**Jericho VFW Honors  
Custodian Of Park Flag**

JERICHO—A VFW plaque and citation has been presented to Damsion Rosson by the Jericho VFW Post in recognition of his service in raising the colors at Underhill Park during World War II. Commander Robert Brumby and past commanders Harry Stewart and James Hill of the Jericho VFW Post made the presentation on Aug. 3.

The citation reads: "This citation was presented to Mr. Damsion Rosson for his sterling showing of Americanism during World War II by raising and lowering the flag of the United States of America in Ens. Samuel Underhill Memorial Park Jericho, N. Y., during World War II." Rosson is employed by Herman Whiton of Jericho.

**Amnesia Gas Burns Plant Worker**

HICKSVILLE—Owan McKane, 26, of 810 Prospect Pl., Brooklyn, sustained first-degree burns when he was splashed with ammonia gas at the Amprex Electronic Co. plant on Duffy Ave., Monday. He was taken to Meadowbrook Hospital and treated for burns on the face, arms and neck. He is employed as a maintenance man at Amprex.

**Ban Thru Trucking In NE Area**

OYSTER BAY—Through trucking on Garden St., East End Ave., Linden Ave., King St., Queen St. and Honved St., Hicksville, is now prohibited, it was announced this week by the Oyster Bay Town Board, as the Hicksville parking ordinance was expanded following a public hearing.

**RR Passenger Hurt At Station**

HICKSVILLE—Josephine Boccia, 18, of 64-19 213 St., Bay-side, was hurt by shattering glass from a window on the LIRR train while the train was stopped at the Hicksville depot one day this week. The window was broken by a stone which was tossed by an unknown person, police said. The passenger suffered lacerations of the right shoulder.

**School Taxes Higher To South**

Taxpayers of East Meadow and Island Trees School Districts, Town of Hempstead, will pay more for education in 1953 than Hicksville District, it was found this week. The new Hicksville tax rate is \$2.61 per \$100 of assessed valuation while the rates for both East Meadow (3) and Island Trees (26) will be \$2.75 per \$100. On a house valued at \$4,000, the Hicksville tax bill is \$104.40 while the two adjoining districts, on the same valuation, will pay \$110.00. The rate for Levittown (Jerusalem District 5) had not been announced but was expected to be somewhat higher.

**Invite Local Modeller To Detroit**

DETROIT, MICH.—Harry Faust of 29 Pierce St., Hicksville, is one of 500 top model plane flyers from the U. S. and Canada from among 25,000 entrants who have been invited to participate in the Olympic Games of Model Aviation here on Aug. 20 to 25. However, Faust told the HERALD on Monday he would not be able to make the trip to Detroit.

**Kick Off GOP Appeal Sept. 6**

OYSTER BAY—A baseball game between the Hicksville and Oyster Bay Republican Clubs will be one of the entertainment highlights of a barbecue at Schiff's Polo Field, here, on Saturday, Sept. 6. The affair will mark the kick-off of the Republican election campaign in the township. There will be barbequed beef, corn, clams and other refreshments with games and special events for young and old, according to the sponsors.

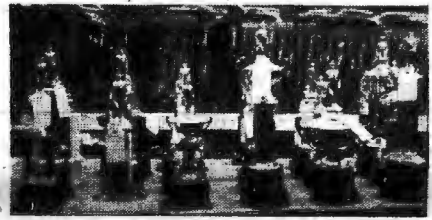

**'BIGGEST IN STATE'**

**60 Fire Depts., 50 Bands  
Coming For Labor Day**

HICKSVILLE—About 60 fire departments and companies from Nassau and Suffolk Counties will take part in the 24th annual Labor Day Parade and Tournament here sponsored by the Hicksville Fire Dept. on Monday, Sept. 1. A gala block party for the community will be held by the vamps on Saturday night, Aug. 30, in the parking field opposite the firehouse on E. Marie St.

The annual tournament, the largest held in the State, will attract more than 5,000 volunteer firemen and ladies auxiliary members and about 200 pieces of modern fire apparatus. There will be about 50 bands of musicians in the morning parade which starts with the sounding of the fire signal (2 blasts) at 9 o'clock, according to Ex-Chief Sam Weiss, chairman.

A slight change in the parade route was announced by the committee in charge this week. Instead of going east on old Country Rd. from Jerusalem Ave. to the corner of Broadway, and then north, the parade will take a short cut from Old Country Rd. east on Carl St. to Broadway and then march north. This change was made at the request

SIXTY TROPHIES like these will be awarded to the fastest teams of volunteer firemen competing here on Labor Day. (Mallett photo.)

of the county police dept. to relieve congestion at B'way and Old Country Rd. corner.

The parade will continue on Broadway, west on John St. and terminate at the racing course on Burns Ave. where grandstands have been erected. The competitions for 60 trophies start at 1 o'clock sharp.

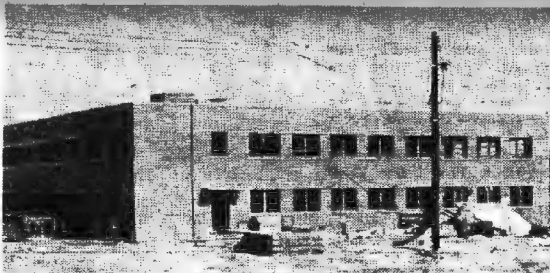

WOODLAND AVE. elementary school for Hicksville, as pictured by Architects Knappe and Johnston. Voters have given approval to the construction of this 20-room school

under a \$1,000,000 bond issue. It will be located in the fast-growing northeast section of the school district near Woodbury and South Oyster Bay Roads.

**Classes Resume In Two Weeks;  
St. Ignatius Opens On Sept. 8**

St. Ignatius Parochial School, Hicksville, will open on Monday, Sept. 8, it was announced this week by Mother M. Adelaide, OP., principal. Public schools of the Mid-Island area and the Trinity Lutheran Parochial School, Hicksville, will open on Wednesday, Sept. 3. (For complete Back to School news, including bus stops and new teachers, see pages 9 thru 18 of this issue.)

ELECTRIC SERVICE building, one of several now nearing completion at the Long Island Lighting Co. electric operation headquarters being established on a 60-acre tract on the south side of Old Country Rd., Hicksville, as a five million dollar project.

**Vet Agency Reopens Next Month**

HICKSVILLE—The Veterans Service Agency located in the Courthouse on Heits Pl. will be closed for the summer vacation until Sept. 1, it was announced this week by Joseph McCarthy, assistant deputy director.

During the vacation period,

veterans, servicemen and dependents may obtain assistance in veterans' affairs by calling Garden City 3-3000 or Glen Cove 4-4401.

The Hicksville agency will be open after Sept. 1 to assist veterans and to register applicants for Selective Service on Monday, Wednesday and Friday from 9 A.M. to 4:30 P.M.

**LIONS CLUB PICNIC**

PLAINVIEW—The Hicksville Lions will hold a family picnic this Sunday afternoon, Aug. 24, at the Washington Ave. field starting at 1 o'clock. Medard Ofenloch is chairman.

**MRS. KAULE IN EUROPE**

Mrs. Frida Kaule of 26 Sterling Pl., Hicksville, is visiting relatives in Hanover, Germany. She sailed on the Italia on Aug. 8 and plans to stay for about 8 weeks.

**With Sympathy**

A touching gesture came from a HERALD reader this week in the form of a florist bouquet of long stemmed white gladioli and a sympathy card which read "With deepest sympathy and respect for the bereaved. Let the dead rest in peace". It was signed by Mrs. Gertrude Ridgon of Arrow Lane. Accompanying the card and flowers was a clipping of the Sentinel column from the Aug. 14 issue of the HERALD entitled, "Death of a Hamlet—Island Trees". The column had reviewed the steps in the change of identity for that area from Island Trees to Levittown, by check of the builder with the cooperation of the newspapers in that section of Hempstead township.

**Dear Jean:**

A final meeting of the Hicksville Labor Day firemen's tournament committee is set for next Monday night, Aug. 25, and it is hoped a large number of the firemen will turn out to finish up the facilities for the contests. . . . We hear Burns Ave., Hicksville, is scheduled for widening—but not until after the tournament. Sidewalk and curb at Burns Ave school is being set at new property line. . . . A great to-do about little is the excitement by Bethpage groups regarding a slight postal district line change which had been proposed at South Oyster Bay E., and Stewart Ave. Change would have squared off a corner of district. Now, about half Eileen Gardens home area will get mail thru Hicksville and rest from Bethpage, since the original order has been rescinded. We wonder why Bethpage groups did not get excited about the inroads by Levittown? . . . When one of the service clubs met in Hicksville Inn recently there was a great deal of momentary excitement, we hear, when a fire cracker was set off. Police came dashing across the street from the police both when they heard what must have sounded like a gun-shot. Club bulletin reports that the visitors from Manhasset club were greeted with a big "bang" . . . The former LA ROSE BEAUTY SHOP at 65 North Broadway, Hicksville, opens next Thursday, Aug. 28, as the Cosmopolitan Beauty Salon under the management of FLORENCE LORENTZ and MARGIE BENNER. . . . Hicksville Lions, Rotary and Kiwanis may organize a service club bowling league to roll at the new 5 Belles Allies in Westbury, starting next month. . . .

GUS REINHARDT well-known builder and architect, was host to fellow Hicksville Rotarians on Aug. 16 at the VFW clubhouse in Hicksville for a clam bake. He is also known as the "Arthur Godfrey of Hicksville" to his more intimate friends and entertained and catered to over 40 members and friends of the club. The evening was a huge success and his friends and fellow Rotarians say thanks to one swell guy. We want to know, when is the next one GUS? . . . There is some talk of organizing a Hicksville Fire Dept band. . . . A ladies' and teenagers' apparel shop is scheduled for the corner store in the Huettner building, we hear. . . .

