HICKSVILLE—The annual meeting of the Chamber of Commerce takes place next Monday, Apr. 30, at 8:15 P.M. for election of new officers.

The meeting at the Legion Hall, E. Nicholas St., is open to members and non-members but only members may vote.

Patrick J. Buffalino, for president, heads the slate submitted by the Nominating Committee. The other candidates are: Patrick F. Caputo, for vice president; William M. Payoski, for secretary; and Charles Barvels, for treasurer.

Mal Pierce, president this year, is a candidate for a three year term on the Board of Directors. Henry G. Eisemann, Michael J. Sullivan, Ernest F. Francke and Nat Antler were also nominated for three year terms. Julius Schwartz was named for a two-year term.

4 Candidates In Bethpage Race

BETHPAGE—Wednesday, Apr. 25, until 9 P.M. was the last chance for Bethpage voters to register for voting in the school district annual meeting and election, May 1 and 2.

Over 300 persons had registered before that day. Last year, 791 persons registered to vote in an election in which there was no contest. Charles Campagne ran then to succeed himself.

Three men are running this year for one school board term of three years. Joseph S. Ellinger, Robert Mordhorst and Frank Kelly are competing for Ellinger's post on the board. Howard Grandjean is the sole candidate for another post, that of retiring Frederick Kramer.

Jack Schaff, incumbent library trustee, is running to succeed himself for another five year term. He is opposed by Robert Mellen.

CURRENT COMMENT:

Vote On Wednesday Can End Turmoil

By FRED J. NOETH

ALMOST EVERYTHING that can be said has probably been written, printed, discussed and argued about the Hicksville School District election for next Wednesday, May 2. Voting hours are 4 to 10 P.M. at the same school building at which you registered.

A great many people of the community are confused about the issues involved. A great many irrelevant issues are being injected in an attempt to sway the voters. We believe we are qualified to speak with some authority about this election and the people involved. We have attended many of the School Board meetings in the past three or four years. We have covered them in our columns. We have probably published more letters and diversified opinion, pro and con, than any other publication. We have been blamed, by some, for the present state of affairs because of the coverage given.

We have felt the issue was important and that nothing but a great disservice to the people of the community would result from an ostrich-like attitude. The problem is there, and it has been a problem of increasing importance for almost five years.

Part of the problem, or actually a partner to the problem, has been the vast growth of the community—and the growth of population, school enrollments, etc. At the invitation of the Board of Education, the writer has served on the Citizens' Advisory Committee, has written in support of those things that were found by study and research to be necessary, has mounted the platform to speak out in favor of more schools as they were proven necessary.

During the past four or five years, we have had a unique opportunity to become conversant with the problems of the school district and with the people involved. You might ask, why get involved? Our reasons were two-fold: (1) as a resident of the community, paying taxes just as you and you; and (2) as the publisher of (Please turn to Page 6)

ANNUAL MEETING STARTS AT 7:30

Contest For School Board Outshines Record Budget

HICKSVILLE—The community today looked forward to the annual school district meeting next Tuesday night, May 1, starting at 7:30 P.M. sharp in the new High School on Division Ave. when a record-breaking \$4,990,897.43 budget will be voted upon, the election of a library trustee, and vote on the library budget. The conclusion of a warmly contested School Board race comes the next day, Wednesday, May 2.

The proposed school and library budget provides for a tax rate of \$3.90 on \$100 of assessed valuation, provided the total district assessment reaches \$70 million. The rate could be as low as \$3.83 for school and library with an assessment of \$73 million.

The rate for the current year is \$3.65 per \$100 with a budget of \$4,290,356.17. The new budget provides for an increase in the tax rate of from 18 cents to 34 cents depending upon the officially set assessment which is not known until Aug. 1. A 34 cent increase on a home assessed for \$5,000 would add \$17 to the tax bill currently at \$182.50.

First order of business Tuesday night will be election of a chairman of the meeting. A preliminary discussion on the budget was set for last night (Wednesday) at the new high school.

Leon Galloway of Twinlawn Ave., completing 17 years as a trustee of the library, is a candidate for re-election. He is being opposed by Elwood S. Kent, Sr. of Pollock Place who filed a petition Saturday. Voting for a trustee for a five-year-term takes place the night of the annual meeting, Tuesday.

Election of three school board members for three-year terms takes place between 4 and 10 p.m. on Wednesday, May 2, at the four schools where voters registered. In the first registration day, Saturday, the turnout was considered disappointingly low with 3,468 enrolled, compared with 2,265 signed up the first day a year ago.

The first day registration breakdown, with last year's total in brackets, was: Burns Ave. 265 (518); High School 821 (1389); East St. School 660 (1142); and Old Country Rd. 722 (1294).

Registration on Tuesday of this week, concluded after press time. (Please Turn to Page 3)

Rec Question Returns Again?

HICKSVILLE—A proposal will be made from the floor at the annual school meeting in the new High School on Division Ave. next Tuesday night, May 1, to add \$20,000 to the budget for a recreation program financed by the school district. Voters had rejected \$3,500 recreation proposal at a referendum vote on March 26, 1955, by a vote of 606 yes and 1,620 no.

Carpenter Sees Brain Washing Effective Over 4 Year Period

By ALLEN S. CARPENTER

To the Editor:

The people of our community for the past four years have been subjected to an intensive brain washing.

This brain washing has been so effective that every citizen who mentions the word caution, or care, in connection with school district matters has been branded anti-education and anti-schools.

Among others, I have been labeled anti-schools and anti-education. All other businessmen and citizens who have not given way before this steam-roller brain washing group, have also been branded by the same vicious smear technique.

Many, many people have been "taken in" by the avowed good intentions of this Leavitt pressure group. Others fought them, fought them hard and long. But when they saw the steam-roller, smear tactics gaining ground on all sides, they deserted the fight and out of political expediency, switched sides and helped finish the brain washing they could no longer resist.

