## PLAINVIEW CRACKS DOWN:

# Water Violators Face \$50 Fines

PLAINVIEW—Fines up to \$50 now face water wasters in Plainview Water District. Due to the fact that a few consumers in the district have failed to cooperate with other residents in curtailing the use of water, despite repeated warnings, the Board of Commissioners on Monday adopted a resolution, effective immediately, providing for the stiff fines. The Board called the water situation "critical".

The Board said: "Water pressure in some areas has been reduced as low as 10 pounds whereas safety requirements demand a pressure of not less than 80 lbs. be maintained. The fire hazard created by selfish misuse of water is most drastic.

"Should a serious fire occur, numerous homes would be destroyed due to the fact that there would be no water available to meet the emergency. Health and sanitary conditions are also seriously effected by this abuse of existing facilities.

"In the interest of the community the Board of Water Commissioners have felt it necessary to publish the following resolution adopted by them at a meeting held July 8, 1953:

"It is on motion duly made seconded and carried **RESOLVED** that

(a) During the months of July, August and September no person shall use water supplied the Plainview Water District by or through the facilities of upon the exterior or outside part of any dwelling except that

(1) Between the hours of 8 P.M. and 10 P.M. those dwellings having numbers of the even number may water lawns and gardens on the even days of the month.

Those dwellings having numbers of the odd numbers may water lawns and gardens on the odd days of the month.

(2) The numberless dwellings

## School Board Reorganizes

HICKSVILLE—Henry C. Brengel was re-elected president of the Board of Education at the annual reorganization meeting Tuesday night, July 7. Other Board officers are Edna Kuhne Sutton, vice president, and Arthur L. Eirich, new

board member, secretary. The board made the following re-appointments for the year: Andrew B. Heberer, district clerk; Sidney Volk, district treasurer; Harry Ernenwein, business manager. (Continued on Page 21)

## Lawn Sprinkling Rules Vary

Regulations for lawn sprinkling vary in Mid-Island water districts:

**HICKSVILLE**—South of Old Country Rd on odd-numbered days of month, north of Old Country Rd on even-numbered days, watering permitted by householders. No specific hours. Farm irrigation PROHIBITED every day between 4 P.M. and 9 P.M.

**PLAINVIEW**—Even-numbered houses on even days and odd-numbered houses on odd days, watering permitted ONEY between 8 P.M. and 10 P.M. Houses without numbers permitted to water south of Old Country Rd on odd days, north of Old Country on even days. Also Old Bethpage on odd days. Violators fined.

**BETHPAGE**—Even-numbered houses on even days and odd-numbered houses on odd days permitted between hours of 7 and 9 P.M. only.

**LEVERTOWN** (Town of Hempstead)—Watering permitted only from 7 A.M. to 9 A.M. and from 7 P.M. to 9 P.M. only. Violators fined.

## Home Rule Petition Races Against Time

HICKSVILLE—"We'll make it, but it will take every spare minute left" was comment of Lawrence A. Roman, chairman of the Home Rule Committee reporting today on the petition which has not yet a legal vote on incorporation for the community. He said the petition has been signed by property owners who represent "almost" the minimum amount required. Another half million dollars was racked upon the forms over the Fourth of July weekend which is "not quite enough". At least \$12 million would be required to bring about a vote or one third the community total assessed value.

Meanwhile, time is running out with the one-third requirement expected to jump by \$2,000,000 on and after Aug. 1. Roman urges all who have not signed to do so without delay or to call Hicksville 3-1401 if they wish to have a volunteer visit them.

## 2 Hurt As Church Lamp Falls

HICKSVILLE—The Sanctuary lamp suspended over the main altar in St. Ignatius Church, fell and struck a young woman kneeling at the altar railing in a freak accident, Monday night.

Miss Jane Healy of 11 Murray Rd. was alone in the church kneeling directly under the lamp when it fell and struck her on the left shoulder. Hot candle wax spilled over her head and clothing.

Steve Rykowski, custodian of the church, found the girl a few seconds after the accident as he entered the church to ring the church bells for seven o'clock Angelus. The girl was taken to the office of Dr. Catalano on Jerusalem Ave. and treated for shock and bruises.

## Register for Library Classes

HICKSVILLE—Registration for summer reading club and painting classes to be held on Fridays at 10:00 and 2:30 at the Free Public Library on Jerusalem Ave takes place next Monday. Classes will be held July 17, 24, 31 and Aug. 7. There is a \$1.50 charge for supplies used by each child.

ESCAPING GAS from a big main on South Broadway, Hicksville, threw flames thirty feet into the sky and threatened nearby houses near the corner of Somerset Ave., last Thursday. A fireman and motorist were

burned. Fire appears to be licking house is actually on the west side of Broadway, over 50 feet away. (Exclusive Herald photo by Frank Mallett).

## 2 Hurt As Big Gas Main Ignites

HICKSVILLE—A big gas main burst and the fumes caught fire on South Broadway at Somerset St., sending a sheet of flame across the roadway to injure a passing motorist and a volunteer fireman on Thursday, July 8.

Edward Dwyer, 39, of 9 Mineola Ave. got first and second degree burns on both arms and his face while fighting the fire. He was taken to Meadowbrook Hospital in a private car by George Engel.

He was released from the hospital on Saturday.

Robert Martino of North Merrick was burned as his Buick passed over the spot at the moment the gas ignited. His left arm, which he had resting on the door of his car, was burned and the read end of the car twisted and melted in the flames.

Volunteer firemen under the direction of Chief Edward Schluter fought the fire for more than an hour after the alarm sounded

at 3:30 P.M. Firemen kept the blaze under control and turned hoses on nearby houses threatened by the flames until L. I. Lighting Co. workmen shut off the main.

A false alarm called out the firemen to Old Country Rd. and Monroe St. on July 3 at 6:31 P.M.

A wheat field caught fire on Ketcham Ave. on July 6 and firemen were called to the scene at 9:38 A.M. Burning grass on Second St. called firemen out on July 7 at 1:10 P.M.

# Traffic Rules Hearing Tuesday

OYSTER BAY—New parking regulations in Hicksville aimed to cut down heavy traffic in residential streets, create one-way streets and eliminate thru-traffic on residential streets will be considered as amendments to the Hicksville Parking Ordinance at a meeting of the Town Board Tuesday, July 14, in the Courtroom of Town Hall here at 10 a.m. The legal notice of the changes does not appear in the Herald. ## Plan to Up-Zone South Bway

OYSTER BAY—A quarter of a mile business strip along South Broadway, Hicksville, will be up-zoned to a residential section upon the proposal of the Town Board to be considered at a public meeting Tuesday, July 14, in the Courtroom of Town Hall here at 10 A.M.

The 1,400-foot-strip is on the east side of Broadway from a point 50 feet north of Roosevelt Ave. down to Gerald Ave. Two new stores near Lawnview Ave. is now under construction in the area.

The Town Board proposed the up-grading to rescind a part of its recently adopted revised Zoning Ordinance "because the neighborhood does not warrant such an enlarged area of business use."

## Group to Visit UN on Tuesday

HICKSVILLE—Boys and girls of the local Planned Activities Group will attend a general assembly session of the United Nations Tuesday morning, July 14, it was announced by Harold Robins of 22 Petal Ln., director. They will be taken on a complete tour with a guide of the UN buildings and facilities in the afternoon.

The 6 to 9 year-old group will visit the Vanderbilt Estate at Engleest Park, Centerport, Thursday morning, July 16, and, in the afternoon they will visit the Cold Spring Fish Hatcheries.

As guests of the Commanding General of Fort Jay, the group will go to Governor's Island Saturday morning, July 18. In the afternoon they will tour the Army base

## More Protest CD Policies

HICKSVILLE—Twenty Civil Defense leaders here, including Auxiliary Police Chief Thomas Cullen, resigned here Tuesday night when Charles Eginton, director, refused to do so. Eginton had been appointed earlier this year following the mass resignation of Director Frank Sutter and the entire CD Council staff except Cullen in protest over county CD policies.

**OFF TO GOOD START:  
1,331 Children Report  
For Summer Playtime**

**HICKSVILLE**—The summer playground got off to a booming start as 1331 children enrolled for the first three days of the program, school district authorities reported. New records crumbled as the daily average attendance averaged 772, 1054 and 1103 for the initial week.

