CRASH OVER MEDITERRANEAN:

Hold Memorial Rites For Navy Fighter Pilot

HICKSVILLE.—Lieut. Albert Joseph Cullen, 29, was killed in an unexplained mid-air crash over the Mediterranean Sea, on Oct. 6, according to word received by his parents, Mr. and Mrs. Thomas Cullen of 16 McKinley Ave., from the Defense Department. His body was not recovered.

A memorial service will be held this Saturday, Oct. 20, at the Methodist Church, Old Country Rd., Hicksville, at 4 p. m. Pastor Clayton will officiate.

Lt. Cullen was a fighter pilot assigned to the aircraft carrier Franklin Roosevelt. He entered the service in 1942 and received his commission in March 1944. He served for five years with the fleet and then reported to Pensacola, Fla. From Pensacola he was sent to advanced training at Corpus Christi, Texas, for a four-month syllabus in combat type aircraft. He was graduated from advanced training and received his Navy wings of gold.

Photo: Eagle Scout

He graduated from Hicksville High School, class of '40, and graduated from Brooklyn Polytechnic Institute with a degree in aeronautical engineering. Always interested in Hicksville Boy Scout activities, he was a member of Troop 64, and won the highest award in scouting when he became an Eagle Scout.

He was one of the boys who formed a Sea Scout Ship in the community in 1936. The ship, "The Viking," was harbored in Glen Cove and Al held the office of Mate on Ship 15 which is equivalent to an assistant Scoutmaster in regular Boy Scout troops. In the Sea Scouts he became a Quartermaster, the highest award bestowed in that division of scouting.

His wife, the former Mary Ann Doran of Mount Vernon, N. Y., his son, Paul, and daughter, Patricia, have been living in Jacksonville, Fla., while he was overseas.

Lieut. Cullen is also survived by a brother, Thomas, who is serving with the U. S. Navy aboard the USS Arcadia.

His father is head of the Hicksville-Plainview Civil Defense Auxiliary Police force.

Longest Town Hearing? Forecast University Zoning Law Change

OYSTER BAY.—The Town Board is expected to give approval by the end of this week to permit the establishment of colleges and universities in any zoning area of the Township and thus pave the way for the use of the Joseph E. Davies Estate at Brookville by Long Island University, according to experienced observers. The Town Board heard arguments all day, yesterday (Tuesday) as advocates and opponents of the proposed change in the zoning law packed the town hall here to present their views. It was one of the longest public hearings in the recent history of the Township.

While the use of the estate by LIU was not the issue before the board, the hearing being limited to a change in the ordinance regarding any university, those who appeared repeatedly pulled LIU into the arguments.

Residents of the North Shore area to be included within the Village of Brookville, thus transferring zoning and building control from the Town Board to the Village Board of Brookville. Further legal arguments are foreseen.

Dr. Harold E. Hammond, director of the LIU annex, speaking to local organizations in recent weeks concerning the controversy assured his listeners that the university "does not plan to discontinue its operation at Hicksville."

Petitions containing more than 1600 names were filed with the Town Board, yesterday, in favor of the change of zoning ordinance. The hearing was closed and all evidence introduced will be studied by a committee of Councilmen Charles Bortziller and Lewis Watson and Town Attorney Theodore Summers. The Board is expected to act upon their recommendations at a special meeting the end of this week.

HAPPY BIRTHDAY, MR. UNSER:

Will Celebrate 99th Birthday on Saturday

HICKSVILLE.—Fred Unser, Sr., of 30 Willoughby Ave. will mark his 99th birthday this Saturday, Oct. 20, quietly at his home.

Comparatively new to this community, he came to live here with his son, Fred Unser, Jr., and his daughter-in-law in 1947 from Bethpage. He was born in Switzerland and came to America when he was eight years old. His father owned a farm in Melville, but Mr. Unser chose the grocery business as his career.

He operated a grocery store in Melville and Mineola and in later years entered the real estate business. He had lived in Bethpage about 10 years before coming here.

Although not the oldest native of Hicksville, he is the oldest resident of the community. The HERALD joins his neighbors and friends in wishing Mr. Unser "many happy returns of the day."

Dear Jean . . .

Two more factory buildings are planned on New South Rd., north of the LIIRR. The property is being cleared and the Pure Improvement Corp. will build the factories for lease, I understand . . . RANCH SUPER SERVICE on Newbridge Rd. (near Hicksville railroad depot) plans to add a wing to the present gas station for an auto showroom . . . Another factory is going planned by the Island Terminal Co. of 90 Broadway for lease on Bethpage Rd. near the LIIRR . . .

