COMMUNITY GROUPS TO MEET: Map Clean-Up Action On Newsstand Filth

HICKSVILLE—Representatives of local church, service organizations will discuss the problem of cleaning up newsstand literature available to the youth of the community tomorrow (Thursday). A luncheon-meeting will take place at the Hicksville Inn at 12 noon.

The meeting will mark the initial movement to set up a representative civic committee to actively battle what is long been regarded as an increasing danger to the morals of the community youth.

Interest in the drive was stimulated last month when Dr. Harold Hammond, director of Long Island University-Hicksville Annex, revealed in a Herald article that "the publishers and distributors of pulp literature, and not the local retail merchant, was entirely to blame for the existence of newsstand filth."

The youth of the community can act in time of emergency. The Public Works Division headed by Superintendent Smith has five posts and needs five messengers for each.

Hundreds of volunteers of all ages men and women, are needed to fill the 20 posts of Hicksville-Plainview area. Recruits are urged to report this Friday night and assist to serve themselves and their neighbors in time of emergency.

Anthony Aquilino, deputy warden chief, appealed for volunteers at the NLHOA meeting last Friday night. He said 400 wardens are needed in the Levitt area of Hicksville.

Important Civic Topic: Chlumsky to Discuss Request For Parking District Split

The proposed separation of Hicksville Park and Parking District, amounting to about one-third of the total valuation of the district, promises to be one of the hottest local post-election questions for Oyster Bay Town Board to decide. Hicksville Civic and Community Assoc. hopes to get the pros and cons on the issue tomorrow (Thursday) night at a general meeting open to all residents at the Hicksville Firehouse.

There was keen interest in the subject at the North Levittown Home Owners Assoc. meeting, Friday night, at the Community Hall which structure itself is apparently involved in the subject. Councilman Frank Chlumsky, guest speaker at the NLHOA meeting on town government, will speak tomorrow night at Hicksville Civics on the proposed separation of the district.

Want New District

The NLHOA has come out flatly and pointedly for the separation. It was a petition of this group that had raised the question on Sept. 6. The group wants a new district created embracing only the Levitt homes in Hicksville (Oyster Bay Township). Cooperating with the Levittown Park District in the Town of Hempstead, a one-third, two-third ratio would be worked out to pay the cost of operating seven swimming pools (two in Hicksville, five in Hempstead area) and the community hall, according to NLHOA officials. This, they say, would come to \$5 per house.

The Hempstead Town Budget for 1951 reveals that Levittown Park District next year will need \$84,753.91 to operate the five pools and maintain parks with a tax rate of \$1.71 per \$1,000 or \$6.38 on a house valued at \$3,600.

The Levittown Park District budget for the first official figures on what operation of the facilities—there are six—is the Levittown community. It definitely has been our intention that the facilities be for the exclusive use of Levittowners.

The South Hicksville Assoc. of Levitt Home Owners, while it has taken no stand on the proposed split in Hicksville Park and Parking District to accommodate the LHNOA, is keenly interested. Emil J. Szendy of 5 Walnut Lane, gave a detailed report at the Oct. 3 meeting. Szendy is former technical director of the State Building Code Commission.

South Hicksville Viewpoint
A circular put out by the South Hicksville Assoc., however, makes this statement of policy by its founders: "The organization has been formed by a group of your neighbors to provide needed civic services within the governmental and service limits within which we live. We are all within the same School District, the same Fire District, the same Garbage and waste collection district, the same Water District, the Town of

COMMUNITY HALL on Levittown Parkway, Hicksville, which Levitt & Sons has told the NLHOA by letter "should be used by all Levittown groups and only by such Levittown groups." Its future management and maintenance is involved in the question of splitting the Hicksville Park and Parking District, along with two swimming pools in the district still under Levitt ownership and control. (Sill photo).

and donate them to the people of Levittown who would operate and administer them through local public agencies (park districts in Towns of Hempstead and Oyster

Bay, and within the boundaries of what is proposed as the Incorporated Village of Hicksville. We have many interests in common."

Arthur Isakson of 51 Arcadia Lane, temporary president of the South Hicksville Assoc., was at the Sept. 6 town board meeting when NLHOA President Charles C. Miller presented the petition to split the district. Isakson requested that the town board hold a public hearing before the issue is decided and referred to the interest in the question remaining with the two-thirds of the area which has not expressed an opinion—the rest of the Hicksville district.

The Community Hall, where a gala program takes place this Sunday afternoon, Oct. 28, honoring Abraham Levitt as the father of Levittown, is also involved in the question. If the Levitt organization turns over the hall to the present Hicksville District, along with the pools on Newbridge Rd. and Levittown Parkway, the matter of a million dollar structure will be maintained by tax upon the Hicksville District. Estimates on the cost of maintenance are vague since the Hall has not been in use for a full calendar year.

