

CHANGE PARADE ROUTE, SKIP BROADWAY:

Firemen March Here Labor Day

HICKSVILLE—The route of the 28th annual Labor Day Firemen's Parade, the biggest parade of volunteer firemen and their ladies auxiliary members in the State, has been shortened this year, according to Vincent W. Braun, general chairman and grand marshal. In addition, the sponsoring Hicksville Fire Dept. has increased the number of prizes and trophies for parade participants.

The parade will start at 9 o'clock, Monday morning, as the host Fire Dept. steps off from Marie St. Firehouse. Thousands will line the route which is on Marie St., across Broadway to Jerusalem Ave., south on Jerusalem to Old Country Rd. and west on Old Country Rd. to Levittown Pkwy. where the grandstands and contest course are set up.

Divisions marshals of the parade are all ex-chiefs of the Fire Dept. There will be 45 bands of musicians in the parade, more than 200 pieces of gleaming fire fighting apparatus and volunteer firemen from 50 Long Island and upstate communities. Among the entries are Sea Breeze firemen who for the past two years have made the long trip to Long Island from the Rochester area.

The parade will start, rain or shine, with the sounding of two blasts on the fire sirens. The drill competition for more than 80 trophies begins promptly at 1 P.M. There are eight big events this year, including the revival of the

old-time bucket brigade.

Among the entrants as they will march are:

ON TARGET with a line of hose and water under pressure, volunteer firemen demonstrate their speed as fire fighters next Monday afternoon at the Labor Day Firemen's Drill on Levittown Parkway where this picture was taken last year. Public is invited to contests which start at 1 o'clock. (Herald photo by Frank Mallett.)

SOMETIMES a connection with the hydrant goes wrong at the firemen's drill and contestants as well as spectators get an unexpected soaking during the Labor Day Tournament, the biggest in the entire state. (Herald photo by Frank Mallett.)

ARTIST'S RENDERING shows the new Hicksville Office of The Meadow Brook National Bank, scheduled for construction shortly. To be located at Newbridge Road and Jerusalem Ave., near the RR station, it will have three stories and a full basement, with good parking facilities and double-drive-in auto tellers. A large map of Long Island will highlight the front exterior wall.

Borley Seeks Another Term

HICKSVILLE—Harry Borley of Woodbury Road is a candidate for re-election as a commissioner of the water district with voting tonight (Thursday) at the Courthouse, Helts Pl. and Bay Ave. from 7 to 9 P.M. Borley is well known in the community and has long been active in fireman's affairs. He is an ex-chieft of the fire dept., was second captain of Emergency Co. 6. He is past president of the Nassau County Fire Chiefs' Council and past president of the Nassau County Firemen's Assoc.

CAWLEY VOTES NO, FARLEY ABSTAINS:

Predict Delay on 36 Classrooms As Bond Resolution Is Killed

HICKSVILLE—Events which took place at the meeting of the School Board meeting, here, last Friday evening, gave rise to a prediction by Board President Emil J. Szendy that the 36 classrooms approved by the voters on Aug. 18, would not be ready by January, as had been hoped.

The formal Bond Resolution authorizing the issuance of bonds for this construction was lost because it lacked the two-thirds favorable vote of the board necessary for its enactment.

2 Meetings This Week

HICKSVILLE—A number of pending items were scheduled for action of the School Board at a special meeting this week on Wednesday night, Aug. 29, at the high school with the regular monthly meeting set for Friday night, Aug. 31. The meeting Friday night at 8:30 has been called for the faculty cafeteria room of the high school on Division Ave.

He had demanded time on the agenda to present his protest, and had been placed on it.

However, apparently not content to wait until the Bond Resolution matter had been taken care of he asked to present his protest at that time. Despite explanations from the Board President and School Attorney Harry Goebel that the approval of the Bond Resolution by the board would in no way interfere or be illegal in itself, and that

he would have ample time when his turn on the agenda came to challenge the legality of both the election and the resolution, he insisted that he wanted to speak at that time.

He said he had been denied access to the records of the vote at Fork Lane on Aug. 18.

Cawley then demanded that the Fork Lane records be produced since they would have a bearing on (Please turn to Page 5)

Joseph Cawley voted "no", explaining that a taxpayer had challenged the legality of the voting at Fork Lane School on Aug. 18, and because Szendy declined to call a 15-minute recess to have records of the Fork Lane School balloting produced for his examination at that moment, Mabel R. Farley abstained from voting without explanation.

Thomas C. Affrunti, former school district clerk, challenged the voting at the Fork Lane School.

OFF NEWBRIDGE ROAD:

Democrats to Honor Cisler

By RUTH CONTI
WE 1-7612

I hope that everyone has been enjoying themselves this summer. With these lazy summer days and so many places to go, I just haven't had a chance before this to sit down and write a column so I will try to fill you in on various events with this column.

The Hicksville Democratic Club is holding a testimonial dinner and dance to honor William A. Cisler on Tuesday evening, Sept. 24, at Guy Lombardo's East Point House in Freeport at 8 p.m. Music by Tom Maloney. Tickets will be \$6.00 each, dress optional.

I am sure everyone will have a wonderful time and since I have already danced to the music of Tom Maloney's orchestra, I know you will enjoy the wonderful variety of music that they play. If anyone is interested in tickets, please get in touch with me or Joseph Wackerman at 88 Bobwhite Lane, Hicksville. Also if anyone is interested in placing an ad in their journal or being a booster, please let me know and I will fill

you in on the details. I hope to see some of my readers there.

The Fork Lane P-TA is sponsoring a picnic on Saturday, Sept. 22, at 10:30 a.m. at Belmont State Park. Tickets will be \$1.50 per family. Bring your lunch, your bunch and prepare to spend an enjoyable day. Parking is free. There will be door prizes, games and free refreshments. In case of rain, the picnic will be held the following Saturday, Sept. 29. If your block captain calls, please plan to take a ticket as I am sure everyone from baby to grandma and grandpa will enjoy themselves.

I understand that Mr. and Mrs. Thomas Sumaza of 502 Claremont Parkway in the Bronx were out to visit their son's family over the 4th of July weekend and everyone had a very nice time. Mr. and Mrs. Bill Sumaza live at 1 Valley Court in the Allied homes. Linda De John will celebrate her 9th birthday with a small party on the patio of her home at 25 Croyden Lane. Happy Birthday to you Linda.

