BMA, Chlumsky Survey Parking

HICKSVILLE — A committee of the Business Men's Assoc. made a survey of possible off-street shopping parking areas in the community last week, with Town Councilman Frank Chlumsky, BMA members met with Chlumsky at the Herald office, Thursday Mar. 6. The merchants recommended that the enforcement hours of parking meters be extended until 9 p.m. each day instead of the present limit to 6 p.m., to provide shopper space on Thursday and Friday evenings. The Councilman reported that the Hendrickson Bus started operating service south on Broadway to Grumann's, up South Oyster Bay Rd. and back along Woodbury Rd. shortly. The bus stop is in front of Arthur Ferro's office, just north of the RR crossing.

Detailed HERALD Community Calendar on Page 10.

BASED ON TODAY'S POPULATION Taxpayer Loss \$72,510

HICKSVILLE — The community is passing up over \$75,000 in revenues from the State of New York because it is not incorporated as a village, Lawrence A. Roman, Incorporation Committee Chairman, pointed out this week. A new census of the community completed for the Board of Education shows a community population today of 24,170 persons.

Under a formula of the State to help relieve local property owners of the full burden of local government, the State pays to municipalities a per capita amount based upon population. For villages, this amounts to \$3 per person or would provide Hicksville, if incorporated, with \$22,510 this year.

"The State devised this plan to help property owners but because we are not incorporated as a village of the local government," Roman said, "we are passing up this possible relief. Meanwhile, with our continued growth, the need for local governmental services continue to grow."

Single Sessions Board Objective McCaffrey Says

HICKSVILLE — The school board is making every effort to get the educational system on single sessions as soon as it is feasible, Board Member Lawrence C. McCaffrey told the East St. P-TA this week. He also stated the district "is definitely not being faced with triple sessions" and the board "has not the remotest intention of disbanding kindergarten classes."

The ink was hardly dry upon McCaffrey's announcement in last week's HERALD that he was not seeking reelection to the Board at the end of his current three-year term, when he addressed the P-TA and, in the process, took the Education Assoc. to task on a number of points previously stated in news releases.

He stressed that "the best available education is being given to our children at the present time" and the "school board definitely prefers a single session school day." He disclosed that the Lee Ave. 20-room school is scheduled for completion by July 23 to be ready for occupancy in Sept.

Name Advisory School Group

HICKSVILLE — The Citizens Advisory Committee on Education, appointed by the School Board, held its second meeting this week and considered adoption of rules of procedure in achieving its assignment. Frances X. Nulty of 40 Friendly Rd. continued as temporary chairman during a preliminary consideration of the Columbian and Tilney reports on the school system, Monday night.

Noeth, 22 Twinlawns Ave.; Alan Carpenter, 11 Loretta Lane; William Orton, 24 Acme Lane; Ernest Dietrich, 45 McAlester Ave.; Ingrid Christ, 172 Lee Ave.

Botto, 25 Alexander Ave.; Gerard F. Braun, 23 Sunset Ave.; Howard Heberer, 25 Twinlawns Ave.; Stanford Weins, 57 Wiloughby Ave.; John Leckie, Nicholai St.; and Steve O'Brien, 55 Arcadia Lane.

HICKSVILLE — Congressman Leonard W. Hall, Township Republican leader, will discuss worldwide affairs at the North Levitt Home Owners Assoc. meeting tomorrow (Friday) night at the Community Hall.

and so do taxes collected by the townships."

He added that the State funds which are being "passed up" are not to be confused with State Aid for school purposes. Persons will-

ing to assist the Committee in helping to bring the incorporation question to an early vote are invited by Roman to contact him evenings at Hicksville 3-2663 M or William L Geyer at Hicksville 3-1677.

Bros. Nursery, Step N Shop, Hub Diner, Hicksville Post Office, Hanley's Servicecenter, and Geharty's Neighborhood store in Plainview.

NORTH WEST NOTES:

'Successful' Organization Formula

By James Cummings

It has often been said that the success of a Civic Assoc., club or any organization depends upon membership and their interests in the group. Here is a list of rules to follow: Do not come to the meetings . . . if you do come, come late; If you attend a meeting, find fault with the work of the officers and the other members.

Never, never accept an office as it is easier to criticize than to do things; Nevertheless, get sore if you are not appointed, but if you are, don't attend the committee meetings; If asked by the chairman to give your opinion regarding some important matter, tell him you have nothing to say . . .

After the meeting, tell everyone how things ought to be done; Do nothing more than is absolutely necessary, but when other members roll up their sleeves, and willingly and unselfishly use their ability to help matters along how that the organization is run by a clique; Do not tell the organization how it can help you, but if it does not help you, resign! Agree with everything said at the meeting, and disagree with it outside; GET ALL THE ORGANIZATION GIVES — BUT DO NOT GIVE THE ORGANIZATION ANYTHING . . . Take cooperation from the other fellow, but never cooperate with him . . . When everything else fails, blame the officers . . .

Yes, the above is true in many groups if you stop to think about it — let us make a very definite move to see that such is not the case with the North West Civic Assoc. Your officers and committee give their time to promote the good will and success of our association in all matters — Support your organization by attending the meetings and take an active part in the proceedings — remember YOU, the MEMBERSHIP, make these things possible. REMEMBER THE DATE:

The Spring Social sponsored by our Civic Assoc. is May 2, at the Legion Hall on E. Nichols St. for members and their families . . . In order to make this a success we will need your cooperation. Shortly chance books will be available for the basket of cheer and other prizes. We urge each family to buy one book. You will receive a reminder in the mail on

the entire proceedings. Now is the time to make arrangements for the baby sitters. Come out and enjoy an evening of entertainment and fun.

BETWEEN ISSUES we learned that Mary Avellina of Ohio St. is now home after a few days in the hospital — your friends and neighbors wish you a speedy recovery.

