Lions To Honor H H S Principal

HICKSVILLE — Plans are advancing for the Testimonial Dinner to be given by the Hicksville Lions Club on May 3 in honor of Miss Mabel R. Farley, high school principal, at Bethpage State Park country club. When she joined the local school faculty there were 11 teachers on the staff and only the first two years of high school were taught. She was assistant principal until 1925 when she was named principal. The dinner is being given "in recognition of her service to the youth of the community", reports general chairman Gerard Braun. Assisting him are Sam Weiss, Cliff Place and J. Gordon Ulmer entertainment; Howard Heberer, Jim Weiss, Cliff Freitag and John Barta, ticket sales; Robert Botto, John Petrone, Lawrence McGuinnigle, Edward Ozenbach and George Schultz, journal; Dominic A. Rocco and Fred Noeth, publicity. Tickets are available with all members of the Lions, according to President Vincent Braun.

Extend Adult Driver Education

BETHPAGE — It has been announced that the Driver Education program for Adults is being extended by the Bethpage School System. Up until now registration was taken per course and there was a good deal of uncertainty as to when the courses might start. Since the school system has a new dual control Pontiac, (see picture on page 17), to be used for training adults exclusively, they would like people from surrounding areas to take advantage of the program. There will be formal registration next Tuesday and Thursday nights, April 1 and 3 from 7:30 to 10 p.m. at the new school on Broadway.

Tickets Go Fast For Francke Event

HICKSVILLE — The committee arranging a congratulatory dinner in honor of Ernest F. Francke, county clerk, may have to halt ticket sales in advance of the original Apr. 10 deadline, it was learned today. There are about 300 reservations, made at present and the number is expected to exceed the 400 limit in the next few days. Ticket reservations are being made to William E. Koutensky, president, Long Island National Bank. The dinner will be held at Garden City Hotel on Apr. 23. Henry G. Eisenmann is committee chairman.

Car Blazes Next To Firehouse

HICKSVILLE — Ignition wires in a car owned by A. W. Boitel of 2579 Asher Pl., Westbury, caught fire while parked in front of the Hub Diner next to the firehouse Friday at 5:22 p.m. Grass fires kept firemen busy on Tuesday with calls from Bloomingdale Rd., Willet Ave. and Cantague Rd.

Special State Aid Appears Likely

ALBANY — Hicksville School District is scheduled to receive emergency state aid to supplement the \$360,000 already allocated to the community system, under the terms of special legislation rushed through here before the State Legislature adjourned. Also scheduled to get the special aid under the terms of the late bill are East Meadow, Levittown and Plainview School Districts. The special funds are to meet operational costs, not construction, it is understood.

COLUMBIA COMPLETES STUDY:

Find Jericho School Overcrowded

JERICHO — Columbia has completed a year-long survey of School District 15, Jericho, and copies of the report are now available for study by any resident of the district on a two-week loan basis, according to Kenneth A. Lant, principal. The report may be checked out at the main office during school hours.

The report by the Institute of

Field Studies, Teachers College, Columbia University—which is the same organization which made the 1949 study of Hicksville District and has subsequently been engaged to revise and bring the report on Hicksville up to date—covers three major phases for Jericho District.

In Part I, school enrollments, plant and recommendations are covered. Part II deals with the ed-

ucational program and Part III covers administration, staff personnel, transportation and finance.

The summarized recommendations in Part I include (1) enlarge present school site to at least 15 acres, (2) erect addition to present building consisting of a kindergarten room, 6 classrooms, library and auditorium, (3) improve admin-

Levitt Terms To Decide 'Exclusive Use' Of 2 Pools

HICKSVILLE — The terms under which the Levitt organization may eventually transfer the ownership of two swimming pools in Hicksville Park and Parking District to this district or any other district which may be created, under Oyster Bay Township control and management, will determine whether or not such pools will be restricted exclusively to the use of Levitt-built homeowners.

Board Candidate

EMIL J. SZENDY

Architect and consultant on building codes to several cities and New York State, announced today that he is a candidate for the three-year vacancy on the Hicksville Board of Education in May. Szendy who resides at 5 Walnut Ln., Hicksville, reported he has been asked by people in various sections of the district to consent to having his name submitted. Lawrence C. McCaffrey, incumbent whose term is expiring, will not be a candidate for re-election. Szendy at the present time is engaged in government work of a highly confidential nature as consultant on materials and specifications.

Selective Service Calls Local Men

GREAT NECK — Another contingent of local men left for duty with the Armed Forces on Mar. 10, it was announced by Selective Service Board No. 3 here. The group included:

Hicksville — Fred Alexander Blackley of 32 Grand Ave.; Roy C. Hoffmann of 34 Duffy Ave.; Louis J. Zirk of New South Rd.; Jack C. Tarantino of 28 Raymond St.; Raymond G. Fichter of 19 Schiller St.

Bethpage — Franklin D. Amendola of 3 Nibbie Ln.; James J. Maher of 44 Concord Ave.

Hospital Names Local Physician

COPIAUGUE — Dr. Joseph A. LePener of 2 Essex Ln., Hicksville, has been notified of his appointment by the Executive Board of Nassau-Suffolk General Hospital, here, as consultant in internal medicine.

Dr. LePener has been author of an occasional medical column for Mid-Island Herald readers. He is also attending physician on the medical department of Brunswick General Hospital, Amityville.

SUCCESSFUL DANCE

HICKSVILLE — About 120 members and friends of the Charles Wagner Legion Post attended a St. Patrick's Day Dance.

That was the substance of the comment offered by Oyster Bay Township Supervisor Charles A. Ransom during his question period following his talk before the North Levitt Home Owners Assoc. at the Community Hall, Friday night. It was indicated that Levitt & Sons, still the owners of the pools on Newbridge Rd. and Levittown Pkwy. in this Park District, "has some responsibility" to the people who bought the houses.

Question "Free Use"

One person in the audience recalled publicly that Levitt advertisements of the homes for sale (i.e., Journal-American, July 1, 1951) stated flatly "All nine Levittown swimming pools are free to you and your children." At present there is a movement to have a new park district sliced out of Hicksville and tax the residents (estimates range from \$7.50 to \$14 per year) for future maintenance and operation of the pools.

Ransom was also asked a number of questions regarding the proposed incorporation of Hicksville as a village.

