BMA and State Dept To Survey Local Buying

HICKSVILLE—The Business Men's Assoc will finance and sponsor a survey of local shopper habits, preferences and problems in this community in cooperation with the New York State Dept of Commerce, according to BMA President Charles Trojan. A conference between BMA officials and State Dept representatives who will conduct the survey, working with various local ladies organizations, is set for noon today (Thursday). The survey is expected to demonstrate how much of the average shopper's expenditures are made locally, the advantages and disadvantages of local shopping from the standpoint of housewives and other factors, Trojan said.

School Board Plans To Reply

HICKSVILLE—The Board of Education is planning to issue a formal reply to the questions raised by the Township Civic Council regarding the site of the proposed new high school south of Old Country Rd and the possibility of an adverse vote by the district because of current threat of more Levittown expansion. A spokesman for the Board told the Herald that a reply "is definitely" going to be made. A statement is anticipated following a special meeting of the Board, probably later in the week. The Council had asked for a reply at the "earliest possible date and not later than next Wednesday, Mar. 13."

Another Try To Rezone At Gables

OYSTER BAY—The annual attempt to get the corner of Plainview Rd and New South Rd, Hicksville, in the Gables section, rezoned from residential to business use is again before the town board. A public hearing has been set, according to notices posted on telephone poles, for next Tuesday morning, Mar. 17, at 10 o'clock in the Town Hall, here.

Anthony Villett, builder of the Gables, is the applicant. Requests for this zone change have previously been strongly opposed by residents of the area and rejected by the town board following public hearings.

Gables residents repeatedly point out that the parcel of land was scheduled as the site of a park at the time they purchased their homes. They fear that the application is made preliminary to the establishment of another gasoline service station of which there are now more than 55 in Hicksville.

Civics Find Amended Joint District Bill Ignores Vote

ALEANY—The amended and "purified" version of the controversial Joint Levittown District Bill is expected to reach the Assembly floor, here, next Monday and speed on its way to the desk of Gov. Thomas E. Dewey, still hotly pursued by petitions, letters and telegrams of protest. The amended bill, introduced by Assemblyman John J. Burns (no. 1826, Int. 1765), has been renamed and reworded obviously with the purpose of making it more digestible to Township civic organizations who have been vigorously fighting to halt the legislation.

Oyster Bay Town Board on Tuesday was presented with a petition signed by nearly 900 township residents denouncing the legislation as "contrary to the will of the people." The Town Board was again asked to prove its sincerity by withdrawing official endorsement of the bill.

UNCONSTITUTIONAL

Announcement that the bill has been "amended" was prefaced in Mineola with the statement that county officials had been told that the bill, as first introduced, "was unconstitutional". The State Comptroller informed the county, it was said, that "the bill setting up a single district straddling the town line was unconstitutional since it presented the possibility of double taxation."

Opponents in the Hicksville area had been arguing for two weeks that the bill presented the possibility of double taxation if, as it was claimed, the Hicksville Park and Parking District were not divided or split.

Announcement that the bill was being amended gave no official recognition to opposition to the proposed law. However, local civics felt today that some progress had

West Farmingdale Joins Protest

WEST FARMINGDALE—Petitions being circulated by the Township Civic Council protesting the action of the Town Board of introducing legislation contrary to the "expressed will of the people" in a referendum held Jan. 30 were signed by members of the West Farmingdale Civic Assoc at a meeting in the L. L. Agricultural and Technical Institute auditorium, here, Monday night. Craig Walsh, member of the Civic Council, spoke at the meeting. The legislation provides for creation of a joint Levittown District intruding into Hicksville while the vote on Jan. 30 showed 435 opposed and 193 in favor of such a district. Hicksville and Plainview groups have already recorded protests

been made in view of the complete revisions proposed.

Assemblyman Burns said that his amended bill "makes it permissible to establish a joint swimming pool and community hall district involving the seven Levittown pools in Levittown (Hempstead) Park District and the two pools in the Oyster Bay" township (Hicksville) section together with Levitt Hall.

CONTINUE FIGHT

Objection to the legislation is not expected to slacken. Members of the Township Civic Council have repeatedly stated their opposition on the grounds that the Oyster Bay Town Board held a referen-

dum vote on Jan. 30 to discover if the people wanted a joint district. The vote was 193 yes and 435 no.

The bill, even as amended, still (Continued on Page 25)

The members present unanimously adopted the constitution and by-laws as prepared by the temporary Board of Directors. The nominating committee consists of George Rappaport, Everett Smith, Charles Zuckerman, Ernest Francke and Joseph Reinhardt. Parking, rail road and lighting problems were cited by Schuchner as immediate programs of the Chamber.

MINEOLA — Henry McInnis of First St., Hicksville, is the chairman of the Red Cross fund drive in Hicksville area with a quota of \$3,600 it was announced this week. The county goal is \$625,000 to be raised during March.

Bethpage with Mrs. John Mitchell as chairman has a quota of \$1,200 and the Jericho - Syosset section goal is \$3,900.

Robert E. Hudson is chairman of the drive in Levittown with a quota of \$4,362.

"Enthusiasm for success is running high despite the increased quotas set this year," according to F. Howard Covey of Hicksville, chairman of the county drive. "The general feeling is that people recognize Nassau Red Cross giving service to close to 600 servicemen and their families per month," is operating on a wartime level.

Hicksville and Levittown were each credited with collections of \$26 in the first report of the campaign.

HICKSVILLE — Lawrence M. McGunnigle, assistant cashier at the Long Island National Bank of Hicksville, died suddenly on Wednesday, Mar. 5 at his late home, 92 Newbridge Rd.

A solemn requiem Mass was said at St. Ignatius Church, Monday morning; interment was at Holy Rood Cemetery, Westbury.

He was a member of the Joseph Barry Council Knights of Colum-

bus of Hicksville and the Holy Name Society of St. Ignatius Church. He was a member and a officer of the Hicksville Lions Club and the Nassau County Chapter L.I.B. He was also treasurer and a sponsor of the Hicksville Police Boys Club.

In an eulogy to the Board of Directors Bank president William E. Koutensky said, among other things, that "there was no one ever employed by the Long Island National Bank with more loyalty and thoughtfulness to help everyone, whether it be a fellow worker or a customer. Having worked with Lonnie for over 25 years, it is a deep sense of personal grief that the pleasant association for so many years with a man of his knowledge, excellent judgment and outstanding personality is ended."

To his family, the Directors, officers and employees extend their deepest sympathy with the hope that the knowledge of the esteem in which he was held by everyone connected with the Bank and the memory of his upright and worthy life may prove of lasting comfort to his wife and very fine children, Koutensky added.

He is survived by his wife, Emma; three daughters, Mrs. Maureen Scherer of Baltimore, Md., Kathleen and Margaret; five sons, Lawrence, Charles, Patrick, Robert and Alfred; his mother, Mrs. Elizabeth McGunnigle; six brothers, Joseph, Vincent, Phillip, Raymond, George and Bernard; and two sisters, Mrs. Elizabeth Carmel and Mrs. Elizabeth Lang.

Explains Need For Fast Vote

HICKSVILLE—Support for the high school proposition at the district election on Mar. 22 was urged by Isabelle Glasser, speaking before the Junior High School Parent-Teacher Assoc Mar. 5.

"Our School Board," she said, "has just learned that the new state 7 mil law will, in all likelihood, be a less advantageous to our local school district than the current law which is soon to expire."

"As we know, this law is enacted for one year at a time from Apr. 1 to Apr. 1 following. For this reason many of the surrounding school districts are voting on their appropriations approximately two months sooner than is their custom" the member of the Citizens Advisory Committee explained. "So too, are we in order to take advantage of the more lenient terms of the present law."

NEIGHBOR DOWLING VIEWS NEWS:

Important Meeting On Tuesday

By JOHN DOWLING

Next Tuesday evening, Mar. 17, at the Manetto Hill School, the Board of Education with the co-operation of the Plainview Civic Assoc will hold a discussion meet-

ing on the Board's proposed acquisition of approximately 40 acres of land for school sites. Civic and P.T.A. executive bodies have already pledged their full support of the school trustees' plan to obtain the land now before it's too late and too costly."

The School Board with the help of the Community's Building and Planning Committee and civic leaders has been developing the plan for the past six months. It's basic tenet, in view of what has and is happening in other districts, is to acquire the badly needed acreage before real estate values take another jump thereby increasing the already high cost of land in the area.

The plan is as follows: It calls for the purchase of two sites in Morton Village, strategically located so that primary and elementary grade children can walk to school, thus eventually eliminating the cost of transportation in that area.

The two Morton parcels are approximately 6 1/2 acres each and will cost about \$8500 an acre. This price, according to Morton's attorneys, includes engineering fees etc.

As all Plainviewites knew, the Board of Education, after a series of fruitless meetings with Morton builders, has abandoned the idea of holding any future sessions with Morton or their attorneys since they've adamantly maintained their original opposition to the Board's plan of acquiring any land within the confines of their de-

Road 804.79 feet to the southerly line of land now or formerly of Martin Vienne; (3) South 1 degree 19 minutes 20 seconds West along the old Westerly line of said Plainview Road 300.00 feet to the northerly line of land now or formerly of Charles Krebs; (4) South 61 degrees 15 minutes 05 seconds West along the northerly line of land now or formerly of Charles Krebs 877.12 feet; thence South 39 degrees 46 minutes 52 seconds West 79.79 feet to a proposed street; thence North 53 degrees 30 minutes 00 seconds East 64.92 feet; thence North 36 degrees 30 minutes 00 seconds East 789.00 feet; thence South 53 degrees 30 minutes 00 seconds East 93.57 feet to the point or place of beginning.

CONTAINING within said bounds 6.8348 acres.

