CLAIMS DILLY-DALLYING: Sill Questions Delay On Garbage Service

HICKSVILLE—William Sill and his brother, Joseph, of 2 Bank Lane, today charged that Councilman Frank Chlunsky and the Oyster Bay Town Board is "dilly-dallying" on the start of municipal garbage collection service in the extension area of Hicksville Garbage District. The Sills were the leaders in the campaign to get the district extended and obtained over 800 names on petitions requesting such service.

Extension of the district has been asked by the Town Board and bids were opened last week by the Board on specifications calling for service from Aug. 15 (today) to Feb. 28, 1952.

The Sill brothers told the Herald yesterday that after several meetings with Councilman Chlunsky since the bid opening, at which they have pressed him for information about the bid winner and start of service, he informed them "No Sills are going to hustle up the Town Board. I am looking out for your interests and want to see you get the most value for your money."

William Sill says he wonders if Chlunsky is interested in the best for the community or wants to feud with him and his brother. Sill asserted that he offered to work with Chlunsky and had a team of men ready that after several meetings would be made west of Newbridge Rd. and Monday, Wednesday and Friday east of Newbridge Road.

Sill claims that he had a date with the Councilman for Saturday when the letter was supposed to have a map and work out details. When he met Chlunsky, Sill stated, the town official didn't have the map and seemed to have forgotten the schedule of pickups as previously discussed.

He adds that bids were made upon collection Aug. 15 and since no contract has been made, although bids were upon the Aug. 15 commencement of service, someone is going to set paid without collecting the full assessed period. He has also requested that a stipulation be made that the contractor or whoever all covers on cars omitted and return receptacles to the location in which they are found.

They must have been residents for at least 30 days prior to the vote, according to District Secretary Fred Schaefer.

Levittown Sanitation assured Sill at the bid opening before the Board, that his equipment is adequate for the job and he has bought two new trucks. This concern had the low bid of \$54,350.

"What I want to know is," Wm. Sill said, "why the delay?"

Uhllein was a candidate last year, opposing Bevan when he ran for a one-year term. Cister is a former secretary of the Hicksville Fire District.

FOUNDERS CITE THREE REASONS: 'South Hicksville Assoc. of Levitt Home Owners' Holds 1st Meeting

HICKSVILLE—In answer to a definite need for proper representation, a new civic organization has been formed among Levitt home owners in School District No. 17, in Oyster Bay Township. This was forecast in the Herald two weeks ago.

The new group, named the "South Hicksville Assoc. of Levitt Home Owners," held its first official meeting on Aug. 6 at 74 Bobwhite Lane. Forty-five were in attendance.

The meeting was called to order by the group's acting president, Arthur Luskman, of 8 Arcadia Lane, who welcomed the new membership, a majority of whom had attended the recent open meeting of the NLEHOA at Levittown Hall.

Trustees With Hicksville!

Before getting down to the order of business, Luskman discussed the issues which resulted in the group formation.

Trustees: (1) that the interests of the group lie with Hicksville (more specifically, Oyster Bay Township) and not with Levittown; (2) that the as-

PLAINVIEW COUNTRY HOMES About Cub Scouting and Vacationing

By ANN HARTMAN—HICKSVILLE

Vacation time is still here. My mom and dad called for Europe for a two month trip to the British Isles. You never saw two people so happy. My dad hasn't seen his family in Scotland for over 30 years. We went in to see them sail on the Queen Elizabeth, but that is a story in itself which I will report on next week.

The whole time family on the Colorado River, just returned from a wonderful week touring the Adirondacks and Catskill Mountains. Mrs. Marx told me that they visited Lake Placid, Howe Caverns and many other lovely spots.

At this point I want to add a little about Cub Scout activities. Mrs. Marx told me that the Cub Scouts have two active dens and possibly three in September from our development. If any parent or boy between 9 and 12 is interested they can contact Mr. Marx on El Dorado, Mr. Hickey or Mr. Hubbard on Vernon for information. Mr. Hubbard is the Cubmaster. Here is a wonderful opportunity to have your young son or sons in a great youth organization which can keep him off the streets and teach him how to be a good, well-informed citizen when he enters manhood.

In the post department: The Legantos of Plainview Road had Dottie's sister and her three children from Brooklyn as guests for the week. Hope you enjoyed your stay.

Buddy and Ginny Wachtler from Queens were guests of Buddy's sister and brother-in-law, Ginny and Tommie Payne, of Island St. (Note to Tom: Many happy returns on your birthday, Tuesday.) Flo and Sonny Myrick, have Sonny's Dad, Mr. Herman Myrick Sr., from Alabama, visiting them for a while.

We had Jane and George Anderson from Wantagh as our guests. Saturday night, and spent a night of laughing and sipping cool drinks. By the time the night was over I was ready to float away. My, but it was warm that night; there seemed not to be a breath of air.

Val and Ruth Hemberger were down at a beach party Saturday. That was where I wish I was.

Congratulations to Ray Hartman on Island St. for winning the basket of cheer raffled off by the Amvet Auxiliary at their recent card party. Say, what about a big party now. The Auxiliary holds these card parties once a month as a rule, so why not come down to one? It's a night out with Daddy baby sitting. I'll let you know about the next one.

Dear Jean

An interesting meeting between Hicksville and Bethpage citizens took place at the home of Mrs. J. J. Smith on Sunday, August 12. HARRY MAGGIORIO reported his over-year perfect attendance at the last meeting of Hicksville Kiwanis. . . . Hicksville Kiwanis is getting ready to place club signs at four entrances to the community. The Rotary, which meets every Thursday at the AIBI at noon, is planning a picnic in the future. Jericho Principal KENNETH LAERT will be speaker at the meeting on Aug. 23. . . . If you want to see a very attractively landscaped home, go by the dwelling of GEORGE L. KNUERER at 44 Avenida Lane, Hicksville. His shabby is the pride of the neighborhood. . . . JIMMY LaSALA of 6-Dottie Ave., Hicksville, is a chauffeur in the transportation dept. at Grammont. His prized possession is a picture autographed by the famous Blue Angels, the Navy's high performance jet flying team. JIMMY is a member of Hicksville Fire Co. No. 5. . . . Installation of the Levittown Lions Club takes place this Saturday at Capt's. Members of the Hicksville Club led by president VINCE BRAUN will be attending. . . . Because he cashed two phoney checks at a Hicksville store, a Levittown mechanic is starting a 2% to 10-year stretch in Sing Sing. Checks were for \$16 and \$37. . . . Vamps have 36 trophies so far for Hickville Labor Day tournament. . . . What's this we hear that EDDIE KESSLER, chairman of the Labor Day tournament, plans to wed in October? . . . Hickville Dodge-Plymouth dealer RUSSELL KUPFER has just retired as president of the Nassau-Suffolk Dodge-Plymouth Assoc.