The people who know better, the people who joined the Leavitt group because they hadn't the strength of character

to continue what they thought was a losing battle, are to be pitied, not despised.

I was beaten for reelection to the school board three years ago by seven votes, because I defended Henry Brengel, Edna Sutton and Mike Sullivan. I was beaten because I stood my ground and fought for what I believed then to be right—I know today that we are still right—and I'm still fighting—but what of the others?

Henry Brengel, past president of our board of education, refused to run, rather than join the brain washers. Edna, being weak, joined them in order to stay on the board and become one of the most ineffectual presidents our school board ever had. She has been unable to effectively carry on the president's duties because although she changed sides overnight, she has no real faith in the principles of those she now finds herself allied with. Others who have changed sides are in the same position. They cannot sound convincing to the people of our community because they themselves no longer have the sure confidence of being right.

The Board itself has failed because they do not have the confidence of the community. The people

of our community who have resisted their brain washing technique, even if some of you may not believe it, are good people and will pay the taxes and vote for the schools when they are confident that those taxes and these expenses are needed, necessary and desirable.

Three years ago, before this pressure group took control of our board of education, there were four businessmen and one housewife on the board. In the 14 months prior to the "grand new era," more was done for our district than in the entire three following years of "enlightened new era" rule. I know this, because I was a member of that board. That board opened for use in our district, modern, permanent facilities at Lee Ave., Burns, Dutch, Fork, Old Country Rd. and Woodland Ave. a total of 84 new classrooms.

We planned and ran a successful referendum for the new high school that put under way an additional 65 classrooms for a total of seven new buildings and 119 new classrooms.

But we were anti-schools—the brain washers could do better. They swore they could do better, but what have they done? This "new era" board has managed to produce for our children, in three full years, additions to four schools of a total of only 44 rooms; and these additions had been planned for, and one of them authorized, by the previous board.

The former board's recommendation and plans for modernizing and doubling the size of the old high school building was brought to a vote by this new school board. Because its presentation was misshandled and tied in with other items, it received only a questionable approval from our people in the referendum. It was, however, approved; and now, a full year or more later, they are going to ask us to vote for another quarter of a million dollars because the year's delay resulted in an increase in construction costs.

The businessman's board may not promise us much but their record of performance is far better. This self-called pro-school bloc, (Please Turn to Page 6)

Rubenstein Cites Buck Passing

By ALFRED RUBENSTEIN
To the Editor

It has become more evident with the passage of time that certain members of the School Board (as well as certain ex-members) are quite proficient at "stalling" and "buck-passing." The first example of dishonesty occurs when Mr. Szendy and Mr. Erich are accused of denying the taxpayers a full board because they will not accept a "resignation" from a taxpayer. Neither the taxpayer who tendered the purported "resignation," nor either of his colleagues dares to admit that a shameless and brazen attempt was made by all three of them, at a board meeting, to blackmail the board into accepting a mail for appointing interim members to the board, on conditions acceptable to these three. The bait offered to the board was acquiescence in the decision of Justice Hamm.

The record will show that the word "deal" was spoken that evening, and that counsel cautioned the board, and properly so, that prior commitment by the board would be improper.

For the sake of correcting the impression that Mr. Erich or Mr. Szendy has attempted to forestall public expression on the question of election of board members, it should be pointed out that from the very day that the Supreme Court declared two of the seats on the board vacant both of these gentlemen demanded an election as soon as possible to fill the vacancies. Only the determined and willful opposition of the other members of the board has prevented the taxpayers from having full representation.

The onus for this willful and undemocratic action falls on the perpetrators, who instead of mouthing platitudes about "subordination" to the Department of Education, should begin to consider their responsibilities to the taxpayers of this district. If these board members, have taken their offices as seriously as they claim, and could point to at least one instance where they have consulted the taxpayers of the district, in good faith, some consideration could be given to their self-serving declarations of good motives. The record fails to disclose a single instance, however, where the taxpayers could have been consulted, (such as the quickie 4 a.m. appointment of a trustee to succeed Mr. Schoel) that the board deigned to consult the people who foot the bill.

In sharp contrast to this dictatorial behavior, Mr. Szendy and Mr. Erich have consistently fought for the democratic process of resolving differences by resorting to a popular vote. Not one meeting of the board has been held since the removal of three members, that these gentlemen have not requested that a special election be held to fill these offices. Have the other members of the board attempted to cooperate in seeing to it that these seats were filled with as much speed and dispatch as was deemed by them so necessary in replacing Mr. Schoel? They have not! Instead, they have done everything possible to prevent the filling of these vacancies, and in order to divert attention from their wilful acts, cynically proclaim that they are following the dicta- (Please Turn to Page 18)

Ellinger Seeks Another Term

Joseph S. Ellinger, 61, of 30 Central Blvd. is running for another three year term on the School Board. A resident of Bethpage for the past 31 years, the incumbent trustee has been on the School Board for 15 of them.

Named "Father of the Year" in 1955 by the Bethpage P.T.A., he has been a member of that organization for 20 years. He now belongs to the Central Blvd. P.T.A. Ellinger has three children, two of whom have gone through the local schools from start to finish, and another who is attending the fourth grade in Central Blvd.

Ellinger, a former life insurance agent and underwriter is now retired. This gives him plenty of time to attend to school board business, he told the Herald.

Until Ellinger was retired on disability because of an artificial limb, he spent 26 years as an active volunteer with the Bethpage Fire Dept. He is a charter member of the Archie McCord American Legion Post and is now its finance officer. Also, he is a member of the Holy Name Societies of St. Martin of Tours R. C. Parish and of the Industrial Agents of New York.