4. To acquire by purchase or condemnation a certain parcel of land situated entirely within the District and hereby designated as the site of an elementary school and referred to as the "South of Old Country Road" school site, at an estimated maximum cost for said specific object or purpose of not exceeding \$255,000.

(b) That a tax is hereby voted for the foregoing specific object or purpose in the aggregate amount of \$255,000 to be levied and collected in installments over a period of years and in such amounts as may be determined by the Board of Education;

(c) That in anticipation of the said tax, bonds of the School District are hereby authorized to be issued in the aggregate principal amount of not exceeding \$255,000; and that the tax is hereby voted to pay the interest on the said bonds as the same shall become due and payable.

velopment and have quoted the selling price to be \$8500 per acre.

In connection with the engineering fees which Morton developers say are included in the price per acre and include land surveying and improvement costs, the Board has no way at this time of determining what these expenditures include. However, since the Board knows approximately what Morton builders paid for the land, they will be required to substantiate their claims in court and the price per acre may possibly be revised downward. If any event the Board must set the price high enough to be prepared for any contingency that may arise.

With regard to the third site, which is a 27 acre parcel, the acquisition of this land was also recommended by the Board's building and planning committee and is presently owned by a builder.

The school trustees, however, by taking emergency legal action, without cost to the residents, have been able to prevent the current owners of this acreage from incurring any additional costs such as engineering fees, etc. for a stipulated period of time. The asking price for this land is \$8000 per acre.

And finally, there isn't any question about the costliness of this urgently needed land. The Board, as well as all the residents of Plainview, is fully aware that the price is far too high. But land-wise the district is in an untenable position having no alter-

nate but to go ahead. If the Board waits, as some people feel and fortunately they are far in the minority, the district's residents and its representatives on the Board of Education will be faced with an impossible situation:

1. Without any land, the problem of providing school facilities still remains. The districts will be forced at some future date to purchase land at a higher rate than present values and conceivably might have to condemn existing buildings on that land thereby increasing the cost again.

2. If action is delayed, the land available for purchase at that time may be a considerable distance from the area where there is a great concentration of children. Therefore, cost of transportation would set up in a short period any savings that might be realized by purchasing an undesirable site.

3. The cost of land, according to the experts, is less than 6 percent of the total cost of the school building.

4. Only last week, a district not too distant from Plainview found itself in a position where desirable land was a rarity and was forced to pay \$90,000 for 10 acres of land for use as a school site.

Who will venture to predict that if we wait, the residents of Plainview won't find themselves in a comparable position and thereby forced to purchase land in excess of the price we will have to pay for it now.

BRIAR PARK, PLAINVIEW:

Now Doing Ironing in ComfortBy ETHEL ROONEY
Hicksville 3-5324

Hello Folks,

Oh what a week this has been. The Bosney household has been like a madhouse what with the telephone ringing and the typewriter rattling and Jimmy picking this week of all times to go on a mischief binge. Of course, this was practically the end of income tax time so that accounts for all the confusion. It is an annual event at our house.

Monday was my birthday (I'm going backwards now and getting younger) and finally I got something I've been begging for at least two to three years. I got that Proctor Hi-Lo ironing board so that I can sit in comfort while I iron. Combining that with a foam rubber pad—ironing will be a good deal pleasanter now.

EDWARD ANDERSON of 8 Virginia Ave. celebrated his birthday on Tuesday, March 3. I won't tell you how old he was, but in a couple of years friends can treat him to a bottle of Serautan—he'll be eligible for the "backwards" club. Ed just got out of the service so he had a very happy birthday.

I've gotten a number of calls this week asking about the voting on the purchase of the proposed school sites. Many have considered voting against the purchase be-

cause of our tax rate. That would be the most foolish thing they could do. Malverne did the same thing some time ago — they voted against the purchase of land and last month they paid \$90,000 for a ten acre piece of land. If we don't acquire ours now, before prices go even higher, our costs may run much more than that. Right now our school board can acquire the land at a fairly reasonable cost — later, if the state compels us to do something about our schools, we may have to tear down homes, etc., to acquire the land. Then this same property will cost many times its present price. Think about that folks, and tell your neighbor too so that when March 30 comes around, we will have everyone there to vote FOR the purchase of the school sites.

The intermediate girls scouts will now meet on Tuesday nights instead of Friday nights. This change was effected in order to prevent interference with the Teen Age Club. By the way — the Teen Age club could use some help from parents with transportation. Some parents have been making up to six-seven trips getting youngsters to and from the meetings. I'm sure there are others who could spare a few hours every couple of Fridays. If enough people were

Comfort Committee Holds Election

All Folks:

There is aplenty stirring around here regarding the school situation. Last Friday, I attended a meeting with officers and directors of both the P.T.A. and Civic Assoc. and the School Board, who met with School Superintendent Chisholm. A plan was organized to present to the people as soon as possible. When it is in the process, I will relate it to you. I can tell you it will solve a lot of problems.

I would like to urge you, however, to attend the civic meeting on next Tuesday, March 17. At that time, your School Board in conjunction with the Civic Assoc. will meet with the people of Plainview to explain about the vote on Mar. 30 on three school sites. I cannot urge you more strongly to attend this meeting, so that you will have a clear picture before you go to vote on Mar. 30.

The Comfort Committee of Plainview met last Thursday night at the Fire House to wrap packages for our boys in service. I would like to give special mention to Geraghty's Neighborhood Store, Model Farms. The Comfort Committee has a large jar in the store for donations of patrons toward helping the Comfort Committee financially, to send packages to the boys. The amount donated by the people coming into the store was over \$50.00.

I think this is wonderful, and thanks of the committee as well as indirectly the boys goes out to Geraghty's and the many people who contributed so generously. All of us here will have a chance to help, as a jar is being placed in the Drug King, and if anyone wishes to send money, send it to me and I will see it reaches the Committee. If you know of anyone who is in the Service from Plainview, give me a call and his name will be placed on the list.

The Comfort Committee held their elections also. The following officers were elected: Louis Cervelli, President; Edythe Roberts, Vice-President; Elizabeth Gravell, Secretary; Ann Ocker, Treasurer. Other members of the Committee are: Gloria Reynolds, Ruth Seisser, Charles Lieb, and Margot Pursey.

At the P.T.A. meeting held on Thursday night, a very interesting program took place. Mr. Rees, Physical Director of the Manetto Hill School, led the Girls' Acrobatic Team of Manetto Hill through serious of feats. It was something to see these girls doing tumbles, headstands etc. It made me feel as old watching them. Mr. Rees, then outlined a plan for a Summer Recreational Program to those present. This program would run for about 6 to 7 weeks during the summer. The hours would vary for the different Age Groups. Ages 5 to 6, "Midgets"; 9 A.M. to 12 P.M. 7 to 9, "Juniors"; 9 A.M. to 12 P.M. 2 P.M. to

Set Discussion On School Sites

PLAINVIEW — The proposal to purchase three new school sites for the Plainview School District will be discussed at a meeting of the Plainview Civic Assoc. Tuesday, Mar. 17, at the Manetto Hill School at 8:30 P.M.

Members of the Building Committee and Land Committee members of the Plainview School Board principal Robert Tuttle will be present to answer questions from the audience.

Nomination of officers will take place during the meeting.

Any other community problem may be introduced for discussion and all Plainview residents are urged to attend.

Exempt Vamps Benefit Saturday

PLAINVIEW — The annual card party sponsored by the Plainview Volunteer Exempt Firemen's Assoc. will be held Saturday, Mar. 14, at the Manetto Hill School.

The affair was originally scheduled to be held in the Firehouse but was changed to the Manetto Hill School as construction work on the firehouse has not been completed. Bridge, pinochle, buncy and canasta will be played. A door prize will be awarded and refreshments will be served. B. A. Sattig is chairman of the affair and his committee includes: A. Keute, Robert Berry, Louis Cervelli, George Lowig, Conrad Stiebler, Alex Kiesel, Sr., William Schrimpe and Frank Grabau.

I understand that the Cape Luncheonette is sponsoring a baseball team in connection with the newly organized Police Boys Club Branch here, being sponsored by the Civic Assoc. I do hope other stores in Plainview, will follow suit. I think it is a wonderful idea. If anyone who is interested in FBC work would like to help out, call Mr. Riley at HI 3-4664. Mr. Riley as president of the P. Civic Assoc. has done so much in starting such a movement here in Plainview, and would appreciate any help that anyone can give.

COMMUNITY CONCERT REVIEW: Fine Evening Of Good Music

By ALICE M. WELLS

The combined musical tones which emanated from the harp (Beatrice Schroeder), piano (Gertrude Bary), cello (Virginia Peterson) and the violin (Stuart Canin) added up to an evening of ensemble and solo music of tonal beauty and breadth of musical depth.

This best describes the Concertants who presented the final 1952-53 Hicksville Community Concert on Feb. 19, at Hicksville High School auditorium.

The program began with a concerto by Jean-Marie Leclair originally written for violin, cello and harp. The Concertants rearranged this graceful and vivacious four movement composition to embody the piano—thus adding more richness of content.

ENSEMBLE PLAYING

At the outset of this varied program one was immediately at ease in the obvious coordination of players with each other and thus with the music at hand. Ensemble playing in any form must have this deep integration to produce the warmth and beauty of music written for the smaller groups.

Gertrude Bary, the pianist, gave us the second group, with solos which consisted of the not too often heard organ prelude in G minor (Bach, Slotti) and the sonata in D major of Hayden. Both compositions of the classical school received scholarly and conscientious treatment by Miss Bary who is well equipped musically and has a very versatile technique. Her playing contained weight with a tonal background of sonorous beauty.