I understand GRUMMANN has started excavating for an addition for the addition to Plant No. 5. The \$1,500,000 structure will have a lab and flight test hangar. . . . Work is nearly finished on a factory building on Duffy Ave. property owned by Keystone Glass. . . . RICHARD KETCHAM of 118 Park Ave. is building a new house at the corner of New South Rd. and Walter Ave. . . . A new house at Thorman Ave. and Diamond St. is being built by JOE JABLONSKI of 81 Lee Ave. . . . Construction work has started on the old distributing building at Charles Pl. and Holman Blvd. by the Charles Place Realty Corp. of Williams for rental to William Oil Corp. . . . The L. I. Lighting Co. has started the foundations for a \$70,000 office building on the west side of Newbridge Rd. next to its sub-station and the former Stewart Line of the LIRR, just over the line in Levittown. . . . OPS special agents are conducting an enforcement drive, chasing after 20,000 retailers in the state who have failed to file OPS pricing data. Compliance by Hicksville merchants has been excellent. . . . The GERRARD BRAUN and HOWARD HEBERERS send us a post card from Niagara Falls. They returned home yesterday. . . . Don't expect a decision on the awarding of a contract for Hicksville Garbage District extension south to the township line until the end of this month at least. . . . Only 19 of 240 homes in Woodbury Gardens section remain unsold. STACKLER and FRANK are the builders. . . . Residents of Hillview Homes section, many of them there since last August, are getting impatient about the delay in obtaining street lighting.

The painting is not finished, but we are about moved into our new office next to the Hicksville Post Office. The phones are being changed over, so you may have a little trouble reaching us. We'll be re-established in a few days, but meantime business goes on as usual. We'll have an official open house and grand opening next month. HOLDEN'S Stationery Store now has a full line of typewriters and office machines, adding machines, check writers, etc. . . . TAKE WARNING: County Health Dept. in its second report of the season warns that the bathing permit of AERHAMBER BEACH at Massapequa (a town beach) has been revoked. Samples of water give it the classification of "bad." It was rated as "fair" in the July report. Status of Town bathing waters on Atlantic Ocean (Tobey) and North Shore remain unchanged—"good" or "fair." . . . I wonder who caught it when the first asst. fire chief ordered a ladder removed and the second asst. fire chief was marooned on the roof of Glassboro, Thursday night, with four other men? . . . There are rumors that Hicksville Fire Dept. may establish a 6th company. Co. No. 5 was created over 20 years ago.

called dangers of incorporation with Hicksville are not nearly so dangerous as an alliance with the "tax-deficient" homes of Levittown, and (3) that only a group, whose main purpose it is to inform its members on all phases of home ownership and their relation to surrounding communities, can properly represent the local residents.

Lively discussions took place during the presentation of these topics with a large percentage of the audience taking part. With the former decided on, those present voted unanimously for the proposed constitution and agreed to the present body of officers of those remaining in office until a permanent executive body can be elected.

Earlier last week, the present officers are Robert W. Wether, 44 Avenida Lane, vice-president, and Edward J. Aronoff, 28 Boxwood Lane, secretary. The new club group welcomes all who wish to join and plans are being made for a general meeting of the community.

Details of the meeting, place and date, will be announced in the Herald when decided, Iestren said.

As stated in its constitution, the purpose of the organization is "to bring together those residents owning Levitt homes within the natural boundaries of Hicksville in the town of Oyster Bay who are interested in civil betterment of any kind, with the purpose of promoting good citizenship and the general welfare. For this purpose we shall study those conditions. . . . and take such practical action as may seem wise and desirable."

Plain-Views

By BOB LEFANTO—HI 3-2115M
Writing the column this week was something bordering on bravery above and beyond the call of duty. My sister-in-law's three children along with my two inspired acrobats created something closely resembling the recent circus. I as lucky to come through it all with just a few bruises and one shiner—which I was forced to take with my clothes on. The angels turned the hose on me while I filled their wading pool.

Having visitors gave me a chance to tour Plainville. I showed them the new school. Construction is in progress, even though the weather was poor. Anyone who has watched construction of any kind knows that this is unusual indeed. In a telephone interview with Mrs. Fumfeld of the School Board, I learned that the new building is expected to be in use sometime in December. Of course, the progress of the construction depends a great deal on the weather from now on, so this estimate might easily be altered.

The painters have completed the job on the inside of the old school and a nice job it is. The rooms have always been ivory in color and this is the first time, according to Mr. Fochl, the custodian, another color has been (continued on page 14)

Cahn Hits Woman Crossing Broadway

HICKSVILLE — Ira Cahn, Levittown newspaper publisher, who is fond of shaking Hicksville institutions and organizations, ran down a 64-year-old Westbury woman on Broadway, here, Monday morning with his 1946 Chevrolet. Witnesses claim that Cahn was riding on the left side of the highway, passing a long line of autos which had been halted at the Marie St. intersection to permit the passage of fire apparatus.

The second police precinct accident report states that Cahn is 38 years of age and a resident of 38 Pinetree Lane, Levittown. No police action was taken against him. The victim was Mrs. Mary Saullo of 9 Third St., Westbury. After treatment at the curbside by Dr. Nicholas Cavalla of 120 63rd St., Brooklyn, she was taken home suffering a contusion of the right leg and possible internal injuries, the police records show. Cahn recently boasted in his paper that he had been awarded a certificate from the National Safety Council for "promoting highway safety."

Make It Bigger

THE SUMMER PLAYGROUND program of Hicksville School District closes a week from today, rounding out a very popular and successful season.

We sincerely hope that next season the Board of Education can see it may clear include in the budget sufficient funds to expand the program and provide a trained supervisor at each of the currently owned school sites, even where no structure are built as yet, to bring the healthful recreation program to even more local children.

The Right to Write

TWO LETTERS from Herald readers appear in the adjacent columns. It is not our habit to offer comments at the end of letters from readers, particularly those letters which are contrary to our opinions or beliefs.

We believe that readers, just as editors, have the right to the expression of opinion—within the bounds of common decency. We try, as far as it is practical, to label opinion as such. Readers' opinion is so marked and so is editorial opinion. We make this point because Mrs. Apicella, author of one of the letters printed this week, believes we "should not have permitted such statements to be printed without correction." We must disagree with her. Mr. Kunz has the right to express his views in the Herald just as Mrs. Apicella has.

The other letter, written by Mr. Hummell, accuses us of many things. It is the type of letter we received—and printed—in quantity some months back. We finally had to call a halt because we found one letter writer quoting a predecessor to prove a case AGAINST US! In other words, Mr. X writes that "the editor is a double dealing sat of the first water." The next week Mr. Y takes up the cry and uses Mr. X's letter to prove his charges.