This Saturday night, Hicksville firemen go on parade and inspection for a select audience—the Board of Fire Commissioners. It is command performance and no excuses. One vamp, I hear, was so anxious about the event that he showed up LAST SATURDAY in full uniform. Is that true, HULL? . . . The wedding this Saturday of ED KESSLER has the vamps bunting like a bunch of girls at a shower. Wonder what the dear boy is planning for Big Ed? . . . JACK EHREMAN of Firestone reports today to the Army for a week of active duty in Jersey. LESTER EHREMAN, assistant postmaster, is also a reserve officer and has notice for the end of the month . . . Hofstra College has more students attending classes this semester than at any time in its 17 year history. There are 3,946 men and women, 349 more than last fall . . . A shot was fired through the thermopane window of the SHILL household on Bank Lane, Friday night. Police, called to the scene, verified the fact that it was a hole made by a shot. WILLIAM SHILL, who has been a one-man civic organization in the Levitt area, reports that a garden hose on his property was hacked up some weeks ago . . . There are more boys than girls in Hicksville. A total on the school census shows 4,856 males up to the age of 18 and 4,697 girls in the same age bracket . . . Don't say you read it here, but watch for a strong push to UNincorporate Sea Cliff now that that little north shore village has been given the Town Supervisor and Assmblyman posts by the GOP . . . South Hicksville Assoc. of Levitt Home Owners is among organizations on record in support of crusade by LIU Dr. HAROLD HAMMOND to cleanse our newsstands of indecent and pornographic literature.

I understand that an outlet store for men's, women's and children's clothes may open at 107 Broadway (formerly Goldman's store) next, by Galtine Corp. of N.Y.C. . . . A Grand Union Store will open soon at the Newbridge Shopping Center . . .

The Public Service Commission last week, following hearings, decided that bus fare on Jerusalem Ave. north from Cornflower Rd. to the Hicksville Station shall remain at a dime. The Levittown Bus Corp. wanted 15 cents . . . Directors of Hicksville Business Men's Assoc. met at the Legion Hall, Thursday night, to begin plans for Santa Claus' traditional arrival in town around the end of November. PHILL ELLIOTT, vice-president, was in charge in the absence of PAT BUFFALINO, who has been ill for some time . . . The Democratic Club spaghetti dinner will be held Nov. 16 at the Legion Hall with Mrs. MARIE RAYMOND, first vice-president of the club, in charge . . . LOUIS SISKA is GOP fund chairman for Bethpage . . . Station SHILL has made arrangements with 88 schools, public and private, to announce "No School Today" this winter as a public service. Announcement will be made between 7:15 and 8 a.m. on days when local authorities decide the weather requires cancellation of classes for the day . . . Better clean up the snow shovel . . . Prof. J. E. BAIRD of Columbia University will deliver the Sunday evening message at 7:30 at the Church of Christ, 105 Bway, Hicksville. Mrs. BAIRD will play the organ during the evening services.

LOU SMITH has charge of the Hicksville Rotary Club program tomorrow (Thursday). Last week at Alibi CYRIL RYAN, county CD Director, was guest speaker. FRANK GLASSER was in charge of the meeting program . . . Twenty people have been invited to lunch next week to discuss the campaign to clean-up the type of newstand literature now within the easy reach of our children. All are organization heads and representatives . . . Republicans have named JOHN J. BURNS, Sea Cliff Mayor, to run on Nov. 6 as replacement in Assembly for DAVID HILL who resigned. ROBERT J. GLASSER of Bethpage was among those mentioned for the job at the GOP convention. BURNS, you'll recall, was previously listed as candidate for Town Councilman replacing CHILUMSKY if ERNST FRANCIE got the Supervisor nomination . . . East St. School will be ready for occupancy in November. School Board is taking bids Nov. 8 on Burns Ave. and Fork Lane elementary school buildings . . . First Mass was said in new Levittown Catholic Parish, last Sunday, at Northside School on Pelican Rd. There were about 360 present. Boundaries of parish have not been set as yet. Rev. MARTIN O'DEA was celebrant . . .

Local Schools' Health Program Explained To P-TA By Miss Holder

"Close observation by the parents will help detect physical, visual and hearing defects in school children," Miss Ruth Holder, Hicksville school nurse, told members of the East Street School P-TA Thursday night, Oct. 11, in a meeting.

Miss Holder said that the school health program for all Hicksville Schools consists of four physicians, three nurses and the following objectives: (1) physical examination for each child as required by law; (2) Woodlight treatment of ultra violet ray for detection of ringworm on the scalp; (3) visual tests; (4) hearing tests; and (5) dental examinations.

"When a communicable disease is discovered in a child, the parents of all other children in that child's classroom are notified that their child has been exposed and to watch for symptoms of the disease," Miss Holder explained.

She said that every child who has been ill with a communicable disease is required by law to have a doctor's certificate before returning to school.

"Special home instruction for children who have been too ill to attend classes and for those who have behavior problems there is a child guidance clinic in Mineola," Miss Holder revealed.

EDITORIALS:**Paper Protection**

LAST WEEK the North Hempstead Town Board appropriated \$1,000 to be used for the aid of Civil Defense units in that township and we assume that Oyster Bay Town Board will duplicate the performance. State Law says that municipalities are limited to an appropriation of \$1,000 for CD and thus we find the Incorporated Village of Farmingdale (or Sea Cliff, etc.) can spend \$1000 in a year for CD and the entire township has same maximum.

Last year the Hicksville-Plainview CD Committee received \$90 as its share. Jericho also got the same amount. The Oyster Bay Town Board took the \$1000 and divided by 11 unincorporated areas, regardless of size. North Hempstead, we find, gives consideration to the size of the areas involved. As a result, Roslyn will get \$75, Port Washington \$150, Hillside \$190, etc.

It can be seen that \$90 a year would not go very far in the promotion and administration of Civil Defense in the Hicksville-Plainview area which has a population of nearly 30,000 persons. The revenue to provide equipment here has been raised exclusively by the faithful efforts of householders in saving their waste papers and rags and the volunteer service of CD personnel who go out the first Sunday of the month, almost regardless of weather, to haul in the paper.

