Salary Raises For Town Officials In New Budget

OYSTER BAY—The salaries of all town officials have been increased for 1953, in addition to cost of living increases for town employees, but the proposed budget carries nearly the same gross amount as the current year. A public hearing on the budget is scheduled for Tuesday morning, Oct. 21, here. The gross budget calls for expenditure of \$941,017 compared with \$940,599 in 1952. Estimated deductions are \$922,600, and \$18,417 is applied from "invested reserve" to make a zero town tax. Revenues anticipated include state-shared revenue \$333,000, mortgage tax \$275,000, lands and beaches \$100,000, town clerk fees \$19,000, zoning and building fees \$70,000, tax penalties \$11,000, dog license fees \$15,000, incinerator revenue \$100,000, and Hicksville courthouse rent \$600.

The highway budget requiring a tax of 43 cents per \$100, the same as this year, is \$766,966.25 compared with \$699,525.73 for 1952. This budget shows an unexpended balance this year of \$50,000 and application of 13,842 from the invested reserve.

Salaries of the supervisor, town clerk and tax receiver are increased from \$6200 to \$7500; attorney from \$5200 to \$7500 and building inspector from \$6504 to \$8000. The engineer remains at \$6300. Each councilman will get \$4000 instead of \$2700 per year. (Other details on budget on page 4).

Postpone Oct 23 Alert To Nov 19

The proposed Civil Defense air raid test alert in Nassau County scheduled for Oct. 23 has been postponed until Wednesday night, Nov. 19, it was announced yesterday by County Director Cyril C. Ryan. He explained that surveys indicated there was not sufficient time to achieve "the full effect of objectives" by the first date set. All arrangements made for the Oct. 23 test will be transferred to Nov. 19, he added.

Citizens For Ike Organize Here

Chairman of the Hicksville Citizens Committee for Eisenhower and Nixon and is currently appealing to new voters, enrolled Democrats and Independent voters to support "Ike and Nixon" for election Nov. 4. Schwartz told the Herald that his committee is well organized but has need of volunteers for a few areas of the community, particularly the North East and North West sections. He invites interested workers to call him evenings at LE 9-8793.

Street Death Spurs Campaign

A one-man crusade to get traffic and pedestrian safeguards installed without delay at the corner of Newbridge Rd. and Levittown Pkwy, near the Newbridge Shopping Centre, was underway this week by energetic Lou Sanders of the Blue Ribbon Market on Herzog Place, Hicksville. Sanders also has a meat market in the Newbridge Shopping Centre. He stood at the intersection Monday where an elderly man was killed by a motorist over the weekend and collected more than 200 names on petitions to the Town of Hempstead, State Traffic Commission and County Executive J. Russell Sprague. Local civic groups had been attempting to get a traffic signal at the hazardous crossing for several months.

There are 18,253 voters registered in Hicksville-Plainview area for the Nov. 4 election, an increase of 48 per cent over the 12,400 on the books last election day, officials disclosed this week as registration closed. There are 15 election districts in Hicksville-Plainview area.

A total of 7,425 voters are registered in six Bethpage districts. Levittown with 20 districts in the Township of Hempstead reported 28,872 registered. 100th HAPPY BIRTHDAY:

Plan No Fuss For Unser Reaching Century Mark

HICKSVILLE—Fred Unser, Sr. of 30 Willoughby Ave., will be 100 years of age on Monday, Oct. 20. He will mark the day quietly at his home with his son and daughter-in-law, Mr. and Mrs. Fred Unser, Jr. of the same address.

Mr. Unser has only recently discontinued his daily walks to the business section of town because of the heavy auto traffic and its hazards. He takes his daily walks about the grounds of his home and enjoys good health despite a fall three weeks ago.

"We haven't planned a party of any kind because most of our relatives live far away and we're just so grateful for my father-in-law's good health," Mrs. Unser, Jr. said.

Born in Switzerland, Mr. Unser came to America when he was eight years old, and lived with his family on a farm in Melville. He owned a grocery store in Melville and later entered the real estate business.

He resided in Bethpage for about 10 years before coming to Hicksville in 1947.

On behalf of the community, the HERALD extends birthday greetings to Hicksville's oldest resident.

NORTH WEST NOTES:

Top Priority For Drainage Job

By JAMES CUMMINGS
Representatives of the North West Civic Assoc. met with the Town Board last week to discuss the drainage and road conditions in our North West sector. Town Supervisor Charles E. Ransom in the discussion that followed appeared well aware of our problems and said that several surveys had been made to determine what corrective measures would be taken. He stated that unfortunately our roads, as well as those in the Muro home area, were "only on paper" and that the builders followed whatever sketches or outlines they had in setting the roads

that exist today. However, since April of this year all builders must file with the Planning Commission before receiving building permits and they must post bonds.

Ransom also said that professional engineers will be engaged to make a complete survey of our area after which bids will be advertised for work to be done by outside contractors on drainage sorely needed. The work will start sometime next March at a cost of \$100,000 according to Ransom. George Schult and Mr. Hanson representing the civic, questioned Board members on the work stoppage. Informal Study Of Budget Facts

By FRED J. NOETH

THE COUNTY TAX rate will not be revealed until the end of November, but unless it changes considerably, property owners in Hicksville and other mid-island communities can expect to receive town tax bills for 1953 very much the same amount as this year.

We made a study of special district tax rates and the town budget at Oyster Bay Town Hall last week. The township budget is no longer published in full as a legal notice. To see the figures you must call at the Town Clerk's office in Oyster Bay.

Some facts about the total town budget are published on the front page. Other interesting provisions are these: dog catcher's budget is \$17,969 (which is within the estimated fees for dog licenses) of which the dog warden will get \$4,038, a deputy \$3,861 and helper \$3,395; the sum of \$77,000 is provided for the town's share in acquiring land and construction of parking fields in park districts next year; and Memorial Day appropriation has been raised to \$1,000, something which will make the Hicksville Veterans' Council happy.

Regarding special districts in Hicksville, the parking district tax rate will drop from 6 1/2 cents to 3 cents per \$100 (and no money is provided for any anticipated swimming pool operations, incidentally), garbage tax rate is 30 cents for both the original district and extension covering the Levitt-home area, and water tax is down from 11 1/2 cents to 9 cents per \$100. Fire tax rate will go up from 14 to 18 cents. It was 21 1/2 in 1951.

For Bethpage, the parking tax stays at 6 cents, fire tax is down from 23 1/2 to 15 cents, garbage rate is down from 28 to 27 cents and water down from 15 to 11 cents.

Street lighting tax stays at 14 cents for Hicksville and 11 cents for Bethpage. Allowance for new-type lights on Broadway in Hicksville is provided, according to Councilman Frank Chlumsky.

For Plainview the water tax rate will go down from 48 to 40 cents per \$100 and the fire protection rate will rise slightly from 27 to 29 1/2 cents, so the one about offsets the other.

We believe the present 6 1/2 cent tax rate for Hicksville Park and Parking District might have been comfortably maintained to provide funds to develop and maintain local park areas as well as commuter and shopping parking fields instead of allowing it to drop to 3 cents per \$100. The 3 1/2 cent reduction is a saving of \$1.30 per year in taxes on a home valued at \$3,800.

Herald Reader Opinions

Dear Sir:

In hopes of having a pocketbook with quite a sum of money and other valuables returned to me, would you please publish this letter in your paper?

Dear Madam,

Maybe it would guide your conscience to know that the money contained in the hand-bag you found on Sept. 30, at 11:10 A.M., at Hicksville RR Station, was the two weeks salary of a Nassau County Policeman and not just "pin-money."

