## School Board Ready To Start Classrooms

**HICKSVILLE**—The School Board is expected to act tomorrow (Friday) night upon resolutions authorizing preparation of detailed plans and speeding the construction of 36 classrooms authorized in the referendum of last Saturday. The vote also gave approval to additional funds for four units at Lee Ave. School. The prefabricated structures are expected to be ready for occupancy by mid-term, starting in February.

At the meeting last Friday night, Trustee Joseph Cawley was absent, being out of town. The Board authorized Harding Radio and TV shop to make transcribed recorded tapes of Board meetings to date at a cost of not exceeding \$5 per reel. The duplicated tapes will be made available to the public at the Public Library.

## Inter-Club Golf Meet Next Week

**HICKSVILLE**—The three service clubs and Chamber of Commerce are planning another big golf tournament at the Brookville Country Club for Thursday, Aug. 30 with Jay Schwartz as chairman. Anyone interested in playing golf and taking part in the day's tourney is invited to get in touch with Attorney Schwartz or members of the Lions, Kiwanis, Rotary or Chamber. Golf play starts at 11 in the morning.

## Plan Another Pump Station

**MINEOLA**—Action was begun in Supreme Court, here, this week by Hicksville Water District to acquire a new, additional well site in the vicinity of 11th St. and Jerusalem Ave., Hicksville. The area embraces slightly over two acres. A condemnation order will be sought in court, here, on Friday morning, Sept. 14. The water district now has 10 wells supplying the fast growing community.

## Fire District Budget Vote Sept. 4

**HICKSVILLE**—The budget of the fire district for next year, which will be submitted to vote of resident taxpayers on Tuesday night, Sept. 4, was made public today. It is published in this issue of the Herald as a legal advertisement. It provides for \$120,000 for the operation of the district, including truck repairs, telephone service, insurance and other items. In addition there are five propositions offered for vote totalling an additional \$46,000, including \$30,000 for a new fire truck, \$1,000 for parades and drills, \$2,000 for inspections, \$12,000 for new alarm equipment and \$1,000 for street signs.

## Resident Appears On TV Show

**NEW YORK**—Dorothy Fredman of 25 Thorman Ave., Hicksville, appeared on the Sandy Becker TV show here recently. Dorothy received a beautiful Sausy Walker doll and had a wonderful time in the studio with Sandy and his puppets. Jingle Dingle, Sandy Becker's puppet, also called Dorothy up on the telephone and sent her a game.

ELWOOD KENT

MABEL FARLEY

**TRESPASSING FORBIDDEN** is the stern warning on the sign at the upper right at this point along the Long Island Rail Road tracks between Jerusalem Ave. and Broadway near Hicksville station. A copy of this picture, showing passengers alighting from the 5:12 out of New York and Brooklyn which reaches here at 6:15 has been forwarded to Public Service Commission by A. Allan Goldstein, chairman of civic affairs for the Glenbrook Civic Assoc. with the comment "this happens every business day. I believe you will agree that this is a fact that cannot be denied. Our complaints are not all unwarranted."

Goldstein also pointed out that the picture proves "that life and limb are endangered every working day. . . . Surely the new, longer cars are not a temporary improvement and plans should be made to accommodate the longer cars at the station. Proper loading and unloading would certainly expedite service. Closing the front doors on these cars is no answer to the long-term improvement. Lengthening the station, even with temporary platforms, is the answer," he insists. Forward section of the train stops on switches, open rails, he notes. (Herald photo by Frank Mallett).

# Farley, Kent Take Office; Voters Okay Classrooms

**HICKSVILLE**—For the first time in many months the Board of Education will have its full compliment of seven duly elected trustees when it meets tomorrow (Friday) night in the new high school. Mabel R. Farley, formerly high school principal, and Elwood S. Kent, Sr. who were elected in a special referendum last Saturday will take their places on the Board.

