DIES SUDDENLY AT AGE OF 60:

Dr. Stillger Was Long Active in Civic And Veteran Affairs of Community

HICKSVILLE—The entire community this week mourned the sudden death of Walter Francis Stillger, M.D., who served as a family physician and as an active civic leader here for more than three decades. He died suddenly on Saturday afternoon, Nov. 10, and more than a thousand persons called at his late home on New South Rd. to pay their last respects. A solemn requiem high mass was sung yesterday (Tuesday) at St. Ignatius R. C. Church, here, with interment at Holy Rood Cemetery, Westbury.

Dr. Stillger was born in 1891 in New York City, the son of William Frederick Stillger, a jeweler, and of Emma E. Stillger. After receiving his early education in the public schools of his birthplace, he graduated at St. Matthew's Academy and the High School of Commerce. In preparation for his career, he graduated at New York University and Bellevue Hospital Medical College, receiving his degree with the class of 1916.

Early Training

During the two years that followed, he served as intern at the Brooklyn Hospital and then at Newark City Hospital for three months and at the Manhattan State Hospital for nine months. He was surgeon of the Sperry Gyroscopic Co. in Brooklyn until his enlistment for World War I.

After the War he began his general practise here. During the War he was connected with the neuro-psychiatric branch of the Medical Division of the U. S. Army, serving two years. A year was spent at the front in France. He received his discharge with the rank of Captain in August, 1919. He married, in 1919, in France, Jeanne Bourgeaud, who survives him.

In addition to his heavy practice and ten years spent as health officer of the Township of Oyster

Bay, prior to the creation of the County Health Dept., Dr. Stillger was extremely active in many local civic and veteran affairs.

He was a charter member and one of the organizers of the Cheery Wagner American Legion Post. He served twice as its commander, 1926-27 and again 1934-35. He was one of the members of the Last Man's Club of World War I veterans here and a member of the Wm. M. Gause Jr. Post, Veterans of Foreign Wars.

Dr. Stillger was a major factor in the post World War II renovation of the Legion Hall on E. Nichols St. and headed its building committee. He was actively identified as one of the most ardent Legionnaires in the community.

He was director of the medical services division for Civil Defense in Hicksville-Plainview area during World War II. He was also active in the local fire department and served for many years as department surgeon. He was a familiar figure in the annual Labor Day parades of the fire departments here as he marched with the vamps, attired in his white uniform.

Almost every member of the fire department was present in full-dress uniform at his late

**PLAINVIEW COUNTRY HOMES:
Home Owners Make Plans, Civics Meet**

By MARY CANTILLO—HI 3-0233
Hi. Folks:

They say that no news is good news so I guess everybody must be happy as I haven't heard anything from anybody.

I hope that Louise Feuerstein from Old Country Rd. is feeling much better now. I heard she went to the hospital with pneumonia last week. Get well soon.

Happy birthday to little Dickie Geesner who will be three years old next week. It will be a big day for an awful nice little boy.

Speaking of the Geesners, they had Lucille and Warren Meyerson from Bayside, as guests over Saturday night. I should say rather Lou was as Bob and Warren took off on a trip to Connecticut on business leaving the girls all alone as the song goes.

The officers and members of the Board of the Plainview Country Home Owners Assoc. met last Wednesday at Val Hinsberger's house on Island St. They discussed plans of the organization for the future. Look for a notice of our next meeting of the whole organization.

Don't forget the firemen dance Saturday night, Nov. 17 at the firehouse. Tickets are \$1 a person and you can purchase them from me. You'll have a good time as there will be dancing and a floor show. Come on folks.

It was a member of the New York State and Nassau County Medical Associations and a staff member of Nassau, Meadowbrook and Mercy Hospitals. He had been school physician of this community several times.

His fraternal affiliations were numerous. Services by veterans and fraternal groups were held at his late home, Monday night.

3 Fire Trucks for Flowers

A police escort was provided to head the funeral cortège yesterday (Tuesday) morning from his home to St. Ignatius Church. Three fire trucks of the department were used to carry the many floral tributes. The church was filled with mourners who also lined the streets near the church. Funeral arrangements were under the direction of Henry J. Stock Funeral Home.

