Plaza Provides Reindeers For Santa Float Friday

HICKSVILLE -- A Santa Float with eight live Alaskan reindeer hitched to Santa's sled -- all mounted on a motorized trailer will parade through this community this Friday afternoon (Nov. 23) at 3 o'clock to herald the start of the Christmas shopping season at Mid-Island Plaza on North Broadway.

Sponsored by the 41 stores in this newly-built regional center, the parade will come to a colorful climax in the Plaza with the lighting of a 75-foot fir and scores of smaller trees set in planter boxes along the Malls. Carols will be sung against a background of unique yuletide decor in the Center. Frank Chumsky, one of Hicksville's most public-spirited citizens will preside at the tree lighting and caroling at 5 P.M.

After Santa has been officially installed at Gertz-Mid-Island, the team of eight reindeer will be on exhibit until 9 P.M.

Continuing their program of holiday events designed to "Welcome" local families to the Center, the merchants will open a "Santa's Zoo" the following day (Saturday), exhibiting a menagerie of live miniature animals of many kinds, including deer, caracal lambs and donkeys.

The "Welcome Program" will serve doubly as a means of introducing 22 new stores that have been added to the Plaza since the Grand Opening on Oct. 25.

Mid-Island's welcome will also be extended to throngs in Times Square, Manhattan, via a lighted spectacular at 43rd St and Broadway which will proclaim the Plaza as "Your center of convenience in the Center of Long Island." The message will be repeated every seven minutes from dusk to 2 A.M. from Nov. 25 through Dec. 1.

Home Owners Break Ground

HICKSVILLE -- Ground was broken to plant the first tree in the project of the Newbridge Terrace Home Owners Assoc on Saturday afternoon, Nov. 10. The site was in front of the home of Mr. and Mrs. Boyle Kofahl on 34 Buckner Ave who were selected by drawing from among paid up members. In spite of the cold weather, a crowd gathered to see the event. A formal repeat took place, for the benefit of photographers, on Nov. 17.

Don Morck is chairman, assisted by Joe Seibert, Trudy Morck, Pauline Colosanto, Munson Dorias, Sal Ventruella, Ray Ryan, Ruth Mitchell, Fred Jani, Rose Digilio, Virginia Erlich, Jennie Mascioli, Emil Mittendorf, Aaron Mitchell, Ethel Lemmo, Tenny Rothenberg, Ulrich Pfander, Florence Galary and Gloria Meditz.

Rotary Again Sponsors Tree

HICKSVILLE -- The Rotary Club, in cooperation with the Chamber of Commerce, is again sponsoring a community Christmas tree at the Broadway RR crossing, in the corner of the new parking field. Once again the Rotarians will sponsor contests for youngsters as to the number of lights displayed and the footage of electric wire used.

The Community lights along Broadway are scheduled to go into service this Saturday, Nov. 24, with the public tree lighting set for Saturday, Dec. 1. Dr. Jim Goris is chairman of the Rotary Christmas tree project, working with Chamber President Patrick Buffalino. A full schedule of carol singing by local youngsters is being arranged.

MERCHANTS DECIDE:

PROFESSIONAL TO REPLACE AMATEUR SANTA CLAUS

HICKSVILLE -- Santa Claus has gone into retirement.

This year for the first time in almost a decade there will be no public arrival of the Santa with a parade thru the business section and the distribution of gift boxes of candy to the children.

Each year since 1948, Santa as impersonated by Fred J. Moeth, the editor of the MID ISLAND HERALD, has made a grand entrance. He has arrived in a series of vehicles and conveyances which included almost everything that rides or flies.

While fire trucks have been his favorite vehicle, Santa has also made his arrival during the last week of November or early December aboard a jeep, open convertible, sleigh, and helicopter. This year the retail division of the Chamber of Commerce is employing a full-time professional Santa for the two weeks prior to Christmas. The pro will take up his station in a little house next to the Community Tree at the

LITTLE INTEREST BY PARENTS:

MOVE TO DISCONTINUE USE OF STAFF AS RIDERS FAILS

HICKSVILLE -- Parents and school administration personnel will continue to ride on buses used to transport students of the School District for an undetermined period of time, it developed this week, when a motion to discontinue the adult riders as of Dec 1 failed to pass at a School Board meeting, Friday night.