Old Country Road and Lee Ave. playgrounds opened last Wednesday and both went over the century mark last Friday.

East St School continues to lead the pack in daily attendance with an average daily attendance of 231 children per day while Park Lane gives East St competition for the lead with 203 daily attendance. Dutch Lane had a daily attendance of 171 while the High School had a daily average daily attendance of 136 with Burns Avenue following with 75 per day while Old Country and Lee Avenue had 62 per day. Nicholas St School playground had the low with 36 per day.

However, the average daily attendance is due to rise as the newer playgrounds have shown a daily rise of 25 pupils from the opening day, officials said, the influx of the children was too great to get the total registration and before the week is over the registration should advance a few hundred more.

Because of the increase of youngsters in the Fork Lane, Old Country Road and Burns Ave. areas, additional help has joined the staff temporarily. The youngsters have shown a great like for the playgrounds and their attend-

ance is an indication of their enthusiasm. The playground is open from 9-12 every morning and children of school age are allowed to take part in the program.

**Board Explains  
Why It Said 'No'**

**OYSTER BAY** — The Board of Zoning Appeals this week recited its official reasons for refusing to issue a special permit to Commercial Properties Inc. to erect a gas station on the corner of Tobias St. and Jerusalem Ave., Hicksville. In the opinion of the Board, the station would have "increased the traffic hazard" in an already heavily traveled area. The Board felt that the station would prevent the residents of the surrounding houses from enjoying the peace and quiet they might expect in such a residential neighborhood, a spokesman said, quoting Board minutes. It is one of the few gas station permits to be denied in this area in a decade.

**Hit by Cadillac**

**HICKSVILLE**—Charles Andree, 73, of 23 California St. was hit by a Cadillac as he was walking on West John St. on July 1, police reported. He suffered a contusion of the right hip and elbow but refused medical attention. The car was driven by Agrippino Drago of 18 Tremont St., Garden City.

PLAINVIEW VAMP REPORT:

## 2 Fire Calls and Tournays

Chief Panciroli reported two fire calls this week. The first was on July 3, on Sunnyside Blvd in the east end of town. It was a strange fire alarm. The owner was away at the time but had started some sulphur candles to fumigate the house. The smoke was noticed by someone and the alarm was sounded. The men arrived at the scene to investigate. The chief reports no fire damage. A woman by the name of Mrs. Murray suffered a heart attack. The chief ordered a resuscitator

used on Mrs. Murray. The chief administered the oxygen, since he is one of the men qualified to do so, until a doctor arrived. The people of the town should feel that this piece of equipment is for the use of all in an emergency.

The second alarm was on July 4, it was a hay stack near Sunnyside Blvd. The company worked on this fire for an hour.

The chairman of the entertainment committee reports that the journal for dedication day is going along very well. If there is anyone of our readers that wishes to place an ad in our journal, a blank may be obtained at the fire station on Sunday morning. Once again we would like to remind you of the date, Aug. 1. You must keep it open as we expect to see all the town people at the fire house on that evening. There will be free dancing for the adults and fireworks for the children.

The racing team was a little disappointed in themselves because they did not bring home a trophy. It seems that they finished seventh in the Hempstead tournament which had 49 teams competing.

The company feels very proud of them and wishes to congratulate them on their fine showing. Notice to all residents of Plainview: Next Sunday the team will

again compete locally in the 9th Battalion tournament. The tournament is being conducted by Jericho, the course is on 16th St on the Hicksville-Jericho boundary.

If you find yourself with nothing to do on Sunday, why not come over and cheer the boys on to victory? We of the company expect to be there with a few extra townspeople it may give them that extra push to be a winner all the way.

### No Decision About Name

PLAINVIEW—No decision on the contest open to school children of the district to name the new school has been made by the judges as yet, it was announced by Robert Tuttle, principal. The contest closed on July 8. The judges reserve the right to reject any or all entries. The new school is being constructed at west end of Ontario St. and Jamaica Ave.

HOLIDAY VICTIM  
HICKSVILLE—Helen Parsons of 101 Haverford Rd. was bitten on the right foot by her pet cocker spaniel in her home on July 4.

YOUR WATER SUPPLY:

## Expect to Move Into New Building This Week

By JOHN C. TRASK  
Superintendent

By the time you are reading this article the Plainview Water District intends to be moved into its new building. The interior has been completed as far as painting is concerned and we are now in the process of setting up our work-shop, filing system, addressograph and the many other items which are necessary in running an organization of this size. It is hoped that the landscaping will be completed in a short while and at that time we will have the official opening of the building. We hope that as many of you as possible will take the opportunity to come and go through your new municipal building.

It is anticipated that at the time of this reading one of our wells will be in operation and pumping water into the mains. We will be pumping this well with our Diesel engine until such time as all of the electrical controls are installed and in operation. Shortly we should have another well in operation and by September, all three should be supplying us with our own water. Then when our Storage Tank is completed we will be a self-sufficient water system and will not be forced to rely on other districts for our water.

For your benefit, the office hours are as follows: Monday - Friday 9 A.M. to 5 P.M.; Saturday 9 A.M. to 1 P.M. Also the Board of Commissioners meets the 2nd and 4th Tuesday of every month at 8 P.M. The first thing on the agenda of every session is the "public meeting." All of you are invited to attend this part of the meeting to air any complaints etc. which you feel warrants the consideration of the Board.

If you feel your Superintendent has not adequately solved your problem, please feel free to come to any meeting you desire. However, please be there at 8 P.M. because if there is no one desiring a public hearing, the Board adjourns to Executive Session which is of course a closed meeting, and it would then be necessary for you to wait until the next meeting to present your problems to the Board.

The results of the water restrictions have been very good to date. However, there are the usual few who are not paying any attention to the watering hours.

We hate to fine anyone but if necessary we are prepared to impose a \$50.00 fine for illegal use of water. Please remember the hours are 8 P.M. to 10 P.M.; odd numbered houses on the odd days of the month and even numbered houses on the even days of the month. Model Farms section, even days; Old Bethpage, odd days.

All of the residents of the Plainview Water District can cooperate with us by helping the District enforce this ruling. It is for our mutual benefit and protection that this restriction is enforced. If you see a neighbor watering his lawn when he is not supposed to, please take it upon yourself to explain the hours to him, and if you receive no cooperation, notify me and appropriate steps will be taken to remedy the situation. Remember, illegal watering is bringing the time closer when we may be forced to curtail all watering.

## NEIGHBOR DOWLING VIEWS NEWS:

### Vote on Another School July 18

By JOHN DOWLING  
On Saturday, July 18, Plainview residents will file into the Manetto Hill School between the hour of 2 P.M. and 8 P.M. to vote for or against a \$300,000 bond issue to be used for the construction of a 10 room school.

The new school will be located on Central Park Drive south of Old Country Road. Estimated costs of new building reveal that approximately \$178,000 will go for general construction. In addition, heating and ventilating and electrical work is estimated to cost in the neighborhood of \$66,200. Other items included in the bond issue

are \$12,000 for site development; \$1500 for insurance; general administration \$2000 and a few other expenses.

The present district enrollment picture clearly indicates that the school is well located particularly since the specific area is earmarked to be Plainview's next

heavily populated section having a goodly concentration of children. The move to locate here, subject of course to the resident's approval, is another step in the program to provide Plainview's children with neighborhood schools which are fundamental to the educational program.

### Surrey Homes Ask 'Relief'

OYSTER BAY—Surrey Homes, Inc. in Plainview will ask the Town Board for "relief" to enable them to build on 171 plots in Plainview at a public hearing in the Courtroom of the Town Hall here Tuesday, July 14, at 10 a.m. The 43-acre site is located north of Farmers Ave. between Plain-

view Rd. and Central Park Rd. (south of Mortun Village.) The firm will ask for relief under Article 20 of the Building Zone ordinance which permits the Town Board to adjust the required setback lines, lot areas, etc., of plots.

### Chowder Party Set By Legion

PLAINVIEW—Plans are well underway for the first annual Chowder Party to be sponsored by the Plainview Legion Post No. 1812, on Sunday afternoon, Aug. 18.

