Need Volunteer Blood Donors

HICKSVILLE—The Red Cross blood bank is in need of more volunteers to fill its quota when the mobile unit sets up at the Methodist Church on Old Country Rd., here, tomorrow (Wednesday) starting at 1 p.m. Mrs. J. Gordon Ulmer, chairman, pointed out today that it takes three full pints of blood to make one shot of gamma globulin, the serum used in polio cases. It is not too late to make an appointment. Call Mrs. Ulmer at Hicksville 4-0256, Mrs. Jessie Ulmer at Hicksville 3-0020, Mrs. Philip Schaal at Hicksville 3-3693 or the Herald at Hicksville 3-1400.

Cooperating with the blood donor session here tomorrow are the Syosset and Jericho Red Cross units. A quota of 350 pints has been assigned to this collection, Mrs. Ulmer said.

Two Dump Fires Call Vamps

HICKSVILLE—Local volunteer firemen answered four calls in the past week. Two were in the dumps on Charlotte Ave. Friday, Sept. 18. The first call was at 10:01 A.M.; the second was a silent call at 6:30 P.M.

At 6:14 P.M., Friday, a false alarm was put in by a small child at Box 113 at Ball Park and Bond La. yesterday morning (Monday), at 9:05 A.M. the vamps extinguished a fire on a truck belonging to the Preferred Sand and Gravel Co. The truck was badly damaged.

May Award Carpark Job Today

OYSTER BAY—The town board may award the contract at its meeting here today (Tuesday) for the construction of a public parking field on property recently purchased from the Griffin and Rushmore interests in the rear of the Professional Bldg off Broadway, Hicksville, it was learned last night. The contract provides work will start within 10 days after the contract is awarded. Bids for the project were received by the town fathers last week on Wednesday. Councilman Frank Chlumsky said the two bids were well within the estimate of Chester Voorhis, engineer for the Hicksville Park and Parking District. Chlumsky also said that the township is also making preliminary studies of several other sites and parcels for additional parking fields.

Slate 3-Day Test for CD

MINEOLA—Civil Defense volunteers of Nassau will participate in a three-day CD alert which involves New York City, Long Island and upstate communities, starting tomorrow (Wednesday) and concluding Friday, Sept. 25. It will be assumed that two atomic bombs burst over Manhattan and Queens.

In Nassau, public participation is not required until 7:45 P.M. on Friday evening, Sept. 25, when air raids sirens will sound. The all-clear signal will come thru ten minutes later. During the interval Radio Station WGBB and WNLJ will broadcast emergency CD messages at 1240 on the dial.

A communications exercise in Nassau is set for 10:30 P.M. Thursday, Sept. 24.

SEE DECISION BY OCT. 5:

35 Raise Objections To Home Rule Vote

HICKSVILLE—Attorneys for the proponents and objectors in the matter of whether or not the community shall be permitted to vote on the question of incorporation will file answering arguments with Supervisor Charles E. Ransom at the courthouse, here, Thursday morning, Sept. 24. The hearing opened last Thursday morning and after two hours of testimony was adjourned a week for the purpose of filing briefs. Supervisor Ransom will have ten days from this Thursday to make his decision on the plea of 6,242 taxpayers asking for the right to vote on incorporation.

Ransom's decision is anticipated on or before Oct. 5. He repeatedly stressed at the hearing on Sept. 24 that he has "no discretionary powers in this matter" and that his decision must be confined to the requirements of the law.

Judge Willis B. Carman of Farmingdale, attorney for the proponents, filed a memorandum of law regarding the proposition and consents and detailed objections to withdrawals.

35 OBJECTORS FILE

Michael J. Sullivan appeared as attorney for a group of 23 objectors including himself. David K. Sigerson, former mayor and the Levittown Civic Council, was present as attorney for another group of eight objectors including himself. Sigerson is also among the objectors represented by Sullivan.

Brandt and Norman Both May Get GOP Nod

OYSTER BAY—Republican committeemen of the Township will assemble at the high school, here, tonight (Tuesday) to designate Republican candidates for the township election on Nov. 3. Informed sources said that John R. Brandt of Hicksville will probably be re-named for election as highway superintendent and that James "Happy" Norman of Bethpage, local GOP executive committee member, will be named for election as a Township Councilman. Norman had been a strong contender for the highway superintendency in recent top party conferences before the GOP convention.

