## HEALTH DEPT. WARNING:

Plainview requested owners of odd numbered houses to watering the lawn on odd numbered days from 8 to 10 p.m. only, and even numbered houses on the even numbered days of the month during the same hours.

Hicksville Water officials request that residents South of Old Country Rd. restrict the watering of lawns to the odd numbered days of the month; and those residents of the district North of Old Country Rd. are restricted to watering

# ARK Collection on Sunday

HICKSVILLE—Every street in the community will be covered by volunteers in private cars this Sunday afternoon, June 28, between 1 and 4 o'clock, collecting clothing for American Relief for Korea. All interested residents are urged to report with their cars to the Second St. side of the High School, off Jerusalem Ave., at 1 P. M. for their assignments. Wilfred Jackson, chairman of the local ARK Committee, also asks that bundles of garments be conspicuously set on front porches.

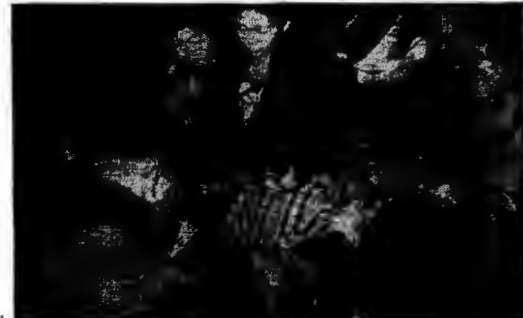

The drive will take place rain or shine. All garments, regardless of condition, will be collected and immediately transferred to waiting trucks for processing sorting and shipment to Korea, the committee said.

## GET BUNDLES READY

Scouts and other local service organizations are being asked to assist the drive and collection. Residents are urged to get their bundles of garments for all ages, shoes and other apparel ready for the Sunday afternoon pickup.

Officials of the United Nations Civil Assistance Command, Korea, distribute ARK's clothing supplies to the most needy throughout South Korea. More than 10 million men, women and children have been left destitute by the havoc of war in their country, Chairman Jackson pointed out.

Any kind of clothing will be acceptable although warm, winter clothing is most needed. Volunteers who wish to help in the drive may contact Jackson at his home, 145 Fourth St., at Hicksville 8-6638.

Workers will assemble at the High School on Second St. and residents are asked to have bundles ready for the collection. Garments need not be cleaned or repaired.

## Dear Jean:

Congressman WAINWRIGHT of this district says he turned down a request to visit the atom testing grounds in Nevada "on the theory that it is an unnecessary expense borne by the taxpayers." He is now available at his home in Wainacott, out in Suffolk, each Saturday "until further notice." . . . A small brown purse containing a sum of money was found at Barclay St and Broadway, Hicksville, and may be claimed if the owner will call Mrs. ROBERT WATERS at HI 4-8666; . . . Curtain episode: The Sea Okey Summer Theatre next Monday evening. . . . JERRY LESTER will be starred there in the next attraction. . . . 4th annual amateur art exhibit takes place at Bethpage State Park, July 16 thru 18. . . . County health dept is now taking bathing water samples and will issue permits shortly. The Dept warns "you can't judge the purity of the water just by looking at it. Don't take a chance on polluted waters". . . . Local Kiwanians were in New York this week for their 38th annual convention, June 21-25. . . . New York state Lions will hold their convention in Long Beach next year. . . . Not a single local driver appears on the list released in Albany today of those who have had licenses and registration revoked or suspended for "major causes" during the first half of June. . . . With more than 3500 telephone numbers changed in the local exchange with the switch-over to dial, discontinuing use of a letter on party lines, many subscribers are wondering why a special directory was not issued. They did issue a special supplement when LE 3 and LE 9 went into service. The new county book is due out in August. . . .

The husband of a former Hicksville girl was killed in the giant globemaster that crashed in Japan last week in which 127 U.S. servicemen enroute to Korea were killed. M/Sgt. WARREN J. SCHAEFFER of Farmingdale was the husband of the former MARY BUTLER, formerly of Henry Pl., Hicksville. They have two children, Cynthia 6, and Warren Jr., 8. . . . A traffic light is being installed on Old Country Rd. at Park Ave. to handle the traffic from the L. I. Lighting Co. . . .

It was on May 28 when notice was given by ERNEST FRANCKE that promised that his anti-home rule committee would release its findings in approximately two weeks. That was four weeks ago. . . . Window service is available at the Hicksville Post Office on July 4 from 9 to 11 A.M. . . . HILLSIDE TERRACE Civic Assoc will hold a block party on July 4th and volunteers are asked to turn out starting this Saturday morning to help build a dance platform using materials loaned by the developer. . . . Readers are sometimes disappointed because items for publication do not appear as they would like to see them. We can only urge contributors to see that the material reaches us as early as possible. The final deadline, except for items of great importance, is Tuesday. . . . HENRY G. EISEMANN appeared before the Town Board, Tuesday, to speak in favor of the proposed parking field program for Hicksville. There was no opposition and plans are expected to progress as outlined last week. . . .

