COUPLED WITH TRUSTEE ELECTION? Library Board Seeks **More Money in June**

HICKSVILLE—New problems loomed for the Loard of Education and the School District this week with a little over 30 days remaining until new trustees elected at the annual meet-ing take their official positions to bring the membership up to six. The four surviving trustees met Friday and Monday nights and set another session for this Friday. May 25, the regular monthly meeting. The meeting last Friday, arrang-ed late in the week, started after 930 and concluded before midnight when Vice President Joseph Care.

when Vice President Joseph Caw-ley left the room because, he said, "the agenda had been completed." "the agenda had been completed." A four-point agenda had been ad-opted, including awarding of con-tracts for the Junior High School multi-million dollar addition, pay-ment of the architect's \$106,728 bill, and a report from Mrs. Joseph J. Ulmer, library board chairman, that there had been an error in the library trustee election of May 1.

Monday night the board vot-ed to approve a new referen-dum, probably late in June, ap-on an additional 556,676 needed to complete the library addi-tion. When bids for the pro-plect were opened a week ago it was found that the initial ap-propriation of \$198,000 ap-proved previously by the vot-ers was short by that amount. The question of Mrs. Ulmer's successor on the library board was still open, despite telephone con-tact with the State Education Dept. Leon Galloway, whose term does

Leon Galloway, whose term does not expire until 1957, was named as the expiring trustee in the May 1 election. Galloway was "elected" with 189 votes. Elwood S. Kant Sr. received 42 ballois.

Last Wednesday it was discov-ered that Mrs. Ulmer's turn ex-pires this July 1, not Galloway's. Kent told the Herald that he has been in touch with Albany and feels that the final determination rests with the Commissioner of Edrests with the Commissioner of Ed-ucation. School Attorney Bertram Crane told the Board, Monday, that an appeal may have to be taken to the Commissioner to have him rule on the situation. If Commissioner James AI-len finds the May I election was "void" a special vote may take place in June, probably at the same time as the referen-dum on the softer money need-

See this Lincoln at Hicksville Auto Show This Friday and Saturday

People who know fine cars are changing to Lincoln .

More fine car buyers are changing to Lincoln this year than ever before in Lincoln's entire history-because they recognize that this longest, lowest, most powerful Lincoln of all time is unmistakably . . . the finest in the fine car field.

Naturally, most of these people are turning to Lincoln because of its fresh, trend-setting

new styling. But after owning Lincoln, they praise this car's other fine qualities.

They tell us-time and time again-about Lincoln's exceptional handling ease. They're surprised that such a big, roomy car can be so effortless to drive-and that wives actually prefer this Lincoln over the family's smaller car. They tell us about Lincoln's outstanding performance, too-in dozens of ways. Those

who have never experienced Turbo-Drive are astonished to find that an automatic transmission-can be so smooth ... and those who take long trips say that this Lincoln makes the ride seem so much shorter.

And they tell us about roadability. Theylike the way Lincoln rides so firmly through a curve-and the freedom of taking any road they choose . . . instead of avbiding the bad ones.

If you've been thinking this is your kind of fine car, stop in and see us. We'll put a new Lincoln at your disposal any time you say.

Telephone

When it comes to bargains, it's what you get for your money that counts. And, measured that way, your phone is certainly one of the biggest bargains in your family budget.

It does so much in so many ways. Takes you shopping-to the grocer's, the drugstore, the department store. Keeps you in touch with distant friends and

family. And, day and night, stands ready to help in any emergency.

Yet its cost has gone up far less than most other items in your family budget - less than 18% since 1940, compared with a 91% increase in the cost of living.

Measure it by service or by cost. Either way, you'll find that the telephone is one of the biggest bargains you buy.
