Child Dies Under Landslide

HICKSVILLE—Seven-year-old Steven Estrin, only son of Mr. and Mrs. Morton Estrin of 33 Picture Lane, victim of the tragic accident in a newly-dug drainage pit, Monday afternoon (Picture on page 3), was a student in Mrs. Lee's second grade of the Lee Ave elementary school. His father is a concert pianist and choirmaster of the Levittown Reformed Temple.

The child, according to school authorities, had shown a lot of promise as a musician. His death brought forth a wave of indignation regarding the lack of fencing at the pit which is under construction as a sump for a new housing development. Neighbors said Monday evening that some children had been warned away from the spot several days before.

Investigators said yesterday that several children were apparently playing around the rim of the new pit which is still being dug. As the child slipped and pitched down the bank, loose sand and gravel cascaded downward and within seconds the sand had covered him to a depth of about two feet. His startled playmates raced home for help. Neighbors began to dig feverishly while police and firemen were summoned. The boy's mother waited near the pit until the child was declared dead and removed to Meadowbrook.

CD Director Says Thanks

I wish to publicly thank the members of the Hicksville-Plainview Civil Defense Committee for their untiring efforts and excellent cooperation during the 26 month period since my appointment and the organization of this committee. I also wish to thank all volunteers who have enrolled in this important community service. Special thanks is due to the Hicksville Board of Education for the cooperation extended in allowing the use of school rooms when required and to the Board of Fire Commissioners for making it possible to provide the community with an adequate control centre for this organization.

3,000 Greet Santa On Official Visit

Santa Claus came to Hicksville Saturday morning and despite a light rain more than 3,000 children and adults were on hand to greet him. He came to town riding on the Hook and Ladder fire truck, preceded by the Police Boys Club sound truck. His appearance was again sponsored by the Business Men's Assoc. and boxes of candy, courtesy of the BMA, were given to all the youngsters. Sutter and CD Council Resigns; Reviews 26-Months Of Activity

Civil Defense Director Frank Sutter and his CD Committee for Hicksville-Plainview area resigned this week, although Sutter and his staff announced they would continue to be available in case of emergency until a new director is named by County CD Chief Cyril J. Ryan.

Sutter told Ryan that he had received and accepted the resignations of Fred J. Noeth, deputy director; Anthony Ocker, deputy director for Plainview; William Frohnhoefer, secretary; Daniel Munch, fire service director; Benjamin Smith, public works and rescue director; Miss Gertrude Wetterauer, evacuation and transportation leader; Miss Runblid Wessel, welfare service leader; and Arthur Huettner, chief of supply.

Miss Wetterauer and Miss Wessel are continuing in their capacities as leaders of Red Cross disaster services. Thomas Cullen, chief of auxiliary police, told the Herald that his resignation would follow, probably in January.

Sutter made only a brief statement to Ryan: "Since CD was reactivated over two years ago, I have tried to organize our people in this area into an efficient CD unit. This work has become more difficult as time goes on. Under

HICKSVILLE—The newest elementary school, located on Old Country Road, will open its doors to the children next Monday, Dec. 15. Grades two, three and four will report at 8:30 in the morning and will be dismissed at 2:30 in the afternoon. The fifth grades will remain at the Nicholai St. School.

The Old Country Road School is a very beautiful building containing ten classrooms, a kindergarten, play room, cafeteria, Principal's office, Faculty room and health unit. About 480 children will move to this fine, up-to-date, modern building, according to Dr. E. H. LeBaron, superintendent of schools.

The new building is the second of four 10-room structures being built for elementary pupils of the district.

HERALD READER OPINIONS

Questions School Attorney Fees

I call your attention to the article in Newsday Nov. 28, 1952 referring to the current rate of 5/10 of one per cent being paid to Mr. John Borrie, attorney for the East Meadow School District for such financial matters which he would handle for the school district, and the statement quoted in the same article by the New York State Education Dept that the prevailing average rate for attorney fees are 4/10 of one per cent for other school districts in the local area.

I protest that the present contract between Mr. Michael Sullivan entered into by School Board, District 17, Hicksville, which grants him 1 per cent on the first million, 1/4 of one percent on the

second million and 1/4 of one per cent on the third, is excessive, poor business management and a patent waste of taxpayer's money.

If the prevailing average of 4/10

of one per cent were applied to a

local situation on matters involving

a total expenditure of \$3,000,000

the return to the school attorney

would be \$12,000.

Under the contract between the school attorney and District 17, on the same total of \$3,000,000, the return to the school attorney would be \$22,500.

It can readily be seen that a gift of \$10,000 of taxpayer's money is possible under the conditions outlined above for no apparent good reason other than the generosity of school board District

Civic Group Meets This Sunday

Our first family moved here last December and gradually we have grown to 19 families. With the growth of the community we became aware of our growing problems and of civic affairs and have organized the Plainview Gardens Civic Assoc. A meeting of the new Group will be held Sunday, Dec. 14, at the home of president George Kunz, 1 Lincoln Gate. Newest residents in the development are Mr. and Mrs. Joseph

Leakewicz and daughter, Diane of 35 Lincoln Rd. West.

Linda Botsko, daughter of Mr. and Mrs. Al Botsko, celebrated her first birthday with her family on Dec. 5.

Richard Wentz of 14 Lincoln Rd. West left Tuesday from LaGuadilla for San Francisco on a business trip. House guests for the week end at the Wentz's was Peggy's parents, Mr. and Mrs. Clyde Grinn of Highland Park, Harrisburg, Pa.

AMONG AMVETS

Teen-Age Program Takes Shape

By TOM PAYNE

Plans for the teen-age program outlined in this space last week seem to be taking shape very nicely. Gwynn Rees, gym teacher of Manetto Hill School, has consented to act as director of this program. He has had previous experience in this field. A similar program was conducted by Mr. Rees and two other associates for three years in another community. That community's loss can very well be Plainview's gain. That is if we as residents and parents get behind this program and give every possible aid within our means.