The Samuelson's and Osterling's of 81 Croyden Lane have a friend of theirs, Mary O'Brien from the Bronx visiting them or a week.

Wanted that a terrible tragedy about the Stockholm and the

Andria Doria? It struck rather close to home with us because my uncle has been on the Stockholm since it was built and with the Swedish - American Line for 25 years. Luckily he wasn't on board this trip because he was taking his vacation. Mrs. Osterling of 31 Croyden Lane had a friend Mrs. Spadoni who was on board though and luckily she wasn't hurt.

Well I hope that everyone will have a nice time over Labor Day weekend and if you are going anywhere by car, please drive carefully.

Dear Jean:

MRS. ETTA C. BLOODGOOD who spent part of each year for the past 25 years, in Hicksville, living with her daughter, Mrs. E. A. VAN SLYKE on W. Marie St., died Sunday morning, Aug. 28 at Hensonville, Greene County, New York. She would have been 96 years of age on Oct. 13. For the past 20 years, she has spent the winters in St. Petersburg, Fla. with Mr. and Mrs. Van Slyke. He was Hicksville's first superintendent of schools. . . . LOUIS J. REINACHER returned to Hicksville from several months stay in Florida over the weekend and will be here until October. He said he hardly recognized the old home town when he got off at the station. Mr. Reinacher was long active in civic affairs, Boy Scouting and politics in the community. . . . WALTER B. LUNDMAN of 12 Indiana St., Hicksville, president of Church Films Inc., attended the 13th annual international audio-visual workshop of the National Council of Churches of Christ in USA held at the University of Southern California, Aug. 18 to 24. . . .

JOE at Hicksville Farms won the prize for catching the biggest fish on last week's fishing trip off the Point. It was a 5 lb. fluke and was it good. We had a taste of it. . . . The FRED J. NOETHs of Twinlawn Ave., Hicksville, returned home Sunday night after a four day trip sight-seeing in Washington and Virginia. . . .

A total of 508 girls from the Mid-Island Girl Scout Council went to Camp Eddy at Sayville this summer. . . . Macy's Roosevelt Field store opened yesterday (Wed.). . . . Have you seen the tremendous display of trophies in ENGLERT'S BAKERY at Bway. and Marie St. for the Hicksville Labor Day Firemen's parade and drill? There are more awards this year than ever before. . . . The fire horns will sound two blasts at about 9 o'clock Monday morning to indicate the start of the firemen's parade. . . . Don't forget the election of Hicksville Water Commissioner takes place tonight (Thurs.) at the courthouse with polls open from 7 to 9 P.M. HARRY BORLEY deserves re-election. . . . ANDREW PELSHE of 120 Harding Ave., Hicksville, a student at Lafayette College, on Sept. 7 will be initiated into Theta Chi at Norwich University, Northfield, Vermont. . . .

The Presidents of the United States, from WASHINGTON to EISENHOWER, are featured on a very interesting and valuable book-cover available free at BEATTY'S. This store has been providing generations of Hicksville boys and girls with the best and most useful in school equipment. . . .

Nassau Health Dept. reports that Mary and John, last year, WERE NOT the most popular names for newly born children. Robert was tops on the list with 808 and also headed the list in 1950. John was second popular for boys with 717. As for girls, Susan was most popular with 462 followed by Patricia with 400 and Mary with 287. . . . EARL BROWN, county health commissioner told Hicksville Kiwanis last week that there were only 11 cases of polio this year compared with 72 last year. . . . BERTRAM CRANE, former Hicksville school district attorney, was guest speaker at the luncheon meeting in the Millbridge on the subject of "current events in labor management relations". . . .

Levitt Approves Parking Lot Debt

ALBANY—State Comptroller Arthur Levitt this week granted permission to the Town of Oyster Bay to incur indebtedness for financing improvements in the Hicksville Park and Parking District in the township.

The cost of the improvements is reported to be \$352,535.29. At the time the district was established in 1947 by the Town Board, no obligations were issued on behalf of the district. The consent of the State Comptroller was therefore not required.

The district services over 9,500 homes in the Oyster Bay area. "In view of the fact that the ratio of cost to assessed valuation is less than one per cent and will not result in an undue burden on the property owners within the district, I am happy to approve the application," Comptroller Levitt concluded.

What Your INSURANCE AGENT CAN DO FOR YOU

SIXTH OF A SERIES

A few words about "BARGAIN INSURANCE"

In insurance, as in most things you buy, you get what you pay for. The cheapest price seldom buys the best value. A so-called "bargain" policy means that something must be sacrificed. It may mean the substitution of restricted coverages. . . . it may be the lack of a competent agent's services. . . . it may mean a "tough" attitude on claims. . . . or a scrimping on company services. Your independent agent is there to guide you along the right path and to see to it that you get the best protection at a fair price.

Until a loss occurs, an insurance policy is just so many words on a piece of paper. The big test comes when a loss or claim occurs. That's when you learn the real worth of any policy.

JAMES FARRELL (second from left) second in command in the Nassau County Police Dept. detective division, points out for newsmen the location in Plainview woods where the remains of an infant were found, believed to be deceased 4-week-old Peter Weinberger, left there according to police by confessed kidnapper Angelo John LaMarca, 31-year-old mechanic and resident of 22 Richfield St., Plainview. The above spot is off Mannetto Hill Rd. and near the Northern State Parkway entrance. (Herald photo by Frank Mallett).

WAITING AND WAITING, hordes of news photographers gathered on the property of Plainview farmer Alex Keisel on Mannetto Hill Road, Saturday morning, while police and FBI agents searched the woods for the remains of the Weinberger baby. Pack 378 Plans Fall Programs

By **TINA PINN**

HICKSVILLE—The Pack Committee of Cub Scout Pack 378 held their annual theme planning meeting Wednesday evening, Aug. 15 at the home of Frances and George Groner of Lantern Rd.

So 'neath a star-studded summer sky, sipping cold drinks on the Groner patio, plans for the coming year were drawn up. An interesting assortment of programs were agreed upon.