**PLAINVIEW VAMP REPORT:**

# Preparing For Dedication Day

The Volunteer Fire Co. is now working on a Journal for the dedication of the new wing of the firehouse on Aug. 1, 1953. It is the responsibility of each fireman to solicit ads for the journal. Therefore it is possible that he will be looking to you for some help. If you should feel that you would like to help we will gladly give you a blank any Sunday morning at the firehouse. There will also be a Booster Roster in conjunction with the journal. We will inform the people of community about the ac-

tivities of the day in a later issue. The thing we would like you to do is to remember the date, Aug. 1. Keep it open as a good time will be assured to all present. The racing team is going along very smoothly. It might appear to the average person that these events are very simple but it amounts to just this: practice and more practice to perfect the timing of each man. If any of you town people would like to watch the team in action stop over to Washington Ave. any Tuesday or Thursday

evening. We are entered in our first big Tournament on July 4 at Hempstead. We are proud to announce that our ladder truck has arrived at the firehouse. This is not a new truck but will serve the community the same as if it were. It will be announced at a later date as to when it will be placed in service, since again it is new equipment to the fireman and to operate efficiently with it each man must receive instructions accordingly.

# Street Lighting Becomes Project For Summer Activity By Civics

PLAINVIEW—The last regular meeting until September of the Civic Assn. was held June 16 at the Mannetto Hill School. Norman Riley, President, led those present in the Pledge of Allegiance to the Flag. Despite the good weather the meeting was very heavily attended. Anthony Decker, Republican Committeeman, was one of the speakers of the evening. He spoke of street lighting, and answered questions from the floor. It was the general consensus of those present that the Civic Assn. would make this a summer project. John Dowling, School Board Trustee, also spoke and announced the plans of the School Board for the future and announced that the vote would be taken on July 18 at the School on the construction of a

10-room school in the Morton Village Section. Because of the resignation of Don Ramsey, the new Vice-President, to assume duties of District Clerk succeeding Charles Voorhies, it was necessary for the Board of Directors, acting upon the By-Laws to appoint a Board Member to fill the term of Mr. Ramsey. The Directors choose Peter McIntosh of Virginia Ave. as the new Vice-President. In September, the members of the Assn. themselves will nominate and elect someone to the Board to fill Mr. McIntosh's term as a Director. Riley announced that although the Civic Assn. will not meet again until September, the Board of Directors will have meetings during the summer months.

# Break Ground for School Sunday

**BY JOHN DOWLING**  
This Sunday, June 28, at 3 P.M. ground-breaking ceremonies for the new northwest Plainview School will be held on the construction site.

Although actual work on the school began some two weeks ago, the ceremony was delayed in order to give all of Plainview's official organizations an opportunity to participate, it was pointed out.

With the community's population scheduled to skyrocket well up into the thousands during 1953-54 this ground-breaking ceremony is the forerunner of several more to be held in Plainview within the months to come.

Present Board of Education plans call for a vote by the residents on July 13 to approve a \$300,000 bond issue to be used to erect a 10-room school to be located on a tract south of Old Country Rd. in approximately south central Plainview. The site of this proposed school will be on one of the two parcels now in the process of being purchased from the developers of Morton Village.

This area was selected to seat the next community school because Morton plans call for an immediate development of that section there-fore giving the road accessibility essential to the school construction.

Conversely, if the other site located approximately in central Morton Village was to be developed for school usage at this time, it might possibly be necessary for the district to construct its own road in order to permit school construction, particularly since the developers don't plan to build in this area sections.

In any event, another vote to approve a bond issue for the purpose of erecting a school in this area will in all probability be held sometime in the early fall.

## PLAINVIEW COUNTRY HOMES

### Happy Birthday On Island St

**BY RAE CANTILLI**  
Hi Folks:  
Summer is here and as far as it goes, I'll take the Winter. This heat wears me out.

In the Happy Birthday Dept., congratulating little Kenneth Hartnett of Island St., who celebrated his 4th with a tremendous party at his home last week.

Happy birthday to Eileen MacAllister of Island St., who celebrated her 9th on the 19th.

I want to apologize to the Civic Assn. for listing their meeting for the 23rd instead of the 16th. However, most of the homes received notices and I'm sure that no one would come out on the 23rd. The meeting as I've reported elsewhere on this page was a very interesting one, with a lot cleared up in the minds of those present.

Because of my brother-in-law's graduation from Freeport High on

Sunday, I was unable to attend the Strawberry Festival held by the Prichard Guild of the Church of the Good Shepherd-Lutheran in Plainview. However, if it was as good as last year's, it should have been extremely successful.