The affair, the only one which the residents of Plainview are asked to support, will aid the welfare fund of the local post, and will be held on the grounds of the Manetto Hill school.

Tickets have been priced at \$2 for adults with no charge for children under 16 accompanied by an adult. Tickets may be bought from the Legionnaire when he calls at the door or may be ordered by writing Box 678, Hicksville, or by calling Hicksville 3-7622 (evenings).

### Baker Elected As President

Plainview—Leland L. Baker was unanimously elected chairman of the Plainview Board of Education at the meeting of the board held, July 7. Other members elected to positions at the same meeting were John Hartmann, vice president; Hermon Williams, transportation and Creswell Delamain, personnel and insurance. In addition to his duties as chairman of the board, Baker will direct the board's financial program and Hartmann will be in charge of building and grounds.

The Board of Education appointed Don Rumsay as district clerk and John Neer as treasurer.

### Gets Summons After Mishap

HICKSVILLE—Erna Ackerman of 10 Knickerbocker Rd., Plainview, was given a summons for failing to obey a "lawful command" in an auto collision at Hazel St. and South Oyster Bay Rd. on July 3, second precinct police reported this week.

Miriam Goldberg, 69, of 17 Grand Concourse, Brooklyn, a passenger in the Ackerman car was hurt in the collision and taken to Meadowbrook Hospital in a police ambulance. She suffered a possible wrist fracture, and lacerations of the head and right knee.

David Ackerman, 8, of 10 Knickerbocker Rd. was also taken to the hospital suffering a bruise on his head. The other car in the accident was a 1941 Cadillac operated by Ralph Murdock of 18-18 147th St., Whitestone.

# Local History Points the Way

By Fred J. Noeth

SEVERAL EVENTS in recent weeks serve to point up the fact that a movement to obtain Home Rule for Hicksville is by no means irregular, unique or sinister.

Communities as well as organizations and individuals seek constantly to improve their lot and methods of doing things. First, we were interested to note that Hempstead is going to celebrate its 100th anniversary this year. Surely there are a few who will attempt to claim that incorporation of Hempstead's government as a village has hampered or retarded its development or made it less attractive in which to live or conduct a trade.

Currently, also, there is a determined effort being made in Huntington Township to change its status to First Class. A vote on the question takes place July 16. A more efficient, business-like government is expected to result for Huntington if the change takes place.

Remembering that Town of Oyster Bay has first class status (for more than a decade, now), we find these arguments being voiced against a change for Huntington Township sound like the phoney anti-home rule arguments in Hicksville:

(1) That it will be expensive, (2) that having become a town of the first class, it is impossible to change back, and (3) that Huntington has already been granted special powers by the state legislature, many of which would be duplicated under the higher classification.

And speaking of home rule, another event that came to our attention was the 50th anniversary edition of the Port Washington News. In its chronicle of historic events it devotes considerable space to "Port's Efforts for Incorporation".

In 1912 Port Washington Board of Trade sponsored the movement to incorporate the area as a village. An election was held on July 10, 1912 when 377 ballots were cast. As the News recalls the results: "When the battle was over, it was announced that the movement for incorporation had been lost by only nine votes."

Lut Port did not let it go. In 1930 the Chamber of Commerce went on record in favor of a city form of government. For several months there were pro and con discussions on the question. A proposed City Charter was drawn up and when completed was presented to the late State Senator George Thompson for Senate introduction and to former Assemblyman Edwin Lynde for the assembly.

The city charter went before the legislature and a hearing was held on the bill on March 17, 1931. On that day two buses carried 40 prominent citizens to Albany for the committee hearing.

As the News recalls "A few days later the group learned that their trip to Albany was 'just another bus ride' for the Charter-bill had been 'killed in committee'."

"Feeling pretty sore over their treatment at Albany and understanding perfectly well that any chance for a city form of government for Port Washington was 'out the window', the Charter Committee turned its efforts to incorporate Port Washington as a village. Half heartedly the committee pursued its task. New maps had to be drawn up and signatures obtained."

A public hearing was held before Town Supervisor Charles Schnedeker early in July 1931.

The News continues: "Two parties outside the proposed village limits filed objections among which was that several of the signers of the petition were not residents of the proposed area. Nevertheless, Supervisor Schnedeker granted the petition. The objectors carried their case to the courts and the fight was continued for sometime and then finally

# Throttling Free Expression

The primary objection to Home Rule for Hicksville slipped out in the booklet of the opposition. In spite of their best efforts to hide it under a mass of irrelevant double talk. On page 28 in the conclusion of the wordy text, the "Research Committee" diagnoses the ills of Hicksville and offers its solution.

"Hicksville has been in default in civic representation before the town board in recent years. . . . If Hicksville community representation to the Town Board is made in a proper respectful manner . . . the Town Board must recognize Hicksville's overwhelming importance and CONTINUE TO PROVIDE THE BEST AND MOST ECONOMICAL GOVERNMENT" (caps ours).

No longer will the committee have us believe that issues will be weighed on their merits, but on the proper attitude of those who present the problems. Yet the sentence claims the problems have been solved well in the past. Could it be that the Town Board has found nothing wrong in the attitude of those who represent the best interest of the community, but those who wish to perpetuate "political bossism" resent the free spirit of the spokesman of great portions of the community?

In what manner would these people have free citizens speak to their elected representatives? A forthright declaration of issues

dropped. That was the third and last time an effort to incorporate Port Washington took place."

A much more successful effort to get home rule is recalled with the publication of the 15th anniversary edition of the New Hyde Park Herald celebrating at the same time the 25th anniversary of the village.

As the Herald reports it: "The incorporation of the village in 1927 was the culmination of a long and active campaign by the newly organized New Hyde Park Board of Trade under the guidance of John H. Kollock as president.

"The two men who were most active in bringing about the incorporation of the Village of New Hyde Park were Philip J. Christ, father of Supreme Court Justice Marcus G. Christ and Henry Hauch. . . . In the early 1920's the population of the area had begun to increase and to carry some weight in the county, community leaders felt that they should be receiving better service from the town government. . . . Messrs. Christ and Hauch got the people of the area to consider how much better off they would be if residents had control of the territory where they lived. Circulars to that effect were printed and delivered to every home and the outcome resulted in a unanimous vote to incorporate the area which was accomplished in 1927."

Readers will note that Boards of Trade (i.e., Business Men's Assoc. or Chambers of Commerce) took the active lead for Home Rule in both Port Washington and New Hyde Park. Thus community pride and spirit is always a strong motivating factor.

Hicksville residents may also want to consider if Home Rule has hampered New Hyde Park. Certainly the anniversary edition of the New Hyde Park Herald would seem to indicate no lack of progress. The area today has about 30,000 residents. The edition is filled with greetings from its industries and retailers. One is typical, "Let us not forget that New Hyde Park's success came of the courage and fortitude of its pioneers."

## 4 Hurt on 4th In Collision

HICKSVILLE—Four persons were hurt in an auto crash at Old Country Rd. and Jerusalem Ave. on the fourth of July. Volunteer Firemen were called to the scene at 9:30 a.m. by the police to wash away gasoline from the road that spilled from one of the overturned cars.

Arthur Graziano of 47 Winding Rd., driver of one car, bruised his left arm and left leg in the accident. Mary Graziano, 76, of the same address suffered a sprained right wrist.

Two passengers in the Graziano car were also hurt. Edith Hauf of 49 Winding Rd. suffered a bruised left leg and Adeline DePierro of 325 Marion St., Brooklyn, had bruises on the head and neck.

The other car in the crash was operated by Barton Kopf of 62 Arrow La.

**Bean Discloses Adult Program**

HICKSVILLE—Ellery Bean, director of the Adult Education Program, announces that the courses offered in September will represent those subjects which residents have requested or in which they have an interest. Bean said he will endeavor to form a class in any subject if there are 12 or more students enrolled and there is a capable instructor available. Registration for the fall term will be held during the second week in September.

Several new courses are being considered in addition to those which have been offered in the past, including conversational German, Contract Bridge, under the direction of Mr. Moss, a member of the American Contract Bridge Assn; child guidance, which will cover the period from birth to adolescence; water colors taught by Oke Nordgren, who has won many awards for his work throughout the country.

