## Facts On Town Board Hearing At East Street

These are the essential facts on the public hearing of Oyster Bay Town Board tomorrow (Friday) night at 8 o'clock in the auditorium of East St. School, Hicksville:

**The issue**—Shall Oyster Bay Town Board upon its own motion divide the Hicksville Park and Parking District which it created in 1947 coterminous with the 6.5 square mile Hicksville School District? Further, shall the Town Board create a new district known as "North Levittown" embracing the houses Levitt & Sons built in Hicksville, including several older residences below Old Country Rd.?

**What Board must decide**: Does the district have outstanding bonded indebtedness chargeable to the present district, and are facilities in the areas resulting from a split of primary benefit to the areas in which they will remain? Is the division in the public interest?

**Who wants the split**: North Levitt Home Owners Assoc., Levittown newspapers, etc.

**Who is opposed**: South Levittowners Assoc., Levitt Home Owners, Hicksville Civic and Community Assoc., Hicksville Business Men's Assoc., executive committee of North West Civic Assoc., etc.

(Detailed HERALD Community Calendar on Page 10)

HICKSVILLE — The full Oyster Bay Town Board will sit in judgment tomorrow (Friday) night on the stage of East St. School as arguments are presented for and against the division of this community. The public hearing is called for 8 P.M. and will be conducted by Supervisor Charles E. Ransom of Sea Cliff, flanked by Township Councilmen Frank Chlumsky of Hicksville, Lewis Waters of Syosset, George Thomas of Locust Valley and Dudley McCabe of Massapequa. Placing no limitation on residence in the district, the official hearing notice promises "all persons interested will be given an opportunity to be heard". There will be no public vote taken.

All indications are that it will be one of the hottest hearings experienced by the Township Board in many years. In addition to any individuals who have views to express, all major civic organizations in the area are primed to state their opinions. Several have already recorded objections in the form of letters to the Board.

### USES NEW LAW

The hearing's purpose, according to Town Clerk Leslie Disbrow, is to "consider the division of Hicksville Park and Parking District" which now embraces the entire school district. The hearing is held pursuant to a special law enacted in the State Legislature earlier this year, applies only in Oyster Bay Township, and was sought by the Town Board. The enactment of the law was strenuously opposed by local citizens.

Injected into the issue has been the question of future operation of two swimming pools and a \$250,000 Community Hall, all located within Hicksville and built by Levitt & Sons. The pools, Hall and park areas are operated by Levitt who has not officially offered them to the District or the township board. It has been claimed by a minority element in the area which wants the district split that Levitt "plans" to turn the facilities over to the community.

## New Election Set For June 4

HICKSVILLE — Allen Carpenter of Loretta Lane, recently appointed to the School Board to fill a vacancy caused by the resignation of Robert Corcoran, will be a candidate for election to the Board at a special district election on Wednesday, June 4, it was learned today.

The deadline for filing nominating petitions with District Clerk Andrew B. Heberer is Monday, May 19 with a supplemental registration date set for Saturday, May 24, at the high school from 4 to 9 PM.

## 2 First Aid Calls For Local Vamps

HICKSVILLE — Two emergency calls and a call for help in fighting a fire at the Bethpage State Park from the Bethpage Fire Department kept local volunteer firemen busy this week.

Felix Totson of 93 Duffy Av. injured his eye when a chisel struck his head as he was working on cement. Firemen were called to the scene at 2:27 p.m. Saturday. An emergency call from the Professional Building to assist Robert F. Paterson was received on Monday, May 5, at 7:08 p.m.

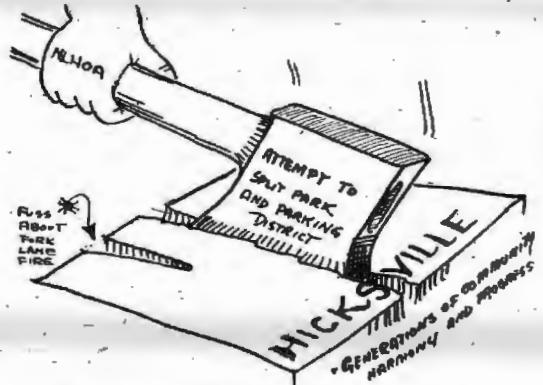

A car caught fire at the corner of 10th St. Tuesday, May 6, at 6:40 a.m. The auto owned by Herb Holmers of 212 10th St. was a total loss.

Grass and a fence in the rear of 124 Duffy Ave., near the railroad tracks, called out firemen at 2:50 p.m. on May 2.

No damage was reported from an oil burner fire at 64 North Broadway on May 2 at 5:36 p.m. Part of a two-car garage owned by William Payoski at 39 Fountain Ave. was destroyed by fire on May 3. Firemen answered the alarm at 7:58 p.m.

WHERE WILL THEY PARK?

## LIRR Wants To Sell Commuter Parking Field Next To Station

HICKSVILLE — The urgency of planning for commuter parking by the Hicksville Park and Parking District was emphasized this week as it became known that the Long Island Rail Road has a buyer and wants to sell the property between Broadway and Jerusalem Ave., next to the station. The area is now used for commuter parking.

Any plan developed for commuter parking will be limited to the exclusive use of Park and Parking District residents, town officials have pledged, probably using a tag system to indicate the cars of authorized users. Non-residents of the district would then be forced into private lots, paying fields or into distant streets.

A LIRR spokesman admitted this week that it has a buyer for the property and the bankrupt railroad has asked permission of the courts to sell the tract. Tenants on the property, including the taxi operator and two real estate brokers, have been notified that they may have to vacate.

The plea for permission to sell at a reputed \$65,000 was heard in Brooklyn Federal court two weeks ago. Oyster Bay township officials

registered objections on the grounds that the area has been open as a road for at least 20 years.

## GOP To Hurry For Hearing

HICKSVILLE — The Republican Club is cutting short its regular meeting tomorrow (Friday) night at the Masonic Temple to permit officers and members to attend the Town Board hearing on East St. School upon the proposal to split the park and parking district. President Ernest F. Francke wants all members and guests to know that the meeting will be "a very short business session".

## Dear Jean:

This Saturday the Bank of Farmingdale will be merged with the Franklin National Bank. Merger goes into effect at 3 PM tomorrow (Friday) . . . and at 6 o'clock Sunday morning (Mothers' Day) 15,000 people who have been getting phone calls in Hicksville 5 exchange will switch over to (choke) Levittown 3 or 9. Telephone company convinced PSC that use of "Legion" or "Leigh" as neutral exchange name instead of "Levittown" would cost \$20,000 who would have to pass cost along on to all us phone users . . . Much annoyance in Levitt section since garbage man only comes around twice weekly for rubbish instead of times as contract states.