I was sorry to hear that Terry Richards is not feeling so well. Come on and get better so that you can take care of that batch of new puppies, who I hear, are as cute as buttons.

The Clancy's of Island St. moved out last weekend. All of us were sorry to see them go, and now are waiting until our new neighbors move in. Such excitement!!

I hear that Leonard Benson of Sunrise St. is opening a Law Office in Hicksville. He is a member of the Board of Directors of our Civic Assn. and has proved his legal talent more than once. All the good luck in the world.

Please give me a call if you have anything that you would like me to report. I would appreciate it so much, if you would. My new number is Hicksville 4-2618. So long.

# Amvets Alley

Robert O. Ulmer Post  
East Marie St., Hicksville

**"OUT OF THE FOXHOLE"**... Comes the interesting news that once again perhaps due to unseen power, local AMVETS signed up another large group of vets, both World War II and Korean men. Not only have they signed up members, but 88 members attended the post meeting Friday which is something to get all worked up over.

At our July "prospective members night" all new members will be sworn in by James Reilly, former NEC committeeman. All members are asked to be present.

**HAVE YOU HEARD THIS:** Carl R. Gray, VA administrator has traded his job for the "old rockin' chair". VA advice to ex-GIs... choose goal before starting School. On the past Memorial Day... the American flag was not flying at the Plainview Cemetery in Hicksville. Not only that, but the gates were locked and it made it very difficult for the AMVETS Guard of Honor, Rifle Squad and friends to get in by way of the small gate.

The post has a new telephone number and it is HI 3-9637.

**AWARDS TO BE PRESENTED:** On our October installation of post officers, there will be three medals, the Robert O. Ulmer Memorial Trophy and Certificates of Merits awarded outstanding members of the post and local citizens.

**MAINLY ABOUT OUR MEMBERS:** Jim Sarkis has been selected as a committeeman on the post building committee. Marge Kleishan is rather busy now that she works at Hempstead Post Office. Membership Officer Mike Elias announces great strides in our membership since our monthly affairs with members bringing in a new man, Harry Strambel, chairman of the Picnic Committee, again wishes to state that the post picnic will be held at Hecksher State Park. During the afternoon there will be a game of softball between the Ladies Auxiliary and Post.

**NOW HEAR THIS:** An enlightened Congress blew the final whistle this month on the "economy steamroller" that was determined to grind to dust

the worlds finest veterans' medical program. In guise of living up to campaign promises made, last fall, a few administration officials started out to run the VA "on a business basis", some thing which AMVETS has been proposing for many years. Beyond this point however, there was little or no agreement between AMVETS and some government officials as to how economies could be best effected in the VA without hurting service to veterans. AMVETS in March presented to the President a nine-point "common sense" program for saving the taxpayers millions of dollars without hurting essential services to veterans. And while the mis-guided streamroller gained momentum to chew away \$56 million from the operating funds for the VA medical program, AMVETS bombarded Congress with the nine point "common sense" program for effecting savings without torpedoing basic care to America's veterans. The final round in the battle which directly or indirectly affects more than 20 million veterans, came early this month when Congress, remembering the American people's debt to the veterans of the nation, abruptly blew up the "economy streamroller" and declared that not only will no cut be made in the funds for the operation of the VA medical program in 1954 but, that on the contrary, additional monies will be voted the VA for this purpose.

This affirmative action by Congress disproves beyond the shadow of a doubt statements to the effect that Congress is "anti-veteran". AMVETS can take pride in the victory that has been won for the American veteran since an analysis of the new VA program as recommended by Congress contains the basic proposals behind the nine-point "common sense" program authored by AMVETS. In conclusion, it is important not to overlook the part played in this victory by the individual citizen who took time to write his Congressman concerning his feelings on this important matter. These thousands of letters played no little part in the final decision made by Congress.

Mr. Congressman, America's veterans salute you!  
Until next week then... this is  
JIMMY COOLEY

ALONG WOODBURY ROAD:

# Author of Mystery in Our Midst

BY GENE MALJEAN

Well, now that summer has already come with its heat blasts and sudden showers, the days will be growing shorter—by approximately 15 minutes each week. Those of you who want to enjoy those days at the beach might look into Toby Beach. We drove out there Sunday and found it an excellent location for swimming and not too crowded. The parking fee is \$1.00 but free to a vehicle originating from Hicksville, or any TOB location.

Did you folks know that we have an author in our midst? Even Hunter, whose "Penguin" book, "Don't Crowd Me," stands at this very moment, resides at Hillside Terrace. It is a gripping novel about a murder at Lake George. Good to curl up with some midnight.