I understand that Charlie Dombroski's young son is very ill in the hospital. Hope by this writing that everything is okay, Charlie . . . The meeting held last Tuesday evening ironed out a few kinks in the by-laws of the association — in last week's column I spoke of the meeting as being held for views on incorporation; however this was a mis-quote — the incorporation meeting will be held in April . . . Cancer workers will be knocking on your door soon — give what you can to this very worthy cause . . . The basket of cheer for our spring social is being donated by Jerry Spiegel, builder.

Last Sunday's Herald Tribune Real Estate section had a nice spread on growth of Hicksville. . . In the picture of typical homes — Jerry Spiegel's houses were shown, including residences of the Lowerys (front), Reganatos, Hohokus, Cutlers.

Dear Jean:

Little four-year-old BOBBY ADDEY of 7 West Court, Bethpage, is brokenhearted since his pet Irish setter, who answers to the name of "Prince," strayed away on Saturday. If you have seen Prince or know where he is, please call Hicksville 3-2175-M. . . Word is getting around that BOSLET'S has a wonderful array of HO gauge model trains and all the Daddies can't wait until Christmas. . . Levittown FD is talking about getting paid drivers for its fire apparatus. . . JOHN FROGGE gets the bouquet this week for a fine reporting job upon present-day, Hicksville and its recent growth as featured in the Herald-Tribune last Saturday. The BMA is having reprints made for widespread out-of-town distribution. . . There are growing demands on all sides for enactment of a speed limit in our community to halt the slaughter on our streets. Hicksville Civics asked Oyster Bay for a 30-mph limit over a year ago. North Hempstead to the west of us and Hempstead town to the south both have such limits, but when you roll into Hicksville the law says you can go 50. . . Legion has been looking around our community for a suitable location for the Barnum & Bailey Circus again this year, on June 20 and 21. It may come back to the same John St. tract as last year, but that's only a rumor at this stage. . .

The hardware store will open in the Plainview shopping center next month and in Bethpage the ABBEY AUTO PARTS store will be open for business sometime this month on Wantagh Ave. . .

The Calso Service Station on Old Country Rd., Westbury, is now under the management of QUINN & THOMAS. Mr. Thomas is a Hicksville resident at 33 Garden Blvd. His partner comes from the Bronx. . . JOLLY ROGER ROADSIDE RESTAURANT will open on Apr. 15 on Hempstead Tpk., opposite Mal Pierce. The restaurant will be under the same management as Adventures Inn in Yonkers. MAX LANDER will be the manager. . . EASTERN TILE CO. will have a demonstration of the Pittsburg Interlocking Plastic tile at their plant on Bethpage Rd., Hicksville, on Thursday nite, Mar. 27, at 7. . .

The annual report of HOWARD CAMPBELL, county agricultural agent, notes that there are about 560 farms left in the county, most of them in the Town of Oyster Bay east of Hicksville. There were 618 farms in Nassau last year. . . Public Service Commission has ordered LEVITT & SONS to produce its books and records as the state agency looks into the transfer of water systems built by Levitt and then turned over to other agency. The hearings continue in New York on Apr. 9. . . Anybody know where you can get TAFT buttons? There have been several inquiries at our office. . . There is a new electric sign over ECONOPOLY'S confectionery store and fountain. Until it is completed, we must report the sign says "SWEET S-P." . .

IRWIN BOTTO returned home Tuesday from a three-week trip to Florida and points south. He got in plenty of fishing and managed to land a 250-lb. turtle. . .

HOWARD (Skeets) MILLER, who passed away this week, was one of the "old time" taxi operators, although he was only 49 at the time of his death. It was being recalled this week that Skeets used to make the trip to Mineola for the community's Sunday morning papers some years ago, bringing back 3800 copies for Simon and Gluckstein. As we watch the rough-riding present day cabbies at Hicksville station we know you never saw Skeets nor JIMMY HUGHES try to make a circle turn in the middle of heavy-traffic, park on the sidewalks, and generally let the "customer beware." By the way, there are about FIFTY cabs today operating from the local depot. . . CHARLES SCHWARTZING presented a Wurlitzer organ to Plainedge School Mar. 11 in memory of his father and grandfather who both served as School Board members. The donor is a former chairman of the school board. Beware of the model home racket is the word from your BMA President, GENE STALIER, based upon notice from the Better Business Bureau. While most firms in the home building repair and maintenance field are reputable, there is a small group which operates a clever, costly racket. Promoters are itinerants who tell the homeowner they are just coming into a territory and would like to use his house for a model to others to demonstrate the job they do. They offer \$50 or so as commission on every sale in the area and say he's getting a special "factory price." The trouble is the racketeers tell the same story to every prospect. Victims find that the work is usually sub-standard, oral promises are not kept and bonuses are a myth. The best advice is "Take your time. Don't rush into any important home improvement job. Deal only with reputable firms known to you." . . . The BMA will be glad to help you. . .

SEEK RACEWAY TAX

ALBANY — Nassau legislators have introduced a bill here to charge 15 cents tax on admissions at Roosevelt Raceway which would net the county over a quarter of a million dollars from harness racing. Four previous attempts to get local revenues from the track have been defeated.

Review Activity For Our Youths

HICKSVILLE—A program titled, "Community Resources for Children", was featured at the Parent-Teachers Assoc. meeting at the East St. School auditorium, Thursday, Mar. 13. Lawrence C. McCaffrey, School Board member, told the members of the current school situation, as well as what they were faced with in the future.

For the Girl Scouts and Brownies, Mrs. Russell Swift spoke. She revealed that at the present time there are 14 active Girl Scout troops, as well as 17 Brownie troops throughout the Mid-Island Council, of which the Hicksville group is a unit. Volunteers are badly needed to help the girls form additional Girl Scout and Brownie troops. At the present time, of necessity, it is impossible to accept any additional girls until these volunteers are trained and further troops formed since the Girl Scouts and Brownies already have a waiting list.