Meanwhile, it was learned that parental cooperation has been short of enthusiastic. Mrs. Caesar, transportation director of the district, told the School Board that while 10,500 letters were sent home with children asking their parents to give some time to help on bus supervision, only 79 had responded.

Donald F. Abt, assistant superintendent, told the School Board that with 18 buses being used in the District, 18 have had school people as riders.

It was also reported that 20 substitute teachers had been contacted about becoming bus supervisors and only one was at all interested.

A motion to discontinue the use of teachers and administrators as supervisors on the school buses as of the Thanksgiving holiday, made by Allen Carpenter, failed to get a second.

An amended motion by Carpenter to have the district "cease to act in supervisory capacity on buses as of Dec 1 and to notify Semke that the Board expect compliance by him and his drivers" with rules on fingerprinting and checking of drivers by that date was seconded but failed to pass. The vote was 3 yes, 3 no and one abstention.

Both motions included a statement that parents could continue to provide volunteer supervision after the established dates, if they saw fit.

The School Bus adult supervision plan began with a recent incident in which it was alleged an eight-year-old student had been molested by a bus driver. The driver has been suspended from his position and is out on bail.

The School Board, upon motion by Joseph Cawley, voted 5 to 2 to hold an executive session "to investigate all personnel involved in the Nov. 5 incident". A further motion to have the parents of the child involved in the incident present, in accordance with their request, was lost.

It was reported also that the parents of the child, whose name is being withheld and was erased by vote of the board from the tape recording of a previous meeting, are considering some kind of a legal action or suit against the school district. No details on such action were available.

ARRIVAL OF SANTA always brought out a crowd of youngsters as Old Nick came to Hicksville in an assortment of vehicles. (Other photos on page 6. All pictures by Frank Mallett).

We Provide Last Word on Bway

HICKSVILLE -- Facts on the proposed widening of Broadway, between the LIRR and Old Country Road, as published in the MID ISLAND HERALD last week proved to be the most authoritative word on the subject when the Chamber of Commerce held a luncheon meeting at Henningson's Restaurant, Friday.

No speaker from the State Dept. of Public Works appeared at the meeting and those who did comment insisted that there was little official information available. Ernest Francke told the large audience of business people that "nothing official" could be obtained from the offices of the County government.

Michael J. Sullivan, speaking as a private citizen and not in his capacity as town attorney, explained the probable meaning of maps developed which indicated a "taking" of 37 feet on the west side of Broadway.

The HERALD report, complete with maps, was obtained by interview with State Dept. of Public Works officials at their office in Babylon, Tuesday afternoon.

HAROLD HAUXHURST of Laurel St is a candidate for election as a commissioner of the Hicksville Fire District on Tuesday, Dec 4. He is captain of Hook and Ladder Co. 6 and has been a member of the Fire Dept since 1928 and a resident of the community all his life. (Herald photo by Frank Mallett).

Civics Renew PO Efforts

The North Bethpage Civic Association is calling on all interested civic or membership groups to join in renewed attempts to persuade the Post Office Dept. to revise its postal district boundaries. If this were done, all Bethpage residents would have their mail addressed to Bethpage addresses, and thus speed delivery, civics claim.

At the present time, many residents have Hicksville, Farmingdale, and Plainview, mailing addresses which leads to confusion and delay in receiving mail.

Post Office Chairman Louis Goldberger reports that the Haypath Civic Assoc., through its President Felix Fay, has expressed interest in joining the North Bethpage Civic Assoc. in this effort and wishes to thank this organization for its cooperation.

Goldberger asks that any interested person or group call him at WELLS 5-3917.

MAY ENLARGE CLUB HOUSE

The North Bethpage Civic Assoc., Building Committee, headed by Joseph Litterine and Anthony Petraglia, is investigating the possibility of extending the building. With the recent growth in membership, the 37-year-old clubhouse is now too limited in space, and the membership is very enthusiastic about the possibility of enlarging the hall.

