ANOTHER LANDMARK of long standing toppled recently when the parking field at the Hicksville Rail Road Station was under construction. This is the remains of the water tank on the property which went into disuse when Diesel replaced the iron horse. Many residents recall the cold evening a few years ago when firemen spent eight hours pumping out the big tank because of rumors that a child had climbed to the top and drowned in it. It turned out to be a hoax. (Jim Healy photo)

Pyncheon Notes Irresponsibility

GLEN HEAD—Thomas R. Pyncheon, Oyster Bay Town Republican candidate for township highway superintendent, told an audience here last night (Wed.) that his opponent and the Democratic party shows a high degree of irresponsibility. He cited the fact that his opponent promised that, if elected, he "will see that all town highway employees become Civil Service employees. This is admirable," Pyncheon said, "except for two important things. He has overlooked the fact that the town highway employees already enjoy Civil Service status and that all employees of this Dept. are now members of the Nassau Chapter of the Civil Service Employees Assoc. Inc."

Pyncheon also spoke at Republican club gatherings last night in Plainview and Massapequa Park.

The CP Auxiliary also needs volunteers to drive pre-school children to the Centre at Roosevelt, one morning a week. Those interested are urged to call Catharine Schumacher at WE 5-5008.

PHILIP GOFSIK, first grade student of St. Ignatius School, was the youngest winner in the Hicksville Fire Prevention Week Poster Contest. He received his trophy from Chief Larry Huttie while Assistant Chiefs Charles Saurer and Medard Ofenloch stand by. (Herald photo by Frank Mallett).

'SELF APPOINTED MENTORS'

Szendy Says 'New Group' Harassed School Trustees

HICKSVILLE—Emil J. Szendy of 5 Walnut Lane, as an individual, today took issue with "self-appointed mentors" and questioned their role when "such mentors have only recently contributed heavily to (School) Board harassment and who wasted an inordinate amount of Board time in trying to prove the recent referendum 'illegal'." Szendy addressed his remarks in a letter to Alan K. Campbell of 19 Rover Lane, named as president of a new "Hicksville Organization for Public Education".

His comments follow:

"A letter dated Sept. 20, 1956, addressed to 'School Trustees, District 17', signed by yourself as president and Mr. Irving Jessor, Mr. Kurt Pohl, and Mrs. Emily Waxburg as other officers, delivered to me by Miss Mabel Farley, Board member, advised the school trustees of the formation of a new 'Hicksville Organization for Public Education' and stated the avowed purposes and immediate program of the Organization. As one of the trustees addressed I am answering the letter, expressing my own views and, I believe, the views of some of the other trustees.

"At the Board meeting at which the letter was read Mr. Kent said: 'It is most commendable of them to offer their services and if we feel that we do need them we'll be only too glad to call upon them.' Mr. Eaton said: 'They are trying to do something we were doing seven weeks ago.' Mr. Eaton was referring to the study of secondary school curriculum and college enrollment possibilities initiated by him and Mr. Eirich and Mr. Aht, Assistant Superintendent of Schools in Charge of Instruction, in the first weeks in July, which one of the planned activities of the Organization appears to closely parallel.

"Besides investigation of the possibilities of college enrollment and the academic needs, therefore which are currently under special study by the Board committee and Mr. Aht and which are constantly under examination by the Guidance Counselor and his staff, your Organization announces that it plans to survey 'Instructional facilities and personnel; curriculum, physical facilities, extra-curricular activities, recreation, school administration, guidance and counseling' in the Hicksville School system. It is also your announced intention to 'Obtain and publicize facts concerning the school district and the problems

PTA Stresses Demand For Safety

HICKSVILLE—The executive committee of Burns Ave. PTA has gone on record with the Mid Island Plaza Assoc. headed by Alfred J. Weinberg as president, "strongly" protesting the opening of Pose, York and Windsor streets "all leading into Burns Ave. from the Mid Island Shopping Plaza. The resolution points out "there are no sidewalks in this area of Burns Ave. and the roads are of poor construction." Further 700 residents have signed petitions of protest on the use of the streets. Vice President Jean D. Faichney pointed out "we hope all concerned may come to a safer solution to the traffic problem that will insure the safety of the children of Burns Ave. School."

New Directory Being Distributed

HICKSVILLE—The Community Directory, a 96-page volume filled with information about local government, organizations and services including all churches, is now being distributed by the Republican Committeemen. The new volume, representing changes in organization leaders as of last month, was produced by William Alonge of Hicksville Specialties for a committee of the Republican Club headed by Sidney W. Pelley. A total of 16,000 copies of the Directory, complete with a new up-to-date map of the community, are being distributed. The new volume has been entitled "The Eisenhower Edition" in honor of the President.

Comack Charges 'Patronage Plum'

PLAINVIEW—Henry Comack, Democratic candidate for Superintendent of Highways of the Town stepped up his campaign this week with speeches all over the township.

Comack claims that to the Superintendent of Highways falls the "biggest patronage plum" in Oyster Bay and challenged his incumbent Republican opponent, Thomas Pyncheon, to supply the name of one Democrat employed in his department.

If elected, Comack promised that he will do his "utmost" to place all positions under Civil Service and to employ the best talent available in various technical jobs so that none of these people need fear

losing their position because of party affiliation.

"In that way," Comack said, "I hope to take the Highway Department out of the hands of the Republican Party and put it back into the hands of the people, where it belongs."