Lewis N. Waters of Syosset is scheduled to receive the party nomination to succeed Charles E. Ransom as Supervisor. Ransom, whose term expires the end of this calendar year, is not seeking re-election. Waters is currently a councilman and serves as Deputy Supervisor.

School in Melville Irks Plainview Area Parents

PLAINVIEW — A large number of irate parents protested facilities in the Lower Melville school building at the special School District meeting last night (Monday) at the Mannetto Hill School.

The Board of Education called the meeting on the possible elimination of kindergarten. It was stated that if parents agree, children in the Melville building may move back to classrooms in the Mannetto Hill School.

Local Couple Wed 59 Years

HICKSVILLE — Mr. and Mrs. Robert Knapp of 87 Broadway celebrated their 59 wedding anniversary Saturday, Sept. 19, quietly in their apartment. The Rev. David S. Duncombe of Holy Trinity Episcopal Church helped them observe the event by giving them Holy Communion.

Of their 20 grandchildren, 15 survive, one of which is Mrs. John Kullaba of Hicksville. They also have 12 great-grandchildren.

Mr. and Mrs. Knapp said they have had a very happy 59 years to gether.

inuation of kindergarten. It was stated that if parents agree, children in the Melville building may move back to classrooms in the Mannetto Hill School.

Local parents are protesting the use of the Melville building basement for classrooms; that the building has only one exit, no emergency fire exit; that 8 1/2 miles is too far for the children to travel to school, and also that there is no phone service for the school and no nurse in duty.

These conditions, parents protest, are affecting the health of 240 Plainview children.

Dear Jean:

FRANK CURRAN of 2 Abbot Lane, Hicksville, who is Nassau's expert on the woolly bear caterpillar, says it is still a little early to predict the kind of winter weather we are going to have. About Oct. 15, he says, and the woolly bears will be in a better predicting mood. . . . This is curious: Twenty out of the 28 persons listed as objectors to the incorporation plea at the public hearing last Thursday are committeemen, including MICHAEL SULLIVAN, attorney for this group. Of the balance, six have long been identified with the NLHOA leadership. . . . Hicksville Kiwanis club will hold a interclub meeting with Huntington on Sept. 29. . . .

Mr. and Mrs. FRANK PACCHIAROTTI of Glen Cove are the parents of a son, Joseph Bruce, born Sept. 7 at the Glen Cove Hospital. They have another son, Frank David. Mr. PACCHIAROTTI is the proprietor of Custom Flours on Broadway, Hicksville. . . .

The Bethpage GOP executive committee at a meeting this week nominated DOC BRANDT for superintendent of highways, HAPPY NORMAN for councilman and BERTHA GIFFORD as a trustee of Jones Institute. . . . Looks like peace and harmony for the GOP convention in Oyster Bay tonight, eh? . . . DOROTHY GUELPA, our star reporter in Bethpage, thinks we should remind all parents of the constant menace of black widow spiders, particularly in new development home areas. . . . It appears that many of the shortcomings in the original school bus schedules are being adjusted by individual conferences. . . . The need for school stop signs or a policeman on Levittown Pkway at the corner of Blueberry Lane Hicksville, can not be under-estimated. We hope there will be real speedy action on this point. . . . Councilman FRANK CHLUMSKY missed his first Kiwanis meeting here in 8 years, Wednesday, when the Town Board met on that day. He plans to make it up this coming Friday to keep his record perfect. . . . THOMAS HORNE is acting principal in the absence of Hicksville High School Principal MABEL R. FARLEY who is in the hospital. She is expected to be hospitalized, we hear, about six months. . . .

Botta, 24 Alexander Ave.; Stanford Weiss, 57 Willoughby Ave.; and Sullivan.

The latter 20 names are Republican committeemen.

Sullivan's objections to the proposition which asks for a referendum vote of the community on the question cover seven points. Mention is made of 250 "withdrawals" filed with Supervisor Ransom prior to the hearing which, Sullivan said, total "approximately a million dollars." This he claimed makes the petition less than the minimum of \$1 1/2 million, or one third the district total, required to bring the question to a vote.

Sullivan also challenged the validity of all signatures on behalf of corporations, claiming a statement that they were authorized by the board of directors is required. He particularly cited the case of Ampere Electronic Corp. which has an assessed valuation of \$235,050. It is assumed the Ampere valuation is included in Sullivan's "million dollars" in "withdrawals."

He also charged that six signatures do not have legal authorization for the valuations claimed for assorted reasons. It was also claim-

ed that page 567 of the consents contains 11 names (of people on a. Algestor Ave.) with "no wording at the (p to indicate they are signatures to a consent".