The Hicksville-Plainview CD was financed exclusively by salvage during World War II and at the end of the emergency was fortunate to have more than \$3500 in the bank which was turned over to the War Memorial Committee to help pay for the \$10,000 Memorial Mall on the high school campus.

During this "war," the local CD has thus far purchased with funds from salvage a shortwave radio transmitter which is located in the CD control centre, is preparing to obtain several portable radio transmitter units, has bought some control centre equipment and has allotted a couple of hundred dollars to the Auxiliary Police for badges, whistles and nightsticks.

Since, despite our size and the multitude of our problems, we are not an incorporated village we urge our readers to continue saving their waste paper, old newspapers, card board, magazines, etc. for the monthly pickups. Bethpage CD is also holding salvage drives on the first Sunday of each month.

Incidentally, waste paper is bringing very little now and thus it takes a great deal more to bring any kind of return for a hard Sunday morning's work.

Special mention of appreciation should be made to the local owners of trucks who each month loan their vehicles, supplying the gasoline to, to make these pickups possible.

That old, discarded newspaper or magazine is helping to make our community ready in event of an emergency. Save it for CD.

How to Get Results?

AS YOU DRIVE west on John St. these days you come to a sign at Cantiague Rd. advising you that you are entering the Town of North Hempstead where the speed limit is 30 miles an hour. As you come back along John St. into Hicksville, directly across the road, you read a sign which says "End Speed Zone." Legally, after that point you can roar into Hicksville at 50 miles an hour.

And as you drive down Jerusalem Ave. these days, at the Township boundary line between Hicksville and Levittown, you find a sign advising you that a "Populated Area" has been reached and your speed limit is thereafter 30 mph. Coming north into Hicksville you can race 50 mph.

You take it from here.

HERALD READER OPINIONS:**Says 'No Town Tax' is Political Deception**

To the Editor:

As part of the Republican Town Election campaign, an editorial was published last week on the front page of a newspaper in the township headed "About Our Town."

The emphasis was on NO TOWN TAX. This is sheer political deception — advanced around recent election times by only a small fragment of our local government in Nassau County, whose functions to render municipal services were reduced in 1938 under our County Charter to almost zero.

Town Governments in this County get huge revenues in tax money other than taxes on real estate. Our people produce those tax revenues, and yet get very little back in return. Other townships in the State perform a full program of municipal services with the same tax payments from the State — whereas here every municipal service is taxed as an extra levy by the County, town highway department, school district, garbage district, lighting district, park and parking district, fire protection district, water district, county police protection.

In Hicksville those little items added to the "NO TOWN TAX" total up to the tidy tax on real estate of almost \$55 per \$1,000 of assessed valuation. And those taxes have NOT gone down in the Hicksville area — they are going up, and up and up.

The Town Government gets a gift from the State of \$3.55 from every person, man, woman or child, in the unincorporated and incorporated village areas for general purpose use. It gets shares of other taxes collected by the State. The budget for 1952 indicates that these items will bring in about \$550,000. Then of course the Town, often in competition with private enterprise, gets profits from beach concessions, parking fees, incineration of garbage. The Building Department and the Town Clerk's office collect substantial fees for almost every piece of paper they handle, and the interest and penalties on late payments of real estate taxes should more than pay for the tax receiver's office. Then they sell sand and gravel, lease town sites for homes, oyster beds and docking facilities.

So why should the Town Government in Oyster Bay boast about NO TOWN TAX? If the Town Hall were operated on busineslike lines, with the interests of the public at heart rather than

padding the payroll with needless expense, it would be impossible to spend all the money they get. There would have to be a surplus, and that should be applied to relieve the \$670,000 levy for town highway maintenance.

Many of the Town streets are a disgrace — in the score of more "neglected hamlets" where votes are taken for granted, they are never cleaned, re-surfaced or drained adequately. Snow clearance in those districts is lamentable.

The people don't get service with NO TOWN TAX — it's high time the political propagandists stopped trying to fool the voters with that poor fairy story.

**CURRENT COMMENT:****Our Experience**

By FRED J. NOETH

THE HICKSVILLE Business Men's Assoc. received a special delivery letter yesterday from an advertising firm in Philadelphia. The agency has been retained by the Bristol, Pa., Chamber of Commerce to promote that community as a shopping centre.

U. S. Steel Corp. is building the largest steel plant in the world just outside Bristol. To provide housing for the plant workers and their families, Levitt & Sons is building a "Levittown, Pa." along the lines of the Levitt development south of Hicksville.

The advertising agency believes that Bristol should compete with the proposed Levitt shopping district ("mile long with nationally-known dept. stores, restaurants," etc.) for the business of "100,000 new customers."

The inquiry to the Hicksville BMA seeks to profit by the experience of our community. What, for example, was done before and after Levittown, L.I., was built to attract business?

It is going to be my assignment, as secretary of the BMA, to answer this inquiry. What am I going to tell them?