The successful candidates in Saturday's election actually took office as soon as the results were known and will serve until June 30 of next year. The positions must be filled as three-year vacancies in the annual district election of next May in addition to the position now held by Joseph Cawley whose first three-year term expires next

June also.

The newly elected trustees were expected to begin their duties earlier this week and were invited to be present officially for the school bus bid opening on Tuesday night.

A special meeting was held by the Board on Saturday night to formally accept Miss Farley's resignation as principal of the summer high school. Her retirement would have been effective next week.

No change in the officers of the Board will result from Saturday's election since the reorganization meeting is held the first week in July.

### CLOSE VOTING

Miss Farley, who is in her mid-

dle 70s, received a plurality of 233 votes getting a total of 1,637 ballots as against 1,404 for Robert E. Goodrich. Voting was close in all districts except the Dutch Lane district where Miss Farley was given a margin of 209 votes over Goodrich.

Goodrich is a resident of the Dutch Lane district. He carried the Woodland Ave. and Old Country Rd. districts while Miss Farley carried in the others.

The contest for the other seat on the board was even closer with Kent receiving an even 1,500 votes as against 1,479 for former District Clerk Thomas C. Affrunti. Kent carried every district except Dutch Lane and Fork Lane.

## Suddenly, Too Many Teachers

By CHARLES H. De SHAW

False Prophets of Doom have been prevalent since the beginning of time, and have sometimes managed to delude their neighbors. Fortunately they are frequently found out. One would think that this would be a deterrent to others of their breed, but unfortunately it is not.

Hicksville has been no exception. For years a small highly vocal minority group have been crying the blues, trying to convince a goodly number of the population of all sorts of doom if their beliefs in the matter of education aren't followed. This group has constantly proclaimed that they are for good education, and professed among other things, that only they were aware of a shortage of teachers in our school system.

After the School Trustee election last May, this group, aided and abetted by Stanton Miller, who was then Assistant Superintendent began their false prophecy that the teaching staff was about to resign en masse—and that no new teachers would come to Hicksville because of the "bad reputation" the community is supposed to have all over the State. Miller was to have made a survey of the staff and found that the statistics thereof indicated a lack of teachers for

the new school year; and spoke of the almost impossible job he had of trying to secure other teachers for the new term.

That this was false prophecy was revealed at Friday's School Board meeting, when it was reported that as of July 17, this district had an excess of 34 teachers—for whom at that time there was no position nor money to pay their salaries, which would have amounted to \$160,000 over the budget. Since that date, it was further revealed, the resignation of teachers amount to 13 in number, which was far below the usual 5 per cent turnover in school districts. It was also reported that our schools would not need any additional teachers for the balance of this new school year.

It is unfortunate that this information was not revealed at least a week ago, for it may have affected the outcome of the election of two school trustees on Saturday.

The election of Mabel Farley as a short term trustee should make her supporters hide their heads in shame. To force this woman, well over 70 years of age, to run for the school board by suggesting to her that it was her duty, and then working to get her elected, in itself was not a crime; but when one considers the 31 years of service that Mabel Farley has given to this community and its children, in our school system, it does not seem right to take away from her the opportunity and the right to rest and relax from her past and

our labors. While it is a fine tribute to a grand old lady, it would have been a finer tribute to her work and devotion to duty for these persons to have the Junior High School renamed the Mabel R. Farley Junior High, where her name would become engrained upon the minds and hearts of the students passing through, and be a constant reminder of her unselfishness and love.

It is rumored that the Board of Education will be unable to hold meetings in the Conference Room of the High School, come this Fall, since it will be used as a classroom. This, I understand, was originally planned when the school was constructed, and the necessary equipment is already there. Probably after school opens on Sept. 10, future board meetings will be held in the Little Theatre.

Loretta and Al Frank have become the proud parents of a son, Andrew Albert, born Saturday morning, Aug. 15, at Meadowbrook Hospital. They already have three daughters, Linda, Loretta, and Teresa. I understand that Al has collapsed, (from the strain or shock?) but mother and son are doing fine.