Robert Mordhorst, 34, of 51 Essex Rd., is running for the post now held by Joseph S. Ellinger. He came here from Brooklyn 4½ years ago. He is an electrician and contractor, the father of three children in elementary, junior and senior high schools.

Mordhorst has worked with the Little League and is a charter member of The Bethpage School's Dad's Club.

"I have taken a great deal of interest in School Board affairs, and am deeply concerned with the present and future building program," Mordhorst wrote the Herald. I am interested in a coordinated, well adjusted, and contented school system in Bethpage.

"I also feel that Mr. Ellinger has failed to bend with youth, and our younger teachers who are doing a fine job in Bethpage," Mordhorst continued. Another three years with Mr. Ellinger will aggravate a very serious condition, he feels.

"I feel that his age is not an asset but a detriment, and due to a heart condition, should he be unable to serve a full three years the people of Bethpage could be subjected to a similar situation suffered by a neighboring School Board wherein the School Board would be responsible for appointing a replacement until the next annual meeting which could encompass a period of as much as 11 months," he concluded.

Ellinger, who is also running to keep his trusteeship, denied that he had a heart condition. "My heart is as sound as a dollar," he told the Herald.

The neighboring district Mordhorst referred to in his statement is apparently Hicksville, District 17. Two Hicksville trustees have been elected in special elections and another was a temporary appointee.

Howard A. Grandjean, of 46 Berkshire Rd. is the only candidate announced for the post now held by Frederick Kramer. Kramer, and Trustee Joseph S. Ellinger have given Grandjean their approval and backing for Bethpage School Board.

Grandjean is a terminal manager of a New York City transportation company. He has lived here for five years. He comes from Harrison, N. J., originally. His three children attend Pine Ave. Central Blvd. and Broadway schools.

He is serving now on the six-member Citizens Advisory Committee on the Budget. The committee is helping the School Board to prepare next year's slate of expenditures. Grandjean served on a similar body last year.

He was also a member of another Citizens Advisory Committee set up to recommend a solution to the veteran preference problem in the Bethpage teacher salary schedule.

He is coordinator of the School Survey Study Group studying the recommendations of the New York University Survey for the improvement of the district school system.

561 Register For Jericho

JERICHO — Only 561 persons registered to vote in the annual school district elections here, which will be Tuesday, May 1, at 8:30 P. M.

This was the first time the voters of the district had to register prior to the meeting. The 561 total compares with over 800 voters who cast their ballot at the special election Mar. 5.

The voters will consider the annual budget and will choose one of two candidates for the school board next held now by Hamilton Hadden Jr., president of the board. William Mayhew, of 104 Dayway St. here, and Halsey S. Downer, of Wheatley Rd., Old Westbury, are running for the position.

Mayhew ran last year for a similar post but was defeated.

School Budget

(Continued from Page 1) was expected to bring the total up to almost 6000, a new record high for the district. There were 4343 registered in 1955.

Copies of the proposed budget are available at all schools in the district. The budget was not published as a legal notice in the Mid Island Herald this year. It provided for the application of \$275,000 from surplus funds. The library budget is \$76,850 compared with \$63,900 last year.

Gross Running

CURRENT COMMENT:

Vote To End Turmoil

By Fred J. Noeth

(Continued from Page 1)

a newspaper with the responsibility to print the news. With this background, with personal acquaintance with all participants, we have come to the conclusion that what is at stake is this: Shall we blindly accept the utterance of a small but well-organized group of professionals who feel that the mere utterance of the magic word "education" is sufficient to warrant blind allegiance and servitude, regardless of how fantastic or impractical the proposal may be even upon minor study; or

Shall we continue, as we have for more than half a century, the management of the school district in the hands of serious, public-spirited people, who can honestly appraise the problems of the school system in terms of what is fair, just, equitable, and reasonable? Anyone who meets the qualifications as a legal voter in the school district is eligible to seek election to the Board, including a professional educator. But do educators have a corner on the brains when it comes to serving the best interests of the entire community, parents, teachers, taxpayers and children?

Since the end of 1951—five years ago—Milton G. Leavitt, who is submitting himself personally to the test of the ballot box in this election, has been promoting a campaign of distrust of succeeding school boards, a campaign that claims it costs nothing to build schools because the state or federal government will come thru at the 11th hour to save the taxpayers, a campaign which began with a blast (Jan. 9, 1952) that "a wall of secrecy had been erected concerning the plight of the public schools" and has come down to the present day with phony propaganda concerning teachers salaries, inefficient equipment, etc.

As for salaries: According to the Advisory Committee, which prepared the schedule now in effect, the scale places Hicksville among the top five districts in the County. The Sunday News noted that most districts, for example, start teachers at \$3,800. Our schedule begins at \$4,000, and goes up from there, with or ahead of neighboring districts.

The current "team-mates" of Mr. Leavitt are Joseph Maloney, who frankly admits he became interested in the school district when he got Dr. Donald Walling as a next door neighbor, and A. G. Soininen who sits silently on the board, votes with the ruling Cawley-Sutton-Leavitt bloc and distinguished his brief period on the board by proposing the removal of this newspaper.

We urge your votes on Wednesday, May 22, for Al Erich, Robert Eaton and Alban Carpenter. They are not professional educators but they are fathers of children in our schools. They are highly regarded in the business world. They know the value of a dollar and they know the importance of a good educational system. Let's cut

out the non-sense and get down to business—the business of providing education for our boys and girls, remaining at all times aware of the responsibility to home owners of the community.

Carpenter

...the two years and eight months of the past three years. Why then, have they done nothing except "brain wash" our people into believing that these brain washers and political schemers are the best of everyone else? ... have this "brain wash" so many of our people are believing that nothing good can happen here without them? How can they account for the fact that it is common for the community's leaders to go to them and their money, waste thousands of dollars in a vain attempt to get a better school, but they will not do anything for us?

