NERVE CENTRE FOR L.I.

Lighting Co To Start Moving Here In Sept

MINEOLA—Work on the Long Island Lighting Company's five million dollar electric operating headquarters on the 60 acre tract along Old Country Road, adjacent to the L.I.R.R. at Hicksville is progressing rapidly and by late fall the first of many units will be ready for occupancy, company officials told the Herald this week.

The multitudinous projects other than the buildings under construction but at the same time of utmost importance in the overall plan are well underway and as time moves onward each link will be fitted into the pattern of this gigantic operating center," a spokesman said.

4 BLDG'S NEAR READY

The Emergency Service and Dispatch, Operating Warehouse, Transportation Garage and Shop, and Line Locker Room are nearing completion and will be the first of the building ready for occupancy early this fall.

Other buildings under construction are Station and Construction Shops which will be used by the Substation Section and also the Company's Construction Departments, Electric Meter Shop, and a large loading platform on the railroad siding. These Buildings will be completed by the end of 1952. All of the buildings will be one story with the exception of the Emergency Service and Dispatch Building which will have two stories and a basement.

Hicksville will soon be the nerve center for the Long Island Lighting Company's electric operations from Montauk west to Breezy Point as the various segments of the Company's electric system join together here to form a united force to provide the most competent service to its thousands of customers on Long Island, the spokesman concluded.

AHORN F. LUHMANN starts a banking career at the age of 75 as supervisor of the coin counting division at the Long Island National Bank of Hicksville. He is pictured with bank president William E. Koutensky (left) and Arthur Mangan (right) head teller of the bank.

Mr. Luhmann was formerly a custodian in the high school building for ten years. He and his wife came to Hicksville from New York City about 30 years ago and they celebrated their 50th wedding anniversary in 1949. They reside at 210 Second St., Hicksville, and have two daughters, Mrs. Carl Eisemann and Mrs. Edward Kasten of Hicksville, two sons, Henry of Hicksville and Fred of New York City, and nine grandchildren. Board Rejects Split

OYSTER BAY—Bulletin—The Town Board adopted a resolution here yesterday (Wednesday) denying the petition for a split or division of Hicksville Park and Parking District which had been the subject of a public hearing on May 9. The resolution specified that boundaries of the district will remain as originally created. The verdict, announced by Councilman Frank Chlumsky, was the board's unanimous expression he said. A preamble to the action was expected to be ready for release later this week.

The "split" had been requested by the NLHOA for the purpose of establishing a "North Levittown" district embracing the Levitt home area.

Wrong Addresses Slow Mail, Post Office Warns

Hicksville Post Office officials today warned residents of Levitt homes in the Town of Oyster Bay that they must inform correspondents of their correct address as Hicksville and not Levittown. Mail delivery to this section, officials said, is currently being delayed as much as 24 hours when it is marked "Levittown" since it is first punched to that office and then must be rehandled and brought back to the Hicksville office.

"We are only interested in fair and adequate service," an official said, urging compliance with the Postal Dept. regulations.

Republican Picnic This Saturday

BETHPAGE—The Hicksville Republican Club will hold its annual picnic this Saturday, Aug. 16, at the State Park, here, starting at 1:30 P.M., according to Ernest F. Francke, club president. He hopes all members will make it a "real family day" with tons of refreshments ordered for the gals' affair. In case of rain, it will be held the following day, Aug. 17.

Hurt In Fight On Local Project

HICKSVILLE—Alfred Mayer, 51, of Lincoln Rd., Yaphank was hurt in a fight with a fellow worker on a construction job on West Main St., Aug. 13 according to Siebold Precinct Police. He was treated at the office of Dr. Harry Malosky, 33 Adelphi Rd., and taken to Meadowbrook Hospital suffering lacerations of the scalp and possible fractured skull.

Formal Protest Going To PSC

HICKSVILLE—A formal protest to the Public Service Commission on the designation of about 900 telephones in this community, besides hundreds in East Meadow, Wantagh and Bethpage, by the "Levittown" phone exchange is being prepared, it was learned this week. Nearly 1000 signatures have been obtained on petitions of protest which will be presented to the PSC together with resolutions adopted by organizations and fire agencies in the district.

National Winner For Second Year

HICKSVILLE—The McCaffrey Agency at 162 Broadway has won a nation-wide production contest for the second consecutive year, it was announced this week. A two-week trip to Mexico City was awarded as a prize. Mr. and Mrs. Lawrence C. McCaffrey of 42 Blueberry Lane will fly to Mexico City in September as guests of the Central Mutual Insurance Co.

Vamps Leave Early For Upstate

HICKSVILLE—About dozen members of the fire dept., led by Ex-Chief Henry Gebhardt Sr. as delegate, will leave here at about 3 o'clock next Tuesday morning, Aug. 19, for East Rochester and the New York State Volunteer Firemen's Convention and Tournament. Leaving at that early hour will be members of the racing team led by Capt. Edward Kessler with their racing equipment. Other local vamps will be making the trip by private car on succeeding days.

Events During Coming Week

SATURDAY, Aug. 16—1:30 P.M.—Hicksville Republican Club Picnic at Bethpage State Park.

MONDAY TO SATURDAY, Aug. 18 to 23—8 P.M.—Bazaar by Charles Wagner Legion Post at Legion clubhouse, E. Nicholas St., Hicksville.

Primary Voting Set For Tuesday

Enrolled political party members are being encouraged this week to vote next Tuesday, Aug. 19, at local polling places between 12 noon and 9 P.M. to designate their choice for nine officials on the fall at the Nov. 3 general election.

No local candidates are anticipated; however, a contest for the Democratic designation for member of Congress from the new 3rd Congressional District (Town of Hempstead) is in prospect where John F. X. Browne of Woodmere is asking enrolled Democrats to write-in his name, opposing regular party nominee Richard A. O'Leary.

Offices to be voted at the primaries in the mid-Island areas (in Town of Oyster Bay) are Representative in Congress, 1st District, 2 year term; State Senator, 3rd Senatorial District, 2 year term; Member of Assembly, 4th Assembly District, 2 year term.

Also, County Executive, 3 year term; County Comptroller, 3 year term; County Clerk, 3 year term; Surrogate, 6 year term; Sheriff. (Continued on Page 4)

NEIGHBORHOOD OBJECTS STRONGLY: Protest Factory Zone Change

OYSTER BAY—Residents of the Park Ave. section in Hicksville, north of the LIRR, presented objections before Oyster Bay Town Board to an application by the Page Holding Corp. to rezone the old Pickleworks property from residential to industrial, Tuesday morning in the Town Hall.