Mr. Hummell does no one a favor by dragging out again the now famous "Fork Lane Fire Incident." It has been proven, with certified and sworn statements from Wantagh and East Meadow fire officials that in this instance the Hicksville Fire Dept. did not get a call for help and was not notified of the incident until it was concluded.

But we are glad to have your letters, whether we agree or disagree with you—or you with us. Only by the fullest discussion of all issues will we, as a community, be able to judge and decide the issues.

Lost: \$24,000 Each Year

MOST AMUSING spectacle has been that of some people attempting to talk out of both sides of their face at the same moment in trying desperately to develop opposition to the movement toward Incorporation. For example last week we were told of all the benefits we enjoy "at no extra cost" (repeated several times for emphasis, we suppose) and then were reminded that you "get nothing for nothing."

Opposition, which loves to chant "there is no town tax," somehow managed to ignore the fact that as long as Hicksville remains unincorporated it does not receive its justly due shared revenues from the State. Since 1946, when the State Comptroller started paying villages \$3 per capita (for each man, woman and child) in addition to \$3.55 per capita to townships, Hicksville has passed up (taking a conservative population of 8,000) \$24,000 a year or a total of \$120,000. This is money given by the state to municipalities to take some of the burden off the property owners and is over and above what is paid for education.

HERALD READER OPINION:

To the editor,
In a recent issue of the Herald, a letter from Mr. George Kunz of Arcadia Lane was printed on the front page. Mr. Kunz was writing in support of incorporation and intimated that if we who live in Levittown did not choose to join Hicksville we would be excluded from the various districts including the school and fire districts. This, as you well know, is not true and as an editor you should not have permitted such statements to be printed without correction.
Mr. Kunz also stated that he did not feel the NLEHOA was representative of the residents of the Levittown homes.
If the NLEHOA is not representative, it is because those not represented fail to take the time to attend meetings, vote for the officers and vote on issues.
The president of the NLEHOA is not a dictator, nor are any of the officers. All issues concerning Levittown, homeowners are discussed and voted on by the members at the monthly meetings. The membership of the organization is open to all Levittown homeowners in the Oyster Bay Township and if the members are not a representative group it is because non-members are reluctant to spend one evening a month assuring themselves of representation.

I would also like to take exception to an item printed in another issue of the Herald which stated that "\$100 was extracted" of several thousand residents for a pool tag.
The \$100 was not "extracted" but was asked as a contribution to defray the expense of the tag and guards at the pools. When the notices for registration for the pools were printed in several newspapers, including the Herald, it was made quite clear that the \$100 was asked as a contribution, not a charge. I, myself, issued several tags without receiving the \$100 and so did others serving on the registration days. Our instruction from Mr. Miller and the committee were quite clear on that point.
I sincerely hope that in all fairness to the people concerned and Herald readers you will print this letter.

Mrs. Anthony J. Apicella
340 Acre Ln., Hicksville.

A CHALLENGE

As a property owner in the No. Levittown section of Hicksville, and a subscriber to your paper, I challenge you to print this letter.
For a year now I have been reading your tabloid and have been noting the digs and slurs you sinuously fire each week at the 2,100 home owners in this section. Frankly, as a home owner I most emphatically resent your presumption that we in this section, are living free of charge off the original residents of this town. In view of this I should like to call to your attention to a couple of facts.
First of all this land, which was originally potato farms, was not given to Levitt and Sons gratis. It was purchased from your farmers at handsome prices, with some tracts bringing up to \$3,000 per acre. Yes, the same land that 15 years ago would not bring \$50 for the same acre. Your farmers were not forced to sell, but did so to their own gain.
Secondly, Levitt and Sons did not give us our homes free of charge. We paid for them with our

own hard earned money and I might add that they are well worth the price we paid. Hundreds of us served our country during the last war to earn the right to enjoy our homes, and to raise our families in this great free country. Are we not entitled to enjoy this right? Because our builder has given us the greatest community in the country, are we to be condemned as one could condemn another because he has money and one rather one doesn't? Because he has furnished us with Pools, Playgrounds, and a shopping Center, are we to be condemned as one could condemn another? Why didn't the "Blessing Fathers" of Hicksville build near town the same way? Where was their foresight?

It's a strange thing, but when I first moved into my home your Fire Department paid us a visit and asked for donations. I still retain my receipt for my \$100 donation. Six months later however, when one of my neighbors sustained a fire, the Hicksville Fire Department couldn't find the house. East Meadow did and so did Wantagh, but then, we are supposed to be thankful for small favors.

Welcome Wagon was moved out of East Meadow, and Levittown paid us a visit — but no success.

Your merchants didn't want us, your schools were reluctant to take our children, yet it is we who are accused of being antagonistic.

Yes, we have made mistakes. All new groups make mistakes, but instead of helping us however, and showing us what to do and how to do it, your editorials helped to knock us further down the ladder.

Why Mr. Editor, Why? What claim have we ever made against the people of Hicksville? Can we be angry with people we do not know? We can, but only if someone like you decides to stir up the trouble. What do you gain by it Mr. Editor? Do you sell any more papers? Does it satisfy your ego?

Why not start working together Mr. Editor, for we are going to be here for a long time. I can assure you that whether you look out of your window tomorrow, or look out that same window fifteen years from now, you are going to see the same thing — we will still be here. Will you, Mr. Editor?

I should like to suggest that 2,100 homes contain a lot of votes and if we start voting together, as you are driving us to, we could start to upset a lot of "applecarts." Remember the last vote on the Fire Commission? You had to turn out a fair number of voters to beat our man. Can you do it next time, Mr. Editor?

Why not spend some time in our community Mr. Editor, or do as Hofstra College is doing and make a survey to see what makes Levittown Tick. You might be surprised at, very surprised.

Remember Mr. Editor, we are paying our own taxes and our own way. Our newly transplanted lives are still very supple. We have many decisions to make in the future, (incorporation) and your words Mr. Editor will weigh greatly in our decisions. Choose those words carefully Mr. Editor or you may find 2,100 home owners voting just the opposite of the way you would wish.

CURRENT COMMENT:

Metered Water

By SHERID J. WORTH

SOME FOLKS are going to get the shock of their lives in the next two distinct stages. This is especially true now that the summer has experienced with punishing metered water before.

The Hicksville water district is currently reading meters for the third quarter. A quick look at the readings on some of the newer homes, particularly in the Levitt-built area, is astounding. This quarter reflects water use during the hot summer months which is always a period of heavy use for all water customers.

WORTH

But while the average household water bill will run from the \$3 minimum to \$4.50 for a quarter (\$12 to \$15 a year), many new people are scheduled to get bills for \$15 and \$20 for the quarter. Whereas an average user lets 15,000 gallons run thru his meter during a three-month period, some meters are showing readings of 20,000 to 30,000 for the same intervals!

