Open New Civil Defense Recruiting Campaign At Nicholai Friday Night

HICKSVILLE—A renewed campaign to recruit local youths and adults for service with the Civil Defense forces in Hicksville-Plainview area gets underway this week with a session for registration of volunteers this Friday night, Sept. 28, at Nicholai St. School, according to CD Director Frank Sutler.

No Adult Classes Here Next Monday

HICKSVILLE—No classes in local Adult Education program will be held Monday, Oct. 1, due to an Open House program to be held that night by the Hicksville High School PTA. All classes will be rescheduled on Oct. 2, according to Director Mary Beck. There are 550 adults registered in the program for the fall semester, which begins next Monday.

Create 5 More Election Areas

HICKSVILLE—This community will have five new election districts, a total of 13, before the next general election on Nov. 6. It was forecast this week by Ernest E. Fagnani, local Republican leader. The descriptions of the new districts and polling places will be published in the Herald prior to the first voter registration day on Oct. 6, he said.

Registration day for voters will take place in the mid-Island section at polling places on Oct. 6 from 7 a. m. to 10 p. m., and on Oct. 13 from 1 to 10 p. m.

It is anticipated that three districts will be created by the non-partisan County Board of Elections in the southeast corner of the Levitt-built areas which at present is one district. Voters of these new districts, it is reported, will have their polling places in the Community Hall on Levittown Pkwy. They previously voted at the high school on Jerusalem Ave.

MOVE TO BAN NEWSSTAND FILTH:

Dr. Hammond May Organize Group To Fight Dictatorial Distribution

Spurred by the appeals and letters of irate Mid-Islanders, Dr. Harold E. Hammond, Director of the LIU Hicksville Annex, whose blistering attack on "pulp newsstand filth" appeared in last week's Herald, may accept a community proposal to organize a committee of interested citizens "to see what can be done about it."

In an exclusive Herald interview, he revealed that the idea for such a committee was sug-

gested by many of the people who had written or spoken to him about his article in which he exposed the publishers and distributors of "sex filth" as forcing their "taste" upon the community retailer.

Administrative Assistant to the President of LIU and Director of Evening Schools, Dr. Hammond believes that a citizen's committee could wage a successful battle against the distributors and publishers of "the ugly displays of almost every known vice," but only if the entire community shows interest."

"It is vital to the achievement of this end that we receive vocal support in the form of public statements from every organization and individual seriously concerned about this disgrace," he said. "Few are sufficient."

Blame Distribution
In last week's Herald, Dr. Hammond did much to acquaint the public with the true facts about the distribution and sale of "pulp literature." He pointed out that the blame was divided among the owners of gas stations, drug stores and ice cream parlors selling the magazines, but upon

Hope Hempstead Area Will Pay Two-Thirds Hall Cost

HICKSVILLE—The plan of the North Levittown Home Owners Assoc. to slice off part of the Hicksville Park and Parking District and keep exclusively for the Levitt-built section of the community the use of two swimming pools and the quarter-million dollar Community Hall is based upon the assumption that the Levitt-home area in the Township of Hempstead will pay two-thirds of the tax burden of maintaining these facilities. Some details of the proposal were outlined by NLHOA President Charles C. Miller of 24 Summer Lane at the meeting of his organization in the Community Hall, Friday night.

The Levittown Property Owners Assoc. he told the audience, of about 300, is going on record with the Township of Hempstead requesting that their area be taxed for their share of the cost. The East Meadow Levitt area is expected to follow suit. However, the one-third, two-thirds plan was sharply challenged this week by residents of Levitt homes in Hicksville as "inequitable."

Challenges Ratio

William Sill of 2 Bank Lane, outspoken advocate in favor of keeping the parking district as it is now created embracing the Hicksville School District, pointed out that under Miller's plan almost one-eighth of the homes built by Levitt and Sons would be paying one-third of the total cost.

Miller told the meeting, Friday, there are 17,546 houses—including those now being completed in Wantagh—and payment of \$5 per house would provide more than \$85,000 a year, "more than ample to maintain the cost of operating the Community Hall." Most of the organizations now enjoying free use of the Hall for meetings and other functions are from the Township of Hempstead, he has stated.

Sill and his friends argue that since there are about 2300 houses built by Levitt and Sons in Hicksville and 17,546 in the entire development the ratio should be about one-to-eight instead of one-to-three. A third share of \$85,000 would amount to \$29,000 while a charge of \$5 on 2300 houses would total only \$11,500 he said.

The NLHOA petition asking for a split in the district is now under consideration by the Oyster Bay Township Board. No hearing date on the petition has been set as yet, Councilman Frank Chlumsky said last night.

The meeting Friday night featured a review of the past year's activity by the NLHOA, discussion of plans for Abraham Levitt Day on Oct. 28 when a bronze plaque will be unveiled in honor of Levitt in the Community Hall, and reports of education and public utilities committees.

Regarding the Hicksville campaign to incorporate as a village, Miller in his report said he wanted it made clear that the NLHOA "is not anti-Hicksville,

is not in favor of incorporation for Levittown, and will be guided by the wishes of the people."

GRANT EIGHT VARIANCES:

Appeals Board Approves Truck Storage

OYSTER BAY—Sam Kellner of 25 Herzog Pl., Hicksville, was granted a variance to build a garage for storage of trucks at the southeast corner of Hicksville and William Sts., Hicksville, by the Zoning Board of Appeals at a meeting Thursday night, Sept. 20, in the Town Hall. The variance was granted subject to approval by the Town Board.