Honorary pall bearers were Ernest F. Francis, Charles H. Stoll, Morris Roehman, Henry G. Eisenmann, Dr. E. H. LeBaron, Vincent McCannigle, Ottie Powell, Henry C. Bruegel, Dr. Robert Ferdinand, Dr. Charles Masek, Dr. William G. Burke, William

Bicycle Safety Program Proposed By Gordon Bowen For All Schools

"Student safety is one of the primary concerns of the P-T A," Gordon Bowen, safety chairman of the East St. School P-T A, said at a P-T A meeting Thursday night, Nov. 8, at the school. "Safety rules must be observed by bus students as well as those walking to school," he cautioned.

He said that if parents are common sense in protecting their children at home such as keeping harmful objects, poisons, medicines, etc. out of reach of small hands, accidents can be lessened.

Mr. Bowen explained his plan for the establishment of a bicycle safety program which he will submit to the other local P-T A's and the St. Ignatius School Mothers Association.

He said a bicycle safety program would probably consist of (1) establishment of a safety or bicycle ordinance, (2) registration of bicycles and owners, (3) issuance of bicycle tags to show that the bike is in good working

order, (4) serial numbers taken from bicycles, (5) punishment of violators might consist of written warnings to the parents, compelling the child to attend safety talks or impounding of the bike for a specified number of days.

"Interest in the program could be fostered by showing movies on exhibitions of bicycle skills and prizes given to those who have shown cooperation in keeping rules of the safety program," he said in explaining the program which has been very successful in other communities.

Morton Kastin, noted concert pianist, entertained with Chopin's Ballade in G Minor.

A square dance will be held as a social meeting for P-T A members and their friends on Dec. 13.

Double Program At HIS Monday.

A meeting of the Hicksville Sr. High School P-T A will be held in the high school auditorium while the freshmen and sophomores hold a dance in the gym Monday night, Nov. 19, at 8 P.M., according to Mrs. Viola Fallon, president.

A film "Narcotics and the Teen Ager," will be shown in the auditorium by Lt. Frank Pryble of the Nassau County Police Dept.

Gordon Bowen of the East St. P-T A safety committee will be present to explain a proposed bicycle safety program for all the local schools.

Miss Mabel R. Farley, high school principal, will explain to parents the importance of "Career Day" to be held at the school on Nov. 29.

The dance in the gym will be supervised by Charles Nygren.

LYNN BROOK'S ADVENTURES on Long Island**OFF SOUTH BROADWAY:
Beautiful Weekend and Pet Project**

By BUNNY LAUER, PH. 3-2704]

Sure 'nuff was beautiful for a change. Weatherman — we all thank you from the bottom of our hearts. The roads had the usual weekend drivers with all the city people running out to get a glimpse of our beautiful country side. Aren't you glad you live in Hickville?

On my pet project, Girl Scouts, Saturday morning we went over to see Mrs. Barbara Hayes Brownie Troop receive their pins. The kids were thrilled and the ceremony was beautiful.

Who likes your daughter to be a Brownie Girl Scout? Well, if you do, more, I assure you, will be less disappointed girls. Think it over.

MRS. WILLIAM ROBBINS of Hudson Pl. would like to thank the HERALD and Mrs. ANDREAS of Cottage Blvd. for the return of her dog's collar. Remember the article I wrote last week about the little dog? Well, as soon as Richard Andrews turned her loose she ran home. Mrs. Robbins couldn't understand what had happened to the collar and had to wait until she read the HERALD.

To find out what it was all about, There is nothing like the good old HERALD.

The Lee Ave. OAP had a double celebration lately in honor of Mrs. Rickey Sacco's 47th anniversary.

The members presented her with a musical rocking chair. Mrs. Henrietta Bolger's 73rd birthday was also celebrated at the same time. She received a tuneful monkey to help her about with her daily chores. The usual cake and crumpets were served. Other members present were Mrs. Dottie Rankin, Mrs. Ginny Varca and Mrs. Florence Frame.

The Wanderers Club met last week at the home of Mrs. Rose Manakis of 18 North Dr. Those present were Mrs. Gladys Eows, Mrs. Cecil Sloan, Mrs. Anna Steiner, Mrs. Kitty Bleich and

Map of Bethpage I.O.
Purchased by Thomas Powell from
the Massapequa Indians, 5-25-1695
and a part of it by the West Indians, 3-12-1699.
The 1700's had Indians around the
mouths of the streams.
Thomas Powell had possession of
a part of the purchase in 1698.
In 1700 he reserved 40 acres for
his house and lot, deducted
one third of all the bounds
to Thomas Whitson.

Comment by C. W. Wilson, from a photo of old maps belonging to Jason Morris. The original map is held by the Long Island Historical Society in Brooklyn.