Rumor has it that **GEORGE SPOHRER** and the Township officials had a go at each other, once again this time over topsail striping down near Cort's. Remember those exchanges when George was trying to keep the Airpark operating as such? . . . **ARTHUR J. FERRO** is moving from that little building at the RR plaza to 75 Bway, Hicksville (second floor) around May 15. Pictures taken by **FRANK MALLETT** at the **FRANCKE DINNER** are now featured in the Herald office window. Next week we will present there a layout of photographs at the dinner held for Miss FARLEY . . . Hicksville Board of Water Commissioners is considering adoption of an ordinance which would limit hours for lawn sprinkling to 7 to 9 AM and 7 to 9 PM. This may be necessary due to the fact that many, many more homes have been erected in the district and the additional water supply in the north west sector has not been completed as yet.

**BILL MARION**, seriously injured in a motor accident in Westbury, is on the critical list at Meadowbrook Hospital . . . We had a couple of calls about **BILL LEONARD**'s radio program during which he said Levittown has the school building problem licked because the schools went up as the development rose ! ! . . Nassau Press Assoc was guest of Belmont Race Track, Friday . . . While Hicksville 5 becomes Levittown 3 or 9 exchanges this Sunday, the issue is not closed as far as neighboring community civic groups are concerned. They are pressing for a PSC hearing on the question . . . On Saturday, May 17, from 2 to 7 PM you will have a rare opportunity to inspect the fine gardens and plantings at the 409-acre estate of Mr and Mrs. W. R. COE at Oyster Bay. Admission is a buck . . . The meeting tomorrow (Friday) might promises to be a real whining-dinger. Better get over to East St. School early . . . **WALTER JEDIEROWSKI** and his son, **REG**, have given up the commercial window cleaning business here but, under the name of "Ideal Window Cleaning Co." are now specializing in estates, private homes, removing storm sash, etc. The area got too big, they say, to continue with the commercial as well. **RUBY LANGSTON**, our Hicksville queen, came in third in the LI Tulip Queen finals at Babylon . . . LIRR has been cleared of blame for disturbances in television reception around Port Jefferson station and yards. Some residents thought Diesel-electric locomotives ruined TV reception but FCC proved otherwise . . .

case but did adjourn the hearing for two weeks", Councilman Frank Chiumsky told members of the Business Men's Assoc this week. The hearing resumes tomorrow (Friday) in court.

Since the Park and Parking District is under the jurisdiction of the Oyster Bay Town Board, the town fathers have been looking at other local sites for possible commuter parking developments, including the Griffin and Rushmore parcels on E. Barclay St. near Drago's factory.

Commuter parking facilities assumed major importance this week as the hearing on a proposal to split the park and parking district comes to a head with a public hearing in East St. School tomorrow.

row night. If the district is reduced in size, only those in the original district would profit from the creation of parking spaces for commuters while those leaving the district would be apparently "left out".

### John McCumiskey

**PLAINVIEW** — John McCumiskey of 104 Elmwood St. died on May 1 at the age of 69. Funeral services were held at the Dalton Funeral Home Monday at 10 a.m. with the Rev. Edward Stammel of the Trinity Lutheran Church officiating. Interment was at Evergreen Cemetery, Brooklyn.

He is survived by his wife, Christina; four sons, John Jr., William, Harry and Carl Edward; and a daughter, Mrs. Andrew Morrissey.

## OPEN LETTER TO TOWN BOARD Levitt Homeowner Sees No Need To Create Costly, New District

**OPEN LETTER TO TOWN BOARD OF OYSTER BAY:** This assessment, which I pre-

sume would be payable monthly to the bank holding my mortgage, would be an additional tax OVER and ABOVE that which I am paying at the present time. Under

this procedure, my monthly mortgage payment, which a good many of us call "rent", would INCREASE and an additional sum would have to be set aside monthly for my escrow account to avoid the possibility of my being billed at some future date for a deficit.

On the other hand, if the Park District is not split, and it remains as it is, it can be expected that no additional assessment will be necessary since the cost of operating the pools, as well as the adjacent areas, will be borne by the entire district.

From what I understand of the situation, establishing a separate North Levittown Park and Parking District would result in an assessment on my home to pay the costs for the upkeep and maintenance of not only the two swimming pools in the district but also the adjacent park and field areas.

## NORTH EAST REPORT: **If You Didn't Vote, Too Late Now**

By Leo Chasin

This past week has climaxed all the excitement of our local political scene with the annual budget meeting on Tuesday and the election of a trustee for our school district on Wednesday. All of us who felt a keen interest in these events made it our particular business to get out and register, appear at the budget meeting, and get our precious votes in. Having executed these essential requirements, we must wait for the results of the voting. Heaven help those who raise their voices in protest after failing to raise their arms in the voting booths. Here's hoping that all our efforts have been successful and that our votes for Emil Szaaby far out-number the opposition.

Welcome to Mr. and Mrs. C. A. Williams of 135 Bethpage Rd. who just recently took up residence here. We wish you lots of happiness in your new home.

Jacob and Frances Benefeld of 42 Libby Ave. happily boast a baby daughter, KATHLEEN, born April 24. Congratulations and best wishes.

Joey Kennedy, 32 Libby Ave., underwent a tonsillectomy last week and was pretty sick for a

while. He's coming along fine now and all his little friends are anxiously awaiting his complete recovery.

Construction of the second section of the Zelma Homes is coming along rapidly and some new homeowners are already moving in.

### Town Hearing

(Continued from Page 1)

ents to the split have made strong efforts to get the date changed because it has been scheduled for the same evening (tomorrow) as the Junior High will present "The Mikado" in the high school. Hundreds of tickets had been sold to the performance and the conflict of events is expected to hurt attendance at the hearing. Many Levitt-section residents have complained to the Herald about the duplication of events on the same night.

The NLHOA began the ball rolling for secession from Hicksville last September, then proposing that the Park and Parking District be abolished and two new districts be created. More than 1,000 signatures were obtained on petitions by the NLHOA who told the people in the area that the alternative was loss of the pools. This and cost estimates have been sharply challenged by SHALHO who argue that Levitt promised "free use" of the pools to Levitt house purchasers and has a responsibility to fill.

#### MONTHLY PAYMENTS GAIN

This view was stressed Monday night at a SHALHO meeting in the Community Hall called for the purpose of getting answers on mortgage payment increases and escrow account deficits received by many Levitt homeowners last week. The payment increases,

### Thanks All Donors

The Manetto Court, Grade of Amherst, Hicksville, wished to thank all local businessmen for the very generous and lovely gifts they donated for the bazaar held on May 2 and 3 at the Masonic Temple. The bazaar was a high success due to the generosity of the businessmen and members of the Manetto Court.

Joan Krawchuk of Bellmore was awarded a boudoir doll during the bazaar. Anna Jacobs of Jamaica won a crocheted afghan, Ethel Habenicht of Hicksville, a basket of fruit and Albert Lang of Bethpage, a basket of cheer.

which range as high as \$25 more per month, are to meet present taxes and new taxes resulting from creation of a North Levittown District would be a further burden.