Virginia Peterson, cellist, presented a group consisting of Faure's,

Elijah and Popper's famous Vito. To this listener, cellists who strive to produce a tone of singular beauty such as Miss Peterson has, are rather rare. This sonority of tone serves her in many ways—and is always radiant and sure. Her intonation at all times is constant and true—another quality rather rare in cellists. The Liebestraum of Liszt ended this picturesque group on a satisfying note, for audiences always enjoy the familiar in music annals. This was a poetic gem.

HARPI SOLOIST

After intermission we were treated to the solo performance of the lovely harpist, Beatrice Schroeder, a young lady of exceptional talent and wise in her choice of selections. The group consisted of a Corelli Gigue. This opens ones eyes to the distinctive technique of the instrument plus the shimmering qualities of vibrant tones. Following came that Irish folk tune, Londonderry Air, which has a classic quality of lasting beauty.

For her final number Miss Schroeder gave us the Salzedo "Song in the Night." Here with the vehicle of all phases of the harp, Glissandos augmented harmonies painted a sensuous picture not easily forgotten.

Stuart Canin, violinist, next took his solo bow in always pleasing "Havanna" by Saint Saens. A useful musician is Mr. Canin and well equipped to handle his instrument in a sensitive fashion. The audience delighted in his beautiful rendition which showed our violinist to be well founded in technique. He has tempered this technique with subtle dynamics and tones.

All soloists were admirably accompanied by Gertrude Bary and one was aware at all times of her warm support and singular mu-

nishanship.

APPRECIATIVE AUDIENCE

For this varied program, one was further delighted by a final group by the Concertants—Rachmaninoff's Nocturne perhaps better known to singers as "In the Stillness of the Night" and Brahms Hungarian Dance #1. The fitting close chosen by our quartet further served to endear them to the people of our most appreciative audience.

For the unfortunate who missed this evening of good music rendered in highly professional style by true musicians one can only say "Don't miss this opportunity again—become part of our Hicksville Community Concerts and share with us the wealth of artistry and musicianship. Community Concerts come to us and give us all so much to remember and treasure."

Advisory Group Sees HS Need

HICKSVILLE — George McIntosh, chairman of the Citizens' Advisory Committee on Education for the School District, today made public a statement of the committee regarding the proposed vote on a new high school. The statement, adopted at a meeting Monday night, follows:

"The Board of Education of Hicksville School District has called a special meeting of the district on a proposal to authorize a bond issue of \$3,900,000 for a new high school building expected to be ready for occupancy by 1955.

"The vote on this question has been set for Saturday, Mar. 28, 1953.

"The citizens' Advisory Committee on Education has had several conferences with Board members, the architects and Dr. Felix McCormick regarding this project. The Committee has discussed the findings of the Board, and its expert consultants, Columbia Teachers College and the Governmental Statistical Corp. Based upon the studies and upon observation of the Board's efforts, observation of the Board's efforts, purpose and intentions in the overall development of our community's educational program, the Committee is of the opinion that a new high school is essential to meet the needs of our present-day and rapidly growing pupil population.

"The new high school is another step in the program of the Board of Education which is giving full consideration to the over-all requirements based upon the findings of recognized authorities and recognition of the practical aspects.

"We urge a positive vote on the proposition."

Current Comment:

We're Just Behind Times

By Fred J. Noeth

TODAY we present a little review of our old fashioned belief in democratic government. We admit it is rather old-fashioned by present day experience in our town.

There was a time, not so very long ago, when public officials used two proven devices to determine how people feel about certain issues and questions. The one method was the "public hearing" which had as its hazard the fact that when said hearing was closed and the shouting ended, the authorities who conducted it sprinkled the assorted views with something called "judgment".

The other method was the public vote or referendum. This was generally much more satisfactory from the public's standpoint since it asked for a specific "yes" or "no" upon a stated question.

Oyster Bay Town Board has proven how far behind the times we really are: Town officials spent five hours of their valuable time at the Dutch Lane School, Hicksville, on the evening of Jan. 30. They hired voting inspectors (at your expense) and acquired voting machines. People came and voted and the votes were counted. The Town Board looked at the results and said "We have to talk to Hempstead about this", or words to that effect.

The vote was just a nice workout. The Town Board paid no attention to the results, except to do just the direct opposite with the footnote comment "Friends, we are doing this for your own good".

In the "olden days" people told public officials what they wanted and officials tried to comply. But that was back in the dim, dark pre-stomach age. Today officials apparently do what they "think is best" or, what is even more serious, "what Bill Levitt will accept".

To go on with this old-fashioned civic review:

Some of our citizens recently called upon their local legislators. Assemblyman John Burns and Senator William Jults, both gentlemen were upset with views they received because, they said, "home rule must be preserved". If the citizens have a complaint, they should tell the Town Board.

But where is "home rule" when a public hearing is being set-up with two town boards meeting jointly? Where is "home rule" when officials of another township are going to sit in judgment upon a problem in this township? Hempstead Town Board has six members and Oyster Bay Town Board has only five members. Can you guess which town board is going to carry the weight?

Oyster Bay Town Fathers can wear expressions of little boys with freshly scrubbed cheeks this week. They said the Hickville Park and Parking District would not be split and, by golly, thanks to the fact that their proposed law has been branded as contrary to the State Constitution, it will not be split.

But can they be so blissful about the fact that their pious promises have been made good because they were "saved" by the Constitution of the State of New York?

Can they be serene about the fact that they are endorsing legislation contrary to the will of the people as expressed in a referendum they devised, supervised and conducted?

But like we said in the beginning, we're just too old-fashioned to understand such things. Integrity and fair play apparently is confined to crooks only on the national and international scheme of things.

SOUTH WEST CORNER of Hicksville, prominent in the news these days, is published by the Herald for the convenience of its readers in cooperation with the Township Civic Council. Indicated on the map as "A" is the site of the proposed new high school building, running from Newbridge Rd. to Division Ave.; "B" is the new Holy Family Catholic Church, now under construction; "C" in the shape of an F is present Hicksville High School; "D" is Levittown Hall, now padlocked by William Levitt until the Oyster Bay Town Board puts thru the legislation

he finds satisfactory for his purposes. At "D" and "E", West Village Green, are swimming pools still owned by Levitt which have been operated at his expense for the past two seasons. "G" indicates three elementary schools built by Hicksville School District. "F" on Jerusalem Ave. is the Allied Shopping Centre which is advertised in the daily newspapers as being "Levittown". Arrow at left margin of map indicates Old Country Rd. which has been frequently mentioned as the northern boundary of a proposed City of Levittown.

HERALD READER OPINIONS

Answers Civic Council On New HS

By JACK DRUTMAN

In the past few days reports have appeared in the papers implying opposition to the proposed new High School by the Oyster Bay Township Civic Council on the grounds that the area which includes the site may "within a short span of time become Levittown, City or Special Districts."

The Oyster Bay Township Civic Council suggests first that the vote may be defeated at the polls if the site is not changed, and second, in order to approve the vote, "assurances must be received from the governmental authorities that the site will remain part of Hicksville."

I desire the fact that the Oyster Bay Township Civic Council will choose this time, three weeks before the vote on the New

High School, to sacrifice an educational facility so vitally needed by our own children, in order to hear political pressure on the Park District issue. This is further deplorable in the light of the following:

1. There has been no noticeable movement in Hicksville toward formation of a "Levittown City."

2. Were such a move in evidence and were it successful, the school district would remain intact under existing law.

3. Should the Board decide to change the site of the school as suggested the completion of the new High School would be delayed for years, making our school situation impossible for the next few years regardless of later buildings.

4. Should the Board decide to accept the Oyster Bay Township Civic

Council is exerting pressure on governmental authorities in behalf of any political issue it would be in direct violation of the State Education Law, which explicitly separates school policy from politics.

In view of the fact that much damage may have already been caused to the outcome of the forthcoming vote by the irresponsible news releases, it is only fair that the Oyster Bay Township Civic Council, should it decide to change its stand, announce such change publicly in the same newspaper that carried the original announcement.

Regardless of the turn of events, I feel that the school district needs this High School vitally and our efforts should be aimed at complete public approval of the vote

About Just Being Neighborly

By BARBARA MURRAY

I would like to say that I enjoy reading this paper. There are many interesting facts about each section. I also noted there was nothing in reference to Eileen Gordan Homes. We are located off Old Country Road near Janet Drive, Bethpage. There are many homes here.

The reason for buying a house out this way was due mainly to the thought that perhaps I and my family, 43 children and husband might find it to be friendly and the people hospitable. To my surprise I found it very cold and I don't mean the weather. I have always made friends and went out of my way to do so, trying in this manner so that I wouldn't be considered a snob.

Perhaps I am judging people wrongly. I do hope so, then I will be able to be contented here.

In Whitestone, where my sister lives, the people are neighborly as

neighbors should be not just a this section to the stores and either there is no one to see or they think you are crazy if you say hello!

My daughter, aged 13, helped a lady with her packages and she was told it was the first time anyone said hello to her in one year and a half.

ALONG WOODBURY ROAD

Cosmopolitan Club and Calm

By GENE MALJEAN

Hicksville 3-5515

I'm writing the column while in Brooklyn, this week; therefore you might call me a foreign correspondent. Nevertheless, it is a strange place after becoming accustomed to our placid Hicksville, comparatively speaking. I have lived in Brooklyn and Queens for many years and should be right at home here, but everything around me is so busy—the stores are jammed; all in all—it's electrifying.

When I arrive back in Hicksville tomorrow I'll welcome it's calm—easy pace, although, with these new—tremendous shopping centers mushrooming about us we can feel the conveniences of the city creeping out and infiltrating the space about us. According to my neighbors, the girls are looking forward to window shopping on South Oyster Bay Road.