WORLD'S MOST MODERN

Dear Jean:

The signs strung over Broadway proclaiming "Hicksville Welcomes Mid-Island Plaza" and signed Chamber of Commerce are causing a great deal of favorable comment. . . . Don't forget, if you have some one in service overseas that the period for mailing Christmas parcels is between Oct. 15 and Nov. 15. . . . FRANK HAMILTON, new commander of Robert Ulmer Amvets Post, will preside at his first regular meeting tomorrow (Friday) night at the Amvets Hall on E. Marie St. . . . Members of Hicksville Fire Dept. will hold their annual inspection dinner this Saturday night. THOMAS R. PYNCHON, former chief of East Norwich Fire Dept. and Township Highway Superintendent, will be speaker at the bachelor gathering. . . . A lady called to comment that she has a telephone number lower than the one we noted for MERTON Wilbur last week of WE 1-0003. She was WE 1-0002. Well, as a matter of fact, Mrs. TALLAFERRO for many years had Hicksville 1 (converted to WE 1-0001). . . . When Hicksville Firemen went to Fork Lane School last week during fire prevention week, they received wonderful cooperation from Principal HERBERT CAVANAUGH and his staff. However during a repeat visit in the afternoon, it was suddenly found that the fire alarm bell system was not functioning. The loudspeaker system was put into use while an electrician was requested at once to repair the alarm system. . . . Water leaking from the ceiling or somewhere in the roof has caused a segment of the Fork Lane gym floor to do the bubble bounce, just as the high school gym floor did recently. . . .

Zone Leader JOHN TOPPETTA and BRUNO KUHKMERKER, chairman of Hicksville Stevenson Committee, announce that ADLAI STEVENSON will be in Hicksville and Mid-Nassau on Wednesday, Oct. 24. There will be a rally at Levittown Arena that evening at 8 o'clock. . . . Vice President RICHARD NIXON will be in Nassau on Oct. 31 with JACK JAVITS. The Republicans have a rally at Levittown Arena on that evening. . . . ERNEST FRANCKE is confident that the heavy registration last weekend was a "big Republican registration." . . . Mrs. GEORGE MARTEN was elected president of the Central Island Women's Republican Club, Monday night, succeeding Mrs. PAUL DRAKE. . . . Hicksville Fire Co. No. 6 will hold a Christmas party for the children of members on Dec. 16. Chemical Co. 3 has their party for the youngsters of members and grandparents of members on Dec. 23. . . . A rummage sale for the Hicksville Auxiliary of the Cerebral Palsy Assoc. will be held Thursday and Friday, Oct. 25 and 26, at 117 Broadway, Hicksville. . . . HOWARD FINNEGAN, Herald sports editor, scores a clean sweep with the news in this week's Spotlight about CHET JAWORSKI. . . . Voter registration in Bethpage rose from 4,500 to 11,500 just before enrollment closed Saturday night. . . . Town-wide, there are 103,000 persons registered, compared with 70,000 previously enrolled or a gain of 33,000. . . . Which some regard as typical of the "every four year" voters, plus the influx of new residents. . . . Congressman STU WAINWRIGHT will be in Hicksville all day on Thursday, Oct. 25. In the evening he will be the guest at a dinner meeting of Republican Committeemen together with other town and county candidates. . . .

Don't forget the annual cake sale of the St. Ignatius Auxiliary of Christian Mothers to be held after each Mass at St. Ignatius R. C. Church, Hicksville, on Sunday, Oct. 28. All goods on sale will be home-made by the members of the Auxiliary and should be real tasty. . . . I see that the "Plainview Mail Bag" has not cleaned out the car as yet. . . . Spent the week-end with the family visiting an old friend out on the Island at Flanders. Did my heart good to see so little traffic after a hectic week of cars and traffic jam ups on North Broadway. . . . Visited both Newberry's and Gertz up in the Mid-Island Shopping Center and I think I'll take my trade to Newberry's. More my style and price range. . . . Mr. and Mrs. MICHAEL MINECHELL and small daughter, are new residents of 65 Chestnut St., Hicksville. Mrs. Minechell is well known as the former Miss ROSE NASO, daughter of Mr. and Mrs. J. NASO of Lawnview Ave., Hicksville.

SOUTH HICKSVILLE CHATTER:

Be Careful Near Our Schools

By CHARLES E. DeSHAW

Children should be seen and not heard! This holds true at school, at home, and everywhere. To this every parent will utter a solemn "Amen!" No parent would intentionally endanger the life of their children, or their children's playmates, or for that matter, any child. Yet every school day, a goodly number of parents are doing just that when they drive their children to school, and when they come to pick them up.

The schools have constantly cautioned parents against the practice of parking and driving directly in front of the school, citing the danger to the children by doing so. Children will be children, and no matter how often they are cautioned by parents and school personnel as to safety, just as often

do they forget. How many times do children suddenly dart off the sidewalk into the streets? How many times do they indulge in horse-play, shoving, bumping, and pushing one another, oftentimes landing in the road? Knowing that children have no conception of danger when they are playing, or with a group of other children, the school officials have asked the parents to help them prevent injury to the children.

Recently, some of the schools sent home notices explaining that the safety and health of the children are of the utmost importance to the teaching staff, and advising that the parents can help protect their children in the following ways: (1) Not parking or driving directly in front of the school building. (A section of each school's parking field has been reserved for

Double Testimonial Is Rare Tribute, Speaker Says

GARDEN CITY — "Whatever our political leanings," Henry G. Eisemann told the audience at the Hicksville Lions Club testimonial dinner-dance here on Oct. 6, "all of us here assembled are bound together by our mutual admiration, love and regard for Ernie and Pearl." The affair was held in honor of County Clerk Ernest F. Francke. In response to numerous requests, the Herald is pleased to publish herewith the full text of Principal Speaker Eisemann's remarks:

"Testimonial" is defined as a "token of regard, respect or admiration." This dinner is a tribute to a man so well regarded, so well respected and so admired, that he has been honored, not once, but twice, by a testimonial dinner. This cannot be accidental or coincidental.

