

200 MODERN-DAY PAUL REVERES THIS SUNDAY

Ask Your Signature To Bring Home Rule Issue to Public Vote

Entered as Second Class Matter at Hicksville, N. Y., Post Office.
Vol. 5, No. 13—Hicksville, N. Y., April 16, 1953—Copy 5c

HICKSVILLE—Signatures by the owners of 2,500 homes this Sunday afternoon will complete the petition and bring the question of incorporation of Hicksville as a first class village to a vote, it was revealed today. The tabulation of assessments now represented on the petition is \$3,782,808 which leaves a balance of \$9,217,692 to be recorded for the necessary minimum of \$13 million, to get a vote on the question.

Lawrence A. Roman, general chairman of the Home Rule Committee, said today that on an average of \$3700 per house assessment it would require 2500 such dwellings to achieve the balance.

START AT 2 O'CLOCK
Homeowners everywhere in the district are waiting this Sunday for the 200 volunteers who will start out at about 2 o'clock. While some election districts are completely organized, there are more workers needed in some sections. Anyone who is willing to give a few hours of his or her time to take part in the victory push this Sunday, rain or shine, is urged to contact the captain of their election district or report to committee headquarters at 98 North Broadway anytime, today thru Saturday night.

NEWCOMERS and "old timers" are united in the movement to get home rule for Hicksville as demonstrated this week by Frank Sutter, of 15 Henry Pl. (at left) who has lived in the community nearly all his life and Ed Daley of 16 Cedar St. (at right) who took up residence in the Pine Crest Estate development a month ago. William L. Geyer, member of the Home Rule Committee, is in the center holding the petition form on which signatures of 2,500 home owners are required. Sutter has long been active in community and veteran affairs. He was chairman of the World War II Memorial Committee which developed the Memorial Mall on the high school grounds and for nearly two years was a volunteer Civil Defense director for Hicksville-Plainview. Town Acts on Car Parking

OYSTER BAY—The Town Board authorized its attorney here, Tuesday, to purchase or acquire by condemnation two parcels of property in Hicksville for automobile parking. No estimated costs were released and no information was available on the number of car spaces likely to result. One parcel was described as the rear of the Firestone store on the west side of Broadway, between Nicholas and Marie St. The other is on East Barclay St near the RR, east of Broadway, and is likely to become a commuter parking field. The decision, Councilman Frank Chlumsky said, was the result of several months of engineering work and conferences with business and community leaders.

Weather Slows Cancer Drive

HICKSVILLE—The cancer crusade here has collected \$344.08 which is 20 per cent of the community quota, it was announced today by Drive Chairman Charles Trofan. "Considering the bad weather, we are making good progress and are confident that the \$1800 quota will be reached," he said, adding that more workers are needed. He can be reached at the Long Island National Bank.

Kiwanis Leaders Form Council

HICKSVILLE—A council of Past Presidents of the Hicksville Kiwanis Club was organized Tuesday night at a meeting of past presidents of the club held at the office of Dr. George Loucks at 890 So. Bway. Purpose of the council is to "perpetuate and further interest in the local club".

Rules and regulations, preamble and by-laws were prepared and adopted at the meeting. Dr. Loucks was named president, Morris Roehman, vice president; and Dr. Charles Masak, secretary-treasurer.

Cullen CD Deputy Director

HICKSVILLE—A communication exercise for civil defense units in the Town of Oyster Bay will take place next Wednesday evening, Apr. 22. The public will not be involved and no alarms will be sounded, according to Buddy Mazzara, CD Deputy Director for the Township. A test alert in which the public will participate is anticipated for sometime in May.

Thomas Cullen, formerly head of the Hicksville-Plainview CD Auxiliary Police, has become deputy to community director Charles Eginton, it was learned this week. Clifford D. Goff has replaced Cullen as head of the auxiliary police.

FREEDOM TO GOVERN

"The American tradition of freedom is as strong today as it was in 1775. Our nation is strong because it is free. Our nation is just as strong as the villages across the county and nation who enjoy the freedom of action, the right to control their own affairs, the right to select their own public officials, and freedom to decide for themselves how they shall be governed."

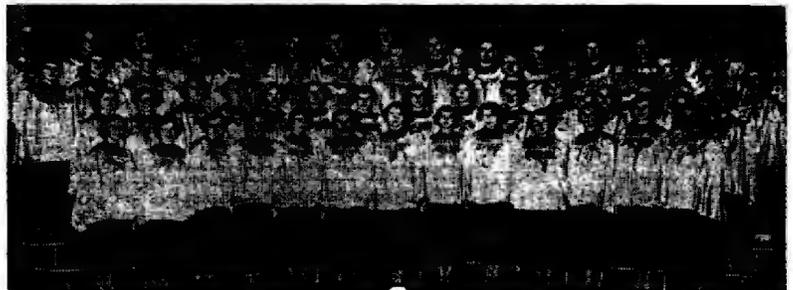

A motorcade will start from the Post Office on Saturday afternoon at 5 o'clock of "modern day Paul (Continued on Page 6)

Discussion Monday On School Budget

HICKSVILLE—The public expects to get its first official look at the 1953-54 School District Budget next Monday night, Apr. 20, when the Board of Education holds a public discussion meeting on the budget in the high school auditorium at 8 o'clock. While official figures were not available today, it was learned that the gross budget will probably reach an all-time peak of over two million dollars, an increase of about \$500,000 over the current expenditures.

Civic interest is focused in particularly upon such topics as ar-

rangements for attorney services, bus services and the maturity of bonds on new school construction in the new budget. Unconfirmed reports indicate that Board members have been considering an increased annual retainer for the school attorney in place of the present percentage-of-the-bond issue arrangement. The current retainer is \$1200 plus one percent of bonds issued. It is unofficially reported that the new budget may contain an appropriation of up to \$15,000 for this service with the final de (Continued on Page 3)

Dear Jean:

South Hicksville Assoc of Levitt Home Owners is planning a picnic at a State Park, probably Belmont Lake, in mid-June. HARLAN HAAG is in charge of arrangements. . . . Those who want to see the incorporation of Hicksville as a village, giving it official status as a community, may take some comfort from the fact that the stars are now "right". A friend who studies astrology and has found, for example, therein the election of IKE as president forecast, says that two years ago the stars were not favorable for such a movement. They are now. . . . County police may move 2nd precinct headquarters from Sponset to North Broadway, Hicksville, just below the parkway bridge in house on west side. . . . This is a quote published last week in a Massapequa newspaper about Councilman DUDLEY McCABE. (Civic Assoc there said "In connection with our complaint that the Town Board has attended to very few of our requests, he (McCabe) explained that he had supported many of them but that he was only one member of a Board of five and could not control the vote." We know another councilman who has often said the same thing in the mid-Island area. . . .

Residents of the North West section were wondering this week if there was a possibility of some connection between the fact that Gov. DEWEY has signed bills requiring owners of hazardous excavations to fence same or permit the township to fill such diggings AND the announcement of a Liquidating Sale by the Searingtown Sand and Gravel Co. of W. John St., Hicksville. Notices of the sale appears in the April 6 issue of CONSTRUCTIONER. . . . The Women's Medical Specialist Corps of the Army Medical Service celebrates its 6th birthday today (Thursday). . . . No opposition was recorded at the Town Board hearing Tuesday on application of WILLIAM HARBES for business zoning on both sides of Plainview Firehouse, Old Country Rd. Land next to firehouse has been levelled for a gas station at corner of Central Park Rd. . . .