Getting back down to earth, this past Tuesday a meeting was held in Petaki's by the Twin Lawns Civic Assoc. The reason I include this bit of news is that it affects residents of the Hicks Homes off Miller Road. One of the matters discussed was the membership of Hicks Homes in their organization. Next week I'll cover the details. Other matters discussed were Future Taxes, Civic Council Town of Oyster Bay, Commercial Traffic on Twin Lawns Ave. and Sunset Strip. Resurfacing of Miller Road. That last item is particularly endearing to my heart.

Did you receive your Republican Club Journal yet? It's out, and includes a map of Hicksville that is up to date, and something we can use when we hear that fire warning, a listing of the latest call signals.

On Briggs St. a baby was born to Mr. and Mrs. Walter Burrows. It was boy who arrived at 2 A.M. Tuesday. Weight—7 lbs. 8 oz. Speaking of babies, if you would like a crib—free for the asking—and in good, clean condition—pick up the phone and ring me . . .

May Bode's son, Kenneth, is convalescing after an operation on his eyes. A tight muscle wouldn't allow his eye to move, and—thanks to the operation—his eye movement is now normal.

Woodbury Gardeners Gladys Blaser, May Bode, Rosalie Leahy, Betty Kresman, Mary Seagriff and Mary Gallagher attended a meeting of the Confraternity of Pius the tenth, at St. Ignatius Loyola. There were 80 present. The bill for three months' transportation by the school busses amounted to \$102, which provides transportation for the children taking instruction for First Holy Communion. This has nothing whatever to do with the regular daily transportation via bus. Monday and Wednesday are the instruction days for the children and the fare they pay is 10¢ round trip. Children come in from Jericho, South Hicksville Levitt Homes, Syosset, and many other neighboring communities. A little problem has arisen because the children often decide to walk to save the dime. In the meantime the buses still run and continue to cost the church money. In almost every case, the children who walk to instruction ride back, at a time when fares are not collected. This condition, along with some parents forgetting to give the child the dime, cuts down revenue which would pay the big bus bill. Now, what can be done?

If the parents forget to provide the dime because of a last minute rush a perfectly natural mistake, a dollar can be paid in advance to avert this. If your child is walking to school instead of riding the busses, and riding back, you can speak to him about it.

The assistant District Attorney Edward Robinson will be the guest speaker at the next Parent-Teacher's Meeting at the East St. School. Nominating committee will be formed for the election of officers next month. Don't miss it, folks—it's tonight!

Our Good Neighbors: Marge Gianelli, president of East St. Par-

ent Teachers Association, who was made life member of the PTA last meeting. She also serves the Confraternity of Pius the Tenth as treasurer, and provides transportation for Communion instructions for children in the Levitt Homes, Mondays. As if that isn't enough, she teaches a first aid course to Adelphi College nurses at Meadowbrook hospital.

She taught for a year and a half in California before she came here, and has been private counselor and swimming instructor. Having also worked at Grumman's she is a resident of Hicksville for 10 years. She has earned her M.A. in History and is a member of the alumnae of Fordham. Her husband, Bill Gianelli — served three years in the army and was stationed at Mitchel Field. He is in the printing business with his two brothers, who also live in town. They go under the name of Wilgian Press. He is an honorary member of the Ancient Order of Hibernians and a fourth degree member of the Knights of Columbus. He is also a Legionnaire. The Gianelli's have three children: Clark 9, Paul 7, and Anne 5.

Meet CAROL HAUSER, teller in one of New York's banks.

WE ASKED A BANK TELLER

"How much of your phone bill goes for taxes?"

When we asked Carol Hauser this question, she snapped open a roll of new pennies, counted out 25 cents and asked, "This much?"

She was close—but the fact is that 30 cents out of every dollar you pay for your telephone bill goes for federal, state and local taxes.

How Telephone Company costs have gone up since 1940

Lead up	160%	Cable up	105%
Poles up	139%	Raw cotton up	229%
Taxes up	164%	Burdings up	106%
Copper up	114%	Steel up	73%

yet phone service is up an average of only 15%

—more for some, less for others, of course, depending on the type of service and the use made of it.

Amperex Workers See Heart Fund Start Here

HICKSVILLE—Workers at Amperex Electronics Corp., Duffy Ave., here, witnessed the recent opening of the northeastern states territory Machinists Heart Fund Drive in a ceremony at the plant.

Fred H. Cooney, general vice-president of the International Association of Machinists, signed one of the 16,500 Heart Fund Scrolls being distributed among the union membership not only throughout this territory, but all over the country.

Miss Marian Fegeley, director of the Heart Division of the Nassau County Tuberculosis and Public Health Assoc., participated in the ceremony. Her division is the offi-

cial representative and affiliate in this county of the American Heart Assoc.

At Amperex, Paul Binder, union shop chairman, and Charles F. Long, treasurer are heading up the drive. "We've almost completely fulfilled our share of the Union's contribution to the Heart Fund. Figures are still not compiled, but we will soon know the exact amount workers at Amperex have contributed to this important work of the American Heart Association," Binder said yesterday.

8 Ambulances To Roll Soon

MINEOLA—Nassau's Police Dept., nearly 200 men short of necessary personnel, has been unable to put eight emergency ambulances on the road. This week, County Executive A. Holly Patterson decided on hiring 29 civilian drivers for three shifts, "round-the-clock". The men, assigned to an ambulance in each police precinct and two in Headquarters, will undergo intensive training in first aid. Calls for "emergency ambulances" will be made through the police only and "stomach ache at midnight" won't qualify!

POLE, 2 CARS COLLIDE
HICKSVILLE—Edward Milacek, 21, of 34 W. John St., hurt his right leg and face when the 1951 Hudson he was driving and a Nash operated by Mary Mooney of Goosehay, Southold, collided with a pole at the corner of Jerusalem Ave. and Summer Ln. on Feb. 28. Milacek's car was damaged on the right side and taken to a repair shop.

Experience is the best teacher, so it naturally follows that she should be the most expensive.

Telephone Co. Buys Property

WESTBURY—New York Telephone Co. has purchased a piece of property on Maple Ave. near Post Ave. here as the first step in bringing dial service to Westbury customers, it was announced by John F. Simonds, company manager.

"The plot, which is one block north of the present central office building on Buller Ave., is a vacant lot about 150 feet wide and 226 feet deep," Simonds said. "We expect to start constructing a one-story building to house the dial equipment late this summer. We will then begin to install the new facilities as soon as the material becomes available. Under present conditions, it will probably be a couple of years before the program is completed."

Prosperity that is based on war—or preparation for war—always has more fatty tissue than bone and marrow.

Protesting Action Of Town Board

By BUNNY LAUER
Hicksville 3-2794-L

"Taxation without representation is tyranny", a famous quote by a famous man—Patrick Henry. One of the many reasons our country was founded was that free nation could have a voice in its government. How many years ago was that? Are we progressing or going back? Maybe we should give ourselves back to the Indians, huh? Any self respecting person should fight to uphold the high ideals that started us out as a nation.

For shame a group of high respected citizens chosen by the people to represent them in our Township form of government are failing us so miserably. Are we to lose our democratic form of government to a few dictators? No, no. Fight back now for not only will the bill introduced in Albany permit the split of Hicksville District, but it will ease the way for future bills that might also be directly against the people. Why was the taxpayers' money wasted on a vote that the Town Board does not respect? You can help by sending your protest to the Oyster Bay Town Board, County Executive Patterson and Gov. Dewey and be sure to sign the petition in protest.

HICKSVILLE GIRL SCOUTING:

New Troop For Hicksville

By FLORENCE VRYN

A new troop of Hicksville Girl Scouts has been formed in the Old Country Road School. Mrs. Olga Walker is the troop leader and Mrs. Marion Mann is co-leader. The members of the troop are Ethel Altman, Mary Ellen Berman, Kathleen Caesar, Candita Cancilleri, Marie Cancilleri, Connie Amaro, Carole Devine, Eileen Frawley, Vivian Goodman, Jeanette Ladab, Suzanne Mann, Eileen O'Halloran, Sylvia Roberts, Susan Sirkin, Carol Sutler, Vera Walker, Doanna Francis, and Cheryl Paladino. ATTEND COOKING CLASS

Scouts from two Hicksville troops attended the cooking classes held at the Parkway Community Church and sponsored by the Li Lighting Co. The instructors for the classes are Norma Platt and Helen May of the Home Service Bureau. They are assisted by two apprentices, Helen Mansfield and Dolores Folan. The Scouts who attended the classes were Gloria West, Kathleen Healy, Rosemary Healy, Pat Rummery and Judy

Petrie of Troop 134 and Judy Scheriff, Diana Williams, Phyllis Reden, and Barbara Joseph of Troop #7.

TROOP 20 MRS. EDWARD HENKEL — LEADER

The troop held an investiture ceremony on Friday March 6, for Carter Levine and Susan Parker. After the investiture, the scouts visited Boo's Bros. nursery on Hempstead Ave. The Troop is planning a celebration for Girl Scout Birthday which will feature an amateur program, and a satire on "Leaders". The climax will be supplied by a large, specially decorated birthday cake.

POSTPONE ONE TOUR

The tour of the United Nations sponsored by the Program Committee of the Hicksville Town committee had to be postponed until Mar. 22. The tour was scheduled for Mar. 8, but the weather made traveling hazardous. Scouts from each Intermediate troop were invited to represent the troop for the trip. These delegates will, in turn, bring back their impressions of the tour and other troops in Hicksville have made tentative plans to duplicate the visit.

Braun's Meat Market has allowed the Girl Scouts to use the store window for a display in honor of Girl Scouting's Birthday which is today March 12. The planning of Chairman of Hicksville Town Committee. Individual Scout Troops were asked to submit posters for the window display under the supervision of Mrs. Jack Ingalls, Program Director. In addition to this joint activity, the troops in Hicksville held celebrations complete with birthday cake and candles for their own members and guests in honor of March 12.