It is rare that a man is singled out for a public tribute . . . rarer still . . . to have it happen twice. But to his friends and neighbors, he is a very special guy and all of you here tonight prove it.

I, too, am truly appreciative for this opportunity to share in these festivities, for Ernie and I are not only old friends, but close neighbors, as well. Our friendship dates back more years than either of us would be willing to admit. The only clue I will give you is that when we were kids, growing up in Hicksville, the population numbered less than 1,000. The town has grown far beyond our wildest dreams, and with it, Ernie, too, has grown . . . In his capabilities . . . His contribution to his community . . . and service to his country. But for all that, he has retained the very best features of a small town neighbor, and these are the very qualities; which endear him to his countless friends.

Cadet Returns For Year Abroad

Cadet-Midshipman Donald J. Rojas son of Mr. and Mrs. A. Rojas of 73 Nassau Ave., Hicksville, recently returned to the U.S. Merchant Marine Academy, Kings Point, after spending a year of sea duty aboard various American Merchant Marine vessels.

His year at sea was a regular part of the curriculum at the Merchant Marine Academy. It gives the Cadet-Midshipman an opportunity to learn at first hand about the ships upon which he will later serve as an officer.

During his training period at sea, Cadet-Midshipman Rojas visited ports in England, France, Germany, Italy, Yugoslavia, Liberia, Gold Coast, British West Africa, and French West Africa.

Upon graduation in 1958 he will receive a license as Third Mate a Bachelor of Science degree, and commission as Ensign in the U.S. Naval Reserve.

A&S Presents Flags to Scouts

HEMPSTEAD—Mid-Island Boy and Girl Scout troops were presented with troop flags at ceremonies, Sunday, in the fourth county-wide presentation by Abraham & Straus, here. Leroy V. Brown of Hicksville, assistant to director of field services of Nassau Council, assisted.

Cub packs receiving flags included: 502 Bethpage, 508 and 509 Hicksville; 432 Plainview.

Scout Troops: 421 and 378 of Hicksville.

The listing of girl scout units did not give a breakdown by communities.

He is a man with pride in his community and has devoted himself wholeheartedly to every worthwhile project.

He offers his friendship to people new in our town and his warm handshake and welcoming smile makes every newcomer glad he came.

He is a good neighbor on whose help you can rely without question. Whenever and wherever Ernie can be of assistance, he extends himself as many of you well know . . . for these many virtues, perhaps he has already been partially rewarded, for we all know that giving, whether it be of time, labor, affection, advice, gifts, or whatever, is one of life's greatest pleasures.

He and his lovely wife, Pearl, have maintained a wonderful, wholesome, and inspirational family relationship, enjoying their home, their church, their community, and most of all . . . their grandchildren. They are an exemplary couple and their steadfast devotion to each other and to their friends set the highest standards of good citizenship. It is for the daily pattern of their lives that we honor both of them.

Looking about this room from my spot on this platform, all I can see are friendly faces of people who came here tonight . . . not because of a sense of duty . . . but because you want to show how you feel about a good friend. Your being here is certainly positive proof that Ernie has lived by the adage "that you can make more friends in two months by becoming interested in other people, than you can in two years by trying to get other people interested in you."

CONGRATULATES LIONS

The Lions Club deserves our congratulations for their fine judgement in selecting Ernie as the man to honor in our community. I know that while there may be some rivalry between the Lions Club and the Kiwanis Club, I'm sure there can be no debate between them on this issue . . . for Ernie is well beloved by both groups.

This is the season of the year when everything we say seems to have political significance, but I do not intend to inject political overtones in my comments about Ernie, when I mention the fact that in our "neck of the woods" . . . He is known as "Mr. Republican." His long affiliation and affection for the party is part of his way of life and he has persuaded views . . . here and there in this room, there may be a few straggly, unenlightened Democrats, but Ernie . . . very shortly . . . will set them on the right path.

Whatever our political leanings, all of us here assembled are bound together by our mutual admiration, love and regard for Ernie and Pearl.

I know that on this occasion, you will want to visit with them and with each other . . . and so . . . I conclude by wishing to both of them . . . for myself, and for all of you . . . good luck, good health . . . and may God bless you.

1st Lt. JOSEPH F. GOLDEN, son of Mr. and Mrs. J. M. Golden of 74 Winter Lane, Hicksville, and husband of the former Miss Margaret Elstob of Hempstead, has been transferred to the 1st Marine Air Wing in Japan. He completed helicopter flight training at Pensacola, Fla. In qualifying as a helicopter pilot he underwent eight weeks training in the Navy's Bell and Vertol helicopters.

CURRENT COMMENT:

Lowly Potato Achieves Fame

By Fred J. Noeth

NEXT WEDNESDAY evening, Oct. 24, at 6:15 PM a spectacular event will take place at the Mid-Island Shopping Plaza which is bound to bring widespread fame and attention to this new enterprise in Hicksville. At that time an Atomic Lighting Ceremony will take place.

A plain, ordinary potato will be injected with a radio active material. This will be placed in contact with devices which will be the same as pulling a switch. The electrical energy of the treated potato will work relays and switches and in a flash some 8,000,000 watts of electricity will flow into the Mid-Island Shopping Plaza and turn on all the lights.

The preliminary ceremonies in front of the Certz Store will start at 5:45 PM. The "hot potato" deal is a half hour later.

At the same time a Grumman plane will circle overhead and will be picked up on spotlights as they spear the sky with the rest of the flood of power. At that moment fireworks will go off.

The spectacular is the brain-child of Publicitor C. M. Johnson of Bethpage. Use of the potato is based upon the fact that the site of the Plaza was not too long ago producing some of the finest of Long Island potatoes.