Robert Twittle has also offered his services as a representative of our school district. Mrs. Funfeld and Mrs. McIntosh attended the meeting to bring the facts back to our P.T. A. Charles Leib of the Fire District has consented to represent the Fire Department. The AMVETS were naturally represented and I understand the Civic Assoc. will be familiarized with our program at our next meeting. A representative will in all probability be selected then. The interest and initiative are definitely there at least in the hearts of the ever faithful. To arouse the interest of the community to the extent of getting their full support seems the only difficult task.

The second Friday in January is to be the first night for the teenagers and it will be open house

for them. A lot will depend on their reaction. The other evening several of them got together and let us know that they'll do everything they can to help achieve our goal.

Last Sunday was a memorable day. The eleventh anniversary of Pearl Harbor Day. The Auxiliary of Plainview Amvets decided to pay a visit to Northport Veterans Hospital. It was quite an experience for several of the ladies. They brought gifts of games and candy and were surprised that so many of the recipients were incapable of appreciation. The fact is that many of them didn't even realize they had visitors. It's a terrible thing they report because so few visitors are received throughout the year. The hospital personnel expressed their appreciation and hoped they were not disheartened. It hardly seems possible that we who were more fortunate could forget so easily those, who in my opinion, ended up making a bigger sacrifice than the supposedly supreme sacrifice, that of giving their lives for their country.

P-T A Panel Discussion Held At Nicholai On Report Cards

The Parent Teacher Assoc. of the Nicholai Street School, Hicksville, at its November meeting held an interesting panel discussion. Before a good turnout of its own members plus parents from the new Old Country Road and Burns Ave Schools and Superintendent of Schools, Dr. E. H. LeBaron, the interpretations placed upon report card marks were discussed.

The panel was made up of parents, teachers and administrators and the topic was examined from the three viewpoints. James Walters, Principal of the Nicholai St. School, moderated. Mrs. Blake and Mrs. Hiller spoke for the parents. Miss Arnone and Mrs. McGill presented the teachers' attitude and Mr. Duncan and Mr. Davis spoke as administrators.

The parents on the panel brought out that often parents are too willing to help with a child's education but hesitate to do so for fear of interfering with the school's plan. They stressed the need for closer cooperation and understanding between home and school and emphasized the need for the sharing of useful information about the child. They also brought out the importance of a child's personality development

as well as his academic advancement and spoke of the value of praise and encouragement.

Speaking for the teachers, Miss Arnone and Mrs. McGill spoke of the increasing value placed upon the personality development of children. They emphasized that "modern teachers see each child as an individual with each classroom having as many different personalities as there are children in the room." The importance of sharing information with the child's teacher was here again stressed. Parents were urged to meet with the teacher whenever it appeared that a child might be taking an adverse attitude toward the school. The teachers explained that marks and symbols are used to guide and evaluate and are not ends in themselves.

Don't Forget P-TA Meets Tonight

By BUNNY LAUER

Hicksville 3-2794-J

It certainly was a beautiful day Sunday with the warm temperature; soft gentle wind, even the lawns just seemed to bask in the sunshine! The roads were crowded with people from the city coming out to the island to get a breath of fresh air. We, of course, are always different. We left all this gorgeous hunk of goodness and went to the Bronx. Needless to say the kids had a wonderful time at their aunt Iris' candy store. An unlimited supply of peanuts, candy and ice cream.

Mrs. Bertha Bruckner of Kew Gardens was the house guest of the Oscar Lavers of Lee Ave. over the week end.

Master Jerry Helm of Cottage Blvd. celebrated his first birthday with a party for his two sets of grandparents, Mr. and Mrs. Arthur Helm of Long Beach and Mr. and Mrs. Joseph Mason of Brooklyn. Other guests were Mr. and Mrs. Mason, Jr., Mr. and Mrs. Bert Ryan, Mr. and Mrs. Eric Wilbur all of Brooklyn. Jerry looked very nice with all that whipped cream smeared all over his face. He received many lovely gifts but it seemed that his favorite was a big drum that Uncle Bert brought.

Nice to see Evelyn Buckholts of Cottage Blvd. out hanging clothes. She was in with a cold last week. Better not forget the sweater next time.

The Gangies of Lee Ave. have painted the front of their house gray. Looks real nice with the blue shutters and blue door.

Charles F. Wilson, Jr., son of Mr. and Mrs. Charles F. Wilson of 52 Linden Blvd. were the Thanksgiving holiday guests at the home of Mr. and Mrs. Alfred Albert of Cambria Heights in honor of his 14th birthday and his recent confirmation at St. Stephen's Lutheran Church. He was president of his Confirmation class and presented a gift to the pastor. Charles has a brother, Ronald who is 8½ years old.

Welcome to Mr. and Mrs. David Buckman and two children formerly of Levittown who are now residing in the Park Terrace Homes on Dean St.

The Woodleys had a dinner party

Thursday evening at their home. Their guests were Mr. and Mrs. Caspewall Woodley, Mr. and Mrs. Everett Woodley all of Columbia, South Carolina, Mr. and Mrs. Oscar Laufer and of course, my crew. Those hot biscuits and southern fried chicken sure hit the spot. Got to hand it to you Whitey, you sure are a good cook.

Hope to see you all at the P-TA tonight. Remember I'll be there with a committee to hand out refreshments after the meeting.

A weary field wireman looked enviously at the tire chains as he slipped and slid on the mountain trail on his way to repair a break in the front-line telephone wires. Hugging his jacket more tightly around him, he kicked grimly at the fluffy snowflakes on the ground and snarled, "... and to think, some people like this stuff."