The Report was made to the Board in 1949 and has been the basis of school expansion projects since.

"No date has been set for the start and completion of the study," a spokesman for the School Board told the Herald, "but we expect the work to be done in November."

H. G. EISEMANN REVIEWS YEARS:

Important Men in Village History 'Grew Up' Thru Fire Department

HICKSVILLE — Henry G. Eisemann, prominent banker and realtor, receiving a badge in recognition of 25 years service as a volunteer fireman, Saturday night, told members of the fire dept. that he can recall no major catastrophe due to fire in the community during that quarter century. He cited the record to prove that the vamps, time and again, have done their job well, performing a major public service to the community.

He said the worse fire in Hicksville, that he could recall, was the Talister Building disaster at Bay and Main St. about 17 years ago.

He said he was retiring as an active fireman now that he had

rounded out 25 years.

Eisemann also noted that a review of the history of the community discloses that "every man of any importance" in the village "grew up through the fire dept."

He recalled a few names: William Duffy, August Fassbender, Judge Heberer in the older days and Walter Baldwin, present secretary, as today's example. Baldwin won top honors for vocalizing at the LI Industrial Exposition recently.

\$90 At Dinner

Dr. Walter F. Stillger, surgeon, was principal speaker at the dinner for 200 firemen held after a parade and inspection by the Fire Commissioners at the firehouse. He lauded the men who "risk life and limb for the benefit

of the community and fellowship." He echoed Eisemann's remarks on community leaders who have been firemen.

His theme was the duty of everyone to vote in every election, keep well informed, demand honesty and integrity from public officials and if they don't do a job, vote them out of office; take a greater interest in community affairs, and cited the schools, as an example.

Commissioner Jack Leedie was master of ceremonies. Twenty-five year badges were presented by Chairman Fred Miller to Eisemann, Clarence Valentine, George Metz, John Wyer, Henry Auer, William Christianson, Henry Engler, Val Kersch, Ray Rusch, Harry Borley and Joseph Braun.

Commissioner Vincent Braun presented a token to his father, William Braun, who was a fire commissioner for over 25 years.

Rev. Howard Rogers was installed as an honorary member of the department. Chief Sam Weiss and his assistants also spoke briefly.

The dinner followed a short parade of men and equipment through the business section. More than a quarter of the men were in civilian clothes, indicating that they are all new recruits of less than one year's membership.

Contest for NLHOA Presidency Nov. 13

HICKSVILLE — A contest for the office of president of the North Levittown Homes Association for the Nov. 13 meeting at the Community Hall with two nominated for the position. Charles C. Miller, incumbent, of 24 Summer Lane, and Charles Egginton of 2 Bamboo Lane are in the race.

Also nominated at the meeting last Friday night were Jack Surkin, vice president; Mark Gladstone, treasurer; Bill Hartman of 20 Blueberry Lane, secretary.

There are six vacancies on the executive committee at large with the following 13 nominated: David Sigerson, David Schwartz, Glen Perkin, Spike Adelman, Jack Drutman, Mike Palermino, John Cooley, Rene Carraher, Bob Hickey, Peter Thrash, Donald Dougherty, F. Harding, Kay Kaufman, and Mrs. Arthur Graham.

5 Alarms in Day Calls out Vamps

HICKSVILLE — Five alarms in one day called out local volunteer firemen last week on Tuesday starting with a fire in a washing machine motor at the home of Arthur Sztig of 27 Bamboo Ln. at 9:30 a.m.

A fire in a pile of rubbish at the M. Caruso property at 50 W. Barclay St. brought out firemen at 3:30 p.m. The fire spread to a small shed on the property. Firemen were called to put out a grass fire at 6:00 p.m. on Old Country Rd. near Monroe St.

A false alarm was turned in three minutes later for Jerusalem Ave. and 7th St. Another grass fire at Park Ave. and Lottie Ave. near the Hicksville Lumber Co. called out the firemen at 5:45 p.m.

An emergency call Thursday at 8:08 p.m. summoned firemen to the Edward Smith home on Waters Ave. where oxygen was administered to R. Moore, a guest, who suffered a heart attack.

EDITORIALS:

Girl Scout Week

GIRL SCOUT WEEK starts this Sunday. The HERALD joins the community in saluting this fine organization which, like so many of our local institutions, has grown tremendously in recent months. There is no shortage of recruits for all age groups of Girl Scouting.

There is, however, a real need for adult volunteers to serve as leaders. Many girls, in fact, are being prevented from enjoying the benefits of membership in Scouting because there are not enough leaders to direct them.

