## School Board Sets Record Straight On Building Program, Cites Five Points

HICKSVILLE—The School Board today publicly and officially clarified its school building program for the community "because of a series of apparent misunderstandings and misrepresentations concerning this program." At the same time it was disclosed that the Hicksville School District has been granted federal approvals for the required steel allotments and for commencement of construction of the Burns Ave., Old Country Rd., Fork Lane and Dutch Lane Elementary school buildings. Ground breaking for the four buildings is expected to take place within "a week or two."

Edna Kahne Setton, vice president of the School Board and its spokesman, outlined the five points of clarification:

- "1. The Lee Ave. Elementary School is the only school building under actual construction at this date. September occupancy is planned.
- "2. Construction of elementary school buildings on the Burns Ave., Fork Lane, Old Country (Continued on Page 17)

## SUPPORT MARCH OF DIMES CAMPAIGN: Here's How Your Donation Pays Off

The great financial assistance available to a polio patient was outlined this week by Mrs. Albert Kaufmann of 17 Perahing Ave., Bethpage, to assure Mid-Island and Nassau contributors to the current March of Dimes fund campaign of the use of their donations.

Albert Kaufmann was stricken with polio in September, 1951, and has been hospitalized at Meadowbrook Hospital since that time. The National Infantile Paralysis Foundation has paid over \$1,500 in medical expenses for him since September, a sum nearly half the \$3,500 quota assigned to his home community, Bethpage. He has required the use of a Monogan chest

respirator and a "rocking bed" to facilitate breathing since he was stricken last summer. The estimated \$3,000 worth of equipment for his recovery is furnished through the Foundation.

"We'd like to counteract the many inaccurate stories that a polio victim must sell his home and insurance to get financial assistance," Mrs. Kaufmann said.

"We had hospitalization coverage but it was not enough for the medical care necessary. We are so very grateful to the National Infantile Paralysis Foundation. They have taken care of everything," she said.

The Kaufmanns have a 5-year-old son and an 8-month-old son.

## Asks Town Ordinance on RR Parking to Help Commuters

HICKSVILLE—Oyster Bay township authorities could assist unfortunate car owners by the adoption of an ordinance regulating parking in the vicinity of the Rail Road station here, members of the Civic and Community Assoc. were advised this week. John Campbell, LIRR patrolman, as guest speaker at the Civic meeting last Thursday night, indicated that some car owners are now confronted with entrance of misdemeanor charges on their records rather than simple traffic violations because there is no township ordinance.

Ptl. Campbell recalled conditions here last Nov. 22. The Long Island Rail Road had vital Westinghouse electronic equipment to unload at the local freight yard, he said. With commuter cars blocking the yards, the RR was forced to have cars towed away at the expense of the owners. In addition, the misdemeanor charges were lodged.

If there were a township ordinance prohibiting parking in the area the most it would have cost car owners would have been a \$2 fine, a considerable lesser charge against the car owners.

He also spoke about commuters who soar into the rail road property to catch the morning trains, disregarding the safety of others in the vicinity. Death or serious injury is the result in 9 out of 10 cases, he added, when commuters run and grab for a train.

The NLHOA attempt to "butcher" the Hicksville Park and Parking District was the subject of prolonged discussion at the meeting after the guest speaker had presented his program.

Joseph Sill was named chairman of a committee to use its best efforts to head off the proposed split. The Assoc. is prepared to oppose legislation now being introduced in Albany which would permit a reduction in the taxable area of the Park and Parking District to the detriment of the vast majority of local home owners, it was stated.

### FOR LEVITT HOME OWNERS:

## Assoc Notes Tax Burden In Park District Split

HICKSVILLE—The proposed split in the Hicksville Park and Parking district and current criticism of the school building program are tersely and pointedly discussed from the standpoint of Levitt homeowners in the monthly Newsletter of the South Hicksville Assoc. of Levitt Home Owners being released in the area this weekend. The Assoc. will hold its regular meeting, open to all residents of the Levitt section, next Tuesday night, Feb. 5, in the Community Hall on Levittown Pkway.

The 104-year-old Trinity Lutheran congregation has previously sponsored missions in other areas. Present day sister congregations sponsored by the Hicksville Church include Lutheran parishes in Glen Cove and Bethpage.

**EDUCATION ASSOC.:**

**Another Canvass Set For This Saturday**

HICKSVILLE—Another, as yet unnamed, section of the community will be canvassed this Saturday, Feb. 2, by the Education Assoc. of District 17. A week ago the Assoc. visited the SK homes section, near Plainlawn Cemetery, and reported widespread interest in the educational problems of the school district.

**Plainview Water Office Open**

PLAINVIEW — The office of the Plainview Water District is now open on Old Country Rd., here, adjacent to the general store. Office hours, according to Superintendent John G. Harbes, are Monday thru Friday from 9 to 4 and Saturdays from 9 to 12. The telephone number is Hicksville 3-6460.

**Western Union In New Office**

HICKSVILLE—Western Union will open its new office at 172 Bway, here, at 8 o'clock Friday morning, Feb. 1, with connections into Western Union's automatic selective switching centre at Syracuse, it was announced today by S. Nicholas, local telegraph manager. Councilman Frank Chianassy will be present at the official opening to send a special message of greeting to G. P. Little, acting general manager of Western Union.

The new modern office is being opened to serve the fast growing mid-island area of Hicksville, Levittown, Bethpage, Plainville, Jericho and Plainview. The office will be open daily from 8 A.M. to 11 P.M. and on Sundays from 9 A.M. to 5 P.M.

Western Union service has been available in this key community of the mid-island area for decades. For many years the telegrapher handled messages at the Long Island Rail Road passenger office. Later the service was established with teletypewriters at Broadway Drug Store when it was owned by John R. Brandt and Arthur Gerdes. It was the third office of its type opened on Long Island. More recently the service has been available at Scheiner's.

Many of the telegraphic services previously provided for the mid-island area thru the Hempstead office are being shifted to Hicksville in recognition of the tremendous residential growth in and around this locality and the need for fast and efficient telegraph service," a spokesman said.

The big three-floor transmission centre at Syracuse features an "electrical brain" which automatically selects the circuits and flashes telegrams on to their destination, thru eliminating manual retransmission.

Local operators in Hicksville and all other points in New York State, except New York City, control the "brain" by merely typing out "call letters" for the destination on their typewriter-like keyboards as they start each message on its way. By this new method of "selective switching," for which they have been specially trained, the operators have at their fingertips circuits connecting with all parts of the country.

**Geyer Is Manager Of New Business**

HICKSVILLE—This Saturday marks the grand opening of the Turnpike Auto Mart's new Hicksville branch at 163 Broadway, next to the Rainbow Restaurant. The agency for "better used cars" is under the management of William Geyer who has had 35 years of experience in the automotive field. He was until recently service manager with MacPherson Motor Sales, here. Geyer will use the former quarters of the HERALD for his office.