DeAndrea is serving as regimental food services officer and is responsible for feeding all of the men in the 38th Regiment.

Shop Windows Lovelier Than Ever

By RUTH SCHULZ
Hicksville 3-2549-R

What with the whole family down with bronchitis for the past week and trying to sandwich in a bit of Christmas shopping, I find it necessary to be brief this week. Have you all noticed some of the lovely decorations in the shop windows in Hicksville? They are really outdoing themselves this year.

Last week's column brought some response, I am happy to report. Had a most enjoyable telephone conversation with a Mrs. Manown of 41 Tiptop Lane, who informed me she has in her possession an interesting newspaper clipping, concerning her husband's family dated 1786. Intend pursuing this matter further and will let you know the outcome.

Terrace Shaken By Tragedy

By GENE MALJEAN
HI 2-5615

I was speaking to some friends over at Hillside Terrace and it seems that the recent tragedy has hit more than too close for comfort. We hope the occupants of the stricken home convalesce rapidly. Dr. Malasky was telling me how shaken up the residents are over the incident.

It must be difficult to live so near the scene and not have a highly portentious feeling.

Lisa Sopko's sister, Eva Deffner from Ruett Stuttgart, Germany, will arrive shortly. She is to marry Michal Ivanchuk whom she met in her home town. Michal wrote for the local newspaper there, and is now stationed in Alaska.

Russ McCormick of Buffalo, who is now stationed in Fort Dix, surprised us yesterday by dropping in with Rose Khouri, a friend of ours. She is in the middle of re-

hearsals now for a spot on the radio.

Alline Charbonnet practicing now for driver's test. Don't be nervous, Alline. Mr. Mecklenburg is now the proud owner of a beautiful two car garage. Charlie Leary is getting pretty far in finishing off his attic, while Bill Carter is working on the cellar of his home.

Lost and found dept.: Please look around for a wooden Firestone wagon which was last seen in front of Mike McAllister's house. Mike paid \$20 for it, so let's see if we can recover it.

Elmer Blaser and Bob Becker have finished a carbon and valve job on each other's chevrolet with the help of Charlie Leary. Mr. Newmara has traded his car for a newer model Plymouth. Good luck with it. It seems everyone is Christmas shopping. Helen Branham and Rosalie Leary are taking turns driving the Starlighter's Club on the yule purchasing trek.

Mrs. Frances Harrell of 7 Stanley St in Hicksville Downs baked her mother a beautiful cake for her 80th Wedding Anniversary. The whole family convened at the parents' home and settled down to a turkey dinner. Let's hear from more of you Hicksville Downers.

Mrs. Warren's dancing school will be moved from Woodbury Gardens to Jerry Spiegel Homes 89 Gardner Ave. Best wishes for a very happy birthday to Mary Hogan of Vincent Road.

This Thursday will mark the Christmas Party of the P-T A. It's going to be a lot of fun—so I hear. The high school is having (Continued on Page 26)

Woodbury Gardens Civics' Notes:

The rains and snows of last week brought to our immediate attention the winter problem of mud. Those of us whose lawns and yards are well covered with grass this year will note the change from a year ago. Throughout most of the development the roads, while not ideal, are temporarily satisfactory with respect to mud and stuck cars. Unfortunately this is not true throughout the development.

Concerning lawns and yards there is little that can be done except to evolve a patient attitude and a 'situation' philosophy. On the subject of roads we were recently speaking with a representative of the Oyster Bay Highway Dept. who gave us the following brief explanation of the road situation in the area: Our present roads are not finally constructed. Our section is involved in a not too simple legal agreement among the builders, the township of Oyster Bay, and Nassau County. We are part of a large grading and drainage project which is to be started (we have been told) as soon as is practicable. We did elicit a definite promise that something will be done right away to lessen the problem that has grown enormous on Miller Road.

Don't forget! The next regular meeting of the Association is scheduled for next Thursday, Dec. 18, at 8 P.M. in the East St. School. Try to be there. This is election night. Don't fail to get your ballot from your temporary committeeman and check the instruction . . . especially those of you who will not be able to attend the meeting.

The Rules Committee will meet at 71 Vincent Road at 8:30 Tuesday night, Dec. 16. The Executive Board will meet at 8 P.M. tonight at 77 Vincent Road. Remember that's tonight, so will you wives please remind your husbands before they fall asleep in front of the television set?

Meet CHARLIE VALDER, veteran of 26 years' service as an armored truck guard.

WE ASKED AN ARMORED TRUCK GUARD

"Guess how much of your phone bill goes for taxes?"

Armored truck guard Charlie Valder picks up and delivers about five million dollars every day.

We figured that a man who handles that much money should have some ideas about taxes.

"Telephone taxes?" said Charlie. "Well, I'd guess about 15¢ on a dollar."

How Telephone Company costs have gone up since 1940

Lead up . . .	210%	Cable up . . .	105%
Poles up . . .	139%	Raw cotton up . . .	275%
Taxes up . . .	165%	Buildings up . . .	106%
Copper up . . .	114%	Steel up . . .	73%

yet phone service is up
an average of only 15%

— more for some, less for others, of course, depending on the type of service and the use made of it.

That might have been right—years ago. But today taxes slice 30¢ off every dollar you pay for your phone bill! This year, you and your telephone company will put over 225 million dollars into the tax till—an average of about \$3.35 a month for every telephone.

Taxes are necessary, and we expect to pay our full share of them. But we did want you to know that we have no magic way of meeting this or any other aspect of inflation any more than you have.

Your cost of living is up 92% since 1940. Our costs have soared, too. Yet, during the same period, the average price of telephone service has gone up only 15%. Operating efficiencies and technical improvements have narrowed this gap, but they fall far short of closing it.