By way of foot note, we might mention that the name "Hot Potato" was used during World War II before we ever heard of an atomic pile. It was during one of the War Savings Bond drives that enough bonds were sold in Hicksville to equal the purchase price of a *Pennsylvanian*. The name was officially labeled and named "A Hot Potato from Hicksville, N. Y." We have the photograph to prove it.

The Inquiring Republican

By HOWARD W. DARLING

Readers are invited to submit any questions they might have pertaining to political terms, definitions, or of pertinent importance to you as a Republican Voter. For the best question of the week submitted and selected, the sender will receive a miniature GOP elephant.

QUES: By P. Gerrity, Bethpage: When did Ernest Francke become County Clerk for the first time and was he ever a Town Councilman.

ANS: Mr. Francke was first elected to his present position in 1951. He was never a Town Councilman.

QUES: By Alfred Henderson, Syosset. How many members sit on the Town Board of Oyster Bay and who are they?

ANS: Five members comprise our Town Board. They are: Supervisor, Lewis N. Waters, and Councilmen Dudley McCabe, James A. Norman, John K. Best and Henry J. McInnes.

QUES: By Randolph Armstrong, Hicksville: This is not a political question, but would you be good enough to let me know (1) when the United Nations was founded and (2) how many member nations at present belong to it?

ANS: (1) The United Nations officially came into existence on October 24, 1945, when the Charter had been ratified by China, France, the USSR, the United Kingdom and the United States, and by a majority of other signatories. (2) There are 60 member nations.

QUES: By Wilfred Oest, Massapequa: In all sincerity, if I want something done which involves rules and regulations of the Town of Oyster Bay, would it pay to contact my Town Councilman?

ANS: Town Councilman will usually pay a good deal of attention to what their constituents have to say, providing the letter is pertinent, not a form letter or a form telegram. A personal visit is much more effective, if possible. If you have a legitimate kick, question and etc, and use a fair-minded approach, and a number of other persons do the same, you can be fairly certain results will follow. Your Town Councilman is Dudley McCabe.

QUES: By Gladys Farrell, Hicksville: I have heard the words Individualism, Isolationism, Socialism and Radicalism a good deal of late, could you please define them for me?

ANS: INDIVIDUALISM is a belief that maintains all individual initiative, action, and interests should be independent of government or social control.

ISOLATIONISM is the non-participation in affairs, obligations and policies of other countries.

SOCIALISM is a method or social organization under which machinery, production, distribution and exchange are managed and owned by the government and not by private individuals.

RADICALISM is a sharp difference in ideas or action from which is generally considered established or traditional.

QUES: By George Barrett, Cold Spring Harbor: I know who can VOTE, but Who may not VOTE?

ANS: Citizens who live in the District of Columbia; Indians who live on reservations; persons who have been convicted of certain felonious crimes; persons who are feeble-minded or insane; in some states paupers are disqualified.

Self-Appointed

(Continued from page 1)
of public education and, from time to time, make recommendations to both the school board and the public. Also, to "Cooperate, as an independent organization, with the school board and the school authorities in our mutual efforts for better education."

UNSOLICITED

"It should be made known to the public that all this is unsolicited; that neither the School Board nor the Administration has requested or authorized any survey by your Organization; that no intention to cooperate or in any other way recognize the survey as official or authoritative has been expressed by either the School Board or the Administration; and that your offer of cooperation, as an independent Organization, has not been accepted. The cooperation offered by an independent organization making independent unsolicited surveys and interpretations, reaching independent conclusions, and intending, from time to time, to independently publicize its recommendations, if accepted, would undeniably lead to uncontrollable implied delegation of functions and authority, interpretable from the cooperation given, and an attempted arrogation of both. Intended cooperation is usually not initiated by independent action.

"Administration of the school system is the function of the School Board and the School Administration; it is their responsibility and duty, under the law. It must be apparent that neither the School Board nor the Administration is shirking its responsibilities and that, instead, both are manifesting constructive initiative and effort. Neither the Board nor the Administration has any intention of arrogating or delegating any of its functions, responsibilities or authority, and attempted arrogation will neither be furthered nor abetted.

"The present School Board has been in office a scant three months. Many of its members were elected in the face of active opposition from the persons listed or known to be prime movers in your Organization. Subsequently, these same persons were active in opposition to a referendum proposed by the Board for portable-type classrooms and later participated in unsuccessful attempts to prove that the referendum, which had gone counter to their wishes, was "illegal." In connection with the referendum the names of two organizations, originally Board-sponsored, were used improperly to make opposition appear authoritative and well-founded, and Mr. James Cass, listed as heading up the survey to be made of school operations, was party to the deliberations which formulated that approach.

"These and other activities of the persons mentioned, who will also, apparently, be active leaders in the new Organization, make the claim of non-partisanship by the Organization a claim. Also, the proposal to independently parallel a current Board and Administration survey would indicate pre-judged disagreement therewith.

"In the short time the present School Board has been in office it has achieved much for the benefit of the children of the District. Two of its major safety efforts, also spearheaded by Eaton and Elrich, have been successful; a proposal for additional school construction submitted to the voters has met with acceptance at the polls; additional space for instruction, the greatest need of the District, will shortly be available; transportation problems have been and are being ironed out; business and financial affairs of the District have been greatly improved and are still being improved; teachers' salaries are being studied by the Board now, not next May; (the claim of inadequate salaries had been disproved by the discovery that we had an oversupply of teachers; many had been willing and anxious to come to Hicksville at the rates offered.)

Teachers' morale has vastly improved with mandatory "politicizing" eliminated; and the School System and the Board are beginning to operate as both should. A normal good school system is in prospect; one which will be excellent when judged by accepted standards but one which will strive nevertheless for continued improvement through self-examination and analysis, comparison, and evaluation.