James "Happy" Norman and Jack Strong are working with the Building Committee on this matter.

Powell P-TA Board Meets

BETHPAGE—The main topic discussed at the Executive Board meeting of the Powell Ave. PTA on Nov. 8 was Parent Education. Mrs. John Griffin and Mrs. Grover Cordis, Chairmen, announced their plan to distribute questionnaires on Back to School Night held Nov. 15 in an effort to determine the topics of most interest to parents.

Mrs. Thomas Foy, President, reported on the Citizens Advisory Committee meeting conducted by Howard Grandjean, Vice-President of the School Board, on Nov. 7. She stated that it is important for the Powell Ave. section to be strongly represented on these committees in order to achieve the proper balance of representation in all sections of Bethpage.

Advisory Committees have worked out well in other communities and have a 2-fold purpose—to give the people a voice in the affairs of the District and to

help the School Board in matters pertaining to the schools. Those interested in serving may call Mrs. Foy, WE 5-3519.

Among other items discussed were membership and attendance at PTA meetings.

Tickets for the Grumman A Cappella Choir Concert on Dec. 1 for the benefit of the Bethpage PTA Scholarship Fund were offered for sale. Those interested in securing tickets for this Concert may obtain them from Mrs. Foy. Donation is \$1.00.

Smash Hit Sold Out Twice

HICKSVILLE—The bright and sprightly presentation of "Compos To Cavier" by the High School Variety Club attracted over 2,300 paid admissions in its successful run of three nights last week and may get an extended engagement if authorities feel the community would respond.

Written by members of the cast the thread of the story runs from the backwoods country to the high polish of New York's TV world and ends in the glamour of a penthouse party. Each phase has a striking set and art work to accompany it but it is the singing and presence of the performers that steal the show.

Central in the story is Martin Watkins as the hillbilly who goes all the way from "Compos to Cavier." And in a variety of acting, singing and comedy Martin proved he can go all the way.

It is difficult to detect just which

MARTIN WATKINS

of Martin's success the audiences enjoyed the most. He had two excellent singing numbers with Gene Nye

and their first act rendition of "Without You" was the number the patrons were humming when they left at the close of the evening.

However, the Professor comedy bit in the TV Station came close to taking the honors from his appearance with the Jack Aces vocal group.

Real Competition

It was no easy trick to be a stand-out in this production. For their was real competition from the other performers but happily the kind that blends for a professional presentation.

Miss Carol Contoy excelled with the sweetness of "Wouldn't It Be Lovely" and "I Could Have Danced All Night" from "My Fair Lady."

Her "True Love" won the reception it merited and she carried off her featured role in high style.

Rita Bianchi also scored with (continued on page 12)

Operation V.F.W.

by Howard W. Darling

Today has been proclaimed as Thanksgiving Day, a day in which all America gives thanks to Almighty God for the bountiful blessings bestowed upon us as individuals and as a nation.

Thanksgiving Day, 1956, finds peaceful nations leaning towards war; love amongst nations turning to hatred; hope and despair fading rapidly away from some free loving people, and darkness once again entering the world picture. I personally feel that this day is a good one for all of us regardless of faith, creed or color, to say the prayer of Saint Francis of Assisi,

which is as follows:

"Lord, make me an instrument of your peace; where there is hatred, let me sow love; where there is injury, pardon; where there is doubt, faith; where there is despair, hope; where there is darkness, light, and where there is sadness, joy.

"O, Divine Master, grant that I may not so much seek to be consoled as to console; to be understood, as to understand; to be loved as to love; for it is in giving that we receive; it is in pardoning that we are pardoned, and it is in dying that we are born to eternal life". Amen.

To all of you the members of V.F.W. Post 3211, wish a very happy and blessed Thanksgiving Day.

Boy Scout News

by Elwood S. Kent, Sr.

HICKSVILLE---Boy Scout Troop 91 has already made known their wishes about "Summer Camp" and very shortly the scouts will be asked to make their wishes known so a goodly number will arrive at Camp Wauwex in July for the two weeks of camping.