A MIGHTY FUER raged in the newspapers 15 years ago as the civic leaders of Central Park sought the name of "Bethpage" for their community. A small faction in Farmingdale felt that Central Park would profit by such close identification with Bethpage State Park, just recently opened at the time, and opposed the name selected. The above drawing was entered into the controversy to prove the Central Park claim. It is a map of the purchase made by Thomas Powell in 1695—256 years ago—from

the Indians and known in history as the "Bethpage Purchase." The area of Bethpage State Park is outlined in the map and marked. The portion of the Park marked "A" is in the area of Central Park. "B" is Farmingdale village with an arrow pointing to the segment of the village within the Park. An enlargement of this "Bethpage Purchase" map hangs in the Farmingdale village hall. The original is in the custody of the Long Island Historical Society in Brooklyn.

Land Purchase From Indians Made in 1695

BETHPAGE—The opening this Saturday, Nov. 17, of the Bethpage office of Hempstead Bank marks another milestone in the history of the community which dates back 256 years to the purchase of a tract of Long Island wilderness from the Massapequa Indians. A series of special events this week will climax with the opening of the bank on Broadway at the former address of St. Martin of Tours RC Church rectory.

Free Gifts Await New Depositors

BETHPAGE — All new depositors at the Bethpage office of Hempstead Bank this Saturday, Nov. 17, will receive a free automatic pencil as a free gift, officials disclosed this week. There will also be gifts for all children who turn out for the all-day open house at the new bank on Bayview this Saturday.

Bethpage, like so many mid-Island communities, has experienced tremendous growth in population and new homes in the period following World War II. Population estimates in this area get out of date almost monthly as new developments are opened and occupied. An estimate at the time the new two-million-dollar grade school was opened earlier this year set the population at about 5,000, at least a third more than the pre-war figure.

Quote 1845 Historian
. The community has had four names over the centuries. It began with the Powell "Bethpage Purchase" of 1695, and as late as 1845 was still referred to as Bethpage in Prime's History of Long Island. Dr. Prime wrote: "Bethpage is another Quaker village about four miles southeast of Hicksville, near the line of the railroad."

At a later date the area was generally known as "Jerusalem," and probably about the turn of the century "Central Park" came into being as the area name. It was in 1936, fifteen years ago, that the name was changed for the last time to Bethpage.

For a time a hot feud raged in the newspapers between civic leaders in Central Park (then) and Farmingdale regarding the designation as Bethpage. Lt. State Park Commissioner Robert Moses was pulled into the arguments and he wrote William Ahern, member of the Central Park Improvement Committee, "the name Bethpage would, it seems to me, be the best name for your village. This would not lead to any confusion with Bethpage State Park. Personally, I think that Bethpage would be a much better name than Central Park and I hope you will make the change."

Walter G. Barker, president of Hempstead Bank, recently announced that the total assets of the bank, as of October, 1961, were \$22,206,258.17. Other officials of the bank include: Bruce W. Hall, vice-president; John L. Patterson, executive vice-president; Joseph C. Mueller, cashier; Virginia E. Tenney, Edward J. Sheron and Hugh J. McClain, asst. cashiers; Bert W. Stockbine, asst. cashier, Levittown office; Andrew Oksen, asst. manager, Levittown office.

(Continued on page 13)

E. A. Binder, it is recalled, as president of the Farmingdale Taxpayers Assoc., challenged the idea: "Central Park," he said, "has more courage and self-importance than many bigger communities. As a political unit, Central Park is non-existent. It is a part of the Town of Oyster Bay, while Farmingdale is an incorporated village."

Why should the honor of being associated with such a project as the Bethpage State Park go to

GRUMMAN CAME HERE IN 1937:

Bethpage Became World Famous As Production Centre for Aircraft

BETHPAGE—The Grumman Aircraft Engineering Corp. has grown to its present international importance in the field of plane production since it located in this community in 1937 and in the intervening years Grumman's has made this community world-famous.

Fourteen years ago a seven-year-old concern which had its start in a rented Baldwin garage found its plant in Farmingdale was overcrowded. The present extensive layout here was a mass of scrub oak when Grumman took it over and moved in on April 8, 1937.

Changed Name

The community had just changed its name from Central Park, the result of community-wide effort spearheaded by Albert A. Lang Sr. and the Central Park Improvement Committee. This group also contributed greatly to interesting Grumman's in locating in Beth-

page and in those days no one could foresee the extent to which this operation would grow to become a major factor in the economic life of the community.

