeaten in over 35 contests, by a score of 9-0, but the triumph failed to produce wild acclaim.

Glen Cove played without the services of its brilliant George Fowler, who was injured the week previous as he fired one of the greatest rallies in Nassau semi-pro history to produce a victory over the Long Island Bears for the North Shore city.

Another point in the Field Club win was that the locals brought in field goal specialist Cliff Broderson for the Glen Cove AA game and this sorely injured the pride of old-guard Black and White rooters.

Hicksville fans had always claimed that its powerful club never had to "load up" for big games to keep it up with the county leaders.

Broderson kicked a field goal against the Covers late in the game and although Hicksville enjoyed a wide margin in the contest mainly due to the fine play of its line, the AA supporters mocked the victory and received a good deal of support around the county.

They claimed that the field goal put the game beyond a touchdown reach and therefore played a heavy part in the Hicksville's victory.

According to the reports, the Field Club will start practice the first Sunday in August and will take the field against Southampton on Sunday, Sept. 2. Southampton will provide the home opener for the Black and White two weeks later.

Cloak and Dagger

The Cloak and Dagger manner in which the Jones Beach Softball League maintains the player rosters of league members are in for unofficial but sharp attack over the weekend.

It seems that the League does not announce the player rosters of each team at the beginning of the season. It has a rule by which replacements can only be made for an injured player or one who is called to service during the season.

Not one club would make an official complaint, but plenty of angry talk rebounded in the stands Saturday night.

According to the stories, two outstanding clubs were doubtful that Chick Talgo, ace pitcher, who beat Hicksville 2-1, was not on Bellmore's roster at the start of the season.

Manager Bernie McGinnis of Bellmore's refused to comment on the report, although Talgo's effort ruined Bernie's team's chances for the first half title.

The majority of those discussing the topic felt that Talgo had been added to Bellmore's roster to replace Orville Carmen, who was service bound.

However, Carmen has been stationed near New York and has made some Bellmore games, with many contending that Talgo should not be allowed to play when Carmen is at the game.

Another school of thought is that he was added to take the place of an injured player and some dispute the fairness wherein an infielder or outfielder can be replaced with a front line pitcher.

And it could be that Talgo was on the Bellmore list from the very start.

Which is the point.

If league officials would come out from behind their self-styled screen of righteousness and reveal all phases of its operations, clarity would replace doubt.

BOMBERS AND WRIGHTS BOW:

Botto In Acid Test at Jones Beach With Levitt, Bellmore This Week

JONES BEACH—Botto Bros. shook off the disappointment of its better first half reversal, here in the Stadium last week, and started the second half of this seashore loop with impressive victories over the Floral Park Bombers and Wright's Hardware of Manhasset.

Bill Bordiuk eased the Black and White past the powerful Floral Park club 5-1 and Jim Barone turned back Wrights, 9-2, allowing just two hits.

The wins gave Botto a 2-0 record and underscored tonight's (Wednesday) important contest with Levittown and did more than that for Saturday's clash with Bellmore.

Barone Excellent

Floral Park had Richie Sourish on the mound as the second half started, Wednesday, but the Botto batters gave Bordiuk a 4-0 lead in the early innings and the Black won easily.

With a full house of 3,000 looking on Saturday Jim Barone pitched excellent ball for Botto as Hicksville got even on the season with George Cheslock who was in the uniform of the Manhasset club.

Three weeks ago Cheslock shut Botto out 1-0 on the high school diamond as the locals were splitting a doubleheader with Cherry Lane but this time they were waiting for him.

Hicksville scored twice in the second and third innings on a combination of soft hits and Melchior's error and added another marker in the fourth.

Barone worked along with a one-hitter until the last of the fifth when he lost his control and walked three batters in a row. Wrights only sharp single of the game followed and two runs scored.

An alert play by shortstop Gary Nordahl cut one runner down on the basepaths to kill off the rally.

Barone hammered a long triple to open the seventh inning and hits by Nordahl, Lester, and Went three for four, and Coleman sandwiched between two errors and a walk pushed over four more runs and Wrights was badly beaten.

Arranging Playoff In Intermediate Loop

SYOSSET — A post season game to be played between the as yet undecided Intermediate champions and an all-star squad from the seven other teams in the Precinct League will be scheduled. It was announced by Patrolmen Directors Robert Reynolds and Vincent Baumer.

Players will be chosen for ability and sportsmanship displayed during the campaign. The date will be announced at the close of the regular season.
