Invite Parents To Chaperone Until Drivers Are Checked

HICKSVILLE--Letters are going to all parents in the school district inviting them to assist as volunteer chaperones on school buses. It was disclosed last night by Dr. Wallace E. Lamb, superintendent of schools. On Tuesday morning, assistant principals and athletic directors rode on buses where because of the short notice not enough parents could be contacted for the duty. Dr. Lamb said that 125 parents have volunteered so far.

The riding chaperones resulted from the School Board meeting, Friday night, when about 400 parents (mostly from Woodland Ave. area) appeared at the meeting. A recent incident of a small girl being allegedly molested by a bus driver resulted in the decision to have chaperones on the buses and taxis used to transport pupils until all drivers can be subjected to fingerprinting and a check of police files.

Board Interviews for Clerk

HICKSVILLE--The resignation of Walter Schlichting as clerk of the School District, effective No. 30, was accepted with regret at the School Board meeting, Friday night. The Board will interview candidates for the position on Tuesday, Nov. 20. All candidates should file written applications with Dr. Wallace E. Lamb, superintendent of schools, at the Administration Bldg., Newbridge Rd., here, by noon on Monday, Nov. 19. Schlichting resigned due to the pressure of business resulting from a change in his occupation.

4 Seek Hook-Ladder Office

HICKSVILLE--There are four candidates for the office of second lieutenant of Hook and Ladder Co. No. 1 which holds election of officers, on Dec. 13. Atomic Facility To Remain

NEW YORK CITY--Announcing a jointly-owned company for the purpose of expanded research, development and production in the atomic energy field, Sylvania Electric Products and Corning Glass Works disclosed that pilot production facilities at Hicksville will continue in operation as part of the new organization. The Sylvania atomic energy facility has been operating on Cantigue Road, part of the former Press Wireless Mfg. plant.

2nd Fire at Furniture Shop

HICKSVILLE--A fire in the basement of Furniture Modes on Broadway at the RR, the second in two months, was quickly brought under control by the fire dept. under the leadership of Chief Larry Huttie, Saturday evening. The alarm was turned in at the corner of Broadway and Herzog Pl. A routine investigation of the cause of the fire has been requested by the Fire Chief. The previous alarm, when fire broke out in the rear of the first floor, was on Sept. 24. Damage in both cases was largely from smoke resulting from the fires.

BROADWAY, looking south from the LIRR crossing, may become a bottleneck as the State Dept. of Public Works proceeds with the widening of the state road north from the crossing to Jericho Tpke and south from Old Country Road corner. Reports about possible

widening of this portion, by taking 37 feet off the west side, will be the subject of an open meeting of the Chamber of Commerce at Henningsen's Restaurant tomorrow (Fri) at noon.

NO. BROADWAY WIDENING GETS TOP STATE PRIORITY

BABYLON -- While the widening of North Broadway from the LIRR, north to Jericho Tpke. is a top priority project which is scheduled to get underway early next year, current reports of widening Broadway in Hicksville from the LIRR south to Old Country Road are merely in the "preliminary discussion stage," the MID ISLAND HERALD verified this week.

"The State Dept. of Public Works", an official spokesman told the HERALD here on Tuesday, "does not expect authorization for construction on the section of Broadway from the LIRR south to Old Country Road for at least three years".

He indicated that widening of this portion, which would require demolition or removal of all west side stores and buildings, "may never take place". Studies by engineers may reveal another alternate plan. The Hicksville business district has been in a turmoil during the past week with reports current that the state plans to "take" 37 feet on the west side of Broadway.

The widening of North Broadway, starting at the LIRR is definitely in the works and contracting letting is expected by February or March of next year.

The North Broadway job will begin with a new traffic arrangement at the John St. intersection. (see sketch) The

(continued on page six)

FIVE CORNER John St. intersection is scheduled for a new plan of traffic movement. Triangle between Bway and Jerusalem Ave would be taken over by State. South traffic on Jerusalem to RR would be one-way while northbound cars will cross over to Bway at a new, curved continuation of E. Barclay St.