ONLY 14 DUPLICATES
Fourteen cases of duplication of signatures are claimed and the entire petition is challenged as being poorly organized and arranged.

An obviously major point cited by Sullivan in view of the amount of space in the objections devoted to it, is the question of what is the "last preceding town assessment roll." He claimed that the 1953-54 assessment of \$48,253,058 must be used which would require consents of \$16,084,352 to be one-third, whereas the proponents used the 1952-53 assessment of \$37,525,768 with \$13,092,893 represented on the consents or \$584,303.67 more than the one-third of that assessment roll.

Sigerson's arguments were basically the same as Sullivan's with the addition of a claim that a large number of assessments must be discounted "because only one spouse signed in cited cases of joint ownership."

Supervisor Ransom presided at the hearing flanked by Deputy Supervisor Lewis N. Waters who took an unofficial tape recording of the testimony at the hearing, and Town Attorney Theodore Summers.

Judge Carman urged Ransom to liberally interpret the law "in the public interest" so that a vote can take place on "this vital local issue." He said "it is silly to try and prevent the vote. It is like putting a stopper on a tea kettle—This is a simple thing the people are ask-

CENTER CIVIC COMMENTS:

All Or Nothing At All, Swami

By GEORGE MCCARTHY
All or nothing at all, that's our theme. This nonsense of phony investigation, or individual resignations, is pure bunk. We turned in a blanket resignation, it should be accepted as such, or does the Swami think he can weaken us by splitting us up? Your crystal ball should have told you we wouldn't have accepted your attempts to hypnotize part of our group into going back to you. Without contacting us, you couldn't have fully or honestly investigated each case as you claimed, or are you using your crystal ball again?

Mr. Ryan, you are as much at fault as the Swami. Had you met with us on July 7th, instead of letting the Swami talk you out of coming, things might have been different. Since that time you have been

ing—only the right to vote on this question."

Sullivan asserted it was "not a question of whether there is a right to vote. We all would like to see a vote. However, we must go back to the law."

Carman strongly urged that all so-called "withdrawals" be disregarded because in this case "no property rights are involved and we are only asking for the right to vote."

guilty of many things, but the worst charge of all is insubordination. You have deliberately defied the State Director in not conducting the investigation he ordered. The charge of inefficiency is a serious one too, and we can prove our statements to you. The Center Civic Association is not afraid of any investigation, but you are! Look into the Swami's ball and you'll see the proof we are speaking of.

We hope the Swami wasn't lonely waiting for us on Friday night, but his friends from the spirit

world probably kept him company. We don't recognize him as proper authority for Hickville C.D. In his official press release, he states 25 resignations okayed, then he lists 81 names. Oh well, perhaps he flunked numerology in "mystic normal", and is only a Swami Junior Grade.

Wise up Mr. Ryan, you call Nassau County "Target No. 1"; clear up this mess and let's have an efficient and intelligently directed C.D. organization. Remember our theme is still, "all or nothing at all!"

ALONG WOODBURY ROAD: Improvement In Bus Service

By GENE MALJEAN
Hicksville 3-5515

Stanford Miller phoned us after he received our letter last week in reference to the extension of school bus service in Woodbury Gardens. An appointment was made, and our problem was discussed.

Mr. Miller then accompanied us to the area in question and agreed that Miller Road is a hazardous course. I can report to you that Mr. Miller has promised bus service for the children from the fourth grade upwards as well as those now riding. He accompanied us through several other streets in Woodbury Gardens and informed us that Crescent St. which passes through to Woodbury Road will be protected by a policeman to cross the children, or else bus service.

The Junior High students will have bus transportation as will all other pupils starting September 28th to avoid coming home after dark. However, children in the elementary school will not have to wait until that date, according to

Mr. Miller.

Mrs. Ingrisano, of 28 Adams St., asked us to inquire if any of our readers have seen a tricycle which her daughter left in front of the house. Anyone knowing the whereabouts of this red and white, black seated "trike" please phone us or ride over to Adams St. It can be identified by the name "Judy" in black written on it.