ERNEST DIETERICH, hard-working course chairman for the Labor Day tournament, has been appointed assistant general chairman by SAM WEISS. . . . Oyster Bay village is planning a tricentennial celebration in 1953. Huntington has a 300th birthday this year. . . . Fifteen acres on Plainview Rd., and Pine St., Hicksville, have been bought by three men for a 55-house development of moderately priced homes. . . . The former SHIFFMACHER farm of 30 acres along South Oyster Bay Rd., has been sold to MUSS and SCHOENFIELD who are developing other tracts in the area. . . . And MORTON BROS. has bought another 75 acres in Plainview for their development of 2,000 houses priced at \$9,999 to \$1,999. . . . We hear that one of the school districts bordering Hicksville are having about as much success as Hicksville had in trying to get developers to set aside and freely turn over land for school sites, Hicksville had none, and taxpayers had to pay for land. LEVITT designated for use by school district. . . . Hicksville Postmaster WM. G. MOLLITOR wants to remind all that applications for military ballots for the Nov. 4 elections must be made to Nassau Election Board, Mineola, not later than Oct. 23. . . . A survey of license plates at Jones Beach Marine Stadium parking lot shows 50.1 per cent of cars are from greater NYC with only 26.3 per cent from Nassau and rest from Jersey, Westchester and Connecticut. The show, which is excellent, closes in two weeks. . . .

You may not find anyone at the HERALD office later this afternoon (Thursday). Staff members and correspondents will join Nassau County Press Assoc. members in attending a hot dog and hamburger roast. . . .

## Final Story Hour Set For Tuesday

HICKSVILLE—The final story hour for the summer at the Public Library will be held Tuesday, Aug. 26, from 3 to 4 P.M., it was announced this week by Mrs. Rebecca Dodge, children's librarian. Clown Cards will be presented to the children who have been attending the story hours and a pleasant surprise is planned for all who attend.

A party to mark the end of the summer activities will be held at the Library on Jerusalem Ave. on Saturday, Sept. 6.

"The Frog Prince" will be presented by the Summer Dramatic Club during the party under the direction of Mrs. Hester Esser of the library staff.

Only boys and girls who have participated in this summer's reading club, painting classes and dramatic club will attend the party. In case of rain the party will be held the following Saturday.

## John St. Open After 11 Weeks

HICKSVILLE—With paving and curbing completed, traffic returned to normal on West John St. this week after an interval of 11 weeks. A section of the county highway washed out, leaving a tremendous cavity, on the night of June 1. Most of the roadbed was carried away by the heavy rains into the adjoining Searingtown sand pit.

For several weeks traffic on the road was halted entirely as new drainage mains were installed. In recent weeks the road has been passable while under construction.

## PASTOR ON VACATION

The Rev. Edward Stammel, pastor of the Trinity Lutheran Church of Hicksville, and his family are vacationing in Maine. They expect to return on Aug. 28.

During his absence, the Rev. Ernest Scherer of St. John's Lutheran Church, Williston Park, is officiating at official acts at the Hicksville Church.

## Renew Bicycle Safety Campaign

HICKSVILLE—The bicycle safety program which was actively sponsored by the East St. Parent Teachers Assoc. and St. Ignatius Parochial School last fall will be continued and enlarged during the coming school year. The

new schools which will be opened during the next semester will be within riding distance for many of the pupils and bike traffic is expected to increase, and so will the hazards, officials believe.

Other schools in the district have expressed an interest in the program but their participation has been curtailed for lack of workers who could devote the necessary time to the project.

The program at East St., under the direction of Gordon L. Bowen Centre St. was well under way at the end of the school year. On the registration days, May 17 and June 28, a total of 275 bikes were inspected. Ninety-five bikes were marked with Scotchlite at a nomi-

al fee. A check list of bike safety features was supplied to the parents of each child participating so that defects could be corrected. Children from as far as Bethpage came to East St. for the inspection. In the coming year the program will be enlarged and with the cooperation of the parents in the area each school could have an active bicycle safety program, the sponsor explained.

## JERICHO WOMAN DIES

MINEOLA—Mrs. Caroline Van Rensselaer of Jericho died on Aug. 14 at the age of 82 in Nassau Hospital, here. She was admitted to the hospital suffering a fractured hip.

MISS BARBARA JACK of 25 Restful Ln., Levittown, goes to Syracuse University this fall for her freshman year with the assistance of the Hicksville Kiwanis Club. Miss Jack was awarded the \$250 Kiwanis Club scholarship in June.

Miss Jack writes to the Kiwanis Club: "I've said thanks several times, but let me say it just once again—for the \$250 Kiwanis Club scholarship, which will help me so much in my freshman year at Syracuse University. My sincerest hope is that I shall fully merit the confidence your organization has imposed in me.

"As you know, I am a Levittown girl and there were several most worthy applicants from Hicksville. That you selected me—an outsider, so to speak—makes the honor one to be doubly appreciated. Such acts of generosity and impartiality will serve to bring our communities closer together, and, I think, make the world a little bit better place in which to live.

"At the end of my first year, with your permission I'll write still another 'thank you' note, letting you know how I made out. Meanwhile, good luck, good health and good fortune to the members of a wonderful organization."

Roy Eisemann of 211 St., Hicksville, will leave for Bucknell University, Lewisburg, Pa., around Sept. 15 for his junior year.

## NORTH WEST NOTES:

# Super Market Opens Today

By JAMES CUMMINGS  
Residents in North West Hicksville now have their own local shopping center with the grand opening today of the Sunnymede Super Market, complete with meat, vegetable, grocery and frozen food departments. The first store was occupied by Tower Hardware, followed by the Luncheonette and now the super market. Jerry Spiegel built these stores for the convenience for the residents in his soon to be completed 500 ranch home development. A dry cleaning store will complete this neighborhood shopping unit in the near future.

All you moms are invited to bring the youngsters along today to meet their favorite cowboy, Hop-a-long Cassidy, who will be here in person to greet all. Lou D'Ambrosio invites you to attend his grand opening—free gifts to all—make it a point to stop in and get acquainted.

**TRAFFIC LIGHT NEEDED**  
Have you ever tried to get into Nevada St., off North Broadway late at night? Nevada is one of the main thoroughfares used by residents going to and from town, exiting at North Broadway. During the late hours or especially on rainy nights many people by-

pass this intersection, taking them out of their way, or causing near accidents with on-coming cars as they cross to turn in at Nevada Street. There is definite need for a traffic or stagger light at this crossing to prevent any future hazards to all car owners. It is hoped when the Civics get rolling again in September that this be one of the programs to be acted upon together with our fight for reduction of speed through the residential area. Last week signs were erected on West John at Kuhl Ave., reading "Populated Area—Slow Down—30 MPH". This sign is viable coming along West John from New Cassel. Our roads might last longer if trucks were restricted from using our streets. . . . Ever see the size of some of them that use our main streets?

**DANCING SCHOOL TO OPEN**  
Ethel's Dancing Studio at 69 Gardner Ave., will reopen with fall classes starting Sept. 8. Several youngsters attending the dancing classes performed at our Civic social in May and received great applause. An adult class will be added this fall for all us young folks over 21, to catch up on the latest fads in dancing.

**BETWEEN ISSUES**  
A scheduled lawn party at the Lowry residence 58 Myers Ave., was held in the basement due to the rains. . . . Once again Joe McNamara was on hand with his guitar providing entertainment for the folks. . . . Tony Pionski's accordion was put thru its paces by your reporter. Thanks to Tony for its use. Additional entertainment was provided throughout the evening by Dot and Bill Robinson of Jersey St. dancing to the tune of "Give me that ole sassaena". . . . We also had the pleasure of hearing Pat Boland's rendition of a tune he and a buddy wrote, "Your Living—When Your Living On L. I.". . . . Among the guests were Mr. and Mrs. George Schult, Mr. and Mrs. Bruno Regnato, Mr. and Mrs. Pat Boland, Mr. and Mrs. Bill Robinson, Mrs. Ing Cutler and her sister, Naomia; Mr. and Mrs. Joseph McNamara, Mr. and Mrs. Tafelmier, Mr. and Mrs. Fred Holtskamp, Gene Montout, Dusty Rhodes, Irwin Lowry, et. al. and the missus. . . . The McLaughlin's of 72 Myers Ave., are back from a two week vacation out to Rocky Point. . . . I agree with Steve Nyvall of Georgia St. that if drainage was installed at Gardner Ave., and Georgia St., the current would not be as swift sweeping a garbage can cover all the way around Kuhl Ave. In addition drainage at Kuhl Ave., and Georgia would prevent water from flowing over sidewalks, washing away top soil. The new curbing installed by the Highway Department is off little effect. Most of Kuhl Ave., was flooded over the curbing Saturday. Improper grading of streets has been the number one trouble-maker. . . . Must we put up with these unbearable conditions everytime it rains? Let's get some corrective action started at once!

## Ann Gallagher Becomes Bride Of Edgar Grover At St. Ignatius

Miss Ann Elizabeth Gallagher, daughter of Mr. and Mrs. Joseph J. Gallagher of 164 Ohio St., Hicksville, became the bride of Edgar O. Grover, Jr., son of Mr. and Mrs. Edgar O. Grover, Sr., of Queens Village, Saturday, Aug. 16, at St. Ignatius R.C. Church, Hicksville, at five o'clock. The Rev. Leo Goggin officiated.

The bride wore a ballerina length gown styled with a satin bodice, long sleeves and an illusion neckline. The full skirt had panels of Chantilly lace from the waist. Her fingertip veil fell from a band of Chantilly lace and seed pearls. She carried an old fashioned bouquet of white roses and stephanotis.