We are distressed that the two main "brain washers" who have been so much responsible for our school board, we need men who are known to be honest and of the best. The two men who the community has confidence in, men who when they go to the people for additional construction, can get it, can get it the first time and with no delays.

The "brain washers" are denying to your children the benefits you want and the basic facilities they need if you vote again for a board the people won't trust.

Think hard before you vote for this group who have failed miserably for the past three years, failed to do even a possible job for our people and our children. If you still think they have done a good job, you should think about it, think hard before you perpetuate the mistakes of the past three years.

Eirich Defends Teacher Salary Scale In Seeking Re-election

By ARTHUR L. EIRICH

To the Parents and Taxpayers of Hicksville:

I wish to take this opportunity to officially announce that I am a candidate for re-election to the office of Trustee for Hicksville School District 17.
To all of you who feel that I have served you well during the past three years, I thank you for your support, and to all of you who feel that I haven't, I respect your right to differ. In seeking re-election I wish to say that if I am elected I will continue to serve all of you as I am now doing.

The definition of a Trustee is a person who holds the title to property for the benefit of another. To do this in a manner that is acceptable to all is not easy. To do this without consideration of all is wrong. My opposition has rumored in their living-room campaignings that I am against teachers salaries. Nothing could be further from the truth. We have a Citizens Advisory Committee to the Board that was unanimously appointed by our past Board Majority. (This Majority included Mr. Leavitt and Mr. Soininen) This Committee had a sub-committee made up of businessmen and educators, for the purpose of studying teachers salaries. After making an extensive study, including 54 districts in Nassau, the Citizens Advisory Com-

mittee unanimously recommended a salary scale that was verbatim to the scale recommended by the Supt. of Schools. This scale starts at \$4,000 per year for a new teacher on a ten month basis and reaches a maximum salary of \$7,200 in 16 years.

This is for a teacher with no credits other than a BA degree. It also includes regular yearly increments. It is my belief that the arguments being presented by Messrs. Leavitt, Soininen and Maloney with references to teachers salaries that we will lose numerous teachers because of such schedule

is absurd. It takes on a cloak of dirty politics. Your inability to be familiar with the subject is advantageous to them while conducting their scare campaign.
The "do-nothing policy" of last year to which the opposition makes reference was carried on by Messrs. Leavitt, Soininen, Yocum, Cawley, and their leader, Mr. Sutton. They were a "Compact Majority". All of the controversy of which they now complain was instigated by them. They complain of papers carrying Hicksville headlines too much, insinuating that Erich and Szendy were at fault. Some of these headlines were: "School Board Majority Votes Censure on Press," "School Board Majority Votes Censure on Fellow Board Member," "School

Trustee (Mr. Leavitt) asks dossier on all teen age children of Hicksville, so that Trustees could have access to such records. Our courts will not give out such information, why should Mr. Leavitt want such?

On a platform recently Mr. Leavitt said that if elected, the first controversial issue that arises he will immediately motion "Executive Session". Do you, the people of Hicksville, want your interests handled behind closed doors? Don't be brain-washed into believing that if Leavitt, Soininen, and Maloney are elected that

peace, harmony, and all things nice will reign in Hicksville. If peace reigns, it will be peace in their minds, that you, the taxpayer will only hear the peaceful issues. If harmony reigns, you will have been short-changed. No six people can think alike on all issues, and if any one disagrees with this majority harmony will fly out the window. I have found it impossible to differ with these men without being berated and censured. I have found it difficult to discuss matters on an intelligent level with these men. Mr. Carpenter, and Eaton have not aligned themselves with neither a Majority nor Minority. I am proud that they have accepted endorsement by the people that have supported me and my past three years service to you.

THE SCHOOL BOARD SITUATION:

Good Education With Economy

By EMIL J. SZENDY

Are you being duped or duped into believing that Milton Leavitt and his fellow candidates, and the leftovers from the Board majority Sutton and Cawley who voted with Yocum and Soininen to put Leavitt on the Board, have a monopoly on good intentions; that they alone are for good education; and that Erich, Eaton and Carpenter, all three with a record of activity on behalf of the children of the District and with children of their own in the schools, would not see to it that your child and my child got a good education, even better than is available now?

To promote good candidates, the bill-of-goods offered by the Education Assoc. of which Milton Leavitt was president and in later years by Milton Leavitt himself, have been similar implied claims and allegations. It has made my blood boil to find that, when I opposed Milton Leavitt and his cohorts, I was said to be opposed to good education.

When Mrs. Toni Appella, vice president of the Education Assoc. ran against me for the school board, her slogan was, "Don't let your children down!" When Yocum ran last year with Leavitt's blessing and assistance, the loudspeaker locusts recruited from Leavitt's group announced from the sound trucks, "The education of your children is in danger—Vote for Bill Yocum."

For my money, I don't want people capable of that kind of slanderous implications within a mile of the school board, much less on it. They simply do not possess the integrity which disdains such devices to win an election; how can they be expected to show greater integrity as trustees?

No repetition of sanctimonious platitudes will equate out the bad example given to the children by the board majority by harshness, undemocratic procedure, and flouting of the law including the present candidates for whom Leavitt, on occasion, has been the appointed spokesman. Whenever Mr. Sutton speaks of her "philosophy of education", I wince. I remember the one occasion on which she was willing to relinquish the chair, to deprive six small children of bus passes. The board meeting had convened with only Sutton, Cawley and School present; a letter from Dr. Brind, counsel to the State Education Dept., had been read which seemed to confirm Mrs. Sutton's

opinion that transportation could not be provided because of hazard alone. School moved to withdraw six temporary bus passes; Cawley would not provide a second; Mrs. Sutton turned the chair over to Cawley and provided the second; the motion was declared passed with Sutton and School voting for it. Attorney Crane sat by and said nothing, he should have known that three votes were necessary to pass the motion.