We think these facts speak for themselves—especially since telephone service today is better than ever before.

2 Civic Groups Agree To Argue

A forum on the "disposition of Levittown hall" and the swimming pools in Hicksville built and operated by Levitt and Sons will be held, possibly after the first of the year, it was disclosed this week.

Following a meeting at the home of Arthur Schwartz of 197 Spindle Rd., Hicksville, the following statement was released without further comment:

"The officers and executive committees of the North Levittown Home Owners Assoc. and the South Hicksville Assoc. of Levitt Home

Owners announced tonight (Sunday) that they have agreed to conduct a forum on the current controversy.

The joint committee comprised of three executive committee members of each group stated that the forum would be conducted at an exact time and place which would be announced shortly.

"A prominent, impartial Long Island citizen will moderate the discussion. The rival civic leaders expressed their satisfaction at the

prospect of arguing the issues fully and openly before all the people of the community. The forum will include short presentations by speakers for each organization to be followed by a period of questions from the audience."

Schwartz is president of SHALHO and Marvin Sultan is president of the NLHOA.

The SENTINEL**Another New School**

This is an area of young parents and many children. The parents have three major concerns—the cost of living and the difficulty of making ends meet, caring for and improving the houses they own, and raising and educating their children. They are much interested in the schools; their children spend a considerable part of each day in them.

Comment from the parents, as the new schools open, has been almost universally favorable. They feel, generally, that the physical character of the buildings is good, that they are well arranged, have adequate light, and there has been no unwise stinting in materials or construction.

Another new school in this area, the Old Country Road School, opens next Monday, Dec. 15th. Visit it when you have the opportunity. It is real, tangible evidence of friendly Hicksville interest in the welfare of this area. It should disprove many of the allegations on which hate-Hicksville propaganda has been based.

School Problems Elsewhere

Discussion of centralization or consolidation of neighboring school districts to permit the construction of a high school emphasizes again the fortunate position of those who reside in the Hicksville School District. There simply isn't enough enrollment or tax base in some of the neighboring districts to justify an adequate structure for that purpose.

In Hicksville, plans for the new high school are well past the early development stage. They have been reviewed by the high school teachers, and revised to incorporate some of their excellent suggestions. They have been presented to and explained to the High School P.T.A. They are now being reviewed by the Citizens' Advisory Committee on Education of Hicksville School District.

The building arrangement has been developed under the direct guidance of Dr. Felix McCormick of Teachers College, Columbia University, and incorporates the best national thinking on the subject. It is not merely a composite of local opinions. The building should prove a model of its kind.

When the new high school is built, the present high school building, after some modernization, will be utilized for Junior High.

While on the subject of the High School, the SENTINEL would like to point out that unlike neighboring communities Hicksville had a going high school to which we could send our children when we arrived, one which also took care of many Levittown children during the past four years.

Hicksville, and we, are fortunate.

Annexation to Levittown

The Long Island daily newspapers seem incapable of any clarity whatsoever in presenting the pools and Hall controversy. The people who read only those papers must by now, be completely confused. Much of the confusion in the minds of the newsmen was engendered of course by the early arguments for the "split"; when the major contention was that "Hicksville is trying to take our pools"; they haven't been able to get the facts straight since.

Some writers have interpreted the present "hassle" as argument over the proposed annexation of part of Hicksville by the Town of Hempstead, to add it to Levittown. In that they are not too far wrong. The pools and Hall controversy could easily be settled without change in boundary lines, even of Park Districts. Why then, has no attempt been made to settle it in any fashion other than splitting the Hicksville Park and Parking District?

Contrary to expressed hopes of those who have been attempting to dissuade local homeowners from pressing for a favorable legal interpretation of Levitt's promise of "free use" of the pools, the movement to "Save Our Pools" is gathering both numbers and momentum.

It is high time that builders were brought to book for freely giving promises on which they renege at the first opportunity counting on the

GOING AROUND THE LANES:

Two Morning Buses For 7:41

By FLORENCE VRYN
LE 9-6407

I don't know whether any of you are still being left standing by the morning buses, but if you are or have been this may be small consolation to you; Checker Bus has informed the Hicksville Civic Assoc., which inquired, that there are two busses in the morning at 7:18 and 7:20 from Cornflower, to meet the 7:41. They have changed the time of departure in front of Meadowbrook hospital to 8:06, and I hope it gives those of you who quit at three time to catch it.

A group of our neighbors from Holy Trinity parish attended the Bishop's Ball in Garden City on Thanksgiving Eve. The Ball was held at the Cathedral House and was for the benefit of The Young People's Assoc. from the Episcopal Churches of Long Island. J. Norris Pearson, the William Rohms, the Howard Brooks, the John Spittangies, the John Dicks the Moyers and the Karl Rinas were there. The Rev. and Mrs. P. Duncombe of

Holy Trinity attended with their fact Hicksville.

If we want more community parking the votes to achieve it will be found in Hicksville, not in Levittown. If we want to control our school tax rate, we must work with the people in Hicksville, for Levittown hasn't a single vote in the question. As a young community, we have many problems which we should solve on their merits, not confusing the issue by introducing silly sectional issues.

The eternal cry that the "old timers" control Hicksville is poppycock. By the latest survey only 7 per cent of the total population have lived here over 15 years. Many of the other new developments have problems but they don't complicate them by cutting themselves off from the rest of the community as "Parterraceville" or "Franktown." Why should we make our own situation harder by introducing an issue which has no basic in fact.

As for the pools, let's settle that on the basis of what is best for us on what Levittown does or says. Let all the people who have been on the sidelines come forward and express an opinion. This should be a majority decision based on what you really want and what you can afford to pay for.

"Pleased to
meet
you!"

