## Start on Tip Top Lane Sump

HICKSVILLE—Concrete footing and steel posts were being placed this week around the site of the filled-and-pit off Tip Top Lane, here, where two neighborhood youngsters died accidentally in December. Following the second death within a week at the location, aroused volunteer residents of the area filled the pit with sand. A change in the county regulations on drainage sumps, enacted as a result of protests following the two deaths, now requires fencing to be erected prior to the start of excavations. Robert Eaton of 225 Lee Ave was chairman of the Tip Top Lane Neighborhood Committee which led the campaign to get a change in the sump fencing regulations.

## Dedicate New School Sunday

HICKSVILLE—Dr. John Crawford Adams, president of Hofstra, will deliver the dedication address at the new Dutch Lane Elementary School ceremonies this Sunday afternoon, Mar. 22, which start at 3:30 P. M. A. G. Seinen, member of the school board, will officiate.

The public is invited to attend the program. The Dutch Lane P-T A. will hold an open house following the formal ceremonies.

Henry Wogisch of Syosset is fund drive chairman assisted by Henry G. Eisemann, Kroemer, Rev. Edward H. Stammel and Albert D. Hauer.

Fund committees include: Special Gifts, Eisemann, Hauer, Kroemer, Wesley Giese, George Karlson, Henry Schmielau, Eugene Staehle; Finance: Charles Himmelstoss, Charles Barvela, George Mill, Bertram Saul; Publicity: Theodore Klingley, Francis Arnold, Oscar Block, Theodore D. Hoffmann, Robert Krueger, Richard Shaw.

A picture of the proposed structure will appear in the Herald next week. A September opening for the school is sought.

## 71 Object to Business Zoning

OYSTER BAY—A petition with 71 signatures was presented in opposition here, Tuesday, to the application of Anthony Villet for a zone change at Hicksville-Gabrie. Villet denied, at the hearing, that he had ever promised home purchasers that he would develop the tract at the corner of Plainview and New South Rds into a park. His attorney, Charles H. Stoll, cited the development of industrial and business uses in the vicinity. The property is 160 feet deep with 460 foot frontage on New South Rd. The owner wants to change the zoning from residence D to business G.

# NOT LAW YET, BUT— Expect Split Bill to Pass Today

ALBANY—The so-called “split” bill permitting the creation of a Joint Levittown District is expected to reach the floor of the Legislature today (Thursday) or tomorrow, the final day of the session. The second reading of the measure took place earlier this week.

Assemblyman John J. Burns, sponsor of the controversial bill which is strongly opposed by Hicksville and Township civic groups, told the Herald yesterday that the measure would probably pass both houses and go to Gov. Dewey who then has 30 days in which to make it into law, or veto it.

Oyster Bay Town Board, meanwhile, has received petitions bearing more than 1,000 signatures urging the town to withdraw its support of the legislation since its “contrary to the wishes of the people as expressed in a referendum vote conducted by the town board on Jan. 30.”

Efforts by the Township Civic Council to obtain an audience with County Executive A. Hully Patterson at Mineola who has been reported in the daily press as having conferred on the amended bill with Levittown Steering Committee spokesmen, have been “notably un-

successful.” Commenting on the proposed amendments which changes the title of the bill but still provides for the entrance of a Levittown district into Hicksville, Civic Council Gerald F. DeLorme said today that the Council still finds the measure “totally unacceptable and urges its defeat.”

Anticipating the passage of the bill in the Legislature over the opposition recorded, the Council urges all individuals and groups to immediately forward objections to Gov. Thomas E. Dewey at the Executive Mansion, Albany, asking him not to sign the bill.

# Discuss High School On Monday; Big Increase In Voter Registration

HICKSVILLE—A preliminary meeting to review the proposed \$3,900,000 high school proposition will take place next Monday night, Mar. 23, at the high school on Jerusalem Ave., the Board of Education announced today. Keen interest in the proposition which comes up for vote on Mar. 28 was displayed this week as an estimated 1,000 persons more registered for the vote.

## PROTEST REGISTRATION

Registrars, anticipating a light additional registration since more than 2400 were already on the books, registrars were swamped on Tuesday by hundreds of additional voters, many of them recent arrivals in the community as homeowners. The registration itself was protested by Gerard F. DeLorme, president of Hillside Terrace Civic Assoc. when his neighbors found they were forced to wait on line for almost two hours to enroll.

DeLorme complained that “insufficient time” had been allowed to accommodate the hundreds who wanted to register and that many left without enrolling. He also protested to the School Board that the place of registration “was plastered with biased signs” urging a “yes” vote and that registrations were taken in copy books rather than the official roll.

The meeting Monday night is expected to prove a lively session. The School Board will have Architects Knappe and Johnson, educational consultant Dr. Felix McCormick of Columbia Institute of Field Services plus a representative of the Governmental statisticians.

## Civics Find Board Takes No Action on Legal Fees

HICKSVILLE—Publication of allotment of \$30,000 in the school board's brochure on the new high school for “legal services” today led the Civic and Community Assoc. to conclude that its efforts to obtain a revision in school attorney fees have been fruitless.

The Civic executive committee this week received the report of Lawrence A. Roman, special committee on this question, which noted that “although information was presented by us to the school board on fees paid by other districts over three weeks ago, all indications are that the Board has not decided to change its policy.”

It was emphasized by Roman “we went into this question merely to assist the board. We intended no criticism.” Proof was offered the School Board of neighboring districts paying one tenth to a half per cent of bond issues for legal services while the local district has been and is paying a one per cent fee.

Civics estimated that \$40,000 in

legal fees have been paid in the past several years on new school construction, here, at the rate of one per cent.

## Approve Branch For Loan Assoc.

HICKSVILLE—The Long Beach Federal Savings and Loan Assoc. has been granted permission to establish a branch office here, it was announced this week by Vance Carman, executive secretary of the Long Beach firm. The application has just been approved by the Federal Home Loan Bank Board in Washington D. C. It was the subject of a public hearing there several months ago.

## FIRE ON MONDAY

HICKSVILLE—Extensive damage to the interior of the Norbrook farm stand on Old Country Rd. near Morgan St. was caused by fire and smoke, Monday morning.

## SCHOOL BOARD REPLIES:

# Joint Levittown District Has No Bearing on Need for High School

HICKSVILLE—The Board of Education feels that the Joint Levittown District issue has “no legitimate bearing” on the high school vote set for Mar. 28 and that any “individuals or groups who may attempt to inject” the controversy into the school district vote “will be doing a disservice to the people of Hicksville.” Henry C. Bengel, president of the school board, signed the reply to a letter of inquiry from the Township Civic Council.

WILLIAM G. MOLLITOR, Hicksville postmaster, cuts the tape to officially open the Robert Hall clothing salesroom on North Broadway, Hicksville. At the left is Edwin Brown, manager of the new store, and at the right is Charles Trojan, president of the Hicksville Business Men's Assoc. The event received widespread press and television coverage. (Mallett photo).

While the Civic Council letter stressed that its “member civic groups are keenly aware of the need for educational facilities in our community”, it urged the Board to consider the “hazard in the path of this new high school as posed by . . . apparent Levittown expansion”. It also referred to the “efforts to incorporate Levittown as a city with Old Country Rd. freely mentioned as the northerly boundary.”

The School Board's letter, dated Saturday, Mar. 14, follows in full: Township Civic Council, Hicksville, New York.

The members of the Board of Education have received the copies of your letter of March 3rd, 1953, addressed to them, referring to the forthcoming vote on the new high school.

The Board has used its best judgment, based on what it believes to be the best interests of the people of the Hicksville School District, considering the needs, problems and advantages of all voters, taxpayers, parents and children in.