Regarding the "National Jam-boree", the point system has been arrived at for the determination of the "Scout" who will travel to Valley Forge in July 1957. The announcement relative to the point system will be made either this Thursday, or the following. Only boys who are 12 years of age as of 1/1/57 and who will be Second Class Scouts before July 1957 will be eligible. Overnight Campouts are scheduled for this month, and this will be an opportunity for scouts to amass Second Class advancement points plus Merit Badge background.

The advancement is proceeding in a very nice manner, and "91" is hopeful of sending "Eagle" candidates to the Council for review after the first of the year.

CHANUKAH
חנוכה

ON CHANUKAH, the Maccabees freed the Temple from the Surian conquerors. At its rededication only enough pure oil was found to light the Holy Lamp for one day. Miraculously it burned eight days. Thus, on the first day of Chanuka, Jews light one candle on the Menorah, adding another each day. It is celebrated from Nov 29 to Dec 6. From the Plainview Chapter Hadassah Bulletin.

How to Punch Holes In Steel Spring

HOLES may be punched rather easily in spring steel without annealing by following the procedure outlined by Popular Me-

chanics. Center-punch the spring just hard enough to cause a bump at the point where the hole is wanted. Then grind off the protrusion. The operation must be repeated until the hole is the diameter desired. The method may be used on metal up to about 1/16" thick. Be careful, the magazine points out, not to strike the punch too hard. That might cause the steel to break or crack.

BEDTIME STORY-Thanksgiving or all year round the world over, the Army is a family affair, with its dependent children becoming cosmopolites at an early age. At the Tokyo Army Hospital, Private First Class Dorothy M. McBane of Saxapahaw, N.C., WAC medical technician in the pediatrics ward, interests her patients.

BABY-SITTING, ARMY STYLE-They may be known as "Army brats," but Private Joseph P. Marklewicz, Library, Pa., loves every minute of it. Unmarried, he volunteered for the job of tending the youngsters at Fort Lewis, Wash., while their mothers were being briefed for a recent "gyroscopic" move to Alaska.

THE GREEN THUMB

By ALMA W. CRAIG

Now that the leaves are fallen it is time to buy that shade tree you have been thinking about all summer. If you get it in before the ground freezes it will start growth early and be a bit ahead of spring planted ones. It is always well to let the nurseryman plant your tree, especially if it is a large one, but if you want to save that expense and it is expensive, ask the man who sells it to you to tell you exactly how to plant it, and follow directions carefully.

Proper planting is most important for the future health of the tree. Many of us think of trees in terms

of the traditional; we are sentimental about the giants that shaded the tall two-story-and-attic houses of our childhood, and trees, to us, mean oaks, elms and maples. Modern landscape architects disapprove of all three, and tell us that there are much more desirable shade trees with better habits of growth, which harmonize with the present day type of small home.

These experts unanimously condemn the use of elms. They say they are too tall and wide-spreading, and too brittle, breaking in every high wind to the danger of all within the reach of their flying debris. The Chinese elm is the one exception; this is a compact and beautiful tree, quite suitable for the small place, but many nurserymen sell *Ulmus pumila* which is not as desirable as *Ulmus parvifolia*, the true Chinese elm.

Maples are frowned upon, too, but I still think silver maple is a beautiful and useful tree, especially for curb planting. The red maple, I can testify from sad experience, is not your tree if you want a lawn. We watched a sapling grow in 20 years, to a huge giant that filled all the area around it with great masses of fine roots, so that not a blade of grass could grow, and it even wrapped itself around the water pipes and twisted them apart.

Of the oaks, only the pin oak is suitable for the small place. It is slow-growing and compact, with interesting deeply lobed leaves that turn a lovely red in the fall and often remain on the tree all winter, turning to pure gold every night at sunset.

Birches, which are native to Plainview, are the most picturesque of trees, especially the gray birch, which usually grows in clumps. They have been attacked for the past few years by a leaf miner which skeletonizes the leaves. The trees seem to recover and put out new leaves, but it weakens them, and so they should be sprayed with lindane whenever the tiny black flies are in evidence.