The Mid-Island Council, of which the Hicksville Town Committee is a member, will hold a Juliette Low Luncheon on Mar. 21, in Westbury. This is the celebration in honor of the founder of Girl Scouting in the United States and the enlargement of the celebration held in the towns and troops.

Seek Addition To Dutch Lane

Emergency conditions as defined by the Columbia University Survey exist in the Hicksville schools. Milton Leavitt, chairman of the Dutch Lane P.T.A. School Educa-

Hicksville school enrollment will increase from the present 5,000 to 11,000 in 1968, according to the Columbia Survey statistics.

Leavitt said that double sessions and crowded rooms tend to lower the standard of education and lack of time for extra-curricular activities lowers the standard of social adjustment. He urged all to vote on Mar. 28 for the new high school.

A resolution was passed to request Hicksville School Board to consider immediate plans for a 10-room addition to the Dutch Lane School and any additions for schools in the area with similar problems.

Jack Green, chairman of the Ways and Means Committee, announced that a Spring Fair will be held Friday night, Mar. 20, at the Dutch Lane School. Proceeds from the fair will be used to purchase a gift for the school.

A nominating committee was named to prepare a slate of officers for election at the April meeting.

HURT IN COLLISION

Tax Returns and Spring Arrives

By FLORENCE VRYN
LE 9-6407

Well Hill! If while you read this you suddenly realize you haven't sent in your 1940, better get to it. I'd hate to see our mailing list all mixed up with Sing Sing addresses. This is the only season of the year when Uncle Sam's form gets more attention than Marilyn Monroe's. It certainly gives you a new perspective on some of the year's events. Well do I remember how I almost had to go home to mother (poor woman) when I accordin'ly placed the front door on the car. But now that the pain in the wallet has been relieved I can at least point to a nice deduction I managed. I have been informed one more deduction like that one and next year—one less dependent on the tax return.

We were shopping in Hempstead the other day when I saw Sally Reynolds sailing by (rainy day) with Phyllis Hanney right on

her heels. Sally is trousseau shopping these days and Phyl is giving some sisterly hints. Scooter Lane has taken on a very festive air. And that reminds me, the Hoffmann's are doing a beautiful job on their garage. Spring has arrived on Scooter Lane when the hammer and nails are out so early. That's ambition for you, and they will be able to sit out in the sun and laugh while the rest of us are pounding our heads off in mid July.

Yola Cersosim was telling me what a delightful time she had at the Cub Scout dinner in the Dutch Lane School last week. Yola is a wonderful worker as the girl scouts well know, and I'm whisking her into hiding if those boy scouts start stealing our thunder. Seriously, Yola is unfailingly generous and we could use a lot more like her in every organization, unfortunately there aren't enough to go round. The Cersosim's live on Ball Park Lane.

Ball Park Lane reminds me I haven't seen the newest member of the Hawes household yet. With the addition of young Donald there are three kings and one queen in the junior set. Barbara amazes me, she manages everything so serenely.

Here is good news for those of you who would like an interesting evening "playing cards." The Mother's Auxiliary of the new Dutch Lane troop of the Scouts, is sponsoring a card party for the new troop. The tickets are 75 cents each and the card party will be held on Mar. 18, a Wednesday night. Tickets may be purchased at the door the night of the affair. Come on and bring your Canasta club with you. The kids are just starting their troop and they could use help. It's going to be a lot of fun, I promise. Hope to see you there.

Our tulips are up about three inches so I'll have to get used to gardening again.

The SENTINEL

Foisting the Hell Upon the Public

No action of the Town Board has been more revealing than its proposal to foist Levitt Hall upon the public as a tax-burden in spite of a clearcut vote against establishment of a joint hall district. In discussion after the vote, the Councilmen commented that, "obviously, the people did not want the Hall."

Nevertheless, the tax-payers are to be stuck with it. That seems to be the present intention of the Town Board. It certainly would take Levitt off the hook.

Who is being served,—and why?

Hall as a Health Station

The County Commissioner of Health, Dr. Earle G. Brown made quite a point last week of discontinuing a health service in this area because the Hall was closed.

From the announcement, one would assume that there exists no other building or space anywhere in this area which could be used for the purpose,—which of course is plain nonsense.

If the Hall were operated as a Neighborhood House, as suggested, by the SENTINEL, it could have been reopened long ago. Health stations are frequently operated in Neighborhood Houses, and they are then available to all the people of the community—not just those living in one type of house.

In the meantime it would appear that by keeping the Hall closed, Mr. Levitt is denying health service to the people of this area—at least that is the implication of the Health Commissioner's announcement.

Hall as Recreation Center

Rumors have it that the Hall will be included in a new "Recreation" District. It seems to the SENTINEL that describing the activities at the Hall—the numerous meetings for one purpose or another—as recreation, is stretching the meaning of the word pretty far.

Although Irvin Goldman, Levitt attorney, in securing a zone change to permit erection of the Hall described facilities that would have been useful for recreation, the building, as constructed, contains only two meeting halls and little else. The larger one of these has a makeshift stage, infrequently used for theatrical productions. The terrazzo floors are hard on the feet and dangerous to athletes; unsuitable for basketball or gym and unpleasant for dancing. By and large, the principal use of the building has been for meetings and gatherings. These have now seemingly all been successfully transferred to other places,—except for special meetings held behind closed doors, of course.

Considering its limited use, it is a moot question whether the Hall can properly and legally be described as a public recreational facility and supported by taxes levied upon and collected from all the Levitt-house residents.

Again 'Reorganizing' the Facts

Back in October Marvin Sultan, now president of the NLHOA, wrote a letter to the HERALD in which he spoke of "reorganizing" the facts. That expression came back to mind when the SENTINEL heard excerpts from letters sent last week by Jack Surkin of the NLHOA to the various civic organizations in an effort to persuade them to discontinue their affiliation with the Township Civic Council.

It's all a foul scheme to promote incorporation of Hicksville, claimed Mr. Surkin. That amused the civic leaders who had heard of no promotion of incorporation, except of Levittown City. Also, as some of them had been independently advocating incorporation of Hicksville as protection against further aggression, they could not understand why it should be considered such a vile, contaminating thought. We are only trying to safeguard our recreational facilities, pleaded Surkin. "So what?" commented the civic leaders, "nobody is trying to take them from you."

Possible overcrowding of the pools by Hicksvillites if they were transferred to the jurisdiction of the Hicksville Park and Parking District was also stressed in the letters. That too, evoked smiles. Many recognized the old stuffed boogey-man.—Hicksville appropriation of the pools,—being thrust forward again.

The "reorganized facts" were not convincing, except in a manner counter to that intended.

What's Yours Is Mine

Of course, said the letter, we wish to stay in Hicksville Fire District, Hicksville Garbage District, and Hicksville School District. The Hicksville Parking District will remain.—You have no parks.—Perhaps later, when you have parks, you can organize a Park District. That was the substance of part of the letter.

In effect it said,—"What's yours is mine,—and what's mine is mine". Not that residents of other Hicksville areas want any part of the pools or Hall.—It sounded so immature, so much like the four-year-old who had not learned to share and get along with people. Grabbing everything in sight that was desirable while offensively defending his own possessions.

The SENTINEL does not believe that the crassly selfish NLHOA attitude reflects opinion in this area. Judging from past NLHOA utterances, especially those made in connection with the attempted "split" last year, NLHOA speaks for only an insignificant minority.

School Sites Not Donated By Levitt

At the Fork Lane School PTA meeting which Hicksville School Board members attended to answer questions submitted in advance by parents, the perennial claim that Levitt had donated the school sites cropped up again. There have been reports that, as a preliminary

On Feb. 27 The Mixers Social Club honored Mrs. Tiny Marks of 14 Mead Ave. with a surprise baby shower held at the home of Mrs. Dorothy McMahon of 10 Mead Ave. Hosting for the event were Mrs. McMahon, Elsie Groh, and Frances Carpenter of Hicksville, Dorothy Marks of Plainview, Esther D'Agostino and Anne Marie Roth of Bethpage.

The game room was decorated tastefully in green and yellow streamers, and a small crib was similarly prettied to receive the gifts. Kewpie doll nosegays were prepared for all present to wear and keep as remembrances of the

THE SENTINEL

(Continued from Page 17)

to the rumpus election people had been told that Levitt had given everything, including school sites—even schools.

Of course the plain facts are that Levitt gave nothing, neither sites nor schools, and that the sites were purchased by the school board in locations which they considered undesirable—Dutch Lane and Old Country Road,—in a size that was too big, at Dutch Lane, and in a size that was too small, at Fork Lane,—all at the insistence of Levitt who had determined the school locations in advance. Urgency of school construction did not permit making another choice or instituting a hearing and pressing condemnation proceedings.

The price was what astounded the PTA meeting. When it was given at the request of one member, a gasp went through the auditorium. For the three sites, the cost to the school system was some \$148,000,—and in that Levitt included unpaid back taxes.

The SENTINEL wonders what unpaid taxes there are on the pools and Hall.

Opinion on Levitt-House Matters
By a Levitt-Home Owner

Dividing The House

"If a house be divided against itself, that house cannot stand".

The issue being fought today in Hicksville is not one of pools or ball or baseball parks, as some including the politicians would like to make you believe. It is the issue of dividing the house of Hicksville, of dividing an integrated structure of services shared in common, of schools for all the children, of fire-fighting to safeguard everyone, of miscellaneous services supported and shared by all. It is the issue of splitting instead of maintaining unified, a community that must live and work together, a community with tax-burdens, obligations,

and services, especially schools, that must be shared together.

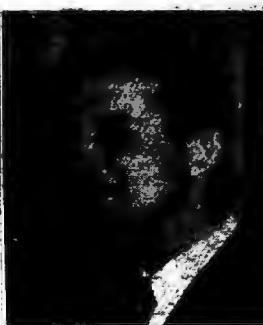

How can sharing go on amicably in a community viciously factionalized into "Levittowners" and Hicksvilleites?" by utterly unnecessary and unjustified Town Board actions?