I address this letter "Madam" because you were seen picking up the bag only seconds after it was dropped. So please have a heart and return the bag and contents to Don-

ald F. De Boer, 39 Notre Dame Ave., Hicksville.

We'll be glad to give you a reward for your trouble and we'll be forever grateful.

Joanne De Boer
Sincerely
(Mrs. Donald DeBoer)

The Legionnaire

The fall and winter dance season of the Charles Wagner Post is virtually upon us and the first big one of the year will again be the Halloween Dance. While up to this moment we have not heard the actual date, it is believed that Saturday, Nov. 1 will be it. The dance committee, composed of Walter Barnett, Al Barlow, John Nees, Bert Nessel, Johnny Williams and Bob Beard is making all the plans.

Too bad that Hicksville Field Club is playing so many October dates away, both from the viewpoint of the Hicksville fan and the Legion refreshment stand. The first game, however, produced good results on the stand through the efforts of Ed Becker, Guy Smith, Bert Nessel and naturally Ernie Gundlach. Incidentally, Ernie won't be available for several weeks to take charge of the stand but should a home game unexpectedly materialize during that time Bob Beard and Fred Brengel have made arrangements to step in and take over.

Al Barlow was in the chair for the Oct. 6 meeting because of Commander Becker's illness and did a good job on short notice.

At that meeting, after hearing the minutes and the Treasurer's report, Al introduced Mario Blance, who was selected as this year's Hicksville representative to Boys' State. Mario favored the membership with a brief talk describing the activities which included formation of parties, city and state elections with the campaign work involved and finally the inaugural. During the elections Mario was named Highway Commissioner. At the conclusion of the talk the Legion was thanked for its sponsorship.

We look forward each year to hearing the Boys' State nominee after his return home. It is living proof that the Legion has helped one more young American a little further along the road to good citizenship.

The long awaited Circus report was finally made. The receipts were not up to those of past year the

Charles Wagner Post
No. 421, American Legion

amount realized will still go quite a way toward our work in veterans' rehabilitation like the Kings Park program. Elias Jabour gave the complete report in about three minutes, the result of about three months efforts. While many pitched in from time to time in ticket sales, particularly Steve Scholer who made his store and time available, the major portion of the load, including frequent trips necessary for the success of the venture, fell with full weight on Jay's shoulders. The membership accorded him a fine ovation at the conclusion of the report and we'd like to add our two cents publicly to that. Thank you Elias Jabour, for a job well done!

That committee to purchase a P.A. system for the Post really dug into the situation with John Nees, Rudy Bouse, Walt Coane and Bob Schiefersten all coming up with just about the same answers all as a result of differing approaches. The decision has been made and chances are very good you'll be able to see the equipment at the next meeting since the purchase is being made right here in Hicksville.

Frank Biasi reported for himself and LeRoy Wells on their findings in the audit of all club books. As was expected everything was in fine shape and Nick Harter was singled out by the committee for the excellence of his records. Shuck's He's had 20 years!

The 1952 membership went up one when Maurice Ballenger renewed. For 1953 the figure is rising slowly with Fred Hahnicht, Fred Davis, Arthur Ferre and Carmen Dimeras added since the last report we gave you. One prospective member, Frank Governali, was introduced last week.

A ping pong table, complete with net, balls and paddles is now a reality in the downstairs club room through the courtesy of Ernie and Sylvia Gundlach. Now let's see 'em!

Tomorrow night (Friday) is the regular Auxiliary Card Party; next Monday the regular meeting of the American Legion. Try to make both!

And one added item you all should see—the new rotating mirrored dance spot over the dance floor—a donation from John Scholer.

SORRY TO HEAR: Eddie Shea, Past Judge Advocate losing an argument with his car and fire hydrant. Hal Cooley feeling ill. Another Cooley down with a bout with acute Sciatica... it was far from cute. MAINLY ABOUT THE AMVETS: There is fond and high hopes that County AMVETS will soon have a weekly column in a courtly daily paper. Going to ask Historian Fred Blackley to organize a Post Bowling Team soon. County AMVETS will hold a Dance and Raffle on Saturday evening, Dec. 6. The raffle of two beautiful \$100 woman's watch and \$50 man's watch will go off at exactly 12:01 A.M. Dec. 7. All Nassau-Suffolk County posts will be prearranged that evening for a gala time. Dec. 13 a Military Dance for Post members will be held under this One-Man-Committee. It's a chance for the Ladies to wear their finest gowns... and the boys to wear their old Service uniforms. If members can't get into "em"... they have to wear their post caps. Tickets for the dance will be \$1 per person. Colored lights, flags, banners and bunting will be the decorations that night. Proceeds will go toward Xmas funds for kiddies, hospitalized veterans, etc.

DID-JA-KNOW: Audie Murphy was rejected by the Navy, Marines and Paratroops because of his size, later he became the most decorated soldier in World War II and topping all his medals was the Medal of Honor. Johnny Swickick of the post is go-

ing into his own business as a painter. That one of the post members will have a column written about him in Neal Ashby's "Hi-Neighbor" Sunday Mirror shortly. Our own slogan for renewing dues this year, is on its way to National Commander of AMVETS in Washington, D. C. It goes some thing like this, "Come with me—it pays to see—Just who renewed for 53".

BEFORE I CLOSE THIS WEEK: At this time fellows, it was just three years ago that 26 former fighting men and one woman of the Women's Army Corp started Hicksville AMVETS. We accomplished some thing that the whole National Organization had been trying to do for three years. The going was rough, but those of you who believed in what we stood for kept at the grindstone. There are many new faces among us today, and many old ones no longer with us. Those who have stayed are glad to be known as the Pillars of Nassau. We have been "first" in many things and will in many more, but never forget that in three short years we saw the organization spread out through the Counties of Nassau and Suffolk, saw our own post become County Headquarters, aided over 68 veterans who needed help, donated to worthy causes when able to, participated in many events here in Hicksville and other communities... but above all you showed me as Organizer and Pappy of AMVETS here in Nassau what courage, fight and loyalty is. May I at this time say keep at the job you are doing and Happy Birthday now and for many more years to come.

Seeking a theme for this week's column, I came across a picture of Abe Lincoln and one of Mr. Lincoln's quotes: "Ballots are the rightful and peaceful successors of bullets."

While American soldiers have fought heroically to defend American democracy abroad, the veteran in civilian life has, through his failure to vote, created fertile soil for the growth of the fungus of inaction that could strangle democracy at home. Don't emote... VOTE!

I received a letter from Millard Caldwell, administrator for the Federal Civil Defense. Mr. Caldwell in making a personal appeal to our community says: "No one can accurately forecast the odds on an atomic attack upon the U. S. or tell when an attack might be made,

except the Soviet itself. It is now clear that Russia has the atomic bomb and it is equally apparent that they possess long range bombers presumably capable of striking anywhere in the U. S. or well prepared to launch a biological warfare attack against us through any of several methods.

Therefore, the sensible action is to prepare for the worst by enlisting, training and equipping a Civil

Defense force capable of dealing with any C.D. emergency that might arise.

CD, properly manned and organized can reduce casualties and property damage by 60 percent. It is therefore the moral obligation of all of us to assist in the development of a strong Civil Defense system. Call: Hicksville 3-1400 and register. Become a part of your community CD system.

Local Girl Seen In Cinerama

NEW YORK CITY—Miss Grace Brown of 66 Walter Ave., Hicksville, is a member of the Long Island Choral Society that is featured in Part 4 of the new three-dimensional movie, "Cinerama" now being shown at the Broadway Theatre, 53rd St., here.