Friends are receiving post cards from LOUIS J. REINACHER, now enjoying the sunshine in St. Petersburg, Fla. . . . Levittown Fire District votes on Apr. 29 upon purchase of a fire truck and alarm sirens for a total of \$25,000 which will be financed over a 10-year period. The Fire District includes a portion of Island Trees and the Miller homes. . . . Thirty organizations will have representatives at the Business Men's Assoc luncheon today at the Albi when a shopper survey is launched by the cooperating State Dept of Commerce, according to BMA Pres. CHARLES TROJAN. . . . When a train hit a truck at the Old Country Rd grade crossing last Thursday morning, pictures by FRANK MALLETT were posted in the HERALD window within two hours of the accident which occurred about 6 A.M. . . . Enthusiasm is running high for the push this Sunday to finish up the Home Rule petitions. More than 250 volunteers are ready to ring door bells but more are needed. If you can spare some time on this project (a good way to get acquainted with your neighbors), why not drop in at the office, 98 North Broadway, this Saturday and get the data and a handful of petition forms. . . . The Home Rule Committee has had speakers at eight meetings, ranging from 6 to 48 people, talking about the project and answering questions in the past couple of weeks. LARRY ROMAN, general chairman, has been invited to speak at the Hicksville Lions meeting next Wednesday evening, Apr. 22, at the Hicksville Inn. . . .

Planning Bazaar at St. Ignatius

HICKSVILLE—A monster bazaar will be held at St. Ignatius School Hall, May 8, 9, 15 and 16. Proceeds will go to the benefit of the new Convent. Each society of St. Ignatius Parish will have a booth. Prizes and awards will be made each night. \$2500 in U. S. Savings Bonds will also be awarded during the bazaar as well as a food freezer and four months supply of food.

Knights Arrange Spring Dance

HICKSVILLE — Members and friends of the Joseph Barry Council, Knights of Columbus, will attend the first annual Spring Dance tomorrow (Friday) evening, in St. Ignatius School Auditorium.

Robert Manning and his committee have planned an enjoyable and entertaining evening for all.

The Council will hold its Annual Corporate Communion and Breakfast on Sunday, April 26 after Mass at St. Ignatius, Loyola Church at 8 A.M., breakfast will be served in the Parochial School by members of Court Queens of Angels, Catholic Daughter of America.

Speaker will be Rev. Phillip A. Carey, S. J., Director of the Xavier

School of Industrial Relations, New York City. Dermot P. Dunne, P.G.K. is the chairman of the Corporate Communion and Breakfast. The Council's monthly business meeting will be held on Tuesday, April 28.

Vamps Re-Elect Chief Schluter

HICKSVILLE — Edward R. Schluter Jr. was re-elected chief of the fire department, Thursday night, without opposition. There were nearly 100 ballots cast. Arnold Jeanson was re-elected first assistant chief and Larry Huttie, second assistant chief. Also re-elected were Walter Baldwin, secretary; Joseph Eisenmann, financial secretary; and Charles Steinhauer, treasurer.

The re-elected officers were installed at the department meeting, Monday night.

SCHOOL BUDGET

(Continued from Page 1)
cision by the board scheduled for later this week.

Allan Carpenter and A. G. Soininen, board members seeking re-election, were speakers at the SHALHO meeting Tuesday night at Dutch Lane School.

STRICTLY ESTIMATES
Questions about the budget were raised at the meeting and Soininen said that the two million dollar gross budget is in prospect, although "this is strictly an estimate." Both men said it would be "unethical" to discuss the attorney retainer since the Board had not made a decision up to the time of the meeting.

Carpenter admitted the State Education Dept. expert has concluded a survey of local school bus transportation but that final findings have not reached the Board. Asked about the local vote which had been taken on the bus service he said, "It was only an opinion poll," and that the "only real thing we could tell from it" was that the public wanted junior high pupils transported homeward when dismissal hour came after dark without regard for exact mileage.

"It does appear," he said about the state survey, "that our mileage distances are more liberal than most in use in the state." Transportation is mandatory, he added, for those who live three miles from school, not two miles as had been heretofore assumed.

SECOND OF SERIES

The second meeting in a series of four given by the Central Nassau Section, National Council of Jewish Women, enabling members to qualify as volunteer social workers will be held Tuesday, April 21, at the home of Mrs. Audrey Jayson, 2 Shebler Lane, Levittown at 8:30 P.M. Dr. Paul Shreiber will speak to the gathering on "Responsibility of the Volunteer."

On the following evening, Wednesday, April 22, Central Nassau Section, will hold its regular monthly meeting at the Hicksville Temple, Hicksville at 8:30 P.M. Election of officers is scheduled.

Junior High P-TA Program Tonight

HICKSVILLE — Teachers and parents of Junior High School, under the direction of Bernard Braun, will give several skits tonight (Thursday) when the Junior High P-TA meets in the school auditorium. Pupils of junior high are invited if accompanied by their parents. The P-TA will receive a report of the nominating committee and elect officers at the meeting.

Audience Enjoy Story Of Court

By **BARRARA SOININEN**
HICKSVILLE—The story of district court with its pathos, humor and real life drama was unfolded to a rapidly interested audience Friday night at the regular monthly meeting of the Republican Club.

Judge Paul Widlitz of Levittown, explained the work of the district court and its position as opposed to supreme courts. The district

court, he said, "is very important, nearest the people, satisfies numerous small complaints and charges, handles small suits, has in the interests of justice sent people to jail for short terms and can if necessary, send them away for a year or more."

Mostly, however, the judge, probation officers and medical examiners work together to solve cases as quickly, justly and expeditiously as possible. For instance, medical and psychiatric examination in sex cases, sometimes rehabilitates the offender, prevents loss of home, family and income and makes him a respectable member of society. Two weeks consideration between booking and verdict with juvenile cases, gives a chance for complete check up on background and causes. When all this is completed the judge can decide if the youthful offender should not get another chance.

However, he is under probation and must report at intervals. Law enforcement officers find, in most cases, that they make better citizens out of them, keeping a watchful eye out for any "slipping off the path," rather than incarcerating them in any vocational school. Children are usually seen in closed chambers to offset any criminal stigma or notoriety and the enforcement officers and the judge take all necessary steps to prevent repeats.

Judge Widlitz finds his work fascinating, rewarding for the most part, requiring patience, tact and oftentimes the "Wisdom of Solomon."

BRIAR PARK, PLAINVIEW: Meet School Board Candidates

By **ETHEL ROONEY**
 Hicksville 3-5324

Hello Folks,

Lots has been happening in our busy little community — in spite of the perpetual downpour. I'm beginning to think we'll have to trade in our junkheap for a row-boat. Worst of all, the lovely little weeds are growing all over my flowerbeds and the yard is so wet I can't get there to wring their lovely little roots out of the ground.

First of all, Plainview now has an Adult Education Program. I'm sure you'll find full details on the program elsewhere. However, one detail I know you will all appreciate is that this program will not cost the taxpayers a cent. New York State is very anxious to have adult Education Programs established and, therefore, extends a considerable amount of aid to cover the costs of the program. The committee that worked on this was very careful to keep their budget within the amounts coming in so that no one would have to worry about tax bills.

I've had a request from one of our Briar Park mothers for assistance in getting her little girl to school. The mother is Mrs. Rose Leahy of 60 Nassau Ave. Her little girl, Maureen, is a victim of cerebral palsy and as a result, can't run about like a normal little girl. Maureen has been going to Kindergarten at Manno Hill School — and loving it. However, she cannot go alone on the School Bus and when Mrs. Leahy accompanies her, it means taxi fare home. You all know how high that can run. A number of neighbors have been helping her, but they all have their problems too and only too often little Maureen can't get to school.

We urgently request volunteers who will take turns at getting her

LEGAL NOTICE
 PLEASE TAKE NOTICE that the Board of Education of Union Free School District No. 19, Town of Oyster Bay, County of Nassau, New York, will receive bids for transportation for the school year 1953-54 at the Manno Hill Schoolhouse on Monday evening, April 20, 1953, at 8:15 P.M. Applications may be obtained by bidders any weekday, Monday thru Friday, inclusive, between the hours of 9:30 A.M. and 4:30 P.M. at the office of the principal at the schoolhouse, Manno Hill Road, Plainview, N. Y.

The Board of Education reserves the right to reject any and all bids and to accept said bid or proposal which it deems for the best interest of the school district.

By Order of
 Board of Education
 Charles A. Voorhies, District Clerk
 Dated April 7, 1953

to school and picking her up. She has to be there at 9 A.M. and she leaves school at 11:30 A.M. It may not seem so important to some of us that Kindergarten be attended. However, to a little girl who can't run around and play like others, it is the most important thing in the world. If you can help out — with maybe only one pick-up or delivery a week, won't you call Mrs. Leahy at HI 3-4414-J. Maureen will be so very grateful.