Have you ever been right in the middle of making a cake when the telephone or doorbell rings? One good way to make sure that such an interruption doesn't ruin the cake is to lay all the ingredients to the left of your bowl before mixing. Then, as you add ingredients, place their containers to the right. In case you're called away during the process, you easily can tell what's been added when you return.

Isn't it a thrill to have the things you bake come out of the oven perfect in color and pretty as a picture? And when they are baked with Heckers' flour, you know they'll taste as good as they look.

Heckers' does things for your baking that other flours can't. And for a very good reason. Heckers' gives you baked goods of fuller flavor, finer texture, and better appearance because it is unleached—the NATU-RALLY WHITE flour.

Grated orange rind, when added to the dough gives an exciting different taste to homemade doughnuts.

Ever notice how proud youngsters are of their parents' handiwork? How often have you heard, "See my new sand pile? Daddy made it!" Or—"Look, Daddy, Mommy baked a cake!"

Puppets Theme For 491

By Ray Schrom

Hicksville - "Puppets" was the theme for the current Cub Scout opus and puppets it was as pack 491 convened recently at its usual rendezvous in the St. Ignatius School Hall Cafeteria. No less a figure than Paul Winchell himself (because it, we mean Jerry Mahoney) would have been honored at the remarkable display of personalities in puppets that greeted the mothers and dads assembled.

Ingenuity and originality (plus a bit of larceny - one enterprising youngster admitted to snipping off his sister's doll's hands to help fabricate his "Indian") was the keynote of the evening. You were a piker if you started out with anything more artificial-looking than a stuffed sock for a starter.

One diligent Cub converted a set of Lincoln Logs into a beautifully functioning puppet, as flexible-jointed as any ever seen inside a department store window while another came forward with an equally remarkable life-like creature with a funnel for a hat, a large tin can for a body and the face of Pinocchio. There were Kukla and Ollie types, rag doll types and Halloween goblins, some stringed, some stringless, each shepherded by an eager Cub, some of whom stood up and gave earnest little speeches imparting to their audience the secrets of the do-it-yourself school puppeteering. And to further spice the proceedings more than half of the youngsters came garbed in a variety of costumes--clowns, tramps, auntje-mims, spacemen, to name just a few of the more easily recognizable.

And when the winners were announced by a 4-man (excuse me,

lady) panel of judges, Den 4 was honored with an achievement plaque for the best skit for which a beaming Mrs. Eaton came forward with the breathless enthusiasm of an Oscar winner, sharing the spotlight with the equally competent but more stoic Mrs. Collins who helped her brood bag the award for the best project. We haven't space to describe in detail all the worthy competition that was offered so may we salute all the losers, den mothers and cubs alike for a truly fine workmanlike job.

We almost forgot! The advancement report for Pack 491 reveals a long list of cubs who have gained the following awards, as announced:

Wolf Badge: Michael Bowler, Kevin Bowler, Harry Goldbach, Michael Di Paolo, Alan Spencer, Dennis Rogan, Robert Eaton, Kenneth Carlson.

Bear Badge: Michael Bowler, Alfred Major, Alexander Cellinski, Lion Badge: Stanley Baldwin, Edward Phelan, William Van Nostrand, Nicholas Walsh. Gold Arrow: Michael Di Paolo, James Kansas, Bob Romaine, Dennis Rogan, Robert Eaton, Kenneth Carlson, Gerard Schrom, Robert Teer, Jack Hanifan, Stanley Baldwin, Edward Phelan, William Van Nostrand, Michael Bowler, Harry Goldbach.

Silver Arrow: Stanley Baldwin, Edward Phelan, William Van Nostrand, William Heatt, Michael Regan, Paul Russell, Ronald Reilly, James Van Nostrand, James Kansas, Dennis Rogan, Robert Eaton, Kenneth Carlson, Gerard Schrom, Robert Teer, Steven Brummet, Dennis Gallahue, Thomas Ledero, Nicholas Walsh, Michael Bowler.