Looking backward on the activities of the past year, it was agreed that it was a highly successful and fruitful one, for which many thanks go to our outstanding leadership—under Cub Master Bill Schultz and his able assistants—also to our hard-working Committee, ably chair-maned by Emil Mittendorf and Assistant Dave Fautt—our energetic fund raisers, Chet Smiley and Treasurer Dominick Grasso—and certainly many thanks go to our dedicated Den Mothers: Marie Mittendorf, Marge Fautt, Betty Stults, Mollie Wilson, Aqua Goeckeritz, Doris Steinman and their assistants.

It was announced that Cub Master Bill Schultz would take a leave of absence for three months to pursue some personal business, and that Stan Schwartz would take over in his absence. Bill's tireless and devoted efforts will be missed by all.

We were also sorry to learn that we soon will lose two more of our valuable committee members when Natalie and Chet Smiley move to their new home in Huntington this

fall.

The evening was climaxed by a showing of colored slides of the Pack picnic, held in July. So again we reminisced over the outstanding events of that day, including a three legged race for cubs, won by Jimmie Fautt and Joel Sachs; an umbrella, bucket, balloon and chair relay for parents; a cracker chewing contest; a soft ball game for mothers.

18 More Cities You Can Dial Direct

Announcing another milestone in telephone progress here on
Long Island — the expansion of direct distance dialing service
for 186,000 individual and two-party telephones

If you have individual or two-party
service and your central office is listed
below, you can now dial station-to-sta-
tion calls direct to 18 more cities
throughout the country. With this lat-
est addition, a total of 20,000,000 tele-
phones from coast to coast is now
within range of your dial. You can dial

direct to many smaller communities
which do not appear on the map or in
the list of distant points that were al-
ready within your dialing range. If you
are not sure whether you can dial
direct to a certain community, just
ask the operator.

It's easy to dial calls to far-off places.

Other places which are already within
Direct Dialing Range:

All of Connecticut	Boston
Albany	Detroit
Amsterdam	Kansas City, Mo.
Glens Falls	St. Louis
Hudson	Akron
Schenectady	Cincinnati
Troy	Cleveland
Oakland	Portland, Oregon
Sacramento	Langhorne, Pa.
San Francisco	Norristown, Pa.
Denver	Philadelphia
Chicago	Milwaukee

If your Central Office is listed here, and if you have individual or
two-party service, you can dial direct to major cities across the country:

AMityville 4	FReeport 9	MAYfair 3	Pioneer 6
ANDrew 1	GEneral 1	MOHawk 1	Pioneer 7
BAldwin 3	GEneral 2	MOHawk 5	PYramid 8
CAstle 1	GRover 5	MOHawk 6	PYramid 9
CHapel 9	HUNter 2	MOHawk 9	SUNset 1
EDgewood 3	IVanhoe 5	OVERbrook 1	SUNset 5
EDgewood 4	JUNiper 1	PArk 7	TURNer 8
EMerson 3	LINcoln 1	PERshing 1	WAInut 1
FOREst 8	LOCust 1	PERshing 5	WElls 1
FReeport 8	LYnbrook 3	Pioneer 2	WElls 5
			WElls 8

Almost like making a local call. All
you do is dial the area code, followed
immediately by the number you want.
For example, to call GARfield 1-9000
in San Francisco, dial the area code
415, then GA 1 9000. If you do not
know the number, or if you are making
a person-to-person or collect call, just
dial "Operator."

For specific instructions on how to
use your direct distance dialing service,
check the Information Pages in the
front of your directory.

In time, as the necessary equipment
can be installed, everyone will be able
to dial direct to any point in the United
States and Canada. This latest service
improvement is another great step in
that direction.

NEW YORK TELEPHONE COMPANY

NEW JERICHO FIREHOUSE as it will appear when completed. The Board of Fire Commissioners today called for sealed proposals on the construction of the building which will be opened on Sept. 24, according to LeRoy

Nostrand, district secretary. The structure will be built on the west side of Hicksville-Jericho Road, just south of Jericho Tpke. and about opposite the Milleridge Inn.

Predict Delay on 36 Classrooms

(Continued from Page 1)

his vote. Szendy told him that the matter was off the discussion before the board, and that until specific charges were made, the board could go ahead and vote. Cawley insisted, "I charge that I believe the Fork Lane meeting was illegal, and demand to see the minutes of the meeting here and now. Furthermore I request that the board recess for 15 minutes so the Clerk can secure these minutes (from the vault in the administration bldg.) so I can satisfy my mind. My vote will depend upon the facts, and I have to see the minutes".

He then moved for the recess, but received no second, and his motion was lost. He then said that he wanted either a certified copy of the Fork Lane minutes from the District Clerk to present to the Bonding Attorneys, or that the School Attorney be directed to accompany him to them.

Trustee Allan Carpenter had commented at the time Cawley demanded to see the Fork Lane minutes, that if everytime the board acceded to a request for information from a taxpayer (which was in the vault) and sent for it, there would never be any work accomplished.

Szendy, after the Bond Resolution was defeated, commented that what was being attempted was a delaying action so the classrooms will not be ready in January. Mrs. Shirley Karish of Spray Lane, a strong advocate of permanent buildings, stood up and began to denounce Szendy, saying in part that he is responsible for the impasse of the board, and that he was using his position as chairman of the board to force his opinions on the others.

OTHER BUSINESS

Other business conducted by the board that evening was the appointment of trustees Robert Eaton and Mabel Farley to meet with the Safety Chairman of the Old Country P-TA and make a survey of the traffic conditions in that area now that the shopping center had opened directly across from the school. The school P-TA had made a survey of the area and recommended that the board request the Police Dept. supply additional auxiliary policemen for this area during school hours; one at Mead Ave. and Old Country Rd. and the other at Lee Place and Old Country.

A letter from a Mrs. Babcock, member of Syosset school board, was read, in which she charged that the Town Board was holding a hearing Tuesday, Aug. 28, on a change in the Zoning Law to permit the Town Board to approve the building of multiple dwellings in industrial zones, without prior public hearing. No action was taken by the board on this.

Discussion of the bids on transportation children in the district, revealed that Semke Bus Co. of Hempstead was the low bidder with a bid of \$126,000 for 18 buses, which was approximately \$8,000 over the amount allowed in the budget. Asst. Supt. Donald Apt,

and Mrs. Caesar, school transportation officer, reported that they had gone over the schedule planned, and found that by eliminating one bus they could stay within the budget. They said that Semke in a separate letter had said he was agreeable to a reduction or addition of one bus at any time during the school year with two week prior notice.