No one in Hicksville wishes to obstruct the restricted use of pools, or of the hall if it is desired, by Levitt home owners. That, including reciprocity of use of pools in Hicksville and Levittown, can be achieved within the existing framework of boundaries, control, and government.

"Splitting" the community is a callous, calculated plan of action uncalled for and unneeded, which would be a disservice to everyone in the community and would serve only those planning to integrate us into Levittown, city or district, and Levitt, and, those mercenary or politically or personally ambitious persons who are willing to sacrifice people and a community for favor or financial gain. They desire dismemberment and disunity to serve their own selfish purposes.

Why do they desire to divide the house of Hicksville? Hicksville has been growing strong; too strong for their liking. A divided community can more easily be controlled. Also, there may be financial profit to be derived from the division.

We must prevent the house of Hicksville from being divided against itself. Politicians must be prevented from segmentalizing the area, from pitting faction against faction for their own selfish ad-

NORTH EAST REPORT:

Glad To See Black Hills Going

By MARY HERVAN
Hicksville 3-4736-W

Mrs. Betty Shore of 2 Dorothy St. celebrated her birthday with a party. Around the birthday table were Patricia, Henrietta, and Lucille, her daughters, and Vincent her husband. What nice way is there for mother to celebrate than by having her loved ones near her?

Arthur Chanin of 16 Violet Ave. celebrated another birthday. A family party marked the joyous occasion. Surrounding the happy father were Leslie, his daughter; Ricky, his son, and of course Lee, his wife. Lee Chanin has the distinction of being the first woman to write this column.

Jack and Betty Walsh of Libby Ave., are having their house done over. From my back yard the other day I saw a few men around their house hitting the shingles off a house. But when the work is completed the Walsh's will have a stone house. New beauty will be added to Libby Ave.

Mrs. Linda Paszynski one of the newer residents of Bobbie Lane spends a lot of her leisure time being active in sports. The other day she went ice skating at Skateland in Williston Park. She went with Mrs. Edna Lorick of New Hyde Park, and Mrs. Lorick's niece, Miss Grace Spriggs. They topped off an enjoyable morning of skating with lunch at Mrs. Lorick's. Oh, to be as energetic and as skilled as Linda.

The mothers of Zelma Homes are happy to see that the hills of black top soil have been removed. There are happier mothers in the development, because there is less mud to cover the children and that much less that can be brought in for mommy to clean up. The children aren't as happy as they were. I think children are happiest when they come home after a tiring day playing in the dirt, if the dirt should be a little wet so much the better.

I would like to take this opportunity to extend our best wishes to Mac and Lee Nathanson on their Anniversary. Regret no details of the happy event, phone was busy every time I called.

It is mighty cold outside today

with the prospect of colder weather to come. But there is one person that won't mind it in the least. Ralph Reec of the United States Coast Guard sails Monday morning for a cruise to Bermuda. Too bad it is a Coast Guard ship his wife, Doris, would just love to be going along.

Just What The Undertaker Ordered: — We want to tell the story about a member of the Post who was almost talked into believing his days were numbered. It seems that in his travels around the city he supposedly made a fairly large sale. During the course of the evening Mrs. Caroline Ellinger was presented with an appropriate pin symbolic of 25 years of continuous service. Mrs. Betty Dingman, the Auxiliary's first president and Mrs. Helen Deubel, absent due to business and illness, respectively, will be awarded similar pins at an early date.

Arranging the complete program, were Mrs. Betty Taverna, Mrs. Kay Mazzie and Mrs. Strong — three persons whose untiring efforts made the celebration the success that it was.

Attended the Auxiliary's 26th Anniversary celebration Feb. 23. The affair, dignified and impressive, was considered most successful and a credit to the Unit presently headed by Dot Rahas.

Guests included County Executives Mrs. Ruth Umstadt, Mrs. Edna Spittel, Mrs. Lois Miller and Mrs. Hazel Greenbaum. At this point we would like to

say that every Legionnaire should encourage the women of his family to join The American Legion Auxiliary. In that organization, they can share his American Legion interests.

We've been hearing about Bob Purcell and an engagement ring. Are you finally making plans, Bob? . . . Cliff Daley should be passing out cigars at the next meeting. We all smoke Corona Coronas, Cliff. . . . Other recent fathers: Charlie Emma and Al Peterkin. . . . Bruce Laudig, the unperturbed chairman of the road sign project promises to get the job done. Good luck, Bruce.

Last week's column on new membership brought no results whatsoever. Maybe Legion membership should be somewhat stricter. After all, it's only human nature for people to try to get into things they aren't supposed to get into. The fascination of what's inside might be an incentive to join.

"A Day at the Powell Ave. School" was shown with color slides of a typical day at the school. Each grade teacher gave a short explanation of the class depicted in the slide.

Members of the senior Boy Scout troop showed a collection of artificial flowers made from fish scales and shells.

Mr. and Mrs. Cliff Daley of Harrison Ave. are the parents of a son, Dean Michael, born on Mar. 6 at Brunswick Hospital, Amityville. He weighed 8 pounds and 13 ounces. The couple has another son, Clifford Dennis.

Arnold Jenny will be the guest speaker at a meeting of the WSCS of the Bethpage Methodist Church tonight (Thursday) in the church basement at 8:15 P.M.

A barn dance sponsored by the Youth Fellowship of the Bethpage Methodist Church will be held Saturday, Mar. 21, in Bethpage Firehouse. Hank Dresner will be the caller with his Paradise Trio. Prizes will be awarded and refreshments served.

Mrs. Doris Pensabean, chairman, announced that proceeds will be used to help send the youth of the church to Shelter Island Camp.

Among their guests were Judith Beckel, Arthur Kessler, John Fallon, John Brady, Kevin McNamee, Robert and Christine Armstrong, Beatrice, Helen, Rosemary and Frank Guelpa. The twins received many lovely gifts but the nicest of all was the presence of their father who was home from Canada.

DANCE SATURDAY

A St. Patrick's Day dance will be held this Saturday, Mar. 14, at the Bethpage State Park clubhouse under the auspices of St.

Martin of Tours Church. Al Kord's Orchestra will provide dance music.

An electric razor donated by Barney Downs as a door prize for the dance was picked up by mistake from the Hempstead Bank Friday. Peter Castelluxi asks that whoever found the razor please return it to the St. Martin of Tours rectory on Seaman Ave.

A movie, "Behind the Tourist Curtain," was shown at three assemblies in the Bethpage School on Mar. 6 under the direction of Miss Kathryn Lally. The picture described the process by which bundles of clothing from American school children are distributed in Europe. Mrs. Robert Gillespie, chairman of Save the Children Federation for this area, was present as a guest.

STORK SHOWER

A stork shower, in honor of Mrs. Tom Oliveri, 1 Derby Lane, Bethpage, and given on March 1 by Mrs. Tony Russo and Mrs. Jay Langton, was complete in its surprise.

Plainedge Activities

By DOROTHY VAN HORN
The staff and board members of Plainedge School attended a square dance at the school gym on Friday evening March 6. Thanks to the planning of the Plainedge Social Committee, Betty Whalen, Pat Haggerty and Pat Meringolo, a good time was had by all.

On Feb. 26 Mrs. Fazio first grade teacher left Plainedge to adopt twin baby boys. Former pupils and the staff with Mr. and Mrs. Fazio great happiness with their new family.

Due to crowded classes a new third and fifth grade class has been formed. The third grade with Miss Lyn Zuckerman as teacher will be located at the Annex. Daniel Diannino will take over the new fifth grade at Plainedge School.

 willing to help, no one would have to do it too often.

Something came to my attention this week that I believe should be brought to your attention. It seems there is a rumor spreading around that U. S. Steel was interested in purchasing land in Plainview for a plant. This certainly would reduce our taxes. However, according to the rumor, this purchase was vetoed by the Plainview Civic Association. This is a complete LIE. That may be a harsh word, but it is the only one that applies. Despite considerable investigation there is no evidence in ever found of U. S. Steel being interested in land here in Plainview, and if they were, no one group could welcome them more than your Civic Assoc. If anyone comes to you with such a story, how about setting them straight? Rumors like this can do your community much harm so do your share in cleaning this up.

PLAINVIEW GIRL SCOUTING: Troop 145 Holds Investiture Rites

By RAE CANTILLI

Recently I mentioned in my column about little girls enjoying Scouting. This also pertains to older girls as well. There is no joy in being a Girl Scout as great as when you are a teen-ager. So many more things are open to you. When you are an Intermediate Scout or a Senior Scout, you will learn to camp out, to cook over an open fire, to go out on field trips and see things which before that might have been an impossibility.

I myself, was a Girl Scout until I was 17, and never once did I feel that I didn't enjoy myself. I was a pretty proud gal to wear that uniform with its many merit badges and service bars. I never regretted till this day the fact that I was a Scout from the time I was 10 until I was almost out of high school. So you older girls, teenagers join the Scouts or if you are in it already,

stay and get ready for months of fun and enjoyment of being a Scout.

Troop #145, led by Bernadette Lyons, had their Investiture Ceremony on Feb. 20, at the Manetto Hill School. Those girls invested were Dorothy Correlli, Pat Doyle, Clara Louise Hoffman, Guy Ann Kirschenthal, Marie Krebs, Otilie Krebs, Pat Lynch, Pat McNeil, Joanne Nease, Lillian Schmidt, Margaret Schneider, Carol Siegrist and Barbara Maylinn Sweet.

Congratulations to all those girls. The Troop is now working on its 2nd Class Badges. It is a great honor for me to announce that three girls were selected on the basis of their good work in Scouting to go to Camp Edney this summer. Clara Louise Hoffman, Carol Siegrist, and Barbara Maylinn Sweet were selected to go to camp this summer. Congratulations to these girls.

