BOARD ASKS VIGILANCE

Vandals Damage New Schools

HICKSVILLE—The School Board is making public a series of thefts and vandalism in the new school buildings here, today made an appeal to residents near the schools to notify the police of apparent intruders on the school grounds.  
The new school on Old Country

Rd. has been broken into five times since Thanksgiving Day, it was reported. Desks and furniture have been marred and abused and cigarette burns indicate a threat of fire.  
An incident of thievery at the New Dutch Lane School has been reported. The vandals apparently

make entry into the buildings by breaking windows.  
Editor's Note—The fifth new school building of the district to open in as many months, the Fork Lane School, will receive 436 pupils for the first time next Monday morning, Jan. 19. (See story on page 11).

Town Board Sets Vote Jan. 30 To Decide Pool and Hall Issues

OYSTER BAY—A vote by the owners of 2,300 houses built by Levitt and Sons in Hicksville two years ago will take place on Friday, January 30, between 5 p. m. and 10 p. m. in the new Dutch Lane School, it was announced last night by Town Clerk Leslie C. Disbrow, to settle two questions (1) whether or not these home owners should take on the full tax burden of operating and maintaining two swimming pools, estimated at \$28,000 a year, and (2) share the tax burden of keeping the Levitt Hall open for Levittown property owners and renters.

MORE TAXES

The hand-picked "Steering Committee", chosen by William Levitt to get the hall and two pools in Hicksville off his back, and on the shoulders of the small homeowners as new taxes, after meeting with officials of Oyster Bay and Hempstead Township had a 24-hour change of heart. The Committee in conference agreed to the solution as outlined by the respective townships (see earlier story on this page), Saturday. By Sunday night the committee had denounced the plan and attacked the public officials in the process.

Officials were "amazed" and "disgusted" with the double cross by Levitt's steering committee.

Meanwhile, the Volunteers Save Our Pools Committee went ahead with plans for its public meeting in Hicksville High School auditorium next Tuesday night, Jan. 20, and urged all sincerely interested in the question to be present. Councilman Frank Chlumsky of Oyster Bay Town Board has been invited to be present and explain officially the double referendum and what it means to the property owners involved.

Also scheduled to speak is Samuel Heitner, attorney for the Save (Continued on Page 4)

Levitt's Steerers Agreed To Vote, Then Switched

The following is the complete text of the statement from public officials made Monday morning at Mineola. There has been no change in plans, they insisted at a late hour yesterday.—Editor

An agreement to proceed immediately with a referendum to determine the sentiments of owners of Levitt-built homes in Oyster Bay on the creation of a "swimming pool" special district and a joint Levittown Hall District with Hempstead neighbors was reached this past Saturday morning.

Town officials of both Hempstead and Oyster Bay met in the office of Presiding Supervisor Harold P. Herman in Hempstead with a committee of nine representatives of Levitt home owners. Following the decision to put the operation of the hall and two swimming pools to a vote, Supervisor Herman made an immediate request for the re-opening of the hall.

The joint statement of Supervis-

or Herman and Ransom issued after the meeting follows: "There is unanimous agreement that we proceed within the next two weeks to hold a referendum for owners of Levitt-built homes in Oyster Bay to decide two questions:

"1—Shall there be created a 'Swimming Pool District' to serve Oyster Bay residents of Levitt - constructed homes?"

"2—Do the owners of these homes wish to belong to a joint 'Levittown Hall District' with the Town of Hempstead?"

"It is understood that in no way will the creation of these two districts affect the Hicksville Park and Parking District. Recreational facilities in the area would remain in the Hicksville District, but there would be a reciprocal agreement for use of facilities of both towns worked out by their respective officials."

Plea Made for Homeowner Unity

HICKSVILLE—The Woodbury Gardens Civic Assoc. replying to a letter from the North Levittown Homeowners Assoc., this week made a plea for unity among the home owners living in the area of Hicksville specifically concerned with the problem presented by Levitt's closing of the Levittown Hall and Pools. In the letter, Thomas Hogan, president of the Woodbury Gardens' Civics wrote:

"Thank you for your apparent interest in our organization. We are in complete concurrence with your stressing of the importance of people grouping together and working together to improve themselves and their community.

"We are also aware of the necessity for an informed public

opinion concerning the specific proposal to split the Hicksville Park and Parking District. We have found it difficult, if not impossible, to obtain a truly representative viewpoint of the residents of the involved area. We find at least two civic groups representing these people.

"Whom shall we recognize as

representative of the citizens of your region?"

CITE TOWN'S VERDICT  
"Our position, therefore, is that of residents of the Town of Oyster Bay. We have merely called attention to the resolution adopted by the Town Board on Aug. 14, 1952. We feel that our support of their

If you are in the neighborhood this Saturday afternoon, drop in at the HERALD office between 4 and 6 P.M. to help us celebrate our 4th birthday. . . Widening of Old Country Rd is coming along. Latest section scheduled for approval next Monday by County Supervisors is from School St. to Wantagh State Pkwy thru Westbury and New Cassel, bringing it right up to Hicksville boundary. It will be increased to 80 feet. . . JOSEPH HELM of Twinlawn Ave., member of Hicksville Library Board, is chairman of Nassau County Grand Jury this month. . . We have received a second edition of the Union College Alumni Review edited by HAROLD HAMMOND, director of public relations at the Schenectady institution, former of Blueberry Lane, Hicksville. . . Hicksville School Board's report of vandalism in our brand new schools is such a disgrace to our community. All these beautiful new desks that have been cut and cigarette burned and windows broken are an added expense to the taxpayers and a sorry indication of lack of community pride. . . When the phone company installs your dial phone equipment in preparation for the switch to dials, please don't give it a whirl just to try it out, as I understand it makes an awful rat-a-tat-tat in the operator's ear. . .

A little-known but most exclusive organization is the MANNETTO HILLS MEN'S CLUB of Plainview. It has the most unique badge of office. Lefty, we hear, is trying to get into this exclusive circle. . . # Current Comment: Birthday Reflections

By FRED J. NOETH

WITH THIS ISSUE the Herald begins its fifth year of publication. This is our birthday week and a look back over the years is in order.

After 15 years of association with various weekly and daily publications in this area when the restraints under short-sighted absentee ownership became overwhelming, we set forth independently with this editorial comment on Jan. 2, 1949:

"The Herald makes its debut with supreme confidence in the future. We believe the people of this community want a newspaper devoted to their best interests. This is an independent newspaper owing allegiance to no one save the community and people for whom it is produced."

We went on to point out that the owners of this paper are readers who form a working partnership with the advertisers and the staff writers. Our position is the same today.

The tremendous growth of our community in the past few years is generally known. Here is an example: Our first issue contained the report of condition for the Long Island National Bank which listed its total assets at \$8,678,544.31. Today's issue contains another statement of the same bank with assets almost doubled in the four-year interval: \$15,325,213.35.