Sassafras is another native tree that is not appreciated because it is so common. It makes a good, small shade tree with very green bark and three types of leaves, having 1, 2 or 3 lobes.

Hardwood Plywood a 'Must' in Hi-Fi

One of the two invaluable aids of hardwood plywood in hi-fi sets is made quite obvious in this glamorous custom installation—the furniture-like quality of the material. To fit the hi-fi into the home, hardwoods such as are used in making 85 per cent of all wood furniture are top choice, in line with the dominant feeling that the set should look good as well as sound good. The other aid of hardwood plywood lies in the material's unusual rigidity, which minimizes vibration, thereby aiding sound reproduction. This is especially important in the baffles of speakers and the sound chamber itself. The set shown is made of mahogany plywood. It contains the TV set, tape recorder and storage for books and records as well as the hi-fi components. Hi-fi installations range from a swank "entertainment wall" such as this down to a TV-sized cabinet.

Smash Hit Sold Out Twice

(Continued from page 5)

"Happiness is a Thing Called Joe" and then did a turnabout with the brassy numbers "I'm Available" and "Talk To Him". All three were show stoppers.

Mr. Nye was strength throughout and Mary Woods the right degree of humor as the mother of the boy on his way up.

But the many other performers added to the fullness of the revenue. Richard Metzlar, Steve Goldsmith and Hal Frischman sang a fine trio.

John Hiosford sang a solo, Diamond King almost tore down the house with "Ho and Dog" and Sal Mure with "Blanche" matched it. Hette Goldman danced an old soft shoe.

Standing on the corner were Mike Fuchs, Richard Dixon, Leo Kawawada, Susan Marcus belted out a full throated Theatre Medley. Karyl Schaffer played an accordian solo, Marilyn Wencers sang "Autumn in New York".

Other solos were sung by Joan Gabriel, Phoebe Oliver, Pauline Grammet and Priscilla Todesco. A modern ballet was danced by Sue Davidson and a ball room dance was performed by Alice Siller and Mike Campanelli.

Penny Masek did magic with a lighted baton, Thomas Salvador had a Clarinet Solo and Joan and Kathleen Gabriel teamed with Jackie La Salle in a trio. All contributed mightily to the show.

Faculty direction was done by Mrs. K. Fletcher on stage, J. Bell-erhanded the Music Direction and

the Art Director was D. Holmes.

Even if this show is not repeated, the Variety Club will be performing again this year. Principal Leon Galloway has announced that "Christmas Carol" will be presented in December. The Senior Play for March will be "You Can't Take It With You," in May the Glee Club will highlight "Oklahoma" and in June the Variety Club will present "The Devil and Daniel Webster."

Judging by the smash hit in the fall advance ticket buying might be in order

State To Start Clearing Expressway Next Year

EXPRESSWAY from Wantagh to Oyster Bay, thru Bethpage, is indicated on this State map with the heavy up and down broken line.

The demolition removal of houses from the path of the North-South Expressway, which slices thru the center of Plainville, is expected to get underway next year with actual construction of the highway anticipated in 1958, it was learned by the MID-ISLAND HERALD this week.

The route of the expressway has been defined and maps have been filed. About 400 homes are in the route of the north-south highway which runs from Wantagh to Oyster Bay.

A spokesman for the State Dept.

of Public Works at Babylon told the HERALD that some "hardship" cases have been negotiated. These included instances of where homeowners are required by strong, personal reasons to sell their homes and have found no public market for such sale because it is known the dwellings are scheduled to be removed since they lie in the expressway path.

Persons in this position are advised to get in touch with the Public Works Dept at its office in Babylon.

Dedicate New Medical Centre Here

HICKSVILLE -- Ceremonies marking the formal opening of the 32nd medical group to be affiliated with the Health Insurance Plan of Greater New York (H.I.P.) were held Sunday afternoon at the new \$650,000 medical center of the East Nassau Medical Group at 350 South Broadway, here.