Regularly, with the cooperation of the troops here in Plainview I will try to bring you up to date with the various Girl Scout Troops.

Anticipating Next Big Social

An overflow crowd of neighbors and friends of the North West Civic Assoc. enjoyed one of the best affairs held by the Civics Saturday evening at the Legion Hall. From the first reports everyone who attended were anticipating the next affair would not be too far off.

A big "Thanks" to Harold Gregory and his committee for the fine arrangements and to the women who prepared the delicious food. A very special thanks to Bernard Gill for securing the donation of the cold cuts. Mrs. Mildred Bauer our very competent recording secretary entertained at the piano for the community singing of those old and new standard tunes. There is a great deal of hidden talent in our north west section as all had the pleasure of hearing on last Saturday evening. Winners of the raffles in order were: Mrs. Joseph Gill, Mr. and Mrs. R. Plyne, Mrs. Dorothy Rakin and Al MacLeod.

THE GOVERNOR ANSWERS
The North West Civic Assoc. has received an acknowledgement of their letter addressed to Gov. Dewey with the assurance that our plea will be given consideration when and if the proposed joint Levittown District legislation is presented to the Governor for approval.

EXECUTIVE BOARD REPORT
The Executive Board is trying to assemble all the facts pertaining to the new high school, pro and con, and will get the information to you as soon as possible both through the medium of North West Notes and in our regular civic bulletin. Be sure to follow up all information disclosed.

Jericho Vamps Plan Turney

JERICHO — Rene Maufroy was nominated for chief of Jericho Fire Dept. at a meeting held Tuesday, Mar. 3, at the firehouse. Election will be held at the April meeting.

Other officers nominated were: Philip Zulkozaik, 1st assistant chief; Joseph Laskowksi, 2nd assistant chief; Ralph Fieldis, captain; Joseph Mayz, lieutenant; Francis Davis, corresponding secretary; Charles McGuirk, recording secretary; M. L. Chittenden, treasurer; and Ernest Page, sergeant-at-arms.

The 20th anniversary of the Jericho Fire Dept. will be observed at a block dance to be held on July 11.

A tournament for the 9th Fire Battalion district will be held here on July 12.

Francis Davis gave an interesting talk on the recent trip to Mexico with his family.

Martin Halloran gave a talk on his recent trip to Florida and Martin Halloran, Jr., was welcomed back into the department following his discharge from the armed forces.

MID-ISLAND HERALD, MARCH 12, 1953—PAGE

The Legionnaire

The Post was well represented at the recent Nassau County meeting in Hempstead. Naturally Ed Becker was there, but in addition, Al Vitale, Jim Carter and yours truly were in attendance. It was a great introduction for Jim because the meeting was one of the longest held recently.

The evening was very worthwhile, however, because of the two guest speaker—Dr. Charles Buckman, Director of Kings Park Hospital and James O'Neill, National Past Commander (1947-48). The remarks by Dr. Buckman have been recorded for use in our Kings Park publicity on the occasion of our next visit.

Some of the facts brought out by Mr. O'Neill during his fine talk were quite astounding and we thought all of our readers would be interested in several of them.

In commenting on the Child Welfare Program of the American Legion Mr. O'Neill pointed out that during 1953 the amount of money expended for this one program will pass the \$100,000,000 mark.

And remember that this money was not spent on Legion children but on veterans children, regardless of membership in any veterans organization.

In the same vein and to further illustrate the principles of the Legion we were very much impressed by the fact that of all the assistance given to veterans in processing claims less than 40 percent of those enlisting the aid of the American Legion belonged to the American Legion.

When you hear facts like these and some of the other stories that were told you wonder about the 10,000,000 who received the benefits of the G.I. Bill—the majority failing to join the organization primarily responsible for their opportunities!

Charles Wagner Post
No. 421, American Legion

Did you know it is reliably reported that more than 400 recognized Communists were once employed in the movie industry in Hollywood? And that today not one of them is so employed? Much of the credit for this can be given to the American Legion!

Membership in your Post continues to climb with renewals now in from Jerome Harding, Michael Sullivan, William Allman, Harry Kiels, Frank Jung, Michael Barnes, Sr., Siles Valentine, Fred Ahern, Pete Karp, Eddie Scanlon, Winstan Stone, Frank Hines, John Williams, John Hannan, Gus Friesche, Fred Gilde, Henry Eisenmann, Rev. Howard Rogers, William Lasdan and William Zwicker. Total is now over 135. . . . County membership is 1,200 over last year at the same time. . . . We have a lot of trouble with "Evers"—last week we credited Dick and meant Joe. . . . Understand the Gondolas', Ernie and Sylvia, flying to Los Angeles this week. . . . And on the subject of travellers we ask tell Bob Schleiferstein is in Florida for the first week of a three weeks stay. . . . Really good to see Ruth Schleiferstein up and around after a very long siesta.

Initiation Night Committee met last week with Ed. Becker, Al Barlow, Jim Carter, Bert Nessel and your writer were there to get the ball rolling. About 25 new members are listed for initiation. Greatest number of continuous membership cards will go to 5 year men of course but there are a few in each of the 10, 15, 20, 25 and 30 year class.

Because there may be doubt on a few members, particularly transfers, it is recommended that everyone get to a meeting very quickly for a thorough check.

Although the committee hasn't completed the contacts necessary, it is felt that the initiation team will be composed entirely of Past Commanders from World War I.

Sr High P-TA Urge Yes Vote

The Hicksville High School PTA meeting in executive session, Monday night, voted to support the Board of Education in its efforts to secure a resounding vote of approval on the bond issue for the new high school March 28.

"The P-TA in our close association with the school has long been aware of the urgent need for a new building. Recent surveys by Columbia University, the Statistical Agency, and the Citizens Committee have all emphasized the necessity of starting construction as soon as possible; and the Board of Education in order to take advantage of the maximum state aid has scheduled the vote for March 28. We will render all possible assistance in promoting a building program which will insure our children adequate educational opportunities. It is the obligation of all on Prop. 2" the executive group wants to register and vote "YES".

Teeners Dance This Saturday

HICKSVILLE—The Senior High School P-T-A will sponsor a St. Patrick's Dance for all high school students this Saturday night, Mar. 14, at the gymnasium. Mrs. John Fallon is in charge of arrangements. Sponsors this month are Mr. and Mrs. Thomas O'Connor, and Mr. and Mrs. Schwab.

EDITOR ON RADIO

HEMPSTEAD—Fred J. Nooth, editor and publisher of the Mid-Island Herald, was among the participants in a weekly program "Face the Issue" on WHLI, Sunday. The proposed centralization of school district was the topic.

Amend Joint District Bill

(Continued from Page 1)

The South Hicksville Assoc. of Levitt Home Owners which is scheduled to meet tomorrow (Friday) night at the Dutch Lane School finds the amended bill "unacceptable" because "it is contrary to the vote of our area in a vote held by the Town Board." Robert Wathey, interim president said last night, "we were asked if we wanted to be in a joint district, and the vote was a decisive 'no'. We were asked if we wanted a separate district within Hicksville on pools and we voted 'yes'."

Major objections are anticipated over a portion of the bill branded today as "a neat political dodge". The amended bill provides for a public hearing by Hempstead and Oyster Bay Town Boards meeting jointly. It was determined today that such a joint hearing, if held, would be the first to take place in the 50-year history of Nassau County.

The joint township hearing, it is reasoned by opponents, "takes the political heat off" the respective boards, Oyster Bay in particular. Up to the present time, Oyster Bay Board has been bombarded with strenuous objections on its course of action.

Further, civics point out, the joint hearing would open the question to all 17,000 homes of the Levitt development with the 2,300 households in Oyster Bay townships (Hicksville) greatly outnumbered by the 15,000 households in Hempstead area. The Hempstead area, it is charged, is most anxious to see the joint district created "regardless its tax base in Hicksville where tax rates are generally lower than Levittown."

LEVITT NOT OPPOSED

Meanwhile, Levitt was quoted as saying that he is "not opposed" to the bill as it is being amended. But, he added, he was not entirely in favor of the measure.

The statement that the bill, as first introduced, would be contrary to the state constitution was a distinct rebuke to the Levittown Steering Committee which has insisted upon "one overall district" embracing all facilities, it was noted today.

The South Hicksville Assoc. of Levitt Home Owners which is scheduled to meet tomorrow (Friday) night at the Dutch Lane School finds the amended bill "unacceptable" because "it is contrary to the vote of our area in a vote held by the Town Board." Robert Wathey, interim president said last night, "we were asked if we wanted to be in a joint district, and the vote was a decisive 'no'. We were asked if we wanted a separate district within Hicksville on pools and we voted 'yes'."

"But the Oyster Bay Town Board has made a mockery of its own high office by forcing thru the direct opposite of these conclusive decisions of the voters."

Gov. Dewey has 30 days in which

St. Patrick's Day Parade on Sunday

HEMPSTEAD — The Second Annual St. Patrick's Day Parade, sponsored by the Irish-American Society of Nassau, Suffolk and Queens Inc., will take place on Sunday, March 15. The Parade will start at 2 P.M. from Kennedy Memorial Park on Greenwich St., proceeding through Main Street and dispersing at the Hempstead Armory. It will be one of the largest and most colorful Parades ever held on Long Island. The famous 165th Regiment, better known as Ireland's Own, will lead the Parade.

to act upon the bill after it reaches his desk from the Legislature. All opposition is now being focused upon getting the Governor to veto the measure.