## Dear Jean:

Tremendous interest is developing in the high school proposition which comes to a vote Mar. 28. A full house is anticipated for the discussion meeting set for next Monday evening, Mar. 23, at the high school. . . . Hillside Terrace Civic Assoc got out handbills to remind its neighborhood to be sure and register. High school P-T A. had a sound truck out urging registration, Tuesday. . . . Levittown newspapers are taking unusual interest in the vote—considering that Levittown is not supposed to have designs on that part of our community. One paper last week editorially referred to the site as "North Levittown". . . . If we were incorporated as a self-governing municipality, this problem would not even arise. . . . Panel discussion at Adelphi tonight on needs and problems of youth includes, as discussion, DICK GERTSO of Levittown Hall. Dick is apparently still on the Levitt payroll even tho White Elephant Hall has been padlocked since Jan. 1. . . . Lee Ave. P-T A. is presenting school with an 8x10 pull down motion picture screen. . . . Somebody should give FREED RUCR, Bethpage GOP Club, flag chairman, an eye test. He was quoted in the Review-Star as saying Hicksville only had one American flag on display, Washington's birthday. Our banks will be interested in this item. . . . ALLAN CARPENTER, school board member claims he said no such thing, but members of the Twinlawn Civic Assoc are willing to swear he told that group last week, regarding the site of the proposed high school: "The area is only questionable to questionable people". . . .

Neatly sidestepping the question of whether Levittown is expanding into Hicksville, as a joint hall-pool district or city but not denying the possibility, the executive committee of Fork Lane P-T A. put out a handbill which claimed "a change in area boundaries will have no effect on the present school district boundaries". . . . AMPEREX in Hicksville has been awarded an Army contract of \$329,995 for 600 electron tubes. . . . Young People's Democratic Club of township will meet again Apr. 13 at Rothmann's. . . . Winter issue of "Main Line" published by Lighting Co features aerial view of new electric operating center at Hicksville. . . . Conference in Albany for delegates from Bethpage, Plainview and other districts regarding centralization, set for this week, was cancelled. . . . JOHN FROELICH is building a new home on Plainview Rd., 1500 feet south of Woodbury Rd., Plainview. . . . Board of Supervisors holds a hearing next Monday morning upon application of Checker Bus Corp for county franchise on its existing Hicksville-Wantagh, via Levittown route. . . . Hicksville Democratic Club at meeting this week adopted a resolution charging that Oyster Bay Town Board, by depriving the Herald of legal advertising notices, is attempting to effect the opinions expressed in the Herald and is "exercising thought control". Town's action, it is charged, "deprives the majority of the residents of the area of their best source of information concerning the functioning of the town board". . . .

Mr. and Mrs. HAROLD MANASKIE of 13 North Dr., returned home Sunday from a weekend trip to Bluefield, Va., where they visited their son who is attending college there. Young Harold is expected home for Easter recess.

No criticism of the Dutch Lane P-T A was intended or inferred here two weeks ago in mentioning some confusion about two groups apparently trying to meet in the same auditorium on the same night. There was a lack of coordination or something in the schedule keeping department. . . .

### Frank Chmielewski

**BETHPAGE**—Frank Chmielewski died at his home, Butehorn St., here, on Monday, March 16. He is survived by his wife, Lottie; and children, Joan Arreukatis, Florence, Frank, Clement, John and Anthony Chmielewski, and seven grandchildren.

A requiem Mass will be sung

this morning (Thursday) at 10 A.M. at St. Martin of Tours R. C. Church. Interment will follow at St. Charles Cemetery, Pinelawn. Arrangements were made by White Funeral Home.

## RR to Extend Platform, Ease Broadway Barrier

OYSTER BAY—The Long Island Rail Road is going to move its locomotive water spout at the Hicksville station to permit its longest westbound trains to stop at the depot without blocking the Broadway RR grade crossing, it was learned by the Town Board this week. Following a request by town officials, the Public Service Commission received notice of the improvement from the LIRR, which includes extending the platform 180 feet to the west.

## Red Cross Needs Help

MINEOLA Contributions to the 1953 Red Cross fund drive in Hicksville and Bethpage are lagging behind the quota set for the communities, it was announced this week by the Public Information Department of Nassau Co. Hicksville Plainview area has contributed \$55.00 toward a \$3,000 goal with Henry J. McInnis of 200 First St. as chairman. Bethpage residents have donated \$160.00 toward a \$1,200 quota with Mrs.

John Mitchell as chairman.

District captains were named today by McInnis as follows: Miss Helen Underhill, 1 Miller Rd.; Louis Kampstatter, 42 Grand Ave.; Fred J. Sutter, 16 Duffy Ave.; Mrs. J. Gordon Ulmer, 191 Division Ave.; Mrs. Helen Nichols, 20 Memory Lane; Mrs. Charles D. Eginton, 2 Bamboo Lane; Clifford Place, 399 W. John St.; and Mrs. Peggy Huttie, 37 Field Ave. "There is still a great need for many more workers and anyone who can help is requested to call me at Hicksville 3-1285", McInnis stated.

## High School

(Continued from Page 1)

ed Corp present to discuss the forthcoming proposal. "These authorities are engaged by the district and have been the constant advisers to the Board in development of the proposed building," a spokesman said today.

Three questions relating to the High School vote have become public. The Township Civic Council has questioned the location, on the basis of opinions from member Civic groups, and the possible connection with the Joint Levittown District controversy. The South Hicksville Assoc. of Levitt Home owners, Friday night, registered protest that "not enough time" is being allowed for consideration of the question.

The Hicksville Civic Assoc. is also bringing to the public's attention its efforts to obtain a revision in proposed legal fees paid or to be paid on this and other new school construction in the district.

Strong support of the proposal is being promoted by the Junior and Senior High School Parent Teacher Associations. The Citizens Advisory Committee on Education has gone on record urging "a positive vote on the proposition". Also registered as supporting the proposition is the North Levittown Home Owners Assoc. the Fork Lane and Dutch Lane Parent Teacher Associations.

It is located about 200 feet west of Central Park Drive on Old Country Road. We also feel that each and every resident should know how to give the location of a fire or emergency to the department.

1. Call Operator
2. Ask for Plainview Fire Company - tell operator emergency exists.
3. Give exact location of fire or emergency over the phone.
4. See that all doors and windows are closed.
5. Go to main road and direct fire apparatus.

We suggest that a person placing the call, if possible should remain at the phone until the first fireman arrives to answer the telephone at headquarters. We appreciate the fact that this is not always possible, but whenever possible, please comply with our request, and give your name. The thing of most importance is not to delay giving the alarm. We all realize the danger of fire and know that every minute counts—it could also mean the difference of life and death.

Please save the above instructions for future emergency, until a fireman visits you at your home to replace the paper with a permanent card. We can all understand the growth of Plainview as the fastest growing community on Long Island at this time. Therefore to meet this situation, Plainview Volunteer Fire Co. is well on its way to doing just that.

We are building an extension on the original headquarters which is 44 feet by 62 feet. We now have enough space to house all

our equipment without crowding. Secondly, we have purchased some new apparatus at the cost of \$18,000. (The truck is a Mack pumper equipped with the latest fire fighting equipment available at this time. It will be the most modern pumper in this section. The second is a hook and ladder truck with 140 feet of ladders, sufficient ladders to reach the peak of any building in Plainview. This will give us five pieces of apparatus capable of meeting with all present emergencies.)

The officers of the department are conducting a fire school for all probationary members of the company, classes are from 10 A.M. to 12 Noon, Sundays. The prime purpose of this school is to familiarize the new members with the functions of the department and the use of all apparatus.

We are taking the privilege of letting the people of Plainview read how a person feels after the department has rendered him a service.

"I would just like to take this opportunity of thanking you for your courtesy and prompt attention in the recent call you made at my home last Monday the second.

"Fortunately for me it was only a washing machine, but it is awfully nice to know that I am residing in a village where the safety of my home and loved ones is so well protected.

"Thanking you once again for

being so prompt and courteous, I am Sincerely  
"G. B."

We are making the announcement again that in the near future on a Sunday a fireman will visit you. He will solicit you in regards to our award to be held at our annual spring dance on April 25. If possible at this time you will receive your permanent card in regards to giving an alarm. We can only say that from the figure mentioned before, you as residents of Plainview will give us all the help you possibly can as we are attempting to give you the proper fire protection. We know that we can depend on you to make the dance a great success. If you cooperate it will help the department meet the burden we have taken upon ourselves for your protection.

We would like to take this opportunity to thank the people on the following Avenues for their contribution — Bentley, Ontario, Jamaica, Amley and Westbury.

We feel that you people should know more about what protection you have now and what you can expect in the immediate future, but remember we can only do this with the help of your contributions.

We are going to keep you informed of the activities of your fire department with weekly articles.