Kellner was also granted a variance to build a gas station at the northeast corner of Hicksville-Masapequa Rd. and First or Lewis St., Bethpage, subject to approval by the Town Board.

A variance plot to build a garage for storage and sale of roofing materials on John St. between Holman Blvd. and Burns Ave., Hicksville, was withdrawn by the applicant, Louis Masone of A & M Roofing of Jamaica.

A used car lot in conjunction with operation of an automobile dealership variance to be located

at Stewart Ave. and Washington St., Bethpage, was withdrawn by appellant, Jonpar Realty Co. of 61 First St., Bethpage.

11 Firemen Receive Honors at Inspection

HICKSVILLE—Presentation of 25-year awards to 11 members of Hicksville Fire Department will highlight the annual parade and inspection of the department volunteers by the Board of Fire Commissioners on Saturday night, Oct. 20. It was announced this week.

Men who have been members of the fire organization for a quarter of century to be honored on Oct. 20 include George Metz, William Christiansen, Clarence Valentine, Henry Auer, John Weyer, Henry G. Eisenmann, Henry Egger, Ray Rusch, Valentine Koels, Harry Borley and Joseph Braun.

A parade of the firemen and their apparatus, led by the high school band, will take place thru the business section beginning at 7:30 p. m. The inspection by the commissioners takes place in front of the firehouse on E. Main St. at 8:15 p. m.

CharterBus for Sunday School Staff

BRONXVILLE — The Sunday School Department of the Lutheran Church of 40 West Nichols St. will charter a bus to carry the members of its teaching staff to the Annual Reformation Service at the campus of Concordia Collegiate Institute, Bronxville, N.Y., on this Sunday, Sept. 30, at 8:30 p.m. This trip is being taken as an educational field trip in connection with the course in teacher training that is being offered by the church.

The Lutheran Education Society is sponsoring an annual service commemorating the Protestant Reformation since 1566. During the service, the new half-million dollar Bruns-Maier Science Library Building will be

dedicated. The 15th anniversary of this service will therefore be particularly important and significant because the members of the Lutheran Church "have always regarded Christian higher education as an indispensable part of the church's work," a spokesman said.

This addition to the 30-acre campus of Concordia Collegiate Institute will provide the most modern and up-to-date facilities and will make additional courses possible. The science wing will contain physics, chemistry and biology laboratories with a lecture room with raised tiers of seats accommodating 100 students, a penthouse on the roof which will contain the telescope for the astronomy course and greenhouses which will provide materials for the botany course.

The President of the Lutheran Church-Missouri Synod, Rev. John W. Behnken, D.D., of St. Louis, Mo., will be the preacher. The officiant of the service will be Rev. Albert E. Meyer, president of Concordia Collegiate In-

stitute. Clergymen from 150 member churches of the Lutheran Church-Missouri Synod in the metropolitan area will take part in a robed procession. Special music will be provided by a choir of 150 voices from Immanuel Lutheran Church of New York City.

2 Fire Calls Sound Within 15 Minutes

HICKSVILLE — Local firemen were called to extinguish a grass fire at Washington Parkway and New South Rd. at 2:44 p.m. on Wednesday. They were called out again 14 minutes later at 2:58 to the home of Mrs. A. Adams, 88 Gardiners Ave. for a faulty oil burner but their aid was not required.

Firemen were called to administer oxygen for Harry Miers, 60-year-old of 82 Heitz Pl. at 2:11 Thursday morning but the oxygen was not needed.

Firemen were called to administer oxygen for Harry Miers, 60-year-old of 82 Heitz Pl. at 2:11 Thursday morning but the oxygen was not needed.

Another grass fire on Saturday called firemen to Sunset Ave. and South Broadway at 7:30 p.m. A false alarm was sounded from the box at Park Ave. and East Marie St. at 10:30 that same evening.

The lighter switch set fire to a car owned by Morton Estrin of 33 Picture Ln. and called firemen to the scene at 12 noon on Sunday. A faulty oil burner caused a fire at Fairway Manufacturing at 21 Nichols St. (old movie house) Monday morning at 11:40. Damage was slight. Chief Sam Weis reported.

Dear Jean

Work of POLYGMOTOS VAGOS, famed sculptor who lives in North Bellmore, may be seen in the Community Hall on Levittown Parkway, where his "Cyclops" is on exhibit.

Construction of two supermarkets and 48 retail stores with a parking field at the northwest corner of Old Country Rd. and Newbridge Rd., Hicksville, is expected to get underway in the spring of next year. Preliminary plans are being drawn . . . Banks are urging residents to turn in their pennies to help meet the nation's shortage of copper for military and civilian needs.

Looks like the driver testing area has been taken from W. Nichols St., Hicksville. The signs along the street are gone . . .