Lawrence A. Roman, chairman of Committee for Incorporation of Hicksville, following the NLHOA meeting addressed an open letter to the residents of Hicksville and stated flatly that the present Park and Parking District was created in 1947 to provided much needed local shopping and commuter parking facilities and was not, as NLHOA President Charles C. Miller had claimed, created to let Hicksville people take advantage of the two pools.

Charges Unneighborliness

"The use of these two pools is

Knights Arrange For Breakfast

HICKSVILLE — The Joseph Barry Council, Knights of Columbus, will hold its annual Corporate Communion Breakfast at St. Ignatius Church Sunday, Mar. 30, it was announced by Francis J. Dorovan, deputy Grand Knight.

Members of the K. of C. will receive Holy Communion at the 8 a.m. Mass and a breakfast will follow in the St. Ignatius School hall. Assemblyman John J. Burns of Sea Cliff and the Rev. John Hession, instructor in Philosophy at St. Joseph's College, Brooklyn, will be the guest speakers.

Panel Set On Hicksville Schools

HICKSVILLE — Parents and taxpayers are being urged to attend a special program at the Legion Hall, E. Nicholai St., on Wednesday night, Apr. 9, when three panel speakers on Hicksville's new public schools will be heard. The meeting is being sponsored by the Hicksville Democratic Club. Allen Carpenter, vice commander of the Charles Wagner Legion Post and member of the Citizens' Advisory Committee on Education, will be moderator.

Speakers will include Walter Tolles, member of the advisory committee and acting secretary of

the paramount issue. The true issue is whether Mr. Miller wants to retain all that is good in Hicksville (schools, fire protection, etc.) and still live in an unneighborly manner," Roman asserted.

The South Hicksville Assoc. of Levitt Home Owners, led by President Arthur Isaksen, has announced a business meeting for next Tuesday night, Apr. 1, at the community hall. "We believe the time is opportune," the SHALHO notice says, "and we are in a position to take an official stand in the Park and Park District, the Post Office, and other vital issues facing Hicksville."

Red Cross Needs Financial Help

HICKSVILLE — Only \$500 of the \$5,500 quota assigned to this community for the 1952 Red Cross Fund drive has been contributed so far during the month of March, it was reported today by Jay Schwartz, local chairman.

"Due to the additional need for funds in the tornado hit areas in the south, it is most urgent that Hicksville goes over the top of the quota assigned," Schwartz said.

OTHER AREAS AHEAD

Levittown has topped 80 per cent of its \$4,000 quota, it was announced today by Charles A. Schley. Schley reported collections for the 1952 drive now total \$3,259 or 81 per cent of Levittown's minimum goal.

In Syosset, the drive is slightly three per cent of reaching the goal, it was announced by campaign chairmen Mrs. William Broadhurst and John Woelfle, with a total of \$7,134 reported as against a quota of \$7,300.

In Jericho, Mrs. Clinton Bush, Jr., campaign chairman, announced total collections had reached \$1,787 or 68 per cent of the village goal of \$2,600.

Ho-Hum! Another Gas Station Okay

OYSTER BAY — A new gas station on West Broadway, north of Princess St., Hicksville, was approved by the Zoning Board of Appeals at a meeting held Mar. 6 in the Town Hall here. The variance for the gas station was requested by Jacob Stein of 15 Winfield Terrace, Great Neck.

the committee; Jack Drutman, teacher and member of the committee, and Fred J. Noeth, editor of the Mid-Island Herald.

Noeth will discuss facts on the present day situation in the community relating to schools, buildings under construction and projects being discussed. Drutman will talk on pupil accommodations, double and single sessions. Tolles will report on the cost of present and future schools relating to anticipated tax rates, bond issues and budgets.

A question and answer period will follow the panel speakers.

Dear Jean:

A \$30,000 lumber warehouse is being built on Midland Ave., 360 feet west of Bethpage Rd., Hicksville, by SHAMROCK Construction Co. of Hempstead . . . THOMAS KIDBY of 5 Marvin Ave., Hicksville, went to the rescue of a motorist at about 2 o'clock Saturday morning with several of his neighbors. A car had become stuck on a mound of dirt near the Shady Maple Rest. As the auto got away, KIDBY's hand was caught under the bumper and suffered severe lacerations of the right hand. He went to Meadowbrook where 16 stitches were taken. He is anxious to get the name of the motorist he helped for possible insurance coverage. Please call him, Mr. UNKNOWN, at Hicksville 2-3083 . . . An unidentified person called us last Thursday to report the Hicksville Sweet Shop is now complete and spells out, as you guessed "SHOP" . . . Hardly was last week's issue out than we had an offer of Taft buttons. When they arrive at the office, we'll let you know . . . Hicksville Lions were expected to nominate officers for the new year, last night. FRED BIRK was chairman of nominations . . . STEVE O'BRIEN of 55 Argadine Lane will not be a candidate for the school board. In addition to EMIL SZENDY, who announces his candidacy this week, we have heard unofficially the names of CHAS. D. EGINTON and HERBERT LAPIDUS . . . Bids are being taken for a 30 x 100 \$25,000 addition to the Levittown Branch of Hicksville Post Office on Hempstead Tpk. by the owner. No date has been set for work. We understand that the acquisition of more space at this branch will determine when the branch will be established as an independent Post Office . . . JACK Dempsey, who is well-known around Hicksville (no, not the boxing champ), has been awarded four defense bonds as a prize for his production improvement suggestions at Grumman's. He shared top honors for the best of 27 devices given awards . . .

New members of the Rotary Club of Hicksville are CHARLES LACKMAN of Meenan Oil and NOEL REINHARDT of LI National Bank. The Rotarians will celebrate their charter night this Saturday, Mar. 29, at Felices' with more than 100 expected . . . This is Medical Civil Defense Week in Nassau with emphasis on signing-up volunteers for first aid stations. Your community needs help in this too. If you are willing to serve call Hicksville 3-1400 for Hicksville-Plainview area, or Hicksville 3-5760 for other areas of Township . . . GEORGE KING has been affiliated with St. John's Home on North Broadway, Hicksville, since about 1890, going there about two or three years after it was established. He recalls North Broadway when it was a narrow road to Jericho. The Home property is scheduled to become the site of more home building and a business center . . . The Columbia Report just completed for Jericho School District notes that the future progress on Landia, the Levitt project there for 1,750 ranch type homes, may depend somewhat upon the continued rapid development in the north end of Hicksville . . . The North Levitt Home Owners got neighbors to agree to mass grub-proofing in their lawns at a flat \$3.50 per house. This week it was announced that the price will have to be increased 50 cents to \$4. NLHOA critics wonder if quotations on the cost of a separate park and parking district operation will also be subject to such inflationary, second-look miscalculations . . .