The new unit is the second medical group to be organized in Nassau County to serve some 30,000 H.I.P. subscribers in Nassau and western Suffolk. The other Nassau medical group affiliated with H.I.P. has been functioning for five years and is completing a new medical center in Hempstead.

The East Nassau Medical Group has been organized to provide family doctor and specialist care to H.I.P. subscribers on Long Island. Dr. George Baehr, president and medical director of the plan, declared, "The medical center we are opening today has

been especially designed and equipped to enable H.I.P. subscribers to enjoy the fullest benefits of modern teamwork medicine. We feel that it represents an important addition to the health services and facilities presently available on Long Island. It is H.I.P.'s intention to continue to expand its services to keep pace with increasing enrollment."

Other speakers were Patrick Buffalino, president of the Chamber of Commerce; Robert MacGregor, president of the Nassau-Suffolk Central Trades and Labor Council; Emil Lindahl, president of the Nassau-Suffolk CIO Council; Assemblyman Francis P. McCloskey, and Dr. Peter S. Tollins, medical director of the East Nassau Group.

The new structure is L-shaped,

air-conditioned and contains 20,000 square feet of floor space divided into 84 rooms on two levels. There are seven glass-enclosed waiting areas which are shielded from the street and parking lot but which open on eight landscaped courts.

The center's diagnostic facilities can serve up to 25,000 persons. Complete physical therapy equipment, X-ray units, a laboratory and meeting rooms for scientific sessions and health education meetings with subscribers are among the features of the new center. Parking space for 130 cars is provided on a three-acre landscaped plot.

The pediatrics department has a private wing with glass-enclosed waiting room opening on a play court containing modern concrete play sculpture.

Artillery's. Noted 'Caisson Song' Now Voices Pride of All Army

WASHINGTON, D.C. -- "This song belongs to the United States Army," said Secretary of the Army Wilbur M. Brucker at the initial broadcast on Veterans Day of the Army's official song "The Army Goes Rolling Along."

But during almost a decade of search, the Army hadn't realized that it had the tune all along. The forthright melody, infectious rhythm, and rollickingly courageous theme of the "Caisson Song," although familiar as folklore to every American, had been sacrosanct to the field artillery for a half century.

In the Army's arduous quest for a musical trademark, it held two contests which resulted in hundreds of entries by amateur and professional tunesmiths. Nothing proved to have that indefinable spark without which no song can long endure, no matter how strenuously it may be promoted—nothing except a song written in the Philippines in 1908 by the late Brigadier General E. L. Gruber, then a lieutenant of artillery.

The occasion was the arrival of the First Battalion of the Fifth Field Artillery to relieve the Second. This momentary reunion of the two units of the family called for a noteworthy celebration.

"Shitz" Gruber had contributed music to shows at the United States Military Academy as a cadet, so he got the nod. Thus the durable "Caisson Song" was born, with an assist in the lyrics from a couple of cronies, out of an experience of Gruber's of the year previous.

During a difficult march across the Zambales Mountains the young officer had led a small advance detachment. As he stood on

top of a hill, trying through the murkiness to spot the main body of the approaching battalion, he heard the voice of a section chief call out to his drivers, "Come on! Keep 'em rolling!"

It is this spirit of "keeping them rolling" which has been retained in the new lyrics as symbolic of the Army, even though the caisson of the original inspiration has passed from the military scene.

When its contests resulted in worthy efforts which somehow failed to click with soldiers or public, the Army turned to its own small body of specialized songs. The major commanders were polled, and were quick to vote overwhelmingly for the artillery's "Caisson Song."

Soldiers everywhere were solicited shortly thereafter through the same major commanders for lyrical contributions. More than 140 sets resulted. These ranged from simple, one-verse efforts, to a magnificent 80-verse ballad in which every campaign in the Army's long history was recounted in meticulous meter.

A screening committee culled the most vivid, apt phrases and couplets from this wealth of material. Dr. H. W. Arberg, Soldier Music Advisor, Special Services Division, The Adjutant General's Office, composed a new musical verse and interlude and molded the selected phrases into the final version, which is being published in all media by Broadcast Music, Inc.