Your Herald has grown also. Twice we had to move our office as we outgrew facilities. Our circulation today, approaching 6,000 copies weekly, is more than 300 per cent above the distribution of our initial issues. Our first issue went to press with over 400 charter subscribers who had aid without even seeing a copy. These were in addition to copies distributed.

How we rate by comparison with others in our field can be noted from a recent report of the American Press Assoc. which finds only 147 of over about 2,000 weekly papers in the country and only 10 in New York State with circulations of 600 or more.

We sincerely appreciate the positive expression of approval of our efforts by the continued and growing support of subscribers and advertisers. To celebrate our birthday, we are having an informal open house at the Herald office this Saturday afternoon, Jan. 17, from 4 to 6 p.m. If you are in the neighborhood of the Post Office, drop by and join us.

BRINGING A GLOW to our birthday is the check from Levitt Soap, Manhasset, again renewing their subscription to the Herald this week.

## NORTH WEST NOTES: Rumors on PW Property Sale

By JAMES CUMMINGS  
Rumors have been flying around a past few weeks that Press Without Frontiers will sell their property, owned by Mr. Greaney, General Counsel of PW on the subject. He has said to President McCall:

"We have considered selling our properties, but there is nothing definite". The Civic Assn. has in the past two years vigorously conducted a campaign to prevent further installations of antennas by PW, claiming interference on TV and radio. Whatever the outcome, it is felt that the Civic Assn. will investigate these matters pertaining to the good and best of our community.

BETWEEN ISSUES: we note that a nursery has opened at 177 1/2 Ave. . . Danger sign on 177 1/2 and Indiana Ave. due to excavation work for installation of pipes to new homes on farm . . . A large trailer flies through Myers every so often—will that gentleman kindly slow down . . . Remember to keep Mar. 7 open on your calendar for NW Civic affair at the Legion Hall!

Several Knudsen's of 86 Kuhl Ave. had a nice surprise on Jan. 5 when his kid brother, Sgt. Chris Knudsen, came to visit for two days from Randolph Field, Texas. It was their first visit in two years.

Little four-year-old Joey Pettit of Kansas St. is on the critical list at Nassau Hospital, Mineola, from a ruptured appendix.

HICKSVILLE — A course in Slip Cover Making has been added by request to the 50 courses offered by the Adult Education Program here.

## Retiring Electrician Is "Going Fishing"

Louis J. Reinacher of 146 W. Marie St., Hicksville, retired last week from the Ford Instrument Co., of Long Island City after nearly 20 years with the concern. An electrician in the plant engineering dept., he started at Ford Instrument in May 1933 when the company had only 500 employees.

Reinacher has long been active in civic and Boy Scouting affairs in his home community. He has lived here since 1914.

During the years of his employment at Ford Instrument, he helped install the machine tools and testing equipment that during the last war resulted in the manufacture of "mechanical brains", ingenious devices that, among other things, did all the calculating for determining where to point a naval ship's guns so that its projectiles would hit the enemy. Helped put in the lighting that provided the maintenance so that the company was able to expand to two more buildings and 4,000 employees.

As he retired, Raymond Jahn, president of the company, presented Lou with a gold wrist watch upon which was inscribed "Special Award to Louis Reinacher for more than 19 years loyal service with Ford Instrument Co. 1932".

An advisor of the Explorer Patrol of Troop 91, Boy Scouts, Lou says now that he's retired he's "going fishing." At a recent Scout Court of Review, four members of the troop which he helped organize became Eagle Scouts to probably set a national record. Three of the Eagles are from his Explorer Patrol.

LOUIS J. REINACHER receives a gold wrist watch from Raymond Jahn, president of Ford Instrument Co.

He was one of the first scoutmasters of Troop 91 and recalls that "one of my best boys was Fred Noeth who used to take care of the troop paper. Today he's publisher of the Mid-Island Herald."

Reinacher is a charter member and one of the organizers of the Hicksville Civic and Community Assoc.

## JWV Corner

By BILL OLITSKY  
It has come to my attention that a committee to secure justice for the Rosenbergs resented the National Army in Washington, D. C. for a mass prayer and clemency appeal to President Truman. The Army withdrew its permission so that the group has to look further. Since when did these people learn how to pray? They must mean pray.

Although every responsible Jewish organization has denied that religious bias was in any way involved in the trial, the Communist

## PLEA MADE

(Continued from Page 1)  
position is in order since they spoke for our Township after holding public hearings. We do not intend to become involved in the dispute other than to object to pressure being used by non-residents of the area.

"Should conclusive proof be shown that a majority of the residents of the involved area favor a split, we would be constrained to reexamine our stand on the issue. And this we would do without hesitation. We suggest that a properly supervised referendum be held.

"It is our opinion that the disadvantages far outweigh the advantages of having two civic groups supposedly speaking for the same residents. How can we cooperate with other civic groups to benefit our community, town, and county if differences cannot be resolved by the interested parties? Democratic process does not preclude the hearing of minorities. May we again suggest, in all humility, that some effort be made to form a single civic group which can speak for the majority and will record the voice of the minority. We are prepared to cooperate with any such civic group whenever clear cut issues are presented, and, of course, when such cooperation in no way conflicts with our aims and views."

The Executive Board of the Woodbury Gardens Civic Assoc. stated that those people concerned with keeping the pools and hall facilities available to the one group, namely, Levitt homeowners, should make some effort to accept private ownership and private operation and should not burden disinterested citizens with a loss in revenue plus an increased cost of maintenance. It is felt that Mr. Levitt, if no proof can be shown that a contractual obligation to maintain these services exists, would have no objection to donating these facilities to a corporation set up by whatever civic group represents the Levitt homeowners, Hogan added.

party in this country with deliberate, cynical design has worked overtime to propagate the fiction that the Rosenberg case was an issue of Jewish concern. Professional bigots in this country have been quick to seize on this thesis and are finding it useful in their efforts to fan religious dissension. So it's up to us of the Jewish War Veterans to intensify community-wide effort to expose the plans of the Rosenberg supporters and keep the real issues clear so that Communism will be denied its objective in this case.

We climaxed our project at St. Giles Home, Garden City, with the presentation of a layout of Lionel electric trains and table Sunday, Jan. 4. (Full story and picture will appear in the Herald next week).

FORUM UP IN AIR  
A forum on the question of the Levitt facilities has been tentatively set for the following evening, Jan. 21, in the high school also with opposing views presented by spokesmen for the North Levitt Home Owners and South Hicksville Assoc. of Levitt Home Owners.

If the forum fails to materialize, it is expected that SHALHO will hold a special meeting at the same place on that evening.