Arthur Isakken, SHALHO president, reported he had learned from bank authorities that they expect five per cent of the homeowners of the area would not be able to swing the present boost in costs, being forced to sublet, sell out or give up.

North West Civic Assoc. executive committee (Spiegel Homes) met Tuesday night and went on record against the split. Hicksville Civic and Community Assoc. has vigorously protested the plan from its inception. Efforts of the Hicksville Civic resulted in the hearing being held in Hicksville in the evening. Town Board hearings are normally held Tuesday mornings in Oyster Bay.

The Park and Parking District was created by the Town Board to provide for shopper and commuter parking and eventual development of neighborhood areas as parks. Two parking fields have been built on East and West Marie Sts. and three more are currently being planned, one for exclusive use of commuters.

To pay for the facilities now available, the tax rate in this district is 65 cents per \$1,000 of valuation or \$2.27 on the average house per year. If the district is divided, a smaller area will have to carry this burden, resulting in a higher annual tax, according to Lawrence A. Roman of Hicksville Civic Assoc. At the same time the tax on the new, smaller district will range from \$14 to \$29 per year, according to Emil J. Szendy of the South Hicksville Assoc. of Levitt Home Owners.

## Burns Gets Sample Of Local Views Concerning His Split District Bill

**HICKSVILLE** — Assemblyman John J. Burns of Sea Cliff was sharply questioned at the Civic and Community Assoc. meeting in the firehouse, here, on Thursday night, Apr. 24, for his sponsorship of the bill which will permit the Oyster Bay Town Board to split a park and parking district.

Burns said during a question period that the bill was introduced at the request of the Oyster Bay

Township officials and that it provides the medium for calling a public hearing to determine opinion on such a question.

The law will be exercised tomorrow (Friday) night when a public hearing is held before the Town Board in the auditorium of East St. School on the proposal to cut down the Hicksville Park and Parking District by about one-third and establish a new "North Levittown Park District."

Town officials warned this week that an immediate decision on the question cannot be expected promptly after the hearing. One source said, "it is doubtful that action will be taken one way or the other by the town for some time."

## P-T A Leader States Policy

**HICKSVILLE** — An echo of the school election this week was the statement of Mrs. John Fallon, president of the Senior High School Parent-Teacher Assoc., that "in keeping with the national policy of PTA, the local unit cannot endorse any candidates."

Behind the announcement was the fact that an officer-elect of the PTA had sent out a letter endorsing and supporting one of the candidates, addressed "Dear P-TA Member" and signed with her title in the association.

### Organize Girl Scouts On Saturday

By Rae Castilll  
Hicksville 3-0233 M

Hi, Folks:

By the time this column is in print, the big Annual School Meeting will be all over but I will not forgotten. Next week, I will have all the details. Good or bad!

Belated Birthday greetings to Clare MacAllister of Island St.

Happy birthday to Kathy Dowling, daughter of Mr. and Mrs. John Dowling of Blatche St., who celebrates her 12th birthday on May 8.

As I understand, there are to be 18 children at her birthday party. Have a lot of fun.

I heard the Gessners had a celebrity at their house the other night; the famous stock car driver, Johnny Zeke and his wife from Levittown. Johnny is well known to racing fans all over.

Mrs. Kay Dowling is the Scout Leader of the newly organized Girl Scout Troop sponsored by the Manetto Hill P-TA. If there are any girls in your family over 12 years of age that would be interested in this wonderful girls' organization, have them come down to the Manetto Hill School, Saturday afternoon, May 10. Having been a Girl Scout myself at one time, I know the fun and enjoyment you can have.

Little Karen Pursley, infant daughter of Mr. and Mrs. Warren Pursley of 29 Blanche St., was christened a few weeks ago at the Hempstead Dutch Reformed Church. May good fortune follow after her all of her life.

Ruth Himbarger of Island St. attended a reunion of gals who used to work in the telephone company with her. The reunion was

at Stewart Manor, and of course, husbands were invited, too.

Tom and Ginny Payne of Island St. attended a party at Ginny's parents, Mr. and Mrs. Wachter of Jamaica. The occasion was the 60th anniversary of Ginny's aunt and uncle, Mr. and Mrs. Joseph E. Dryer of Jamaica. It was Mr. Dryer's 80th birthday, also. From what I heard it was a real big family reunion and everyone had a wonderful time.

The Ladies' Auxiliary of the Plainview Fire Dept. is holding a big card party, May 10 at the firehouse. Bridge, pinochle, bunco, etc., will be played and wonderful prizes will be given, as well as refreshments. Last year everyone enjoyed themselves, and I know you'll enjoy yourself this time. The price is only \$7.50 a person. You can get tickets from me, any auxiliary member, or at the door. Please come.

Congratulations are in store for yours truly and her spouse. We'll be married 4 yrs., May 9th.

Don't forget those subscriptions and that news.

A rummage sale by the Altar Society of St. Ignatius Church, Hicksville, will be held Tuesday, May 13, in the old school on Broadway from 9 a.m. to 9 p.m. Mrs. Mary Terry and Mrs. Florence Nenninger are co-chairmen.

A meeting of the Hicksville-Glen Cove League for Mercy Hospital was held yesterday (Wednesday) at the home of Mrs. R. Campbell in Garden City.

The HERALD phone is Hicksville 3-1400.

### GIRL SCOUT ACTIVITIES:

### May 17 Is Our Day At Camp Edey

Saturday, May 17 will be Hicksville Day at Camp Edey. All Girl Scouts and leaders are invited to come and enjoy a leisurely nature walk, a brisk hike, a cook-out, a campfire, song fest, or badge work that requires camp setting. Buses will leave Hicksville High School at 9:30.

Troop 23 led by Mrs. W. Benson and Barbara Strauss hiked from St. Ignatius School to the Little League Ballfield on Ball Park Ln., Thursday. On the way they stopped at the Children's Library where the girls registered for library cards. After arriving at the ball field, they played games and enjoyed their noon luncheon. Cupcakes were furnished by Mrs. D. Tatem. The girls hiking were: Joanne Boglioli, June Clouse, Kathleen Corcoran, Lois Davis, Kathy Graw, Helene Farrell, Elizabeth Harrison, Susan Jackson, Nancy Jud, Sheila Kennedy, Carol Lichtenthal, Marilyn Lorenzo, Maureen Lynch, Janet Martarello, Theresa McAleer, Mary McNamara, Kathleen Reimels, Joan Stubing, Judith

Talbot, Carol Tizza, Janis Cornwell, Jane Hendrickson, and Mary O'Shaughnessy. The Brownies got very tired so they were driven back to school by Mrs. F. Corcoran, Mrs. W. McAleer, Mrs. E. Talbot, Mrs. F. Davis, and Mrs. K. Reimels.

On Saturday, Mrs. Richard Hawes took her Brownie Troop 116 to the Pell Doll House in Old Westbury. This is the third Hicksville troop to visit this famous collection of dolls and doll houses.