"OUT OF THE FOXHOLE" . . . In his report to the post members, Mike Eliaak, membership officer, announced to those present that in 6 weeks AMVETS secured 14 NEW MEMBERS and picked up two former members who served with the post in 1950. Everyone thinking to himself that we hit a great stride, was made even happier when MIKE added Danny Van Wickler and Pete Fochi as two more NEW MEMBERS with these RENEWALS . . . Ray Nivall, Matty Metzger, John Swieckich, Bob Cuccaro, Tony Schumacher, Al Green, Cleveland Dodge and H. Arthur Ulmer.

I guess we can say that by word of mouth AMVETS are being made known from East to West and North to South. As MIKE says he has never seen such "esprit de corps" outside of the USMC. . . . AMVETS IN THE NEWS: Tours of hospitals reveal that stricken vets, hospital directors, doctors, nurses and key personnel are anxiously keeping pace with the news of AMVETS fight to regain budget-slashed VA funds. The members of Post 44 will be happy to know that I was rejected for reenlistment in the USAF. According to regulations I had to be anything but grade E-1 or E-2. Everybody is glad but me. Lt. Cummings. AMVETS have organized the FOREST HILLS Post 75. Few people know it . . . but it's a fact that our HAROLD RUSSELL was virtually offered the commandership of the world's largest veteran group. HAROLD believed in the principles of AMVETS more than in highest honors.

the John Dean project to raise funds for a swimming pool for the youngsters at the St. Dominic's School at Blauvelt, N.Y. I realize more than ever how hard BILL works for the benefit of others. Bill is the type of fellow who is never so tired that he can't give a "plug" for a worthy cause. He's never so tired that he can't help his organization visit hospitalized vets. Never so tired that he can't give a hand when needed. Yes, AMVETS SALUTE YOU BILL . . . as a Veteran, a good citizen and an outstanding example of the J.W.V. If it helps buddy . . . let me say that all donations can be sent to ST. DOMINIC'S SWIMMING POOL FUND, BLAUVELT, N.Y.

ODDS 'N' ENDS: I see that Freddie Blackley has obtained a new cap; hint to others that they should wear theirs . . . The post hopes that a resolution we want taken up with State at the Convention will send a delegate to Albany and make only benefit Vets organizations, but churches, civic and a number of other groups. The ping-pong table was broken in by the Commander and half of his staff on Thursday evening. Marge Kleibank our best "talker-upper" on AMVETS that we have had yet. DOWN MEMORY LANE: The expression . . . "My Aching Back" . . . The Sunday meals of Cold Cuts and Salads . . . Red lined on the pay roll . . . Free postage on the letters . . . Saturday nites at the U.S.O. . . . K.P. at 4:30 A.M. . . . The "G.I." list . . . Barracks inspections.

Now before I close members I'd like to say this to the many non-members who will join some day. You WW II, Korean Veterans. You can help us achieve the aims we've outlined many times. We can help you achieve the aims you fought for. Until next week then . . .

Centre of Town and Library

By HELEN WHEELER
LIBRARIAN

Did you ever look at a map of Hicksville closely? If you do, you'll notice how easy it is to find the geographical center of town—just put your finger on the intersection of Old Country Road and Jerusalem Ave., and only "an inch down" you'll find the Hicksville Public Library!

And yet many new comers to town mention having had trouble locating their Library; some did not realize they had one until the Welcome Wagon brought them a Library kit from the Hicksville Library. So won't you cut this out and save it—especially merchants, stores, and filling stations—for your self or to use when a stranger or newcomer inquires of you "Where is the public library?"

In the meantime, just remember that the Hicksville Public Library is—across the street from the high school
is—two blocks south of the traffic light on Old Country Road and Jerusalem is—on the corner of Jerusalem Avenue and Second Street
is—across the street from the junior high school
is—two blocks west of New Bridge Road and Krommenacker's Greenhouse
is—just a few blocks north of the Lee Avenue School
is—between Broadway and Newbridge on Second Street

By HOWARD FINNEGAN

In last week's bit about Dick Alcock and the Most Valuable Player Award in the Alliance League we told you he had such an early lead that he was a cinch to take the honors.

On high authority it was felt that there would be no anti-Hicksville balloting like that of last year which denied the award to Harold Manaskie.

However, the sorehead business has jumped up again and three votes cast failed to name Alcock first, second, third or fourth despite the fact that he has been a driving factor behind the Hicksville success.

There are many who will be delighted if the Hicksville rule in the league is ended, but all the players we have talked with find it inconceivable that Alcock's name could be left off three ballots totaling twelve possible places.

As we informed you some weeks back Harold Manaskie and his Bluefield Junior College mates were playing Bevo Francis and Rio Grande Twice.

Bevo of course is the most talked about player in the nation having hit almost 2,000 points on the season.

Last week one county daily published a letter from Manaskie concerning the talents of Bevo and it was the ex-Hicksville High star's conviction that the elongated center is "just fair".

The letter was freely given in a reply to do the same.

It did stir plenty of talk in Nassau and not all kindly.

Our only comment must be that bad timing was involved.

For the very same day it was published Coach Honey Krasell of Seton Hall was quoted as believing Francis is as good a player as his Walter Dukes was at a corresponding period.

Dukes was a universal choice for All-American this year, and Russell was voted Coach of the Year.

According to the latest word we have received the most prized invitation of the spring season will read something like this:

"The Long Island State Park Commission requests the honor of your presence in its 1953 Jones Beach Softball league commencing Memorial Day, May 31, 1953, etc."

If the authorities running the league have their way there will be no elimination tourney and they will make the choices they think will make for the strongest league.

It actually has merit.

ALL EVEN IN ALLIANCE RACE: PBC-Rams Settle Title Thursday

MINEOLA — The Hicksville PBC Alumni and the Hempstead Rams meet here at 8:30 p.m. Thursday, in the rubber game of the best two out of three playoff for the Alliance League championship.

Hicksville won the first game on the same court 71-69 here last week but the Rams recovered on the St. Dominic's High floor Saturday night to square the series with a rousing 91-74 victory.

It was John Biggs who grabbed a rebound in the final eight seconds at the County Seat and pitched in the winning basket to climax an uphill climb for the Alumni.

DOWN BY 15

Hicksville was 15 points down in the second period and as much as nine in the last but the potent combination of Dick Alcock and Bob Meyer, aided greatly by the rebounding of Biggs, sparked the Rams.

Alcock had 28 points and Meyer 22 and at 6:35 of the period a 69-69 deadlock was achieved.

Hicksville then elected a deliberate game and waited for the Rams to foul on the last shot.

The Rams didn't foul and gambled for a PBC mistake which came with 30 seconds left on a traveling violation.

Hempstead went down the floor and waited for the last shot but the center stayed in the bucket too long and Hicksville gained possession.

With eight seconds to go Dick Kerby drove for the basket and was fouled. He missed two foul shots but Biggs took the rebound of the second and converted it to victory.

NO HEIGHTH

Biggs was missing from the Hicksville lineup for the second game and the defending champs had no height to cope with the three very tall men the Rams employed under the basket.

Hicksville was shooting poorly and was getting only one shot to four at the nets. Four fouls on Stan Kellner in the first half hurt desperately and the issue was settled early.

Hempstead led 20-12, 40-31 and 63-48 at the quarters.

Meyer with 27 and Alcock with 23 tried to seal the title for Hicksville that night but could not get enough help from their mates.

Hempstead kept driving all the way for fear of another big PBC rally and it was well that it did.

With seven minutes left in the game it was 71-61. Hicksville pressed very close and despite very bad passing the Alumni cut the margin to 71-61 as the clock still had 3:54 left.

However, there were signs of loosening on the defense and Hempstead exploited them to roll away by 16 points.

Baymen Defeat PBC All Stars

PBC-ing Around

Hicksville Unit of Nassau County Police Boys Clubs

The sponsors of the Hicksville PBC wish to express our deepest sympathy to the family of Lawrence M. McGinnis upon his demise, Thursday, March 5.

He was employed as Assistant Cashier of the L. I. National Bank of Hicksville where he served faithfully and honorably for 26 years. A member of the Nassau County Chapter L. I. B., member of the Holy Name Society, member of the Joseph Barry Council K of C, treasurer of the Lions Club and treasurer of the Hicksville P.B.C.

Lennie, as he was better known to all of us, was a man of quiet greatness, with always a smiling, pleasant greeting for everyone, whether a friend, business associate, club member, or even a casual acquaintance. But even the most casual acquaintance considered Lonnie an old friend, for you had to but meet him once and he immediately captured your heart. No matter what Lonnie did, his work at the bank, his work for the various clubs and organizations he dutifully attended, or even a personal favor for a friend, he did quietly, pleasantly and without any murmur of protest. And that is how Lonnie left us, quietly, without any murmur of protest. Not one of us believe Lonnie was gone, not one of us wanted to believe Lonnie was gone.

We, your fellow sponsors of the Hicksville PBC, bid you a grievous but fond farewell, Lonnie, on your journey to serve your God as you once served your fellow man. Your body is gone from us, but our memories of you are firmly imbedded in our hearts.

Sponsors of the Hicksville P.B.C.

Comets Close With 67-60 Win

ROSLYN — Hicksville High concluded its 1952-53 court campaign here, Friday night, with a 67-60 victory but it took a firm rally by departing Comets and ones who will take over next season to gain the triumph.

It was the ninth victory as against six losses and marked a very successful season considering that the opponents were outstandingly strong this year.

Tom Maxwell had his best night for the Comets as he pumped in 22 points and Gary Puccio was right behind with 17.

Rich Evaschuk, the only varsity member returning next year, had

15. Help was needed from the future however and Coach Chet Jaworski gave his yearlings plenty of work.

Joe Pepe, Martin Katz, Richard Frazer, Dick Paton and Vince Martorillo all had their part in the win.

Roslyn skipped out 16-7 at the quarter, held on 33-26 at halftime but bowed to a Hicksville rally in the third period that garnered 21 points and a 49-41 lead that was protected to the finish.