One fundamental fact is plain. The Levittown next door to us was not—in the beginning—planned to become the size it has now reached. Back in 1940 (or maybe it was earlier) we first heard that a Manhasset builder named Abraham Levitt (sons Bill and Albert were not mentioned until after the war) had an idea to build 700 houses down around Green Acres. We learned that at a Hicksville Water Commissioner meeting. It was to be done on an assembly-line basis. Railroad sidings would run into the area and complete units of the houses would be dropped off, only requiring assembly. Four houses a day was the suggested rate of construction desired. It seems we even heard a price at that time, around \$2500.

It was amazing news and several times over the years thereafter we called the office of Abraham Levitt at Manhasset to find out when it was going to start.

It was not until the end of the war that plans (Levitt & Sons, by then with Wm. Levitt as president) were disclosed for a colony of 2,000 Cape Cod-style houses at Island Trees. The 2,000 houses became 4,000 (remember the Flower section?), then 8,000, etc. etc. Land was bought, tract after tract.

And now it is ended on the Island, according to the Sunday papers, with around 17,000 houses.

We doubt if the Levitt organization when it started selling those first 2,000 houses actually planned for what has finally resulted.

And for that reason, we believe, Hicksville did not plan as fully and as wisely as it might have. Bristol is more fortunate. It knows exactly before hand what is coming.

Parking of course is not the whole answer. We need more adequate bus transportation, grade crossing elimination, traffic controls, etc. There is also the inertia of certain owners of business properties who decline to build, modernize or encourage improvements. There is a gross lack of leadership at times from those who should be leading.

But there is also vision and foresight. The Tercentennial Committee made the keynote of the 1948 celebration our view to the future and called for boldness, determination and constructive action.

Maybe we can give Bristol, Pa., some reasonable, practical advice. Maybe we can watch them and learn.

BANKER EXPLAINS MORTGAGE FACTS:**Bowery Savings Official Warns Levitt Home Owners of Tax Factor**

By STANFORD HOLZMAN
Mortgage Supervisor

It is indeed a pleasure to greet members of the South Hicksville Association of Levitt Home Owners and your President, Arthur Lasken, who extended the invitation to discuss with you the relationship between you as owners and mortgagees and the Bank as mortgagees.

The Bowery, chartered in 1834, is a mutual savings bank. It has no stockholders and the assets belong to its depositors. All of its earnings are used. 1. To pay operating expenses, taxes and deposit insurance charges. 2. To provide surplus for the protection of its depositors. 3. To pay dividends to its depositors.

DESCRIBE MORTGAGE

Lending institutions of our type gather together the funds of our depositors for investment and loan these funds to our borrowers in order to assist them in financing the purchase of a home. The Bowery is very pleased to have aided many of those who are present tonight in the purchase of a home and we hope the financial assistance which we have rendered will result in both pleasure and pride in some ownership.

We at the Bowery are very proud of our mortgagees who are a select group and were approved as prime credit risks after careful screening and scrutiny.

As you may know, a mortgage is the instrument by which the borrower pledges his property as security for a loan. A mortgage is a long term debt and the record of payments will cover a considerable period of time. Prompt payment will establish a good credit rating and will prove very

Editor's Note—Many of the facts about bank mortgages discussed by Mr. Holzman at the Oct. 5 meeting of the South Hicksville Assoc. of Levitt Home Owners are of general interest to the many, many new homeowners in the mid-island section. The importance of escrow payments to meet taxes should be stressed. When taxes rise, the amount your bank asks in monthly payment increases.

The most important function of the mortgage servicing division is to collect all payments according to the terms agreed upon from the day the mortgage is made until it has been completely liquidated. The monthly payment is composed of three major parts: 1. Interest; 2. Principal repayment; 3. Taxes, etc.

If your payment is not received in full by the 15th of the month, the payment is considered delinquent and is subject to a penalty of \$2.00 on each dollar of the pay-

Chlumsky to Head Salvation Appeal

HICKSVILLE — Frank Chlumsky of Ernest Avenue will head the Annual Salvation Army Appeal in Hicksville, Captain David Samuelson, of Mineola headquarters, announced this week.

The Annual Appeal here to help support activities and services in the Nassau-Suffolk area is now getting under way, Captain Samuelson said. As in previous appeals, a portion of the money raised will be retained for use in the mid-Island area, he added.

Chlumsky is serving as Appeal Chairman for the third year. A committee of local citizens is being recruited to assist him.

Captain Samuelson said that last year approximately 375 donations totalling \$1,077.50 were received from Hicksville.

BRIAR PARK, PLAINVIEW: How to Call Fire Dept in Emergency

ETHEL BOONHEY — SH 2-242422
Between the rainy days and the cold Jimmy has, I've barely been out of the house this week and as a result I have little to report.

MARGARET JOAN STUHMER of 5 Nassau Ave. was four years old on Oct. 6. She was hostess at a party held in the basement of her home to the following guests: Denise Dillingen, Tom and Dede Britt, Judy and Susan Kosuth, Jimmy Aronson, Jimmy Scopoglio, Eddie Stuhmer, Dorothy Dereck, and Linda Harrmann.

When the man came around to register the voters last week, he left cards on how to report a fire. I know quite a number of you did not receive these cards and still are uncertain of how to report a fire in what to do. IN CASE OF

FIRE CALL OPERATOR. ASK FOR PLAINVIEW FIRE CO. TELL OPERATOR THAT AN EMERGENCY EXISTS. GIVE EXACT LOCATION OF FIRE OVER PHONE. SEE THAT ALL DOORS AND WINDOWS ARE CLOSED. GO TO MAIN ROAD AND DIRECT FIRE APPARATUS.