A petition bearing the signatures of 70 residents on Park, Herman and Waters Aves. and Grove St. who objected to the proposed zone change was presented to the Board. The petition stated that a

change in zone "will lower the residential property values and depreciate the neighborhood."

Residents of the area who appeared at the hearing said that an industrial property in the neighborhood would increase traffic of trucks and private cars on the quiet, residential streets and would endanger the lives and safety of the children.

George Rappaport, attorney for the applicant, presented the zone change request on land located east of Park Ave., 860 feet north of the

Park Ave. and LIRR intersection. The proposed zone change site is next to the area developed as Wonder Homes.

School Tax Rate

HICKSVILLE—The school tax rate for Hicksville School District has been set at \$2.61 per \$100 of assessed valuation, it was announced by the Board of Education this week. The rate for 1951-52 was \$2.59 per \$100, reflecting a gain of 20 cents per \$1000 of assessed valuation.

Hicksville Hick 3-0021

Dear Jean:

We hear tuition charges for non-resident pupils are being increased by some mid-Island school districts this fall from \$150 to \$300. . . . Oak Neck Town Beach at Bayville, in a new health dept. rating, is now scored "good," the only one so designated in the county. . . . PARKE W. KUNKEL of Stroudsburg, Pa., was a visiting member at a recent Kiwanis meeting. . . . PAT CAPUTO and FRED HUGHES have joined Hicksville Kiwanis Club. Manhasset club was here for an inter-club meeting yesterday (Wednesday). . . . Early in October about 20,000 Nassau people will receive higher Social Security payments as a result of recent changes in the law. It amounts to about \$5 for most families. . . . The HERALD has received a post card from LOUIS PARMIGIANI of Hicksville, mailed in Rome. . . . VINCE BRAUN was acting secretary at Hicksville Fire Dept. meeting, Monday night. WALTER BALDWIN is on the West Coast for Grumann's. . . . Four ladies have been engaged as Playground Assistants in Hicksville District, the program is proving so popular. . . . State Liquor Board warns that sale of liquor, wine and beer throughout state is prohibited next Tuesday, Aug. 19, when polls are open for Primary Day—12 noon to 9 P.M. . . . Just seven years ago today (Aug. 14) the global conflict of World War II came to an end with the surrender of the Japanese empire. We have not heard of any local V-J Day celebrations planned. Do you remember the gay time most people had for themselves on that evening in 1945? They actually were dancing in the streets. . . . Commuters got home about an hour late one night last week due to a fire on a RR building in Floral Park. . . . And down in that section the First National Bank and Trust Co. will soon merge with the Franklin National, probably about Sept. 15. . . .

Broadway is a state highway (no. 107, in fact). The news came from the State Public Works Dept. this week that bids have been opened for elimination of the LIRR grade crossing on Route 107—but, unfortunately for us, the crossing is in Massapequa. . . . Best wishes to JOSEPH CANNER of Glen Cove who opens a new store in the Huettnar building this weekend. It is a pleasure to observe what progress is being made on this structure. . . . We also see the new, bigger BIG BEN market on W. Marie St. is now taking shape, fast. . . . We listened Tuesday 2 P.M. but if the "mighty Thunderbolt air raid siren went off at Mineola, as County CD promised, we didn't hear it here. Another test is set for this morning (Thursday) at 10 o'clock. . . . A number of readers complain that the refuse collectors appear to be getting "mighty fussy." We have at least five reports to cases where homeowners had to take their beefs to Bay Shore (office of Main Transfer) in an effort to get certain materials carted off. . . .

NORTH WEST NOTES:

Kuhl Ave. Washout Continues

BY JAMES CUMMINGS

In the development there are two sections of street that need drainage badly. They are Ohio St. and Kolmar Ave. and Kuhl Ave. between Indians and Georgia. After each rain washouts occur at both these spots causing considerable damage to property about being flooded with water etc. Despite the efforts of the Township Highway Dept. to combat this with filling in and oiling, the floods continue.

On Kuhl Ave. the rains washed away curbing and part of the sidewalk in front of Frank Gilligan's residence at 63 Kuhl and is starting to undermine the sidewalk. John R. Brandt, Highway Supervisor, told me earlier this week that he will hone out this area again and fill where needed until such time as his men can complete the job.

At present curbing is being completed on Nevada St., with the other streets to follow. Brandt stated he had blacktopped sections of the street on Kuhl where low spot was created when he cleaned out the area, this has helped somewhat, but not enough. It is his hope to oil all the streets after curbing is completed, by the end of the year. We hope that the speed-up of work planned by the Highway Dept. will start before winter hits us once again.

BETWEEN ISSUES: I was informed by Mr. D'Ambrosio that his

Super Mt. grand opening will be postponed until next Thursday. Jim and Catherine Mar of the Bronx are spending the week with the Finnegan's on Kuhl Avenue. Mrs. Helen Gilligan of 63 Kuhl narrowly escaped being hit by a reckless car on Kuhl over the weekend. The car finally wound up hitting a car further up the street. . . .

Board Says 'No' To Sign Request

OYSTER BAY—A variance to erect two 10 x 20 foot signs on the east and west sides of North Broadway, Hicksville, was denied by the Zoning Board of Appeals at a regular meeting Thursday night, Aug. 7, at the Town Hall. Stackler and Frank of 5 Liberty St., Hempstead, has made the request for permission to erect the signs on the former home property which will become a development.

The Board held over the case of Henry Nelson of 1001 Bedford Ave., Brooklyn, who wants to erect a "Y" shaped sign and structure on the roof and flat "facial" sign over canopy of the building on north Hempstead Tpke. about 200 feet east of Hicksville-Massapequa Rd., Bethpage.

A gas station on the southwest corner of Plainview Rd. and Central Park Rd., Plainview, was approved by the Board upon the request of William John Harbes of Old Country Rd., Plainview.

Current Comment:

Fire Protection At Low Cost

By FRED J. NOETH

THE FIRST PART of September brings to mid-Island communities the opportunity to vote upon the appropriation of money to provide local fire protection service during 1953.

