

Goal Within Sight

If each volunteer member of the House Rules Committee will sign up at least five home owners by the weekend, the petition goal can be achieved. Chairman Lawrence Roman disclosed last night. (See Editorial, page 6).

Gas Main Breaks, False Alarms

HICKSVILLE—The vamps responded to an emergency call for assistance on June 10, to 21 Kingston Ave., when a gas main broke. Nicholai St.

USING \$26,000 FROM METERS

300-Car Park Plan To Cost \$152,000

OYSTER BAY—Development of two new automobile parking fields in Hicksville business district, long sought by local residents and business men, is planned with a \$152,000 program due for consideration at public hearing before the Town Board here next Tuesday morning, June 23, starting at 10 o'clock. It is the largest expenditure for a parking field program in the community's history with \$115,320 of the total sum to be raised by tax upon the Hicksville Park and Parking District area.

Two parcels of property are involved. The largest is the Griffin and Rushmore tract in the rear of the Professional Building on the north side of the LIRR tracks. The area is expected to accommodate approximately 250 cars with entrances and exits off W. Barclay St. next to the Drago Dress Factory and North Broadway, between Larry's Dept. Store and the Professional Bldg.

A report that the town was negotiating for this property on behalf of the Park and Parking District first appeared in the Herald May 14.

The other property involved in the present plans, according to Councilman Frank Chlumsky, is in the rear of the new Big Ben Market on W. Marie St. With entrances from both Marie St. and W. Nicholai St., the area is expected to accommodate about 40 cars. The property is owned by Mrs. F. N. Taliferro.

The sum of \$152,000 represents the total cost of purchasing property, grading, paving and incidentals, Chlumsky added. Of the total amount, the township will provide \$10,680 which represents the amount earmarked by the Town Board from available funds. An additional \$26,000 will come out of funds of the Hicksville Park District, largely the revenue from parking meters.

The Town Board has dropped plans for the development of the small field between Marie St. and Nicholai St. thru the rear of the stores such as Firestone, Susan Ray and Edward's Men's Shop because it would be "too costly" in view of the number of car spaces possible.

Think Town Crier Will Ever Replace Newspapers?

Oyster Bay Town Board, in the opinion of some local citizens, may soon really push the clock back a century or two and employ a Town Crier. The posting of notices on telephone poles instead of notice by publication of a legal advertisement in the HERALD, the newspaper with the largest circulation in the area concerned, is now the vogue with the Town Fathers. Notice concerning the proposed expenditure of \$152,000 upon new parking fields for Hicksville is tacked to a pole in front of Hicksville Post Office. The public hearing takes place at Oyster Bay next Tuesday. Healthy baritones interested in the possibility of employment as the official street corner town crier are wondering if it will be a civil service position.

Graduation Exercises For Hundreds in Area

HICKSVILLE—The High School will graduate a record-breaking class of 192 in an outdoor commencement exercise on the front lawn of the school on Jerusalem Ave., Sunday, June 21, at 5:30 p.m.

The traditional daisy chain will escort the graduates in their caps and gowns to their places. Chairs to seat several hundred parents and relatives will be arranged on the spacious lawn. Admittance is by invitation. In case of rain, the exercises will be held on Monday evening.

ST. IGNATIUS SUNDAY
St. Ignatius School will hold graduation exercises Sunday, June 21, in St. Ignatius Church at 8 p.m. Classes will be dismissed for the summer on Wednesday, June 24.

Last Day Tomorrow

BETHPAGE—The last day of school for both the Broadway School and Powell Ave. School will be held tomorrow (Friday) and graduation exercises for the 8th grade will be held in the evening at the Broadway School at 8 p.m. (See pictures on page 18).

The business office of the school will be open during the summer Monday through Friday from 9 a.m. to 4 p.m., according to Victor Miller, principal.

AGREED NOT TO PROTEST GAS STATION?

News Of Covenant Stuns Parc

HICKSVILLE—Angry homeowners in the Parc Terrace development, who crowded the town hall last Thursday night for the second time within a month, protesting a gas station being built within the development, were stunned to learn that the deeds which they signed with the builder, included a covenant which provided that the new home owners would not object to the erection of a gas station.

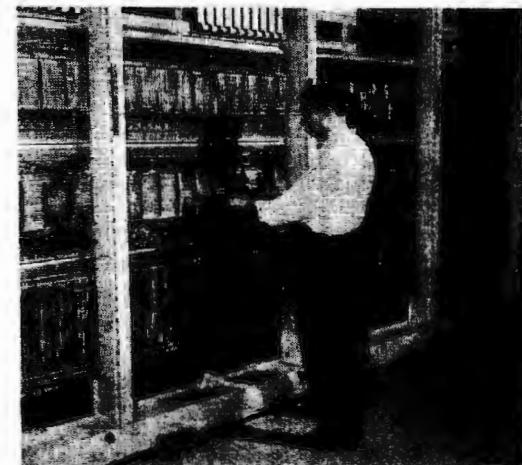

The site of the proposed station is now zoned Business F, and Commercial Properties Inc. is seeking a special permit to erect a gas station. A previous application for a variance had been withdrawn on May 7, a few hours before a motorcade of angry homeowners descended upon Oyster Bay in protest. The site of the proposed station has been moved to the corner of Tobias St. and Jerusalem Ave., a few hundred feet north, where no variance would be needed.

Attorney Maurice Schoenwald for the Parc Community Assoc. introduced photostats of testimony given by a number of homeowners in which they stated that the builders had promised "no gas station would be built on the empty lot". He also charged there is an identity of interest in the corporations involved, Parc Terrace, Commercial Properties, and 12th Construction Co. Specifically he mentioned were Louis Bernstein, Charles Gerber, and Leon Weiss.

Dear Jean:

Councilman FRANK CHLUMSKY is serving on the Nassau County Grand Jury during June. . . . Sgt HABEY WEISS has arrived safely in Germany he notified his parents by wire on Monday. . . . The obituary of WILL JAEGER'S niece, who lived in California was received through the kindness of a good friend who used to live in Hicksville and remembered us. MRS FRED C. CUNNIF, formerly of 130 Old Country Road, now with the Millbrae (Calif.) Sun mailed us the clipping.

Mrs. JOHN BAGLIOLI, while walking to the R.E. Station on June 2, lost a letter which she was going to mail. She wished to thank the person who found and mailed that letter.

