BULLETIN—As the Herald went to press, the Searingtown Sand Pit on W. John St. was again the scene of a fire with thick smoke blanketing the North West area late yesterday. Vamps have been repeatedly called to the scene as smoldering rubbish bursts into flames.

Another Death On Newbridge Rd.

The corner of Newbridge Rd. and Levittown Pkwy took another life early yesterday (Wednesday) morning, the second in 10 days. John J. Edward Eianer of 21 RR Ave., Hicksville, driver of the other car, was uninjured. Pedestrian Peter Smith of 17 Brittle Lane died there on Oct. 11 when he was run down by a car at the same crossing. All civic groups in the area have been pressing for the installation of a traffic signal at the corner. Newbridge Rd. is a state highway.

SINGLE SESSIONS AGAIN:

Dutch Lane School To Open Monday

HICKSVILLE—The new Dutch Lane elementary school will receive its first group of 350 students, kindergarten thru fourth grade, next Monday morning, it was announced today by Dr. E. H. LeBaron, superintendent of schools. The Dutch Lane building is the first of four structures, similar in size and design, to be completed. At the same time the East St. School, which has been housing the Dutch Lane students, will return to single daily sessions.

The sudden drop in temperature, last Monday, gave about 1,000 pupils of the new Lee Ave. school an unexpected four-day holiday. With the heating system incomplete, authorities found it advisable to close the building and notified pupils with messages delivered by school bus drivers. The building is expected to resume classes next Monday morning.

A spokesman for the School Board explained that a heating and plumbing contractor on the million-dollar Lee Ave. school had gone bankrupt about Aug. 1 with his job partially completed. Subsequent negotiations with the bonding company resulted in continuation of the work, after a short delay. Actually a relatively minor but essential installation in the heating plant itself was involved and the work was expected to be finished before the end of the week.

Parents of East St. school pupils received notice from Dr. LeBaron this week of the new hours at that building, 8:30 A.M. to 2:30 P.M., above the first grade, and the transfer to Kindergarten thru 4th grades to Dutch Lane School. Fifth and sixth grades will be at East St. For the present, double daily sessions continue for kindergarten thru first grade where the pupil enrollment is heaviest.

John J. Chase is principal of the Dutch Lane School.

Patrick Shanley, OCD, second from right, spoke of the work of foreign missionaries and the persecution they suffer, during the Mission Sunday rally for Nassau County held Sunday afternoon in St. Ignatius Church, Hicksville. Frank McMullen, Rev. William Wash and Rev. Thomas Judge, all of Lynbrook, among the clergy who participated in the parade, vespers and benediction. Hundreds of children took part in a parade, dressed in the robes of various missionary orders, before the services. (Herald photo by Frank Mallett).

FIRE IN PLAINVIEW:

Tempers Cool Slower Than Ashes Of 2 Gutted Houses

PLAINVIEW—Two new unfinished houses in the Knickerbocker development on Bentley Rd., off South Oyster Bay Rd., burned to a heap of ash and charred timbers ~~in the basement~~ Sunday afternoon, before an audience estimated at about 500 persons. The incident had several immediate results:

County Fire Marshal's office was asked to investigate the double fire to determine the cause.

A group of homeowners in the area renewed a campaign to have 35 of their neighbors accepted into the Plainview Fire Co. as a unit, charging the incident on Sunday demonstrated "shortcomings of the present unit" and gave voice to some uncomplimentary comments about the volunteers.

Fire Chief August Keute praised his men for their prompt response and efficiency, despite handicaps of an incomplete, un-paved street, remote water supply, open pit in path of fire trucks and the jam of spectators and traffic.

The alarm was received at Plainview Firehouse at 4:55 P.M. Sunday afternoon and Chief Keute estimated his men and equipment were at the scene in a matter of minutes. At the time the call was made, the one home was already a roaring inferno and the adjacent structure, also an unoccupied and incomplete, was starting to burn fiercely.

Charges voiced Monday that the vamps took "20 to 25 minutes" to get to the fire appeared groundless since a call to Hicksville by an alarmed resident of the area sounded the Hicksville signal at 5:12 P.M., or 17 minutes after the Plainview siren went off. When Hicksville equipment reached the scene with Chief Edward Schluter in charge, the second house was gone and Plainview considered the situation under control.

Keute thanked Schluter for responding but the Hicksville assistance was not required.

The two structures were without windows or interior sheathing. A hydrant almost in front of the

**Dear Jean:**

The new ALLIED HOMES development on Jerusalem Ave., Hicksville, just before you come to the Levitt houses in Hicksville, is well known to most. This week's advertisement in a Queens newspaper is irritating: "New stores at LEVITTOWN. Thousands of new homes with easy walking distance of main thoroughfares near Hicksville High School." The address is given: "Jerusalem Ave. between Hempstead Tpk. and Old Country Rd. at Levittown, LI". . . Plainview Fire Dept is expecting delivery of its new 500 gpm pumper, ordered sometime ago, in about six months. A hook and ladder truck with 55-foot ladder may be in the firehouse before the first of the year. . . A reader came to the office, Tuesday morning, to complain about the U-turn tactics of taxicabs at Hicksville RR station. He had just left the Herald when a legal notice arrived from the Town Board setting a hearing upon a local ordinance prohibiting such U-turns at the station. Quick work. . . LIRR study committee has recommended that the 62-mile Montauk branch of the RR from Patchogue to Montauk be abandoned to save the road nearly a half million dollars a year. . . An unsigned post card in the mail bag reads: "Correction—the APICELLA homestead is sold, but thanks, anyway, for the free ad". . . IKE is expected to tour Nassau on Thursday, Oct. 30, but his itinerary is not yet definite. . . Hempstead Township is assessing 120 property owners for failure to remove "fire and health hazards and weeds" and North Hempstead has two such cases under consideration. We could point out a couple of places in Oyster Bay township for like action. . . ITALOBOTTI, artist and teacher residing in Old Bethpage, is now instructing oil painting classes for Adult Education in Bethpage, Roslyn and Amityville.

ROBERTO Real Estate of 10 West Marie St., Hicksville, has moved to larger quarters at 115 Broadway (formerly HOLDEN'S) to serve the growing demands in his field. . . GOLDMAN'S complete store for men and boys expects to start expansion of their present quarters completed by Nov. 15th. . . GRAND OPENINGS: Hicksville Music Co. at 190a Broadway, will have its grand opening tomorrow and Saturday, Oct. 24 and 25. . . BOTTO BROS. modern hardware store will also have a grand opening celebration tomorrow and Saturday, offering free coffee and donuts. . . More than 500 orchids were given away last Saturday by the SUSAN JOY SHOPS, Hicksville's newest fashion center. . . BETTY SINGERMAN extends a cordial invitation to all to stop in and browse thru the many departments starting today (Thursday) thru Saturday in a three day Grand Opening celebration!