Have you your tickets for the ERNIE FRANCKE dinner, yet? The last day for tickets is Apr. 10th. See WM. E. KOUTENSKY at the LI National Bank for reservations . . . Saturday, May 10, will be annual Visitors Days at Brookhaven National Laboratory. All visitors must be U.S. citizens. You can get tickets by writing Mrs. MARIETTA K. State Expert Explains 7-Mill School Program

HICKSVILLE — While E. W. Thomas, senior supervisor of finance in the State Education Dept., speaking at a meeting in the High School on Mar. 19 warned that the 7-mill law is "very complicated" and blanket applications can not be assumed, the Education Assoc. which sponsored the meeting had another version to tell the community today.

Thomas was quoted in a news release this week by the Education Assoc. headed by Milton Leavitt, that, "State aid under the 7-mill law is assured to eliminate part-time schooling in District 17".

The Herald reporter said Thomas emphasized that the 7-mill law is only a one-year law and stopgap legislation. Thomas said "don't jump to the conclusion that you should build and the State will pay for it." He cited some limitations:

must have a two-thirds vote on bond issue, the state assistance is limited to expenditures of \$1,300 per elementary pupil (ie, up to \$520,000 maximum on elementary school for 400 pupils), and there is no assurance that future laws enacted will be the same.

He also said that "probably next year" this community will be declared an emergency area and be eligible for assistance under this 7-mill program. He stressed that consideration is given to applications only when local emergency conditions regarding school building facilities "can't otherwise be met".

Preparing for election of officers in the Assoc. on Apr. 16; nominations were made at the session on Mar. 19. Leavitt declined to run again as president and was nominated for vice president. Others nominated were Mrs. Antoinette J. Apicella, current vice president, for president; Mrs. Ethel Landau, secretary; Fred Hau and Shirley Maslow, treasurer; Bernard Eifkin, David Hurwitz, Mrs. Esta Orion, Mrs. Evelyn Haas, James Munves, Mrs. Shirley Karish and Nils Anderson for members at large.

NORTH WEST NOTES:

Civics To Hear Inc. Discussion

By James Cummings

The next monthly meeting of the North West Civic Assoc. will be held on Tuesday evening, Apr. 1. in Hicksville High School at 8:30 p.m. sharp. President McCarthy has invited as guest speakers two of the most prominent figures on the question of the incorporation of Hicksville: namely Lawrence A. Roman, chairman of the Incorporation Committee, and Ernest Francke, spokesman for the opposition. This important issue concerns each and every one of us as residents and taxpayers of Hicksville. We urge all to attend on this night in order to get a more complete opinion on just what "incorporation" will mean to us. We hope that after

hearing both sides of the story we can take a stand on the question — it's up to you — the membership.

HAPPY BIRTHDAYS

Mrs. Helen Prudenti of Ohio St. celebrated her birthday on Wednesday, Mar. 26 and Mrs. Irene Coles of 200 Ohio St. will celebrate her birthday on Saturday, Mar. 29. Best wishes from your neighbors and friends.

BETWEEN ISSUES we again note the terrible conditions of our roads after last Sunday's rain . . . riding around I especially noted the corners of Gardner and Kuh Aves., at Dakota St. . . . the need for a rowboat at Ohio St. and Kolmar . . . the rain filled holes in the barren wastes at the end of Myers and the beginning of Nevada St. . . .

We are still waiting to see some work done in this development, Mr. Brandt—Spring weather has been here a week now! In many places the water just settles and the children at play enjoy romping in this dirt. We want some action NOW . . . ATTENTION: The Cancer Drive will start early in April. Be prepared to give what you can to the volunteer who knocks on your door . . . Quite a bit of activity on or a Sunday afternoon last week more info next week. . . . Have you paid your Civic dues yet for '52? If not you are way-over-due — bring it next Tuesday to the meeting — remember it's important for you to be there . . . until next week.

COUNTY TO ACQUIRE 84 PARCELS:

State Pkwy Through Plainview

MINEOLA—Nassau Board of Supervisors will hold a public hearing on land acquisition maps to extend Bethpage State Parkway, largely over a new right-of-way from the Park to Northern State Parkway, on Monday, April 28, according to a resolution on the calendar for next Monday, March 31.

The resolution provides for ratification of the recommendation of Public Works Commissioner John C. Gilbert, based on maps prepared by Andrews, Clark and Buckley, consulting engineers, that the maps be adopted. The maps are dated December 15, 1951.

The existing Bethpage State Parkway extends north from the Southern State Parkway in Massapequa to Bethpage State Park. The new section will extend from Central Park Ave., south-westerly of Bethpage State Park, generally northerly along the western border of the park to Northern State Parkway at Plainview.

INVOLVES 536 ACRES

There are about six buildings in the right-of-way, none of which are sheds, according to authorities. Approximately 84 parcels of land are involved in the proposed acquisition for a total of 536.5 acres. The character of the land includes pasture, cultivated fields, scrub oak, other woodland. Construction plans are being prepared by N.Y. State authorities in accordance with parkway standards, generally four travel lanes, center divider and no crossings at grade. The connection with Northern State Parkway will be about midway between Plainview Rd. and Manetto Hill Rd.

SURVEY MEMBERSHIP

HICKSVILLE — Civic and Community Assoc. is making a survey of its membership to determine future plans regarding the observance or Robert Williams Day, May 20, the founding day for the community. In previous years, except in 1948, the annual costume dance has been poorly attended. Members have been asked to send their views to Ways and Means Chairman William L. Geyer of 21 Grove St.

HICKSVILLE GABLES:

More About Confusing Names

By Ruth Schulz
Hicksville 3-2519 R

I want to thank Miss Dorothy Hansen of 30 Gables Dr. for contributing a most interesting letter concerning the name change of one of the streets in this section. You'll find her letter on the editorial page. Just for the record, I'd like to try to answer some of the important factors on this issue.

