Yule Mailing Reaches New Peak Full Week Ahead

HICKSVILLE--A full week ahead of time, the Post Office on North Broadway has achieved a new peak of 235,000 first class mail cancellations, almost double the record of last year which was hit just double the record of last year which was hit just prior to Christmas, according to Postmaster Harry Cotter. The new peak in pieces of mail sent out of this office for local and distant delivery was reached on Monday of this week. Last Christmas the peak for a single day was 130,000 cancellations.

These records are without the 35,000 cancellations run thru Plainview branch office, Cotter said. The volume of incoming mail and parcels has also leaped this year, he added, with a staff of 200 special assistants working to handle the load. All mail received at the office up to 1:30 AM Tuesday was sorted and delivered here on Tuesday, the Postmaster added. He said delivery of incoming mail was less than 8 hours behind arrival at the office.

Curbside "snorkel" mail boxes have been located on both sides of North Bway in front of the post office permitting drop of letters without leaving automobiles.

Short Day for Many, Monday

Many public offices and private business concerns will close on Mondays, Dec. 24 and Dec. 31. Hicksville Water District Office on Bethpage Rd. will close both Mondays at 12 noon. Oyster Bay Town Hall and the Annex at 32 Bway, Hicksville, will follow the Federal policy and close although employees will be on duty to handle emergency problems. The Hicksville Post Office will be open for window service, Monday, until 6 pm.

The LIRR is shifting its commuter operation to the middle of the day, both Mondays, to handle home-going employees after a survey of 400 of the largest firms in the city indicated that 40 percent will not even open Monday, Dec. 24, and about half of the balance will let employees off between 12 noon and 2 PM. The RR is adding 19 extra eastbound trains to its eastbound schedule for mid-day.

Rotary Awards Gifts at Tree

HICKSVILLE - This Sunday, Dec. 23, is "Gift Day" here, when at 3 PM free awards will be made to the holders of lucky coupons. This program, presented by the Rotary Club, in cooperation with the Chamber of Commerce and the Kiwanis Club, is sponsored by many local business firms.

The gifts will be awarded in front of the Rotary Club Christmas Tree in the RR Parking Field, which has been the scene of Carol singing all this week.

This is the second annual Community Christmas Program presented by the Rotarians and the 44 cooperating merchants have been distributing the Lucky Coupons to the shoppers since last week. Dr. James Gores is in charge of the Rotary Committee.

LI National Host to Children

HICKSVILLE--The Long Island National Bank will again play host to the children of the community at the Theatre on E. Marie St. this Saturday morning, Dec. 22, according to William E. Koutensky, president. Doors of the theatre will open at 9:30 AM with the show starting at 10 to include musical stage entertainment, cartoons, feature Western, appearance of Santa Claus and distribution of free gifts. SCHOOL BOARD REACTS

QUIZ PLAZA OWNERS ON CONTINUOUS FENCE

HICKSVILLE -- The Board of Education this week publicly questioned whether Mid Island Shopping Plaza, as represented by Leonard L. Frank and Walter G. Stackler, has been "open and above board" in negotiations with the School District for the use of school property for an access road. Following receipt of a letter at Friday night's Board meeting from Town Attorney Michael J. Sullivan to Trustee Joseph F. Cawley, which indicated that as far back as Sept 6 the Plaza owners were ordered to close York, Prose and Windsor Sts., a special School Board session was held last Monday night and School Attorney Harry H. Goebel was ordered to write to Stackler and Frank.

Two actions were taken by the School Board, Monday night. One motion, unanimously adopted, directed the closing of the right of way built from the Plaza to W. John St. over a portion of school property unless evidence of insurance protection, as provided in the agreement, was produced by today. Six board members were present with Miss Mabel Farley out of town.

Goebel said yesterday that proof of insurance was presented to him by the Plaza owners and therefore the right of way will remain open.

The second action, also unanimously approved, directed Goebel to write Stackler and Frank and call their attention to Town Attorney Sullivan's letter of Dec. 12 (text which is given in another article in this issue).

"The (School) Board at this time is naturally curious", Goebel wrote, "as part of its overriding concern as to:

Sullivan Says Town Ordered Closing of Streets on Sept. 6

HICKSVILLE -- The fencing of the Mid Island Shopping Plaza on three sides, leaving only the eastern or Broadway side open for entrance and departure of thousands of automobiles daily appeared likely today while relations between the Town of Oyster Bay and some members of the Board of Education became strained.