Miss Mildred Kelly of Rockaway Beach was the maid of honor. She wore a ballerina length gown of blue tulle and a floral headpiece in maize and blue. She carried an old fashioned bouquet of maize and blue flowers.

The bridesmaids were Miss Marion Brown of Hicksville and Miss Joan Matern, of the Bronx. They wore ballerina length gowns in maize tulle. Their headpieces and

bouquets were of maize and blue flowers.

The best man was William MacLean of Hicksville, brother-in-law of the groom. The ushers were Robert Cummings of Queens Village and Richard Gallagher, brother of the bride.

A reception for about 65 guests was held at the Gallagher home. After a honeymoon to Cape Cod, the newlyweds will reside at 164 Ohio St., Hicksville.

### BAPTIZED AT TRINITY

Leonard Walter Uustalo, son of Mr. and Mrs. Walter Uustalo of 35 Broadway, Hicksville, was baptized Sunday, Aug. 10, at the Trinity Lutheran Church, Hicksville, at 4 P.M. The Rev. Ernest Scherer officiated. The god-parents were Mr. and Mrs. Robert Bogart of Hicksville. The child's mother is the former Miss Agnes Gorney.

Mrs. William E. Bean of 68 Harrison Ave., Hicksville, suffered a fractured hip and is confined to Mercy Hospital, Rockville Centre.

Alvino Carol of 64 East Marie St., Hicksville, is ill at Meadowbrook Hospital.

Valentine L. Denninger of 91 Woodbury Rd., Hicksville, will start his second year at Steven's Institute, Hoboken, N. J., next month.

Miss Eileen McLaughlin of 22 Sunset Ave., Hicksville, will leave for her second year at New Paltz State Teachers' College around Sept. 12.

### Miss Jane Muench Receives Habit

Miss Jane Muench, daughter of Mrs. Eileen Muench of 17 Kramer St., Hicksville, was professed to the Sisters of St. Dominic at the Queen of the Rosary Chapel, Amityville, on Aug. 4. She was a member of a class of 72 postulants. Her name in religious life is Sister Eileen Mary.

The postulants wore white bridal gowns at the 6:30 A.M. Mass with the Rev. Eugene J. Crawford, spiritual director, as the celebrant.

An impressive, ancient liturgy of the reception of the Dominican habit was held at 10:30 A.M. The postulants were preceded by a cross bearer, flower girls and bridesmaids to the chapel. The young postulants renounced the world by casting aside the bridal wreaths and in a procession they left the chapel.

They returned to the chapel in the white and black habit of the Order. A crucifix, symbol of the union of suffering of the Religious with Christ crucified, and a rosary, a devotion left by St. Dominic to his followers, was presented to the new novices.

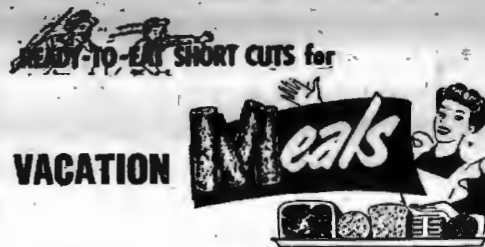

The Rev. George M. Bittermann, pastor of St. Ignatius Church, Hicksville, the Rev. Lawrence Ballweg of St. Ignatius Church and the Rev. Francis X. Binstoner of St. Margaret's Church, Middle Village, were among the friends and relatives who attended the ceremony.

The Senior Walther League of the Trinity Lutheran Church, Hicksville, will hold a square dance Friday night, Aug. 22, at the church on West Nicholas St. at 7:30 P.M. Walther Leaguers from New Hyde Park and Seaford have been invited to attend.

The Senior League will hold a picnic on Saturday, Aug. 23, at Belmont Lake State Park. They will leave from the church at 2 P.M.

MR. AND MRS. DAVID VAN TRESS are now residing in Key West, Fla., where the groom is stationed with the U. S. Navy following their marriage on June 21 at St. Stephen's Lutheran Church, Hicksville. The bride is the former Miss Doris Krumenacker, daughter of Mr. and Mrs. Charles Krumenacker of Newbridge Rd., Hicksville. The groom is the son of Mr. and Mrs. Earl Van Tress of Springfield, Ohio. # Expect Another 1000 Students; Name Faculty As Term Begins

Almost 200 teachers and supervisors are ready for the opening day of Hicksville Public Schools on Wednesday morning, Sept. 3. With enrollment of over 3,500 pupils in the system last term, almost 1,000 more boys and girls are expected to enter the Hicksville schools during the coming term, with about 3,000 in the lowest grades from Kindergarten thru 6th grade. As the term starts, the brand new 20-room Lee Ave. school will be open for classes. Shortly after

the term starts four more 10-room buildings, now nearly completed, will be ready for occupancy. Faculty members for the fall term were named by the Hicksville School Board this week, including 83 new teachers and principals. Donald F. Apt will be principal of the Lee Ave. School and the following principals will be assigned to the other new buildings: Herbert F. Cavanagh, John J. Chase, Allen E. Davis Jr. and Murray M. Duncan. Miss Nina Plants is principal of

East St. and James Walters, Nicholas St. Members of the High School Faculty are: Mabel E. Farley, Principal; C. Ray Adams, Raymond Burckley, Ruby Burt, Mildred Clark, Ruth Daly, Dolores Eklund, William Eklund, Gloria Franke, David Frost, Abraham Glass, Joan Healy, Marjorie Hoffman, Thomas Horne, Herbert Isaac, Chester Jaworski, Gladys Jenkin, Joseph Laucka, Patrick Naso, Ariva Neuman, Raymond Rusch, Norman (Continued on Page 15)

THIS NEW LEE AVE. elementary school will open for first group of students in Hicksville as the term begins on Sept. 3. It is a 20-room building and was completed in record time.

THE SCHOOLS ARE YOURS!

## Back To School They Go

### Preview Of New Lee Ave School Impresses Parent

BY CRAIG WALSH  
A visitor to the new Lee Ave. Hicksville School is immediately impressed with the attention given to the needs of the children who are to spend many hours there. The new 20-room building will receive its first pupils on Sept. 3. First of all, the building is located on the grounds so that it is away from the noise and hazards of busy streets. There is a large shelter for protection from inclement weather as the children board or alight from the school buses. It is attractive in appearance, large enough to serve its purpose well, and is one of the first of its kind to be built.

lucent glass blocks are used in the inside walls of the class rooms to permit natural daylight to illuminate the inside corridors. The temperature of each room is automatically controlled during winter months with heat provided by convactor radiators and ventilation is supplied by fresh outside air forced over the radiators which are enclosed in steel cabinets. During the summer months, of course, the windows may be opened for ventilation.

**GREEN BLACKBOARDS**  
Moveable desks and other furniture are used extensively so that the children may have the advantages of group instruction as it is needed. Green blackboards having improved visibility are used throughout. Ample bulletin board space is provided in each room. An interesting feature is the use of special adjustable brackets on the front wall of each room to support charts, maps, and similar items so that they may be easily seen by the children from all parts of the room. There are cabinets and shelving for the storage of books and toys. The use of several rows of staggered coat hooks will permit the children to hang up their heavy winter clothing in a small space without undue crowding or confusion. A built-in legal size filing cabinet and a closet are provided for the storage of class records and the personal belongings of the teachers. As always, it is interesting to note the gradual increase in size and height of the furniture and plumbing facilities from the kindergarten to the higher grades.

The administrative offices and the well-appointed medical examination room are located on the first floor near the main entrance. As is usual, rooms for the use of teachers are included. The auditorium-gymnasium is a large, imposing room and well adapted for the many uses for which it is intended. It is certainly to be hoped that it will be made available for adult and teen-age activities after school hours.

BY ROBERT E. TUTTLE  
Principal, Manno Hill School, Plainview  
My neighbor, Mr. John Q. Public and I were discussing education. "My wife has been outfitting our two girls for school," John was saying. "What goes on at the schools during the summer?" "School custodians are busy during the summer. In general everything is put in readiness for school opening in the fall. Floors, are refinished, windows washed and other general cleaning and repair work is done." "Is everything else shut down?" "SUMMER ACTIVITY  
Many districts provide summer schools for their high school students. Also summer recreation programs are becoming an accepted part of the school program. This program is usually held during mornings on the school playground."  
"Who has charge of it?" "Generally the Physical Education teacher and other interested instructors are employed for this type of program. Games, arts and crafts and instruction in sports or swimming comprise the program."  
"What about the administrators and teachers?" "The administrators and clerical staff are at work all during the summer except for brief vacation periods."  
"What do they do during that time?" "Annual statistical and financial reports must be prepared following the close of school to be sent to

Albany. Then plans must be made for the next school year. You'd be surprised, John, how much work is involved in that. Class lists must be formed, room and teachers assigned; bus schedules must be made up; children must be notified as to time of session, time of bus stop; supplies and equipment must be ready for September opening. Additional personnel must be hired if necessary."  
"And the teachers?" "Generally classroom teachers are not required to be on hand during the summer except, perhaps, for registration of new pupils for one day. Some teachers instruct in the summer program. Others are required to attend summer school or in travel."  
**10-MONTH TERM**  
"There is something that has puzzled me for some time. Why do we have a ten-month school term? I should think that if education is good for ten months it would be better for twelve."  
"Historically, John, the ten-month or even shorter school term was a direct outgrowth of days gone by when our country was primarily agricultural. The time during the summer, even late spring and early fall was used by youngsters to work on the family farm."  
"Of course, that is not true today."  
"No, but the tradition has become rather firmly fixed in our educational system. This should be noted. Due to the increase in leisure time a great many parents go away for the summer beginning

July 1st. They either go to some other section of the country or they travel. Naturally they want to take their children with them. Of course, there is a great deal of education in this for the children. Then too the children need to have all the sunshine and outdoor activities they can crowd in. The end of formal school learning doesn't mean the end of learning as such. Many times summer vacations help to fix formal lessons more firmly. Then too there are those who feel it has the opposite effect."  
"Why does anyone want to be a teacher?" asked John.  
"Just this. Teachers, as a group, are attracted to teaching because the service to be rendered to and to society, not by any chance of monetary gain. Most people would agree that teachers are not overpaid if they knew all the story such as the cost of training, cost of tuition for in-service training courses (courses required during the period of a teaching certificate so that it can be renewed for another period), travel as a substitute for required courses."  
"I always thought that was pretty nice to be a teacher. Teachers always appear to work only ten months and then have two months vacation."  
"Well, John, things are seldom what they seem and as I have pointed out that is not exactly true."  
"To get back to this other thought. Is there any trend toward a year around school?"