Don't be deluded for a moment; Erich, Eaton and Carpenter, and for that matter, Szendy, have the best interests of your children at heart; and they would never take away six temporary bus passes under such circumstances; nor

would they ever claim that anyone with children to educate, including Yocum, Soininen, Maloney and Leavitt, is opposed to good education.

Good education can be provided with economy which can be demonstrated in this instance, as wise spending. Now, while all may agree on good education, all will not agree that wise-spending (economy) and good education can go hand in hand. Wise spending is badly needed in this District so that taxpayers' money is not spent to further a variety of hair-brained schemes, or to buy unneeded expensive equipment, or to buy votes in a give-away program.

Cawley and Sutton have been hard put to it to create "issues" on which their old partners of the majority could ride back to control the board. There is no doubt in my mind that maternity leave for non-tenure teachers is unfair and inequitable to other non-tenure teachers, was tailored to become an "issue". William Jack, best remembered for calling Erich and myself "pigs", and for being given the floor a second time to repeat what he had said with no protest from Sutton or Cawley, implied that in voting against it I was anti-Catholic in my attitude.

Bringing religion into the discussion was inexcusable in itself, and should have been stopped by Mrs. Sutton or Cawley, which it wasn't; but the allegation coming from a non-Catholic had all the earmarks of what it was, a desperate attempt to create out of whole cloth a spurious campaign "issue" to serve the majority.

There is no doubt in my mind that Cawley and Sutton, and the candidates they favor, have been

fostering and abetting among the teachers dissatisfaction with the salary schedule adopted by the board; a schedule recommended by the Citizens Advisory Committee and originally by Dr. Lamb as well; a schedule which is better than lower schedules deemed excellent elsewhere. Again, an "issue" is created; again we are pressed to spend money beyond the amount which has been established as a wise expenditure.

There is no doubt in my mind that the latest scheme for spending money—adding \$14,000 to the transportation budget already upped from \$110,000 to \$124,000, so that children who ride to school in the afternoon could ride in the morning, was also devised as an

"issue". If, as it is contended, children who go to school in the afternoon because of double sessions are penalized because they are tired by noon, then we should abandon all afternoon sessions.

Which brings me to the old bugaboo regularly and frequently dangled before the taxpayers by Mr. Leavitt and his cohorts—double or triple sessions. You haven't heard much about double sessions so far during this campaign—Why? We are faced with extensive double sessions next year because additional temporary buildings have not been put to the vote of the taxpayers. Well, Cawley, Sutton, Yocum, Soininen and Leavitt, and Maloney I believe, are still hoping to get permanent buildings to satisfy the temporary need with an expenditure of well over a million dollars. To mention double sessions might stir up a hornet's nest and reveal another plan for unwise expenditure.

Spend, spend, spend, especially for more permanent elementary schools, has been Leavitt's policy for years. Leavitt's contention used to be that the State would pay most if not all the cost. State money is yet to materialize. But Leavitt is still pushing for more permanent construction for a need that temporaries would more wisely satisfy.

Whether it is question of additional construction, or the wise disbursement of next year's budget of close to \$5,000,000, the men you elect to the school board will make the decisions. From their next actions you can judge how Yocum, Soininen, Leavitt will vote.

On May 2nd I will vote for Erich, Eaton and Carpenter.

TROOP 91 REPORTS:

Select Spot For Big Exposition

By ELWOOD S. KENT, SR.

HICKSVILLE — The Scouts of Troop 91 on Thursday, selected their spot for the Boys Life Exposition to be held May 5 at the LI Lighting Co. grounds off Old Country Rd., here.

Scoutmaster Mike Fasullo has decided upon a whole of a program for the show—it is secret stuff and will not be revealed until those expected ten thousand visitors break down the doors to get into the exposition. Get yourself a ticket—fast—they are going like hot cakes, (price \$1 per family). Time is 1:30 to 9:30 P.M. Everybody is welcome.

From all reports, the sales of that delectable stuff (non-fattening) is going great guns. Thanks to all of you lucky purchasers.

Assistant Scoutmaster Cammerata has set up a "Merit" and a "Demerit" program for the boys. Naturally the "Demerit" deal will

not be very active, we hope. If your boy comes home early, Mom and Dad find out why.

The Spring Camp weekend at Camp Waupewex comes up this week. Asst. Scoutmaster Sholl wants the scouts to bring some manila hemp, also to practice the "Morse Code" as home signaling will be attempted from one side of the lake to the other. Hatchets and sheath knives can be left at home. Pocket knives, however, are permissible.

The friends of scouting will descend en masse on the camp to chop, saw, nail and flatten everything in sight to make a bigger "Beaver Day" than ever before. Comes Monday with aching backs and tired muscles, but the camp will be bigger and better because of the volunteers who gave a thought to scouting.

GOP SPRING DANCE

The annual spring dinner dance of the Hicksville Republican club will be held this Sat. evening, at 7 p.m. at the East Williston Masonic Club, Willis ave., Williston Park.

266 Children To Receive First Communion On May 12

The Executive Committee of the Pius X Society of Confraternity Parents and Teachers of St. Ignatius R-C Church, Hicksville, held its meeting on Monday, April 16, Mrs. L. Caponegro, President, presided.

The chairlady of the First Communion Committee, Mrs. R. Nankeville, reported that there are 266 children who will receive Holy Communion on Saturday, May 12. These children will be in procession; therefore, they must practice on Saturday mornings from 10 A. M. to 12 noon. A notice concerning information regarding the confessions of these children will be sent home and the parents are urged to read and take notice of the procedure to be followed. There will also be a First Communion Mass on Saturday May 5th. This will be a Family Communion Mass. There will be approximately 90 families taking part in this impressive ceremony.