Burns Speaker Outlines Duties

Hicksville - An audience of some 125 people listened Thursday evening to an address by Dr. William D. Wilkins of NYU on the "Duties and Responsibilities of Parents and Teachers" at the November meeting of the Burns Ave. PTA.

Outlining what each expects from the other Dr. Wilkins stressed the importance of a home "full of acceptance, affection and understanding" for the child. A workshop period followed with Dr. Wilkins answering questions posed by each workshop group.

Prior to the program the membership voted to accept the budget as presented by Treasurer Louis Penque and on two gifts to the School, additional record players and a motion picture camera. Ways and Means co-chairman

Margaret Gregg and Sylvia Gorlin reviewed plans for the Bazaar scheduled for Nov. 30 and Dec. 1 and asked for additional help and contributions.

School Board Declines to Appeal

BETHPAGE -- The Board of Education, following a special meeting Friday night, released the following unanimous statement:

"The Board of Education has been faced with one of the most serious problems of recent times. We have met on many occasions in a sincere effort to find the proper conclusion to the problem presented. The problem originates with the question of granting of tenure to Mr. Ernest Sechrest."

"It is the Law of the State of New York that any individual appointed to a teaching position in a school district must serve a probationary period. In our district this period is three years."

"It is further provided that when the conclusion of the probationary period approaches, the Supervising Principal must submit such names to the District Superintendent. At that time it becomes the responsibility of the District Superintendent to either recommend the individual for tenure or refuse to so recommend. The District Superintendent, in turn, bases his recommendation upon any number of contacts (conferences) with the individual and upon reports, observations or visitations during the probationary period. When a District Superintendent recommends that a person be placed on tenure, a Board of Education may then elect to accept or reject such recommendation. However, when

the District Superintendent refuses to recommend tenure, the Board of Education is without power to grant tenure or employ beyond the probationary period."

"On previous occasions the Board has seen fit the express confidence in the services of Mr. Sechrest. Such expressions of confidence was intended solely for the purpose of supplementing the professional evaluation of the applicant involved, and in no event was intended to supersede the final decision of the District Superintendent."

"At the last regular meeting of the Board of Education, the Board was requested to consider whether or not it would initiate an appeal to the Commissioner of Education on the basis of its technical right to appeal matters involving tenure."

"Regardless of whether or not the Board is an aggrieved party within the meaning of Section 310 of the Education Law, the Board of Education continues to be aware of its permissive right to appeal in matters involving tenure. The Board of Education is fully aware of its duties and responsibilities to the School District at large concerning the efficient operation of this school system. The Board is also aware of the duties and responsibilities of the District Superintendent with reference to teaching personnel problems of this Supervisory District at large."

Neither the Board of Education nor the District Superintendent is permitted by statute to act independently of each other on matters involving personnel, except in those instances when the District Superintendent refuses to recommend tenure, in which case his decision is final, subject only to review by the Commissioner of Education or by the Courts of this State. The Board of Education has thoroughly investigated all of the facts and circumstances involved in this case, and is in unanimous agreement that it cannot at this time reasonably contend that the District Superintendent's refusal to recommend tenure was either arbitrary or capricious.

"Under the circumstances, the Board of Education does not desire to initiate an appeal in this matter."

Praises Town

Recent action of the Oyster Bay Town Board in authorizing a preliminary survey to determine if housing in any area of the township is sub-standard and needs rehabilitation was hailed today as an important step in preventing neighborhood blight.

It is the first broad-scale action by any governmental body on the Eastern Seaboard to take advantage of provisions in Federal law to eliminate or prevent slums in suburban areas, Zummo said. The Housing Act of 1954 provides that the Federal government will pay the major cost of rehabilitation wherever a survey indicates such rehabilitation is needed.

Getting New RR Station

Rapidly growing Bethpage is going to get a new railroad station, thanks to a cooperative arrangement between the Town of Oyster Bay and the Long Island Rail Road. Work already has begun on some phases of the project, which will, among other things, place the station on the westbound side and provide hundreds of new commuter parking spaces for the convenience of passengers.

