HOME OWNERS RESPOND:

Ten Days Left To Finish Home Rule Petition Drive

HICKSVILLE—The Home Rule Committee of local homeowners has ten days in which to wind-up the preliminary phase of efforts to replace "remote control" of village affairs with government by locally elected citizens. The committee has set as its objective June 1 to complete a petition as required by law to bring the question of incorporated local government to a vote. Lawrence A. Roman, general chairman, said today the "goal can be achieved if we all cooperate".

The committee has enrolled and tabulated petitions bearing more than \$10 million in assessable property owner signatures with a backlog of petitions still to be checked and tabulated. "We have been so busy trying to reach every homeowner that we have not taken the time off this effort to tally and check-up our daily progress", Roman added.

TURN IN FORMS

Gerard F. DeLorme, chairman of the door-to-door canvass which is being made by a force of almost 200 volunteers, today urged every worker and captain to turn in all petitions by Sunday evening, May 24, at the Committee Headquarters, 98 No. Broadway, so the score can be determined.

Roman, DeLorme and all election district captains also urged all homeowners who have not been asked to sign or who may have been missed in the canvass of their area to come forward and add their names to the petitions. All interested can sign up any day including Sunday afternoon at 98 North Broadway, next to the Post Office.

"We are so close to our goal that we feel confident that the petitions will be completed in time (Continued on Page 6)

Clean Up Week

OYSTER BAY — The week beginning Monday, May 25, has been designated clean-up week by the Town Board and all residents "are requested to clean up their premises during said week." Announcement was made by Town Clerk Henry M. Curran.

FASTEST GROWING COUNCIL:

3000th Girl Joins Scouting

By FLORENCE VRYN
HICKSVILLE — Mrs. Merton Wilbur, Town Girl Scout Committee Chairman announces that a local girl has been registered as the 3000th Scout in the Mid Island Council. She is Linda Shell of Cable Lane and a member of the troop that meets in the Parkway Community Church under the leadership of Mrs. Richard Schell.

Further recognition of the growth

of Hicksville and its girl scout movement was gained when the new troop, meeting at the Lee Ave. School under the leadership of Mrs. William Cottone was registered as the 2900th troop in the Mid Island Council.

The celebration of these two events will be held this Sunday May 24, at the Parkway Community Church when District Court Judge Kathleen Kane will pin the scout em-

blem on Linda Shell, Mrs. J. Chester Stevenson, president of the Mid Island Council, will welcome an audience of Scout officials and their guests. The 200th troop will advance the colors. After the formal ceremony, tea will be served with Mrs. Wilbur and Mrs. Stevenson as hostesses.

The 14 towns which comprise Mid Island will cooperate in the celebration, and will display posters emphasizing the scope of the scouting program offered by the Council. Hicksville was one of the original four towns which established the Council. Since its inception the Council has grown and is rapidly growing still. It is one of the fastest growing councils in one of the fastest growing areas in the United States.

Dear Jean:

The CUCCO family of 140 Andrew Ave., East Meadow, is heart-broken over the loss of their Irish Setter dog, Rory. In response to an ad in the lost and found classified section of the HERALD last week, an unidentified man phoned the family to say that he had hit an Irish Setter two weeks ago and left him in the road and that he was sorry. He hung up before the location of the accident and the family is now in a worse state of anxiety. The dog was last seen in the vicinity of Meadowbrook Theatre. Dog lovers will understand the reason for the intensive search the family has made through two police precincts, county, town and state highway departments, veterinarians, dog pounds and newspapers. If Rory is the dog hit by the anonymous phone caller, perhaps one of those rare citizens who feel it his duty to bury the animal has done so. Any information about the beloved pet and friend will be greatly appreciated by the CUCCO family who may be reached at Levittown 9-3871.

The annual firemen's "tournament" may be called "a competitive drill" for volunteer firemen at Labor Day this year, due to a recent insurance decision. It will be the 25th annual program in Hicksville and plans are underway to hold it in cooperation with the 50th anniversary of the Nassau County Firemen's Assoc.

A valued stamp collection book was taken from the school yard recently and the young school boy who owned it seems to be quite downhearted about his loss. Any information about the collection will be greatly appreciated and the youngster can be reached at Hicksville 3-2823 R. . . . Two cars blocked the entrance to Lewis St., off South Broadway, last week in an effort to force the 4:30 rush of cars from Grumman's to slow down through the residential streets. A sign cautioning the speeders that children play in the street has not been heeded, the residents said. . . .

Of course we all know (?) that Levittown is not going to expand to the north, but we find it curious that the new Stop N Shop Market in the Allied Shopping centre on Jerusalem Ave., located almost quarter mile NORTH of the township line, is described as "in Levittown Area". The Market had its official opening yesterday (Free plug Al). . . . GEORGE KUNZ of Arcadia Lane, president of South Hicksville Assoc. of Levittown Home Owners, has been named an alternate speaker for the DALE CARNEGIE course class of 43 members when a concluding dinner is held at Garden City Hotel on May 28. More than 400 are expected to attend. . . .

If you see some dark green colored RR coaches rolling thru Hicksville, don't be alarmed. The LIRR has leased 16 coaches from the Reading Railroad to supplement its own roster. An extra commuter train from Hicksville to Jamaica starts rolling in June. . . . ERNEST GOSSY of 137 Dorchmouth Dr is on the publicity committee for the Hillside Terrace Civic Assoc. . . . The Twinlakes Civic Assoc., which traditionally has held a block party on the 4th of July weekend, may not have such an affair this year due to the lack of enthusiastic interest of the membership, according to President DICK JOSWIG. . . . ADELAIDE KATZ astounded many of those present at the SHALHO meeting last week by the vigor of her attack upon the home rule movement. "I have not heard one ounce of sense on incorporation," she asserted. It probably was only coincidental that her remarks were made in the presence of Political Leader FRANCKE. . . . The final story hour of the season at the Hicksville library takes place Saturday morning, May 23, at 11. Both library buildings will be closed all day Saturday in June, July and August, according to Library Director HELEN WHEELER. . . . Extensive alterations underway at the RAINBOW RESTAURANT by NICK MAVIS and VIRGINIA, including enlargement of the dining room. More about this next week. . . . Telephones in Hicksville have TRIPLED in the past seven years, manager JOHN F. SIMONDS announces. Dial service for 13,000 instruments in this exchange is scheduled to start late next month (June) and very soon after it starts 400 applicants for service will be accommodated. . . . Teen-agers are reminded they must get working papers from their school authorities if they plan to get employment this summer. . . .

Home Owners Protest To Board

HICKSVILLE — McKinley Ave. Homeowners near the rear ball field of the East St. School playground have protested to the Board of Education about the damage caused to their property by the children.