When you need some item in drugs or sundries, we hope you'll keep us in mind. We shall count it a pleasure and a privilege to meet and greet you... And do be sure to bring us your Doctor's prescriptions for compounding by our expert pharmacists.

house owners having neither the will nor the money to force fulfillment. We agree with a Massapequa paper that recently said in discussing other builder misrepresentations that "Such misrepresentation, whether unwitting or by design, must stop." We hope that the editor, who also publishes a Levittown paper, will join with us in forcing fulfillment of the "free use" promise by Levitt.

Street Lights and Sidewalks

Civic associations in this area have been so engrossed with the paramount (?) issue of use of two pools and Levittown Hall that they have neglected matters which seem to the **SENTINEL** to be of considerable importance—adequate street lighting, on Levittown Parkway for instance, and the construction of sidewalks where they are still lacking.

While it may seem that everybody travels by automobile, there are still pedestrians.

School News Beat

Another "despicable" school news beat is being perpetrated about which we are sure to hear from a certain newspaper in a neighboring area. The Lee Ave School is publishing its own newspaper.

Lee Ave. School Studies Music

HICKSVILLE—The faculty of Lee Ave School is striving for a well rounded educational program, according to Principal Donald F. Abt. "Music, art, and drama are not to be justifiably neglected in any general curriculum aimed at developing the fullest personal and social growth of all children. We are making it our responsibility to see that our children are not deprived of this aesthetic sense and enjoyment by presenting a program of vocal and instrumental music under the supervision of Miss Alice M. Baker," Abt said this week.

Plans are being made for the organization of an Elementary Chorus consisting of grades five and six.

The primary aim of the instrumental program is to give the children who possess talent in the instrumental line the opportunity to study, it was stated.

"It was necessary this year to rent most of the instruments. The parents cooperated to the greatest degree by making these rentals

possible to their children.

"Each child was given guidance in his choice of an instrument. At present we have 45 students studying such instruments as trumpet, clarinet, cymbone, mellophone, saxophone, flute, violin, cello and drum. The children study in small groups which meet once a week for 40 minute periods," Abt concluded.

As Szendy Sees It:

Opinion on Levitt-House Matters
By a Levitt-Home Owner

Why A Hall?

No one has ever contended that Levitt and Sons are in the house-building business for health, or to practice philanthropy. It is a tough, highly competitive field where price, frequently set first, must match costs experienced later and still leave a margin of profit, where sudden, unforeseen fluctuations in demand or in material price may consume the margin of profit and destroy the financial base, where sales success is almost as important, than planning and coordinating skill, where innumerable variables can make or break the whole project.

Levitt's operations are organized with the utmost care to ensure profit. "Costs Can't Wander", "Everything Regimented", headlines the current Engineering News Record in reporting on Levittown, Pa.

Levitt provides features unavailable elsewhere, — swimming pools, landscaping, television. The features were selected with an eye to enhancing the house value,—with one exception, the community hall.

Presence of a community hall has little "buy" appeal to the average family looking for a place to live and raise children. Actually, had the prospective house owner in this area known that the cost and maintenance of a community hall would devolve upon him, he would have considered it a detriment rather than an asset.

The community hall on the Parkway was built after most of the houses were sold or contracted for. It appears to have been an after-thought. Why was it built?

Levitt has never given any acceptable reason for its construction. It would be unlike him to spend money without expectation of some return. That, in his opinion, the community needed a hall would not have influenced him. The houses also needed driveways and garages, as most people have dis-

covered, but they were not built. Necessarily, one wanders off into the field of conjecture. There are a number of interesting possible explanations:

1. The Levitts found themselves getting into an unpleasantly high income tax bracket; they decided to spend the money instead of giving it to Uncle Sam.

2. William Levitt wanted to memorialize his father, Abram Levitt, in an irradicable fashion, and built a structure to house a memorial.

3. William Levitt had Levittown City in mind. To facilitate its creation he built the "Town Hall" in advance. The similar Pennsylvania structure is already known as the Town Hall.

4. He was primarily interested in indelibly marking the area where he built houses as "Levittown". Construction of a no-cost meeting place known as Levittown Hall would further that plan. Located in Hicksville it would serve as a Trojan horse for aggressive acquisition of the Hicksville area by Levittown.

5. The Hall would serve as an always-available center for dissemination of pro-Levitt and pro-Levittown propaganda, as does the Levitt-owned newspaper.

Take your pick. One or the other, or severals, may be the reasons for the Hall's existence. None of them justify placing the structure as an added tax burden on the taxpayers' shoulders.

Car and Tractor In Collision

HICKSVILLE — Elizabeth Reid, 54, of 138 Blueberry La., was taken to Meadowbrook Hospital with a head injury sustained in an auto accident on Dec. 4. The injured woman was a passenger in a 1952 Nash operated by Eleanor Franklin, 35, of 133 Blueberry La.

Mrs. Franklin was backing out of her driveway when her car and a tractor collided, police reported. The tractor was pulling a Gramm Trailer owned by Sweeny & Son of Eastport.

Father Fagan At Holy Family

HICKSVILLE — The Rev. Christopher Fagan has been assigned as assistant pastor at the Holy Family R. C. Church and said his first Mass here last Sunday, Dec. 1. He replaces Father Cassidy who leaves the parish due to ill health.

The new curate is a former Army Air Force Chaplain. He was stationed in England for 18 months and was separated from the service two months ago. He was first commissioned in the U. S. Army in December 1943 and was stationed in Furstenfeldbruck, Germany, till 1946. He returned to civilian life and was assigned to St. Catherine of Genos Church, Brooklyn. He was recalled to service at the outbreak of the Korean war from his assignment at St. Anthony of Padua, Greenpoint, Brooklyn.