"Like our other canvaas," said temporary membership chairman Fred Haas, "this will be aimed at informing more of our neighbors, in as direct a way as possible, of the education problems of our district and their duty, as citizens, to take a part in solving them."

**Delegation Disappointed**  
The Assoc. was planning to send a delegation of 35 parents to the School Board meeting tonight (Wednesday, Jan. 30). However, the Board held its regular meeting for January last Wednesday night, Jan. 28. A spokesman for the Assoc. declared that since regular meetings are scheduled for the "last Wednesday night of the month, we think it is the duty of the School Board, when they change a date, to advise the public."

In a news release from the Assoc. this week, Mrs. Antoinette Appicella, vice president, declared "The School Board has suggested that since all its meetings are open to the public, those interested in informing themselves on education in the district should go to its meetings. We hope many more (than the 35 pledged) will come. By watching the School Board we may learn much that will help us in acting intelligently on our school problems."

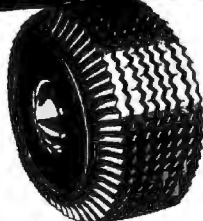

The Assoc. had given advance notice that the delegation of 35 was planning to attend the meeting so that the Board "could arrange to provide seating accommodations." The change of date to Jan. 28 was then noticed.

**ZONE HEARING TUESDAY**

OYSTER BAY—The Town Board holds a public hearing next Tuesday morning, Feb. 5, upon the application of C. M. Johnson Co. for a zone change on the west side of Bway a quarter mile south of Bloomingdale Ave., Bethpage.

**CURRENT COMMENT:**

# Definite Need For Taxi Control

By FRED J. NOETH

IF THE PROPOSED amendment to the Hicksville Parking Ordinance—which is the subject of a public hearing before the Town Fathers next Tuesday morning—is adopted, it will only be of interest to taxi cab operators. No one but taxi operators have been able to park in the location under consideration for many, many months.

The location is the east side of Jerusalem Ave. north for a distance of 135 feet from Herzog Pl.

Taxis have been using this short section of space at the station (after deduction driveway area for the gas station, it comes to less than 135 feet) as a supplemental hack stand. The only official hack stand in all of Hicksville, strange as it may seem, is the area open to about two and a half cabs on the west side of Jerusalem Ave.

We don't know the reason for the proposed amendment but, suspect it was dictated by the state or county authorities. The proposal, however, does focus attention upon mushrooming taxi operations around the station and the growing disgust of many local people with the complete lack of control over their operation.

Rarely a week goes by that we do not get a call from some person who has been charged an outlandish fee to ride in one of these cabs, or has been refused transportation to an address in the community, or in some way has been abused and possibly victimized.

We realize that not all the cab operators are guilty of the practices which come to our attention, but it would seem that the operators of dependable service would want to protect their industry from the rascals who are giving them all a poor reputation.

There is no local taxi cab control despite frequent requests to Oyster Bay Town Board for this simple protection which is available to the residents of every major population area—particularly the incorporated villages—in the county. And we have today over 25,000 residents.

Cab operators are not required to post fares in their vehicles, do not post identification cards, do not operate for the most part on a basis which gives the passenger some measure of a fair shake. When you step in the cabs at the Hicksville RR station you are completely at the mercy of the driver. If the trip is three blocks long and the driver demands a \$1, you pay and keep quiet. Another day and the same trip may be half that price. You may be a visitor to our community and with a party of three have the cabs take you to your host's home. You may have the experience of at least one visitor in paying \$1.50 or \$2.00 for yourself and the same amount each member of your party to ride four blocks down Duffy Ave.

We have been given the impression that the police are powerless to do anything for you, if you complain. There is no control, no standard rates, no licensing (other than that required of the State Motor Vehicle Laws).

Where all the cabs are going to stand now that the east side of Jerusalem Ave. is scheduled for "no parking" presents a question which can only be answered with the obvious—hereafter we will cross the tracks at Westbury.

## HERALD READERS HAVE THEIR SAY:

# Letter to Mr. Sill and Couple for Us

### CONGRATULATIONS

To the Editor:  
 I want to express sincere best wishes upon your completing three years as Editor of the HERALD. You are to be congratulated and certainly should be most happy to realize your ambition of putting out a newspaper which the people enjoy reading.

WILLIAM E. KOUTENSKY,  
 President,  
 Long Island National Bank of Hicksville.

### KUNZ IS HEARTENED

Dear Sir:  
 I would like to congratulate you on last week's editorial. It expressed, I believe, the thoughts of most of us and it is heartening to see that someone at least has injected some humor into all the banterings that have been going on for the past year or so. It certainly is hoped that the NLHO, too, will recognize the fallacy of their argument that we out here comprise no part of "Hicksville" but merely fall within "special districts" that bear no relationship with the community as a whole. Not being true, this argument tends merely to confuse the people and only prolongs the period of disassociation from which none of us benefit.

Perhaps, a continued effort for harmony will serve to bring us all closer to the day when we can work together in accomplishing the things we most desire.

Sincerely yours,  
 GEORGE W. KUNZ  
 Arcadia Lane,

### SHE LIKES HICKSVILLE

(Editor's Note—William Sill of 2 Bank Lane, Hicksville, recently challenged the "motives" of the NLHOA and its reason for existence since that being true, this such place as "North Levittown." Sill has not received a reply to his open challenge to C. C. Miller, NLHOA president, but did get the following letter from a woman on Walnut Lane who asked that her name be withheld.)  
 Mr. Sill has a letter available for inspection.)

Dear Mr. Sill,  
 I was very glad to read the article in the Mid-Island Herald about just what good in the NLHOA doing. I wouldn't belong to it if they paid me to.

During the summer I never got a chance to read the paper, with a small boy and new baby I didn't have the time. So my neighbor told me it was the time to go get our pool tag. I

told my husband and he said "Let's go" because he works nights and it was impossible for him to go Saturday or Sunday. So we went to the pool the paper said to and were there at the right time. After waiting 45 minutes, we decided to go to his home. My husband couldn't wait much longer because he had to go to work. He wasn't home, as we started to leave he pulled up in his car. My husband spoke to him about a tag application. He said he had none. We would have to go to the pool when he's there. I told him we were there. He said he was there all the time. So I told him he was a liar because we asked quite a few people and he wasn't there. They told us to go to his house. He told us it would cost \$1.00. I told him I wouldn't pay it because none of my neighbors had. Then he said to me it was voluntary. He said I would have to go to the pool Saturday and that he couldn't do anything. I told him I couldn't come Saturday. That while I was here, couldn't he give me a name and address I could write to? He said no and I said I'll find out. He said go ahead. And the only way for us to get a tag was for my husband to take a day off from work.