The letter addressed to Henry C. Brengel, president of the Board of Education, reads: "We, the undersigned, hereby petition the Board of Education to take the necessary precautions to prevent further damage to persons and property caused by ball playing in the south west playground. We will appreciate your giving this matter prompt consideration and attention."

'LACK OF COURTESY' Few Attend Dual Town Hearing At Hempstead

HEMPSTEAD—Action by Oyster Bay Town Board in disregarding the expressed will of the people was denounced before the joint hearing of Oyster Bay and Hempstead Town Boards, here Tuesday morning, by opponents to the creation of a Levittown Recreation District which would embrace a fifth of Hicksville.

Emil J. Szendy of 5 Walnut Lane, a resident of the area which would come under Hempstead-Levittown control, keynoted the opposition. He was repeatedly interrupted by the Chairman, Hempstead Supervisor Harold Herman.

The "lack of courtesy on the part of the chairman" was formally denounced at the hearing by Thomas Hogan, president of the Woodbury Gardens Civic Assoc., who noted that proponents were not questioned whereas the opposition was cross-examined and led into debate.

Glee Club To Present Comedy

HICKSVILLE—"The Chimes of Normandy", a musical comedy by Planquette, will be presented by the high school Glee Club tonight (Thursday) and tomorrow (Friday) in the high school auditorium at 8:15.

Jacqueline Dempsey and Josephine Trocola, sopranos, will play the leading feminine roles in the romantic comedy. George Marks has the principal romantic lead while James Brown takes a comedy role. Another comedy part is played by Herman Silva as mayor of the town and the principal dramatic role is played by Emanuel Carreras.

LEADING ROLES in the musical comedy, "The Chimes of Normandy" will be sung by left to right: Josephine Trocola, George Marks, Herman Silva, Emanuel Carreras and Jacqueline Dempsey.

Hogan said he had not planned to speak but was impelled to do so by the manner in which the hearing was conducted. Gerard F. DeLorme, chairman of the Oyster Bay Civic Council, spoke in opposition and entered several documents into the record.

Florence Vryn of 10 Rising Lane wanted to know from the joint boards why she, a resident of Oyster Bay, should hand over control of the district to Hempstead? She said such an arrangement would be "bad government and not make good sense".

Szendy asserted that the creation of the joint district would not be in the public interest, that it would "promote" disharmony, sectionalism and trouble". Martin Lauer, vice chairman of the Civic Council, also protested the proposed joint district.

David Sigerson, leader of the Levitt Steering Committee, presented his arguments for the joint district. He brought into the discussion the "critical recreational situation" in Levittown, expectant mothers, Red Cross bloodmobiles and the rump vote. Others who spoke for the proposition included a member of the Levittown F.D. band who said his members from Levittown, Hicksville, Wantagh, Massapequa and Syosset all want the district created; Marvin Chulman, NLHOA president, and Charles

died in Meadowbrook Hospital about three hours later.

Vote On Another School Soon

By JOHN DOWLING
When building a school system such as we must do in Plainview, the major objectives in the early stages of planning are usually considered to be the acquisition of sufficient land and erection of permanent buildings to house the present and anticipated enrollment.

At this time, Plainview School District owns or is in the process of obtaining school sites aggregating approximately 60 acres. Generally speaking, these sites are fairly well located with two in Morton Village, 27 acres in what might be best described as central Plainview, 16 acres in the northwestern section of the district and present site of the Manetto Hill School which is about five acres.

Another factor to be considered in the school site problem is the 164-acre tract located in the southeast Plainview and presently owned by a developer. At this time, this land bears zoning which makes it almost impractical and certainly uneconomical for any

builder to erect small homes. On the other hand, however, if the present owner is successful in getting this parcel rezoned so that homes can be placed on plots of 2 1/2 or smaller, it is highly possible that a school site would be desirable in this area.

For this reason, the Board of Education has, without cost to the residents, filed site plans with the Nassau County Planning Commission in the event the land should be re-zoned. This act reserves, temporarily at least, a parcel in the 164-acre tract and prevents any developer from tackling on any additional charges or fees on the designated site.

All in all, it is generally agreed that the district's school site problem is in pretty fair shape and consequently a portion of our objectives has been achieved. The next step is to erect permanent buildings on these sites.

In this connection, the residents have already approved a bond issue for the construction of an 18-room school on the 16-acre site in the northwest section of Plainview. It is hoped that ground breaking ceremonies for this project will take place in early June immediately following an examina-

tion of the bids which were opened May 20 at the Manetto Hill School.

Following this the next step in all probability will be a request by the school trustees for residents' approval of a bond issue to erect another school. This school, if approved, will be sited for location on one of the two district-owned sites in Morton Village.

The location of this building will be largely contingent on the rapidly with which the area becomes inhabited. Later it will be necessary to construct school on all sites. Actually there isn't any sure way of estimating, at this time, just how many schools the district will require during the period ahead. But it is generally believed that four or five is a conservative estimate. Assuredly, if the influx of residents continues at its present rate, bringing in with it the expected amount of school age and pre-school age children, four or five schools, in the opinion of many, is an extremely conservative estimate of the district's future educational requirements.

Well, that about brings you up to date on the existing school situation.

ABOUT WATER SYSTEM: Leaks Can Be Expense To You

By JOHN C. TRASK, JR., Superintendent

Plainview Water District
This is the first of the many open letters I hope to write to the residents of our District. It is my intention to try and keep you informed on the progress, etc. of the water system. As most of you know, our new Administration and Control Building is located on the corner of Old Country Rd and Manetto Hill Rd. As soon as we have completed all our landscaping drilling etc., I hope many of you can find the time to drop in for a visit. I will be more than happy to show you around and explain the system of operation. We have hopes of moving the office to our new location in about

a month; but at present we are located on the corner of Central Park and Cedar Dr.

In case some of you are wondering what those cement pipes about 40 inches long are doing around some of the new houses, they are our new meter pits. All meters for new homes under construction will be placed outside of the house in these pits. By having this arrangement it will not be necessary for the meter reader or repairman to enter your house when he calls. A word of caution regarding these pits and also your metering it is your responsibility to see that the pits are kept "free". By this I mean, don't plant flowers, etc. around the pits so that it is difficult to gain access to this meter pit. Also for you people who have meters inside your home, please keep the access to the meter open and try not to hit or disturb your meter. It is your and our record of your water consumption.

Just a short word on water leaks — a 3/32" stream (a faucet dripping slowly enough so you can count the drops) will use 17 1/2 gallons in 24 hours. A 1/16" stream will use 970 gallons in 24 hours, and a 1/8" stream will use 3,600 gallons in 24 hours. So be sure your faucets, washers, etc. are in good shape because if they are not you are going to lose a lot of money "down the drain". Also you will find you use anywhere from 500 to 1000 gallons of water when watering your lawn.

From time to time I hope to pass on to you information which should prove helpful in saving your pocketbook by not wasting water. Please feel free to call me any time if you have questions regarding your service, and I will do my best to be of assistance.