## Civics May Discuss State Audit of Water District

**PLAINVIEW** There are indications this week that Civic Assoc. President Norman Riley will call a special meeting of the organization to discuss at length the recent findings of the state auditors following their examination of the Plainview water district accounts.

Riley, who examined the 9-page state report last week at the Water District's new headquarters on Central Park Ave., said the auditors' report proved "highly interesting" and "apparently bears out what a great many of us have felt was the truth regarding the activities of the Water District in the past."

The president of the Civic as-

sociation declined to elaborate further on his plans commenting only on the fact that the special meeting will "undoubtedly be an explosive one and will result in determining the association's future course of action regarding the Plainview Water District."

The state auditors report is now public property and may be examined by any taxpayer of Plainview at the Water District's headquarters," he said.

## Group Working On New Budget

**PLAINVIEW** — Leland L. Baker, financial chairman of the Board of Education, announces that preliminary drafting of the 1953-54 school budget is almost completed with only several items awaiting a projection.

"As soon as information pertinent to the establishment of budgetary estimates for these items is available," said Baker, "a series of meetings will be scheduled with the residents' budget advisory committee who will assist in the preparation of the budget for presentation to the residents at the annual meeting."

At the present time, the budget advisory group is composed of two persons from each organization in the community. "However," reported Baker, "as soon as the dates for the budget meetings are announced any interested Plainview resident will be welcomed at these sessions." The meetings will be held at the Manetto Hill School.

## AMONG AMVETS

### Folks Like Community Night

By TOM PAYNE

Last Sunday, and they were stopped by the downtown, several of the AMVETS of Plainview were out selling tickets. They went door to door but only had an opportunity to cover one or two blocks. The tickets are for the "COMMUNITY NITE" that we had mentioned previously.

Most of the people contacted think it is a good idea and hope it proves successful. Dancing, games, and refreshments will be available that night at the Plainview Firehouse. The donation requested is only 50 cents. We can't hope to realize any profit at that price and we are not looking for it. Our objective is to get all you people from Plainview to attend and get to know more of the community to which we all belong. Come on down in March 28. You have nothing to lose.

On Tuesday, March 10, the State Department of AMVETS held a luncheon in honor of the Secretary of State of the United States, John Foster Dulles. The occasion was to present Mr. Dulles with AMVETS THIRD ANNUAL PEACE AWARD. The presentation was made by AMVETS National Commander Marshall E. Miller, State Commander A. Chalmers Mole was presiding. The Hon. Henry Cabot Lodge, Jr., and the Hon. Trygve Lie were also present. The luncheon was held in the private dining room of Mr. Lie in the United Nations Building. All the local Commanders of AMVETS post were in attendance. It was indeed a pleasure.

Getting back to the "Community Nite" affair, there will be more

canvassing from door to door next week-end so if you are interested in your community and your neighbors, be kind enough to give your nod of approval by purchasing a ticket. If however, no one comes by your home and you want a ticket you can call A. Ferguson at Hicksville 3-0113-W or myself at Hicksville 3-2368-M.

### Vamps' Benefit Great Success

There were 65 tables in play at the affair in Marnetto Hill School. Top winners included Mrs. Elise Schwarz high score in pinocle; Mrs. B. Rhodes, high in bridge; Mrs. Edward Looney, first in buncio; and Mrs. Grace Berry, first non player award.

RECEIVES BA DEGREE — Dean Alexander Hoppel of Plainview received his bachelor of arts degree as one of the 104 mid-year graduates at Hofstra College Hempstead, it was announced this week. He will receive his diploma at commencement exercises in June.

## HS Need Supercedes Concern About Location, P-TA Told

The need for the facilities of the proposed new High School and the importance of a favorable vote on Saturday, Mar. 28, were discussed by Dr. E. H. LeBarron, superintendent of Hicksville Public Schools, at a meeting of the East St. School P-T A, Thursday night.

A woman in the audience asked P-T A president, Mrs. William Giannelli, if there was a possibility of the new high school going out of the district after it was built and paid for by Hicksville taxpayers.

Dr. LeBarron replied that such concern about what might happen is unimportant when considering the education needs of our children.

He said that the site of the proposed new high school on Division Ave. is only a few blocks away from West Cherry Street which is the "exact center" of Hicksville School District 17.

The North Hicksville Civic Assoc. in a letter to the P-T A, protested the congested lunch hour conditions in the East St. School. Miss Nina Plantz, principal, explained the lunch hour schedule and when a lengthy discussion ensued the president suggested that indi-

vidual discussions with Miss Plantz be held after the meeting.

A nominating committee appointed includes: Mrs. William Giannelli, Miss Nina Plantz, Mrs. Gene Maljean, Mrs. V. Hoosack and Mrs. A. Garrett Cook.

Clifford Goff of Hicksville, Ga. was named Civil Defense chairman for East St. P-T A.

It was decided to send a delegate to the P-T A Congress to be held at Council Institute, Ithaca, in April. The new president will be the delegate and the retiring president will be named an alternate.

Assistant District Attorney Edward Robinson discussed some of the cases he has handled in Nassau County. His talk illustrated the effects of home life and school life upon the child and how they effect his later development.

Raymond Rusch of 121 King St., Hicksville, received his master of science degree in education at Hofstra College as one of 104 mid-year graduates. It was announced this week. He will receive his diploma at commencement ceremonies in June.

# **GOP Gets Lecture on Politics**

By BARBARA C. SOININEN  
HICKSVILLE—Herbert Rosenbaum, chairman of political science at Hofstra, was guest speaker at an interesting meeting of the Republican Club at the Masonic Temple, W. Nicholas St., last Friday night.

Rosenbaum spoke on politics from a theory standpoint rather than from any personal political experience. He said political parties are a vital part of our country. He added that they must be morally, ethically and politically

wise. Further that they must be responsible and constructive and that the party in power should be strong enough to resist favors and pleas.

The party or parties not in power, he continued, should carry on strongly with the ultimate aid of stepping in, when foreign and domestic policy is not for the good of our millions of people.

Mrs. Adelaide Katz, member of the Citizens' Advisory Committee on Education, also spoke to the members on their duty as citizens

to see that there is a large representative, affirmative vote on the new high school. She reminded everyone that a two-third's majority is necessary and if this two-thirds is lacking, the children of our village will suffer because the present high school is inadequate for the growing population.

Mrs. Katz asked everyone present to get as many friends as possible out to vote on this very important issue at the high school on Mar. 28 from 11 A.M. to 9 P.M.

## **Koutensky Declines Lions' Honor**

HICKSVILLE—William E. Koutensky, president of the Long Island National Bank, this week advised the Lions Club that he will not be able to accept the honor of a testimonial dinner in his honor.

In a letter to Stanford Weiss, Lions president, Koutensky wrote: "I was very happy to accept your invitation to have the Lions honor me. Lawrence McGinnigle was chairman of this committee and for this reason, with the very sad feeling in my heart due to his untimely passing, I must decline this honor."

He recalled "I worked with Lonnie when he first started with the Long Island National Bank on Dec. 27, 1927, a period of over 25 years. He started here as a teller and soon was elevated to an assistant cashier. When he was married, Mrs. Koutensky and I attended his wedding reception and met so many of Lonnie's friends."

"My pleasant association with him for so many years was always cherished by me, being associated with him both socially and in his official capacity with the Bank, he being a man of great knowledge, fine judgment and outstanding personality."

"He was an exceptionally fine family man, being a wonderful husband and father of eight very fine children. His loyalty was outstanding, always willing to help everyone. He was a very devout Catholic. His mother was certainly proud of him, he having lost his father many years ago. He worked with me on many committees in this community and even though his time was well occupied, he always went out of his way to help everyone."

"He has been called to his Eternal Reward." McGinnigle, who died suddenly on Mar. 5, was chairman of the Lions Club committee for the testimonial dinner and had attended a club board of director's meeting the evening prior to his death.

## NORTH EAST REPORT:

### Getting Ready For Cancer Fund

By MARY HERVAN  
Hicksville 3-4736 W

Debby Ellis of 8 Hob Lee Lane celebrated her birthday March 3. Her mother, Joyce, had a little party for her. At the party were Edward, her brother, and of course her mommy and daddy, and Mr. and Mrs. Edward Ellis Sr., her grandmother and grandfather. There is nothing as thrilling for a little girl like Debby than to have a birthday party. It is such a big occasion in their young lives. Mrs. Carol Ramo of 10 Hob Lee Lane picked another year gone by at a family party at her mother's. Attending the party were Mrs. Ramo's mother and father, Buddy, her husband, and Carol's and Buddy's pride and joy, little Nora. The party was enjoyed by all that were there. I'd like to bet that little Nora had the most fun.