Mrs. MERLE STOLL of Dix Hills, wife of Atty CHAS. H. STOLL and former resident of Hicksville, has been a patient at Huntington Hospital for 82 days. She was stricken while playing golf on a course near her home. On the 10th hole she suffered sharp, pains in the head. She made the drive (which was perfect, down the fairway) and then collapsed. She is still very critically ill and recovering slowly. Her many friends in Hicksville wish her a speedy recovery . . . State Bureau of Motor Vehicles urged drivers to check their expiration dates on their licenses. Many operator licenses expire this Sunday, Sept. 30. Now is the time to transplant hardy perennials before the ground freezes, advises Cornell horticulturists. When moved in September, plants are able to make root growth and reestablish themselves . . . Watch next week's HERALD for a wonderful free offer being made in cooperation with BOOS BROS. nursery. No homeowner will want to ignore this opportunity . . . County of Nassau will increase mileage rate for employees who use their own cars on official duties from 7 to 9 cents per mile . . . WILLIAM C. HENWOOD of Newbridge Rd., Hicksville, has been named deputy chief of transportation in charge of petroleum products by the County CD director. He is a Meeman Oil Co. vice-president . . . It's only my guess, but don't be surprised if a certain political leader who was bypassed at the town party convention does not wind up in an appointive county position (I'm thinking of a job like county assessor, now open, which pays \$7500 . . . What's this I hear? A nearby water district has cut down "seepage" in its system since a prominent property owner was caught running water from a hydrant without benefit of a meter? Oh my . . . Close study discloses that the "largest night flashbulb photo" ever made and published, in color, in Colliers, is a phoney. The picture is supposed to be Levittown, but actually it was taken from the top of the Hicksville Water Tank with the cameras pointing to the North. Very distinct in the upper left hand corner are the fronts of two SK houses on Elmira St., and the miscellaneous lights in the background are LIER, Old Country Rd., Spiaggia Section, etc.

A beautiful Irish setter pup moved into the TRAIDMAN household at 263 West Nichols St. this week, and won't go home. Mrs. Traidman will gladly surrender the pup, as she has a dog of her own.

Relax, you can now spend an enjoyable evening at the Hicksville Playhouse without worrying about what is going on at home. You will be pleased if there is the slightest emergency. Having received a few calls in connection with Mrs. DRABBY'S letter grape about the movie, I decided to do a little investigating on my own. I called the manager and he was very sor-

ry about the incident and assured me that it would never had happened if he was manager at that time. The former manager isn't with the theatre anymore.

We are all glad to see DOITY RANKIN back on her feet again. Come in for coffee kid, we have some very nice coffee at my house when the school bus leaves.

St. Ignatius Pupils to Start Wearing Uniform Dress for Term Next Monday

HICKSVILLE — A meeting of the Mothers' Auxiliary of St. Ignatius School, Hicksville, was held Monday, Sept. 24, at the school. The Rev. Roger M. Charest, editor of "Queen of All Hearts" magazine, was the guest speaker.

Mother Adelaide, school principal, made a request for mothers to assist with lunch hour supervision, bus transportation, medical examinations and confraternity classes.

Boys and girls of the school will start wearing their uniforms to

school next Monday, Oct. 1, it was announced.

The next meeting will be held on Oct. 22 at which time the Rev. Lawrence Ballweg will be the guest speaker. Father Ballweg will speak on the work of the Confraternity of Christian Doctrine and all mothers of public school children are also invited to attend the meeting.

Parents were requested not to park cars on W. Cherry St. during school hours because of school buses which use the Cherry St. entrance to the school.

WELCOME PARENTS TOO:

PBC Picnic Sunday At Shady Maples

HICKSVILLE—The annual picnic of Hicksville Police Boys Club will be held at Shady Maples on So. Bway this Sunday afternoon, Sept. 30, starting at 2 p. m. The picnic is open to all members of the PBC and parents are urged to be present also.

The PBC sponsors would like to meet the parents and "certainly parents should want to meet the men operating the programs benefitting the boys of Hicksville," a spokesman said yesterday.

Basketball trophies and medals will be presented at the picnic. Lapel pins and membership cards will be issued to boys still requiring them. Basketball uniforms and jackets from the summer team as well as baseball and track uni-

forms can be returned at the picnic.

There will be games and prizes for all in addition to the refreshments. It is hoped a highlight will be a softball game between the adult Sponsers and PBC members. It is rumored, however, that the Sponsors want an age limit on the members "team." Say 10 or 11 years.

Transportation to Shady Maples for boys requiring it will be provided from Old Country Rd. and Bway starting at 1:30 p. m.

Boys 10 to 16 interested in playing basketball that fall and winter with the PBC leagues are urged to enroll without delay at the Herald office, 98 North Bway, next to the Post Office.

Did You Lose Roll of Camera Film?

Did you lose a roll of film in the Long Island National Bank of Hicksville? Casier William E. Kotsosky says the bank staff waited for a couple of weeks after the film was found there and then had the roll developed. He has turned over the printed pictures to the HERALD in an effort to locate the owner. Most of the views are apparently of a new house under construction, nearing completion. There are also a couple of shots of some small children pictured on a scooter or wagon. The owner can claim the film and pictures at the HERALD office, 98 North Broadway, next to Hicksville Post Office.

NORTH EAST REPORT:

Popular Week for Birthdays Hereabouts

By LEE KHANIN — HI 2-66532

This seems to be a popular week for birthdays and there have been quite a few parties to celebrate them last week.

JUDY STONEHAM of Willet Ave. had a big party last Friday night, Sept. 21 on her 13th birthday. Among her guests were Tommy Adams, Donald Cauldwell and Arline Lutz.

ARLINE LUTZ of 2 Mabel St. celebrated her 14th birthday last Sunday. Her guests were Judy Stoneham, Rosemary and Harold Dyckman, Robert Dunn, Virginia and Albert Petry. JUDITH MARTINI of 43 Libby

Ave. also had a party last weekend and this occasion was in honor of her 9th birthday. Her guests included: her brother, Robert, Nancy Verral, Eileen Ostrom, David Foyle, Constance Samacross and Patty Plazaan.

Read an announcement the other day that an anti-dope film is available for showing to any church, civic group or other organization interested in educating the public on the subject of narcotics. The film and a speaker may be had by contacting Seymour Schlesinger, chairman of the Youth Committee, Hempstead 2-7593.