PHYSICAL ED PROGRAM ISLAND TREES — Robert Young will show some of the Physical Education program activities of the school at a P-TA meeting tonight, May 21, at the school on Farmedge Rd.

**TEENER'S CLUB
Dance June 20**

By LILLIAN MAGGIO
Hi Folks:
Sorry we haven't had a column in such a long while but we are back again now. The Teener's Club has decided to discontinue their regular meetings for the summer since many of us will be going away for the summer or at least part of the summer. We intend to have one activity each month. We will end our regular meetings with a big dance on June 20, this dance will be open to everyone. So come one come all. We are going to open shop again in September with a hay-ride and during July and August we are going to have beach parties and picnics.

We have had a very successful year and we would like to thank those people who have given their time and efforts to the Teener's Club, we really appreciate it. Thank you all again. We would also like to thank all the officers for giving so much of their time to the work of the club.

I hear the boys' baseball teams are getting along fine. Good luck boys. We hope you win all your games.

The outdoor activities seem to be working out very well. Everyone seems to have a great time. That was some game of soft ball wasn't it Ann and Tommy? By the way who did win?

Well that's all for this week folks. Don't forget our dance on June 20.

P.S. If any of you folks intend to go to the Amvets dance this Sat. and can't because of the lack of a babysitter just call me at HI 3-6256 and I'll get you a very good one.

As Village We End Bickering

By Fred J. Noeth

AS WE SEE IT the only thing that is going to end the constant bickering and discord which has been raging between several factions in our community for the past three years will be the decision to incorporate Hicksville as a united village. The Oyster Bay-Hempstead Town Boards will probably decide in a matter of hours (if they have not already done so by the time you read this) to set up a new barrier to harmony and understanding when they form the Joint Levittown District.

Of this we are certain: If Hicksville votes favorably upon establishment of an incorporated village before the end of this year (and the vote should take place around Labor Day), the so-called joint Levittown District goes out the window. The joint district can not legally become effective until Dec. 31 of this year under the terms of the law which was jammed thru Albany by our unrepresentative Town Board.

The joint district can not be established for an area involving an incorporated village. Hicksville has so many factors which are extremely favorable to the creation of an incorporated village. Our special district boundary lines—such as schools, fire protection, street lighting, refuse disposal, etc., are co-terminus. Such a situation is unique in New York State. But that very fact makes incorporation both practical and desirable. In addition, we have a very favorable portion of local industrial properties to share the tax burden.

People sometimes ask: What is the other side? What if we don't incorporate?

Perhaps, in a small way, the following pathetic note from a nine-year-old boy will give a reason. It was written by Donald McVicker, 158 Cottage Blvd., Hicksville:

"Dear Sir:
"Please tell me why the boys in my class live in different built houses. We go to the same church. We belong to the same cub pack. Why can't I play Little League baseball with them? The team is called Northwest Little League of Hicksville."
"Yours truly, DONALD McVICKER."

Donald attends the Lee Ave. School in Hicksville and some of his classmates, also Hicksville residents, live in houses built by Levitt and Sons. As real boys with a keen liking for baseball, classmates went out for the Little League tryouts on the ball field on Hempstead Ave. (Dutch Lane), Hicksville. Don made a farm team. His father was asked to assist in the program.

Little League ball is a fine activity and youngsters go for it in a big way. You can imagine, then, the heartbreak for a nine-year-old boy when he was abruptly told this week he had been dropped by the League for being "out of bounds". It seems he did not live in a Levitt house and therefore was not acceptable.

This is not the first instance of this type of discrimination being generated between classmates. A youngster at the Old Country Rd. School (also a Hicksville school) who lives on Duffy Ave. had the same experience.

On Saturday afternoon, May 23, there will be a parade and exercises to open the North West Little League season of play. There will be a parade up Levittown Pkway from Newbridge Rd. to the field on Dutch Lane. Among the participants in the parade, we are informed, will be Nicholas School Band (of Hicksville), Cub Scout Packs 821 and 158, Brownies, 4-H Clubbers, Boy Scouts and team sponsors (which include several prominent Hicksville business concerns).

Our unincorporated status contributes to this kind of discord and lack of harmony. Being unincorporated leaves the field wide open for constant misunderstanding, discrimination, and bickering.

As a village with local government we can and will get together on common problems. We can make an official effort, for example, to have something done about our traffic-throttling R.R. grade crossings, press for action on nerve-racking parking conditions, and make this a village governed by responsible local property owners acting in our best interests.

How much longer are we going to put up with "we are doing it for your own good" government, rather than government as we NEED IT and WANT IT?

HOME RULE

(Continued from Page 1)

to meet our own deadline" Roman stated. "However, to be on the safe side, we want to get more than the minimum of \$13 million which is one third of the total community valuation. We have made tremendous strides in the past fifty days, racking up more than \$9 million in signatures.

"This is a campaign from the 'grass roots' by average homeowners acting in true democratic fashion, as provided by State Law. The men and women who have

been visiting their neighbors and politicians now are their political ambitions. They give what time they can so that this question can be brought to a vote."

DISPUTE FRANCKE This week Roman spoke at a Civic Assoc on the Home Rule meeting of the Hillside Terrace campaign. He took the opportunity to dispute the remarks of Ernest F. Francke, local political leader, made at a SHALHO meeting the previous evening.

Roman asserted that Francke's reference to Freeport village budget was "unrealistic" since Freeport's budget includes such

JUDY'S JOTTINGS:

Things Hum on Benjamin Ave.

By JUDY de JONGH (day) in the school auditorium at 8 Ellicsville 2-2476-M P.M. Guest speaker for the evening was Miss Grace Stanistreet, Director of the Adaphi College Children's Theatre. Miss Stanistreet's

topic was "How Dramatic Experience Can Help Your Child."

Also on the program was a presentation by Fred Young's third grade pupils of Robinson Crusoe. Raymond Saeyer played the part of Robinson Crusoe assisted by William Lo Datto in the role of his man Friday. Arlene William portrayed the parrot.

Members were reminded of the forthcoming Military Bridge to be held on Tuesday, May 26, at 8 P.M. The first big social event of the organization promises to be a treat for all who attend, so don't hesitate if you have never played the game before. Prizes will be awarded to the winners, and refreshments will be served. Tickets are only sixty cents per person, and the fun is free. So mark the evening of May 26 on your calendar as a night to enjoy with your friends and neighbors at the OGR School.

On vacation, yours truly and family will spend next weekend at the Holiday Motor Court in the Berkshires visiting with the owners, Mr. and Mrs. Howard Bertine formerly of Combes Ave.

We are sorry to hear that Mary Graham of 91 Benjamin Ave. has been quite ill, and ordered to rest in bed. Doubly sorry after seeing how Mr. Graham has had to spend his weekends doubling as the distaff half of the family. Get well soon, Mary, things are not the same around the house without you!