**USEFUL FACILITIES**  
It is apparent from a glance at the building that the available money was spent for useful physical facilities rather than for superficial decorative elements. The building is functional in design in accordance with trends of recent years throughout the country. The architects have done well with the exterior appearance and it is a school of which all Hicksville can be proud.  
There are 20 class rooms including two specially designed kindergarten rooms. Each room has its own wash basin and drinking fountain, and in addition the rooms on the first floor for the lower grades each have their own toilets. Windows of large area provide adequate lighting and summer ventilation. The window lighting is supplemented by fluorescent lamps in modern efficient fixtures which give uniform lighting throughout the room and at the same time protect the children's eyes from the direct light from the lamps. **YEAR AROUND SCHOOL**  
"Personally," I answered, "I feel that a broadened or a more adaptable program is going to become an accepted part of the educational pattern sometime in the future. Just what form it will take no one knows. At the present time, all schools, except those employing fewer than eight teachers, employ teachers on a twelve-month basis. As I pointed out above teachers are not free to do classroom teaching during the summer months because of the training requirements set up by the state. There has been any number of projected plans for operating the schools the year around. Wherever such a plan has been tried it would appear that almost insurmountable obstacles have been encountered which tend (Continued on Page 17)

drapery. A feature is a sound amplifier system with two concealed loudspeakers. The floor is level for athletic games and other gymnastic activity. Chairs for audience use are stored in a novel manner on movable racks underneath the stage. The racks are readily moved into the auditorium for loading and unloading and returned beneath the stage. Also, folding tables of ample size are stored in one of the side walls and they may be set up very quickly when they are needed. Fixtures are attached to the high ceiling for hanging gymnastic equipment, and they may also be used for hanging spot lights focused on the stage when needed for dramatic presentations.

A potentially very important and previously unpublicized feature of this new school building is the shelter area for the protection of the children during any possible air raids which might take place in the future. It is probably the first shelter of its kind to be built into a school building in this country. We hope that an occasion for its use will never arise, but it is very good insurance to have.

crete floor slabs of the first floor. There are also supplementary shelter areas on either side of the main corridor reached by openings in the concrete walls. They are well away from the exterior walls to provide a maximum of protection. Lighting is provided from several separate electrical circuits and is controlled from several different locations so that lighting would continue to be available even in the case that a considerable portion of the building might be damaged. There are two well protected entrances at either stairwell, plus a door on the outside at one end. If this area is ever subjected to air raids, this shelter will be beyond any question the safest place in Hicksville.

All in all, this school is one of which the people of Hicksville can be proud. All residents, especially parents of school age children, should visit the school and inspect at first hand the modern facilities provided for the education of our children.

Harold Rothstein of 114 Fifth Ave., Hicksville, will leave about Sept. 12 for his freshman year at Mass. Institute of Technology. A June graduate of Hicksville High School, he was awarded a \$1,400 N.Y.S. Regents Scholarship and the National Society of American Sons of the Revolution award for outstanding character and patriotic leadership.

Miss Billie Joan Ohtman of Floral Dr., Plainview, will leave for Oswego State Teachers' College on Sept. 13 for her freshman year.

Herman Diaz of Cantiague La., Hicksville, will leave on Sept. 13 for his freshman year at Dickinson College, Carlisle, Pa.

Miss Doretta Binner of 109 W. Marie St., Hicksville, leaves next month for her freshman year at Mass. Institute of Technology. She is one of eight women admitted to the freshman class at the institute. She will major in mathematics.

## Start High School At Bethpage

**BETHPAGE**—Classes for public grade school children and a freshman high school class will start Wednesday, Sept. 3, in two school buildings, it was announced this week by Victor L. Miller, supervising principal.

The new Broadway School will hold classes for the kindergarten through eighth grades and a 9th grade class for high school freshmen. High school students formerly attended classes at Farmingdale High School but Farmingdale can no longer accept additional non-resident students.

The Powell Ave. School conducts classes from kindergarten through the fifth grades. Kindergarten through third grades are on double sessions in both schools.

Registration in the school district have been registered during a census conducted here in the spring. Cards were left by the census takers where the homeowners were not in and at new unoccupied houses. Parents are requested to return the cards to the school in order that the census report may be completed, Miller said.

Miss Audrey Blyman of 108 Bay Ave., Hicksville, is on a six-week tour of Springdale, North Carolina, with 30 college freshmen from Adelphi College new teacher education program. The college teacher-students will visit NC industries, farms and factories. The visits will be supplemented by extensive studies of the area with emphasis on the cultural, economic and social backgrounds of the people. They will also inspect the TVA project. Miss Blyman is a graduate of Hicksville High School. She was awarded a \$250 scholarship to Adelphi College for four years.

## Record Year For Playground

**HICKSVILLE** — The Summer Playground, under the auspices of the Board of Education, this week closed the most successful summer playground in the history of the community. During the eight-week period, 1530 children were enrolled at the various playgrounds. This number more than doubled any previous year's enrollment.

**EAST ST. LEADS**  
East St. School Playground led the registration with 530 youngsters registering, while Dutch Lane followed with 442, High School activities had 336 and Nicholas St. numbered 223. Every playground, with the exception of Nicholas St., established a new record for attendance.

Under the sponsorship of the summer playground, a special trip was arranged for over 170 youngsters to witness the Dodger-Giant game. Four buses loaded with youngsters from four playgrounds journeyed to see the Giants defeat the Dodgers.

The youngsters had a very enjoyable day and are looking forward to next year when the School Board is planning to send the youngsters to every big game.

**First Semester For Lutherans**

FOUR SCHOOLS just like this one are now nearing completion in Hicksville School District and will be ready for occu-

pancy by pupils shortly after the start of the new fall term. Ten-room buildings of this type are being constructed at Fork Lane, Dutch Lane, Old Country Rd. and Burns Ave. Favorable weather has speeded construction of these four buildings, officials report.

HICKSVILLE—The first semester of the new parochial school of the Trinity Lutheran Church will start on Wednesday, Sept. 3 with a limited registration of 60 pupils.

Kindergarten and first grade classes only will be taught for the first semester. Miss Marie Deiventhal of Hollis will teach the morning and afternoon sessions of kindergarten and Miss Lillian Olsen, of Brooklyn will teach the full day sessions for the first grade.

The Rev. Edward Stammel, pastor of Trinity Lutheran, is supervisor of the Hicksville Branch of Nassau Christian School. Edwin Jiede of the Mineola School is the principal.

Children from Hicksville, East Meadow, Levittown and Bethpage are registered at the school. Pupils will be transported by bus from various districts.

**Class Schedules For Bethpage**

BETHPAGE—The schedule of classes for the Bethpage Public Schools which start on Sept. 3 are as follows:

- A.M. Kindergarten—8 to 11:15 A.M.
- P.M. Kindergarten—12:45 to 2:50 P.M.
- Elem. Full Day—9 A.M. to 2:50 P.M.
- Elem. A. M. Classes—8:15 to 12 noon.
- Elem. P.M. Classes—12:15 to 4 P.M.
- Freshman high school 8:30 A.M. to 3:30 P.M.

**LEAVE FOR MISSOURI**  
Miss June Redding of The Oaks Trailer Camp, Jericho Tpke., Syosset, will leave on Aug. 29 for her freshman year at University of Missouri. Her parents, Mr. and Mrs. John F. Redding, will accompany her to Missouri by car for rush week.

Miss Redding is a June graduate of Hicksville High School. She received the L. I. Chapter of American Assoc. of Teachers of Spanish certificate and Spanish encyclopaedia at commencement.

Frank Geslak of 55 Lenox Ave., Hicksville, leaves for his freshman year at Albany State Teachers' College on Sept. 12.

Miss Margaret Pelley of 105 Bay Ave., Hicksville, starts her freshman year at Adelphi College, Garden City, on Sept. 15.

Miss Marilyn Nader of 115 Fourth St., Hicksville, will leave around Sept. 13 for her freshman year at Niagara University, Niagara, N. Y.

Frank Fay of 33 West John St., Hicksville, will be home from summer classes at Albany State Teachers' College for a short Labor Day vacation. He will then return to his senior year of studies.

PROCEEDS FROM A BAZAAR staged by boys and girls from the Meadow Lane neighborhood netted \$72.00 for the benefit of the Hicksville Police Fund on Tuesday, July 28. The nine boys and girls who directed the bazaar brought a cigar box full of dollar bills and coins to the Herald office.

Pictured in the first row left to right are: Judith Huttie, Adele Rand, Roger Crepeau and Edward Harvey. In the top row left to right: Renee Crepeau, Judith Huttie, Miss Mary Haughey, HERALD associate editor who accepted the donation on behalf of the fund chairman Mrs. Louis Millevoite, Patricia Harvey, Mary Tolles and Carolyn Borley.