I understand that in a short time Briar Park will be able to hear the fire alarm signal too. Till now we've barely been able to hear it and I know I can rarely tell when it's ours. The Plainview Fire Co. already has bought a new siren to be installed between Briar Park and Plainview Country Homes which can easily be heard by all.

Jim has made a good bit of headway on his list for members in a Briar Park Civic Association, but thanks to poor weather and a man's natural tendency to stop and chat the list is not complete yet. He's got a fellow worker now too, STEPHEN THAYES, 105 Elmwood St. who is helping on the door-to-door notice. They tell me that probably in next week's column we can announce a meeting.

The firemen of Briar Park tell me that there is a dance pending. I'll have full details for you next week.

I noticed in last week's Herald that almost all of my fellow columnists followed my example of complaining about the loose dogs. In Briar Park it doesn't seem to have done any good and my sympathies are whole heartedly with the first homeowner who gets disgusted enough to call the dog catcher. Maybe when that happens a couple of times we'll see fewer strays. I must admit how-

BETWEEN DUFFY AND OLD COUNTRY: Need for Traffic Signal, Speed Control

Hi Folks!
PFIC. FRANK SCHNECKENBURGER of 241 Duffy Ave. is home on an 11-day leave. Nice to see you home again, Frank.

Had several letters from the CONDONS of Seattle. They're doing fine out there but "sure do miss Hicksville." Speaking of the CONDONS, JIM has a birthday on the 20th. Best wishes from all of us Jim.

My number two daughter was one year old on Oct. 18. Boy, how the time does fly.

LOS LOBATOS of Meade Ave. had a meeting of the Friendly Circle Club last week. I hear this group of girls are going bowling within the near future. This I have to see. A new member, ANN HARDIN of 4 Meade Ave. has a birthday last week. I believe she reached the ripe old age of 6. Many happy returns, Chris.

Did anyone find a lost kitten? The three ERWIN children of 14 Jackson Pl. are grieving over the loss of their two-month-old black and white kitten lost last Wednesday, Oct. 10. The kitten has a black spot on top of his head.

ically to pay off the mortgage loan over the life of the contract. Mortgages on 1950 Levitt ranch houses were usually made for a 30 year period and I wish to stress that the total amount that is paid for interest and principal each month always remains the same. As the interest rate decreases with each monthly payment, the amount applied against the balance of your loan increases so that each month brings you closer to the time when your home will be owned free and clear.

DEFINES LIQUIDATION

Under this type of thirty year contract the mortgage will be liquidated as follows:

After the 5th year	9.9%
After the 10th year	20.5%
After the 15th year	34.6%
After the 20th year	52.0%
After the 25th year	73.5%
After the 30th year	100%

The third important item included in the monthly payment is taxes, etc. The provisions of the mortgage agreement require that there must always remain on deposit with the bank a sum in sum in such amount as will enable the bank to pay in full one month before the due date, such item provided for in this account. Such payments are held in trust by us for the account of the mortgagor. The mortgagor is required to make payment for these items based on 1-12 of the annual tax, water charges, F. H. A. Insurance premium and fire or other hazard insurance premium as estimated by the mortgagor. Since the aforementioned items usually vary from year to year your total monthly payment is subject to adjustment. It is our present practice to forward to each owner a statement showing receipts and disbursements from this account during the first month of each year. It is also our intention to review the escrow requirements on all "Levittown loans" during the first few months of each year. In those cases where payments have been insufficient to meet requirements, the bank will bill the owner for the deficit and if excess funds were received by the bank, a surplus will be returned to you. The bank, however, usually retains a surplus up to \$25.00 for contingencies.

ATTEND ALL MEETINGS

Please remember that the bank has no control over tax rates or assessed valuations. Tax rates are determined in direct proportion to the amount of expenditures which are required by the county and school district in which you live. It is the duty of each and every one of you to attend budget meetings in your community and take part in the

Please get in touch with MRS. ERVIN if you know anything about this kitten. Her phone number is Hicksville 3-1697.

We have new neighbors at 38 Meade Ave. 2—MR. AND MRS. R. E. HAMMOND. The Hammonds are formerly from Flushing. Welcome to Hicksville, Folks.

GEORGE O'BRIEN of 26 Burkland Lane called me last week to inform me that the Police Department and the AAA are making surveys of Old Country Rd. to determine the need for traffic lights and a speed limit on this Avenue. Mr. O'Brien brought about this investigation by getting a petition signed and sending it to the County Police Department and the AAA. A vote of thanks to you, Mr. O'Brien.

Many of this neighbors had a swell time at the Poker Session held in the BONEHARD'S HOUSE last Saturday. What I want to know is, who consumed all the beer?

discussions so that economies can be effected and expenditures made wisely. This is your responsibility, not the banks. The proper time to protest and discuss fluctuations in taxes is during open hearings on the budget and not after the bank has paid your tax bill.