The West Village Green was rapidly becoming the hangout of teen-age groups who block the sidewalk, make nasty remarks to passers by, and even rough up any teenagers passing by alone. The complaints from the store keepers finally brought results, for now there is a patrolman stationed there and so the only thing left to do is clean up the litter in the area.

Those who saw the annual Levittown Water Circus at the West Village pool Sunday will agree that it never ceases to be entertaining. The group of clowns called "The Aqua Wacks", as always, provided plenty of amusement.

## Woodbury Rd Business Zone Faces Opposition

HICKSVILLE — Petitions were circulated this week among the residents in the area of the Highway Tavern on Woodbury Rd., asking the Town Board to refuse the application of Stella Marcinowski and Irene Sokoloff, to rezone the property where the tavern is located, from Residence "D" to Business "F".

The Tavern, formerly known as "Petsy's", is in a residential area, and the residents in the surrounding area feel the neighborhood should be kept residential. Also traffic in and out of the tavern is restricted to the east driveway, that is at least 50 feet from the adjoining property line. The applicants have plans to establish a grocery store and a drug store on the property with parking facilities.

Joseph Majikas of 261 Woodbury Rd., whose property adjoins

the tavern property on the west stated that "the traffic problem along Woodbury Rd. is bad enough without additional congestion that would ensue if stores were permitted in the area. There also is a play area adjacent to the property and it certainly would not be safe for the children. If this appeal is granted we can most assuredly look forward to more business in the area."

John Onken, Jr., of 22 Linden Ct., Pres. of the Woodbury Manor Civic Assoc. has promised "to do every thing possible to fight this appeal". He will meet later this week with representatives of other civic groups in the area who would also be affected by this zoning change.

The hearing will take place next Tuesday, Aug. 28, at 10 A.M. in the Hearing Room, Town Hall, Oyster Bay.

## Farley, Kent Take Positions

(Continued from Page 1)  
More voters took part in the Farley-Goodrich contest than any other portion of the ballot. There were 3,441 votes cast for this vacancy, slightly more than half of the 5,800 qualified voters.

In contrast, 2,979 voted on the other school trustee position, 2,997 on the question of additional classrooms and only 2,667 on the additional funds for the library. The two propositions were approved. The warmly debated 36 additional classrooms were approved 1,535 to 1,462 (a margin of 73) and the additional \$60,000 for the library construction was approved 1,502 to 1,165 or a margin of 337 votes.

The semi-permanent additions were rejected by the majority of voters in the Fork Lane and Dutch Lane areas. The library appropriation was carried in all seven districts.

Kent defeated Affrunti by a margin of almost 3 to 1 in his home district, Woodland Ave., getting 250 votes to 88 for Affrunti. In the same district, Goodrich supporters went almost 2 to 1 for

him over Farley.

Voting on Farley vs Goodrich was almost even in the Lee Ave. district (formerly old high school) at 272 to 270. Miss Farley had a slight edge in Burns Ave. and East St. which was offset by a lead in Old Country Rd.

The contest was of brief duration with the Farley and Affrunti entrance into the race at the last moment. Affrunti had taken a strong position against the semi-permanent classrooms and Miss Farley had not taken a stand on the question. However, literature mailed to registered voters before the voting had Affrunti and Miss Farley literature in the same envelope with anti-referendum material from the "Building Committee."

Kent and Goodrich had been identified with the Hicksville Citizens for Better Government in School Affairs urging support of the additional construction of classrooms now.

Kent and Goodrich in statements to the Herald expressed their thanks and appreciation to the voters for the support of their candidacies at the polls on Saturday.

## Board Thanks Clerk, Workers

HICKSVILLE — The officers of the Board of Education today publicly thanked Walter Schlichting, new district clerk, and the 35 inspectors and 14 registrars for the "fine job they did on Saturday in handling the referendum". The statement was signed by President Emil Skendy, Vice President Arthur L. Elrich, Secretary Robert Eaton and Trustee Allan Carpenter.