In Hicksville, Bethpage and Jericho, resident taxpayers have the opportunity to give their approval to the budget prepared by the elected Board of Fire Commissioners in each district. The budget estimates what funds will be required during the coming year to purchase equipment, to keep fire headquarters operating, keep alarm systems and apparatus in peak condition.

Based upon this budget and the assessed valuation total of the respective fire districts (much the same as the totals given last week in the Herald for school districts, with some variations in districts other than Hicksville), the tax rate is fixed. This amount is collected annually in the tax bill sent out by the Township Tax Receiver.

Our communities on Long Island get excellent fire protection at low cost. If paid fire fighters had to be employed, the annual budget for each district would be staggering. But since the vamps are volunteers who race to answer each alarm for help, our fire budgets are quite reasonable.

The voters of Hicksville Fire District this year are being asked to consider a couple of propositions outside of the budget. Among these is the sum of \$4,000 for two-way radio system and we heartily endorse this proposal. In view of the size of our fire district (6.5 square miles) and the large number of dwellings and business places there have been instances of late where two and even three calls for firemen were received at the same moment.

Fire apparatus in two-way radio communications with headquarters and other apparatus on the move can appraise each incident and immediately give essential information where it is needed. If the emergency is of such proportions that more help is required, the fact can be relayed without a moment's loss. On the other hand, in the case of minor incidents the dispatching of all apparatus can be avoided.

Two-way radio for fire equipment is now highly developed. Today's police could barely perform their jobs without radio. It has found a definite place in the operations locally of taxi cabs and public utilities. Its value in event of Civil Defense emergency with regular communications damaged or out of service can not be overlooked.

Plainview Fire District (which also embraces Old Bethpage) residents do not vote upon the annual appropriations since the fire protection set-up there varies somewhat as compared with Hicksville and Bethpage. Plainview fire company is a group of volunteers, duly incorporated under the laws of the state, which contracts with the fire district through the Town Board to provide fire protection at a set annual rate. Oyster Bay village and other Nassau communities have this set-up also, although the system of district (taxpayer) owned and operated fire protection is probably more common in the county.

We mention this variation so that Plainview people, who are increasing in numbers every week, don't wait in vain for the "budget vote" in their community.

Unlike most of our school districts, no advance registration of voters is required in our fire districts where budgets are up for consideration early next month.

Statue Honors Son Of Local Woman

PHILADELPHIA, PA.—The name of Michael DeGrasso, son of Mrs. Rose DeGrasso of 85 Linden Ave., East Hicksville, is commemorated on a bronze statue erected in honor of the 1,307 employees of the Pennsylvania Railroad who died in military service in World War II.

The plaque was unveiled at ceremonies held Aug. 10 here in the concourse of Pennsylvania Station—30th St., here, when General of the Army Omar N. Bradley delivered the dedicatory address.

The 36-foot memorial sculpture suggests the Archangel Michael, Angel of the Resurrection, holding the figure of an uplifted soldier in his arms.

In case anyone needs to be reminded, it raised money and made a welcome effort to which our annual picnic but it just didn't succeed. We moved indoors and by using the downstairs clubroom as well as the hall proper accommodated all who came. Although picnics belong outdoors we are sure that for food at least this years indoor shindig was as good as any get together in the past.

As usual the children ran riot but seemed to disturb no one. Harriet Mangels and another young lady (not identified) organized games in the center of the hall and Al Barlow managed to run off a few races between showers to dispose of the boys and girls prizes. Jack Ehmans lady won the shooting contest.

We missed a great deal of the proceedings acting as supercourt man in the kitchen surrounded by Bill Bosch, Artie Blestach and the Maître de' Rudy Bause. Being in the kitchen gave us the inside track on food consumption, but we'll embarrass no one by furnishing details. Let's just say the entire gathering consumed considerable clams, corn, hot dogs and beer with the kids eating their share of watermelon and soda.

Although we didn't get around to see all the workers we know that Jay Jabeur, Walter Coane, Al Carpenter and Bob Beard were all behind the stick at one time or another and the "gate" was handled by Jim Carter.

Twas a fine affair. Hope you enjoyed it too!

No. 421, American Legion

Hicksburg will commence a week of the Charles Wagner Post. The Charles Wagner Post will take place indoors and outdoors right on the American Legion grounds for the entire week. There'll be games and prizes for all ages and sizes—Monday Aug. 18 through Saturday Aug. 23 at 24 East Nichols St. — This is our own show. Booths were made and will be manned by Legionnaires only!

Did you notice the new cook in the kitchen last meeting? Henry Brengel sub! . . . Last meeting must have been shortest on record. Can't mention how short though. Some of the boys said they'd be misunderstood at home. . . . Vet's Council has suggested joint veterans affair for worthy local cause and Legion has promised full cooperation. Example of good cause mentioned was PBC-Hicksburg Unit—would be a good place to start. . . . '58 members already signed. . . Maxine Kaar, Girls State winner, to be guest at next Auxiliary meeting. . . . Let's remember the National Convention beginning Aug. 24—County rooms are on the 26th floor Hotel New Yorker. Turn out Monday for Bazaar work—see Fred Brengel or Walter Barnett. . . . There will be no column next week as we take the family to Horsehead Camp high in the Adirondack at American Legion, N. Y., for the first half of our vacation. We'll be back in town for the second week, however, and trust you'll look for us.

THE SCHOOLS ARE YOURS:

School District Organization

BY ROBERT E. TUFTS

My neighbor, Mr. John Q. Public, a new resident of Nassau County, and I were discussing local school district organizations.

"A friend of mine," began John, "bought a new home in Nassau County. He assumed his children would go to a nearby school but actually they had to attend a school several miles away. How can one tell where school districts begin and end?"

"That is a difficult question as school districts vary considerably as to size, shape and type. But the best thing for new residents to do is to contact the nearest school. School officials will determine what districts one's address is in."

"What about this matter of size?" asked John.

"Island Trees School District covers approximately 2 square miles while Plainview takes up about 6 square miles and is about the same size as the Hicksville School District. On a map of school districts the boundaries make the areas look much like one of Grandma's patch work quilts, for there seems to be no rhyme or reason to explain why districts were laid out as they were."

"Are all districts boundary lines hard to locate?"

"No, not at all. South Oyster Bay Road divides Hicksville and Plainview School Districts. It is an example of an easily located boundary line."

"I always thought school district lines ran along roads or natural boundaries — such as rivers, lakes or mountains."