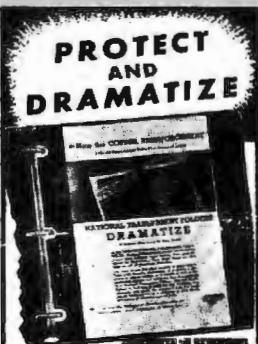

Mrs. William Lorenzo spoke for the Girl Scout Mothers' Auxiliary which was formed in November, 1946. The Auxiliary helps in cake and apron sales to acquire additional funds for scout activities for the purpose of sending the girls to Camp Eddy among other things.

During the first year sufficient money was left over to send six girls to Camp Eddy. This year the Auxiliary plans to obtain sufficient funds to send every one of their girls away to Camp Eddy sometime during the summer.

The Auxiliary mothers also act as hostesses during the Girl Scout functions throughout the year.

Mrs. Rebecca Dodge—children's librarian, told of the many activities going on at local public library. The children's library, a small building away from the adult library, features about 6,000 children's books. During the year about 29,000 books were circulated among the children.

Among its other activities, the library featured a trip to New York City, celebration of the Children's Spring Festival, and Book Week. The library sponsors a reading club, a group of water color painting classes which is now being attended by approximately 60 children; a classics discussion group for children from 9-14 years of age; as well as a Story Hour group which is now being planned for children from the ages of 5 to 9.

National Transparent Acetate Folders not only protect their contents while making them perfectly visible for inspection. They dress things up, give them an air of distinction.

Louis Milleville spoke of the local Summer playground activities, which were at Nichols School last year, only because the new wings at East St. School were being constructed throughout the summer. This year, however, it is planned to have summer activities at both schools, he said. These activities include arts and crafts, basketball, baseball, volleyball, etc.

Alan Carpenter spoke for the Cub Scouts. At the present time, there are three Cub Scout Packs in Hicksville area, which meet among other places, at the Methodist Church and the Community Center.

Carpenter pointed out that the Cub Scouts must, of necessity, be a family affair, since den mothers and fathers must be trained for Scout leadership. Volunteers are needed for these boys who range in age from 8 to 11 years.

Fred Hohsfield spoke for the Boy Scouts. At the present time, there are three Boy Scout troops in Hicksville. These boys range in age from 11-14 years. There is

as well a Senior Scout or Explorer group in Hicksville ranging in age from 14-18 years of age.

All Boy Scout troops in Hicksville have as leader men who became Eagle Scouts here. The boys have Camp Wauwepex at Wading River, for their summer activities. They have a large and interesting program for all boys.

Hohsfield, scoutmaster of Troop 64 at the East St. School, pointed out that while they do not have a waiting list at the present time, with the number of boys expected in the future, they may very well have one within a short time. Adult volunteers are needed in all troops. Troop 64 meets at East St. School on Friday night at 7:30 P.M.

Harold Manaski and Patrolman Robert Reynolds spoke for the Police Boys Club. With main headquarters in Mineola, the PBC has been supplying sports activities for boys from 10-15 years of age in this area over the past several years. These include boxing, base-

OFF SOUTH BROADWAY. You Are Not Done With Taxes, Yet

By Bunny Lamer
HIC 2-3794 J

Well, do you feel any better now that Mar. 15th has come and gone? Don't start rejoicing too fast, though, because you still have to file your State tax, remember? Isn't it funny that we made more money than you thought? Gee, what did you do with it all and on top of that, you still have to send a check to Uncle Sam. Oh brother, chances are you also have to send a little check to Albany. Next year we will resolve to watch our spending and be prepared for Uncle Sam. Seems I've heard that before.

Talk about spending, well the Rankins of Lee Ave. sure did the town last Wednesday in honor of their 9th wedding anniversary. Dotty met Ralph after work in New York and things started buzzing. Ralph had an orchid corsage waiting for her and he whisked her away in a cab to the "House of Chan" for dinner. Then they went to see "Guys and Dolls." After the theatre they had cocktails at the Copacabana where they saw Jane Powell. On the way home they stopped at the "Log Cabin" for breakfast. Dotty's sister, Mrs. Eleanor Massena of Orson Park, who had been visiting her was the baby sitter. How does it feel to get back among us common folks, Dotty?

Mark Steven Herman is back home in the Bronx after visiting his aunt and uncle, Ethel and Elliot Lauer for the past two weeks. He found a brandnew little sister waiting for him.

Was over to Bea Arnsen at 6 Carol Rd., Bethpage, the other day. She showed me a beautiful new line of plastics she has and if anyone is interested in holding a plastic demonstration just get in touch with her. It's a very good idea for a club that is trying to raise money.

The Wanderer's Club met at the home of Mrs. Gladys Sternmer, 15 North Dr., at which time Mrs. Rose Sorgie, Mrs. Marie Viano, Mrs. Eddie DeLoresco and Mrs. Helen Evans were welcomed as new members. Mrs. Rose Manaskie won the door prize. Refreshments were served.

A combination going away party and engagement party was held at the Chase home on Mercury Pl. Saturday in honor of Miss Joan Chase and Joseph Anderson. Joe left for basic training with the Marine Corps at Paris Island, S.C.

The Legionnaire

This past weekend the American Legion observed the 33rd anniversary of its birth and began its 34th year 100,000 members ahead of this same time last year. Current membership is already past the 2,200,000 mark with 17,368 posts. Our own Post membership continues to rise with renewals received from Henry Kinney, Emil Viethar, Stan Terry, Bill Zwickert, Charles "Red" Shore, Silas Valentine, Mike Sullivan, Gus Fritzsche, Oscar Bowes, Bill Allman, Fred Braus and Fred Gilde. One new member to report also: Robert Gerbig.

After a big assist from Al Barlow a few weeks back the "News Box" has reverted to its non-productive ways.

Many Legionnaires are already commencing to plan summer vacations and with this thought in mind we'll cover two possibilities that may find favor. The first idea is right close to home, New York City in fact.

The 34th National Convention of the American Legion will be held in New York August 24 to 28.