Did you vote yet for your candidate for Hicksville's Baseball Queen? There are now four girls in the race and the winner will be honored at Hicksville Night at Ebbets Field, Brooklyn, on July 22. Ask for vote coupons when you buy your ticket. . . . That hole in the rear yard of a house on Fireplace Lane, Hicksville, has been explained "officially" as an abandoned barn cellar. Local explanations that it might be a former root or barn cellar were made weeks ago by older residents. After all, the site was a farm less than four years ago. . . . BILL MANNILLA says that GEORGE DALTON was overheard telling this story to LOU SMITH: "I can't say I've ever had to complain of back seat driving. In 15 years I've never had a word from behind. the president of the Parc Civic, and Dr. Sidney Berkowitz received summonses to appear in Kings County Supreme court on complaint of the 12th Construction Co. Members of the Civic group had been distributing pamphlets in front of "Cloverdale", a model home just north of the site of the proposed station on Jerusalem Avenue. The pamphlets protested the construction of the station. The builders of Parc Terrace are said to have a financial interest in Cloverdale.

Peter Ferraro notified the Zoning Board of Appeals that Councilman Frank Chlumsky had promised that the Town Board would go on record opposing the proposed construction. No letter was on file at the time of the hearing and when one arrives it will be considered with the protests. Lloyd Griffin, Chairman of the Zoning Board, requested in any further conversation with Councilman Chlumsky, Ferraro inquire why the Town Board had voted the site Business F in the first place.

After a session lasting almost three hours, the hearing was closed and the board reserved decision.

PLAINVIEW VAMP REPORT

You Need Permit to Burn Refuse

We would like to inform the people of town that before they burn refuse they must obtain a permit. The reasons for bringing this to your attention are as follows: Commissioner of the 9th Battalion Charles Leib, who also is an ex-chief of the Plainview Fire Co., reported to us a number of fires in

our district. It has also been brought to us by our own members. Therefore we felt it our obligation to inform you of the means of obtaining a permit.

This can be done by visiting the fire station Sunday morning between 10 a.m. and 12 noon. You can also receive permission from ex-chief Leib, who resides on Main Parkway in Model Farms.

We realize that everyone who owns a house accumulates a tremendous amount of refuse at least twice a year, which we can do nothing about but burn. Therefore if you must burn refuse, please secure a permit before you begin. There is no charge for a permit other than ten minutes of your time.

Now that we are coming into the dry season of the year, we wish to start an educational program in fire prevention. We all can understand that during the dry spell, with the exception of Saturday and Sunday, when we seem to have rain, a lighted cigarette carelessly thrown from a moving car can cause a fire along the road. If the blaze could be confined to the road, perhaps there would be little damage; but the fire could creep up to someone's house before it is discovered. The fire company will

appreciate your cooperation in reducing this safety hazard.

The Auxiliary Police of Plainview set up an emergency test problem after the all-clear at the last CD alert. The fire company responded with two trucks to South Oyster Bay Road and Reids Ave. in Briar Park. We feel that it is good practice for both units just in case of an emergency.

We wish to announce to the public and welcome to the company S. Osina of 59 Nassau Ave., Briar Park, as a probationary fireman. He will serve one year as a probationary fireman to learn the arts of firefighting and serve the people of Plainview in all emergencies.

County Staff To Induct New Post

PLAINVIEW — Gilbert A. Chester and his staff of County American Legion officers will be the guests of the newly formed Plainview Legion Post No. 1812 at their regular meeting on Monday evening, June 22, at the Hicksville Legion Hall.

At this time the County Staff will be present to officially present the new post with its charter and will also conduct the first initiation ceremonies of new members.

Commander Al Schnupp, in making the announcement stated that only paid-up members would be initiated at this time and urges all to make certain that they are in good standing.

All members and prospective members are cordially invited to attend this very important and impressive ceremony.

Following the business meeting a buffet dinner will be prepared and served by Henry Yates of Blanch St.

Teeners' Club Dance Saturday

These certainly have been busy days at the Teeners' Club, but I just haven't had chance to tell you folks all about it. A few weeks ago we had a birthday party for two of our members, President Fred Panciroli and Tony Ferri. A belated happy birthday to you both.

We have quite a few plans for the summer, as you all know. Our final dance, Rainbow Rhapsody,

will be held this Saturday, June 20. Everyone is welcome so come on down and enjoy the music of The Embers. Admission is only 25 cents. Our next meeting after the dance will be in July, we are planning a beach party or a picnic. We haven't yet decided which it will be. In August we are going to have an opening hay ride.

Then we will begin our regular meetings again. That's all for this week. Don't forget to come down to Manetto Hill School Saturday night for the Rainbow Rhapsody.

To Collect Waste

Plainview—On Sunday morning, June 28th starting at 9:30 o'clock, members of the Legion Post 1812 will make their regular monthly soap and paper drive here.

Residents are urged to have their paper, rags and other salable scrap tied in bundles and left at the curb where it will be picked up on the collection day.

Members of the post wish to take this opportunity to thank all residents who helped make the first drive the success that it was, and sincerely hope for their continued cooperation.

LINCOLN ROAD ROUND UP

Take Tip on Correct Parking

In case you were looking for our column and missed us the last time we're sorry. Due to a lack of news we couldn't get our column together before the deadline. This is an indication that your help in giving this reporter something of interest when it happens or when you hear it is important and need to keep our column in print.

The summer weather has brought out all sorts of things. Of particular interest, our own student drivers of the fair sex. Those learner's permits are good just so long and we're waiting to print the names of those who receive their licenses first. Speaking of drivers, good, bad or indifferent, be sure that when you're shopping at the Plainview Stores, your car is parked on the right hand side of the street. You probably heard of some of us receiving warnings for parking in front of our homes facing the wrong way at night. This past Friday evening a number of tickets were placed on cars at the Shopping Center for illegal parking.

Belated Birthday Wishes to Trudy Kanz who celebrated on May 28th, Hilda Poulas June 4, and Chuckie Dhyne June 8. Chuckie, who entertained his cousins at his party was the only one to tell us how old he was, six, he said. Happy Birthday to Charles Saltz June 11. Charles enjoyed a night out on Saturday with mother and dad.

