Tarrytown Gives Notice Of Tax Fund Shortages

HICKSVILLE—The expensive news of tax escrow deficits went to Levittown home owners last week as letters from the Tarrytown Trust, as mortgage holder, gave notice of deficiencies ranging from \$25 to \$80 or more. Home owners of the Levitt section who started a couple of years ago with monthly payments, including taxes of \$56 are now being notified of changes increasing to \$64 a month.

A spokesman for Tarrytown Trust told a homeowner who inquired that the bank could not estimate what new increases in payments would be required in the next 12 months to meet climbing taxes and appeared to have no knowledge of a forthcoming new tax charge, scheduled to begin after Jan. 1, covering the so-called Joint Levittown Hall and Pool District when it becomes an official taxing unit.

Property owners were advised they could work out payment of deficits in their tax escrow accounts in the form of monthly installments, ranging from a \$1 to \$4 a month more.

Change Date For Blood Donors

BETHPAGE—The date of the Blood Bank session has been changed from Aug. 14 to this Friday, Aug. 7, according to Cliff Daley, chairman. All blood donated will be for the use of Bethpage residents only.

A mobile Blood Bank set up will be at the Legion Hall on Friday from 7 to 9 P.M. Chairman Daley said he needs at least 25 donors to make the project a success. No appointments are needed.

New GOP Club To Elect In Fall

PLAINVIEW—A nominating committee to present a slate of officers for a fall election will be appointed at the next meeting of the Republican Club, it was announced as the new group here on July 30 held in the firehouse.

About 66 attended the meeting, Thursday night, which was a social affair. Regular meetings will be held on the third Wednesday of every month in the firehouse.

Zoning Change For Landia

OYSTER BAY—A revision of the Building Zone ordinance to permit construction on 197 acres in Jericho will be considered by the Town Board at a public hearing in the Courtroom of Town Hall here next Tuesday, Aug. 11, at 10 A.M.

The property is located south of Jericho Pike, in the vicinity of Hicksville-Jericho Rd. (map of Landia). The request for relief to build on the plots will be made by George Gross, Alfred Gross and Lawrence Morton.

Post Office Seeks Bids For Plainview Branch

PLAINVIEW—A branch of the Hicksville Post Office will be established here to provide more service for this fast-growing community, it was announced yesterday (Monday).

Bids to furnish suitable quarters for a post office will be received by the Post Office Inspector P. J. McNeil, Room 238 Post Office Building, 88-40 164 St., Jamaica 31, N. Y., until Aug. 31. The lease will be for a five or ten year term and about 2,500 square feet of space is desired, according to Postmaster William G. Mollitor.

A diagram of the rooms offered, showing the inside dimensions, doors, windows etc. and adjoining ground for driveways or parking areas must be submitted with the bid. A reasonably central location, good daylight and accessibility to the rear or side entrance for the mails is sought.

Levittown Post Office was first established as a branch of the Hicksville Post Office. On July 1, 1952, it was discontinued as a branch and established as the Levittown Post Office.

OYSTER BAY—The first official step toward accomplishing home rule for Hicksville thru the creation of a first class village with locally elected officials was taken Friday morning, July 31, as the proposition and petition was filed with the Township Supervisor. Twelve members of the volunteer committee led by Chairman Lawrence A. Roman were present at the Town Hall, here, as the documents and plea for a vote on the question were accepted by Deputy Supervisor Lewis N. Waters.

The Supervisor has 20 days in which to give notice that the proposition has been received. At the same time a public hearing will be set not less than 20 or more than 30 days later upon the petition. The hearing is expected to take place in Hicksville, probably at a local school building.

HEARING NEXT MONTH

If Supervisor Charles E. Ransom takes the full 20 days before acting, the hearing is anticipated between Sept. 8 and 18, according to Roman, chairman of the Home Rule Committee.

A receipt was given by Waters for the following documents, Friday:

1. Formal proposition for the incorporation of the 6.5 square mile area of Hicksville School District as a village. Document consists of eight pages and nearly 200 signatures. The minimum required is 50 signatures of resident property owners.

2. The "consent" or petition consisting of 691 pages bound into four volumes and signed by 6,242 property owners. They represent a total assessed valuation of \$13,092,833. Required for the petition was one-third of the total value of the school district, or \$12,508,509. The petition, which represents the bulk of the effort in recent months, thus contains about a half million dollars more than the minimum.

3. A bulky list of all the inhabitants of the area of the school district, containing in excess of 25,000 names.

4. Certified check in the sum of \$100, as the law specifies and requires.

5. Map of the area of the proposed village boundaries.

6. Statement from the Department of Assessment, County of Nassau, showing the total assessed valuation of the school district as of the date of the petition and position as \$37,535,768.