The bazaar was held in the backyard of the Harvey home at 68 Meadow Ln., Hicksville. Tables were arranged around a weeping willow tree where all kinds of articles were on sale. There were household articles, jewelry, comic books, cookies, fudge and a wishing well. Dugan contributed some cup cakes and Kramer Bros., provided soda pop for the occasion. Four kittens were offered at 25c apiece but as the bazaar neared closing time and cut prices did not promote their sale, they were offered for free. But the kittens are still orphans and consider the whole Meadow Lane neighborhood their home. (HERALD Photo by Mallett.)

THE BRAND-NEW Pomonok Housing Project is located in Queens. Ground was broken in 1950. The project was completed July 1 of this year.

THE POMONOK PROJECT consists of 35 modern, fire-proof buildings spread over 61 acres. There is a community center containing a library, a children's recreation building,

and 3 1/2 acres of playgrounds. A grade school will soon be erected on the site. The Pomonok Housing Project is owned and operated by the New York City Housing Authority.

## Bird's-eye view of a man-sized job

You're looking at a brand-new "city" . . . a city that two years ago was a golf course . . . a city of over six thousand people and nearly two thousand phones. Your telephone company helped build this "city"!

We spent months planning the telephone layout for Pomonok—started work on the job as soon as we could get the contractor's blueprints. More than ten miles of cable—about half of it buried underground—was required to service the 1850 phones we installed. We increased the capacity of our switchboard to handle the calls. We spent nearly a half million dollars!

But this Pomonok project is only a

drop in the bucket, compared to the total demand for increased service all over New York State.

Last year, we added enough phones for nearly 200 "cities" the size of Pomonok! Inflation hasn't made the job any easier . . . like any other business we must pay today's higher prices for materials, taxes and labor.

Jobs like this keep us busier than we've ever been in our lives. Expanding as fast as homes are expanding gives us as tough an assignment as your telephone company has ever had.

But all over New York we're hard at work expanding telephone service to meet that demand as soon as possible.

"Most school systems do it that way. However, it should be pointed out that some schools (East Norwich and Manhasset) have a different type of school calendar. The school sessions are held for eight consecutive weeks followed by one week of vacation."

## OFF SOUTH BROADWAY Weatherman Was Real Nasty

By Bunny Lauer Hicksville 3-2794J  
 Greetings all you nice people. It sure is good to be back writing again. Thank you all for your calls and offers of help. I'm sure you don't want a detailed report of all our woes but just a few facts. . . It was on a Friday and the weather report was for a beautiful week end. My other half took off the roof to be ready when our full crew would start working Saturday morning. The next morning the rain came pouring in. The ceiling in our bedroom came down with it and the ceilings in all the other rooms couldn't make up their minds, should they or shouldn't they?  
 The Louis Uibleins of 2 Murray Rd. happened by and they ran in to offer help and loaned us a large canvas tarpolin which saved the other swaying ceilings. Believe me we can't thank you enough—it really saved the house.  
 The dormer building trouble began to get straightened out the next week but we developed Helly trouble. My eldest pride and joy who was in The Bronx all during the roof raising excitement suddenly got very ill and we had to rush in and bring her home. When Dr. Sausmer examined her he said there wasn't a thing wrong, just plain home sick. (I was sure he was wrong, after all Doc only has one child and I have three). As usual he was right and my diagno-

sis was all wet (too much rain). Just to make sure that things wouldn't go too smoothly, Holly then had to get a big rusty nail in her foot and be rushed to the hospital.  
 Say Florence Vryn, did you get the price on the padded cell yet? I'll be more than happy to join you and leave this mad civilization.  
 Welcome to the new, nice couple who bought the house at 182 Lee Ave., Mr. and Mrs. Ramano from the city. We are very happy to have you with us. Their company last week was Mr. and Mrs. Harry Farrell and Mrs. M. Sutherland of New Hyde Park. Helen can sure whip up a swell cake. She made that beautiful birthday cake for little Joseph Gang's, Jr. for his party. Joe was a year old a few weeks ago and we all had a wonderful time helping him celebrate. Grandma and grandpa Kerr were there from the city. Other guests were Mrs. Oscar Lauer, Mrs. Elliot Lauer, Lila Woodley, Helen Ramano, Marie Uliano, Rose Marie Sorgo. The small fry guests were Shellie and Steve Lauer, Yola Woodley, Paul and Iva Lauer, George Uliano, Joseph Sorgio and Joyce Aleico. Margie expects her husband, Joe, home from the Navy in Sept.  
 The Ohtenshligers of Lee Ave. are home from their trip to Ohio. Judy Teubner of Lee Ave. is home after spending a week with friends in New Jersey.  
 Let me close with a thanks to Daddy, Elliot, Bernie, Whitey and Irving Rathner of Bethpage who did such a wonderful job on the dormer.  
 Norman Nichols of 17 McKinley Ave., Hicksville, will leave on Sept. 11 for Rutgers University, New Brunswick, N. J., for his freshman year.  
 Elias Stets of 11 Spruce St., Hicksville, who has been attending summer classes at Colorado School of Mining in Golden, Colo., will start his second year of studies next month. He expects to be home for the Christmas vacation.

**LAWS AND ORDER:**

**No Valid Reasons To Justify Split**

The following statement is the unedited comment of Oyster Bay Town Board on its denial of a plea to split the Hicksville Park and Parking District. A bulletin flash on the Board's decision appeared in the HERALD last week but time did not permit full publication of this preamble.

The Board considered the reasons advanced pro and con at the public hearing held at the East St. School, Hicksville, on May 9, 1952, for the purpose of considering the question of the splitting of the Hicksville Park and Parking District, which had heretofore been created by action of the Town Board. The Board also gave careful and full consideration to the various letters and petitions received both for and against the proposed split and carefully weighed the merits thereof. In the opinion of the Board the arguments in opposition to the proposed splitting of the District outweighed in quality those advanced by the proponents of the split.

Both the public hearing and the correspondence clearly showed a common understanding and agreement among the residents of Hicksville. It was clearly demonstrated that even among the Levitt homeowners there was a marked difference of opinion as to whether the District should be split. The legislation enacted authorizing the Board to hold the public hearing for the purpose of considering the split of the District granted to the Board the discretion to determine whether the facilities offered or to be offered by the District as a whole could better be supplied by a splitting of the District.

Much of the discussion at the public hearing and contained in the communications received, seemed to center on the use of the swimming pools and the community hall and from the information adduced by the Board, the "free use" of the swimming pools was part of the sales promotion employed by the developer. The Board is of the opinion from the best information at its command that to accede to the wishes of the proponents would create an additional burden upon certain property owners for the maintenance, care and operation of the pools and the community hall, and at the same time create an additional burden upon the balance of the District which would be required to provide park and parking facilities spread over a smaller assessed area. The Board is of the further opinion that the pools presently owned by the developer as well as the community hall are intended for the free use of the purchasers of the developer's houses, and should therefore not be a matter of concern with respect to operation, care and maintenance by the Town.

The Board feels that the community hall is for the use of all of the developer's purchasers, the largest part of whom live outside of the Town of Oyster Bay. This

would create a problem with respect to the raising by tax the necessary money for operation, care and maintenance. The Board feels that if the proponents desire to reserve unto themselves the exclusive use of the swimming pools there were other legal methods available to them to accomplish this purpose; i.e., the creation of a membership corporation to hold title thereto and to be maintained by a fee chargeable against those using the facilities.

The cost figures advanced by both sides did not appear, in the opinion of the Board, to have proper basis and after a careful consideration of all of the information supplied the Board is of the opinion that no valid reasons had been advanced to justify the splitting of the Hicksville Park and Parking District, that the Board would be doing its duty to the people of the District and thus protecting the financial interest of the residents of the District by refusing to grant the request of the proponents, thus fulfilling its responsibility to all of the residents of the District. The following resolution was offered by Councilman Chlumsky and seconded by Councilman Waters:

**RESOLVED**, that the petition for the splitting or division of the Hicksville Park and Parking District, be and the same hereby is denied, and the boundaries of said district to remain as originally created.

**RESOLUTION ADOPTED, ALL VOTING AYE.**

**GOING AROUND THE LANES:**

**Ideas On Room Arrangements**

By Florence Vryn LE 9-6407

This cool weather has actually given me the ambition to do something. Good thing too because we had guests over the week-end and they came just in time. I had changed the curtains put on the new slip covers, waxed the darn floors and hung the family by the thumbs to keep them off everything. Heaven forbid they should have come one day sooner I was going out of my mind with all the stuff piled in the middle of the floor. Have any of you switched the master bedroom to the little and used the big room for the junior set? I just did it and it works fine.

Ginny Miller gave me the idea when I saw her arrangement. If I haven't mentioned the Miller's remodeling job on their house let me tell you about it right now. Don repaired off the kitchen and moved the entrance door to the side of the house. He divided the work area in the kitchen from the dining area with a waist high partition of natural waxed wood and their are poles for ivy to grow on from the top of the partition to the ceiling. Ginny has hung sunshine yellow tier on tier curtains and she has a pale green kitchen. It looks beautiful! The Millers are at 158 Spindle Rd.

Harry Woodruff who lives next door to Don had an exciting experience the last week end. He went out on a friend's boat and they were heading for Montauk point when the boats motor conked out, leaving them drifting. The tide carried them around and a rock ripped a hole in the bottom of the boat. They stuffed it and sent out a call for the coast guard who hauled them back into port. Harry

wasn't a bit uneasy, but I would have turned green and mouldy just looking over the side.

It just hit me last week that a lot of the girls I knew at PTA last year won't be in the same schools this year. Betty went to East Street last year but in September she'll be going to Lee Ave. and that's where she'll stay. Some of the others in her class will be in Fork Lane or Dutch Lane from now on. I call Mrs. Roberts on Blueberry Lane to find out where Jackie was going and he'll start at East Street but move to Dutch Lane when its ready. Mrs. Roberts was a class mother last year so many of you know her. She's had a real busy time of it the last few weeks, her sister is on vacation and they've been making the most of the time they have together.