The NLHOA has set a meeting for this Friday night, Jan. 16, at the Dutch Lane School. Marvin Sultan, NLHOA president, when asked for his opinion of the solution offered by the conference Saturday said "No comment."

However, NLHOA promises "a full public discussion of the problem of the recreational facilities" for Friday night. "The audience will be briefed thoroughly on the progress made by the Levittown Steering Committee, Civic Council and the sub-committee which has been negotiating informally with local Councilmen and political leaders", according to the NLHOA announcement, Tuesday. The statement says that NLHOA "members will have an opportunity to question the speakers", apparently closing the door on non-member participation.

## PLAINVIEW COUNTRY HOMES:

### Hogan Installs Fire Dept Staff

By RAE CANTILLI  
I thought that after New Year's things would be a little less hectic, but I guess I was a little wrong. We seem to continue to have company almost every night, and those nights that I don't have company a meeting pops up.

However, Saturday, my husband and myself attended the Dinner-Dance at the Fire House. The occasion was the installation of officers of the Plainview Fire Dept. It certainly was a gala affair handled very capably with good music and a superb dinner.

Howard Hogan, Mayor of Farmingdale and newly appointed Republican town leader was one of the guests of honor who gave a very nice talk and installed the officers of the organization. Another prominent guest was Fred North and his lovely wife. We were very sorry to leave so soon, but we only had a baby sitter until 11:30. I hear festivities carried on until the wee hours of the morning.

Congratulations to the new officers which includes Chief Bill Passerik and Mrs. Ann Ocker, President of the Ladies Auxiliary, and to all the other officers and continuous success in the ensuing year.

By the way the officers of the Ladies Auxiliary were also installed that night by the new chief, and I might add were a very pretty addition to the evening with their lovely dresses and beautiful corsages. Altogether it was a very extra special event.

I would like to make an apology to Mrs. Stauber. I believe I listed a wrong telephone number in my last column. Mrs. Stauber, as I said last week, needs workers to help in the March of Dimes. Please give her a ring if you can help out even for a minute. She would ap-

preciate it so much. The number is Hicksville 3-1425-W.

I would also like to make an appeal for leaders for the Girl Scouts especially the Intermediate Troops. The P.T.A. sponsors both the Boy Scouts and the Girl Scouts here in Plainview. The need for leaders of the Girl Scouts seems to a stumbling block. They just can't seem to secure enough leaders. Right now there are three groups of Brownies lead by Mrs. Huggins, Mrs. Lichte and Mrs. Seeburg. There is one group of Intermediates. The present leader is unable to continue in the future, and since there are no permanent assistants it has quite a mixed up affair.

If anyone is interested in helping out in any way, please get in touch with me or with Mrs. Crab, HI 3-2526-W. Mrs. Crain is Chairman of the Town Committee of the Girl Scouts, and would be very glad to give you any information that you would like. The Girl Scouts and the Boy Scouts are very essential part of Community life, and it would be a catastrophe to have these wonderful youth organizations go down the drain.

Don't forget the Civic Assoc. meets on Jan. 20, 8:30 P.M. at the Mannetto Hill School. There are so many problems to be licked if we can all join together here in Plainview.

Happy birthday to Ray MacAllister of Island St., who was 39 years of age on Jan. 8. He dared me to mention his age. So there it is.

Congratulations to the Zylus of Relda St. on the birth of their first son, Robert, born Dec. 24 at the Roslyn Park Hospital. The Zylus' have two daughters. A lot of success to the new offspring.

Give me a call and let's have this column grow and grow.

### ABOUT PLAINVIEW AMVETS: Another Teen Evening On Friday

By TOM PAYNE  
The persistent bad weather during the week of Jan. 9, caused many gloomy faces and heavy hearts for the teen-age committee. So many plans had been made and it was impossible to contact all the teeners, the committee felt the only thing they could do was to carry on and hope for the best. Before the night was over those same gloomy faces were radiant with joy and satisfaction.

More than 30 youngsters came down to the school that night to let us know that they want this program to continue. They were given a free hand with the equipment that was made available to them. They played the phonograph and danced in stocking feet, played regular and chinese checkers, read some magazines and played ping-pong on an improvised table of sheet rock. They made the most of what they had and expressed a desire to gather in the same manner every Friday evening if possible.

They were briefed on the committees' ideas and intentions by their director Mr. Rees. Next week they are going to select their own officers and compose their own rules and regulations. Several of the young ladies and gentlemen asked how they could thank the committee. I'm sure I speak for the committee as well as myself when I say the enthusiasm and cooperation displayed that evening is all the thanks we need.

The school board will be approached this week for their permission to use the auditorium

every Friday evening. I'm inclined to think they'll go along with our idea.

Mr. Ben Sattig deserves a special vote of thanks for making the rounds with his bus on Friday the ninth. The weather caused the roads to be very bad. His efforts haven't gone unnoticed and they certainly are appreciated.

Mrs. McLaughlin, Mr. Tuttle, Mr. Ward and the director Mr. Rees were the attending committeemen that evening. . . many thanks for their efforts. Keep up the good work. We sincerely hope that the adult program is just as successful and as full of enthusiasm.

I'll see all you teeners this Friday night again, and if the bus doesn't pick you up at the same bus stop at the same time, be there anyway because the committee will pick you up in their cars. See you there . . .

## Civics to Get Street Light Facts Tuesday

PLAINVIEW—Inviting all residents to attend the Civic and Community Assoc., meeting at Mannetto Hill School next Tuesday, Jan. 20, President Norman Riley points out that the association is working for the benefit of the community "but it must have the benefit of your support and participation."

Riley is utilizing the columns of the Herald with a monthly announcement in advance of regular meeting. His statement follows:

"As most of you know we are now incorporated and probably after our next meeting we will have a new and more workable set of by-laws adopted. We believe this will smooth out our operations considerably particularly from an executive standpoint. Up until now too much has depended upon the officers. Under the proposed new by-laws there will be a board of directors numbering approximately nine members. They will act as a policy making body and will be available to follow through on the work we undertake. If you know of someone whom you think would be a good director why don't you talk to them about it and if they are willing propose their name.

#### WANT STREET LIGHTING

"We are going to consider the matter of getting a street lighting district for Plainview. A survey is being made to get all the pertinent facts and they will be explained at the meeting.

"This week the petition we are sending to Albany requesting additional state aid for education is being circulated. Copies are going to our state assemblyman and senator. In view of our high tax rate and the probability of future large expenditures for building I'm sure everyone in the district will want to sign.

"At the same time the petition carriers will have with them the petition to create a Park District for Plainview. This is making a final round before being presented to the Town Board. For the benefit of those who haven't signed it and may want to know more about it before signing, it is what we have to do to get the Town Board to create such a district. At the present time this may

CHARLES LEIB of Main Parkway was presented with a 25-year badge for service in Plainview Fire Dept. at the annual dinner-dance, Saturday night, by A. C. Ocker Jr. Leib is an ex-chief. not seem particularly important as there are quite a few open fields in the area but they are filling in rapidly and we must have the machinery set up to create and operate parks soon. A parkless community is a pretty bleak thought.