My neighbor across the street had two tags! And I couldn't even get one. He told me I should have come before and I should learn to read the papers. And I told him taking care of my two babies was more important than reading about other people's gossip.

He was a very sarcastic and nosy man. When I came home I called up the Township of Oyster Bay and they gave me a number to call. There they gave me an address in Hempstead to write to. A few days later I received my tag with an application to fill out and have the man at the pool gate sign. When I asked him to sign he said he wasn't going to and it wasn't important. But with my white tag I was always let in the pool. I got my tag without my husband losing a day's work.

I would not belong to their association because they claim they're out for our benefit yet they treat you like dirt. I don't remember the correct name of the man but it was in an issue of the Mid-Island Herald last summer.

Thank you for reading my letter. I also like the name of Hicksville very much.  
 Sincerely,  
 (Name Withheld)

## —Park District

(continued from page 1)  
 or more. (No operation cost figures are available on Levittown Hall.) If the pools in the Hicksville area remain in the Hicksville Parking District, the cost to the Levitt home owners would be about halved, and the population load on the pools would be more than doubled.

Regarding the school system, the South Hicksville Assoc. finds the "shoe is on the other foot," noting that some of those making vehement demands on the school board seem not to consider that we moved in on an existing school district with an existing plant largely paid for by the old time residents of Hicksville, and that the school board shirked neither responsibility nor expense in providing new newcomers with the best schooling available within their power.

"Any final solution should be based upon competent surveys now under way and not upon almost irrational demands for bigger and better schools," the Assn. believes. "It should be remembered that when the state pays part of the cost, it pays it from tax money, and that the balance, plus interest, would be paid by

the community."  
**Plan for Harmony**  
 The Newsletter, a forthwith declaration and demand for an end to "fusion" and "busing" apparently being generated in the area by other elements, is headlined with the question: "Will peace and harmony be denied to us?"

Guest speaker at the meeting, according to Arthur Isakson of 51 Arcadia Lane, president, will be Victor Orgie, DDS, of 4 Table Lane, discussing the advantages and disadvantages of adding fluorine to the local water supply to control decay of children's teeth.

The audience will hear committee reports on recent Assoc. studies of corrosion in water supply piping and fixtures the continuous fight against creation of a commercial zone abutting the Levitt homes on the north side of Walnut Lane and Jerusalem Ave. and the roving packs of uncontrolled dogs.

Demonstrating a further desire to serve, the officers extend an open invitation to all home owners of the Levitt area in Hicksville to forward their comments, suggestions and recommendations for action on civic matters, addressing such comments in writing to PO box 448, Hicksville.

AUXILIARY NEWS: Helen Gray has been appointed the new Liaison Officer of the group. She will be the contact between Post and Auxiliary. I understand that according to President Emma Maxey, more ladies are coming into the Auxiliary, and one of them is Mrs. Patton, wife of our Adjutant. NICE

TO KNOW: That Tony Chayka, Fire inspector, is giving the AMVETS a helping hand. Chayka contacted this columnist and told him if there are any partitions put up at the new club room, they must abide by the fire laws. (A White Clover award, old man.) AMVETS National Headquarters will move into their own building on April 1st. As of January 1st, AMVETS has organized 16 more new posts. SORRY TO SEE: That the Legion post has voted in a body against each vets organization having one officer in the Council. I do hope sincerely that this isn't the beginning of a long series of bickering. REMEMBER: April 19, Second Annual Welfare Ball to be held at the Masonic Temple. Music by Val Himer and his orchestra. On Feb. 7, the club will be open for veterans, both of the post or non-members who wish to sign up as members of the newly organized "Journey's End Club."

DID-JA KNOW: Bob Hattenback, former members of AMVETS 44, will soon be released from the Air Force and will come back into the fold. That a strict set of rules will be set up for the new meeting hall. More cars are being seen with AMVETS stickers than ever before. . . . That the evening of our Welfare Ball, Post 44 will be 2 1/2 years old. That Harold Russell, former National Commander of AMVETS is vice-president of the World Fund, Inc., which is the fund-raising arm of the World Veterans Federation, and Elliott Newcombe, former Executive Director of AMVETS, is its secretary-general. The Federation has 82 organizations in its membership from 14 nations, totaling 14 million members. The Blind War Veterans, The Disabled American Veterans, AVC and AMVETS are members from the United States. Until next week.

A million men were marching then,  
 When the clouds of war were black,  
 But only half a million men  
 Came marching slowly back.  
 JIMMY COOLEY.

## Women Voters Study Education

The unit meetings which the Levittown League of Women Voters held this month attracted a large attendance, it was reported yesterday. The program consisted of a brief survey of the governmental and public service organizations in Levittown, and all units decided that the school problem requires first consideration. Accordingly, the Local Study Committee, headed by Mrs. Ivan F. Barnes and Mrs. William M. Doherty, is beginning thorough research into the education system.

The subject of the next general meeting, scheduled for Feb. 20, will be the education problems faced by local Leagues in other areas.

The next unit meetings are planned for early in March.

## You brought him back alive . . .

Out of every 100 wounded American servicemen who reach the most forward hospitals in Korea, 97 are being saved.

If that sounds like a statistic, remember that it's based on flesh—and blood. Your blood.

Among the 97 that your blood can help bring back alive are such statistics as the tall, skinny kid on the next block . . . the husband of the woman you met in the grocer's . . . or someone with the same mail address as yours . . .

Remember, too, that the need for blood has never been so great.

Today, your Armed Forces are short 300,000 pints of blood a month. Precious reserves of blood and plasma are vanishing at an alarming rate.

We tell you this because we don't think you have to be coerced or coerced into giving blood. We think that, like many good Americans,

you probably haven't realized how serious the situation is:

Knowing that it is serious, we know you're going to give blood . . . perhaps, even made a date to do so already.

Please keep that date. You'll find yourself in swell company . . . because everyone is rolling up his sleeves these days, from the millman to the mayor.

Get on line with them now . . . the effort required is negligible, the reward beyond any estimation. The blood you give today saves someone's life tomorrow!

What Happened to that Pint of Blood  
You Were Going to Give?

By JAMES CUMMINGS  
In furtherance of the Civil Defense program in the Hicksville-Flamsvlew area, the Air Resd Warden Post for the North West area has been established. This will be known as Area 1, District 1 and will cover the following: West side of Burns Ave. to Wantagh State Parkway (Hicksville side) and West John St. to Jericho (16th Street). Leaders: Schuidner of 203 Princess St. has been announced as Post Captain. He will be assisted by Henry Steinmann of 208 Ohio St., both of whom reside in the Spiegel Ranch Homes.  
George McCarthy, president of the North West Civic Assoc. urges all to get behind this important function of the CD program, the need for these wardens is great as well as for the other voluntary jobs available under this current setup. Applications may be secured at the following for the con-

venience of residents in NW: 203 Princess St., 208 Ohio St., 89 Mycena Ave. or at the HERALD office, next to the Post Office. ## BETWEEN DUFFY AND OLD COUNTRY:

# Model Builders 'Compete' With LIRR

Hi Folks:  
Forgot to mention last week that CAROL ANN DIETERICH of McAlester Ave. was visiting her grandmother in Ozone Park. A few boys in Duffy Park are giving the LIRR a little competition. BOB PAULSEN and BOB RENNERT of Mayfair Lane and TIM STEVENSON of Suggs Lane recently formed a Model Railroad Club—which they are going to call the P. R. & S. (last names of each of the gentlemen). Good luck on your new endeavor, boys.