Mr. and Mrs. Stanley Panczyk of 35 Boblee entertained over the weekend for Mr. and Mrs. Lester Ellis and sons, Thomas and John. The Ellis family resides in Marlboro, New Jersey. Mrs. Ellis is Linda Panczyk's sister. Sunday, March 3, 1953, the Panzyks celebrated the 17th birthday with a small family gathering. Light refreshments of cake and coffee were served. Sunday afternoon, Linda Panczyk and son, Robert, and Mrs. Lester Ellis and son, John, made a tour of Huntington. They visited the

Old First (Presbyterian) Church, which was founded in 1658. Dr. William Heas, the Minister of this old and very beautiful Church, with the assistance of his wife graciously showed them in and around this historic landmark.

Mrs. Anne Graul of 17 Boblee Lane, spent a very pleasant day with her son, Dennis; her sister, and her niece, back in the city. They went to the Rocky first and saw, "Peter Pan," and "Bear Country," a short subject film. Dennis and his cousin enjoyed every minute that was spent in the theatre. They had lunch at the China Garden, and spent some time in the RCA building. It was a strenuous but enjoyable day for all. Little Kenneth spent the day with his grandmother, although it was quiet, it was very pleasant.

The Cancer Fund Drive will take place during the month of April. Please be as generous as your purses will allow. Lee Chanin will be the collection chairman, or should I say lady, for our election district. Please be cooperative, but in your eagerness to contribute, don't forget that there will be no one around until April. I mentioned the drive in this report so we, like the Boy Scouts, can, "Be Prepared."

## ALONG WOODBURY ROAD:

# Suggestions on School Bus Stops

By GENE MALJEAN  
Hicksville 3-5515

A friend in Brooklyn had asked me to look up his friend in Hicksville since we are somewhat neighbors. Last Wednesday night I had the chance while taking my wife to her tailoring class at the high school. I stopped in to meet Elery Bean, adult education director. I found him a cordial host and extremely hard worker for the cause of education. He introduced me to the HS principal, Mabel Farley, who showed me the plans for the proposed new high school.

She handed me a brochure prepared to inform the citizens of the details. She is a zealous woman and takes her post most seriously in respect to exposing the high school students to as much culture and career building as they can absorb under her guidance and the guidance of her entire teaching faculty. She informed me that I am eligible to vote at the coming balloting since I had registered for the last school election.

Whatever your convictions may be in this vote, it is important that you do so. Make a mental note to get out and vote on March 28.

The Hillside Terrace Civic Association met on Wednesday night, with

quite an interesting discussion. Emil Szendy presented a rebuttal to a talk by Marvin Sultan of N.H.O.A. Another speaker present was Richard Jowwig, president of the Twin Lawns Civic Association.

The Association went on record opposing the present bond issue insofar as the new proposed high school is concerned and supports the Civic Council. As time goes on, I will keep you posted on the Hillside Assoc., which for a newly formed group is in keeping with the important issues of the local community. President Gerald DeLorme informs me that the present staff of officers will remain in station until May when an election will decide the new ones.

The PTA meeting was held Thursday night, and everyone enjoyed the talk given by Assist. District Attorney Edward Robinson on the subject of the importance of good home guidance for children. As of this meeting, there are 421 members of the East St. P.T.A. Membership closes in April. It was voted to send a representative to the P.T.A. Council. They are also sending a delegate to Cornell Institute in Ithaca. This is for a three-day training course in P.T.A. leadership, and conferences. It was decided to send the incoming president, and Mrs. Gianelli will be the

substitute. The nominating committee was formed comprising Mrs. Gianelli and Miss Plants, Mrs. Cook, of Hicks Homes; Mrs. Hoosak, of Twin Lawns, and Mrs. Maljean of Woodbury Gardens.

Joseph Grecco was eight years old last week. Joe lives in Woodbury Gardens.

The Red Sox Knitting Club of Hicksville, St., called Thelma because they knitted socks for one another went on their outing to Hempstead to a movie, thereafter to a Chinese Restaurant and back to Hicksville at the end of their journey for a pizza.

I spoke with Mr. Jowwig, president of Twin Lawns Civic Association, as to the outcome of their meeting. I believe I mentioned in last week's issue that the Hicks Homes residents were to be discussed as to their entry into the club. He assured me that these residents are entirely eligible and are welcome to the meetings and are urged to join. Joseph Oliver, GOP committeeman for this district and resident of Hicks Circle, and Allen Carpenter, of the school board, were present.

Carpenter is considering running again for the school board. He has proven most capable in the past and I am sure his attitude in the future. (Continued on Page 22)

## Woodbury Gardens Civics' Notes:

The executive board called an emergency meeting on Mar. 12 to discuss the stoppage of bus service for the lower grade students. At this time a letter was drafted to be sent to the Board of Education and all other parties concerned. The results will be announced as soon as possible.

We have been notified by Mr. Mastrella of the Civic Improvement Committee that they are inquired to forward a letter to Stacker and Frank, the VA and the Dimes Savings Bank on complaints registered with the builder that have not been acted upon. If we have any complaints more than one month old that have not been taken care of, please advise Mr. Mastrella at HI 4-61873.

A letter has also been forwarded to the Board of Education on proposal of the new high school, requesting cancellation of several controversial issues concerning this matter. We hope to have an answer by our next meeting.

Don't forget tonight (Mar. 19) is our regular meeting at East St. School at 8 P.M. This is a very important meeting. Please try to attend and bring your family who are not yet registered.

NORM KIDDER, County Agent, discusses orchard care with Bill Wais, upstate New York apple grower.

## "My phone's a 'hired hand' on 1453 farms"

says County Agricultural Agent Norm Kidder, Albany, N. Y.

"Early this morning, Bill Wais phoned me to come over and see him on a problem he had with his orchards. Later, another farmer called about making a soil test. Still another phoned me to check the variety of corn he should plant. And so it goes—dozens of calls a week keep me and my phone hard at work for 1453 farmers.

It's my job to keep them posted, and I couldn't handle it without the telephone."

Growing crops or bringing them to your table, telephones serve you the year round. And in your everyday life, chores are made easier and friends brought closer, thanks to the telephone. Few things you can buy today are as big a bargain! Actually the telephone takes a much smaller part of the average family budget than it did in 1949.

As a got faster, better, more useful service too. You can reach me to provide, for example, in the average community today, customers can call twice as many telephones as they could ten years ago. And we're going right ahead with the most extensive construction program in our history to catch up with the backlog for phones, to meet the continuing demand, and to make service even better than ever.

Measured by service or measured by price, your telephone is one of today's big bargains.

**TODAY'S BIG BARGAIN** Your cost of service has jumped 60% since 1949. Yet the price of the service has risen an average of only 15%, more for extra and less for others, of course, depending on the type of service and the amount of use.

AS SZENDY SEES IT

## Levittown City In The Offing ?

There has been so much insist-  
ence recently about non-existence  
of a movement to incorporate Lev-  
ittown that crystallization of the  
plan for the "City" must be immin-  
ent.

One Levittown editor who talks  
of psychotic conditions elsewhere  
says that "There is no movement  
afoot to incorporate Levittown  
either as a village or a city". Yet,  
if he read his companion piece pub-  
lished in the same area he would  
find that the Levittown Democra-  
tic Club is working on boundary  
plans, a project budget, and pro-  
posed tax rate for the incorporated  
Levittown.

It is strange that rumblings of  
an advancing Levittown easily de-  
tected in this area should be inaud-  
ible in Levittown. Of course, edi-  
tors who delude themselves into  
believing that this area is part of

Levittown and who commonly  
speak of it as such in their columns  
may assume that integration of  
this area into Levittown is already  
an accomplished fact and turn con-  
veniently deaf ears to the sounds  
of efforts still being made to ac-  
hieve it. The editor already men-  
tioned, who is "unaware" of any  
movement to incorporate Levittown,  
says, editorially, that the  
site of the proposed new Hicksville  
High School is in "North Levittown."