And the sad part of it all is that the water wasterals are not going to know this for some months to come. The bills go to the financing institution which pays the charges and eventually passes along the paid bill to the mortgagee. In the meantime, the banks will need more money in the form of monthly payments to meet the increased expense (such as extravagant water bills) and that is going to mean increases in monthly payments for the homeowner.

Every household in Hicksville water district has a meter. There are no "free-loaders." Even the firehouse and the schools pay for water used thru the meter. The meter in most of the new homes sits in a pit out front.

People who come from areas where water is not metered are frequently careless about the water they waste. They let sprinklers run day and night, use running tap water for cooling, all without regard for the quantity of water flushing away. The only consolation they have if they practice the same policy in a metered area, such as Hicksville District, is that once they get pass a certain minimum gallonage, they get their water for a lower rate . . . but then the quarterly billing runs \$15 to \$20 which can be \$60 to \$80 a year (instead of \$12 or \$15).

Hicksville District, by the way, during the month of July in this year pumped a total of 130,000,000 gallons of water. By comparison, back in 1934 the total pumpage for the ENTIRE YEAR was 134,000,000.

As of the end of June there were 9,099 metered services in Hicksville District with an estimated population of 31,800, and officials anticipate another 1,250 new homes will be constructed in the immediate future.

Volunteers on Parade

VOLUNTEER FIREMEN from mid-island communities will be on parade in the greatest city in the world next week during the New York City convention of their state association. It will be a sight not frequently viewed by New Yorkers and we are sure the local boys will give Gothamites something to talk about.

The Long Island vamps will thrill the thrill seekers at Coney Island also next week when they stage a tournament of the state association next week on Thursday.

Young Television and Radio Actor

By MARY HADGNEY

Hal Studer, successful stage, radio and television actor of many current New York productions, makes his home at 6 Petal Lane, Hicksville, with his wife and two young sons. "Our move to Hicksville was made in September 1948, primarily because John was nearing two years of age and needed space to roam," the 37-year-old professional said. "Since then we have all learned to love it here."

Well Known to TVers

Television viewers will recognize Hal Studer from such shows as the Kraft Theatre, Fireside Theatre, Captain Video, Plainclothesman, My True Story, Highway to the Stars, Famous Jury Trials and Say It With Acting.

Young radio audiences would know Hal better as Bart Hodge of "The Adventures of Frank Merriwell," a part he played for three years on the Saturday morning children's adventure series over NBC.

Some of his other radio roles have included leads on "Mr. Keen," "Greatest Story Ever Told," "Mystery Theatre," and "Mr. Chamberlain." He also has been heard in running parts on "Lora Lawton," "Just Plain Bill," "Front Page Farrell," "Hilltop House," "Lorenzo Jones" and "Stella Dallas."

A native of Cleveland, Ohio, he started acting semi-professionally when he was 10 years old at the Cleveland radio stations and the

HAL STUDER

Cleveland Playhouse.

He entered Northwestern University on a track scholarship in 1941 and enrolled in the School of Speech. It was while at Northwestern that he met his wife, Billie Lou West, who is also a television actress.

Married in 1945

Hal left college in 1943 to enlist for duty in World War II. He and Billie Lou were married in 1945 while Hal was still in service and Billie Lou was touring in the road show, "Kim and Tell," as Corliss.

When Hal was discharged from service in 1946, the young couple

settled in New York City to work in the theatre. A few months after their first child was born on Oct. 10, 1946, Billie Lou was rehearsing as Noblesse Oblige in "Barefoot Boy With Cuckoo" and her husband was under contract with NBC. A second son, Michael, was born last summer.

Hal's first job was with the Old Vic Theatre of London when it was playing in America with Lawrence Olivier and Ralph Richardson in the spring of 1948. His work in Broadway productions have included the part of James in "Respectful Prostitute" and Joe in "Hope in the Thing With Feathers." During the past five years he's been working as a free lance actor in all the mediums and worked with the New Stages Inc. appearing in "Lamp at Midnight," "Church Street" and "Victors."

The young actor is sometimes seen at the Hicksville Public Library on Jerusalem Ave, where he is a member.

This Friday, Aug. 17, is his birthday. Happy Birthday, Hal!

Policeboat Rescues Local Family of 5

ZACHS BAY—The Nassau County Policeboat, "Patrolman," came to the assistance of Mr. and Mrs. William Giannelli and their three children of 183 Bay Ave., Hicksville, when the boat on which they were vacation got stuck in the mud last week on Tuesday at Jones Beach.

The passengers of the stricken boat were transferred to the dock by a dory after attempt to free the craft by tow lines failed. The craft was later freed with the high tide.

The policeboat, out of Seaford, is a new venture by the County Police and is manned by Opi. Robert Wittig of 2334 Beech St., Wantagh, and Opi. Dominick J. Felice of 125 E. Bona St., Freeport. During the fourth of July holiday they rescued 15 persons from the water.

LEVITT HOMES IN HICKSVILLE: Tweety Gets Freedom But He'll Return

Six-year-old ALVIN J. SILBERT of 134 Lida Ln., Hicksville, found a swallow with a broken wing on the Levittown Parkway last week and is caring for it in his home.

Alvin and his sister, Ann, converted the fireplace in their home

into a big cage for the wounded bird whom they named, "Tweety." They installed a few tree branches in the fireplace and keep themselves busy scouting for bugs and worms to feed their new pet.

If his wing is sufficiently mended, the youngsters are going to set Tweety free on Saturday for they realize he is not a house bird and would be unhappy in a cage.

Alvin and Ann believe that Tweety may come back for a visit "cause he seems to like it here."

After spending a two-month visit here, the mother of Mrs. GEORGE L. KNUERR of 44 Arcadia Lane, Hicksville, will return to her home in Chicago later this month.

By Bunny Loner, HI 3-3794J
Well, it's good to be back again and I'll like to thank all my readers for the cards and telephone calls. It sure helped me to jump on during my hours of summer.

Well, life must go on as usual. Summer vacation has passed its half-way mark and we are all eagerly awaiting for school to open.

MRS. ANNA LAZA and baby, Chris, have opened up their house on Lee Avenue again. Addy is a Navy Lieutenant and is stationed in Norfolk, Va.

We have a brand new resident on Lee Ave. A bit small, but real cute, little Miss Delema Giorenelle, born Sunday, Aug. 5, weighing 7 1/2 pounds. Laura and Bocco and dating like also.

The BOURGERS of 301 Lee Ave. break into the news. Miss Marilyn Bolger of Jamaica has been their guest for the past week. Sunday they had additional company from Northport, Mr. and Mrs. Thomas O'Mara and now Miss Helen Bolger is spending a week with her grandmas, Mrs. Hildenbrand, in Northport.

Ah! Youth! You should see the happy faces on JERRY MERK-LEE and JOEHN OLBERT, when they fly their (?) kite—now my Holly wants a kite so her Daddy can be happy too.