Grumman's had a relatively small staff when plant 1 was opened in 1937. By 1939 the staff had increased to 700 and a year later it was 1,900. During World War II the Grumman family grew and grew to reach a peak of about 27,000.

Today there are nearly 9,000 Long Islanders in the Grumman organization.

Grumman's was founded in the midst of the depression by a handful of men whose main assets were belief in their ideas, in their neighbors and in the future of their country. In the first 10 years the concern became the Navy's No. 1 producer of aircraft for World War II and today, 21 years later, holds a position as the designer and producer of jet and piloted planes that assure American military air supremacy in Korea and everywhere else.

World Leader

During World War II Grumman's became a world leader. During March of 1945, over 658 planes were turned out—a record output by one plant that has never been equalled. When the fighting was over, they received assurance that Grumman's Long Island-built plane had destroyed more than two-thirds of all enemy craft accounted for by the Navy and Marine Corps in the Pacific Theatre.

When the Japs attacked Pearl Harbor on Dec. 7, 1941, Grumman was dedicating its Plant 2—the only other plant was in operation. Planes it was to build in terrific

tory has tended to repeat. In the immediate postwar days, the company switched some of its efforts to peacetime pursuits—building canoes for one thing and the luxuriant Mallards for another.

However, research and development of military aircraft embodying the very latest data in aerodynamics continued to be the primary pursuit . . . and luckily so.

When the Korea upheaval came Grumman was again ready. Its jet-powered F9F Panther was all set to go, as was its huge Albatross amphibian. Both have been in the front line from the beginning of hostilities. And its hunter-killer combination torpedo plane is primed too.

Today Grumman operations here continue to grow and expand. The main runway has been lengthened, changing the course of a highway in the process. An addition to Plant 5 costing millions of dollars is now underway.

WE'RE PROUD OF BETHPAGE, TOO...

The opening of the Bethpage office of the Hempstead Bank is another forward step in the economic development of our community—a step that is necessary to its continued growth and prosperity.

We of the Corydon M. Johnson Co., Inc. are proud of the part we play in bringing Island-wide

and even nation-wide recognition to Bethpage as a good place to live and work. Our new plant, made necessary by the increasing demands on our production facilities, was designed to be an asset to the physical appearance of the community. We are looking forward to many years of progress together with you, our neighbors.

Bank Director Dies

BETHPAGE — Carroll W. McLaughlin of Freeport, one of the directors of the Hempstead Bank, was fatally stricken with a heart attack here yesterday (Tuesday) shortly after the Klwane's luncheon took place in the new Bethpage offices of the bank. His death would not cancel plans for the official opening this Saturday, a spokesman said.

a smaller community to the detriment of a larger one?" Binder asked.

Fend Got Hot

Into the argument during the spring and summer of 1950 went statistics as to the mileage from Central Park depot to the Park clubhouse and from the clubhouse to Farmingdale was cited; also the question of which school district had lost the greatest assessed valuation when the park was cut out of the area. Old maps were dug up to prove claims and counter claims.

The Central Park Committee, headed by Albert A. Lang, Sr., drew up petitions asking the Post Office Dept. to change the name of the office here to Bethpage, and some 500 patrons signed early. When the Post Office Dept. in Washington permitted the change of name, the Long Island Rail Road went along with the community desire and changed the station designation.

In an appropriate fall ceremony, attended by Mr. Binder and his friends from Farmingdale, the name on the station was changed and a parade was held.

In the process of name changing a smaller area which had been known as Bethpage, in self-defense, designated itself "Old Bethpage" and has been so known ever since.

20-YEAR OLD CONCERN: CM Johnson In New, Modern Building

BETHPAGE — That attractive white building on State Highway 107, opposite the Grumman plant, is the new home of the Corydon M. Johnson Co., Inc.

CMJ, in its 20 years in Bethpage, has become a familiar name on Long Island, not only through its reputation as a progressive and dependable advertising, technical and creative printing house, but for the interest the company has displayed in the growth and development of the Island. It was Corydon M. Johnson, the firm's president, who coined the phrase, "Pleasure Island" now used by many in referring to Long Island. And it is this same "Long Island-conscious" businessman who is responsible for the CMJ Report, a monthly newsletter devoted to current topics of Island-wide interest, which is sent to a mailing list of more than 3,000.

EMPLOYS 156 People
The CMJ employee art show, attended by many last May, and the annual Corydon M. Johnson Year Book contest are other ex-

amples of the firm's activities. Employing 156 people, the firm consists of a Technical Writing and Illustrating Division and a Creative Printing and Advertising Service Division.