My primary interest in a street name change would be in case of emergency, such as the need for fire equipment or an ambulance. Those two reasons alone speak volumes in themselves. In either case, a delay of just a minute or two can mean the difference between life and death or loss of property. I hope none of us ever has cause to use either of the above mentioned, but an ounce of prevention is worth a pound of cure. As for going about informing others both on a business and personal basis, this really isn't too difficult. Speaking from our own experiences, we have had four different addresses in our 11 years of wedded life and found it no particular bother or expense. I spoke to our mailman Eugene Dmoch in

this section, and he says it would entail so more work on his part, in fact it would be simplified, inasmuch as there would be fewer mistakes caused by the similarity of these names.

It has also come to my attention from some of the residents here of the wrong placement of these two streets on the printed maps of Hicksville which have been distributed by quite a few local firms. I presume this mistake is on all of these maps and of course, this just seems to add to the situation.

If any of you here on Gables Rd. (Continued on Page 22)

Korean Missionary Speaks At WSCS

Miss Sadie Maude Moore, a Methodist missionary from Korea, spoke to members of the WSCS of the Methodist Church Wednesday night, Mar. 19, at the church on Old Country Rd., Hicksville. Miss Moore told of her experiences as a missionary in Korea where she served for 16 years.

When the Communists crossed the 38th parallel to invade southern Korea, Miss Moore and two other missionaries were advised to leave their mission which was 90 miles south of the parallel and go to Seoul. The three missionaries decided to wait until morning when the bank would be open and they could get funds to travel. However, by morning Seoul had fallen to the Communists and the three women set out in a jeep to a southern sea port. The 300-mile journey took 22 hours over the rugged roads.

Miss Moore described the Korean people as kind, peace loving people.

Miss Jane Stahley, daughter of Mr. and Mrs. William Stahley of 15 Elm St., Hicksville, will graduate from Fredonia State Teachers' College in June this year. It was announced by the college. Miss Stahley has been appointed to teach in the kindergarten of Hicksville Public Schools.

The annual card party sponsored by the Hicksville Branch of Women's Auxiliary to Nassau Hospital will be held Friday night, Apr. 4, in the Masonic Temple, W. Nicholai St., Hicksville.

Mrs. Elwood A. Curtis, chairman, announced that \$525 was given to the hospital last year as proceeds from the card party.

New Restaurant
In Old House

JERICHO — A new restaurant, the Millridge Inn, will open soon on Jericho Rd., Hicksville, south of Jericho Tpk., on the site of the former Maine Maid restaurant. Additions and alterations to the old historic structure are now underway.

Probably the oldest house in the Robert Williams' "purchase" area, (large tract of mid-Island territory including present communities of Hicksville and Jericho which Williams bought from the Indians in 1648), the house is located next to the Jericho Spring Pond.

Built in 1676, it was originally the home of Robert Williams' sister-in-law, Mary Washburn Williams. Next to it is the half-covered excavation of what may have been the original cellar of Williams' house.

OFF SOUTH BROADWAY:
Never Dull Moment At Lauer House

By Banny Lauer,
Hicksville 3-2794 J

Never a dull moment, not in this house, anyway. Holly is just getting over the chicken pox, am now waiting for Paul and Iva to start breaking out. Iva did break—but not out with the chicken pox, she broke part of her chin. Had three stitches and all the trimming. Wonder what is next? Guess everything that could possibly happen in this house, happened already, so maybe now it will be all peace and quiet. I doubt it.

Hate to keep nagging you all the time but honest, the dog situation here is getting worse all the time. There are three very large dogs that seem to be traveling together a lot. They just run through everyone's lawns, throw over the garbage cans and scare the daylights out of all the kids. I'm sure these dogs belong to people in this vicinity and are not just stray dogs because they all wear collars. If you love your dogs why don't you please take care of them?

The people over here are getting fed up with these dogs and haven't got the patience to wait for the dog catcher. They will soon take matters in their own hands and might harm these poor creatures.

Now to the brighter side of dogs — Mrs. Uhlein of 2 Murray Rd. says thanks to this column she has her dog back, safe and sound. Anytime anyone is in distress, give me a ring and I'll try to help.

Mrs. Goodman of the S. K. Homes says she lost a green and white pleated lamp shade in town last week. So if you found a lamp shade please call her at Hicksville 3-3413R.

The stork has been quite busy around these parts. Mrs. Agnes Sacco of Lee Ave. had a wonderful bouncing girl Saturday morning. She weighs 7 pounds and will be called Lorrene. The Sacos also have a son, Rickey, who just can't wait for his sister to come home from the hospital.

Remember Milly DeFretes who used to live on Lee Ave.? Well, she also has a daughter weighing six pounds and named Denise. The DeFretes recently bought a new home in Bay Shore. Lots of luck with your new baby and new home and give big brother, Russell, a big hug and kiss for us.

The Raffas of Hudson Pl. were in an auto accident. Good thing the kids weren't with them. Poor Marie is all black and blue.

Susan and Jeanne Christ of Lee Ave. were hostesses in their home at a St. Patrick's Day party. The whole house was decorated in green and white. A beautiful green and white cake was the centerpiece of the refreshment table. Guests were Joan Younghans, Donna Ferrara, Deborah Ames, Diana Gore, Pat Myer, Diana Wharton, Brian Wharton, Doty Christ, Anne and Lorraine Siberling. Everyone got prizes and balloons.

Another party was held at the Vatier home on Bunker Ln. in honor of Dolores' eighth birthday. Her guests were Diane and Bobby Gore, Ellen Young, Linda Lamoni, Martha Schrenfeld, Barbara Murphy, Barbara Bagley and Holly Lauer. They played all sorts of games and all the girls received beautiful hair ribbons. Everyone had a grand time.

Mrs. Thomas O'Mara of Northport was the week-end guest of Mr. and Mrs. E. Bolger of Lee Ave.

I want to take this means of publicly thanking Mrs. Silvia Stoboda of Lee Ave. who was good enough to rush me to the doctor when Iva fell and hurt herself. She also waited with me while the doctor examined Iva and then took us home. She is always willing to help hand. We are very happy such a wonderful neighbor.

Hi Folks:

Happy Anniversary to Mr. and Mrs. Cass Haas of Nicholai St. Cass and Frances are celebrating their 9th Wedding Anniversary. Congratulations to you both.