Things were certainly humming over on Benjamin Ave. the past few weekends. Art Scheriff decided to expand the attic with a large shed dormer, and the boys in the neighborhood all pitched in to put the hole in the roof! Medard Ofenloch, Bill Krajci, Charlie Graham, and Ken de Jongh all went to work with a will, while Art contemplated posting a sign "House (without roof) For Sale." But the job being done, the improvement is tremendous, and the house still has it's original roof.

The Legionnaire

In case anyone failed to notice, it rained last Friday morning and it rained hard. But that didn't stop the Auxiliary from getting up to the railroad station at 5:45 A.M. to start the American Legion and American Legion Auxiliary Poppy Sale. From that early hour, until 9 A.M., (practically the middle of the afternoon) Ruth Schlichting, Sylvia Gundlach and Joan Brengel withstood the elements to dispose of the major portion of the poppies in their possession. Later Sylvia joined Betty Beard, Dot Fricke and Rose Becker selling poppies along Broadway through the rest of the day. How late they worked we don't know but Rose and Dottie came to the clubhouse before we left for Glenwood Landing that evening and they were still on the job. Congratulations ladies—from the entire Charles Wagner Post.

We had intended to devote much of this column to the events of the 3rd Division Caucus held Friday night at Glenwood Landing but the high-light so far as our delegation was concerned was the trip there and back. The Caucus was very calm, with no unforeseen happenings, but oh that trip!

We left about 8:30 in Ed Becker's car with Johnny Williams, Guy Smith (yes Rose—he's a delegate—we just omitted his name last week), Jim MacLaughlin and Bert Nessel and reached the Legion Clubhouse about 9:25 going via Old Country Road and Roslyn Road to Roslyn. Sea Cliff and where are we? On our return trip we drove two blocks from the Clubhouse to Route 107 and right into Hicksville in about fifteen minutes.

Jim Carter may need a compass to get out of

the Mineola Fair Grounds but we think Ed Becker needs road maps too!

'Twas a good night 'til we saw "the fight,"

Friend Committee made one fruitless trip into the wilds a few nights back in search of a site but Al Barlow tells us that he and Artie Blesch finally located the place we want last Saturday. Reports are good and by next meeting the August date we want should be confirmed. . . . The Castaway Party is all set for Saturday night, June 11. Admission is \$1.00 per person and John Nees expects to have good prizes for the best (or is it the worst) costumes. Looks like this party will be so popular those without reservations will be caught short. To be sure you don't miss a good time phone your reservation to John Nees or Walter Schlichting. . . . Chances excellent that Hicksville will be represented in American Legion Junior Baseball this season. . . . It is expected all Legionnaires will take a personal interest in the care and maintenance of the recently erected Legion Drive Safely Signs. . . . Third Division endorsement for Tenth District Commander was given County Commander Gil Chichester at the Caucus. . . . The Bazaar and Carnival still needs help so see Barney and offer your services for any nights from July 9 to July 19. . . . To those who have inquired about Billy (our oldest)—we hope to have him home again this week-end. . . . Membership still going up—now at 187. . . . Nick Harter at Hamma Divinity to see son Bob graduate!

We will meet Sunday morning 9 A.M. at the Clubhouse for the purpose of placing flags on veterans graves in Plainview Cemetery.

Let's see a big turnout to remember the men no longer with us!

Villages Pay Less, Get More

By MAY MALJEAN
Hicksville 3-5515

I'll let my hubby take it easy again this week, and I'll type out today's column. That is, while he cleans out the cellar. (Did I say, "lace it easy?")

He and I caught the Hillside Terrace Civic meeting last week, and witnessed one of the closest elections we have seen in a—wait! I guess the school board election was a close one, too. It does make one stop and think how much one's vote does count when an election is won or lost by a handful of votes. How about that?

Gerald DeLorme was re-elected president, with his vice president George Walsh. Recording Secretary is Claire Lynch; Financial Secretary, Louise Fischer, and treasurer Arthur Coyle. Suspense was in the air while the votes were being tallied, and speculation was widespread, resulting in a close ballot. There were a few write-ins. The meeting was lengthy, and as a result, Larry Roman, proponent for incorporation, had but a short while to speak on the subject of home rule for Hicksville. He regretted, not only his short talk, but also the inability to get a debate with Eric Francke on the subject. He hopes to see such debate, as did many of the members present, to enable all to view both sides of this step we are taking. After his discussion, he answered the many questions members posed, regarding whether our taxes will be more or less or the same under a Hicksville village.

He claims that other incorporated villages are paying less taxes than we are, and that we are now paying excessive highway taxes for which we receive comparatively little benefit. Many more points were discussed, but because of lack of space, we suggest you see for yourself at one of his discussions, his side of the issue, and by the same token, take advantage of the fact that Francke will speak again in the future on his side, as the opposition to incorporation. I hope to have the opportunity to report to you in the near future, the results of a debate between the two men.

to round out the question. This would be ideal.

We searched high and low for someone to use our ducats for the P.T.A. card party at the Masonic Temple, but were unable to locate a recipient, because of the late hour and the fact that most of our friends were already ticketed. If I may coin a word, We had a rough day and to put it mildly — were pipped, and from what I hear from the folks who attended, we missed a good deal. Last week we printed Miss Paris's question as the Question of The Week, and we were happy to receive an answer by Thelma Poitras, of Hillside Terrace. The question asked us how a young girl in our section can make friends with the opposite sex without appearing forward, as it is difficult for young girls to run about as boys do.

Thelma writes: "I would suggest joining one of the clubs formed in your school or church. Not only would it enable you to meet boys, but it would put you in contact with young people with similar interests."

I met "Rusty" Eisner, president of the JWVA at the Farmer's Market, and asked her about it, she suggested that, since this is probably the problem of a group older than schoolage, perhaps they would enjoy having a club of their own. We conveyed both answers to the girl and if any such party is interested, we will act as go-between in forming such a group. I attended the East St. P.T.A. Thursday, and when I arrived home to tell Gene about the affair, I had

a difficult time describing how wonderful the whole show was. This was supreme, and surpassed any effort made so far. The program was put on by children under the direction and patience of the music teacher, Yvonne Lemmesager. The orchestra consisted of: Joyce Van de Merlin, William Suppa, Nicholas DeRosa, Clark Gianelli, Kenneth Roth; Saxophone, LeRoy Zaino; Trumpet,

John Lorenz, Wesley Hulse; Melophone; Mary Meyer, Betty Furness; Percussion, Richard DiLeo, Richard Appelman. Miss Starin's class danced a few (Continued on Page 16)

More Business Off Newbridge

OYSTER BAY — Residential property on Newbridge Rd. near Cherry St. (Lane), Hicksville, may be rezoned to a business district at a meeting of the Town Board Tuesday, May 26, in the Courtroom of Town Hall here at 10 A.M.