One of the features of the film is Handel's, "The Messiah", sung and recorded by the L. I. Choral Society several years ago and conducted by the Society's founder, Dr. Maurice Oberst.

Reckless Drivers Anger Parents

By Ruth Schels
H-3-2849R

Alarmed and also angry comments were heard from all sides this past week, regarding the increasing numbers of speeding cars and trucks thru our streets. It's getting so now that every time one of these offenders boils down the road, you find a silent prayer on your lips, hoping that your own and other's children are not in the

murderous path. Sad to say, many of these thoughtless people are not only mothers and fathers themselves, but live right here in our midst.

I cannot imagine a peaceful moment in a lifetime filled with the thought that I had needlessly killed or injured a neighbor's child. This may be considered an open invitation, on my part, to any police car who cares to park on my driveway.

out of sight, and get a real view of what goes on. It's really disgraceful.

Not to sound too much like a dog worrying an old bone, but the same old problem with the confusion of our street names, Gables Rd., and Gables Dr., still exists and unfortunate people are still ringing the wrong doorbells.

There was a death for the Graham family of 19 Gables Road this past week. Yes, Fireman Joe's 1930 Chevy finally gave up the ghost and died of internal injuries. Hope the new one gets to the firehouse as fast as the old girl.

Was sorry to learn that the Frank Graham's formerly of 16 South Elm St., have left us recently for California's sunny climes.

Looking on a brighter side of life, I see we had some double birthday celebrations hereabouts SGT. & MRS. DONALD NAGLEY of 35 Gables Drive, were both a year older, Don on Oct. 3, and Hilda on Oct. 9.

Over on Prince St., at #2, George Giammarino chalked off another year, on Oct. 3, while son George was 10 years old on Oct. 9.

Also on our birthday list is William Jakabek of 28 Gables Rd., who had his day on Oct. 7. Must say those birthdays that come within a few days of each other in the same family, sure can be hard on the old budget!

Received a letter the other day that gave me a real lift. Our son, Teddy, a first grader, mentioned that his teacher Mrs. Wesley, thought a few plants would brighten their classroom. I had just transplanted three large geraniums from outside into pots and was only too glad to find a home for them for the winter months. The thank-you note received was signed by all the children in the class, and is something I shall always treasure.

So many of us here in the Gables have children attending East St. School, I'm sure this will be of interest to all of you—On Nov. 6, from 12 noon to 5 P. M., a "Food Fair" will be held in the school's auditorium. Donations are urgently needed to insure success of this venture. Anything in the food line, handwork, or toys are the major needs. Refreshments will be plentiful, you can eat there, take it home, or better still, do both. Elsewhere in this issue of the Herald is a

complete article dealing with this subject and who to contact for further information, or call me and I'll be glad to help you.

Mrs. Emily Yinger of 4 Gables Rd., was our gracious hostess on Tuesday evening, Oct. 7, for the Ways and Means Committee of the East St. School P-TA and their assistants. This gathering was held to accomplish the making of articles for the coming "Food Fair." We all worked hard, and were very grateful for the delicious coffee and cake served before leaving. These present included Anna Mae Stolz, Charlotte Wagner, Dorothy Jakabek, Carol Brockway and Marie Feuerstein.

Anyone can join the Needlework

Guild by donating two new articles of clothing or household linen once a year, in the fall.

"With spiraling maintenance costs and often working with reduced budgets, many institutions would find it impossible to provide the physical comfort and the psychological boost of warm, decent, new clothing for orphans, handicapped children, TB patients, the aged and chronically ill, without the assistance of Needlework Guild," Mrs. Eugene Staehle, chairman said.

Most church and social organizations in Hicksville are donating to the In-Gathering this year instead of giving as individual members.

Donations of two new garments may be made to any of the following club representatives: Mrs. Joseph Heim, co-chairman with Mrs. Staehle; Mrs. Howard Darling, Mrs. David Duncombe, Mrs. August Jud, Mrs. William Lorenzo, Mrs. Anna Maxim, Mrs. Dorothy Modle, Mrs. Ernest Staby, Mrs. Rose Thurer and Mrs. Sidney Volk.

NEIGHBOR DOWLING VIEWS NEWS

469 Pupils And 9 Classrooms

By JOHN DOWLING
In the near future, the residents of Plainview will be called upon to vote approval of funds required to construct an urgently needed new school.

Many are already familiar with the district's present educational facilities but for the benefit of the new homeowners in Plainview, it is advisable to review existing conditions.

We have a total of nine classrooms divided as follows: two rooms in the old Mannetto Hill

new school. School building, five rooms in the new building and two rooms in the Old Bethpage School which Plainview rents from Old Bethpage District. Also the playground in the new building which is being used for two kindergartens (the School Board has found it necessary to limit the size of the kindergarten to 120 children and place it on double session). The first three grades in the district are also on double session.

A total enrollment of 469 children with only nine classrooms available is the way the current educational picture shapes up.

Now, match these present classroom facilities against a 2000-home

development of which the first section is under construction plus an additional seven or eight other buildings in the district now putting up anywhere from 50 to 100 of more homes and our nine classrooms are hopelessly inadequate.

A step toward the eventual solution of the educational problem from a standpoint of adequate classroom facilities hinges solely on a favorable vote by the residents of Plainview.

The need for another school in Plainview was never greater and it is up to the people to see that the children have adequate educational facilities.

Next week we will give you a preliminary look at the proposed

Interest In Our New Civic Group

By GENE MALJHAN
Hicksville 3-5515

Pauline Recine called me the other day after reading this column. "What's this about an association?" she asked. It seems no one has as yet contacted her. I'm quite happy she called and she gave me five new members. I guess we are all rather busy with our own daily occupations and it does take time to get around to informing everyone of our new club.

I was assigned to Fulton St., but as yet there are a number of residents I have not had time to contact. This is probably true of the other members of the temporary committee. If you are interested in belonging and have

not as yet been approached I shall be very happy to write you in. We have collected a great many names so far and I do not believe we have had any refusals.

In speaking to Mrs. Recine I have learned that she and her husband and several others have formed a social club—nameless to date, but not occasionless, if I may coin a word. Meetings are rotated in the members' homes in the form of social card games. So far the group consists of Vincent and Pauline Recine, John and Sheila Miranda, Patrick and Josephine McPherson, Eve and Dave Roth and Fred and Jeanne Helfers.

I was surprised to find two of my tires flat Saturday morning, but more surprised to find no hole in the tubes. This would indicate vandalism. Since there was some comment about other wanton destruction in the neighborhood, my wife, May, decided to check with the police. It was merely a matter of curiosity on our part in order to ascertain whether it was one of many cases or an isolated prank, but the matter was taken quite seriously by officer DeMarco who drove up to our door asking if there was any way in which he could help us. He offered to have the police check on our neighborhood nightly in order to curb potential vandalism.

Rosemary Recine, age 9, delivered our Girl Scout cookies, Saturday. It is remarkable the cookies that girl can sell. To date no less than 170 orders. This impressed my daughter, Dolores, no end. Her life's ambition is to become a Brownie but alas, Rosemary told me that she must be seven, or at least old enough to read. Since she is six—I imagine she will be required to wait another year, or if there is any exceptions, perhaps someone will let me know. As for selling cookies, she ought to do quite well since she has had experience selling all of our personal magazines to everyone in the neighborhood. As a result of accompanying me on my chicken and egg route, she decided to venture a stab at the magazine business, cleaning us out of every last periodical in the house.

Tom and Mary Hogan celebrated their fifth wedding anniversary, Saturday. I saw Mary scanning the papers for a football game to attend, but, finding nothing in that vein—it was unanimously decided to skip the game and just go out in the evening. I hope they

had themselves a great time. In two weeks my wife and I are to celebrate our anniversary but I can't think of any place to go without running to New York. Does someone know of a nice way to spend an evening out here in Nassau? There are probably many terrific spots, but I just do not get around.