It is expected to be the most televised and best publicized national convention, to have the largest musical competitions, to draw record crowds and to thrill the millions of the world's biggest city with one of the most colorful and spectacular parades in American history.

Director Neeley has pointed out that in addition to complete news and radio reports of the convention, television coverage on a hitherto unsurpassed

Charles Wagner Post No. 421, American Legion

scale will channel the visual activities of the major events to all points of the continent.

This will be the third national convention of the American Legion in New York City. The 10th national convention, held here September 20 to 28, 1937, was climaxed by a record parade up Fifth Avenue, which took 18 hours to pass the reviewing stand. The 29th national convention was held here August 28 to 31, 1947.

There's one idea. Next week, if Al Barlow comes through as expected we'll give you the second. One which may appeal more to the families even if pop would rather attend the convention.

How many of you are watching "Youth Wants to Know", the Saturday afternoon American Legion show on NBC-TV?

An Auxiliary refreshment committee headed by Juliet Lorenz met Tuesday to complete plans for the April entertainment of their County Officers. Several of the ladies on the committee are Joan Biengolo, Harriet Mangels and Dorothy Fricke...

Post considering an Index System Blood Bank to insure any member of receiving prompt blood donor service should it be necessary. Setting up this program will entail considerable work but it seems well worth it... Sorry we missed Saturday night's dance. Hear it was good.

Tell your neighbor the Legion-sponsored G. I. Bill provided loans to buy homes, farms or businesses for 2,875,097 ex-G. I.'s. It may make him a member.

—BOB MANGELS

Mrs. Joseph DeRosa, Mr. and Mrs. John Heddington and Mrs. David Van Wart.

Gus Cotsonas of 14 Gables Rd., one of our local fire-eaters, recently presided as chairman of the annual dinner and dance for Fire Co. No. 1 at the firehouse. Although he said that those attending had slight headaches the next day, a good time was had by all of the 69 who attended. A delicious turkey dinner was served and the ladies were presented with plants.

If anyone has spent a small size child's blue and white tricycle during the past two weeks, it belongs to Kathy Lee of 21 Gables Dr. The bike was left on Gables Rd. by three-year-old Kathy. The Lees would surely appreciate any information, especially Mr. Lee who sometimes uses it for short trips himself.

Harold Dreher of 29 Gables Dr. says he thinks it an excellent idea to change the duplicated Gables street names, provided we on the road receive the name change. Well, at least he showed some interest, need I say more?

Michael Oates, son of Mr. and Mrs. William Oates of 29 S. Elm St. celebrated his fourth birthday on Mar. 13.

Members of the Hicksville Jewish War Veterans joined the Hempstead and Levittown Auxiliaries in a joint visit to the Mitchel Field Hospital Thursday, Mar. 6. Bingo was played and prizes awarded. Sandwiches and coffee were served.

Lee Tricycle Was Dad's Vehicle

By Ruth Schulz

You've no doubt heard of houses being filled until the walls bulged? Certainly that was the case at 16 Gables Rd. Sunday, Mar. 9 Mr. and Mrs. Gilbert Russell along with their son, Paul, and daughter, Florence gave a surprise party for Mrs. Russell's parents, Mr. and Mrs. Phillip McGovern, in honor of their 40th wedding anniversary and also for Mrs. McGovern's 65th birthday. The McGoverns are residents of Corona and are the parents of nine children and 13 grandchildren, all of whom were present to greet them on this happy occasion.

The guests were: Mr. and Mrs. Phillip McGovern, Jr., and children, Jack, Mickey, Flip and Mary Anne of Greenpoint; Mr. and

Mrs. John McGovern, Joseph McGovern, Paul McGovern all of Corona; Thomas McGovern of Richmond Hill; Mr. and Mrs. Thomas Broderick and children, Tommy and Bobby of Elmont; Mr. and Mrs. G. Haase and children, Nancy and Kathy, of Woodhaven; Mr. and Mrs. Arthur Ardolino and children, Theresa, Arthur and Joseph of Deep Park.

The following relatives came all the way from Philadelphia for the celebration: William Dowdle, Mr. and Mrs. Joseph McVey and three daughters, Mary, Joan and Claire; Mr. and Mrs. Joseph Dowdle and daughter, Eileen, Mrs. Mary Hofstatter and son, Billy, Anne McVey, Margaret Dowdle and Vincent Dowdle. Also present were friends James Rowan, Mrs. Campiglia and Mr. and Mrs. Gus Cotsonas.

The basement was decorated and a banquet table featured a turkey dinner. Such an undertaking deserves a hearty round of applause.

Another recent gathering was held at the home of Mr. and Mrs. Edward Heddington, 18 Gables Dr. on Mar. 3 as a birthday and cocktail party for guest of honor, Capt. Joseph E. Evans. The guests were Mr. and Mrs. Sidney Madoff, Sr., Mr. and Mrs. Sidney Rosen, Jr., Mr. and Mrs. R. Evans, Mr. and Mrs. Gerald Evans, Mr. and

Hello Folks:

Well, after living out here almost two years, we finally have the bus we were told was already running when we bought our house. I, personally, have not gotten around to using the new bus but have had reports from several women who tell me that it runs on schedule, is clean and comfortable, comes fully equipped with a very courteous and friendly driver (which sometimes seems like an extinct object) and costs only ten cents per trip. I did not receive the large number of time tables promised me, but if you did not pick one up at a neighborhood store or on the bus itself, you can call me for schedules. I have one pasted up right next to the telephone and believe me it is no inconvenience to give you it is the time. I am willing to put up with

much more inconvenience just to keep that bus running because I know that my budget did not have room for all the cab trips I had to make into-town on rainy days when I couldn't hike up to the other bus.

You'd better make your reservations for baby sitters. Our P.T.A. is having a Hi-Neighbor party-dance on May 3rd and although this is a terrific amount of notice for you, there are not too many baby sitters available and you may want to make your plans early. The party is being held mainly for the purpose of acquainting people of Plainview with one another and is designed to be an affair attended by husbands and wives as a couple rather than one of those "wife's night out". Tickets will be .50 cents each which is not very expensive and any profit will be used for the children.