John went back to work Monday after a very nice two-week vacation. He took Ingrid and the kiddies up to the Oatsville Game Farm, here they had a grand time. Then one day they all went to Roberts Field to see a Dodge and Giant game. The vacation ended Sunday by having a full house. There was Mr. and Mrs. Bierndt, Mr. and Mrs. Spiecher, Mr. and Mrs. Bartunek. Back to work, Johnny, boy.

There were big doings Saturday night at the GAVAS on Lee Ave. Joe and Chick celebrated their 15th wedding anniversary with a great big party. The decorations were beautiful white streamers with wedding bells. The food was wonderful. Dancing as enjoyed on the patio. Everyone was up to the wee hours of Sunday morning.

Guests were Mr. and Mrs. Parnes, Mr. and Mrs. F. Cava, Mr. and Mrs. F. Cava, Mr. and Mrs. Tom Cava, Mr. and Mrs. F. Borenzo, Mr. and Mrs. P. Alocco, Mr. & Mrs. F. Commitance, Mr. and Mrs. N. Pasira, Mr. and Mrs. Lazzare, Mr. and Mrs. B. Herzog, Mr. and Mrs. H. Schoemmel, Mr. and Mrs. Joe McCormack, Mrs. E. Francis. The hit of the evening was the loaded trays of Italian cream puffs. Joe, do you remember my prediction?

(picture will appear next week)
The TRADYMANS and the GOLDSTEINS of Wavecrest Laundry (here's where I got a free bundle) are enjoying their vacations by taking trips.

Mr. and Mrs. BEN GRAY of Cottage Blvd. celebrated their second anniversary by taking a trip to Niagara Falls.

A big, bright star for the Mid-Island Herald. Through the "Welcome New Neighbors" we discovered some good friends of ours whom we hadn't kept in touch with for the last six years. They

are the MELVIN EISENBERG and live right across the street from us in the Burnett home. It was a very nice reunion.

BANK CREDIT BUILT:

The Lumber Industry

Bank credit furnished the money which transformed America's lumber business from a few primitive saw mills to a miracle industry that has brought thousands of new products—plywood, plywood, wood plastics, modern veneers, treated woods for countless uses. Today lumbering concerns have brought the furniture to every home. And bank credit helped bring it there.

Car Pool Campaign Getting Results

By LEE CHANIN — HI 3-2322
The campaign to bring about better traffic conditions is well on its way. Mrs. DANIEL MURIELLO called me the other day to tell me she and her husband are interested in forming a group going to business in Brooklyn. Their working hours are from 8:00 a. m. to 4:30 p. m. They leave Hicksville about 6:00 or 6:15 in the morning and are home by 6:00 in the evening. Will those who are interested please call Mrs. Murriello any time after 6:00 p. m. on all day Saturday. The number is HI 3-2737.

There are to my knowledge two other car pools going as far as Flushing Meadows Parking Field. The men proceed to their respective offices from there by subway. Anyone interested may contact me and I will try to obtain further particulars.

For those who have no cars but who wish to be part of a similar group, a financial arrangement can be worked out with the other parties concerned.

from the NEW YORK TELEPHONE COMPANY

COPPER COSTS TWICE AS MUCH as in 1945, and it takes a lot of copper to fill telephone needs. The machine above is one of many that weave costly copper wires into telephone cables. In- creases in costs of all materials help explain why the investment behind each telephone added today is about twice the average investment per telephone in service at the end of 1945.

IT TAKES A LOT of complex telephone equipment to serve the 2 million phones we've added since 1945. Providing all these facilities has required a construction program totaling about \$875,000,000. Such a program stresses the importance of a telephone company that is financially strong and able to carry out such a big job.

WHAT ITEMS in the family budget have gone up *least* in price since 1939? Telephone service is sure to be one of them. In fact, for the small amount it costs, and the increased value it has, the telephone is one of the few bright spots in the average budget today.

TELEPHONE SERVICE ONE OF TODAY'S BIG BARGAINS

The telephone takes a smaller share of the family budget today than it did back in 1939.

While the cost of living has increased 88%, the average cost of telephone service to users has gone up only 11%. And even the new rates we're now asking will add less than 2½ cents a day to the average residence customer's bill—a small increase, but an important one if we are to meet the higher cost of the wages, taxes and materials that go into furnishing your telephone service.

At the same time, your telephone has increased greatly in value. Calls go through faster and clearer. You can call and be called by more people because there are so many more phones. In fact, telephone users in the average community

can now reach twice as many phones without toll charges as they could ten years ago.

Yes, any way you look at it, your telephone service is one of today's big bargains.

HAVE YOU HEARD?

BELL LABORATORIES HAS DEVELOPED A TINY ELECTRONIC AMPLIFIER CALLED THE TRANSISTOR, WHICH USES ONLY ONE-MILLIONTH AS MUCH POWER AS A VACUUM TUBE.

THERE ARE 100 TIMES AS MANY TELEPHONES IN SERVICE IN NEW YORK STATE TODAY AS THERE WERE IN 1900. NOW THE NUMBER IS OVER 5 MILLION.

OLD BETHPAGE NOTES: Civic Assoc. Corn Party Great Success

Mr. and Mrs. Charles Burran have announced the engagement of their daughter, Patricia, to August Schwank, son of Mrs. Gladys Schwank and the late Dr. August Schwank, of 43 Central Blvd., Merrick.

Miss Burran is a graduate of Farmingdale High School and is employed by Doubleday, Garden City. Mr. Schwank is also a graduate of Farmingdale High School and is now a student at St. Lawrence University where he is studying in order to enter the practice of medicine. No definite date has been set for the wedding.

BOLD ANNUAL PRIZE

The Old Bethpage Civic Assoc. held its annual corn party recently at the Kubieks Farm — a perfect place — a perfect day — a perfect picnic. Each and everyone of the more than 150 people attending enjoyed the refreshments and games to the hilt. Over 600 ears of William Kubieks' corn disappeared in no time flat.

There were sack races, potato races and running races for children and adults with prizes for all. Two baseball games were played during the afternoon.

During the afternoon raffle tickets were sold which entitled the folks to chances on four prizes. The first prize, a bushel stuffed with groceries, went to Mrs. Jack Bliss of Babylon. The second prize, also a bushel of groceries, was won by Mrs. Mildred Harrison of South Ozone Park. The third

prize, a large carton of toilet tissues, went to Mrs. A. Schneider of Old Bethpage. The fourth prize, a basket of groceries, was won by Joseph Dwyer, of Stehewick. The day ended with everyone sitting around a huge campfire singing to the tune of Charley Zuehlke's guitar.