The Nassau Assoc. for the Help of Retarded Children is starting its campaign to raise funds to enable them to start a pilot class locally. This is the Eastern Nassau Branch of Nassau County Chapter, taking in Hicksville, Plainville, Plainville, Farmingdale, Levittown, Bethpage, and East Meadow. The class, in question will assist severely retarded children that cannot attend the retarded classes held in local schools. The schools can only teach the children of a 50 I.Q. The aim of this organization is to teach those children below this I.Q. for whom there is no hope of help. The school will train these unfortunate children to help themselves in the simple tasks of feeding themselves, social manners, etc. Part of these funds will go to the establishment of a free clinic that will be located in Rockville Center. Ordinarily they must travel to the city for medical attention, where the clinic is overcrowded, necessitating children waiting from 18 months to two years just to obtain an I. Q. test. One million five hundred thousand mentally retarded children require help. Four thousand of them are in

Nassau.

If you have a retarded child or know of someone that does, please contact us and we will forward the information to the proper party, or contact Ed. Mastrella of 71 Vincent Road. Also—local clubs are asked to help in respect to contributing prizes for the card party to be held in October in Levittown Hall.

We wouldn't mind if these clubs or some individuals bought a few tickets to the party, and I'm sure they would enjoy themselves immensely. To quote Pearl S. Buck, "I perceive another dawn rising now over the mountains of ignorance and cruelty, and this time the sun is to shine upon children who never grow up, because somewhere along the way an unknown cause has stopped the normal growth of their minds. Of all God's children, these are the most innocent."

May attended a luncheon for a famous woman of India several years ago, as the guest of Dr. F. M. Akl, and had the pleasure of meeting the lady. In the course of the conversation she told May of the difficulty a woman has in politics in such countries. She recalls a cartoon in most of the newspapers depicting her in court asking the judge to hold her infant while she held forth. Since then she has shown how a woman can—over all odds—get somewhere in today's world. She has proven this by becoming president of the General Assembly of the U. N., Mme. Pandit. She is equally colorful, beautiful and a lady of grace.

Right to Vote Is the Issue

By Fred J. Noeth

FOR ALL PRACTICAL purposes the second major step toward home rule for Hicksville thru incorporation was concluded this week. The first step was the filing of a proposition and consent-petition with the Township Supervisor. That was done on July 31st.

The second step was setting of a public hearing upon that plea by Supervisor Charles E. Ransom. He did so with a notice dated Aug. 14 and the hearing took place on Sept. 17.

This Thursday the hearing will officially close. Attorneys will file briefs this Thursday, Sept. 24, in answer to the points of law raised last Thursday. The next step is the decision by the Township Supervisor which will start a chain of events, set forth in the law, leading to a vote on the question.

Simple justice requires that the issue come to a vote. The proponents have complied with every requirement of the law. No objections have been successfully raised in opposition to the request for a referendum.

There were no surprise developments at the public hearing. The opposition officially shaped up as had been anticipated. No rabbits came out of hats. Highly technical legal points were raised but the simplicity of the plea to the Supervisor as contained in the petition of 6,242 taxpayers cannot be denied. It shines thru all the legal verbiage. All the people ask is for the right to vote.

We find great comfort in the words of Supervisor Ransom who stressed he has "no discretionary powers" in this matter. What does the law require? Have those requirements been met? That's all.

We feel confident the overwhelming voice of the people will be heard and the vote will take place.

THE SOUTH HICKSVILLE

Sentinel

By Craig Walsh

The Special Target

It was, in a way, very flattering to be singled out for special attention in last week's primary election. By means of a sneak write-in vote I was defeated for the post of committeeman for the Democratic Party. It is very obvious that the ideas discussed in this column have struck uncomfortably close to home for some people, and that these ideas have had some influence in convincing readers that incorporation will be beneficial for Hicksville, as it has been for other communities.

High Glee

The high glee which was so evident in a certain prominent member of another political party, when the result became known, was far out of proportion to importance of this particular vote. It was indeed a high compliment to the validity of the arguments presented here. It is good to know that some of the remarks have evidently struck home.

Dramatic Hearing

The public hearing on the incorporation vote proposition was held last Thursday. The battle of wits between Judge Willis B. Carman, attorney for the Incorporation Committee, and Michael J. Sullivan, attorney for the anti-incorporation forces, held the close interest of spectators all through the two-hour hearing. With the permission of Supervisor Charles E. Ransom, both attorneys were permitted to comment upon the contents of the documents they had filed. The audience was privileged to hear all of both sides of the argument on the vote question. They are now in a good position to judge for themselves just how good are the objections to the validity of the proposition and petition for a referendum.

Same Rules Should Apply

Judge Carman pointed out that signature withdrawals submitted by Sullivan should be subject to the same dates for submission as the petition. He said that withdrawals submitted to the Supervisor after the petition had been submitted should not be considered valid. And he commented extensively on the legal background of that opinion, and the application of the law in cases like the present one.

