Dollar Days Are Here!

Dollar Days in Hicksville open today (Thursday) and continue until closing on Saturday, July 19, with hundreds of specials for mid-Island shoppers. Ten thousand Herald readers are today receiving the BMA Dollar Day edition. Patrick Buffalino, sale chairman, states that all leading stores are featuring outstanding values. Participating stores which display bunting and flags as well as Sale Signs are remaining open tonight and Friday until 9 P.M. It is the biggest sales promotion event of the local merchants in over a decade.

Playground Special On Friday

HICKSVILLE—The Summer Playgrounds, under the supervision of the Board of Education, will present the first special event of the season—Costume Parade this Friday, July 18, at East St., School Nicholas St., and Parkway Community Church playgrounds. Winners will be given prizes and everyone is welcome to attend.

As the summer rolls along, the Playground registration continues to set new records with each succeeding week. An increase of 192 sent the total enrollment for the summer playground over the 1,100 mark this week. Because of the large enrollment, four more people were added to the staff. Parkway Community Church Playground added two to its personnel while Nicholas St., and East St., added one each. This brings the total personnel on the playgrounds to 12, according to E. H. LeBarron, Superintendent of Schools.

Rain put a halt to the high average attendance last week, but in spite of the poor conditions, the 283 that attended the playground on Wednesday was above last year's high for daily attendance. However, with the exception of Wednesday, the average for the week ran over 500 per day. Attendance per day as follows: Monday, 485, Tuesday 534, Wednesday 283, Thursday 428, Friday 598. Friday's attendance of 598 was the third highest of the season.

Because of the high enrollment, the playground will be open only to children of school age. Parents are requested to send school children for arts and crafts to East St., Nicholas St., School, and Parkway Community Church and for baseball to East St., Dutch Lane Field, and High School.

Water Situation Still Critical

As the tropical heatwave continued to bake the mid-Island area, water district officials again warned consumers of local rules regarding supplies. IN PLAINVIEW, all lawn and gardening sprinkling has been banned with a \$50 fine for violators. Farmers may irrigate only after nine at night. IN HICKSVILLE, lawn sprinkling is limited to after nine at night and before nine in the morning with those South of Old Country Rd. restricted to Monday, Wednesday and Friday and those North of Old Country Rd. to Tuesday, Thursday and Saturday.

Rescues Neighbor From Gas

HICKSVILLE—Quick action by Arthur Phelan of 39 Gables Dr. saved the life of his neighbor, Terry Cooper, of 46 Gables Dr. Friday, July 11.

The 27-year-old woman was in the living room of her home when she was overcome by illuminating gas escaping from the kitchen stove. A pot of coffee had boiled over and extinguished the flame according to police reports.

Phelan broke a panel of glass in the rear door to assist the woman. Dr. William Sausmer of Old Country Rd. revived Miss Cooper and treated Phelan for laceration of his right hand sustained from the broken glass.

Seek Local Photo Taken In 1935

The Herald was asked this week to assist in a serious effort to locate photographs of Hicksville scenes 15 or more years ago. A picture showing the vicinity of Barclay St. and Jericho Rd., (Jerusalem Ave) about 1935 or earlier is urgently needed and a reward is posted for the right photograph. It is believed that Herald readers may have either views of this vicinity or pictures of parades and such activity in this neighborhood. Photographs should be brought in person to the Herald office, 96 North Broadway, Hicksville. If such a picture is not available for sale, then the people who have asked the Herald to help them are willing to pay for the loan of it.

Mrs. Fay was the former Miss Alice Margot of 270 Plainview Rd., Hicksville. She was 39 years of age. She was a graduate of Hicksville High School and was formerly head of the social service department of Meadowbrook Hospital. She was secretary of the Chamber of Commerce on the Island of Anna Marie.

The family had been living in Anna Marie for the past eight years.

Vamps To Buy Ambulance, Organize FD Rescue Squad

PLAINVIEW—The Plainview Volunteer Fire Co. will buy an ambulance and organize a rescue squad, it was announced following a meeting here, Monday night. Ex-Chief Edmund A. Ocker has been named chairman of a committee to make plans for a popular subscription fund appeal in the community to purchase the ambulance without adding a tax burden on homeowners.

The Board of Directors of the Volunteer Fire Co., headed by Chairman John Hartmann, recommended the formation of the rescue squad from among the present membership. The recommendation was approved by the membership, Monday. The new Bethpage Fire Dept ambulance was displayed and Bethpage squad members answered questions regarding their activities.

The Board of Directors will now proceed to negotiate for the purchase of the ambulance for emergency service within the Plainview Fire Protection District, it was stated.

The rescue squad, meanwhile, is being organized and trained in first aid and emergency rescue work.

The Herald editorially hinted last week that a "neighboring community" to Hicksville was about to decide on ambulance service. Plainview was that community.

NORTH WEST NOTES:

Members Say No - Set Motorcade

by James Cummings
At a special meeting of the North West Civic Assoc. Inc. held on Wednesday, July 9, the membership received a report of the committee's conference with Press Wireless. President McCarthy outlined the events leading to the meeting with Press Wireless and reported the facts discussed.

He stated that since the hearing was adjourned he met with Press Wireless officials to survey area on Kuhl Ave. abutting their property and that they had found only a few holes, which otherwise had been reported by residents as "many." McCarthy continued that PW will fill in the holes and clean up the area in general but these

facts were discounted by the membership.

John Finnegan of Kuhl Ave. disputed the statement that only a "few" holes were found and a discussion followed. Arthur Wood also of Kuhl Ave. gained recognition from the chair on bug conditions and health hazards arising from large growth of weeds etc. in certain sections on Kuhl, objecting to these conditions as unbearable to residents.

After completing the committee study and report as presented to the membership a motion was asked from chair as to their feelings. A motion was introduced from the floor and seconded that the Civic Assoc. continue its original

objection to the proposed erection of two additional antennas by Press Wireless. Correspondence has since been mailed to Zoning Board informing them of the outcome of meeting with the membership. **THE HEARING WILL CONTINUE TONITE, (THURSDAY, JULY 17) AT THE OYSTERS BAY TOWN HALL, JUSTICE ROOM AT 9:30 P.M.**

EACH AND EVERY MEMBER WHO CAN POSSIBLY ATTEND IS URGED TO MEET AT KUHL AVE. & WEST JOHN ST. TONITE AT 8:30 P.M. TO JOIN WITH THE MEMBERSHIP IN THEIR PROTEST TO THE VARIANCE REQUESTED. A complete report will appear in the HERALD next week on the hearing tonite.

angle in Richmond Hill was designated by Mayor Impellitteri last week. Commander and Mrs. Pelletier sailed on Monday, July 16, aboard the Gen. William Darby for Southampton, England, intending to visit England and Ireland. While in Ireland they will be the guests of Ambassador Francis P. Matthews, under whom Commander Pelletier served as Special Assistant when Mr. Matthews was Secretary of the Navy. Commander Pelletier also served as Special Assistant to Secretary John L. Sullivan and to the present Secretary of the Navy, Dan A. Kimball, prior to his detachment July 1 for duty overseas

Mrs. William Muench; two brothers, Francis and William; and four sisters, Elizabeth Muench, Margaret Hogan, Helen Cliff and Anna Harrison. He was active in CYO work and was a member of the Holy Name Society of St. Ignatius Church where he also served as an usher. He was a member of the St. Joseph Barry Council, Knights of Columbus. Funeral arrangements were by Henry J. Stock Funeral Home.