In response to requests of past members in the Landscaping Your Home and Obedience Training for Dogs classes an advanced section will be offered where the prerequisite will be the completion of one of the beginners classes, or equivalent training, Bean stated.

In cooperation with Miss Mabel R. Parley, High School Principal, Regents courses will again be offered in subjects for which there is demand and sufficient enrollment to start a class. Last semester, Herbert Isaacs, a member of Senior High School faculty, taught a class in Intermediate Algebra and of the three students who took the Regents examination, two received a mark of 88 and another a mark of 83.

A State Conference for Adult Education was held at the Statler Hotel, New York, attended by the directors of the adult education program throughout the state. Bean reported the theme of the conference was "Community Partnership."

The Adult program here is available for the local service organizations, corporations with personnel problems, public speaking for young executives, all of whom might have a need for the courses which could be offered by the program.

# Amvets Alley

Robert O. Ulmer Post  
East Marie St., Hicksville

"OUT OF THE FOXHOLE" . . . In his monthly report to the post body, Mike Elbak, Vice Commander in charge of membership gave these names of new members to join AMVETS . . . Lyle Gregg, Al Rodester, Tony Fennele, Bill Danda, Fred Eastner, George Wunsch, Bob Johnson, Johnny Blachoff, Bill Corcoran, Hal Lambertson and Harry Solomon. Remember on July 24th, our next prospective members nite bring along another new veteran and see Jimmy Reilly Post NEC, swear in at least 35 more members. . . . THEY'RE IN THE SERVICE: From my "grapevine" comes word that Donald Smatlak is now stationed in Arabia. A big "hell-o" to his friends and buddies from Wally Matschat by way of Yangyu, Korea. We could use a little mail for Phil Millevotte who is still stationed at Newfoundland. Now reported at the Coast is Al Maxey of the Airborne Troopers. Still at the Base Hospital at Mitchell Field are Ralph Frize and Chris Farrell in service for some time now. . . . Winifred Aracil will soon make his debut into AMVETS. It's always nice seeing Gus Noel in his Navy uniform.

MAINLY ABOUT OUR MEMBERS: Lyle Gregg and Hal Lambertson will soon be playing on the post softball team. Larry Black came near breaking his finger while playing ball at Jones Beach last week. Jim Surless was once a "Pug" . . . RUMORS AND PREDICTIONS BY MR. AMVET: There will be quite a race for post commander when nominations are brought up on the floor in

September. I count four members who wish to run. By Aug. 31, Hicksville would receive a National Citation for their good work on bringing in new members. Post 44 to be the largest AMVETS post in New York State by October. The job of Post Surgeon will be replaced by that of Recording Adjutant.

On July 24th. Prospective members nite and swearing in ceremony. BEFORE I SAY SO-LONG: I would like very much to continue the section that I first placed in this column called "They're In The Service" because many men now in the service have requested me to do so. They thought it a very good idea, so buddies now serving overseas or stateside might want to exchange letters. If any parents or friends who know of their buddies, sons, daughters, etc etc who might wish their names and addresses put in this column . . . please forward the information to me in care of the Mid-Island Herald.

FINIS: A few months ago in this column I wrote about a World War II and Korean veteran who was seriously ill at the Veterans Hospital in New York. A member of the United States Navy, FRANK GLASS did more than his share in fighting for his country. Yet his greatest fight, his fight for life ended on Saturday morning of last week. His many friends that he made while working as an Insurance Agent will miss him most of all. To those who never knew him could never have known a real friend. I always hate to see old friends leave, for in their place is left a dismal, lonely ache. The hardest part of living and loving is knowing that eventually we must all depart. . . . leaving behind the broken hearts that must live on with the memories of cherished moments.

## HILLSIDE TERRACE: July 4th Block Party A Success

By ERNEST GOSSY  
187 Dartmouth Dr.

The Saturday night July 4th Block Party that was held on the Hillside Terrace playground provided everyone with more than enough to eat and drink. The weather held out just fine; in fact, quite a few people would have enjoyed a little more warmth during the evening.

The music for the occasion was donated and operated by Walter Komloay of 109 Cambridge Drive who operates the Island Audio Installations Service. Walt really did a wonderful job with his recording and sound equipment as evidenced by the large amount of people dancing continuously. Walt also does custom home installations.

James Lynch who was in charge of the affair wishes to thank everyone who contributed to the success of the affair; the Builders of Hillside Terrace who so generously donated all of the lumber, lights from the Hicksville Business Men's Association, Arthur Fischer for 60 pounds of franks, and the stores in town who also contributed rolls, franks, mustard, sauerkraut and Cokes, the electricity from Salvator Mure and Charles Brown, and all the men in the area who helped in the construction and clean up of the grounds.

Reggie Smith on Dartmouth Dr. was kept busy most of the time during the building, sawing wood on his power saw, and he did a swell job. Some of the men noticed helping with the construction were James Lynch, George Walsh, Ed Thinnas, Ben Berkowitz, Mike Murphy, Tom Ricardo, Bob Bleier, Reggie Smith, Art Fischer, Hal Kaye, Leo Brecht, Paul Wood, Bob Kikeneay, Leonard Garth and Sam Mogavero. There are many more who helped and did a swell job, and without all the wonderful assistance that was given I am sure the job would have been a lot harder.

Just before the Fourth weekend, Al and Barbara Buff went to New Orleans via Capital Airlines, to do a little fishing and nightclubbing. Al (I call him Tony) told me that every time he takes Barb fishing, she always gets the largest fish. Last year off the coast of Florida, Barb caught the only trophy fish on their boat, a nice large sailfish. Barb did a repeat on this at New Orleans. I think she is pretty lucky with a rod in her hands. Nice going Barb.

During the evening of July Fourth a few private party celebrations were being held on Hillside Terrace by some of the folks that couldn't get baby sitters for the evening. They were all swell parties and everyone had a nice time. One of the larger parties was held by Mr. and Mrs. Harold Warren on Dartmouth Drive who had 82 couples, friends and relatives for the event. Needless to say it was a great party and a huge success.

Mr. and Mrs. Ben Barkowitz celebrated their anniversary on July 2nd at their home with their families attending and carried the celebrating over to the 4th by having a real swell time at the block party.

Meet the new folks along Hollins Road: Albert Kralstein 17, F. H. Zarulian 18, Harold Mittel 21, James O'Brien 22, John Proies 25, John Quigley 29, Joseph Simon 33, Ray Yassn 37, J. Poitras 38, Daniel Donovan 41, Charles Clair 42, Harold Nelson 57, Morris Altman 58, Norman Duffy 61, Michael Sabanos 62, Gerard Beaudry 66.

Along Vasser Lane are John Weick 18, Joseph Posillico 14, and George Lhotan.

Along Froehlich Farm Road are Julie Chanin 73, Henry Goldman 69, and Hans Hiss 66.  
If anyone's names is spelled wrong it is all my fault and I would appreciate knowing about it, so don't hesitate to tell me. I am at 187 Dartmouth Drive.

## Queen Candidate

MARIE TEDESCO of 165 Haverford Rd. Hicksville, is the latest entry for the title of Baseball Queen of Hicksville. Votes are being cast by purchasers of tickets for Hicksville Night at Ebbets Field on July 22 with all Ballots due by Monday night, July 18, at the Herald office. The queen and two ladies in waiting will be honored at home plate ceremonies at about 8 o'clock on Hicksville Night. Pictures of the seven entrants are displayed at the Herald office next to the Post Office. Marie is a graduate of Bishop Memorial High School and is now employed at the Long Island National Bank of Hicksville.

## Jericho Student Wins Poetry Prize

Charles E. Mueller, son of Mr. and Mrs. Joseph Mueller of Burke Ave., Jericho, won second prize in the Catholic Daughter annual poetry contest. He received an award for his poem during the St. Ignatius School, Hicksville, commencement exercises held last month. Charles plans to enter his freshman year at Hicksville High School in the fall.