The filling of the papers marked the conclusion of the first step toward creation of one of the largest villages in Nassau County. The (Continued on Page 6)

SCHOOL TAX RATE \$3.14

Assessed Value Up \$11 Million

HICKSVILLE—The new school district tax rate for this district will be \$3.14 per \$100 of assessed valuation, or an increase of 53 cents per \$100 over the \$2.61 rate for 1952-53. The Board of Education disclosed yesterday. The rate is below estimates by the Board disclosed prior to the annual meeting in May. The forecast had been \$3.19 to \$3.67, depending upon the new assessment.

The new assessment for the district, announced yesterday, is \$49,203,793 compared with the 1952-53 valuation of \$38,320,403 or an increase of over \$11 million. New home building plus industrial construction, including about \$2 1/2 million for the Long Island Lighting Co. installation here, were responsible for the leap in assessable property.

WHAT RATE MEANS

For the owner of a house and property assessed for \$4,000, the

new tax rate will mean an increase in school taxes for the coming year of \$21.20. His bill of \$104.40 for last year will increase to \$125.60. The new \$3.14 rate is expected to compare very favorable with rates in adjacent districts where large scale school construction is also underway.

The School Board last Wednesday afternoon, July 29, sold a million-dollar bond issue, previously authorized by voters, upon the Woodland Ave. Elementary School now under construction. The successful bidders, combined, were (Continued on Page 6)

CENTER CIVIC COMMENTS:

Born Out Of CD Controversy

By GEORGE McCARTHY

We of the Center Civic Assoc. want to clear up a lot of things, so we will start by introducing ourselves and our organization. As you know, this association was born out of a Civil Defense controversy, and it will strive to serve the community in every possible way to protect the taxpayer and his hard-earned tax dollar from any kind of mismanagement, be it local, town, county, or national.

We have elected Thomas Cullen as President of our association. He served for three years as Chief of C.D. Auxiliary Police, and later as assistant director of Unit 312 of Civil Defense. H. Stecker, our vice-

president, has served as a Lieutenant in auxiliary police for three years. C. Ward, another three year auxiliary policeman, is our secretary and R. Horning, an old time CD worker in Hicksville, is our treasurer. As for myself, I am in charge of public relations and served CD for over two years.

I point out the length of service of our officers to show that we have served CD in the past and are still anxious to help in the future, but only under competent leadership.

Our membership is now comprised of longtime CD workers, but is open for all civic-minded people.

The first move was to form this association and our first fight is for better direction in both local and county Civil Defense. We will in the future, make certain changes, ask certain questions, and demand their public answers in this column. As taxpayers we can demand these answers.

We want the public to know what is going on, and will do our best to keep you informed. Did you know that there were only ten air-raid wardens on duty during the last CD test of all of Hicksville and Plainview? Do you know how many people serve Hicksville and Plainview as CD workers? It's

really a sad thing, yet have you ever heard of recent moves for volunteers to help CD with only ten wardens and about fifty auxiliary patrolmen active in the last CD test? Ryan still says "fine job". Who's kidding who?

Chief Goff of auxiliary police says his outfit is still in good shape after the walkout. He lost four lieutenants, out of six, four sergeants out of seven, and at least twenty of his most active patrolmen.

In next week's column I will publish the charges made on July 7, 1963, when we demanded that Eginton resign or our resignation be accepted. See you then.

FLASH

It seems that even Eginton's hand-picked men won't stick with him. Two Plainview leaders who he appointed recently have resigned and are now serving as auxiliary patrolmen. Well, Well, Well!

**Dear Jean:**

Thirty-some volunteers were present Thursday night for ladder training at the Hicksville Fire Dept. The biggest concern in the hook and ladder class to fire, was raised to the roof by the Hicksville St. School district. G. Hill, HURT MAILER, declined an invitation to demonstrate this new life net with a leap from the school roof.

STANLEY MURKIN, former president of the Hicksville Civic and Community Association, was one of the first volunteers to cover his assault net with the Home Rule petition drive and exhibited just a shade less than 100 per cent support in his neighborhood, was one of the most delighted persons when it became known that the petition had gone to the Township Supervisor. "I am certainly glad to see that we have that petition filed. It was a big job, but the people want local government and a chance to vote on this question", he said. . . There will be a big tournament in Floral Park this Saturday, Aug. 8, for volunteer firemen. A unique but traditional arrangement for this event is the fact that the parade is held at night starting at 6:30 P.M. Hicksville will be in the first division. Contests are in the afternoon. . . Congratulations to Plainview firemen for a wonderful firework show, Saturday night, celebrating their new firehouse addition dedication. . . Don't expect much will be heard about the home rule petition until Aug. 10 when Supervisor RANSOM is expected back in the office from his vacation. He has 20 days in which to act upon the plea. . .