Several of our neighbors have purchased the furnishings of the young couple of 82 Moeller St. Being an English war bride, she became homesick, and is embarking on a four thousand mile trip to Canada, where she has relatives. It seems to me that England would be much closer. However, one cannot pack up in a car and drive to England. It was necessary for them to dispose of most of their possessions as it would be outlandishly expensive to ship anything so far, and the use of a trailer would make their automobile trip through those mountains, hazardous.

It is a small world. I've often said it and now I know it. Upon walking into the home of one of my customers last week I met Mrs. Zharia who lives 15 houses away from me. Jerry Elliot is quite an artist. At Jim McDonald's house I witnessed his artistic prowess. Jim's entire wall is being covered by Jerry's mural of a hunting scene. Mr. McDonald's committee will soon announce definite plans of our first civic meeting—Congratulations Rosalie Leary and Gladys Blaser upon your passage of your drivers' tests—Mrs. Leary informs me that the 2nd grade children and up are taking instructions in the Catholic Church for Communion in May. Also all children can attend Sunday School after Mass on Sunday. . . . Alene Charbonnet has taken her citizenship tests and hopes to be sworn in this December. . . . That seems to be that for today—so I'll close for now.

SHALHO PLANS ACTIVITY:

Father Leavy Stresses Parents' Role In Development Of Youths

By CRAIG WALSH

"The responsibility for a child and his development lies directly in the hands of the parents," said Rev. Michael Leavy, director of the Catholic Youth Organization of Nassau County, in his talk to the members of the South Hicksville Assoc., of Levitt Home Owners at their regular monthly meeting on Oct. 7 in the community hall on Levittown Pkwy.

He said that it is the family that provides the support, protection, love and security which each child needs to grow up as a wholesome human being. Unfortunately, many children do not enjoy these things for many reasons such as divorce, with its farming out of children to grandparents or other foster kin, incompetence of parents, family tensions, etc.

GREAT IMITATORS

Young people are by nature great imitators, said Rev. Leavy, and because their sense of values and reasoning is not fully developed, their actions necessarily follow a pattern that is laid out by their elders. Consequently, if the parents are solid and stable individuals, there is a reasonable assurance that the children will also be solid and stable. On the other hand,

if the parents are unstable, shiftless and irresponsible, what can be expected of their offspring?

The formation of a youngster's character begins at home, he said. If all the homes of the community are what they should be, there will be no youth problems. If the youngsters do not have their needs met at home, where he should receive the greatest consideration, what chance has he of having these needs met on the outside? No one can expect his neighbor to raise his children for him.

Rev. Leavy also emphasized the need for religious training and guidance. He quoted from George Washington's farewell address in which it was said, "Of all habits and dispositions which lead to political prosperity, religion and morality are indispensable supports." He said that those who worship God are law-abiding citizens since religion offers the highest and strongest sanction for right living. A youth program which works with children necessarily draws upon the influence of the home and the church.

BROADENING CONTACTS

The child should be secure in the community against all influences detrimental to proper and whole-

some development. He said it is the responsibility of the community, all the parents together, to provide a program of activity attractive to the young people. As children get older, they should and do break away from home and enter into a larger world where they widen their contacts through community and civic organizations. This is not a divorce from home, but rather a broadening of social contacts. Since youngsters do engage in activities on a community basis, it is of prime importance that the influence surrounding this environment be healthy and wholesome. He said that anything that would be detrimental to his association with his church, his home, or his status as a citizen should be destroyed and done away with.

In his community activities each child should have the right of individual selection of free and wholesome recreation. But to be effective, such recreation must have organization and leadership. It is the responsibility of each leader in the community to supply a program for young people; show them how to engage in it, and then help them to pick it and stick to it.

He said the children have the (Continued on Page 20)

HERALD READER OPINIONS:

Comments On Sultan's Letter

By ARTHUR SCHWARTZ

Mr. Marvin Sultan springs to the defense of NLHOA, but does not bother to mention that it is that group's vice-president and its self-styled "next president." Mr. Sultan's approach is perhaps more thickly sugar-coated, but beneath the surface is the same distortion that has consistently underscored NLHOA policy.

South Hicksville Assoc., of Levitt Home Owners has made clear its policy on the recreational facilities now operated by Levitt and Sons. They favor exclusive use of the pools by Levitt homeowners in Hicksville. They believe these facilities, pools, parks, hall, etc., should continue to be owned and operated by Levitt in accordance with his commitments. In the event that this is not possible, they feel the job could be done by private non-profit corporation or by a special swimming pool district.

The park district split hearing made it plain that exclusive use of the pool's was not an issue. Sultan

echoes the old line of NLHOA when he raises this straw man.

SHALHO is accused of taking decisions of its officers. This is not true to date, two SHALHO officers have run for public office—one was elected and thereupon resigned from the organization. The other resigned upon becoming a candidate and is now involved in his campaign. NLHOA has run Baird for the school board, Miller for Fire Commissioner, Mrs. Apicella for school board, twice, and Mr. Apicella for Water Commissioner. Everyone of them was defeated.

Sultan tells us it is futile to consider legal action against the Levitts. After all, didn't Ira Goldman, Levitt's lawyer tell him so?

SHALHO has written repeatedly to Levitt in an effort to get a meeting to discuss our problems. They don't even answer our mail. Yet Sultan can meet with Goldman, Miller can talk with Levitt and both can still assert that they are not selling every Levitt homeowner "down the river."

The only confusion entailed today is among those who have been victimized by NLHOA and its leadership.

197 Spindle Rd.,
Hicksville, N. Y.

Who? What? Where?

By GEORGE W. KUNZ

In reply to Mr. Sultan's letter of last week, I would like to point out some interesting observations on his presentation of the facts.

First of all, to make certain that all readers understand who Mr. Sultan is, I would like to say that he is vice-president of the North Levittown Homeowners Assoc.

Regarding his assertion that the NLHOA is "committed to a thorough examination of our problems and will not take issue or set until it is proven that the results of such actions are directly beneficial to our community" I wonder just what that means? I place particular emphasis on Mr. Sultan's remark

"beneficial to our community" and ask him — what community?

On Oct. 9, 1952, the very same day Mr. Sultan's letter was printed in the HERALD another letter appeared in a Levittown newspaper under his signature. However, in that letter, Mr. Sultan was speaking officially for the NLHOA and I think all of you will be interested in what he had to say. Therefore, I quote below, portions of his statement:

"It was decided that a similar program (of creating a Park District) should be undertaken in that area of LEVITTOWN which was in the Township of Oyster Bay. . . . Fourteen hundred homeowners in NORTH LEVITTOWN signed a petition asking that this be done. However, the proponents failed to reckon with any opposition to this plan. It was naively assumed that the people in the area wanted their own Park District. . . . This would make North Levittown the play area for the entire District. . . . The NLHOA pledged to the people of the area that it will continue to work for an adequate solution of the problem. It is hoped all of LEVITTOWN will interest themselves to make the feelings of the people known."

New contrast the above with What Mr. Sultan released for publication in this, a Hicksville newspaper, last week. Portions of the letter are also repeated below:

"It has been characteristic that the activities of NLHOA must be criticized even if the interests of the people in Levitt built homes in HICKSVILLE are sacrificed in that struggle."

In other words, in a Levittown newspaper the NLHOA strives for what is good for the Levittowner whereas in this newspaper they say they represent what is "beneficial" to Hicksville.