THIS SUNDAY MORNING scene in North West Hicksville was enacted at Gardner and Georgia Sts. where a 1956 Ford and a tow truck collided, last Sunday. Last month another Sunday morning collision resulted in the death of a passenger. In the above picture, William Reid, 18, of 204 Spindle Rd., Hicksville, who was a passenger in the car driven by Wilfred Darkin, 31, of Santa Monica, Calif., was also tossed from the car. Reid was taken to Meadowbrook Hospital in a serious condition suffering face and head in-

juries and possible rib fractures. The private car was occupied by J.J. Newberry employees on the way to Mid Island Plaza, going east on Georgia St. The tow truck, driven by Joseph Virgilio, 22 and owned by Frank Mucci, both Westbury, was headed south on Gardner. The victim was treated at the scene by Dr. William Sausner and removed in the police ambulance. Force of crash threw Reid out of right side of car. (Exclusive Herald photo by Gus Hansen).

Scout Party Proves Success

HICKSVILLE - Sixty Scouts of Troop 91 participated in the annual Christmas party at St. Ignatius School. Tremendous quantities of cocoa, cookies and frankfurters were consumed as all enjoyed an excellent repast. Scoutmaster Mike Fasullo handled the cocoa detail, as usual, and the "franks" were tenderly handled by Committee men Mruz and Flynn.

A grab bag, of course, with only the most valuable and costly items, was quickly emptied as the

Scouts sought their prizes.

The troop sends a great big thank you to Mrs. Fasullo and the Women's Auxiliary for arranging such a splendid party with all the "goodies."

Mr. Stone, who has been acquiring the Scouts with the pros and cons of Chess playing, will again resume after the first of the year.

The Troop wishes all a very Merry Christmas and a Happy New Year.

About the same time he will be making his traditional rounds of Twinlawn Ave. with an assistant working on Sunset, Miller and Hicksville Circles. This evening, Dec. 20, there will be a party for children of the First Baptist Church Sunday School in Hicksville. Mrs. ELEANOR WILLIAMS, Sunday school superintendent, is in charge aided by the other children. Santa was at Fork Lane School on Saturday afternoon, sponsored by Newbridge Terrace Home Owners Assoc. Northwest and North East Civic Assoc. of Hicksville will be holding parties for children of members this Saturday afternoon. One at Burns Ave. and the other at Woodland Ave. Schools. Christmas decorating contests are scheduled in Newbridge Terrace Homes and North West area of Hicksville. Of course the big traditional party, free of all the youngsters, takes place this Saturday morning at the Hicksville Theatre sponsored by LONG ISLAND NATIONAL BANK. Doors open at 9:30 A.M., announces Bank President WILLIAM KOUTENSKY. Hicksville on the death of his brother JOHN R. BUCKHOLZ of Maspeth.

Effective with the first of the New Year, Hicksville School Board meetings will be switched to MONDAY nights. Bid openings will hereafter take place at Board meetings. Change of meeting night was proposed by ELWOOD KENT and approved 5 to 2 with EMIL SZENDY and ALLEN CARPENTER registering their reasons for opposing the change in mid-year. In this holiday season you may be unintentionally helping those political leaders behind the Iron Country by not insisting upon knowing where toys are manufactured. Our nation has spent millions to fight communists, hundreds of thousands were killed and maimed in Korea for the same cause and yet far too many Americans invest their dollars in goods from Poland, Czechoslovakia and other Iron Countries. Have you seen the fine tableau in front of St. Ignatius Church? For the 8th year, Hicksville Kiwanis is host to 105 residents of Jones Institute this week under the leadership of FRANK CILUMSKY. Miss GLADYS JENKINS, high school teacher, is again assisting with preparation of gifts and tree decoration. HENRY G. EISEMANN, chairman for the dinner-dance on Jan. 24 honoring MABEL R. FARLEY, was present at Hicksville Kiwanis last week as the guest of DR. CHARLES MASEK. He spoke about the forthcoming affair in the new Grand Ballroom of Garden City Hotel. Seating for tables of 10 are now being made, so don't delay and be disappointed.

BILL DANDA of Fred's Inn in cooperation with the PBC was again host to 80 orphaned boys for a breakfast and Christmas party, Monday morning. Full picture coverage of the gala affair will appear in next week's Herald.