"If at all possible why don't you try and attend our next meeting? The Civic Assoc., is working for the benefit of your community but it must have the benefit of your support and participation. We are by no means a panacea for all the ills of the district and I'm sure at times all of us get impatient with the slow progress made in solving the various problems but as we grow and gain experience the result of our present work will manifest itself in a fine and healthy community in which we will be proud to live. See you on Tuesday," Riley concluded.

### Nurse, Doctor P-TA Speakers

The school nurse teacher and school doctor of Mannetto Hill School were guest speakers at a meeting of the Mannetto Hill School P-TA, Plainview, Thursday night, Jan. 8, at the school.

Mrs. Muriel Coldewey explained the duties and limitation of the school nurse teacher. She told of the advisability and need of the school nurse making home visits in the district. She said the school nurse can only give first aid in case of injury and cannot diagnose

diseases or ailments. Dr. Carl Schwartz, school physician discussed the value of annual examinations and immunization of pre-school age children.

Robert Tuttle, principal, announced that all children who were admitted to class in December will have their physical examinations in the spring. He said that despite limited facilities at the school over 450 exams were completed this year.

Mrs. S. Ladoz of Plainview Rd. has moved to Central Islip.

HICKSVILLE — Installation of Captain Charles Saurer and officers of Fire Co. 4 takes place this Saturday night at the firehouse, Jan. 17.

# The Legionnaire

Charles Wagner Post  
No. 421, American Legion

Alfred Zucker, the winner of the recent Legion sponsored Oratorical Contest held at the Hicksville High School, appeared before the membership at our Jan. 5 meeting and delivered in a resounding fashion his very fine speech entitled "The Constitution—The Guardian of The Peoples' Rights."

It was a talk abounding in material, well put together and excellently delivered. Legionnaires listened attentively, realizing we know, as Mr. Zucker progressed, why they are Legionnaires. Time dulls memories of why we fought for this nation of ours but time can be turned back by young men like this who in a few brief minutes reminds us of what we have and the need for retaining it!

Prior to his talk, Alfred Zucker thanked the American Legion for their backing in such a contest and we'd like to say to him and all other American boys and girls who take advantage of this program—thanks for your interest and energy.

Departing somewhat from the past procedure the Post is sending the Present and Past Commander, together with their wives, to the Post County Commanders' Dinner on Feb. 7. It's a step in the right direction. . . . We appreciate all the comments on our last column and the fact that we were "missed" during the holidays. . . . A sign committee of Jay Jabour, Fred Brengel and Jim Carter has been formed. They plan to post eight major routes into Hicksville with a "Legion welcome" . . . Henry Brengel read 1952 treasurers' report of Legion Hall, Inc. at last meeting. . . . And on the subject of Legion Hall we are told they'd like to cash some more bonds. . . . The recent turkey raffle was a success and leading book seller was

Don Lyon with eighteen to his credit. . . . Many cards and letters of thanks received by the Post in connection with Gifts To The Yanks. . . . Two dances—Valentine's Day and St. Patrick's Day—set for Feb. 14 and March 14 respectively. . . . Good to see Dr. Eric LeBarrow, Arthur Ferris and Carmen Di Marzo out for the last meeting. Hope they make a regular habit of it again. . . . Included among members recently renewing are John Marshall, Bob Efinger, Leonard Young, Charles Leonard, Walter Barnett, Bernard Fox, John Dobson, Harry McCarthy, William McIntosh and William Arvidson. . . . Word received that Alfred Zucker placed second in the Oratorical Semi-finals at Mineola. Is it true there was some confusion which mayor may not have influenced the final decision? . . .

The Charles Wagner Post of the American Legion is currently carrying on its annual membership campaign. We hope sincerely that every eligible veteran in the Hicksville-Plainview area will join up. A strong American Legion Post is a valuable asset to your community.

With a membership of nearly 3,000,000 veterans, the American Legion continues to be the most outspoken patriotic force in our nation. Its 17, 185 posts are our strongest bulwarks of Americanism. Legionnaires are the foremost champions of a strong America as the best insurance of world peace. They are militant in fighting any movement they regard as detrimental to our country's best interests, especially anything which threatens the survival of its democratic spirit.

Make it your business to join now. Visit us on a meeting night (First and Third Monday each month), or call Al Barlow HI 3-0032-W. And if you want to give us more work call HI 3-5339 R. We'll be happy to talk it over with you.

## ALONG WOODBURY ROAD: No Raid Warden in Garden Area

By GENE MALJEAN  
Hicksville 3-5515

There are no air raid wardens in Woodbury Gardens. Does that startle you? If a bomb dropped tomorrow — the education that each man and woman could have gained earlier could be the means by which rehabilitation may be possible after the wreckage occurs. Don't be misinformed. An air raid warden isn't going into the street in the midst of a rain of hydrogen bombs. Wouldn't that be asinine? The wise civil defense volunteer would get himself and his family under anything that offers protection. The job of the CD worker is to get out after the attack and do as much as possible to help. His normal duty is to inform neighbors of the best way to act in the event of such disaster.

The elements diminished the number of those present at the father's night at East St. P.T.A. I expected to recruit a good amount of CD personnel after showing a

film and speaking on the subject. Lieut. Goff of Auxiliary Police spoke after me emphasizing the urgent need for help. Naturally — since there were a comparative handful present our results were few. Please phone me or phone Hicksville 3-5760 or Garden City 3-2100 if you would like to take part in this program. We are undermanned in this sector.

At the meeting I met Mr. Bode of Woodbury Gardens, who is interested in rescue work and communication in connection with CD. We are about to sign him up, along with Mr. Mueller of Crescent St. who has his application to fill out.

Besides the hobbies supplied by the pops at the P.T.A., correspondent Ruth Schuls brought along her hobby. I was happy to meet her at long last. At the business of the meeting, it came up that the Food Pair the P.T.A. held made more money than was expected. This offers the membership a choice. They may be content with the present

funds, or they may hold the two contemplated affairs later in the year, or they may hold one of them. Can you imagine having an overage of money? Even the federal government has an unbalanced budget. It was reassuring, tho, to find that if there was too much in the till, there could be an outlet on hand. The East Street P.T.A. is quite popular, and I do think that if they held a dance, as they had in mind, it would be a tremendous success.

Mrs. Raymond Malizia of Crescent St. has installed a new freezer. No more weary treks to the supermarket every week and pushing thru crowds. Good luck with it.