Heads they win — tails we lose?!

45 Arcadia La, Hicksville

The SENTINEL

Sociologist Blunders

Some of the things Sociologist Liell said in interpreting his figures and charts of Levittown were in extremely bad taste and showed poor judgement, reflecting upon him, his sponsors, and Yale University. He contended that Levittown would not become a slum partly because negroes had been excluded by the Levitts. When two negro Levittowners rose to question his premises, his sauntering-about was something to behold. Much of the after-lecture discussion was devoted to the question, unreported in any of the newspapers.

Myth Punctured

Dr. Liell did effectively puncture the myth of a "planned community". (See RANCH HOUSE BLUES). That myth has repeatedly been used to promote and advertise the Levitts and Levittown. The NLHOA petition for the "split" claimed "these Levitt houses comprise a planned and integrated garden community. . . ."

Young Couples and Young Children

The graph of age groups in Levittown had the shape of a conifer with branches only at the base and midway up. The base represented the many young children in the area. The section midway up indicated that the bulk of the adult population was in their late 20s and early 30s, with most males aged 29 and most females 30. The implications did not require pointing up; for many years Levittown faced a severe school problem, and later, the impact of a tremendous number of teen-agers. Also, with children almost outnumbering adults, the financial burden on the individual parent would be large. The normal ration of older people is notably lacking in Levittown, as is their contributions in taxes and experience.

Taxes to go UP, UP, UP

Dr. Liell held out little hope for the tax-ridden Levittowner. His taxes are due to go up, and up, and up. Where the tax money was coming from was the next natural question; most Levittowners in a sample survey of 1960 earned \$8750 a year; 191 earned \$4700 a year; and only 85 earned \$100 a week or more.

The Turnover

Dr. Liell claimed no knowledge of the householder turnover which to many has seemed unusually great, approaching an exodus. Yet this seems to be an important aspect of the behavior pattern of "genus homo Levittownus" which Dr. Liell's report was advertised to reveal.

Exhuming 'SPLIT'

Together with the old, emaciated, timeworn and useworn red herrings which dangled from him, SPLIT is being exhumed by the NLHOA. Again we are told that NLHOA is battling so that Levitt homes can enjoy exclusive use of the pools, although that is what we have been enjoying for the past two years. Again we are told that the Town Board has made exclusive use impossible by refusing to split the District (although the Town Board pointed out in the preamble to its refusal that "if the proponents desire to reserve to themselves the exclusive use of the swimming pools there are other legal methods available to them to accomplish the purpose"). Again it is claimed that a group in Hicksville is trying to gain control of the pools, although never had any basis in fact, as was obvious as the Town Board hearing.

Supporting the Hall

It is now said that maintaining the hall is a tremendous expense. Only yesterday another NLHOA officer was minimizing that cost. It was a mere \$30,000.00 a year. Earlier an \$80,000.00 figure had been quoted.

We are now assured that it was never the intention to foist that expense on people of this area "until a specific program had been established, which would permit the Levittown Park District to shoulder its proportionate share of the expense." Just how this could be done was not revealed; reciprocal use of facilities in different districts is not permissible under the Town Law. The Town Board pointed out the serious problems involved: "The Board feels that the community hall is for the use of all the developer's purchasers, the largest part of whom live outside [Hicksville] Oyster Bay. This would create a problem with respect to the raising by tax the necessary money for operation, care and maintenance."

The "problem" was created by Levitt when he built, with malice aforethought some say, a hall for Levittown of the Town of Hempstead in Hicksville in the Town of Oyster Bay. If it were feasible, the best solution would still be to pick the hall up and trundle it where it belongs—to Levittown. Under existing circumstances, the only solution with the few headaches would be for Levitt to build another (Continued on Page 14)

RANCH HOUSE BLUES:

Planned Community Isn't

The Levitt development was planned only in part and does not come up to the standards for a planned community, was contended by Dr. John Liell, Yale sociologist, in his talk at the community hall on the Parkway on Sunday, Oct. 5. "The initial opportunism marked the whole program," said Dr. Liell, "the plan utilized was the best plan for the real estate developer, to yield the most profit." Radburn, N.J., an earlier planned community with cul-de-sac streets and no through-traffic arteries, was cited as a precedent which was not followed. "The Levitt development grew and expanded until the land price got to high," Liell said.

While the talk was concerned primarily with Levittown and the problems and status of Levittowners, some of the points made are of interest to Levitt-house residents in this area. Dr. Liell criticized the school locations provided by the Levitts on main streets as bad. It is well known that the School Board has been extremely concerned about traffic-safety problems posed by schools located adjacent to Dutch Lane (Hempstead Ave.) Levitt Parkway, and Old Country Road. He also felt that the major part of the development was located too far from the railroad, and that even if a spur were built on the right-of-way still retained by the railroad, it would not be a satisfactory solution, coming smack in the middle of homes.

Of those questioned whether they considered the Levitt houses they had purchased or rented as permanent homes, 1/3rd said they were, 1/3rd said they were temporary shelter, and 1/3rd said they were undecided. In 1947, the new arrivals found the people "somewhat friendly," while those arriving in 1951 found "people friendly" and liked it very much. The mounting costs in Levittown were reflected by the increased number of families, 11% in 1950 as compared with 4% in 1947, with more than one wage earner employed.

GOING AROUND THE LANES:

Lee Ave, Fork Parents To MeetBy FLORENCE VRYN
LE 9-6467

In case it escaped your attention (and it easily might) I do publicity for local Girl Scouting which point is necessary to establish if you are to understand the next sentence. In typing up the releases for the cookie sale I constantly say "cookie" sale and were it not for an alert proof-reader all sorts of rumors would be around. Can you see the faces of some of our righteous citizens upon reading that the little innocents were trafficking in slave labor? Never can tell what will get into this column next. There was some pretty loose talk about the headline on this column last week and to establish my innocence I do not write the "heads". Woolies indeed!

All of you in this section will receive notices this week of a meeting of the parents of the children in Lee Ave. and Fork Lane Schools. It's been said before and in every column in the paper, but at the risk of repeating myself let me shout it now. . . "Get down to that meeting". If you haven't a car call me and I'll put you in touch with someone who will take you. The school is the finest and the best I've seen, the teachers are wonderful and the principals are the most considerate men I've ever met. BUT it means nothing without that all important parent cooperation. And don't leave

it to Mabel, it's your job too, so be there.

Bob Jacobs is really an enthusiastic dad. . . If you've heard him describing Stephan Ira you know what I mean. But don't think he neglects telling you about Verna Joan who's now three. Bob says by the appearance of the young man, who is just about two months old, he can see a great future as a full-back for him. Lenora murmured something like after carrying him around all day he feels like a whole team. No doubt about it young Stephan is going to have a wonderful time growing up at 14 Bond Lane. Even Laddie, the Jacobs' collie, struts around looking important since a new master arrived.

Fall is the season for square dancing they say, if you're young enough. To prove it Janet Porcelli had some of the boys and girls over Saturday night and they had a wonderful time. Jan had decorated the garage with orange and black crepe paper and corn stalks and pumpkins, well it was just wonderful to see. The Porcelli's garage is big enough for a real square dance and its always in such apple pie order that it made a wonderful background for the gang to really enjoy themselves. The square dancers included Lenny Kershak, Shirley Watson Arlene Gaeta, Henry Meilback, Walter Sellers, Bob Yost, Annette Silberzahn, Al Zucker, Eddie Corenstein, Lavena McDowell, Judy Ellis Juanita McNamee, Dick Oldenberg, Lee Dick, Leon Tyler, Nan McCabe, and Ann Dilworth. Janet is a particular pet of mine and my daughter Betty is "sold" on her. Betty wants to be like Jan and frankly I think she has a point there. The Porcelli's

live in that nice white house on the corner of Jerusalem Ave., and Rising Lane, No. 2.