Mrs. John Christ, Mrs. William Jones and Mrs. Craig Walsh spent the weekend at Camp Edey attending the Leader's Camp Training Course. In addition to having an enjoyable weekend the leaders learned many of the details of camp routine. Safety and well-being of the girls in their charge was emphasized as a leader's chief responsibility during camping trip. This annual training course was taken by 90 leaders from Eastern Nassau and Suffolk Counties.

## BRIAR PARK, PLAINVIEW: Bus Line In Need Of Passengers

By Ethel Rooney  
Hicksville 3-2432 J

Hello, Folks:

The sun finally came out this week and for the first time since last summer some of our bold citizens bared their skins to the sun for a tan. I've got a red nose to show for my efforts, but I'm so glad spring is finally here, I don't even mind that.

Talking of spring, don't miss the lovely display of tulips at the Lauterbach house at 26 Virginia Avenue. They make me regret even more that I moved my own last spring. In the first place moving them killed most of them and in the second place, they are barely visible from the street. I was so proud of them last year.

The P-TA had as its guests at the last meeting, all the candidates for election to the school board, John C. Dowling, Leland Baker, who have been endorsed by the Briar Park Home Owners Assoc. and the Plainview Country Home Owners Assoc., and Charles J. Loefler and Edward Preuss. These gentlemen were there for the purpose of stating their qualifications for the two vacancies on the Board. Giving you details of their speeches wouldn't do too much good since by the time you read this, the elections will have been held. However, I wish to sincerely congratulate both Mr. Dowling and Mr. Baker on their patience and self-control. I sat near the back and I had great difficulty holding my temper at some of the rather unnecessary rudeness displayed that evening. I, personally, don't know how they managed to be so patient.

If they were elected, they should be valuable members to the board even if they possessed no other qualifications because I'm sure the jobs they would be called upon to perform on our behalf would often call for both patience and self-control.

On Saturday evening, May 3rd, Jim and I attended the Hi-Neighbor Party at the school. This, as you probably know, was sponsored by the P-TA. We had dancing and played games and I haven't had so much fun in a long time. The only thing that sort of spoiled the evening was the very poor attendance. If you stayed home, you ought to feel very sorry because it was a really pleasant party and I didn't see anyone who didn't have a grand time. After the party broke up, quite a few of us went down to the

Pete McIntosh home at 64 Virginia Ave. The grand time was extended there. Present were Mr. and Mrs. Delamaine, Mr. and Mrs. Baker, Mr. and Mrs. Dowling, Mr. and Mrs. Riley, Mr. and Mrs. Lauterbach, Mr. and Mrs. H. Martin and Mr. and Mrs. Rooney. I was having such a good time I really hated to go home.

I've really been busy this week. My mother, Mrs. Elizabeth Mahringer, has been staying all week. She just got out of the hospital and came out for a rest; but I had my hands full trying to keep her from working outside. I even caught her with the garden fork trying to turn over some of the plot that hasn't been turned yet.

By the way, I hope you will notice my new phone number above. We got a private business phone this week so those who have had busy line trouble should have less difficulty getting me. I know some of you have often told me what problem you had getting my number, when often I wasn't even in the house. I am grateful to the phone company for ending my party line problems.

Another by the way, if our new bus line does not get more business than they have been getting, we may not have a bus much longer. At the very least, the line will probably be severely curtailed. So, if you want to get into town, try to take the bus (it's cheaper than a cab by far). We really need the line here and if it is abandoned, we may have to wait years to get another line started.

### TO CONTINUE STUDY

"Administration in the School System" will be the topic of next week's unit meetings of the Levittown League of Women Voters in its continued study of the school situation.

The units will meet on May 12, 13 and 15. The Monday meeting will take place at the home of Mrs. Nelson J. Haskell, 25 Echo La. Mrs. Harold Simon, 19 Ash La., will be the hostess on Tuesday. On Thursday, the unit will meet at the home of Mrs. Seymour Jarmul, 249 W. Cypress La. Each meeting will start at 8:30 p.m. Mrs. Richard Mazaziner, Westbury 7-4689W, will endeavor to arrange transportation.

## NEIGHBOR DOWLING VIEWS NEWS:

# Water Board Could End Rumors

By John C. Dowling

A marked rise in interest over the alleged resignation of Plainview Water Commissioner Henry Froehlich was detected this past week as many of the residents of this fast-growing community expressed puzzlement over the apparent lack of information.

Much of the current information appears to have as its source the well-known rumor mill or as navy and ex-navy men say, the "scuttlebutt."

Since all of these reports have to date remained unverified, there is much community speculation as to whether or not we're going to have a vacant spot on the Water Board in the near future.

Many Plainviewites, according to what we've heard, would welcome a complete halt to all speculation and rumor and a subsequent statement from Mr. Froehlich or his co-

commissioners, Messrs. Keute and Atchus, as regards Mr. Froehlich's future intentions toward the Plainview Water District.

The theory behind the residents' reflections is that since positions on the three-man board are filled by popular vote, there doesn't seem to be, at least at this time, any valid reason for continued reticence on the part of the commission.

A simple public statement would, in this writer's opinion, obviate all this community speculation concerning water board vacancies, thereby assuring the people of a continued voice in matters that vitally affect them.

**THINGS WE JUST LEARNED:**  
A word of praise is in order for the P-TA arrangement committee who set up the Hi-Neighbor Party. . . . Everyone present enjoyed the games, refreshments and music. . . . Our community can look forward to a bright future in the years to come because of the tremendous interest displayed in our civic organizations . . . that uni-

THESE PICTURES of the same field at Levittown were taken less than six months apart. The tremendous "boom" in home building in and around Levittown has caused an unprecedented demand

MILLIONS of electrical connections have had to be made to interconnect the telephones served by LEvittown 3 and 9 and tie them into the vast telephone system.

FOR THIS big and costly job, a new telephone building was put up to house the complex dial equipment — custom-built for Levittown.

**GOING AROUND THE LANES:****Tax-Conscious Area To Speak Up**

By Florence Vryna - HI 5-7085W

It's difficult to type when you have to keep one hand on your head. The explanation for the head holding routine is simple. Most of the gals in the neighborhood have been holding wash-line committee meetings after receiving the now-famous bank letter announcing an increase in monthly payments plus a payment into escrow. We haven't received one yet but I'm putting in a down payment on the worries. If taxes are going to mean a lot more out of the kitty every month and the kitty is none too big a cat, better get down to the Town Board hearing at East Street School, May 9.

The board will hear what we have to say about splitting the district. Don't let anyone try to sell you the idea we have to split the district to keep our pools for our own use. It isn't so. There are less expensive ways of keeping our pools without splitting the district.

The bank put it very nicely in its letter . . . get out to the hearing and let them hear you.