The next meeting of the Hicksville Girl Scout Town Council take place Nov. 21 at St. Stephen's Lutheran Church on South Bway, at Fourth St., at 8 o'clock. All interested ladies will be most welcome.

What's Our Population?

ONE OF THE MOST difficult points to get across to out-of-towners is the fact that our population has grown tremendously. We find records in many places which still list Hicksville with a population of only 6,772 which was the official federal census figure for 1930.

Just what is our population? Well, last week you read in the HERALD that 12,000 adults are registered for election day. You also may have noticed the report that the school census shows more than 9,000 children between the ages of birth and 18. That adds up to more than 21,000. Then you must add the residents who did not register for election, those who have arrived just recently and are not eligible for the Nov. 6 voting, and the group between 19 and 21 years of age.

A population for Hicksville of up to 25,000 persons is not out of line.

Of course, the fact that we are not incorporated as a village or city makes it difficult to get the proper recognition due us. The federal census will not be broken down into unincorporated areas. Therefore it is up to each of us to spread the story at every opportunity. We are no longer 6,772—there are at least four times as many people in Hicksville today.

8 State Amendment

THE STATEWIDE interest in the Nov. 6 election centers on eight proposed constitutional amendments.

Top in importance is the fourth amendment which permits the state to put its credit behind \$500,000,000 in Thruway bonds. Savings of \$15,000,000 annual in interest would be effected. The Good Roads Assoc. is strongly campaigning for its passage in the interest of the motoring public and all taxpayers.

Other amendments concern absentee voting for members of the armed services and their families; increased pensions for retired state and local public employees; Court of Appeals reforms, municipal debt limitations and the right of judges to hold other public offices; that is, in the armed services.

Golden Age Group

ONE OF THE FINEST programs we have heard about in connection with the fast growing Adult Education classes and sessions in Hicksville is the new one for the "Golden Age Group." It is intended to help people who have retired or are about to retire from active business in learning a variety of crafts and hobbies. Some of them can be developed into a means of financial assistance. We hope the plan will get full support from those it is intended to interest.

Speaker's Stand

The HERALD has invited spokesmen for the Republican and Democratic organizations to express their views on why their own candidates should receive the support of voters, Nov. 6. Ernest F. Francke, Hicksville Republican leader, and William A. Cisler, Hicksville Democratic zone leader, were invited to submit their statements this week. Mr. Francke did not respond to our written invitation. Mr. Ransom and Mr. Mayes have been invited to use this space next week.

Why Vote Democratic

By WILLIAM A. CISLER
Democratic Zone Leader, Hicksville

In my opinion, the Democratic candidates should be elected because the people of Hicksville have suffered and will continue to suffer under a Town Government that is bogged down by men who have grown old and tired in office. This condition will continue unless you, the voter, will shake off the spiderwebs which hold us captive to political entanglements piled one upon another for the past thirty years.

The community of Hicksville has been badly neglected by the Republican outfit in power in Oyster Bay as well as in the County. Municipal services have lacked initiative and pep; planning has been conspicuous by its confusion and tardiness; reasoning of business and industrial plots have been sporadic and without regard for overall needs of the community; parking problems have been handled timidly; town streets in many areas are in poor condition and badly lighted; drainage and sanitation have been left to take care of themselves; and yet Hicksville has one of the highest tax burdens of any community in the Township.

The Democrats are needed in local government to bring new life and overdue improvements in public services. We have candidates this year who are capable of getting things done, who understand the problems brought about by a rapidly growing community and rapidly growing population. The Democratic Party of the Town of Oyster Bay, through Richard T. Mayes as Supervisor, will fight fearlessly in the County Board of Supervisors for a greater share of recognition by the County Government—we are not content with 50 cents worth of public services for every dollar paid by Hicksville, let taxes.

The Democrats have an open mind on the wide-spread demand in Hicksville for incorporation as a Village, and if necessary, they will support the incorporation plan wholeheartedly should their efforts to re-vitalize the cumbersome and antiquated local government prove too slow for the progressive pace of the New Hicksville.

As local leader of the Democratic party in Hicksville, I hope that the voters on Nov. 6, will go to the polls in force, decide for themselves if they are satisfied with Republican mis-management, and vote accordingly.

Want More Bus Service

HICKSVILLE—North Levittown Home Owners Assoc. adopted a resolution, Friday night, requesting that the Board of Education provide transportation for students who live a mile or more from the schools and are attending the 7th and 8th grades. The present regulation is one mile service to 6th grade and for all others more than two miles away.