Little Chrystine Hiller of 75 Underhill Ave. will be 2 years old, Apr. 3. Happy Birthday Chrystine.

I have a birthday on Apr. 2, but I stopped counting last year.

Had a report from the "Bachelors' Club" last week. These footloose and fancy free fellows wonder how come they haven't had any proposals during leap year? They had to admit that about 50 per cent of the membership are going steady now—but what about the other 50 per cent? SOS to all girls over 17 years of age.

One of their members, Walter Kolech, left for North Carolina, to join a Baseball School there. Best of Luck to you, Walt.

Another card party was held at Duffy Park on Mar. 17 for funds for the furnishings at the new convent for St. Ignatius Loyola Church. Mrs. Ann Rennert of 9 Mayfair La. was the hostess and those ladies present were Mrs. Joan Stenson, Mrs. Ruth Lerch, Mrs.

Mary Novellano, Mrs. Harriet Maher, Mrs. Helen McGowan, Mrs. Betty Paulsen, Mrs. Lee Kriebel, Mrs. Eleanor Francis, Mrs. Louise Pluth, and Mrs. Margaret Clancy. Mr. Renert had green refreshments in honor of St. Patty's day.

Little Michael Maher of 13 Mayfair La., came home from the hospital last week. He was a premature baby born on Feb. 15. His Mommie and Daddy are glad they're all together again.

Mrs. Helen Kirchner of 67 Combes Ave. had a Bridal Shower for her cousin and god-child Miss Mary Besch on Mar. 28. There were 30 ladies present and later in the evening the men-folk joined the party. Helen served refreshments and had the usual Wedding Bells and Watering Cans for decorations.

The Legionnaire

When we mentioned the St. Patrick's Day dance in last week's column we had no idea it was so successful. Besides the usual "wonderful time by all," it was a near capacity crowd which enabled the dance committee to report nice profit, something which few other dances have produced in the past. Jim Carter, lucky chairman, expressed his appreciation at the last meeting for the efforts of Walt and Ruth Schlichting, John Nee, Al Barlow, Fred Brengel, Frank Muller, Ernie Gundlach and "Jay" Jabour, on the committee.

Commander Jabour spent the entire evening behind the bar and when he closed up the clubhouse it was after 3:00. Incidentally, Jay had a hat when he came in but not when he left. Anyone walk home with a new Adam?

The night was so successful, a Spring Dance has been set for April 19 featuring the orchestra you liked so well at the Valentine Dance. Complete details next week.

The Industrial Home for the Blind will benefit from our recent raffle to the tune of \$100. . . . Basket of cheer winner — Fred O'Connor, 4th St., Brooklyn. . . . Winning ticket sold by Jack Rondeau. . . . All members, but particularly WWI vets, should drop in the clubhouse this Friday night for a special treat—the man behind the stick will be Henry Brengel. . . . There are several band instruments in the cellar, formerly used by the Legion, which can be had for the asking by any regular organization in Hicksville. Some are not new and will probably require some work, but we think they're worth a look.

Through Al Barlow's kindness we are able to keep last week's promise to give you a second sug-

gestion for this summer's vacation. It sounds very good to us so here goes:

The American Legion, Dept. of New York, has two vacation resorts reserved for Legionnaires and their families, both of which have complete recreational facilities. Both are in the Adirondacks, one at Tupper Lake and the other on Horseshoe Lake. Rates are very reasonable and include the usual swimming, dancing, etc. All meals are served in a central dining room which means no cooking for mom.

Of special appeal to the younger Legionnaires is the policy at Horseshoe Camp where this year all children under 12 years of age, in company of their parents, will be accepted free of charge. Regular rates prevail for the parents and any children over twelve. This camp includes a special children's playground complete with supervision. We know this sounds too good to be true so don't take our word for it; write American Legion Mountain Camp, Inc., Tupper Lake, New York. Literature will be sent you promptly.

Accommodations at both points are on a "first come, first served" basis, but since no applications for actual reservations will be accepted before April 1st you have an equal opportunity for an enjoyable vacation.

Before closing this column we'd like to acknowledge a fine bit of clean up work in the cellar by Jim Carter, Walt Schlichting, Jack Rondeau, John Nee, Fred Brengel and Johnny Williams. It's a great improvement!

So until next week remember your

NORTH EAST REPORT: Fire Provides Some Excitement

By Lee Chanin
Hicksville 3-0833 R

The kids around Zelma Park had some excitement last week when a grass fire in the field north of the development brought out the fire department. Quite a large portion of the field was scorched.

I want to thank Mrs. Julia Struzzi of 27 Libby Ave. for her kind assistance in the Red Cross drive this month. I could never have done it alone.

Mrs. Eunice McGarvey of 6 Violent Ave. has been laid up with a broken ankle for the past few weeks. With five children and a house to manage, it hasn't been

McCaffrey Gets Office Variance

OYSTER BAY — Lawrence C. McCaffrey of 162 Broadway, Hicksville, was granted a variance to build an office building on the west side of Newbridge Rd., south of Nichols St., Hicksville, at a meeting of the Zoning Board of Appeals Thursday night in the Justice Court Room.

The case of Julius Makowski of 72-44 Calamus Ave., Woodside, who wants a variance to build at the corner of Fifth Ave. and Fifth St., Hicksville, was again held over until the next meeting.

The Board granted variances to build attached garages with less side yards than the ordinance allows to James Caravella of 211 Dartmouth Dr., Hicksville, Richard Burd of 205 Dartmouth Dr., Hicksville and John Laudicina of 40 Underhill Ave., Hicksville.

KRAMER EXPLAINS PROBLEM: Expect 1,858 More Students

BETHPAGE—Frederick Kramer, president of the Bethpage Board of Education, discussed the education problems of the districts and plans for the future at a meeting of the North Bethpage Civic Assoc. on Mar. 19.

Kramer said that an estimated 1,858 pupils will need school facilities by 1968 as compared to the 997 pupils in the grade schools today. He said that the 1,858 is estimated from the present number of homes and does not include any

of the new homes now under construction.

"There are 750 new homes being built at the north end of the town which will have about 1,100 new pupils and 500 new homes at the south end of the town will give us about 800 more pupils," he explained. "So it's not hard to figure."

Urgent Need For Cub Den Mothers

By Rae Cantilli
Hicksville 3-0233 M

Due to new deadline, if anyone has any news, please give it to me by Friday night at the latest.