This is a subject vital to us all. Call this information to the attention of any organization you are connected with so that your group and all other groups may be alerted to the menace of drug addiction.

Autumn Capers In Rehearsal

HICKSVILLE—Rehearsals for "Autumn Capers" of 1961 are underway. The revue has an original theme—some material of which was suggested by members of the cast. The continuity and dialogue for the most part, however, is the creativeness of the professional talents of Miss Robin Lord, director.

Songs, dances, variety talent and short skits on the problems of contemporary living are all being cleverly interwoven to guarantee an evening of good entertainment, according to the committee. The revue will be given on Oct. 12 and 13 at the Parochial School auditorium.

Answering Mail

A LETTER PUBLISHED in this issue, signed by four parents, asks for our support of a program to increase to proposed construction of new school buildings to assure Hicksville children single sessions in the immediate future. Today most of the pupils of the community are attending morning or afternoon classes, each extended to meet the requirements of law.

We understand that the Board of Education is proceeding with the construction of new schools using the Columbia Report as a guide. The Columbia experts when they made their study projected—as best they could at the time, based upon available knowledge as to proposed new home contraction anticipated student enrollments for the next decade. The results of the school district census, made this summer, when compiled will determine in large measure the accuracy of the forecast made by Columbia.

It appears reasonable to wait a few days or weeks until the census data is compiled and studied before we rush off calling for an immediate increase in the size of projects now underway; i.e., construction of 20-room buildings where 10-room structures are now coming off the drawing boards.

In the meantime we wish to encourage readers who are concerned about the matter discussed in the letter from the four parents to follow the suggestion offered and display their interest. The topic would appear a worthwhile one for consideration by our various local parent-teacher groups as they assemble this week.

ANOTHER LETTER requires some comment also. It is signed "Another Irked Taxpayer" and assumes that the school district attorney is getting a fabulous fee. It should be made plain that the first letter in this series incorrectly referred to the school building program as a \$4,000,000 proposition. Actually the current program, as voted and approved by the district, is about half this amount.

A preliminary study of neighboring districts reveals that the fees considered reasonable for legal services rendered in Hicksville are not out of line with the practice of School Boards in this vicinity. Since there is apparently considerable interest in this subject, perhaps the School Board will see fit to issue a clarifying statement on this topic.

Ridiculous Rumor

THERE IS A VICIOUS STORY which circulated from time to time which is so stupid that it hardly deserves comment. However, the story is still doing the rounds so we hope to pin it down—for the lie that is—for all and for all.

The story goes that the merchants of Hicksville don't want the business of people from Levittown or other new sections. Could anything be more ridiculous? Can you conceive of a man in business who would discourage trade?

We suspect the story is planted and circulated by rival agencies for very selfish motives.

No one goes in business—invests in fixtures, equipment, stock, etc.—unless he expects to get trade. We can't imagine a person trying to operate a business by attempting to draw the line between one customer and another.

Everytime we hear this fantastic report, this slander against the business people of Hicksville, we attempt to tie it down by asking the storyteller to cite a specific case. We have yet to hear of a single substantiated instance. We make the offer widespread. If any of our readers can cite a specific example, we will be interested to hear from them.

Cyclist Code for Safety

Here are some do's and don'ts issued by the Bicycle Institute of America Inc. that can help to keep bicycle accidents at a minimum.

There are more bicycle riders on the highways of the mid-Island section today than ever before. A great many of them are children enroute to and from school. Bicycles must obey the same laws as other vehicles on the highway.

HERALD READER OPINIONS:

Want Building to End Double Sessions

Dear Sir:

It is the considered opinion of the undersigned that many other parents besides us are extremely dissatisfied with the likelihood that their children will spend their entire elementary schooling in double session. What this will mean to their future careers—school and otherwise—is hard to say, but this is sure—many will suffer seriously.

We are parents, taxpayers, homeowners and citizens in school district 17. We are aware of the taxes necessary to build adequate schools and of the other difficulties involved: state aid, state approval and two-thirds vote in favor of such construction. We are aware of the fact that in 1958 or 1960 a peak of school population will be reached. We are aware of the fact that a tremendous expansion of the Hicksville system is being accomplished.

But we are also aware of the fact that the goal we feel absolutely essential is not the goal that the School Board is aiming at or hoping for, that is: a full school day for every school child. Not in 1960 but in 1951—or at least 1952. A startling fact is that when the East St. extension, the Lee Ave. and the four other 11-room schoolhouses are opened, they will all open on double session.

If the lethargy or lack of knowledge of the vast majority of the residents of District 17 could be overcome in regard to this basic issue, we could have these schools, we could convince the Board of Education that we are completely in support of such a program and they could move a bit more confidently in the knowledge that such action is desired and desirable.

Would you suggest to your reader:

RE: SCHOOL ATTORNEY FEE
Dear Editor: I certainly agree with the letter in your paper Sept. 12 regarding school attorney fees. I would like to know who was so generous with other people's money to grant an attorney such a sum for a fee.

I am afraid the increased taxes were not enough to burden people with. I do not understand how his services could warrant a sum anything like that.

CURRENT COMMENT:

Bicycle Dangers

By JAMES J. NOETH

DANGER IS EVERYWHERE in traffic for the bicyclist who is not careful of his own riding, safety authorities point out, and danger is greater today in Hicksville and vicinity than ever before.

We have more highway traffic on all our highways and side streets.

