## Budget Provides Pay Hike

OSTER BAY—The Township budget for 1952, subject of a public hearing later this month, was filed at the Town Clerk's office here late Tuesday afternoon. Preliminary information indicates no general township tax again for the coming year and a highway tax rate "about the same" as the current year. Cost of living pay increases are recommended for township employees on a sliding scale basis in the new budget.

## Air Raid Test Alert Due

Hicksville-Plainview Civil Defense forces are today preparing for the first in a series of CD exercises scheduled to begin on Thursday night, Oct. 23, and end next Spring, according to Frank Sutter, local CD director. The tests are being staged by the county organization. The first test on Thursday night, Oct. 23, will involve public participation. The test red alert will be sounded at about 7:50 P.M. with all clear 10 minutes later. The public will be expected to take shelter during this interval. CD forces will be on duty from 7 P.M. until 9 P.M., Sutter told members of the local CD Council at a monthly meeting, Friday night.

## SHALHO Elects Arthur Schwartz

HICKSVILLE—Arthur Schwartz of 197 Spindle Rd., was elected president of the South Hicksville Assoc. of Levitt Home Owners, Tuesday night, at a regular meeting at the Community Hall, Levittown Pkwy. Neil McCormick was elected secretary. Schwartz succeeds Arthur Isaksen who retired from office when he became Democratic candidate for Oyster Bay Town Councilman a month ago. Guest speaker of the evening was Rev. Father Leary, county CYO director. George Kunz of Arcadia Lane was named chairman of a youth activity committee of SHALHO.

## GOP Candidate Coming Here

Stuyvesant Wainwright, Republican candidate for Congressman of the First Congressional District, will make "store-to-store" visits to Bethpage and Hickville merchants, it was learned this week. He will be in Bethpage on Wednesday, Oct. 16, and Hickville on Wednesday, Oct. 23, in a campaign "to familiarize himself with the problems of local merchants in these areas". During his Bethpage visits he will be a guest of Charles Campagne at the Kiwanis Club luncheon.

## Isaksen Speaks At N W Civics

HICKSVILLE—This community which is growing so rapidly needs a township government sympathetic with local problems and the activities of its civic groups, Arthur Isaksen told members of the North West Civic Assoc. at the high school, Tuesday night. He spoke as the Democratic candidate for Town Councilman on Nov. 4. Dudley McCabe, Republican incumbent who was also invited, did not appear.

## Another Vamp On Twinlawn

HICKSVILLE—If there is ever a fire on Twinlawn Ave., the block almost has enough fire dept. volunteers to handle it alone. Emergency Fire Co. no. 5 of which Edward Glinka is captain this week extended membership to Andrew Yates of 89 Twinlawn Ave., making the fourth company member on the same block. Howard Heberer, company secretary, lives at no. 25. Other members are Fred J. Noth at no. 22 and Clifford Doering at 74. Barney Schuster, secretary of the fire district, resides at 42 Twinlawn Ave.

## Offer Helping Hand To 5 New P-TAs

HICKSVILLE—The Civic and Community Assoc. this week mailed checks to the principals of the five new elementary schools in the community, made payable to the treasurer of the proposed P-TA in each new school, "to assist such organizations during the difficult formative stage", according to President William L. Geyer.

"We recognize the value of close cooperation between the parents and faculty of our schools, as pro-

vided by our fine Parent-Teacher Assoc.", Geyer wrote each principal. "We would like, therefore, to offer our cooperation as an organization interested in the community welfare and its citizens".

The checks have been sent to Donald F. Apt, principal of Lee Ave. School; and the following assigned principals of new buildings which are expected to open shortly: John J. Chase, Dutch Lane; Herbert F. Cavanagh, Fork Lane;

Allen E. Davis Jr., Burns Ave.; and Murray M. Duncan, Old Country Rd. School.

"Our members and officers wish you success in your position as the principal of a new Hicksville school playing such a vital role in the education of our community's citizens of tomorrow. We also extend our best wishes to the members of your faculty and the officials of your P-TA", Geyer concluded in his letters.

## Find Grass Fire On False Alarm

HICKSVILLE—A flash fire damaged an aerial wire at the O. Butler home, 2 Mead Ave. on Oct. 1. Butler was cleaning paint brushes with a cleaning liquid when the fire flashed, it was reported. Firemen were called at 10:34 a.m. Butler was not hurt.

A fire in the kitchen of the William Champion home, 85 East End Ave. apparently resulted when a kitchen curtain got caught in a fan and fell to the stove on Oct. 6. Firemen were called to the scene at 3:15 p.m. Smoke and paint damage was confined to the kitchen.

The TV set in the Fred Furst home at 44 Underhill Ave. caused the family some alarm Sunday and they called firemen at 3:35 p.m. Chief E. Schluter answered the call in his own car.

Firemen were called out on a false alarm on Oct. 1 at 2:42 p.m. to Duffy Ave. and Mead Ave. While in the area they discovered a grass fire and extinguished it.

## REGISTERED? Be Sure You Vote Nov. 4

By BARBARA SOININEN  
After a simply unprecedented amount of no requests I am back. This column is not to be considered in opposition to or infringing on the Hicksville Gables column, written so ably by my good friend, Ruth Schultz. It is simply the taste of blood from last week's notice on non-personal registration, which has brought out all the lam in me.

Incidentally and seriously from the amount of calls I received, it was a help to some voters, which is a great personal satisfaction.

## Your Last Chance

This Saturday, Oct. 11, is the last day for voter registration in the mid-Island communities for the Nov. 4 election. The hours are from 1 to 10 P.M. at local polling places. The Herald maintains a list of such addresses for the benefit of those who may be in doubt.

These weeks before the Presidential Election bring a tremendous amount of excitement and activity with all the political rallies, campaign speeches, radio and TV broadcasts and also arguments between individuals. At this time it's well to remember that others have the same right to their views as we have to ours, and our all-consuming and collective desire is, I hope, that God's Will be done. And that under His banner in this wonderful and free nation of ours all of us, physically and mentally eligible, will choose leaders who will take on the burden of working with and for the people to re-establish morality, liberty, justice, righteousness and truth.