PAUL JUD, son of Mr. and Mrs. AUGUST JUD of 74 East St., Hicksville, will be a happier boy if the person who took his 20-inch maroon bicycle, complete with training wheels, from near his home returns it. His mother feels certain some youngster may have wheeled it off in error. . . Prudential Life Insurance Co. will open its office on the second floor of the HUETTNER building, Monday afternoon. . . many a youngster had short-lived vision of sleighriding, Monday morning, as the first snow of the year just about dabbed the area. Several dads had to think hard about getting down those screens real soon now. . . Oyster Town Budget hearing is NEXT TUESDAY morning, Oct. 28. Information given first to Herald indicated it was scheduled for last Tuesday. . . EMIL SZENDY will be in charge of the program at the Lee Ave. School dedication on Nov. 2. He is the school board's committee on that structure. . . Reference here last week to an employment office which closed did not mean the APPROVED EMPLOYMENT AGENCY at 15 Herzog Pl., Hicksville. Perhaps the humor was a little too vague. . . A new map of Hicksville Fire District, complete with lights to be turned on when an alarm is sounded, thus indicating the location of a fire, was shown to vamps for the first time at their inspection on Saturday night. . .

We understand an interesting test case is scheduled for 10 this morning at Hicksville District Court when a suit is brought by Plainview Water District to collect a disputed water bill for \$26. . . REUBEN H. DONNELLY Corp., mail order NYC house now occupies space upstairs in the former Heuttner building. Mrs. ALICE KENNER is the supervisor of the new Hicksville branch. . .

NORTH WEST NOTES:**Burns Ave Nears Completion**

By James Cummings

Since the groundbreaking exercise on June 17 construction of the Burns Ave. school has progressed rapidly. The new school will have 10 modern classrooms and is expected to handle 1st to 4th grade pupils. It is doubtful whether the school will be open before the end

of this fall term, but it is almost a certainty that it will open for the January term, 1953. Then the greater majority of our youngsters attending other elementary schools will be transferred to the Burns Ave. School. We expect you will have an opportunity to get a close-up of the school on Nov. 4, when you go there to vote.

BETWEEN ISSUES

We learned that young Billy Knaudsen of 86 Kuhl Ave, broke his left arm while playing football. Hurry up and get well! . . . Myers Ave, bluestone complete work is continuing right up to West John, then down Gardner & Kuhl Ave. We'll probably get a hard luck story about cold weather and other commitments before they finish the other streets. If these roads were started when promised, we would not be looking forward to hearing this cry . . . always big promises before elections by all sides—well just wait and see. . . Edward McCarthy of 87 Gardner Ave, has moved to Kansas City, Mo., we learned this week . . .

"If It's Apparel She Needs, We Have It"

Current Comment: Volunteer Fire Fighters

By FRED J. NOETH

"VOLUNTEER FIREMEN—in common with all men—have both vices and virtues." That was the comment of Ernest F. Francke, Nassau County Clerk and Hicksville resident, speaking at the Hicksville Fire Dept. inspection and dinner, Saturday night.

"It is generally conceded that a volunteer worker in any field is more enthusiastic and energetic than one who works under compulsion whether that compulsion be pursuit of monetary reward or dictation of superior force," he went on. "Among the armed forces, the Marine Corps has exemplified this principle. Among public-service agencies, it has been seldom more dramatically exemplified than by our volunteer fire companies.

"We of our community are deeply appreciative of the sacrifice of leisure time which you men so generously give, not only to the actual extinguishing of fires, but to the individual and organizational training without which you could not furnish the efficient service that our community enjoys."

Mr. Francke had no way of knowing that on the following day Plainview Fire Dept. would be the subject of criticism, but his remarks might well be considered in light of the incident out there which is reported on our front page.

"Were it not for those sacrifices," Mr. Francke continued, "we would be paying a prohibitive cost for a full time paid force of firemen. Students of government and municipal finance are agreed that it is prohibitive for a small community to have a paid force continually standing by for the sporadic frequency of fires requiring public assistance in extinguishment and control."

We believe that most of the well-intentioned discussion since the Plainview incident is not based upon malice. In moments of stress and excitement, time seems to drag. If you ever had the experience of waiting for an ambulance, the doctor or even a utility company in time of emergency you can appreciate what we mean.

The decision at the Plainview Civic meeting, Tuesday night, after an airing of this question, should go a long way toward easing conflict and suspicion. A committee of residents and the firemen will sit down to discuss all angles. Such procedure can only result in future cooperation and understanding on all sides.

Our view might be somewhat colored by our membership in a volunteer fire fighting organization. For that reason we have quoted a public official who spoke impartially as a non-member. It was our experience, Sunday, that traffic congestion on South Oyster Bay Rd. and the streets leading to the scene of the fire were congested with autos and spectators beyond belief—and we went behind flashing red lights and wide open sirens.

Only 10 Days To Election

With less than two weeks to Election Day, rallies by both major parties are scheduled in Hicksville but the bulk of the publicity campaigning for presidential candidates was being carried by "Citizens' Committees". Hicksville Democrats will hold a rally and public meeting in the Legion Hall, E. Nicholai St., next Wednesday, Oct. 29, according to William A. Cisler, party leader.

The Republicans will hold an outdoor rally in Bethpage Park next Monday evening, Oct. 27 and pre-election rally in Hicksville Masonic Temple on Friday night, Oct. 31.

Volunteers for Stevenson, led by Val Cunningham of 151 Scooter Lane, Hicksville, carried their campaigning to the commuters at the RR depot and he said "an awful lot of people took the time to congratulate us on the job. It is the consensus of our entire group that Stevenson sentiment is very strong throughout all Hicksville's 15 election districts."

Citizens for Eisenhower committee is sponsoring a monster rally Saturday afternoon, Nov. 1, at the Community Hall, Levittown Pkwy., preceded by a motorcade.

The Legionnaire

HALLOWEEN-1952! This is it—the biggest and best party each and every year. Although the notices and tickets read "dance" this is, in a "truer sense, a real good happy-go-lucky party, with trick dances, games and general merriment for all. The Halloween Party is annual the first—and according to the regulars—the finest of the season. Dress is informal (no shoes required), but costumes are welcome and prizes will be awarded.

We have a rumor from one of our most reliable sources that an apple bobbing contest is scheduled so you'd better sharpen up your teeth. The date is Saturday, Nov. 1—admission \$1.00 per. So remember to come early and check your inhibitions at the door—you may reclaim them when you leave.

Now to switch from the social end of the American Legion to the very important welfare phase of our endeavors.