It is well known now and offi-  
cially admitted that, only recently,  
the boundary lines of the proposed  
"City" were the subject of intensi-  
fied discussions between the Hicks-  
ville and Levittown Democratic or-  
ganizations. Prior to that, Levittown  
Democratic Club, except for  
a hiatus during the recent election  
campaign, has been on a persistent campaign

Opinion on Levittown Matters  
By a Levittown Owner

In addition to a Club brochure de-  
scribing the proposed "City," the  
writer has in his files the follow-  
ing letter from the Levittown  
Democratic Club of which Ray M.  
Brand is executive leader.

"No doubt you have recently  
read of our organization's drive  
to incorporate Levittown into a  
city. The advantages of such a  
move are infinite to the home-  
owners in our community.

"We have studied this problem  
deeply and we now have a com-  
mittee who would be most happy  
to receive an invitation to address  
your organization. We hope to hear  
from you soon."

The date of the letter is October  
14, 1952.

This is the same Ray M. Brand  
who is listed as a member of the  
Levittown Steering Committee  
which boldly claims, in a recent  
handbill, that none of its members  
are or were interested in incorpo-  
ration of Levittown!

The claim that there is no move-  
ment afoot to incorporate Levittown  
is just that much more ironic  
intended to lead those who would  
oppose it.

What makes the movement ex-  
ceedingly dangerous are Levittown's  
ambitious desire for a "city" and the  
current influence of GOP politi-  
cians to Levittown's bidding.

## Abraham Levitt Health Center

Birth-rate and child population statistics in this general area indi-  
cate the pressing need for health service which would provide prenatal  
and post-natal advice and possibly some of the other customary ser-  
vices of a health center, especially for children. Something of the sort  
seems to have been provided by Nassau County at the Hall before it  
was closed down by Levitt in an effort to pressure the Town Boards  
into accepting it for municipal operation.

County Health Commissioner, Dr. Earle G. Brown, was quoted  
only last week as saying that the Hall was "ideal" for the purpose.  
While those familiar with health stations built and equipped for the  
purpose are inclined to disagree with Dr. Brown, there is no doubt  
that the Hall, with some alterations, could be made to serve the  
purpose adequately. Its location in an area of middle-income and  
low income families is good, and it could be made easily accessible  
by bus between Hicksville and Hempstead.

Conversion of the Hall into a health center would turn it into a  
community asset where now it is only a potential tax-liability. It  
would provide a highly desirable primary function for the building,  
justifying its continued existence, while it might continue in use oc-  
casionally for meetings and gatherings.

It would also relieve Levitt of further costs of operation and main-  
tenance, make it a county-wide obligation, establish it as a permanent  
memorial to Abraham Levitt, and terminate all argument and discus-  
sion relative to its disposition. It would no longer be a white elephant  
wished upon the taxpayers so that the vocal few can have an "air-  
conditioned soapbox."

Experience during the past 2 1/2 months, with the hall closed, has  
proven that there is no essential need for it as a meeting place. There  
is need for a health center. How about it, Mr. Levitt?

## The East Meadow 'NLHOA'

Pro-Levittowners have been heard to claim that wherever there  
is a Levitt house, that's Levittown. While that claim can be success-  
fully disputed, it can be said, almost as a corollary thereto, that where-  
ver Levitt houses are built there seems to be a special "Levittown"  
kind of trouble.

The East Meadow counterpart of the NLHOA and EMLHOA—the  
East Meadow Levitt Home Owners Assoc. Both are members of the  
Levittown Civic Council. Both have representatives of the Levittown  
Steering Committee which has attempted to dictate disposition of  
Levitt's hall and pools in this area.

From reports published in the Levittown papers, EMLHOA ap-  
pears to be operating in its area pretty much as NLHOA has operated  
in this area. Its present major activity is the promotion of school  
board candidates, endorsed in advance of association action, resulting  
in what seems to have been a major rumpus. A statement by one  
of these candidates is of especial interest to those who know the  
cost of the 11-room school in Hicksville School District. It is con-  
sidered that eight 12-room, kindergarten to third grade schools in  
East Meadow would cost only \$1,000,000. The four 11-room schools  
in Hicksville cost \$2,000,000.

## 'Levittown' Trouble

Persons generally are saying that they don't Levitt a bit, and that  
in the affairs of this community and set of laws, Levitt has no  
influence. The community would be well to set an even keel.

**Commuters Come Home Weary**

By RUTH SCHULZ  
Hicksville 3-2549-R

Sorry I slipped up on getting a column in last week, but I was too overwhelmed by our son's having his tonsils removed. Believe me, the mother was in a lot worse condition than the patient ever thought of being. All this brought an addition to the family, namely a parakeet, which we have christened "Happy." This new member of our household was Teddy's first quest before entering the operating room, so of course, had to be. Now we are wondering which will happen first, either the dog eating the bird, or the bird eating the fish!

Complaints from commuters in this section have reached my ears. This is one situation of which my knowledge is just about nil, but I understand that service on the railroad from Hicksville (you all know which one) cannot compare with other and smaller stops. The growth of this section of the county, certainly must have been observed by railroad officials. Why better service is not put into effect where it is obviously needed, is beyond my comprehension.

One gentleman tells me of a fellow employee who rides in a Maspeth, a comparable distance from New York, who can leave on

a train 20 minutes later and get to the office at the same time. Twenty minutes extra time to sleep would appeal to anyone. Must also be very disheartening, to say the least, to arrive in Hicksville after a hard day's work, and then have it take 25 minutes to get from a parking space near the station to your home, a distance normally covered in 5 minutes. If only a few of the grade crossings could be eliminated, that traffic congestion would be a thing of the past, and temper and dispositions would improve. It isn't any wonder most commuters arrive home worn out, not from their day's work, but from travelling difficulties. Needless to say, I do not know the answer to this problem, although a flood of protesting letters sent to the proper channels, might be to some avail. It's at least worth a try.

A couple of the small fry hereabouts celebrated birthdays recently. They were Patricia McKee, daughter of the Joseph McKee's of 31 Gables Rd., who was eight years old on March 8. Also, Michael Oates, son of Mr. and Mrs. William Oates of 29 South Elm St., whose fifth year was reached March 13.

A very Happy Anniversary to Mr. and Mrs. Arthur Baldwin of 13 Gables Road, who celebrated their 22nd year of wedded bliss on March 11.

Expect to see and hear a lot in the near future with the nicer weather coming along. One last reminder to get out this Saturday evening to the dance at the Hicksville Legion Hall, which is being sponsored by the East St. P.T.A. This will be a good opportunity to meet old and new friends alike, and have an evening of fun. All proceeds will go toward a gift for the school, in which all children will benefit. See you there.

**As Szendy Sees It**

(Continued from Page 13)  
Dec. 14, 1952 had this to say about Levitt's "city":

"Levitt's dream is to incorporate all of his pre-planned town under one political roof. It would cost a million in capital assets. Levitt sighed. But what a town, we could make then, what a town!"

While Levitt was referring to Levittown Pa., the "dream" could apply also to Levittown, N. Y.

As to the GOP politicians—much of what they have done in connection with the present proposed legislation for municipal operation of the pools and the hall has been directly in line with Levitt's wishes and directly counter to the wishes of the people expressed in a formal referendum. They have even insisted on crossing town lines and establishing a joint district with Levittown, thereby setting the stage for further integration of this area with Levittown, although other arrangements for municipal operation—more equitable and acceptable—could easily be made. The hall is to be added to the home owner's tax burden, although he does not wish to support it, because Levitt has insisted upon it to the GOP. He would not yield the pool without the hall and the GOP bowed to his wishes.

With Levitt's financial backing and a supine Republican machine, Levittown incorporation could quickly be a real threat to Hicksville. Don't let anybody tell you it's not in the making or that it could not happen here. Look at what's been happening already. What's been happening could have been stopped in a minute, and could be stopped now. This terminating argument and the controversy, if elected officials were not so blatantly willing to play hooky with somebody.

with most working together in the schools and other Hicksville activities. In spite of the extreme efforts to integrate with Levittown, the proponents have been losing ground as awareness grows of interdependence with Hicksville.