BOUNDARIES VARY

"Here again we can cite an example. In Plainview School District Old Country Road is a good man made boundary line. Yet the

district line on the south, in general, varies from 800 or 900 feet to 1,000 feet south of Old Country Road."

"Is that true in other districts?" inquired John.

"Yes, in a great many, not only in the mid-Island area but in Nassau County and throughout the state. The example I cited is typical."

"How did this situation come about?"

"Districts were laid out over one hundred years ago in 1812 to be exact. At that time some of the roads that now exist just didn't."

"I suppose it didn't make too much difference when the land was used for farming but now with houses being built, it seems to me, that the location of the district line becomes more important."

"That is true, John. Today many times the census enumerator is faced with the problem of which house is in which district."

"What else should I know about local school districts?"

"You should know the kinds of districts, the districts officials and their duties. Let's talk about the kinds of districts. They are common and union free, and the union free may be divided into consolidated and central."

"That sounds complicated," remarked John.

UNIT OF GOVERNMENT

"Not if you keep in mind that a local school district is a unit of government set up to administer the education over a certain area. The earliest and simplest type is the common school district organized in 1812. Today there are very few common school districts in Nassau County. Woodbury School District is an example. However, most school

districts in the Mid-Island area are union free."

"What's the difference between common and union free?"

"Common school districts were organized when population and educational problems were small. The union free type is an attempt to meet the problem in a more modern manner. In a common school district there is a Board of Trustees, usually of three members and a District Clerk and District Treasurer elected by the voters at the annual meeting in May. But in a union free district there is a Board of Education consisting of from five to nine members elected by the people. The District Clerk and Treasurer are appointed by the Board of Education for a one year term. Usually in a common school district the Clerk and Treasurer are not compensated but in a union free district they are."

"What are the powers and duties of the Board?"

"The Board, regardless of the name given to it, is responsible for the education of all the children in the district. The Board selects and hires the principal, teachers and other personnel; determines policy; provides facilities and equipment approved at the annual school meeting; approves supply orders and bus contracts and initiates any building program."

"You make it sound like a full time job — being a board member is enormous. Usually however, the board delegates authority to the principal in so far as the general administration of the school system is concerned. The District Clerk handles the minutes and correspondence of the board while the Treasurer is concerned with finances."

"Let's see. We have discussed the board, clerk, treasurer," summarized John. "Are there any other district officials I should know about?"

"Yes, the census enumerator and the attendance officer. State Education Law provides that a census of all local district children from birth to 18 years of age shall be taken yearly by August 31st. That is the work of the census enumerator which is usually done during the latter part of July and the first part of August. The census enumerator visits each home in the district required information."

"Attendance officer," said John, "That sounds suspiciously like truant officer."

NOT ALL TRUANCY

"Right you are. Today, though, the name for the position is attendance officer. You see the word truant does not cover the full scope of the work, for many cases involve no truancy at all. Usually cases reported to the attendance officer result in a routine check to find out the cause of the absence. Many times that absence is illness or other good reason that has not been reported to the school."

"Then by reporting the absence of my child to the school office I could eliminate a visit from the attendance officer."

"Yes, all school officials encourage parents to phone the school when their child is absent stating the reason. You see, John, schools are anxious to eliminate

Jeanne Gries Becomes Bride

Mr. and Mrs. Edward Sokolski

Miss Jeanne Anne Gries, daughter of Mr. and Mrs. Louis Gries of 130 Bay Ave., Hicksville, became the bride of Edward Sokolski, son of Mr. and Mrs. Charles Sokolski of 17 Emma St., Bethpage, at a Nuptial Mass on Saturday, June 21, at St. Ignatius Church, Hicksville. The Rev. George M. Bittermann said the Mass.

The bride's gown was fashioned with a bodice of Chantilly lace with an illusion neckline and long sleeves. The full nylon tulle skirt over-satin ended in a train. Her fingertip veil fell from a Juliet cap of seed pearls. She carried white orchids and stephanotis. Miss Eileen Gries, sister of the bride, was the maid of honor. She wore a gown of powder blue lace bodice with a nylon tulle skirt. She wore a headpiece of pale blue flowers and carried yellow daisies with blue delphiniums.

The bridesmaids were Miss Irene Sokolski, sister of the groom, and Miss Florence Krikalo of Hicksville. They wore gowns of yellow lace and tulle and matching headpieces. They carried blue delphiniums with daisies.

The best man was Frank Sokolski of Roslyn Heights, nephew of the groom. The ushers were Walter Woefel of Melville and Adam Sokolski, brother of the groom.

A reception for 100 guests was held at Anns Inn in Bethpage.

After a honeymoon in the Poconos Mountains, the newlyweds are residing at 17 Emma St., Bethpage.

The bride is a graduate of Hicksville High School and is employed by the Equitable Life Assurance Co. in New York City. The groom is a graduate of Farmingdale High School and is employed by Greco Brothers of Bethpage. (Weiser Photo)

An apology to our readers and new residents for not listing the names of our other local veterans' organizations last week. To those who called me, it was nice talking to you all. We have three other veteran organizations here as follows: Charles Wagner Legion Post and you can call Rudy Boue at Hicksville 3-2086 or Jim McLaughlin at Hicksville 3-6089. J. AMVETS can be contacted by calling Jim Cooley Hicksville 3-3398 and William M. Gouse, Jr., VFW, Post can be contacted by calling Al Haslen at Hicksville 3-0257 or stop in at the Long Island National Bank and see Joe Reinhardt.

It's been pleasure meeting the above boys, grand fellows and good veterans. Make a call to any or all of them, find out when and where they meet. Be a guest at a meeting and join the one or ones best suited to you. Hope to see you when we make our rounds. But still, you are welcome to join us at our picnic which will be Sunday morning, Aug. 24 at 9 A.M. from the Shaarai Zedek on East Barclay St. Sam Mezel says a

fishing license is not needed at the Heckscher State Park.

If you did get your license for fishing, it's not wanted. We have some nice lakes nearby.

Saw Dave Keta, one of the picnic committee men. Who were you trying to kid when you said "softball is for the old man". You wanted to play regular baseball. I'll umpire. Last time I played was 1944 on one of the Pacific Islands and I was no kid then. Can you imagine me, over 200 pounds, trying to move around next to some of our younger guys? Tell you what, Navy and Marine Corps vets will challenge the Army and Air Corps vets.