His prize-winning poem follows:  
**OMNIPOTENCE**  
Only a fool says there is no God.  
Look at the world—a wondrous sight;  
See the trees and flowers so bright.  
Watch the birds and animals play;  
See the children bright and gay.  
See the wonders of this earth;  
Watch a new day at its birth.  
And then—tell me not there is no God!

**Lighting Co. Dedicates Layout**

By MARY HAUGHEY

HICKSVILLE—A tour of the 60-acre plant of the new central operating headquarters of the L. I. Lighting Co. on old Country Rd. here highlighted the formal dedication ceremony held at the plant Wednesday morning, June 24. The installation represents an investment of five and a half million dollars.

The load dispatch room, dubbed by the employees as the "Hollywood Room", was the most interesting stop on the tour. About 80 Nassau and Suffolk Counties officials attended the ceremony in which County Executive A. Holly Patterson threw the switch to signal the official switch over of power to the new central head-

quarters. **HOLLYWOOD ROOM**  
 A large circular room built below the ground surface and reinforced with concrete against such emergencies such as an atomic attack is designed to permit one man to supervise the entire gas and electric system from Far Rockaway to the far eastern end of Long Island.

The circular wall is a huge diagram of the entire Long Island system with various colored lines circling the room to give a quick and accurate picture of the system to the men in this nerve center. Other multi-colored pins and caps on the lines indicate opened and closed lines and loads being handled by the lines. Requests to open or close, increase or decrease loads are made to this room by telephone from all sections of the island. Telephone messages into the center are recorded to eliminate error and in case of telephone failure each of the sleek, gray metal desks are equipped with two-way radios for continuous contact with the 156 cars in the field.

**KEEP WEATHER CHECK**  
 As the loads carried vary with climatic conditions and the seasons, the man at the control desk (see to the left, rear, in the accompanying picture) is provided with mechanical indications of conditions on the outside. The square boxes on the wall record the amount of light on the outside, weather conditions, temperature, the amount of electricity being sold to other utilities and other data.

A special kitchen stocked with non-perishable foods will enable

the men to remain on the job for several days at a time when necessary.

An undetected door cut into circular wall of the pale green room with its sound proof ceiling, rubberized flooring and muted sounds from the tiny two-way radios brings to life for the visitor, the very latest in science-fiction novels.

**GOT BEST IDEAS**

Errol W. Dobbler, president of the L. I. Lighting Co., gave the main address at the dedication ceremony held on one of the loading platforms of the plant. He said that representatives of the company travelled all over the country to study service installations of other utilities and to analyze their best features.

COME TO TEEN CANTEEN:

## Cabaret Night Was Real 'Wow'

By JUDY MAZAL  
Hi, everybody! Here we are again, and here's the lowdown on the highlights of this week's Teen Canteen doings.

Our Cabaret Night dance last Thursday chalked up another "wow" shindig for Teen Canteen. In this writer's PO, (and this is no "ball of yarn.") it was the biggest success of any turnout for teens in this area. And the Canteen is just starting to get under way. Dressed in their Sunday best, more than 300 teenagers came down to Levittown Hall for the

time of their lives and they had it.

M.C. for the evening was Eddie Hulahan, and a fine one, too. Our boy Eddie also awarded the door prizes to the guys and dolls with the lucky entrance numbers. Steve Goldsmith went home happy with a set of gold (?) cuff links and the clasp and you can be sure Lois Lane will smell sweet from now on. Her prize was a bottle of perfume.

The floor show was really tops. Aided and abetted by the helping hands of Mrs. O'Connor at the

piano, the teenagers wowed the Canteen audience. Peg O'Connor's wonderful tap-dancing brought cheers and so did pretty Jeanie Campese's cool waltzing. Jeanie sang "Embraceable You" and "Have Eyes For You" and every guy there was willing to swear she meant him. Tony Genovese gave us some nice listening with his crazy trumpet and Edie McDowell brought Hawaii closer with her swaying hula. The dancing costumes of Blanche Ambrosino and Chuck Estabrook, who did a magnificent rumba duet, provided one of the highspots of an evening that jampacked with them.

Harriet Mesele enchanted us with her vocals while Irene Ribasucci made like Frank Sinatra with "The Song From Moulin Rouge". All of these kids rated the raves they got.

When it came to refreshments, we had sandwiches, sandwiches and more sandwiches, while cokes were served to the tune "How Dry I Am." Although the kids seemed to love the idea of night club style entertainment and of sitting at the tables scattered around the dance floor, nobody sat still when the music went round. Maybe that was because the music was so varied. We heard and did everything from a slow fox-trot to a fast lindy.

Orchids for the dance should go to Teen Canteen directors but we'd like to send special thanks to Al Frost, Eddie Hulahan, Mrs. Orton and Mrs. Censer for their work. And thanks too to St. Ignatius Church for providing us with the tables.

While we're handing out verbal orchids we might note that a real one went to Mrs. Elvira Vita from Teen Canteen for her splendid float in the Festival parade on work in preparing the Canteen the Fourth. Decorated in blue and gold, the float was preceded by banners proclaiming "Here it comes—Your Teen Canteen." The float itself was a replica of teen dances at the Hall and showed three couples dancing while some of the kids sat sipping cokes at the bar. Al Frost of April Lane deserves special mention for taking a day off from work to drive the teen's float and his wife gets our kudos for making 66 cupcakes for the kids who showed up to parade behind it.

Sunrise Lumber loaned us the truck and donated the lumber for all the banners. Some of the kids who worked hardest to get the Teen Canteen represented in the Festival were Barbara, Pat, and Loretta Pearsall, Joan Simonetta, Terry Celentano, Mary Ann and Peter Vita, Al and Lois Frost, Michael Warfield, Junior Broughton, Annette Di Amato, Joan Longaro, Julia O'Leary, Bette Ann Censer and Jackie Reider. All of the kids felt that the judges made a big mistake in not giving us the prize but our theme song, like the Dodgers, is "Wait till next year."

But if you want to know what's happening this year, read the Teen Canteen column next week and we'll give you some more inside info on Canteen doings. Remember, our next dance is Thursday, July 8, at Levittown Hall. It'll be a juke box affair so you can pick your own music.

Hop into your warmest glad rags and hotfoot it down. And don't forget Canteen meetings on Mondays. We'll expect to see you there soon.

## IF YOU READ 'THE BOOK' 'Split' Was Not Really

SPECIAL TO HERALD  
Residents of South Hicksville were assured by the anti Home Rule committee this week, that they have not been made part of "Levittown". According to the committee's long promised and finally delivered pamphlet, the name of the new district is the "Oyster Bay-Hempstead Joint Community Hall and Swimming Pool District" and as such is filed away in the archives.

The fact that the whole area and its people are now designated by such sources as the Hempstead Township Park District as "Levittown residents" based on the one district boundaries is not explained. The booklet also informed the co-

munity that there has been no "split" of Hicksville and no portion of it has been annexed to Levittown.

The referendum, sponsored by Oyster Bay Town Band supervised by several councilmen, advertised by the Town Board, publicized by the leaflets distributed throughout the area, and tabulated by voting machines, all at taxpayers expense is given no more weight than the petitions, letters, phone calls and testimony by the Massapequa Band.

In the opinion of the "fact finding committee" the joint district was the only "reasonable, fair, and economical solution". That expression of opinion will be considered when weighing other statements on the booklet.

The "committee" protests that the existing form of town government safeguards the best interests of the taxpayers and in the next gasp justifies the joint district decision because those who opposed it did not take the matter to court. The prospect of burdening taxpayers with the back breaking cost of legal action does not seem to arouse any sympathy in the anti-Home Rule group, who protest on all the other pages their consideration for the home-owners' purse.

## Boycott for GOP

To the Editor:  
Now that the Republican Party have shown the people of Hicksville and Nassau County that the vote of majority means nothing to them, please campaign for a boycott of the Republican Party. Mr. Burns is now named for a local Post voted for the infamous split of Hicksville.

It is "time for a change".

## The SENTINEL

### Deadline Draws Near

The deadline for submitting the home rule petition to the Oyster Bay Town Board is drawing very near. About 6000 property owners have already signed their approval of placing the question of home rule for Hicksville before the Voters. The initial step of the campaign to make Hicksville is virtually complete.