About Hillside Terrace—Mr. and Mrs. Charles Clair are riding around in a '53 Chevy now. These folks had a house warming Saturday night. . . . Joe Webb, of Dartmouth Drive, is a Plymouth owner now. . . . Kay DeLorme was maid of honor at her sister's wedding Saturday.

Speaking of automobiles, Woodbury Garden's Joe and Millie Grecco are parking a Ford in their new garage lately. . . . Rodney McGrath of Ketcham Ave. Woodbury Gardens, was out on June 22, Monday. . . . I spoke to Jim and Pat McDonald of the same Avenue. They have just arrived home after a wonderful vacation in Canada. Pat told me she visited two famous ski resorts, Mt. Tremblant and Whiteface, but of course, there was no snow. They reluctantly left a wonderful week in Canada and are looking back on many good days.

I must be careful when I print the recipes, hereafter. How would you say this word: Spoonful or spoonfuls, I have always thought of the former as correct, but, came

the rude awakening, when I read a vocabulary book lately and found that spoonfuls is correct. It was also surprising to me to find that "it is me" is now grammatically correct. This changing world.

In case you folks along Woodbury Road are confused as to when you may water your lawns—you are safe to figure all of the even days of the month. If you hear the fire siren, it would be only right to turn off your hose as it is difficult to keep enough pressure to extinguish a fire with so many outlets open. Please co-operate, as it is most important.

I was watching Jim Peitran of Hillside Terrace laying his patio, and he gave me a recipe he particularly enjoys. I always like it when the menu offer a dish because it lights the way for women to observe what men enjoy in epicurean delights. Jim is a Kasuek (French, Canadian) and offers a native recipe, 1 1/2 lb. ground chuck. Mashed potatoes (2 cups). 1 can creamed corn. Brown hamburger meat loosely in pan, season with salt and pepper. Pour this in 2 qt. casserole. On this, pour corn. Top with mashed potatoes. Place sprig of celery leaves in center. Heat this in oven for 20 minutes at 350 degrees F.

We would appreciate your response to our latest Question of the Week—"What do you do in Hicksville for diversion?" There are actually many ways of finding enjoyment in our town, and many of our readers will welcome suggestions to further their enjoyment in our neighborhood. Next week, I'll print the answers.

Josephine DeBlasio gave a baby shower for Alma Porzio, last Wednesday. Present were: Hillside Terracers: Kay DeLorme Louise Fletcher, Lucy Kalanowski, Mildred Mullery, Flo Marabella, Winnie Hudly, Peggy Rudig, and Anne Browning.

Madeline Lombardi and Janice Smith, of Cliff Drive, were invested

at a ceremony presented by the girl scouts. Awards were given and refreshments were served by the girl scouts, which they had prepared themselves for the parents. The girls also provided the entertainment.

Mrs. Kern, of 74 Cliff Drive, found a crutch in the road and hopes that the owner reads this notice. . . . The tinted prescription glasses found on Hollins Rd. have not as yet found their owner.

Helen Marx had a five year old birthday party. Present were: Betty Ann, and Bobby Gleason, Susan Zylis, Monica Sommers, Betty Marx, Helen Sullar, Mr. and Mrs. William Sullar, Mr. and Mrs. Harry Marx, Mrs. Augusta Marx, Mr. and Mrs. Sullar Jr.

A Woodbury Manor note: Rose Zodda had a bouncing baby boy a week ago Sunday. He weighed in at 7 lbs.

Mr. and Mrs. David Crombie of Bombay, India, are the guests of (Continued on Page 16)

### Woodbury Gardens Civics' Notes:

It is with the deepest regret that we report the passing of little LARRY BELFI. He was the child cancer victim for whose care everyone generously contributed. I would like to take this opportunity on behalf of the WOODBURY GARDENS CIVIC ASSOC and the parents to thank everyone who contributed.

With the closing of the last meeting of the season the resignation of TOM HOGAN became effective. TOM's efforts in organizing the Association have made it the smooth running organization that it is. The entire membership joins in thanking TOM for a good job well done.

Due to the new phone numbers it will be necessary to present a new complete list of all the officers, this should have been done this week, but due to lack of time, we were not able to contact all of the committee chairmen, so I would appreciate all Board members and Committee men calling me with new correct numbers. Here is a partial list of the officers.

- Acting Vice Pres BOB NANKEVILLE NO PHONE
- Civic Improvements ED MASTRELLA HI 4-2645

The balance of the officers will be included in the next column which will be the last of the season.

# The Legionnaire

Charles Wagner Post  
No. 421, American Legion

During the past several months we've had more items and incidents than we could handle, which fact has pleased us immensely. This week is a bit on the slim side but as we approach the start of our third year of writing The Legionnaire in the Herald we'll do our best, with the hope that we'll continue to bring you what you want. For the compliments we've had from our readers during the past year, particularly those who do not belong to the American Legion, but who have a tremendous interest in the aims and activities of the Legion, many thanks.