"With these things evident, and with the elected officials and the School Administration doing more than a good job, the role of self-appointed mentors can justifiably be questioned, especially the role of those self-appointed mentors who only recently contributed heavily to Board harassment and who wasted an inordinate amount of Board time in trying to prove the recent referendum "illegal."

"PRESSURE GROUP"
"It would seem that the Board and the Administration should be permitted to perform their functions, only well begun, without harassment,—the announced program of arrogated activities coupled with the announced intention to publicize recommendations, now initiated by persons who in the past have been hostile to the Board, can only be interpreted as a plan for harassment. The Organization should early be identified as a School-District-Politics group which, having failed to secure support in elections and referendum and in imposing policies on the District through the polls, is now reorganizing as a pressure group to impose these same and related policies on the District through purportedly non-partisan surveys and recommendations.

"Please assure the members of your organization, Mr. Campbell, that the Board and the Administration are working hard and, in my opinion, very effectively, to achieve an excellent school system.

"As Mr. Kent well expressed it, 'It is most commendable of them to offer their services and if we feel that we do need them we'll be only too glad to call upon them.' In the meantime it would appear that the School Board and the Administration, to whom responsibility for operation of the School System has been given by election in one case and by appointment, because of specialized training and experience, in the other, should, in the absence of any evidence of unwillingness or incompetence, be permitted to do the job they are attempting without the immediate intrusion of surveys and recommendations unsolicited and unneeded, at least until such time as their inability to cope with the problems without the help of your Organization has been demonstrated. And, considering the professional and experienced talent in the School Administration and the active participation and constructive attitude of the Board members, I doubt if such help will ever be needed," Szendy concluded.

East Street Plans For Annual Bazaar

The P.T.A. of East Street School, Hicksville, will hold its second meeting of the year tonight (Thurs.). At this meeting, it is expected that further plans for the Annual Bazaar will be announced.

Following the business meeting, a Reading Workshop is planned under the general direction of Mrs. Rachael Johnson, who is the Director of the Reading Program of Hicksville Schools. For the benefit of those who have never attended a workshop type program before, the entire group will break up into smaller groups, and under competent leadership, will discuss various problems relating to the all important subject of reading as it affects the elementary school child.

There will be a group dealing with "Reading Readiness", specifically for the first grade child's parents; another for "Primary Reading", for the second and third graders.

James Burke, Reading Consultant for Grades 4, 5, and 6 will head a group on "Intermediate Reading" which would interest parents for students in this category. Parents who have wanted to help their children at home will be extremely interested in the group devoted to this subject, under the direction of Miss Mary Gillis, Reading Consultant. There will also be a section of the workshop which will discuss "Getting Ready for Reading on a Kindergarten Level."

A Sixth Group, led by Anthony Peluso, will learn about "How to Understand Reading Problems". It is hoped that there will be good attendance at this "Reading Workshop" meeting, since every parent should be interested in this subject.

As usual, the meeting will be called to order at 8:15 p.m.

GEORGE EISEMANN, former Hicksville resident, sends this picture from Big Fork, Montana, where he has his ranch. The picture appeared recently in the "Inter Lake" of Kalispell, Mont., with the caption: "Guests of Mr. and Mrs. George Eisemann of Swan River found a change in normal employment to be relaxing. Omar Sellman, left, a department store buyer, forks hay, host George looks on and Bill McMains, noted organist, drives the tractor as the last of the hay is collected for Eisemann's horses." Organist McMains, who was official organist for the Republican convention, has been a friend of the Eisemanns for five years. George adds the postscript: "You can see by this I don't only hunt and fish." He sends best regards to his many friends on Long Island.

What put the magic
in the new kind
of FORD?

The new Ford Fairlane 500 (118-inch wheelbase). Longer, lower, larger than many medium-priced cars, yet lower in price than most of them!

Here's what put the magic in the new kind of FORD!

It started with the "Inner Ford." When Ford planned this baby, they thought in terms of a car through-and-through new.

The wheels got smaller. This Ford is so new that even the wheels have changed. Now smaller and broader, they help you take off quickly.

The wheelbase got longer... now you can choose between a Ford that's over 16 ft. long—or one over 17 ft. long!

The frame got wider. Side rails bow out to give a more stable, safer riding platform... a lower, sleeker silhouette.

The ride got smoother. With new suspension, new springing front and rear, the ride this new Ford gives is the smoothest ever.

The handling got easier. Poised and balanced like a panther, this car has swept-back front suspension that works its magic when you need it most.

The power got hotter. There's a wide range of Silver Anniversary V-8's to fit every horsepower need... plus a new Mileage Maker Six.

The roof got lower. And it's designed to let you make the easy entries and graceful exits you've always known.

The body got quieter. It's the strongest body built for a low-priced car. No car in Ford's field has such generous sound-proofing.

The room got bigger. There's head room to spare for a tycoon-type hat. There's real stretch-out leg room, too.

The lines got sweeter. They have the Touch of Tomorrow. Each graceful contour says, "Let's go!"

The style got smarter. With this new-look Ford you have a car that belongs anywhere! All Fairlane models look like hardtops.

The value got greater... the price is still Ford-low.

*A Special 270-hp Thunderbird 218 Super V-8 engine available at extra cost.
Also, an extra-high-performance Thunderbird 218 Super V-8 engine delivering up to 265 hp.

SEE IT FOR YOURSELF!

So now you know the magic of the '57 FORD!

Welcome to your new committeemen, Edward Brozman, Scouter Stanley Mruz was elected Secretary at the last committee meeting and now has the offices of Treasurer and Secretary in his very capable hands.

Institutional representative Russ Gengler attended the committee meeting and assisted in the formation of several plans.