See the midnight oil burning nightly in the NORTH basement. Guess Santa's helper, that little old elf, is getting the trains ready for the old gent's arrival. Cub Pack 91 will hold its regular monthly meeting on Friday evening, at the St. Ignatius School Cafeteria, when the regular Christmas party will take place for cubs and their guests. Get well wishes to Mrs. JOSEPH HEIM of Twinlawn Ave, Hicksville who has been quite ill the past few weeks. Friends and neighbors wish her a speedy recovery. Mrs. HAZELLE MACPHERSON was hostess at a super Christmas party at Henningsen's Saturday evening, for her employees at MacPherson Chevrolet, First St., Hicksville. Ladies Auxiliary of the Hicksville Fire Dept. held its annual Christmas Party at Corte's, Bethpage, on Tuesday evening. Installation of officers for the new year also took place. Mrs. PEG HUTTLE was installed as president. We apologize for omitting her new title in our report last week.

JERSEY JOYCE back in Hicksville, Saturday, collecting buttons and seeing the dentist. ROBERT BIRK, son of Mr. and Mrs. FRED BIRK of Elmira St., Hicksville, surprised his parents last week by arriving back in the States before the date he had told them he would be here. He flew in from Japan where he has been stationed the past few years and is now at Fort Dix, N.J., where he will be discharged from in the near future. It was good to see that old familiar face again. Girls, are you ever in need of alterations for your dresses, coats, etc? Visit the Woodbury Dress Shop at 106 Woodbury Rd., Hicksville. They are noted for their expert workmanship. Have noticed all the houses decorated early this year. First on Twinlawn Ave. was the home of the PETER CZECHIL which is outlined with Christmas lights. There are several on Miller Road that are really snazzy.

Powell Ave P-TA Meets Jan 3

BE THPAGE-Mrs. Thomas F. Foy, President of Powell Ave. PTA, has announced the replacement, due to physical incapacity, of Mrs. John Meehan, Newsletter editor, with Miss Wanda Grygiel who has already taken over the responsibilities of the Chairmanship, and is now deep in the preparation of the January issue.

Members of PTA are asked to bring to the Jan. 3 meeting any material they may have at home which they feel might be of value to some other parent in the rearing of children. Starting in January Mrs. John Griffin and Mrs. Grover Cordis, Parent Education Chairman, will inaugurate an exchange parent-education book shelf to be operated much as a library, with a card system of leaders and borrowers, so that all may share in the wealth of material designed to help parents.

"REALLY opened her up this time, didn't you?"

Keep Yule Tree Safe

There are a few simple precautions which you can take to make your Christmas tree fire-resistant. Buy your tree freshly cut and stand it in a pail of water. Make a new cut so that you will have a fresh surface. Be sure the water comes well up on the trunk.

It's safest to keep the tree in water from the time you buy it until you are ready for it. Then, when you set up the tree, place it in water or in a container of wet sand. Keep the sand wet as long as the tree is in the house.

Now, you won't bring in any danger of fire, when you bring home the yule-tide tree.

Ordered Streets Closed Sept 6

(continued from page one)

The fencing would seal off permanently York, Prose and Windsor Streets.

Since July Board Trustee Robert D. P. Eaton has been seeking to get a commitment from Supervisor Lewis N. Waters on the closing of the three streets in particular. He told the Herald Sunday night that to date he had received no written notification that the streets could or would be closed.

However, Board member Joseph F. Cawley at the Board of Education meeting Friday night read into the record a letter he received personally from Town Attorney Michael J. Sullivan that the attorney and Supervisor Waters had met. Waters had met with Walter Stackler and Henry Frank, builders and owners of Mid Island Plaza and their attorney as far back as Sept. 6. According to Sullivan's letter, based upon the restrictive covenant requiring a continuous fence, closing of the three streets was directed at that Sept. 6 conference.

And yet, on Sept. 28 Stackler met with the Board of Education and made no mention of the Sept. 6 meeting and order of the town officials on the fence requirement.

He reluctantly consented to temporarily barricade the three streets in question if the School Board would allow use of a portion of Burns Ave School property, pending a final verdict at a referendum, for a new entrance to the Plaza from John St in the south west corner.

First public mention of the three-year-old restrictive covenant came early in November when it was cited by Burns Ave P-TA in its steady efforts to get the three streets closed for the safety of children attending Burns Ave School.