May E. Busted

Funeral services were held at the Henry J. Stock Funeral Home on Sunday with the Rev. Cranston Clayton of the Methodist Church officiating. Interment was held Monday at Greenwood Cemetery. She is survived by a daughter, Muriel Meier; two grandchildren, Carol and Richard Meier; and a sister, Lillian Egar.

Herbert Combs

PLAINVIEW—Herbert Combs of Wallace Dr. died on July 8. Religious services were held Thursday night at the Carman Funeral Home, Lawrence. The Rev. Herbert Robinson officiated. Interment was at St. John's Cemetery, Elmont. A former resident of Woodmere, he is survived by his wife, Margaret; a daughter, Mrs. Florence Leonard; and two brothers, Samuel and Ernest.

Dear Jean:

Jean's presence is giving a new lease of youth this week with painters upon the roof of the post-office (best of the lot, spell... Can't help but wonder what happens to the Levitt-owned Tribune office now that the post office has Village Greens. Tribune has an office in the North Village Green and as far as we can find out has received no word, as yet, from the new landlords. . . . Another big real estate transaction was the sale of 4,000 Levittown rental homes to a new syndicate for, it is said, \$30 million. Tenants will be raised to \$70 per month with few complaints. (Where does rent control come into this picture?). We recall so vividly the big howl made when the original Levitt houses, for rent only, were upped from \$60 to \$64. . . . WILLIAM C. JAECKE, Hicksville's oldest native, is still in Nassau Hospital. He was born 90 years ago on a farm on Old Country Rd. near the present Parkway bridge. He retired from his employment as a mechanical engineer as a "youth" at the age of 85. . . . We saw a remarkably well-preserved pay roll record from 1897 this week when an electrician got top pay of \$18 a week. BILL CISLER, Democratic leader of our community, has the document. . . . It is reported that Research in Medicine, an organization known to the medical profession around the world, is moving from an address in Hicksville to Bethpage. . . . CAROLINE PUVOGEL has transferred the "John Puvogel Agency," owned and operated by her dad for many, many years and by herself the past six years, to LARRY McCAFFREY. Mr. PUVOGEL was a well-known local figure, political leader, civic worker and ex-postmaster. Transfer of the business was very convenient. The two insurance firms had offices at 164 and 162 Bway. . . . Folks around Syosset are up in arms about the continued burning of rubbish in one open pit next to the Township Incinerator. Hicksville gets a good whiff of the stench when ever the wind is our way, particularly on foggy evenings. Phewww. . . . Daily papers have been giving headlines to the fuss in East Meadow over legal fees for the School District lawyer. Over 1400 signed a petition asking the School Board to hire a lawyer on a flat annual retainer (\$7800) rather than pay attorney one per cent of bond issues with a nominal retainer (\$300). On a \$3,000,000 bond issue, his fee would be for that one job \$30,000. . . . Curiously, this same matter is getting attention in an adjacent district but has not broken into print as yet. . . . The County Civil Defense hq. gave out publicity about a plan for recruitment of aircraft spotters in Hicksville, set for last Friday night, and then forgot all about detailed arrangements. Local CD leaders were on hand to help but didn't know enough about the county's plans so several people had a wasted evening. . . .

Say folks, don't pass up the values being offered today, Friday and Saturday in Hicksville Dollar Days. Don't take our word for it. Look over the specials which fill 18 pages in this issue (biggest in Herald history by the way). Merchants have spent almost \$4000 in promoting this sales event. Dollar days stores are marked with flags and banners and feature brilliant yellow sales signs. Incidentally, the temperature should not be a handicap. So many shops are healthfully airconditioned for your shopping comfort. . . . Second Precinct Detective REGINALD BALLARD, former Hicksville resident, this week arrested a 25-year-old woman in Manhattan. She was charged with cashing a \$56 check, the handiwork of JOHN H. MEER, 31, of Benjamin Ave., Hicksville, now serving time for passing about \$1000 in rubber currency. The woman cashed the check at a Levittown supermarket. . . .

F. HOWARD COVEY of 124 W. Cherry St., Hicksville, who was Nassau County Scout Executive for over a quarter century and directed the Nassau Boy Scout Camp, Wauwepex, at Wading River, L. I., will take part in the program this Saturday at 3 o'clock at the camp when a new dining hall is dedicated. . . . A new program directed to Polish-American listeners started yesterday, July 16, over station WKBS with Mr. and Mrs. W. OCHEYMOWICZ of Hicksville conducting. It will be heard Monday thru Friday from 5 to 6 P.M. and Saturdays and Sundays from 2 to 3 P.M. The couple has been in radio for 25 years. . . . SID PELLEY, who usually can call them on elections, won four luncheons from friends on the outcome of the GOP convention. Two were on Republicans and two on Democrats. . . . A recent issue of Grumman Aircraft house paper features a picture of MILTON SAWYER of 153 Newbridge Rd., Hicksville, one of the Grumman scholarship winners. It shows him at his home radio broadcasting equipment. . . .

R R Crossings Throttle Town

By FRED J. NOETH

ELIMINATION OF RAIL ROAD crossings at grade in Hicksville is one of those projects that everyone talks about but no one seems to do much about. Like so many of our pressing municipal needs which have been brought into painfully sharp focus by the present tremendous growth (from 8,000 to 24,000 population in three years and still growing), we must buckle down and get the wheels rolling now if we ever hope to correct our short comings.

During the past week we found the State Public Works Dept. has given the green light to a \$1,108,900 grade crossing elimination plan for Massapequa, said to climax a "20-year battle". It seems to us elimination has been a constant campaign in many areas but no where is it as critical as it is today in Hicksville.

Just for the record! Grade crossings are not eliminated by the Rail Road. The work is undertaken by private contractors, on bids, and is paid for by the State of New York with funds appropriated by the State Legislature. The eventual charge to the Rail Road may be up to 15 per cent of the total cost, but we have been advised that the LIRR has not made a move toward clearing up its share on such projects of several years' standing. Thus the fact that the LIRR is today "broke" has nothing to do with the progress of grade crossing work.