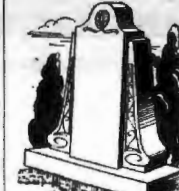

In addition to all this she painted Jackie's room and redid the bathroom. She had a very good idea for a boy's room and I wanted to pass it along. Jackie is a Dodger fan and she made a bulletin board out of wall board and trimmed the edges with dark green Mystic tape and decorated it with pictures of the Dodgers. She bought the screws and hardware to hang it at the glass store on Jerusalem Ave. in town. The room itself is green with dark green trim and she installed shelves all the way down to the floor where the small shelves in the closet are now. Good for shoes and all the other stuff small boys accumulate. Clever gal.

Pat and Violet Nasse of Picture Lane welcomed a new arrival July 30. The young lady's name is Robin and she made her debut at Mercy Hospital. She weighed 5 pounds 13 ounces but you can be sure that's all changed now. At the rate she's

growing I couldn't give you a weight that wouldn't have to be changed by the time she went to press. Fab and Betty went to Hicksville High and now Pat teaches history, same place. He's been in New Hampshire this summer but with the fall term starting soon all the Nasos will be back on Picture Lane. There will be a new spring in daddy's step this year and this is fair warning. Three months from now I warn you when he gets into a conversation I'll bet the first sentence will be "Have you seen Robin's picture"? They all do it. Mark of a new pop. Congratulations, people and the little lady showed extremely good taste when she chose her parents.

Bert Woodruff of Spindle Rd. said she and Harry attended a wedding over the week end in East (Continued on Page 20)

**The SENTINEL**  
**THE 'SPLIT' — POST MORTEM REPORT.**

**Autopsy**  
Although demise of the patient had been expected for some months, it had been hoped by many of his friends that, by hook or crook, he would somehow be pulled through. Only a few weeks ago a committee was formed to inject fresh adrenalin into his fitfully beating heart, never quite the same since a certain fateful evening at the East St. School. He never should have been exposed to the rigors of public discussion; he just wasn't built to take it. He had been nurtured on propaganda and animosity, much of it without real substance. His bulk visibly shrank as the evening wore on.

After it was over even his friends realized that he had made a poor showing on his big night and was in bad shape. Nevertheless, his sudden ejection from the land of living by resolution of the Town Board of Oyster Bay left his friends aghast and dismayed. The SENTINEL has made his own autopsy; although the Town Board's physical examination of the patient recorded in the preamble to the resolution almost made that superfluous.

**No Valid Reasons for Split**

"The Board is of the opinion that no valid reasons had been advanced to justify the splitting of the Hicksville Park and Parking District, that the Board would be doing its duty to the people of the District and thus protecting the financial interests of the residents of the District by refusing to grant the request of the proponents." ... said the preamble in part. Without valid reasons for existence, life in the proposal had apparently been injected and maintained by artificial means! By meticulous review of the case history the possible source of the life-giving substance could be deduced!

**If 'Split' Had Lived**

If "Split" had regained his strength by affirmative action of the Town Board, a new Park District would have been created to give him shape and form. To that Park District would have been deeded the pools and the Hall, and Levitt & Sons would have been relieved of all further responsibility for them although, as the Board said, "the free use of the swimming pools was part of the sales promotion employed by the developer. The Board is of the opinion from the best information at its command that to accede to the wishes of the proponents would create an additional burden upon certain property owners for the maintenance, care operation of the pools and the community hall."

**Who Begot 'Split'**

The progenitors of 'Split,' at least the ones of record, were the NLHOA. "Split's" full name, had he survived, would have been "North Levittown Park District". That would have put "North Levittown" on the map. Some years previous "Levittown" had been put on the map to replace "Island Trees", largely by choice of the developer, Levitt and Sons.

**Levitt Sons, and 'Split's' Sponsors**

Fairly close contact seems to have been maintained between "Split's" progenitors and sponsors and the Levitt organization. The map delineating "Split's" shape was prepared by the Levitts. NLHOA newsletters frequently spoke of communications from Levitt and Sons. At the Town Board hearing, Charles C. Miller, NLHOA president, spoke at length of his information from negotiations with Bill Levitt. Mr. Miller has also, on at least one occasion, been guest editor of the Levittown Tribune, owned by the Levitt organization.

**'Split' and the Community Hall**

What really sapped "Split's" strength was the added load of the Community Hall. The pools, ballparks, marginal roads, greens, and parks were burden enough to carry. The Hall was the last straw that broke "Split's" back.

"The Board feels that the community hall is for the free use of all the developer's purchasers, the largest part of whom live outside of the Town of Oyster Bay. This would create a problem with respect to the raising by tax the necessary money for operation, care and maintenance."—said the Board's preamble. How much that might have amounted to was indicated by the cost of operation, reported by Mr. Miller at the NLHOA meeting last week—\$80,000.00 per year. If this amount would have been pro-rated to Oyster Bay Levitt-home owners it would have come close to \$10.00 each home, per year, and it is extremely doubtful that any material part of that would have been recovered by charging Levittown residents for the use of the Hall. The use of the Hall by Levittowners would have undoubtedly been less if they had to pay for it; both Levittowners and Hicksvillites have other facilities, such as the schools, available for their use. The cost of operation could not be underwritten by the small minority of Levitt home owners in this area.

**Now That Split Is Gone**

Mr. Miller was already predicting last week that Levitt will abandon the pools, ballfields and Hall after this year's operation, and that the neighborhood would then be without these recreational facilities. We may may soon hear from Levitt and Sons. The promise of "free use" is still on the books.

## As Szendy Sees It:

Opinion on Levitt-House Matters  
 By a Levitt-House Owner

### Now, Let's Work Together

The canker is gone. The issue which split the neighborhood into two factions has been decided, to the liking of many. To the dissatisfaction of few. At least for the immediate future and barring new schemes for absorbing this area to Levittown, there should be no cause for further dissension. Let's work together for the improvement and progress of the community. There are many things that need our attention.

#### ZONING

A new zoning ordinance is about to be passed by Oyster Bay Town Board. Few are familiar with its provisions; active interest in its effect on the community has been lacking. Periodically, the Board of Appeals is asked to grant vari-

ances, or to permit uses which they must authorize, such as the sign on the shopping center at the West Village Green. All of these are of direct concern to the people of this area.

#### TRAFFIC SAFETY

There are critical locations within the area where accidents frequently occur. The authorities act slowly even when the hazard has been brought to their attention. It is a civic duty to secure stop signs and traffic lights where their presence is essential for safety.

#### THE SCHOOLS

The PTA of Division Ave. school in Levittown folded last spring for "lack of interest." Our Hicksville PTA's have been active and an effective force in the schools. We should keep them so. Every parent of a child in the schools should actively participate.

The Citizens Advisory Committee on Education working with Hicksville School Board will be reactivated this fall. Public-spirited citizens interested in the schools will find a lot of work to be done on that Committee.

#### COMMUTER PARKING

As the population of the Hicksville area increases by leaps and bounds, lack of parking space at Hicksville RR station will become an even more serious problem. Pub-

lic parking facilities, such as those available in other communities, are needed now.

#### CIVIL DEFENSE

Recruiting of civil defense wardens still lags. Even though the danger is not today we must prepare for what might be tomorrow. Here is a real opportunity for working together for the safety of all.

#### TEEN-AGE PROBLEM

The newspapers more and more frequently report teen-age vandalism, gang-fights, crimes. A program must be developed and carried through to provide teen-agers with something to do which will use up their spare time and energy under controlled conditions. We must do this for our own sake, as well as for the sake of our children. In no time at all we will have many thousands of teen-agers.

And there are many other matters which will need our time and warrant our attention. Let's Work Together.

## ...families are modernizing with **Automatic GAS WATER HEATING**

More and more householders are replacing "horse and buggy" water heating methods with streamlined Automatic Gas Water Heaters.

No more "too little, too late" hot water problems. Your Gas Water Heater gives you all you want, when you want it... for hot tubs... tingling showers... for modern automatic clothes and dish washing machines... for every household purpose.

A turn of the faucet is all it takes. And the fuel-saving design of modern Gas Water Heaters sets a new standard of low-cost operation.

## NLHOA Finds Town Decision 'Displeasing'

Thirty four members attending the regular monthly meeting of the North Levitt Home Owners Assoc., at the Community Hall on Levittown Pkway, Friday night, voted to amend the constitution and discussed possible methods of administering the two swimming pools in view of the rejection by Oyster Bay Town Board of the NLHOA proposal for a separate park district. President C. Miller presided.

Among the amendments to the constitutions voted were an increase in the annual dues from \$1 to \$2, provision for a second vice president, and a corresponding secretary, provisions for the recall of elected officers, and a provision that records held by any officer be available to other officers at all times. The proposed amendments to provide for a parliamentarian was defeated as were several other proposed amendments. The decision of Oyster Bay Town Board in denying the split of Hicksville and the creation of

a new park district was read by Arthur Szelep, publicity chairman. The members present voted to go on record as being "highly displeased" with the decision and will notify the Board of their displeasure.

### Around The Lanes

(Continued from Page 19)

Williston. Harriet Dilday married Chris Hewel in the East Williston Community Church. It was a lovely wedding and a very nice reception and Bert came home pleased with every one and got to the door of the house to discover friends from Ohio had just picked that day to come and visit them. They hadn't time to wait and didn't know when the Woodruff's would be back so off they went leaving a note. Bert is so disappointed at having missed them because she hasn't seen them in four years. I think I'd be just sick, too, if it happened to me.