Walter and Jacqueline Rupert have a new daughter. The little lady arrived April 27 at Mitchel Field Hospital and weighed in over 8 pounds. Nadine Claudette has an older brother, Roger. One Rising Lane is going to have two rising at two a.m. for awhile. Oh, well do I remember those a.m. feedings. But when I look at my screaming demons, how I begin to think those wrens the good old days.

The spring makes me want to travel. That and the reports I hear about my travelling neighbors. Rose Friedman just returned to 44 Wishing Lane after visiting her mother in Philadelphia. The girls, Susan and Pearl, were thrilled to have 10 whole days to be fussed over as only grandma can fuss. After jung a few hours with my mom and dad my two have to be chained

down. Times have changed since mom used to quote "Spare the rod . . ." Maybe she didn't like the results? Good luck settling them down again, Rose.

Phyllis Henessey is still recovering from the birthday party she gave her daughters Sunday. Patricia is six and Mary Kay is two. There were 25 guests and from all the indications the whole block had a wonderful time. All the neighbors sent their offspring after an invitation from the hostess (the oldest, natch; she spoke for the junior member of the firm). Phyl managed them all beautifully and all the toddlers are still on good terms, the acid test. On Wednesday Phyl drove the release time pupils from East St. to Nicholai St. for instructions, morning and afternoon. I've never seen her ruffled and all I can say is you're a better man than I am, Gunga Din. My two are leaving for 124 Scooter Lane as soon as they realize what they are missing.

Adeelaide Cabbie had her Michigan Club at her home Monday night. 16 Rising Lane could barely hold all the fun they had. Adeelaide's mom is one of the members and where mom is you're bound to have fun. This report should reassure all her friends who have been inquiring about Mrs. Belmer's health since she broke her hip a few months ago. When she can play Michigan, she doing fine.

Let me hear from the rest of this section. The faster we all get to know each other the sooner we will all realize what fun there is in being part of a growing community. And don't forget May 9.

**Create Business With Set-Back**

OYSTER BAY—Residential property on South Oyster Bay Rd., Hicksville, has been changed to a business zone upon the request of Joseph Carillo, Samuel Levin and Joseph Waner, it was announced by the Oyster Bay Town Board last week.

The zone change was granted with the stipulation that a 60-foot strip along the front of the property on South Oyster Bay Rd. and Woodbury Rd., the point of a triangle formed by the South Bay Rd. and Woodbury Rd. intersection, and a parking area be dedicated to the Town of Oyster Bay. A bond of \$11,000 guaranteeing completion of the work within nine months was also requested by the Board.

**BITTEN BY DOG**

HICKSVILLE — Eugene Bauer of 153 Duffy Ave. was bitten on the right hand by his cocker spaniel on May 4. He was treated at Meadowbrook Hospital

for telephones. However, the expansion of central office facilities should enable us by the end of the year to give service to most of those now waiting in the area served by the LEvittown 3 and 9 offices.

*At 6 A.M., Sunday, May 11*  
**ALL HICKSVILLE 5 PHONES**  
**WILL "GO DIAL"**

Early next Sunday morning, May 11, all 15,500 Hicksville 5 telephones will get dial service. Service will be faster, more useful, more valuable than ever.

With the coming of dial, Hicksville 5 telephone numbers will be changed to LEvittown 3 or 9. A special LEvittown supplement to the Nassau County telephone directory listing these new numbers is being distributed before the change—for use when dial service goes into operation.

The change to dial service is part of our expansion and improvement program for the Long Island area, which will total about \$60,000,000 this year alone, provided scarce materials are available.

This big program has made the telephone more valuable for more and more people. Service is more useful today because more phones can be reached. It is faster and more dependable, too. Yet the price of service has gone up an average of only 15% since 1939—compared to an 89% rise in prices generally. When value goes up but the price stays low, it's a good measure of a bargain.

"OUT OF THE FOXHOLE" FLASH  
Nassau-Suffolk County Commander hails from Elmont. His name is Al Mattioli. It was a rough convention as far as the first one held goes. If Bay Shore's delegates had showed up on time, the Commander would have hailed from Bay Shore. Elected to office were three from Elmont, two from that new Quentin Roosevelt post No. 27, one from Hicksville and ditto for Bay Shore.

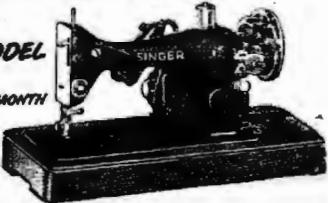

DID-JA-KNOW: Eddie Van Houten, who acted as County Commander was a pilot in the war, took the GI Bill and is now a Male Nurse at Central Islip hospital where his wife serves in the same capacity? Members who failed to attend meetings lost out on the free tickets to AMVETS "Carnival of Stars" held at the Carnegie Hall a week ago. Among the top show people present were "Dagmar, Harvey Stone, Red Ruttens etc." AMVETS are mistaken often for an All-Amputee outfit! At the last meeting Hank (I'm a Marine) Zvonik was given the job of Provost Marshal. Bob Suplak was elected chaplain. The plans are being made to field an AMVETS Basketball team next year with Hal Cooley and Bob Serr who are both handy boys to have.

Robt. O. Ulmer Post 44  
25 East Marie St., Hicksville

I WISH TO APOLOGIZE DEPARTMENT: To Mr. Covington for failing to pick up toys that you so graciously offered us. Mrs. Watson of Charles Pl., Hicksville. MAINLY ABOUT THE AMVETS: Harvey Ulmer and Lou Mignone assisted by Hal Cooley sacrificed a lot Sunday to attend the County Convention . . . it's a thankless job. Bob Serr is the new AMVET to watch, he's everything that a vet post wants. Mike has resigned his job at the Club after doing one swell job. Can there be anyone to fill his shoes?

IT WILL HAPPEN SOON: Our AMVET cut will grace the top of the column in a few weeks . . . let's play Follow-the-Leader. MEET OUR MEMBERS: Matthew Metzger, United States Infantry "Queen of Battle" Charter member of post 44, Purple Heart winner, wounded at Anzio beach-head. Married and has a son, Cleveland Dodge, United States Navy, stationed at Pearl-Harbor during the Nipponese attack. Served throughout the Pacific theatre of War, married and has three children, Pete Rezanka, U.S. Marine Corps, Service WW II in the Pacific, reenlisted in the U.S. Air Force, holds Master Sergeant rating, married has two children and is stationed at Tampa, Florida. John C. Rogers, Master Sergeant, Korean Campaign, injured in plane crash, now at Michelin Field Base hospital. Harold Cooley, U.S. Infantry, Purple Heart, wounded on the Rhine. Charter member of post 44, married and has two children. Until next week then JIMMY COOLEY

It should be obvious to all that Spring has arrived, but if any doubts exist just drop around to the Clubhouse. The face of the building is plastered with posters announcing the Ringling Bros., Barnum and Bailey Circus. Although the big show won't be in Hicksville this year it will be in Nassau at Roosevelt Field to be exact. And as in the past several years the Circus will appear under the sponsorship of the Nassau County American Legion Posts. Tickets will be available Monday, Wednesday, Friday and Saturday nights at the Clubhouse, 24 East Nicheini St., next to the parking lot, and Monday to Saturday, 8 a.m. to 8 p.m. at Scholars Floor Covering, 67 N. Broadway. Naturally those who come early will receive the best seats.