Apt said that at 7:55 a.m. only 15 buses were used to transport Jerusalem Ave. Junior High students, and that by rescheduling one of the buses and pushing it up to 8:05, this bus could be utilized bringing the number for 7:55 a.m. elementary children to the 18 required.

School Attorney Goebel, in reply to a question by Cawley, said that the Board should see if Semke would enter into a contract for 17 buses although he had bid on 18, in view of his letter, and if not, to request that the contract contain the stipulation that a reduction or addition of one bus could be done by two week prior notice.

The bid was accepted by the board, and Carpenter moved

that the contract be offered to Semke for \$119,000, seconded by Eaton, with Farley and Cawley abstaining.

A request to transport three students to Friends Academy and return was discussed. Transporting them to the Academy could be done, but bringing them back at 5 p.m. appeared out of the question, since the bus schedule does not contain provision for any buses after 4:30 p.m. Matter was tabled to permit Goebel to check the law; as was a request to transport one student to the Cathedral School in Brooklyn, over the 12 mile limit.

The furniture bid was awarded to J. S. McCue Co., in the amount of \$1,437.53 since he was gross low bidder on all items, although on one category he was \$5 per item more expensive than the next low

bidder. Dr. Lamb recommended that the entire award be given to him since on the one particular category, the tables and chairs were identical with those already in use throughout the district, and thus could be interchanged.

ERROR ON BID

It was reported to the Board that the Charles F. Hubbs Co. bid \$7.30 per case for 400 cases of paper towels and was accepted as the low bidder. Notice to this effect along with a contract was forwarded to Hubbs, after which two representatives from the company contacted Richard H. Cairns, Director of Buildings and Grounds, and withdrew their bid of \$7.30 per case, and substituted a bid of \$8.30 per case, claiming that they made an error on the bid.

The matter was turned over to the attorney for necessary action of either standing by their original bid of \$7.30 per case, or else forfeiting their certified check, which would be in an amount of not less than 5% of the bid price, or \$148. The next low bidder was J. Janvey & Sons, who was \$92 higher for the 400 cases.

Herbert W. Purick, Auditor for the school district, reported that the High School construction account might be overextended shortly, depending upon the cost of blue print reproduction. At present, he

said, it was a "touch and go" situation and there is only \$1,200 cushion account.

Szendy reported that a letter had been sent to Town Supervisor Lewis N. Waters by the Board, objecting to any proposed opening of Windsor, Prose or York Streets in the Northwest area, adjacent to the Mid-Island Shopping Plaza as a potential hazard to the children in that area as well as to the Burgs Ave. School. It stressed that there was no doubt that cars would travel these streets in excess of the speed limit since they would become practically "though" streets.

Eaton reported on a conversation with Stacker and Frank, builders and landlords of the shopping plaza. He said that they were willing to recommend to their tenants that the right of ingress and egress at these streets be substituted for a parcel of school property north-west of James St.

CURRENT COMMENT:

More Delays At Crossings

By Fred J. Noeth

THE SITUATION at the Hicksville Rail Road Grade Crossings is going to become a great deal worse—if it is possible to imagine that—before we see any improvement. Increased rail traffic across the Broadway and Jerusalem Ave. crossings, especially, is slated with the start of the LIRR's new two-way signal arrangement.

A. Allan Goldstein, civic affairs chairman of the Glenbrook Civic Assoc., met with Sanders Schwartz, examiner for the Public Service Commission, and several representatives of the LIRR last week at the PSC office in New York. He also used the opportunity to discuss other things of interest and importance to commuters.

"We learned", Mr. Goldstein reports, "that we were correct in our opinion that there is not at present a firm indication of the end results. After installation (of the two-way signaling) there will be a period of experimentation. The results of these trial runs will then be used to formulate the new schedules for trains.

"We are convinced that the PSC and ICC, as well as the LIRR engineers, feel certain that the signal equipment being bought will provide safeguards under operating conditions. However, we are also convinced that we will increase our danger from both vehicular and passenger cross-overs at both station and highway crossings.

"We are also convinced," Mr. Goldstein continues, "that this new arrangement will even further deteriorate the flow of traffic through the center of our community, thereby hurting our local business firms and adding to our driving inconvenience and expense. The Railroad is aware of this by their own admission."

The LIRR and PSC spokesmen at the conference in New York both admit that the double-signal plan, which puts more trains on the rails through Hicksville, will add to the woes for motorists at the crossings. They both feel that the real solution lies in grade crossing elimination.

And that's the rub. The state administration has failed thus far to provide the funds (about ten million dollars) needed to proceed with our crossing program. What is needed is an all-out effort by all local civic and other organizations to obtain the funds. Even the most optimistic officials now agree that it may be years before the job is done.

Incidentally, that front page picture in the Herald last week showing passengers unloading between Broadway and Jerusalem Ave., achieved the desired results. The trains are now stopping back further, but the solution is not complete. What is needed, and LIRR officials appear to agree, is a longer platform to accommodate those new, longer passenger cars.

Order New Library Election

HICKSVILLE—Leon Galloway did not get elected to "two seats" on the board of Library Trustees, it has been ruled by the State Commissioner of Education. Galloway's name appeared on the ballot in May, thru an error, although his term still had one year to go. He was "elected", getting 189 votes to 42 for Elwood S. Kent.

The State Commissioner has ordered that the May election be set aside and that the School Board should proceed with calling a special meeting of the district for the purpose of electing a Trustee for a term expiring June 30, 1961.

The term of Jessie Ulmer expired on June 30 of this year. The Board now has officially four members. Mrs. Clinton Tolles is chairman of the Board.

HERALD READER OPINION:

Objects to Picnicking at Ball Field

By FREDERICK CANAVOR

To the Editor:
I am writing this letter to protest an untenable situation brought about by callousness and stupidity on the part of our school officials and the CYO, both of which are usually depended upon to lead our children.

I live at 17 Ball Park La. Across the street is a small plot of land

Oil Heat Offers Film to Clubs

HEMPSTEAD—A fast-moving, full-color film is offered by the Oil Heat Institute of Long Island, free of charge, to interested business, fraternal and social groups, according to OHI President Pat Caputo. The humorous features of old-time heating systems and the fine qualities of modern central heating are covered in a 15 minute showing.