The publicity "Levittown" controversies have received in the daily press, including metropolitan newspapers, has been reflected in greater difficulty in disposing of Levittown houses. That doesn't please the home owners either. They are beginning to be fed up with the continuous state of ferment engendered by trumped-up "issues" following one upon the other.

The "rhubarb" in East Meadow is probably the first tangible evidence of revolt that was due to come sooner or later. In all such cases, the vocal minority takes over first, but is eventually replaced by the sober sound citizens who are slow to rouse but strong when they are convinced. The revolt is overdue in this area.

Levitt and Levitt ideology have had their day.

## NLHOA Comes a Cropper

Efforts of NLHOA to convince Hicksville Civic organization members of the Oyster Bay Civic Council, of their "error" in opposing legislation for creation of a bond district with Levittown on creation of the pools and ball fields have been notably unsuccessful. Mass. Sullivan, speaking for the NLHOA at the Hicksville Civic Civic Assoc. found the going tough. No one could understand why there could be any difficulty in getting possession of pools when Sullivan said had been paid for in buying the houses. How, then, could Levitt still retain possession of the pools and claim the right to dispose as he saw fit? To outsiders, the NLHOA position seemed ridiculous and they said so.

When Sullivan got through, no rebuttal was necessary. He himself had made the best argument against the case he was trying to present. Levittown on the March

If you don't believe that "Levittown" is on the march, consult the past Sunday's Long Island Press. It includes a picture of the new Allied Shopping Center on Jerusalem Ave., north of the Levitt houses captioned, "It's being erected by Charles and Hyman Muss along Jerusalem Ave., half-mile south of Old Country Road, Levittown". Home owners who bought houses from the Musss are reported to be up in arms. They want no part of Levittown.

Reports have been current at various times that Muss has been promising his house buyers use of the swimming pools in Levittown. As this builder has also been reported to be close to politicians, it could be added up to something.

## Crime Commission Report

"In discussing the need for improving the caliber of county and district leaders, the Crime Commission emphasized that these party functionaries exercise a dominating influence in the formulation of public policies and in the designation and choice of public officials."

"They can be a vital influence in furthering good legislation and a proper administration of the law or can contribute heavily to a deterioration of government and a loss of public respect for it," the report declared. (N. Y. Times, March 15, 1953).

Assembly Bill 1824 is a sample of bad legislation going directly counter to the expressed wishes of the people. It has resulted in a loss of public respect for government.

### Bags Meet, Elect New Leader

By JUDY DE JONGH  
Hicksville 3-2476 M

The semi-monthly meeting of the Benjamin Ave. Girls Society (BAGS) was held on Tuesday evening, Mar. 10, at the home of Dotie Mucciello at 85 Benjamin Ave. Betty Watterson of 66 Combes Ave. was elected President and Secretary for the coming year, and Mary Graham of 91 Benjamin Ave. was elected Treasurer. Those who attended the meeting were Edith Glembocki, Betty Watterson, Alice Ofenloch, Ginnie White, and Mildred Scheriff, and Lorrie Marcano. The members discussed their outing held Feb. 28, at which time they converged on the big city for dinner at Leone's, and afterwards took in the Mayfair Theatre for "Above and Beyond".

Related birthday greetings to George Scheriff of 78 Benjamin Ave. George celebrated his 14th birthday on March 9.

The Charles Grammas of 91 Benjamin Ave. and the William Grammas of Glen Head spent Saturday evening together "pampering the town". Bowling was the order of the day, with dancing and assorted funniness afterwards.

We are sorry to hear that little Alice Larson of 6 Supes Lane is ill. Let's hope that she got well in time to spend the weekend with

sister Carol at the home of their grandparents, Mr. and Mrs. Olaf Hanson of the Bronx.

An executive meeting of the Old Country Road PTA was held on Thursday evening, Mar. 12, at the school. It was revealed that dedication exercises for the new school will be held on Sunday, April 19, at 4 P.M. Watch this column for more news on this event in the coming weeks.

Mr. and Mrs. Howard Bertine, formerly of 57 Combes Ave., have made good with the dream of a lifetime. These lucky folks have just purchased a motel with sixteen cabins in Ashley Falls, Mass. The name of the new venture is the Holiday Motor Court, and we certainly wish them all the luck in the world. Anyone travelling through New England via Route 7, drop in and say hello!

Sorry that's all there is this week folks, but yours truly has been bedridden with a touch of pneumonia, and it's kind of tough getting the lawdown on what's going on from behind a doctor's prescription.

## St. Patrick Party Grand Success

By DOROTHY GUELPA

The annual St. Patrick's Day dance of St. Martin of Tours church, was the usual success and it appears the crowds are rapidly outgrowing the facilities of the clubhouse at the State Park.

At Kaid's music proved there there was life left in a lot of the folks yet.

The awards of bonds were made as follows: William Byerly of Levittown, \$100; Frank Niemczyk of Bethpage, \$50; and Mrs. John Bird of Bethpage, \$25. A Remington Rand electric shaver, donated by Barney Downs of Burkhart Ave., was awarded as a door prize to Mrs. Mart Husted of Evergreen Ave.

The battle over the new post office site goes on. I hope the hassle is in the best interests of the hamlet of Bethpage and not just a political football.

Don't forget the VFW dance on Saturday night at the clubhouse on Nibbe Lane.

With Spring, the circus also comes to town and Brownie Troop 33 is making big plans to go to NYC during the Easter week to Madison Square Garden to see the "greatest show on Earth". To raise the money for this trip, they are having a cake sale on Saturday, Mar. 21, at the Nash show room on Broadway. Mrs. Lillian Fehrenbach, leader of the troop, announced that the cakes will be on sale from 10 A.M. until they are all gone. This is a large undertaking

for the Brownies who are only about 4 years old and we hope everyone will stop by and take home a cake.

The date of the Rosary Society dance has been changed from May 23. The committee will announce the new date very shortly.

Mr. and Mrs. Robert Addy of 7 West Court are the happy parents of a son, Gerard born on March 1 at Brunswick Hospital, Amityville. The baby only weighed 4 lbs. 6 ozs. at birth and so he has been kept in the hospital until he gains a little more weight. Rob and Ruth hope to bring him home this week. They have another son, Bobby, who is 5 years old.

The new slate of officers for the Mothers Club was presented at the meeting, Tuesday, March 17. They are Joan Biondo, president; Grace Moran, vice-president; Alice Goss, recording secretary; Agnes Melone, corresponding secretary and Lillian Auer, treasurer.

The nominating committee was thanked and excused by the president, Mrs. Dorothy Guelpa. The members of the committee were Mrs. Eleanor O'Donnell, Mrs. Ann Haye and Mrs. Elsie Barone.

The Faith Baptist Church which is seeking a location in Plainville is holding 11 A.M. Sunday worship services at temporary quarters in the North Bethpage Civic Assoc. building on Stewart Ave. Edward Edison Collins of 195 Central Ave., Bethpage, is pastor.

Considerable time and effort has been spent in attempting to locate the whereabouts of the old files belonging to our Legion Post. The search, conducted by various charter members, failed to uncover even a fragment of information. Especially needed at the moment are those records dealing with the granting of the Charter and data on the background of how and why the Post was organized. The material, for use in connection with our 25th Anniversary celebration on March 28, is essential if the past history of the Post is to be presented. Members who have had access to these files or know where they are pigeon-holed are asked to get in touch with this column.

## Mazzara Names Drive Deputy

BETHPAGE — Buddy Mazzara, Chairman of the local Cancer Crusade, today named Mrs. Sylvia Knight of 311 Herbert Pl., as Deputy. Mrs. Knight will serve, along with Mrs. Jeanne Sinclair, Charles Campagne, and Dominick Noce.

Mrs. Sinclair, 69 Dorothy St., will coordinate the activities of the captains of Sections 1 through 10, 21, 22, and 26 through 30. Mrs. Knight will coordinate the activities of the captains of Section 11 through 20, 23, 24, 25. Campagne, Noce and Mazzara will solicit the business and professional men.

Mazzara also announced the ad-

dition of things, it was a boy for the Mrs. Beatriz Thomas of Rose St., Mrs. Lorraine Carter of Broadway and Mrs. Gerry Freund of Herbert Pl., to the committee.

Many more volunteers are needed for this drive which starts next Friday, Mar. 27. Mazzara hopes to be able to cover every home in Bethpage. If you are not solicited at your home, please do not hesitate to send your donation to the Cancer Crusade Headquarters at 38 Alice Court.