This year's show will appear for two days only June 20 and 21 with afternoon and evening performances.

Your purchase of tickets from the Chas. Wagner Post enables us to expand our rehabilitation work among hospitalized veterans such as those in Kings Park and Farmingdale Sanitarium. May we suggest that you treat your family to the greatest show on earth and contribute to veterans welfare with one expenditure. Buy your circus tickets for 1952 at the American Legion in Hicksville.

The month of May means "Boys State." This month the American Legion will send 900 young men to Boys State. Colgate University will be the scene of young America in the making. On the campus will assemble the younger element who will play a large part in the continuity of this government.

When this country was young, the word that came most instinctively to the lips of every man, woman and child was LIBERTY. This God given heritage was not an easy thing, America fought for it.

We of the American Legion who saw civilization threatened and defended it, who saw America af-

fronted and resented it, who saw American rights violated and restored them, stand by with helping hands while young America prepares itself for the task of promoting a greater America in the years to come.

With Boys' State the Legion attempts to familiarize our youth with the problems of maintaining our way of life.

As in the past funds have already been provided by our Post to send a Hicksville boy to Colgate for this week long meeting. The selection of the boy is entirely in the hands of the school and when made will be announced here.

Next week we expect to carry the slate of officers for 1952-53 . . . Nomination committee had a tough time . . . too much talent available! Fellows like Jack Rondeau, Guy Smith, Jim Carter and Jim MacLaughlin have really been putting out since becoming members. We hope room can be found for all.

Although it's not official it appears the Legion picnic may be held August 10 at Shady Maples.

**Teachers Offer Salary Program, Cite Nearby District Advances**

**BETHPAGE** - A suggested salary scale for Bethpage School District No. 21 was presented to the School Board by members of the Bethpage Schools faculty at a Board meeting in the Broadway School on April 30.

The Welfare Committee of the Bethpage Teachers' Assoc. presented a study of salary schedules of neighboring schools.

"During the past year, Plainedge, Island Trees, Levittown, Massapequa and Farmingdale have made revisions in line with the rising cost of living but study of the comparative salary scale of Bethpage and the surrounding dis-

tricts it becomes apparent that Bethpage has failed to follow suit," the committee noted.

**TAKE ODD JOBS**

The committee reported that some teachers have to take odd jobs after school and weekends because their salary is not sufficient to support their families.

"This doesn't mean much time for work toward professional advancement," the report continued. "It hardly seems a fair practice after the years of training necessary to enter the profession."

"If our salary scale compared favorably with those of the surrounding communities, teachers would not be tempted to leave. Since the beginning teachers learn a great deal during their first year, we would profit if they stayed with us after getting their experience."

Bethpage is fast becoming a large and important school district and at present there is a need to increase the number of teachers from 15 to 25 with continual increases needed for the next three years, the Welfare Committee continued.

The report expressed fears that the Bethpage School system would not be able to attract and keep the best teachers in the field if sur-

rounding school districts offer a much more attractive salary schedule.

**CITE SEVERAL POINTS**

The committee believes that a good salary schedule should compensate for the rising cost of living, the cost of receiving a college education, an incentive to stay within the school system and an incentive to work for a master's degree and beyond it.

Other points submitted to the Board for consideration were: sick leave of 10 days per year cumulative to 30 days; 3-day conference leave for department heads with expense allowance for travel and lodging; 1-day observation or visitation leave for all teachers; in order to have the advantage of men teachers in the system, consideration of years of service with armed forces be given; and an automatic increment of \$250 when a teacher completes 30 hours of accredited study above the master's degree.

The orderly presentation of the teachers' problem was interrupted by somewhat fiery outbursts from one member of the School Board who apparently took personal offense at the salary increase request.

# 5 Fire Departments Fight Brush Fire In Bethpage State Park

**BETHPAGE**—Two fires believed to have been started by careless picnickers in the wooded sections of the Bethpage State Park and vicinity of the new Broadway School required the Bethpage Fire Dept. to call for assistance from the Hicksville, Levittown, Farmingdale, and East Farmingdale Fire Depts. to get the fires under control Sunday.

The first fire started about 2:30 p.m., north of Powell Ave. on the east side of the road, raging up to the picnic area and jumped the road near the flag pole. Bethpage vamps responded to the call and were assisted by Farmingdale firemen.

The second fire started around

6:30 p.m., as exhausted firemen were returning their equipment to the firehouse. Believed to have been caused by a picnic fire, the blaze started in the hollow behind the Broadway School and jumped the road into the State Park. Volunteer firemen from five communities and boys from the N. Y. State Agriculture School left the scene near midnight.

Many of the vamps were doused with water which proved to be a welcome relief due to the intense heat created by the low brush on fire.

A major difficulty in fighting the fire was the scarcity of fire hydrants. One hose line dragged through the woods proved to be

MARGARET SAVIN

Thank you Ken Murray for a wonderful show. May we add one more title to the long list of awards and citations thru which television has expressed its appreciation for Hollywood's ambassador to New York. To us you are the producer who not only tries but also succeeds to keep his audience entertained week after week.

The Ken Murray show is one of the few to bring us variety interspersed with a never ending array of presentations of a newsy nature, of interesting guests from all walks of life and of top notch talent. The uniformly high standard of the show's basic format is not to be overlooked. Ken Murray the emcee strikes us as an intelligent, unassuming, thoroughly nice guy. As a producer he brings us continuity of script, excellent taste in musical selections and interesting choreography.

The dramatic sketch on last night's show has given me one more reason to love television. It brought Ann Dvorak into our homes. Miss Dvorak is known for her fine performances both on the screen and on the legitimate stage. She acquitted herself most effectively of her first major assignment on television in "The Trial of Mary Dugan" over WOR-TV, and the dramatic sketch on the Ken Murray Show gave her the chance to assert herself as one of TV's most distinguished actresses. Although there wasn't anything sensational about the script as such the accomplished manner in which both Ann Dvorak and Victor Jory interpreted it for us was reminiscent of the Peabody Award winning Actors Studio performances.

I overhead a statement by a TV set owner: "I enjoyed Amahl and the Night Visitors very much although it was opera."

Gian Carlo Menotti's opera composed especially for television was showered with praise by music critics and drama critics alike and the above statement by an average TV viewer is the most concise proof that producer Samuel Chotzinoff's experiment has been a true success. The group responsible for bringing us NBC Television Opera firmly believed that millions of music lovers throughout the country would welcome a chance to become acquainted with the works of the masters, old and modern. By writing both the score and the libretto for Amahl Mr. Menotti has breathed new life into an old art form and has positively secured his position among the immortals in the world of music.