What is very important is the appropriation of sufficient state funds for this work. There is none available at this moment for work on Hicksville projects but diligent effort by our residents, Town Board, and representatives in Albany could correct such deficiency. All that is necessary, actually, is for these people to convince the State Legislature that several millions must be earmarked for our urgent project. Each year, as a matter of fact, some money is earmarked, but not for Hicksville. We have been neatly sidestepped as funds were made available for Rockville Centre, Valley Stream, Farmingdale, and of course upstate regions.

Raising the tracks at Hicksville is a big job since it must include the intersections at Jerusalem Ave., Broadway, Marie St., Nicholai St., Woodbury Rd. and possible Old Country Rd. However, in the process some of our dead-end streets would be opened also; ie, possibly Cherry St. and Carl St.

Lifting the tracks over the road on steel or masonry piers is, in our opinion, the ideal solution to our commuter and shopper parking problem at the same time.

We see a real case for action by the Oyster Bay Town Board in promoting elimination here because the long delays and blockade of traffic at Hicksville is actually hampering the free flow of traffic across the township. This is not just a "local" project. It concerns the safety and welfare of the citizens and business of the township, county and state. Further delay is tampering with the economic development of the entire region.

Put your weight behind this needed improvement by writing to the Public Service Commission, Albany; Oyster Bay Town Board, Oyster Bay; State Assemblyman John J. Burns, Sea Cliff; State Senator William S. Hultz Jr., Port Washington; and to Gov. Thomas E. Dewey. If you do write, please send us a copy of your views so that it can be added to the documentation in this long overdue improvement.

The Legionnaire

Charles Wagner Post
No. 421, American Legion

It was hot, very hot last Sunday afternoon when the boys and girls began to arrive at the Legion Hall for the annual Kings Park visit. But neither the heat nor the fact that it was a vacation time visit instead of the usual Autumn trip, seemed to affect the turnout. At 12:40 P.M. Fred Brengel drove up in papa Henry's truck and within ten minutes it was piled high with an assortment of boxes and bundles containing everything from coat hangers to "pocket books."

By departure time about 20 people were on hand, chocolate was aboard the truck, John Nees' car was loaded with cup cakes, and Jim Carter was busy with his camera for a group shot. After the picture taking everyone piled into cars, we joined Jim Arsenime in the truck with Fred Brengel at the wheel, and it was next stop Kings Park.

Conversation on the way got around to Kings Park and the Legion which reminded us that some of you readers, Legion folks or not, might like to know why Kings Park instead of one of the veterans hospitals. Kings Park is not a veterans' hospital but a state hospital containing a great many vets who for one reason or another cannot gain admittance to a vets' hospital like Northport. The Nassau County American Legion learning of this group of about 1,600 veterans at Kings Park and realizing that the American Legion of Kings and Queen Counties as well as other veterans organizations were looking after the veterans hospitals in this area decided to concentrate on the forgotten veterans and the children at Kings Park.

On our arrival at Kings Park we joined with roughly 45 Legion and Auxiliary members from the Bethpage and Ernie Pyle Posts, including the new County Commander Gil Chichester, and after the usual mix up surrounding York Hall started setting up the program.

Jay Jabour, Eddie Becker, Ernie Gendlach, Jim Arsenime and Fred Brengel took the truck to the receiving station where they unloaded about 2,000 books and magazines, 15 overcoats, 25 jackets

and coats, 24 pairs of pants, 75 neckties, 10 hats, 4 cartons of miscellaneous clothing consisting of sweaters, shirts, etc., 15 jig saw puzzles, 50 decks of playing cards and 25 coat hangers.

Meanwhile, back at York Hall Ruth Schlecting, Sarah Finger, Anna Brengel, Sylvia Gendlach and Eleanor Willcott were setting out the ice cream, cake and candy for those who were attending the variety show and the men were starting out on the visits to the wards. The ward visits were made by the truck crew and by Artie Blesach, John Williams, Walter Schlecting, Guy Smith and Ray Willcott. All told, in addition to the 25,000 cigarettes sent direct to the hospital by our Post, 2,000 cup cakes, 2,800 candy bars, and 2,000 ice cream cups were distributed jointly by the three Posts.

The show, presented before approximately 400, was furnished through the Bethpage Post and included a comedy skit, song and dance, acrobatics, magic and music. The skit cast was from a Bethpage magic group called the Tall-mets.

To keep the record straight, we'd like to thank on behalf of Commander Becker, all who participated and also acknowledge the support of Mr. Finger and the assistance of Henry Brengel's dad. Henry was there too—keeping an eye on his truck. And although they were not at Kings Park, regulars, Bob Beard and Al Barlow were busy back at the Clubhouse on necessary Post business.

It was a good day, and a good job, but when you see the veterans and children who make Kings Park their home, you realize how very little it is; this once a week attempt by Nassau Posts, to bring cheer from the Legion.

Winding up with some odds 'n' ends—Post has had partial change of mind. Veterans Council—Guy Smith will report to Council that we agree to Chairman and Secretary as Council Officers—Just wasn't working the other way. Installation this Saturday night—Bring your wife and friends and enjoy the evening. Hear Jim Arsenime has party of 30 lined up for Aug. 10 Picnic. Also during Aug., with no definite date yet, the Post will hold a Monster Bazaar—Indoors!

Now that the first step of choosing our President of the United States is over, we of a veterans' organization, the oldest in the nation, are about to start an Americanism program. This should be called the 1952 Americanism Campaign and should be geared to "getting out the vote in '52." All members of the post should become part of this program. Our aim is to urge our roster as well as other veterans to fulfill their duty as a citizen by registering and voting.

Another phase of our Americanism program is to prevent the use of hate literature in the campaign. During the primary campaigns throughout the country, several candidates were attacked and smeared by groups using hate literature. Our aim is to expose these hate groups. We are Americans. Let's act as Americans. Keep the campaign clean, dignified and by all means get out to vote.

Another Little League team will be sponsored by the O'Donnell Movers of 100 West Columbia St., Hempstead. Good work, sir, and the next time some one wants a moving concern, you'll be recommended in my book.

Comments here last week about the Little League was not meant at criticism of the Hicksville Police Boys Club program which has been providing a well-rounded program. However, such a program

Hicksville Post No. 655 Jewish War Veterans

as the Little League or PBC to be fully effective must be made available to more boys as the community grows. Perhaps we need more adults to work on this with the PBC leaders.

The ball is rolling to raise funds and our second Pleasure Hunt is planned. Sam Mezel and his committee plan to offer as prizes a complete fishing outfit, Mixmaster, toaster set and a drill outfit. There will be no paid solicitors and all the funds will be used for veterans' benefits and children's programs in our own community.