The first major step is the removal of the existing freight track west of Stewart Ave. When completed, this will permit extension of the eastbound platform. Meanwhile, the town is enlarging its

parking space on the eastbound side. The town is also relocating a portion of Malden Lane on the westbound side. This will provide space for the new brick station building to replace the 75-year-old wooden structure on the eastbound side.

The new building will measure 54 by 14 feet and will include ticket and waiting room facilities as well as a small express and freight section. It will be of one-story modern design and will have an eight-foot-wide sidewalk across the front, along Malden Lane, for automobile loading and unloading.

Pack Observes Halloween Night

CUB PACK 118 of Bethpage held its Halloween Pack Night on Oct. 26, in the Cafeteria at the Broadway High School.

A Certificate of Appreciation was awarded to Mrs. Ethel Perker outgoing Den Mother of Den 4. The new Den Mother is Mrs. Evelyn Hurley and her Assistant Mrs. Marilyn Connors.

The entertainment was provided by two Dens. Mrs. Achille's Den 1 portrayed an authentic

Punch and Judy Show. The characters were dressed in colorful costumes, even to the hooked noses and chins. Mrs. Grossman's Den 5, performed a Shadow Movie called "Operation on Halloween Night".

All came in costume of some sort and the judges are to be commended on picking the winners in the 4 separate contests that followed. The cafeteria was just a riot of color and Cubmaster George Yarr and his Committee would like to thank everyone for their co-operation in making the night a huge success.

SUCCESSFUL BENEFIT

The Ladies Auxiliary to the Hicksville fire dept. held a very successful card party at the E. Marie St. firehouse on Friday evening. More than 150 guests played games and enjoyed refreshments.

George Nader of Hicksville won the basket of cheer and Helen Blyman of Hicksville was winner of the door-prize.

Mrs. Dorothy Werthessen wishes to thank her committee, those attending and all those who helped to make the affair the success it was.

Facts On Broadway Widening The Phantom Knife ... It May Never Fall

(continued from page one)

gas station, diner, assorted stores, including the Town Hall Annex, between Broadway and Jerusalem Ave. will be cleared away. In the process another gas station and diner at John St. and North Broadway, as well as Smith Drug Store, Reeves Delicatessen, Fred Krause Real Estate, Jordan Cleaners and other structures will probably feel the bite of the demolition axe.

TRAFFIC INCREASES

Plans for the North Broadway project have been known for years. The recent opening of Mid Island Plaza on North Bway, has vastly increased traffic movement and probably advanced the priority of the project.

The State Dept. of Public Works spokesman said that widening of Newbridge Road from Hempstead Tpke., north to Old Country Rd. will probably be the project following North Broadway. This will also involve a new cut over route to the west side for Newbridge, over the RR to Sackett St., and then curving to the east to run into North Broadway just north of James St. corner.

All that the HERALD found on file regarding Broadway between LIRR south to Old Country Road was a map with a line sketched to indicate a proposed "taking" on the west side. State officials stated positively that no legal action has been started regarding condemnation of buildings. In fact, he a spokesman said that negotiation with owners is always a preliminary to any taking of property and such discussions have not started.

It was admitted that numerous visitors have been at the state office, here, regarding the proposed project.

At the north end of Broadway, as it approaches Jericho Tpke., Jericho, the state road will be somewhat to the west also and will probably necessitate the use of another site for the proposed Jericho Firehouse. The Jericho Spring Pond will not be touched by the road improvements.

Assemblyman John Burns, when questioned by the HERALD, said he knew of no new plans regarding widening of Broadway thru the business district. He pledged to maintain close contact with the State Dept. of Public Works at both Babylon and Albany.

The elimination of Hicksville RR grade crossings is not a part of the current North Broadway or

Newbridge Road widening, the state official told the HERALD. The elimination, ordered by the Public Service Commission, is awaiting the appropriation of money for development of detailed plans and specifications as a prelude to bid taking and the allocation of \$12 millions required for the work.