The statement notes: "The clerk of the school district took office only a very few days (Aug. 8) before the first of the registration days (Aug. 11). He handled the maze of detail required of his office under the most trying circumstances with dispatch and competence."

"During the last election in May there were long lines, may delays and considerable confusion. It was believed that a change from three to seven voting districts would remedy this condition. We are indebted to the clerk and registrars for the zeal and willingness with which they worked, both day and night, to get the four new registry books ready for use by the 11th. "The confusion-free conditions under which the referendum was conducted was the result of the district clerk's competence and the fine co-operation of registrars and inspectors. The Board wishes to both thank and compliment them on a job well done," the statement concludes.

## Prepares List Of Mothers

BETHPAGE — Mrs. Clifford Thomas, Classroom Representative Chairman for the Powell Ave. P-TA, is now working on the class mother list for the school season starting in September.

The Class Mother is the link between the teacher and the parent and plays an important part in the school program by assisting the teacher whenever necessary, by advising parents of classroom projects, and by contacting parents for help in such projects. She is also the personal link between the parents and the P-TA, enabling the P-TA to reach each individual parent when necessary.

Two class mothers will be assigned to each class. Anyone wishing to serve in this way is asked to please contact Mrs. Clifford Thomas, 4 Concord Ave. at WE 5-6406.

## Oppenheim Collins Signs Lease

HICKSVILLE—Oppenheim Collins, presently operating a dozen prestige specialty stores in four states and which is a subsidiary of City Specialty Stores, Inc., has signed a 21-year lease for space in the huge Mid-Island Plaza, regional shopping center scheduled to open here this fall. It was announced today by Stackler & Frank, builders and owners of the 110-acre business center.

The lease was negotiated by Lester Hano, president of Oppenheim Collins; Gordon Greenfield, president of City Specialist Stores, which also owns the group of Franklin Simon stores; and Nat

Antler, leasing broker for Mid-Island Plaza, with Albert M. Greenfield & Co., as co-broker. Attorneys were Martin Richman for Oppenheim Collins and Morris J. Helman for Stackler & Frank.

The Oppenheim Collins store will have 320 feet of frontage on three pedestrian malls in the central portion of the shopping center, with entrances from three sides. The store has been specially designed by Copeland Novak & Associates, architects.

"Signing of the Oppenheim Collins lease," Mr. Antler said, "rounds out the policy of Mid-Island Plaza ownership in providing maximum facilities for comparison shopping at the department store level. Other establishments include the full-line Gerts Dept. store, the J. J. Newberry junior department store, Famous Fashion Shops, Bond Stores, Lernor Shops, Lorriss Men's Shops, Stevens ready-to-wear, and seven shoe stores."

## Keen Local Interest As GOP Opens Convention

SAN FRANCISCO—When the National Republican Convention opened here at 11 AM Monday (2 PM, EDT, our time), it set in motion plans which had been in preparation for more than a year.

Leonard Wood Hall, chairman of the Republican National Committee, who has been described as an "important political phenomenon" in a recent feature article in the Saturday Evening Post, states the Convention will be followed by the "greatest campaign in our Party's history with President Eisenhower and Vice President Nixon as the nominees."

The GOP convention has a special interest for Oyster Bay Township because the National Chairman is also the Township Chairman and Republican leader.

Mr. Hall is also the chairman of arrangements for the 26th National

Convention of the Republican Party which will be unique in many respects. The convention in San Francisco marks the 100th anniversary of the first GOP nominating convention and is the first Republican convention to be held in San Francisco or the Far West.

Mr. Hall before leaving his home in Oyster Bay for the West Coast said that some 80 to 90 million people will watch at least a portion of the proceedings on television. He estimated that there will be some 40,000 persons all told visiting San Francisco for this convention.

Attending the deliberations of the Republican party as a delegate of the First New York Congressional District, which includes Oyster Bay Township with Suffolk County, will be a long-time political associate and friend of Mr. Hall's, County Clerk Ernest F. Francke of Hicksville.