I have finally gotten a volunteer for the Red Cross Drive. Mrs. Osborne of 28 Virginia Ave. has offered to take over on this and she will be around to see you as soon as she gets her receipt books, etc.

I've had a number of reports on vandalism around here. I think that's pretty mean. None of us are in any better financial condition than any others and any work we do on our homes, lawns and fences comes out of our budgets with great difficulty. One of our corner houses had a lovely white picket fence on the corner to pro-

tect the lawn and flower beds. When they got up one morning last week the fence was gone, and it was found much later in the day on another block, laying in the street and had been run over by cars and completely destroyed. I hope whoever took this fence reads this column and realizes how childish and destructive their actions were. It couldn't have been much fun doing the damage to start with so it was really a rather stupid thing to do.

Also I've had a number of calls from people owning corner houses asking me to say something about the people, children and adults as well, who try to save themselves steps by cutting across corner lawns. The sidewalks were put there for a purpose and if you stop to think, the few steps you save are costing someone else the work and expense of hopelessly trying to keep their lawns in shape.

Don't forget to think about your choice of officers for the Briar Park Home Owners Assoc. and be sure to try to make arrangements to attend. It is next week, Mar. 27.

Invite Organizations To Meet, Consider School Bd. Candidates

HICKSVILLE—Local civic, educational and veteran organizations have been invited to send delegates to a meeting at the Community Hall, Levittown Pkwy., here, on Monday night, Mar. 31 "to discuss possible candidates and their qualifications for the forthcoming school board election" in Hicksville School District. The meeting has been set by the Education Assoc.

A spokesman for the sponsoring Education Assoc. pointed out today that the meeting is not limited to representatives of associations. Anyone interested in recommending a candidate for the May school board election is welcomed.

The Education Assoc. of District 17 believes that "out of the Mar. 31 meeting will come greater community participation in school board elections and the best qualified nominees will receive the broadest possible support."

Mrs. Antoinette J. Apicella, Vice-President of the Education Assoc., recently sent letters to 19 organizations inviting them to attend the meeting. The letters were sent to all P-TA's in District 17, Hicksville Civic and Community Assoc., Northwest Civic Assoc., North

Levitt Homeowners Assoc., South Hicksville Assoc., Levitt Homeowners, North Hicksville Civic Assoc., Twinlawn Civic Assoc., Charles Wagner Legion Post, William M. Gouse, Jr., VFW Post, Robert O. Ulmer Memorial Amvets Post, Jewish War Veterans, Business Men's Assoc., and the League of Women Voters.

The letter said in part:

"There will be an election for one member of the school board on May 7th. Petitions nominating persons for this term of office must be filed no later than Apr. 21. It is our belief that broad citizen participation to select outstanding candidates for this term of office is both necessary and desirable.

"We hope that, as no organization interested in civic and educa-

tion matters in the community, you will want to participate in a meeting to draw up a slate of possible candidates so that the citizens of our community, acting through their civic and educational associations, could select persons to run the school board solely on the basis of their qualifications to do a good job for our children and their schools."

By Lee Chanin
Hicksville 3-0853 R

As the result of many requests made by residents of various developments in our area and elsewhere, Hendrickson Bus Corp. was finally granted a franchise to run a bus route from Syosset through Hicksville and back. The bus leaves hourly from Syosset, comes to Hicksville and proceeds south on Broadway to Central Ave., returning north on Central Ave., over S. Oyster Bay Rd. to Syosset and back to Hicksville. There is additional half-hourly service from Hicksville Rd. to Central Ave.

TO MAKE CURTAINS

Mittens and caps for Korean children will be the admission to a meeting of the Women's Guild of the Parkway Community Church on Wednesday, Mar. 26, at the church on Hempstead Ave., Hicksville.

Curtain material has been donated and the paint is waiting to be applied to the nursery at the church. The women plan to spend the entire session making the nursery a more pleasant place and will come equipped with scissors, pins, sewing machines and jeans. The meeting will follow the Lenten service which starts at 8:15 p.m. Any woman interested in working with the group is invited to attend.

"Once Upon a Clothesline" will be presented on Apr. 17 and 18 by the Levittown Children's Theatre in the Community Hall, Levittown Parkway, Hicksville, at 2:30 p.m. Mrs. Billie Studer is the director.

There is just one kink, that comes to mind. Assuming we take the bus from our area to go into the village of Hicksville and since the bus doesn't come back via Broadway, how do we make connections to get home without walking an unreasonably long way?

Mrs. Robert Hansen of 4 Regina St. was the guest of honor at a surprise stork shower held on Mar. 6 at the home of Mrs. Cucarico on Lenox Ave., Westbury. Mrs. Cucarico and Miss Joan Watson did the honors. The guests were: Mrs. Howard Baldwin, Mrs. Thomas Watson, Mrs. Albert Heirk, Mrs. George Hansen, Mrs. Robert Waters, Mrs. Albert Rolli, Mrs. Sidney Volk, Mrs. Thomas Watson, Jr., Mrs. Eva Walfust and Mrs. Albert Loeffler.

PROGRESS IN FIRST 6 DAYS

\$85,700 For St. Martin's School

BETHPAGE — Following only one week of intensive parish-wide solicitation the St. Martin of Tours School Building Fund Campaign has reached a total of \$85,700. The Campaign goal is \$200,000. This total was reported Monday evening by over 150 men volunteers who have been actively working only six days among the families and friends of the parish.

The campaign for funds to build a much needed school and auditorium has reached 43 per cent of its goal and the volunteers reported \$45,900 plus the Memorial Gifts return of \$39,000 brought the returns to the present figure.