John Wicks, Jr. is asking the zone change for the property which is located on the east side of Newbridge Rd. 256 feet from the west side of Cherry St.

"Operation Skywatch," manned by volunteers of the Ground Observer Corps, stands ready to give warning round the clock.

"Looks like a bomber— phone the Filter Center!"

Friend or foe? Aircraft spotters take no chances. Night and day, hundreds of observation posts phone in their reports to Filter Centers. From here, a vast network of telephone wires can flash the alert to Air Defense Command Posts and Civil Defense authorities. And should bombs ever drop—your telephone company is better prepared than ever before. Extensive arrangements have been made for

alternate routing of essential lines. Every building has its own stand-by power plant. Practically all telephone wires today are protected in cable, much of it underground.

In emergencies—and in home and business life—your telephone is always ready to serve you all around the clock. Yet few things you buy today are as big a bargain! Compared with price increases in everything else, the telephone takes a smaller part of the average family budget than it did ten years ago.

You get faster, better, more useful service, too. For example, in the average community today customers can call twice as many telephones without a toll charge, as they could in 1940. And we're going right ahead with the costliest construction program in our history—to meet the continuing demand, and to make service even better than ever.

Measured by service or measured by price, your telephone is one of today's big bargains.

NEW YORK TELEPHONE COMPANY

LIVING COSTS UP 89%

PHONE SERVICE UP ONLY 15%

TODAY'S BIG BARGAIN. Your cost of living has jumped 89% since 1940. Yet the price of phone service has risen an average of only 15%—more for some and less for others, of course, depending on the type of service and the use made of it.

TOWNS GET IT IN WRITING:

Levitt Still Pulling Strings; May Open Pools 'This Summer'

HEMPSTEAD—Levitt and Sons was still whistling the tunes at the joint hearing of Oyster Bay and Hempstead Town Boards, this week on Tuesday, here, as the precise terms which are the only ones agreeable to the Levitt organization were read into the record. No one appeared to speak at the hearing in behalf of Levitt and Sons although the swimming pools owned by the builder and the hall were the major topics of the discussion.

Nathan Bennett, Hempstead Town Clerk, at the end of the poorly attended 96-minute hearing, read a letter dated May 19 (same day as the hearing) signed by Ira K. Goldman as Vice President of Levitt and Sons.

Provided the two town boards jump thru the correct hoops and perform as Levitt dictates, the swimming pools on the West Village Green (Newbridge Rd.) and Levittown Parkway will be opened during the summer of 1953. The opening date was not specified.

The Goldman letter, read by Bennett, follows:

We again confirm our offer to defray the cost of operating until December 31, 1953, the Levittown Hall and the two swimming pools located in the Town of Oyster Bay.

This offer is made subject to the following conditions:

1. That there be forthwith established a "joint community hall and swimming pool district" embracing the Levittown areas in the Towns of Hempstead and Oyster Bay, pursuant to Chapter 835 of the Laws of 1953.

2. That such joint district thereupon accept the donation and dedication by us of the hall and the two pools referred to.

3. That every effort be made by the joint district administration to arrange for the immediate use, by all of the residents of the joint district, of the seven other pools hitherto dedicated by us to Levittown Park District as well as of the hall and the two pools about to be dedicated.

4. That from January 1st, 1954 the joint district assume the responsibility and cost of operating the hall and nine pools as municipal recreational facilities for the benefit of all the residents of the joint district.

Upon the performance of conditions 1 and 2, and confirmation of conditions 3 and 4, our offer will

become effective and we shall proceed at once to make the two pools ready for use during the summer of 1953 and to re-open the hall for the balance of 1953.

Very Truly yours,
Ira K. Goldman,
Vice-President

P. S. As part of the above program and under the same conditions, we will be prepared to offer for dedication to the Hicksville Park and Parking District the ball field, lying between Hempstead Avenue and Ball Park Lane, and the park, lying between Acre Lane and Levittown Parkway, and any other park we may still retain within the Levittown area in the Town of Oyster Bay.

This entire letter is presented as part of the record of the hearing now being held on the establishment of the "joint community hall and swimming pool district."

Ira K. Goldman.

Dutch Lane P-TA Seats Officers

Mrs. Herbert Spiselman was installed as president of the Dutch Lane School P-TA at a meeting Wednesday, May 13, in the Dutch Lane School, Hicksville.

Dr. E. H. LeBaron, superintendent of Hicksville Public Schools, also installed the following officers: Mrs. Robert Munhall, vice-president; Mrs. Herman Schaffer, recording secretary; John Maher, corresponding secretary; Mrs. Paul Holl, treasurer; and Mrs. V. A. Stankiewicz, historian.

The Arena Theatre Players of Levittown presented a play, "Scattered Showers." The play illustrated that the parents' approach to the child is best when relaxed and spontaneous.

An interesting and informative discussion lead by school psychologist, Dr. Barsky, followed the play.

Flowers were presented to the retiring president, Mrs. Ernest Theas, and Dr. and Mrs. E. H. LeBaron by John J. Chase on behalf of the Dutch Lane School staff.

The SENTINEL

Public Hearing Goes Off On Schedule

The legal requirement of holding a public hearing before announcing their decision to establish the joint district between Hicksville and Levittown was attended to by the Town Boards of Oyster Bay and Hempstead on Tuesday of this week.

Quick Announcement Expected

There is little expectation that the two town boards will ponder as long as the Oyster Bay Town Board did last year. In the (1952) previous attempt to split Hicksville, three months from May until August—were required for a decision. This time, however, there is no need for delay. And furthermore, if William Levitt's demands, as publicly expressed last October, are to be met, and if he is to open the pools on Memorial Day, the Boards must announce the establishments of the joint Levittown District, post haste.

Unless our Oyster Bay Town Board decides to tell Levitt and the Hempstead Town Board that its responsibilities are to the citizens of Hicksville and unless it tells them that if Levitt wants municipal operation of the pools he can turn them over to a South Hicksville Swimming Pool District, we can expect the announcement within the week.

Levitt Pool Committee Meets

Even before the announcement of the joint district, a prerequisite to Levitt's agreement to open the pools this year, is made, the NLHOA Recreation Committee meets to discuss the summer recreational program for the pools. Seems, like they must have some inside dope straight from headquarters.

It is interesting to note that an important item on the agenda will be the disposition of the escrow fund of monies collected from the community for the administration of the two Oyster Bay pools. Hmm!

Dismemberment Of a Community

For many months we have been unwilling witnesses to the attempted dismemberment of Hicksville. The initial attempt last year failed because the people of all parts of the Board listened and told the Town Board they didn't like it. The Board listened and turned down the proposal to split the Levitt-house area off from the rest of Hicksville. This year the efforts were evidently made at the top levels—political and otherwise,—and from all indications it looks very much like Hicksville will be dismembered. Unless, of course, Hicksville incorporates before the decision can become effective.