GIFTS FOR THE YANKS time is with us for 1952. It is the ONLY program of rehabilitation and welfare where your local American Legion Post asks YOU the public and YOU the businessman of Hicksville to contribute directly to deserving veterans. Your contributions of GIFTS or CASH go to hospitalized vets at Christmas. In some instances transportation is provided for those able to leave their beds for brief periods so that they may visit home at Christmas. Occasionally group gifts (TV etc) are furnished. No matter how it's done we try to reach all we can on a local, county and state basis. The ways of distribution are many, the need is great and once each year we ask YOU to help US give the VETS WHO GAVE FOR YOU a little happier Christmas.

During the next 10 days our committee will visit the businessmen of Hicksville and leave a can container and small poster requesting assistance.

ance for Gifts For The Yanks! The Legion hopes that wherever a container is placed it will be prominently displayed and the citizens of Hicksville will contribute generously to making Gifts For The Yanks a success. Every dollar, every gift, goes to the vets. There are no "operating expenses!"

We'll be around soon with Al Vitale, John Paul, Walter Barnett and John Williams. Look for us won't you?

Always looking to report good as a result of Legion activity, Joe Evers, who has returned to Hicksville and has rejoined the Post, tells us young Dick Evers graduated from Adelphi as tops in his class. Dick took advantage of the Legion sponsored GI Bill to gain his education. And now will reap the benefits, because he is teaching at Hicksville Junior High. . . . Last week looked like Past Commanders week on the bar—Fred Brengel, Jay Labour and Walt Schlichting in that order. . . . Thanks to Walter Barnett the cellar switch now operates. . . . Mention of Barney reminds us we omitted him from the P.A. Committee of which he was merely chairman. Sorry Barney. . . . Usual contributions recently forwarded to the Mid-Island Council of Girl Scouts and also the Salvation Army. . . . Last week it was prospective member Frank Governale—today it's Legionnaire Governale. . . . Renewals received from Harold Valentine, Jim Arnesman, Walt Schlichting, Frank Muller, Al Vitale, Walt Coane and Miss Victoria Daines. . . . Mystery of the year—Rudy Boos can't remember who paid him for 1953 membership! Will the individual please contact Rudy? . . .

A closing thought for the resident of Hicksville in Levitt built homes . . . Your interest in community affairs as evidenced by your participation in discussions currently running in the Mid-Island Herald is proof you'd make good Legionnaires.

SORRY TO HEAR: Mrs. Ruth Maxey of Cherry St. is now in the Mineola Hospital . . . hurry up and get well. **GOAL OF 53 . . . VETERANS FAIRS:** We specifically urge realistic attitudes toward the forthcoming \$605,000 independent efficiency survey of the Veterans Administration. We urge legislation giving widows and orphans of World War II and Korean veterans pensions equal to those given to World War I veterans. We urge VA hospital building program be extended, specifically to include more facilities for mentally ill. We urge an increase in compensation for all veterans drawing less than 50 per cent disability.

SOME THING NEW HAS BEEN ADDED: The chairs we ordered arrived in time for the post installation on Oct. 11. Our new shades arrived a few days later. Newly elected Commander Hal Cooley will post a list of two members each week who will take charge of the Clubhouse and see that all runs well and orderly. The eight members in each month will take charge of the monthly affair during the month they serve on the committee. **IN MY OPINION:** There are certain groups who want Uncle Sam to stop the Armed Forces from allowing the fighting men their allotments of beer. First no member of the forces is forced to buy if they choose not to. Secondly if the sale of beer to these men was stopped they'd get it somehow if they had to make it themselves. To the boys who have just returned from a battle where thousands of crazy Chinese Commissars charged them . . . a beer settles their nerves. To these men a can of beer is the same as a Glass of Tea with lemon. I believe that the more important issue is that we see what can be done to stop the youth of our Country from being slaughtered, while Commissars can sit in this free land and think of ways to undermine it. That's about all for this week so until next time is . . .

I listened to a broadcast sponsored by the Communist Party and several from groups. Here in the U.S. there's a law that permits them the use of the channels. They have the right. Had the shoe been on the other foot, it would have been, "replace this ambassador, he's undesirable." I am happy for

Fire Dept Auxiliary Bazaar Of Toys

By Rae Cantilli

Sorry, folks, that I haven't had any column in the paper for the past couple of weeks. There just didn't seem to be any news to write about. Please people give me a break, and keep that news rolling in to me.

Would Mrs. Biddle of the baby sitting bureau, please give me a call? I would appreciate it. My apologies if the name is wrong.

The fire down in the Knickerbocker homes section on Sunday was ghastly. Although the two houses that were partially finished, were unoccupied, I kept thinking that it could have been one of ours. Boy, there wasn't much left. It was a lucky thing that the fire didn't spread to the homes on the next block which is occupied. What a disaster that would have been!

To get to more pleasant things, the Auxiliary to the Plainview Fire Dept., is holding a Toy Demonstration on Friday, Oct. 31, 8:30 p.m., at the Fire House. It is free, and open to those that would like to come. You can order the toys if you so desire. Nothing can be more fun than buying toys or just looking at them. We are all kids at heart . . . and you know Christmas is just around the corner. So come on down.

Don't forget the P.T.A. Bazaar

to be held at the Manetto Hill School on Friday and Saturday, Oct. 24 and 25. The money taken in will go toward Playground equipment for the school grounds. Come down, there may be a lot of things that will interest you, that you haven't even thought about,

I had a wonderful time at a Plastic Demonstration held at the home of Virginia Payne on Island St. Louise Fesselmeyer of Old Country Road, Plainview, was the demonstrator. The things shown were lovely, and everyone had a real gay time playing games and gabbing. Among those present were Ginny's mother, Mrs. Wachter of Jamaica, her sister-in-law, Mrs. Buddy Wachter of Forest Hills, Ethel Geigetter, Mary Ward, Ruth Himmerger, Ruth Gessner, Florence Myrick, and yours truly and of course, the hostess, all of Island St.

Happy birthday to Billy Himmerger of Island Street on his fourth birthday on Friday.

Belated birthday greetings to Glen Geigetter, who was five years old a few weeks back. I heard you had a great big birthday party. Many happy returns. That's all for now. Please let me know if you have any news. I would appreciate it so much.

BRIAR PARK, PLAINVIEW:

Season For Colds Is Here Again

By ETHEL ROONEY

HI 3-5334

Hello Folks,

The season for colds seems to have started again. This is the only part of Autumn I don't like. Jimmy has had a terrible cold and so has Jim. So far, I haven't done too well, but I guess I have to be different, because everyone else I meet seems to be sniffing.

Rolf and Jeanne Brandt of 30 Virginia Ave. were blessed with the arrival of a 2½ pound girl, Marie Louisa, at Brunswick General Hospital on Monday, Oct. 18. This is the third child and second daughter. Needless to say, both sister Leslie and brother Ricky are tickled pink.