We visit Northport Veterans Hospital every last Sunday of the month. If you could only see how the men look forward to our visits when movies, snap shots and recordings are made for the patients to keep or send home. The ladies distribute delicious refreshments and dance and play games with the patients. You can be part of this work. I'm counting on the people of Hicksville to make our next Pleasure Hunt a success.

Plans for our picnic are progressing. There'll be free ice cream, cake and soda for the kiddies, maybe a ball game and maybe some fishing. Don't forget to bring a serviceman veteran.

County delegates recently elected were: Sid Kaplan, Seymour Lang, Sam Mezel, Sid Jurgan, Elliot Lasser and Bill Olitsky.

BRIAR PARK, PLAINVIEW:

General Compliance On Water Rule

By Ekkel Rooney HI 3-5324

Hello Folks,
As you can see, I'm back again. I'm sorry I missed the two weeks, but I've been sick in bed most of the time and am now just getting up and around again. My sincere thanks to all of you who called asking about the column. It made me feel like a celebrity and even though I hate to miss a week, I'm glad you missed me too.
It looks like we're in for another scorching hot week. This water

shortage and heat wave combined is sure causing some terrible brown lawns. However, since there is a water shortage, we'll just have to do without the nice lawns. I'd rather have a dry lawn than no water at all. My flower beds are my only real regret. I just bought some new bushes and between this dry weather and our old friends the Japanese Beetles, I've just about given up hope of saving them. At least I can water my vegetable garden though. That is doing quite well.

Amvet Auxiliary Picnic On Aug 3

PLAINVIEW — A picnic at Hecksher State Park will be held by the Amvet Auxiliary on Sunday, Aug. 3. There will be games and prizes. Tickets may be obtained from Thomas Payne, commander, Mrs. Florence Myrick or any member of the Post or Auxiliary. Children under 12 years will be admitted free.

The Plainview AmVet Auxiliary, Post No. 11 is giving a picnic on Sunday, August 3rd at Hecksher State Park. There will be plenty to eat and games to play. Tickets are \$1.50 each for adults and children free. This, of course, includes the food. You can get tickets from any Amvet or Auxiliary member, including your reporter.

This week will be a shorty, since I'm just out of bed, but don't forget—SAVE WATER—if we don't save it now, there may be none to save later.

PRISCILLA GUILD MEETS

The Priscilla Guild of the Plainview Lutheran Chapel held a meeting Friday night, July 11, at the chapel. Plans were made for a Weenie Roast to be held on Sunday, July 27, on the church grounds on Central Park Dr. at 5 P.M. Mrs. Grace Barry is in charge of arrangements.

Mrs. Ben Sattig was welcomed as a new member.
The Guild sponsors a nursery during the 9:30 A.M. Sunday service at the chapel.

NEIGHBOR DOWLING VIEWS NEWS:

Petition Seeks Another Fire Co.

By JOHN C. DOWLING
Confirmation of last week's item concerning the rise in interest by Plainviewites over their fire protection facilities was brought about this past week when a petition bearing approximately 200 residents' signatures was presented to the Plainview Fire Company officials asking their full cooperation in the establishment of another company in the Plainview community.

Whether or not Plainview's present fire-fighting facilities are adequate or not is not for this

column to say since its author doesn't feel qualified to comment on what constitutes "adequate fire protection."
However, recent developments have created what appears to be two schools of thought on the present fire protection setup in Plainview. One group allegedly opposes the move to inaugurate another fire company, while another faction opines that an additional company is necessary. Both, we understand, can present sound reasons for their stands in this matter.

In order that the residents may get the full story and hear both sides, this writer is prepared to give the space normally occupied by this column to the spokesman of the respective groups. They may address their communication to

Note For Visiting Grandparents**

By Bunny Laner
Hicksville 3-2794 J

Special to visiting, dotting grandmas. Please, I beg of you, hands off the grandchildren and I don't think it's very nice to let them know of all the little tricks that we parents did when we were their age. Boy, we took my mother back to the Bronx, Saturday, after a two-week visit with us. What she did in two weeks will take me two years to undo. Of course, she just had to remember that I didn't like cooked cereal either and that spinach wasn't exactly a favorite vegetable of mine. I also protested vigorously when it came to bed time. The children just ate it all up and now whenever I say anything they do just as they please. Oh, well, the first hundred years are the hardest and then it doesn't matter anyway.

They had Mr. and Mrs. Jack Carroll, Mr. and Mrs. Richard Lang of Brooklyn and Mr. and Mrs. Frank Klein. Music was furnished by a portable and the mosquitos did their part to liven up things. The food was delicious and everyone had a grand time.

By the way, Betty Rathner just called to say she sold the boys two wheeler I wrote about last week.

TO PARADE ALMOST 2 MILES:

Announce Route For Firemen

HICKSVILLE — The line of sixty or more participating departments will assemble in divisions off the side streets of Jerusalem Ave. The parade route covers 1.9 mile, according to Tournament Chairman Stanford Weiss, including a march up the full length of Broadway from Old Country Rd. to John St.

The tournament contests will take place on Burns Ave. this year with the judges' arch near the corner of California Ave. Grandstands will be erected on the rear yard of the new Burns Ave. School and a vacant lot across the street.

Last year more than 6000 firemen and their ladies auxiliary members took part in the traditional Labor Day parade here. The

fire signal, Weiss said. They will go west on Maria St. to Jerusalem, south to Old Country Rd., east to Broadway, north on Broadway across the RR tracks to West John St., west on John to Burns Ave. and north on Burns Ave under the arch and past the grandstands.

Incorporators Of Levittown City Plan Old Country As Boundary

The present area of Levittown and the Levitt-built houses in surrounding communities, including Hicksville and Westbury on the north, would be within the boundaries of the proposed incorporated City of Levittown, it was disclosed this week by an official of the Levittown Democratic Club. Since the precise property lines of properties developed by Levitt & Sons would result in an irregular boundary for the proposed City, it is anticipated that major roads in the area would be adopted as "city limits".

The SENTINEL 'TEEN-AGE PROBLEM

The crash of breaking glass at the Dutch Lane School Monday evening, July 7, awoke many local residents to the fact that we already have with us the "teen-age problem" which has been forecast for the future. Maliciously broken windows at the school have been directly connected in many accounts with the nipped-in-the-bud "teenage fracas" the same evening in East Meadow, and the same group has been blamed for the firecracker-which were tossed into the crowds at the block party at the Festival, and into cars later on. The tale of the Monday evening incidents is a frightening one.