The P-TA called the attention of Supervisor Waters to the covenant which had been agreed to by Stackler and Frank and filed in the County Clerk's office on Oct. 7, 1953, as a condition of obtaining the zone change for the business centre. Under the declaration it was pledged to erect "a continuous" six-foot fence on the north, west and south boundaries of the land.

School Attorney Harry Goebel, in preparing an agreement between Stackler & Frank and the Board of Education on the use of a section of school property pending a referendum, also came across the restrictive covenant clause.

The original agreement between Mid-Island Plaza and the School Board ran out the end of November and has since been extended to Jan. 15.

Trustee Cawley got an overnight reply on Dec. 12 from Town Attorney Sullivan whose letter follows: "In reply to your letter of Dec. 11 please be advised that a restrictive covenant does exist requiring a continuous fence at the Mid Island Plaza. You are specifically interested in the effect of such fence on York, Prose and Windsor Sts. It is definitely my opinion that since those three streets were in existence, dead ending at the plaza property, at the time the restriction was imposed, it must have been foreseen that the effect of the continuous fence requirement would be to close those streets as entrances or exits from the Mid Island Plaza.

"In accordance with this opinion, Supervisor Waters and I had a conference with Mr. Stackler, Mrs. Frank and their

attorney on Thursday, Sept. 6, and at that time directed closing of said streets.

"Until now we have permitted the temporary barriers. This temporary type of closing was permitted since the owners of the place were of the opinion that after a trial period the residents in the vicinity of Burns Ave would ask that the streets be opened to give them more convenience access to the shopping centre.

"Since no such request has developed over a two-month period, we are now directing that the actual permanent fence be continued across York, Prose and Windsor Sts. I have discussed this matter this morning with the attorney for Stackler & Frank, and he has agreed to give the immediate direction on completing the fence.

"I am sure that you can see from the above that the town's position is that the restrictive covenant requires the fencing of the entire westerly line of the plaza. This requirement will be enforced as long as the restriction remains unchanged, and the restriction cannot be amended without a public hearing. If such public hearing were to be requested by the owners of the Mid Island Plaza, actual written notice of such hearing would have to be given to the school district, as owners of immediately adjacent property.

"I trust that this sufficiently clarifies the town's intention with regard to the streets with which the school district has been concerned."

Sept. 6).

2. If given, why you did not close the streets prior to the execution of the agreement of Oct. 12, 1956, establishing the right of way over district property.

3. Why, during your various meetings with representatives of the Board, including the meeting in Sept. with the whole Board attended by Mr. Stackler, neither you nor your attorney made mention of the direction to close the respective streets, and as such direction is referred to in the letter of Mr. Sullivan.

WITHHOLDING FACTS?

"You must appreciate the fact," Goebel continued, "that it is mandatory for the Board of Education to know whether there was any withholding on your part of information concerning to vital a matter as the existence of a direction to close the streets which was the very subject of the present temporary agreement."

"The reason it is mandatory for the Board to know the foregoing fact as well as any other fact here referred to, is that by knowledge of the same, its respective members may be in a position to vote on the adoption of any proposed referendum, and to recommend the adoption by the District voters of a referendum, which

accepts the transfer of any District property.

"If direction to close the named streets, was given to you, and information concerning such direction was withheld by you from the Board, it necessarily affects the revaluation of the entire situation by the members of the Board. This is a fact, regardless of any failure, omission, neglect or refusal on the part of the Town Board, or its representatives, to have apprised the Board of Education of the Town's direction to close the named streets, indicated to have been given to you, and to have apprised the Board of the basis upon which such direction was predicated."

The letter also asks whether the "continuous fence" is going to be placed on the north and south boundaries of the Plaza as well as across the west end as the Town has ordered.

The special board meeting, Monday night, was called at the request of Trustees Arthur L. Elrich, Robert D. P. Eaton and Elwood S. Kent Sr. Also present were Trustees Emil J. Szendy, Cawley and Allen S. Carpenter.

It was indicated in discussion that the real value of the school property crossed by the right of way, in view of the "continuous fence" order, has probably increased 100-fold.

The building will serve as a place of worship, a religious

school, and a community center and, which can as a larger structure can be erected. It will always remain, however, as part of the Temple.

Holiday Tragedies

One of the most frightening things in our world today is the ever-increasing number of deaths caused by accidents on the highways, in our homes and places of business.

Before you rush reading these few paragraphs another person will have died violently, needlessly, somewhere in the United States. It may be in a transportation accident, a fall, a fire. . . . It may be at home at work, or at play. . . . mangled, crushed, poisoned, burned.