Sgt. J. M. Weill, cousin of the Henry Franks of Washington St. is staying with them until Jan 15. He is in the air force on leave after 16 months in Korea.

How to get rich quick: sell hot dogs and coffee to the long line outside the motor vehicle bureau. It looks like a long wait on line this year again. I'm not looking forward to it.

May get into a sleigh ride mood when she saw Mrs. Fisher pulling Mrs. Trahan on a sled after the school bus left. Wonder if they take turns?

If you are looking for a garage, the McDonalds have one you may use if you can drive your car into it. But be prepared to pull it out of the quicksand if you are caught between the sidewalk and the garage. Jim says "It's great having a gar-

age, but without a driveway it's just another room." Mrs. Louise Millivoite phoned May last week to ask her if she would co-operate in the Mother's Match on Pollo. We contacted a few women of the neighborhood (Continued on Page 16)

## Woodbury Gardens Civics' Notes:

REMEMBER tonight's meeting will be held in the Legion Hall at 8 P.M. (That's Jan. 15th, opposite the St. Ignatius school on Nicholas St.). New officers for 1953 will be installed, and refreshments will be served after the meeting. Fred Noeth has accepted our invitation to administer the oath of office to the new officers and address the membership. The Social Activities Committee has worked to make the evening a pleasurable one for you so make a special effort to attend.

The following committee members have been approved by the Executive Board: Committee for Civic Improvement: Thomas McEberney, Elmer Blosser, Charles Pfaeffe, John Todd; Membership Committee: Arthur Hoffman; Publicity Committee: James McDonald, Dorothy McAllister, Donald Drummond.

Many of you seem surprised that a budget plan for spreading your gas bill payments over a ten month period is available to all. All you do is make the request to the L. I. Lighting Co., when you return your bill. Incidentally, your Civic Improvement Committee is preparing to distribute forms to each of you in order to make a study of gas heating costs compared with other types of heating. A subsequent report will be made to the membership. Have you kept a record of all your complaints to the builders of your house and the action taken by them? Try to think back over the past year or so and prepare a list. It will be of benefit to you. And in the future, when you report a defect to the builder try to also notify someone on the committee. Forms may soon be available to make this easy for you.

SEE YOU TONIGHT. If you have no transportation available, see your zone representative.

# GAS ALARM!

Did you know that leaking gas can prevent trouble—trouble for you on your telephone line? It's true. The trouble may be started by a sharp-toothed squirrel, a boring insect, a dragging anchor, a storm. These and other things can cause a telephone cable carrying your message to "spring a leak." And we have to have quick warning before moisture puts the line out of order.

So we fill many cables with dry nitrogen gas (it's quite harmless). The moment there is even a pinpoint leak, pressure drops and a warning alarm is set off in the local wire chief's office. He quickly locates the trouble, and the repairs are made. (Matter of fact, the gas also helps keep moisture out!)

This "gas alarm" is just one of many steps we take to make your telephone service better and more trouble-free. And the record is good. Today the average telephone goes six years without any interruption in service! New York Telephone Co.

WITHOUT TAX DOLLARS:

Neighborhood House Serves City

Shall we accept Levittown Hall as a tax-burden, each of us paying to support a meeting hall for the use of a minority. Is there precedent for tax support of a community hall? Are there other more desirable solutions?

There are no other, similar tax-supported halls on the island, at least none that the editors of the South Hicksville HERALD could find. There are neighborhood houses where civic associations meet and community activities are pursued, but NONE OF THESE ARE TAX-SUPPORTED.

The Neighborhood House at Glen Cove which the editors visited is a membership corporation, tax-free as a non-profit organization, supported by the Community Chest and membership dues. It is not tax-supported. Nevertheless its services to the community are many; it provides recreation rooms, with pool and billiard tables, a small theatre, a library,

and workshop and hobby rooms, in addition to many meeting rooms. The "Red Feather" folder describes its activities as follows:

"A beehive of activity at 3 Highland Road the Neighborhood House, since 1915, has been a center of hospitality for Civic and Social Groups. Over fifty different organizations and many thousands of people, each year make use of the Neighborhood House facilities."

It should be especially noted by those who have pooh-poohed the membership corporation idea that the Neighborhood House and membership corporation has had over 37 years of successful operation.

The Civic Associations meet at the Neighborhood House, as do the Boy Scouts, Girl Scouts, a Camera Club, a Model-Aeroplane Club, the Little League, Home Bureau, and even the Chamber of Commerce and Rotary Club. The Community Chest headquarters are at the Neighborhood House. It is a true community center, serving the people, and supported voluntarily by them.

There are at present 288 members who pay a required \$1.00 a year; many pay more than that voluntarily. These members annually elect a 27-man Board of Directors who control the affairs of the House, administered by a Director, Charles E. Scoble, and several assistants. The budget for the year, for what appears to be a very well rounded program, is only \$8,586.00.

Our hats are off to Glen Cove.

Its Neighborhood House does a splendid job without being a tax burden. — The Editors.

The SENTINEL

Levittown Hall Not a Function of Government

Levittown Hall performs a function which practically all other communities have decided should be supported by private means. They feel, and properly so, that the local government should not be called upon to support a meeting place for the many organizations that exist in a community.

Government Paternalism

Even though it may not be realized by those striving for municipal operation of Levittown Hall, they are actually fostering an undesirable paternalism in our local government. The hall is of limited capacity and is located a great distance from the homes of many for whom it is intended, especially for the young people who so badly need a wholesome place of recreation.

Great Advantage of Private Operation

Operation by a private, non-profit corporation has the great advantage over paternalistic government operation in that as long as the hall is useful and valuable to the community, people will recognize it and contribute to its cost, either directly or through an agency such as the Community Chest. If by any chance it loses its usefulness, that also will be recognized and contributions will no longer be forthcoming.

Glen Cove Neighborhood House

Your editors traveled to Glen Cove the other day to survey the Neighborhood House there. Details will be found in another column. It not only provides meeting places for the many groups that need them, but it also provides a recreation room with ping pong and billiard tables, and a library for young people. It is located in a central area of the town where it's convenient to reach.

It is to be emphasized that the Glen Cove Neighborhood House is typical of many such buildings in that it is completely paid for by voluntary contributions, and not by the government through taxation.

The Coming Referendum

Oyster Bay Town Supervisor Ransom has announced that the town will let the Levitt house owners in Hicksville decide by referendum what they want to do about Levittown Hall and the pools. The referendum is to take place as soon as the machinery for it can be set up, possibly within the next two weeks, we are told.

There are to be two questions, one on the hall and one on the pools. Voters will be asked to decide if they want a new joint Hall District to be set up among the Levitt house owners in Hempstead and Oyster Bay (Hicksville). They will also be asked if they want a swimming pool district set up in Hicksville, independent of all other districts.