When Was The Deadline?

Sullivan claimed that the 1953-1954 assessment total should be used rather than the 1952-1953 total, as a basis for determining the validity of the petition. This was based on an interpretation of the wording of the village law.

Sullivan said that the law requires the use of the "last completed assessment valuation" and that, he alleged was the 1953-1954 total. The reason is claimed to be that it was completed before May 1 as required by law, and that is the controlling date, rather than August 1, when it goes into effect as required by law. While the figuring of the total may be completed on May 1, the information is not available to the public at that time and not until Aug. 1, the dates it goes into effect and is really completed.

There is no law in the land that requires action of an individual, or a group of individuals, whose successful completion is dependent upon information which is not legally accessible. Thus, this argument simply does not hold water.

Favorable Decision Can Be Forthcoming

It is confidently expected that Supervisor Ransom will find the proposition and the petition are in good order.

Shall We Incorporate?

In anticipation of a vote by the resident property owners of Hicksville on the question of "Shall Hicksville incorporate?" the following is the first in a series presenting both sides of the question:

AGAINST INCORPORATION:

Members of our Committee have spent many months in studying the question of the proposed incorporation of Hicksville. We recognize that it is an almost impossible task to foresee in advance every result that would come and every effect upon our community which would follow from the proposed change. There are so many phases of the law bearing upon the question of incorporation that many of the results would not be fully realized and assessed until sometime after such a change would be made.

Some very important effects upon our community can, however, be foreseen, and these we set forth for your information and consideration.

Certain factors of interest to all taxpayers have been mentioned and stressed repeatedly by the Committee for incorporation and these, their most repeated arguments, we have also considered and studied and the results of our study are given for your information and guidance.

The topics chosen for coverage have largely been selected either because of the frequency with which they have been used as arguments for incorporation or because of their vital importance in deciding on this serious issue.

One particular topic covering the question of "The Split" is discussed not because of its direct bearing on the question of incorporation but because it has been so widely misrepresented to the people of Hicksville in order to create support for the incorporation movement.

Although the Hicksville newspaper, which has vigorously promoted incorporation in recent years, has asked for arguments against incorporation and promised fair presentation of those arguments to the public, we have found that when a talk has been delivered in opposition to the incorporation movement, the "news" story reporting such talk has frequently contained editorializing on the subject and even reflections on the personality of the speaker. It is because that we recognize that we cannot expect unbiased news treatment that this committee has gone to the expense of printing and distributing a booklet.

Since the proposed incorporation of Hicksville is a very serious matter which will affect you "as taxpayers" it is extremely important that you should be aware of the material here presented before you give your assistance to incorporation and for your own benefit and that of your fellow residents and taxpayers we ask that you take the time to read and fully consider this material.

FOR INCORPORATION:

The question of home rule for the 6.5 square mile area of Hicksville School District, a uniquely co-terminus area for other special improvement district services all of which are now administered by various agencies each extracting an individual tax upon property without relation to other services, has been the subject of earnest study for several years. Numerous questionnaires were answered by cooperative officials of incorporated villages in Nassau County and many conferences and meetings were held with mayors, village clerks and other administrative heads of villages now in existence.

Those opposed have attempted to use the oldest known device for resisting change: fear. What will change bring? The strongest kind of inference is made that any change is bad, just because it is a change. Fortunately the history of human progress is the history of changes, improvements.

The proponents agree that the proposed incorporation of Hicksville is a very serious matter. We believe it will affect you as taxpayers and as residents—favorably. The improvement in our governmental structure by electing local residents as officials instead of depending upon the political tides and their effect upon a remote board of non-residents is readily apparent to even the most casual observer.

Local people have the keenest interest in our local problems. We cannot and should not expect the same kind of interest in solving our problems from people who are not directly concerned. Only a man who must daily sit and stew while the railroad crossings are blocked by passing trains can honestly appreciate the urgent need for action to solve such a mess. The same can be said for parking and traffic conditions. And the same applies to taxation. A locally elected resident property owner must himself pay the taxes he imposes upon others. The charge that news stories have been "editorialized" is something the Anti-Home Rule faction must of necessity take up personally with the newspaper in question. It can be said, however, that charges of "editorializing" are always raised whenever the facts as they are reported do not coincide with a particular prejudicial viewpoint.