The Technical Division is made up of a staff of writers and illustrators engaged in the preparation of manuals, handbooks and catalogs for industry. The description of the construction and mechanical operation of complex machines in understandable language requires skilled writing. Technical illustrating — the drawing of machinery and parts in perspective or Isometric, in cut-away or exploded views, is work demanding highly specialized training. The majority of the work in this division is done to rigid specifications for the armed forces and strict security measures are necessary.

The Creative Printing Division is engaged in the design and production of direct mail advertising and other printed material. A staff of commercial artists and copy-writers plan the mailing pieces.

AIR FORCE version of the SA-16 Albatross which compiled a splendid record with the Air Rescue Service. Grumman versatility in engineering and production makes it valuable to all branches of service.

There are complete facilities for their production, consisting of photography, plate-making, linotype composition, IBM electromatic and varitype, press-work and binding.

An Advertising Agency Service is maintained to handle the preparation and placing of advertising in newspapers and magazines. Few organizations in the United States are prepared to render such a comprehensive service — a service that requires the many skills of many hands combined with the equipment to produce the completed job.

Carpenter Takes LIA Presidency

GARDEN CITY — At the 25th Annual Meeting of members of The Long Island Assoc. for luncheon at the Garden City Hotel, on Nov. 8, James W. Carpenter, vice-president of the L. I. Light Engineering Co. and first vice-president of The Long Island Assoc. was elected president. Arthur T. Roth, president of The Franklin National Bank, who has served as president of the Assoc. for the past two and a half years, was elected chairman of the Board.

Catholics Making Plans for School

BETHPAGE — The extensive increase in the number of parishioners of St. Martin of Tours RC Church has brought to the foreground the first united effort in the establishment of a parochial school for this area.

Attendance at religious instruction for the children has overtaxed the number of instructors and resulted in the creation of two new organizations.

In Sept. of this year at a special meeting of the members of the parish, the Parochial School Fund Committee was created with John Donnellon of 5 Bryant Ave. as chairman.

Immediate plans call for a building fund for a future school. At a recent meeting, it was decided to award a Nash car; date of the drawing to be set by the committee in charge.

To assist with the religious instruction for the children, a group of women have formed the Mothers' Club under Mrs. Virginia Simpkins of 12 Farmedge Rd. They help transport the children for their weekly instruction and under a curriculum set up by the Sisters, assist with the instruction.

A meeting of this group will be held on Tuesday, Nov. 20 and on the first Tuesday following the third Sunday of each succeeding month. The third Sunday of each month will be Communion Sunday for the Mothers' Club.

A census began this week and as yet incomplete has already registered more than 1,000 persons in the parish.

CAKE SALE SUNDAY

A cake sale after each Mass this Sunday, Nov. 18, will be held in the old school of St. Ignatius RC Church, Broadway, Hicksville, by the Mothers' Auxiliary. It is planned to make a cash award during the sale.

Field Club Mourns Dr. Stillger

The Hicksville Field Club joined our shocked and saddened community in mourning the death of Dr. Walter F. Stillger this week.

Close to 700 fans attending the Field Club-Long Island Bears game Sunday rose for a minute of silence out of respect for the familiar figure on the sports scene who was taken so suddenly, Saturday afternoon.

Dr. Stillger was well known for his civic, fraternal and professional activity in our community life and to those in sports he was their staunch friend and supporter.

He was interested in all sports, but football was his particular enjoyment and for years he has been a constant figure on the sidelines when the high school or Field Club played.

He readily attended to the needs of the players and saw to their good condition constantly.

The existence of the Field Club today is a tribute to his interest and hard work.

Two years ago the Black and White was not going to operate and the doctor threw his weight behind the team and it survived desperate days.

This season he was chairman of the Management Committee which operates the Field Club and personally administered to important phases of its operations.

The public address system Sunday did not carry any music and immediately following the game Sunday, a group of the players who have been the doctor's pride and interest since their high school days went to the stricken family to express their regrets and those of all sports fans hereabouts who know they have lost a good and true friend.

PBC Calls First Winter Meeting

HICKSVILLE — The first meeting of the PBC winter session will be held tonight (Wednesday) at the high school gym at 7:30 p.m. All boys from 10 to 18 years of age who want to play basketball this winter must be present tonight to register.

Kogel, Gannon Pace Win Over Bears

HICKSVILLE — Jack Kogel and Chip Gannon teamed up here, Sunday, to drive the Field Club to a 32-13 Nassau-Suffolk Conference victory in a furious struggle with the Long Island Bears.