JAMES H. ALLEN

Lifelong Hicksville resident and Democratic candidate for member of Oyster Bay Town Board as a councilman, this week joined Councilman candidates in the other townships of Nassau County in contending that town governments are an "unnecessary holdover from the days before the auto replaced the horse and buggy on the highways. Declaring salaries for councilmen are an unnecessary expense to the homeowner and businessman," the candidates want to abolish the offices they are seeking. "The county seat, Mineola, is within easy reach of every resident by automobile or bus. That alone does away with the original reason for town governments — distance from the county government offices. The services of the town offices and departments could be performed by the county with considerable savings to taxpayers," the joint statement declared. Allen is a candidate for public office for the first time.

Chlumsky Explains Dog Catcher Setup

HICKSVILLE—The Township of Oyster Bay will have a salaried dog catcher on the payroll, next year, Councilman Frank Chlumsky discussed this week. He described the "new dog catcher set-up" at the NLEHOA meeting in the Community Hall, Friday night.

"At the present time the dog catcher works on a fee basis, getting so-much per dog caught," Chlumsky said. "He is also paid for keeping the dog for five days and for destroying the animal."

Residents who have complaints about dogs at large in their neighborhood, he told the audience, should call the Township Incinerator (Hicksville 3-3576), or the Second Police Precinct (Syosset 6-0672), or the Town Clerk's office (Oyster Bay 6-2600).

He was asked if there is a law against cruelty to animals which would apply if a person hunted dogs at large on their property with a gun. Chlumsky said he would have to check up.

PLAINVIEW COUNTRY HOMES: Guarantee Good Time at Dance Nov. 17

By Rac Cantilli, HI 3-0233M.
Hi Folks:

We had a wonderful time meeting my mother and dad, Mr. and Mrs. John Coutts from Roosevelt (just a little free publicity). Although it was a terrible rainy day, we made it into the city in time to catch them just coming thru the customs. It was really wonderful to have them back home. They are really nice people, very nice. What lovely things they brought back for the children and Eddie and I. Made me wish I could have gone.

Say, folks! How would you like to have an evening of dancing with a swell floor show all for \$1 per person, and best of all, you can meet your neighbors. You can have this wonderful time by coming down to the annual fall dance given by the Plainview Volunteer Fire Department, Inc. It's to be held Saturday, Nov. 17, at the fire hall. One of our own fellows, Val Humberger and his band, are playing for the affair. Let's get a big crowd from our development out. You can get your tickets from

NORTH EAST REPORT:

More About IQ and Grubproofing Idea

By LENE CHAMIN — **ILL S-DENNE**
YOUR CHILD'S IQ (chapter 8)

By this time the parent may say, "Why then, my child's IQ depends upon the test that was given to him." This is true. However, these tests are not just a collection of questions made up out of thin air, but have been worked out and tried over and over again with thousands of school children of all ages so that when a child secures a score on these tests he is actually being compared with children from all walks of life. The wise parent will respect this comparison at least in terms of the child's ability to do the work covered by the tests.

Does the test measure everything? Of course not. For example, it will not show how happy the child is in relation to his home and school. Nor will it tell how well he can hold a job when he grows up. These scores will not directly show whether he will be popular, well liked, shy or boisterous. Each one of us has known individuals who were not the brightest in school yet who now occupy a real place in the neighborhood, respected by people of their own age, and loved by their families. At the other end of the scale we may have also known the bright child who turned out to be arrogant or excessively shy and incapable of entering into the plays and games enjoyed by groups of children and adults.

Furthermore, there are many trades and skills which are not touched by this sort of measurement; such trades and skills in fact, make up more than three-fourths of the world's employment. It cannot be believed that a high IQ shows the individual to be the "best" in his group. We must consider many other factors along with the IQ score, and only then will we get the full picture of our children's interests and possibilities.

The IQ is concerned most closely with the ability to do work requiring the special study and preparation which are characteristic of advanced schooling. A youngster with an IQ distinctively below the average should not be advised or encouraged to set his goal on becoming a doctor. He might well have the social poise needed by a physician but long before he could practice he would be required to enter college and take courses of the most complicated and technical nature and pass these well at the head of his class before being recommended to even more complicated school work in medical college itself. If difficulty in school work is already present along with an L.Q. below average, how much more sensible it would be for a boy to turn early in life with careful and skillful guidance to other fields of work where advanced schooling is not so strongly required. One of the best sales managers we have ever known (who was receiving a salary far beyond the average physician's income) had not "made the grade" in college.

On the other hand, in some of the finest families with parents of high IQ's who had children with excellent school records and even higher IQ's alone, but saw to it that they had their children meet with and enjoyed the various social groups and affairs of their community. Furthermore, the youngsters were given well-rounded interests. They learned to build with toys and to repair the family car.