The Basic Questions Are Not Asked

It would be a lot more to the point if the voters would be asked if they want government operation of the hall, and if they want Levitt to live up to his advertising of free use of the swimming pools.

Do We Want the Pools?

By all means, Yes! But Levitt should provide them as agreed to many times as a condition of sale in the advertising. Only if Levitt is permitted to weasel out of the pool question should the purchasers be asked to decide about a swimming pool district. The referendum presumes that Levitt has already weaseled out of the pools.

Do We Want the Hall?

Frankly, this is an open question. It certainly does have some value, but the terms upon which we are asked to accept it are very questionable. First, the terms presuppose that it should be government owned and operated. The preponderance of experience in other communities says it should not be government owned and operated. Second, the proposed hall district would have 85 percent of its tax valuation in Hempstead and 15 percent in Oyster Bay. Yet it is to be administered by Oyster Bay. Quite a trick if it can be done!

Another Wedge

It has all the earmarks of another attempt to split this area off from Hicksville with the eventual purpose of making part of the Supercity of Levittown.

Progress in the Schools

With the opening of the Fork Lane School within the next few days, the present phase of the school building program will be completed. In the last five months there have been five new schools opened. A little over a year ago there were but 29 class rooms for the elementary grades from kindergarten to sixth grade. Today there are 75. All grades except the kindergarten and first grade are on full time sessions.

Many of us remember the time in September 1950 when great numbers of children, and parents too, descended upon the schools mostly from the newly built Levitt houses in the east part of the district. Many will also remember the Levitt ads that talked about "conveniently located modern schools" and how Levitt representatives pointed out "school sites" on the map. It was not until after the houses were purchased and occupied that many discovered it was not (Continued on Page 12)

# Boots Come Home, All's Forgiven

By FLORENCE VRYN  
 LE 3-4467

Whee! What a week. The weather is winter with a vengeance. Unfortunately I can't blame the weather for a mistake in my last column. In a list of guests I inadvertently left out Sally Reynolds' last name and since hers was followed by Steve Hoda's, I married them off a few months too soon. My typing just hasn't managed to keep up with the words I want to get in. Well, never say didn't read it first in the Herald. However, they tell me in the future to leave the forecasting to the weather department.

Feeling lower than a snail's vest pocket? Post holiday slump got you? Good. This will make you green 'lovely color'. Sylvia Dee of Acre Lane is going to Paris and London this summer. We were talking about the Adult Ed. courses in the High School and she is taking conversational French. She is going to talk to the publishers in Paris who are bringing out a translation of her book "Dear Guest and Ghost". The lady has many talents as you will note if you, like me, have been humming "That's the Chance You Take". Sylvia has done that as well as a million others. As her neighbors well know, but perhaps some of

you don't, Sylvia and Josephine Profit are one and the same gal. Her lyrics and her personality match... both delightful.

Hope you are planning to attend the Lee Ave. P.T.A. tonight. The program is called "The Fourth R - Responsibility". It will be a panel discussion moderated by Emil Savady, of the School Board. The panel members are Mrs. E. Rogov, parent; Mrs. E. Hauser, teacher; Miss E. Storey, teacher; Dr. J. Le Penner, Hicksville physician; Mr. W. Cleaver, former National Diving Champion and athletic authority, and Mr. J. Wurzler, parent. It sounds like a very interesting discussion and I hope you can make it.

At the insistence of the small fry in my house I will publish the description of our pup who has strayed. He slipped his leash and collar and went bounding off in response to the call of the wild no doubt. He is of very democratic ancestry, rather small and black, with a white chest and four white feet. His tail has a white spot on the tip, and he has brown markings over the eye, which gives him a rather quizzical expression to say the least. I can hear you comment his whole person sounds dubious to say the least. He answers (when he feels so inclined) to the name of Boots. After many chewed slippers, and numerous half eaten socks, I had prayed for just this... but now that it has happened my conscience hurts. If you see him please call me. My husband is used to sacrificing his slippers to the cause so he can bear up, and the small fry will stop the Niagara act.

quite practical to send children to classes at the "conveniently located school sites". It was apt to be a little cold in winter!

### Not Up to Levitt

Even though Levitt built a great number of houses within a very short period of time in the area, he had no responsibility for schools beyond allowing ground area for schools to be built at a later date.

### Land Sold to the School District

Contrary to what some understand, Levitt did not GIVE the school sites to the Hicksville school district. He sold the land to the taxpayers for approximately \$2,500 an acre, plus the cost of installed utilities and improvements, and plus back taxes for the period that Levitt owned the land.

Actually Levitt offered the land on a "take it or leave it" basis with no room for discussion concerning any aspect of the land or the needs. The school district was up a tree and had to accept the land as Levitt offered it because there was no other land available for schools in the area. It had no choice but to accept his terms.

### Answer to Critics

The almost tripling of the elementary school facilities in little over two years since Levitt built the houses in Hicksville answers the critics of the Hicksville school system. While there is still room for considerable improvement, the major part of the job has been completed and our schools are equal to any in the area. Every child has been accommodated and all but two of the elementary grades are on full sessions.

**KENNETH SMITH**, British-born bass-baritone with an American education, will present the second concert in the current series of the Hicksville Community Concert Assoc. on next Monday night, Jan. 19, at 8:30 in the High School Auditorium. Brought to America as a young child, he was educated in schools and college here in the United States. His education was interrupted by World War II when he served four years in the Air Force. Since then he has resumed his musical career and has already fulfilled the promise which he showed when he first began to sing here only a few years ago.

the platform will be icy and someone will slip and fall. Those inside the gates are entirely too close to the train as it roars into the station; sooner or later a coat or skirt will be caught and the LIRR will record another fatality.

There is no train between the 7:01, arriving in New York at 7:50 A.M. and the 7:41 arriving in New York at 8:28. The next train is scheduled to reach New York at 8:42, leaving most with insufficient margin to reach the office before 9 A.M. The heaviest travel is therefore on the 7:41. It is overcrowded when it leaves Hicksville.

It is no longer a question of mere inconvenience; the lives of passengers are being hazarded at both the Hicksville and Jamaica stations. As the population and the number of commuters increase, the situation will get worse, not better.

The conditions call for immediate constructive action; warning announcements are not the solution, nor prohibition of standing on the freight platform or inside the gates. Those solutions tried unsuccessfully.

More train space must be provided for Hicksville commuters; the 5:44 from Jamaica should be increased to 12 cars; an additional train should be added between the 7:01 and the 7:41 from Hicksville.

The Hicksville station should be lengthened, or a station of suitable length built adjacent, as has been repeatedly suggested.

We cannot wait for fatality or fatalities to point up the need. The hazards are obvious now!

Civic associations, groups, and individuals are invited to join the HERALD in a campaign to secure improved railroad transportation for Hicksville. Write the HERALD.