### IMPORTANT DUTY

As I said last week all those who have not been reached by canvassers can easily find out their polling place and register this coming Saturday. Of course after you are registered personally or

## INSIDE OUR SCHOOLS

## When School Goes To Pupil

3rd Of Series

By ALLEN E. DAVIS, Jr.  
Principal, Burns Ave. School  
Hicksville

The Home Instruction method of teaching described here is further evidence that Hicksville is striving to meet the needs of all children of the District. This comment is made in view of the fact that due to the tremendous and continuing expansion of school needs the Home Instruction system might have been overlooked. But despite the difficulties encountered these days in merely providing each child WHO CAN COME TO SCHOOL with a classroom, books and a teacher, these unfortunate children who CAN NOT come to school, again will not be neglected.

The school, in the person of the Home Instruction teacher, does, in fact, go to the child. From that special teacher the child, unable to

attend regular sessions due to physical disability, at his home or even at his bedside receives daily or periodic instruction. In some cases one hour per day is scheduled but length of instruction of necessity varies in accordance with the child's condition and recommendations of school and private medical authorities.

### MRS. REDFERN TEACHES

Each child receives instruction commensurate with his age and grade level where possible. He receives his instruction from a thoroughly qualified teacher, accredited to this field of instruction under the laws of New York State. Dr. E. H. LeBarron, Superintendent, has stated, "Hicksville is fortunate in having available for Home Instruction Mrs. Clare Redfern, who has had 20 years of experience in the field. Her dedication to, pa-

tience with and love for these children is unbounded."

Children eligible for home instruction are those incapable of regular attendance at school due to physical disabilities. Among those who have benefited from Home Instruction in the Hicksville (Continued on Page 4)

# Start Organization For Area

By JEAN MALJEAN  
Hicksville 3-5515

We are all extremely grateful to the Herald for allowing representatives of our forthcoming civic association to meet in their building. We convened Wednesday evening and arrived at very definite standards, principles and purposes for the club. Tom Hogan took the initiative in organizing the varied ideas of the group.

We discussed rules, concluding that this point is up to the membership. As for dues, that too will be subject to the approval of the residents.

Originally, we were to congregate at the East St. School by permission of the authorities, but since we were without charter and rules and purpose duly recorded, the School Board justifiably voted against such a move. Possibility existed as to whether a group meeting in the school might have subversive leanings. In view of many incidents of communist activities in schools, the board did the right thing.

A non partisan group, we will keep out of politics. Democrats and Republicans alike will form the membership. As to the use of an application blank, we can dispense with it until we are better organized. In lieu of this form, all that we find necessary is the name of husband and wife, considered as ONE membership. Each house constitutes a vote.

The committee will take names of neighbors desirous of joining, and—from the looks of it—it won't be a difficult task. We have felt

the need of such representation for as long as our development has been occupied. We do not intend to hatchet any builder. I personally feel that our builder has been keeping after our complaints, but he does have a tremendous backlog of work pending. This causes long delay in repair. In contrast, other builders have been highly negligent in this regard to the dismay of the home owners. I do know of certain instances where there exists dissatisfaction where service in our neighborhood is questionable—in which cases we may take it up with the club and see if there can be some rectification.

Purpose is the topic that needs little explanation. In short, we of Woodbury Gardens desire representation just as a business organization rallies its legal advisors to co-ordinate their powers to look after the firm. The club is a weapon we may wield in the face of injustice to our neighborhood.

Because of the short notice of the meeting, many active parties were absent. Present were: Jim McDonald, Tex Worley, Henry Konetski, Ray Stine, Thomas Hogan, Nicholas Koukos, Ardie Hoffmann, Eugene Miller, Eugene Maljean, Marge Aloisio, Phyllis Alexsio, Edward Mastrella, Edward

Simpson, Angelo Ruvio, Charles Pfoiffle, Robert Nankerville, Joseph Barry, Gene Doran and Joseph Coppola.

Not much room left for news. . . . Bill Carter and Bill Brannham are now cooperating on hedges. Previously, the two Bills had poured cement walks and built fences around each other's property. Where do they find time for those fishing trips? . . . Tom Hogan and I are buying a ping pong table together. . . . Bob Becker's friends are wondering who cut his hair, and with what lawn mower. . . . Lisa Sopko is about to send a copy of the paper to her native Germany for the benefit of her parents. They will enjoy seeing her name in print.

Her hubby, Roy, is to receive a visit from brother, Jesse Sopko of the navy. He is stationed in Chicago. . . . Someone asked me to see if a little discipline can cut down garden and lawn ruin on Briggs St., site of the school bus stop. . . . Speaking of Briggs St., that hole is a menace. Perhaps we can arrange to have it filled in by contacting the builder through our new club.

A new school bus stop in front of the Klee's home at 79 Vincent Rd., has been designated and is

expected to become effective this week. Until next Thursday, see if you can call in some neighborhood news—the phone number appears on top.

## HICKSVILLE GABLES: Observations From Our Window

By RUTH SCHULZ  
Hicksville 3-2549 R

Observed from our front window was Fred Schelp of 25 Gables Rd. polishing up his latest possession which is a 1950 Studebaker. Mr. Schelp recently returned from Japan where he was on government business. He arrived here quite ill and is only out of the hospital a short time.

Sure hope Jim Hyron here on Gables Rd. has recuperated from his accident of a few weeks ago and that their nice new car was not too badly damaged.

Mr. and Mrs. John Tils of 20 Gables Rd., entertained their daughter and son-in-law, Mr. and Mrs. William Ziehl of Whitestone on Sept. 29 in honor of their first wedding anniversary. Also on hand at this family dinner were Edward Tils and Jack Tils.

Leaving us this week were Mr. and Mrs. Richard Albertson of 1 Gables Dr., who will reside in

Forest Hills in the future. Sorry to lose such nice people and will report as soon as I find out who our new neighbors will be.

## Big Pot Needed To Make Chowder

The Ladies' Aid Society of St. Stephen's Lutheran Church, Hicksville, will hold an "on order" clam chowder sale at the church on South Broadway, Friday, Oct. 17. Orders must be placed prior to the sale with Mrs. Henry C. Brengel of 126 E. Marie St., or Mrs. John Entenraser of 13 Spruce St.

The home-made clam chowder sale project has been so successful since it started last February that orders were turned away last month after a record 122 quarts were sold.