Is this IQ a trait that is inherited from one generation to another? Today the answer is probably "within limits — no." In the early history of mental measurements the inheritance of the IQ was undoubtedly exaggerated. Much evidence has been gathered during the last 10 or 15 years which shows that the encouragement of parents, teachers, friends, successes and failures in school, work, habits and study habits and whether or not there has been built up a well directed enthusiasm for this type of ability early in the child's life, all exert their influence on the measured IQ. It doesn't matter whether you do it yourself or pay to have it done. From now until Thanksgiving is the ideal time. The spray we had used is good for five years which makes it well worth the initial cost.

Voting Procedure Interests Civics

NORTH BETHPAGE — "Happy" Norman and William Alix, GOP committeemen, Bethpage, and Sidney Peiley, GOP committeeman from Hicksville,

and member of the Board of Elections staff, were the principal speakers at a meeting of the Civic Assn. held on Oct. 17.

Norman explained the methods of registering for voting and described the growth of the community to five election districts from the original two.

North Bethpage is now in the 49th election district instead of the old 26th, he said. Residents will vote in the new school. Norman also illustrated the population growth of the community with figures. This year the 49th district has 1,408 registered voters.

Polyell traced the history of voting in elections all the way back to early Rome and Greece when ballots were cast with oyster shells. He also described the story of the voting machine to its present day mechanical wonders. The various ballot forms such as the absentee and soldier's ballots were also explained by Peiley. He concluded with the rules and require-

ments of general elections as they exist today.

The duties and problems of local party committeemen were outlined and explained by William Alix. He also explained how civic clubs can work with committees to attain the mutual interest in the betterment of the community.

The safety committee presented a report on its work since its inception in March 1951. Traffic lights have been requested for the intersections of Broadway and Central Ave.; Broadway and Cherry Ave., and for Stewart Ave. and South Oyster Bay Rd. Norman stated that the light for Broadway and Central Ave. has been ordered and will be put into operation in the near future.

The Assn. committee has been unsuccessful so far in efforts to obtain railway stop signs at the Broadway and Cherry Ave. crossing although several conferences with various county government bodies have been held.

JOHN J. BURNS

Mayor Burns of Sea Cliff is the choice of the Town of Oyster Bay and the City of Glen Cove Republican Executive Committee to run for Assemblyman in the 4th District at the special election called by Gov. Dewey on Nov. 6. Assemblyman David S. Hill Jr. of Glenwood Landing, resigned on Oct. 6 because of pressure of personal business and private affairs, making the special election necessary. Hill had served in the Albany since 1944.

President of the Nassau County Village Officials Assoc. Mayor Burns is a member of the Advisory Board, Nassau Grand Jurors Association, Sea Cliff Fire Dept., Legion Post No. 456, and is active in Boy Scout work.

MEETING OFF TRACK:

Question Plainedge School Site Buy
At P-TA Session on Union Free District

PLAINEDGE — At the open meeting called by the Plainedge P-TA for the purpose of aspinning the proposed change over from a Common to a Union Free School District and to permit the presentation of candidates for school board trustees, a minority group sought to place blame on the present school board for "inadequate investigation of the purchase of a school site once owned by a trustee."

LeRoy Van Nostrand of Amityville, school attorney, in answering questions by this group explained that all transactions were legal.

C. E. Swarting, in 1951 sold 37 acres of land to J. T. Reynolds, builder of the Rey Homes who sold 10 of these acres to the school at a cost of \$3,200 an acre, it was brought out.

This site was selected because of its central and accessible location in the district; it was stated, and the voters of the school district approved the purchase of this school site at a special meeting Oct. 3.

Two other sites also considered were rejected because of the lack of open roads and the necessity of clearing them of shrub oak. One was too narrow and the other, it was feared, would involve legal red tape.

A motion by one of the residents returned the meeting to the purpose for which it was called.

Van Nostrand explained that the Union Free School change over would, among other things, permit a larger school board; permit the school to take tuition students and allow for the temporary appointment of a trustee should a vacancy occur instead of requiring a special meeting and election.

DRESSING GAME

The hunting season is here, and with it comes meat for New York hunters. Will those who hunt rabbits, deer, pheasants and the multitude of other game species take proper care of this rich harvest? "If past evidence is any index to probability, it will not," says Fred W. J. Hamilton of Cornell's conservation department.

In New York State the dressed weight of wild game, ready for the plate, annually exceeds 2,000 tons and is probably worth more than \$2,000,000. Nevertheless, much wild meat is lost simply because the hunter is lazy and delays preparation of his catch too long. Another reason many more tons are thrown away each year is that the hunter or his wife do not know how easy it is to dress the animals or care for them once they have been bagged.