Al Calamo has been working very hard and very late recently. The reason is expansion. Al will soon open his new barber shop in Bethpage. We know that it will be one of the best and close enough for all of us to visit. Rocky Guglucello is helping with the tile work and the painting in his free moments. Congratulations and Good Luck, Al. Meanwhile at home the picture is not so rosy. Antoinette, Al's daughter is ill with virus. We all hope for a rapid recovery.

With all the dogs in the neighborhood, presents problems. Naturally we all want our lawns and shrubs to grow and find it difficult when animals are allowed to run at large. If you have a dog or cat keep him on a leash when you're walking him and on your own property. The Civic Assn. Picnic was washed out on the 14th and we believe it was for the best since at the last moment it seemed to conflict with so many of our plans. We had originally planned it for Sunday June 21st. This being Father's Day thought it would have complications, however, this was decided on as the rain date. Now, if the majority of us still feel this date unsuitable please contact one of the executive council immediately so it can be moved up to the 25th instead.

Current Comment:

Action Speaks So Much Louder

By Fred J. Noeth

THERE ARE THOSE who try to stop the grass roots movement to obtain Home Rule for Hicksville on the grounds that by such activity the community is being deprived of this, that and the other thing.

Specifically mentioned in public meetings has been the big deal about drainage.

The opposition says something like this: "The Town Board won't do anything for Hicksville until this incorporation business is settled. They are not going to spend any money (it's ours, incidentally) while Hicksville is talking about 'breaking away'."

The fault we find with such argument is this: First, the Town Board has not said it—has said nothing officially, as yet, about the Home Rule movement. There are even some private opinions that the Town Board might welcome Home Rule in Hicksville to get rid of a few headaches. Second, the best way to demonstrate to the people that Town Government is just what we need and want is for the town to take care of our problems.

Right now we have some long over-due action in the works on parking. Would something have been done if there was no criticism of township failure to recognize the problem and do something about it? As we said last week, eventually all things will be "taken care of"—but who can afford to wait THAT LONG.

Same thing with drainage problems. Let the Town Board prove it is interested in correcting some of the troublesome local problems. They'll never influence anyone by perpetually doing nothing.

Action has at long last been taken on extending the Hicksville railroad platform. But there was a lapse of more than two years between the time the local civics asked for action and the day the Town Board wrote the PSC and took a stand. And the matter of the Railroad Plaza parking field, is another big stall, stall issue. That disorderly, congested alley of frayed tempers and shattered fenders is a real monument to "Don't Worry about it" Government.

Would a local village government do a better job? That is problematical because we are comparing a "going" concern with one which is yet to come into being. But this much is certain: A local government by local property owners, responsive to the wishes of the local people, most certainly would give its undivided attention to these problems. It would not find competition for its time and energies exerted by more vocal or more politically influential areas. The Town Board governs an area of 109 square miles with more than 80,000 inhabitants. Hicksville as a village would embrace 6½ square miles with about 30,000 population.

The present movement for Home Rule can only result in ultimate good for the people who make Hicksville their home. If the town wants to prove it can do things better, let's see them do it. Who will gain? The people of Hicksville. But, boy, they've got a lot of catching up to do and frankly past performance (or lack of it) would make it appear a safe bet that they will continue to do just nothing—or the opposite of what the people want.

Meanwhile, we'll keep plugging to get a local vote on Home Rule, vastly encouraged by the thousands of just ordinary people who have become so fed up that they will no longer stand for excuses and platitudes.

The gentlemen of the Town Board, we assume, are all men of integrity and ability. They live in Sea Cliff, Glen Head, Syosset and Massapequa. We don't know anything of the problems in those areas and we can't expect residents of those sections to know specifically of our requirements. On the other hand we have full confidence in the ability, integrity and intelligence of the men and women of Hicksville to manage our community affairs. We can't explain what considerations might motivate a contrary viewpoint. If we are wrong, we'd like to hear about it.

OFF SOUTH BROADWAY:

Welcome to New Folks at JadeBY BUNNY LAUER
Hicksville 3-2794-3

Oh, for the comfort of a dish washing machine right in my own kitchen. Lila and I went to the Lee Ave. School, Thursday afternoon, to wash the dishes we were to use that evening for the Brownie Troop 2 Fly Up ceremony and Girl Scout Court of Awards. It was like magic; load the racks, put the rack in the machine, push the button and before you know it, the dishes are clean.

The IVORY family of Lee Ave. is leaving this week and moving to Brooklyn, lots of luck.

The folks will be in the new Jade Homes on Cottage Blvd. soon. Drop in to say hello. Remember when we first moved here, how lonely we were and how different it is living in the country from the city? Spread a little cheer and make them feel welcome.

A young attorney is a graduate of Hicksville High School and received his B.A. degree in political science and sociology from Hofstra College. He received his Bachelor of Laws degree from New York University School of Law in 1952. During the war he served with the U.S. Navy on a destroyer.

He is married and has a son, Marc. He makes his home at 115 Harvest Ln., Levittown.

**Next Sunday—June 21
dial service arrives in Hicksville**

This coming Sunday, June 21, at 6 a.m., all Hicksville 3 and 4 telephones will "go dial."

Here are three simple suggestions to help you get the most from your new dial phone:

1. **Keep a list of numbers you frequently call.** It will be necessary to change many telephone numbers. So whenever you learn that a number you call has been changed, you'll find it helpful to jot it down.

If your own number is being changed, we will be glad to send you, without charge, postpaid cards for informing your friends and business associates of your new number. Just call our Business Office.

2. **Listen for the dial tone** — a steady "hum-m-m" — before you start to dial.

3. **Dial carefully** the first two letters of the central office name (for example, "HI" for Hicksville), followed by the central office numeral, and the four digits of the number you are calling. If the number has a party letter, be sure to dial that, too.

All customers have been sent a special booklet containing full details on where and how to dial calls. This booklet also contains handy, indexed pages for listing telephone numbers you call. Please refer to this booklet before you dial any out-of-town call and keep it near your telephone.

Bringing dial to Hicksville has been a \$1,000,000 project—another step in the telephone company's big expansion and improvement program in Long Island.

Hall 'Not Available' For Church Services Since Doors Reopened

The Community Hall on Levittown Parkway is not available for religious services, parishioners of Holy Family Catholic Church learned on Friday, June 12. Masses had been scheduled there for Sunday, June 14.