Legionnaires' Log

by Arlie Rutz

The American Legion Oratorical Contest was held Nov. 9 at Hicksville High School. John Dobson, Frank Governale and Jack Ehman were the judges representing our Post and they awarded the first place gold medal to Gene Nye whose subject was "The Constitution, Temple of Liberty."

The silver medal second place winner was Wendy K. Aren whose topic was "Rights and Responsibilities of the American Citizen." There was a tie for third place between Mary Fuller whose subject was "Justice, the Foundation of Democracy" and Richard Metzelaar who spoke on "The Constitution Guardian of the Peoples Rights."

Both will receive bronze medals when the four winners will be guests of the Legion at the Dec. 3rd meeting along with American Legion Certificates of Participation. Gene Nye will give his speech at this meeting before the presentation of the medals to the

four winners.

Corsages were presented to the coaching teachers, Mrs. Milligan and Mrs. Fletcher. The Sectional Elimination Contest will be held on Nov. 19 at 9:30 A.M. and the winner will go on to the County Elimination Contest and we feel sure the Gene Nye will be that winner.

The Veterans Day Services were held at the Memorial on the grounds of the Old High School on Nov. 11th. First Vice Commander Guy Smith and Commander Arthur Blutsch conducted the service. Promptly at 11 A.M. taps were sounded by Patrol Leader Arthur Rutz of Troop 293. Wreaths were placed there in the name of American Legion Post 421, The Legion Auxiliary, The Veterans of Foreign Wars and the Amvets and their Auxiliaries. A goodly number of Legionnaires and Auxiliaries were in attendance, plus our ever ready Color Guard consisting of Bob Mangels, Bob Sutton, Bob Hasel and Arlie Rutz.

Well, that was the best turnout of members at the last meeting in many a moon. Wonders if the savory Ravioli dished up by Rudy Bouse had anything to do with it? And more wonderful was the amazing fact that more than 50% of the total membership has already paid their 1957 dues.

The Color Guard has increased its membership and additional funds were voted to further equip this unit.

What puts the Mark of Tomorrow in the new kind of FORD?

Here's what puts the Mark of Tomorrow in the new kind of Ford!

"Six or V-8, the going is great!"

It's the sculptured look. You'll see it the moment you let your eyes wander over this fine car. In a '57 Ford you belong... anywhere. It's the long, lean lines. There's a greyhound grace to the new Ford. No useless "fat," no showy "padding." Ford is as trim as a jet fighter. It's the hardtop styling. Fairlane sedans have the hardtop look of Victorias! Superthin center pillars are smartly concealed to give hardtop beauty when doors are closed. It's the freedom of choice. Colors? Fabrics? Accessories? Far more! Ford gives you a choice of two new, bigger sizes... longer, lower, roomier! It's the ride that stays gentle. With a new frame that rides sweeter and lower, new springs, new suspension all around, even the roughest roads can't ruffle the poise of the new Ford. It's the Thunderbird power. Ford celebrates its Silver Anniversary of V-8 leadership with the biggest selection of V-8's in Ford history. In addition to all this Thunderbird GO, there's a new and more powerful Mileage Maker Six.

Just looking at this Fairlane Club Sedan is a special kind of fun!

It's the record-breaking performance. On the Salt Flats at Bonneville, Utah, a '57 Ford traveled 50,000 miles in less than 20 days... an average speed of 108.16 mph, including all pit stops! Another Ford averaged over 107 mph. Altogether, 458 national and international performance records were smashed as Ford rewrote the record book.

It's the big dollar value that lasts and lasts. Styled for tomorrow, a new Ford keeps its value longer. And wonder of wonders, all this extra strength, extra beauty, extra length is yours at low Ford prices!

*Included is a special 270-hp Thunderbird 312 Super V-8 engine available at extra cost. Also, an extra-high-performance Thunderbird 312 Super V-8 delivering up to 285 hp.

Wise man say:
 "Don't wait for TOMORROW when you can get it today!"