A Job Well Done

The petition requesting a referendum or vote of resident property owners of incorporation of Hicksville as a village was submitted to the Oyster Bay Town Board on Friday morning. The massive document contained almost 700 separate pages and was signed by more than 8,000 property owners.

Tribute to Fairness

The interest in local government for Hicksville is so great that many people who do not share the enthusiasm for incorporation have felt that the issue should be resolved, one way or the other. For this reason they agreed to let a vote take place. These people deserve much credit for their fairmindedness. Hicksville should be proud to have such people among its citizenry.

A Monumental Task

The task of obtaining the necessary signatures was indeed a monumental one. A total of more than 8,000 persons signed and although many people came to the Herald office to sign, by far the great majority were approached by volunteer workers. A great number were not aware of the importance of the issue and had to be convinced of the desirability of signing, even though in some cases they did not fully agree that incorporation was a desirable form of government. All this took a great deal of time.

What Happens Next

Now that the Oyster Bay Township Supervisor has the petition with the more than 8,000 signatures, it is up to him to determine its validity. He will call a public hearing upon the petition. The Supervisor must decide whether or not the petition is valid, and if he decides favorably, the referendum will be set up. Majority vote will then determine the issue.

Much Discussion Expected

We can expect in the next few months to have the issue of incorporation discussed with great vigor on both sides. This is all to the good. It will stir civic interest and we sincerely hope that they will give home rule the thought and attention it deserves.

It is only during times like these that people are apt to do more about their government than merely take it for granted. The period of greatest interest in the various forms of national government was at the time of the Revolution. It was then a case of necessity and the greatest men of that era devoted much time and energy to setting up the form of democratic government we now are so apt to accept without thinking about it.

So it is now we face the issue of the most desirable form of government for Hicksville. We can expect that our people will also devote much time and energy to the study of our problem of local government.

School Board Writes Answer For State

HICKSVILLE — The Board of Education has voted to engage an attorney to review and assist the Board in the preparation of an answer to State Commissioner of Education of the charges by a local taxpayer that attorney fees contracted by the Board are "unreasonable." While the decision was made at a Board meeting last Wednesday night, July 29, to get another attorney, he had not been named as of yesterday (Monday). The protest to State Commissioner Davis A. Current Comment: Significant Day For Us

By Fred J. Noeth

THIS IS A SIGNIFICANT day for us as the Herald starts upon the experimental arrangement of publishing two editions in each week. We recall the editorial in our first edition on January 12, 1949, when we said the Herald "is presented without apologies although the staff realizes its deficiencies and opportunities for improvement. To this end, the comments and opinions of the readers for whom it is written and published are respectfully solicited."

As then, we respectfully solicit your opinions of our efforts.

This is also a significant week, we feel, in the history of the community. The first official step toward what we sincerely hope will result in the creation of Hicksville as an incorporated village has been taken. The petition, the results of so very much effort by so many willing hands, has been filed with the Township Supervisor.

There were those, for reasons best known to themselves, who did not want to see the petition filed even though they know full well there must be a public vote before we can obtain home rule for Hicksville. The courtesy and cooperation extended by the township officials in receiving this proposal was encouraging and we feel it is indicative of the manner in which this question will be handled right thru until the hour when the votes are counted and the determination of the people is known.

Biggest 'Phone Directory Ready For Distribution

Nassau County's most used reference book—its telephone directory—is just coming off the press.

About 275,000 copies of the gray-covered 1953-1954 edition will be delivered to the County's telephone subscribers in a 10-day period beginning Monday, August 3, according to John Simonds, manager here for the New York Telephone Company.

"This valuable and accurate list of names, addresses and telephone numbers features a new information section," Mr. Simonds said. "Customers will find the revised introductory pages much more useful, particularly the sections headed, 'How To Use The Telephone,' 'How To Make Toll Calls,' 'Your Telephone Bill,' with message rate service illustrated, and 'How Your Metropolitan Service Area Calls Are Charged.'

A thousand Nassau residents will deliver the book. Mr. Simonds pointed out. These people, who will use their own automobiles, will be provided with suitable identification. "Being neighbors, they will have a personal interest," Mr. Simonds said, "in making certain that customers receive the number of Nassau books requested as well as previously ordered copies of the new Manhattan directory."

When a customer is not at home, every effort will be made, the manager said, to insure delivery. The book will be deposited

in some nearby sheltered place; sometimes with a neighbor. In these cases, information as to where the book has been left is indicated on a return post card placed under the customer's door. Any one who does not locate his directory, in accordance with the card's instruction, is urged by the manager to mail the card promptly to the business office. A new book will then be dispatched to him.