The win kept the Black and White right up with high-riding Glen Cove and their test this Sunday on the Hicksville High gridiron is expected to decide the championship despite the fact that the Jones Boys are still undefeated and lead the loop.

Kogel 55-Yards

Hicksville grabbed an early lead against the Bears when Ed Stetz tossed forty yards to Sid Rigby on the five and he went the remaining distance to score in the first period.

The Field Club fumbled seven times during the contest and the first set up the visitors first score. It gave the Bears possession on the 20 and a fourth down pass from Ed Bishop to Dick Rainey caught the defense napping and it was 6-6.

Chris Broderson converted and the Bears led 7-6.

In the second quarter Pete Whalen intercepted a Gannon pitchout and ran 33 yards for another Bear TD. Broderson missed the point and it was 13-6.

With time running out in the first half, Kogel broke over the left tackle and headed for the sidelines. He eluded two tacklers and Gannon, way out in front, blasted the two remaining defenders aside and Kogel had a neat 35-yard run in his pocket.

His try for placement was blocked, however, and Hicksville stalled until 13-12 at halftime.

Despite the fine line plowing of Pete Zehner, Ed Stetz and the wide runs of Rigby and Kogel the Field Club was still behind midway in the third period.

Problems were hampering the attack and when Tom MacNamara returned an intercepted pass to the losers 35 Gannon took over the running spot.

Exactly as he did to save the first contest between the two clubs, Gannon turned the tide with one bruising, powerful run. He stormed over the left side and crashed 33 yards to the Bear one.

He scored the TD on a quarterback sneak and Hicksville forged ahead. He also got the important extra point with a right end run.

Kogel Dazzles

With the score 19-13, the margin was not yet a safe one. Soon after the start of the fourth period Gannon passed to Kogel on the Bear 30. He reversed himself three times in a dazzling run that brought the 700 fans to their feet with an ovation and Hicksville had it won 25-13.

MacNamara added the other score with a twisting 26-yard dash late in the game.

Mario Bianco Second In Sectionals

BETHPAGE — Hicksville's Mario Bianco, laboring with a heavy cold, was defeated by John Cummings of Bay Shore in the Section Eight cross-country championships here, on the State Park course, Saturday morning.

Bianco held the lead for the first two miles but could not hold off Cummings who finished the last leg of the race uncontested.

Cummings' winning time was 12:14 and Bianco, some 70 yards behind, recorded 12:32.

Schenectady Next

The New York State championship meet will be held in Schenectady this Saturday and Hicksville fans are hoping that their colors will duplicate the feat of last season.

In the 1950 meet the three Hicksville entries of coach Lou Millevole turned in the best efforts of anyone from Long Island.

Bianco was one of those boys last season and a complete recovery could enable him to challenge Cummings' claim to Long Island authority.

The tall Hicksville lad notched another triumph in his personal duel with Roslyn's Gerry Malloy. The Hilltopper, whom Bianco upset two weeks ago for the NSAL title, was eighth.

Empire Diner Host To Champ Softballers

HEMPSTEAD — Empire Diner of Hicksville feted its champion-ship softball team at a dinner dance here, in the Paraglide, Sun- day evening.

Ted and Jim Bellas, sponsors of the club, were hosts for the night and Jim Barone, whose pitching was the cornerstone for the team championships in the Hempstead Twi-Light League, the Oyster Bay League and the sensational triumph in the Nassau County ASA tournament, was the guest of honor.

Belcastro Presentations

Dan Belcastro, Long Island Commissioner of the ASA, presented awards to Barone and Sid Rigby, the team's leading batter, just before the floor show got underway.

Among the guests were Mr. and Mrs. D. Winters, Mr. and Mrs. Weiner, Mrs. Edwards, Mr. and Mrs. George Russo, Mr. and Mrs. James Balentine, Mr. and Mrs. Wesley Moseman, Mr. and Mrs. James Barone, Mr. and Mrs. P. Nygren.

Also Miss Mary Psilios, Miss Joan Lebkuecher, Miss Jean Imeidoph, Miss Stella Bellas, Miss Jean Enicos, Miss DeMayo, Miss Rosato and Miss Joan Throne.

Also Mr. Belcastro, Sid Rigby, Herman Rigby, Mel Vochries, Peter Nygren, Frank La Marca, Jack McCrosson, Edward Miller, George Bellas, Teddy Bellas, Fred Elman and Howard Finnegan.