AUDREY BIRD, formerly of Mayfair Lane, paid a return visit there last week. Audrey moved to Chicago and is now moving again to Jacksonville, Fla.

The RENNERT family of Mayfair Lane have two birthdays coming up. DADDY BOB on February 3 and MOMMIE ANNE on Feb. 4. Happy birthday to you both.

Little GARY GATTERDAY of McAlester Ave. will be a year old on Feb. 1. What—notary Gary? ANN DIETERICH of McAlester Ave. had the last meeting of the Friendly Circle Club. Everyone always shows up at Ann's because she has such delicious refreshments. I understand these girls are planning an excursion to New York in March to see "Guys and Dolls."

Wonder what's the name of that new waitress who lives on Meade Ave.?

The girls in Duffy Park are really on the beam nowadays. It seems they are having a round of bridge and canasta parties for the benefit of the new Convent Fund for St. Ignatius Loyola Church.

Each girl contributes 75 cents to the hostess, who turns it over to this new fund. The hostess also serves coffee and cake. MRS. ANDREW NOVELLANO of 15 Mayfair Lane, hostess at last week's party, informed me that most of the girls gave \$1.00 instead of 75 cents.

Ladies present at Mrs. Novellano's bridge and canasta party were Mrs. WILLIAM MAHER, Mrs. ROBERT RENNERT, Mrs. ROBERT PAULSON and Mrs. WILLIAM HITCHEN all of Mayfair Lane. Also, Mrs. JAMES STENSON and Mrs. ALFRED SCHALL of Suggs Lane. And last, but not least, from Nicholas St. MRS. EVERETT LERCH, MRS. HAROLD MATTHEWS, MRS. RAYMOND FRANCIS, MRS. HOWARD MCGOWAN and MRS. JOSEPH KRIBB.

I think these ladies should be given a lot of credit for starting such a round of parties for such a worthy cause. Maybe it will give others incentive.

I noticed JOE HORAN floating around Hicksville Park last weekend. Nice to see you back Joe.

Before closing, I'd like to mention that our Editor, FRED NOETH, gave a wonderful party for his staff and I'm sure we all wish him continued success for many, many years to come. I enjoyed meeting all the other members of the Mid-Island Herald staff.

Bye now and thank you for your calls — Let's have more of them.  
DORIS WERNER

## VISITORS FROM PENNA.

HICKSVILLE—This community and Levittown Centre were visited last week by a delegation of business men from the vicinity of Bristol, Pa., which is adjacent to the new community under construction there by Levitt & Sons.

VA, Subsistence and Tuition payments made to students and trainees under the GI Bill, Housing grants to paraplegic veterans. Compensation received as POW's for the time they were interned, NSLI dividend payments, US Government Life Insurance dividends, Terminal Leave Bonds and readjustment allowances. Act now if you have any problems concerning the above. Contact the VA office in Mineola for guidance.

BETWEEN ISSUES we learned that Mrs. Dorothy Robinson is home from Mercy Hospital with her son, Christopher Jeffrey, born on Jan. 18. The Robinsons also have a daughter, Dorothy Ann, four years old. Congratulations to you both. Plans for the completion of the Burns Ave. School by this fall very possible depending upon the weather. A new Western Union office will open tomorrow (Thursday) at 172 Bway for your convenience. Keep in touch with town topics — learn the facts about the Park and Parking District problem — if the district is split it will probably mean higher taxes. Former Astorians will be glad to note the race for vacancy in 1st Assembly District — two young attorneys are running — Tom La Fuci vs. Tom Leahy. It was great to hear that Tom La Fuci, very good friend of mine for years, was nominated. Just goes to prove it's not who you know — but what you know. Don't forget the next monthly meeting of the NW Civics is on February 5. Remember to read the HERALD, the newspaper you can count on. Until next week.

## The Legionnaire

The smoke was heavy at the last meeting, heavy from cigarettes, cigars and pipes that is, of the largest attendance at a regular Monday night meeting in a long, long time. It was quite reassuring and we trust a sign of bigger and better things to come.

We are going to take a little time out to present a few extracts from the American Legion Legislative Bulletin which should be of interest to all veterans regardless of affiliation.

On the UMT the bulletin has this to say—"The American Legion and its affiliated organizations, as well as all others who believe in a system of UMT as the core of our future national security, must now speak forcefully and loudly if we are to win in this great fight. Tell your Senators and Representatives that you want UMT without further delay. That is important! It is the best help you can give." Included under Legion Legislation, there are seven new bills, some of which we'll discuss in future columns. One which affects a great number of veterans, however, is HR 5894, which would grant death pension eligibility for widows of World War II and Korean emergency veterans on the same basis now applying to widows of veterans of World War I.

Next week, look for word on legislation now before Congress. **OPPOSED** by the Legion!

Tickets are already in the hands of Legionnaires, for the Valentine Dance on Feb. 16 at the Hall. With music from 9 to 1, the donation amounts to \$25 per person per hour to have yourself a bang-up time. Don't pass it up. Chairman John Nees is counting on the best Valentine dance crowd ever.

## Charles Wagner Post No. 421, American Legion

We smoked a very good cigar after last week's meeting. Same was proffered by Rudy Bouse in a wrapper marked—quote, "It's a boy," unquote. Congratulations, Rudy . . . The new Bouse heir means Rudy will resign from the Vets' Council, but he expects to continue with all his other activities.

The table-top project reported in last week's column was completed by Jim Carter with a big assist from John Nees. Looks good, and Ernie is happy! . . . One of those PBC sponsors became a Legionnaire last week—Paul Gerech—and Legionnaire Jack Rondeau will attend his first meeting of the PBC on Feb. 20 . . . Check-up last Sunday revealed no news in the "News and Views" box.

Membership is climbing up rapidly, keeping Al Carpenter on the hop. New Legionnaires coming in the Post last meeting include Harry McCarthy, Frank Heller, Jerome Harding, John Marshall, John Dobson, Art Gerdes and John Hannon. Out of town members whose renewals have been received to date include Carl Sunderstrom of Manhattan, Emanuel Halper of the Bronx, Bill Thompson from Brooklyn and Felix Land, now residing in West Palm Beach, Fla.