#### Civics To Meet About Curbs

By MARGE KERN

Nothing much happening around these days. Everyone is busy with vacations, so there isn't too much news to report.

Mr. and Mrs. Pete Gordon would like to thank their neighbors and friends and the Sisters of St. Ignatius Loyola Church for their gifts and cards, and also for visiting their son, Lawrence, during his recent operation at Roslyn Park Hospital. Larry is recuperating after a successful operation, and in a few more weeks will vacation

at their summer home in Jersey.

A meeting to discuss curbs for our homes will be held in a few weeks at Henningsen's Restaurant. The date will be announced later.

The Rauchs' visited North Pole in the Catskills on their vacation.

A petition to stop the rezoning of the Woodbury Rd. area from Highway Tavern up, to make way for business area has been signed by many residents. With stores in town, and Plainview Shopping Center so near, these new stores are not needed, residents declare.

# CURRENT COMMENT:

## Voters Make The Decisions

By Fred J. Noeth

THE SCHOOL ELECTION is over and with a full membership of seven trustees it can now proceed, full speed, with its important work. The argument and debate, pro and con, over the election issues will probably go on for some time into the future, among partisans, but such discussion can be simply silenced—the voters of the district have made their asserted decisions.

The eleventh-hour appearance of a "Committee for Decency in Hicksville School Affairs" caused considerable excitement. The announcement appeared in Newsday on the day before the voting and described the committee membership as including four respected members of the clergy together with Alan Campbell and Edna Kuhne Sutton.

The implication, since Dr. Campbell and Mrs. Sutton were known as active supporters of one side of the election issue, was that the "other side" was guilty or could be suspected of some heinous crimes.

The statement of principles, deploring whispering campaigns against candidates, could be and are embraced by all straight-thinking people. However, the article in Newsday did not state the full text of the "Decency Committee" views. Further, at least one of the clergymen whose name was released has asserted he was not advised his name would be used in connection with Saturday's referendum, that he had no personal knowledge of any previous school election campaigns in the community, nor was he informed that the person who contacted him was active in behalf of any particular candidates.

Our congratulations to the individual candidates for the restrained manner in which the campaign was carried out. Our congratulations also to Miss Mabel R. Farley and Elwood S. Kent, Sr. upon their election to the School Board. It is needless to comment that they have undertaken a tremendous, exhausting task for which they will probably never receive the recognition and appreciation that such work entails.

## Operation VFW

VIA AIR MAIL  
Commander Louis Klein  
VFW Post 3211  
Hicksville, Long Island  
Dear Commander Klein:

As you know by now I am spending these two weeks down here in Fort Eustis, Va., on my annual two weeks tour of active duty in the United States Army.

Fort Eustis is located on the James River about 15 miles from Newport News, Va. It is a very large installation formerly a Coast Artillery Camp but now a Fort for all branches of the Transportation Corps.

I am with the 318th Transportation Group Headquarters (Movement Control) and in our particular group are approximately one hundred and nine men. I would say that on the post itself there are about 3,000 troops.

Our day starts at 4:30 in the morning, and continues through until four in the afternoon. We are on Eastern Standard Time down

here so that makes us one hour earlier than you folks have in New York. The reason for this odd hour is due to the fact that the temperature in these parts is seldom below the 90 degree mark. The heat lasts continually without a decent break to get caught up with one's sleep and etc. Our food is excellent and the quarters satisfactory for a two week's tour. We receive what one calls "On The Job Training". In other words each man performs his particular duty that he would be required to do in case our country should ever go to war again and our unit is activated. It is very interesting although a great many guys on the outside now can't see it. One does acquire a knowledge of just how advanced our country is in the protection of our shores. We see a great many things that the average person just reads about in the papers. Furthermore, we receive two weeks pay and active duty toward our retirement pay. For myself I have

William M. Goetz Jr. Post  
Veterans of Foreign Wars

twelve years toward my twenty year goal at which time I can get out of the active reserves and wait until I reach the age of 60 at which time my retirement pay commences.