Although we have not yet had the opportunity to see them play, the Legion baseball team must be getting some real pitching. In the first three games, which produced a loss, win and tie the opposition scored a total of three runs. With a little break Hicksville can have a real winner. Solid spectator support might be all they need.

At the last meeting, Eric Le Barron advised that Richard Adams is this year's selection to represent Hicksville at Boys State. The membership is looking forward to hearing a report from Richard on his activities and impression of the week.

Biggest thing currently before the American Legion is the Annual Nassau County Convention to be held in Hempstead (Today) tomorrow and Saturday. Delegates and alternate from this Post will meet at the clubhouse at 7:30 P.M. Friday and proceed to Hempstead High School where registration will take place between 7:30 and 8:30.

The "Call" of the Convention is set for 8:30 and the first night of the open convention is scheduled for an 11 P.M. close, after which, the delegates and alternate will visit the Hempstead Post.

Saturday's program will open with a parade at 1 P.M. and at 2:30 the convention will reconvene at the High School. An open house will be held at the Hempstead Post immediately following the close of the convention.

In addition to the regular business of the convention the Hempstead Post has planned an extensive program for the families of the Legion to take place at Kennedy Memorial Park on Saturday afternoon. At 2:45—A Color Guard contest. . . . 3:00—Childrens program of games—with refreshments and awards. . . . 3:30—A Fashion Show (for the ladies of course). . . . 8:30—Square and Ball Room Dancing for teen-agers—Could be the biggest convention ever!

May interest each of you to know that at the first Executive Committee since the election, thirteen of the fourteen members were present. From the way the various matters were discussed we feel you can rest assured the Post is once again in good hands.

The Auxiliary informs us that poppy money is still due from several members. How about it ladies! . . . Very pleased to note that the American Legion Rest Camp at Tupper Lake, N. Y. has received a fine donation from the Carpenters and Joiners of America, Local 1772, Hicksville, N. Y. Walter Barnett, Guy Smith and Rudy Bonas have lined up the Bazaar assignments—Be ready for work gang!

See you next week with convention news.

## HILLSIDE TERRACE: Assoc Selects Committeemen

BY ERNEST GOSSY  
At the June 10 meeting of our Civic Assoc., new committeemen were formed, and the volunteers accepted for each committee are:  
Fred Niebuhr, Program; Ed Hardy, Ways and Means; Joe Huddy, Entertainment; James Matienzo, Membership; Ed Thinnis, Publicity; V. DeAngelo, Athletics; Arthur Fischer, Auditing; J. Lynch, House Arrangements. Let's all give these committeemen an active support to help make them a success.

Would you like to play ball? Well the Hillside Terrace playground was completed June 8 and is ready to go. The area has been fenced in with a chain link fence, entrance walks blacktopped, play area graded and topsoiled, and I believe seeded. This fine play area should provide many enjoyable and relaxing moments for young and old alike. Who's old??

Sidewalks supers have been noticed along Dartmouth Drive observing the progress of new garages under construction by Walt Maiv of 149; H. Hyde of 153; Irwin Skolnick of 154; Leonard Nielson, of 174 and Curtis Hartig at 2 Hollins Ed. Foundation digging and block laying are providing plenty of blisters and backaches for all.

Some fine garages were recently completed by Stanley Kallnowski of 145 Dartmouth; Arthur Fischer of 141 Dartmouth; Lawrence Lewis of 149 Haverford; Arthur Coyle of

145 Haverford and Dominic Ricardo of 89 Cambridge.

There are quite a few more homes completed and we also have quite a few more happy owners among us. To all the new residents, I wish to extend a warm welcome, and I hope that we may see them at our next regular Civic Assoc. meeting.

Some of our new neighbors along Haverford Road are:

## Jack West Nabs Mental Patient

COLD SPRING HARBOR—Ptl. Jack West of 44 E. John St., Hicksville, captured an escaped mental patient from the Northport Hospital, last week, at Cold Spring Harbor Rd. and Northern Blvd., here.

West became suspicious of the patient's actions and then spotted what looked like institutional clothing. The patient became violent when approached and resisted arrest with a 3-foot piece of wood. A couple of truck drivers appeared on the scene and helped the officer restrain the man and take him to Meadowbrook Hospital. West suffered a bruised back, ankle and knuckles.

Capt. Vincent Clementi, commander of the Second Police Precinct, said that the young officer was "a fine and alert policeman."

**Use Sound Truck to Find Child**

**HICKSVILLE**—A police department sound truck was used in the southern section of the community to help locate a lost child Sunday, June 21.