Before we close, let's remember the Industrial Home for the Blind. Ernie Gundlach reports books will be sent to each member and they are \$1.00 each. It is requested that all unsold books be returned to Ernie at the clubhouse no later than March 1, so additional efforts can be made to dispose of them prior to the drawing at the St. Patrick's Day dance.

It's time to renew for '52!

BOB MANGELS.

2 STEPS TOWARD INDEPENDENCE

### Try Working a Budget

Best way to lay aside money for savings is to have a budget, in which you allot a given proportion of your income for food, rent, health, amusement, schooling AND SAVINGS. Make it flexible enough so it will really work. Lay your savings aside out of it FIRST.

### Decide What You Are Saving For

What do you want out of life? A better education? Travel? A home? Eventually retirement? Or all of them? Start your saving program with your goal in mind. It makes sense out of saving. And it also helps you to figure out how much you'll need to save.

### HICKSVILLE GABLES:

## Ever-Loving Spouse Gets An Apology

By RUTH SCHULZ—HI 3-2649E  
First of all, I must retract a statement made last week about receiving just a card for my birthday. My ever-loving spouse took me over to the Sunrise Village in Belmore for dinner and the evening. With us were my brother, GEORGE KOCH, and his fiancée, Miss ELEANOR SMITH, both of Franklin Square. We all had a wonderful time although our pocketbooks are somewhat flatter.

The guests included CHRIS and DOUG ARLET, JOHNNY MacKENZIE, EDDIE KATHY and MARILYN PHELAN, KENNY PARKER, BILL and CAROL SEITZ and BUTCH COOPER, all of Hicksville. Also present were GAIL and TOMMY SWEENEY from Levittown and last, but not least, Paula's baby brother, DONALD.

## Lutherans to Dedicate Chapel Feb. 24

(Continued from Page 1)  
Plainview, 500 yards from Old Country Rd. It is the hope of Trinity Lutheran Church that in view of the vast building program now underway in the community that within a period of no longer than two years, the

the Plainview Chapel will call its own pastor.

Today there are 64 children in Trinity Lutheran nursery school who reside in the area east of South Oyster way. There are also over 90 communicant members in the area and prospects of well over 100 in addition to the many who will occupy dwellings being constructed.

The cottage house has not been occupied for about a year. Volunteers of the congregation have been busy redecorating the entire interior of the 9-room brick house. Renovation of the landscaped grounds outdoors will take place in the Spring. No interior or exterior structural changes are contemplated, Pastor Stammel said.

Al Heuer, active member of the church council, is now constructing an altar and altar rail which will be located in a large central room which is visible from four other rooms on the same floor.

An acre upon which the house stands is surrounded by an Anchor fence. There are orchards and extensive farm lands. Even before final title was taken to the property, about nine acres were planted in wheat by Al Bergman, his son Ralph, Charles Thorman and Dick Bergman. The church expects to have a good stand of wheat when Spring comes.

Sunday hours for services at Trinity Lutheran Church on W. Nicholas St., Hicksville, will be adjusted to coincide with the services at the new Chapel. Morning services will be at 8 and 11 A.M. at Trinity and 9:30 A.M. at the Chapel. Sunday School will be 9:30 to 10:30 at Trinity and 10:45 to 11:45 at Plainview Chapel.

## School Board

(Continued from Page 1)  
Rd. and Dutch Lane streets will begin in a week or two. It is hoped that these four schools will be ready by September.

The only grade school plans on the architects' drawing boards at this moment are for a proposed 20-room building for the North East section of Hicksville. Architects are in Albany this week to discuss the lay-out of this structure with the Building and Grounds Division of the State Education Department. Cost of the building and date of its completion have not been determined.

Size and facilities of a proposed high school building have not as yet been determined. Before any decision on these two factors can be made, the Board plans to study recommendations from Education Department, Columbia Institute of Field Services, architects Knappe and Johnson, the superintendent, principals and high school personnel.

The cost of the proposed high school has not been determined, and until all relevant material has been studied, no figure of reasonable accuracy can be set.

Regarding the federal approvals on steel allotments, Mrs. Sutton said "prior notifications from Federal authorities had indicated that no grants were to be made for the first quarter of 1952. The reversal of this decision resulted from a meeting in Washington attended by Knappe and Johnson, architects for the district, and representatives of the Division of Civilian Education Requirements.

All contractors have been notified to proceed with construction work as soon as possible. The four structures and Lee Ave. School, all scheduled for Fall occupancy, will provide 58 general classrooms and six kindergartens, it was noted.

**COUNCILMAN WALL**  
Daniel W. Wall, member of Oyster Bay Town Board and former mayor of Massapequa Park, died early Monday morning at his late home. He will be buried (tomorrow) Thursday. He was 55 years of age. He had been named to the Board in 1948 to fill the vacancy caused by the death of Judge John W. Anderson.

## Offer Equivalency Diploma to Adults

**BETHPAGE**—A course to enable adults to earn a high school equivalency diploma will be offered soon in the Bethpage Adult Education Program, it was announced this week by Arthur Bunce, local director. Anyone interested in the course may register at the Broadway School in the evenings.

Classes started in the Broadway School on Jan. 15 and due to the heavy registration classes are held every night of the week. Registrations are still being accepted for the following classes: Woodworking on Monday. Upholstery, Physical Fitness (men and women), Woodworking and Everyday English on Tuesday. Woodworking, Standard First Aid and Slip Covers on Wednesday. Ceramics, Drawing Is Fun and Square Dancing on Thursday. Physical Fitness (women), Ceramics and Attic Refinishing on Friday.

**FORMING YOUTH GROUP**  
**HICKSVILLE**—Dr. Harold E. Hammond of Blueberry Lane is acting as chairman of a group to consider organization of a local "youth council." Many members of the former Clean Literature Assoc. have volunteered to assist in the program. Its purpose will be to coordinate civic, church, service and educational efforts serving community youth.

**CHECK FIRE POLICIES**  
**HICKSVILLE**—Property owners of the district are asked to check their fire insurance policies on their dwellings, furniture, etc. to be certain they designate Hicksville Fire District as the location. The local vamps receive a portion of the state tax upon policies written in the fire district for local benevolent work, according to Daniel Munch, treasurer of the Vamps Benevolent Assoc.

## NORTH EAST REPORT: Our Herald Celebrates 3rd Anniversary

By LEE CHANIN — HI 3-0859E  
Last Saturday the HERALD began its fourth year of publication with a party for the staff. Refreshments were served and corsages were given to the ladies.

I got a big kick out of meeting my fellow columnists for the first time. It's nice to know the people you work with. I'll be reading the columns from now on with even greater interest than before. It would be nice if we could get together more often.