Another 40-quart aluminum pot is needed by the ladies to supplement their cooking equipment and enable them to meet additional demands for the chowder. If any family has such a large cooking utensil they wish to donate to the society, they may contact Mrs. Brengel.

A meeting of the Ladies' Aid was held Wednesday night at the church when plans were made for a rummage sale to be held on Oct. 22, 23 and 24 in the vacant store at 115 Broadway (former location of Holden's). Mrs. William Christiansen will be in charge of the sale.

### LUNCH BOX TOPIC

Mrs. Thompson of the American Red Cross will be the guest speaker at a meeting of the East St. P-T A Hicksville, tonight (Thursday) at the school at 8:15 P.M. In preparation for a full-day session of school, Mrs. Thompson will give a demonstration and talk on "The Lunch Box". She will describe methods of making the lunch box attractive and how to prepare little surprises for the children.

Barbara Ahrens of 3 Clinton St., Hicksville, attended the annual Cooperation Dinner of Hofstra College held on Sept. 24 at Wheatley Hills Tavern, Westbury. Miss Ahrens represented the Chronicle, student newspaper.

The Charles Wagner Legion Auxiliary of Hicksville was represented at a luncheon held Saturday, Oct. 4, at the Freeport Elks Club in honor of out-going County chairman, Mrs. Vera Meyer of Baldwin. Hicksville ladies who attended were: Mrs. Henry C. Brengel, Mrs. Fred Brengel, Mrs. Walter Schlichting, Mrs. Tecla Madden, Mrs. William McIntosh and Mrs. Thomas Doran.

A rummage sale will be held today and tomorrow (Thursday and Friday) at the parish hall of the Holy Trinity Episcopal Church, Jerusalem Ave., Hicksville. The Altar Guild of the church will sponsor the affair which will be held from 9 A.M. to 4 P.M.

## Dr. A. M. Hetzer Speaks At P-T A

Dr. A. Malcolm Hetzer was the guest speaker at a meeting of Hicksville Junior High School P-T A Thursday, Oct. 2, in the high school building.

A film, "Human Growth", was presented to illustrate Dr. Hetzer's talk on teaching sex to the children in the home and in school. The subject was covered in a most understanding manner and a booklet, "The Gift of Life" was distributed to the parents.

Dr. Hetzer conducted a question and answer period after his talk. Refreshments and a social hour following the meeting.

The misfortunes hardest to bear are those which never come.—James Russell Lowell

**HICKSVILLE**—The Rotary Club today revealed that Bill Payoski, a Director of the Club, is heading a committee to organize a local Chamber of Commerce.

In a statement to the Herald, Payoski, said: "We are definitely in need of a Chamber of Commerce in Hicksville. We need an organization which can and will fight for a continuing program of improvement and welfare of Hicksville. The Chamber is just such an organization. It is a voluntary organization composed of merchants, bankers, lawyers, manufacturers, doctors, advertisers, clergymen, teachers and others who are interested in the well-being of Hicksville."

"We are in the formative stage at present, but we are contemplating a meeting of anyone interested in assisting." The organization of a Chamber in no way shall interfere with present clubs, but rather it shall supplement their work, he said.

## Open Letter To Plainview Parents

Dear Neighbor,

A plight of serious nature has been brought to the attention of everyone in the community of Plainview. I've been wondering what action, if any, is being taken or contemplated. I refer now to the ever-growing problem of the community's younger people. At present it can be best described as lack of interests or idleness. As so many of us are familiar with the problems of juvenile delinquency, (existing in over-populated areas), don't you think it is well that we try to nip this problem in the bud?

The possibilities are tremendous, providing every parent and resident is willing to go along and do his or her share, no matter how seemingly small it may be. To the old reliable few, the cry for help and assistance is now an old refrain. What we need are more parents... new faces... people who realize their responsibility to the younger generation.

We can start with giving aid to the Cub Scouts, Girl Scouts and the Boy Scouts. All three are in dire need of supervisory assistance, the Cub being the most desperate. Anyone with an honest to goodness interest in youngsters can be of help. Especially those who have been active as a scout, leader, committeeman or committeewoman. Don't forget that the children of today will be the citizens and leaders of tomorrow. We certainly owe it to them to get them off to a little start on the right road. Under proper leadership and guidance, time and effort volunteered can be kept down to a minimum. If you have a sincere interest, you can find a little time. Help your community and yourselves by inquiring what you can do this coming week. Many associations and committees have taken up quite a bit of our time thus far. For those who think this cause is just as important, if not more so, please contact Mr. Stauber or Mr. Goulding whose telephone numbers are Hicksville 3-1425W and Hicksville 3-1214 W respectively.

A very good example of the youngsters' abilities and initiative was displayed several weeks ago. Under the supervision of Mrs. Geigetter and Mrs. Pencke they put on a show in a back yard, for the benefit of the Cerebral Palsy fund. Door to door canvassing and collecting one nickel per person, these children collected forty some odd dollars. I understand talent was there in abundance. The youngsters have shown us what they can do, why not have us show them that we care?

AN INTERESTED PARENT.  
THOMAS J. PAYNE

## BRIAR PARK, PLAINVIEW:

# P-T A Plans For First Big Bazaar

By ETHEL ROONEY  
HI 3-5324

Hello Folks:

What a glorious week-end this has been. Since I am accustomed to doing things in reverse, I spent this week-end indoors, practicing my baking and frosting. I'm among those scheduled to donate a cake for the P-T A bazaar and since Jim and I are both rather amply proportioned anyway, I rarely frost a cake. Thus, the practicing. I've gotten less out of practice than I expected and the results were both palatable and pretty. I haven't eaten much of the cake but both Jim and little Jimmy ate generously and neither one is ill.

On Oct. 24 and 25 the Plainview P-T A will sponsor a First Grand Bazaar at the Mannetto Hill School. This is a Friday and a Saturday and the hours will be from 2 to 9 P.M. on both days. (There will be no school on Friday, Oct. 24). Admission to the bazaar is free and the proceeds will be used to buy playground equipment for the children. At the present the Plainview Public Schools do not have any playground equipment at all.