Virginia Benson of 5 Brittle Lane has been cheering me on with my driving lessons. She took the driver training course last session and she has her license now. She goes along like an old hand at the thing and I watch amazed. The Benson's have a dog house in their carport that my son thinks is a new kind of toy. . . You know there might be a time when the Benson's will have a new tenant in that house—one blond four year old delivered by me.

All her friends will be glad to know that Jacqueline Elwood is feeling much better after her operation and while she'll be away for awhile I know the girls will keep her posted on what's going on in Hicksville. Jacqueline's little kitten is growing fat and saucy and when his mistress comes back to 166 Rim Lane she'll find he's a double for the cat in that ideal commercial on TV. Her mommy tells me that Jacqueline is posing for some pictures for the National Foundation for Infantile Paralysis and I'll bet there isn't a prettier girl or one with a nicer smile that they could have found.

One parting shot . . . don't forget that meeting at Lee Ave. School — its your school and your children, help them both grow by showing an interest. One night a month surely isn't too much to ask. See you there?

The Kelvin Dorward family of 18 Gerald Ave., Hicksville, have moved to Vienna, Va.

hall in Levittown. What disposition Levitt made of his local blunder would be up to him.

"Free Use" of the Pools

The vice-president of the NLHOA says, "We are all of us anxious to have Levitt and Sons carry the expense of maintaining the pools and ballfields indefinitely. I would certainly endorse any program that would be designed to take Levitt into the Courts to enforce that theory." He then goes on to say "that such an attempt would be abortive because, in fact, we have no legal basis for obtaining such a decision."

In contrast to that, the Town Board's decision, written presumably by the Town Board's attorney, as most such opinions are, said, . . . from the information adduced by the Board, the "free use" of the swimming pools was part of the sales promotion employed by the developer. The Board is of the opinion from the best information at its command that to accede to the wishes of the proponents would create an additional burden upon certain property owners for the maintenance, care and operation of the pools and the community hall. . . The Board is of the further opinion that the pools presently owned by the developer as well as the community hall are intended for the free use of the purchasers of the developer's houses, and should therefore not be a matter of concern with respect to operation, care and maintenance by the Town."

The Town Board was of the opinion that the operation, care and maintenance of the pools and community hall should not be a matter of concern to the Town as they were intended for the free use of the purchasers of the developer's houses. Shall we accept a presumably legal opinion, or the opinion of the NLHOA? Is it a civic action "directly beneficial to our community" to insist that we have no legal basis for expecting that which the builder promised? Who's interests are being served thereby?

Carefully Considered Decision

No one should be misled into believing that the issue was lost by the NLHOA because of "emotionalism and hysteria that dominated the meeting at the East St., School: . . . the fanatics and bigots who made a field-day of what should have been an opportunity for the presentation of factual data and reasonable argumentation." In spite of the rank bad behavior of NLHOA adherents who made every effort to prevent the opposition from presenting its side, by continuous interruption, catcalls, and jeers ample opportunity was accorded the proponents, who spoke first, for the presentation of what factual data they could muster and for argumentation, unreasoned though it seemed. "The Board also gave careful and full consideration to the various letters and petitions received both for and against the proposed split and carefully weighed the merits thereof . . . after a careful consideration of all the information supplied, the Board is of the opinion that no valid reasons had been advanced to justify the splitting of the Hicksville Park and Parking District."

THE ISSUE IS DEAD. SPLIT SHOULD NOT BE EXHUMED.

As Szendy Sees It:

Opinion on Levitt-House Matters
By a Levitt-House Owner

NLHOA 'Reorganizes' The Facts

My apologies this week to those who read this column and are, as I am, fed up with fussin' and feudin' over the operation of two swimming pools. Again it is necessary to devote space to arguing about them. The matter of disposition of the pools had been more than adequately discussed in the public press; the Town Board had held a public hearing at the solicitation of the proponents of one proposed solution and rendered its decision; and the issue of splitting the Hicksville Park and Parking District and setting up a separate North-Levittown Park District seemed settled—until last week.

Recently NLHOA, having consulted with the Levitt organization, announced that "the fight (over the "split") isn't over by a helluva sight."

The first pop-gun in that renewed "fight" was fired last week, at me, and at this column. The pop-gun could be ignored, except that it seems imperative in the public interest to do something about those who are again threatening the peace of this community, through misrepresentation, stimulation of unjustified animosity, and other actions which are a downright disservice to the people of this area and the community of Hicksville.

It should be obvious now that the NLHOA is not actually concerned with a solution of the so-called swimming pool problem, disposition of the pools if Levitt abandons them; they are obsessed with the idea of splitting the Hicksville Park and Parking District and creating a North-Levittown Park District. They are not interested in protecting the interests of the taxpayers they claim to represent as a "civic" organization by securing the best possible settlement for the Levitt promise of "free use" of the swimming pools; they are intent upon a modus operandi which would relieve Levitt of the expense of operation and place it upon the taxpayers.

Had they been successful last fall in securing the creation of the new district, the burden of the cost of operation of the pools this summer would have been on the people of this area. They the people of this area, would have had to pay out an amount estimated to be between \$20,000 and \$28,000. Because NLHOA failed, Levitt operated the pools, and the people were again accorded the "free use" they had been promised.

Pertinent and important facts were omitted in the NLHOA renewed plan for the establishment of a North-Levittown District transmitted to the HERALD in guarded language concealed behind a personal attack but carried in a Levittown paper as a forthright demand. No mention was made, for instance, that reciprocal use of facilities contained in different Park Districts is impossible under the Town Law of New York State and that Levittowners would be denied access to the Hicksville pools once they were included in an Oyster Bay Town Board operated District. No mention was made of Levitt's violation of his promise of general use of all the pools by all Levitt-house owners by his transfer of the Levittown pools to the Town of Hempstead, thereby

placing them out-of use for Levitt-house owners in this area.

We were told, instead, that certain Hicksvillites hope to take over the pools and ballfields and make them the play area for the entire Hicksville Park District, and that opposition to the creation of the new District really stems from the Committee for the Incorporation of Hicksville. Both statements are absurdly untrue. They have served in the past as they are meant to serve now, to stimulate unjustified animosity which would further NLHOA purposes. The NLHOA call-to-meeting card reproduced in facsimile on this page, sent out immediately after the "split" hearing, is a sample of the manner in which animosity is fostered by the NLHOA to achieve its coveted objective, not equitable disposition of the pools, but split of the Hicksville Park and Parking District. The spirit and character of the organization can be deduced from that postcard.

It should now be apparent to all there will be no reasonable solution of our "Levitt" problems while an association such as the NLHOA operates as a self-appointed, or perhaps Levitt-appointed, intermediary between Levitt and ourselves. The first step toward real solution would be a disassociation of the NLHOA from the problems. Then we could concentrate upon the real issues, not trumped-up ones calculated to mislead. Then Levitt might deal directly with the people of this area.

Disassociation of the NLHOA from the problem would also be the first step toward peace in this area. Disassociation and disbanding of the NLHOA would be the next step. An association which attempts to stimulate unjustified animosity to serve its objective, objectives which in themselves are of doubtful value to the people it claims to represent, should be disbanded and dissolved by action of its own members brought about by impact of public opinion. We have a right to the peaceful enjoyment of our homes and the facilities that went with them. We should not be denied that right.

MINORITY DOMINATION?

For 18 months the HIG minority has lied to you, elected its men to local boards and spent your local tax dollars.