Plainview Amvets, Post No. 11 will hold its annual meeting on Wednesday, April 22, at 8 P.M. at the Manno Hill School. Election of officers will take place at this meeting and all members are urged to attend so that they may exercise their privilege of selecting their officers for the year. If you have been interested in joining a Veteran's organization this is a perfect opportunity to attend a meeting and learn more about Amvets and how they are run? Please let me remind you that AMVETS is not an organization of Amputees, as is commonly and mistakenly believed by many. It is an organization made up of Veterans of World War II and Korea. You are sincerely invited to attend.

The Plainview Civic Assoc. is holding a Stag Party on Thursday night, April 30 at the Hicksville Legion Hall, East Nicholas St. The evening is intended as a leisurely night out for the men of Plainview. There will be card games, music and refreshments — and lots of masculine company. Also there will be many prizes awarded during the course of the evening, including a door prize. Another highlight of the evening will be the selection of the winners of the PBC awards. Prizes for this are just the thing to delight the hearts of all new homeowners. First prize is \$150 worth of lumber and building materials of your choice from the McKeon Lumber Co. Second prize is \$100 of the same and third prize is \$50 of the same. My attic needs finishing so Jim had better be holding the lucky ticket that night. Of course, everyone I talk to is counting on being the lucky winner of top prize at least so I'd better not be too optimistic.

On Tuesday, May 5th the residents of Plainview will have an opportunity to select some of their School Board Members for next year — as well as the opportunity of approving (or disapproving) the Annual School Budget. The candidates are as follows, alphabetically: Edward Callahan of 18 Audrey Ave., who in addition to having a college education has been active in Plainview. He has served well on many of the committees needed to

help straighten out our rather difficult school situation at this time. He has been active enough in all activities that he certainly knows what is going on and, I'm sure is well qualified for the job.

Creswell Delamaine of 28 Reids St., has already served on the board for several months, filling a term left vacant by Gerard Lichty. Before he became part of the Board, he was also very active in civic affairs and certainly is up to date on our situation. He also, is certainly well qualified to serve as a Member of the Board.

Herman Williams of 19 Nassau Ave., has been a member of the board for three years, serving as President the last year of his term. He has always done a good job, and he too is most definitely well qualified for the job.

We are indeed fortunate to have three such well qualified candidates. All I can do now is urge you to make your decisions and then on May 5th, come and cast your ballots.

Invite School Board Candidates to Speak

PLAINVIEW — Candidates for the two vacancies on the School Board, here, will be present at the Plainview Civic Assoc. meeting on Tuesday night, Apr. 21, in Mallett Hill School starting at 8:30 P.M. The officers and directors of the Assoc. announce they plan to promote a campaign to encourage all people in the district to show an

active interest in the coming school election on the basis "that the men they now elect are to be responsible for handling the most costly service entailing the highest tax in the community." The Civic nominating committee report on Tuesday night on recommendations for directors and officers for the coming year.

NEIGHBOR DOWLING VIEWS NEWS: Establish Adult Education

By JOHN DOWLING
 Last week the Plainview Board of Education in cooperation with the residents' Advisory Committee on Adult Education authorized the institution of two evening adult courses to be held for an eight week period in the Mallett Hill School. The courses recommended by the Advisory Group and agreed upon by the School Trustees cover the subjects of gardening and child psychology.

The total instructional cost of this activity, according to the advisory committee, is \$120.00. However, since the state foots the entire bill excepting operational costs such as classroom lighting, use etc., project will be undertaken without cost to the residents. In establishing these adult courses, the Board of Education pointed out that they will serve as a "pilot study" thereby placing the school authorities in a better position to evaluate what is needed in the district in the way of adult education. It is estimated that contingent on the residents' desires regarding expansion of this program in addition to the studied results of the two

authorized adult courses, a full scale adult education program appears at least a year away.

Seek Zoning For Business

PLAINVIEW — Arthur Kaye of the Jericho Taxpayers Assoc. appeared before the Town Board, here, Tuesday morning to question the proposed rezoning of property on Jericho Tpke, opposite the Quaker Meeting House in Jericho from residence C to business F zone. The application was made by George E. Kent Jr. Kaye said he did not oppose the change "as such" but wanted to see that if a change were granted that the proposed business development would be in character with the Jericho community. Harry Robinson, attorney for the applicant, said the 13-acre tract which is 1095 ft. east of Hicksville-Jericho Rd. intersection, is undesirable for residential use. ENGAGED EASTER DAY Mr. and Mrs. August Cardella of 390 South Oyster Bay Rd., Hicksville announce the engagement of their daughter, Jean, to Daniel Scheidel, son of Mr. and Mrs. Edward Scheidel, 54 E. John St., Hicksville, on Easter Sunday.

PLAINVIEW VAMPS REPORT: Donation of Olympic Flag

Chief Panceroll reports a truck fire on South Oyster Bay Rd. and Vernon Ave. The hand brake was on fire and smoking. The day-time firemen turned out to the number of 30 men. Just a note of thanks to Charles E. J. Kunz for his donation of an American Flag to the company. The history of the flag is something to report. Mr. Kunz is an assistant to the secretary of the United States Olympic committee. The

flag he has donated has been with the team to Helsinki, Finland, during the 1952 Olympics. We are sure that the company will treasure the flag and attempt to hold up the feats of the team that used it before us in our field of competition. The entertainment committee and the fire company wish to thank all those that have contributed to date. The donations are far in excess of what we expected. The notice to

house canvasses will move into the east end of town next week. We hope that the people will cooperate just as the west side of town did. Hope to see all you people at the dance. The Plainview Vol. Fire Co.

Puppet Govt Vs Home Rule

By Fred J. Noeth

THIS SUNDAY is an important day in our community history. Many of your neighbors are going to sign a form which will permit a public vote on the question of whether or not Hicksville shall govern itself.

Your signature is necessary to bring this question to a vote. This in itself is a basic argument for incorporation. Even before we can start there must be a legal process and your signature on a petition in this case is vitally important. All too frequently of late we have found that petitions of other kinds asking our governing officials to do certain things have been ignored and spurned.

This is not a novel or unique idea. It is not a new fad. It is an orderly process of "growing up" for a municipality. It is a change—definitely for the better.

One hundred and seventy-five years ago when the American colonies severed relations with England, it was a change—for the better.

It was a change when the County of Nassau found it necessary ten years ago to revise its charter and broaden its powers. Three charters were devised before the changes were accepted.

This is no radical, fly-by-night proposition. There are over 500 incorporated villages in the state and of this number 60 are in Nassau County. None of the villages in our county have unincorporated, once they so established, and we know of no movement to depopulate such places as Hempstead Farmingdale or Sea Cliff because they enjoy home rule and local government as incorporated villages.

Rather we can look with envy upon Farmingdale where parking and other problems are being progressed in an orderly manner to the despair of Hicksville and neighboring communities.

Tax-wise there is no substantial argument against incorporation here. Any attempt to give specific figures can easily be subject to challenge because of the variables involved. For example, Tuesday night of this week members of the Hicksville School Board speaking at a public meeting were reluctant to estimate our school tax rate for the next fiscal year because such variables as total assessment, state aid, etc. were involved. And this was from people who are operating a going concern like the school system.

More recently, the School Board was unwilling to forecast what the tax cost of the new high school will be—again because of so many unknown factors.

As for the tax cost in our forthcoming incorporated village of Hicksville, please give thoughtful consideration to these items which are facts: You as a property owner are now paying a whole series of property taxes to the town tax collector, some little, some big—for fire protection, refuse collection, street lighting, highways, parking fields, water supply, etc.

The cost for these services under an incorporated village would not be greater because as a village with home rule the various small taxes, now collected by the township, would be combined into a village tax—and the special district rates would cease.

However, there are people who must have figures. Then consider this from the Home Rule Committee, determined by careful study of other Nassau municipalities and their costs.

In the year 1952, Hicksville property owners paid (less county, county police and schools) a rate of \$1.19 per \$100 of assessed valuation for highways, fire protection, refuse disposal, etc.