The Rev. Michael J. Hartigan, Pastor and the Rev. S. E. McNamara, Moderator, joined with General Co-Chairmen, John A. Donnellon and Louis A. Sisic in expressing their gratitude to the workers and contributors. Donnellon called upon the workers to intensify their efforts this week so another successful report may be made next Monday evening.

Intensive competition has been developed among the twelve teams working on the drive. In the race for "Top Honors" on the amount of

pledges secured by the end of the campaign, Team 4, with Pete Castellucci and James Mulqueen, Co-Captains, led with a return of \$7,160. In second place with \$6,400 reported was Team 6 whose Captain is Louis Colombo. In a close third position was Team 1 under the guidance of its Co-Captains Sal

Parish and Bill Moran with a total of \$5,500.

The local business men are being contacted by the volunteer workers of the Business Committee under the direction of their Chairman, William DeFanis. All merchants will receive a "We Gave" sign to display after they make their gift.

VETERANS PLEASE NOTICE: Deadline for filing claims under the War Claims Act of 1948 is March 31, the war claims commission has announced. Claim forms may be secured from the commission in Washington 25, D.C. . . DID-JA KNOW: The V.A. said that 655,000 new veterans have been added to their rolls since the start of the Korean affair. That AMVETS had 12,483 veterans join in the month of February. That Ellen Swicki of the Ladies Auxiliary cooked the "chow" at our monthly affair. That our new stainless steel sink arrived and will be in operation in a very short time. Fred Casper did a fine job on the sink in the kitchen. That Servicemen can still hunt and fish. . . free in New York state until 1953 without a license, but need one for bear and deer? WELFARE BALL NEWS: Hal Cooley (Chairman), Joe Pakaluk and Lou Mignone went out Saturday and brought in quite a few

Ads by soliciting around town. They tell me that everyone was cooperative and kind. Time is growing shorter, fellows, so let's keep at the wheel.

MAINLY ABOUT THE MEMBERS: A future member, Artie Bond, brought along a "bottle" that stands about five feet high . . . it's a fine place to bank those extra pennies that we are always jingling in the pocket. Howard Patton has been missed because he helped move his Mom to Rhode Island. Howie will be back with us within a week. Also thanks for that extra refrigerator, Pat, Bob Sutphen and his wife, Ed Shee, Mrs. Shee and the Fred Cassars, all present at the monthly shindig. Ditto to Doris and Marie Krummacker and Mary Ann Erb. It's nice to know that more new faces are coming each month. See where AMVET Rudy Vallee lost his musical instrument while visiting Long Island. State Service Officer, Les Spear will be present at our Welfare Ball, with Past State Commander Reilly. Commander Johnny Podolski and Tony Carrere showing up last Saturday evening. . . there will be a change in the weather. Can truthfully say that I have never enjoyed myself as much as I did over the weekend. Pakaluk, Podolski and Mignone arriving home at "sun-up." Marion Mignone wearing a green carnation . . . must be something about the Irish. Well, that's all for this week, fellows, so until next week . . . here is a new one:

Current Comment:

Master's Plan Perfectly Clear

By FRED J. NOETH

IT MUST BE APPARENT to most thoughtful readers by now that the plan is clear. The Levitt organization, with the zealous support of certain minority elements, is determined to spread the family name out in all directions and submerge the identity of long-established places which should—if the pro-Levitt handful were good neighbors—be permitted to enjoy without hostility and enmity.

We can just imagine certain of our readers at this point squirming and thinking—"here we go again. Why can't they let this thing drop? Fight, fight all the time?"

But what must be said is going to be said and it must be said right now when just a little more determination will win out for justice. The pro-Levitt forces are apparently worried—they have come out in the open. We are reminded of that famous slogan of the Victor phonograph—"the master's voice"—whenever we read the Levittown Tribune, published and owned by William and Alfred Levitt under the name of the Levittown Publishing Co. A recent Tribune editorial says "Levittowners... hope that the new park district, when it is created, will be joined with the Levittown Park District.... A consolidated all-Levittown park and recreational district can become a reality, too, if all Levittowners continue to keep their eyes and mind on the same target". The "new park district" is reference to efforts to convince Oyster Bay Town Board that one-third of Hicksville should be sliced off and handed over to Levitt, creating a "North Levittown" area "officially" whereas it does not exist today.

There can be no doubt that there is a pipeline between the Levitt office in Manhasset and the so-called North Levitt Home Owners Assoc. Correspondence addressed by the Town Board to Levitt & Sons suddenly appears in the hands of the NLHOA. Further, the NLHOA president becomes a guest editor of the Tribune and laments the "hostility of a Hicksville newspaper". Also, the NLHOA in circulars tossed on doorsteps of Levitt houses in Hicksville frequently quote from Levitt & Sons letters to Charlie Miller. For example, a circular out this week says according to "statement by Levitt & Sons, the only possible sources of accurate (?) data, the cost of maintaining all recreational facilities 'should not amount to more than \$7.50 per year per family'". This is contained in a flip warning against "scare headlines". And yet only last Sept. Miller in a letter to the Herald was claiming for the NLHOA "we believe the full cost to a Levitt Home-owner (for operating a new park district) should not exceed five dollars per year—this is not a tax rate, this is the full cost".

The "master's" estimate is already 50 per cent higher than the figure quoted when residents were deceived into signing a petition requesting a special, new park district. How much more will it cost when the new district is merged with Levittown? We calculate about \$18 a year, based upon present district experience in the Town of Hempstead.

What we started out to say is this—The people of Hicksville over there have developed as fine a community as there were and are able by taxing themselves. Our people have made their homes here and by hard work have provided the facilities we enjoy—a great many of them now paid for in full. We have an excellent fire department and district with no outstanding bonded debt. We have a good, substantial start on our educational facilities—the frank envy of neighboring districts who must now start from scratch. We are proud of our community, even while we realize that there is much more to be done. But we can only do what must be done thru community unity. We are accused of hostility because we have community pride. Since when did that become a crime?