Frightening as this is, it is much less frightening than ignorance. We know how to prevent those auto accidents, those falls, those fires. We recognize our social responsibility. Our government, our voluntary agencies, our private business enterprises spend millions of dollars every year in safety education, fire and accident prevention.

And where fire prevention is concerned, we find that encouraging progress is being made. The capital stock fire insurance business, for instance, like the transportation industry, has developed highly important safety education programs.

Of these, one of the most outstanding deals with Christmas fire hazards and the ways and means of correcting them.

Key to Fence Questions

MAJOR POINTS involved in the current discussions between Stackler and Frank, owners of Mid Island Plaza, the Township and the Hicksville Board of Education are indicated on this sketch. "A" indicates access exit-entrance streets for the parking area built by Stackler & Frank. "X" locates the three "dead-ended" streets - Prose, York and Windsor, which Town officials have ordered "permanently closed". No. 1 marks property Stackler & Frank are willing to transfer to the School District, in exchange for No. 2 which is owned by the District

subject to a referendum. Area is now fenced on north, west and south with exception of openings indicated. The School Board, thru its Attorney Harry Goebel, wants to know when the "continuous fence" is going to be completed which would apparently force all traffic to move in and out thru Broadway. Traffic signal lights were installed this week at Broadway entrances. (Herald staff sketch)

Garbage Service Costs Drop Under Town Plan

OYSTER BAY -- Supervisor Lewis N. Waters today said the Town Board has received a 6-month 'Report of Operations' from Sanitation Superintendent Chandler Henn, showing that reductions in the cost of municipal garbage collection have been effected in all areas where municipal collection has been in operation for at least 6 months.

The Town Board decided on the establishment of a municipally-operated garbage collection system Jan. 1 of this year after studies of a 6-month pilot project in Locust Valley revealed that municipal operation could prevent ballooning of collection costs and provide homeowners with "an efficient, sanitary and orderly system for the removal of garbage."

According to Henn's report, major factors contributing to the reduction of collection costs are: (1) the use of 20-yard capacity truck bodies which reduce the number of daily round trips to the incineration plant, thereby enabling the Sanitation Dept. to serve a greater number of homes with less units; (2) maximum utilization of sanitation equipment is gained through proper scheduling, routing and dispatching of trucks.

Beginning Jan. 1, 1957 more than 13,350 people will benefit by the reduction in collection costs. Garbage districts where lower collection rate will take effect include: Locust Valley, South Farmingdale Extensions 1 and 2, Syosset Districts 2, 3, 4, 5 and 6, Hicksville Extensions 5, 6 and 7, and the Plainview garbage district. Henn's report also pointed out that under private collection the Town received an average of 100 calls daily from residents complaining of the failure of private collectors to pick up garbage and refuse.

Fewer Complaints

"Municipal garbage collection has reduced these complaints to two or three a week which are promptly and satisfactorily handled

by Town employees," Henn said. At the present time, Town-owned trucks, manned by Town employees are picking up garbage and refuse from more than 24,000 homes.

Future plans call for continued expansion of municipal garbage collection to other areas in the Township as present contracts with private collectors expire.

Legionnaires' Log

by Artie Rutz

Santa will officially open the Christmas Holiday Season at the Charles Wagner Post #421 this Sunday afternoon, Dec. 23, between 2 and 4 P.M. There will be gifts and games and of course the refreshments suitable to this Christmas occasion. Refreshments for the adults will also be available. And then there will be the most gorgeous tree, gaily decorated and wonderfully lighted, ever to grace the confines of Legion Hall.

The Hall itself has been decorated for the Holidays and will serve as a perfect backdrop for Santa to hand out the gifts to the kiddies. The Christmas Party Committee headed by 3rd vice Commander Edwin Hodkinson and aided by Bob Hasel, Artie Rutz, Gunner Barnett, Mike Palladino and Bob Sutton have all worked very hard to make this party enjoyable for both children and parents and friends alike.

DEDICATED TO THE CHILDREN'S PARTY 1956

Do you know that Santa Claus is due around To bring joy to the kids of the town, His weight may be many a pound, But his wondrous smile can banish a frown, To this we agree as being fine and true, And it has been said over many a time - About the Gent from the Polar region, That Santa's friends are LEGION - Beneath the scarlet and white we're told, He wears the uniform of blue and gold.