Personally I consider his operatic drama, The Consul, the outstanding creative offering of our generation. Amahl and the Night Visitors is less ambitious in scope than some of Menotti's previous works but it brings us a wealth of fundamental truth and of esthetic enjoyment. Due to the simplicity with which it approaches the subject it becomes a symbol in sound and pattern of the very essence of beauty.

The story of a miracle that happened the night the Christ Child was born is balanced on the precarious line that separates legend from fact. The lyricism of Mr. Menotti's music combined with the simplicity of the English text creates a blend to be accepted by the listener as one perfect whole.

The choreography created by John Butler is as timeless as a peasant dance, yet as modern as Gian Carlo Menotti's music. It complemented Rosemary Kuhlmann's moving portrayal of the poverty tormented mother and Chet Allen's interpretation of the boy.

Chet Allen, the boy soprano of the Columbus Boys Choir, is a miracle in itself. In addition to being full master of his clear, highly melodious voice Chet's accomplished stage presence has its peer only among the truly greats of the drama.

Eugene Berman created the settings inspired by a Bosch Painting, the same painting from which Menotti drew the inspiration for Amahl and the Night Visitors—the opera that has become a cornerstone in American television.

**The Fluff of the week:** During the Break the Bank Show Bert Parks was thoroughly embarrassed by a juvenile contestant who took it upon himself to recite a jingle praising another sponsor's product.

## Talk Overhead After The Split

By FRED J. NOETH

**WE'LL ASSUME**, for the sake of argument, that the day is about a year in the future and two Levitt homeowners, Bill and Joe, are taking the train for daily toil in the Big City. We'll assume further that the Hicksville Park and Parking District has been chopped up by edict of the Oyster Bay Town Board, following a public hearing held on May 9, 1952.

BILL: "Well, that new notice came from THE BANK last week and I called the Town Hall to find out what they mean by 'increased town taxes'. They told me that it is going to cost a 'little' more than was expected to run the swimming pools this year, a lot of the park areas have to be reseeded and the Hall needs repairs."

JOE: "Yes, I figured it out on my property and those pools are costing me \$20 a year more. But where is the rest of the money going?"

BILL: "Oh, our new fire district tax has something to do with it and don't forget those nice street lights we have are our exclusive charge since the street lighting district was split."

JOE: "Say, that was pretty mean of those folks up north for cutting us out of the fire and street lighting districts as well."

BILL: "I don't know. After all, we did want to be 'exclusive' and part of that young, dynamic community of 'Levittown'. You can't really blame them, I guess, for wanting to cut down the other districts after the NLHOA talked us into forming a separate park district."

JOE: "But why is street lighting so expensive now?"

BILL: "That's pretty easy to see, now. The kind of ornamental lights we have cost about \$65 a year whereas the kind that the most of the old district had, a bracket on the phone pole, cost \$19 a year each. We were getting most of our street lighting paid by the entire Hicksville Lighting District before we started to secede. Now we have the entire cost to pay."

JOE: "Boy, we seem to be paying and paying. Remember those newspaper ads two years ago? All this for \$57 a month . . . including free use of swimming pools, etc., etc."

BILL: "And the part that really burns me up is remembering the sales talk the NLHOA handed us. We were going to get the pools and everything for—what was it?—50 cents a month?"

JOE: "Uh huh. By the way, what ever happened to those boys who talked us into this?"

BILL: "Oh, they are not having meetings anymore. For one thing, it seems nobody wants to be president now. Too many questions to answer and the printed word—like in a newsletter—has a way of coming back to haunt you. I asked the girl at the Town Hall about those estimates we were given and she says the town has to set the tax rate according to how much money is needed and the assessed valuation of our little district. It seems our area is not going ahead much on valuation since we're all built up with homes."

JOE: "A friend of mine in Frank homes—that's only a couple of blocks away—says the Hicksville taxes may be lower because a couple of more industrial plants have gone up in the past year. Boy, their valuation keeps climbing but we seem to be standing still."

BILL: "Well, we had our chance to object to splitting the district and we let it go. We have no one to blame but ourselves—and that gang that sold us on throwing in with Levittown all the way."

JOE: "Yea, we can't even get a tag to park our cars in the new commuter field the Hicksville District is building at the station."

"By the way, do you know a good reliable broker? I want to list my house—it's too expensive for me now."

The foregoing is only a fantasy. It may not come to pass, but it could. The Town Board may not decide to split the district, particularly if enough people from ALL SECTIONS of the Hicksville Park and Parking District appear tomorrow (Friday) night at East St. School and register objections. However, if the Park District is split you can be confident that a move to make the break clean—splitting the fire, street lighting, garbage and other districts—will follow. This is as certain as day follows night.

### NW Civic Social Great Success

By James Cummings

Weil over 250 residents of the Jerry Spiegel Ranch Homes gathered for our annual Spring Social Friday night at the Legion Hall. There was only standing room at 9:30 p.m. and we hear that several couples had to return later on in the evening in order to get in for the fun and dancing that followed. More than 25 children from Ethel's Dance Studio on Gardner Ave. performed to a full house; very enjoyable throughout.

Many, many prizes were awarded during the evening; this portion was capably handled by Herbert Johnson of 87 Myers Ave. The prizes were donated by Starlight Shop, Goldman's Army & Navy, Reeves, Mafred Motors, Sunny-mede Luncheonette (scheduled to open on or about May 15th), and the International Harvester Co., through James Zimmerman and Bernard Gill. Tower Hardware's "Lucky Three" Awards went to Patricia Kovec, 369 West John St.; Mrs. John Stannish and Mrs. O'Brien, both on Kuhl Ave.

Keep the children out of high grass or woody areas according to recent reports. Certain ticks may carry the Rocky Mountain Fever

—the spring and summer seasons are opportune times for tick bites.

No need for alarm, just be careful where the children tread in their playtime.

BETWEEN ISSUES we note the Highway Dept. completing grading on Princess St. . . . more and more stickers appearing on doors assuring 1952 paid membership in Civic Assoc. . . . Complete report of Tuesday's meeting will appear in next week's issue . . . be informed . . . attend our monthly meetings and above all make it a must to attend the hearing tomorrow (Friday) evening at East St. School on the proposed parking split. ## The "HERE'S HOW"

of finishing a basement.

IF FATHER'S LITTLE PROJECT is how to turn the basement into a finished full-time room, one of the things he should know about is furring. Furring is nothing more than a means of providing a level, mailable surface, and it usually consists of 1 x 2-inch wooden strips nailed to the basement wall.

Just how—that's the question. It can be done with:

... Screws, which must be driven into wood, plastic or lead plugs (for which holes are drilled with a masonry drill).

... Anchor nails, which are cemented to walls with an adhesive (eliminates boring holes).

... Special nails, which can be driven only into masonry of certain types.