I had a very nice call from Mrs. Marx of Eldorado Blvd. She asked me to express the urgent need for Den Mothers for the Plainview Cub Pack. There have been a number of Den organized, but because of the lack of Den Mothers and other people necessary for this wonderful youth organization, the program is a little hindered. Anyone interested please get in touch with Mrs. Marx. The telephone number is Hicksville 3-0035 W. Cubbing age is from nine to eleven years old. This organization is very important to these youngsters so if anyone can spend a few hours to devote to the Cubbing program please get in touch with the Marxes.

By the way Mr. and Mrs. Marx just celebrated their wedding anniversary last month. Congratulations and many more.

Happy birthday to little Bonnie Myrick of Island St. who celebrated her first birthday, Mar. 22. Also Happy birthday to her daddy whose birthday was Mar. 20.

Congratulations to Bob Gessner of Island St. who celebrated his birthday Mar. 21. March certainly is the birthday month.

By the by, a few of us are going to the Theatre Workshop under the Adult Education Program. On Apr. 8 at 8:30 there will be an open house to display the fruits of labor, you might say, of all the various classes now being held. The Theatre Workshop is presenting a series of monologues. Among those who will be on stage are Flo Myrick of Island St. who will do "Lizzie Announces Her Engagement" and Ruth Gessner of Island St. who will do "The Bridge Party". Since I am somewhat connected with this group, I can safely say you will have a very enjoyable evening. There will be six monologues, all capably enacted. Come on out and see all the exhibits.

I can't urge you enough to come out to the discussion meeting on the School Budget, Mar. 28, at the Mannett Hill School. We are really privileged people here in America. We are granted the right to voice our opinions on such important issues as the School Budget. Come out people so that you can understand just how your money is being spent. Then when School Taxes roll around you won't have any cause to question them.

The people who don't think it is important enough to attend a discussion meeting or even bother to come out and vote at the Annual Meeting are the very people you hear complaining when it is time

to pay taxes. This applies to a lot of issues that have come up in the past and will come up in the future.

Don't forget the Plainview Fire Dept. Dance Apr. 26 at the firehouse. Our own Val Himmerger who lives on Island St., and his band, will furnish the music. There is an excellent floor show planned as well as a door prize. Tickets are \$1.50 including tax. Come out and have a good time.

I'm still collecting for the Red Cross. If anyone would be so kind as to help me out, I certainly would appreciate it.

Mrs. Delamaine on Sunrise St. asked me to tell all of you kind people that she is heading the Cancer Drive here in the Plainview Country Homes. She also asked me to put in the column the fact that she also needs workers to help her. If anyone would be so kind as to help her out.

Current Comment:

Tax Rates And Values

By FRED J. NOETH

WE FEAR THAT far too many of our readers don't understand the ins and outs of real estate tax rates—and therefore are unable to correctly evaluate some of what is making headline news in the Herald these days. Part of the reason for lack of simple understanding of tax rates is the fact that many who are owners of property for the first time in their lives don't pay the tax bills directly. Each month they pay the mortgage holder—bank, for example—which has calculated and estimated in advance how much must be collected in monthly installments to meet taxes in addition to insurance, mortgage retirement and interest.

An important factor in tax rates is valuation. Assuming that a specific amount of money is required to, let us say, operate the fire district for the coming 12 months and the amount must be raised by local property taxation, the authorities measure this amount against the total valuation (real estate value) of the fire district. Simple division provides a rate, normally expressed in cents per \$100 of valuation. If your individual property is assessed (not market value) at \$4,000 and the tax rate happens to be 50 cents per \$100, then the tax charge is 50 cents times 40 hundreds or \$20. If the rate increases and your valuation remains the same, then the tax bill increases. If your tax rate decreases (say, in a mythical case, to 40 cents) and your valuation increases (in this mythical case to \$5,000), you would pay exactly the same tax or again \$20.

This all becomes especially important in connection with the great deal of loose talk floating about on so-called 7-mill emergency school construction aid.

First of all, E. W. Thomas of the State Education Dept. (senior supervisor of finance) told the Education Association at Hicksville High School last week that regular school state aid (a complicated formula application) is "baby talk by comparison" with the 7-mill law. He added "it is very technical and we are very baffled by it ourselves." He also said it is only stop-gap legislation, very conditional, and contains all sorts of limitations.

In effect, he said the 7-mill law provides that where a school district can not meet its emergency building program "otherwise", the state advances funds to meet the debt service in the local budget which may represent in excess of 7-mills or 70 cents per \$100—for 30 years. If the debt service in a particular year (or series of years) does not equal 70 cents, then the community must still charge taxpayers 70 cents for debt service and pay the differential between the actual debt service rate and 70 cents back to the state.

Now, here's the rub: Assessments in Nassau County are upon the basis of 1939 replacement costs; i.e., a brand new house sold today for \$10,000 appears on the assessment list with a valuation of around \$4,000. Some day—maybe not too long now—assessments are going to be lifted to the proper level, nearer market value. When that happens, as we explained in the beginning, your individual tax cost or bill may continue about the same but your TAX RATE will go down.

Then the 7-mill or 70 cents debt service assistance from the state can be detrimental to you as a property owner. While the rest of your tax rate will go down (assuming costs remain about the same and all valuations increase), you will be pegged at the 70-cent debt service rate—which of course is only fair since the money belongs to the state.

But what happens to all the fancy talk, heard about, that 7-mill assistance "almost guarantees" getting money for emergency construction aid and probably not having to pay it back?

We should add further that you are not being guaranteed under 7-mill assistance a total 70-cent school tax rate. This year the Hicksville School Tax rate is actually \$2.59 per \$100 of valuation of which about 68 cents is the debt service. Even with 7-mill assistance, the tax rate could climb to \$4 or \$6 per \$100. We do not want to spurn 7-mill aid but do believe there should be more honesty on the part of certain elements in their feverish efforts to sell us a build-build-build program with callous disregard for the homeowner's ability to pay or the actual need measured against probable life of such structures.

NEIGHBOR DOWLING VIEWS NEWS:

Mortgage Payment Is 'Timely'

By John C. Dowling

Following in the wake of last week's column in which it was reported that Plainviewites can expect a substantial increase in the school tax this year, was another development which undoubtedly will have some bearing on the school budget if public hearing this Friday night, Mar. 28.