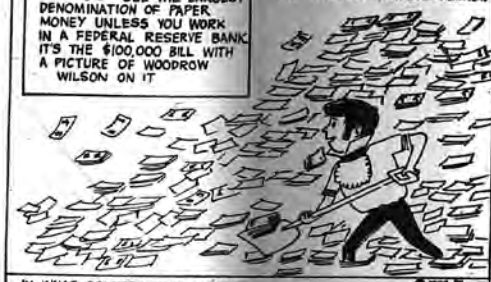

And so after more than 181 years, the Army has an official song which lends itself as well to solemn choral presentation as to the fast pace of marching feet.

Speaking of Money

YOU'LL NEVER SEE THE LARGEST DENOMINATION OF PAPER MONEY UNLESS YOU WORK IN A FEDERAL RESERVE BANK. IT'S THE \$100,000 BILL WITH A PICTURE OF WOODROW WILSON ON IT.

DID YOU KNOW THAT IN 1899 JOHN THORNE PUT \$5 IN A NEW YORK SAVINGS BANK? HE LEFT THE MONEY UNTOUCHED. 60 YEARS HIS HEIRS' INTEREST WAS ADDED AND TODAY THE FAMOUS THORNE ACCOUNT IS WORTHY OVER \$5000 FROM THE INTEREST-DIVIDEND ALONE!!

IN WHAT COUNTRY WOULD YOU BE IF YOU PAID FOR THINGS WITH A KYAT?

SECOND IN A SERIES:

RAG PICKERS IN THE END ZONE

By Howard Finnegan

Never in all his coaching experience did Lou Millevolte put the minutes of a halftime to better use than he did that demanding afternoon in 1942.

For when his team trotted back on the field they had been shown how to contain the complex Westbury pass patterns and they were determined to overtake the 21-0 deficit that everyone thought brought an end to the hopes for an undefeated season.

On the third play, William Mayer broke over tackle, and behind superb blocking, raced 63 yards for a score. Charlie Van Wickler dropped kick the extra point.

It was not a consolation gesture. Soon after Ed Coleman and George Karmen went the hard bruising way for 69 yards in 11 plays and it was 13-21.

Van Wickler calmly stepped back and summoned a mighty roar from the Hicksville stands with a clean split of the uprights. In the din the scoreboard moved to 14-21.

Cosch Tom Fitzgerald was maddening on the West sideline and the Green Wave became more defiant. However, Karmen battered down two long TD bound passes to preserve the pressure.

It turned to the fourth quarter, John Uss threw a surprise 20 yard pass to Mayer. Coleman blazed over tackle for 17 and a first on the 15. Van Wickler kept for two and then sent Coleman around left end for 9.

Every yard was fiercely begrudged but it is a physical fact that on fourth down Coleman carried three clinging Westbury players into the endzone with him. It all hung on the extra point.

Van Wickler's third drop kick took an eternity. It was not artistic but it was successful! It just grazed over the crossbar and it took the officials ten minutes before order could be restored and the contest allowed to continue.

The game ended with Coleman trying to change the 21-21 scoreboard reading with a 33-yard pitch to Monty Cheslock.

It is an oddity but by reason of its heavier caliber schedule Mephram was favored over Hicksville the next week. However, the Comet defense came of age against the high scoring Bucs and a 44-yard aerial--Coleman to Cheslock---and a two yard plunge by Bob Genova won the issue 14-0.

Farmingdale, which in its distinguished grid history had lost an undefeated season four different times at the hands of the Orange and Black on the final day of the season was dedicated in the season wrap up.

But dedication was not enough to sidetrack Millevolte's chargers. The impressive Mayer spun off 82-yards in the first period and Uss passed to St ickles in the second to make it 12-0. Guard Steve Gurtore in to tackle Scott Newell behind the goal for a safety.

A second half pass, Van Wickler to Ray Halleran, put the ball on the 2 and Coleman snapped over for the 20-0 windup.

After 17 years in the pigskin business Hicksville celebrated its first undefeated season with a record of 4 wins and three hair-splitting ties.