Renewal memberships are a source of constant gratification. This week we thank Milton Deubel (Charter Member), John Henry Brem, and Bob Ainsley.

We would like to repeat, without mentioning personalities, that you come to meetings for the good of the Legion. Differences of opinion and of no importance to the Post should be aired elsewhere.

Understand the Plainview Post will soon be granted its charter.

Arrangements are expected to be made for Al Kaufman to attend a meeting of the Post in the near future. Continuing the practice of giving to worthy causes, contributions have been made to the Red Cross and Cancer drives

Walter Davis, long associated with the Post, heads the flag pole-committee. Plans call for its erection at the entrance to the clubhouse. Knowing Walter, the job will be accomplished in a most expeditious manner. Regret we can't say the same for the road sign gangs.

Al Garruba and his dance committee going all out on the 25th Anniversary Dance. Remember the date, March, 28 at the clubhouse. Tickets may be had by calling Al at HI 3-2005 J or from any Legion member. This column will also handle your requests.

If you enjoyed the "Back to God" program recently broadcast from New York, suggest you write direct to the National Broadcasting Company, American Broadcasting Company, Columbia Broadcasting System, or the Mutual Broadcasting Company. This will help on future American Legion programs.

## 2nd TEEN-AGE DANCE

The second in a series of monthly Teen-Age Dances sponsored by the Bethpage P.T.A. will be a St. Patrick's Day Dance this Saturday, Mar. 21 from 8 to 11 P.M. in the gymnasium of the Broadway school.

The caller, Mr. Kanopasek, will supply records and instructions for square dancing. Arthur Murray records for social dancing, and St. Patrick's Day novelty numbers. A door prize will be awarded and cokes will be available.

Attendance at these dances is not limited to students in the Bethpage School.

Charles Wagner Post  
No. 421, American Legion

To all three of you who missed the column two weeks ago and were kind (?) enough to comment on its lack of appearance—our grateful thanks—and with the thanks an explanation of last week's seeming inaccuracies. You see, last week's column was the column of two weeks ago that you didn't see until last week when we didn't write a new column because the column that wasn't published was on file and would be printed a week late. Simple? And besides who wants two columns in one issue! Furthermore if you're curious why the week was missed ask Fred Noeth we don't know the answer ourselves.

Skipping to more pertinent matters—how about last Saturday's beautiful spring weather sandwiched between a miserable Friday and Sunday. The weather was so grand that we think it deserves some of the credit for the record turnout for that night's St. Patrick's Dance at the clubhouse. Although it was necessary for us to duck early after getting the bar started on the right foot, the portion of the party we witnessed gave evidence that it would be a bang up affair and on Sunday Commander Ed Becker assured us it was just that.

Besides giving credit to the Dance Committee of Walt Schlichting, John Nees and Rudy Boue we think Mel Eisenhandler and Andy Mandronna deserve a big hand for their initial effort in keeping the threat rating at a minimum. Whether the pre-party instruction session they had was responsible or not we don't know, but by the end of the evening the boys were handling the situation like old pros; proof that any of us can help out without fear of looking bad.

Al Barlow's smile is getting broader these days as membership for 1953 has gone past the 150 mark and continues to rise steadily. First reading and explanation of the proposed by-laws amendments given excellent treatment by Al Vitale at the March 2 meeting. Walter Barnett really starting to push plans for an early Bazaar. Better get your name in quickly for one of the booth "teams" being formed. The whole undertaking is going to require about 70 workers but those applying first are going to get the choice of team mates and booths, and, as a result, more enjoyment from the entire proceedings.

The Initiation and Awards and the Army Nite Committees are both plugging away toward successful April affairs. John Spinella, Army Nite Chairman, has been going around lately mumbling about a turkey for food that is more on the fact that when our espionage agents report in Nick Harter's records and memory have been a big help to the Awards Committee.

Some kind soul (by using the box provided for the purpose) has called our attention to the fact that Duffy Park took the bartending laurels two weeks ago. Mentions the Molinari brothers and Tony Bell concludes with "nice work Duffy Tavern Boys"—and so say we.

Nice gesture on Commander Becker's part to commit his own money at the last County meeting to assure a Hicksville boys' participation in this year's Boys State program. We can't help wondering what would have happened if there had been no reimbursement at the Post meeting.

By now we think all of you have received the 1953 Legion rehabilitation stamps from the Department of New York.

BUY THEM! USE THEM!

the School District. That best judgment of the Board of Education, considering always the educational needs of the children in the District and the financial problems of the home owners related thereto, has called for the submission of the proposition to erect the new high school on the site chosen and on the date advertised for the public meeting.

Prior to receipt of your letter and the intimations contained therein that there would be some attempt by individuals or groups to relate the forthcoming vote to the Park District Question, the Board of Education had no reason to believe that that problem would figure in any way in the deliberations of the Hicksville voters in voting on a new high school. The Board still feels that this subject has no legitimate bearing on the

high school vote.

The Board of Education feels further that any individuals or groups who may attempt to inject the current Park District controversy into the school district vote and to sway the voters of the District by an unrelated issue will be doing a disservice to the people of Hicksville and particularly to the children who rely on the School District and the Board of Education's planning for their educational needs.

As to the suggestion contained in the letter that the Board of Education should attempt to influence the Town Board of Oyster Bay or our legislators in Albany in connection with legislation not related to School District affairs or educational questions we feel that this is entirely outside the province of the Board of Education and could well detract from our effectiveness as a Board of Education whose responsibility is the education of the children in our whole School District.

Again we feel that the vote on the proposed high school is entirely a School District question and that because of the serious educational and economic factors involved great damage could be done to the District's welfare by injecting an extraneous and controversial consideration in a School District decision.

## Open Letter To Gov. Dewey

By Fred J. Noeth

DEAR GOVERNOR DEWEY:

We appeal to you to save our Town Board of the Town of Oyster Bay, County of Nassau, from betraying the public's confidence and trust.

You will receive in the next few hours or days a bill from the N. Y. State Legislature which was introduced by Assemblyman John J. Burns (Assembly 1826, Int. 1765) and State Senator William Hults Jr.

This bill is designed to accomplish the direct opposite of the will of the people as expressed in an official referendum conducted by Oyster Bay Town Board on Jan. 30 of this year. The people in the South Hicksville area were asked if they wished to become part of a Joint Levittown District, taking on the burden of supporting with new and additional taxes a meeting hall built by a housing developer, Levitt and Sons.

The voters, in good faith, cast their ballots. It can be said that they reacted in accord with this published statement of the Hicksville Republican Club: "If you think the proposition is good, go out and vote for it; if you think the proposition is not good, go out and vote against it, BUT VOTE."

They did vote. They recorded a decisive "no".

But Oyster Bay Town Board, it must be assumed, found other alien influences more impressive than the recorded 3 to 1 "no" vote. Assemblyman Burns and Senator Hults both tell us quite frankly that their bill is going thru the Legislature because the Town Board requested it. The Town Board has declined to withdraw its official support of the bill, despite petitions of protest bearing more than 1,000 signatures of opposition. If these petitions can be retrieved from the Town Board, they will be forwarded to you.

This bill is said to be permissible—a public hearing will be held by Oyster Bay and Hempstead Town Boards, meeting jointly. But, it is impossible for us to believe that opposition at such a hearing would count for much, if anything, since the Oyster Bay Board has already decided to thumb its official nose at the wishes of the people as recorded in the referendum.

A joint hearing by the two town boards cleverly eliminates the possibility of voter retaliation at the polls in the event of another unpopular verdict. Hempstead township wants the joint district and Hempstead Town Board outnumbers Oyster Bay Board membership, thus Hempstead controls the final verdict.

Thus the public hearing, as means of evaluating the public wishes, will join the ballot box on the rubbish heap of impractical and old-fashioned mechanisms of government unless this bill is vetoed by you.

We are told that this legislation is designed to comply with the dictates of the builder, Levitt and Sons. But our town board also says it has nothing on file to reveal just what those terms are.

This entire controversy is a continuation of what came before you out of the 1952 Legislative session. Last year's bill permitting a split in Hicksville solved nothing. It has continued the unrest and discord in the community. It is still on the books, a constant threat to harmony and community progress.