Bring your neighbors to the SPECIAL MEETING of NLHOA, Tuesday, May 20, at Levittown Hall. The deplorable conduct of the HIG partisans at the Town Board meeting on the future of your parks, pools and Community Hall should convince you... minority HIG rule must stop, NOW! Hicksville and North Levittown are both anti-HIG. Let's take local control from the HICKSVILLE INCORPORATION GANG and give it back to the majority and the Town of Oyster Bay.

Wedding, Shower And Visitors

By DUNNY LUKER
Hicksville 3-5549

There was plenty of fun at Jean Barnes home on Lee Ave. Monday night, when she had a real old fashioned "hen party". Main topic of the evening was "men" and these gals sure tore the poor creatures apart. The young chicks present were: Lelia and Elsie Robbins, Ginney Roth, Ann Langer, Bonnie Acker and Esther Kaplan. Besides all the yakity yak they went through huge platters of cold cuts and plenty of coffee. Needless to say a wonderful time was had by all.

A stork shower for Mrs. Rose Searge was given recently by members of the Wanderers Club at the home of Mrs. Johanna Crew on Lee Ave. The guests were Mrs. Marie Uliano, Mrs. Rose Manaski, Mrs. Anna Steiner, Mrs. Dorothy Richards, Mrs. Elsie DeLorenzo, Mrs. Marial Giman, Mrs. Ann Giovenelli, Mrs. Mary Nongello and Mrs. Gladis Stermer. Refreshments were served and the guest of honor received many lovely gifts.

Miss Jean Chase Is Bride
Miss Jean Chase, daughter of Mr. and Mrs. J. F. Chase of 1 Mercury Pl., Hicksville, became the bride of Joseph Anderson of Mineola on Sunday, Sept. 28, at St. Ignatius Church, Hicksville.

The bride wore a gown of white French lace and nylon. Her veil fell from a crown of orange blossoms and she carried white gladioli with pom poms.

Miss Jean Porcello of Syosset was the maid of honor. She wore a shrimp color gown and a matching picture hat. She carried shrimp color gladioli.

The bridesmaids were Miss Ruth Irncher and Miss Barbara Guedi both of Mineola. They wore candy green gowns and matching picture hats. Their bouquets were of yellow gladioli.

Victor Krawiec of Albertson was the best man. The ushers were Ned Crandall of Williston Park and Anthony DiNapoli of Pelham Park, Bronx.

A reception was held at the Wil-

liston Park Masonic Temple for 70 guests.

I saw the new Wright baby of Lepore Ave. today and he sure is a beautiful child. Paul wanted to know why we couldn't keep him, just like that, huh?

Don't the girls look nice in their Scout uniforms setting their Girl Scout cookies? If one has not contacted you as yet, call me and I'll see to it that a Brownie or Scout gets over with some cookies for you.

This also gives me an opportunity to thank you all who gave so generously to our Girl Scout Fund Drive. It was wonderful how generous everyone was.

The Gangies of Lee Ave. spent Sunday visiting friends. Joe, Jr. sure got to be a Buster. Oh, it is just wonderful since Daddy got discharged from the Navy.

3-Car Collision

BETHPAGE—Herbert Weston 4224 Florence Rd. was injured in a three-car collision on Oct. 11 at Hempstead Tpke. and Wantagh Ave., according to police reports. Weston suffered lacerations of the head and confusion of the left shoulder when the 1948 Hudson he was driving collided with a 1941 Buick operated by Edward Seebek of 30 Shipyard Ave., Lynbrook, and a 1935 Plymouth operated by Francis O'Connor of 132 Bira Ave., Lindenhurst.

Father Leavy

(Continued from Page 13)
right to live in a community in which adults practice the belief that the welfare of their children is of primary importance. He said that everyone screams for facilities, yet these would be empty lots and empty halls without leadership. He asked where do the leaders come from, and said that the answer is that they come from the ranks of the parents themselves. He deplored the people who simply cry about a problem and do nothing about it. He said that effective results come only from facing the problem squarely, discussing it, and following through and acting upon recommendations for solution of the problem. Active membership of parents in various community organizations, and the supplying of constructive ideas and criticisms, is a necessity.

In conclusion Rev. Leavy said the young people are worth all the trouble that adults go to in their behalf. He said that a typical youngster might be about 15 years of age, weight about 104 pounds, and has a sound body crammed full of energy. He is ambitious, full of hope, and he is a hero worshipper. In his hands lie the future of the world, he can be full of dynamite, and he can be gentle. He is like clay and can be molded in any pattern. He can break your heart, and he can bring you joy. He is very easy on the future. He is very definitely worth any effort which might be expended in making him a normal, happy person who will grow into a good citizen.

During the SHALHO business meeting, following the election of Arthur Schwartz as the new president, he appointed a committee to formulate plans for teenage activities in the coming winter and spring seasons. George Kunz of 45 Arcaquia Lane was named chairman.

DEMOCRATIC CAMPAIGN:

Isaksen Says Town Ignores Needs

Communities in Oyster Bay Township have grown so rapidly in recent years that they need a township government completely sympathetic with local problems and activities of its civic groups, Arthur Isaksen, candidate for election as Town Councilman on Nov. 4, asserted this week.

Isaksen who lives at Arcadia Lane, Hicksville, is candidate for an unexpired one-year vacancy on the Town Board.

Speaking before members of the North West Civic Assoc. of Hicksville, he cited as examples of an "unsympathetic" incumbent administration, the problems in Hicksville which, he declared, "are duplicated in every fast growing section of this township including Massapequa."

Parking problems are continuously getting worse and efforts to solve them are only made when local civic and business people "march upon the town board," he asserted.

"It has been my experience, confirmed by my discussion of these problems with local business people and civic association members in all parts of the township, that our present town board has no intention of attempting to solve pressing problems of increased highway traffic, congestion, commuter

Hair-Breadth Harry

the Sportlight

By HOWARD FINNEGAN

We did not see Garden City play Hicksville High Saturday so our only comment must be that now that the Trojans have tasted their first victory they will continue on the Comet Schedule.

Our main reason for not seeing the contest was that we do not approve of high school football games held in the morning. We realize that Athletic Director Chet Jaworski, being an amazing good sport under the circumstances, only agreed to the hour in order to get on the Garden City schedule, but it seems to us a cold way to get on with a game and deprives it of interest and importance.

When the Mid-Island Herald first carried the story of the morning contest last May we decided to turn our interest to other doings Oct. 11.

We picked up tickets to the Pennsylvania-Princeton clash and weren't disappointed with our visit to Palmer Stadium last Saturday.

On returning home we found our one touchdown choice of the Trojans only slightly off.

It will be much the same this Saturday try as the plucky Comets will. South Side 24, Hicksville 13.

If it doesn't run into another dose of Suffolk County football officials rules interpretations, the Hicksville Field Club should untrack itself Sunday at Greenport.

The hosts will be a bit tougher since they have already had a losing but sturdy bout with Glen Cove, but if called upon Ray Halleran and Ed Coleman can provide the difference.

HICKSVILLE 26, GREENPORT 0.

AS WATER BILL ARRIVES:

Beer Shampoos And Rationing

By BARBARA C. SOININEN
Usually our pappy is a kind and gentle soul, one who has always reassured me with "don't worry about it, Hon. It will take care of itself. Why should you think about it. I'll do the worrying in this house. Of course we haven't the money right now, but M! get it paid somehow. You o ahead and make that pie. We'll get along."