Dick Geruso, manager of the Hall for Levitt and Sons, in explaining the decision told the Herald that permission to use the Hall was granted prior to its closing on an "emergency basis", and the regular policy is that the Hall is primarily for the civic, social and recreational activity of the groups within the community.

The Hall was used for Masses before it was closed at the direction of Levitt and Sons on Jan. 1 of this year and the last public activity held at the Hall was the eleven o'clock morning Mass on that day. In the arguments for opening the Hall on Levitt's terms, much

was made of the fact that it had been used for religious services, and the closing of it was a grave inconvenience to those who wished to attend services in their own neighborhood.

It had been indicated that the Hall was available only if no other meeting place could be found. During the past year services were held both in the Hall and at Meadowbrook Theatre, with two Masses at each place. Since the Hall has been reopened, and Holy Family Parish still has no church, Masses are now being held at Meadowbrook Theatre, as before, but the Hall is now "not available."

The SENTINEL**Pressure Pays Off**

Several actions of Oyster Bay Town officials in recent weeks may have been inspired to some degree by the great numbers of property owners who have signed the petition for home rule in Hicksville. The town owner got a break when the Town Board refused to rezone the land between Newbridge Road and Cherry St. from a residence area to a business area. Also, the highway dept. got around to cutting the high grass on Levittown Parkway, in Hicksville of course. It was only after some of the residents raised some considerable Cain and brought up the possibility of disease-carrying ticks, that the results were said to be forthcoming.

The Park Terrace Affair

The residents of Park Terrace have had to make two trips to Oyster Bay in their efforts to prevent the erection of a gas station in their midst. We hope they will be successful.

Effects of Cumulative Pressure

All this points out that the only way to get the results you want from the Town is to apply strong pressure. The cumulative effects of the incorporation activities, the two motorcades to Oyster Bay by Park Community residents, and the protests and publicity about the high grass on Levittown Parkway were undoubtedly strong factors in the Town's actions.

How Long Can It Be Kept Up?

How long must people maintain pressure to get the things that their government should give as a matter of course? How often do people have to travel to Oyster Bay en masse to get the Board to act? Under the present system it will never stop!

Time To Stop It Is Now!

The citizens of Hicksville have the opportunity now to free themselves from the archaic remote control government that makes them run up to Oyster Bay every time some action is needed. Or as more often happens, to protest against some impending undesirable action. The only way to stop this farce is to bring the governing body where it belongs, right here into Hicksville. You can do your share in bringing good government to your community by signing the incorporation petition now.

Close To The Goal

Almost enough property owners have signed the incorporation petition to obtain the referendum which will determine the future of Hicksville. Join your neighbors by signing the petition at the Herald office at 98 North Broadway, next to the Hicksville Postoffice. Or if you would rather, call Hicksville 3-1401 and ask for someone to bring a petition to your home for signature. It is very, very close and your signature is needed.

We Welcome Levittowners

Once again several activities of the Levittown Festival will be held in Hicksville. We are always glad to welcome our neighbors in Levittown to our community for their celebrations.

Arrangements At Levittown Hall Cancelled

After having been told that they could attend Mass in Levittown Hall beginning last Sunday, parishioners of Holy Family Church received letters from Father Martin O'Dea saying word had been received from the Hall that the arrangements had been cancelled. No explanation was given.

Telephone Toll Dialing

Direct dialing of toll calls can be a mixed blessing because of the very easy of making toll calls. Because it is so easy, it becomes a temptation to make those expensive calls oftener. Everything considered though, it is a long step forward in telephone service.

Hicksville Numbers?

While we're on the subject of telephones, we can't help wondering what happened to that rumor a while back that the New York Telephone Co. was planning to replace LEVITTOWN-9 numbers of those residents of Hicksville with a Hicksville exchange number. It would be a relatively simple matter and something to be welcomed.

They Do It in Wheatley Hills

The phone numbers of Wheatley Hills residents have a WHeatley Hills number even though they are part of the Roslyn exchange. They do it with what is called a "phantom exchange". The same kind of a phantom exchange can be set up for our telephones. Wonder why they don't do it?

Swimming Pool Funds?

The members attending the June meeting of NLHOA are scheduled to vote on the disposition of \$592 which was collected from residents last year when the pool tags were distributed.

VACUUM
HICKSVILLE**HICKSVILLE GABLES:****Tappan's Hand-Hooked Rug**

BY RUTH SCHULZ

Hicksville 3-2849 R

Once again it comes time for me to bid you all a fond farewell, as come this Saturday we, in this family will be winging our way in an easterly direction to spend another happy summer. This wonderful vacation comes about each year through the generosity of my parents, how they put up with the kids and myself for two solid months is more than I can imagine, but they

do, bless them! No takers as yet, to carry on this column while I am absent, anyone interested can contact the Herald.

Now on to some items of interest. Hear that Miss Loretta "Cissy" Wilson, daughter of Mr. and Mrs. George Wilson of 24 Gables Rd., has been elected President of the Athletic League of Hicksville High School. There's a sports minded gal, if I ever saw one. She really throws a mean softball—ask my husband.

Mr. and Mrs. Fred Schelp of 25 Gables Rd., have a visitor in the person of Betty's mother, Mrs. Mergereiter Johnernewer. She arrived here from Germany on June 3 on the liner Italia. Her welcome from her granddaughter, Ingrid, was a big one indeed, as none of this family had seen each other for three years. This is Mrs. Johnernewer's first visit to America.

Another name in the local news is that of Paul Russell, son of Mr. and Mrs. Gilbert Russell of 16 Gables Rd., who will be one of the graduates of the kindergarten class of St. Ignatius. Ceremonies will take place on June 22, complete with cap and gown. Movies of the proceedings will be executed by Mr. Russell.

Saw a really beautiful piece of work the other evening, which had been made by our neighbor, George Tappan, of 26 Gables Rd. He really is to be congratulated on the lovely hand-hooked wool rug that he recently completed. On asking questions, I learned that it took approximately 110 hours to complete, and that this was Mr. Tappan's first attempt at anything of this kind, and also, as he now says, his last. Personally, I think he should start taking orders, but he says his photography sideline keeps him too busy.