The communion articles are on sale in the school cafeteria every Saturday and Sunday morning from 10 to 11. They will also be on sale at the May Pius X meeting.

Mrs. William Giannelli announced that the "Parcel Post Party" which was held at the last meeting was a huge success. She thanked all who brought and purchased the packages. She also said that the tickets for "Luncheon is Served" which will take place on Saturday April 28 at 1:30 P.M. in the school cafeteria are available through members of the Executive Committee or by calling her at Wells 1-0867.

The "Pius X 3rd Annual Dance" to take place on Tuesday, May 29, in the school hall is again being held to honor the confraternity teachers.

It was announced that Jimmy Cummings will provide the music. There is still a need for members to work on the committee. All who are interested should call Mrs. Giannelli at Wells 1-0867. The executive committee would like to have every family who has a child attending confraternity come to the dance. It is only proper that the parents show their appreciation to the teachers by spending an evening socially with them. Our teachers give of their time willingly and voluntarily, therefore we

should all make an effort to show them our gratitude.

Father Ballweg announced the 1st Annual Competitive Examination to take place on Saturday, May 26 at 9 A.M. The 8th graders whose parents are members of Pius X may participate in this written Religious competition. There will be two awards given at the Graduation Exercises on Sunday, June 3rd. The first prize winner will be given \$25.00 and the second prize winner \$15.00.

Father Ballweg then spoke about plans for the last meeting of this year which will take place on Monday, May 6th in the school cafeteria. A very interesting speaker, the Rev. Gregory Smith of the Carmelite Fathers, will come to visit. Father Smith is from St. Simon Stock Parish and will speak on the meaning of the Scapular. He will also explain the 3rd Order of Our Lady of Mt. Carmel. The month of May is a month dedicated to Our Blessed Mother, therefore, the Executive Board hopes that all members will attend the meeting to hear Father Smith.

Stork Busy In Our Section

By SHIRLEY HUENLICH
WE 15-2327

The stork has been quite busy around here the past few weeks. On his list of calls have been Mr. and Mrs. Henry Roeber of 15 Albert St. who welcomed a son last March 24. Baby Paul joins a sister, Joyce, one year old.

Mr. and Mrs. Guy Cooper of 10 Gerald Ave. are happy to announce the birth of a son also. The new addition, named James, arrived March 28th, and joins a sister, Kathleen, and a brother, Richard. Congratulations to Mr. and Mrs. Arthur Fuelling of 18 Broadway Pl. on the birth of a daughter on Wednesday, April 18. This sweet little bundle, to be named Barbara, joins a sister, Mary Louise, two years old and a brother, David, one year old.

This month birthday greetings go to Joan Marie Capelluto of 29 Albert St. who passed the one year mark on April 11th. Greetings also to Robert Farrington of Somerset Avenue who celebrated his sixth birthday on Tuesday, April 17 and to Robert John McCann of Mineola Avenue who was all of two years old on Saturday, April 21st.

Little Michel Szczesniak of 328 New South Rd. was three years old on Saturday, April 7th. Present at the birthday festivities were: his cousins, Joseph, Helen and Stephen; his aunt, Mrs. Helen Schneck and Emily and Regina Schneck of Plainview.

A Friday, April 13th, birthday was celebrated by Mr. Jack Taylor of 27 Albert St. Present at the celebration were: Mr. and Mrs. Ray-

mond Capelluto, Mr. and Mrs. August Mandala, Mr. and Mrs. Gerald Huellich of Hicksville and Mr. and Mrs. Brookings of Plainview. In the midst of the celebration the guest of honor received a call to report to work the next morning two hours early. How he ever made it we will never know.

Mrs. George Bleck of 18 Mineola Ave. was among the guests present at a bridal shower given for Miss Elaine Haug of Richmond Hill last Sunday, April 15th.

Mrs. Edmund Carman of 5 Somerset Ave. also attended a shower Friday evening, April 8th. This time it was a surprise baby shower given for her sister-in-law, Mrs. Arnold Carman also of Hicksville. The happy mother-to-be received many lovely gifts.

Anniversary greetings go to Mr. and Mrs. Lou Coppola of 32 Albert St. who celebrated their fifth wedding anniversary on April 8th.

Mr. and Mrs. Lloyd Wymann of Gerald Ave. celebrated their twelfth anniversary on Sunday, April 15th. That same day, a wooden anniversary was celebrated by Mr. and Mrs. Henry Roeber of Albert Street.

Monday, April 16, Mr. and Mrs. Byrd of Somerset Ave., celebrated eleven years of married bliss. The Taylors of Albert Street also celebrated their eleventh anniversary on the 22nd of this month.

Our sympathy to Mrs. James Strauss of Somerset Ave. on the death of her mother, Mrs. Catherine Stucke, a few weeks ago.

After a two week vacation Mr. E. Carman is once again back at work. Oh well, such is life!

Team Recites Five Basic Issues

To the Editor:

We think the voters are entitled to a clear statement from all candidates for the Hicksville School Board on all basic issues. Here is where Leavitt, Maloney and Soininen stand on the real issues.

1. The Education of the Children. We know that the Hicksville School System is a fine one and is improving constantly; and, with God's help, we will work conscientiously and consistently to make our schools the finest we can afford.

We mean specifically providing a system: (1) where children go to school on full session with reasonable class size; (2) where the threatened critical overcrowding in the Junior and Senior High Schools is planned for intelligently with full cooperation among the Administration, the Board and the public; (3) with a curriculum which

provides the widest possible educational opportunity for all our children—preparation for upright moral citizenship, for industry, for college; (4) to which good teachers will want to come and be happy to stay; and (5) in which administrators and all employees are treated with dignity.