A boy, described as a "Levittown-youth", is said to have visited an East Meadow girl and somewhere along the way had been beaten-up. On the evening in question an anonymous telephone call to the 2nd Police Precinct advised them that a gang was gathering at Newbridge Road and Levittown Parkway, preparing to march on East Meadow. This was at 9:09 P.M. Police cars were dispatched to both the gathering point and to East Meadow. Enroute they were diverted to the Dutch Lane School when a local resident telephoned the police at 9:21 P.M. that a gang was at work methodically smashing Dutch Lane School windows. When the 2nd Precinct police arrived at Dutch Lane, the gang was gone. About the same time the marauders were received at East Meadow by the 1st Precinct police. About 53 boys, ranging from 14 to 17 years of age were involved. They were sent home with a warning. The breaking of the windows at the school has been interpreted by some as a ruse intended to divert the police to that point.

LEVITTOWN INCORPORATION

Boundaries of the proposed incorporated City of Levittown which is being pushed by the Levittown Democratic Club, will probably include many areas in addition to those containing Levittown houses, it was indicated by an official of the Club with whom the matter was discussed this week. Boundaries under consideration are Broadway and Wantagh Ave., on the east, the incorporated Village of Westbury on the north-west, and Old Country Road on the north. Such properties as Hicksville High School, the proposed new Hicksville high school, and four of the new schools under construction—at Lee Avenue, Fork Lane, Dutch Lane and Old Country Road—would come within the proposed City of Levittown. Ray Brand of Levittown is president of the Club.

SWIMMING POOLS

The Parkway pool was closed for "repairs" all of last week, beginning Saturday, July 5th. All the pools in the northern area have now been closed this season for appreciable periods. Are all these "repairs" necessary now, during the season? Well-timed clamor for public operation of the pools has been forecast.

Many parents last year protested exclusion of children under 16 years of age from the pools after 5 P.M. A petition, requesting use of the pools by the children when accompanied by a parent, was drawn up and signed and presented to and approved by the NLHOA. But the Levitt organization said NO to the civic organization that was administering the pools, then as now. And the children were never admitted, although parents pointed out that the only time when some could be taken to the pools was after father got home from work. The Levittown pools now admit children after 5 P.M. when accompanied by a parent. As part of the reciprocal-use deal between the Town of Hempstead and Levitt, now under consideration, Levitt rules should be changed to agree with those enforced by Hempstead Town.

Theviery at the pools has been on the increase and everyone using the pools should guard his property. Part of last week, the West Village Green pool had a county Policeman on the entrance bench in addition to the guard from the William J. Burns Detective Agency. Yellow water in the same pool excited considerable comment one day last week. . . . If some of the uses of the pool, and under-garment-washing in pool water, observed at the same pool last week, persist, there will never be any problem of overcrowding. The Swimming Pool Committee should act.

WATER BILLS

Those disheartened by high water bills accompanying a demand from the bank for additional escrow may draw some solace from reports of \$30 to \$40 quarterly bills in the Wantagh area where the Levitt-installed water system was sold by him to a private water company. We are told that many residents there are having their own wells drilled.

L'ENVOI-FESTIVAL

Dick Geruso, Director for Levitt of Levittown Hall and main spring of the steering committee for the Festival, says that the expenses of the Festival were borne by the Levittown Civic Council, and not by Levitt as has been alleged. . . . Abraham Levitt's talk against communism may have been aimed at some of the marchers in the parade, we have been told.

NEW SCHOOLS

Those who have had a glimpse of the interior facilities of the new schools under construction in our area are enthusiastic about them. They believe that the public will be pleasantly surprised, and pleased.

Since Old Country Rd., is strongly advocated for a northern boundary, Hicksville High School and Hicksville Public Library would then be within the City of Levittown, according to present plans of the city-plan sponsors. A north-eastern line would apparently be South Broadway running down into Wantagh Ave., and placing the new Lee Ave. School in the proposed City, also.

STOP AT VILLAGE LINE

In the north-west corner, Levittown City limits would halt at the boundaries of the Village of Westbury which is incorporated. Incorporation of Hicksville as a village, which is currently being promoted, embracing the co-terminalus Hicksville Fire, School and Parking Districts, would force the City-organizers to halt at the Hempstead-Oyster Bay Township line.

Ray Brand is the leader of the Democratic organization in Levittown and the head of the Levittown Democratic Club. His Club is currently gathering facts and figures to support the creation of Levittown City. The Club has made its position clear on the question of incorporation for Levittown for some time, but no formal campaign was launched. With the distribution of the pamphlets on the subject at the Levittown Festival by the Levittown Democratic Club the movement for the incorporation of the greater City of Levittown would seem to be officially underway.

Questioned about the proposed city, the Nassau County Democratic organization feels that under the present County Charter the only way to achieve local government is thru incorporation. Incorporation of Levittown City and the proposed boundaries is the project of the Levittown Democratic club and not sponsored by the County organization, it was stressed.

Thomas Powell of Bobwhite Lane is president of the Hicksville Democratic Club which has many members in the area in question. The Hicksville organization is not connected with the proposed incorporation of Levittown City.

RUDE SHOCK TO MANY:

Re-Assessment Boosts Charges

By CRAIG WALSH

The rude shock many Levitt house owners are getting as they receive notices from the County Trust Company of Tarrytown, mortgagor of many local Levitt houses, is due largely to their belief that the monthly payments agreed upon at the time of purchase would cover the full charges, including taxes, on the houses. Increased payments asked by the Bowery Savings Bank several months ago was due to the same reason.

Analysis of several typical statements from the County Trust Company shows that, in those cases at least, the sizable lump sum payments and the increased monthly payments now required by the bank result directly from an increase of two and one-half times in the amount of taxes now collected on these houses in the last year. The question settles down to why did the taxes "double," and why didn't the owners know about it?

NEW ASSESSMENTS

The answer to the first part of the question is simple. For some time after a house is built the property is generally not fully assessed until the tax assessor visits the completed house and places a valuation on it. The new valuation must then be placed in the county records, and then on the individual tax bills and records for each property owner. All this takes time and for the first full year of ownership of these newly-built houses, there were no taxes on the houses themselves, but only upon the vacant lot. It was on October 1, 1951 that the full taxes were levied on many of the houses.

It was not until several weeks ago that many owners realized that they were paying more taxes. This was because the agreement with the bank calls for only an annual statement of the accounts at about the anniversary date of the mortgage.

These increases come as a surprise to many people and the reasons can probably be found in the manner in which the houses were purchased. Undoubtedly, for most people this was their first experience in purchasing a newly-built home. Because they were not fully familiar with some of the less obvious facts of such transactions, the matter of later taxation did not come to their attention. Certainly, the seller was most interested in giving the lowest possible figure for the monthly payments and could not be expected to point out with any degree of enthusiasm that the tax assessments were not complete and would increase in a year's time. The buyer with so many things on his mind can understandably neglect such an item unless it is pointed out to him. It was a case of "Let the buyer beware."