### Many Levitt Home Owners Sign

More than three quarters of the owners of Levitt homes who were approached approved the idea of a referendum on incorporation. Many were very enthusiastic, many signed without hesitation, and some signed because they believed that such an important public question should be decided by public vote.

### Still Time To Sign

If you are among those who haven't signed yet for any reason, there is still time to do so. But not much time! Do it now! Drop in at the Herald office at 98 North Broadway, next to the Post Office. Or call Hicksville 3-1401 and say you want to sign. A volunteer worker will call at your home.

Although about 200 volunteer workers have been obtaining signatures for the past 60 days, it is almost impossible to reach each property owner. Perhaps you are one of those who have not yet been approached. If you are and you believe in the democratic process, by all means come and give your approval to a public referendum on home rule for Hicksville. Your signature is needed just as much as your neighbors was.

### Mayor Says 'Incorporation Is Good'

At the dinner of the Hicksville Civic and Community Assoc. last week, Mayor Walter D. Lawrence of Floral Park officiated at the installation of the new officers. In conversation with him, he told us that his many years of experience proves to him that the "best government for a community is provided by incorporation." He said that only by having local people who are vitally interested in the well being of their own immediate communities, can the community progress the way it should.

We were very glad to have the word of an experienced official of an incorporated village say this. He checked from a very practical viewpoint what we, and many others in Hicksville, believe about local government versus remote control government.

### Swimming Instructions

We are indeed very fortunate in having Red Cross instructors available to conduct swimming classes for our youngsters. And some not so young. If we can judge by the success of these classes last year, parents would be well advised to have their children enroll and to see to it that they attend classes throughout the summer. With these Red Cross swimming classes so convenient it would be almost inexcusable to permit any child to grow up without being a capable swimmer. Children may be enrolled at either the West Village Green pool or the Parkway pools. The lessons are given at no charge.

The swimming classes given by the Red Cross are one of the many services performed by them throughout the year. They are given without charge and are supported by the contributions made to the Red Cross by the public.

### Summer Playgrounds

The summer playground program conducted by the Hicksville schools got under way very auspiciously last week. The attendance was so great that the staff had to be increased.

The children attending range in age from 4 1/2 to 12 years. They engage in a variety of handicrafts and games, both indoors and out. The hours are from nine o'clock to noon each morning from Monday to Friday. In this area the programs are being held at the Fork Lane School, the Dutch Lane School, the Old Country Road School, and the Lee Avenue School.

### New School Year Starts

A new year for the School Board has just started. Two new members, Richard G. School and Arthur L. Ehrlich, took their places at the organization meeting on Tuesday night. The members have a big year ahead of them. School population continues to increase as was predicted in the Columbia University survey of our school problems. New facilities in the elementary grades will undoubtedly be needed. Work on the new high school will take up many hours of the Board's time. They will have their hands full.

### Stop Street Signs

We can't help but notice a certain inconsistency in the stop street signs on some of our highways. A full stop is required of all cars entering Jerusalem Ave. from Spindle Road because of the stop sign located at that intersection. However, at other streets, such as Summer Lane and Walnut Lane, drivers are permitted to drive right into Jerusalem. The same condition exists on Newbridge Road. A stop sign is supposed to stop all cars before they enter Newbridge Rd. from Dutch Lane.

However, cars may enter without stopping at Ball Park Lane, and Barter Lane, only a block on either side of Dutch Lane. We can't help but wonder the highway department thinks if a different degree of care is necessary in entering busy highways from different intersecting streets. We hope they will show a little more consistency in indicating potentially dangerous intersections.

### Speeders In Our Streets

We all probably see a bit of humor, a bit doubtful sometimes in the way many of the speed limit signs are changed by youthful hands from 35 miles per hour to 55 or 135 miles per hour. That is, all except the police department and the highway department.

On the serious side, however, there are too many drivers who seem to consider our residential streets on a par with the Indianapolis speedway. It is not uncommon to see cars moving well in excess of what common sense says is plenty fast. Many cars go 40 miles an hour and even faster, and at a time when children are playing on the sidewalks and frequently in the street. Some people should have their heads examined! They should be made to see what an auto can do to a human body!

**Polio Season**

By Joseph A. LePencer, M.D., Hicksville

In last week's Herald (July 2, 1953) we discussed certain interesting facts and general aspects of infantile paralysis (Polio). Today we would like to tell you something about first symptoms, treatment, after-care and prevention of this still mysterious and unpredictable disease.

After an incubation period of three to 20 days, the first symptoms may be very mild or very violent; but the degree of these symptoms does not forecast the further course of the disease. A mild case in the beginning may lead to a severe course and paralysis later, and severe symptoms may disappear and the disease may be over soon without any consequences. The first symptoms may be very vague and just the same as in the first stages of many other diseases starting with slight or high fever, headaches, drowsiness, or restlessness or irritability, nausea, vomiting, abdominal pain, diarrhea or constipation, sore throat and cough; sometimes there are localized pain and tenderness in some muscle groups, especially in the legs or neck, sometimes even convulsions. After one to twelve days the so-called third phase of "Polio" may begin with: tremors, twitching of muscles, inability to walk and so on.

This variety of symptoms and their vagueness should in the polio season warn parents not to make their own diagnosis; it is only a cold or upset stomach "and" treat "their children with aspirin for days, but otherwise not to get alarmed and consider every sore throat or muscle ache as a polio. Let rather your doctor make the diagnosis even when you have "studied" several "doctor books". Polio is an unpredictable disease. Mild cases at onset may result in death within 24 hours, severe cases even with marked involvement of the nervous system may go on to complete recovery. The mortality rate varies between 3 and 15 percent of the cases permanent paralysis occurs in about 25 percent. There are two forms of polio, the spinal form affecting the muscles of the neck, chest, abdomen and extremities, and the bulbar form involving the brain nerves, the respiratory and circulatory centers.

There is no specific treatment for polio as yet, but it is possible to protect the immediate family contact members by injections of "Gamma Globulin"—fractions of blood—for about 1-2 weeks. Because of the shortage of GG your doctor can get this GG from the Health Department only for family members under 30 years of age and pregnant women. Antibiotics as penicillin, terramycin etc. are of no value in the treatment of polio except in complication due to other germs. After the acute stage early starting and long, untiring physio-therapeutic treatment may yield excellent end-results.

Most important general preventive measures are: Keep your house clean from flies, bugs etc. Prevent your kids from getting chilled, from violent exercises and overfatigue; keep them away from large crowds on beaches and playgrounds and from crowded closed-in places like "birthday" parties during the peak of the polio season.

One cheerful note: A new vaccine against three strains of polio, invented by Dr. Salk, Pittsburg University, is being tried out in mass experiments to immunize people against the disease; the preliminary results are very promising. Perhaps in 10 years from now epidemics of polio will be a thing of the past.

**How's Your Index Finger, Humm?**

By BUNNY LAUER  
Hicksville 4-4213

Please note my new phone number. How's your index finger? Mine is just about broken from dialing. Guess I'm just plain lousy, but I did enjoy the operator service much better than the dial system.

Mrs. Helen Romano of Lee Ave. is home after a visit with her son and daughter-in-law, Mr. and Mrs. John Kelly, of Middletown, N. Y. The Teubners of Lee Ave. attended a joint birthday party in honor of Judy's aunt, Margaret Wheeler, and cousin, Edward Strickland, at

the Charles Teubner home in Mineola. They are also busy getting Judy ready for an auto trip to Maine where she will vacation for two weeks.

Lots of luck to Laura and Becca Giovannelli of 176 Lee Ave. with their new two-tone Chevrolet. The neighborhood is just parking with nice, new shined cars. . . It's a boy for Marge and Joe Gangi of 18 Lee Ave. Young Guy Williams weighed in at 7 pounds and 8 ounces. Thanks to Oscar Lauer, baby Guy, was born at the New Brunswick Hospital. Oscar thinks Marge should have named the baby Nash for the car sure got them there in a hurry and none too soon. The Gangi's have another son, Joe, Jr. . .