Following a few simple rules will save most of this valuable meat. Skin out the animal as soon as possible after killing; with small game this chore can wait till nightfall. Deer should be skinned as soon as the animal is hung at home, particularly if the weather is warm. Remove blood clots and torn flesh about the gunshot wound.

Rabbits and squirrels are improved by soaking them overnight in a pail of cold water to which has been added a cup of salt. The old and often repeated adage that game improves with aging may be true in a measure, but it can be overdone.

tion of the Schildknecht Lumber Co. in 1890; Joseph Schildknecht started a small retail yard at 1930 Wyckoff Ave., catering to the retail jobber and carpenter. Charles Schildknecht, a son, and now president, joined the firm in 1920, following his discharge from the Army after World War I.

Under capable and efficient management, the firm continued to grow and prosper and in 1929, the yard and office moved to its present location at Irving Ave. and Covert St. As the business continued to expand, an additional yard on Cooper Ave. was bought and a railroad siding was installed.

To properly service the needs of builders, contractors and home owners, Schildknecht's carry a diversified inventory of several million feet of lumber and other building materials. It is one of the largest and most modern yards in the country. As far as possible, all lumber is handled by mechanical equipment. Rose Carriers move the lumber about the yard, and Hyster Fork Trucks pile it away or load it onto the fleet of trucks for delivery to customers.

President Schildknecht enjoys an enviable reputation in the lumber industry and in the community at large. He is a trustee of the Hamburg Savings Bank, a member of the Queens Borough and Ridgewood Chamber of Commerce, Kiwanis Club, Queensboro Lodge of Elks 578, New York Athletic Club, Huntington Crescent Club, and many other civic, service and charitable organizations.

The Legionnaire

We passed along a suggestion in last week's column that a Saturday night open house be held once a month at the clubhouse to enable couples to meet and enjoy an evening out. Before this idea could reach the membership, however, another suggestion along similar lines was put forth at the regular Monday night meeting by Bob Beard.

The new plan calls for a Sunday evening family supper. And it means just that—light supper from approximately 5:30 p. m. to 8 p. m. for the entire family. The first affair will be held on Nov. 4th after our visit to Kings Park. Food will be free and if the event does nothing else it will provide a wonderful chance for the members' "kids" to get acquainted. We like the whole idea and intend to pick up the family after returning from Kings Park.

The preceding sentence, of course, leads us nicely into another reminder, that you're expected to meet at 12:30 p.m. on Nov. 4 to participate in your Post's trip to Kings Park. There is still time to bring books, magazines and playing cards (yours and your neighbors') to the clubhouse any Mon., Wed., or Fri. evening. The candy and cigarettes are taken care of already.

Fred Noeth (the Editor) says we missed the boat by not announcing the amount of the circus check. O.K.—\$967.99 . . . Al Carpenter (1st Vice-Commander) will be on the ballot this Election Day! . . . Rudy House has a 10" TV for sale . . . Walter Schlichting, apologizing at the last meeting for upbraiding the boys for their lack of attendance at the football snack stand, added a note, however, that "it worked." Cooperation was fine at the last game and the results show it . . . First news from the box on the bar—Comrade Biami recovering from a bruised foot!

Past Commander Walter Schlichting of the Charles Wagner Post 421, American Legion. Wally, a veteran of World War II, saw service with Uncle Sam's Navy. On his return became a very active member with the local Legion. During the few years after the war ended, Wally helped bring the Legionnaires into the sportlight by playing some "mean" games of softball. He served on many important community committees and functions. Has never failed to pitch in on any affairs held. Is seen every Sunday at the local high school grounds doing more than his share in keeping the Legion soft drinks, hot dogs and candy rolling along. If ever a Legionnaire deserves a hand it's Wally.

Nov. 2nd is the date set for chairman Ed Becker to send out his committee with the "Gifts for the Yanks" containers. Bob Beard, "Jay" Jabout, Walt Coage, Joe Chance and your correspondent comprise the committee, but we wonder about making that Friday date. It's the Auxiliary meeting night and that means a baby sitter for most of us. Let's hope that problem can be overcome. May we add that we'd like to see all claimants returned filled!

Dr. Walter Stillger, as the American Legion representative, will attend a meeting at the Hicksville Inn on Oct. 25 to discuss the ever-growing campaign to clean up newsstand literature. The meeting has been called by Dr. Hammond. On the subject of meetings, the Legion representatives to the Hicksville Veterans' Council are truly sorry for missing the opening meeting, but the word was received a little late. They'll be on tap for the next one.

At the last meeting it was announced that the 15 cents increase in the county per capita tax had been passed. It won't increase dues, however.