Millevolte was not ashamed to say he had a good team in the beginning of 1943. It developed into a banner year but in it came the one great disappointment that can never quite be forgotten.

Along with Coleman, Millevolte had a veteran set of backs in George Thomas, Karmen and

Mike Pastore, Bob Ambrom and Mike Greggo were seasoned in the line. Emie Naso, Sid Rigby, Walt Blessee, Halteran Cheslock, Mel Vooberies and Charlie Lieb won the other starting assignments and although it was a major shift of personnel from '42 Millevolte was confident it would click.

The opener was a field day as South Side was beaten 50-0. Millevolte tried to restrain the scoring but the till rang often against Port Washington. The Blue bowed 40-0.

The offense was versatile and electric and Roslyn could not stop it. The breeze was 33-0.

The press of the day was ready to accord the Orange the County laurels if it could get past giant killer Westbury.

Freeport had already been beaten 7-9, which was the only blot on the South Shore champion Red Devils that season, by the Green Wave. It was the acid test.

On a slate grey afternoon the two teams waged a furious battle. Coleman ripped off 175 yards rushing and Hicksville reached the Wave ten five times but always (Continued on Page 16)

3 Teams in Tie For 2nd Place

HICKSVILLE - After the previous week's excellent showing, the men of the Holy Family CYO Bowling League evidently felt that they had earned a rest, for they recorded but one 200 game, and three 500 series, Friday night at the Market Alleys, here.

All credit should accordingly be given to Joe Wingenbach, Bud Smith, and Nick Kleiner, for their series of 528, 518, and 512, respectively, and to Clint Allen for his even 200 game.

Apparently the closeness of the race made it's pressure felt.

since three teams are now tied for Second Place, and three for Third, with the remaining teams so close that the standings change weekly.

RAG PICKERS IN THE END ZONE

(Continued from Page 15)

Westbury braced, in the line the struggle became a chopped meat issue. Hicksville lost Rigby, Naso, Thomas, Cheslock and Ambrom.

Coming down to the last five minutes it looked like a violent but respectable draw. Then Pastore made a tragic mistake. Fumbling on the twenty-five he tried to recoupe the lost yardage but his desperate backward search for an opening trapped him on the two. Hicksville punted out to the 29 but Ray Junk sparked Westbury and the Wave came on relentlessly. Junk finally sliced over from the one and booted the extra point.

The Orange had one last chance when Thomas had an interception in his grasp. But with a wide open field and the will to run like a man redeemed he bobbled the ball and ten heartbreaking yards down field it dropped to the turf.

Three minutes later it started to rain as Westbury left the field a 7-0 victor.

Hicksville's stature took a savage biting attack in the press that next week and powerful Mepharm was regarded as a decided favorite to mop up in the over whelming Orange disappointment.

Millevoite was hard pressed what with five regulars out but he was prepared. He put a youngster named Fred Eiseman in the backfield and plugged the loopholes.

In a sea of mud the Bucs and the Orange battled three scoreless quarters. With three minutes left Coleman lofted the soggy plakin

43 yards to Halleran and a score. The decision became irrevocable when Coleman intercepted and romped 30 two plays after the kickoff.

The 12-0 win soared Hicksville's stock and prestige and was the number one proud and vindicating victory that is fondly remembered by those of the Millevoite era.

On its way to a third undefeated season, Suffolk County champ Bay Shore barely defeated Farmingdale in the season opener but the Dales came on to compile a record of six straight wins.

They were proud and hopeful when they came to Hicksville but once again they were rejected.

Hicksville achieved an impressive 39-6 win.

In a really rough battle at Lynbrook Coleman scored on 30 yard and a 59 yard runs in the first quarter. Late in the second he came out of a pile up with a broken wrist and left the game. Millevoite promptly inserted 5 foot 4 inch, 116-lb Frank LaMarca in the tailback post and the aroused Orange went on to rip off the yardage and win 26-12.

For Hicksville and Millevoite it meant 10 wins, 1 loss and 3 ties in two seasons. 1944 loomed as a lean year for the Orange.

Third article in this series will appear in the Herald next week.