"Another phase of the delivery operation," Mr. Simonds emphasized, "is the recovery of old books. As many listings have been changed since the last issue, it is highly important the old books be removed from circulation."

"Although most local subscribers' telephone number service requirements are met by the Nassau book alone, some may need directories from adjoining counties or elsewhere in our state area," Mr. Simonds said. "We are only too happy to supply these in such cases. Just call us at the business office."

Await Action Of Supervisor

(Continued from Page 1)

Home Rule committee was organized three years ago under the auspices of the Hicksville Civic and Community Assoc.

THREE YEAR TASK

After months of planning and research, including mailing of a nine-page statement to every property of record at the time, the effort to get the petition signed was launched. The volunteers were beset by the problem of increasing total assessment of the district until an all-out push was launched on April 19 of this year.

In a letter to members of the committee, which numbers over 200, Roman today urged the continued interest of homeowners until the final decision is made in a local referendum, anticipated not later than Nov. 1.

Accompanying Roman as he presented the pile of documents to Deputy Supervisor Waters were Lucia McIntosh, Ruth Kiernan, James Matienzo, Craig Walsh, Fred Noeth, George Kuns, James Cummings, Kurt Mailer, John Larokin, Pierre Charbonnet and Robert Eaton.

Later in the day Roman commented "Despite the efforts of powerful forces determined to prevent the people from deciding this issue for themselves, the petition has been finished thanks to the tireless efforts of the many men and women of Hicksville who have sacrificed their time and effort in this campaign. Because of our rapid growth, it has been a difficult and tremendous job but the first part has been completed, and the vote should take place as the law provides."

"I would like to say that certainly the time has come for a moral revival which will restore to our people a confidence in the integrity of Government and in the principles of their leaders. They will have to be assured of the fact that their votes can make a real change in the quality of government. Its of critical importance to restore in our Government the principle set forth more than one hundred years ago by Henry Clay 'Government is a trust and the officers are trustees; and both the trust and trustees are created for the benefit of the people.'"

Given in marriage by her brother, Alfred, the bride wore a ballerina length gown of white lace over satin fashioned with a scalloped neckline and hemline. A rhinestone crown secured her short veil. She carried white baby roses.

Miss Antoinette Suppa of Hicksville, cousin of the bride, was the maid of honor and only attendant. She wore a ballerina length gown of vermilion net over satin and a matching picture hat.

She carried an old fashioned bouquet.

Donald DuVerney, brother of the groom, was the best man.

The newlyweds plan to make their home in Bethpage after a wedding trip. The groom was recently discharged from the U. S. Marine Corps. They are both employed at Republic Aviation in Farmingdale.

Election of officers of the Ladies Auxiliary of the Bethpage Little League will be held Thursday at the Powell Ave. School at 8 P.M. All mothers interested are invited to attend the meeting of the new group.

ALONG WOODBURY ROAD

About Some Misrepresentation

By MAY MAJERAN
Hicksville 3-5316

Lately, we have been hearing about misrepresentation on the part of some businesses—large and small. I was surprised that a large department store advertised an 80-inch pool (inflatable) which, when received by the consumer, measures barely 70-inches. Better Business Bureaus do little good in this respect, for it seems that complaints are ignored. We have had experiences ourselves countless times, only to throw up our hands and forget about it.

I purchased a dress which came in a shade other than the one I required, due to the fact that I had to use it for a wedding. After sending the frock to be dyed, it was returned to me ripped across the front 10-inches and stitched to cover it up. I demanded they make good for it, with no result, after being put off by the manager time after time. I resorted to the Better Business Bureau, and after two years, am beginning to lose hope that they will work something out. I have more examples of misrepresentation, which I have compiled from personal experiences, friends and readers.

Visiting the Brannahs of Ketcham Ave. this week are Mr. and Mrs. Porter Brannah and daughter, Helen, and Mary Hodges, from Tennessee. We had the pleasure of meeting them Wednesday evening.

Rose and Charlie Sepanski, of Hillside Terrace, had a pleasant surprise on the weekend. Rose's sister, Edi Poliano, came in from Smallwood Lake, N.Y. with her two children, John and Dennis. Rose and Charlie are hoping the visit will extend for a week or so.

Gene tells me that the Rowthorns of Elm St.—WOODBURY MANOR—are back, after a splendid vacation. He happened to meet them while they were chatting on their front stoop with the Fishers from down at the corner.

And in WOODBURY GARDENS: Kenny Roth, of 52 Ketcham Ave. isn't seven years old, as it appeared here two weeks ago, in a report of his birthday. His actual age is eleven. If this occurred in the case of an adult—he wouldn't

be the first to know.