2. Honest Economy. Our present reasonable tax rate demonstrates beyond doubt that we are now running an economical and efficient school system. We will continue to seek even further economies and refinements in administration to insure that the cost to the homeowner will remain reasonable.

We condemn the misleading "economies" promised by the opposition, "economies" achievable only by overcrowded classes, by holding down teachers' salaries below a competitive level, by eliminating

libraries, and by accepting, as unavoidable, double sessions. We condemn false "economies" that save tax pennies by providing second rate education for our children.

3. Accurate Appraisal of Cost. Next year, our school tax rate will be \$3.85 per \$100 of assessed valuation. Because of the certain increase in commercial assessed valuation in coming years, our tax rate will never exceed \$4.25, not go over \$4.00 for more than one or two years, and level off below \$4.00. We condemn the misleading and irresponsible threats of \$7.00, \$6.00 or even \$5.00 by those who will not analyze the true figures. We condemn attempts to frighten the taxpayer by anonymous handouts or undocumented campaign speeches.

4. A Realistic Building Program. We are in favor of completing the Columbia Survey program by building two low-cost 11-room masonry buildings at Willett and Wildwood sites—where the children live and the need exists. We will consider with great care any modifications recommended by the Citizens Building Committee.

The other three candidates are

neither specific nor consistent. One candidate doesn't have any plans, although the problem has been with us for a year and a half. One says no buildings—only temporary rooms elsewhere to which children will ride in buses from now to 1970 (and then we'll see.) The third favored one building in a letter, but makes no mention of that building in his speeches. But the problem isn't new. Many children are now on double session and

there will be more each year for the next five years.

5. Dignity, Honesty and Common Sense on the School Board. We shall conduct ourselves in such a way as to, and honor to the Board. We shall debate on issues, not personalities, and use every method possible to make the District proud of its School Board.

MILTON G. LEAVITT

ADOLPH (Ott) SOININEN

DR. JOSEPH MALONEY

Yopetta Goes For Leavitt Team

By JOHN F. YOPETTA
To the Editor:

A citizen living in School District No. 17, more particularly described Hicksville, during the past year, could hardly have pointed with pride to the adverse publicity given his home town by forces both within and without the school board. That there exists among our citizens a faction bent solely on obstruction, delay, rancor and the pursuit of almost any end but that of better education for our children is not to be denied.

This writer, when he ran for the position of trustee in last year's special election, said that the school board suffered at that time because of personality clashes. The clashes during the past year have turned into open warfare which has left in its wake concomitant waste, dissolution and a lack of spirit. The last of these is the worst evil for lack of spirit means demoralization and a want of willingness to plan. On the part of citizens in general lack of spirit is

reflected by these attitudes often expressed lately. "They should all resign," or "I'll vote for anyone who promises to lower taxes." This thinking should of course be discouraged and a positive approach fostered.

During the course of the past year I have managed to avoid becoming a partisan and devoted available time to attending meetings and reading all available material on our local school board picture.

I am convinced that the capable people on the board should be joined by the most capable men in this election race. The people who supported me last year are now urged by me to support Dr. Joseph Maloney, Mr. Milton Leavitt and Mr. Adolph Soininen. Each of these men is the peer in his own individual race, in my opinion, and should be elected on that basis. We need broad men and men of ability if we demand, as we should, good results for our children.

DON'T VOTE . . . for Hicksville School Board candidates

UNLESS . . . you believe there IS a difference between their platforms

but if YOU BELIEVE . . .

- that a good education is a direct investment in the future of our children and not a luxury.
- that our curriculum should offer the widest educational opportunity to all our children—and prepare them for citizenship, industry and college.
- that a good school system makes for a better community and that a substandard system depresses property values.
- that economy should not mean the reduction of educational necessities.
- that double session cannot provide adequate education.

of a great white father in Albany. This small wilful half of the board refuses to accept a judgment of the Supreme Court, but steadfastly drapes around it the cloak for a discredited and reversed opinion of the Commissioner of Education. It is not therefore, surprising, that this small wilful group does not intend to permit the taxpayers to have a voice in the government of the school district unless it is absolutely necessary.

Two other instances famous many others come to mind immediately to indicate to what degree this small wilful group will go in order to frustrate the principle of

popular government in open meetings assembled. The question of how much was spent in excess of the authorized amount, for the Bergold house, and the mystery of what happened when a special committee consulted with the State Department of Audit and Control.

Gerard De Lorme raised the question of the Bergold house so long ago that the matter may well be lost in antiquity (where the small wilful group wanted it no doubt). Mrs. De Lorme was of the opinion that an excessive amount had been spent on the Bergold house. As a taxpayer, he was entitled to know. Despite numerous demands and demands to first facts have been made public. It appears that this small wilful group is perfectly willing to spend the

committee met with the Department, and reported back to the board, in executive session. Neither Mr. Ssedy nor Mr. Ehrlich was present at the time, and despite repeated requests, neither they, nor any taxpayers, can find out what disposition was made of this report. No public announcement has been made as to what action, if any, is considered in rectifying some of the glaring illegalities in disbursement of public funds. Would it be in order for the still small voice of the taxpayer to ask, "How come?"

A local so-called newspaper, whose lead story contained two errors of fact in the first four words, and on page three of the same issue, carried a headline which read: "The small wilful group, a committee of the former 'taxpayer majority' along with the efforts of the present three, which has prevented the efficient working of the board. Why has this been done? Is it because of civic virtue? Does the small wilful group contend that a good citizen forestalls popular government? Does the small wilful group advocate obedience only to those laws which serve their own

4 Millionth Blue Shield Member

NEW YORK—Mrs. Dorothea J. George of a Birchmore Lane, Hicksville, was officially enrolled as the 4,000,000th member of New York's Blue Shield at a dinner meeting of the organization Friday at the Hotel Biltmore, here. She is enrolled under a family arrangement which includes coverage for her husband, Gus George, and their two children, Clifford, 9; and Linda, 6.