If you have any donations, you can bring them to any of the following: Mrs. Ruth Williams of Briar Park, Mrs. Dolores McLoughlin of Plainview Country Homes, Mrs. Phyllis Rossi of Model Farms and Mrs. Marie Funfgeld of the Loop area. Donations may consist of almost anything except

used clothes. If you wish to donate plants or cakes, please save them till the opening day of the bazaar.

This should be a really nice affair and I hope all of you participate by donating something and buying something too. Refreshments will be available and, if nothing else, there is a beautiful assortment of Christmas and all-occasion cards you can buy, so please come.

Leslie Brandt of 30 Virginia Ave. has been visiting her Grandmother in Illinois. She was scheduled to get back Monday, Oct. 6. In addition to her mother and dad missing her, poor brother Ricky has been lost without her so things should be peaceful for a while after her return.

The Rosary for Peace group will meet on Tuesday evening at the home of Mrs. Jeanne Dennis, 25 Nassau Ave. Why not take out a half-hour and join them?

This Saturday, Oct. 10, Plainview Amvets Post No. 41 are giving a dance, to be held at the Oaks Restaurant on Jericho Tpke. in Syosset. Lots of your neighbors are going to be there so why don't you make plans to join them. Tickets are \$2 each and in addition to the dancing and floor show, there will be a lovely clock-radio given as a door prize and free beer will be served. Contact any Amvet member for tickets or get your tickets at the door.

If no one got to your house to register you, Saturday, Oct. 11, at the Firehouse is your last

chance to do so. The Plainview Amvets have spent many hours going door to door registering anyone available, but not everyone is home all the time so if you were missed, don't forget Saturday. This is a very important voting year for all of us and there is no excuse for anyone eligible not voting. Actually, Americans ought to hang their heads in shame—we've got the most blessings in our country yet a fortune in advertising must be spent just to get people to vote. I wish some of the non-voters could get a chance to change places with citizens from another country for a while. I'll bet they'd be standing on line at the polls in the future.

## The SENTINEL

## Fire Prevention Week

This is "Fire Prevention Week", a week during which a spirited campaign led by the National Fire Prevention Assoc. is put on in communities all over the nation to instill recognition of the hazard of fire and the need for its prevention. Every homeowner has an obligation, not only to his family but also to his community, to prevent fire. A fire out of control may become a conflagration, a community catastrophe. Extinguishment and the prevention of spread depends upon the availability of an adequate water supply and the proper and rapid functioning of the fire department.

## Fire Alarms and Fire Alarm Boxes

The operation of fire alarm boxes is generally not known and their importance not recognized. The really foolproof way to send in an alarm is from a fire alarm box. Especially in this area, because of the confusion resulting from Levittown exchange phone numbers in the Hicksville Fire District, notification of the right fire department may be delayed when the alarm is sent in by telephone and to the Levittown Fire Dept. Or the message transmitted to fire department headquarters by an excited house owner over the phone may be garbled. And, of course, many homes are without phones.

A signal sent from a fire alarm box automatically actuates the community fire alarm horns and sirens. These emit a coded signal notifying all camps of the location of the box from which the alarm was sent. The signal is repeated four times and may spell out, for instance, 1-3-2, box 132. The vamps either hasten to the firehouse to man the trucks, or proceed directly to the box. The sender of an alarm, or someone deputized by him, should stand by the box to direct the firemen to the fire, unless of course the fire can plainly be seen.

If you rely upon your telephone, be sure to have the right telephone number handy, or ask the operator for the Hicksville Fire Dept.

Alarms received over the telephone are translated manually into the coded signal emitted by the horns and sirens. All signals are automatically recorded on tape, together with the time of their receipt.

To fight fires, availability of an adequate water supply is imperative. In times of water shortage, obey the rules for water usage. Quick receipt of alarms is important. Safeguard fire alarm boxes. Prevent false alarms.

## 'Hicksville As the Hub'

Recent comments in the New York Times about the new shopping center in Hicksville are worth repeating. "The store area will be known as the Mid-Island Shopping Center, and was chosen after a careful study of the potential retail trade available and a feeling that business could be drawn from a vast surrounding section, of which Hicksville is the hub. . . . Off-street parking will be provided for 5,700 automobiles to prevent the development of traffic bottlenecks which have stifled the development of earlier suburban shopping centers. The new trade center will have 5,000 feet of frontage along Broadway and is expected to be one of the largest on the island. The tentative plans for the department store alone call for 168,000 square feet of sales space."

The total amount to be spent is now reported to be \$25,000,000. It is said that employment will be provided for some 2,000 persons. It looks awfully good for Hicksville, and for all parts of Hicksville, tax-wise and otherwise.

## SHALHO Meeting Date

Confusion about the SHALHO meeting date, announced by a Levittown newspaper for Thursday, instead of Tuesday, had a catch in it. The SHALHO meeting was scheduled to discuss the "teen-age problem" on Tuesday. The Levittown-paper-backed discussion of the "problem" was scheduled for Thursday, and at the same place as the SHALHO meeting. FOR ACCURATE INFORMATION ABOUT COMING EVENTS READ AND RELY UPON THE SOUTH HICKSVILLE HERALD.

## Free Discussion

Back in July when the SENTINEL first appeared, it was announced that "The columns of the South Hicksville HERALD are available to interested readers (naturally within reasonable bounds) for pertinent discussion and comment. All within the area are invited to participate by corresponding with the editors expressing their views on any phase or aspect of our community life." Publication of the letter from Mr. Sultan, vice-president of the NLHOA, is in conformity with that policy.

## Swimming Pool Solution

Mr. Sultan must have missed the July 24th SENTINEL column, "Swimming Pool Solution", which proposed the development of the Swimming Pool Committee into a non-profit corporation to operate the pools.

## A Responsible Group Needed

We heartily concur with one comment of Mr. Sultan:—"There is still a need in this community for a responsible group of people to prepare some program for the ownership and administration of these (Continued on Page 13)

## Forecasts Weather For Raceway

By CRAIG WALSH

Weather forecasting is a hobby that has paid big dividends to Frank Curran of Abbott Lane. For many years, he has been a close student of atmospheric and other natural phenomena. Besides getting a great deal of satisfaction from his hobby, he has also achieved a degree of international fame, and also has served as the official weather forecaster for Roosevelt Raceway at Westbury.