We have more youngsters on bicycles. Many of them travel to and from school by bus, particularly those in the grades where bus transportation is not provided.

Last year 450 bicycle riders were killed. Of this number 379 were between the ages of 5 and 14 years and 40 were in the 15 to 24-year age group. According to the Greater New York Safety Council, twenty-five percent of all collisions between bicycles and autos involved improperly adjusted and mechanically defective bikes. The most serious defect is lack of proper lighting equipment on bicycles used after darkness.

With the return to standard time this weekend, many of our student bike riders will be on the highway in the dusk and after darkness falls. The law requires a good light in front (strong enough to be seen clearly 500 feet) and a reflector visible at 300 feet on the rear. A rear lamp is even better than a reflector but such a lamp is of no value unless it has good batteries and is connected with them.

Parents have a big responsibility regarding their bicycle riding sons and daughters. They should make certain that the vehicles are in perfect operating condition before they take to the street or road.

Does the bicycle your child rides have effective lights? Are mudguards straight so they don't rub against tires? Do wheels run true and its bike properly oiled? Is steering bar adjusted to the body height (your child's life may depend on a turn at the right moment).

Replace worn or broken pedals—they can cause a bad fall or fatal swerve. Check tires each week and keep inflated to pressure indicated on sidewalks. Test brakes. Keep chain clean and just tight enough. Adjust the saddle to the proper height and tighten all nuts.

The Safety Council suggests an added margin of safety by having the rear mudguard painted white or with luminous paint.

With the increase in bicycle operators in the school population we hope the educational authorities will find it appropriate to include regular safety instructions in safe bicycle practices in the year's program.

Pompous North Shore

THE OYSTER BAY GUARDIAN, reporting the Township Republican convention and selection of Charles R. Ransom as candidate for supervisor to succeed Harry Tappen said it this way: "Evidently realizing that it would take a really good man to succeed Harry Tappen, the Oyster Bay Republican Committee, etc., etc. came up with a surprise nominee—County Clerk Charles E. Ransom of Sea Cliff."

Sounds like an unkind cut for the known contenders.

HICKSVILLE CIVIC and Community Assoc. invites all residents to the regular meeting tomorrow (Thursday) night at the firehouse.

Plan Industry Zone On South Broadway

OWNER-SAY — The Island Terminal Co., Inc., will ask the Town Board for a change of zone from residential to industrial on property on South Broadway, Hicksville, at a public hearing this Tuesday, Oct. 2, in the Town Hall at 10 a.m.

The land faces Broadway and borders on the lands of Kuhne and Sepavly. It is near Mineola Ave., opposite Farm La. All interested witnesses will have an opportunity to be heard on the matter at the hearing.

Civics Planning For Coming Year

PLAINVIEW — A regular meeting of the Plainview Civic Assoc. was held Tuesday, Sept. 18, at the Marmette Hill School with Fred Baum, president, in charge.

Val Hinsberger was appointed program chairman and Mrs. Rae Cantill, publicity chairman, assisted by Edwe Weitz.

Baum, in outlining the programs for the coming year, said that speakers will be invited to address the association on school district problems, water district problems and other civic problems.

Executive Council Holds Election

PORT JEFFERSON — Fred J. Noeth, secretary of the Hicksville Business Men's Association, Inc., was re-elected vice president of the Nassau-Suffolk Council of Association Executives at a luncheon meeting at the Port Jefferson Yacht Club, here, Friday. Olive Hyde, secretary of Huntington Chamber of Commerce was re-named as president.

The Council consists of executive secretaries of Chambers of Commerce and merchant associations in the two counties. Also elected Friday were Wesley Muford of Amityville Chamber of Commerce, secretary; Col. Dayton of Port Jefferson Chamber and G. W. Fennebresque of Manhasset Chamber, directors.

After luncheon, members were guests of Suffolk County Sea Scouts for a sail on the Sound

Propose Change To Industrial

CHESNEY BAY — A request for a change of zone from residential to industrial for property on New South Rd., Hicksville, will be considered by the Town Board at a meeting next Tuesday morning, Oct. 2, in the Town Hall here at 10 o'clock.

John Goettelmann and Harry Broadwin will present the zone change requests for the land located on New South Rd. north of the L. I. Railroad main line intersection.

Goettelmann and Broadwin have an application pending with the Town Board for a similar zone change, on property just south of the above described parcel.

**NEARING COMPLETION:
Amusement Centre to Open Next Month**

BETHPAGE — A family amusement center named "Nursie's Happyland" is under construction on Hempstead Tpk., here. Located at the southwest corner of the Hicksville-Maspesque Rd. and Hempstead Tpk., the new development is half mile east of Levittown.

With a main floor area of 20,000 square feet, the central building will house a large carousel and a number of kiddie rides. These include boat rides, fire engine rides and a unique skyfighter ride. Skeeball machines and other arcade attractions will be provided for both children and adults.

Since all attractions are under one roof and have central heating, the amusement center is set up for all-year-round operation. ample parking space will be provided in an off-street parking area adjacent to the main building.

In addition to being one of the first and probably the largest all-season amusement center to open mid-island, the family playground will have a "Jolly Roger" restaurant connected to the main building. This restaurant will be run by the owners of the Adventures Inn in Ronkonkoma. Sandwiches, frankfurters and soft drinks will be available at a soda fountain or at tables.

Owners estimate the new buildings are about 80 per cent completed. It is expected that Leyley's Happyland will be open for children and parents on or about Oct. 15.