Ernest Zavecky of 213 Old Farm Rd., Levittown, notified Second Precinct Police at 8:10 p. m. that his foster child, 8-year-old Lucille Petrucci, was missing. The sound truck toured the streets of the area giving the name and description of the child. The child was found and the call for assistance was cancelled at 9:01 p. m.

The police use the sound truck equipment in similar emergencies such as the water incident at the railroad depot in 1951 when it was feared two boys had fallen into the tank.

**The SENTINEL**

**Hidden Covenants**

The covenants included in the deeds furnished to purchasers of the Parc Terrace homes, just east of Jerusalem Ave., point out the wisdom of the old adage, "Let the buyer beware!" Those who read their own deeds frequently run across the clause which reads, "Subject to covenants and restrictions of record". The cautious buyer checks the covenants and restrictions of record, or has an attorney do it for him. But with the developers advertising that there are no legal or attorney fees, and the great numbers of buyers who are unfamiliar with the many ramifications of home buying, it should not be surprising that so few people bother to check. And the sellers don't seem to be bashful about taking advantage of the buyer's inexperience.

**Written Record and Oral Promises**

The covenant in the Parc Terrace deeds, in which the buyers allegedly agreed not to object to a gasoline station adjacent to their homes, evidently did not deter the sales department from promising a gas station would not be erected. It must have been quite a surprise for the buyers when they learned the truth.

**Buyer At A Disadvantage**

People don't very often purchase more than a very few homes during their lifetimes. It shouldn't be surprising then that every once in a while something is put over on them by a "smart" seller who knows all the ins and outs. The wise buyer recognizes the limited extent of his knowledge of home selling practices. If he believes himself capable, he investigates the conditions of purchase, covenants and restrictions, himself. Otherwise, he engages a qualified person to do so, and advise him.

**Happens Just Often Enough**

Many developers and other sellers of houses are thoroughly reputable. Purchasing a home is probably the most important business transactions for most families. It's worth the cost to check and be sure.

**Parking Fields**

Additional parking space for commuters and shoppers is long overdue. There is little doubt that the Oyster Bay Town Board will decide to proceed with the construction of the two new Hicksville fields. A total of about 290 cars will be accommodated.

**Should Ease Traffic**

The new off-street parking facilities should make quite an improvement in traffic conditions on Broadway and adjacent streets. Many of the drivers during busy hours are merely driving through Broadway hoping to find a parking-place. With 290 such drivers eliminated, traffic should flow much smoother and faster.

**False Fire Alarms**

False fire alarms are not funny! The fire alarm system is a necessity for the protection of our homes. It must be kept accessible to all members of the public at all times. The members of the fire department give heavily of their times and energy, and often risk life and limb to save other people's homes from damage and destruction. And they do these things without compensation other than the satisfaction derived from performing a necessary public service. Anyone who abuses the fire alarm system, or permits it to be abused, is doing his neighbors a very serious disservice.

**School Is Out**

The letting out of school for the summer vacation is a signal to ask auto drivers to be a bit more careful in the handling of their cars. We all know that moving cars and children do not mix very well. A little extra care may save someone a lot of grief.

The next time for cautioning drivers will be in September when school reconvenes. You will then be asked to be extra careful because the children are on their way to and from school. In other words, you are asked to be careful at all times.

**Incorporation Draws Closer**

The latest figures indicate that the goal of having owners of one third of the property in Hicksville sign the petition to get a referendum on Home Rule for Hicksville is just about achieved. If you are not yet among the signers, you can still join your neighbors in bringing good, effective, and economical government to your community. Your signature is important. Drop in at 88 North Broadway, the Herald office, and sign the most extensive petition ever circulated here.

**What Comes Next**

The next step in bringing Home Rule to Hicksville is to submit the petition and proposition for incorporation to the Town Board. The Town then call for public hearing in Hicksville. After determining that all legal requirements have been fulfilled, an election is held in which all resident property owners may vote. If the majority votes for incorporation and Home Rule, Hicksville becomes an incorporated village as of the date of the election. All this can take a minimum of 35 days to a maximum of 90 days after submission of the petition to the Town Board. Shortly after incorporation, an election to choose our local officials will be held. Then we will be running our own affairs within the framework of state and county laws.

Harry and Dotty Marx. The men were in the service together and were very close friends. They haven't seen each other since the close of World War II. Mr. Crombie is a Presbyterian Missioner teaching the Indian Children.

Thank God the executive committee met at our house tonight for the Neighborhood Garden Club: May was told that planting snapdragons was quite difficult but she had no trouble. She pulled weeds up and had an abundance of the snapdragons. Or so she thought. It wound up that she was pulling out snapdragons and cultivating chick weeds! If any reader wants to have a garden full of chick weeds—just call on my wife, (she will kill me for this), and her expert guidance will be available.