When Curran picked out the location of his house on Abbott Lane, he chose it to give him the best possible vantage point for observing conditions in the sky. It is alongside Wantagh Parkway and there is a long sweep of vacant land so that he can see for a considerable distance. He says that it is the windiest spot for miles around, and he loves it.

## CATERPILLAR ASSISTANTS

Curran perhaps gets the greatest satisfaction from his long-term weather prognostications based on a study of the woolly bear caterpillar. Although he has had remarkably good luck in his predictions of the kind of a winter to be expected, he makes no pretense of knowing of any scientific reason for the woolly bear caterpillar having less fur on its body before a severe winter than before a mild one. He says that he simply cannot explain it, but that it works.

He stumbled onto his weather predicting abilities about seven years ago while collecting information for an almanac he was writing for the Long Island Assoc. It was in an attic back in his home town up in Vermont. While browsing through some very old papers he picked up a paper yellowed and very fragile from age. The ink was badly faded, but he was able to read a reference to an odd characteristic of the woolly bear caterpillar. It said that the woolly bear caterpillar has fewer rings of fur before a severe winter than before a mild one. It was written in 1888 by one of the

FRANK CURRAN  
And Small Assistants

early settlers of Curran's home town, 125 years before he found it.

It was then in the early fall of the year and the right time to examine the woolly bear caterpillar for a prediction of the coming winter. Curran set out to find some. After checking the amount of fur on a number of caterpillars he felt inclined to make a prediction of that coming winter for the edification of those present in the general store in the small Vermont town. A correspondent for the Associated Press was in the group and he sent in a story on Curran's prediction and how he arrived at it. Editors all over the country evidently liked it and it was printed in many papers. Curran also included the prediction in his Long Island almanac.

Fortunately, the prediction was correct and since then Curran has enjoyed a wide reputation for accurate forecasts. For the last several years he has appeared on radio and television to make his annual forecast of the coming winter weather. He will be on Bill Leonard's program on WCBS, Channel 2, on

Oct. 15 from 5:45 to 6:15 P.M. for this year's prediction. Be sure and look in on it.

For his work at the Roosevelt Raceway, Curran has a very complete weather station. By using his own instruments in conjunction with frequent consultation with the U. S. Weather Bureau, study of the daily weather maps, and his own observations, he makes a daily prediction of weather conditions at the location of the Raceway. His skill is evident by perfect score for every racing date during the last two years.

It is important that the track officials know as far in advance as possible what weather conditions will be. In addition to disappointing the many racing fans who might make a fruitless trip, it is very costly to open the track for an evening if the program may be rained out. Also, the attendance seems to be dependent upon the kind of weather and the officials need to know in advance how much of the facilities to set up for a particular evening. The track itself requires different kinds of treatment in different kinds of weather if the best racing is to be put on, and the officials must be ready. All in all, setting up a weather forecasting station has paid big dividends to the Raceway.

## RANCH HOUSE BLUES:

## In Case You Have A Fire

In the event of fire, call the Hicksville Fire Dept., immediately Hicksville 3-0026; or, if you do not have a phone or if the phone has been put out of use by the fire, ring in an alarm from the nearest fire alarm box or ask a neighbor to do so. The fire dept requests you to send the alarm as quickly as possible, even if the fire appears trifling.

We have been fortunate; the fire record in this locality is good. For your information we are listing the typical Levittown fires.

Oil-burner Fires. Due to faulty ignition or improper air-oil mixture, a minor explosion occurs and a cloud of smoke is emitted into the kitchen from the heater housing. Sometimes waste and lint at the base of the heater ignites. Flip the oil burner switch to the off position. If fire persists, call the fire department. If not, call your burner service man.

Bendix Fires. Due, usually, to an overload on the motor, causing the motor to overheat and ignite accumulated lint; or an electric short at the motor, relay, or wiring, also causing ignition of lint.

Pull out the plug. If fire persists, call the fire department. Do not reconnect Bendix until cause of trouble has been found and corrected.

Kitchen Fires. Grease deposited on the stove top or the kitchen sink

inlet over the stove is ignited by a flash-up from overheated fat or shortening. Rarely occurs, and is dangerous only if adjacent combustible material is ignited.

Attic Fires. Usually due to an electrical short. The in famous Fork Lane fire was caused by an electrical short at glass heating panels, causing bedding in contact to ignite. Call the fire department immediately. In most attics there is an ample supply of combustible material to feed the flames.

Electrical Fire. Due to overloaded circuits or improper wiring New wiring must be inspected and approved by the Underwriter's Inspection Bureau and must comply with the National Electrical Code. It is best to have wiring done by a professional electrician. Not too many such fires have occurred as yet. When they have occurred, they have frequently been in owner-altered houses.

Chimney Fires. Due to soot igniting in the chimney. We have had none so far, but they will occur if your oil burner is not properly adjusted.

Fireplace Fires. There was one bad fire in Levittown due to children trying to build a fire in the fireplace. Keep your fireplace fire under control.

Our fire record is good. Let's keep it so.

COMPLETING A SWING thru 41 upstate counties aboard a chartered bus, US Senator Irving M. Ives waves to friends along the way. Mrs. Ives looks on while the senator's son, George, displays a campaign banner. George Ives, an attorney, is a resident of

10 Barrell Lane, Hicksville. This Saturday, Senator Ives will join GOP Vice Presidential nominee Richard M. Nixon of Calif. on a two-day whistle-stop tour thru Central New York.

## GOING AROUND THE LANES:

# Long Woolie Season Approaches

By FLORENCE VRYN  
LE 3-6407

Last week end it started to get cold enough to think about digging up those plants which a good frost will ruin. Now the yearly problem . . . last spring when I put this stuff in the yard I was delighted to get rid of it, it was beginning to take over the house. I was afraid I'd have to use a machete to cut my way through the undergrowth in the living room. Now after nature has done her work I have ten times as much junk and my patient spouse says sorrowfully "We can't let it just die". Oh can't we? HA HA.