Sam Mezel just left me a bunch of Pleasure Hunt subscription stubs. It's officials now: bicycle, toastmaster, Salt water outfit and 1/4 inch drill set to the four subscribers who will also be a part of making it possible for 24 visits to the veterans at Northport and Mitchel Field Hospitals. It's up to you, the residents and businessmen of Hicksville, to put this drive for funds through the Pleasure Hunt over. Call LEvittown 9-8168.

"Thank You!" 100,000 times

We have just completed the conversion of the gas equipment and appliances of nearly 100,000 of our customers to the use of natural gas. To each of them we extend a sincere, individual "Thank You!"

The excellent cooperation of these customers, together with their patience and understanding contributed greatly to our success in concluding the changeover on schedule, with a minimum of inconvenience to all.

Our sincere appreciation also goes to our employees in all departments who, in keeping with the best tradition of our industry, worked long hours, often the entire night through; sacrificed vacations and maintained constant vigilance to see that the job was handled safely and efficiently.

Every day more and more of our customers are telling us how satisfactory they are finding natural gas to be. However, just in case any of our new natural gas customers feel further adjustments of their equipment may be necessary, we are keeping the conversion contractor's men on the job to handle such work. In such cases, if customers will call our local business office nearest to them, the work will be scheduled for prompt attention.

On behalf of our Company and its employees, we again thank you for your assistance which was so helpful to us.

**Holy Family Parish To Issue Bids
Start Work On Parish Buildings**

Final architectural plans for out on Aug. 16 and will be returned to Holy Family R.C. Church have on Aug. 29. Although an exact date for the three buildings will begin for groundbreaking ceremonies has yet not been set, steam shovels will shortly after Labor Day. Father Martin O'Dea, Pastor, was able to announce this to the parishioners as a result of a letter received this past week from Most Rev. Thomas E. Molloy, Archbishop-Bishop of Brooklyn Diocese.

Bids on construction will be sent

Hicksville, will include a Rectory, Convent and Chapel-Auditorium. The Chapel will hold 250 persons and will be closed off from the auditorium by folding doors during the week. The combined Chapel-Auditorium will hold 1,000 persons for mass services on Sundays and Holy Days.

Father O'Dea hopes to be celebrating mass in the new church by Christmas.

GOING AROUND THE LANES:**Can't Always Plan Vacations**

By Florence Vrym

LE 9-6407

So this is a vacation! Phooey. My stronger half is on vacation and we had it all planned. Boy, if read her column for details but you could have seen the wonders she couldn't begin to tell you how much trouble they had. Any girl the trim was to be repainted, the patio cemented, the rooms switched around, and we were even going to squeeze in a paint job. Next time you pass the house notice, no patio done, no trim done, and if he doesn't at least clean up the dang car port, the house with the hangman's tree in front will be mine.

The woes of vacation time are not mine alone. Bunny Laufer of two

Lee Ave. is up to her eyebrows in work with that roof raising job. You've probably seen and heard Hal many times but not under his own name. He's an actor and has appeared on television many times. Right now he's on radio in Just Plain Bill and Wendy Warren, you gals will recognize the names. You can find out far enough in advance next time he's on TV I'll let you know and we can all sit by the sets and cheer him on.

When I deliver this column to the Herald office I generally drag the small fry, not that I can't bear to part with them but there is nowhere to leave them. Now I couldn't leave them if I tried. They've discovered that the Jee Rite shop next to the Herald sells "squeezee's." These deals are paper cups of sherbert and they are only a nickel so I encourage the little dears. I buy 'em and store them (not the children) in the freezer and hand them out when the ice cream man rings his little bell. Works like a charm and saves nickels. Just one caution, I am not responsible if you walk into the wrong store and say to a perfect stranger "squeezee"? Itty bitty 'oo may wind up in the pokey so watch your directions and your diction.

Claire Goldberg was bemoaning the heat, which accomplished nothing but made us feel like kindred spirits misunderstood by the masses. She had spent the weekend in Connecticut, without the young'uns. She and her husband went swimming and boating and stuff she says, but oh girl, to be able to do it without the little dears, bless 'em is worthy of note.

I shall now hunt up my trusty 30-30, and with a little persuasion get daddy to take us all to the beach. See you next week and if you have a scheme for beating the summer doldrums call me.

**The SENTINEL
DEATH OF A HAMLET—ISLAND TREES****Island Trees—1946**

Before 1946 the area south of the old Motor Parkway to approximately the line of the Southern State Parkway, and extending east and west between Farmingdale and East Meadow, was known as ISLAND TREES. The older name is said to have been "Isle of Trees", after a cluster of trees out in the open Great Plains of Long Island which extended from Hempstead and Garden City out to the start of the pine belt past Farmingdale.

Levitt Homes—1947

About 1946 Abraham Levitt had announced intention of building some 700 homes in the place known as Island Trees. Construction got underway some years later, and the first families moved into the first Levitt houses in the early fall of 1947. On Dec. 1, 1947 the 1000th family was ceremoniously presented with the key to their house by Ira G. Goldman, Vice President of Levitt and Sons.

The TRIBUNE and the EAGLE—1947

The Island Trees Eagle was first published in November 1947. The natal day of the Island Trees Tribune was in December of that year. It is interesting to note that the Eagle is still published by the "Island Trees Publishing Co. Inc."

Levitts Indicate Willingness to Change Name

That was the headline in the Island Trees Tribune of Dec. 31, 1947. The Levitts were really ringing in the New Year. The name proposed was "Levittown".

Protests and Confusion Rage Over Name Change

The leading article in the Tribune on Jan. 8, 1948 discussed the proposed name change. It said in part: "The arguments pro and con on the matter seem decided on but one point, that the changing of the name of the one hundred years old section of Long Island should be brought about only after a plebiscite of the people involved, conducted in a democratic manner." No plebiscite was ever held.

Levittown Tribune—February 26, 1948

On this date Robert E. Abrams' announced editorially the change of the name from Island Trees Tribune to Levittown Tribune. He said, "We are not a little sorry that the name Island Trees is passing from our community, as it passes from this newspaper. There was a certain charm, a bit of romance about the name that made us all feel a little better when it rolled off our tongues. . . And at last we must acknowledge the builder's right to name his property." By March, both papers had Levittown on their mastheads.