President Mildred Bertram, Vice President, Mollie Fischer, and Lucy

Lomenzo were present. In receiving May of the district. Good thing she had all of this expert help or she would have been surely distressed. The advantages of belonging to a garden club.

The party for Mrs. Tamler's class at East Street School was a great success. The children exchanged gifts, and had ice cream and candy, and home made cakes and cookies and punch. The younger brothers and sisters of the children were guests, and the whole blowout was enjoyed by both children and parents. Mrs. Tamler is the type of teacher we would like to have as our starting point in life, as her patient understanding and individual attention draw out the latent qualities in children. Among the parents present were: Gladys Blaser, Betty Krohimus, May Maljean, Helen Branham, Betty Sinisi, Mrs. Heller, Pat Kelly, Mrs. Traina.

**HICKSVILLE GABLES:**

**Vacation Replacement Reports**

**BY CONSTANCE GIBSON  
HICKSVILLE 4-1482 PC 3**  
Hello there, this is Constance Gibson to carry on for your vacationing reporter Ruth Schult. It seems that the Gables will be seeing a lot of gaiety this summer with coming births and vacations. Your reporter attended the Junior and Senior Banquet at St. Dominic's High School, Oyster Bay. We joined the faculty to bid the seniors farewell with an excellent chicken dinner. Other Hicksville students present were: Eleanor Vojer, Sally Fee, Sally Ann Reinhardt, Virginia Perry, George Perry, Phyllis Kowalski, Audrey McDade, Ed McKenna. Master of ceremonies was Peter O'Connor.

A small party will be held to climax the affair. Also of Plainview Rd. and a very good neighbor of ours, Clifford Goff, has recently been promoted to the post of Chief of the Auxiliary Police of Hickville and Chairman of Civil Defense at East St. School. How very important CD is I only wish more people would join. As a hobby Mr. Goff attends the Gunner's Club in Bethpage. On Saturday he left for the Catskill's to spend Father's Day with his sister, Mrs. Ruth Roe. Everyone is going on vacations. Mr. and Mrs. Deere of 34 Gables Drive are visiting in New Bradford, Mass. They left Monday with their two sons, Chuck and Fred, both of whom are home on leave, the former from the Marines and the latter from the Air Force. Little Theresa Deere has been staying with the Goffs during her parents trip.

**ARTHUR ERB**, son of Mrs. Fred Erb of 84 Park Ave., Hicksville, received the degree of Associate in Arts from Concordia Collegiate Institute, Bronxville, N. Y., during commencement exercises held Sunday, June 7.

Mr. Erb was editor-in-chief of the school annual, The Concordian. He played on the varsity basketball team and had a part in the annual Christmas play. He will transfer to Concordia Theological Seminary, St. Louis, Mo., to complete his training for the holy ministry.

I was lucky enough to get a good look at our President when he came to dedicate Sagamore Hill. My parents and I went to Oyster Bay Road where we stood with a few other people to wave to him. Mom was convinced he would whizz by, but instead he waved to each one of us, thanking us for our interest. But now to the news.

Mr. and Mrs. Sam Weller of 301 Plainview Rd. had their daughter, Theresa Lynn, christened in the Methodist Church on Old Country Road, Sunday, June 21. They had a little party afterwards for members of the family.

Also on the list of Sunday festivities was a party celebrating the graduation of Miss Mildred Harrigan of 293 Plainview Rd. Present were the graduate's Grandmother, Mrs. MacKenzie of New Jersey along with Mr. and Mrs. Arnold of Pearl River, N. Y. Miss Harrigan, Pat to her friends, starts work Wednesday at Grumman as a file clerk.

I had the pleasure of visiting the Frank Werner's of 297 Plainview Rd. and of seeing his wonderful art work. Mr. Werner is just finishing a portrait of his lovely daughter, Patricia. All around their living room hang numerous paintings he has done in Europe. Al Werner has just received his Amateur Radio License after taking a test in the city. He also received a Commercial Radio and Radar license. Right now he's busy building a station of his own.

A lovely couple Mr. and Mrs. Fred DeAngelis have just had a boy, Carl Frederic, born May 19 in Mercy Hospital. Two prouder parents you've never seen. The baby will be christened on June 28 at St. Ignatius Church. Mary Ronci and Henry DeAngelis will be his

amount of rainfall this year and the water supply in a high level, the emergency is created because the districts do not have the machinery to draw water from the supply during periods of peak demand.

Heavy consumption during peak periods results in low pressure in the water system and this in turn creates a potential health menace, he said. Back siphonage is a danger caused by low pressure. This means that the water is depleted in the supply lines and this in turn creates a vacuum which draws water from sanitary facilities of homes and business places to be sucked into the public water lines and creates the possibility of impurities from industrial plants getting into the public water mains.