Father can decide which of these methods he prefers.

His next step, after furring strips are in place, is to test them with a straight edge and level. Those that need leveling can be shimmed with wooden wedges inserted between strips.

Now he's ready to put on the wall covering. This can be either regular, Insulating, or Wood-grained Sheetrock Wallboard, or it can be Weatherwood Insulating Plank.

Father doesn't need to worry about hiding the joints between panels; he can use panels with bevelled edges, with joints exposed, or Weatherwood Plank with tongue and groove edges. The plank requires horizontal furring; the wallboard, vertical strips.

Father can stop dreaming about that room in the basement right now and come down to our lumber yard tomorrow. We have all kinds of booklets on the subject and they are yours for the asking. Just ask.

**Form Community Softball League This Friday**

The call has been made for all those interested in a community softball league to attend an organization meeting in the HERALD office this Friday night at 8 p.m.

Managers or representatives are urged to make this first meeting since most of the groundwork for the league operations will be made at that time.

Outstanding question to be discussed at the session will be the physical makeup of the league.

Some persons are asking for a two-division league in which the more experienced players would perform in one section and the neighborhood clubs would form the other.

One thought is to have clubs represent their respective area of residence in Hicksville such as the Levitt homes, the Gables, Spiegel, Frank, etc.

That could stir considerable interest in the league—even more so than is usually found in this red hot softball town.

Last season passed without a league in the community and that was greatly lamented. Three different clubs from Hicksville operated in the Oyster Bay Twi-light loop, the K of C competed in the Nassau K of C league and there were two other completely organized Hicksville teams.

Attendance at Friday's meeting will greatly outline the course the new league will take so all are advised not to hesitate and get in on the ground floor.

OYSTER BAY VISITS ON FRIDAY

**Valentine, Hock Pace Comet Wins**

HICKSVILLE—The sizzling bat of Bob Hock and the crafty pitching of Tommy Valentine combined to pull coach Bill Anderson's Hicksville High nine to 6-5 and 4-1 victories over Roslyn and Westbury, here, last week. As a result of their work, the surprising Comets found themselves in a tie with Oyster Bay for first place in the NSAL Eastern Division race.

Hicksville rallied in the last inning to turn back Roslyn which is coach Anderson's Alma Mater. When the Comets fell behind 5-4 in the fifth inning they called in the sophomore Valentine from the bullpen and he tossed no-hit ball for the final three frames to gain the verdict.

An error allowed Joe Pepe to get on base and he promptly stole second. Hock singled sharply to tie the score and he advanced to second on the throw to home.

Vince Gallipoli hit to the shortstop with two out and a wild throw to first enabled Hock to come over with the winning marker.

**BEAT GREEN WAVE**

Four runs in the bottom of the third were enough for Valentine as he scattered five hits, walked only one and struck out six as the Comets were upsetting Westbury.

It was a tough loss for the Green Wave's Alden Gray as he only gave up two hits with Hock getting both of them.

Gallipoli and Charlie Murray

**Homer By Hock Gives Us Lead**

SEA CLIFF — A fifth inning home run by Bob Hock with two runners aboard gave Hicksville High a 5-4 victory over Sea Cliff here Monday afternoon.

The game was a re-scheduled one and Bob Hogan's three hitter shot the Comets into sole possession of first place in the Eastern Division NSAL diamond race.

**Open Letter**

(Continued from Page 3) to guarantee the Levitt homeowner exclusive use of swimming pools. It is my understanding that the same result can be obtained without the necessity of establishing a separate North Levitt District.

A better way has been suggested, and perhaps just as logical, in establishment of a non-profit Foundation run by private individuals with funds collectable by means of charging a small fee for the use of the pools by the residents. In that way, the Town Board with its many other responsibilities, would not be burdened by the administrative work necessary in operating the pools and those who have not and will not use the pools will not be inequitably taxed for their operation.

I ask you to consider:

1. What effect will the proposed split have upon me as an individual homeowner?
  2. What effect the proposed split will have on other homeowners in the community?
  3. Is the split feasible from the standpoint of taxes—or will increased costs prove too burdensome to some homeowners?
  4. What effect the proposed split will have on community development?
  5. Will the proposed split establish legal precedent for similar secessions by other like housing developments?
  6. Is the proposed split in the public's interest?

Hicksville.

**BIKE SAFETY INSPECTION**  
HICKSVILLE — Inspection and registration of all local bicycle owners will take place Saturday, May 17, at East St. School playground in a safety program of the East St. P.T.A. Kindergarten.

drew walks to start the winning splash. They advanced when Gerry Cohen grounded out and Valentine drew a free pass to load the bases.

Westbury fumbled an attempted pick-off play and two runs scored. An outfield error put Pat Enos on base. A forceout followed but Hock

belted Gray for a damaging double to score the other two runs.

This Friday afternoon Hicksville is host to Oyster Bay. The Baymen are the odds on favorite for the Eastern flag by virtue of 12-2 and 19-3 wins over Farmingdale, defending county champion, and Roslyn.

**Tickets On Sale For Our Night At Ebbets Field**

Reserved seat tickets, 2,000 of them, for Hicksville Night at Ebbets Field on June 30 when the Dodgers meet Philadelphia went on sale in Hicksville this week. Chairman Lou Smith warned that "first come, first served" for the best seats in the house. Tickets are available from members of the Kiwanis, Lions, Rotary, PBC, Business Men's Assoc.; also at the Herald office, 98 North Broadway, and Boslet's on Herzog Place. Tickets are all the same price, \$1.75.

**Junior Wins Ease Blow In Track**

POR WASHINGTON — Hicksville High scored unexpected victories in the Junior shot put and relay events here at the 34th renewal of the historic Invitation Meet, Saturday, to brake its fast-sinking track and field fortunes.

Andy Esposito put the 8-lb. shot 86 feet, one-half inch for a victory in that event and then anchored the Orange and Black's relay team that won in 1:51.1.

Lou Millevole, Jack Caffery and Roy Mayer ran the other legs of the relay. Millevole finished fourth in the 100 and Caffery second in the broad jump to round out the Hicksville scoring in the Junior events.

Farmingdale won with 22 points, Westbury was second with 16 and Hicksville third with 14.

In the Senior Division Mario Bianco finished third in the mile run. The Hicksville cross-country champion led for three laps but could not repel the winning rush of Roslyn's Gerald Malloy.

Richie Evanschuck was the only other point winner in the division for the Orange as he took fourth in the discus.

Great Neck took the team title with 29 points while Hicksville's three points took eleventh in the 12-team field.

**BALM FOR COMETS**

Esposito's win and that of the relay team served to some extent to provide a balm for the Comets since three days before they trailed far behind in the annual triangular Meet with ancient foes Farmingdale and Westbury.

Westbury won with 72 points. Dancers had 40 and Comets a shocking 17.

Bianco won the mile in 4:59 and Kellner was second in the shot.