If the pro-Levitt elements were really sincere, they would call for a clear-cut division of ALL special district lines—even shift the township boundary if they like and cast their lot with Levittown on all counts. Set up their own fire dept., pay for their own schools without increasing everyone else's taxes, and go the whole hog on their own. In other words, stop acting like leeches and spongers.

We like the people in ALL our new developments in Hicksville. We're glad to have them and welcome their desire to help build for this and future generations. We have no animosity for Levittown as such. We do object to the double talk and political footsie which is now so disgustingly apparent.

NEIGHBOR DOWLING VIEWS NEWS:

Don't Miss Budget Talk Mar. 28

By JOHN C. DOWLING

On Friday evening, Mar. 28, Plainview School Board will hold a public hearing on the newly drafted school budget covering the 1952-53 school year.

The proposed budget was drawn up at the special board meeting held Mar. 11 at Manetto Hill School with officers from local taxpayers' organizations in attendance. As a result of an invitation tendered to me by the Board, I attended the session as an observer.

Before I get down to highlighting the meeting, let me say that for five hours the school board members and their associates present worked diligently and honestly to whip this proposed budget into shape. Although I don't agree entirely with the budget—as I believe it can be pared down a little more—nevertheless, the efforts of the people who have performed the preliminary and important task of setting it up for public approval are worthy of note.

So much for the accolades and

now for a glimpse on how our school taxes are going to shape up for the new school year:

First of all, before you step out to spend that extra buck on grass seed or fertilizer, let me tell you that a substantial and probably necessary increase in the school tax is coming your way.

This is due, in the main, to the number of new children expected to attend school, salaries for more teachers, transportation and debt service.

One member of the school board estimated that the tax rate might jump from the current \$3.43 per \$100 of assessed valuation to \$5.43 for every \$100 of assessed valuation. Of course, this is only an estimate. (Our rate this year is the highest in Nassau County.) It may well be that it will be lower, but I doubt it. Seems as though the powers that be—and I don't mean our school board—are able to release the new school tax rate for Plainview at this time. The district assessment total which determines the rate will not be officially set until August.

The largest chunk of your tax dollars available for the proposed budget will be charged off to items which are headed: Instructional Services and Regular Day Schools.

The amount estimated to cover this section of the budget is approximately \$117,000 and includes teachers' salaries, supplies, textbooks and the like.

Second largest item on the budget sheet is entitled: Auxiliary Agencies and includes transportation at \$48,000 and another \$10,000 for health services, recreation, nurse service, etc.

Third on the list is a mysterious-looking item called: Debt Service. This includes redemption of bonds, \$30,000, and interest on bonds, \$7,000. How does your pocketbook feel now? Well, this year just buy the fertilizer. Next year the grass seed.

Since there are many other small items listed, I have only covered the major charges for you. The entire cost of running our schools for the coming school year should be in the neighborhood of a quarter of a million dollars.

One important fact to remember is that the figures I have given you are only estimates. A better projection will be given after the public hearing which is to be held Mar. 28 at Manetto Hill. Don't fail to be there as in matters of this kind all suggestions are needed and welcomed.

HERALD READER OPINIONS:

How Commies Snare US Dollars

By WILLIAM G. OLITSKY
Commander, J.WY Post 655

After careful study, investigation and constant communication with sources, I can now reveal some of the operations of an ingenious Communist dollar-grabbing program function in this Country through gift parcel agencies officially connected with countries in the Soviet orbit. I warn that Czechoslovakia and Poland, in particular, are succeeding in siphoning millions of US dollars by exploiting the humane desires of American citizens to meet the human needs of kinsmen in Soviet-dominated countries.

Leading the Red dollar-grabbers in this country are the governments of Czechoslovakia and Poland, both of which have imposed prohibitive duties on food and clothing parcels shipped from the United States. With Czech and Polish citizens unable to accept direct aid from their relatives here, solicitous American relatives are forced to turn to two corporations, official agencies of Czechoslovakia and Poland.

The result is that while US dollars find their way into Czech and Polish coffers, "many thousands of perfectly loyal American citizens are unwittingly nourishing Communist production of consumer goods, as well as Communist industrial output generally."

Particularly insidious is the Czechoslovakian program which operates in this country through a corporation in New York.

According to the Dept. of Justice, this company, which is registered under the Foreign Agents Registration Act of 1938, acts as agent in this country for a corporation in Prague, Czechoslovakia,

a state controlled department store chain which remits Czech merchandise to Czech nationals on gift certificates sold by the firm in New York City. After they make deductions of from five to sixteen percent in commissions, all monies are transferred to the corporation in Czechoslovakia.

But, something more than American dollars are permitted by this agency located in New York. The Czech government is also provided with the NAMES and ADDRESSES of all AMERICAN PURCHASERS of gift certificates with the result that American buyers soon find themselves receiving, without solicitation on their part, "Czechoslovakian World", an official propaganda organ of the Czech government that specializes in violent abuse of the United States.

We of the Jewish War Veterans have asked the Postmaster General whether this Czech publication can be barred from the US mails.

In another communication we have asked the department of Justice to determine whether a number of independent gift parcel agencies which have been advertising the sale of the companies' gift certificates in Czech language in newspapers in the United States should be impelled to register under the Foreign Agents Registration Act.

Meanwhile, we throughout the country should intensify a consumer education program, placing special emphasis on alerting Americans with family ties behind the iron curtain to the true nature of Communist "GIFT PARCEL" agencies in this country.

The abhorrence of the Czechoslovakian and Polish people, particularly for the Communist re-

gimes imposed on them by treachery and violence, cannot be questioned. That abhorrence is fully shared by the overwhelming majority of Americans of Czech and Polish origin of which these loyal Americans will continue to reject Communist propaganda as they have in the past.

Meanwhile, there is a critical need for resolute action by the appropriate agencies of the Federal government, as well as by the ordinary consumer, to call a halt to the inhuman schemes of Communist regimes to cash in on the misery of their own peoples and the humane concern of all Americans whose relatives remain in the Communist grip.