Prepared by the Oil Heat Institute of America, "Housewarming Party" is now being shown across the country. Chairman for club programs are invited to call or write the OHI headquarters at 65 Greenwich St., here, to make their reservation. The Institute provides all necessary equipment for showing the film plus a representative to set it up.

Takes Part In Maneuvers

SEATTLE, Wash.—A task force of 12 San Diego and Long Beach-based warships, on maneuvers in Pacific Northwest waters, arrived in Puget Sound, Aug. 8 to take part in Seattle's annual Sea Fair.

Among the participants aboard the submarine tender USS Sperry was Ronald Van Duren, chief torpedoman's mate, USN, son of Mr. and Mrs. Frank Van Duren of 65 Linden Blvd., Hicksville.

Letters To The Editor

owned by School District No. 17. For three years this land was an uncultivated dump growing a luxurious crop of ragweed. After vigorous protests from myself and my neighbors the school officials would cut and clean it at the rate of twice a year. Two years ago bulldozers came in and leveled the land and seeded it. Last year they came again and stripped most of the top soil (for reasons best known to the school officials) and again resodded it, this time with what appears to be untainted crab grass. They then constructed four baseball diamonds and one football field.

If I had the choice, even though I suffer from hay fever, I would prefer the ragweed dump.

Since these fields were established, seven days a week, embryo ball players from as far as Farmingdale and Garden City are brought in and play and yell and yell.

The four regular fields are of course not sufficient. The coaches bring their own bases and set up new fields, one of which is less than 30 feet from my front lawn. They bring lunches, beach chairs, portable barbecues, and all in all have converted my neighborhood to a miniature Coney Island.

Apart from the nuisance involved they consciously avoid the parking fields and park their cars on the street, thus endangering the lives of local children. They no longer care that local children are deprived of the use of facilities constructed for them.

By what right are school funds diverted for construction of over-sized athletic facilities to be used by outsiders?

By what right do school authorities jeopardize the lives of local children, depreciate property values, and create a public nuisance, unfenced, unsupervised, and dangerous even to the children using it?

I moved to Long Island to avoid crowds. I have a nice home. I like my neighbors, but even now some have given up and moved, and others, including myself, are contemplating

this step.
Even in the city, school playgrounds are fenced and supervised. The police see that on Sundays they are empty. Here there is no attempt at supervision, and Sundays are as noisy as on other days.

I am not protesting the use of these facilities. I am protesting the abuse. Saturday there were nine games going full blast at the same time. In very close proximity there are similar facilities at the Old Country Road school and the new high school. I checked these fields. There were two games at the Old Country Road school and none at the high school.

When I relayed this fact to the men operating the game across the street in their self constructed diamond, they replied that they had been chased away from every other field in Hicksville.

How was this done? My attempts at chasing have resulted in complete failure.

The school officials, "We will look into the matter".

The police, "We can only act on a complaint or request from the school".

The CYO, "The few have to suffer for the good of the many". Unless our neighborhood is to degenerate into an incipient slum, pressure must be brought to bear on our school officials to properly supervise these facilities.

1. Ball playing should be by permit only, given to Hicksville teams only, and restricted to diamonds.

2. Picnicking should be prohibited.

3. Parking of cars should be in parking lots.

4. The fields should be fenced and landscaped.

5. The use of facilities by "outside" teams, unless playing Hicksville teams, should be prohibited.

6. Scheduled games should be proportioned so that all similar fields are equally used (Old Country Rd., the High School, etc.)
If this was done a public nuisance could be converted into an asset to the community.

Rings and Broken Engagements

By ROBERT W. CORCORAN
Member of the New York Bar

In these days, when engagements to marry are lightly undertaken and just as lightly abandoned, a constantly recurring question concerns the obligation of the woman involved to return the ring which she received from the man.

There was a time when the return of that significant piece of circular metal was enforced by courts of law. It was reasoned that the ring was a pledge or gift conditioned upon the fulfillment of the undertaking to marry, and that the giving carried with it an implied promise that the gift be returned if there should be a breaking of the engagement. The result thus attained was reached by treating the engagement as if it were a true contract, the man saying, "If I give you this ring if you will marry me". This latter view is hardly a realistic appraisal of the situation.

It may be said that the thought of a broken engagement occurs not at all to the man whose proposal of marriage has just been accepted. At this point, one might note the facetious statement of some anonymous wit who asserted that it is impossible to treat an engagement to marry as if it were a contract, since it is universally accepted that at the time of the transaction the man is temporarily insane, and therefore, without capacity to enter into contract.

In any event, the treatment of the entire subject has radically changed of late, and now it may be said that there is no obligation on the part of a woman to return the engagement ring or other gifts if

the engagement is terminated, regardless of who is responsible for the termination.

This change in the law on the subject dates from an enactment of the statute which abolished all actions to recover damages for alienation of affections, criminal conversation, seduction or breach of contract to marry.

Although there was some reluctance on the part of the courts to so interpret that statute as to preclude recovery of engagement gifts by an aggrieved party, our highest court, the Court of Appeals, has so ruled.

The ruling is apparently based upon the desire to effectuate the stated purpose of the statute, which was intended to eliminate the grave abuses which had theretofore existed in connection with suits for breach of promise to marry. The legislature, noting that the legal remedies which had been available had caused "extreme annoyance, embarrassment, humiliation and pecuniary damage to many persons wholly innocent and free from any wrong doing," declared such remedies to be against public policy, and directed that the law be liberally construed to effectuate its purpose.

The net result of the statute and decisions, therefore, has been to permit the female of the species to accept the diamond or other ring, and then tell the boys friend that "the deal is off".

The male seems to be without protection in the situation, unless you care for the course proposed by a friend of mine who didn't give an engagement ring until after the marriage ceremony.

Trip to UN Concludes Program

HICKSVILLE—The Public Library concluded a successful summer program with a trip to the United Nations building on Saturday, Aug. 18. Fifty-four children, members of the Vacation Reading Club made the trip accompanied by eight adults. After the return, here, refreshments were served and diplomas awarded to those children who had successfully completed the required reading as outlined by the Library.