The Civic Association wishes to express its thanks to the merchants for their very generous donations — Eddie's Delicatessen, Farmingdale Meat Market, Mohrman's Delicatessen, Henry Pape, Inc., Donsky's, Max Staller, all of Farmingdale.

BRIAR PARK, PLAINVIEW:

How to Support Our School's Paper

By Ethel Keeney, HI 3-3432J
I spoke to GEORGE LYNCH of 8 Nassau Ave. last week on my rounds for news. He is one of the men responsible for the start of the Briar Park ball team. He tells me that 20 men turned out last week. They played till about 12:30. This past Sunday they were to play a team from Syosset. Things are really rolling. Don't forget, though they will be at the field every Sunday morning and the more men that come, the better it will be.

LT. WILLIAM JACKSON of 43 Nassau Ave. is expected home by his wife, Joan, about Aug. 20. Lt. Jackson is now on duty aboard the USS Ammen, which is now in Cuba. Joan is busy mowing the lawn, etc., getting ready for the long awaiting reunion.

Mr. and Mrs. WILLIAMS of 19 Nassau Ave. have as their house guest, Mrs. Williams' aunt, Mrs. G. E. Carr of Ridgewood, N. J.

MARY ANN BOSHKOWSKI of 114 Manor Ave. has been in bed with bronchitis for the past few days. She is able to get out of bed now and I'm sure she will soon be as good as new.

Congratulations to Mr. and Mrs. HOUTMANN of 12 Nassau Ave. Charlotte gave birth to a 6-pound girl at Mercy Hospital on Aug. 11.

There was a garden birthday party at 23 Virginia Ave., Sunday. MAEIE BOSHKOWSKI was 11 years old and her guests included Maureen and Adrian Brown, Patricia Sullivan, Colin MacArthur, Michael Durkin, Albee and Susan Matthias, Al Celinski, Betty Furlong. Also present were Betty Ann Sullivan, Barbara and Mary Ann Boshkowsky together with a sprinkling of parents.

By the way, with school starting soon, here is an item about the Monnetto Hill School paper.

Another Gas Station Coming

HICKSVILLE—A \$10,000 gas station is under construction at the northwest corner of Woodbury Rd. and Max Ave. by Joseph Kofsky, of 49 Bennett Pl., Great Neck. The Planning Board of Appeals of Greater Bay Fostwick approved a variance for the service station at the June 7 meeting of the Board.

The new station will be of brick and under blocks in a one-story style with no basement. It will include a repair shop, store room, rest rooms and office. Schumacher and Forella, Inc., of Great Neck are the contractors.

Blue Streak This paper is written, edited and published by the children and distributed without charge. All you have to do to receive a copy is to send a self-addressed stamped envelope to Monnetto Hill School BMD 1, Plainview, N. Y., each week. If enough people do not show an interest in the Blue Streak, this term, the school will drop it and that would be a shame, because a project like that can teach the children much they will need as grownups.

We had a full house Saturday afternoon. We got a carload of unexpected guests from the Bronx. Included were Mrs. Mary Frans, Ronald Frans, Mr. and Mrs. Matty Tinger and son, Richard. It was the first time they had been out this way and all marvelled at the scenery.

Last closing item, Briar Park lost the ball game with Syosset. That's no great credit to Syosset, though, since they did not have a full team and several of our men played on their team. Actually, therefore, Briar Park lost to Syosset-Briar Park.

Miss Connie Anderson, of 219 Evergreen Ave., celebrated her birthday Tuesday, Aug. 7, by attending a performance of "Gentlemen Prefer Blondes" with her mother, Mrs. George Anderson. Connie has just returned from a two-months' dancing engagement in Las Vegas and is now doing modeling work.

PLAN ANOTHER DANCE

Encouraged by the success of the dance held last month, the Holy Name Society of St. Martin of Tours Church will hold another dance on Saturday, Aug. 25 in the new Parish Hall.

Musical will be supplied by Al Kord and his orchestra. Proceeds will be used for the support of the CTO activities in the Parish.

Members of the committee include Lou Colombo, Vincent Ross, Robert Armstrong, Mort Husted, Arthur Remsbeck and Harry Armstrong.

FIRST PLAY OF SEASON

The Tela-Mets will present their first play of the 1951-52 season, "Crimoline Sweetheart," Oct. 18 and 19, in the auditorium of the new Bethpage School. The show will be given for the benefit of the Welfare Fund of the Archdiocese of New York. Mrs. M. J. Armstrong and Ed Gross are the co-authors and co-directors of "Crimoline Sweetheart."

PEC BOWLING LEAGUE

Police Boys Clubs are launching a Bowling League to include the 22 units in Nassau County. Final arrangements are expected to be completed about Aug. 22 on this league which has been accepted by the Trustees of the units. This will be the first adult project undertaken by the Police Boys Club. Only unit directors will be eligible. Plans are under way in our local Police Boys Club for a sports night to take place sometime in September.

SHOW AIDS POLIO FUND

Thirty-one dollars was presented to Mrs. Jeannette Curcio for the National Infantile Paralysis Fund by Rosemary Quisenberry, producer of the Variety Show given on Friday afternoon, Aug. 10.

Rosemary and her company performed before an enthusiastic audience of 80 children and adults. Talent is certainly not lacking in Bethpage. Perhaps a little adult coaching might have provided a smoother show but the children deserve all the credit and encouragement we can give them.

Taking part in the show were Miss Ann Calderone, Gaezer Calderone, Andrew Niemczek, Leonard Prozi, Geraldine Pestante, Natalie Barnes, Phyllis Sestofora, Brooklyn, Sina Reeves, Jay Rossi, Richard Foster and an orchestra led by Paul and Arthur Schatzel and Leo Greco.

Mrs. Curcio is thankful the children answered the wish that adults would cooperate in this work as generously and as enthusiastically as these children.

Thanks for the sale of tickets to the children's matinee, ranging from ten cents to a dollar was made.

WINNERS BOAT TRAINING

Private 1st Class Joachim has been winning his races. Mrs. Cleopatra Price of 911 4th St. following the completion of his boat training at Paraiso Island. He returned on Aug. 9 to Paraiso Island to await transfer to a base for further specialized training. Private 1st Class Joachim was formerly a resident of Hicksville.

EMERGENCY CALL

Firemen were called out at 4:15 a. m. Thursday morning to answer an emergency call at 21 Cedar Ave., Elmer Schultz of that address was found suffering from

sulphur dioxide poisoning caused by a leaking refrigerator.

He was rushed to Meadowbrook Hospital for treatment in the Fire District ambulance. Oxygen was administered by firemen enroute to the hospital.

Mr. and Mrs. Richard Rabas of 136 Broadway have returned from a vacation at Ashbury Park.

The Whippets — racing team of the Bethpage Fire Department — will represent our community in the State Championship Tournament on Aug. 23 at Coney Island. Lots of luck, boys.