### LIRR Please Do Not Push or Shove

"Please do not push or shove while boarding the Farmingdale train!"—"Please do not push or shove while boarding the Farmingdale train!"—intones the train announcer over and over again as the 5:44 P.M. train draws into the Jamaica station and is boarded by a large number of Hicksville commuters. In spite of the announcement there ensues pushing and shoving rivalled only on the New York subway. Those who are trying to get on know that 10 to 15 percent of their number will have to stand.

It is a ten-car train. The train that immediately precedes it on track E is a twelve-car train to Speonk. There is no pushing or shoving to board the Speonk train. When it draws out everyone is seated, and there are some vacant seats.

The LIRR is disregarding the obvious and only real cure for pushing and shoving,—adding cars to the 5:44. Perhaps no cars are available. More likely it is just

inertia,—a fixed schedule which it is troublesome to change. The travelers are meantime exposed daily to the hazard of being pushed between the cars. Reports have it that one person has already fallen to the tracks.

#### GOING OTHER WAY

The 7:41 A.M. out of Hicksville is a twelve-car train. When it stops, the engine is well beyond the freight depot and the tall light is at the Broadway crossing. Standing all along the station platform, on the freight depot, on the ground, west of the freight depot, AND EVEN INSIDE THE GATES AT THE JERUSALEM CROSSING, are prospective passengers waiting for a chance to get on, hoping for a seat. They know that when the train arrives it is already half-filled and that their number will have to stand.

Those on the freight platform precariously cross the gap of over 24 inches to the train—entrance platforms; sooner or later

## Want Full Day For 6th Graders

By DOROTHY GUELPA  
Hicksville 3-1218-W  
An appeal to put the 6th grade of Bethpage School on a full-day schedule next year was voiced by parents of the pupils at a meeting of the School Board, Wednesday night.

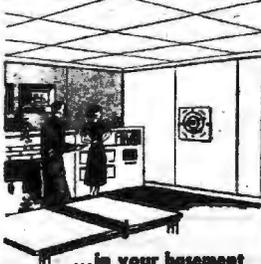

The parents said that they believe the sixth grade is a very important year for the children about to enter junior high school and that the present half-day sessions do not give them enough instruction.

Fred Kramer, president of the School Board, said that the Board has been looking for other halls or large buildings in the community where kindergarten classes could be held and thereby leave more room for the upper grades.

He said that it will continue its search for extra space and only as a last resort the Board will put the kindergarten on triple session or temporarily discontinue the classes.

### MISS ANTOINETTE MAGGIO BECOMES BRIDE

Miss Antoinette Maggio, daughter of Mrs. Charles Maggio of Haypath Rd., Old Bethpage, and the late Mr. Maggio, became the bride of Bene Liaro of East Meadow Saturday, Jan. 10, at a Nuptial Mass at St. Martin of Tours R. C. Church, Bethpage, at 10 A.M.

The bride wore a gown of ivory satin embroidered with seed pearls and a long train. Her fingertip veil of French illusion fell from a tiara of pearls.

Mrs. James deJeu of Syosset, sister of the bride, was the matron of honor. She wore a gown of aqua iridescent taffeta and a matching headdress.

Frank Uddo of East Rockaway was the best man.

A reception for 85 guests was held at the Stockholm Restaurant. The newlyweds will reside in East Meadow.

Boy Scouts of Explorer Troop 118 of Bethpage attended the college basketball game of NYU vs. Virginia Saturday night, Jan. 8, at Madison Square Garden. They were accompanied by their advisor, Ed Gaynor. A trip to a hockey game is planned for the near future.

### LITTLE LEAGUE DANCE

The Bethpage Little League will hold a dance on Feb. 21 at the Bethpage VFW clubhouse. Music will be by J. Kramer. The committee plans to make the affair a general get together for all those interested in Little League baseball. Use of the Bethpage school baseball diamonds by the Little League was approved by the School Board at a meeting last week.

Mrs. Jeannette Curcio of Dorothy St., chairman of the 1953 March of Dimes campaign, requests that residents of the community help in the drive either by volunteering to help solicit in a house-to-house canvass or contribute to the volunteer workers when they call.

### NO PHONE EXCHANGE

"The N. Y. Telephone Co. recognizes the desire of Bethpage residents to have their own telephone exchange but it is economically impractical to create a Bethpage exchange," Victor Fitch, Nassau County District Manager of the N. Y. Telephone Co. told the Bethpage Improvement Assoc. this week.

He said that the phone company is in the process of setting up an electronic pattern which will eventually make it possible to dial any place in the U. S. It is also predicted that the local alphabetical abbreviations would be eliminated and that only numbers would be needed to make calls.

Fitch suggested that the Bethpage Improvement Assoc. request the telephone company to add the word, Bethpage, to the phone book listings.

A resident of Hillside Terrace phoned to tell us of a robbery in Hicksville Downs on New Year's Eve. It is alleged a few teen agers wearing dungarees and jackets were seen leaving the premises and when stopped by a neighbor they bolted.

The thieves broke the lock on the front door to enter the premises on Allen St. It was reported that approximately \$200 was missing. Not content with that loot, even the piggy bank was broken open. Stamps were also among the missing. What a shock it must have been to walk in the first day of the year to find that state of affairs.

### Weather Cut P-TA Attendance

By RUTH SCHULZ  
Hicksville 3-2549 K

It was too bad that last Thursday's weather was as bad as it was, because many people missed a very interesting P-TA meeting at East St. School. Those hardy souls who braved the elements, were justly rewarded with a program of vital interest to all in the community. The showing of a film which viewed in all its horror and turmoil, the destruction which can be wrought by the atomic bomb.

The need for more Civil Defense volunteers is great, and only experience before the actual show is what counts. Would anyone interested please contact me, and I'll be glad to direct you to the right channels. Clifford Goff of 889 Plainview Rd right here in our own section, is a lieutenant in the Auxiliary Police and would welcome all men who would care to discuss this subject with him. The Police are limited to men only, but women are also needed as Air Raid Wardens.

There was a double birthday celebration at the home of Mr. and Mrs. Bertram Chernow of 10 Gables Rd. on Jan. 1. The Chernow's oldest daughter became seven years old on this day, and Mrs. Chernow's mother, Mrs. Ann Weinstein, of Brooklyn celebrated her 57th birthday. On hand to help cut the cake and offer their congratulations were Harry Weinstein, Mr. and Mrs. Geller and children,

Helena and Jan, of Bayside, Mr. and Mrs. Samuel Appleman and daughter, Rhona, Mr. and Mrs. Harold Braun and sons, David and Elliot, and Barbara Strolowitz. Mrs. Thornton McGill of 21 Gables Rd. chalked off another year on Jan. 10. As the McGill's reside directly across the street from us I was able to observe Mrs. McGill working very diligently on the morning of her birth date. It was a job I didn't envy her—scraping the artificial snow spots from her windows, which had been used as very effective Christmas decorations.