Depletion of the water supply also sets up a possible health hazard through lack of necessary water for drinking, bathing and toilet facilities, he added.

It would be unwise on the part of the public to ignore warnings to conserve water on the theory that there is plenty of water in the "underground supply" warns Dr. Brown. "The fact remains that this supply serves no useful purpose if the various systems are unable to draw it fast enough to meet peak loads. It is better to play it safe. Help conserve water and you will thereby preserve your own health. Obey the regulations set forth by your district officials".

MID-ISLAND HERALD, JUNE 25, 1953—PAGE 23

By HOWARD FINNEGAN

## Legion Nine Stands Up To Hub

The Hickville Legion nine refused to fold up against powerful Hempstead Friday night, mainly on the stout pitching of Tom Valentine.

Winner 2-1 over Valentine two weeks ago in the season opener the Hub club could muster only one second inning hit which it converted into its run in a 1-1 deadlock.

A win for Hempstead in this meeting would have knocked Hickville out of the first half race but the charges of Bill Andersen would not wait until the second half and insisted on making a fight of it the first time around.

It didn't look too good going into the last of the sixth for the Hempstead run loomed increasingly large, but with one out Ed Scott peppered a triple down the left field line and Joe Peo responded with a single to score him.

Both teams had threats in the seventh but darkness won out and the issue will be resolved at a later date.

The team plays home every Friday evening and a surprisingly large crowd turns out for the games.

From the standpoint of morale and value a win for Botto Bros. over undefeated Post City in Jones Beach Stadium, Sunday afternoon, cannot be measured.

It will be one of the better offerings of the season and 3,000 fans are likely to look in.

The game may mark a turning point for Botto in this season which as yet has not been near as sparkling as the early season line had anticipated.

For all its solidness in many quarters the club is not a sure one.

The news is now that Ray Halleran is sought to fill in some gaps and if the powers that be can pry him from a job that runs late in the evening it will be an applauded addition.

Roy Stephenson got a good fielding game out of his Long Island Ucon teammates in the seashore ballpark Sunday and showed his gratitude with a truly brilliant exhibition.

He won 2-1 in ten long innings and struck out 20 Hempstead Ryana.

We doubt sincerely that he has lost more than a shade of his ability of two years ago and that would leave him still very far in front of the pack.

The funniest and bitterest bench jockeying heard in years in the community softball league occurs when Amperex plays.

**EXCLUSIVE**—Pat Enos has signed for an undisclosed bonus with the Brooklyn Dodgers and leaves tomorrow (Friday) to join the Hornell, New York, Club in the Pony League. It is the fastest Class B League in the country. In September he plans to enter New York University school of engineering.

**HICKSVILLE**—A 17-year old Hicksville High shortstop whose hitting and fielding won acclaim on the diamonds of Nassau this spring is just coming out of the whirl started by the rush of major league clubs anxious to get his name on a contract.

It was just Sunday that Pat Enos led the Class of 1953, as its President, through Hicksville High's 39th Commencement Exercises and immediately a road of opportunity, with many directions at the very start, opened for him.

## Pros Continue Lead in NWLL

By RAY DeCHESTER, JR.

After defeating Boos Brothers Nursery last Monday behind the steady hurling of Bobby Baer, the Professionals nosed out the Greater Nassau Reactors aided by Henry Ristow's 230 foot homerun Thursday making it seven out of eight games won to date.

The O'Donnell Movers also won two games last week to keep within one game of the leaders. The Pros and the Movers tangled again on June 23 at Abraham Levitt field. Ristow for the Pros and Burke for the Movers, both who have pitched no-hitters for their respective teams, will again meet up and the game promises to be a hotly contested match.

## Aces Beat Cobras In PBC League

The Aces defeated the Cobras 13-0 in the Intermediate Police Boys Club Second Precinct league as Paul Patterson won for his second consecutive no-hitter only to have a single to right deprive him in the last inning.

The Lions played a 7-7 tie with the Royals as Peter Nygren made his first start in the intermediate age group for the Lions. He hurled for last year's Junior champions, Hicksville Hawks.

In all fairness to Royal's chucker, Carl Schulz, who relinquished but 2 hits and was the victim of atrocious support from his mates.

Standing in the Intermediate League are:

W	L	Tied	
Lions	2	0	1
Aces	2	1	0
Cards	2	1	0
Royals	1	1	1
Cobras	0	2	1
Levittown B. C.	0	2	1

In the Senior Division, Hicksville continues unbeaten taking a forfeit win from Farmingdale Saturday while losing 7-6 decision on the field. The Farmingdale Club had by pre-arrangement forfeited the game by using junior varsity and varsity players.

Hickville had its best batting day of the young season as Tom Kripping hit a tremendous triple and hits by Pat Kennedy and Richard Hogan.