Incorporation is especially suited for Hicksville with its coterminous service and improvement taxing districts. We now have overlapping layers of government, difficult to understand and utilize to best advantage from the standpoint of the taxpayer. Home rule will simplify. Elimination of duplication and overlapping effort can only result in economy and efficiency.

Teen Canteen Dance

HICKSVILLE—All teens of the school district are invited to attend a dance at the Masonic Temple this Saturday night, Sept. 26, sponsored by the Kiwanis Club in cooperation with the Teen Canteen. Teenagers may bring guests 12 to 18 years of age from other school districts.

PAID UP

County Treasurer H. Bogart Seaman reported last week to County Executive A. Holly Patterson that tax collections have reached a new percentage high. September 1st found 97.11 percent of all tax levies in Nassau in the hands of receivers. The Old Long Island Rail Road accounts for the bigger part of the 2.89 delinquent!

JUDGE CUFF

Eulogy of Nassau Republican Leader J. Russel Spague on death of Supreme Court Justice Cuff last week: "He was one of a closing generation's most persuasive and influential members of his party... learned in the law, devout in his faith of the Great Law Giver of all, proud father of a wonderful family... Nassau County will miss such a fine citizen-servant."

"Get a doctor, quick!"

"My baby fell in the pond," exclaimed the frantic voice on the phone. "She's not breathing!"

Quickly, calmly, telephone operator Gloria Renella took over the call. The desperate woman gave her the doctor's name. But the doctor was out and the mother was too distraught to know what to do next.

Gloria thought fast. Her fingers flew to the switchboard. A taxi to rush the child to a hospital? None was available. An ambulance, then? Seconds later, Gloria had one on its way. And soon a resuscitator was filling the tiny lungs with life-giving oxygen.

For her initiative, prompt action and devotion to duty, Gloria Renella received a certificate of commendation from your telephone company.

The way Gloria met this emergency is typical of the fine spirit that telephone people everywhere bring to their jobs. It's this spirit which makes your telephone service not only fast and dependable, but courteous and helpful in every way. New York Telephone Company.

Legion Jottings

By TOM OLIVERI
Hicksville 4-3515
Unity is the source of all strength. The voice of the individual veteran is like the voice crying in the wilderness. It is not heard. But when millions of veterans unite, their voices form a thundering chorus that is heard from one end of the country to the other. That is the magnifying power of organization. Every veteran's membership adds weight to the cause and principles of The American Legion. Have you added

in the Broadway School. Arthur Bunces, newly elected president, conducted the meeting. The budget for 1953-54 was approved as read. Questions from the floor brought up a heated discussion of the toilet facilities at the Powell Ave. annex—the confusion in the bus schedules and the progress of the Pine Ave. School. Victor Miller, principal of the school system, placated the questioners with his report. He stated that the work was being done on the plumbing in the annex. A temporary set back is caused by the lack of small sized toilets. When these are available the work will be completed.

The school bus situation is that of over crowded conditions because the bus owner hasn't received new buses which are on order.

Confusion also always happens the first few days of school and no matter how carefully the teachers check on the smaller students some invariably get on the wrong bus or off at the wrong stop.

The work has begun on the Pine Ave. School but due to the trucking strike which lasted two months, materials are now at a premium. A priority system has been set up and so we are standing in line waiting for our supplies. The tentative opening date for the school is Sept. 1954.

Prizes were awarded by Leo Shottland to the winners of the sports events at the P-T A picnic in August. The men's sack race was won by Ed Fehrenback. George Germann was second; Bill Vreeland, third; and Bill Benintendi fourth. The women's sack race was won by Hannah Vreeland; Ann Merin, second; Rosemary Mascola, third; and Lorraine Carter, fourth. The potato race was won by Frank Erickson, Vic Guelpa was second and Charles Butcher, third.

Prizes for both adults and child-

year weight to the local Post? You've earned the right to belong by your honorable service in World War I, II, or the Korean conflict. You've got to have that honorable discharge. You can't buy your way in with money. And you don't have to wait until someone asks you. You're invited now to attend Post meetings held on the second and fourth Thursdays and get acquainted. We're located adjacent to the municipal parking lot near the Bethpage railroad station. Join and ask another veteran to accompany you.

An intensive campaign with the objective of establishing a record membership will soon be announced by Commander Bob Purcell with Al Garruba serving as Member were the kind contributions of merchants and friends of the P-TA: Geffkins Delicatessen, The Sugar Bowl, Sweet Shop, Russo's Department Store, Bethpage Tool and Hardware, Page Drug Store, Addy's Soda Spa, Triple A Grocery Store, Gladys Gilgar Gift Shop, Avon Cosmetics, and Mr. Williams who gave the beautiful children's books.