It should be pointed out that those owners who pay taxes di-

Once Again: No Hearing

A second Hempstead Town Board meeting went by, Tuesday, and again a "public hearing" upon reciprocal use of Levittown Park District pools by people in the Levitt section in Oyster Bay Township (Hicksville) failed to materialize. The second "hearing," as well as the first had been announced by Levittown newspapers. South Hicksville Herald last week pointed out, quoting Town Councilman McConnell, that no hearing could be held until July 29 at the earliest, if the Town Board decided a hearing is in order. Two gentlemen spoke up as the Town Board meeting concluded Tuesday and urged action on reciprocity noting "the summer is half-way over." The Board said it would give the proposal some thought.

They were fully aware of the increases at the time they occurred and had to take care of them immediately.

The tax figures for one of the typical cases examined are shown below.

TYPICAL CASE	
Assessed Valuation 1950-	
1951	\$1950
School Tax, 1950-51	\$41.54
Supreme Court, County, Town, and District Tax,	
1951	49.53
TOTAL	\$91.07

Assessed Valuation 1952	\$3850
(Effective for School Tax payable October 1, 1951 and Supreme Court, County, Town, and District Tax payable January 1, 1952.)	
School Tax, 1951-52	\$ 99.72
Supreme Court, County, Town and District Tax,	
1952	115.12
TOTAL	\$214.84

Comparison of the total tax figures show that taxes now collected are almost two and one-half times the rate of little more than a year ago.

The monthly payments into the escrow fund were based on the taxes before reassessment. They were insufficient to cover the new taxes and in accordance with the mortgage agreement the bank did not adjust them until the next yearly anniversary which occurred

OUR INTERESTING NEIGHBORS:

Author Of Top Ballads Of Day

Sylvia Lee, who writes lyrics for popular songs, among them "Two Young" and "That's the Chance You Take" is known to her neighbors on Acree Lane in Hicksville as Mrs. Josephine Proffitt. Among her many other song successes have been "Play Me a Hurtin' Tune," "Until," "Chicery Chick," and "After Graduation Day."

Mrs. Proffitt and Sidney Lipman, the composer of the music for these hits, won the Michael Award and the Radio-TV award for "Two Young." She has been nominated to the Board of Directors of ASCAP, her latest song hit has been recorded by Eddie Fisher and is fast climbing the ladder of hits, and any day of the week you can find her flipping the dial on the Bendix, worrying over the floors getting dull—just like the rest of us.

Mrs. Proffitt is a completely

charming person who feels that her work is tremendously interesting—but so are many other things which her neighbors do, and each field has its own rewards. Writing Lyrics is a job and she works at it on schedule every day, but lyric can be written at home and he work gives her time to spend with her son, Edward, Edward is 14 and is in Junior High in Hicksville.

Individual Home

While Mrs. Proffitt's house is of course, a duplicate of thousand's of others, perhaps yours, she has made it individual by her use of color and accessories. The walls of her living room are chartreuse, and her furniture is chartreuse with dark green contrast. One lipstick red chair provides a sharp color accent, and a grey rug is the idea's background for the whole picture. Planter lamps hold pots of flowers and African violets of all-colors

Housewife Views Convention

By Florence Vrya LE 9-6407
What a week this has been! Like all the rest of you gals I was busy lashing back and forth between the TV and my housework all the time the convention was on. And those early morning sessions . . . they didn't have to sandwich in dish washing and bedmaking between sessions like we did. But I thought the coverage was wonderful and anyone who didn't catch Walter Kieran's report of the convention

and his comments on Channel 7 missed half the fun. If he is on during the telecast of the Democratic convention try to see him. His sly remarks about some of the audience who were on television and didn't know it were the funniest things I've heard in a long time. It's even funnier when you get a few dis hards in the house who are for one candidate or the other—watch the reactions while the speaker is telling everybody how wonderful the other fellow is. Increase in the number of gals in politics it seems, most of them dressed appropriately and there wasn't a gownless evening strap in the crew. (Dear printer, that's what I mean so don't spoil it by correcting the grammar as you sometimes do).

We went on a picnic to Hecksber State Park Sunday and it was lots of fun. First time we had been to the park. I must confess, though, we passed Belmont Lake State Park enroute and if it weren't one of those picnics where they sold tickets in advance I would have gone no further. Just picture a nice cool lake with shady spots on the banks to sit on, boats for rowing . . . it looked cool. You can get there by driving out Southern State Parkway and you can't miss it. Takes about 25 minutes from Hicksville.

Don Miller and Harry Woodruff of Spindle Rd. had a neighborhood Bar-B-Q over the week end and if you have never attended one of these feasts, lady you don't know what you've missed. We had everything, salads hamburgers, frankfurters, iced coffee, soda, beer, popcorn, toasted buns, just everything to make a picnic. Don was the chef and he is some cook. I don't dare show my face on Spindle Road for a while, I ate until it was disgraceful. One of the boys contributed his phonograph for the occasion so we had music all evening. Don's patio served as a dance floor. Bert Woodruff is a master of the salad department, get her recipe if you can persuade her to part with it. Before I stuffed myself to the point where I couldn't even get up the energy to move a pencil, I wrote down everyone's name, and walked off with Don's pencil I give up I'll send it back. Mr. and Mrs. Harry Woodruff and Tommy Woodruff; Mr. and Mrs. Charles Glasser and their children Charles, Roxanne, and Guy; Mr. and Mrs. Bob Wall and their daughter . . . Mr. and Mrs. Jack . . . Dick; Mrs. Ging Chin and Richard and Arthur; Mr. John Pressfield and their sons, Stephan and Michael; Mr. and Mrs. Henry Heller and their daughter, Elizabeth, and of course the four Vryas, all had a marvelous time. Bob and Harry organized it beautifully and Ginny Wall was wonderful filling in at the last minute the things the big strong men forgot (Who's got the saurkraut?). We haven't had such a good time in ages.

The Grossman's of 87 Spindle Rd. will celebrate their 15th anniversary on July 18. It so happens that on the same night the Levittown Reform Temple is having a wiener roast at Jones Beach the same night so Dave Grossman will celebrate at a Wiener Roast. I don't know though . . . betch the little woman has an idea for a fifteenth anniversary plus one week. The Grossman's are from the Bronx . . . were married there and lived there before they moved to Hicksville.

The Miller's of Spindle Rd. have a house guest for a few days, Miss Gertrude Heiley of Locust Valley. Truly is cute as can be, and a very nice teenager. She thinks our town is fine.