Ernest "We Can Do It Cheaper" Francke

Maybe Mr. Francke has read the book "Cheaper By The Dozen" and applies the same philosophy to government. In his talk opposing home rule for Hicksville at the SHALHO meeting last week Political Boss Francke said they could collect the taxes cheaper at Oyster Bay than in Hicksville, evidently because they have to collect taxes from so many communities. He failed to explain however, how the Town Board with so many communities to administer, can give adequate attention to any one of them. We are well aware that the Town Board could do much, much better for Hicksville.

Administration By Pressure

Some people have often said that the attention of the Town Board is focused where the pressure from the people is the greatest. Now that the Board is under pressure from Hicksville because of the imminence of home rule, we see that all of a sudden—after years of inaction—that Hicksville is to get a new parking field. To show that they really have our interests at heart they should also come up with some other answers. For instance, traffic in Hicksville's business district could stand a little attention. And how about the elimination of the LIRR grade crossings? The crossings at Broadway and at Jerusalem Ave. stagnate traffic and lives are still being lost at the crossings in town. And how about some public parks before all the land is gobbled up by new housing developments? What kind of pressure would be necessary to get these and a hundred and one other things that would go a long way towards making Hicksville a top ranking community of Long Island, as it deserves?

Home Rule Can Overcome Shortcomings

With Hicksville administered by a local government, the needs of the community would have the undivided attention of the elected officials. They would only have Hicksville to consider, and they would not be distracted by the numerous other communities whose destinies are controlled from Oyster Bay.

We Get A Laugh

Even in the middle of all this fuss about breaking up Hicksville, we still get a laugh out of some of the headlines in the Levittown newspapers. It seems that in last week's issue of the non-Levitt-owned Levittown newspaper (although some rumors have it otherwise) there was a headline "Kindergarten Registration in Dist. 17 on May 25 and 26". The article states that the registration will take place at the East Street School.

Imagine a mother with several small tots wandering around Levittown looking for the East Street School! But, on second thought, maybe we shouldn't laugh quite so soon. Maybe they really mean it. Maybe they really believe that Levittown has already engulfed Hicksville.

HICKSVILLE GABLES: Goff Is New Chief of CD Cops

By RUTH SCHULZ
Hicksville 3-2542-R

The christening of William Jakabek, Jr. son of Mr. and Mrs. William Jakabek of 28 Gables Rd., took place Sunday, May 10. Ceremony was held at St. Ignatius Church, with Father Hallweg officiating. A dinner was held at the Alibi Restaurant, in honor of the occasion. Those present included Mr. and Mrs. Andrew Tomaskovic, godparents. Mr. and Mrs. Stanley Zenick, Mr. and Mrs. Adolph Immer, Mr. and Mrs. Michael Ska Kandi, Mr. and Mrs. Jakabek, Miss Julia Jakabek, Miss Justine Szakandi, Miss Doreen Jakabek and Miss Ellen Jakabek.

Did you know what our good neighbor Clifford Goff, from over on Plainview Rd., is a new Chief of CD Auxiliary Police in Hicksville? Here is one guy who not only does his job, but does it well, and is always willing to lend a helping hand when you need it. Too bad more of us couldn't be as helpful. I know I've had to refuse a couple of jobs asked of me recently, but my husband threatened to lock me out if I took anything else on. Frankly, I enjoy eating very much!

Another of our good neighbors, and surely one of the hardest workers in these parts, is Mrs. Muriel Feuerstein of 31 Gables Drive, who has just taken on another job, in addition to all she already does. Muriel is now teaching kindergarten over at the East St. School, and says she enjoys being back at her old job once again. You would have to know this gal to realize all she does accomplish, and also think of what an understanding husband she is blessed with, to assist her in all these many duties that she performs.

Those of you who missed the East St. P.T.A. meeting Thursday, really missed something. They had a group of children who attend the school perform in various ways, and the results were not only entertaining, but delightful. Each little performer was a star in his own right, and such professional attitudes and performances, surely no one ever saw before. Miss Yvonne Leasmagner, music director of the school, is surely to be congratulated on her fine job on these pupils. Also Miss Norma Starin, one of the 3rd Grade teachers, for the exhibition of ballroom dancing that 20 of her students presented. At this same meeting, there was a lot of ohing and ahing, when a gift of a 21 inch television set was presented to the school from the P.T.A. It really is a beauty and certainly a present which will prove it's worth many times over. Imagine this

school must be among the first to own a TV set in Nassau County.

Received a postcard from the William Youngers of 4 Gables Rd., who have been in California the past few months. They said how much they enjoyed seeing their name mentioned in this column a few weeks back. They have been having their Herald sent out to them each week, to keep abreast of Hicksville news. Seemed strange to me, to receive words of encouragement from afar across the country, when I've had approximately 10 calls in the past year, all within the radius of one mile. If only some of you could realize how much a call, with even the smallest news item, can mean, you would really make an effort. You see the same names in here time after time, mainly because they are immedi-

ate neighbors of mine, and I guess and hear of what they are doing. Lets hear of what some of the rest of you are doing. This column would be a lot more newsworthy with your co-operation. Make the effort, please.

May 8th was the second birthday of Michael Edmund O'Rourke, son of Mr. and Mrs. Charles O'Rourke of 12 Gables Rd. Seems like only yesterday we were all waiting for Michael's arrival, time does fly.

Anniversaries, herabouts, included that of Mr. and Mrs. Coste Carpenter of 29 Gables Rd., who observed their 10th on May 5th.

Two wedding anniversaries were celebrated on May 11. They were Mr. and Mrs. Donald Nagley of 35 Gables Drive; and also Mr. and Mrs. John J. Seith of 15 Gables Rd., who marked off 16 years of wedded bliss. Congratulations to all of you folks.

Our hard working entertainment committee consisting of Harold Gregory ably assisted by Bernard Gill, George Schult, Al MacLeod and John Mullin, report everything in order for the affair. We know you will enjoy yourself, so make it a point to be present with your better half. Dancing will begin at 9 P.M. If you have not turned in your chance book, be sure and do so this Saturday evening at the door.

TONIGHT IT'S BURNS AVE.
Yes, tonight the Burns Avenue P.T.A. will hold a "Get Acquainted" social for members and friends.

Admission is free and refreshments will be served "country style." You will enjoy doing the various square dances and regular dancing, come-as-you-may will be the evening dress, so why don't you plan to be present, parents and make this a successful venture for your own P.T.A.

The final total for the Cancer Crusade collections in NW Hicksville reached \$202, as reported by my wife, Dolores. . . . many thanks again to all who contributed a special thank you to the many volunteer workers also. . . . Without their help this total would not have been reached.