Upon a gross budget of \$420,000—providing for the salaries of village employees, purchase of public works and highway equipment (amortized over a five year period), and for all other services now provided—with estimated revenues of \$115,200 the incorporated village would receive, the tax rate for Hicksville as a village would have been 96 cents per \$100 or a tax saving of \$8.51 for the year on property valued at \$2,700.

We are convinced that a local government as a village can be provided more efficiently, more economically.

We hope you are or can be convinced when the time comes to vote. In the meanwhile, we urge your signature on the petitions so the final decision can be made.

140 Seniors Visit White House

HICKSVILLE—A record-breaking group of 140 boys and girls of the senior class of the high school, accompanied by Principal Mable R. Farley and five chaperones made the traditional senior class trip to Washington, D. C., during the Easter season. The group left on Thursday and returned on a Saturday, making the trip by train. They were able to visit the White House, the first Hicksville seniors to do so since before World War II; toured the FBI and saw the U. S. Senate in session.

Train And Truck Collide

HICKSVILLE—Thomas Weir of 87 MacDanzall St., Brooklyn, was taken to Meadowbrook Hospital early Thursday morning, Apr. 9, suffering head injuries. He was the driver of a truck which was struck by a train at the Old Country Rd grade crossing at 5:50 A.M. Hicksville firemen were called to help.

ANOTHER CAPTAIN
George Kunz of Arcadia Lane was named this week as captain of the 45th Election District. He is president of the South Hicksville Assoc. of Levitt Home Owners.

Roman spoke at the Twin Lawn-Civic Assoc. Tuesday night, on the drive from home rule where his remarks were well-received. Fred J. Noeth was speaker on the topic the same evening at the SHALHO meeting in Dutch Lane School.

The SHALHO audience expressed the opinion that incorporation of Hicksville is necessary to prevent the area being sucked into high-taxation Levittown, City or special districts.

A driving force behind the current movement, Roman recalled, was the recent action of Oyster Bay Town Board in acting directly opposite to the will of the people, as expressed in a public vote.

Petition forms and supplies are available for all interested at 98 No. Bway.

EATON CREW ACTIVE
Robert Eaton of 225 Lee Ave., captain of the 41st election district, has divided his district into zones in charge of leaders. More volunteers are needed for Garden Blvd., George Ave., Grove St., and Short St. he added.

Other workers are being assigned to Roger Homes and adjacent homes off West John St. Altogether 26 workers are working in NW Hicksville, Finnegan said.

FRANCKE OPPOSED 2 YEARS AGO:

Other Side of Incorporation

By ERNEST F. FRANCKE

For many months I have observed in the Hicksville press the discussion being carried on concerning the proposed incorporation of Hicksville. The discussion has appeared to me one-sided and I don't recall any instance in which any word in opposition was given any publicity. In the public interest, in order that the people of Hicksville may not be denied a look at the other side of the picture, I would appreciate your printing this letter in which I will try to set forth just a few of the disadvantages of incorporation.

CLAIMS TAX INCREASE

First and foremost, of course, is the question of economy. The people of Hicksville should not take so important a step as incorporation as a village, unless and until it has been shown to them beyond argument that they will receive much more in service for the same amount of taxation or that any increased taxation will be made worthwhile by vast increases in service to the people. An addition of even two or three dollars a month to the tax burden of the average Hicksville family is a serious matter and can not be passed over lightly.

In this regard, the principal thing to consider is that the people of Hicksville are fortunate in living in one of the best administered municipalities in the State, the Town of Oyster Bay. Year after year, by efficient and economical management, the Town of Oyster Bay has been able to spare its residents the payment of any tax at all for the expenses of the administration of the town. Can the sponsors of incorporation assure us that the same will be true on a village government; that the entire structure of a village government, salaries of Mayor, Trustees, Judge, Clerk, Superintendent of Public Works, various other village officials and clerical help, as well as the cost of providing quarters and equipment for the management of village affairs, will not mean an increase tax paid by every taxpayer of the proposed village?

From time to time, the sponsors of incorporation have quoted tax figures that are paid by various Long Island villages. In all instances, such cases are those of villages established for many years and are almost certainly representative of the tax burden after the initial costs of incorporation have been paid. This would not be true in Hicksville. Here we would also have the cost of setting up new departments to perform duties that are now efficiently handled by the Town of Oyster Bay. To give one example, we would need a Department of Public Works. This department would require a heavy initial expenditure for equipment to provide proper care and maintenance for our roads alone.

(Editor's Note — Over two years ago on Feb. 4, 1951, the following letter from Ernest F. Francke, political leader who was at that time seeking the nomination of Oyster Bay Township Supervisor, was published in the Mid-Island Herald and in the Levittown Press. It is herewith reprinted in answer to sincere requests that the "other side" of the proposal to incorporate Hicksville be given. It is the only formal statement that anyone has made to the press "in opposition.")

Much of the argument for incorporation is based on the claim that bringing the government closer to the people will mean that the citizens will automatically take a greater interest in civic affairs and will be more attentive to their civic duties. This, it is claimed, will mean better and more efficient government. I would like to point out only that bringing government closer to the people DOES NOT automatically assure that they will take a more active interest in its workings. This is plainly proven by the unfortunate lack of interest on the part of the taxpayers in the affairs of those special districts which are managed right here in Hicksville, the Fire District, the School District and the Water District. A check of the number of voters in the most recent elections in any of these districts will quickly convince anyone that there is a lack of such interest.

It seems to me that the sponsors of incorporation might better achieve their aim of making citizens take a keener and more active interest in their government by a well planned program of civic education. Make the people aware of those parts of their government which are already close to them.

In a letter, I must omit many other thoughts that occur on this subject. Perhaps, I may be able to present them to you at a later time. I cannot conclude, however, without mention of one other point which I think is extremely important to Hicksville as a community, the question of the acceptance of the many new residents who are coming to Hicksville at this time. It is our duty to welcome these many new members of our community, to make them realize that WE HAVE EVERY INTENTION OF PROVIDING FOR THEIR GOVERNMENTAL NEEDS AND RESPECTING THEIR RIGHTS AND DESIRES ON THE SAME BASIS AS THOSE OF THE OLDER RESIDENTS. Hicksville will suffer if the shortsightedness of some of our older residents causes a division between old and new residents. There should be no such thing as superiority or dominance of one group by the other. There should be no such groups at all. There should be only one group, residents of Hicksville, filled with a common interest to make this largely unincorporated area in the Town of Oyster Bay a fine place in which to live, a community in which all of us, old and new, will use our right of ballot and all our civic efforts for the good of every one of us, old and new.

It is very fine to seek to preserve the name and identity of Hicksville. Those of us who have lived in Hicksville for many years understand the reason for such a desire. We will not achieve it by trying to jam Hicksville down the throats of our new people by means of an election to incorporate. After such an action, they can still call their neighborhoods "Levittown," "Zeldin Park" or anything they wish.

The haste and anxiety to rush the question create suspicion in themselves.

NORTH WEST NOTES:

Home Rule Drive This Sunday

By JAMES CUMMINGS
A concentrated drive in every section of Hicksville will take place this Sunday afternoon, April 19, for signatures on petition to bring question of incorporation to a vote.

John Finnegan, Captain of the 16th District, North West Hicksville, and a team of volunteers will call on each homeowner in this area. If you have not already signed up, Sunday is the day. The Home Rule Committee hopes to bring this "long awaited" question to a vote over and for all.

The Civic Assoc. of 1951 invited Lawrence A. Roman, Chairman of the Incorporation Committee, and Ernest F. Francke, who spoke in opposition to membership. Again in 1952 the question arose and President Mc Carthy, then in office, invited Roman and Francke to speak at the April meeting. Reports on the meeting from my column of April 10, 1952 stated that a number of the residents present at that meeting were definitely not satisfied with what Francke had to say against the proposed Incorporation of Hicksville.

The drive is now in full swing and again several civic groups have asked Mr. Francke to state his views against Incorporation but Mr. Francke does not have the time due to present commitments as County Clerk. Our people fortunately have heard the pros and cons and different meetings plus current information in the newspapers.