The usual Post contribution has been forwarded to the Girl Scouts.

The 1952 membership rolls continue to grow. Added this week are Bill Bremer, Walter Barnett, Bernie Haggerty, Guy Smith and Artie Bletsch.

Are you still "putting off" joining the Legion? Perhaps you have a new home. Two million four hundred eighty thousand four hundred and ninety persons got loans to buy homes under the GI Bill. This was not government largess. This was the fruit of an all-out legislative fight urged in Congress by the American Legion!

Park District

(Continued from Page 1)

NELHOA meeting, Friday night, that if the district were split, the area succeeding would have to pay its share of a current indebtedness which amounts to \$20,000. This had been appropriated for purchase of fields at 8th Marie St. and W. Marie St. for shoppers. He also said that future fields constructed for commuter use would, if the district were split, be restricted to the use of those paying for them—the area remaining in the Hicksville District.

Officers believe that the Hicksville Farm and Parkway District could go up either way. If the district is split, cutting the present day valuation from \$33,000,000 to about \$23,000,000, the tax rate on the greatest amount of property (\$21,765.29 in bonds for 1951) will increase. On the other hand, if the district stays as it is and the two pools are added to the burden, the amount to be raised will increase. One estimate notes that if the five pools in Levittown list at cost roughly \$94,000, the cost of operating two pools, by simple arithmetic would be \$16,300. That would have to be added to the yearly budget along with the cost of maintaining Levittown Community Hall.

There is another line of reasoning, prompted by some, which claims that people would be willing to pay a reasonable amount each year for use of the pools, in addition to taxes, and that reduces the tax cost somewhat. The Hall, it is added, could also obtain some revenue by a modest fee for the use of facilities.

At the present time a sub-committee of the Town Board, including Chlumsky, is studying the question and will report to the Board before further action is taken by the town fathers. Councilman Chlumsky in answer to many questions, Friday night, said "It's purely legal."

Sportlight

By HOWARD FINNEGAN

The business of one practice a week and that only lightly attended, almost caught up with the Hicksville Field Club, Sunday afternoon.

The Long Island Bears pushed the Black and White all the way and the locals needed a fumble and some extra fancy pass catches to win.

Meanwhile, over in Glen Cove they have gotten down to work and when it comes to football they are deadly serious about it in the North Shore City.

When it comes to a pre-game prediction concerning the outcome of a contest between the Field Club and the AA, one has to be careful, since player personnel has a habit of changing rapidly in the present scheme of semi-pro football.

So we will make no prediction concerning the outcome of the contest tonight (Wednesday) under the lights of City Park Stadium, Glen Cove.

As for Hicksville High at Westbury, Saturday, that too should really be left alone, but we think that the Comets—providing they don't come up with a key injury during the week—will win.

Hicksville 12, Westbury 6.

Mario Bianco ran the Bethpage course in the excellent time of 12 minutes and 43 seconds last week as Great Neck won a quadrangular cross-country meet from Hicksville, Farmingdale and Mineola.

Bianco finished first but Hicksville trailed the Blazers 41-28.

More Legal Snarls As LIU Keeps Fighting

BROOKVILLE — Argument to postpone the Brookville incorporation hearing before the Town Board was heard Monday as a further development in the attempt of Long Island University to utilize its Brookville estate. Attorney Frank McGrath, representing Howard T. Hogan, a resident and property owner in the Township, voiced strong recommendation for a postponement of the hearing on the grounds that the "petition of the Brookville estate owners was invalid because of technical defects." McGrath also challenged the eligibility to sign of many of the petitioners.

The hearing, held at the private home of Robert Van Tuyl, here, was hotly contested throughout, with McGrath moving for an adjournment of the incorporation proceedings almost from the beginning. He stated as grounds for postponement that Judge Nelson of the Appellate Division had requested a delay of the hearing pending his decision on an injunction.

Bears Prove Tough:

Field Club Rallies to Hold 13-7

VALLEY STREAM—The Long Island Bears sprang to life here, Sunday, with teeth and claws bared, but Chip Gannon engineered two touchdown scores to prevent them from tearing the Field Club's unbeaten record to shreds by a narrow 13-7 margin. Still gasping from the rough encounter at Firemen's Memorial Field, which they salvaged with a goal-line stand in the last two minutes, the Black and White gridders travel to Glen Cove tonight (Wednesday) to renew their feud with the A.A.

ROUGH

Last year the Bears inflicted a 17-7 defeat on the Field Club in a brutal game and this year's meeting was fought with the same intensity.