LAWS AND ORDER:**Know Your Committeeman**

The primaries coming up next Tuesday, Aug. 19, are ostensibly for choice of candidates of the various parties for the positions in administration and legislation to be voted on in the November election, such as County Executive, County Clerk, State Assemblyman, State Senator, Congressman, etc. Actually there will be no contest within the two major parties for our area as only one name will appear on the ballot for each position, unless there is a write-in campaign for some dark horse. There is a write-in for Congressman by a Democrat in the new third-district, which is in the Town of Hempstead.

Only enrolled members of the parties, enrolled at the last election, will be allowed to vote, and only for the candidates of their party. On August 19.

Political action at the local level is through the election district party committeemen. These Republican and Democrat committeemen, for the Levitt-house area in Hicksville, according to election districts listed from east to west, are:

	Republican	Democrat	Voting Place
District 47	Louis Kopstatter 42 Grand Avenue Nelson Baldwin Fifth Street	Harold Manaskie 13 North Drive James A. Munves 2 Cloister Lane	Hicksville High School

"**Thank You!**"
100,000 times

We have just completed the conversion of the gas equipment and appliances of nearly 100,000 of our customers to the use of natural gas. To each of them we extend a sincere, individual "Thank You!"

The excellent cooperation of these customers, together with their patience and understanding contributed greatly to our success in concluding the changeover on schedule, with a minimum of inconvenience to all.

Our sincere appreciation also goes to our employees in all departments who, in keeping with the best tradition of our industry, worked long hours, often the entire night through; sacrificed vacations and maintained constant vigilance to see that the job was handled safely and efficiently.

Every day more and more of our customers are telling us how satisfactory they are finding natural gas to be. However, just in case any of our new natural gas customers feel further adjustments of their equipment may be necessary, we are keeping the conversion contractor's men on the job to handle such work. In such cases, if customers will call our local business office nearest to them, the work will be scheduled for prompt attention.

On behalf of our Company and its employees, we again thank you for your assistance which was so helpful to us.

RANCH HOUSE BLUES:

Painting Iron, Copper, Aluminum

Opposite Hicksville Railroad Station is a taxi stand boasting a large metal sign. The sign, which has been up for less than a year, was painted on galvanized iron. I say was, because a great deal of the paint is off, in strips.

Paint does not adhere easily to galvanized (zinc-coated) surfaces, nor to surfaces of copper or alumi-

nium-chromate in a resinous vehicle, the ingredients being mixed just before application. This may sound horribly technical, but the material cannot otherwise be identified without using trade names. If you have difficulty getting it, write this column and we will suggest possible sources.

Before application of the wash-coat, surfaces should be well washed with a solution of trisodiumphosphate, available in most hardware stores. That should be done before you apply any paint to a dirty or greasy surface. The wash-coat primer will be dry in less than 30 minutes, after which you should proceed directly with the next coat. On galvanized surfaces a good coat of red lead is suggested; on aluminum, zinc-chromate primer should be used; on copper you can follow the wash-coat directly with a first coat of outside house paint. Subsequent coats can be any good grade of phosphoric acid, alcohol, and outside house paint.

The SENTINEL

(Continued from Page 11)

Abrams, Editor, announced, "With this issue the Tribune passes into the hands of the Levittown Publishing Corporation, a subsidiary of Levitt and Sons. . . . There will be no hypocrisy about ownership and objective of this newspaper. Its control will rest in the hands of those who have built Levittown."

The preceding week the EAGLE had said editorially, "Bill Levitt recently asked the publisher of this newspaper to merge the Eagle with his proposed house organ, the editorial policy of which would emanate from his office. He told us what would happen to us if we refused to come along, if we continued to criticize him editorially. We decided to stay a free newspaper. Last week Bill Levitt sent a letter to all our advertisers announcing the publication of his 'non-profit' newspaper at advertising rates exactly half that of the Eagle. That is his privilege, but his purpose is clear. We are prepared to meet the challenge, confident of the results."

"Undesirable Occupants" and Leases—July 1948

The Eagle, on July 8, 1948 said, "the firms of Levitt and Sons, through its house organ, the Levittown Tribune, served notice last week that about a half a dozen 'undesirable occupants' would not be allowed to buy or renew leases on their homes. . . . The statement caused considerable speculation among residents, who wondered whether the tenants molesting the welfare of Levittown were those who had been outspoken in favoring 'Island Trees' as the name of the community, or those who spit on the sidewalks etc. However, the Levitt organ left all details unanswered."

Island Trees 'Dies'—August 26, 1948

On August 26, 1948 the Island Trees Community Assoc. voted to change the name of the organization to the Levittown Community Assoc. A petition had previously been submitted requesting the change. Benedict Kruse in the Eagle of Aug. 19, 1948 had this to say about the petition and the meeting at which it was submitted, "We learned last week that three of the people who signed the petition were employees of Levitt and Sons or their wives. . . . Why was care taken to make sure that no mention of the meeting appeared in any of the local newspapers? How is it that, with no advance notice, about 30 people, including some Levitt employees, arrived at the meeting with proxies? . . ."

Less than 150 people voted on the question when the name was changed. Nothing further was heard from the Association.—Island Trees as a hamlet was gone and Levittown had taken its place.

The old name remained in the Island Trees School District. Incidentally, an older name still remains officially for another school district within the bounds once known as Island Trees; District 5 is officially the Jerusalem School District, and not the Levittown District, as it is usually called.

Super-Super-Levittown?

The SENTINEL has presented the factual chronological story of the "death of Island Trees," with little comment, direct from the files of the newspapers of the period. Things have changed somewhat since 1948,—there is little difference now between the editorial policies of the two "Levittown" papers.

But the pattern of implantation of the name Levittown has not changed, to supplant whether opposed or unopposed, the local traditional name of the community. To what end? The SENTINEL can see no other than the perpetuation of the name of the builder. Is that of such importance to the people of this neighborhood that it should remain a paramount issue and cause of dimension? We have too many interests in common in the Community of Hicksville and the Town of Oyster Bay, separate from those of Levittown, to yield much more time to internal strife. Let us close ranks and start working together to solve our real problems.

As Szendy Sees It:

Opinion on Levitt-House Matters
By a Levitt-Home Owner

A Way Of Life

Hoot Mon, our brash young Scottie pup, has just been over giving me the devil because I sat down at my typewriter instead of going out on the terrace with him. He ended up by making a few scurrilous remarks to Lord Laci Plushbottom, our older and more sedate English cocker, who lies at my feet. Laci glowered from under bushy black eyebrows but, except for a few mutterings under his breath, kept his peace.