It is up to you the home owner, either we remain until present form of "remote Control" government by Oyster Bay or have local government by the people in

Hicksville. Mr. Roman, Chairman of Incorporation Committee stated last week, "It is now a question of whether we incorporate as a village to manage our own affairs, or get swallowed up by Levittown." When the worker calls give him a few minutes of your time, it is to your advantage.

CIVIC REPORT
The Civic Assoc. commends the County Dept. of Public Works for their prompt cooperation in response to our request concerning action regarding the unprotected area at the sand pit along West John St. Arrangements have been completed with the owner of the property to have a fence installed and the work is already in progress.

Herbert Johnson, our President, would like to take this opportunity to thank all his friends and members for their prayers and well wishes during his recent sojourn in the hospital.

BETWEEN ISSUES we learned that Mr. and Mrs. Frank Gilligan of Kuhl Ave. celebrated their 50th Wedding Anniversary on Sunday, April 12th, best wishes to Helen and Frank... All the youngsters enjoyed ice cream and cake and a delightful buffet was prepared by Mrs. Finnegan, especially her home made potato salad...

Welcome to ever growing staff of the Herald, Mrs. Ruth Zolnowski of 50 Myers Ave. handling our circulation dept... Nice to see Herb Johnson up and around again after recent illness... Glad Gregory has a fine job in handling meetings during Herb's absence... Don't forget to keep Saturday night, May 23rd open for our dance at the Legion Hall, in Hicksville. JUDY'S JOTTINGS:

Old Country School Dedication

By JUDY de JONGH
Hicksville 3-2476-M

Dedication exercises for the Old Country Road School will be held on this Sunday, April 19, at 3:30 P.M. in the school auditorium. Allen Carpenter, member of the school board, will act as master of ceremonies, and music under the direction of Mrs. Myra Martin will be provided by the school glee club and the combined bands of the Nicholas Street and Old Country Road Schools.

The colors will be advanced by a group of Boy Scouts, Girl Scouts, Cub Scouts and Brownies, and the salute to the flag will be led by Scoutmaster Fred Hohnsfield.

Dr. E. H. Le Barron, Superintendent of our School District, will greet the guests, and introduce Mr. Knappe of the firm of Knappe & Johnson who will offer the new building to Henry C. Brengel, President of the School Board. The keys to the school will then be presented by Brengel to the principal of the school, Murray Duncan.

The dedication prayer will be offered by the Rev. Cranston Clayton, pastor of the Methodist Church of Hicksville.

The dedication address will be given by Messrs W. Carpenter, President and General Manager of the L.I. Lighting Co. He is also associated with Adelphi and Hofstra Colleges.

A Holy Bible will be presented to the school by the Mannetto Lodge, Order of Masons, and will be accepted on behalf of the school by Helen Weidhoff, 4th grade student.

The American Flag will be presented jointly by the American Legion, Veterans of Foreign Wars, and the Jewish War Veterans, and will be accepted by student Peter Jonsson.

Rabbi Grossman of the Congregation Shalom Zedak will invoke the benediction.

A hospitality committee will be available for guests who wish to inspect the building, and all school rooms will feature open house for the occasion.

A large turnout is expected for the event, and all who are able are cordially invited to attend.

CIRCUS IN TOWN

The circus is in town, and what with elephants and stuff to mark the event, what do we have on Combes Ave. but a full fledged Lion! Charles Himmelmoss of 61 Combes has recently been install-

ed in the Lions Club of Hicksville. We're certain that Chuck will make a fine member, and remember fella, watch out for the Tail Twister!

The Art Scheriffs and Medard Offenlocks of Benjamin Avenue attended a dance on Saturday night, April 11, at the Levittown Fire House on Jerusalem Ave. The dance, sponsored by the Levittown Fire Dept. was held for the benefit of the tournament teams, and explains the rosy glow due South on Sat. eve.

VARIETY SHOW

Remember folks, tonight's the night the whole family is going to the Nicholas Street PTA Variety Show. Grandma and grandpa are in for a treat, the kids will certainly enjoy it, and don't forget to bring all the uncles, aunts, and the folks who drop in to watch television. With tickets on sale at the door at 50 cents, you just can't afford not to see it! So join the funfest tonight at the Lee Avenue School auditorium at 8:30 P.M. Proceeds are going toward the annual childrens party.

Birthday congrats to Dorothy Mahon of 26 Ave. Dot acknowledged 26 candles on April 18.

Congratulations to Little Chry-

stine Hiller of 75 Underhill Ave., who was a big 3 on April 3rd to help the little princess celebrate with a king size party were Jane Ann and Susan Darth, Robert and Richard Jyondquisp, Gail and Glen Jochem Kathi Pedone, Lorraine and Arlene Richards and Carol Miller of Hicksville, and cousin Noven Kincaid of Mineola. These people were the celebrators and to see that all went well were Chrystine's aunt Jean Bartell of Hicksville, and grandmother, Mrs. Katherine Kincaid of Mineola.

The party room was decorated in pink and yellow, and the children joined in singing, and playing games with prizes for the winners. Ice cream, spring baskets filled with candy, and a delicious birthday cake baked by Chrystine's mother, Mrs. Doris Hiller, were consumed by the happy children who all agreed that they had all had a wonderful time.

Hear ye, hear ye all homeowners on Benjamin Ave. Take in your lawn furniture, children's bicycles, and incidentally, better warn the kiddies to stay in the back yard! The word is out that Edith Glembocki of 93 Benjamin Ave., has been issued a license to operate a motor-driven vehicle. A

LETTER TO THE EDITOR:

4-Year Old Victim of Cancer; Neighbors' Attempt to Help

By THOMAS L. HOGAN
President

Woodbury Gardens Civic Assoc. We want to thank the many individuals and organizations who have elicited concern and offered help in the case of the family whose four year old son has cancer. There is, obviously, a need for additional information, and for that reason we submit the following explanation:

The parents of the boy have learned that this effort is being made to help them. We shall quote as we go along from a letter written by them to a member of the committee handling the fund drive. They wrote, "We wouldn't hesitate letting anyone hear our story if the name isn't used." Their boy "is four years old and is suffering with cancer (term is neuroblastoma). He has a tumor in his abdomen. One in his neck, and now it has developed in his knee bone. The doctors from Memorial Hospital operated on him the end of January, but could not remove the mass because it enveloped blood vessels and important organs. On my son's fourth birthday he went into a convulsion which resulted in a coma and paralysis of his whole left side including his left arm and leg. Fortunately he came out of it. After recovering sufficiently to warrant comfort and ability to walk again the doctors decided to release him with regular check-ups in their clinic. We took him back to Hicksville for the week. While he was home the tumor in his neck

enlarged. On Friday when we kept the appointment at the clinic we were told they would give him x-ray treatments till it went down again. It was then we decided to do something about selling the house."

NECESSARY TO SELL

Their boy is believed somewhat by repeated x-ray treatments. They were told he has a very slight chance to live. The staff at Memorial Hospital "told us that he had only a month at the stage we admitted him there. But we have developed a deep faith in this hospital and its staff. However it is a private institution, and as such this illness is causing us to shake our heads over our financial problem. We find it necessary to sell our house, and there is only a slight possibility that we can get a small amount of cash for it since we are carrying a large mortgage. We have borrowed money from our relatives, but since both fathers are retired we feel guilty to go on borrowing, not knowing when we can pay it back."

They have requested that we discontinue our drive for help. They stated that the small down payment they put on the house was for the children, and they feel that whatever return they receive from the sale of their home should be spent on the child, in this case, medical bills. They request only prayers.

Concerning the boy they wrote, "There are days when he is almost his huggy little self, as I'm sure

many of the neighbors will remember him. But these moments are getting far between. Especially when he is in pain and won't admit it for he knows the consequences. It is awfully difficult for us as parents to be realistic about our son's future, but we have our religion to comfort us, and by prayers and devotion we are asking Almighty God to give us the strength and grace to bear our cross.

"We want to add a word of thanks to all you kind people for thinking of us. Please keep up your prayers for our boy; they are indeed helping him."