Don't forget to get to the PTA Bazaar on Friday or Saturday this week. I'm, sure you can all find something you'll want to buy and all the proceeds go toward new playground equipment for our youngsters. I already bought my Christmas cards and they have some real beauties. You'll also find loads of cakes and pies, plants, needlework, toys, etc. Try to get

there and be sure to buy something.

We went to the Amvet dance last week and had a wonderful time. It isn't very often I get to go out and stay out until 2:30 in the morning and when I do it is a real treat.

Don't forget your school board meets the last Tuesday of every month. It is your privilege to be allowed to attend these meetings and learn about how your schools are run and how your school tax money is spent. Why not try to attend the next meeting?

PLAINVIEW AMVETS Post No. 11

By JIM ROONEY

The Post extends sincere thanks to Vincent Wakeman for his donation of an American Flag. All we need now is an Amvet Flag and our color guard will be complete for the next parade.

Your Amvet ties have arrived and will be distributed at the next meeting. If you want yours sooner stop by at my home, 24 Virginia Ave. and pick yours up.

We had a wonderful turn-out at our Annual Dance held at The Oaks on Oct. 10. Everyone seemed to be enjoying themselves and I'm sure all enjoyed the lovely French singer, Miss Lilly France who entertained us. The clock-radio, which was the door prize, was won by Tommy Payne. The Auxiliary raffled off a beautiful hand made doll which was donated by Mrs. Dorothy Wakeman. The doll was won by Herman Myrick and every woman in the place sighed with regret when the number wasn't hers. About half of the crowd wound up the evening at the Alibi, who as you know, serve some darned good Pizza pie.

We've received a memo from National Amvet Headquarters that all new members can join now and paying just the usual annual dues will be paid up for the entire year of 1953. Actually that means men joining now will save several months dues. If you're interested, why not come to the next meeting. We meet the second Wednesday of each month at the Manetto Hill School.

NEIGHBOR DOWLING VIEWS NEWS:

Preliminary Look At New School

By JOHN DOWLING

The Board of Education has called a special school district meeting on Wednesday night, Nov. 19, starting at 8 o'clock at the Manetto Hill School building, to vote upon a proposition which will result in providing our community with urgently needed additional classroom facilities.

DOWLING

There will be full opportunity for discussion of this proposal before the night of the vote. A member of the Board was scheduled to appear at the Civic Assoc. meet-

ing, Tuesday night, and present the facts. It is hoped that the opportunity to give the story to the P.T.A. will be available prior to the discussion meeting the Board of Education has in mind.

This will be an 18-classroom building, plus three kindergartens. It will be a two-story building of modern design upon a 16-acre tract of land the School District now owns. The property is at the west ends of Ontario St. and Jamaica Ave. The architect proposes that these two streets come together near the front of the building and continue into Southern Parkway. It will thus be readily accessible from both the Model Farms section and the many new home developments along South Oyster Bay Rd.

No one expects this building to solve all the educational facility problems of Plainview, but it will be a long step forward. The proposed building project has the approval and endorsement of the citizens Committee on Grounds and Buildings which equitably represents all viewpoints in our fast growing community.

A very desirable feature of this proposed structure is the provision made for future additions and expansion, utilizing the central core of the structure.

The preliminary architect's layout indicates besides the 18 classrooms, a gymnasium, general purpose room with a small stage, library, various offices and related facilities.

BABY IS BITTEN

HICKSVILLE — Michael Case, age 3, of 31 Autumn Ln., was bitten by his pet Beagle dog while playing in the rear yard of his home on Oct. 16, police reported.

HICKSVILLE GABLES:**Joe Graham Family Back In News**

By Ruth Schulz
 HI 3-2549R

Well, the Graham family of 19 Gables Rd. is back in the news again, this time with a human addition. A son was born to Joe and Rita on Oct. 12, at 9:27 A.M., in Mercy Hospital. He weighed in at 5 lbs. 14 ozs., and has been named Christopher John. His first name had been picked out sometime previously to his arrival, so it was

quite a surprise when he picked Columbus' birthday to make his debut. The Grahams have two other boys, Joseph, Jr., and James. Have a couple more folks, and you have the makings of a basketball team! Mrs. William Oates of 29 South Elm St. was the hostess at a copper party, given in her home on Tuesday evening, Oct. 14. The demonstrator at this gathering was Mrs. Louise Riese of 108 Cedar Ave.,

Hicksville. Centre: Mrs. Oates received a lovely large fruit bowl and a cigarette holder as a gift for being hostess, while Mrs. Emily Yunger was the winner of the door prize, a copper candy dish. Other guests included Mrs. Peggy Oates, Mrs. Joan Ellis, Miss Mary Baird, Mrs. Harry Baird, Mrs. Marie DiBella, Miss Jo Marie, Mrs. Mickey Kreisner.

Our birthday celebrations hereabouts included that of Paul Seith, son of Mr. and Mrs. John Seith of 15 Gables Rd., who was 11 years old Oct. 15. Paul received a much-wanted ring from his parents and a family gathering included his grandparents, Mr. and Mrs. John Seith, Sr., of Islip, and his aunt and uncle, Mr. and Mrs. J. Kosterko of Seaford.

John Parker of 11 Gables Rd. had his day on Oct. 14, while his young son, Dennis, was one year old on Oct. 18. The Parkers are away on their vacation just now, so will have more on this later.

Last, but not least, Mrs. Lorraine Caldwell of 285 Plainview Rd. also had a birthday on Oct. 18. Many happy returns to all of you!

The Ways and Means Committee of the East St. School P.T.A. had another gathering this week to work on articles for the coming "Food Fair" on Nov. 6. This meeting was held at Mrs. Dorothy Jakabek's house at 28 Gables Rd. Believe me folks, if you miss this event, you will be missing a fine opportunity to purchase some lovely and novel articles, either for yourself or gifts. Christmas isn't too far away you know and I think people always appreciate handmade things more so than "storebought." Why not mark this event on your calendar right now, so their won't be a chance of your missing it?

One more thing people, just a little reminder that unless—you give me news items this column will die a horrible death. Many of you have told me that you missed the column this past summer and were glad to see it back. Well, let's hear from you — don't be bashful, for heaven's sake. Remember this is not only a social column, but one where you can feel free to let off any steam which may have accumulated about one thing or another? If you prefer, you may remain anonymous in such matters. I'll be glad to air your grievances, opinions or what have you. Come on, speak up, let's go!

We welcome donations well as dollar amounts—haven't caught yet, but have sunk it down to \$7 cents.

Winter Arrives For Our Family

By Bunny Lauer
Hicksville 3-2794J

Yes, as far as this house is concerned winter is officially here. We all have beautiful colds, except Holly. You know the kind with puffy eyes, red, running noses, between sneezes and wheezes I'll try to squeeze out a few words.