Special Count

Oyster Bay - Final arrangements to enable the Township to collect \$2,480,000 in additional State Aid over a four-year period beginning in 1958, nearing completion when Supervisor Lewis N. Waters announced that Deputy Supervisor Edwin J. Fehrenbach had delivered to the Director of the Bureau of Census in Washington, D. C. a check of \$14,520 to cover the cost of preparing the special census maps, tabulation of results and other material necessary to take the census.

As a result of new State legislation which grants areas that have experienced large-scale population

increases since the last Federal census in 1950, the Town will collect yearly payments of \$620,000 in additional State Aid for a four-year period beginning in 1958. In the past five years the Township's population has jumped from 50,000 to approximately 240,000 persons.

Passing Attack Blanks Yellow Jackets on Grid

by ELWOOD S. KENT, Sr.

Westbury uncorked a sensational passing attack together with an alert recovery of four fumbles, to roll up a score of 46 points, as they defeated St. Ignatius in a CYO Football game, Sunday.

The Yellow Jackets did not score, but made Westbury realize they had been in a ball game, and the Jackets also uncovered a fine running back named "Douglas". This boy seems to have it - a fine change of pace - quick on openings - and speedy afoot. Without question, should he not lose his speed he will score many

a point for the Yellow Jackets next year.

During the intermission, the St. Ignatius Band performed splendidly, and both cheering squads displayed excellent formations, combined with spirited "cheers".

The Sports Night went over with a bang!!! The program was headed by the Rt. Rev. Msgr. George M. Blittermann who also distributed the trophy awards. Rev. Laurence M. Ballweg, Moderator of the CYO, orated in his usual fine fashion, and also narrated a film depicting the highlights of the activities during the CYO year. The girls cheering section received special attention, and lustily so. The film and narration was most excellent, and would no doubt challenge the "long run films" should it be offered for release. The heads of the other church societies should prevail of Rev. Ballweg for a showing.

Close Contest In Kegler Loop

by E.G. JACOB, Sr.

HICKSVILLE --- Thirteen 500 series featured Friday night's session of the Holy Family CYO Bowling League at the Market Alleys, Robbins Lane, here. Bud Smith led with 557 (211). Next in order were Horie McMorris 553 (213). John Zambo 549. Jack Sheridan 548. Leo Samberg 542. Joe Wingenbach 528. Walt Blum 524 (223). Clint Allen (211). Nick Kleiner 521 (207). Neil McCormack 514. Ed Arundell 510. Al Reinheimer 503. Roy Brown 502.

The first eight teams are now covered by a spread of only four points, or one night's total. The next six teams are within the same striking distance of the first section, thus maintaining pressure on the leaders and keeping each man's nose to the bowling grindstone.

The six weeks of training, attended by approximately 100 boys on Saturdays, included 1-1/2 hours of team play techniques and 1 hour of inter-squad games, using set plays the boys had learned. The Assoc. thanks the men for a good job done.

George Shanley, who heads the Paper and Rag Drive, wishes to express his gratitude to Chris Reimels and Larry Barolenti for their splendid cooperation. Also he wishes to point out that the second Saturday of each month is the pickup day. Many thanks to past contributors. Keep up the good work.

It's been made official. Ed Petro has replaced Cher Jaworski as head basketball of Hicksville High. The news caused quite a stir in Country quarters when it filtered out through proper channels last week-end but it was old hat to Mid-Island Herald readers.

We reported the move in this column a month ago. Petro will run his aspiring candidates in their first practice this afternoon (Thursday).

Hicksville's 12-7 victory over Farmingdale concluded the splendid 1956 grid campaign for the Orange and Black. The final mark was 4 wins, 3 losses and a tie for the predominately sophomore team.

The three losses were suffered at the hands of teams which went undefeated. Bethpage, Garden City and Westbury all had no defeat records. The Comets faced those clubs in that order early in season.

It must be the most pleasing point on which coach Howard Bowers can look back. That his young club did not fold but got better after the three straight defeats is a high achievement for him and his assistants. Ed Petro and Bill Anderson.