An added postscript says, "We just received word today, although he has been in good spirits all week, that he may have to be hospitalized real soon. It is spreading rapidly, and he will be due for a very painful siege. There are signs that it is around the left eye, also the lower half of his body. Please pray that he will not suffer too much. It will be more than we can bear."

APPEAL TO COMMUNITY

This, then is the story. We have appealed to the community in an attempt to ease the financial burdens so that these people would not be forced to sell their home. We spoke with the parents Saturday, knowing their house was for sale. (Continued on Page 23)

Local Resident 'On Vacation' Takes Part In Scientific Study

Patrick R. J. Reynolds of Hicksville, is among a group of scientists and seamen aboard the 553-ton, 202-foot cutter Vema, which sailed from New York Friday to explore the bottom of the Gulf of Mexico with electronic and sonic instruments. Reynolds is chief navigator for the Atlantic division of Pan American Airways and is using his vacation to take part in this important scientific expedition which is financed largely by the Office of Naval Research.

The Vema and another ship, the Atlantis, owned by the Woods Hole Oceanographic Institute, will be in forces at San Juan, Puerto Rico and then work together. They will first sail to the United States Naval Base at Guantanamo Bay, Cuba, and then proceed to make two crossings of the Gulf of Mexico. The team of scientists from Columbia University and the Woods Hole Oceanographic Institute will among other things try to settle a long-standing argument as to whether the Gulf of Mexico has always been where it

is now. Some scientists believe that the land in that region sank and water covered it to form the gulf. Others believe that the gulf was always there.

The scientists on the Vema and the Atlantis will fire charges of TNT ranging in size from one half pound to 300 pounds under water. The sounds from the explosions will strike the bottom of the gulf and be reflected to sonic instrument on board both ships. The sounds will be recorded and the scientists can determine the nature of the earth structure in the area, and whether it was ever above water or not.

They will also study the region called the Puerto Rico Trench which is the deepest part of the Atlantic Ocean. Depths here have been recorded at six miles.

Also aboard the Vema are members of the Columbia Broadcasting System who will film the activities of the expedition for television broadcasting in the fall.

Because of the heavy travel to England for the coronation of Queen Elizabeth, Reynolds will have the expedition for a few weeks to carry on his regular job

PATRICK R. J. REYNOLDS

of supervising the navigators of the Pan American planes flying between Idlewild Airport and London. After the passenger peak has passed he expects to return to the expedition to continue his scientific pursuits until June 8 when the Vema returns home.

The SENTINEL

Push For Home Rule

Volunteers striving for the incorporation of Hickville as a first class village are planning a big push this Sunday afternoon to obtain the necessary signatures of property owners so that an election on the question can be conducted. If you haven't already signed the petition, a worker will call at your home some time during the day. We urge you to give his request for your signature serious consideration and if you believe that important questions like home rule should be decided by balloting, then sign the petition.

Area of Proposed Incorporation

The area proposed for incorporation is identical with the territory of Hickville school district, fire district, park and parking district, and garbage district. The boundaries for the South Hicksville area are as follows: The southern boundary is the town line which runs behind the houses on the south side of Spindle Road, and extends on a straight line to the east to include houses on the south side of Acoster Lane, and to the west to include houses on the south side of Fable, Brittle and King Lanes. The eastern boundary runs behind the houses on Picture Lane. The western boundary is approximately Wansaph Parkway.

Is Hicksville Large Enough?

If you glance at a list of cities and towns of the United States, you may get a distinct surprise to note that many of the well-known communities are much smaller than Hicksville which has today a population of approximately 30,000 persons. Many state capitals are smaller. Some examples are: Augusta, Me., 19,360; Concord, N. H., 25,171; Montpelier, Vt., 8,066; Dover, Del., 5,517; Tallahassee, Fla., 16,240; Baton Rouge, La., 34,719; Frankfort, Ky., 11,492; Jefferson City, Mo., 24,298; Annapolis, Md., 13,098; Bismarck, N. Dak., 15,496; Boise, Idaho, 24,130; Carson City, Nev., 2,478; Cheyenne, Wyo., 22,478; Helena, Mont., 15,056; Olympia, Wash., 13,254; Pierre, S. Dak., 13,221; Salem, Ore., 30,008; Santa Fe, N. Mex., 20,325.

Some incorporated and self-ruling communities in Nassau County are Glen Cove, 12,415; Rockville Centre, 18,618; Hempstead, 20,856; and Freeport, 20,410.

Other important communities throughout the country include Asbury Park, N. J., 14,617; Albuquerque, N. Mex., 35,449; Batavia, N. Y., 17,287; Bristol, Conn., 30,187; Framingham, Mass., 23,214; Marion, Ohio, 30,817; New Brunswick, N. J., 33, 140; Peekskill, 17,811; Rochester, Minn., 26,312; Reno, Nev., 21, 317; Sandusky, Ohio, 24,874; and on and on and on.

If all of these communities are large enough and smart enough to have home rule, so is Hicksville!

What Does Home Rule Mean?

Very simply, home rule means that our community is governed by officials, who must then be local taxpayers, and they are elected from among us. Naturally, home rule must operate within the framework set up by the national, state, and county laws, but for the things that affect us directly our own officials would be responsible to us. For instance, we would be our own boss on obtaining parks, improved streets, improved shopper and commuter parking facilities, etc. We might even get some progress on elimination of railroad grade crossings that is so long overdue. In other words, we would be our own boss, and our tax money would be spent in Hicksville.

Our New Public Officials

As in any municipality, our mayor and trustees would be elected by the voters. Any local citizen having the proper qualifications could be eligible to run for office. It will be a great day for Hicksville when we elect our first set of public officials.

Progress Report

Almost as many signatures for the incorporation movement have been obtained in the last two weeks than in the previous two years. Almost three-quarters of a million dollars worth of assessed valuation has been signed for in the past 10 days, much of it with the people coming forward voluntarily to the Herald office to sign.

Sign the Petition!

When you are asked by your neighborhood worker to sign the incorporation petition, we urge you to do so. If by any chance you don't get to sign it on Sunday, call Hicksville 3-1400 and ask that a worker call on you. Or better still come to the Herald office at 98 North Broadway. Petitions are available on the counter for your signature. Remember that your individual signature is important to obtaining good home government for Hicksville.

NLHOA Against Home Rule For Hicksville

The only group to officially declare that it is opposed to incorporation and home rule for Hicksville is the North Levittown Home Owners Association. Enough said.

A Good Neighbor

A pleasant note in good neighbor relations was observed Saturday. It seems that one of our neighbors was driving up Spindle Road in the wee hours of Saturday morning and he struck and damaged the rear fender of a parked car. The driver didn't look around for the owner of the damaged car then, but about nine o'clock he knocked on the doors of several houses searching for the damaged car. A survey of the neighborhood cars found the damaged vehicle and the owner didn't even know about it. Our hat is off to our good friend and good neighbor!

Charles Wagner Post
No. 421, American Legion

Last Friday evening, in a meeting hall expressly arranged for the purpose, Commander Ed Becker called a special meeting of the Charles Wagner Post to order, and after an opening prayer by Past Commander Fred Brengel, entertained a motion by John Neer, seconded by Jim Carter, to dispense with the normal order of business for the purpose of conducting initiation ceremonies for 20 candidates. At this time the gavel was turned over to Past Commander Henry Brengel who presided for the balance of the formalities. Henry then called on Past Commander Joe Kayel, acting Sergeant-at-Arms, to advance the initiation team to the chair and then directed him to escort each team member to his individual Post. The team, all Past Commanders, then took the positions of First, Second and Third Vice-Commanders and Chaplain whereupon the Sergeant-at-Arms escorted the candidates to the chair.

The candidates in line included Jim Arnesman, Guy Smith, Ed Hodgkinson, John Hodgkinson, Walter Barnett, John Dobson, John Tils, John Williams, Ray Morache, Sal Madonari, John Spinella, John Hanson, Robert Nankerville, Gene Ziegler, John Marshall, Bill Arvidson, Jerry Leggee, Art Krebs, Richard Evers and Frank Governale. After a brief address by Henry Brengel and prayer by Chaplain Nick Harter, the candidates were presented to Eric LeBarrow in the post of Second Vice-Commander, who instructed them in "Justice" and gave them pamphlets titled "You Are The American Legion."