A meeting of the parents only of scouts is being projected in the near future. Please, all attend when notified.

Details will be set up by Scout Leaders and the Committee to determine which worthy scout will participate in the Jamboree at Valley Forge, Pa. A point scoring system will involve all features of scouting.

Society Sponsors Sport Program

HICKSVILLE — CYO sports, a scrap drive and an interest-packed agenda for the year headed up topics for discussion at Monday's Holy Name Society meeting of the Holy Family Church, Neil McCormack presided.

Month-to-month activities, according to John Keating, program chairman, will include a smoker, sports night, religious discussion periods by top lay speakers in the Brooklyn Diocese as well as several tentative productions by a drama group now being organized.

Four basketball teams in the 8-12, 12-14, 15-17 and 17-over age groups are scheduled to be entered in CYO competition late in November. Youngsters not on the CYO teams will form an intra-parish hoop league, said Thomas Macauley, sports chairman. At recent tryouts 65 boys from 8-16 turned out.

The scrap paper drive this Saturday, Oct. 20, will differ from other drives in two ways, according to Thomas Baselle, chairman.

First, parishioners won't have to lift a finger except to put out the papers under a block-to-block pick-up system. Holy Name men will play every street in the parish between 10 a.m. and 2 p.m. Baselle said.

And second, paper isn't all that will be accepted for collection. Scrap metal (iron and non-iron) will also be hauled off, he said.

Rosebery Enters Fraternity

CLINTON, N.Y. — Alan Curtis Rosebery, son of Mr. Theodore C. Rosebery of 18 Admiral Lane, Hicksville, who entered Hamilton College as a freshman on Sept. 20 has been pledged to the Lambda Chi Alpha Fraternity.

Rosebery, who prepared for Hamilton at Hicksville Senior High is planning to follow a liberal arts course with a major in history leading to a Bachelor of Arts degree.

WINS HER OWN CASE

Emily Joy Regan of 107 Ballpark Lane, Hicksville, got two tickets on Aug. 28 — one for speeding and the other for making a turn without signaling. She pleaded guilty to the speed charge and paid a \$50 fine. However, she protested the second charge and at a trial in district court, Mineola, was given the benefit of the doubt by Judge Lyman D. Hall and found innocent.

Mrs. Regan, press agent for Sea Cliff Summer Theatre, is a former staff member of the Glen Cove Record-Advance.

St Ignatius Beats Valley 19 to 0

By ELWOOD S. KENT
HICKSVILLE — Rebounding from their first defeat of the season the week before, St. Ignatius Yellow Jackets defeated Locust Valley 19-0 before 800 fans last Sunday.

Looking far different than the outclassed and inexperienced team they seemed to be last week, the "Saints" showed the results of a week of hard scrimmaging. A quick breaking line broke thru time after time to spill the opposing backs before they could get started.

Early in the first quarter Biasi intercepted a pass and scooted 20 yds. for a touchdown. The try for extra point failed.

In the second quarter Pignatari recovered a low pass from center on the L.V. 14 yd. line fed on a reverse to Mielnik who scored. Biasi went around right end for the extra and the "Saints" led 13-0. Condran broke thru right tackle and sped 48 yds. to pay dirt in the third quarter. The try for the extra point failed.

Outstanding defensive plays by Bennett and Condran held L.V. until Vorisek galloped 35 yds. around right end to score and Bam-bey made the extra point.

Shanley made a beautiful 30 yd. punt return and Lyman recovered a fumble as the quarter ended.

In the fourth quarter the "Saints" dominated the play featured by a 50 yd. off tackle sprint by Biasi, but could not score, as the game ended.

Next week St. Ignatius meets the undefeated Port Washington Blue Bullets at Port Washington.

Sports Night is coming up Nov. 11. Committee head, Lou Curtis, wants a big turnout as he will have a number of surprises in store for the audience. Considerable effort has been exerted by this Committee to insure a very exciting and entertaining evening for both the adults and the youngsters.

HAPPY BIRTHDAY IKE. This giant cake was provided by Frank Englert of Englert's Bakery, Broadway and Marie St., Hicksville, and enjoyed by the many participants at the Hicksville Republican Club meeting, Friday night. Speakers of the evening included State Senator William Hulst, Judge Paul Wilditz and Michael Sullivan, Oyster Bay Town Republican campaign chairman and president of the club. The club will hold a traditional Election eve rally on Nov. 5 at the Masonic Temple and a victory celebration at the same place, Tuesday night, Nov. 6, starting at 10 o'clock with everyone welcome to join in hearing the returns. The Nov. 6 gathering will take the place of the regular November meeting.

Town Budget Reflects Growth

Oyster Bay Township will continue to expand its numerous tax-free services in 1957, as was disclosed today. Supervisor Lewis N. Waters disclosed it will cost \$2,768,796 to provide the functions of township government for the fast growing area, an increase of about \$630,000 over the current year, without the necessity of imposing a general town tax charge. Revenues of the township from permits and fees will again balance the cost of government.

Supervisor Waters pointed out, in discussing the budget for next year, that the Town Board continues its "pay-as-you-go" policy, including major public improvements without the necessity of costly bond issues.

By way of example, it was noted that the little publicized township incinerator plant at Old Bethpage, will go into operation later this year, representing a \$182,000 project undertaken entirely within budgeted appropriations and without bond issue.

The new budget provides salary increases for town employees in the various department categories in line with policy which has been in effect for several years. A five per cent raise is provided for all laborers, while increments are scheduled for all other categories of employees.

Adjustments have been made in the salaries of department heads and elected officials as well. The Supervisor next year will receive \$12,500 while the annual salaries of Tax Receiver, Town Clerk, Highway Superintendent are set

at \$12,000. The four Town Councilmen will receive \$6500 each, compared with the current appropriation of \$5000 for each.