### Society Sets Sale

Mrs. Fred Hohnsfield, Miss Mae Asendorf and Miss Ida Asendorf were appointed to the program committee. Mrs. Christiansen, Mrs. Henry Bach and Mrs. Bregel were appointed to the membership committee.

A clam chowder sale will be held on Friday, Jan. 16, at the parish house on South Broadway. Orders must be placed prior to the sale with Mrs. Bregel at Hicksville 3-0010.

# The Sportlight

By HOWARD FINNEGAN

"Speed more often than not will counteract height and that was the one department in which we just could not match Oyster Bay in recent years."

That observation was voiced to us by Coach Chet Jaworski shortly after his Hicksville High basketball team had completed a ten-point upset over Farmingdale on the losers court, Friday night.

At that time the entire county was waiting the returns from Oyster Bay where an exceedingly tall and veteran Sea Cliff crew was attempting to sever the Bayman's unbeaten skein at 35 games.

To many the 66-56 win for Dick Crawley's boys, which set a new Long Island scholastic record, came so easily that it was regarded as a surprise.

It must not have been to Mr. Jaworski.

The simple analysis of the contest was that the smaller Baymen overcame the height advantage with blinding speed and ran away with the issue.

At one point Oyster Bay zoomed to a 53-30 lead. Crawley, satisfied that the record was established, then relented and the subs took over.

So now as for the past three years Hicksville and Oyster Bay share the Eastern Division North Shore Athletic League lead.

Hicksville's stunning 61-39 blitz of Roslyn in its opening league tussle has been parlayed with the win over the Dalers to get the Comets into a familiar position at this point in the campaign.

The future?

Jaworski has done a fine job and even those who realize his ability keenly did not expect such splendid results.

There are those now who maintain that the Comets could snap the Oyster Bay streak in the contest at home but once again the eight semester rule will tear at the heart of the club.

Last season January graduation took five players from the Comets when they were co-favorites with the Baymen for the flag.

This year both Ray DeLay and Mort Rosner will be forced to the sidelines by the rule against post-grads and what is most important they will depart before the Orange and Black gets a crack at Oyster Bay.

Aside from the desire to konk the Baymen, there are other matters to be considered. Hicksville just is not a contender for the honors.

Roslyn must be faced at home. Hicksville does not have the speed to run away from Sea Cliff. History relates that Farmingdale likes to play on the Hicksville court as well as the hosts.

It appears that everyone will get an even two victory shake with Westbury.

The goal is still a .500 season and a first division finish. With the semester rule powering a cleaver in two weeks that is regarded by many as a doubtful attainment.

However, when it was one win in four starts back in December we warned you not to sell Mr. J. short and we repeat it to you now.

**BOB REYNOLDS**  
In the only game of the intermediate division, Hicksville Hoops lost to the Syosset Dragons 59 to 21. Pete Siskinger had 9 pts. to lead the Hoops in their defeat.

Hicksville Celtics won by default over Hicksville Boosters in the senior league 2 to 0. The Boosters also forfeited to Oyster Bay. Unfortunately the Boosters not being able to stick together, in spite of the efforts of patrolman Bob Reynolds, have been dropped from the league.

Junior league activity saw the Buckeyes win two games last week, defeating the Midgets 41 to 22, and outclassing the Hawks 44 to 1. Kleiss was high for the Buckeyes in the first game with 12 pts. while Budd had 7 pts. for the Midgets. Christian led with 12 pts. for the Buckeyes in the second game while Anderson saved a shutout with the lone point for the Hawks. In the other games, the Midgets defeated the Gulls 54 to 22. Moskow poured 25 pts. through the hoops for the Midgets and Wenzler had 9 pts. for the Gulls. The Hawks defeated the Gulls 25 to 9. Sakaris scoring 9 pts. for the Hawks and Bekahm 3 pts. for the Gulls.

Upon opening league competition, PBC Alumni defeated the Locust Valley Boys Club 96 to 76. Young Harold Manaskie starred on both defense and offense scoring 29 pts. Dick Kerbs helped with a healthy 20 pts. Sunday, Jan. 11, they routed St. Dominics of Oyster

Bay 103 to 68. On Jan. 18, the Alumni will play West Hempstead at the Hempstead Armory, then return to Hicksville to meet Bethpage at the High School, Jan. 10. Game starts at 8:30 P.M.

The PBC Alumni suffered the loss of Mill Levitt who left to serve with the U. S. Army on Jan. 7. He is stationed at Camp Kilmer, New Jersey at present. Good luck to you Mill, we'll be waiting for your return.

Our annual sponsors party will be held on Saturday, Feb. 7, at the Legion Hall. All the sponsors' wives are cordially invited.

# 100-Point Clip May Not Be Enough

WEST HEMPSTEAD—Hicksville PBC Alumni has put so much emphasis on scoring in winning two Alliance League championships that it is now confronted by the possibility that 100 points might not be enough to keep it rolling towards a third title when it faces West Hempstead, here, Sunday afternoon.

Even though Coach Steve Ruggiero has used all hands liberally and in unlikely combinations, the Blue and Gold has really tilted the scoreboard in its first three outings this season.

Locust Valley was the first to go down 97-78. St. Dominics was rated very high until Sunday when the PBC swamped it 102-67 and Monday night Bethpage bowed 121-52.

The local five is so loaded with scorers that there is no concern for the point-getting subject, but the defense is still a question mark and at the risk of being considered unbalanced there are some people who would not be shocked if the PBC ran up 90 or 100 points and lost this Sunday.

Hempstead pressed Hicksville fearfully in a two-out-of-three game series that went the limit for the title last year and has since added a few college players. Gene Kinneson and Pete Tabinsky are holdovers who caused the Hicksville outfit some trouble last year.

Ted Schwarting and Ray Fiether will be on hand for Hicksville and both have most of the old touch. Both boys can score and bludge the Blue in that consideration.

Paramount in the win at Oyster Bay over the Saints was the pressing in front court of Dick Alecock and Harold Manaskie. Their scoring helped to start the rout but it was their ability to steal the ball and harass the Saints that knocked the losers off keel.

The hawking of those two is

## Court Debut

BETHPAGE—The Bethpage All Stars played its first game Thursday night, Jan. 8, against the Bakers Boys Club of Locust Valley at the Bethpage School. The home team was defeated 60-64.

Members of the new team are: Robert Geist, Vince Mackle, Bill Carney, Dan Schiavetta, Joe Divinell, Don Lang, Bob Zawasky, Vince Graziadei, Frank Masino and Mike Scuito.

The All Stars played West Hempstead Sunday night and lost 47-56.