During this past week some resi-

DOWLING

dents have received notices from the bank which holds their mortgages that their monthly payments will be increased anywhere from \$5.00 to \$10.00 a month beginning with the next note due. The bank couldn't have timed these notices any better—even if they knew about the forthcoming public hearing on the school budget.

At any rate the people of Plainview are doing a slow burn which may manifest itself as a full scale riot come this Friday night at the hearing. It should be a very interesting session.

As it stands now, the people of

this area may very well be paying \$200.00 a year to carry the local school system during the next school year.

The town is unquestionably in an emergency situation as regards the school situation. The urgency of our present condition demands that every phase of the State Education Aid program be explored until we can be assured of some assistance. Unless this is done, it is possible to foresee a complete financial breakdown of the Plainview School system and our home community.

HERALD READER OPINIONS:

Focus Upon Commuter Appeal

By JAMES E. WALTERS

I recently moved here from the midwest and bought a home in the section now battleground for the Hicksville vs. Levittown forces. To a comparative outsider, the facts marshalled by your publication seem excellent—the area has been Hicksville for years, it uses Hicksville water, Hicksville schools, Hicksville post office address, etc. These services are very good or im-

portant. There doesn't seem to be any tie with Levittown except through the swimming pool issue. And, of course, the taxing income from about 1,500 of the best Levitt-built homes.

Therefore, it seems to me the case for Hicksville will rise or fall on the park and parking district issue. And here I feel Hicksville leaders are missing the boat. My commuter friend tells me that after the new parking district was approved, he was cheered when he saw bulldozers clearing a large field near the Long Island railroad station. He thought there'd be adequate parking for folks who commute to New York.

When the parking district slapped a three-hour shopping limit on the field, gave another choice loca-

tion to a private operator, this through Hicksville and leaves New York at 3:44 a.m. It's non-stop Hicksville, to him, still was trying from Jamaica to Babylon, arriving there at 8:52 a.m.—nine minutes before the regular Babylon train running via Wantagh. The 8:52 goes on to Patchogue. There are half a dozen or more trains running each way every day—many of them at times. Hicksville has no service—which whiz through our town and never stop. The story is in the Long Island's Valley Stream-Babylon-Patchogue master time table.

The Hicksville parking district could make a try at stopping some of those trains for Hicksville. Then, by issuing stickers to restrict more and better railroad parking fields, the Hicksville forces would have an unbeatable argument with every Long Island railroad user who lives in the disputed section; and that's most of us.

The anti-Hicksville group is able to give arguments against every pro-Hicksville statement—but help for the commuter is something the anti's never can give because of the location of the Long Island tracks. Your forces should press that advantage to victory.

Opposition To Changes In Gables

Dear Mrs. Schulz,

I noticed in your column, "Hicksville Gables," last week, you mentioned not getting any response in reference to changing the name of either the Road or the Drive, so I thought I would write and let you know now I feel about it.

I'm afraid I am definitely against the proposal, especially about changing the name of Gables Dr. for you see I live at 30 Gables Dr. and I like the name as is.

I will admit that wills, mortgages, insurance policies, driver's licenses, dog licenses, some of these may incur fees for transfer, also some lesser changes such as subscriptions, membership records, commutation tickets, office records for those who work. And think of the confusion when birthdays and

holidays come around? The Post Office employees won't like us.

Several times in the past two years or so, people and deliverymen have come to our door, thinking it was the other street. We at our house didn't think it an inconvenience to direct them right; however, it might have been, slightly.

I'm sure though, most of us will agree, these few infrequent visits will be more easily passed off than the changing of a street name. If you stop to consider, at least 20 families will have to change their addresses on all legal documents.

Bank of Hicksville main lists Gables Dr. nearer Old Country Rd. and Gables Dr. nearer to Plainview Rd.

In other words, just the reverse. Truck drivers coming any distance to make deliveries, or as a matter of fact anyone not familiar with this vicinity, stop into a gas station to ask directions. When they consult these maps, of course they are misled.

I don't know if it will do any

good now, but if a public notice to all could be printed in a local paper requesting residents to change or correct these maps, I feel sure some of the inconvenience would be overcome.

I do hope my little contribution to the problem on hand will help others to decide to keep the arrangement as is.

"CONCRETE FACTS"

Dopeing out a formula (or mix) for concrete,—that is: for slabs—driveways—footings, and the like is really a simple matter; If you stick to the rules. One very important feature most folks make in—the quantity of water to use. For instance—on a 1-2-3 mix, you'd use 4½ gallons of water. Don't forget that the sand we usually deliver to a job, contains a certain percentage of water in it self, and this water added to the extra gallons used would give you a 5½ to 6 gallon mix (per bag of cement) for plasticity. Too much—or, too little water is the cause of many poor concrete jobs.

Order clean, sharp sand and gravel for your aggregates. Bank-run is too often out of proportion for size to make a quality job. It's important to the life of your job. Be sure there's no clay or loam or other foreign matter, mixed in the sand and gravel, that may cause your cement work to crumble or form soft pockets.

Don't throw the cement bag away—use it, as a measure for the mix you decide to use.

Mix the materials DRY, adding the necessary water (outlined above) for a good workable paste.

Stop in, or, write your "UNCLE TOM" for a free copy on How to Mix Concrete. There's no obligation.

are interested in seeing this change brought about, I would surely appreciate hearing from you. Believe me, I like the name Gables, but for the sake of lessening the confusion and avoiding the more ominous side of the question, I would like

to see this changeover come about. One last comment, after all that, is to say, "any and all soap boxes are welcome."

The Kramer household of 9 Gables Rd had a twofold celebration, Mar. 20. Thomas Henry Kramer attained his 9th birthday while Mar. 21 marked the 10th wedding anniversary of Mr. and Mrs. Sigmund Kramer. Tommy has been sick in bed with cold so of course no birthday party was possible. Mr. Kramer was away on business so celebration of the anniversary has been postponed to later date.

By the way have any of you hereabouts been longing for some nice farm fresh eggs delivered right to your door? Then you want to see Frank the egg man who has a route in this neighborhood. Call me! I'll be glad to give you more information.

Am most happy to report that 15 minutes after the last issue of the HERALD hit the mailboxes, Kathy Lee's bike was once more in the hands of its owner. That's what I call good response.