The highway tax rate is projected at \$4.58 per \$100, a gain of eight-tenths of a cent over the current rate of \$4.50, which reflects the increase in salaries for department employees and laborers.

Gets Promoted

Donald Rosch, son of Mr. and Mrs. Raymond Rusch of 22 Sterling Pl., Hicksville, who has been stationed in Europe with the Army for two years, has been promoted to the rank of sergeant. His parents visited him overseas during their trip abroad last year.

By HOWARD FINNEGAN

Chet Jaworski definitely will not coach the Hicksville High basketball team this winter.

That he will step down in order to keep up with all the pressing duties as athletic director hasn't been officially announced as yet, but the end has come to the village's most successful court tutelage.

Since sweeping out of New England some nine years ago, Jaworski has made the name Hicksville one of the most feared court powers in Nassau County. Only the unending wealth of talent that is Oyster Bay's has eclipsed the Orange and Black in the past eight years.

Wrecked by two woeful years (only three wins in 36 games), Hicksville was far behind in basketball when Chet arrived. However, after a building first season in which the mark was 3 and 12 the Orange and Black went on to 89 won and 28 lost in the last eight campaigns.

And ten of those losses were suffered at the hands of the County champions.

That Jaworski is stepping down should bring a sigh of relief to Hicksville opponents, but they aren't breathing easy yet. Although, Jaworski included, has nothing to say concerning the matter so far expectations are that Ed Petro will assume the mantle.

He is another New Englander who is from a run-faster-than-Jaworski school. With the 1955 Hicksville Junior Varsity he turned in a splendid job that was noticed in all locales.

If Ed gets the appointment, and we think he will, the victory parade will still be in full swing.

For Hicksville THE game is Westbury. For Westbury THE game is Hicksville.

Times change, towns change, people change but just before the Green Wave rolls into Hicksville, the air comes alive with the hope and expectation that only a clash between old and bitter rivals can generate.

For this has been one of the classic gridiron vendettas of Long Island that respects no favorite, adheres to no format and produces more startling victories than any other.

Of late, the pendulum has swung heavily in favor of the Green Wave.

It is expected to take an even more pronounced course in that direction this Saturday, at Hicksville. For Ray Coleman's lads are undefeated in four powerful starts this year and have a veteran club from '55 in which a 6-2 record was achieved. A 33-0 win over Hicksville was included in that.

As it did against Bethpage, Hicksville was the designer of its own defeat against an outstanding Garden City team last weekend. Winning 7-6 with two minutes left in the half the Comets saw an astonishing fumble on their own 15 lead to a quick City TD.

The 13-7 deficit was not regarded as crushing but another fumble, affected by the hard, hard charging Trojan line in the quarter forced capitulation.

City took the kickoff and drove downfield 78-yards to the Hicksville one yard line where it was stopped on fourth down inches from the goal. John Roberts pushed out one yard but the superior City line swarmed in on the next play and forced the fumble. It was 20-7 thirty second later.

Aside from a 42-yard run by Dick Stillman in the second period Hicksville never really untracked. The Comets did pick up 154 yards rushing with the usual ground attack which is more inside than a Brink's job.

No passes were completed. Few were attempted.

In Coleman's own words the Westbury viewpoint is expressed. "Hicksville will be our toughest game of the season", is the credo for the Green this Saturday.

Perhaps they expect an old Hicksville. They may be right. The 1956 Comets have yet to really burst loose, although they are capable of doing it.

We cannot call Hicksville. We never pick Westbury. See you Saturday.

If we were Joe Naso, John Roberts and particularly Dick Stillman we would be sore as something over the press reports that Hicksville touchdown against Garden City Saturday was a fluke.

As relayed to the County press by the Trojan scorer, the indication was that the play was stopped on the City 42 at the line of scrimmage. As the Trojans let up the story goes that Stillman tore off for the score.

That version was coined by other dailies.

The truth is that Naso faked perfectly at quarter to Roberts, who went into the line and handed to Stillman who went way around right end.

The officials never blew the whistle since Roberts, who was tackled, never had the ball.

Stillman was 20 yards downfield when the Trojans unfurled. He oddly enough stopped to watch the protesting before he completed his journey into the City endzone UNTOUCHED.

It was a darned good play. It was no fluke.

Hicksville isn't setting the world on fire in its first full Tennis season but the story has been much the same for the Comets as it was against leading Eastern Division NSAA Wheatly.

Wheatly took the match 3-2. Ted Tuchsien, Paul Scalzetti and Alex Althausen bowed in the singles matches for the Orange.

In the Doubles however Dave Sailor and Mike Uss reversed 0-6 in the first set roared back for a 6-4, 8-6 victory.

Annual Game For HS Alumni

HICKSVILLE — The Alumni will meet the High School Hockey Team this Saturday, Oct. 20, at 9:30 a.m., on the High field on Division Ave.

Braves Post High Game and Series

HICKSVILLE — The Holy Family Parish CYO Bowling League saw the Braves post high game of 1115 and high series of 3251 at the Market Bowling Alleys, here, Friday night (557-569-488-515-519).

The Champs were Byrne, Walsh, Nagel, Barry and Cuti. High game, Bud Smity, 234 (560). High series, Joe Wingenbach 587 (225), additional high series, Nick Kleiner 553; Al Reinheimer, 546; Bob Beach, 544; Hough Morganroth, 542; Bill Jones, 516; Joe Celentano, 514 (200), Neil McCormack, 510 (212) and Sal Provenzano 511.

There was some question whether the new shirts were an inspiration or a drawback, but from these results, the men looked good either way, according to E. G. Jacob, secretary.