It is our policy to increase escrow payments when taxes are increased, as soon as possible in order to avoid large deficits. The collection of deficits created by tax increases is one of our most difficult tasks. As you were advised at the closing, and I quote, "No representation was made as to the amount of future taxes and the amount of the monthly payment may be increased or decreased when the amount of such taxes has been definitely ascertained." In making payment of your tax, insurance and water bills, we have relieved you from the task of securing these bills and making payment at a time when you may not be prepared to meet them. No charge is made for handling your mortgage on this basis, although it is a decided convenience to you and an expense to the bank.

We believe that you can appreciate the considerable amount of detail which is involved in our servicing of many thousands of mortgages. We are constantly considering new methods and systems to improve our service to our customer. In order to achieve efficiency and save time, we have found it expedient to utilize form letters in many situations.

Nevertheless, we wish to impress upon you that in the final analysis the problems of each mortgagor is considered on an individual basis. We, therefore, request that you contact the bank as soon as difficulties or problems arise in connection with your mortgage. We are sure that you will always find the Bowery Savings Bank cooperative, sympathetic and understanding in all its dealings. We consider you just as much a customer to us as our depositors.

I would like to leave you with this reminder:

1. Keep your property in good physical condition. It is your home.

2. Answer all communications promptly.

3. Keep us advised of any change in ownership or mailing address.

4. Make your payments promptly when due and obviate late charges.

The Legionnaire

Any organization likes to grow, and the American Legion is no exception. It has been proven over and over that "personal contact" is the key to new members but it often happens that a person goes blank when he's asked . . . what has the Legion done? We'd like all Legionnaires to make a note of our closing lines each week. They should be a part of your sales talk. They're facts!

Incidentally, Korean vets are eligible for membership when they are discharged.

The big Hallowe'en Dance is scheduled for Saturday night, Nov. 3, at the clubhouse. It's a costume affair, with prizes for the best outfit. So put on your wife's thinking cap and come up with a good one. We don't know who the costume judges will be, but chairman Bernie Haggerty, whose assistants include Steve Scholar, Jim Carter and Ernie Gundlach assure us they'll be competent.

The three rooms over the clubhouse have been rented! The decision to rent them as an apartment rather than offices was made at an executive committee meeting on Oct. 8. The tenants were chosen that night and very equitable arrangements have been made.

The regular monthly card party of the Ladies' Auxiliary will be held at the clubhouse on Friday night, Oct. 26, 8:30 p.m. The ladies would like to see a few more of the men there. Understand the girls also joined in the Gundlach anniversary celebration at their last meeting. All refreshments on the Gundlach's, of course!

Legionnaires should remember that the clubhouse is available for organizational meetings at new reduced rates, as well as for parties, weddings, etc. When your friends are looking for a hall such as ours, refer them to Walter Schlichting.

Don't despair, sailors . . . the Army is plan-

ning a night similar to yours, to take place shortly after the first of the year. Frank Biagi is M.C.

Additional 1951 members are Howard Parton, Richard Bunting and Russell Vaughn. Have you signed up for '52?

Recommended—the article on "disabled employment" in this month's Legion Magazine. This is a program the Legion has pushed for more than twenty years. Also see page 40 . . . the Charles Wagner Post can benefit.

At one time in this Post an open house was held one Saturday night a month. Couples visited the clubhouses to play cards, dances to the juke box and generally enjoy themselves. A small collection provided cold cuts, etc., for a late snack before calling it an evening. Anyone interested in resuming?

A note to all committee chairmen . . . there is now a box on the bar for your news and comments to be included in this column. Any member with news of interest is also invited to make use of this arrangement.

Don't forget the Kings Park visit. Time is getting short, so bring your cards, books and magazines soon. And reserve Nov. 4. Your services are needed!

Do you recall the recent "Heart Fund" drive? The annual Heart Fund, through which the American Heart Association now is fighting the dread twin killers of rheumatic fever and heart disease, got its start in 1945 as the result of a joint \$50,000 gift by the American Legion and its Auxiliary.

This is a public service of which every member of the American Legion and its Auxiliary can always be proud!

out for my birthday? (could you read Marty?).

Another birthday was celebrated last Tuesday by JOANNE VARCA of Mercury Pl. The little lady was five years old and had a lovely party for all her friends. Her guests were, BILLY CAULDWELL, JUDY HANNSEN, KAREN LOGSTEAD, LYNDIA COCHRAN, ROBERT HAWKS, KATHY CHASE, RONNIE FRAME and JIMMY NEWELL. The birthday cake was pink and white and there were balloons for all the children. Everyone had a grand time and no one wanted to go home.

Say are there any single girls still around? That handsome Army captain seen floating around the VARCA'S of Mercury Pl. is free and over 21. His name is Fred Kruecknacker.

MRS. AND MRS. THOMAS O'MARA of Northport were the Sunday guests of Bert and Mrs. ED BOLGER of Lee Ave.

DOTTY HAWKS of 207 Lee Ave. had her parents, Mr. and Mrs. Johnson and brother, William of Manhattan for her Sunday guests.

Did you all get your Girl Scout cookie yet? Aren't those minty yummy, yummy! The Cooke sale is getting along wonderful.

MRS. SACCO of Middletown were the weekend guests of her son and daughter-in-law, MR. AND MRS. R. SACCO of 211 Lee Ave.

MARTIN SCHULMAN of 87 Linden Ave. East had a wonderful 9th birthday Sunday. His mother and father picked him up at Sunday School and they ate out then they went sightseeing in the City.