Incidentally, we also had group pictures taken to commemorate this auspicious occasion, so, assuming that one of them will be printed, it will enable our readers to at least know what the different members of the staff look like. Here's wishing Mr. NOETH many more years of bigger and better publications.

**CHANGE SCHOOL HOURS**  
Monday was the start of the second half of the school year and subsequently a change in school hours for the grade children. This means that LESLIE will now be

going in the morning and will at long last have a few hours of playing time outdoors. The business of switching the attendance time of the 1st to 6th graders of public school is certainly a break, particularly for those children who have the afternoon session. There just hasn't been much time for them to spend in the fresh air. It was often much too cold for them to go outdoors in the early morning, and by the time they'd get home in the late afternoon, it was getting too dark to stay out. So, the change-over is a good equalizer.

**GET WELL WISHES**  
HOWIE THOMPSON of 11 Violet Ave., is on the mend after being laid up with chickenpox. Hope you'll be back in school before long.

TONY SPACE, of 4 Dorothy St., was ill with a virus infection for a while. Hope that's all over now. Our good friend, BEN LEVITT of the Saddlery, 66 Broadway, is recuperating from a serious operation. Here's wishing you a speedy recovery and lasting good health.

paper for salvage. If you have any that you want picked up, please call and let me know, as a definite address will hasten matters considerably.

A glance through my little black book containing records of the form letters recently received by you in Hicksville Gables, shows me that it was the first birthday of EVELYN MORRIS of 5 Gables Drive on Jan. 22. Evelyn's two older sisters, ELAENE and BARBARA helped make it a happy day, by giving their little sister presents of their own choosing. Mr. J. MORRIS, the girls' daddy, is a rather busy man these nights teaching two courses sponsored by the Adult Education program. He is currently instructing classes in Practical Psychology and another in Foremanship and Supervision. The first of the above sounded highly technical to me, but Mr. Morris informs me it is invaluable not only to people in the business world, but any average person wishing to understand the other fellow a little better.

Mrs. EVELYN KEPLER of 24 Gables Rd. is captain of the Hicksville Gables section in the March of Dimes fund drive.

MR. AND MRS. JOHN HARTMANN of Farmingdale Rd., Plainview, celebrated their 25th wedding anniversary on Saturday, Jan. 26, with a dinner party at Corte's Restaurant for 35 guests. ### OFF SOUTH BROADWAY:

## Those Roaming Dogs, Kids, And Victim

"Rain, when you going to rain again, rain?" Guess I should bite my tongue, huh? But anyhow it does give me something to write about, anyway—and believe you me, material for this column is getting scarcer and scarcer. Could I write about those roaming dogs, though. The situation is getting worse every day. Where do they all come from? Every size and shape, every type of breed, half, full and ill—oh, kids, must you bring them all with you when you come to the bus? Some of them hang around till the kids come home from school to meet them.

Mrs. WHARTON of Lee Ave. called me the other morning to let me know that her husband was bitten by a large dog on Lee Ave., near Broadway, when he was coming home from work. Something must be done about this awful situation.

Boy, am trying to recuperate from my hectic weekend. Saturday morning Marty and I took IVA and PAUL to the Bronx to visit my mother. HOLLY is too grown up to chase after her mommy. After all, she is 7, so she stayed in Hicksville and went to the Brownies. We had to be back in Hicksville by 2 o'clock for the HERALD open house. Friend MALLETT was to take our pictures at 2 o'clock sharp. He did arrive about four, "Better late than never." Had a wonderful open house party—beautiful coagles and all.

Sunday had a birthday party in honor of my Iva's 5th birthday. It was the usual—just for the family—but that makes quite a houseful. We have 9 adults and 6 children here. Never have to worry about baby sitters.

Master BUTCH RANKIN of Lee Ave. spent the weekend in Hempstead visiting Mr. and Mrs. WHALLEN.

Mrs. FLORENCE FRAME of Lee Ave. is staying with her mother, Mrs. CARLSON in Mineola while she is awaiting the arrival of Sir Stork.

Say, does anyone need a baby nurse? My friend, MIRIAM BERTIN of 42 Fireplace Lane is an excellent practical nurse. She will accept any type of a case and is highly recommended by many local doctors. She has a wonder-

ful way with sick people, especially children, as she also taught kindergarten. She has been connected with the FRANCIS SEIGEL SCHOOL in the Bronx. Her phone number is HI 5-7872W. So, when you are in distress, give her a ring.

Mrs. HARBET WOODS of Lee Ave. was hostess in her home at a Stanley Demonstration last Thursday. Mrs. ELISE MAAS was the demonstrator. Guests were: GINNEY VARCA, AGNES SACCO, DOTTIE RANKIN, GLADYS COCKRAN, DOTTY HAWES, AGATHA CHASE, MARGE CAVA, MARY SCHEM-EIL, HENRIETTA ELCZER, MABEL TEUBNER, EVELYN BUCKHOLZ and SUE REIL-AND. Everyone had a very good time and the refreshments were supreme. GINNEY VARCA won the door prize.

Little Miss SHEILA BUD-NIK of Division Ave. celebrated her 4th birthday on Sunday with a party for the family. Her Uncle Lew Rudnik came all the way from N. Y. C. to spend the day with her.

You know MIMI has been going to the city, quite often to visit her father, who is ill in the hospital, and she told me of a very pathetic case. A little boy of about 11 has been a patient for over a week and hasn't had one visitor. The nurses are wonderful to him but it still doesn't make up for what is lacking. He seems so alone. It would be wonderful if we would all send him a get-well card or a comic book—you know, something small that an 11-year-old boy would like. Here is the address: SAUL BOMAN, Hospital for Joint Diseases, 1919 Madison Ave., New York N. Y., Ward K.

Mr. and Mrs. JACK BRANT and children, ROBERT and JACKIE of the Bronx were the week-end guests of Mr. and Mrs. HENRY RAUSTON of Spindle Road.

By the way, did you make your appointment to give blood yet? BUNNY.

**HERE'S how—to finish joints in SHEETROCK**  
**APPLY FIRST CEMENT COAT.** Use only joint compound recommended by the gypsum wall-board manufacturer, mixing it to putty-like consistency according to printed directions. Using a broad knife, apply cement into the channel formed by recessed edges of adjoining boards. Use moderate pressure, filling the channel evenly. Cover all vertical and joints with cement in a similar manner.

**IMBED REINFORCING TAPE.** Apply reinforcing tape to full length of each joint, centering it over the joint. Use moderate pressure on broad knife to imbed tape in cement. Remove excess cement, then cover the tape with a thin coating. Vertical end joints are treated in the same manner. At this time, all nailheads should be concealed by "posting" with cement as later mentioned.

**SECOND and THIRD COATS.** Apply second coat of cement, feathering edges out as far as necessary to obtain a smooth, even surface. Cement is applied to end joints in the same way, but feathered out a few inches farther. A third coat is recommended, and the surface should be left as smooth as possible. If necessary, sand joints lightly when dry, avoiding heavy pressure which might scuff surface.