My son's partner in crime had a birthday last week. Susie Cabbie is now four years old, every blond-haired blue-eyed inch of her. And when she and my charmer get together . . . storm warnings should be posted. Susie is as appealing as a sugar angel and as innocent looking as a cherub. But she is definitely a lady who will know how to handle the lads. A

little flattery, a toss of her curls and mommy can scream in vain, her son is captive. She had a lovely party and Grandma Belmer and her cousins, Patty and Linda from Barrister Lane, came over for the occasion. Kathy Duggan and my Ben completed the party. The kids had the neighborhood covered with balloons and little pink party baskets, and they were delighted with the loot they carried away with them. The Cabbies in case you didn't know live on Rising Lane.

What a week Chris Schmid has had. Her oil burner had gone up in smoke and just ruined the paint job through the house. Not to mention the soot on furniture and bed-spreads. This is as good a time as any to remind you to look at your insurance policy and see if the one you have on your furniture covers damage by smoke . . . in most of the fires I have heard of around here it's the smoke that does so much damage. I hope Chris is beginning to see her way out of the whole deal and feels better now. Must be a political year . . . everyone going in for smoke-filled rooms.

The rumor had reached the dark corner in which I dwell between columns, that at the little fiasco held at Levittown Hall the other Sunday on the matter of "genus homo Levittownus" (a phrase which reminds me of all the horrid examples of hucksterism at its worst) a questionnaire was distributed. In among the queries was one which asked the audience to select the most influential "Levittown" organization . . . and among the groups was St. Ignatius Mothers Auxiliary—A Levittown group

Indeed! The beneficiaries of this housing development seem to keep extending. I'm sure the members of the auxiliary would be amazed to hear their group so classified. It's an indication of the aliphatic character of the whole report.

Girl Scout cookie week begins Oct. 11 and please, when the little girls ask you to buy cookies, if you don't or can't buy, tell them gently. Remember a child's trust in all adults may be shaken by some ill-chosen remark by one. Cookies are delicious and any of you who have seen the Scouts in action know with what enthusiasm they go about the task of selling them. Come on join the crowd we're all putting on weight in honor of the cookie drive.

If you read Sunday's news and saw the articles on the weather and the forecast for this winter you must have noticed the picture of the buses stalled in the snow during the blizzard. That picture has been used very often because it tells the whole story without needing words. It was taken by Don Pheasant of 14 Abbot Lane. Don has been doing public relations work for the new Holy Family parish. He was two sons now, the youngest is just a few months old. Knew you would be interested in seeing an example of his skill and that's why I wanted to remind you to look for the picture.

So long till next week. Have fun scrounging around in the attic now, for the something you just know you put just where you could lay your hands on it as soon as the weather got cool. If you have a memory like mine you'll find it for July.

Here comes your cookie gal with those delicious Girl Scout Cookies. Be sure you welcome her with open arms. By buying her cookies you are giving her a chance to be a Brownie or Girl Scout, depending upon her age. Our Girl Scouts of today are the leaders of tomorrow.

The girls of the Matinee Club of Linden Blvd., had a gay ele time with luncheon at the Hotel Taft where they met and talked with that handsome Vincent Lopez. He requested one of the girls to participate in his radio show over WJZ. After lunch they attended a performance of "Guys and Dolls." All this while the poor guys are slaving away. The members are Mae Corcoran, Mary Ebert, Helen Finnerty, Lucille Slowsky and Lillian Thompson.

Ann Silberling of 173 Lee Ave., celebrated her 7th birthday Oct. 2 with a party in her home. Plenty of cake, soda and ice cream were enjoyed by all. She received many

lovely gifts. Her guests were Mrs. Dorothy Wharton and son, Brian, and daughter, Diane, Mrs. Ingrid Christ and daughters, Dorothy, Susan and Jeannie, Betty Lou and Dolores Wagner and Ann's sister, Lorraine. Games were played and prizes awarded to all.

Mrs. Agnes Sacco of Lee Ave., gave a surprise stork shower in her home Saturday night in honor of Mrs. Ginny Varca. The guests were Mrs. Mabel Teubner, Mrs. Henrietta Bolger, Mrs. Harriet Woods, Mrs. Florence Frame, Mrs. Marge Newell, Mrs. Dorothy Hawks, Mrs. Dorothy Rabin, Mrs. Evelyn Cornell, Mrs. Clara Logstead, Mrs. Gladis Cochran, Miss Marge Krummacker and Mrs. Joan Anderson. The gifts were placed in a decorated crib with colored streamers. A stork was the centerpiece of a heavy laden buffet supper table.

James Wright, son of Mr. and Mrs. George Wright of Lenore Ave., was christened Sunday afternoon at St. Ignatius R. C. Church with the Rev. Lawrence Ballweg officiating. Mrs. Magdalen Sterlin was the god-mother and Charles Stehlin was the god-father. A family dinner followed at home. The guests were Mrs. Ida Stehlin and daughters, Peggy and Eileen. The Wrights also have another son, George, and a daughter, Betty Ann.

Mr. and Mrs. Ralph Rankin of Lee Ave., were god-parents Sunday at a christening of their niece in Astoria.

Opinion on Levitt-House Matters  
By a Levitt-House Owner

### The Fall Season Is Upon Us

Back in my high school days in New York City we used to sing an old English public school song in assembly, extolling the beauties of October, the best month of the year. That was back in practically pre-automobile days, when the only glimpse of autumnal foliage for the city dweller was in the parks—and Tompkins Square Park nearby had only a mangy collection of elms, grassless greensward, and a heavily fenced-in playground area. October in New York City meant none of the things of the public school song, except that the weather was frequently clear and brisk, and the sunlight bright and sharp.

Today, with the greater mobility imparted by the automobile, and with a greater recognition of the natural pleasures afforded by the changing seasons, the city dweller is somewhat better off. But the very exigencies of existence in the big city still make the New Yorker the greatest provincial of them all—and I say that as a New Yorker, born, bred, and educated in the big city. And most of us are from New York.

It is almost inevitable that years of readjustment must pass before the city-dweller, migrated to a small community, discovers the many facilities for enjoyment of a different kind of life, right within his reach.

This area is only now coming into its own as part of the Hicksville community. The shakedown period of early provincialism is rapidly passing as the residents begin to find expression in their churches, schools, and other activities in the community.