Painting classes were also held for the 10th consecutive year throughout July. Mrs. Emmy Lichtwitz Krasso, a professional artist conducted the classes as she has every year since the program began. While the classes were limited to 30 because of space limitations, they were very successful. On the day of the last class the work of the young artists was displayed for the benefit of parents and others interested, according to Librarian Kenneth Barnes.

A third feature of the Summer program were story hours held for the pre-school children. These were held outdoors and were a weekly feature throughout the Summer. They were very well at-

tended with as many as 50 youngsters at a single session. The stories were told by Mrs. Katherine Frawley of the staff.

SOUTH HICKSVILLE SENTINEL:

High Cost Advocates Still Busy

By CHARLES H. DE SHAW

There is an old saying that "faint hearts never won a fair lady." Going on this premise, the advocates of the more costly (but no better) permanent schools are still active in their campaign. There is no technicality too small for them to seize upon. This group is determined to accomplish their aims regardless of the desires of the majority of the taxpayers.

Despite their defeat at the polls on Aug. 18, they haven't given up, for last Friday one of their spokesmen protested to the school board that the election results at Fork Lane school were likely illegal, and could very well have changed the results of the election.

He also charged that he was denied access to the registration books after the election by the district clerk, and demanded to see them. Trustee Joseph Cawley, who has evidently been blinded by this group, was used to champion their aims. Cawley, who has time after time bemoaned the lack of classrooms for the children, sided with this group, and voted against the Bond Resolution, which would have permitted the board to proceed toward construction of the temporary classrooms at once. Because of his unreasonable attitude, we probably won't have these classrooms ready by Jan. 1957 as planned, and there is a very good possibility that we may not have them until 1958, if this group can continue delaying actions.

For the information of Mr. Affrunti, and anyone else interested, the unofficial returns on Proposition No. 1, Temporary classrooms showed that the voters

at Fork Lane School had defeated this proposition—242 voting "yes", and 273 voting "no". Therefore, if Mr. Affrunti has any idea that the registrars and inspectors tampered with the figures to show the proposition approved at Fork Lane, he can forget it. By his action, Mr. Affrunti casts aspersions on the honesty of the registrars and inspectors.

Miss Mabel Farley, though attending her first meeting as a trustee, did not shower herself with honors, when she abstained from voting on the Bond Resolution. AFTER CAWLEY VOTED "NO". As the former high school principal in the district, and being in the schools here for over 30 years, supposedly with the interest of better education for our children foremost in her mind, one can only wonder as to her reason. She above all other members of the board should know the need for more classrooms now. By abstaining she left the impression that the matter was too unimportant to vote on.

WE NEED LEADERS

We constantly hear and read of juvenile delinquency, and a lot of heads are shaken in perplexity. Some even say they don't understand why these youngsters haven't joined the Boy Scouts or the Girl Scouts where they will be directed in the right paths. How many of these people know that the waiting lists for these organizations is tremendous? How many know the lack of troops results in this waiting? How many know

that the lack of leaders is responsible for the lack of troops? And how many know the lack of leaders is caused by adult unwillingness to devote a few hours of spare time each week to act in this capacity?

Leaders are needed now to take over the established troops and to organize new ones. No parent with leisure time can honestly by-pass this great need; and there are very few who honestly do not have leisure time. Men should contact Boy Scout Headquarters in Mineola, and the women may contact Mrs. Mildred Polsenki at 60 Arcadia Lane. Wells 1-4952, or Mrs. Mary Goodrich, 47 Angle Lane, Wells 1-6647.

Remember the watering restrictions. Homes south of Old Country Road, may water on the odd numbered days only, and homes north of Old Country Road, on the even numbered. Also, no watering is permitted between the hours of 11 a.m. to 7 p.m.

LEGAL NOTICE

SUPREME COURT, NASSAU COUNTY. Columbia Savings & Loan Association, Plaintiff, against Edward and Millicent Nielson, Defendants.
 By Virtue of an execution issued upon a judgment rendered in the District Court, County of Nassau, Fire District, a transcript of said judgment having been filed in the Nassau County Clerk's Office on the 3rd day of January 1956, in the above entitled action, in favor of the plaintiff and against said defendants, entered on the 24th day of July 1956, and in time directed and delivered. I hereby give notice that on the 8th day of October 1956, at 10 o'clock in the forenoon at the front door of the Nassau County Court House, facing Old Country Road, at Mineola, Town of Hempstead, New York, I shall expose for sale as the law directs, all the right, title and interest which the defendants, Edward and Millicent Nielson, had on the 3rd day of January 1956, and in time thereafter of, in and to the following described property:
 ALL that certain plot, piece or parcel of land with buildings and improvements thereon, situate, lying and being in Bethpage, Town of Hempstead, County of Nassau, State of New York, known as and by lot number 20, Block 328, as shown on a map of Miller Home Owners No. 2, Bethpage, Town of Hempstead, Nassau County, New York, surveyed by Mark L. Dwyer, dated 21st, 1947, and filed in the office of the Clerk of Nassau County on March 10, 1947, as Map No. 4384, which said lot, piece or parcel of land is more particularly bounded and described as follows: BEGINNING at a point on the northerly side of Boone Street, distant 115.32 feet westerly from the westerly end of the curb connecting the northerly side of Boone Street with the westerly side of Wantagh Road; running thence northerly at right angles to the northerly side of Boone Street 60 feet; thence westerly and parallel with the northerly side of Boone Street 60 feet; thence southerly at right angles to the northerly side of Boone Street 60 feet to the northerly side of Boone Street; thence easterly along the northerly side of Boone Street 60 feet to the point of place of beginning. AMENDMENT
TO THE BUILDING CODE
OF THE
TOWN OF OYSTER BAY
Be it ordained by the Town Board of the Town of Oyster Bay, Nassau County, State of New York, that the Building Code of the Town of Oyster Bay, adopted May 4th, 1943, be amended in the following form:

Amend Article VII, page 33, Section 1, subdivision 6, paragraph (d), by deleting paragraph (d) and adding a new paragraph (d), to read as follows:

(d) Cesspools: - All Cesspools or leaching pools requiring cement block courses deeper than fifteen (15) feet below the finished grade shall be prohibited unless such cesspools or leaching pools shall be constructed of "Pre-Cast" sections.