The photographs of the picnic taken by Dick Mascola are on display in the Bethpage Tool and Hardware Store. Any one interested in keeping a record of this momentous occasion for posterity may order the pictures from Mr. Shottland.

Due to the long business meeting Mrs. Merin moved that the program be postponed until a later date when the teachers would not be rushed through their carefully prepared reports.

Refreshments followed in the cafeteria.

PAUL SAYS THANKS

Paul Danna of Steuben Ave. has asked me to express his appreciation to his many friends who have been so thoughtful during Mrs. Danna's illness. The hospital room has been so full that Mrs. Danna has told her husband to stay home. The mailman has been heavily loaded with get well cards, and the room never lacks flowers. Mr. Danna also mentioned that the Republican Club sent a tremendous box of flowers to his wife.

OLD TIMERS NIGHT

They called it "Old Timers Night" at the meeting of the Theodore Roosevelt Republican Club Monday, Sept. 14, but the guest speaker was definitely a "youngster." Congressman Stoyvesant Wainwright of the First Congressional District gave a spontaneous report of the trip he took to Formosa and Korea. Among the highlights of his remarks was the statement that Okinawa is now our stronghold in the Pacific, and he doubts that under any administration would we return it to Japan.

He also reported on how the strategic materials are being smuggled into Communist China along its 3,000 mile coast line. The large freighters carrying the materials stay outside the three mile limit until night fall; then they go in as close to the shore as possible. They are then met by a fleet of junkies. The captain of the freighter is paid in gold cash and the junkies are loaded. By this process Hong Kong harbor is practically free of any illegal shipping.

Mr. Wainwright also visited Freedom Village where he met many of the returning prisoners of war, and he was in the POW camp

beriship Chairman. Mark Samoline, the latest member to join the Post, fought with the Finns against the Reds. We'll try to have Mark relate some of his experiences at some later date. . . . Good to see Phil Mihic up and around again after undergoing abdominal surgery. . . . John Williams transferring to Post in Bath, New York. We'll miss you John. . . . Plans for dismantling the clubhouse stage shelved temporarily.

Have you purchased your tickets for the Columbus Day Dance? Better do so if you want to get in some good dancing, eating and drinking. Tickets may be had from any of the members, from Chairman Carl Bertram at HI 3-9040, or by a call to this column. The time, 8:30 till. . . . The place—our clubhouse. The date—Saturday, Oct. 10.

The Post will be well represented in the Civil Defense Drill scheduled for Sept. 24 and 25. Among the participating local Legionnaires will be Buddy Mazzara, Assistant Director for the Town of Oyster Bay; Fred Willard, Director of Bethpage Civil Defense; Tom Oliveri, Administrative Deputy Director; and Jack Strom, Al Garruba, Matt Russell, James Taverna, Bob Barcell, Bruce Enley, Carl Bertram, Haple Blades, Anthony Russo, Walter Davis, Mike Kalinyak, Joe Ellinger, Armand Caggiano, and others. See you at the meeting on Thursday.

where General Dodd had been held as hostage. The filth and unsanitary conditions which the prisoners had created were then in the process of being cleaned up by the prisoners. They had done this to throw the United Nations forces in a bad light to the neutral inspection teams but fortunately their plans back-fired.

Wainwright paid high tribute to Buddy Mazzara, a member of the club, who had helped him in his campaign.

During the business meeting conducted by President Ed Fehrenback, he gave a short history of the local club. The first meeting was held on June 14, 1920, in Lincoln Hall on Central Ave. The population at that time was about 1,770. Richard Russell was elected its first president. The meetings soon shifted to Amendola's Amusement Hall located in the rear of the present site of the Pentacostal Church. In 1923 the present building was bought and moved from Camp Mills to the corner of Broadway and Washington St. where the Pine Lodge stands now. In 1930 it was moved again to its present site.

Cedar Cliff Sets Meeting Night

By MARGE KERN
Hicksville 4-1536

The Cedar Cliff Civics Assoc. has designated the third Tuesday of the month for their meetings. These meetings will be held at the East St. School at 8:00 P.M. sharp. We want more members for our organization. Those who wanted the

civics are the ones who are home on meeting nights.