Thought some of you hereabouts might be interested to know that the recent application for a change to a business zone of the property just east of us here in the Gables, has been denied. This issue will undoubtedly raise again, making a number of us wonder why we ever believe what anyone says. The only bright side to this whole business is that rumor that a local church group might be interested in the purchase of this property as a future church site, and I, for one, think this a wonderful solution to the problem.

That's all for a while folks, have a good summer and I hope to be back with you next fall.

CHARLES MARVELS, assistant cashier of the Bank of Hicksville, is chairman of the Cerebral Palsy fund campaign being conducted in the community this month.

May Discusses 'Belly Dancers'

BY MAY MALLETT
Hicksville 3-8315

I was reading again in the papers about Sheppard King, and his wife, the internationally famous "belly dancer", this oriental type of dancing has always intrigued me, as it must be seen to be appreciated. It is amazing how this interpretive dance can produce rhythm, and form only through the motion of the abdomen's muscles, while the rest of the body is almost motionless.

This dance is traditionally performed by men; however, all young girls of Arabian families must learn to dance the customary dances of their races, such as Syrian, Lebanese, Egyptian, etc. Most movies that you see do not portray the actual authentic steps done in Arab countries, as they are much more graceful—and not as suggestive as they would lead you to believe. Just as folks here in America rise to dance when a good record is on at a party, so—in an Arab household do the girls perform at a gathering, with the rest of the onlookers beating time with their hands. This is an old world custom that I like. Many of the younger generation of old world families still carries on this dance whenever they get together. It's really something to see my Polish nister-in-law with her blond hair and blue eyes—doing one of these dances which she has learned at the many family gatherings.

Thelema Poitras gave me a pair of glasses she found on Hollins Rd. in Hillside Terrace. They were tinted green. Since I have a pair of sun glasses, and I have good vision at the moment, I print the information here to locate the owner.

The Neighborhood Garden Club will meet next Monday at an executive meeting to make plans for their flower arrangement show which will be held at the next re-

gular meeting on the last Monday of the month.

Folks around Woodbury Gardens will not be seeing Linette Frank around for three months, as she is leaving for France with her two girls, Irene and Elaine. She will visit Paris and will later travel to Switzerland to visit her husband's family. We will be expecting to hear from her by post card from abroad. Henry and Linette Frank gave a birthday party for their daughter Irene, 7 years old, at the Lollipop farm in Syosset. This was clapped a bit by rain, but the children had a wonderful time at any rate.

Helen Hogan was another birthday girl Saturday, a six year old one at that. At her party were Julia Ann Rogan, Margie Rogan, Mary Ann McGrath, Jane McGrath, John Adler, Joann Pani, Gloria Miranda, Rosemary Recine, and Vincent Recine. This was another Woodbury Gardens party.

Friday night, June 5th, at Gladys Blaser's home, there was a Coffee Cloche for the benefit of the Confraternity of Pius the Tenth. Donations were given by Gloria Cook, Mary Gallagher, Eve Roth, Eleanor Carter, Helen Brannah, Pat McDonnell, Anna Becker, Kay McGrath, Mae Bode, Doris Kelly and her mother, Irene Galkowski, Louise Ray, and Mary Rogan. Betty Krounus and Rosalie Leary helped.

Belated Birthday Greetings: Bob Leroy on June 5th, and Charlie Leroy on June 2nd. Happy belated birthday to you both.

Carol Rowahl, of Woodbury Manor, contributed this recipe—native to Haiti. Plate National: 1 c dried pinto or kidney beans, 3 c water, 1 ½ t salt, 6 tbs bacon fat, 1 clove garlic, minced, 1 onion, chopped, 1 tbs minced parsley, ¼ t pepper, ¼ t ground cloves, 1 c rice. Wash beans. Add water, cover and boil 5 minutes, then remove from

heat, add salt and let soak 1 hr. When beans have soaked 1 hr, saute garlic, onion, and parsley in bacon fat; add pepper and cloves. Sauté beans in fat for 5 minutes. Measure the bean water and add sufficient water to make 5 ½ c. Add water to beans and cook for 1 to 1 ½ hrs., or until beans begin to soften. Add one c washed rice to beans and continue cooking until rice is done. (If mixture becomes dry before rice is done, add water.) Pour bean and rice mixture in well-oiled 2 qt. casserole and bake in a very slow oven 250 degrees F. for 30 minutes. Yield: 8 to 10 servings.

Rose Gordon offered the answer to last week's question, "Should husband and wife take separate vacations?" Yes. I feel a wife should

have a complete change from her daily routine. It isn't much of a change going on a trip with your husband and children. In order to have a real vacation one should have a complete change. I believe absence makes the heart grow fonder, and couples appreciate each other more."

Norman Khoury, of Vidoni Homes, says, "No, I am of the opinion that husband and wife should share their vacations. I guess I'm just old-fashioned, but my wife and I wouldn't think of going away separately. We have always had good time together on all of our trips."

Martha Milkin, of Orchard Lane, Levittown, phoned us and asked us if she could answer, and came up with, "It's entirely up to the individual. If you are the type that enjoys yourselves together, all well and good to take your trip together. Then there's the question of whether your husband would let you go away alone. Maybe if he was left to his own resources for a while, he would appreciate you more."

Mrs. Barbara Jean Miller, daughter of Mr. and Mrs. Sidney Miller of Plainview, became the bride of Richard Purcell, son of Mr. and Mrs. Amos Purcell of Concord Ave., Bethpage, at the Bethpage Methodist Church, Saturday, June 6, at 2:30 p.m.

The bride wore a gown of nylon net over taffeta with a lace bodice and a fingertip veil. She carried a white prayer book with white roses.

A reception for about 100 guests was held at the home of the bride's parents.

The newlyweds are honeymooning at Niagara Falls. The groom is employed at Gramman Aircraft, Bethpage, and expects to enter the Air Force in the near future.

INSTALL OFFICERS

The Archie McCord Post of the American Legion installed its new officers on Thursday, June 11, and I regret having missed it even though I received a lovely invitation. Best of luck Commander Purcell, to you and your officers.

Renewal in from John Stadnik. Need half dozen more to achieve 100 per cent renewal membership. How about it fellows?

Would it not be a good idea to plan a joint outdoor affair with the Ladies Auxiliary? It could be in the form of a picnic or weiner roast—a sort of family party with our wives, kids and all. Every one would have a lot of fun and it's a good bet that the Post and the Auxiliary would have a record turnout.