Mr. and Mrs. Harry Sandler of 25 Bond Lane gave a combination

birthday and anniversary party for Mr. and Mrs. Le Roy Feud of Bond. It was to celebrate Mrs. Ford's birthday as well as their tenth anniversary. The other guests included Mrs. Weissman, with Ruth and Albert Weissman, Nick Paragisse, Mr. Bernard Ganley, Mrs. G. Clementi, Mr. and Mrs. Ed Schmid, and of course every one brought the youngsters. They had an outdoor grilled supper and danced after the little folks were packed off to bed. Mrs. Clementi was easily the star of the evening. She won a TV contest on East Rockaway day for doing the Rhumba. Mrs. Clementi is Mrs. Ford's mother.

We have some hidden talent on Scooter lane I hear. Some of the girls were telling me Mike Drapzak is wonderful with a guitar. Nothing like music to make a party party fun. Celia Larkin and I were moaning over the heat today and she has a swell plan. She and Frank are going to take the kids to Bethpage State park and cook dinner out of doors. The kids love it, it's nice and cool there and nothing like the mob scene you find on week ends. Best of all you can come home to a nice clean kitchen with no dinner dishes to worry about. Patricia Mary, the youngest Larkin, was baptized in St. Ignatius Church last week and the godparents were Mr. and Mrs. Howard McCauley of Astoria. Patricia was born on her mother and dad's anniversary, by the way.

Did you see the picture of the crowd at Jones' Beach last week end that was in the papers? Well I've been kidding Milicent Fry about being the third dot from the left. She and Donald took the baby out and they had a wonderful time. Young Kevin Francis behaved very well he slept in his car bed under a beach umbrella while mom and dad went for a swim. Very considerate behaviour . . . a little man who was born in May.

a short time ago. The new monthly payments are based on the taxes now levied against each house, and they are necessarily higher.

In the typical case the mortgage amounts to \$7100 with a GI mortgage of \$390. The monthly payments were \$54.30 for the regular mortgage plus 4.70 for the GI mortgage. The new rate is \$60.77 for the regular mortgage and the GI payments are not affected. The breakdown of the old and new rates is shown below.

	Principal and Interest	Old	New
PHA Insurance	2.86	2.79	
Fire Insurance	1.66	1.66	
Taxes, including water	11.30	17.84	
Totals	\$54.30	\$60.77	

The records also show that the old monthly payments failed to pay the taxes and water bills by the amount of \$28.15. The bank temporarily made up this deficiency out of its own funds and now asks to be repaid. They also ask that a reserve of \$76.45 be established to give a cushion for higher tax payments to be made in the next few months, and also to cover them in case taxes increase further in the coming year. The total lump sum payment asked by the bank is \$104.60, in a typical case.

Opinion on Levitt-House Matters
By a Levitt-House Owner

The South Hicksville Herald - Purpose And Policy

This is the third issue of this newspaper within a newspaper. Because this issue will reach many new readers, an expression of purpose and policy seems to be in order.

The South Hicksville Herald is written and edited by residents of the South Hicksville area. The editors own and live in Levitt-built houses and came to the area, as

did their neighbors, some two years ago. They have actively observed and participated in neighborhood and community affairs. They have been given a free hand by the Mid-Island Herald in presenting news and making editorial comment on the news and events in their area.

The purpose of the South Hicksville Herald is to present news and editorial comment from the view point of residents (the editors) within the area. There has been no such presentation up to the present time. All the weekly newspapers having circulation in the area have been accused at various times of bias and slant in the interests of the areas from which they originate.

News of the area is carried by two Levittown papers with naturally pro-Levittown viewpoints. One of these papers, The Tribune is owned lock, stock, and barrel by William and Alfred Levitt.

To these Levittown papers this area is North Levittown, although it is within the recognized boundaries of Hicksville, has a Hicksville post office address, is served by schools of District 17 of Hicksville, and is an integral part of many Hicksville service districts. Efforts have been made and are being made to integrate all Levitt-built houses in Hicksville into Levittown. The "split" has been promoted in more than the Hicksville Park and Parkington District. Much friction and bitterness has been engendered thereby.

The editors believe that reconciliation of differing viewpoints, and peace and harmony, can be achieved by full presentation of all relevant facts. They believe that there is no basic conflict of interests, as has been contended between those who live in Levitt houses in Hicksville, and those who live in Frank homes, or Allied homes, or Spiegel homes, or any other home or house in the community of Hicksville, and that, on the contrary, there is a community of interest in the many services supported and shared in common. They believe that similarity of houses may identify the builder of a neighborhood, but that community of interest identifies the community.

Policy will therefore include due and proper emphasis on the role of the area in the community within which it is contained. That will not however, prevent the full factual presentation of news. Discussion which will lead to clarification and reconciliation of viewpoints will be encouraged. Information on laws and regulations and building matters, of value to the residents, will be included.

The columns of the South Hicksville Herald are available to interested readers (naturally within reasonable bounds) for pertinent discussion and comment. All within the area are invited to participate

by corresponding with the editors expressing their views on any phase or aspect of our community life, and by providing news items.

RANCH HOUSE BLUES:

Mixing Concrete

(Previous articles in this series have dealt with WATER BILLS and IS YOUR ATTIC HOT?)

As many house owners have discovered, concrete must be more than just a mixture of cement, gravel, and water. This article will deal somewhat academically with how good concrete is made, and will be followed by a later article which will discuss local practices.

Test Yet To Come

Concrete purchased or mixed by the house owner is usually for driveways, patios, or for garage floors and foundations. The primary requirement for outdoor concrete is that it be durable, especially in resisting alternate freezing and thawing. The past two winters have been mild, and exterior concrete placed by or for the house owner is yet to be subjected to the rigorous test of a severe winter. It is reasonable to assume, from the work that has been observed, that there will be many instances of failure during the first hard winter.

Durability of outdoor concrete is almost directly in relation to the strength of the concrete, and the strength to the cement content in the amount of water-per-bag-of-cement added to the mix. The lay man can think of the mixture as a glue of cement and water, holding together particles of gravel. The greater the quantity of water per bag of cement, the weaker the glue. The strength of the mixture also depends to some extent on the cleanliness of the gravel; earth or clay within the mixture breaks the bond.

Indicative of the strength-durability deemed necessary in highway work, road concrete is usually made with from 5-1/4 to 6 bags of cement per cubic yard of plastic concrete. The minimum for driveways and patios should be 4 bags per cubic yard. Only sufficient water for placing the concrete should be added to the mix, the less the better.