If you haven't as yet bought your Christmas Tree you might give Ed Hodkinson on the Legion grounds a try as a percentage goes to the Post on all trees he sells, so give him your business and help the Post and a fellow member at the same time.

There will be no formal New Year's Eve Party at the Post this year but there WILL be a chip-in party held and if you are interested please get in touch with Bob Beard at once for arrangements.

The Shuffleboard team of Gunner Barnett and Jim Anneman beat a color guard duo of Bob Hasel and Artie Rutz at the last meeting by a score of 21-10, sheer luck, don't you think?

I wish everyone a very MERRY CHRISTMAS and to all a good night.

Magic In Holiday Fire

Would you like to add to the magic of Christmas in your home? Children will watch with large bright eyes when they see colored flames in the fireplace. You can bring this about as easily as Santa Claus--just treat pine cones or softwood logs with chemicals which will produce colors in the fire.

Here are the chemicals which can be used safely and without too much expense: strontium chloride for RED flames; barium chloride for GREEN; copper sulphate for BLUE-GREEN; Lithium chloride for PURPLE; calcium chloride for ORANGE; and sodium chloride or pure salt for YELLOW flames. Take great care with copper sulphate because it is poisonous. All of these chemicals can be bought in commercial forms at drug stores and fertilizer dealers. Only one chemical should be used to each batch of cones or logs.

Try this recipe for holiday magic! Put 1 gallon of cold water in a wooden tub or a large crock (never use a metal container). Add 1 pound of the chemical to the water--ALWAYS add the chemical to the water, stir well until all of the chemical is entirely dissolved and be careful to keep your hands out of the solution. Be sure you do all the mixing away from fire or open flames.

Now add enough cones to absorb the mixture; stir them gently and turn them over with a stick; let them soak about 15 to 30 minutes or until all the mixture is absorbed. Remove them gently with a long-handled fork and lay them out on paper to dry thoroughly.

Girl Scouts Busy For Holiday

HICKSVILLE--Jericho Girl Scouts are very busy this holiday season rehearsing and preparing for their contribution to the warmth and cheer of Christmas. All of the girls have made gifts for their parents. Many troops will be carolling throughout the area, in the shopping centers, at St. Stephen's Church, and at the R.R. Station. There will be troops visiting the Jones Institute.

Home Extinguishers

In wintertime, it is often tough going for fire apparatus responding to an alarm. Because of this, it would be wise to have firefighting equipment on hand. Don't attempt to fight the fire, of course, until everyone is safely out of the house and you have called the fire department.

Although there is no all-around extinguisher which can be used on every type of fire, the 2½-gallon soda-acid type or 2½-gallon water pump tank will be suitable for most parts of the home. Exception is the kitchen, where because of the danger of fires involving fats or greases, a carbon dioxide or dry chemical extinguisher is preferred.

Whatever type you choose, be sure every extinguisher you buy bears the label of Underwriters' Laboratories, Inc. As soon as you buy one, carefully read directions for operating it. Inspect all extinguishers at least once a year. Follow manufacturers' instructions for refilling.

They Say—

In Denmark it's "Glaedelig Jul!"; in Holland it's "Hartelijke Kerstgroeten!"; in Finland it's "Hauskaa Joulua!"; in France it's "Joyeux Noel!"; in Germany it's "Froehliche Weihnachten!"; in Italy it's "Bono Natale!"; in Spain it's "Felices Pascuas!" and in Portugal it's "Boas Festas!"—and it's "Merry Christmas!"—how ever you say it!

Children and Elderly People Warned on Clothing Fires

Most frequent victims of clothing fires are children and elderly people.

Children's clothing catches fire when they are playing with matches, playing around stoves or heaters, and too close to outdoor fires. Elderly people's clothing catches fire when they use stoves carelessly, warm themselves at fireplaces and radiant heaters, or fall asleep while smoking.

Some clothes, because of the way the cloth is made or because of the style of the garment, are more dangerous than others. Therefore, beware of light weight, loosely fitting clothes, ruffles, flounces, kimono type sleeves, filmy nets and gauze. Also beware of sweaters with brushed long fibres for some ignite easily and burn intensely.

Remember that most clothing fires occur because of the wearer's carelessness. Train yourself and your family always to be careful in the presence of open flames, heaters, stoves and other sources of ignition.