**NAILHEAD CONCEALMENT.** Before concealing nailheads, certain that each board is tight against the framing and will not move on shanks of the nails. Fill depressions surrounding nailheads with first coat of cement. After drying, a second coat is applied. For better concealment, a third coat is applied. For better concealment, a third coat is recommended, left as smooth as possible. If necessary sand joints lightly with fine sandpaper.

**FINISHING CORNERS.** There is little difference between finishing corners (both inside and outside) and flat joints. The exception is that the tape is folded lengthwise down the center to fit the corner. These joints are also treated with three coats of cement, feathered out and left as smooth as possible. If necessary, sand lightly with fine sandpaper without scuffing the board surface. Ask to see sample of our new metal corners for extra reinforcing.

Ask for free booklet. — Stop in, look over our new Wallpaper and paint selections for your finishing materials—they're terrific.

The smart money is now satisfied that Hicksville High has topped the crest of its basketball prosperity.

The oft-used expression is that the Comets have been "wrecked" by the loss of five players via mid-year graduation.

Even the great respect that is held for Dick Alcock fails to soften those who predict dark days indeed for the Comets.

Of course Hicksville should expect a letdown from the heights realized during the past two and a half campaigns, which show the present record of 40 victories against 7 losses.

That is an '851 clip and, matched against the record of 3 wins and 81 losses for the combined '48 and '49 campaigns, it indicates the marked reversal Chet Jaworaki has brought about for Hicksville basketball.

Hicksville fans now hope for seasons of success varying from good to excellent, although level-headed thinkers realize that in schoolboy athletics the cycle demands an extremely poor season now and then.

Hicksville has six contests left on the 1952 schedule. We feel that, despite the radical change in personnel, that the Hicksville coach is not convinced his team is entirely "wrecked" and that Hicksville's accomplishments for the remainder of the season will measure up very well. Alcock and Stan Kellner are the only regulars on the squad and much depends on Joe Olsen, John McCarthy and Richie Evaschuck.

They get their first test Friday night. Fortunately, it is not a severe one since visiting Sea Cliff is not a powerhouse and even with Hicksville's body shaken, the Comets stand a good chance of winning on their home court.

We make Hicksville a six point choice over Westbury, and we hope we are just as close by calling the Comets 62-51 over the Cliffmen.

Hicksville Field Club fans who had hoped to see Jack Kogel on the local gridiron next fall will be disappointed to learn that the breakthrough halfback will not be around to perform for the Black and White in 1952.

The leading scorer on Hicksville's 1951 Long Island championship team has transferred from Manhattan College, where he was majoring in Engineering, to Valparaiso University in Indiana.

The Indiana school has one of the best football records in the country, having just completed its second undefeated season to run its unbeaten streak to 27 straight victories.

Another star Hicksville athlete has switched alma matas during the mid-term recess. Elias Stetz, acknowledged as one of the best defensive football players to play for HHS and voted the outstanding athlete in the Class of 1950, has transferred from Colgate University to the Colorado College of Mines.

Stetz played Freshman ball with the Red Raiders last fall and was used mostly on the defense. However, the exact course of study he wished to pursue was not available at Colgate and on the advice of authorities there he sought enrollment at the western school.

The departure of Harry O'Mack, Harold Manaskie and Doug Jones has left a big dent in the Hicksville High School's starting varsity, but the sadness in the halls of HHS has brought some smiles for those interested in keeping club basketball alive in the community.

With its star center, Ted Schwarting, awaiting a call from the Coast Guard at any moment, the Hicksville PBC Alumni would have been counted out of the Alliance League race had not the high school players become available to it.

The Amateur and Alliance Leagues, realizing that many high school boys would lose their eligibility via the eight-semester rule, has allowed rosters to be opened during the first week in February so that club members could add new players.

Schwarting actually cannot be replaced for his real value to the Alumni. The fluid center has developed into a brilliant operator and continues to improve week by week.

Already he leads the Alliance in scoring and he could have had a wide advantage in that respect had his mates taken full advantage of him.

However, the addition of O'Mack and Manaskie and whoever else Steve Ruggiero adds to the roster will be enough to keep the PBC in contention for a playoff berth.

The only problem Steve has now is to keep his rather large squad happy and still win ball games.

## Sports Night Set For Feb. 15

HICKSVILLE Sports Night, including, acrobatics, etc. is planned by the Junior High School boys and girls will be held at the high school gym on Friday night, Feb. 15, at 8 p. m. An exhibit of gymnastics, acrobatics, etc. is planned by 125 boys and girls. Parents and friends are invited to attend, according to Leon Galloway, principal.

# Cliffmen Visit Friday Hicksville Rips Westbury 60-52 For 4th Straight Over Green Wave

WESTBURY — Hicksville High was chased all the way here, Friday night, but its departing Seniors pulled the Orange and Black to its fourth straight victory over its ancient rival, 60-52.

Graduating Harry O'Mack, Harold Manaskie and Doug Jones paced the Hicksville attack and got a big second quarter assist from Joe Olsen. Jones was high man with 16 points, garnered mostly in the early stages of the contest, Manaskie popped in 15 and O'Mack 9 points.

The Comets weren't as good as they should have been and with Dick Alcock sinking only four foul shots their potential points production was considerably off.

In the old gym which is enjoying its final days, Hicksville was pressed the greater part of the time but built up a 16 point lead in the last quarter that the losers could not overturn.

### Chairmen Here

With only Alcock and Stan Kellner remaining, the Comets new club will see its first action against Sea Cliff Friday night at Hicksville.

One of those expected to be in the starting lineup is Olsen and he hammered in three driving shots against Westbury that threw the losers back after they had drawn within 5 points in the second stanza.

Hicksville forged ahead 16-8 at the quarter, lead 30-22 at the half and was in front 44-34 after three periods.

It was the first time in 26 years O'Mack was victorious on this floor two years in a row. Last year was the first time that Hicksville was able to dump the Wave twice in one campaign.

## Outdoors Today . Throw Another Log on Fire

In the rural areas and smaller centers of population in New York State, wood is still important for home heating even though its use has been declining since the thirties. Frequent stoking, uneven heating units designed solely for chimney flue, and the rising cost of wood have all played a part in the switch-over from wood to coal or fuel oil, even by woodlot owners with "wood to burn."

**CALL FOR VOLUNTEER WORKERS:**  
**St. Martin of Tours Needs 350 To Raise \$200,000 for School**

BETHPAGE—An appeal was made today for 350 volunteer workers for the St. Martin of Tours \$200,000 parochial School Fund Drive by Father Michael J. Hartigan, pastor of the parish. The call for volunteers is the first step in the drive to build a beautiful and much-needed school. These men will conduct the house to house campaign thru-out St. Martin's parish.