Mr. and Mrs. Owen Buckbush of 166 Cottage Blvd. and children, Lana and Allen, and Mr. and Mrs. F. Teubner and daughter, Judy, of Lee Ave., had a wonderful time Saturday at the home of Mr. and Mrs. R. Bannon of 59 Audrey, Ave. Plainview. "Heard those 'pigs in the blankets' were just out of this world Virginia. How about the recipe?

Mom and Dad had a very nice time at the National Jewish War Veterans convention in Atlantic City over the week end.

Mrs. Mary B. White of N. Y. C., spent the weekend visiting her daughter, Mrs. Pearl Kaplan of Centre St. The boys have a grand time whenever grandma arrives.

Mr. and Mrs. Fred Wells of Cottage Blvd., gave a dinner party Saturday night in honor of Edith's mother and father, Mr. and Mrs. J. Loff on their 25th silver wedding anniversary. Guests were Mr. and Mrs. Fred Well, Sr., Mr. and Mrs. Jack Burnstein, Mr. and Mrs. M. J. Lowes and daughter, Ann, and Mr. and Mrs. Wally Singer. The Loffs received many beautiful gifts.

Oh, my poor aching head. Guess it's back to bed with the aspirins and hot water bottle. Be sure you shake the moth balls out of my red flannels, Marty.

The SENTINEL**'Teen-Age Forums Disagree.**

There have been two discussions of the 'teen-age problem recently at the Community Hall on the Parkway. The first, arranged by SHALHO, presented the Rev. Michael Leavy, Director of the Catholic Youth Organization of Nassau County, who emphasized the paramount role of parents, saying that "it is the family that provides the support, protection, love and security which each child needs to grow up as a wholesome human being." The second, sponsored by the Levittown Hall Advisory Council and the Levittown Civic Council, had Dr. Howard Lane, professor of education at New York University, as chief speaker. Dr. Lane is reported to have said that it is time to "soft pedal" the blaming of parents for juvenile delinquency and for neighbors and the community to take a responsible interest in youth.

There seems to be a fundamental difference of approach; one stresses the family, the cornerstone of our American society, the other emphasizes the potential role of a segment of the state, the local community.

The SENTINEL still contends that most cases of incipient delinquency can be controlled by the parents, and that a primary step in control is to make parents realize and accept their responsibilities. Some parents will shirk off their responsibilities whenever an agency indicates a willingness to accept them. No agency can presume to provide supervision or control comparable to that of a parent—or on a 24-hour basis.

Can it be that the forum sponsored by the LHAC and LCC was meant to spark another Super-Levittown Super-program this one at the expense of the teenagers?

Recreational Districts?

There was considerable discussion at the LHAC forum of ways and means to secure up to 10,000 in state aid granted incorporated communities and municipalities as assistance to youth programs. Also, of ways and means of crossing School District lines in utilizing the school facilities for a "Levittown" program. The intention, seemingly, is to get School Districts to work with Levittown, not Levitt-house owners to work with School Districts.

Willard Stone, Director of Recreation, New York State Youth Commission, reported that there was movement afoot in Albany to create "Recreation Districts" which would disregard geographic lines. Mr. Stone viewed unfavorably the use of school facilities for youth programs. Residents in "Recreational Districts" would be taxed for the support of the program.

"Peacemobile" from Levittown?

A so-called "peacemobile", from which leaflets signed by Paul Robeson and identified as literature from the Queens-Nassau-Suffolk Coordinating Committee, POB 121, Levittown, invaded Hempstead, last Friday. After about 20 persons complained about the distribution of what seemed to be communist-inspired leaflets, the trailer was ordered out of the village.

Levittown House In Hicksville

A Hicksville resident living in a Levitt-house who has been prominent in North Levittown activities, recently had occasion to advertise his house for sale. Did he advertise his house as a "North Levittown" house? That would have placed it in a non-existent geographic area. Or as a Levittown house? That would have placed it in a high-tax area. He solved his dilemma neatly—the advertisement read: "LEVIT-TOWN—SACRIFICE IN HICKSVILLE."

Willing To Share Levittown Taxes

With almost 1800 children in Levittown kindergarten classes this year, far more than any previous year, threatening to swamp an overburdened school system already operating on double sessions, Levittowners have been casting about for some solution of their tax problem. One proposal is to distribute the load on all of Nassau County. A "Share-The-Taxes" program seems to be about to get under way. The SENTINEL wonders whether there will ever be a "Share-The-Pools" program.

Race For Town Councilman

Of direct interest in this area is the contest for a councilman of the Town of Oyster Bay with Dudley McCabe, Republican incumbent, running against Arthur Isachsen, Democrat. Isachsen lives in a Levitt-house on Arcadia Lane, right in this area.

It is a pity that both candidates have not been brought together to speak on the same platform. Isachsen spoke recently at North West Civic Assoc. meeting; McCabe at an NLHOA meeting. It is said that Republican county policy bars its nominees from attending any meeting at which candidates of other parties appear. That may be a wise policy for the candidate who seems to have the edge on his opponent, but not a good policy for the voter who wants to make a careful choice on the basis of personal comparison of qualifications.

Winds of Politics and Policies

The SENTINEL wonders about the possible inter-relation of the following:—The sudden switch of a Levittown paper from Eisenhower to tub-thumping, space-consuming, advocacy of Stevenson; the establishment of a campaign post for the Local Volunteers for Stevenson (Continued on Page 14)

Sultan, Szerlip Competing For Leadership Of NLHOA

NLHOA plans to hold a mass dedication at Levittown Hall of the Hicksville schools located at Fork Lane, Dutch Lane and Old Country Road, if the School Board does not go through with its announced plan for individual dedications, it was announced at the NLHOA meeting at the community hall on the Parkway Friday, Oct. 17. Plans had already been made, with a unique program formulated, when the announcement of School Board's intentions appeared in a local newspaper (the HERALD) it was said The NLHOA plans are not being abandoned, but are being held in abeyance.

Guest speakers at the meeting were Dudley McCabe, incumbent Republican councilman of the Oyster Bay Town Board, running for reelection, who discussed unsatisfactory conditions at the town beaches and the need for road repairs in various areas, said by McCabe as planned for next year, and Sidney W. Pelley, Hicksville Republican Committeeman, an employee of the Nassau County Board of Elections who briefed the meeting on election customs in the County and through the ages.

Traffic problems and recommendations from the floor for improved safety made because of the recent pedestrian death at Newbridge Rd. and Levittown Pkwy were referred to a new Traffic and Safety

Committee. A plea for more active participation of members on the committee for the creation of a North Levittown Park District brought forth a lone volunteer.

The nominating committee submitted a slate of candidates for officers and members of the executive committee to be voted on to get her with nominations made from the floor at the November meeting. Marvin Sultan of 80 Rim Lane and Arthur N. Szerlip of Bamboo Lane are candidates for president to replace Charles C. Miller of 24 Summer Lane whose term is expiring and who accepted a nomination to the executive committee.