Select the safest material available. If a safe substitute cannot be found, it will be possible to reduce the hazard of some fabrics by flameproofing. Before attempting to flameproof any clothing consult your fire department about flameproofing formulas or commercial compounds that will be effective on the particular material to be treated. Be sure to check the effect of washing and dry cleaning on flameproofing treatments.

Know Your Baby-Sitter

The baby sitter! A problem this Holiday Season? Here are some helpful suggestions from the National Board of Fire Underwriters:

1. Know the sitter. Make inquiries about training and family background.
2. Employ only sitters who have a sense of responsibility and who like children.
3. Try to have the same sitter regularly, if possible, and one who lives nearby.
4. Have a preliminary "get acquainted" interview with sitter. Acquaint the sitter with children and pets, especially the watchdog.
5. Give instructions orally and leave them in writing.
6. Show sitter all exits and how to get children out of house in case of fire.
7. Be sure sitter understands that, in the event of fire, the children should be gotten out of the house first, then the fire department called, and then the parents notified.
8. Give the sitter the telephone number of the fire department, family doctor, and place to which you (parents or adult members of the family) are going. Also, what neighbor to call in the event of any emergency.
9. If there is no phone, explain to sitter other means of notifying fire department in case of a fire.
10. Caution sitter against permitting child to play with matches, electric cords, or other electric appliances. Also, tell sitter to keep the child out of the kitchen, if possible.
11. If sitter is to bathe youngster, make certain she has had such experience.
12. Leave a first aid kit with sitter and explain how to take care of simple burns, cuts, bruises.
13. Provide flashlights for use in case lighting should fail.

You can flameproof your child's flimsy dress as easy as you can flameproof the costume on her doll. Here's how it's done:

First, prepare a solution of 9 ounces of borax and 4 ounces of boric acid to a gallon of water. If the water is warm, the other ingredients can be mixed more easily. Use a spoon or a rotary beater.

When the borax and boric acid are thoroughly dissolved, dip the material or clothing you wish to flameproof. Then wring it out and hang it up to dry.

This method can be used on any washable fabric. Moreover, the material can be ironed without affecting the flameproofing. It will remain flameproof until washed.

Fabrics so treated will retain their flexibility and softness. However, the flame-retardant qualities are lost when the fabric is washed again, and the process must be repeated after each washing.

When Dresses Catch Fire

When clothes catch fire—don't run. Throw the victim to the floor and roll her in a rug, a blanket or a coat.

Wrap the rug or blanket around the neck first, to keep the poisonous gases of combustion away from the face. If no rug, blanket or coat is available, roll the victim over and over on the floor to smother the flames.

Running only fans the flames. Since all fire gases rise, a victim in an upright position tends to inhale the toxic gases.

14. Always come home at the hour agreed upon. Telephone if delayed.

15. Make suitable and safe arrangements for accompanying the sitter home.

"Growing parents are the only ones suitable for growing children."

Why Down Chimney?

Why is Santa pictured as coming down the chimney? One story goes back to pre-Christian Germany and Hertha, goddess of the home. At the winter solstice, which is about the time of Christmas, families kindled a fire of fir boughs inside their homes, and the goddess supposedly descended through the smoke to bring them good luck.

The legend carried over into old England, where Santa was credited with coming down the chimney to clean it of soot so good luck could come in.

Knicks Win 4 Straight

By Elwood S. Kent Sr.

HICKSVILLE - Knicks won four straight in the CYO Basketball League, this week, as the Warriors went down to defeat. Gaylor scored 12 points for the Knicks as they rolled up a 52-34 victory. Huffing the basket for 14 points, but could not hold off the onrushing Knicks.

The Celtics were also subdued by the Knicks 28-6. Talbot sunk 10 points for the Celtics, and Gaylor with Grimakia dropped in 8 each for the visitors.

Games for this league will not be scheduled again until Jan. 5, when the Knicks will put their perfect record on the spot.

St. Ignatius Big "5" won over St. Aiden 32-29. Fee, Muller and Sholl lead the assault for the winners as they garnered a squeaker. O'Sullivan was the high scorer for the losers with 11 points.

St. Ignatius lost to St. Thomas Apostle 30-57. The Big 5 could not hold down Coleman who scored 20 to lead St. Thomas to a win.

Sparkling, heads-up ball was played by McGunnigle for the Big 5 as he rang up 21 points to keep the game close for three quarters.