PLAN STORAGE BUILDING
HICKSVILLE — A storage building is planned for the east side of Midland Ave., north of Bethpage Rd., by builder Jerry Spiegel of 4 Meyers Ave., it was learned this week.

clude boat rides, fire engine rides and a unique skyfighter ride. Skeeball machines and other arcade attractions will be provided for both children and adults.

Since all attractions are under one roof and have central heating, the amusement center is set up for all-year-round operation. ample parking space will be provided in an off-street parking area adjacent to the main building.

In addition to being one of the first and probably the largest all-season amusement center to open mid-island, the family playground will have a "Jolly Roger" restaurant connected to the main building. This restaurant will be run by the owners of the Adventures Inn in Ronkonkoma. Sandwiches, frankfurters and soft drinks will be available at a soda fountain or at tables.

Owners estimate the new buildings are about 80 per cent completed. It is expected that Leyley's Happyland will be open for children and parents on or about Oct. 15.

Concessions can be made at the MacPherson showroom at 16 Jerusalem Ave. or mailed to the local postmaster.

INSULATE FOR COMFORT SAKE

Insulate along with the average other necessities of life—is the only one that pays for itself... A new car, refrigerator, oil burner, electric dishwasher, etc., all modern every day conveniences, but have no redeeming feature of any great value. The fuel that is saved thru insulating your house pays 100% dividends, but . . .

There are many ways of insulating a house. Most houses today, have some sort of attic insulation, but what about the outside walls? A very simple method using pouring wool or zonolite (a fireproof granular material) is to remove the asbestos or wool shingles at the upper part of the sidewall. Drill or cut a 2 1/2 inch hole (or larger) between the studs, and simply pour the wool or Zonolite till it's full. Drop a line with a lead sinker between the two walls to be sure there are no obstructions for proper penetration in the wall before pouring. A large funnel for pouring is necessary and can be made out of a piece of tin. Two men can do the average one story house in a day with a material cost of approximately \$75.00. Don't forget the redeeming feature is in fuel saving, not to mention the comfort received. This sidewall operation together with adequate attic insulation should save up to 40% on fuel bills, so that in a year or two you're paid back in full, and money saved for years to come.

BIAR PARK, PLAINVIEW:

Hearty Welcome to Audry Ave Residents

By ETHEL BOONEY—HHS 3-4432

Briar Park bids a hearty welcome to all of the new families who have been moving in the past weeks on Audry Ave. We all wish you much luck and happiness in your new homes. Among the newest families are, at: No. 29, MR. and MRS. ANTHONY QUADRATO of Elmont and their three children; ANTHONY JR., 2, MICHELLI, 2 and JOHN, 1, at No. 22, MR. and MRS. SALVATORE CANGEMI and their two sons, RICHARD, 3 and PATRICK, 2 months; at No. 30, MR. and MRS. ARTHUR MILLER of Bayview and their daughter, KATHLEEN, 4½, and pet dog, Blackie; at No. 28, MR. and MRS. THOMAS WARD of Brooklyn and their son, THOMAS, four.

As you probably read in last week's paper, the proposal about the new school buses, last week was rejected by the vote 26 to 22. FRANK SULLIVAN of 24 Virginia Ave., was at the school the entire evening and he tells me that a grand total of six people from Briar Park showed up to vote. Personally I think it is a disgrace. Surely in all the homes we have here more than six people could have voted if they had made even the slightest bit of effort. I hope that the next time something like

this comes up a few more of you will show up. After all, IT IS YOUR

community, YOUR school, YOUR children and YOUR taxes that are involved and pulling your heads in your shells like a collection of turtles isn't going to help anyone.

Last Saturday afternoon, the fifteenth, JACK MACARTHUR of 25 Virginia Ave., was stricken suddenly with a ruptured gastric ulcer and rushed to Brunswick General Hospital. He is recuperating now and is feeling much better. In fact, his only worry was that his son, Colin would not have his birthday party Sunday, Sept. 16. Well, Colin did have it. He was nine years old. His guests included Jerry and Michael Durkin, Patricia, Joan and Marie Roszkowski, Suzy and Albert Mathis, Jimmy Leedham, Doug Lefler, Grandma Lewis and Molly Lewis. Also present were Mr. and Mrs. Albert Martin, Mr. and Mrs. Stanley Roszkowski, Mr. and Mrs. Frank Sullivan.

JOHN PIERSON had a birthday party, Sunday too. He was five years old. Among the guests enjoying the grab bag and the donkey games were Joan and Tom Pierson, Diane Morrissey, Donald McCumiskey, Mary Thomas, Bobby and Frank Franco, Kathleen Lorenz, Stephen and Gregory Hayes, Nancy Verable, Julia and Mary Dowling, Rosemarie and Denise Bartholomew, John O'Keefe, Clinton and Barry Simpson and Norman and Allen McCumiskey.

The Legionnaire

Last Friday was "Navy Nite" at the club house.

Festivities opened with a Navy film of great interest to all aboard, after which all guests were piped below.

The entire evening proceeded in a shipboard manner, including a regulation that smoking could be done only when the "lamp" was lit. Penalties were severe for violators and one of the transgressors may have been seen on Broadway in a "sou'wester" and binoculars, accompanied by a hull girl, spotting enemy craft and crying "all clear!"

Each guest was introduced by Neptune Rex. The most popular question was—name, rank and serial number. Although a surprising number of men remembered the serial number, those who were unable to do so were given a break by Rex—they merely had to recite their rifle number!

Naturally the main food course consisted of beans.

The Navy boys, including John Nees, Pat Boland and Bernie Haggerty, were all in uniform (of a sort) although several split seams were noted.