Nominees for vice president who accepted were Frank Legay of 39 Straw Lane and Edward Ripple of Bridle Lane. Robert Healey of 60 Abbot Lane and Dorothy Rosen of Bamboo Lane were named for recording secretary and Ada Fox of 10 Bamboo Lane, for corresponding secretary.

Sara Weinstein of 47 April Lane was nominated for treasurer. Six executive committee members at large will be elected next month. Those proposed included Emile Tremblay, Ed Collins, Terence Thrash, Harold Schwartz, David Sigerson, George Kneur, Lawrence Klein, Al Leavy, Fred Liedermann, Glenn Pickett, Charles Miller.

Every Living Room A Garden, Eh?

By Florence Vryna

LE 9-8407

You know lookin' for woolies in the attic isn't such a bad idea! Snow, and it's not November yet! The muscle man around here had better get out his tools and take that drafted screen door down, or the snow will be drifting in through it. Well do I recall having the storm door up till June, but if I start the campaign now I might have the screen out by Thanksgiving. The latest scheme around here is to convert the place into a replica of the hanging gardens of Babylon (not the LI branch.) After my husband's prize plants did so well outdoors he hates to cut them back so he has visions of an indoor garden. If it ever comes to that I shall revert to the costumes of the period.

Several scouts of troop 291 passed the Board of Review recently. First Class Scouts Tilden Riley, Victor Neisch, Alex Andjevsky, Alfred Magill received a merit badge each. Second Class Scouts were Michael Andjevsky, Eric Riffkin, Mi-

chael Fuchs, Clifford Jordan and Warren Riley. Don Miller is the Scout Master of the troop.

Mr and Mrs Harry Reynolds of Richmond Hill announce the engagement of their daughter Sally, to Steven Hoda of 95 Kramer St. Hicksville. The engagement was announced at a dinner at the home of Mrs. Thomas Hennessey of 124 Scooter Lane. Mrs. Hennessey is Miss Reynolds' sister.

Now that the exact details have been covered, pull up a chair and let's chatter about it. Sally has been living at the Hennesseys since she started to work for Republic in Farmingdale. Phyl is Sally's older sister. Sally is as pretty an Irish beauty as you can find, with lovely black hair and dark eyes. What a beautiful bride she will make! Steve works at Republic, too. He's a foreman. Sally went to St. Benedict's in Jamaica and Richmond Hill High and to Drake's Business School. Steve went to High in Westbury and saw service with the Navy. Scooter Lane is near my house and you can feel the rosy glow all the way over here. They make a nice couple and we all wish them lots of luck.

Jim Rubine and Tom Hedgeman of Arrow Lane spent a busy Sunday in the Country scouting for harvest decorations for the Square Dance the Community Church is sponsoring this Friday night. Jean Rubine and Phyllis Hedgeman are going to add a few artistic touches too. The dance is really going to be fun. It will be held at Levittown Hall, Oct. 24, and will begin at 9 o'clock. Music will be provided by Marty Nichols and his Rhythm Ranchers. Square dances are more fun than any other kind of affair, as you know if you've ever been to one. It's a wonderful crowd too. Eleanor Staats of 138 Blueberry Lane will be at the door to collect tickets and Helen Eckhoff is in charge of refreshments. Helen lives on Hope Lane. The Tickets are handled by Mrs. Jackson of 58 Choir Lane and they are 50 cents each. You can get them from Mrs. Jackson or at the door Friday

night. A whole gang from Spindle Rd. is going and every time the Community Church has an affair it is lots of fun. Why not try to make it?

What's this I hear about a certain family on Spindle Rd. thinking of moving to Florida? In a trailer that is. It sounds like quite a project but even though Florida sunshine sounds inviting I hope they change their minds.

Alan Carpenter will speak at the Hicksville Civic Assoc. meeting tonight (Thursday) at the Firehouse. He will discuss the planned high school and school affairs in general. Speaking of School news the children from the Fork Lane and Lee Ave. schools are happy as bees in honey over their unexpected vacation. They will be off until Oct. 27. The mothers may moan at having the little dears under foot but it's better than counting colds in a cold building. (Ask the girl who's paid bills for too many of same.) This weather is getting the best of my crew and I'm beginning to feel like a bit player in Joyce Jordan, girl intern, and an understudy for Young Doctor Malone. At this rate I'll fit into the Ma Perkins role without need of makeup. In fact, all I need is a broom and I'm ready for Halloween. So that's a change?

Hear Piano Duo In 1st Concert

HICKSVILLE — A piano duo, Virginia Morley and Livingston Gearhart, will appear in the first concert of the Community Concerts this Saturday, Oct. 26, at the high school auditorium at 8:30 p.m.

Acclaimed as one of the top piano duo teams in the US today, they have performed on Fred Waring's TV show and made coast-to-coast concert tours. In private life they are Mr. and Mrs. Gearhart. They were both music students in Paris where they met and decided to team up as man and wife as well as a piano duo team.

in the lobby of Levittown Hall; the accelerating effort sponsored by the Levittown Democratic Club to incorporate Levittown as a City.

The SENTINEL hears that the "City" program will shortly be put into high gear, possibly even before the election in November. NLQQA is slated to sponsor it in this area, informed sources disclose.

Proprietary Interest: Traffic Safety

The scramble to sponsor well-publicized traffic safety programs whenever there is an accident makes for unpleasant spectacles; also the clamor for credit when something is done to improve conditions. The programs which should be acclaimed are those which work steadily for the objective.

Safety is an everyday problem.

As Szendy Sees It:

Opinion on Levitt-House Matters
By a Levitt-Home Owner

Age Bracket 20 To 40

A recent sociological survey indicated that the "mean age" of adult occupants of Levitt houses is 32, and that those who are 29 and 30 are the most numerous. Levitt houses are occupied by young couples and their children, and there are few occupants of Levitt houses more than 40 years old.

That stratification, that condition where most adults are of approximately the same youthful age, has been praised as resulting in a "unique" homogeneous community. Actually it is not a "unique" condition. It is common in mass developments built for GI occupancy and sold under especially favorable GI terms; and there is considerable question whether that kind of homogeneity is advantageous, or even desirable.

That homogeneity tends to result in only limited participation in civic affairs, an undesirable and hazardous condition. The youthful adult is pre-occupied with his own affairs of home and family; getting on in the world, establishing security for himself and his dependents. Experience has shown that civic activity in areas with youthful adult population is limited to those few with innate civic interest, and to those who have some definite objective in view—financial gain, power, or even the promotion of an ideology. The group with definite objectives is likely to be the more aggressive, and wield the power.