Dear Comrades:

We don't know how long you've resided here in our community, so it's quite possible that you already know about the fine work being done by our Post. However, just in case you are not aware of our work, we'd like to put modesty aside and note a few of our recent accomplishments:

Our contribution to the Red Cross drive was "Blood for Korea." We carry on a monthly program of "moral visits" to mental patients at the Northport Veterans Hospital. Along with the periodic visits to Mitchel Field Hospital wards by our Ladies Auxiliary, we have a pleasant children's program both in and out of our public schools. We have been in the forefront in combatting communism by boy-

cotting the purchase of Russian and satellite countries' made goods.

In addition, of course, we carry on our regular social functions such as a coffee clutch after meetings, dances, parties, etc. All this is in addition to our prime purpose of furthering and protecting the interests of the veterans and the people of our community.

We'd like you to learn more about us and we hope you join our organization.

We extend to you a most cordial invitation to attend our joint installation of the Post and Ladies' Auxiliary this Saturday night, Mar. 29, at the Temple Shaarai Zedek on East Barclay St. at 9 p.m. Sidney Kaplan and his staff of newly elected post officers and Mrs. Ethel Lauer, Sr., and her staff of Auxiliary officers will be installed.

HHS SPORTS PROGRAM EXPANDING

Released from his varsity baseball coaching task with last week's announcement in the Herald that the job had been turned over to Bill Anderson, Chet Jaworski will now spend his time in the expanding athletic program at Hicksville High School.

Jaworski will handle Freshmen Track and Baseball and will sandwich in coaching the varsity Golf team which the Orange and Black will have in a seven match North Shore Athletic League campaign this spring.

With the student body at the school growing rapidly, this increase in athletic activity is warmly applauded in most quarters of the community for in the past Hicksville has had only the four major sports on its docket and stood on the sidelines while fellow league schools engaged in seven or eight programs.

It will be a busy spring for the HHS Athletic department for another reason:

Hicksville has been awarded the 1952 North Shore Athletic League Track and Field Championships and that will mean a lot of work for Jaworski and Lou Millevote, Comet track mentor.

There will be much preparation needed for the event which will be staged on two different days in May at the Hicksville oval, but it will console those in this sector who have wanted the affair run off here since our School District went to the expense of improving the track five years ago.

The NSAL cinder meets have alternated between Port Washington and Westbury for over a decade.

POPPING UP AGAIN

Since the softball season runs so very long on Long Island we are loath to give the sport much attention until the business gets serious during the months of July and August.

And this despite the fact that our community has the best softball players and independent teams in Nassau County, relying predominately on hometown rather than imported talent for its success.

Last week we passed over the fact that Empire Diner had called for a practice on the third Sunday in March. The date is unimportant, but we were astonished to find that a half dozen players did show up for the initial workout despite the nip in the air which registered a cool 27 degrees.

However, we have an official communication from Manager Bernie McGunnigle of Bottos Brothers stating that weather permitting the Bottos club will hold its first practice this Sunday, March 30 at 2 p.m., at the Hicksville High field.

Bernie welcomes all candidates for the softball team.

PBC Exhausted Before Clincher

OYSTER BAY—The game but steadily tiring Hicksville PBC Alumni was on the verge of clinching the 1952 Alliance League championship here on the St. Dominic's High boards, Saturday night, but the Hempstead PBC defeated the panting courtiers of Steve Ruggiero, 74-65, to square the finale one game all.

The playoff grind took a heavy toll of the PBC which was drained of most of its strength by calls to the Armed Services. The Hicksville club swept to the regular season title of the league and averaged 90 points or more against all comers in doing so.

In the playoffs, however, it has shown definite signs of strain but came up with a dashing performance when ever it was needed to stay in the fight.

16-POINTS DOWN

Freepost won the first game in the semi-final round 53-52 but Harold Manaskie, Reggie Jederowski, Tom Hartman and Charlie Rosenzweig led the Alumni the next night when it routed the South Shore club 64-52 to even the series. Freepost was corking hot on Wednesday night and with Lou Le Salvio showing the way with 20 points in the first half Hicksville trailed 49-33 at halftime.

Coach Ruggiero still had the all out press left in his pocket and Hicksville made full use of it in the second half. The Alumni hawked the ball furiously and with Manaskie (19), Rosenzweig (18) and Jederowski (15) hitting full steam the locals forged ahead 55-54 at the end of the third stanza.

The press forced three Hicksville starters to the sidelines and with the issue still in doubt Chet Jaworski put on a uniform and helped the Alumni to increase the narrow three point lead to a 76-69 victory in the final three minutes.

BRUTAL CONTEST

Friday night, Hempstead and Hicksville started the finals in an uncontrolled game which saw Rosengren and Hartman pull the Blue through 63-61 in an overtime period.

The game was one of physical power and at times brutal in its unchecked tripping, slushing and pushing. It was the "worst of siccified" game of the NCABL tourney which has been marred by considerable dissatisfaction with the whistler blowers.

Hicksville could not hold a 55-45 lead in the last period against the Hub team and with a minute left was behind 61-59. Hartman knot-

ed the count with the final 15 seconds.

Noting the slow development of Jericho, an area about twice the land size of Hicksville District, Columbia points out that additional elementary school space is needed even without the Landia project.

The present building has a reasonable capacity of 145 pupils but was "seriously overcrowded" in Jan. 1952 with an enrollment of 185.

While a new or enlarged school could not be ready until Sept. 1952, the enrollment is predicted at 240 by that date, without new real estate developments, and about 360 by 1960.

Discussing present conditions in the building with three temporary classrooms in use, Columbia says "it is unfortunate that a school building as economically favored as Jericho should have such substantial deficiencies."

The contents of the report will be discussed more fully in future issues of the Herald.

Saturday night most onlookers expected Hicksville to wrap up the title but the Alumni was cold in its shooting and Manaskie, the fine PBC plunger in this tourney, was tagged with four quick fouls in the first half to cramp the attack.

However, Hicksville just would not play a good defensive game and gave away ten baskets on Hempstead fast breaks. The Hub team led all the way, 16-7, 32-29 and 56-46 and killed a promising Hicksville rally with three baskets via the fast breaks in the final two minutes.

The baby carriage was demolished. Mrs. Brodebeck was taken to the hospital in the Farmingdale Fire Department rescue truck.