The next post was that of Third Vice-Commander where Forrest Mason discussed "Freedom and its meaning" and gave each man a miniature American Flag.

At the post First Vice-Commander the candidate learned of "Democracy and its meaning to America" from John Harbes and were then returned to the Commander and the Chaplain who instructed them in "Loyalty and The American Legion" and the meaning of the American Legion emblem—"The Emblem of Americanism."

Thus was the "Justice, Freedom, Democracy and Loyalty" of the American Legion fulfilled.

Finally, the oath was administered and the candidates accepted.

The honor of conducting the second phase of the evening also fell to Henry Brengel when he presented five-year consecutive membership awards to Bob Beard, Rudy Bouse, Elias Jabour, Ed Becker, Jim Carter, Walter Schlichting, Roy Willicott, Ted Cedren and Bill Keller.

Observations of the lighter side of the evening—Rudy's fine introduction of the initiation team plus old timers Carmen Bimmarzo and Tom Doran... The presence of charter member John Harbes... Ernie Gundlach's untiring efforts in the kitchen... Mrs. James Carter's seconds, or was it thirds on chow... Yours (I just happened to be standing there) truly, first on the chow line—closely pursued by Guy Smith's better half... The excellent music of Tony Bell... And the very wonderful piano playing of Mickey Watson... Walt Schlichting being disturbed somewhere between his third and fourth helping to give the orchestra playing room.

A new Universal Military Training Bill has been introduced in Congress by the American Legion. A feature of the new Bill, called the "National Security Training Corps Act", provides a minimum of 1000 hours of basic training for able-bodied young men and then assigning them to the reserve. The local post is on record as backing this program and veterans are asked to write their senators and Congressmen favoring passage of the legislation.

Two new projects to be undertaken by Fred Willard include the outside painting of the clubhouse and the investigation of black-topping the area in front of the building. Fred is also presently renovating the check room... The possibility of installing bar facilities is also being considered by the Post. Joe Ellinger working out details... Armand Caggiano back after a 4-day visit to Vermont. Hope Armand would also pay a visit to the Post.

Renewals are in from George Heaney of Waterbury, Connecticut; Charter Member Al Nelson of Dumellin, New Jersey; and Benny Susano... People we would like to have attend our meetings: Andrew Erdely, John T. Lewis, Frank J. McDonald, William A. Nugent, Walter Riseen, and Frank J. Strachan. Drop in any second or fourth Thursday... Bruce Laudig, newest member of the Post's Fraternity of Expectant Fathers.

COUNTY CONVENTION
All Posts have been asked to publicize the details of the Nassau Convention to be held in Hempstead on June 25 thru 27. Here are details of the parade:

Breaking precedent, the parade will be held prior to the Saturday afternoon (June 27) session of the Convention. The parade is expected to start at 1 P.M. and will begin and end at the Convention Hall. The formation of the parade will be by County divisions but within the divisions the Posts will march as individual units. This will not be a parade of delegates

but a parade of ALL LEGIONNAIRES.

It is felt that the earlier starting date will be more convenient and encourage more Legionnaires to join in the march. It does away with that "waiting around for something to happen" feeling which prevails when a parade is held after the initial convention session. For the same reasons it is felt that it will encourage better spectator response and all moms and their youngsters will be able to see their Pops parade and still get back home before dark.

After the parade the delegates will hold their business session. For the others, men, women and children interesting and entertaining activities are on the planning board.

It was a son Thomas Frederick, 5 pounds 12 ounces, for the Tom Oliveri's on April 15, at Brunswick General in Amityville.

Clears Up Misunderstanding

By GENE MALJEAN
Hicksville 3-5615

Last week we were given some information and may printed it as it was given to her. We usually take one's word for any information we receive and do not feel that proof is necessary in most cases. Hereafter, we will act accordingly. After I read other information in another section of the paper I con-

tacted the local civic association for data.

The facts are this: May asked Mr. Hickman what was going on as he was ushering a family into the house. He said I have just sold this house to these people. She asked where the neighbors were that lived there, and he replied that they are now living in the city. The following letter from Jean Millett, Civic Assoc. secretary will clear up any mis-information concerning the case:

"It is our duty to inform you that your column has printed an untrue and misleading statement. It appeared in the paper dated April 9th, 1953. The statement said:

"I spoke to Mr. Hickman today and asked about our neighbors who have had the misfortune of having cancer strike their son. He informed me that they have sold their home and have moved already.

"These people have neither sold the house nor moved. Here are the facts.

"A committee of neighbors has solicited help from the people of Woodbury Gardens. They asked the help of the Civic Assoc. We learned that the family involved contemplates the sale of their home which we mentioned in an appeal forwarded to many local organizations. They have not, as of this writing sold their house. Their furniture is in the house and they pick up mail regularly. It is impractical for them to stay here and shuttle their child who is now an outpa-

tient at New York City's Memorial Hospital, back and forth for the necessary medical care. They are therefore living temporarily with relatives in New York City.

"They are residents of our community. They like Hicksville, and they like living here. THEY ARE NOT ASKING FOR HELP. They are attempting to meet their obligations, hardly an ignoble gesture by liquidating their assets. We are not a welfare agency to whom they have appealed. We take pride in the fact that we are acting voluntarily to help these people, and are not prying into the closets of their personal affairs. We also take pride in the fact that this family is trying to solve its own problems. For this reason it is possible that their house will be sold."

"It seems that folks in Hicksville Downs are talking about forming a civic unit. It's still in the talking stage. One or two of the residents thought they would ask their neighbors in Woodbury Manor to take them into their group. Others believe they would rather form their own. Well, I am told that any interested party might inquire at the next meeting of the Woodbury Manor Civic Assoc. I write this as a result of a talk with Bud Fischer, of Woodbury Manor. Their next meeting will be on Wednesday night at 8:30 on April 23.

Mildred Bertram contributed the recipe this week. She makes such wonderful Potato salad that I thought I'd pass on her recipe: Peel and slice 3 lbs. cooked potatoes while still warm. Add 1 t. salt, 1/2 t. pepper. Tbl. sugar, large minced onion, 1 large stalk celery chopped (with leaves), mix well. Then add 1 tbl salad oil, 1/4 c. vinegar, 2 heaping tll mayonnaise. 1

Woodbury Gardens Civics' Notes

As you are aware, an effort is being made to incorporate the village of Hicksville. LAWRENCE ROMAN, chairman of the committee handling the drive for incorporation, visited a special meeting at our clubroom to explain why he feels this move would be to the advantage of the community. The members of your Executive Board are making every effort to learn as much about the incorporation, as possible in the shortest possible time. If you have any questions on this matter, consult your Executive Board member. If he cannot answer your question, he will make every effort to have this answered by someone who has more information. We suggest that you give this question your careful consideration, look at the arguments for both sides from all angles, as this will be an important decision.

Our clubroom has been open for three weeks with gratifying results. It has been used for Executive Board meetings, and as a place for the members to get together and know their neighbors. Have you been there yet? We are open Tuesday and Wednesday, come down this week, bring a friend.

We have been advised that our Social Activities Committee has plans for a softball team, or as many as we have players for, so whether you are a DiMaggio or a Duffer, fall out on the corner of Smith and Miller Road at 10 A.M. Saturday, April 18. Bring the kids they can give us a few pointers.

I would like to mention our own Cancer Drive. This comes at the same time as the National Cancer Drive but unfortunately, due to the tragic circumstances of one of YOUR neighbors we ask that you set aside a part of the contribution you would normally give to help the four year old son of one of our own WOODBURY GARDENS neighbors. It is a tragedy enough to have one so young so seriously afflicted, but to be forced to sell or even contemplate the sale of their home to meet the mounting bills is too much for anyone. There is no deadline for this campaign give what you can when you can. Don't forget the BIG SOCIAL at our clubroom on the evening of April 22nd. Dancing prizes, no admission charge.

I understand that residents of Cliff Drive are concerned about the safety of their children because of the through traffic. Many wish to have a petition made up to install a stop sign. . . .