NEW DIAMOND COACH FOR HHS

Bill Anderson, Roslyn High and Adelphi College graduate has been given the varsity Baseball coaching assignment at Hicksville High School, it was learned by the Herald early this week.

Anderson will take over the reigns from Athletic Director Chet Jaworski who will turn his efforts to the other many pressing duties brought about by the mushrooming student body.

It was just last season that Hicksville had its first winning campaign on the diamond in almost a decade turning in nine victories and one tie as against six losses.

In an interview following the announcement, Jaworski was anxious that all should be fair in what they expect of the Freshman coach.

"Basically the material is good for the 1952 team," Jaworski said but added that, "pitching will be a problem and in a short scholastic season the hurling is the key to any sort of success."

He pointed up that last year's campaign was very successful from the Hicksville outlook but cautioned the fans not to expect another one right away since the rebuilding of the diamond sport, which is proceeding rapidly, still has a few more seasons to go before its goal is realized.

Summing up he stated, "With the prospects in pitching only promising Anderson will do very well if his 1952 team can play .500 ball."

ALMOST A BULLSEYE

A Nassau daily asked Chet Jaworski what he thought Mepham's chances were against Oyster Bay in the County Championship game and the Hicksville mentor almost scored a bullseye with his answer.

The question was posed following Mepham's sensational upset triumph over previously unbeaten Malverne for the South Shore championship.

While most coaches in the poll gently hinted or hoped for a Buc upset, Jaworski was decided in his opinion.

He said that if Mepham could bring the ball up against the Baymen's pressing defense, the Bucs might make a close game of it but otherwise he warned of a 20 to 30 point rout for Dick Crawley's lads.

It is now history that the Eastern Division power wrecked the pride of the South Shore 59-36 for its third straight County title, never before accomplished in Nassau sporting history, and fourth flag in five years.

To those 1400 who jammed into the splendid Hofstra gym it was evident that the Baymen could have won by 40 or more points if it needed to but Crawley pulled the brakes.

Early in the fourth period the Baymen regulars went into a dazzling two and a half minute freeze before the subs paraded in.

When Reg Giddens left the contest with two minutes remaining the assembled fans rocked the rafters with a deafening and deserved ovation for the center who saw his team lose only one game in the 50 he played for it in three years.

THIS \$\$\$ OR THIS \$\$\$\$\$\$\$\$\$\$

The Bleeding Heart Society for the Enrichment of Basketball officials would have us believe that the whistle blowers sincerely love the game and do not officiate for the money in it because there isn't any.

Now to be sure there are many who like the environment of basketball and sincerely enjoy working the games—but there is money in it.

Since we read last year that officials realize a little more than 100 or so dollars a year in a column written by one of the leading daily sportswriters, we have checked carefully this season on umpiring assignments with the following results:

The average official in the upper realm of Nassau officials can realize three Amateur League games and two high school games a week during the ten weeks that the court campaigns run.

Amateur League rates are \$7.50 per and high school games mean a cool take of \$12.50.

Considering that a fellow works five nights a week, that adds up to \$47.50 a week or about \$475 a season.

It is possible to work less or even more, as one desires, but I think you will find that the adage to "get while the getting is good" works in this field as well as any other.

Another point to remember is the time involved in earning the money. An official can come home from his daily work, eat supper and sit around with his family for two or two and a half hours. He then takes off for the game he is working. The average game takes two hours to complete and he returns home well before midnight.

Expenses involve one or two uniforms and a pair of sneakers. Average mileage can't be over 20 miles a game (that's high, we think) and that shouldn't cause an auto to fall apart.

We leave it to you whether or not you think the present fees are just or unjust but we must consider those advocating more money for the officials as poor in their math as some of those they are championing are in applying the rules of the game.

2,949 Pts Gave Jaworski Comets 42 Court Wins In Three Seasons

HICKSVILLE—The Orange and Black peppered the nets with 2,949 points during the past three record shattering campaigns on the basketball court for Hicksville High during which time Coach Chet Jaworski's teams won 42 games in 50 starts for a sizzling .820 average.

Official figures released by the HERALD show that Richard Alcock led the individual assault on the baskets with 866 points while the local school was recording the second best court record in the County.

It is already history that six of the eight Hicksville losses were suffered at the hands of Oyster Bay which has won the Eastern Division NSAL title five straight times.

Dick Crawley's crew this past Friday night stamped their absolute authority on the Nassau basketball scene with a crushing victory over Mepham Central High for their third straight County championship and fourth annexation of that title in five years.

Hicksville has been the sternest challenge to the Baymen during their glorious sweep to the heights and had the Comets been in another league most observers believed they would have cleaned up.

Time and the knowledge of the true greatness of the lads from Oyster Bay will soften the bitterness over the losses to them and Hicksville fans will look back over the record and more and more realize the excellent task Jaworski did in reversing the pitiful plight of Hicksville High basketball in such a short span.

This past season was the one that Jaworski really worked his magic for his team from the start wasn't rated a chance to challenge the Baymen and when he lost five first stringers via January graduation Hicksville was counted out in every book.

But he nursed jayvee replacements shrewdly and combined them with veterans Alcock and Stan Kellner. He still had a chance when the last game of the season rolled around and actually gave Oyster Bay its toughest fight of the season including playoff games.

F. Owen had high game with 223. Ortutay had high series with 558 and high average of 16.5.

IN A FRIENDLY SPIRIT
SPRING!
By Nat Ferrare
Say, don't look now, but isn't there a hint of Springtime in the air? A patch of green begins to show, where once the ground was piled with snow. And, though there may be a few days when the weather will be rough again, the signs we see can leave no doubt that Winter is on its way out.
With the approach of Spring, your car needs a complete check-up at a reputable service station. Are your brakes safe? How is your battery? Do you need an engine job? Don't wait for trouble... invest in preventive maintenance! Drive in today and let us give your car a thorough going-over.