Wonder if any one will take me

NORTH EAST REPORT: Unique Car Pool Request and More IQ

By LEE CHANIN - SH 3-04558

Received some interesting information which might apply to someone working in the Bronx.

MRS. STEPHEN of Bethesda goes to business in that Borough and leaves between 6:45 and 7:00 a.m., crosses the Whitestone Bridge to the vicinity of Gun Hill Rd. and White Plains Ave. She leaves there at 5:30 or a little later.

Now here is the unusual part of it. Mrs. Stern wants a driver for her car, who works in the same locale and has similar hours. She will exchange the free use of her car in return for the service of driving it. If you are interested, call Hicksville 3-1494 any evening.

In regard to stray dogs molesting your flower beds, here is a suggestion worth trying. Dip a few tea bags in a solution of formaldehyde and hang from shrubs or fasten to small stakes. Its potency will last for two or three days and although it is entirely harmless to the dogs, it should discourage them from coming close.

MRS. HONEY SINGER of 17 Violet Ave. celebrated her birthday on October 18th. Many happy returns, Honey.

YOUR CHILD'S "IQ" (continued)
"If our 8-year-old youngster

was able to answer all the 8-year-old questions on the test and even go so far as to pass the 10-year questions, then he would be given a ten score (mental age of 10 which when divided by his age (8) would give him an IQ of 125 (10 divided by 8 equals 12.5) and he would be classed as being above average or superior."

Instead, if for a variety of possible reasons, our 8-year-old was not able to answer the 8-year questions and could pass only the three, five, six and seven questions, then we would divide his mental age of 7 by his real age of 8 and his IQ would be 87.5 recognized as below average. (7 divided by 8 equals 8.75).

A child's IQ often depends on the way his or her education is directed. Well chosen reading material in the home is generally very important in this connection; it broadens the interests of the child.

It can be seen from the above illustrations that an IQ can be obtained for almost any child between the ages of 3 and 16 years. With different types of tests and different ways of scoring, even younger and older individuals may be measured. Not only that, the same child can be measured at different ages. If he is average, as a 4-year-old he would pass the 4-year questions and show an IQ of 100 (4 divided by 4 equals 1.00 or 100); and as a 12-year-old he could pass the 12-year-old questions and still show an IQ of 100 (12 divided by 12 equals 1.00 or 100)."

A card party sponsored by the Hicksville Catholic Daughters will be held Thursday, Oct. 25 in the K of C clubhouse on West John St. at 8:30 p.m. Mrs. John Andrews and Miss Anna Marie Coletto will be co-chairmen.

Now comes the time for takin' 'em down, and puttin' 'em up again — screens to storm sash that is.

Don't neglect making the necessary repairs to them now — they won't be any better off the end of the season if you don't, that's sure. A wood dowel here and there in a split section might save you the whole sash — or even a door. Put them in at a slight angle with a little glue and they're in to stay.

Of course if you don't like all this fussin' an' climbing around on ladders — cushion and sweatin' — look in on our Jiffy wood storm sash and screen combination — they're wood-like treated and will last a lifetime. Self storing too. They will pay you back in fuel savings in a year or so. Buy a few at a time, it's easy on the pocket-book this way.

These Jiffy sash and screen combinations have been standard for many years and can be matched up with what you buy later on, OH — if you like, we can arrange to finance the whole bunch of windows and doors for a period of 26 months — and install 'em for you too.

Our friendly service is yours for the askin'.

FIELD CLUB AT VALLEY STREAM

In this modern era of semi-pro football, the Hicksville Field Club has not enjoyed its trips to Valley Stream Memorial Field, but the prospect of having to face the Long Island Bears this Sunday is not causing the slightest bit of worry for the Black and White.

Nor should it!

For the Bears are not the same outfit that defeated the Hicksville colors on the same grounds last season 17-7. That was a brutal gridiron contest, but unless the Bears do a double-take within seven days, this outing promises to be nothing more than just another workout for Dom Sabatella's undefeated crew.

Having tabbed the Field Club 21 points better than Southampton, we were not surprised at the 38-0 count by which the locals were the victors Sunday, but we were impressed by how good they looked in doing it.

A student of the game would not look favorably on the limited practice sessions of the team, but we find it quite remarkable that a team can dwell so infrequently on the skills of the game and can accomplish them so well.

Of course the answer is that Sabatella has a lot of fine material on his team and gets the best out of them.

We told you after the first Southampton game that Jack Kogel couldn't miss popularity with the Hicksville fans and he won them completely with his fine running Sunday. A good deal of credit goes to Chip Gannon for his handling of the team from the T formation. The ex-Harvard star runs the club beautifully although he has yet to establish himself as a passer of merit with the team to date.

The big contest is with Glen Cove next Wednesday night, but concentrating on this Sunday, we like the Black and White 27-8 over the Bears.

UNDEFEATED, UNSCORED UPON

Undefeated, unscored upon South Side invades the Hicksville High field this Saturday with Chet Jaworski's Comets hoping to get back on the winning trail after losses to Great Neck and Oceanside.

Eve with a known lack of reserves, the Comets have disappointed this season and they are looking to a victory over the Siders to improve their stock. There is a slight hope that quarterback Harold Manaskie Jr. will be ready for action if treatments to his elbow, dislocated three weeks ago, prove helpful. His return will give the Hicksville attack a much needed punch.