Sorry, but this column cannot accept your pledges for the Legion Blood Bank. We appreciate your interest but please direct your pledges to the Blood Bank Chairman.

Don't forget the Holy Name Dance Saturday, June 20, at the Parish Hall. Music will be furnished by the Starlighters. It will wind up the season's activities for the Holy Name.

Installation of Officers, in a ceremony conducted by County Commander Gilbert A. Chichester and his staff on June 11, was the 26th in a long series of eventful years.

The following officers were installed after pledging to perform faithfully and impartially the duties of their respective offices: Robert Purcell, Commander.

Albert Garuba, First Vice Commander.

Carl Bertram, Second Vice Commander.

William Strong Jr., Third Vice Commander.

Hugh Blades, Adjutant.

JAMES Taverna, Finance Officer.

Charles Schwarz, Historian.

William Deamer, Chaplain.

Assisting the County Commander in the installation ceremonies were First Division Vice Commander Alexander Milovich, Second Vice Commander Waldo P. Hall, County Sergeant-at-Arms John H. P. Myers, County Adjutant James Devine, County Americanism, Chairman Vincent A. Carroll, County Welfare Chairman Arthur Filete, and County Color Bearer Charles Hughes.

Upon taking office, Post Commander Robert Purcell outlined his 3-point program of Community Welfare, Membership, and Modernization of the Clubhouse.

The new Commander also presented Jim Taverna with a Past Commander's Pin. Giving credit where credit is due, Jim did an excellent job and took the Post out of the "red."

Could be that Jim had his eye on the Finance Officer's job which he now has, and wanted to write his figures in black ink?

Guests included Mrs. Michael and Mrs. Rabas of the VFW and American Legion Auxiliaries, respectively. Also John Atanasi of the Massapequa Post and Bill Summers, Suffolk County Legion Publicity Officer and Editor of the Suffolk County Journal.

Following the installation, refreshments were prepared and served by the Ladies Auxiliary. Dates to remember: June 26, 26,

Stronger Sentiments Outdoors

By DOROTHY GULPJA
On Tuesday, June 10, Broadway School auditorium was nearly filled with parents anxious to be of assistance in the recent trouble at school. The meeting had been called at the request of a small group of parents who had previously met with the school board.

Frederick Kramer, president of the Board, opened the meeting by reading a letter, the Board had received from Anthony Sabino, a ninth grade pupil. Anthony's letter stated that most of the students were fine people and that because of a few everyone was being made to suffer.

Sal Gross, president of the Student Council, reported on all the clubs which the school provides to give students extra interests.

Victor L. Miller, principal, drew sustained applause from the audience when he stated he had "spent 21 years in Bethpage trying to bring safety to your children".

Parents should look to themselves, first, and make sure that the example being set for young people is a good one, was the statement made by Ray Doyle, Mrs. Radowski, co-pastor of the Assembly of God Church, urged that "we give our children a doctrine and a faith."

Leo Shottland read a letter from Tex Surprise stating that a youth center was being planned and that the people would be notified further by letter. Mr. Shottland also pointed out an employment bureau to help secure part time work for the older students which would give them "some self respect".

In concluding his remarks, Mr. Kramer said that no teen age who leaves the school dances before ten will be re-admitted. He

learned that some were known to have left to go to a carnival.

ANGER SUBSIDES

The whole anger of the previous weeks seemed to have subsided, although the thought expressed on the steps outside the Auditorium were a lot stronger than those spoken inside the hall. On leaving the meeting, many seemed really convinced that the moral obligation to raise their children properly rested with the parents and not the principal of the school or the Board. I hope this feeling persists and doesn't revert to the name calling and nasty digging that preceded the meeting.

At the meeting of the WSCS of the Lutheran Church on June 11, the following changes were made:

Mrs. Grace Truemehan as secretary of youth and student work; Mrs. Mary Seixson will replace Mrs. Doris Pensaean as motion secretary.

A kitchen shower was held to furnish the church kitchen for future dinners. Many lovely articles were received.

The circle leaders chose their group. For the Ruth Circle, Mrs. Dorothy Doll; the Priscilla Circle, Mrs. Winnie Brachvogel; for the Martha Circle, Mrs. Evelyn Pritchard; for the Esther Circle, Mrs. Sylvian Knight.

Helet Guelpa celebrated her 7th birthday on Saturday, June 13. She had no special party but we had visitors all day and three distinct sessions of ice cream and cake. Her wardrobe now surpasses the whole family's combined and she got another Toni doll.

FIRST OF ITS KIND—

'Functional Readiness' Key Factor in Bethpage Program

BETHPAGE—A Controlled Reading program for the entire school system is now being conducted here, according to Victor L. Miller, supervising principal. The Washington Square Reading Centre is providing the personnel and equipment necessary to carry out "an education rehabilitation program" during the coming year. This is the second of two special articles describing the program. The first article appeared in the Herald last week.

Special to the Herald

Reading, however, is not the basic problem of any of the students who will receive instruction in the Reading Room. It is but one symptom of a lack of functional readiness. Therefore, the first step in making school life a more enjoyable and successful experience for these students will be to develop functional visual efficiency with the Junior Metroscope.

For seriously handicapped students this is one of the most important steps in their educational careers. They will learn to coordinate their eyes in a training situation that is similar to the reading activity. As the training progresses, they will become visibly less tense and will ultimately find reading and study activities easier and more comfortable. This improvement will do much to change their attitudes toward school work.

USE OF TIMEX

Once they have learned to use their eyes efficiently they are taught how to observe, to see rapidly and accurately. This work is carried out with the Timex, a controlled exposure device which flashes numbers, letters, words, and phrases at high speeds, perhaps only giving them a 1/100 second to see three or four words. This training demands a high level of attentiveness and develops the ability to see in a more organized manner.

In conjunction with Controlled Exposure Training, reading training with the Senior Metroscope and Controlled Reader exerts a more positive control over the students total reading activity; developing faster reading and better comprehension at the same time. The left-to-right control of these instruments modifies the individual's basic reading attack and creates a more efficient Fundamental Reading Skill. Directed reading and vocabulary development parallel the instrument activities.

and Mrs. Matthew Tomachio of 215 Central Ave., Bethpage, graduated from the L. I. Agricultural and Technical Institute, Farmingdale, on June 8. He majored in Poultry Industry. He was active in the Varsity Club, Christian Assoc., Commuters Club and was also baseball captain.