Fall programs in Hicksville are diversified and many—if you can find the time to tear yourself away from your chrysanthemums, late blooming annuals, beauties of the surrounding countryside, and the finishing touches to that attic room. The adult education pro-

gram is already well under way with nearly 900 registered, and many of the classes, like square dancing, ceramics, or shopwork, are sheer fun. The P-TAs are getting into high gear—and P-TAs in Hicksville have always been active and effective not only in supplementing the school program but also in providing a pleasant way of meeting your neighbors on a common ground of interest. Kiwanis Club's "Kids Day", held recently, was a big success; the projected Halloween Party at the High School promises to be even more successful. The PBC's gym program at the East St. School has been and continues to be a major activity for the teen-agers; other school gyms will similarly be utilized as they become available.

For sports there are the home games of the High School football team—the game with Westbury on Oct. 25 promises to be a humdinger; and the semi-pro games on the High School field Sundays.

The Boy Scout and Girl Scout Troops are beginning to meet regularly at the various schools. The Classroom Teachers Association's monthly square dances have been enjoyable and well attended in the past. The Hicksville Community Concert Assoc. is readying its fall and winter program to be presented by Columbia Artists. The Friends of the Library are arranging an interesting series of lectures and meetings. . . . And so on. . . . I cannot hope to list them all. . . . There was an avalanche of requests for use of the school facilities at the last School Board meeting.

Hicksville is a great place to live, once we shed our city provincialism and become part of its life.

Mr. Sultan is having his day in this issue of the Herald. It is flattering to note that the scant three months of the South Hicksville Herald's existence seem like six.

facilities for which we have already paid". We may have paid for these facilities, but we have no control over them.

### Levitt's Intentions

Levitt still controls the pools and we have no direct knowledge of Levitt's intentions. It is true as Mr. Sultan says, that we have only a "tenuous acquaintance with the truth", via officers of the NLHOA.

### Action Directly Beneficial to the Community

Among the action deemed "directly beneficial to the community", sponsored by the NLHOA, was the attempt and to change the post office address of this area from Hicksville to Levittown. Other actions of the NLHOA can be judged accordingly.

### The Builder Names His Property?

It was interesting to note last week that the "birthdate" of Levittown is claimed to be October 1, 1947, when the first rented Levitt-houses were occupied in an area known as "Island Trees," although the name "Island Trees" was removed from the masthead of the presently Levitt-owned newspaper only 17 months later, on February 26, 1948, with the following editorial comment: "We are not a little sorry that the name Island Trees is passing from our community, as it passes from this newspaper. There was a certain charm, a bit of romance about that name that made us feel a little better when it rolled off our tongues. . . . And at last we must acknowledge the builder's right to name his property."

WE IN HICKSVILLE DO NOT.

## Same Pattern Repeats In Downs

By DOROTHY GUELPA  
Hicksville 3-1218-W

There seems to be a similar pattern in the uproar over the methods in Bethpage Downs as was in the Pine Tree Manor dispute of a year or so ago. The same landowner, the same builders, using a different corporation name and the same general procedure. At a mass meeting held last week in the model house at Bethpage Downs near Stewart Ave. and South Oyster Bay Rd., a demand was made to District Attorney Gulletta to investigate the proceedings.

Many have put down payments on a home only to find themselves faced with summons served for foreclosures, it is alleged. Of course, one does wonder how the builders were granted permits to build the new development when unfinished work and empty promises were still pending in the Pine Tree Manor section.

A suit is being brought against the builders by Mrs. Elisabeth Froehlich and on the outcome of this case rests the hopes of many more would-be home owners.

Unfortunately, no matter what the outcome of this mess, irreparable damage has been done to the family of Ptl. Bertram Hawk who was slain last Sunday by his wife. From information I was able to gather, the Hawk family had been served a summons Saturday for the foreclosure of their new home in Bethpage Downs.

Ray Doyle of Third St. says that one way to prevent this happening again is a method used by a Build-

ers Assoc. in New Jersey that insures the down payments of new homes through Lloyds of London.

Henry Rockhill, Jr. has returned to school after an attack of polio which fortunately was diagnosed in time to prevent serious complications.

The fifth annual communion breakfast of the Rosary Society of St. Martin of Tours was held on Sunday at Anselmi's Restaurant. Mrs. Emmanuel Borg, president of Nassau County Council of Catholic Women, was the guest speaker.

Mrs. Borg spoke about the everyday things that can be done to develop a calmer outlook in this troubled era and how to effect good in the community through action instead of idle conversation.

Mrs. Lydia McNamee was chairman of the affair assisted by Mrs. Eleanor Wixler and Mrs. Muench.

Sgt. Charles Price and family of Burkhardt Ave. are being transferred to Washington, D. C., for about a year. Lots of luck.

Mr. and Mrs. Frank Lewis of Beverly Rd. celebrated their 10th wedding anniversary on Sept. 27.

Don't forget the fire district vote for a new fire truck tonight (Thursday). Whether you are for or against this proposal, at least give the firemen the courtesy of expressing your interest by casting a vote.

## Big Republican Rally On Oct. 27

BETHPAGE—A huge Republican rally, which is expected to attract the largest crowd ever assembled here, will be held Oct. 27 in the public parking field on Washington St., it was announced today by James "Happy" Norman, executive GOP committeeman for the area.

Plans for the event, Norman said, were outlined last night at a special meeting held at the home of Buddy Mazzara, 38 Alice Court, who has been appointed chairman for the rally committee.

Members of the Theodore Roosevelt Republican Club, sponsors of the rally, have pledged themselves to a program of activity geared to "wake up every 'lanovoc' (lazy, non-voting citizen) in the county, as well as make Bethpage Republican Night the most notable in the town's history," Norman said.

Preceding the rally, a torchlight parade is scheduled to begin at 7

"Just how do you get around to do so much as a Veteran Post?" I was asked while at the Kiwanis Day Kids at East St. School, last week.

"First, we were lucky to pick the right time and area to be formed. Any answer beyond that is too tough. But I'll cite some of the ideas that came in handy. See that each member has a chore to do but it's best for him to choose the job and elique the individual with those

who have mutual interest so that they can get together more often to work out their project for presentation to the Post. As these men don't get paid they must like to do what they choose. Be on the lookout for overwork. Overloading a conscientious guy with activities is the worst thing—spread out the work. Always be on hand to say "well done".