Mr. Bowers cannot be praised to highly.

Hicksville's Junior-Freshmen High team can look back on a fine win in '56. After gaining a 19-19 tie with Bethpage the Frosh won over Westbury in an 18-13 thriller.

The Orange won with two fourth quarter touchdowns. Dick Dillo scored the winning 7d on a five yard run. Shortly before that Steven Ruggiero made beautiful diving catch of a pass from William Schrimpe to get the second score.

William McBride ran for the first tally.

It wouldn't be too surprising if head coach Bowers might find some use in near future for some of these boys. Others who were outstanding this season were Tom Dougherty, David McCoy, Ken Hinkle and Richard McKenna.

We have always found it impossible to describe a truly brilliant run in football and bring with it the truth of its greatness.

Three seasons ago Ed Scott scampered some 85 memorable yards against Farmingdale for a victory. We never expected to see one like that in the Bethpage Bowl again.

However, the Orange was hard pressed to preserve it record of never having lost in the autumn paradise that the Bowl affords and it took a 70-yard romp by John Roberts to set the spark.

It is sad that Hicksville has played the Dalters there for the last seven times and has always been the underdog.

It is Roberts now that joins Scott with a dash, that insofar as this corner is concerned, cannot be portrayed in words.

Not to be overlooked in laurels for this one are Dick Stillman, Vic Schadancy, John Magee, Ted Grieve, Joe Naso, Mickey Anglin and the host of others who clicked off that 70-yards for the winning touchdown.

John Roberts equaled the 9 plus yards per carry of Ed Coleman in 1944 who had 138 rushes for 1,356. Both were a slim 24 yards short of an average of ten yards per try.

A new team rushing mark of 1,897 total yards was established this season. The old mark created in six games in 1944 was 1,695.

RAG PICKERS IN THE END ZONE

In the autumn of 1942 Hicksville High--it's football banner trampled in the dust of four humiliating campaigns--called upon a native son to guide its football fortunes.

And so it was that Louis Millevotte, class of 1927, assumed the coaching mantle of the Orange and Black.

It was not an assignment to be desired. Hicksville was embarrassed by winning just 3 of its last 30 games but unwilling to undertake any operation to extract itself from its dismal position.

A Jay Vee Team, assistant coach, freshmen eleven or scouting reports were just non-existing.

Equipment was skimpy and replacements impossible to wrangle out of a small budget. With less than 500 students Hicksville was one of the smallest schools in Nassau. Still it was hard to uniform a team of but twenty boys.

Millevotte and his student manager, Irwin Goldman, worked first at the protective gear and then pieced together some tattered and worn uniforms for covering.

Hicksville's appearance once lead a bigger fan of richly endowed Port Washington to comment in the wake of a Flood of Orange touchdowns that, "never have there been so many ragpickers in the Endzone!"

After two weeks of practice that was purposely allowed to get spicy and competitive, single and double wing formations had been installed. Millevotte freely admitted that his formations were mergers of those employed by E. Parker Yutzler and Harold Bergold.

Yutzler coached for 15 capable years at Hicksville and Bergold was the master tactician of the opulent years when the Hicksville Field Club ruled the powerful Nassau Semi-Pro Conference with an unbroken iron hand.

Connie Mack Meets Monday

HICKSVILLE-- The monthly meeting of the new Connie Mack League will be held Monday, Nov. 19 at 8:30 P.M. at the High School on Division Ave. The meeting will be in Cafeteria A.

This is a most important meeting. The three main agenda items include election of officers for 1957, development of plans for 1957 such as player registrations, tryouts, etc., and, finally, consideration of applicants for team managers.

This newly-formed League is part of a growing and continuing program to furnish an organized and supervised baseball program to the youth of this area. Just as Babe Ruth League was formed in 1954 to accommodate an increasing number of graduates from Little League, Connie Mack League is intended to accommodate graduates of Babe Ruth, and others, through 18 years of age.

It is the Connie Mack League to be successful there must be active participation by the parents of prospective players and other people of this area.