Ha! That was before W. B. Day—the day he opened the mail and looked at his first "you pay it yourself water bill." Jekle & Hyde was Mr. Milk Toast when it comes to character changing. He didn't actually grow fangs before our eyes, but his complexion did take on a purplish hue, his hands trembled, his usual "calling home the cows voice" became more basso profundo. He lengthened in stature (pretty clever in our 8ft. ceiling manse), his nostrils dilated and from between clenched lips, pids, he snarled "this can't be true but if it is—from now on there will be less bathing going on in this house—less dish washing—less shampooing and I think we can dispense with the washing machine entirely."

All this was said with appropriate gestures and epithets that would do credit to a Nova Scotia second mate. Then he grabbed a wrench and went around tightening every faucet till they all hollered "ouch." Of course none of us can open anything, catsup, syrup or any other kind of bottle or jar, once he fastens it. However, he has relent-

ed somewhat and since the diatribe, early each morning he opens one cold water tap and pours us a pitcher full to drink or wash with. The choice is ours—you know which the boys choose. With diabolical laugh he runs off to the office where I presume, he rinses out a few things and drinks his fill.

He proposes to put a barrel outdoors to gather rainwater for the laundry and said the master "if our ancestors could scrub clothes on rocks down by the river, then why in the name of common sense can't you put the cement terrace to use?" Using it only in the summer isn't practical anyway. Dishes can be licked clean and as there are only four of us, why not just paint our names on the bottoms and everything will be quite sanitary. shampooes, he said are a lot of fool-warmongers anyway. Find some Indians and get the boys scalped. As he said this, he fixed a speculative eye on me but turned and descended to the cellar. When he came back he handed me a bottle of his favorite brew, and with something like tears in his eyes said "it's only because I love you but I've heard of beer shampooes, haven't you?" So until the water bill goes back on the mortgage and is hidden like taxes, I'll here in my Chateau Martin tub, with suds running down from my little three ringed, blue ribboned head. That rings the bell, waiting for the rain barrel to fill. Hic!

Old Country Road Hicksville

Autos On Fire Twice In Week

HICKSVILLE—Two auto fires were among the calls answered by volunteer firemen this week. Faulty wiring was believed to have caused a fire at Broadway and Old Country Rd., in an auto owned by John Ready of 178 Washington Ave., Mineola, Oct. 7.

A car owned by James Genovese of 174 White St., Danbury, Conn., caught fire at the railroad freight yard on Oct. 8. Firemen were called at 11:09 a.m. Damage was slight.

Firemen were called to the George Ryan home at 68 Summer La., on Oct. 11 to assist with a faulty TV set. No damage was reported.

OYSTER BAY—Nassau County Council, Boy Scouts of America, will conduct their 33rd Annual Pilgrimage to the grave of Theodore Roosevelt here this Saturday.

GREENPORT SUNDAY:

Coleman Tunes Up, Field Club Wins

SOUTHAMPTON—The Hicksville Field Club scored its second victory of the 1952 season, here Sunday, with a 25-12 win as the passing arm of Ray Halleran and the powerful running of Ed Coleman moved into high gear in preparations for bigger things to come.

The Black and White will be on the long road again this week-end when it travels to Greenport for a tough assignment. Following that the team will return to Nassau for a contest with its arch rival, the Glen Cove AA, and then move to the home gridiron for an extended stay.

ONE EACH QUARTER

Kinks still hampered a full steam offense, but Hicksville punched out scores in each of the quarters with repeated penalties preventing others.

Coleman did most of his running in mid-field and his powerful running set up the Hicksville chances. He scored once himself from the five yard line.

Peter Zeiher caught two aerials from Halleran for touchdowns and pulled in another for the lone extra point.

The other Black and White score came on a pass also—Halleran to Herman Rigby.

Harry Jones returned a kick-off 80 yards for the losers and had another long scoring dash called back when a Hicksville halfback convinced the officials that he stepped out of bounds at the 50.

Hicksville lead 12-6 at half time and 19-6 after three periods.

Northwest Notes:

(Continued from Page 1)

age noted sometime ago, together with several promises made by Mr. Brandt and Mr. Chlumsky pertaining to the road improvements.

All these questions were answered by the board members present citing bad weather conditions, need for equipment elsewhere etc. The work now being done by the Highway Dept. will be completed including the curbing of all major thoroughfares, oiling and bluestone as promised. To date only Nevada St. has received the bluestone. Myers, Gardner and Kuhl will follow. Ohio and Princess Streets have not been touched yet.

Before adjoining the meeting Mr. Hanson stressed a very important point on assessment due to this work and drainage to come. Ransom answered, "No special assessment, whatsoever." It is hoped that the Town Board will remember to keep North West Hicksville "top priority" come next March—We will be waiting!

A CANDIDATE SPEAKS!
Invitations were extended to both Republican and Democratic candidates to address our meeting on Oct. 7. Only the Democratic candidate appeared. Arthur Isaksen in his address charged the present "do-nothing" town administration with "throttling the normal, orderly growth of the communities in the township." In the case of commuter parking, Isaksen cited the Herald of March 6 on this problem.

BETWEEN ISSUES

We were informed that the Legion Hall has definitely been booked for Nov. 7th meeting, thanks to Barney Gill of the entertainment committee. . . . All new residents are extended a cordial invitation to join us on that night at the Legion Hall, 24 East Nicholas St. . . . Jim McLoughlin of 72 Myers Ave. putting the finishing touches on his Westchester stone front. A nice job by Jim and Gert. . . . Fairway Farms plans to enclose their property in the near future, details forthcoming. . . .

Three Way Tie In CYO League

WESTBURY—Frank Dragon of St. Ignatius Questions rolled a 212 game and a 521 series during the past week's games in the CYO Bowling League at Westbury 5-belles Alley. Clem Gaertner of St. Ignatius Comets had a 203 game and a 538 series.

St. Ignatius Princes, St. Ignatius Hustlers and St. Francis Reds are tied for first place, with 8 wins and 4 losses.

Comets Bow To Garden City, Await Rockville

GARDEN CITY—A decade of careful maneuvering finally paid off for Garden City, here Saturday morning, as the Orange and Black banner of Hicksville bowed to the Trojans for the first time, 20-6.

In the early 1940's Garden City sidestepped any clash with the Comets but when it was apparent that much of the Hicksville power had been drained off the Trojans put the Orange on its schedule.

Four straight times Hicksville defeated Garden City until that school dropped the Comets from its schedule.

Last year Hicksville won one and lost six and the Trojans asked if the Comets would play a morning contest this October to see if the attendance would improve over the afternoon crowds.

A steady rain ruined a true experiment wherein the crowd was concerned but with possibly the smallest team it has ever had Hicksville could not hold off the Trojans.

With two platoons and two formations the Trojans scored once in the first period and twice in the third.

Running out of a single wing in the first half Garden City moved 70-yards to score in the opening period. The Comets yielded the last 30-yards on a pass from Bill Heineman to Mike Bill.

Hicksville blocked any other scoring in the first half but the victors switched to a T in the third period and quickly banged over two more scores.

Both were from far out. Brad Elliot smacked 53-yards over tackle

Nice to have our good neighbor and friend Frances Reganoto of 60 Myers Ave. up and around again. . . . Guests of Betty and John Finnegan of 62 Kuhl Ave. at the recent Riordan-Cassino American Legion Ball at Paramount Mansion in New York were Mr. and Mrs. Charles Ruppert of Massapequa Park, Miss Doris Flanagan and Miss Theresa McDermott of Astoria, L. I., your reporter and his charming wife. . . . Commander John Keating secured that fabulous Irish entertainer Pete McNulty of the famous "McNulty Family" of Radio, Television and Decca Records who provided songs, dances and a gala evening for all—thanks for the invite John—looking forward to next year. . . .