Father Fagan was born in County Meath, Ireland, 41 years ago and was educated at Castleknock, Dublin, and the Seminary of the Immaculate Conception, Huntington, L. I. He was ordained in June 1938 at St. James Pro. Cathedral in Brooklyn.

A luncheon by the Rosary Society of St. Martin of Tours Church will be held today (Thursday) in the parish hall at 12:30 P.M.

Meet Some Of Our New Neighbors

By JUDY WILSON
Hicksville 3-1848-W

With a pot of fresh coffee at our elbow, which we hope will make us feel like Dorothy Kilgallen on one of her best days, we're settling down for a stab at this column-writing.

Cooperation is an over-used word these days, but we hope that's what we'll get from all of you in contributing news items. You may think it's of small interest to anyone that Mother and Dad, Aunt Mabel, Uncle George, and all the kids drove down to Sunday dinner. Actually, your neighbors have probably been wondering who all those mobs of people were, and you can satisfy an awful lot of curiosity by phoning the information in to your column. A neighborhood column, which we think is

what this is supposed to be, should be folksy, chatty and trivial. If we wait to phone until we've gone somewhere world-shaking, probably none of us would break into print more than once a year. So let's hear from you regularly, please—our number is HI 3-1848-W.

No one can ever really replace Don and Dora Collins, lately of 6 Regina St., now of Florida. But the Paul Spillane, the brand-new occupants, have already gone a long way toward it. They hail from New York City, although Mrs. Spillane is originally from Jenkintown, Pennsylvania. Paul Spillane is connected with the Manhattan men's clothing store, Rogers Post. Three and a half year old Paul, ("Impy" to the gang), and Muriel, one and a half, are already crazy about life in the country.

Jim and Jean Clark and their three husky boys have moved into 33 Libby Ave., where Wal and Noella Littmann lived. The Clarks are from Richmond Hill, and more recently from Tulsa, Oklahoma, although Jim comes originally from Akron, Ohio. Before Jean settled down to having four and a half, year old Eric, Paul, one and a half, and the baby David, four months, she wrote feature articles for the society page of the Long Island Press. Jim's associated with Railway Express in West Hempstead.

Among the heartiest Thanksgiving eaters must have been the Emilie Struzzieri, 27 Libby Ave., and their friends—all 14 of them. Mrs. Struzzieri, who's known the

length and breadth of Libby Ave. for her fine cooking, served an Italian Thanksgiving dinner, complete with ravioli, twenty pound turkey, demitasse, cordials, and homemade fruit cake.

Bonnie Haggerty of 25 Violet Ave., became eight years old on Saturday, Dec. 6, and celebrated with a big party for fifteen of the neighborhood gang. The high point of the day was a magnificent ice cream cake.

Six Dorothy St., boasts another occupant since Nov. 25. The Robert Bolles are very proud of Susan Winifred, a real bounces who weighed in at eight pounds twelve ounces.

That's about it. Hope to hear from all of you this week with lots of news.

thank so as a result, Bob has his name to a string. I hope all mistakes in the Gesmer family are finished.

Congratulations to the new water commissioner elect, John C. Edwards of Audrey Ave. It was a very close race. Congratulations to the winner. Mr. Edwards asked

me to convey to all the people who worked so hard for his election and to all the people who voted for him his hearty thanks. He asked me also to tell people of Plainview that he will work to the best of his ability in his new capacity as water commissioner in the best interests of the people of Plainview.

Well, that is all for now! Please send me the news. By the way, the Christmas program of the P.T.A. was excellent. Those youngsters were superb, especially little Bobby Gleason. The direction and supervision was terrific. I saw so many of the little children from this development participating that it would be impossible to list them all. It was a credit to the Plainview School System.

Girl Scouts Make Hospital Gifts

By FLORENCE VERN
Troop 2 made clothes pin dolls and pine cone turkeys to be delivered to the children in Meadowbrook hospital for Thanksgiving. In addition to the handcraft each Brownie earned fifteen cents and contributed the money to a fund which purchased chocolate turkeys wrapped in cellophane for the patients.

The clothes pin dolls and pine cone turkeys were given to the patients in isolation who may not take anything out of the ward because of contagion. The hand-made toys were the ideal solution to amuse the patients.

Mrs. Lofts, troop leader delivered the articles and Barbara Jabor suggested the whole idea. Mrs. John Christ is co-leader.

The Legionnaire

To misquote an oft-quoted phrase "you can please some people all of the time and you can please all of the people some of the time but you can't please all of the Legion all of the time."

The above is by way of introducing the problem of Frank Gavrelas and his Christmas Party committee of Al Barlow, Walt Schleisinger and Jim Carter. The date (after a minimum of debate) is firm—Sunday, Dec. 21. But the time; therein lies the problem. When the original time of 1:00 P.M. was announced considerable objection was voiced by the ladies for varying reasons including junior's nap or sister's participation in a Sunday School play. Acknowledging the clamor, the starting time is now 2:30 P.M., but we understand that is still too early for many. To those (and we are included) we'd like to say come anyway, anytime. The committee has a grand affair planned, there is no specific closing time, and we're certain that Santa Claus' arrival will be in the late afternoon assuring all who come a fair share of everything.

The Auxiliary, led by President Jean Brengel, is at Northport Veterans Hospital today (Thursday) assisting the veterans there in the choosing, wrapping and mailing of Christmas gifts to relatives at home. . . . Child Safety

Needs Priority

By FRED J. NOETH

CHRISTMAS is for children. This is the season of the year when all the mighty merchandising genius of the nation is directed toward the pleasure and enjoyment of the children. Adults participate, but much of what they do is directed toward making this a happier season for our boys and girls. In this season it is therefore appropriate that we also give some serious thought to the safety of our children that they may enjoy this Christmas and those to come.