There is a new red head in Bob Backus' life but Beth knows all about it, in fact she introduced them. To make it clear the young lady is Margaret and she was born July 31. Daddy is pleased as punch and Beth is delighted because Margaret has inherited her daddy's hair. Nothing gives a girl such a head start on the rest of the competition (to make a very bad pun) than red hair. I can remember longing for a carrot top in my long lost youth on the theory that all the red heads I knew were the prettiest girls in town. Margaret is the first girl grandchild and she will have both grandpa's wound around her finger in no time. Mr. and Mrs. Edward McBride and Mr. and Mrs. Josh Backus, her grandparents, are from St. Albans.

The rest of you had better go back to measuring dresses and trousers to see which hems can be let down for school. I just realized how much Betty has grown during the summer. Nothing fits! Of all the little ones going to school the most excited are the tots going to kindergarden. And be prepared mommas, the books are right. All the last five years you have been waiting to send them off to school and get a few minutes peace and quiet, but when that bus pulls away with your pride and joy on it, better have the kleenex ready. It looks like Niagara every year at the bus stop. Think I'm foolish? Laugh now but when it happens to you remember I told you so.

## Enrollment Gains Forecast

**PLAINVIEW**—A large increase in enrollment at the Mannetto Hill Schools in Plainview is anticipated for Sept., according to Robert E. Tuttle, supervising principal of the district.

The faculty list, although not complete is as follows: Kindergarten, Mrs. Virginia Gagnon and Mrs. Alice Stuhmer; First Grade, Mrs. Sallie W. Waters; Second Grade, Mrs. Ruth Reardon; Third Grade, Mrs. Ruesy Stahley and Miss Muriel

McCarthy; Fourth Grade, Mrs. Joan Kriegel; Fifth Grade, Mr. Fred Karpman; Sixth Grade Mr. Nicholas Girolamo. Miss Muriel Hoffman has been employed as school-nurse teacher.

Mrs. Mary Silverstien will teach art classes and Miss Betty Mahoney will teach music classes. More teachers are to be employed and the assignments for classroom teachers as given is tentative. The number of teachers to be employed will be dependent on the school enrollment as shown by the annual school census.

## NEIGHBOR DOWLING VIEWS NEWS:

# School Tax Rate Set At \$3.57

By JOHN DOWLING  
This present summer, among other things, has brought to light

the pressing need for action toward the establishment of a park and parking district in Plainview—a district complete with playgrounds, recreational facilities and a swimming pool for Our Town's youngsters.

With current industry expanding and new industry moving into the County at an unprecedented rate, it's possible to foresee complete pollution of our beaches.

with a few exceptions, within a few short years.

Oyster Bay has already taken steps toward solving this problem by announcing and actuating plans to create a 10 1/4-acre playground complete with swimming pool in Oyster Bay Village. This move sharply points up the thinking of Oyster Bay people who theoretically, at least, have but to step from their homes to the beaches on the Sound.

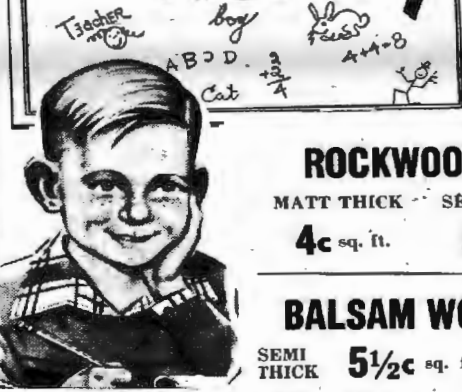

The children of Plainview themselves have established the most cogent reasons for civic action on the question of playgrounds for the district. They have done it simply and probably unwittingly.

During these summer months practically every street in Plainview on which a home stands was pressed into service by our children for their various games. Almost every resident and parent, at one time or another, has commented on the urgency of providing adequate play areas in the community "before all the available land is gone."

The tax rate for Union Free School District 19, Plainview as set by the School Trustee last week is \$3.57 per \$100 of assessed valuation. This represents a slight increase over the previous year's rate of \$3.45 per \$100.00.

## Playground Proves Popular

By Dorothy Guelpa  
Hicksville 3-1218W  
An average of 150 to 220 children attended the daily summer recreation program held at the Bethpage School this summer, it was announced Friday by Director Cantelmo as the season ended.  
Activities included outdoor games such as croquet and basketball and the children made a variety of handcraft articles including shell jewelry, leather bracelets, pitholders and macaroni jewelry.  
The Broadway School playground featured Peanut and Lollypop hunts on Fridays and many indoor programs were held in the auditorium of the Powell Ave. School. Baseball games were

played between teams from each playground.

An executive meeting of the Rosary Society of St. Martin of Tours RC Church will be held Wednesday, Aug. 27, in the parish hall at 2 P.M. All captains of the Blanket Club are requested to attend.

A membership drive for the Archie McCord Legion Post will be conducted this fall, it was announced by James Taverna.

A parish picnic sponsored by the Holy Name Society of St. Martin of Tours Church will be held Sunday, Aug. 24 at Shady Maple Park, Hicksville.

POST OFFICE Dept. has announced that it will issue a new 3-cent commemorative stamp honoring "Women in Our Armed Services". The first day City will be Washington D. C. on Sept. 11, 1952 according to Clifford Place who provides this illustration cut.

A smorgasbord supper will be held on Sept. 25 by the Catholic Daughters at the VFW clubhouse on Grand Ave., Hicksville, from 8 to 8 P.M.

PFC. WILLIAM J. LENT of 22 Harding Ave., Hicksville, has moved from Camp Pendleton to Camp Delmar, Oceanside, Calif. He is with the H&S (MSM) Supply Arms Training Regt.

They that govern the most make the least noise.—John Seiden.

## Welfare Unit Seeks Workers

BETHPAGE—A meeting of the Welfare Service Unit of Bethpage Civil Defense will be held Monday, Sept. 15, at the firehouse, it was announced by Mrs. Dorothy Little.

In case of emergency this unit will handle mass feedings, emergency clothing, emergency shelter, financial assistance, individual counsel, child and maternity care, motor aid teams, procurement of food and office supplies, safety units and training and information service units.

The quota for workers needed for the Welfare Service Unit is 200 but workers now number under 50.

Volunteers for the unit are urged to attend the meeting on Sept. 15.

A card party will be held today (Thursday) at the home of Mrs. Anna Lang, 86 Central Blvd., Bethpage, by the Manetto Court of Hicksville at 1 P.M.

# GOP Probes Swallowing Up Of Bethpage By Neighbors

BETHPAGE—Theodore Roosevelt Republican Club is on record supporting a petition circulated by the residents of the north west end of town to avoid being "swallowed up" by the Hicksville Postal District. The plea was made from the floor of the recent GOP club meeting by Mr. and Mrs. T. J. Oliveri of Bethpage.

The plea for support of the petition set off a chain reaction and suggestions by many of the members who were present touched on "many other instances" where similar action on the part of many factions is gradually "deluting the identity of Bethpage" and the areas located on the boundary lines that go to make up the many controlling districts of the town. The entire session may well be entitled "Where do I live?", "Do you really live in Bethpage?", or "Where is the boundary line of Bethpage?"

As a result a committee headed by Tex Surprise as Chairman was appointed to investigate the en-

tire matter of Postal Districts, Town-Boundaries, School Districts, Library Districts, Fire and Water Districts, Garbage disposal districts, and the many other district problems that have been presented in past years. Another item being studied is a "Bethpage telephone exchange" when local system is changed over to dial.

Other members of the committee are: James Happy Norman, Jack Strong, Val Mihic, William Ericson, and Charles Dreifeld. This committee will hold its first preliminary meeting this week. It is expected that the entire task of this committee will take some six weeks to two months to complete its job and present a complete report with a recommendation of action.

A Rally Committee was appointed, headed by Buddy Mazzara, to plan a giant GOP rally for the election period. Assisting

him are Jack Strong, Ed. Fehrenbach and Mike Kalinyak.

Mrs. E. G. McNamee, pilot of the Campaign Fund, extended her thanks to local merchants for their generous cooperation shown her committee during their drive which will continue for another week. The drawing will take place on Oct. 11, at a Gala affair.

## Fire Budget Vote Sept. 2

BETHPAGE—A total budget of \$41,860 for the Fire District will be presented to taxpayers of the district at the annual budget election on Tuesday, Sept. 2, at the firehouse from 7 to 10 P.M.

A separate proposition of \$32,000 for the purchase of a new hook and ladder fire truck will also be presented for vote. The total budget includes a bond payment due on building of \$17,000.

Patience, that blending of moral courage with physical timidity.

**"SHINGLE STAIN and PAINT"**

Are your wood or asbestos shingles weatherbeaten and dried up looking? Don't despair, your "Uncle Tom" knows just what to do about it—to give it that new look again. Most wood shingles are stained at the factory with a prime coat of preservative stain. Like so many coating materials, they serve a normal life of repelling rain and weather. Their surface finish loses its freshness and then comes the time for a re-doing job. We carry in stock linseed oil base stains in many colors, and one gallon will cover approximately 150 to 200 square feet per gallon on average jobs, more if it's really bad.

Now in the case of asbestos shingles—it's different. This paint has a rubber base formula, applied directly over your existing shingles. You'll find a richness and beauty as you've never known before in the old "homestead". These paints have been given the "Green-Lite" by Johns-Manville and Celotex and boy that's somethin'. There's no need to let the old "homestead" look depressive "Mom".

Stop in to-day and see our color cards on these beautiful exterior shingle stains and paints. You'll like em-like thousands of other users have—I'm sure.