The sizes of the gravel particles (Continued on Page 30)

THIS 1952 BUICK will be awarded on Saturday night, July 19, at a dance by Holy Family R. C. Parish at the Community Hall, Levittown Pkwy., Hicksville. Prize is being offered in connection with fund campaign to pay off \$25,000 debt incurred in purchase of five acres of land on Newbridge Rd., near Cherry Lane, Hicksville, future site of the new parish church. should be such as to provide a well-graded mixture ranging from small to large. Screened and sized gravel in two specific ranges of sizes, mixed together to assure a well graded mix, is to be preferred to so-called bank-run gravel which may not be well-graded. In all cases the gravel should be free from deleterious substances and preferably "washed." Concrete should be machine-mixed whenever possible; and the minimum mixing time for quantities up to one cubic yard should be 1-1/4 minutes. Authorities generally consider a homogeneous mix, the same from top to bottom of the slab, preferable to a mixture where the top surface is a separate mix made with smaller aggregate.

Materially improved durability can be achieved by the use of air-entraining cement available at slightly additional cost, or by the addition of an admixture which results in air entrainment.

Mr. and Mrs. George Simpkins of 12 Farmedge Rd., Island Trees, are the parents of a daughter, Laurie Ann, born on July 1. Mrs. Simpkins is in charge of the Competition Committee of St. Martin of Tours Drive. Mrs. Simpkins was the first president of the Mothers' Club of St. Martins. The couple has two other very pretty daughters.

winter the ledges are covered with blossoms, bringing the garden indoors. The room is modern in feeling, but comfortably so. The colors are clear but not startling and the whole effect is warm and friendly.

A rose garden just outside the picture window has flowers of every color, a gardenia plant gives beautiful blooms even in this climate, and there is even a lemon tree with one lemon on its branches.

Edward does much of the muscle work a good garden demands, and his mother spends all the time she can spare in the yard. They both laugh at what they consider their mistake to date . . . they put in multiflora hedge and now they are having it pulled out. The multiflora attracts beetles, takes much of the nourishment out of the soil and affects the surrounding grass, and its rapidly growing out of bounds.

Mrs. Proffitt is a booster of our Hicksville Schools and takes an active interest in the activities program whenever her schedule permits. Last fall, Mr. Lippman and Mrs. Proffitt entertained at assembly for the High school and the audience needless to say loved every minute. Most of their work has a quality which appeals to the younger group, or makes the older people feel part of the younger group. In addition to writing lyrics Sylvia Lee—Mrs. Proffitt—has written three novels, "And Never Been Kissed," "Dear Guest and Ghost" and "There Was A Little Girl."

I hope that by now Leonard Mulqueen has recovered his red bicycle which just wandered away from the Fowell Ave. School last week. Maybe someone rode it home by mistake? If so please call him at Hicksville 3-0463-M or ride by his home at 12 Schneider Lane and leave it for him.

The Rev. Eugene J. McCloskey, pastor of St. Anne's Church, Stewart Manor, Garden City, died on July 9. He was priest-consultant of the Nassau County Council of Catholic Women.

Bethpage Child First Fatality Of Polio With 18 Now Stricken

MINEOLA—A four-year old Bethpage boy is the first poliomyelitis fatality for this year, the Nassau County Health Dept. reported this week. Eugene Krunkel, age 4, of 26 Martin Road South, Bethpage, became ill Saturday. He was admitted to Meadowbrook Hospital at 1:20 AM Sunday and died at 1:50 AM Monday, July 14.

This brings the 1952 total of reported cases to 18, including two with onsets in 1951 but not reported until 1952 and one imported infection case, the County reported. On this date in 1951 there were 17 reported cases.

Roslyn Heights has had three reported cases this year, Hempstead has two cases including one with an onset in 1951. Other communities with reported cases for 1952 include East Williston, Elmont, Farmingdale, Freeport, Levittown (1951 onset), Lynbrook (imported infection), Malverne, Manhasset, Merrick, North Valley Stream, Port Washington and Seaford.

County Executive J. Russell Sprague has authorized the re-activation of the Health Department's polio team but Dr. Earle G. Brown has not yet given orders for this project.

"The polio team will go into action as soon as the number of reported cases makes it necessary," said Dr. Brown.

Did you know that there is now in force an amendment to the New York Motor Vehicle Law requiring a person under 21 years who operates a car to carry an identification card to show they are insured?

Figuring Proportions On How To Mix Concrete Puzzles You Can't Get!
Don't Say Concrete... Say "SAKRETE"
The small concrete or masonry job around the house has always been troublesome. First there arises the question of how much sand and cement, or gravel to buy. Then there is the dirt, waste and trouble encountered in mixing.
It was to solve this problem that SAKRETE came to be made. SAKRETE was made so as to give inexperienced users of concrete the mortar, pre-mixed in dry form, packed in multi-wall sacks, requiring only the addition of water before using. These convenient sacks are dust proof, so that only as much as is actually needed is used.
Now homeowners can patch sidewalks, floors, fish ponds, patios, or driveways with the least amount of trouble and waste and with good results, too.
No mess, no fuss. Here's what you do...
Let Uncle Tom know what you intend to do, so that he may advise the proper type SAKRETE to use.
Mix it in a bucket, mix, sand mix, mortar mix and water tite in small and large bags.
So if you get all bawled up figuring your quantities of sand and cement, try SAKRETE. You'll enjoy working with it, as much as we'll enjoy selling it. Please order early in the week for your week-end chores—we'll be able to serve you better.

Between Duffy And Old Country: Beach Parties And Post Cards

Hi Folks: Received a postal card from Winnie and Bernie Norman of Meade Ave. They are spending part of their vacation in Bar Harbor, Maine.

How come Duffy Park gets a mail box before Hicksville Park? What gives Mr. Postmaster? We've been trying to get a box down our area for three years.

Billy Lo Dato of Meade Ave. was 8 years old on July 11th. A party was given in honor of this occasion. Those children present were; Billy and Janeece Lo Dato, Tommie and Robert Sherry, Bob and Sterling Hardern, Dorothea and Arlene Williams and Merrilee and Jill Werner.

Belated Birthday greetings to Bobby Dieterich of McAlester Ave. Bob had a birthday on July 11, also.

Mr. and Mrs. William McNeil of 47 Underhill Ave. are entertaining little Nancy Esposito of Lambertville, N. J. for several weeks.

Pat Coffey of Astoria, is spending several weeks with Mr. and Mrs. M. Misturini of 39 Underhill Ave.

The Bonhards of McAlester Ave. went Upstate to see their son Richard in summer camp.

Lois and Jack LoDato, Rosalie and Chick Bauer, Bill and Ann

Hardern, Eunice and Sherry Hel-del, Rose and Bill Gatterdam and Doris and Bud Werner got together and had a beach party at Center Island Beach last Sunday. There's nothing like a beach party to stir up the appetite; consequently plenty of hot-dogs and beer was consumed.

Tommy Rauter of 5 Underhill Ave. was 8 years old on July 10th. and a party was given by his mother. Those kiddies attending were, David and Tom Rauter, James, Linda and John Spier, John McNeil, John and Tom Furst, Irvin Carpenter, Freddie Izzo, and Billy Ford.