Mr. and Mrs. Charles Jonsson of 30 1/2 Cliff Dr. entertained their immediate families on Sunday, Sept. 13th. Their daughter, Ruthellen, was christened at St. Ignatius Church. Her godparents are Joseph Barbara and Peg Mantell. A delicious turkey dinner was served.

Harry Colwell of 70 Cliff Drive celebrated a birthday on Sept. 17. Congratulations.

The Connollys, Smiths, and Colwells are one-year residents already.

Mr. and Mrs. Frank Kern entertained Mr. and Mrs. Warren Hauser on Sunday. They reside in Lyndhurst, N. J.

Call me with news. It isn't always easy to collect news without some cooperation.

Bethpage Notes

(Continued from Page 10)

It's name then was the Theodore Roosevelt Republican Club of Central Park. In 1936 Central Park was changed to Bethpage and the club name also changed. In 1949 the clubhouse was sold to the American Legion but the Republican Club holds a 50-year lease.

Among the people who formed the club back in the early 1920's are: Mr. and Mrs. Emanuel Freedman; Jerry Robinson; Fred Berg, who dug the post holes for the building; Jack Gifford, a past president; and Mrs. Gifford; Louis Maggi; Al Lang; Louis Crombie; Mrs. Fredericks; F. O. Davis; Tom Marselli; Charles Leslie; and Irving Chappel. Many of these people were present at Monday's meeting.

Refreshments were served following the meeting.

On primary day all the incumbents among the Republican Committeemen were returned to office. There were no contests among the Democrats. Without a doubt District 49 has the most wonderful Democratic campaign in the state—Jim Duncan and Vic Guelpha.

MOTHERS CLUB MEET

The Mothers Club of St. Martin's will meet on Tuesday, Sept. 22, at 8:30 in the Parish Hall. The program will feature a talk on Cub Scouting. Hostesses for the evening will be Mrs. Martin Hayes, Mrs. Philip Fazio and Mrs. John Vittal. Anyone needing transportation to or from the meeting can secure same by calling Mrs. Thomas O'Shea, membership chairman at Hicksville 4-3732.

Mrs. Joan Blodde, president, has announced the following committees for the coming year: Hospitality—Mrs. Martin Hayes, chairman; Mrs. Philip Fazio and Mrs. John Vittal. Program—Mrs. George Simpkins, chairman; Mrs. F. Victor Guelpha and Mrs. Martin Hayes. Membership—Mrs. Thomas O'Shea, chairman; Mrs. Charles True, Mrs. William Brand, Mrs. M. Healy, Mrs. Carl Santo, and Mrs. Joseph Cleere, Ways and Means; Mrs. Frank Slater, chairman; Mrs. Giles Goss, Mrs. Edward Ahneman, Mrs. Frank Bayern, Mrs. Charles Raucher, Mrs. Angelo Scalia, Mrs. John Bombria, Mrs. Harold Thompson, Mrs. Michael McCabe, Mrs. Vincent Mancuso, Mrs. John O'Donnell, and Mrs. George Siebert. Publicity—Mrs. E. Michael Colleton, chairman; Mrs. Harold Thompson and Mrs. Thomas Mahoney.

Committee Holds 3rd Session

The Community Relations Committee of the Bethpage Parent-Teacher Assoc. held its third meeting on Tuesday evening, Sept. 15. Members of the committee include Leo Schottland, Frank Muldoon, Charles Krcupa, Mrs. Charles Melone, Mrs. Herman Kossier, Mrs. Edward Carter, Ray Doyle, Rev. James F. Taylor, and George Vail. Charles Kroupa was nominated and elected chairman of the group.

It was planned at this meeting that the School Board will be presented with questions concerning three present problems. These problems are based on what is being discussed most in the community at this time. The School Board will be requested to provide a speaker for the regular meeting of the P. T. A. on Oct. 1, to answer these specific questions to the attending members.

Rehearsals for the Roaring 20's show take place every Friday evening in the Parish Hall, Seaman Ave. at 8:30.

The committee is endeavoring to impress upon everyone concerned that one of its primary functions is to present facts to the School Board and to offer their help in whatever manner may be requested.

The Community Relations Committee had been organized as an outcome of the May Parents' Meeting in Bethpage, when a request was made for help in working out school problems by Frederick Kiamer, President of the School Board.

HICKSVILLE—Four fire calls made last week busier than usual for the local volunteer firemen. The first, on Wednesday, Sept. 9, was a silent call at 9:05 p.m. to a grass fire which burned a small shack at Woodbury Rd., and Ketchikan Rd. The owner of the shack is unknown.