Hoot Mon is a relative newcomer to the menage. He was first prize on a TV program on which we had hoped for second. We did not need another dog, but we could have used a bicycle for Rosa. So we won Hoot Mon, and we couldn't refuse a gift from the gods. Especially when he arrived in a propped-open padded briefcase after a trip to Gimbel's Pet Shop from Peru. Indiana, and promptly came down with distemper. He was such a pitiful bundle of fur, and so appealing with his disproportionately short hind legs and old-mannish big head when he eventually balanced himself unsteadily on his feet.

The newcomer is now cock-o'-the-walk. He tolerates Laci. The old-timer is a little in his way, but he has no spring, no bounce. Okay, Okay, he's still a pretty lively dog, but does he have the alertness of youth? Youth must be served, and it darned well better be. He's a has been an old fuddy-duddy living in the past in a dynamic world. Why the devil does he think he owns the place just because he was here first? He'll bear watching too, obviously he accepts me only because he has no choice, there must be

as much waste motion as possible."

"Aren't we getting a little off the subject?" inquired John. "There are other types of school districts aren't there?"

"Two others should be discussed—consolidated and central. When two or more districts merge we have a consolidated district usually taking the form of the union free."

"That word central seems familiar to me. Aren't there a great many Central schools in the state?"

"True there are. At last count there were 412 central districts in the state. Kings Park is the only one on Long Island while the rest are upstate, many in rural areas where several or as many as 40 individual districts have united to become one central school district. There are, though, three central high school districts on Long Island—Mepham, Seawanhaka and Valley Stream. In these three only high school education is centralized, but in a central district all education kindergarten through high school is centralized."

antagonism, and I'll get the dirty end of some deal if I don't protect my interests aggressively."

We know that Hoot Mon will eventually grow up and share peacefully. That another dog-year will give him balance, a realization that he got a pretty good break from Laci who let him have more than his fair share of privileges, and never hurt him in spite of the insults he heaped upon him. But in the meantime life is hectic the extremely vocal Hoot Mon, perpetually on the defensive-offensive, raises the roof with his barks whenever he believes he is being thwarted in some right he thinks he has acquired, and insists that there be no ifs and buts about it, he has a way of life which must be served.

Ability to adjust and become part of a new existence is a mark of maturity. Youth is by nature rebellious, unwilling to accept a static pattern, insistent upon progress and change as youth sees the need. And that is as it should be, and has been through the ages. Revitalization, an infusion of new blood, a fresh viewpoint, helps, seldom hinders, any program, any community. Trouble arises only when there is no proper fusion of the interests of all ages within the community, and especially when the natural rebelliousness of youth is channeled by self-seeking individuals to serve selfish interests.

Promotion of a bigger super-Levittown at the expense of the old-timers, be they in Island Trees or in Hicksville, is a natural for those who wish to profit from youth's perennial willingness to tilt against the established order. To obstruct fusion and create dissension is then the first order of business. Early efforts to convince parents in this neighborhood that there would be no schooling for their children, and the malodorous handling of the Run-on-Fox-Lane

Illustration, were factors which created dissension and obstructed fusion.

Later efforts followed a recognizable pattern, often utilized in the past two decades, of dividing by creating a feeling of separateness, of being different; achieved in part by preaching superiority in possessions, in a way of life.

And of course, there had to be a fictitious cause to fight for possession of two swimming pools.

The balloonized myth of being different, much promoted by one Levittown paper, the EAGLE, was punctured recently for all time by, of all persons, its own editor. It is true that the shoe was on the other foot when he wrote his piece; people in Levitt houses had been accused of ACTUALLY being different, in a not too complimentary fashion. Ira Cahn wrote in their defense: "Have people, by virtue of their residence in Levittown, suddenly assumed psychotic personalities? Can you tell a Levittowner by the way he talks, or by his dress? Are issues to be decided, not by their merits, but where a person lives?

The answer, thank God, is NO.

Hurt Enroute To Demonstration

By Dorothy Guelpa
Hicksville 3-1218W

Mrs. Helen Bucceri of 7 Center Court, Bethpage, was hostess at a Stanley Hostess party Wednesday night at her home. Everyone had a wonderful time except for an unfortunate accident to one of the demonstrators. James Guidice of 57 Alpine Ln., Hicksville, was en route to the Bucceri home when he collided with a car at the corner of Beverly Rd. and Stewart Ave. Luckily no one was seriously injured. Three small children in the other car who were sleeping were shaken and frightened.

Guests at the party were: Mrs. Ruth Armstrong, Mrs. Pauline Taverna, Mrs. Cynthia Steele, Mrs. Evelyn Zach, Mrs. Dorothy Guelpa and Mrs. Loretta Bucceri.

Beverly Marrs and Pat Gerhard have passed their Junior Life Saving Tests and are eligible in the fall for the Girl Scout Swimming and Junior Life Saving Badge.

A meeting of the Advisory Council of Cub Scouts Pack 118 was

held at the home of Mr. and Mrs. Mais on Aug. 5. Theme for the coming month were outlined and "Mail Goes Through" was announced as the September theme.

The Cub Scouts will take a trip to Harness Training Center, Roslyn, on Aug. 30. They will leave from the Broadway School at 9 A.M. and each Cub Scout must bring his own lunch.

I hear the police have located one of the missing bicycles in a cellar here in town. The bike was dismantled.

Railroad Avenue has finally gone "One Way." However, no one seems to know or care. The sign at the Broadway corner isn't visible until you round the corner as it's too late. Have you ever tried to back out into Broadway during the train rush?

Broadway Bake Shop is undergoing alterations and has been closed for a week.

There are four very disappointed Boy Scouts here in Bethpage. Donald Wilson, Ed Henn, Carl Ehning and Henry Rockhill were all ready to go to Philmont Ranch out west for a month when two cases of polio were reported at the ranch. Dr. Earl Brown, County commissioner of Health requested that all boys from Nassau County stay home.

Mr. and Mrs. Myron Walker of Cambridge Ave., are the parents of a daughter born on Aug. 3 at Meadowbrook Hospital. Her name is June Dorothy and she weighs 8 pounds and one ounce. Her daddy drives the delivery truck for the Triple A Market.