Three of our local boys provided some of the "talent" in the Talent Boxing Show which was held in Hicksville on Saturday, Aug. 11. Al Rafano did a tap dance, Frank Zenza a trumpet solo and David Croan a vocal solo.

TWO DIFFERENT DRIVES

To clear up any confusion that might have been caused when it was announced that a Mrs. Cleopatra Price of Fourth St. had been named local chairman of the Sister Kenny Infantile Paralysis Fund, Mrs. Price does not replace Mrs. Jeannette Curcio as chairman for this area. These ladies are chairmen of two totally different organizations.

Mrs. Price represents the Sister Kenny Infantile Paralysis Fund. Mrs. Curcio represents the National Infantile Paralysis Fund generally known as the March of Dimes.

Honored At Stork Shower

Mrs. Madeline Ryan of Silber Ave., Bethpage, was the guest of honor at a stork shower given by Mrs. Jill Manaloria at her home, 16 Silber Ave., on Saturday night, Aug. 11.

The guests were: Trudi Heiss, Peggy Bambino, Barbara Belligari, Sadi Benintendi, Marilyn Sulkina, Agnes Nagron, Florence Kelly, Jennie McGovern, Jean Maher, Miami Barriera, Helen Kolengansman, Mrs. Minnie Aldero, Frances Laddenwager and Hilda Garde Lent.

PICNIC SUNDAY

LIU Adds Sciences, Journalism for Fall

BROOKLYN—The rapidly expanding Long Island University-Hicksville branch will offer a fall curriculum including for the first time courses in journalism, elementary sciences, and graduate psychology and retail distribution. It was announced by Dr. Harold E. Hammond, director.

The introduction of elementary biology, chemistry and physics into the program now makes it possible for students to take pre-dental and pre-pediatric programs at the Hicksville branch. The university will use the laboratory space in Hicksville High School for these courses, but will provide the complete laboratory equipment needed for work in these courses.

The journalism course, Newspaper Writing, will combine classroom theory with practical experience for the student on local newspapers. The course will be conducted by Professor Paul Gould, a member of the Brooklyn Eagle staff.

The graduate work in psychology will include Individual Mental Testing and Development Psychology. Contemporary Trends in Retailing will be offered in the department of retail distribution.

All week long the various committees were making last minute preparations for the BIG DAY — games, etc. will be part of the morning program for the children with prizes for all winners.

MYERS AVE. PLEASE NOTE:
All residents on Myers Ave. are asked to dig out two sets of Christmas lights and string them around their door ONLY. This will dig up the area during the evening activities. We hope that each and everyone will comply with this request.

In the afternoon there will be several softball games for both young and old with prizes for the winning teams. In the latter part of the afternoon BEER and refreshments will be available — (soft etc. for the youngsters) — among one of the big prizes to be raffled off during the evening is an ADMIRAL RADIO-PHONO-GRAMMOPHON. To be eligible for the lucky one, WINNER MUST BE PRESENT. This is one of the many prizes and surprises in store for all attendees. MAKE THIS A BIG FAMILY DAY. ADMISSION IS \$2.00 PER FAMILY. YOU don't have to be sleep-up to attend. Just wear something suitable for the occasion. IN THE EVENT OF RAIN THE BLOCK PARTY WILL BE POSTPONED UNTIL FOLLOWING DAY — Sunday, Aug. 19. KANSAS ST. used. The rooms are now a cool, green color. Mr. Smith was cleaning up after the painters — and that in itself is a full-time job.

Viva With Vooshies
I had a long and interesting interview with Mr. and Mrs. Voorhies this week. Mrs. Voorhies is the official censor checker at the school district and it is her job to visit all new residents to determine the number of school age children moving into Plainview. Mrs. Voorhies must return to any home, where she finds the residents absent, so she requested that I ask those of you who have not yet met her, to write down the essential information on a slip of paper and leave it with your neighbor. The number of children and their ages is primarily what she wants.

Mr. Voorhies was most cooperative in that he explained a lot of things concerning the school, taxes, budget and school board, and he answered some questions I had on these subjects. Having been an apartment house "cliff dweller" most of my life, I find that there is much I have to learn about the operation of a small community government. I will pass on to you readers any and all information I receive.

I have learned that the topic for discussion at the forthcoming school board meeting is the problem of kindergarten. This is a very important topic, since the final decision will affect the entire student body. There isn't room to handle the entire registration of kindergarten students without expanding the higher grades. Kindergarten is a vital part of a school child's life. It is an adjustment period where the child has a chance to get used to the idea of being away from his mother without the added pressure of learning.

Many children do not require such a period of transition, but to deny this opportunity to all would be an injustice. However, some adjustment must be made to protect the higher grades from suffering in any way. The problem is to solve by adding the kindergarten class into two groups, each group attending on alternating weeks or perhaps dividing the school term into two parts. This subject is of vital importance and it was suggested by Mr. Voorhies that I remind my readers that the meeting which is held once a month is open to the public, and that all residents are invited to attend.

Plainview has been growing in leaps and bounds and the assessed valuation of property here has increased \$700,000 in the past year alone. Plainview should have some industry to soften the increasing tax bite. Since there is little or no business here now and consequently no Chamber of Commerce, some group should form to encourage industry in the area. The recent consideration of Plainview as a Teleview City is an example of civic laxity. There is no end to the good a clean, promising young industry could do for the community, not to mention the tax relief it would bring to the residents.

Yet there wasn't anyone interested enough to do something about it. A petition could have been drawn up and a committee appointed to eliminate objections to the television concerns might have had to moving here.

The Sportlight

By HOWARD FINNEGAN

After a long and merry chase, Dominic Sabatello was declared a winner in the Hicksville Field Club 1951 Coaching Sweepstakes.

The triumph of the homebred entry came as a complete surprise for Sabatello wasn't even at the post when some dozen contestants started their bidding six weeks ago.

It came after the Management Committee had declared Tom Fitzgerald to be across the finish line, but the entry from the Westbury stable, despite a determined bid on its own part, evidently did not understand how close to home it was.

In fact, he scratched with the horseshoe of roses already around his neck.

Sabatello's acceptance provides a fine buildup for the Black and White. From the point of knowledge of the job and what it requires he is best suited.

His class as a coach has already been demonstrated in the three years he guided the team before he voluntarily withdrew as leader last season.

In fact his name was not projected until after the Fitzgerald incident and when it was, it immediately gained overwhelming support.

Nor was his selection made because the Committee was left high and dry.

George Buschbaum was always well up in the running and could have been a house choice.

Early Dick Pollion of Valley Stream, National Professional League veteran with the Washington Redskins, had his colors entered but waved them so furiously that the Committee became interested in other candidates and he soon was boxed in on the rail.

It would not have been too much of a task to pull him out of the pack.

One reason much advanced in local circles for Fitzgerald's sudden disinterest is worth consideration.