By WILLIAM OLITSKY

From the seed that in the autumn falls to the ground, a tree is born. In the spring when the soil gets warm enough and there's enough moisture, changes take place in the dormant seed. The embryo tree awakens and begins to grow. What causes this coming to life is not exactly known. Now on the other hand what makes a veteran's organization? Some hostile country tries by force to take something and in self-defense a fight for our very existence begins. When this is over there's a group of people left to go home to start life anew. These men, as fallen seed, become dormant in the way of their previous life. They gave up their homes, lives, their desires and positions in life that yours and mine and theirs could continue in the same way as before the hordes came. Now with the hostilities at an end, the dormant seed begins to grow again. To those who could not, we who have lived, fought and died, side by side, could not and will not let that dormant one, not come to life. For that reason we band together that the dormant will have a chance to find their way back as a credit to their country, community home and themselves.

We have men in hospitals who are trying to find their way back. The government gives all it can but the little things that may be what could snap these men back to a full, adjusted life. Where are these little things going to come from? Simply from buddies who have not forgotten and will not forget. These little things take money and in this case, money is also a little thing.

We have the buddies who make it their obligation to find the time to visit with our comrades at the hospital. We don't want to go empty handed. That is our reason for sponsoring our annual

**Pleasure Hunt.**  
 You friends of the doughboy who fought and was maimed in body and mind who can't get out to visit can be of help and service to these men and boys by helping us raise the fund to make it possible to continue this extremely needed supply of little things.

Anyone who wishes to donate something for these trips can call me at L. Levittown 9-8168 and I will visit your home to pick up the donation.

The Ladies' Auxiliary of the JWV held a lawn party on Aug. 13 to discuss the future visits to the hospitals and other projects they plan this year. The success of this gathering is attributed to Rusty Eisner's know how in whipping food together. Maybe cause Rusty is an artist on canvas is why she can do the same with real food. As usual Sylvia Richman did her delicious baking. Dave is one lucky guy she can bake.

Don't forget our first annual picnic to be held at Hecksher State Park on Aug. 24. We will leave at 9 A.M. from the Temple, Shaaria Zedek on East Barclay St. There will be organized games for children. Yes, for us kids, too! Refreshments—bring chow, a veteran, a friend and sports equipment.

Veterans who move and don't let the VA in on the secret may not get their insurance dividend check for a long time. Over 200 dividend checks are being returned to the Philadelphia district office weekly because of incorrect addresses. They are addressed to veterans who applied for dividends, then moved, but didn't tell the V.A.

Welcome Bob Markowitz, Irwin Skolnick, Myron Spector and Lesley Weiss. See you all at the picnic.

At this precise time the V.A. has no plans to make any effort to find claimants of the \$100 million treasure (if you are one of them, get busy now.) Korean veterans have you heard that Congress has passed the COMBAT PAY ACT which provides \$45 per month to members of all armed forces who are now on duty or formerly served in Korean combat zone? In order to be eligible for this pay, service personnel must have been subjected to enemy fire for not less than six days of any month. They must also have been a member of a combat unit not larger than a regiment or served aboard a vessel or aircraft under fire. Personnel who have received special pay such

PAGE 26—MID-ISLAND HERALD, AUGUST 21, 1952

By HOWARD FINNEGAN

It had almost become a matter of fact that the Hicksville Field Club would not operate this fall and thus would default its 1951 Long Island semi-pro championship.

However, now that September is rushing upon us there is a good deal of interest on the possibility of having a team again and the groundwork for that end is being laid as we write this.

The news that Tom Chip Gannon is going to start a team in Westbury recalls memories of the bitterest feud on the gridiron in Nassau semi-pro history and has needled Hicksville pride to the point where some fans believe it is a must that a club operate this fall.

There are a great many obstacles to having a team—the main one being administration of the club and since that is in the preliminary stages, we will pass it over this week.

Dom Sabatella is ready to coach again this year but needs an assistant coach.

There are enough players willing to start the team and it is hoped that some names, a few of which could be box office material, from the past Black and White outfits can be convinced to suit up again.

Westbury, Valley Stream, Southampton, Riverhead and the Jones Boys are reported ready for action and Glen-Cove just might pull its annual late start again this season.

That would be a good basis for any league and with the old and new Westbury angle it would be very interesting.

### Ruggiero Again Baffles Beers

JONES BEACH—Veteran Steve Ruggiero, who believes in throwing the ball in and letting the young boys chase it, worked his formula to a tee, here Sunday, as tattered Botto Bros. upset Fred Beers, 4-3. Beers, recent finalist in the Nassau ASA tourney and ranking second in the current chase in this seashore stadium, was irked and taunted by Ruggiero's inviting but tricky slow stuff.

He had beaten Beers once before this season. That was a 3-0 shutout in behalf of Empire in

### TENNIS TOURNEY:

## Hicksville Strong In Net Play

BETHPAGE—Hicksville players in the Bethpage Novice tennis tournament have taken important roles in the net action to decide the 1952 champion.

Before the rain at the end of last week delayed the progress of the tourney Louis Bieringer, James Nugler and Rober Nicrosini of Hicksville all scored victories.

Mugler, after tripping Louis Martone of Stony Brook 5-7, 7-6, 6-4 in a quarter-final match, was the first local representative to be eliminated. He lost to Karl Hirschman of Malverne 6-2, 6-1.

Hirschman is the outstanding favorite for the title since his unex-

pected upset of top seeded Neil Pike of Bay Shore. Nicrosini outplayed Thaddeus Niemann of Levittown 6-2, 6-2 and then bowed to Simon Stein of Levittown 6-2, 6-0.

The semi-final match between Stein and Bieringer was thrice postponed. The winner will meet Hirschman for the championship. Bieringer earned his semi-final position via a bye and a clear 6-0, 6-1 decision over Elston Kern of Port Washington.

DOUBLES VICTORIES

In the opening action of the doubles play, already a full week behind schedule, Mugler and Nicrosini

delivered a run. Ruggiero hung on however and retired the next 12 men in order before a fifth inning walk broke his string. In the sixth a doubtful infield hit and a walk in the seventh was all that bothered him over the rest of the route.

Botto took the cue and got three men on in the first but couldn't deliver a run.

#### HOCK TIES IT

In the second frame a walk and a hit by Bill Bordiuk got two runners on. Bob Hock, hitting .537 since his return to the Black after a short playing period earlier in the season, lined a vicious drive down the right field line for a home run to tie the ball game.

The winning run came over on an infield out in the next inning. Ruggiero's victory came over like Jackson who is one of the top hitters this campaign. Steve helped his three-hit, two walk victory with four straight fielding stabs in the third and fourth that won a big hand from the fans.

So he didn't even leave all the fielding to the younger boys. He even tried to break into the hitting column with a runner in scoring position but the centerfielder made a diving catch of his bid for a double.

## Playoffs Near But Winner In Doubt

HICKSVILLE—The Community Softball League has announced its playoff schedule for Aug. 29, 30 and 31 but hasn't the slightest idea of who will be where at that time.

It's still a racehorse battle between the PBC, Rockets, Oyster Bay and Pine Lodge for the regular season championship with the Post Office only having a chance to gain a playoff berth if any of the four slip badly in the closing stages.

It was the Rockets who figured most powerfully in Round Seven. They defeated Sea Cliff 10-6 and edged Pine Lodge 5-2 on Matt Triangali's two hitter.

Zinzi homered for the Lodge but in the fourth Zix walked, Swain singled, Wesnofske singled, Milack singled to drive over the winning runs.

Previous to that the Lodge turned back the PBC 8-1 in a major engagement and it was a homer again by Zinzi that featured the Bethpage club's scoring.

#### BEST CONTEST

By far the 1-1 tie the Post Office played with Oyster Bay was the best contest in the Round. Ronan and Coleman duled in this set and had little trouble after the opening innings. At one point Ronan retired 13 in a row and Coleman ran up a string of eight.

The Bay tally came when Iannucci doubled and Floyd singled. The PO marker came on walks to Voochries and Kiesel and a single by Willie Blac.

Oyster Bay also picked up two points with a 10-3 win over Sleepy Lane and Sea Cliff went ten innings before it closed the book on S&L's playoff chances 3-1.

Post Office	5	4	3	13
Hicksville S&L	3	8	0	6
Sea Cliff	2	10	0	4
Sleepy Lane	0	11	0	0

THE SCHEDULE: To be determined by rained out games and playoff positions.

### Nygren Misses Perfect Game.

HICKSVILLE—Little Peter Nygren retired 18 batters in a row as the Hawks whipped a good Syosset team 8-0 this week. However, an error by catcher Pat McGunnigle, the PBC league's best backstop, allowed a strike-out victim to take first base which was a tough break for both Nygren and McGunnigle. The Hawks tied for first place with six and 1, need only a victory by Oyster Bay's Couchsairs over their rivals, the Bethpage Dodgers this week to give them first place and the PBC Second Police Precinct title.

The Oyster Bay Saints annexed the Intermediate PBC title by edging Hicksville's Royals 3-1 in a tightly contested duel between Johnny Sovera and Marty Katz.

It was a bitter pill for Katz as his team mates actually outdid the Saints 5-4 but costly errors by some of the League's finest players proved fatal in the long run.

Eddie Scott, Katz, Howie Speedling and Pee Wee Paton found the range with their bats and kept the issue in doubt till the final out.

### Display Trophies At Herald Office

The championship trophies to be awarded for competition in the Community Softball League are on display in the window of the Mid-Island Herald, 98 North Broadway, next to the Hicksville Post Office.

Sponsored by the Board of Education as part of its Summer playground activity, the league is nearing completion of its pennant race.

First, second and third place finishers in that race will be awarded a trophy and a single trophy will go to the winners of the playoffs.

#### BETTER TO GIVE!

It seems to be a unique fact that he, who does a kindly act, gets in return, far more than he will ever guess or might foresee. It has been said, as we all know, that we shall reap, just what we sow. But, when we lend a helping hand, the good it brings, tends to expand.