Dom Sabatella's crew spotted the home forces a touchdown early in the first period when Pete Whalen picked off a Tom McNamee pass and returned it 52 yards for a TD. Cliff Braden converted and the Bears led 7-0. Immediately after the kickoff Bob Kogel took a touchdown from Gannon and raced 30 yards to the Bear 44. Gannon followed up with a 22 yard pass completion to Emil Koli. This drive was stopped on the 22 but Hicksville got a break in the second period when the Bears fumbled on their own 25 and Kogel quickly bounded on the ball.

Sid Rigby made a brilliant catch of a Gannon pass for a first down on the 12. He then plunged five yards off tackle and then made a circus catch of another Gannon aerial for the touchdown. Gannon's placement was wide and Hicksville trailed 7-6.

KOGEL FILES

In the third stanza Kogel flew around the right side 34 yards to the losers' 35. Gannon hit Emil Kogi again with a pass but a fumble on the Bear nine stopped Hicksville from going in front.

The Bears passing attack carried them from their own nine to the Hicksville 26 before they elicited four ground plays against the furious B and W line and were checked.

It was becoming apparent that Hicksville would need something drastic to pull out the victory and it remained for Gannon to produce it. In his first running attempt of the season he broke over the right end, moved up field 15 yards thanks to a critical block by Al Knipfing, cutback towards the middle and got 16 more in a rousing charge. Three plays later he passed 20 yards to Herman Rigby on the Bear 9 and on fourth down cracked the winning pitch to MacDevitt.

Kogel converted for the 13-7 score.

THREEPLAT

With less than a minute left in the game, St. Ignatius got to Harry Kerby and he in turn lateralized to Al Knipfing. The play ate up 40 yards and found the home team on the Hicksville 15.

Temper flared as two passes and two runs gained the losers but two yards. Hicksville lost 19 yards in two plays but the ever fleet Kogel sliced off ten yards which made for safe punting room.

Racket-Tears Add 4 to Keep Lead

The Racket-Tears continued to set the pace in the Hicksville-Lewiston Post Office Bowling loop by adding four more wins in Friday night's session.

The Pimufs, Dodge entry which lost the league play-off last year, kept striving toward leadership by taking four points.

Other highlights and standings: High game 209 and high series 518 both by Bob Finnegan. High average 162 retained by Bill Orlutay.

LIONS MEET TONIGHT

The Hicksville Lions Club will have a speaker on law enforcement tonight (Wednesday) at their meeting in the Hicksville Inn.

South Side Defeats Comets Here 26-7

PBC Boys Must Give Back Suit & Pay

HICKSVILLE—All members of the Police Boys Club baseball team were today warned by President Harold Mansfield Sr. that they must return their uniforms by the end of the week or pay the PBC \$2.50. Uniforms should be cleaned and turned in at the HERALD office, 26 North Broadway, next to the Post Office.

The home team took the opening kickoff here, Saturday, and marched 70 yards to a score against vaunted South Side, but two long dashes for the visitors blocked any Hicksville hopes for an upset and provided the Cyclones with a 26-7 win.

It was the determined running of Joe Speedling, Harry O'Mack and Cy Rumens that sparked the opening Comets' drive.

The Comets were playing without their other hard running back, Bob Hock, who broke a finger in practice during the week but when the attack was stalled on the ground Rumens passed.

His first loss was caught by Ray Delay for a first down on the visitors' 42 and his second one was the payoff pitch.

That was good for 26 yards and was taken by Doug Jones and was the 15th play in the series. Harry O'Mack plunged for the extra point, and Hicksville led the previously unbeaten, untied, unscorched Rockville Centre team 7-0.

However, the Cyclones got going in the second period when they took over on the Hicksville 42. It was the running of Dom Repetto and George Leach that blasted the Comets. Leach barged up the middle for 21 yards to the Comet 17 and aided by a penalty for an infraction of the coaching area South Side scored when Repetto went the last nine yards over tackle.

The placement was missed and Hicksville still led 7-6.

Quick Change

With 35 seconds left in the half Stan Kelmer intercepted a pass and ran it back to the South Side 25 yard line.

Hurrying to get a commanding lead Rumens attempted to pass but was rushed and his throw was short and erratic. Leach intercepted it for the visitors in the left flat and ran it 30 yards to the Hicksville two-yard line before he was brought down. Repetto swept the right and for the touchdown. A goal for the extra point was incomplete.

There was just time for the kickoff and the teams left the field for their rest period.

Long Dash

Hicksville High was still very much in the ball game as the third period started. But the crusher was quickly applied.

Tom Zacharia took Harold Mansfield's punt on the South Side 28 and raced 72 yards down the sideline for a touchdown.

Repetto passed to Bob Washer for the extra point.

With the issue already decided Washer passed to Joe Rendich for the last Sider score.