BITTEN ON FACE
BETHPAGE — Patricia Danbe, 3, of 59 Herman Ave., was bitten on the lip by a dog owned by Beverly Codish of 68 Windhorst Ave., while she was playing with the dog on Aug. 6, police reported.

DON'T LET THE MOTHS GET IT!!

A cedar lined closet as nearly dustproof as possible — that's the thing to build to keep those moths from chewin' holes in Pop's old chinches or Mom's alley rabbit. It's good too, for storing the kids out of season clothes, woolen blankets, comforters and stuff. Aromatic cedar is one of the best woods for lining a closet, although bear in mind, it has some deterrent effects on moths, it is not in itself complete assurance of safety.

If you have a deep storage closet available, it's more economical to line than to build a completely new one. So—let's start sippin' hooks. Toe nail on 1x2 furring strips over the studs, measure the entire interior — including walls, ceiling and floors. Yes Sir, even the closet side of the door. Order the tongue and groove type so those darn moths don't get into the old red flannels. . . Put the ceiling up first, then the walls. Fit them snugly to the ceiling and floor. Finish the floor the same way. When you start to finish the door, take it off and lay it down on the floor where you can go to work on it comfortably. Don't forget to put the door back, now.

We have several excellent closet plan layouts. If you will stop in one day, we'll gladly help you with them.

New Hook And Ladder Proposal Before Fire District Voters Sept 2

BETHPAGE — A proposal to purchase a \$32,000 hook and ladder truck will be presented to taxpayers for a vote at the annual Fire District budget meeting here on Tuesday, Sept. 2, in the firehouse from 7 to 10 p.m.

Commissioner Edmund Thorne taxpayer would not be high and said recently that the new hook and ladder considered would have a decrease in the rate of fire insurance a 50-foot aerial ladder with nozzle should the board of Fire Underwriters inspectors deem an increase men to operate the vehicle instead necessary. Commissioner Thorne pointed out that all the equipment in the Bethpage Fire Department is in good condition with the alarming exception of the hook and ladder truck which is over 25 years old and has a maximum speed of 35 m.p.h.

He told them that the cost to the

The Sportlight

By HOWARD FINNEGAN

Manager Bernie McGunnigle has repeated his intention of retiring as leader of Botto Bros. softball team after the present campaign so often now that people are beginning to believe he is serious.

We frankly feel that the MGR will be back at the helm next spring but if he does bow out it will be of his own choice and will not come about because of any fire leveled at him for the failures of this season.

In the event he should quit we doubt that there would be much of a race for the post. First choice would almost surely be Jerry Kiesel and if he wanted the task he would be able to get it in a walk.

Outstanding figures in his support would be Ed Coleman and Bill Bordiuk and that block of votes could hand anyone the job.

However, it is all conjecture about what would happen if McGunnigle decides to step down.

Be sure of one thing. There will be no coup to unseat McGunnigle. Despite the fortunes of the past two months he still holds the reigns tight enough to dictate his presence on or off the scene.

With the word around that the plans for the new high school to be constructed some day in Hicksville are almost completed most sports fans in the area would be decidedly interested in seeing the size of the proposed gym.

To be honest most people fear that this community which brought up four generations in a bandbox might continue to disregard progress and settle for another limited arena.

The summer playground continues to be utilized to capacity and after six weeks the attendance has held up surprisingly well, authorities state. The total registration for the playground is 1436 and, as usual, this breaks the previous record set for the local summer playgrounds.

5 In Contention In Softball Race

HICKSVILLE—Pine Lodge of Bethpage held off S&L, 6-5, and outscored the Post Office, 15-11, to take a slim lead in the up-and-down race for the regular season champion-ship of the Community Softball League.

At the completion of the loop's sixth round the Lodge barely was ahead of the PBC, Oyster Bay and the Rockets. The Post Office was still in contention.

Botto Holding On At Rockville

ROCKVILLE CENTRE — The holding action of Botto Bros. to save their last honors in this softball league was successful again Monday night.

With Teddy Smith and Bill Bordiuk both on the injured list, Chris Berger of Levittown has taken over the mound chores of the Black and is keeping Botto in the second half race.

In Monday's contest Botto defeated Fred Beers, 8-2, and last week turned back Boulevard 12-1. This coming Monday a replay of

the first half 2-2 with the Hempstead Sports Center is on tap and if the Black triumph over the Center, comprised mostly of ex-Gramman players, it will gain a tie for the first half flag with Boulevard.

That would force a September playoff and Smith or Bordiuk may be in shape at that time.

In the meantime Berger is keeping the club in the second half race. Botto's record is now 4-1 and Carols Jewelers lead with 3-0.

NORTH EAST REPORT:

Great Sport Riding The Surf

By Lee Chanin Hicksville 3-0853R

I've been discovering some wonderful thrills lately. The past few weeks my husband, the children and I have gone off in our little motor boat for fishing and fun. But the last two times, while the children enjoyed the beach and surf, Arthur and I discovered the thrills of water skiing and riding the surf board. It seems so difficult the first time I tried but with the successive attempts I got the thrill of my life. I was skimming along the surface of the water at top speed with the wind and spray whipping at me and loving every moment of it. Arthur has already become quite expert at both while I still have to work to improve my

skiing.

Mrs. Julia Strussler of 27 Libby Ave. is entertaining her niece who is visiting from the city.

Mr. and Mrs. Collins of Libby Ave. are spending a five-day vacation in Canada.

Mrs. Schachter of Libby Ave. fractured her wrist last week and will have it in a cast for the next few weeks.

I have a summer collapsible baby carriage which I no longer need. It is in fair condition so if you know some family that could make use of it, I will be glad to pass it along without cost.

IN A FRIENDLY SPIRIT

By NAT FERRARO
DOWN TO EARTH!

The day was hot, as I could see, but, still that didn't bother me. I left my house, with head held high and stopped to greet each passer-by. Yes, everything was going fine until

til a FORMER friend of mine called out as was his habit to, "Say, is it

hot enough for you?"

Let's try to forget about the weather and face some real "down to earth" facts.

Your car will give you smoother performance and greater mileage if you invest in preventive maintenance. With this type of regular car care,

you will not only drive a safer car but you will also eliminate the high cost of major repair bills.

Make it a habit to visit Your Friendly Texaco Dealer,

the Broadway Service Station,

next to Post Office, Broadway

and James Street, Tel. HI 3-2324.