You can bring an end to these shinnanigans by your veto. This editorial opinion is endorsed by the undersigned:

Clip this entire column with the following coupon and mail it TODAY to Gov. Thomas E. Dewey, Executive Mansion, Albany, N. Y.

I also urge you to veto this bill.

## Hillside Terrace Civic Notices

The Hillside Terrace Civic Assoc held its first formal meeting on Wednesday, Mar. 11, at the East St. School, Hicksville. Bill J. Szendy, member of the Board of Education, welcomed the group.

Topics discussed were the constitution and by-laws, formation of committees and the proposed new high school which is subject to vote on Mar. 28.

A representative of the NLHOA spoke at the meeting on the Park and Parking District question. The membership disapproved of the proposition and added its support to other township civic groups in protesting the enactment of the proposed bill which would create a Joint Levittown District.

Our next meeting will be held at East St. School on Wednesday night, Apr. 8. An executive committee meeting was held on Monday night when plans to get our neighborhood out to register for the Mar. 28 vote were made.

ture won't deviate its normal path. I would like to urge him to run as I told him myself. If you would enjoy his presence on the board as I do, I wish you'd phone him and tell him of your intentions. His phone number is HI 3-3873-M.

There seems to be quite a problem in respect to the school bus stops. The recipient of such a site is also the recipient of much innocent trouble from unescorted children. They tear the garden to shreds and constantly annoy the home owner. Usually it is necessary to reprimand children for this useless harm, and quite often neighbors become annoyed at someone telling their children what to do. It is a big problem, but I offer a suggestion, which I offered the school once before. It is impossible to escort the children daily, or so it seems, and it is likewise impossible to control them outside of mother's reach.

Therefore, it would seem that the situation can only bring on personal enmities. The solution I bring forth is that the school bus stop be moved after each term to a new location, leaving the feeling that someday "I might have that problem." This would bring to mind a sense of responsibility and might tend, through discipline, to curb vandalism. Another facet of this move would be to create the feeling in the bus stop "owner" that it can only last a little while longer, and not too much property damage can result.

In speaking with Allan Carpenter, he quite agreed that my proposal deserved discussion and that it could minimize the many complaints that reach the office of the school.

I was most sorry to hear that only five parents attended the boy scout meeting, naturally voicing

all efforts to effect a scout pack in this area. However, after a few phone calls, I did come upon a tentative solution. If you are interested in your son, and want him to become a citizen of great interest to his community which is a scout tradition - you may enroll him in a Hicksville unit of the boy or cub scouts by contacting Fred Hohnfeld at Hicksville 3-0369. He is a scoutmaster who loves boys, and seeks to build good citizens from them.

We still haven't come to the children's event, but Barbara Brannan reached four years old and had a party with these guests: Joyce Allison, Jacqueline Charbonnet, Carol Roth, Cora Brannan, Tommy Blaser, Arthur Becker and Susan Carter.

In Hillside Terrace, Jerry DeLorme had his tonsils out and is doing O.K.

A special meeting was held for the Neighborhood Garden Club at the home of Katharine Kennedy of 78 Elm St. Because of the resignation of Vice President Rose Zozda an election was held and Mildred Bertram of 65 Elm St. filled the spot. A motion was made to drop the limitation of the membership of the club and was carried. Voted into the executive committee were Cynthia Hansen and May Maljean who serve respectively on membership and publicity for the club. This committee will also meet once a month in addition to the regular meetings.

By HOWARD FINNEGAN

Parents of all Junior High School children are urged to get up to Hicksville High School gym, Friday, March 27, to attend the Junior High School Sports Night.

Over 250 children are practicing diligently under the direction of Mrs. Barbara Cunningham and Bill McNamara to make this year's show better than the very successful one staged last year.

On the program will be an exhibition of volleyball, basketball, stunts and tumbling, dancing and the other varied work done during the indoor season.

The affair will start at 8:00 p.m.

Hicksville's triumph in the Alliance League playoffs was another feather in the cap of Steve Ruggiero.

Considering that the officiating throughout the entire series was terrible, the victory was remarkable.

In each game there was only one really qualified official and the laxity of the others made the good one's task exceedingly difficult.

We could not help but feel, watching the North Shore Playoff game between Port and Sea Cliff, that the Eastern Division was represented by its true strength.

Oyster Bay would have made a far better standard bearer and would have been qualified to play rock and sock with Hempstead which now celebrates its first Nassau County crown.

## Hicksville Wins Third Alliance Flag On Alcock's 32 Points

MINEOLA—Dick Alcock drove the wedge that toppled West Hempstead's towering aspirants for the 1953 Alliance League title, here last week, as the Hicksville PBC Alumni won its third straight championship in a nerve tearing finish, 74-73.

Alcock swished in 32 points — 14 of them in as many tries from the foul line — and it was his continuous drives on the basket that overcame the tremendous height advantage enjoyed by the losers.

For coach Steve Ruggiero, who and the substituting answers at the right time, it was the fourth basketball title that he had brought to Hicksville.

John Biggs, who tossed in the winning two points in the 71-69 opener but was absent in the second as the PBC went down 91-74, had four quick fouls called on him in the first period and he was forced to the bench.

Charlie Rosangren — he hitch hiked from his naval station at Lakehurst, New Jersey, in order to help — took up the hard core of fighting under the board, and his weight helped tip the fractional verdict to the winners.

Ruggiero got vital service from Dick Kerbs, Tom Hartmann, Jim Quinn and Reg Joderowski, particularly in the second period in which the Hub appeared ready to stomp away.

Alcock got the usual scoring support from Bob Meyer and John Kluch, spurt immediately after Stan Kellner was unjustly ejected from the contest in the fourth period won the game.

A fight started due to official laxity and the whistle totters tried to restore order by ejecting the nearest player, innocent or not. Unfortunately they picked on Kellner.

Back came Biggs and his height helped Hicksville establish a seven point lead with two minutes to go. Alcock and Meyer with eight and six points, respectively, fired the rally.

Hempstead came spinning back however and missed a chance to win when an over anxious player grazed the out of bounds line with six seconds left.

	Hicksville (74)	Hempstead (73)
Alcock	32	14
Meyer	10	10
Kluch	6	6
Joderowski	2	2
Kerbs	0	1
Hartmann	1	1
Quinn	0	1
Rosangren	4	1
Totals	55	36
The score by periods:	31	27
Hicksville	18	23
West Hempstead	13	23
Officials: Weissman and O'Connor.

## PBC-ing Around

### Hicksville Unit of Nassau County Police Boys Clubs

By PAUL GERECH  
We are extremely happy to welcome as sponsors, George McCue of 86 Woodbury Road and John Podolski of 5 Mueller St., both of Hicksville.

The Celtics of the senior league, defeated Seaford, 1st precinct champion, 53 to 30, to open the Nassau County P.B.C. playoffs. Dwinell with 22 pts. and Vogel with 19 pts. led the Celtics in scoring. Combining with Kellar, Wagner and Cohen, the Celtics were outstanding as a unit on both defense and offense. Thursday, March 19, the Celtics will meet South Hempstead at South Hempstead for their first opponent in the Wagner Tournament. Game starts at 8:30 P.M. The Celtics have been established as one of the favorite to win in both the Wagner Tournament and P.B.C. playoffs.

On that same evening, the Buckeyes will meet Carle Place, winners of the 3rd precinct junior league at Hicksville High School. Game starts at 7:30 P.M. Members of the Buckeye will be requested to bring their birth certificates or some other proof of age with them. Notes from parents will not be accepted. From what this writer has seen of the Buckeyes, I establish them as favorites over Carle Place by at least 15 pts. In spite of an injury to little Tommy Reuter, the Buckeyes have been developing speed and marksmanship from the floor. This has largely been due to the competition supplied by Nygren, Kordular, Moszkow, Budd, Heberer and the Sakaris brothers. Hob and Rickie, during practice.

I want to take this opportunity to thank Louis Kunz in assisting the junior league sponsors, by keeping the time and scores of the games. Howie Nordin, Tommy Valentine and Bob Hawkins in helping with the refereeing, and Charlie McGunnigle for helping to coach the teams in the absence of their regular coaches. You did a swell job fellas.

There are still a few junior league members who have not returned their basketball jerseys as yet. Please try to return them as early as possible.