Side. Holding down end positions at kickoff were Robert Ambrom, and Ed Coleman. Mike Greggo and John Oss, who later doubled as runners in a Mule backfield, were at tackles. Bob Genova and Gordon Watson stood ready at guards and Mike Way had the center slot. William Muhlenbruck was on call to spell Way.

Mike Pastore, George Thomas and Bill Mayer were the lads who ran the ball and followed the calls of the astute quarterback Charlie Van Wickler. This was still the day of limited substitution and the field directions were the major responsibility of the quarter.

It was a hard game. In the third period Hicksville stayed on the ground for a 70-yard drive climaxed by a Van Wickler sweep around end for ten yards which tied the score 6-6. With bare seconds left in the game SS lost the ball on downs. It was on the Orange once.

Port Washington was the first home contest. With 43 seconds left in the game Hicksville was was losing 7-0. Mayer spread wide to the right, took a flat pass from Van Wickler and streaked 37 yards to score. Half Charlie Arnone punched at and over tackle on one of Millevotte's pet formation plays and it was a 7-7 draw.

For a third straight Saturday Hicksville faced a deficit at halftime. Roslyn lead 6-0. In the third stanza Coleman was introduced as a power driving runner.

Millevotte had hoped to keep Coleman's switch from end under cover a while but the prospect of dumping the favored Hilltoppers proved too tempting.

Coleman stunned the visitors. He was impossible to stop in a 69-yard surge that tied the score 6-6. The 15-year old battered out 56 of them in five rushes.

The Hilltoppers never recovered. Oss followed up with an 11-yard score and in the fourth Arnone went over from the one.

The late rallies and fractional wins gained Hicksville some attention but the wise money was on Lynbrook to end the fairy tale. The Owls had four straight.

There was no need for a rally. The Comet line with Greggo, Way, Gurn and Watson digging in fiercely contained the Owls and the offensive power started really picking up.

'BEST BLOCKER'

Bill (112-lb half who Millevotte often refers as my "best-blocker") Garbarino took a naked reverse 30-yards for the first score. Coleman lofted a 30-yard pass that glue fingered John Stickle gathered in. Coleman shot over from the two and it was 19-0.

Millevotte quickly went all out for the only building program possible to him. He sent in players like Frank La Marca, Walter Blessee, Monty Cheslock, Robert Quinlan, Sidney Rigby, Edwin Rusch, Frank Hill and Melvin Vohtres.

They were mostly inexperienced but the crafty Lou had his eye on future campaigns. His adherence to this policy sustained Hicksville over its greatest period of football success.

The final was 25-6 and with two wins and two ties talk of an undefeated season--which would have been the school's first--began

to blossom. But the next assignment was Westbury for the annual battle with the arch foe.

The Green Wave, under the fiery Tom Fitzgerald, consorted with only the best in Nassau. It stuck its tiny head into the lair of Freeport, Valley Stream Central, Glen Cove and Mineola. And year in and year out it infuriated the then mighty colossus at Hempstead.

Millevotte and Fitzgerald had met before. After five straight championships in the semi-pro conference Bergold left the Field Club for Hempstead Alumni and took with him a good source of the B&W's power. Millevotte took a hold over the team and the skeptics said the reign was over. Fitzgerald reared up the Westbury Fire Department and it seemed to be on the way to the title when it lead the FC 19-0 at halftime.

But with quarter Dick Rennie pitching deft passes the Black and White rallied for a 19-19 tie in the last period. It tied the standing and Millevotte saw his club corpe through 3-0 in the playoff as Glen Kerbs kicked a 28-yard field goal in the waning minutes.

Lack of scouting reports always bedeviled Lou in his meeting's with Tom. For Fitzgerald changed his style each season. In p42 he hoped, to blast the Orange's bid for an undefeated season with an elaborate set of pass patterns.

They worked good. At halftime, in the contest which is the classic in Orange grid lore, Westbury lead 21-0.

(The second in this series will appear in the Herald next week.)