We feel (as one of the guests) that a big round of applause should be given all those who worked to make the evening a terrific success. For those who missed the affair, a tape recording, made on the QT, will be played at the next meeting.

The clubhouse was the scene, last Wednesday night, of a meeting of representatives of the Hicksville, Bethpage and New Hyde Park Posts for the purpose of completing plans for a combined Kings Park visit. Our Welfare Officer reports that all details are set.

The visit is Nov. 4, and all books and magazines, etc., should be brought to the Legion Hall

Charles Wagner Post

on Monday, Wednesday, Friday or Saturday evenings. Bring your neighbors.

The Legion will operate a snack stand at the first home game of the undefeated Hicksville Field Club, Sept. 30. Hot dogs will come complete with sauerkraut this year. Volunteers for the stand should contact Walter Schlotting.

Still on the sports theme, we regret that there is no further word from Levittown concerning our softball game. Perhaps they're waiting for us to get a year older.

As yet there is no word on circus proceeds; however, the treasury was still reported as healthy by Nick Hartel at the last meeting.

Christmas presents for members overseas will be sent again this year, purchased with voluntary contributions... The first dance of the new season is here! Sept. 29 at 9 p.m. Admission, \$1. The orchestra is all set, tickets have been mailed to members and a gala night seems assured.

If an improved appearance is noted on the grounds around the hall, give credit to Al Barlow for organizing a clean-up crew.

1952 membership cards have been issued to Rudy Rouse, Don Varsteeg and Jimmy Cummings.

The next meeting is Monday, Oct. 1. At Carpenter reports lapel pins available for all those not already possessing same.

If you have been considering joining the Legion, why not visit the next meeting and join a national body which includes the President, 26 governors, 55 Senators and 237 Congressmen?

The American Legion has spent in excess of \$71,165,000 for needy children. That's EIGHTY-SEVEN MILLION—for one program only.

BOB MANGELS.

Amvets Alley

Meetings 2nd—4th Fridays Headquarters 22 East Bway 24, Hicksville

HEAR THIS, Gals! Last Thursday, Sept. 20, Hicksville, Bay Shore and Elmont met at the "FOXHOLE" here to talk about a Nassau-Suffolk County Council. Among the missing were delegates from the newly-formed Rockville Centre post and the soon to be formed Plainview group... YOUNG TRULY will again write AMVETS ALLEY for all vets of Hicksville and the surrounding Mid-Island area. Watch this column for news about pensions, schooling, benefits, etc., due you ex-vets... Those who haven't had the chance to drop into the clubhouse in the past week or so... look for a great change that has been made.

LADIES AUXILIARY—Anyone who has old toys that they do not want, please let the girls know. The post members will gladly pick them up and repair them for some poor kiddie that will not be as fortunate as some of ours... Remember, the monthly card parties, everyone, and get out and give a hand to those who we give so little and yet owe so very much.

—8 Variances

(continued from page one)

Frank DeLucia of 75 Sackett St., Hicksville, was granted a variance to build a house on 19th St., north of Scott Ave. Jericho, with less area than the ordinance allows.

Gannett Bros. of Bethpage were granted a variance to install a 4,000 gallon and a 5,000 gallon underground storage tanks at the southwest corner of Steinbeck Ave. and Hempstead Tpk., Bethpage.

A gas station for the northwest corner of Plainview Rd. and South Oyster Bay Rd., Hicksville, was approved subject to a change of zone for the property.

A gas station on Hicksville-Maspesqua Rd., 300 feet north of Iris Pl., Plainview, was approved upon the request of Frederick Ludwig of Hicksville Rd., Bethpage.

Mary Lorentz of Caroline St., Hicksville, was granted a variance to use her house for a two-family residence.

Leo Kaskell of 24 Coronet Crescent, N., Bethpage, was granted a variance to build an attached garage with less side yards than the ordinance allows.

Spaghetti and Meat Ball Dinner will be held on Saturday evening, Sept. 29 at St. Stephen's Church under sponsorship of the Wedding Ring Club.

the publishers and distributors who force the merchant to accept cheap pulp or accept the alternative of not receiving any of the better magazines.

He has since been informed that "a single, monopolistic firm" is responsible for the distribution of cheap pulp on Long Island, and believes that the policy of this firm toward retailers may be in violation of "restraint of trade" statutes. He is also of the belief that the right of publishers to print "trash of this sort" can be challenged on the grounds that "the textual matter of these publications is pornographic."

"The youth of the entire Island can suffer irreparable damage if left prey to publishers only interested in monetary profits," Dr. Hammond added. "Only a concerted community reaction can prevent them."

By HOWARD FINNEGAN

In a year that has been noteworthy for the lack of constructive articles concerning the sports sphere, it was refreshing to read Dr. Mal Stevens' well-received discussion on the safety of high school football in a recent issue of Look magazine.

It was a topic written directly for the parents whose sons want to participate in interscholastic football. It undoubtedly proved of great service to many.

The man who became famous during the years he coached a major New York University football team did not attempt to decide the question for the individual parent.

He did draw from his knowledge of and his association with the game a standard by which parents could judge for themselves the merits of the football program in their respective high schools.

It is our opinion that the football program at Hicksville High complies with just about 90 per cent of the requirements of the Stevens standard.

We hasten to point out that the Stevens plan provides the maximum of safety precautions possible and all of them are not deemed necessary by equal minds in the profession.

So it must stand that the ten per cent difference does not mean a serious safety threat for those boys who perform for the Orange and Black.