All in all I have no complaints about being a member of the Armed Forces.

There are Chaplains of all faiths down here and they are ever ready to assist anyone no matter what his or her problem might be. The churches here are always open for prayer and meditation.

The is an excellent, non-commissioned officers club on the post with all sorts of entertainment going on each and every night.

I guess Commander that about covers a little of the news about my stay at Fort Eustis.

Give my best to all and I hope to see you at the meeting on Monday evening Aug. 27.

Sincerely in Comradeship,  
M/Sgt. Howard Darling

### Internal Revenue Office Gives Advice To Parents Of Working Youngsters

Parents of youngsters who are working during the summer vacation were reminded today by Thomas E. Scanlon, Donald R. Mooney and Harold B. A'Hearn, local district directors of the Internal Revenue Service, that under certain circumstances their children may still be claimed as full exemptions for Federal income tax purposes. And the children themselves may be entitled to refunds in whole or part of income taxes withheld from their wages during their employment. The special exemption rule, the tax officials explained, applies to children who will still be under 19 years of age at the end of the year and to children who are full-time students, regardless of their age.

Exemption may be claimed by the parents if they contribute more than half the child's support, regardless of the amount earned by the child. This new law was passed by Congress in 1954. Prior to 1954, no person earning \$600 or more could be claimed as a dependent by another taxpayer. Inquiries received, however, indicate that many who are entitled to this benefit are not aware of it. And some parents continue to have their dependent children stop work before earning \$600.

Children 19 or over must be engaged in full-time study at a recognized educational institution for at least five months of the year or must be pursuing a fulltime accredited on-farm training program.

### Postman Suffers Hard Luck Twice

James Mariell of 20 Hunter St., Hicksville, was the victim of hard luck recently. On Monday he was bitten by a dog, while delivering mail in Plainville, and had to be inoculated with Anti-Rabies and Penicillin shots.

Then two days later, on the advice of his doctor, he drove to the Plainville Office to notify his supervisor that he would be home the rest of the week as the result of the shots. He entered the Post Office at 3 p.m., and left at 3:30 p.m. As he went to enter his car he noticed that someone had hit the door of it, causing considerable damage, and that they didn't have the decency to leave a note in the car giving their name, address, and registration.

Since he doesn't have collision insurance, it is going to cost him considerable money to have the door repaired, and he appealed to the person who hit the car to come forward and give him the necessary information along with the name of their insurance company.

He said that they can phone the Plainville Post Office

## Miss Pohley Becomes Bride

Miss Sena Patricia Pohley, daughter of Mr. and Mrs. Wilmer T. Pohley of Plainville, became the bride of Thomas Matson Spiers of Hicksville on Aug. 4. They were married at 4 p.m. by the Rev. Gunston Clayton in a double-ring ceremony at the Hicksville Methodist Church. Before the ceremony Mrs. Bentley of Hicksville sang two selections, "The Lord's Prayer" and "O Perfect Love". The bride was given in marriage by her father Wilmer T. Pohley.

She looked lovely attired in a white nylon tulle gown with chapel train-low neck and long fitted sleeves. The dress was appliqued with insects of Alencon lace. Her finger tip veil fell from a crown of sequins and seed pearls. She carried a bouquet of white gardenias.

Mrs. Robert Duerbeck of Bay Shore was matron of honor. She wore a princess style dress of rose embroidered organza with matching rose sash and a large bow in the back. LONG ISLAND YMCA executive, Frank Warner, is shown as he arrived in Los Angeles via American Airlines to start work in the RKO picture "Run of the Arrow." Long recognized as one of the country's leading interpreters of American folk music he is reporting to RKO to record "The Unreconstructed Rebel," which he will sing in Samuel Fuller's "Run of the Arrow." Originally a poem by Maj. Innes Randolph of Gen. J.E.B. Stuart's staff of the Confederate Army, the song to be sung by Warner expresses the bitterness of the South in defeat during the Reconstruction.