Team standings:

Team	W	L
1 Dodgers	18	2
2 Pirates	13	7
3 Tigers	13	7
4 Yanks	13	7
5 Indians	11	9
6 White Sox	11	9
7 Braves	11	9
8 Cards	10	10
9 Giants	10	10
10 Orioles	9	11
11 Senators	9	11
12 Reds	8	12
13 Phillies	8	12
14 Athletics	6 1/2	13 1/2
15 Cubs	6 1/2	13 1/2
16 Red Sox	4	16

Swick and Don Kerbs won their match 6-1, 6-4 for the Comets.

Only 2 and 4 in the standings, Hicksville has none-the-less fought most of its battles in such close fashion this year.

PREDICTIONS: Last week we had 10 right, 3 wrong and 2 ended in ties. Our record to date is 29 right and 20 wrong. We count tie games as losses otherwise it would read 3, 15 and 5.

Coming up we see Baldwin 7 over Mephram, Bethpage to squeak past Glen Cove, give Carle Place a TD nod over Island Trees, East Meadow 20 over Levittown, West Hemp easy time at East Rock, Lawrence a TD over Freeport, surprising Farmingdale one up on Port, and Wantagh 12 over Hewlett.

The single wing and Garden City gets approval for the big match at Great Neck, Long Beach over South Side, Lynbrook over Malverne, Manhasset over Roslyn, Valley Stream over Mineola, Oyster Bay to bow to Oceanside power and Uniondale to edge VS South.

Organize Connie Mack League

HICKSVILLE — The Connie Mack Baseball League will hold its first general meeting at 8:30 p.m., Wednesday, Oct. 24th, at Henningens Restaurant.

Connie Mack baseball is intended to provide organized league play for older boys. Any young man who will not reach his 19th birthday until after Aug. 31, 1957 will be eligible for the 1957 season.

Basic organizational planning has been completed; the purpose of the Oct. 24 meeting is to submit the plans to the people of Hicksville. The agenda for this meeting includes a briefing on the what and why of Connie Mack Baseball, a concise summary of the pros and cons of organizing a complete league in Hicksville versus organizing only one or two teams and joining an existing league; reading of proposed constitution and vote on its adoption; and finally, selection of a nominating committee to develop a slate of officers to be elected at the November meeting.

Because of the importance of this organizing meeting, parents of young men who will probably play are urged to attend, this is the Hicksville league, for the youth of Hicksville, and certainly adults concerned should have a voice in how it is organized and operated. In addition to parents, other adults who are interested in working with the league, such as managers, coaches, administrative, etc., are equally urged to attend.

There has been criticism in past years about the way other leagues have been organized. "It's cut and dried even to team managers being appointed," some people have said. The Oct. 24 meeting is not "cut and dried," it is your meeting and your opportunity to participate in formation of this league.

Girl Scout Horse Show Saturday

BETHPAGE — The tradition of Long Island, well known for its horsey set is being upheld by the Girl Scouts of Mid-Island Council.

This is the second section of mid-Island Council's annual horse show and is free to the public. The show will begin at 9 a.m. and continue all day, weather permitting. The alternate day Oct. 21.

The scouts who are representing Hicksville are completing the autumn riding program under the direction of Mr. and Mrs. James Mallon of Syosset Stables. They are Eileen Bentz, Jill Bass, Mary Jane Brown, Cookie Migdal, Diana Philson and Judy Paul.

FORT GORDON, Ga. — Pvt. Lawrence W. Kaleita, 20, son of Frank Kaleita, 7 West Ave., Hicksville, recently was graduated from the Army's Southeastern Signal School, here.

Also attending were Assistant Scoutmaster Howie Van Griechen, Bill Butler, Stanley Bruce, Bob Birkel, John Neglin, Francis Sheridan, and Paul and John Nelson. One of the activities the troop undertook was the building of a monkey bridge almost 100 feet long. It received a great workout by the boys and some of the braver dads. The troop received a special award for this project.

Next Monday, Oct. 22, will be Court of Honor night, and parents are urged to attend.

MEN'S CLUB DANCE

The Men's Club of Holy Trinity Episcopal Church is sponsoring a dance to be held in the Parish Hall this Friday, Oct. 19. "Theme for decorations and atmosphere will be a 'Night in Central Park' complete with the Tavern in the Green."

STATE SENATOR William Hults Jr. was guest speaker at the well-attended meeting of Hicksville Republican Club at the Masonic Temple, Friday night, which became an impromptu celebration of President Eisenhower's Birthday. Left to right are Senator Hults, Hicksville GOP Finance Chairman Clifford Place and County Clerk Ernest Francke, admiring those now-famous miniature elephants produced by Place. The finance committee will sponsor a dance at Bethpage State Park Clubhouse tomorrow (Friday) night. (Herald photo by Gus Hansen).

parents.) (2) Setting an example for the children by using the crosswalks and not cutting across the lawns. (3) By not parking baby carriages on the porch of the school, as they become an obstruction in case of an emergency. (4) Instructing the children to walk, not run on school walks.

Since there is an average of 1,000 children in each school, with the varied times for entrance and dismissal, there is a serious problem. In inclement weather, the problem becomes even worse when more parents come to pick up their children, creating an even greater bottleneck and danger as they park

and drive directly in front of the school. The minute or so it takes the children to reach the parking field from the school building during this weather will not endanger their health, and could save them from injury.

Cooperate parents, and help protect your children by heeding this safety plea of the schools.

LET'S KEEP IT CLEAN

Reports reaching this column indicate that many of the students at the Division Ave. High school building have taken to eating lunch in cars parked in the school field, throwing the wrappings, bags, etc., all over the parking field.

We have paid, and are still paying a good deal of money for both the building and its surroundings.