The sociological survey previously mentioned revealed that the majority of the residents living in Levitt houses do not belong to any of the more than 100 local organizations; that many of those organizations have few members; and that there are fewer memberships in organizations per family than in the older, established communities.

The hazard lies in the non-participation of the majority, or of even a representative segment of that majority, in community affairs, and the resultant acquisition of positions of power and influence by those who may not have the community's interests at heart, or may even plan the disruption and destruction of the community.

The possible presence in community organizations, newly formed by new residents unacquainted with each other, of partisans of foreign ideologies should not be discounted.

By the very law of averages there must be a number of Party members and fellow travellers in our midst. It should be remembered that this is a defense area where infiltration can be expected. Only last week a Levittown resident, a UN employee, refused to testify at a Congressional hearing whether he was or had at any time been a member of the Communist Party. Some of the activity in this area has suspiciously paralleled the announced program of the Party.

It should be everyone's duty to be alert to the potential of red or pink domination where the majority of adults are all within the same age group and are pre-occupied with the immediate problems

Public To See Guild's Work

The public is invited to see the collection of new garments and household linens donated by the community at the annual "In-Gathering" of the Hicksville Needlework Guild this afternoon (Thursday) in the Legion Hall on E. Nicholai St., Hicksville, from 1:30 to 4 P.M.

Danish pastry and coffee will be served to visitors by the Needlework Guild Committee. After the public views the collection, the clothing will be packed and prepared for shipment to charitable institutions.

Mrs. Eugene Staeble, chairman of Needlework Guild, said that shipments will be made to Jones Institute in Hicksville; St. Giles Hospital, Garden City; The Shelter, Mineola; St. Charles Hospital, Port Jefferson; Foundling Home, 68th St., N.Y.C.; Inner Mission, N.Y.C.; St. Mary's, Bayside; Hicksville Red Cross and Ottlie Home, Jamaica.

Communists themselves say that they can be found "on almost every conceivable battlefield for the human mind".

"Q. What are some types of Communist activities within the law?

"A. Working their way into key positions in the schools, the churches, Nominating or seeking control of candidates for public office. The immediate objective of the Communist Party is to confuse and divide the majority so that in time of chaos they can seize control."

"Q. How do communists get control of organizations in which the majority are not communists?

"A. They work. Others don't. They come early and stay late. Others don't. They know how to run a meeting. Others don't. They demand the floor. Others won't. They stay organized and prepared in advance of every meeting."

"Richard Frank, writing in 'The Communist', an official Party publication, specifically directed:

"The Party should work actively in Parent-Teachers Associations and all similar organizations."

THE TIME TO PARTICIPATE IN CIVIC AFFAIRS IS NOW. RECAPTURE OF CONTROL, AS HAS BEEN NECESSARY ELSEWHERE, IS FAR MORE DIFFICULT THAN PREVENTION OF ITS ACQUISITION. ACT NOW.

CARD PARTY IN JERICHO
A card party will be held tomorrow (Friday) night at the Jericho School under the auspices of the **Levittown Community Center**. All proceeds will be donated for the affair.

Loud Residents For Quick Aid

MINEOLA—The quick response of the residents of Hicksville to the Annual Appeal of The Salvation Army now in progress is indicative of the growing awareness of the public to the many services performed without fanfare by The Salvation Army workers, according to Frank Chlumsky, chairman. "The men and women in the blue and red uniforms have undergone a long period of training to prepare themselves for their service to others," said Chlumsky, today, "but there is no training period for giving financial support that they may carry on. So won't you please give?" Contributions are being received by Charles E. Colthurst at the Bank of Hicksville.

First Civic Meeting Next Tuesday

By Gene Maljean

HI 3-5515

Autumn is the soothsayer that informs us we might well expect cold winter winds, loss of electric power in blizzards and friendly home fires that make us appreciate the warmth of our happy home in contrast to the icy winds and white cold that penetrate all that seemed so green and fertile during the summer months. This is the time of year we see our neighbor once or twice a month.

And it will be once a month on the last Tuesday that we will convene for our civic club. This month we will hold our very first meeting at the East St. School on Tuesday, Oct. 28 at 8 P. M., sharp. Let's all get over there and regardless of whether we have been contacted in any other manner, we are all cordially invited to

attend. Remember we need not be members to partake in the proceedings.

It was more than just Columbus Day to Eleanor Carter. We all join to wish her a very happy birthday, which brings us to another happy occasion. Bill and Lila Massey are married four years this past Saturday. Little Carol Roth had a 6 year old birthday party with her young guests: Cora and Barbara Brannah, Susan Carter, Dave McGrath, Charles Leary, Susanne Charbonnet, Margaret Daniel, Patrick Blaser, Margie and Bobby Allison, Gloria Miranda. Eve and Dave Roth have their order in for a newborn due Oct. 28.

If this column seems short this week it is because nothing seemed to have happened here. I guess there are weeks like that. If you have any newsworthy item don't hesitate to call; we'd like to print it.

MISSIONARY TIME Of Red Captors

By RICHARD E. SWINEHART

HICKSVILLE—The Holy Name Society of St. Ignatius Loyola Church received an eye-witness account of life in Communist China when the Rev. Lloyd Glass, Maryknoll missionary, addressed the members Sunday night, Oct. 12.

Introduced to about 100 men of the parish by the Rev. George Bitterman, Father Glass, who was a prisoner of the Reds for over a year, very graphically described life in China under the Communist regime. A missionary in China since 1938, Father Glass explained, how the Red minority in China has sought to undermine the decades of missionary effort on behalf of the Chinese people.

GOVT. OF TERROR

By the use of intimidation imprisonment and indiscriminate executions, the well-armed Communist party members have set up a government of terror which far exceeds that of the Japanese, according to the Maryknoll priest. China is a nightmarish country today, with the vast majority of her people suffering governmental restrictions, constant policing and kept in the throes of class warfare by Communist instigation.

Answering his engrossed audience's questions for an hour, after his talk and the showing of a fine sound film on the work of the Maryknoll missionaries in pre-Red China, Father Glass said he felt certain that the Chinese people would rise to throttle their oppressors if Chiang Kai Shek and his Nationalist army were landed in China. . . . He believed that China could have been kept within the Western Free orbit, after World War II, if we had kept our pledges and supplied her with the military and economic means to resist the Communists.

Referring to the question of whether the Chinese forces fighting so fiercely in Korea were a "Peoples Volunteer Army," Father Glass described them as well trained force of conscripts who are forced into the Communist military service, thoroughly indoctrinated, and sent into Korea to keep "the Americans from taking over Korea."

Asked what he thought was the best manner in which we in the United States can avoid the fate of China, Father Glass seemed to feel that prayer, constant vigilance against subversive forces and the elimination of our own society's defects, would deprive the Communists of the opportunity and material they need to foment class warfare and discord.