The tragic death on Monday of David Estrin under tons of wet sand raises a question. The law may not require it, but the construction of such a huge pit close to homes where so many children live would seem to dictate the need for a barricade, even with construction still in progress.

And on the subject of the safety of our children, we have the much discussed but little publicized topic of bus transportation for children who must find their respective ways home after darkness. We refer, of course, to those who are on the afternoon session in the high school building. If they live less than two miles from the building, they are not entitled to transportation. It is nearly 5 o'clock when their school day ends.

Hicksville School Board is endeavoring to find a solution to this problem. Several alternatives are under concentrated study, including utilization of regular transportation systems. We feel a solution will be developed without delay.

But there is another part to this problem. A contributing safety factor comes under the jurisdiction of authorities other than the schools. These include the lack of continuous sidewalks along major highways, the lack of adequate and effective street lighting in too many areas where the children (and adults) must walk, and such traffic devices as more stop-and-go signal lights at hazardous intersections, clearly defined pedestrian cross-walks at dangerous corners.

While our population has tripled in the past three years, the volume of highway traffic has increased ten-fold. Besides passenger autos there are more trucks, taxicabs and other vehicles on local streets. Industry continues to bring more trucks and commercial vehicles into the area. Emergency calls have multiplied, which send more fire and police cars speeding along the roads in a single day than was common for a month, not so very long ago.

The township has a parking study underway and we hope it includes traffic conditions with urgent recommendations for immediate action. The conditions of which we write will not correct themselves with the passage of time.

We are pleased to note that the automatic crossing gates are nearly ready for operation on the New South Road, Hicksville, LIRR crossing after almost two years of prodding, deaths and letter writing. But must these essential installations come so slowly?

READERS OPINIONS

(Continued from Page 3)

17, or it's lack of business ability. Certainly among the many attorneys residing in Hicksville there are those who would be glad to assume the duties of school attorney at the prevailing average rate quoted by the New York State Education Dept.

I suggest that such a matter of civic interest which affects each local taxpayer be brought to their attention so that closer observation may be made of the decisions and actions of the School Board.

Since crowded conditions and double sessions create hardship and difficulty, all concerned are asked to help, to do a little more make allowances during this current school emergency, it would

seem that any extra monies which can be found would be better utilized in raising the salaries of the teachers who are asked to teach more subjects, retaining many more pupils than the 27 per class recommended by the New York State Education Dept: these same teachers who are asked to participate in extra-curricular activities without any compensation or thanks for the expenditure of their time, talent or effort.

In these times of emergency and large expenditure of taxpayer money, it would behoove each individual to open their eyes, question the inflated costs of education, and expenditures by the school board.

I have no axe to grind with Mr. Sullivan since I am not acquainted with this gentleman.

SUTTER'S FINAL REPORT

900 Volunteers In 26 Months

Almost 900 volunteers were enrolled in the Hicksville-Plainview Civil Defense forces during the 26-month period that Frank Sutter of 15 Henry Pl., Hicksville, was director. Sutter, who had served as leader of the Auxiliary Police and a member of the Hicksville-Plainview War Council in World War II, this week resigned as CD leader. Along with him went members of his council.

Sutter's activity report to Cyril Ryan, county CD director, follows: "The following is a very general report of activities of this Unit since it was first organized 26 months ago on Oct. 1, 1950.

"During this period our efforts resulted in the enrollment, finger-printing and registration of almost 900 volunteers from this community. These were all duly filed with your office.

"Early in our activities it became necessary to establish our own fingerprinting teams for which equipment was bought and developed. We also arranged locally for the photographing of all recruits as required. We also registered all volunteer firemen of both Hicksville and Plainview Fire Departments, only to find later that this was no longer regarded as necessary by the county.

RAISED OWN FUNDS

"Among our initial activities was the raising of funds to provide essential equipment with which to operate. This was accomplished by a series of monthly waste paper salvage collection drives and the generous response of our residents provided ample funds to enable us to buy some fundamental equipment, such as first aid kits, radio transmitters, warden post signs, stretchers, etc.

"Beginning in Nov. 1950, paper salvage drives were carried on for a 16-month period ending in the Spring of this year when the market for paper dropped to a point which made it no longer profitable.

Along Woodbury

(Continued from Page 18) an exhibit Wednesday of the various items made by the adult education classes. My wife can't wait to show off the new coat she made under the adept supervision of Mr. Schwartz. I've dropped over to drive May back home from class and had the great pleasure of meeting her classmates, a swell bunch of girls. However, May won't let me sign up in the class. The group will sign up for another session as they enjoy both the lessons and each other's company.

Can you imagine what would happen if a meteorologist ever came into Woodbury Gardens from Miller Road at a just-average rate of speed? The car would be shaken beyond all repair, what with those two deep trenches in the road.

Someone asked me why I never write about anyone on her street. I had to reply that I know no one there and therefore depend upon her on her neighbors to phone me any interesting item. If something is going on near you, let me know. As everyone likes to read local events.

Sportlight

By HOWARD FINNEGAN

The delight is universally shared in the Hicksville quarters that Glen Cove belted Westbury for the 1952 Nassau-Suffolk Grid championship at Mineola, Sunday.

Big strides were made by the semi-pro game this year and fine weather brought a turnout of over 2,500 for the clash.

Even the Hicksville Field Club wound up well in the black, despite the fact that it played most of the season away from home and performed rather poorly in three of its four major games.

However, the aftermath of the season is far from gloomy with talk already pointing towards a working organization to get things rolling for next year.

Most important point local players will press is a demand that the N-S league have player rosters and end tolerating assumed names and ringers.

The Westbury element that loves to load up for the big games did it again Sunday and most of Nassau loves what happened.