## Danda's May Disband

HICKSVILLE — In view of the lack of top-grade opposition, combined with their great undefeated winning streak, the attendance at Danda's softball competition has dropped off and the team may disband.

Owner Bill Danda and Manager Casey Faraone have their backs to the wall. Interest in the current team's barnstorming tour have dwindled—not only at the gate, but in the matter of bookings. In spite of this, it is expected that everyone of the star-studded Danda roster will be asking for substantial increases in salary for next season.

Other owners have already taken up the clamor of the fans.

So goes the cry, "break up Danda's".

Among the many trade rumors blowing are "Toot" Reardon, Pete Hawk and "Butch" Hawk for Carmine Matienzo and a bucket of last week's ice cubes. "Pops" Dizzino may be sold outright to the Lawnview for a case of empty pepsi bottles.

Geary, owner of the North End, is also planning a big shakeup; though for different reasons, mainly lack of hustle by his stars.

Tentative games for this season will probably be with "The Lawnview", "Equire" and a great return match with Geary's North End.

## Marcin Shoots 2 Birdies

BETHPAGE — In a three-some on Bethpage State Park's Black golf course on Aug. 13, Chester Marcin of 23 Grove St., Hicksville, shot a very fine score of 75 including 13 pars and two birdies. He drifted only once when his second wood, on the fourth hole, went in the woods costing him a lost ball and a final 7.

Mr. "Boo" Braun of Woodbury Rd. and Briggs St. turned in a creditable 79 playing in the same threesome with Mr. Marcin.

# CYO Leaders Turn Back Clock

By ELWOOD KENT, SR.  
HICKSVILLE—At least 20 men Managers and coaches of the local CYO League attempted to turn the clock back and recapture the "good old days" at East St. school field recently. For a few innings the spirit and flesh stood up under the terrific pounding as sparkling plays, snappy hitting and flash running predominated.

Then the old man with the scythe (Father Time) stepped in to take over, but only after a valiant fight by the "boys".—The "never die" spirit prevailed, however, as the players finished one game and headed for another—after five innings of the second game several wives took over the management of the teams removing players from the field and stopped the massacre.

Some players who had overstayed their limit were afraid to go home; others went home to dry, cold dinners and in one instance it was reported that the lasagne was severely burned. It was the old case of "fried pot" all over again. It is amazing the effect the female managers can have in these instances.

The National League won both games as Legge, Geitscheer, Gay-

lor, Sheehan and Acerra starred for the winners. A prodigious clout over the school drove the spectators wild—the name of the batter will be revealed next week—so as to provide all "scouts" with an equal chance to sign up the player.

Peploe starred for the losers with a number of "submarine put-outs", this constitutes stopping the ball, slipping on the grass and then crawling to first base in time to putout the batter—it is a remarkable play and no doubt will be installed in the slenderizing salons. Gerry O'Connell romped around in the catchers equipment backing up all bases with considerable agility. George Maguire caught the second game and wondered how Gerry had ever gotten through the first.

Mario Carrova, Larry Baroletti, Malm and Trubinski all displayed good form with plenty of pep. Several runners on both teams were almost disqualified for running too long in the same place, but it was decided it was probably a move of strategy and was allowed. There is a strong possibility of further games being played, providing the wives, the bodies, and the hospitalization plans are

in agreement. Harry and Burt were among the spectators as a goodly crowd watched the proceedings.

## SMALL FRY

Orioles beat Apaches 8-5 at Woodland Ave. School. Wolf and Mruz, the battery, steered the team to victory, as Smith, Meehan and Hank batted, fielded in their usual good fashion. Grace for the losers started off well, but couldn't bear up under the intense heat.

Remember this Saturday, Aug. 18th—Paper and Rag Day for CYO—make the collection a big one.