ENCOURAGES PROGRESS

Individualized instruction in school subjects allows each student to fill in the gaps in his academic background. In this manner, he is encouraged to progress at his maximum rate to the point where his achievement will allow him to keep up with his classmates in regular school instruction.

For the rest of the student body, a preventive program will be carried on daily in the classroom. Rather than allowing the students to develop habits of seeing and reading entirely on their own (the usual procedure), the classroom teachers will be controlling, with the help of the Timex and Controlled Reader, the development of these important skills. From now on, each child starting school will be trained from the first grade on in the

most efficient habits of seeing and organizing thought content. In the years to come, therefore, the amount of corrective work necessary at the upper levels will tend to be steadily reduced.

In summarizing the contributions of the Bethpage Controlled Reading Program, Dr. Earl Taylor of the Washington Square Reading Center says, "in past publications and discussions of School maladjustment and delinquency, there has been entirely too much criticism of the teachers, parents, methods of instruction, and the students themselves. The important consideration is the elimination of functional difficulties that contribute to poor reading, school failure, and delinquent behavior, rather than attempting to deal with these symptoms after the child fails to adjust."

MID-ISLAND HERALD, JUNE 18, 1963—PAGE 21

HICKSVILLE — The annual picnic of the Republican Club will be held Saturday, Aug. 16, at 2 P.M. at the Farmer's Market here. The menu will include barbecue beef, corn on the cob, clams on the half shell, watermelon, coffee, tea and coke. There will be games, dancing, and rides for the children. Tickets may be obtained through the local committeeman, or by calling Hicksville 3-2415-J, or Hicksville 4-3436 after June 21. Children under 12 will be admitted free.

Morris Gimpelson chief of the Manhattan Bureau of Motor Vehicles, discussed the workings of his bureau at the meeting of the Republican Club, June 12. He stressed the necessity of supplying proper identification if involved in even a minor traffic accident and stressed the serious

consequences of leaving the scene without observing this precaution. Gimpelson reminded the audience of a state law which requires all cars made after January 1952 have directional signals.

This was the last meeting of the Republican Club until fall.

Restrict Lawn Sprinkling Days

HICKSVILLE—"Odd south, even north" was today announced as the pattern for lawn watering in Hicksville Water District by the Board of Water Commissioners with Old Country Rd. as the division line. Peak demand of 18,000 gallons of water per minute on June 10 and 11, while the normal pumping capacity of the district is less than half that amount, was given as the reason for the new home sprinkling order by F. R. Davidson, superintendent of the water district.

PLAINVIEW RULES

Plainview water commissioners last weekend asked the cooperation of residents, based on house numbers. Odd-numbered houses in Plainview are limited to watering on odd numbered days from 8 to 10 P.M. and even-numbered houses to even-numbered days, the same hours. Vegetable farmers in Plainview are asked to keep irrigation limited to the hours between 10

P.M. and 4 A.M.

The notice being distributed to Hicksville Water District consumers points out:

The normal pumping capacity of the nine Hicksville District wells running together is 8,600 gallons per minute. Starting with slightly over one million gallons of water in elevated storage tanks at the beginning of a peak demand of 18,000 gallons per minute on June 10 and 11 between 6 and 7:30 P.M., the total storage water plus the total capacity of the nine wells was used up.

This loss of total storage creates two serious conditions:—First, a very serious fire hazard is created and second causes the pumps to overwork the wells with the possibility of seriously damaging both the wells and the pumping equipment.

This peak demand of 18,000 gallons per minute is the direct result of the great number of lawns being watered at the same time."

USE OF WATER FOR LAWN**GARDEN SPRINKLING****AND IRRIGATION**

FOR ALL RESIDENTIAL consumers residing SOUTH OF OLD COUNTRY ROAD restricted to the odd numbered days of the month:—1st, 3rd, 5th, 7th, 9th, etc.

FOR ALL RESIDENTIAL consumers residing NORTH OF OLD COUNTRY ROAD restricted to the even numbered days of the month:—2nd, 4th, 6th, 8th, 10th, etc.

FOR ALL FARM IRRIGATION consumers the use of water for irrigation is prohibited between the hours of 4:00 p.m. and 9:00 p.m.

The Board of Water Commissioners request the co-operation of all regulators to avoid the possibility

of a catastrophe by fire and also to avoid the possible damage to wells and pumping equipment which could run into untold unnecessary additional costs to the taxpayers.

No shortage of water for Bethpage consumers is apparent this week and "none is foreseen" this summer as a new well just off Farmers Ave. is expected to be put into service this week, according to Albert A. Lang, Sr. of the Board of Water Commissioners.

Three wells in the Bethpage Water District are now pumping an average of 2 1/2 million gallons a day. With the service of the new well anticipated this week and a fifth well in the development stages, no shortage is predicted this summer. The Bethpage District provides service to South Farmingdale which will have its own well this summer to further alleviate Bethpage pumping.

17 to Graduate

JERICHO—A class of 17 will be graduated from Jericho School Monday, June 22, at the school auditorium at 8 p.m., it was announced by Dr. Kenneth A. Lant, principal. Roy Van Nostrand, president of the School Board, will present the diplomas.

School will be dismissed for the summer on Tuesday, June 23, after a short morning session.

By HOWARD FINNEGAN

Since a number of big league scouts took repeated looks at Pat Enos during the high school baseball campaign, a number of people are wondering why there has been little news on the subject since the season ended.

Well, the major leagues must adhere to its own rules and the most important in these matters is that no club may approach a high school youngster until his class has graduated.

Once Enos's diploma is in his hands, the offers will start popping up and it is expected that the Dodgers and Giants will make strong bids to the Comet shortstop.

Post City is off and away in the Jones Beach loop but is making big eyes at **Ray Stephenson**. Stephenson is the property of Long Island Neon which got itself a top notch pitcher but failed to recruit enough good ball players to back him up.

Two bad losses started by errors have disgusted Stephenson and he would like his release from Neon which is holding on to the only good thing it has.

Post City would like to insure the pennant by getting the ex-Grumman great and the other clubs are holding their breath for fear of a merger.