Pictures of the Burns Ave. School dedication ceremonies are now on display in the Herald window, a fine piece of photography by our own Gus Hanson of Indiana Ave. If you would like to have a copy, contact Gus at his residence

... some chatter of a possible development of homes on West John St. and Cantigue Road. . . . strange things are happening! . . . That basket of cheer will be displayed in the Herald office Friday and Saturday of this week prior to the affair Saturday evening. . . .

Upon the completion of several sections of the Stackler & Frank Trade Secret Home on North Broadway and Willet Ave., the remaining homes approximately 300 or more will be built on the St. John's Home property in the North West section of Hicksville, between Nevada and James St. I will keep you informed on later developments on this and the shopping plaza that will rise on this site on North Broadway. . . .

If you are planning a party, having a birthday or know of something interesting concerning our section just give me a call at home or drop a card in mail box at Herald office. Remember this column is for all the news in North West Hicksville — so let's hear what's new from you. . . . George Riker of 140 Burns Ave. has several ponies that are a joy to neighborhood children as they romp and play in fenced area near his home, his son has a pony named "Fury". . . .

Woodbury Gardens Civics' Notes:

The meeting to be held on the 21st of May (tonight) will have a dual purpose, we will have as guest speaker MR. FRANCKE who will discuss the proposed incorporation of HICKSVILLE. We will also elect two additional members to serve on the committee for incorporation of THE WOODBURY GARDENS CIVIC ASSOC. This meeting will be held at the EAST ST. SCHOOL at 8 P.M., try to attend. The Social Activities Committee has advised me that they have a few projects in the fire, so we will take them in order of importance. First we have a dance to be held on the 29th of May at our clubroom 26 EAST MARIE ST. there will be dancing refreshments and entertainment. Contact your zone representative or Jim SURLISS for information and tickets. Come and bring a friend.

They have also advised me that we have a few challengers for softball from some of the other sections and organizations in HICKSVILLE so if you are a ball player or think you are, contact JIM SURLISS.

While on the subject of the Social Committee I have been asked to invite all of the ladies groups, of which I understand there are many in WOODBURY GARDENS, to hold all or some of their meetings jointly at the clubroom. Here is a good opportunity to get to know your neighbors.

Don't forget the meeting is TONIGHT.

Dancers were: Bonnie Haggerty, Leslie Wenner, Janice Caldwell, Clifford Rider, Gerald Suppa, Robert Baccafola, Richard Zehr, Janet Maida, Janet McMenamin, Beverly Harrigan, Robert Javorovsky, Geraldine Suppa, Paul Nelson, Faith Heilig, David Foyle, Ruth Ellen Cranner, Artie Schaeffer, Gregory Soininen, Nancy Norden, and Dianna Odell.

Bonnie Wilbur played a piano solo. A duet was played on the melo-phones by Betty Furness, and Mary Meyer. Clarinet solo was played by Wm. Suppa. Wesley Hulsa presented a trumpet solo.

Philip Lemeno sang "Side by Side" (also he had rehearsed another song previous to curtain time), Thomas Bean sang, "I Believe," and after seeing Patricia Stone do her beautiful ballet, and Jeannette Arnold, her tap dancing. I have decided to insist that Dolores study these aesthetic forms of expression once again.

I'm going to encourage my husband to practice more on his piano after hearing Richard Bankasky

play a solo on piano. Thomas Bean was the Master of Ceremonies.

The executive committee of the Neighborhood Garden Club met at the home of president Mildred Bertram, Monday night. They made plans for the summer. On Monday, May 25, the next regular meeting will be held at the Trinity Lutheran Parish House. The members who are sponsoring new members are urged to phone Mrs. Sylvia Hansen, membership chairman. Her number is HI 4-6197J. There is no longer a limitation on membership. Speaker for the evening will be Mrs. Shirley Fink, of Spruce St., a graduate of Long Island Agricultural Institute in Farmingdale. She majored in horticulture. Mrs. Fink will also answer any questions members will have.

Will wonders ever cease! That day of days is coming Monday May 25 and Tuesday, May 26, is kindergarten registration and I shall be first in line with Paul bright and early at 8 A.M.

Our own Dr. Joseph LePener was the guest speaker at the Rotary Club meeting on May 14. His theme was "Can Our Democracy Be Destroyed From Within."

Eileen Marie Wieditz of 11 Cottage Blvd. was the guest of honor at a party given in honor of her First Holy Communion on May 9. She wore a beautiful white nylon lace dress and veil. The dress was trimmed with cherry blossoms and pearls on the skirt. She had a nosegay of pink, yellow and white carnations. Her guests were Mrs.

James Duffy and daughter, Theresa and Mary, of N.Y.C., Mr. and Mrs. Gerald O'Shea and children, Geraldine, Timothy and Thomas.

John McLoughlin of Lee Ave. is enjoying his vacation at home or rather Gladys is enjoying it. John sure makes a good housekeeper besides being gardener and handyman. Guess his rest will start when he goes back to work.

Many speeding cars in our neighborhood I'm ashamed to admit live right in the development and have children of their own.

Baby Denise Laza of Lee Ave. was christened on May 10 at St. Ignatius Church. The god-parents were Mrs. E. Abrahamson and Arthur Pinard. A reception was held at the Laza home with the following guests: Mr. and Mrs. F. Laza, Sr., Mr. and Mrs. F. Laza, Jr., Mr. and Mrs. E. Abrahamson, Mr. and Mrs. Pinard, Jr., Mr. and Mrs. J. Thier, Mr. and Mrs. Fred Thier, Mrs. J. Farrel, Mr. and Mrs. A. Pinard, Sr., Mr. and Mrs. W. Szatkowski, Mr. and Mrs. G. Merkler, Miss Louise Abrahamson. Small fry included Christine and Susan Laza, Frank Laza, Janet Abrahamson, Artie Pinard, and Bobby Pinard.

Dr LePener Talks To Rotary Club

HICKSVILLE — Dr. Joseph A. LePener of 2 Essex La, spoke to members of the Rotary Club on May 14 on the topic, "Can Democracy Be Destroyed From Within?"

Based on his European experience he analyzed the conditions that make a country an easy prey for conquest from within even without force of arms. He discussed the different groups of individuals most susceptible to slogans and psychological influence as children, adolescents, the "little want to be big shot man, the power, greedy, the dissatisfied and the atheist."

Dr. LePener explained the methods the Nazis and Communists used such as cell formation, infiltration in schools, clubs, government agencies and abuse of Constitutional rights in order to accomplish their goals.

He warned his audience not to be a party to similar facts and trends in our country too lightly.

First St Fire Draws Crowd

By DOROTHY GUELPA
Hicksville 3-1218-W

A practically new car and garage at the home of Mrs. Eva Bell on First St., Bethpage, caught fire Wednesday and clouds of black smoke attracted scores of housewives and children to the area where firemen had their hands full fighting the fire and keeping the people back from the possible explosion of the car's tank full of gasoline.