The Big 5 scored their second win over St. Aiden 56-51. Pat McGunnigle, playing his last game before starting with the varsity at St. Dominic-High, put on a phenomenal oneman performance, which left the opposition and the spectators awe struck, scoring 40 points, grabbing most of the rebounds and directing the all around play. Miller with Hendrickson ably aided the sensational "Pat" to put the game on ice.

Bantams won over St. Aloysius 30-29. Biasi with 10 assisted the Bantams to eke out a win. Coletta, Moakley and Doobley played good offensive and defensive ball to hold off St. Aloysius. Reornew with 17 points for the losers almost pulled the game out of the fire.

After winning four straight, the

St. Ignatius Bantams trounced St. Bonifac 21-8. McGunnigle lead the winners with 6 as Coletta and Jarvis got 4 each. The Bantams worked easily and with precision to show their mastery over the losers, who fought a stubborn but unproductive game. The Bantams have won 5 and lost 1, their only defeat ebing at the hand of Holy Family.

Coach Ed Petro instilled hustle and confidence in his Hicksville High five and the Comets went on to pull off that really big 70-69 overtime upset of Levittown. After two defeats the victory over the considerably taller Panthers buoyed the Orange. Standing a good six two John Magee had three opponents taller than himself but his 12 rebounds won the battle of the boards. It was actually 35 all-in the rebound department but Hicksville snared 21 to 14 in the crucial second half and 5 to 2 in the overtime. The running and the press wore Levittown down. Daniel VanSise has been promoted to a starting berth by Petro for his work in the win. He drove in hard for four baskets as Levittown attempted to break free early in the fourth period. Jim Holtzer of the Panthers had a shooting percentage of 50% (9-18). His team wisked in 24 of 51 attempts for an excellent 47%. Hicksville had 28-64 for 44%. Larry Kneiter ranked with 54% (7-13). Mickey Moskowitz 43% (6-14). Howie Laptman 45% (5-11). John Magee 42% (8-15) and Dan Van Cise rounded out for the Comets with 57% (4-7). Kneiter was hurt early in the extra session but has fully recovered now. At the start of the overtime Magee sank a layup. Hicksville recovered the ball and froze for two full minutes. Levittown tied it 67-67 but with 32 seconds left Moskowitz dunked a foul and Magee tipped in his missed second shot to clinch it.

Coach John Mazur was feeling a good deal better when his Hicksville Junior Varsity set the tone for the night with an efficient 43-30 win over the Levittown futures.

Mickey Anglin was high with five field goals. Joe Lane had nine points. Leo Kanowada five, Larry Slofkin 7, Fritz Pawlitchek 7 and Frank Estes 4.

There was a sound defense also. Hicksville trailed 21-19 at intermission but the visitors could muster only nine feeble points in the second half.

In its second varsity year, Hicksville High wrestling is progressing rapidly. The grapplers of coach John Roberts are maturing and success is quickly moving on the Orange.

A 26-20 decision over the strong Great Neck JV was followed by a 23-17 bow to Uniondale varsity.

Ted Greve continues to be the ace of the squad much the same as he was during 1955-'56 campaign which was the first on the mats for the Orange and Black.

Greve used a half nelson to pin Bill Sloan of Great Neck in a fast 39 seconds and he decisively skilled Randy Sides of Uniondale 9-6.

Against Uniondale Comet winners were: Walter Lehman by 5-4 decision, Bob Weidman by 6-3 decision and in the unlimited class Gene Zaza took 1:03 to pin Mike Bilzik with a half nelson.

Victors at Great Neck were Frank Parker in 3:38, Bob Otten in 1:47, Al Magill with a huge 16-2 decision and Armand De Rose in 2:43.

Wrestling is a major sport now at Hicksville and it will be interesting to follow team members as they learn and improve at the sport.

The return from service of Harold Manaskie has proved a boom to the Hicksville Community Club and the CC is off winging in the Eastern Sector of the Nassau Basketball League.

The dangerous shooting of the fleet ex-Hicksville High star has opened the defenses of the opposition leaving the bucket clear for Bill Fitzgerald and Stan Kellner.

Fitzgerald poured in 43 points as the CC rolled over Bethpage 101-34 early this week. In the season opener Locust Valley succumbed 62-48.

Manaskie, scored creditably but our informants indicate that his floor play and ability to move the ball were the vital factors.

Best wishes of the Christmas season to all the sports minded people of the Mid Island area and may the New Year bring nothing but sparkling victories to all teams in competition.