(e) Materials: All cement masonry units shall be cast with interlocking tongues and grooves, to a radius of four feet three inches (4'3") and shall be so laid in a true circle eight feet six inches (8'6"), inside diameter. Each block shall develop a compressive strength of 1200 pounds per square inch and shall be so certified by the maker and installer. Tests shall be the average of five blocks with narrow dimensions of the block top and bottom when tested. Holes shall be tapered or inclined to prevent entrance of sand or gravel. Blocks shall be approximately 4" x 8" x 16" each minimum size. All precast rings shall be of 4,000 pounds concrete made of well graded aggregates not over 1/2" maximum pea gravel-concrete sand and

LEGAL NOTICE

Portland cement - 4" slump made in steel forms. Sections shall be interlocking, the top section being a tapered cone or suitable reinforced concrete slab. Exposed cast iron rings and covers shall be used only when an additional slab cover is inside the chimney below the cast iron cover.

Reinforcing steel used shall be a welded steel mesh having a steel area of 0.223 sq. inches per foot of width not less than style 28-510.

(i) Installation: All block installations shall be in virgin undisturbed ground for the last six (6) feet of excavation. 2 Specialty Shops Take Space Here

HICKSVILLE — Two specialty stores were announced as having leased space in the Mid-Island Plaza here, the huge regional center being readied for fall opening by builders and owners Stackler & Frank.

Maternally Yours Inc. has leased 1,100 square feet. Gilbert Sealton, President announced that this will be the 11th store in his metropolitan chain which covers Manhattan, Brooklyn, Bronx, Queens, Westchester and New Jersey. The stores exclusively handle maternity apparel, both outers and under garments in all price ranges.

Also announced was the leasing of a store of 1,800 square feet to Atlantic Book Shops Inc., of Jamaica, Sidney Feldman, President, who announced that this would be the first of a chain of eight book shops presently under construction in various areas of Long Island. Bernard Mirotnik was attorney for Atlantic.

Both leases were negotiated by Nat Antler, leasing agent for Mid-Island Plaza and Morris Helman, counsel for the owners.

State to Open New Office Here

HICKSVILLE—Construction began this week upon a new building on the south side of Old Country Rd. near Newbridge Rd. and next to the frozen custard store for a structure of 3,000 square feet which will house the New York State Unemployment Insurance office for the fast-growing mid-island area. The structure is being built by Sam Kellner. He also reported that the branch office of the Nassau County Motor Vehicle bureau will move from the west to the east side of Jerusalem Ave. near Herzog Place, with the changeover effective by Sept. 15. The former location will be demolished to make way for the new three-story office of Meadow Brook National Bank.

Shaarei Zedek Has New Rabbi

HICKSVILLE—This year's High Holiday services at Congregation Shaarei Zedek will be conducted by Rabbi Eli D. Skaist, the congregation's new spiritual leader.

Rabbi Skaist, a graduate of Yeshiva University, comes here after having served for two years as a Chaplain in the US Army. During that period he was at Fort George E. Meade, Maryland, and Würzburg, Germany. In the latter post, Rabbi Skaist served the spiritual needs of the civilian population as well.

Prior to his Army service, Rabbi Skaist served Congregation Adath Israel in Pittsburgh, Pa. He was active in many local organizations there, serving as vice-president of the Pittsburgh District Mizrahi Organization and as secretary of the Rabbinical Council of Greater Pittsburgh.

The Rabbi, his wife, and their two children now reside at 49 Lenox Ave.

THE GREEN THUMB:

Bulbs That Bloom in Autumn

By ALMA W. CRAIG

To most of us, crocus is synonymous with spring and brings to mind the bright little blossoms that tell us that winter is over. But there is an autumn crocus too, a bit larger and more showy than the delightful little harbinger of spring. It is a small bulb, and strange to say, it is planted not in the spring but now, in August or early September and it will bloom in a few weeks.

In fact, it will blossom without earth or water. You can put it on a plate or on a bare table or window-sill and it will calmly proceed to produce a flower. I once bought some bulbs and forgot to plant them for a few weeks and they bloomed in the paper bag much to my disappointment, so it evident that they do not even need light. Needless to say, they must then be planted in earth if they are to lay up food for the next year.

The flowers have no foliage at all, so they are best planted in small groups among other low-growing plants such as alyssum. The evergreen foliage of candytuft or phlox subulata (mountain pink) which have bloomed early in the year make a nice background for these leafless blossoms. They are especially attractive planted in a border at the edge of a patio where they are seen at close range.

There are two other fall-bloom-

ing bulbs, the colchicum or meadow saffron, and the stambergia lutea, sometimes called the autumn daffodil, altho it is not a Raffodil at all, but belongs to the iris family. It is from the meadow saffron that we get saffron so much used in the cooking of Jewish households. Colchicums are slightly larger and more tubular in shape than the autumn crocus, come in the same lovely shades of rosy lilac. There is also a white form. Both bloom on naked stems and send up a rather coarse growth in spring, which must be allowed to ripen and die down.

The stambergia lutea (it seems to have no common name) has brilliant yellow blossoms and supplies, its own background of sword-like leaves. It will fill a small corner of your garden with a patch of sunshine, and is one of the very few low-growing plants that blossom late in the season. It is not as reliable as the other two bulbs, but will winter nicely on L. I. if you plant it six inches deep and mulch it well.

Baseball Ended, CYO Prepares For Midget Football and Track

By ELWOOD S. KENT, SR.
HICKSVILLE — The White Sox appear to have won the American League Pennant in the St. Ignatius CYO baseball league with the Tigers as runners-up.

Two very unusual streaks were displayed by the Indians, who, after having lost nine straight games went on to win the next five.

All big league scouts — take notice — the name of the man who hit the ball a country mile in the

softball game last week — is Gelscheer.

Congratulations to Jim Hood, our new Vice-President in charge of the Northern Division of the Midget Football League. The job is in good hands and St. Ignatius is happy at his selection.

St. Ignatius Yellow Jackets are priming for Midget Football. Head Coach Paul Bowler announces his coaching staff as follows: Offensive Line Coach, T. Peplow; Defensive Line Coach, N. Tylnski; End Coach, G. Shanley; Backfield Coaches, L. Curtis and Don McLoughlin; Quarterback Coach, R. Rennie; Assistant Aides, J. Forget and G. Bendisch.