Father Hartigan made his appeal for workers after weeks of meetings with a 42-member Executive Committee made up of men from the parish. Father Hartigan said: "The support and enthusiasm shown by these men in our preliminary meetings convinced me that the good people of St. Martin's will do all in their power to help bring this desperately needed parochial school to Bethpage."

Building plans call for a school with 12 classrooms, a doctor and nurse's room, a principal's office, a teachers' room, a library, cafeteria, kitchen, an auditorium and a gymnasium. In discussing the need for a gymnasium, Father Hartigan stated that the gymnasium was a necessary part of the plans and consistent with the Catholic concept of education to "train the whole man—his spiritual, mental and his physical powers."

St. Martin's parish is in the Bethpage-Hicksville-Levittown area and has experienced tremendous growth in the last few years. Recent census figures indicated that there were over 900 children of Grammar School age and 1400 children of pre-school age within the parish boundaries. At this time there is no parochial school for these children.

Father Hartigan named his assistant, Father Sylvester McNamara, as Moderator of the Parochial School Fund Drive. In assuming this assignment, Father McNamara was particularly impressed by the fact that the parishioners themselves felt the need for a parochial school.

Father McNamara said: "It is inspiring, in these times when the church is under attack, and our parochial system being challenged, attempts being made on all sides to divide the priest from his people, to find truly Catholic men and women calling upon their priests to offer financial aid to build a Catholic school so their children can obtain a Catholic education. They realize that their children are faced with a completely secular education unless something is done and done now. With people like this in our parish, our campaign will certainly be successful."

**ENLARGE FACTORY**

**FUN NIGHT AGAIN**  
 If, by some chance, in the wee hours of the morning after Jan. 26, you heard groans and moans and "Oh, my aching back" it was only the entertainment committee of the North Bethpage Civic Association looking up their club-house. The cause was fun night. The entertainment committee is a group of members who spent all month digging up diabolical ideas for fun night.

Music for dancing is recorded but live music is furnished by a swing quartet: Mortimer Husted, bass; Eddie Jack Strong, piano; Tex Surprise, guitar and Bill Benintendi, clarinet.

In the audience participation games, many people were winners and there were lots of losers. Winners in the Balloon dance were Ed and Claire Skellington. As usual the girls won the broom dance.

"The Thing" was correctly guessed by Gladys Oliveri. The clue furnished was "With a tender, caring it would slick up a miss."

A beauty make-up contest was won by Pic, Julio Alvarez of the Marines. He was beautified by Sonia Burmeister. Second prize went to Ed Skellington who was sneered up by Madeline Granberg. The judge was Felix Granberg.

Not to be outdone by the fashion world was the dressing circle last Saturday night. In a race against time, the men dressed as women and the women as men. The winners were Jim Manolotis and Ace Ernest and the net result was hilarious.

**BRIAR PARK, PLAINVIEW:  
Home Owners to Vote on First Officers**

By ETHEL MOONEY—HI 2-2423  
Isn't this weather terrible? It's supposed to be winter but I've a couple of flower beds full of hyacinths, Tulips and Daffodils that are out of the ground. I've even got a crocus in bloom. All we need is one real dose of winter weather and all my Autumn gardening efforts go down the drain, not to mention the cost of those bulbs. I don't like the cold weather, but I'd surely prefer it to this half-hearted winter we've got now.

The ladies of Briar Park will be glad to hear that the new market on Old Country Rd. will open Wednesday, Jan. 30. I'd like to

give a hearty cheer. At least now I can get to shop outdoors and with less danger of being out of something for weeks on end. Jim will be delighted. One chore he really detests is having to visit the Supermarket on a Saturday morning if Jimmy is sick and I can't get out. Now, he can watch Jimmy and I can take the wagon and go. Of course the best thing would be for me to learn to drive. I've had several learner's permits and can drive pretty well, but haven't the nerve to take the test. I guess Spring will have to cure that.

The Briar Park Home Owners Assoc. will have a meeting this Thursday, Jan. 31, at 8:30 p. m. The membership will vote on their Constitution and if there is enough time will also elect officers. In the future, the meetings will be held on the second Thursday of every month at the school.

The Marmetto Hill P-TA is having its meeting on Thursday evening, Feb. 7 at 8 p. m. This is going to be a very special meeting since it is Founders' Day. There will be a Candlelight Ceremony called "Day of Memory." Also, there will be a play entitled "Mothers are like that." The cast for the play is as follows: Mrs. Ross Delamain, Mrs. Virginia Gogman, Mrs. Lillian Sauter, Mrs. Helen Baumeister, and Mrs. Dolores McLaughlin and Irene Weber, Dennis Cassidy, Mathew Farrar, Joseph Koerner, George McLaughlin and Rudolph Bruno. Members are requested to bring in the ticket money for the card party being held February 14. St. Valentine's Day evening at 8 o'clock. By the way, everyone is invited to the card party. Almost every card game you can think up will be played and they have numerous prizes. Even some of the youngsters might be able to come. Any from about the fifth grade up could play buncie if nothing else. That would solve the baby-sitter

**METHODIST CHURCH**  
On Sunday, Feb. 3, the Church School will hold two sessions. The first session will meet from 9:30 to 11 A. M. The second session will meet from 11 to 12 A. M.

The first session will be for children from nursery age thru the second grade. The second session will be for children from third grade through Senior High School.

Sunday, Feb. 10 at 9:30 and 11 A. M. Mr. and Mrs. Lorenz Graham of Corona will speak at the morning worship service. Mr. Graham is a former missionary to Liberia and is now director of youth activities in the African Methodist Church of Jamaica. Mrs. Graham will speak concerning Bethune-Cookman College, Daytona Beach, Florida.

A Family Night Program will be presented in the church Sunday evening, Feb. 17, at 7:30 o'clock.

By the way, do you need a baby-sitter? You could call on JOAN RIOSKOWSKI of 23 Virginia Ave. Joan sat with Jimmy last week and the two of them had such a good time that Jimmy has been asking me when she's coming to play with him again. Her phone number is HIcksville 3-0575M.

The former president of our school board is coming back to Plainview. Joseph Arena, who has been in California for his health, is opening up the dry-cleaning shop at our new shopping center. He expects to open sometime in February.

Vera Lauterbach, who has been covering Virginia Ave. for the March of Dimes tells me she got quite a few snubs while making her rounds. If you're broke, say don't be rude. The people who are collecting are giving up their valuable time to help a really worthy cause, and that surely is no reason to be mean to them. I'm sure you wouldn't be rude to the people taking care of your youngster if polio should hit your home, so why be rude to those trying to do the same thing for others as well as for yours.

I've heard similar complaints from other women who've tried to help out on collections and it is really discouraging. Politeness doesn't cost anything.