Kiwanis Honors Perfect Members

JERICHO—Al Richmond received a 4-year perfect attendance tab at a meeting of the Kiwanis Club Wednesday at the Milleridge Inn here. James Walters received a 3-year tab, the Rev. David Duncombe a 2-year tab and Chan Henn a 1-year tab.

Dr. Charles Malone, president of the Bethpage Kiwanis Club, and nine of his members were present for an inter-club meeting.

CLOSET PROBLEMS?

Hardly one family in ten is satisfied with the household closet facilities. For the other nine, new wardrobe and cabinet units that are easily built by the house handyman will create badly needed storage space where none now exists.

But those other nine families also can accomplish great improvements in closet convenience by merely organizing their present storage space. It's done with efficient arrangements, putting shelves and rods where they'll do the most good, using doors that make the corners accessible and provide ventilation; adding drawers in otherwise unused spots and installing accessories that increase your storage capacity and make your things easier to reach.

Just take a peak at your closets, then visualize what you can do to make your home more comfortable, and easier to keep clean and orderly. Map out your own closet improvement plans, and bring them over here to your "Uncle Tom" who has the quality materials for the job and also the good advice to keep you out of trouble.

Ask to see plan and material specifications for the new under-bed storage chest (on casters). It's a swell idea for gaining space that's never used—can be easily rolled out to clean under the bed, too.

Benson said he had been advised that the fire dept. has 14 openings with a limit of 100 men and by vote had decided not to accept a group of 35 as a unit under the present by-laws, but would be willing to consider each applicant individually. Benson also sought a change in the one-year residence requirement of the fire organization.

A spokesman for the fire department told the Herald "our volunteers did a good job, considering the head-start the blaze had before we got the call. We found all entrance streets jammed with spectators and their cars. Several vamps who live in that neighborhood were there ahead of the trucks and one of them moved a tractor out of range of the fire."

MEANWHILE AT POLICE HEADQUARTERS — A FLOOD OF SUGGESTIONS WAS POURING IN!

By HOWARD FINNEGAN

They are going to put the meat on the platter, so to speak, in this 1952 grid campaign over the week-end.

After three appetizers which had the effect of being served on soggy soda crackers, the Hicksville Field Club travels to Glen Cove for a choice bottle of the unbeaten Sunday.

On Saturday Hicksville High will attempt to redeem what has not been a total loss campaign since the Comets have made gallant stands, with a victory over arch rival, Westbury.

Time and greatness have passed over both schools and their meetings are no longer viewed with the celebrated importance as they once were in the County—but to each other, victory in this contest can salvage anything and everything in the bleakest of years. In recent years, the series have decisively swung to the Green Wave but this time we think the Comets are geared to take the issue.

Hicksville 13 — Westbury 7

Last week we called the Field Club over Greenport by 26 points which was the actual difference but can assure all that the Black and White did not accomplish that margin with the authority we expected.

The offensive indicated a great need for condition and the pass defense was just plain bad. There were glaring instances that showed the team is far from ready for its clash with the Covers.

Considered against the fact that the B & W has never been able to digest the menu spread for it in the North Shore city stadium, the going will be tedious. In the post-war period, we cannot recall a Hicksville win on Glen Cove soil. The best effort was a 0-0 tie four years ago which proved a betting coupe to local supporters.

However, the Covers defeated the very impressive Westbury team 13-6 last week with an eleven that did not have the brilliance, with the notable exception of the great George Fowler, of past Glen Cove Clubs.

The Greenport contest did help unify the Hicksville team. Because the spirit is so good and hopefully expecting that Dom Sabetella will close the defense, we look for Hicksville 20 — Glen Cove 17.

GLEN COVE-BOUND, SUNDAY:

Stung Early, FC Crushes Greenport

GREENPORT—Treated like the city slicker of Long Island Semi-pro football by the Rams of this Suffolk village, Hicksville Field Club overcame two early wobbles raised by the Hickory stick action of the hosts by seizing the weapon from them and jabbing its splinter edges home for a 40-14 victory, Sunday afternoon.

In an impossible contest in which it did not demonstrate one single favorable point in preparation for its contest with Glen Cove next Sunday, the Black and White won by sheer anger over irresponsible officiating.

While its offense would have looked better were the contest a football game, the Field Club's defense was shockingly inept and only the fact that the losers dropped three touchdown passes in the endzone prevented something like a 40-36 score.

INTERCEPTIONS

First half interceptions of Ray Halleran passes caused most of the trouble while in the closing periods Hicksville used the same measures to cement the win.

One minute had elapsed when Al Dinizio picked off a Halleran aerial and romped 44 yards to score. Bill Barnes converted from placement.

Hicksville marched, in a matter of fact manner, 62 yards soon after George Thomas crashing over right tackle the last nine yards. Ed Coleman's plunge was upset by a missed signal and the Rams still led 7-6.

In the second period Greenport ripped Hicksville's pass defense and soon had a 14-6 lead. The 46-yard drive was capped by a nine yard run by Frank Howard.

BITTER

Inspired by the surprise lead, the Rams fought frantically to hold on and the contest became rough and uncontrolled.

A jarring tackle forced a Ram fumble mid-way in the quarter and Lou Koji covered it on the host 25.

Five running plays later Cole- man had the touchdown and Bill Clark plunged for the extra point.

With time running out Clark in- tercepted a Ram pass on the 43 and ran it into the endzone. The bitterest argument of the day ensued when Hicksville was called for clipping on the one yard line.

The 15-yard penalty only upheld the honor of Suffolk football for a minute. Coleman, by this time white with anger, needed only two plays to blast into the endzone. Clark's plunge was good again and Hicksville consoled itself with a 20-14 halftime lead.

SEGRETTO

It was still a shaky lead for time defeated the Rams on the Hicksville 23 in the first half and the passing of Der Cola was still a problem Hicksville could not master.

The tension eased when center Art Segretto intercepted a lateral and raced 23 yards to score for Hicksville in the third period. The last two touchdowns were set up by pass interceptions by Ed Kun- kel.

Coleman went five yards for one and Clark passed four yards to Pete Zeiler for the other.

Comets Make Fine Stand At RVC Face Westbury High On Saturday

ROCKVILLE CENTRE—Hicks-Comets were fighting the clock and weariness and finally succumbed to South Side to a 7-7 tie for 43 minutes, here Saturday, before bowing to superior strength, 20-7, in the last five minutes.

A tie alone would have been a major upset on the Nassau scholastic front. In the light of such a determined stand the reverse was disheartening but served to make the Comets that much more eager to defeat their traditional foes from Westbury this coming Saturday.

In the first period a 30-yard pass from Dom Repetto to Bob Kent gave the Cyclones a 7-0 lead.

Hicksville jumped back in the second stanza to deadlock the score on an eight yard run by Howard Speedling. Joe De Vaul plunged for the tying point.

At the second half wore on the