At this point in the season, it would be against the present rules for such a change but when it is remembered that the Post City outfit is actually last year's Bellmore Club the tear grows.

For no greater front office influence doth have the Sigmas.

The decision of **Dick Crawley** to give up all coaching duties in favor of his administrative post at Oyster Bay comes as no surprise to those on the Nassau scene.

His departure will take a good deal of the color from the coming campaigns but finds little expression of regret here or elsewhere.

Along the same lines the Orange and Black of Hicksville High will be guided on the gridiron next fall by a new mentor according to the latest rumors flying around town but official confirmation must go away to the course of ancient channels.

The 9-9 tie between Breen's and the PBC was jovial but serious with both managerial camps coming up with calculated moves in the extra innings to preserve the deadlock.

A two-out booming triple by Joe Laskowski appeared to have the All Stars on the verge of victory in the ninth but the PBC showing surprising contempt for the red hot bat of Bill Steers walked the next two batters and induced the Breen slugger to pop to the infield.

In the tenth Breen's had a runner hurt at second when it was trailing by a run. A courtesy runner was requested. The PBC agreed if it could pick the runner.

They chose Frank Ruggiere who gave up running the 100-yard dash some years ago but Frank knew how to carry the mail. On an infield out he kept right on coming from second and so started the PBC that an error resulted and he was home with the run.

The American Legion team got off on the wrong foot but in a good ball game at Hempstead where it lost 2-1 as the league card was initiated. The boys returned to Hicksville, Friday night, however, and won a 7-0 game for Martin Katz. Katz it is recalled pitched three no-hitters in the PBC.

Lions Unbeaten in PBC Standings

Behind the four-hit pitching and clutch hitting of Eric Weller plus the thundering bat of backstop Jerry Zeigler, the Hicksville Lion topped the strong Cards 4-1 to keep their competitive record unblemished in the Police Boys Club baseball league. In other contests, the Aces found their winning ways behind a shut-out performance by hurler Paul Patterson in blanking a good Royals Club 7-0; the Cobras, meanwhile, had a fat lead blow up on them as the youthful, but hustling Levittown Boys Club tied the contest at 7-all when time ran out. This game will be replayed Friday.

Rain forced the calling Saturday,

at Oyster Bay, of a splendid pitching duel between the Baymen Bob Murray and crafty Richard Hogan, a recent winner over a very strong Hempstead.

Softball League Meets on Monday

HICKSVILLE—The Community Softball League is speeding through its third week with Maywood and the PBC setting the pace in this early stage. Team managers will meet with Chet Jaworski, director of the school district's summer playground, in the Herald office next Monday night at 8 to iron out any wrinkles that may have developed in the opening weeks.

Victories in the second round went to Amperex over Post Office 5-4, Breen's caught fire and consumed Empire 21-11, Maywood did another workmanlike job in brushing aside General Electric 13-1 and Amperex came back to take Empire 13-8.

Highlight of the week was the 9-9 deadlock between Breen's and PBC. Neither Steve Ruggiero or Ed Coleman could quell the enemy batters to any extent but both tightened up in the three extra innings the contest went.

Pat Enos, Doug Jones and Ed Scott provided the attack for the PBC which netted four runs in the last of the seventh to tie the game at the end of regulation play 8-8.

Bill Steers pinpointed the Breen's drive with another mighty belt to centerfield for a homerun. He banged two in his previous contest.

Each team picked up a run in the tenth inning and the tie remained in force until darkness earned the decision.

Pros Hold Lead

By RAY DeCHESTER, JR.

At the end of three weeks of Northwest Little League Play, a strong "Professionals" team maintained their leadership by defeating the O'Donnell Movers 6-0 at Salisbury Field June 11 in a game that had promised to be a real pitching duel between the League's two no-hit specialists.

Henry Ristow of the Professionals chalked up his third straight win of the campaign. A large turnout watched as a scratch single in the sixth inning kept Ristow from bagging his second no-hitter. To date he has pitched sensational ball, allowing the opposition only two hits in 18 innings of play. After pitching two straight no-hit games for the Movers, Gene Burke suffered his first defeat due to lack of control and poor support. Although he allowed the Pros only two hits, based on balls proved to be the deciding factor.

Results of Northwest Little League games this week were as follows:

JUNE 8 — SALISBURY FIELD

Greater Nassau 001 001-8 R H E SO

Professionals 310 106-10 R H E SO

BATTERIES: Purcell, Glaser and Ristow; Baer and Raby.

JUNE 9 — LEVITT FIELD

Boos Bros. 000 010-1 R H E SO

O'Donnell Movers 102 025-3 R H E SO

BATTERIES: Moye and Valien; Anderson and Burke.

JUNE 11 — SALISBURY FIELD

Boos Bros. 002 010-0 R H E SO

O'Donnell Movers 000 000-0 R H E SO

BATTERIES: Morris and McNeil; McDonnell and Valien; Alfano, Glaser and Ristow.

In the Minor League circuit, the AVSS defeated the Pan Am Pilots 7 to 6, and L. I. National Bank of Hicksville and Shoe King Sam game postponed due to rain, as were most of the Northwest Little League farm team games, Saturday, June 15th.

Botto Takes 2 At Beach

JONES BEACH—Botto Brothers

came up with two sound ball

games here in the stadium, last

weekend, and won 5-4 from the pu-

werful Hempstead Ryans and edg-

ed out a 2-1 verdict over Tobin's

Furs.

As far as the fifth inning in the

Ryans' contest the world did not

seem too bright for the Black and

White. The memory of its much di-

scussed upset was still lingered as Rush Reil-

ly was holding them in check.

Botto was trailing at that point

3-1 when Herman Rigby took one

big swing and shot the ball to cen-

terfield with two runners aboard

to pull Hicksville in front 4-3.

The homerun bolstered Teddy

Smith and he pitched the second

Botto win in three starts.

Each team picked up a marker

in the sixth but two sensational

plays by Ed Coleman at third—one

a barehanded stop of a hot ground-

er—kept the losers at bay.

Sunday, the rays of sunshine

kept coming a bit more steadily for

the team when Bill Brodiuk turned

his best pitching of the year

when it was most desperately need-

ed.

George Fowler knocked over two

first inning runs and that was the

quota Brodiuk had to make stand

up all day.

He held Tobin's to six scattered

hits and lost a shutout on a pair of

errors in the second frame.