Practice sessions have been initiated, and while the boys show great promise, all positions are still wide open, according to the Head Coach. Registration will not be closed until Sept. 15. Any boys weighing at least 80 lbs., and not over 110 lbs.; ages 9 to 13, who shall not have reached their 13th birthday by September 1 of this year, are requested to get out and try out for the team. The Yellow Jackets will miss some of the stars from last year, but from all appearances the new crop coming up will be able to hold their own with the rest of the league.

Practice sessions are held Tuesday, Wednesday, and Thursday

Issues 1st Call For Football

HICKSVILLE — The High School football candidates are requested to report to the High School on August 30 and 31 from 1 p.m. until 3:30 p.m. for physicals according to Chet Jaworski, Athletic director. Any boy in grades 10, 11, 12 that wishes to tryout for the team, should get his physical examination at this time. Practice will begin on Sept. 1st.

All boys are invited.

Sudden Death Loop Playoffs

The Hicksville Babe Ruth League will hold a "sudden death" playoff this weekend. There will be games between the American, National and International Leagues, on Saturday, Sept. 1 and Sunday, Sept. 2, at 2 P.M. at the Abe Levitt Field, Ballpark Lane, Hicksville.

Completes 8 Week Course

CORTLAND — Carmen Giralano of Junior High School in Hicksville, has successfully completed the eight semester-hour program in the Seminar in the Directorship of Health, Physical Education and Recreation at the State University of New York Teachers College here this summer.

Successful completion of this program plus evidence of five years of approved and appropriate experience and 30 hours of graduate study qualifies Giralano to be certified by the Commissioner of Education to include service as a Director of Health, Physical Education and Recreation.

CALL FOR TRACK

St. Ignatius also wants all their track stars to get into condition for the meet coming up October 12. At the last meet they covered themselves with glory by just missing first place.

The August monthly meeting saw the designation of Frank Donovan as Quartermaster, and a wiser selection could not have been made. Good luck, Frank!

Gerry O'Donnell will soon start shaping up the basketball sessions, and plans are in the formative stage, with announcements to be made in the near future.

Everyone — don't make any dates for Oct. 5, and Nov. 11. The big "Fall Dance" is on Oct. 5th, and "Sports Night" is Nov. 11th. Don't miss these two entertaining events.

Lady Engineer For Day on RR

HICKSVILLE — Mrs. Arthur Swanson, of 84 Princess St., is the proud possessor of a card certifying that she is a "full-fledged honorary engineer of the Long Island Rail Road."

Wearing an engineer's cap given her by the LIRR, Mrs. Swanson "piloted" a diesel-engined train to Jamaica on Thursday morning, Aug. 16.

Mrs. Swanson confessed that the regular engineer "actually" operated the train but that she observed very carefully his technique in case she is ever in command of a locomotive.

An office secretary for the Board of Missions of the Methodist Church, 150 Fifth Ave., New York City, Mrs. Swanson commutes daily to New York.

Seek Improved Postal Service

BETHPAGE — Edward Schreiber, President of the North Bethpage Civic Assoc., announces that the Assoc. will continue its fight for "adequate postal facilities" here.

Congressman Wainwright recently wrote that the Civic request was denied to have the postal address of Bethpage residents listed as Bethpage, rather than Plainview or Hicksville. However the NBCA is not giving up the fight for better facilities in North Bethpage. Residents in South Bethpage have the same problem, Schreiber said.

Schreiber proposed that all Civic Associations in Bethpage get together to bring unified action in this matter. Post Office Chairman, Louis Goldberger requests that any interested group contact him at WElls 5-3917.

Hogan to Direct Jamboree Choice

The Honorable Howard T. Hogan of Farmingdale has been named chairman of the 1967 National Jamboree Committee for the Tri-Parkway Boy Scout District. Supreme Court Justice Hogan and his committee will be responsible for selection of leaders and Scouts to attend the Jamboree from Levittown, Hicksville, Plainville, Bethpage, Plainview, Island Trees and Farmingdale.

From July 12 to 18, next year more than 50,000 Scouts will camp at Valley Forge, Pa. where Gen. Washington fought the bitter winter of 1777. This will be the Fourth National Jamboree. Scouts will attend from all parts of the United States, its possessions and the world.

About 350 Scouts and leaders from Nassau will participate in this outstanding experience.

CELEBRATING 45 YEARS of service in the banking industry, Charles E. Colthurst of Field Ave., Hicksville, left, receives a three-way portable radio from Walter E. Vander Waag, executive vice president of The Meadow Brook National Bank. Mr. Colthurst, a vice president of Meadow Brook, is in charge of the Hicksville office of the Bank. He started work there as an office boy in 1911, on his 14th birthday.

Serves Bank for 45 Years

HICKSVILLE — Marking the completion of 45 years of continuous service to the community, Charles E. Colthurst, vice president of the Meadow Brook National Bank, was honored Aug. 22 by the Bank.

Colthurst started as an office boy in the Bank of Hicksville in 1911, when the population of the community was less than 5,000. He rose to become vice president and cashier of that bank, and when the Bank of Hicksville was merged with Meadow Brook in Dec. 1954, he became vice president in charge of the Hicksville office of Meadow Brook serving a community of some 40,000 people.

The staff of the office where Colthurst has spent his banking career honored him with a gift of an engraved wrist watch at a brief party held Aug. 22 in the Bank. In addition the Bank presented him with a gift of a leather-cased three-way portable radio. This presentation was made on behalf of all the members of the Bank by Walter Van der Waag, executive president of Meadow Brook.

Colthurst joined the Bank on his 14th birthday, and by 1916 had become an assistant cashier. Moving progressively upward, he was active in the Liberty Bond sales of World War I and later in the U. S. War Bond sales of World War II. Since 1916 he has been treasurer of the Hicksville Methodist Church. He also served the community as a member of the rationing board at the close of W. W. II.

Born and raised here, Colthurst now makes his home with his wife, the former Emilie Schloss of Brooklyn, at 15 Field Ave. His son, Erwood, is now residing in Texas, where he works for an oil company. Mrs. Dorothy McMahon, the Colthursts' daughter, is a San Diego, California, resident.

Reaches Korea

Pvt. Frank F. Gajewski, son of Mr. and Mrs. Walter Gajewski, 41 Broadway, Hicksville, recently arrived in Korea and is now a member of the 7th Infantry Division.

Gajewski, a member of Company E of the division's 32d Regiment, entered the Army in September