Mrs. George has been a subscriber to New York's Blue Cross, Blue Shield affiliate, for 10 years. When her husband went overseas with the US Army shortly after their marriage in 1945, she enrolled through a Blue Cross group where she was employed.

Her husband is assistant Cub Scout master of Pack #379, and active member of the Lions Club. During World War Two he served for two years as company commander of the 13th Air Base Communications Detachment of the Signal Corps in the China-Burma-India area.

vote. The facts have not changed in the last two months. If the so-called reporter of this so-called newspaper were to stick to the facts he might just possibly admit that the vacancies could have been filled within several weeks

purposes? Does the small wilful group contend that sham and deceit are necessary? The still small voice of this taxpayer does not agree, but advocates morality and integrity. The taxpayer does not believe that the actions of the un-

seated indicates that they have the moral traits and characteristics necessary to guarantee good government of this school district. This taxpayer, as a parent, regrets exceedingly that the responsibility for the education of the children in this district rests with a small wilful group who have shown contempt for our courts, our constitution and ourselves.

taxpayers money, but finds it most inconvenient to account for these expenditures.

The question of accounting for expenditures leads naturally, in the opinion of the last State Audit report, and the consequent appointment of a committee to discuss the problem with the Department of Audit and Control. At the time the report was made public, some very serious violations of regulations, as well as statutes, were disclosed. Some members of the board (guess who) as well as members of the school administration refused to take these violations as seriously as some of the taxpayers did. In order to clear the matter up, and incidentally, to still the clamor of outraged taxpayers, a committee was appointed to discuss the illegalities with the Department of Audit and Control, and to report back with the results of that conference. If memory serves, this committee was appointed in July of last year. It is known that the

CYO Baseball To Start Play Here On Saturday

By ELWOOD S. KENT, SR.

HICKSVILLE—The CYO baseball future greats made the old high school grounds resound, Saturday morning, with the crack of horsehide against wood. It resembled a training camp conducted by one of the major league teams, the effort was there and the results will soon be apparent, after the wrinkles are ironed out with teamwork, the main issue.

Instrumental Day For Seven Schools

HICKSVILLE—Pupil musicians from seven elementary schools here will combine to present the first joint elementary instrumental day, this Saturday, April 28, from 3 to 5 o'clock, in the Division Ave. high school auditorium, according to Harriet A. Spink, supervisor of music.

Taking part will be East St. A and B bands, and a string ensemble, directed by Yvonne Lemesnager; Burns Ave. band, featuring a flute solo by Richard Garcia, and directed by Norman Ward; Woodland Ave. string ensemble and band, including a piano solo by Seth Carlin (East Street), directed by Raphael Kosakoff, and the band of the Fork Lane, under the baton of Norma Duncan.

Gerard Pellerin will direct the Lee Ave. band, with a flute solo by Joel Furman, and the Burns Ave. string ensemble will present two numbers, directed by Edith Farrell. The Old Country Road and Dutch Lane bands will each play two numbers, directed by Madeline Hilbert Underwood, and the Dutch Lane dance band, also directed by Mrs. Underwood, will be heard.

The combined Dutch Lane and Old Country Road bands will present a selection, with soloists Susan Douglas, Larry Waetler, Stephen Fernback, and Thomas Rauter.

berg, Shanley and Peplow will now whip the boys into form eyeing the Nassau County championship and beyond.

The grammar school team is in the process of being selected by manager Brown, with manager Dickerson picking the Tyros. A wealth of material is making their task difficult, the lucky stiffs.

The "Inter-Parish" leagues, National and American, have surpassed everyone else in conditioning. Therefore they will start their schedule next Saturday—Athletics vs. White Sox at 9 A.M., Red Sox vs. Indians at 1 P.M., both at Lee Ave. School. The Senators meet the Yankees at 9 A.M. and the Orioles fight the Tigers at 1 P.M. at East St. School. Other games will be scheduled for the same day but as yet are unannounced.

The Senior Division "Inter-Parish" teams are still to be decided upon. Managers McNally, Reilly, McKee and Kent have great difficulty keeping their stars intact. George Maguire does a big "scouting job" spiriting away their players for a step up the ladder.

Jerry O'Connell, together with Walt Staggerwalt, put the senior team through the paces Sunday, and are satisfied with their first look. Two rainouts had the boys chafing at the bit, so they put on

a good show.

Parents are urged to get out with the boys. It will stimulate the activities. Furthermore, they are

needed to assist in the program and their time will be well spent. So come out and join in. You will enjoy it and thank us for the prod.

East Hills Civics To Spread Area

The East Hills - Hicksville Civic Assoc. has amended its by-law and changed its name to North Hicksville Civic Assoc. It was announced today by Abraham Fishman, President, to reflect a decision of the membership to invite residents from other developments in the area into the organization.

Owners of Joland and Rutgers homes have been contacted by Blanche Rabinowitz, Membership Chairman, and are being invited to join the expanded organization.

"As a result of the change," Fishman stated, "total membership has already been increased by 20 per cent, and we hope to double the size of our organization within a matter of months."

"An increased membership," continued Fishman, "will strengthen the position of the Association in Community affairs, and will insure that its voice will be heard on such matters as school transportation, adequate public services, and improved roads and traffic conditions. At the same time, it will create an opportunity for greater contacts between neighbors in the area through social and athletic activities."

The next Regular Meeting of the Association will be held on May 10th, at the Woodland Ave. School. Meetings are held once a month on the second Thursday of each month.