The Louis Sullos of 171 Lee Ave. had a wonderful turkey dinner at their home recently in honor of Louis' graduation from Hicksville High School. His escort at the graduation was Fred Fryer. His sister, Joan, also took part in the ceremony as escort for Terry Gise. Joan would like to thank Mrs. Harry Woods for her lovely gown. Guests at the dinner were Mr. and Mrs. Bogdan of the Bronx, Mr. and Mrs. Vitale and daughter, Diane of Westbury, and Mrs. Romano of Hicksville.

My son, Paul is quite proud of the letter from Lee Ave School addressed to him personally to inform him of the hours he will attend kindergarten this fall. It's nice to have "the extra little touches. It would have been easier for the office to send just a form letter to the parents but instead each child received his own letter.

# Now Is Time to Use Our Library

By GENE MALJMAN

Now that the ladies have the children full-time, let's see how well they can compete with the teachers to draw up a full program for entertainment and education during the summer vacation. May and I have decided not to be apathetic about the matter, altho it would be just as easy to let Dolores enjoy herself as she would on her own resources. We would have done so, no doubt, but after talking to her teacher, we were informed that a child does forget much of her learning during this pause, causing him to find the new year much of a hardship.

A suggestion for averting this condition would be to drive over to the public library each week to borrow a few books that fit in the child's curriculum, and go over them together. Many children become bored in the summer because their day isn't as planned as before. Entertainment is available for them in many ways. The library has a reading hour on Tuesdays for children who can read, and on the same day the children who cannot read have a story hour.

Since the children in the Levitt homes have the convenience of the pools to learn swimming, and our own have nothing as convenient, I have inquired as to what facilities we have for swimming training. Since we received several phone calls about this, I know there are many families desiring this information. The Red Cross-throughout the country have courses in swim-

ming and life saving, available at the beaches in our area. There is a report on this on page 15 in the Herald today.

Those of you who would like to get together and travel to one of these beaches, phone us and we will be able to arrange a group and make an outing of it.

Marion Michaels missed the last meeting of the Garden Club. When asked why, she replied that she had a visitor. It was none other than the stork. It was a boy, Marion is a Woodbury Manoria.

Donna Lombardi was a birthday girl this week, attaining the age of five. Her party was a real bang-out affair with plenty of ice cream, candy and food, and films were shown. Attending were: Jean Correy, Candice Karos, Charles Van De Marlen, John Morrison, Joanna Logenfa, Vincent Logenfa, Patricia Weiry, Kathleen Kern, and Melinaude Kanno.

The Cerebral Palsy Drive was a big success in Woodbury Gardens. Over \$110 collected to date and more promised. Collecting were: Ann O'Sullivan, Briggs St., Kathy Joost, Washington Ave., Neddie Doran, Washington Ave., Mrs. J. Martin, Vincent Rd., Irene Nankeville, Briggs St., Loretta Barry, Briggs St., Lilly Cuppola, Fulton Ave., Rosalyn Cuppola, Fulton Ave., and Rose McGee, Briggs St.

Margie Gibaldi, of 132 Wilfred Blvd., suggests a pizza pie recipe: She uses a package of hot roll mix which saves much time in preparation. Prepare your dough as per di-

rections on package. Divide dough and roll out with rolling pin very thin. Use 9 or 10" pie tins. Cover pie tins with oil. Place dough on pans (4 pans) Press with fingertips firmly along bottom of pans. Cover dough with slices of mozzarella cheese. Pour 1/2 c Italian canned tomatoes to each pan, according to taste. Grate Parmesan cheese lightly over top. Sprinkle 1/8 t oregano over each, 1/3 t salt over each, 1/8 t pepper over each. Brush tops with olive oil. Varieties of this pie include mushrooms, anchovies, salami or Italian sausage. Place in oven immediately at 450 degrees F. for 15 or 20 minutes. Serve hot.

George and Sally Beech and daughter, Evelyn, are visiting the Learys of Ketcham Ave. from N. Y. C. George thought the blasts of the fire horns with it's rushing vamps quite picturesque.

Folks around Hillside Terrace are still talking about their Fourth of July Celebration. The dance was one that will be long remembered, with music supplied by Mr. Camalozzi with his home-built phonograph and sound system. His collection of records offered no repeats because of its magnitude.

Hank Goldman of Froelich Farm Rd., excelled as a dancer of the 4th degree. The gals wished their hobbies could do almost as well. His wife Mary and son Rudy made a wonderful dancing couple. Rudy is on leave from the Navy.

**Chlumsky Gives Kiwanis Report**

JERICHO — Councilman Frank Chlumsky gave a report on the International Kiwanis convention he recently attended in N.Y.C. at a regular meeting of the Hicksville Kiwanis Club held Wednesday at the Milleridge Inn here. He said that the attendance was the largest ever recorded and all were inspired with the work of Kiwanis.

Dr. Charles Masek reported that 21 youngsters were sent to Camp Kiwanis as guests of the Hicksville Club. Dr. Masek expressed his thanks to his committee for their work on the camp project.

Hicksville Kiwanis will visit the Bethpage Kiwanis Club for a luncheon meeting Tuesday, July 14, at Anselmi's.

is a symbol of the magnitude of Long Island's growth," he said. "It is the nerve center of our electric operating department. There is centralized here, the personnel responsible for the generation, transmission and distribution of electricity. This is the location where emergency calls are received for a large part of our service area; 182 construction and maintenance crews leave here each day for work, there is a central warehouse here, central shops for the repair of large and small pieces of substation equipment, a meter repair and test shop and a modern shop for the repair of automotive equipment."

Doebler added that the company is thinking of housing the administration building on the site here as well as more service buildings in its future plans.

Doebler expressed his appreciation to Henry G. Eisemann, president of the Bank of Hicksville, for his efforts to get the Lighting Co. to locate in Hicksville and the Town Board, county officials, engineers, architects and contractors.

A three-room suite handles customer calls, plans service restoration and directs service and emergency crews through the two-way radio system.

A helicopter is included in the equipment housed here and is used to patrol the 800 miles of lines and for emergencies.

**Local Children Won Saturday**

Susan Marley, daughter of Mr. and Mrs. John J. Marley of 45 Rover Lane, Hicksville, won first prize in the baby parade at the Levittown Festival, Saturday. She rode in a replica of Queen Elizabeth's coronation coach along with costumed livery men and attendants.

Kathleen and Patricia Hodgkinson, twin daughters of Mr. and Mrs. John F. Hodgkinson of 20 April Lane, won second prize in the carriage division with an exhibit of "Dance, Ballerina, Dance". They also won the prize for being the best twins in the baby parade.

Don and Vickie Hamilton, children of Mr. and Mrs. William H. Hamilton of 7 Petal Lane won the prize for the most patriotic exhibit in the parade.

John Studer, son of Mr. and Mrs. Hal A. Studer of 6 Petal Lane, won second prize in the older child division.

PFC. WILLIAM J. LENT of 32 McKinley Ave., Hicksville, serving with the First Marine Division in Korea has returned to duty after five days rest in Japan.

From Camp Fischer at Kyoto, he travelled more than 200 miles to spend two days with William D. Prohinsie CTS of 174 Plainview Rd., Hicksville, who is stationed at the Naval base in Kamisaya. After a good night's rest, they went sight-seeing in Tokyo and Yokohama. Pfc. Lent hopes to be home before the winter and Prohinsie has nine months more to serve overseas.

ALLEN SHEPHERD, aviation ordnance man airman USN, son of Mrs. William J. Smith of 145 Lee Ave., Hicksville, arrived in San Diego, Calif., on June 25 aboard the attack aircraft carrier USS Valley Forge after seven months of combat duty in Korean waters. Planes from the Carrier Valley Forge carried out daily bombing and strafing missions over North Korea. While operating with fast carrier Task Force 77 off the eastern coast of Korea, attacking aircraft from the Valley Forge concentrated on supplies, troops, bridges and military installations near front line positions.

CHARLES YEAGER, JR. of 32 Hawthorne St., Hicksville, was recently promoted to private first class while serving with the 7th Army in Germany. A radar operator in Battery C of the 25th Gun Battalion, he entered the Army in

April 1952 and received basic training at Fort Bliss, Tex. In civilian life he was employed by Yeager's Contracting Co.