Bill Wahne of 373 South Oyster Bay Road, Hillview Homes, has gone to Bainbridge, Md. Good luck to you in the navy, Bill.

We were speaking to Larry Roman in regard to the big push that's on now to incorporate Hicksville. So far, they have four million dollars in assessments listed to date. April 19 marks the all out drive to finish up the drive with a big bang. That's this Sunday, April 19. In our section, the captains are Dick Joawig and Jimmy Matinez. Roman and his committee spoke to the Executive committee of the Woodbury Gardens Civic Assoc. last Tuesday. This Tuesday, Twin Lawns heard him and on Wednesday he spoke to the Woodbury Gardens Civic Assoc. This is to familiarize the residents with the advantages of incorporation. So far—no one has given any talks against the move. This peti-

tion will not mean incorporation will automatically take place. It is a petition to bring it to a vote.

Mrs. Koch of 77 Moeller St. dropped by to see if we could write something about her daughter's chain drive tricycle, which has been missing from the sidewalk in front of their home for several days. The colors are green and white and the seat is black.

EMANON. This is the title of a social and card club. Spell it backwards. It meets every other week, rotating in each member's home. Members are: Anita Fischer, Eleanor Mueller, Kathie Renner, Norma Mausolf, Pam Warburton, Gloria Koch, Helen McEneaney and Doris Hamilton.

Dennis Mausolf reached 6 years old on April sixth. He had a birthday party at his home. Present were: Carol Ann Koch, Tommy McEneaney, Linda Hamilton, Patricia Puglese, Barbara Weiss, Kathie Prokop, Freddie Parrulli, and Rosemarie Parrulli.

It May Be Grumman Alumni But President of Class Will Be Missing

There is little doubt that opponents of Botto Brothers will try to rankle the Hicksville softballers with a "Grumman Alumni" taunt this season—they may even hear a little of it in their own backyard—but it is rumored another club will have the president of the class.

Roy Stephenson, who hasn't been seen on the mound since the Board of Directors at the Bethpage aircraft plant turned cold on Grumman's quest for the National championship, most likely will wind up with Meehan Oil in Jones Beach competition.

Stephenson is one of the top ranking softball pitchers in the United States and his decision to return to Beach action will take the starch out of some of the prospects for a good many teams.

This information was first brought to light by an unidentified Levittown resident who was dispatching it up and down Hicksville's main stem, late Saturday afternoon.

An astronomical reason for the association was attached to the story but a little checking forced it to be dropped.

With George Fowler, Ken Sommers and Joe Slanatti, Botto has gotten off to a brilliant start in early season prospects but Meehan has stopped it from cornering the market.

Hit 'Em Far Enough And They Will Misjudge Them

The county press made much of the fact that an outfielder misjudged a fly ball off the bat of George Grecco and it went for the winning home run in Hicksville High's opening game victory over Manhasset.

Pat Enos had walked off the offerings of Jimmy Brown, Nassau's outstanding athlete, when George stepped up in the fifth-inning to smack the winning clout.

Our reporters admit the ball was misjudged, but claim it was hit far enough back to be misjudged.

Brown only gave up two safe hits and George made both of them.

Lost in the reports was the fine opening day work of Tommy Valentine who only gave up five harmless hits, walked none and struck out seven.

It was a good start for coach Bill Anderson who hasn't been pleased with the inconsistent weather. The limited workouts may have retarded the advancement of the Comets who play three games in three days this week.

A Note From the Victors

In the correspondence rack this week was the following note:

"How come Howard Finegan neglected to report the two shellackings the Hicksville P.B.C. B Division champions received at the hands of the Jericho Fire Dept. team?"

Referred to, of course, were the two post season games in which Jericho defeated the Hicksville team.

Both were played on our odd day, meaning to cover it would make the story eight days old, so consequently we had no news story on them.

However, we realize how important it is to the Jericho organization that they get their credit due, so the victories are acknowledged here and we thank our unknown prompter for the reminder.

We must, however, make one remark.

After the first contest at Jericho in which Hicksville had only five players and one non-basketball sub, we were astounded by the self-contented reflection of one of the victors that the result, "Sure did show how what a big difference there was between the two divisions in the league."

The final score had been 106-99.

In the second contest, Jericho won by over 20-points with Hicksville still shy most of its championship weight.

But on the matter of the difference in the league, we concede only outclassing honors to Floral Park, Rockville Centre and Mitchel Field.

The rest of the A field would have a darn hard time running with a complete PBC team.

Letter To The Editor

(Continued from Page 12)
In an attempt to dissuade them from selling their home for financial reasons. We offered the encouragement and help of their neighbors. They were visibly moved by this generosity, but stated that they would not change their minds about selling the house. We offered to hold for them a sum of money equal to the required down payment on an equivalent home pending their return to Hicksville. We are painfully aware that these people are distraught, and concerned with nothing besides the condition of their son.

We did, in our appeal to the community, attempt to encourage a new neighbor to stay in our community. In this we have failed. We mention this for those organizations who have solicited help for this purpose. We in Woodbury Gardens have given to help these people, and our donations will be used to pay a portion of their medical bills regardless of their insistence that they do not want help. For those of us in Woodbury Gardens and for those of you whose donations go towards these bills we offer the following:

The hospital bill at the moment is approaching \$1500.00. Payments by Blue Cross, loans from relatives, and whatever they had themselves have reduced the unpaid balance to \$280.00. We in Woodbury Gardens can take care of the existing bill. What bills the future will bring we cannot say. While in the hospital the bills have averaged about \$200.00 per week. As an outpatient, bills vary from \$15.00 to \$40.00 per week. Since the child is scheduled for readmittance to the hospital, the bill will again begin to mount. We see to set a figure on a drive we would have to estimate close to \$1000.00 for the next five or six weeks.

We do hope we have presented this case as clearly as possible, and we do want to thank all of you who have offered help.

Little League Tryouts Continue on Saturday

By RAY DE CHESTER, JR.
A larger than expected group of 11 and 12 year olds made their appearance last Saturday at the Carman Ave Field to demonstrate baseball skills in efforts to win a berth on one of the four NWLL Regular teams, and team Managers were pleased with the various talents exhibited.

This Saturday, April 18 tryouts will continue at the same field for the 10, 9 and 8 year old groups, and a huge turnout is expected. It promises to be a full and rugged day for Managers and Coaches alike; however, they are prepared for any eventuality. The tryouts will commence 9 A.M. sharp for boys whose birthdays are between August 1, 1942 and July 31, 1943. The afternoon session will begin at 2 P.M. sharp for boys whose birthdays are between August 1, 1943 and July 31, 1944. To wind up the day, youngsters whose birthdays are between August 1, 1944 and July 31, 1945 will receive their tryouts starting 4 P.M. sharp. Prospective Little Leaguers must come to the field only at the time specified for their particular age groups. To avoid confusion and disappointment the foregoing dates should be carefully noted.

The NWLL Women's Auxiliary has presented League President Jack Green with a large flag, handmade by all it's members. The flag will be displayed at the ball games and all special functions and symbolizes the interest of the fair sex in helping to promote through baseball better citizens for the community.

A sincere word of appreciation is due Mr. Teller, Supervisor of the Salisbury Children's Playground for his effort and cooperation in arranging for the NWLL use of the Caddy Club House Field two evening games a week, and the reserving of Field Numbers 1 and 2 near the Salisbury Golf

Course Club House on Saturdays throughout the summer for the use of the NWLL farm system. The Caddy Club House Field is at the extreme western end of Stewart Ave., and parking space for cars is available. Due to the League's expansion, the fields were urgently needed. Tom Kelly also rates a word of appreciation for his work on the Carman Avenue Field.

The Independent Art Society met on Tuesday evening, at the studio of Mrs. Louis Hoebel, Hicksville for the election of officers.

Those elected were Joseph Colloca, president; Blanche Christiansen, vice-president; DeWitt Gilbert, treasurer; Ann Gangl, recording secretary; Mae Hogg, corresponding secretary and Margie Yarotzky, historian. Committee chairman appointed were, Membership, Blanche Christiansen, Exhibition, Robert Troschler and publicity, Arlene Brunjes.