Two years ago, when the Westbury stewards tried to rule Fitz and his Athletic Director title off the Westbury track, Dom was one of those tabbed for the Green Wave gridiron post but he absolutely refused to consider it.

Westbury soon had Bob Shemsky of Michigan in the post but Fitz showed his teeth and kicked his heels all the way to Albany, where he was sustained by higher Education officials of the State.

Local talk is that Fitz well remembers Dom's support for his cause and wouldn't touch anything he was remotely interested in.

It makes a fine story in these sad days of sports, but the main thing is that the Field Club has a fine coach and everyone is happy if not a little exhausted.

Bottos Second Half Mark 8 and 0

JONES BEACH — Botto Brothers took a 3-1 win over the Lindians, a 1-0 verdict over Carlos and a forfeit from Nassau Bikes to raise its second half mark in league competition to 8 and 0 here, last week.

Bernie McGunnigle's men have to win just three more games in the second go-round for the title and a chance at the Little World Series.

Of the opponents remaining Bellmore, champion of the first half and undefeated in the present race, looms the most formidable.

Tomorrow night (Thursday) Botto has to face the Hempstead PBC Alumni which upset it in the first half 4-3 and cost it a tie.

BORDEUX
Bill Bordiuk pitched both close contests for Botto. The Lindians got two hits off his offerings and Carlos threw three while the heavy Hicksville bats were all but inactive.

Joe Laskowski started the Lindian game with a double. Ed Coleman walked. A long fly followed a fielder's choice to score the first run.

Two innings later Garry Nordahl walked, Steve Lawrow sacrificed and Merrill Yarotzky came thru with a scoring single.

In the fifth Laskowski walked and Ed Coleman hit a triple to the left field corner.

ONE HIT
If the Botto bats were inactive in the Lindian contest they were useless against Bob Cornell of Carlos.

White Bill King was getting all three hits for Carlos, Ed Coleman got the lone hit for Hicksville and

Bottos turned it into the winning run.

It came with none away in the fifth. Nordahl moved him up with a bunt and a passed ball got him to third. George Karman hit to short and Coleman was caught in a run up between home and third. However, a wild throw allowed him to score and the break was enough for Bordiuk.

Enough to put up or shut up with none out but Bordiuk arose to the test and the next three batters went down, harmlessly.

not required to register again. For those not registered another registration day will take place at Nicholas School on Saturday, Sept. 1, between 3 and 9 p. m.

Voting hours on the school site question will be between 8 and 10 p. m. at the high school auditorium on Jerusalem Ave. at Second St. The site is among those recommended in the Columbia Report for the long-range educational needs of the community of Hicksville.

The school district now has an addition to East St. Grade School nearing completion, the Lee Ave. elementary school now under construction and final plans are being completed for four other elementary schools, for which money has been appropriated, at Fork Lane, Dutch Lane, Old Country Rd. and Burns Ave.

Local Boxers Shine in Exhibition; Rain Postpones Show First Night

HICKSVILLE—Nearly 400 spectators enjoyed the second annual boxing exhibition and entertainment of the Hicksville Police Boys Club at the high school grounds, Saturday night. The show was originally scheduled for Friday but rain forced postponement of the outdoor show.

Bouts in all classes from welter weight to 160 lbs. were staged under the lights with Tommy Rozzi of Bethpage, former National Golden Glover and Metropolitan AAU referee officiating. All participants were presented with PBC trophies. Local boys were seen in action, including Alfred Maxey, Ernest Evaschuck, Phil Millevoite and Cyril Rumens, Hicksville white hope.

Also taking part and providing last competition for the locals were boys from Roosevelt, Merrick and Freeport. Sully Velez staged the exhibition and assisted as referee. The feature bout brought together Tony Celentano of Freeport, 3-time national amateur champion, and Cliff Velez of Roosevelt, two-time Army champ.

Harold Manaaki, PBC sponsors chairman, thanked all who cooperated and assisted in presenting the show. Entertainment, including Carol Schaefer with her accordion, was presented by Tex Surprise of Bethpage. Fred J. Noeth was announcer, substituting for Rudy Bouse.

Members of Charles Wagner American Legion Post assisted by setting up a refreshment bar.

Barone Carves Record for Empire

PBC Dumps Wantagh To Hold Lead 13-0

By Diane Uffmann

Tying the game in the first, the Hicksville Police Boys Club came ahead to win against the Wantagh Boys Club 7-5 in the Nassau County Marine Corps Baseball League, giving them now a record of 13-0 Sunday.

Winning his fifth victory was Bob Hogan after relieving Tom Saurey in the 3rd. Handed the loss was Billy Roudsman.

With the score 2-2 in the third, Wantagh lineup up 3 runs, leaving the PBC trailing with a 5-2 score. Three runs scored in the fourth. Hogan scored on an error by Wantagh's catcher, bringing in one more run in the 5th left Hicksville yet undefeated.

HICKSVILLE—Bill Bordiuk is still the undisputed King of Hicksville softball, but Jim Barone is firmly established as the crown prince following a week of impressive victories for Empire Diner.

Barone donned the regal robes by pitching Empire to the championship of the Hempstead Softball League and then followed up with wins over Fred Beers and Manhasset in ASA play and in so doing recorded his third consecutive shutout.

HANDS, DOWN

Empire won the title at the Hub with an 8-1 win over the Hempstead PBC as Barone held the losers to four hits in four innings. Joe Olsen took over in the last two frames and held the PBC in check.

The locals cracked out 11 hits for their 17 triumph in 10 starts. They lost one game and tied another in the first half before taking the pennant with a 17-5 win over the same PBC outfit.

With Barone showing the way the Diner won all nine games for the second half flag and took the season championship without having to go into a playoff.

ASA FEAT

Barone first shutout Roosevelt 1-0 for underdog Empire in ASA play and last week he achieved 7-0 and 2-0 victories over Beers and Manhasset.

He allowed only four hits and walked none in the Beer victory as Hicksville got off to a quick three-run start.

Stu Rigby opened with a single and Jack McCrossen pushed him along with a bunt. Firstbaseman Herman Rigby, who has been a great ally of Barone with his booming bat, blasted a triple to score the first run.

Barone then got up and belted a homerun and the mopping up op-

eration was carried out without incident.

George Cheslock pitched for Manhasset in the third contest and he held Empire tightly. In the first inning McCrossen reached first on a single and Herman Rigby hit a hot smash off the firstbaseman's glove.

An infield out moved both runners up and McCrossen came home on a short, sharp fly to center. He took a fine hook slide to evade the tag.

Barone walked three and gave up a like number of hits and had the barest of working margins until the seventh inning.

In the last of the sixth Herman Rigby sent a homerun into center for the second run. Since it took a sacrifice to score but the surprising loss crew had even that when needed.