Staff Sgt. PAUL G. HAMELIN of 28 W. Marie St., Hicksville, is now stationed at the Naval Gun Factory in Washington, DC with the Armed Services Police. He recently returned from two years in Japan and Hawaii.

## Central Pays \$92,091 Dividend; Opens 2nd Office in Hicksville

More than 8,500 depositors in the Central Federal Savings and Loan Association of Nassau County, which on Monday opened a second office at 250 South Broadway, Hicksville, reaped a \$92,091, 32 harvest as the result of the 17-year-old institution's 33rd consecutive dividend, Vance Carnahan, executive vice president, announced yesterday.

The dividend, which represented Central Federal's distribution for the first six months of 1953, was the largest in the mutual organization's history, Carnahan said. Central Federal also added \$72,256.11 to its reserves.

Shareholders received 2 1/2 percent on their deposits and Central Federal will continue to pay that same rate for the second half of 1953, he declared. Central Federal, organized to serve Long Beach and surrounding communities in 1937, is the only savings institution in either Long Beach or Hicksville to pay 2 1/2 percent. The Long Beach office is at 101 West Park Ave.

Carnahan said Central Federal had \$10,118,673.97 in assets as of June 30 and reserves of \$564,705.49. The latest melon brought Central Federal's unbroken string of semi-annual dividends to a total of \$802,020.05.

"Central Federal is healthier than it has ever been," Carnahan

**NORTH WEST NOTES:**

**Official Views and Otherwise**

By JAMES CUMMINGS

As this column moves into its 3rd year of publication, I would like to take this opportunity to state a few facts to my readers, namely, that this column — although not the official column of the Civic Assoc. — has presented weekly numerous comments pertaining to the various problems in our section.

The views and comments expressed are for the general information of all the residents in North West Hickville and will continue in that manner. Recently official release of the Civic Assoc appeared in the HERALD under the sanction of the Executive Board. One of these releases was questioned by the membership at the last monthly meeting and at that time a majority of the members present voted to discontinue with these official releases. As a result members will be notified by bulletin only of official news of the Association. The monthly bulletin also remarked that and I quote, "It should be

pointed out that the views expressed in the North West Notes column of the Herald are the opinions of the reporter and are not to be reflected as the views of the North West Civic Association". As I have stated, this column has never been the official spokesman for the Association, but has endeavored to present all the news to residents, members or not.

I would like to point out that the views of President and Executive Board of this or any other association are not necessarily the views of the majority of a membership. Readers will remember my column of March, 1952 titled, "Successful Organization Formula", which is on file at the HERALD, please be guided accordingly. I hope that this will clear any doubts regarding this column or the comments therein.

Beach Gestapo Squelch Botto Protest

We indicated when the Jones Beach Softball League first started that seashore officials had put out a very wet and soggy welcome mat for the Botto Brothers team.

They have now jerked it completely out from under them!

In Botto's first game the locals assumed an 8-2 lead in a driving downpour at the end of five innings. In the sixth, the rain became a deluge and one umpire wanted to call it, but the other mixed the plea with a statement that the score was too close.

Since when is an umpire supposed to be concerned with the score?

The game ended in the last of the sixth as Friendly Stop pushed over five runs on seven consecutive walks. It was impossible to pitch a strike to the last four hitters.

The Hicksville crew was supposed to be happy that the umpire called the ball game when the score was tied 8-8. The Stop had three men on and one out when the umpires decided a tie was satisfactory to the beach monarchy.

The news over the weekend was even more startling. Taken from the books was Botto's 2-1 win over Tobin Fur's which was protested by the latter.

With runners on second and third for the Fur team, catcher Brian Masterson attempted to pick the runner off third. The play missed and the runner broke for home. The throw to catch him struck him in the head and bounded into the dugout.

The umpires waved the runner from second to third and rejected the Tobin plea for him to score on the grounds that he never attempted to go to third on the play.

It was explained then that a ball going into the dugout entitled a runner to move up only one base.

That evidently was changed in the conference room.

In the big game with Roy Stephenson, detailed elsewhere, a ball thrown into the dugout came out the other side without touching anything and the umpires ruled it in play.

George Fowler walking down from second to take third on the one base on a ball in the dugout rule was tagged out. The ball has gone into the dugout many times before and it has always been called a dead ball immediately upon entrance.

The eventual course of the ball was never before taken into consideration regardless of what it did or did not do.

The Mid-Island Herald contacted the Special Events Division of the Long Island State Park Commission early in the week and was told the Botto protest was without foundation since the games chairman assured that office that the ground rules covered the play.

Which may well be. But what are the ground rules? Certainly the seashore loop is out of reach of rule juggling charges since it isn't a matter of record what the rules are.

There is always a constant bickering by team members over them and each time such a case comes up there is a long delay as the officials try to get it cleared up.

If the rules were down in Black and White, the disposition of such cases would be known to all contending teams and the operation of the league would be considerably smoother.

The Botto-Neon game was Friday night. Before the Saturday and Sunday doubleheaders the umpires took great pains to instruct the respective team managers that a ball behaving as it did in the Botto game was still in play. They were explicit.

Why?

If that was the rule all year why should there be any need to underscore it?

Beach officials could clear the air of its cloak and dagger business in the stadium if they wanted to, but perhaps they enjoy their Gestapo role and the influence of the unwritten rule.

Stephenson Stops Botto Bros. 1-0

JONES BEACH—Roy Stephenson cooled off Botto Brothers, 1-0, here in the Stadium over the week-end in a hot and dramatic contest. The win vaulted Long Island Neon over the losers into second place in this seashore loop as one bad inning cost Bill Bordiuk his fourth 1-0 loss to the former Grumman great.

Bordiuk only gave up three hits, two walks and hit one batter. That hit batter followed by a walk set up the Neon run as a clothesline single to center got the marker over in the fourth inning.

Botto picked up seven hits in its scramble to get even before 2,100 fans but failed to pick up its head or its feet at appropriate times.

Second Inning Dispute

In the second inning, George Fowler singled, sharply and was moved to second on a bunt. An ensuing fly was caught in leftfield and the throw to the infield skipped into the Hicksville dugout and bounced out the other end.

Manager Bernie McGunnigle in the third base coach's box motioned Fowler to take third since under the ground rules a ball going into the dugout entitled the runner to an extra base.

The rule always called for an immediate dead ball. However, when the ball bounced out the catcher threw to third and a tag was put on Fowler.

He was called "out". McGunnigle immediately protested to the head umpire and even went into the announcer's office to file it.

However, the crowd was unaware of the action since the beach officials do not announce that a grievance has been filed against their authority.

The shortstop errored the next ball and Botto would have had a run.

Chances

The losers had many chances to score but could not produce. In the fifth Jim Barone singled, moved up on a passed ball and went to third as Ken Sommers outran his second in-field hit.

With two out Sommers was supposed to steal second but a signal was missed and Botto failed to force the issue at that point.

It went to a dramatic finish in the seventh.

With two down Bordiuk singled to right, Walt Ivie was sent into run for him and Mel Voorhies was called from the bench to hit.

Voorhies delivered a good hit to left field, Ivie kept right on coming around second and the leftfielder fired to third.

It wasn't a good play all the way around and the out sign flashed up to end the contest.

Half the crowd protested and the other half just pondered the wisdom of it.

Trio from PBC Going on TV

Three boys from the Hicksville Police Boys Club will represent the club at the Happy Felton Knott hole television show from Ebbett's Field, Brooklyn, Wednesday, July 22.

Tommy Reilly of the Cards, Pete Siskinger of the Lions and Al Rife of the Aces will appear on the television show which will precede the Dodger game.

Hicksville fans will be seated in a Gate A section of the stadium and a Hicksville Baseball Queen will be crowned in ceremonies before the game.

Enos Drives 'Em

HORNELL, NEW YORK -- Hicksville High's Pat Enos slapped a 353-foot grand slam 'home run' here, Sunday, to lead the home club to an 11-10 Pony League victory over Hamilton.

The blow climaxed the first week in organized baseball for the recent HHS grad who signed into the Brooklyn Dodger chain after considering a number of offers from other major league clubs to enter their farm systems.

Enos hit a .270 pace for the first six games and continued his practice of hitting with men on as he did in high school. He is already credited with 10 runs batted in six games.