The Old Grads vs. the present day High School varsity game for the Washington Trip Senior Class benefit will be held Tuesday night, Dec. 16.

It will be one of the most entertaining features of the year in the Hicksville High gym and everyone is encouraged to come out.

Most of those who first carried Hicksville to its only championship 14 years ago will perform as long as the legs hold up, according to Pat Naso.

We understand the strategy will not be to carry the fight to the Comets but let them work against an old-fashioned rock ribbed zone defense.

It could be the last stand for the one-sacred defense in these parts.

PBC-ing Around

Hicksville Unit of Nassau County Police Boys Clubs

By PAUL GERECH

The opening of league competition showed Hicksville victorious in 3 out of 4 contests. In a thrilling Senior league game between the Hicksville Celtics and the Oyster Bay Vikings, won by the Vikings, 42-41, Carlie Kollar sent a one-handed shot looping toward the basket. With the ball in flight, the final whistle blew ending the game.

You could hear a pin drop when everyone held his breath watching the ball nearing its target. Then with a silent swish the ball dropped neatly through the cords with the winning points. This was the first defeat for the Vikings in two years. Charles Vogel helped the Celtics tremendously with 18 points, high for both teams.

Hicksville Boosters had an easier time defeating the Syosset Rams, 50-40. Taking an early lead in the first quarter, the Boosters never were headed as they coasted to victory. Dyckman and Janicky led the Boosters in scoring with 15 and 18 points respectively.

In the intermediate division, Hicksville Saxons, sparked by Richie Miller with 14 pts. and R. Cali with 13 pts., defeated the Syosset Dragons 45 to 24. This game was never in doubt at any time.

Tom Pettit with 7 pts. was high for Hicksville Flyers as they dropped a 36-13 decision to the Bethpage Colts. Ballhandling and passing seemed to be the downfall of the Flyers.

The Juniors, in their second week of league play at East St. School, saw the Midgets defeat the Gulls 35-18. Moskow with 14 pts. and Sakaris with 13 led the Midgets in scoring while Emmel had 7 pts. for the Gulls.

The Buckeyes, in a display of power, overwhelmed the Hawks 72-22. Kleis with 15 pts. and Nichols

with 13 pts. led the Buckeyes in scoring. Kordiac had 15 pts. for the Hawks.

Tuesday, the Midgets and Buckeyes engaged in another thrilling overtime contest which was won by the Buckeyes, 35-33. Nichols and Christian led the Buckeyes with 10 pts. each, while Bob Sakaris had 14 for the Midgets. In the two times that these teams met, there is but 3 pts. difference. The Midgets are out for revenge, while the Buckeyes hope to make their next meeting more decisive.

The Hawks defeated the Gulls 22-16. Anderson was high for the Hawks with 6 pts., while Wenzel had 8 for the Gulls.

The Panthers and Eagles are still receiving training and seem to be progressing very well in passing and ballhandling.

In the Junior League standings, the Buckeyes are on top with 4 victories and no defeats. Following are the Midgets and Hawks at 2-2, while the Gulls trail at 0-4. Bob Sakaris leads in scoring with 27 pts. followed by Nichols with 23, Kleis and Christian with 22, Moskow with 20 and Kordiac with 17.

On Saturday, Dec. 6, Santa Claus arrived in town, due largely to the efforts of the Hicksville Business Men's Assoc. Transported through town on one of the fine Hicksville Fire Department trucks, he took his stand at the entrance to L. I. National Bank and distributed gifts to the children. It is estimated that 2,000 to 2,500 people were on hand to greet him. The PBC truck was present to house the P.A. system loaned for the occasion by sponsor Henry Uffmann. Records were supplied by the Hicksville Music Shop. Batteries to supply power for the P.A. system was supplied by MacPherson Motor Sales. The stand for Santa was built by sponsors Fred Birk

AT GREAT NECK

Comets Rally to Catch Manhasset

PORT WASHINGTON—Blistered three straight years by a driving Hicksville attack, Port administered the first non-league defeat in four years to the Orange and Black by a 70-57 count, here, Friday night. Three days before the Comets launched their 1952-53 basketball campaign with a 63-58 triumph over Manhasset.

This Friday night Hicksville supplies the opposition as Great Neck High opens its spanking new gym.

FIRST USE-OF FLOOR

It was a new floor Hicksville was playing on at Port also as the remodeled gym of the Blue and White came in for its first service.

It was a remodeled Port team too. It defeated Hicksville with its own game of run, shoot and press. The winners hawked so effectively on the offense that it forced Hicksville to commit 21 bad passes and that was the margin.

It was nip and tuck in the first period with Port finishing ahead 12-10 but in the third period the visitors bolted to a 33-21 advantage.

Hicksville only had four field goals in the first half but was hot from the foul line—21 of 22 for the night—and kept within hailing distance.

In the third stanza the Oranges turned on a heat of their own with Mort Rossner, Joe Pepe and John Maxwell providing the spark and the capacity house saw the Comets drawn to within three points.

The rally fizzled there, however, and Port spurred to a 47-39 after three periods.

MISS JIMMY BROWN

In its opening afternoon contest with the Town Hallers, the Comets did not have to face the incomparable Jimmy Brown. Brown is undisputed as the outstanding athlete on Long Island and was receiving an all-Met football award in New York.

Friday night, he set a Long Island record of 53 points against Mepham but his team took its 18th licking in its last 19 starts.

As it was, Hicksville looked very good in the third session when it riddled the Manhasset defense for 22 points and overcame a 10-point advantage enjoyed by the visitors.

Central figure was Pat Enos who garnered 23 points during the contest. Maxwell totaled 12, Ted Delay 8, Richard Evaschuk 11 and Ruben Callajas 4.

As a result of its two games, Hicksville's court record stands at 43 wins and 9 losses since 1950.