Thanks Jim Millner for calling me. You asked about having a gift sent to a brother in the service and

# the Sportlight

By HOWARD FINNEGAN

If we were a blue ribbon jury we would render the following decisions on the Hicksville sporting scene:

Without dissent we would dismiss the insanity charge leveled—bitterly in some quarters—against Hicksville High School for the deliberate safety it took upon itself in its stirring attempt to upset Oceanside. Weighing the evidence we must conclude that the act was not unwise.

For a precedent, we cite Hicksville vs. Farmingdale, 1949. The Comets played the entire second half within its own 20 yard line. The Dalers were pounding, with increasing force, the Hicksville line and it was doubtful that the fast-tiring Comets could hold them off in such close quarters.

With the ball on its own five, Hicksville touched the ball in the endzone for a deliberate safety. The score went to 6-2 in the Comets favor. They used the free kick from the twenty to get out of danger and were successful in holding to the finish.

We must acknowledge that Hicksville was playing to win Saturday and cannot condemn the move.

We bring a verdict of neglect against the Hicksville Field Club for leaving its home gridiron for an entire month. It just isn't keeping faith with the Black and White's loyal fans to play away from home for most of the month of October.

The dates are most desirable in October and many fans are displeased that the FC wants them to sit out on the sometimes blustery days of November.

One thing is sure—not many of them are going to Southampton and fewer will get to Greenport.

For Sunday's game we like the B&W 18-7 over Southampton.

With reluctance we must bring in a verdict for Garden City over Hicksville High this Saturday morning by a vote of 14-7. It is understood that the defendants in this action have strong grounds for appeal.

The lore in Hicksville football history is well imprinted with the snub the Trojans gave the Orange and Black in 1944. The print is even bolder pertaining to the fact that Garden City ran out on the schedule after Hicksville had defeated them four straight years in close games.

Cochet Jaworski will have his boys at the proper pitch for this one, but the court must believe that the Trojans would not have contested at this time unless they were assured of upholding their honor.

## Field Club Victor 19-0 In Debut

HICKSVILLE—The 1952 Field Club indicated the potential but not the polish here, Sunday afternoon, as they opened the season with a 19-0 victory over the Cedarhurst Jones Boys in a dull contest. Less than 500 persons turned out for the heralded opening. The televising of the World Series and the fact that Glen Cove had rubbed the interest off the Jones Boys, 33-7, the previous Wednesday night seriously cut the gate.

This Sunday the Black and White travels to Southampton and according to reports will not show up on the home gridiron for another month.

VETS SPARK For those who did turn out the veterans from other distinguished campaigns performed well despite the sputtering of the Hicksville T.

The central figure, Ed. Coleman, ran the ball a half dozen times and displayed the old fire. He went over from the six-yard stripe for the first Hicksville TD after Emil Koji recovered a Jones fumble on the one. A five yard penalty proved incidental.

Another big favorite for Hicksville fans, George Thomas, ran well out of the halfback slot and

he scored the second Field Club goal from the one. His own ten yard dash over guard set it up.

Quarterback Ray Hallgren connected to Bill MacNamara with a flat pass for the third score. MacNamara outran the secondary 43 yards for the touchdown.

Don Vasquez converted the Hicksville extra point from placement.

John Hogan and Gus Econopouly were outstanding on the defense for the Sabatella crew.

## Sailors Edge Comets; Trojans Next

Hicksville—Fortitude was three minutes from a just reward, here Saturday, but the lone weapon of Hicksville High's plucky Comets succumbed to an erratic bounce, a deliberate safety, willfully taken in desperation, and a questionable ruling on an extra point try. It was by those measures that heavily-favored Oceanside defeated Hicksville 8-6 before 700 fans.

The Sailors got all their points in the last three minutes as the Hicksville defense finally crumpled.

It was a day in which the Orange and Black pinned everything on a spirited defense. Hicksville's only offensive thrust came in the first period when the comets marched off 41-yards and three firstdowns.

After that the Comets never moved again losing the ball constantly on four fumbles and three pass interceptions but their defense held in all the pinches as they played for and got the big break early in the second half.

**BLOCKED KICK** Oceanside, stopped in the last minute of the second quarter by a de or die tackle by fearless Lou Millevotte, fumbled the kickoff and was buried on its own 14.

Lead by George Zuikofsky, the Hicksville line swarmed all over the Sailor backfield on the attempted punt and the ball was blocked.

It bounced crazily in the endzone where Rick Evashuk jumped on it for a Hicksville touchdown.

Then came the play which will long be remembered. On the extra point try the ball was snapped back to Walt Rhind, the whole side of the Sailor line gave to the surge of Orange jerseys and he dove into the hole.

When the pack was unpiled Rhind was two feet over the goal but the officials ruled it no good offering after the contest that the motion was "momentarily stopped."

The ruling was protested briefly but the Comets were overjoyed at their unexpected good fortune and were concerned with making it stand up. It did loom increasingly costly as the third and fourth periods wore on, however, since the stronger Oceanside club was beginning to push around the

But time was running in the Comets favor until the second blow fell.

All day the Comets had played the Sailor punts shrewdly and allowed them to roll into the endzone untouched.

With four minutes left Oceanside kicked from the Hicksville 46. The ball hit on the twenty and bounced high. It appeared to have enough steam to make the endzone but it jerked severely on the twelve and died on the seven.

At that point the Comets sustained their only penalty of the day—five yards for offside—and were pushed back to the two.

In three plays Millevotte moved the ball five yards but with a stiff wind and no distance kicker the Comets elected to take a safety in order to get a free place kick from the twenty.

Millevotte touched the ball down in the endzone and the score flipped to 6-2.

It is to be considered that had Hicksville been awarded its extra point the Comets would have been willing to play the odds and flip for a tie.

The free kick was run back to the Hicksville 42 and what the Comets feared the Sailors would do from the twenty yard area they did from there.

A long pass to the 25 clicked and on the next Bill Gerdes broke over the left end for 28-yards and a first down on the 2.

Six foot two, 210 pound Seymour Skowronek banged it over on the first try.

There was added irony when the Sailors plunge for the extra point was repulsed.

Three plays later the stunned Comets heard the gun and the end to their upset plans.

This coming Saturday the Orange travels to Garden City for a Saturday morning game scheduled for 10:30 o'clock.