Hicksville meets the standards laid down very well in most cases. It is not a pressure school where the coach's job depends upon his ability to produce winning teams.

The present Board of Education, we know, for a fact, does not underscore victories as the most important accomplishment of its athletic program.

Hicksville High plays a schedule within the limits of its ability. It does not play schools numerically or physically beyond its power.

It allows ample time for practices, thus insuring training of good standard.

Here, however, Hicksville is out of pace with other schools, for its coaching dept. has always been understaffed, thus cutting down the individual attention each player can receive.

While many other schools have three and four coaches, Hicksville has many times had just one and never more than two.

While Dr. Stevens calls for a doctor in attendance even at heavy scrimmages, Hicksville and other schools do not follow such a policy, but everything is in readiness so that swift and sound medical aid can be secured if needed.

All games are attended by the school physician as well as other doctors of the community who are ever ready to rush from their seats to administer aid if needed.

To a degree the players are insured against expenses of an injury, but that is a problem all schools have and the expansion of the athletic insurance program is a subject to be taken up another time.

The problem of uniforms and equipment is always a big one in schools. Those individuals who make a habit of wanting the budget cut always go after the athletic budget and want it pared to the bone.

Hicksville has always had and still has one of the smallest athletic budgets in Nassau County.

We remember some years back when the uniforms worn by Hicksville High gridiron made them look no better than ragpickers and we used to rant about such a community disgrace in another medium then available to us.

Lou Millevote was then coaching and he remarked to us that "As long as we have the hip pads, the helmets and the other protective equipment, we will be all right."

He used to answer Hicksville fans' complaints about the embarrassment other fans caused them with their taunts about the uniforms with. "Let them laugh at the uniforms, but let's see if they laugh at the scoreboard."

And they rarely did.

Today the purse strings are a little looser. The Orange and Black still is well equipped with the protective needs and has fine uniforms within which to play their games.

It has taken some doing and one must credit Chet Jaworski with a good knowledge of economics as well as physical education.

Even with the increases it must be quite a stretch.

At the very end Dr. Stevens got down to safety conditions of the actual playing field.

That really hit home.

For, with all the area that the high school campus pits near the football field.

This subject has galled Hicksville fans ever since the new gridiron was installed five years back.

For, with all the area that the high school campus covers, the track jumping had to be planted smack in front of the home bench and only three feet over the sidelines.

We would hope that some spirited citizens in the community will join with us in asking responsible parties to have the jumping pits at our high school athletic plant moved to a safer place.

On the whole, however, we can assure parents that every step is taken otherwise at Hicksville High to see that football is a safe sport for their boys.

HIGH SCHOOL TAKES OPENER:

Long Beach Bows Under Arcs 12-0

LONG BEACH—Hicksville High scored its first arc-light victory in its gridiron history here, Friday night, as Doug Jones and Brad Schaeffer picked off Harold Manaskie passes for touchdowns in a 12-0 triumph.

Close to 1,100 fans saw Manaskie toss the two scoring serials in the second half which enabled the Orange and Black to launch its season successfully.

The first game with four minutes lapsed in the second half. Jones took the pass all alone on the Long Beach 38 and romped into the end zone for the score.

Bob Hack tried to go around for the extra point, but was stopped short of the goal.

34-Yard Drive

Joe DeVaul gave the crowd the night's biggest thrill in the fourth quarter when he dashed 60 yards behind field blocking for an apparent touchdown only to have it erased for a clipping infraction.

The Comets then set about completing an 84-yard march down field which saw Harry O'Mack, Cyril Rumens, a converted center, and De Vaul rip off ample yardage in a running attack.

The climax came when Manaskie passed to Schaeffer for the score.

Masked Wrestler Highlights Show

BETHPAGE — A boxing and wrestling show sponsored by the Bethpage Police Boys Club will be held here on Saturday night, Sept. 23, in the firehouse at 8:45. There will be four wrestling matches with amateur rules and one wrestling match with professional rules.

The winner will meet the Masked Wrestler using professional rules. Five boxing bouts from out-of-town PBC clubs will be staged and also eight sets of entertainment.

Finnegan Selects:

Great Neck (14) at Hicksville High (7) Saturday.
Sayville (0) at Hicksville Field Club (26) Sunday.

Tentative night game with Glen Cove tonight has been canceled.

Field Club Scores Over Jones Boys 19-0

NEW HYDE PARK—With less to the Jones Boys, for it gave Hicksville the ball on the losers' 36 in the third stanza.

From there Tom MacNamara passed to Koji, who made a leapin catch on the 15. Al Knipping picked up nine yards before Cannon handed off to MacNamara, who scampered wide around right end for the TD.

It was the best play of the night and was so deceptive that those in the stands did not know who had the ball until the touchdown had been scored. Cannon converted from placement.

Gandon to Koji

Halfback Sid Rigby made the only good run for the Black in the first period to get the ball inside the Jones 25, but the attack was stopped right after that and Hicksville had to wait until midway in the next quarter before it could tally.

Chip Gannon forced the Jones Boys to the wall with a 43-yard punt which rolled dead on the Jones two.

The ensuing punt was decidedly poor and Hicksville got possession on the Jones 25.

Three rushes yielded only a yard and on fourth down Koji cut for the right corner of the end zone, there to take a Gandon pass over his shoulder for the score.

The usual Hicksville attempt from placement had its usual Hicksville result. The Black retired to the dressing room with a 6-0 halftime lead.

A bad pass from center on fourth down was the second blow.