There is just a bare outside possibility that the Comets can rise to the task physically and, more important, spiritually, to produce an upset, and we will ride with it.

In an upset, Hicksville 7, South Side 6.

MOLLOY, HILLTOPPERS

Hicksville's Mario Bianco could not match the blistering pace of Roslyn's Gerald Malloy, Sectional Champion, in the Cross Country Meet, Thursday, at Bethpage, when the strong Hilltopper team bested the Comets.

A NEW FEATURE:**Let's Go Outdoors****GATHERING NUTS**

Maple trees, spattered with yellow, gold and scarlet from nature's secret paint box, herald the harvest season. Fields and orchards are yielding their fullness, and forest, roadside and shade trees have also produced a food crop ready for harvesting.

Wild animals, particularly squirrels, are busy gathering and storing nuts from walnut, butternut, hickory and beach trees, and those who wish to enjoy some of these delicacies should bear themselves, advises Prof. L. S. Hamilton, Extension forester in Cornell's conservation department.

Black walnuts are undoubtedly one of the choicest nuts. Their meat is in high demand for cakes, cookies, candies, salads and for eating alone as an after-dinner treat. Let the nuts mature fully on the trees and fall naturally or with mild shaking. Pick them up promptly, remove the hulls before they turn black, and dry spread the nuts out to dry in a well ventilated place.

The hulls come off fairly well in an old-fashioned corn sheller. Many folks put the nuts on the threshing floor of the barn or on a concrete roadway, cover them with a tarp and run the family automobile back and forth over them. A fruitful field exists here for some inventive canines to do.

black walnut, and much easier to extract. Butternut meats together with good New York State maple syrup make a delicious combination sure to tickle the palate.

Of the five kinds of hickory trees found in the State, only two are important food bearers for man—shagbark and the big shellbark hickory—both of which have sweet, edible kernels. Pignut, butternut and mockernut kernels are either bitter, too small or too difficult to extract.

Although a bumper crop of beechnuts occurred last fall, another large crop may not come again for five years or so. However, each year will find some of these highly palatable nuts on the ground under the sturdy beech. They are easily cracked when dry.

Nut gathering on a golden autumn day can be a glorious excursion and adventure, and the nuts taste much sweeter than those that come in a cellophane bag.

A meeting of the Men's Club of Bethpage Methodist Church will be held tomorrow (Thursday) at the church at 8:15 p. m. A nominating committee will make a report. Jack Ebinbridge will speak on Civil Defense. Refreshments will be served.

Field Club Routs Visiting Southampton Gridders 38-0

HICKSVILLE—The Field Club rolled to a 38-0 triumph over a good Southampton Lions team here, Sunday afternoon, as 500 fans looked on. It was the first start in Nassau-Suffolk Conference for the undefeated Black and White, which travels to Memorial Field, Valley Stream, this Sunday to face the Long Island Bears.

KOGEL STARTS ROUT

It was a fine catch of a 20-yard Chip Gannon pass, and an additional run of 40-yards by halfback Jack Kogel which started the Hicksville rout.

Kogel took the pass on the visitors' forty and when it appeared that he was trapped on the sideline by two defenders he shifted just enough for the would-be tacklers to take each other out and he went the rest of the way for the score.

With Sid Rigby and Ed Stetz knitting through the line the Field Club had little trouble in defeating the Lions. The locals gained 166 yards on the ground and 36 via the airman.

In the second stanza a poor Lion punt gave the Black the ball on the losers' 38. Rigby and Stetz moved it to the 20 in three plays and Al Knitting plunged to the 17.

From there Gannon skirted the right end for a touchdown.

Kogel had converted the first time from placement but was wide with his second attempt. Just before the half ended Emil Koji intercepted a Hampton pass on the losers' 18 and returned it to the four-yard line.

On fourth down Gannon passed to Kogel in the flat and he went seven yards to score. Gannon's placement made it 20-0 at half-time.

KOGEL SPRINTS AGAIN

Kogel got another chance to show his fleetness of foot to the crowd in the third period when he picked off a Ted Sadowski pass and scampered straight up the left sideline 89 yards to a touchdown.

Early in the last period Merrill Yartozy hustled into the Hampton end zone to add more woe to the plagued Sadowski.

Just as the stocky fullback was letting go with a forward, Yartozy kicked it high into the air and caught it on the downward flight for a touchdown!

His placement attempt was no good.

In the final minutes Bill Garbarino returned a punt 17 yards to the visitors' 34 and when Al Knitting crashed over from the three for the final tally of 38-0.

LIL Co. Eases Cost On Gas Installation

The Long Island Lighting Company has instituted a policy under which up to 50 feet of gas service pipe will be installed on private property at the Company's expense.

It is felt by the Company that this places new gas installations in a more comparable position with electric connections where the service wires from a pole on the highway to a customer's premises are placed without cost to him.

Under our present national defense program which has resulted in shortages of copper along with a number of other items, such as transformers, structural steel and power plant equipment the Company feels it is in both the consumer's and the nation's interest to encourage the use of gas for cooking, water heating and house heating wherever possible.

According to a Long Island Lighting Company official, a considerable number of large builders and developers have made plans to make their new houses "all gas" homes.

With reformed natural gas from the vast reserves of Texas and Louisiana now in use on Long Island, it is felt that you