John Calderone on Stewart Ave. had been burning tree stumps in his rear yard when the fire started. He reached the garage in time to get the car out but the ignition keys were not in the car and the heat and flames grew too intense for him to remain. Firemen arrived on the scene to extinguish the flames and tow the car out of the garage.

Miss Ellen Auer of 70 Linden Ave., Bethpage, celebrated her fifth birthday last week with a lovely party. Her guests were: Peter Schaaf, Bobby and Jimmy Holzhauser, Jimmy Cossi, Alan and Dianne Munch, Kevin McNamee, George Calandrino, Cliff Daley, Jr., Sandy Krupnick, Andy Auer, and Ellen's grandparents, Mr. and Mrs. GHlen.

In case you're wondering about "George" who won the case of beer

The Sportlight

By HOWARD FINNEGAN

It was only a seven minute oration this time. And it was a shrewd one, too.

In the second inning of the Hicksville-Oyster Bay contest, Monday, the Bayman shortstop made an error and this action brought the jibe down on Dick Crawley's head, "Take him out."

It has been the Oyster Bay mentor's practice this season to tank immediately from a contest anyone who makes an error. He did it in the first Hicksville contest and the local fans remembered it.

Crawley was quick to realize that the taunt could work considerable pressure on his players.

He used his famous megaphone to shout to the joking Hicksville bench "Shut UP" and that made the crowd go at it more often.

We were standing directly behind the Hicksville bench and not one objectionable remark came from it.

As it continued in the chant, "Take Him Out", Crawley became very indignant and came storming across the diamond at the Hicksville bench.

The umpire refused to intervene since he felt nothing wrong was being done or said.

Coach Bill Anderson, who used considerable patience during Crawley's half hour stall in the first meeting, faced the issue squarely and told the Bayman coach he was either to play or go home.

That statement calmed Crawley a bit but he went on asserting that he demands respect when he comes to Hicksville or he won't come.

It set the usual tempo for an Oyster Bay contest. And it also established a case for Crawley, should he wish to cause another issue like the one three weeks ago.

He got off very easy with that one but he wanted some working margin if needed. What better case than to say the Hicksville boys were allowed to attack him personally?

And it also instilled in his players that they were being supported by their coach.

Nobody got the thumb Monday.

Next Monday night in the HERALD office the schedule for the Hicksville Community Softball League will be drawn up.

Any team interested can qualify up to 8 p.m., providing an entry fee of \$5.00 is posted and a forfeit bond of \$10.00 is submitted along with a player roster of twenty men.

That applies to all teams from the Hicksville area. There will be a formal league meeting starting at the same time.

Oyster Bay Back In Title Race After 6-2 Conquest Of Comets

HICKSVILLE—Via the oft-used device of the bunt, Oyster Bay overcame Hicksville, 6-2, here Monday afternoon in an eight-inning heartbreaker for young Tom Valentine.

It was Valentine's first defeat of the season as Oyster Bay parlayed three singles with consistent Hicksville failure to correctly play the bunt into a life giving triumph in the NSAI, Eastern Division flag race.

A Hicksville victory would have all but assured the Orange and Black's first pennant in seventeen years.

WINNING RUN TRIPS

The defeat was even more crushing for the losers since the winning run . . . represented by Ed Scott . . . tripped going around third in the fifth inning and was caught at the plate, whereas it was originally impossible to make a play on it.

Previous to that Dave Ableman, Tom Valentine and Scott singled to load the bases with the score 2-0 in favor of the visitors.

Pat Enos then tagged Baymen starter Bill Goril for a sharp single to center delivering the tying runs. Scott stopped on second. George Greco stirred the largest crowd to watch a ball game at Hicksville within a decade with a blistering shot to right center.

Comet fans were celebrating the tie breaking run when disaster struck. Coming in on the fly, Scott had to make too sharp a turn to avoid the crowd on the sideline and he stumbled. He got up and kept on coming but it was too late.

Oyster Bay obtained the early lead with three bunts and a punch single in the fourth but Valentine was supreme after that until he lost the first two batters in the eighth on balls.

A strikeout helped, but defeat hung on the next play. A bunt was fielded by Valentine but the base umpire ruled his attempted force at third was a fraction behind the runner and the bases were loaded.

The ensuing squeeze bunt found Walt Rhind too deep and one run was in. Another came over when

First Candidate For Queen

HICKSVILLE—One of the first entrants for the title of Queen of Hicksville Night at Ebbets Field set for July 22 is Rosemarie DeMonaco of 111 Broadway. The queen and her ladies-in-waiting will be honored in homeplate ceremonies at the Brooklyn bull park prior to the start of the game that night.

Rosemarie was born in Hicksville 21 years ago and is 5 feet, 115 pounds with brown eyes and dark brown hair. She was formerly employed by Dr. Sam Elkind but is now working at Seaman and Eisemann Insurance Co. in Hicksville.

Always a Dodger rooter, she wrote her senior essay at Hicksville High School on the topic of Brooklyn and her graduating class gave her a memento of her Brooklyn Dodger rooting.

Rosemarie says that if she were elected Queen it would be a life time dream reward for all her years of Dodger support and years of admiration for the team.

She says that her father who owns the DeMonaco Fruit and Vegetable store at 11 Broadway is also a "real crazy fan."

Voting for the Baseball Queen will be thru ballots cast by purchasers of tickets for the Hicksville night game.

he fired to firstbase with no one there. A steal of home and another error lead to the final two runs.

Hicksville could not generate any rally off reliever Dan Lamberston in the last of the eighth.

PBC-ing Around

Hicksville Unit of Nassau County Police Boys Clubs

The Second Precinct Intermediate Police Boys Club baseball schedule goes into full swing Monday, June 1, at the Hicksville High School diamond at 5:45 P.M. In the opening clash, Coach Artie Patterson's Aces will face the Cards led by player-coach Frankie Barton.

Because of the unusual number of teams entered, the "PBC League" will be played in two sections with Section 1 comprised of the Plainview Deuces and Red Wings, Oyster Bay's Bombers, Bethpage's Blues and Maroons, and Farmingdale's Cubs. Section 2 will include Hicksville Aces, Cards, Royals, Lions, Cobras and the Levittown Boys Club featuring the action.

Captain Vincent Chermant, commander of the Second Police Precinct and one of the initial founders of Police Boys work in Nassau County, will throw out the first ball to inaugurate the season on June 1.

Coach Henry Uffmann reports his Senior PBC Club is in fine shape and very definitely a threat for county honors in that age group. This senior league from the first and 2nd Precincts also starts around the end of this month.

BETHPAGE—Regular Sunday afternoon polo games at the State Park, here, will resume for the summer on May. 24.
